LITTLEFIELD WINS SUDAN TOURNEY

WILL MEET OLTON CAGERS IN LOCAL GYM FRIDAY NIGHT

LUBBOCK WILL STAGE TOURNAMENTS JAN. 22, 23

Two basketball games are scheduled to be played at the Littlefield high school tomorrow night. The team of the high school will play Olton, while the Littlefield Kitties will play Whitharral. The first game will start at 7:30.

The Littlefield Wildcats cagers battled for two days with teams representing schools from the South Plains. New Mexico to win first honors in the invitation tournament held at Lubbock Friday and Saturday.

The Littlefield Kitties were also represented in the tournament but were eliminated by the Dimmitt school which finally won first honors for the girls.

A total of 22 teams were represented in the meet, but only two teams, Rogers, New Mexico, and Belwater endangered the local cagers' victory.

Assistant Coach Sid Hopping, in commenting on the local team, stated that he was much encouraged over the outcome of the Sudan meet and was more confident of winning county honors.

Will Play Olton
On Friday night the Wildcats will be pitted against the Olton high school team in the local gym. The Kitties will have a game scheduled for that night.

The Littlefield team will also be represented in an invitation tournament staged in Lubbock January 22 and 23, and considering the outcome of past games are among the favorites for first place.

SECOND ANNUAL LAMB COUNTY MEAT SHOW DATES SET FOR MARCH 22nd

A special committee appointed by the local chamber of commerce will meet Saturday morning to make final arrangements and plan the program for the Lamb County Meat Show, to be held in Littlefield March 22.

The show is being sponsored by the Littlefield chamber of commerce and is under the direction of D. A. Adam, county agent.

Leader to Give Prize
Prizes will be awarded in each division and the Lamb County Leader will offer an additional award to the person winning first prize in the cured ham contest.

Roy Snyder, of the extension service of Texas A. & M. college, will be present as official judge and will give meat cutting demonstrations to farmers and market men of this section.

In an address before the chamber of commerce Tuesday at noon, Mr. Adam said that considering the demonstrations held in the county this year, it is likely that 100 hams will be entered in the local show. Mr. Adam also brought out that this number would almost equal the number of entries in the district show held in Lubbock last year.

Dates for the district show at Lubbock this year have been set for March 24 and 25. All entries in the local show will be sent to the Lubbock contest.

The same mechanical educational exhibits displayed at the state fair at Dallas last year will be used in the Lamb county show, Mr. Adam said.

To Feature Home Meats
An attempt will be made to feature Lamb county meats at all of the markets in the city for one day following the show.

Members of the committee appointed to work with Mr. Adam in making arrangements for the show are: W. J. Chesher, P. W. Walker, Pat Boone, J. W. Hale, Mallory Etter, and Morley B. Drake.

MALLORY ETTER SEEKS RE-ELECTION AS DISTRICT CLERK

PROMISES TO CONTINUE TO GIVE BEST EFFORTS TO WORK

Mallory Etter, who is now serving his first term as district clerk, this week announced as a candidate for re-election.

Coming to Littlefield six years ago, Mr. Etter entered the employ of a Littlefield bank and continued with that institution until a short time previous to announcing for election to the position which he now occupies.

Previous to coming to Littlefield, Mr. Etter was employed in a bank in Cisco.

In announcing for re-election, Mr. Etter said that he had carried out the duties of the office of district clerk to the best of his ability, devoting his entire attention to his work. He believes that the experience which he has obtained will be very valuable in rendering even better service, should he be returned to office.

WILL ORGANIZE BUSINESS MEN'S ATHLETIC CLUB

MEETING CALLED FOR FRIDAY NIGHT AT SCHOOL GYM

A meeting will be held Friday night at 7:15 at the high school to complete the organizing of a business athletic club in Littlefield.

A monthly fee of one dollar will be assessed each member for the purpose of defraying expenses of the organization and to support the athletic association of the local high school. Over 100 business men of the city have signed up to join the club.

The club has been granted the use of the high school gym and equipment. Basketball games, volley ball games and other contests will be staged by the club, it is said.

John Tucker and Sid Hopping, coaches of the local high school will be directors of athletics for the organization.

Mrs. C. O. Stone, who underwent a major operation at the Lubbock Sanitarium about two weeks ago, is reported as getting along fine.

POULTRY SHOW OPEN SJAN. 20

LITTLEFIELD SHOW TO BE ATTENDED BY LEADING EXPERTS

BIG PROGRAM IS ARRANGED FOR TWO-DAY EVENT

The second annual poultry show to be held in Littlefield will be carried out at the Bumpass building on Phelps Avenue, Wednesday and Thursday, January 20 and 21.

The show will be staged under the supervision of R. A. Box, vocational instructor of the local high school and sponsored by the chamber of commerce, the Littlefield Hatchery, other poultry interests and vocational classes of the Littlefield schools.

Ribbons will be presented to those winning first, second and third places. H. B. Lansden, connected with the Economy Mills of Lubbock, and A. P. A. will be official judge for the show.

Entries will be received early Wednesday morning.

Judging contests are being planned between vocational classes of the Littlefield schools.

IS CANDIDATE FOR RE-ELECTION AS JUSTICE OF PEACE

JUDGE J. B. SIKES TO SEEK RETURN TO OFFICE

Judge J. B. Sikes, justice of the peace for Precinct No. 4, Wednesday announced as a candidate for re-election.

A resident of Littlefield for the past seven years, Judge Sikes is now serving his first term as justice of the peace for this precinct.

The judge, who has a large number of friends in Littlefield and district, is serving for the first time in a public office. Until election to the office of justice of the peace for this precinct, Judge Sikes was engaged in the real estate business in Littlefield.

Previous to coming to Littlefield, the judge was a resident of Fort Worth, where he was engaged in the banking business.

Judge Sikes was in the business world ever since a young man until elected to the office which he now holds. He was engaged in the banking business for 22 years.

In announcing for re-election, Judge Sikes said that he had carried out his duties to the best of his ability, showing special favors to none. He said that if he is returned to office that he will continue to discharge his duties to the best of his ability.

He pointed out that the experience which he had obtained would, no doubt, prove very valuable in rendering even better service in the future than in the past.

Next Meeting to be Held Monday Night, January 18; Many Expected to Attend

Residents of the city and district are taking an enthusiastic interest in the Littlefield Loyalty Council, which was organized recently. They are becoming members and are working in the interests of what the organization seeks to accomplish.

The council is an organization without membership fees or dues and has been created with the purpose in mind of serving the people of this city and section and the business and educational institutions of Littlefield and territory.

PRECINCT NO. 3 COMM. CANDIDATE FOR RE-ELECTION

C. E. STRAWN REFERS VOTERS TO HIS RECORD OF SERVICE

C. E. Strawn, commissioner for precinct No. 3, Wednesday announced as a candidate for re-election, subject to the July primary.

In announcing for re-election, Mr. Strawn issued the following statement:

"To the Citizens of Precinct No. 3, Lamb County:

"After serving you as Commissioner for the past five years and being solicited by something like two-thirds of the people in this precinct I have decided to make the race again. Among these people that have solicited me to make this race are many that did not support me in the last race of 1930, but assure me of their support from now on as the rumors and propaganda put out about me and against me have proven to be untrue, and that they have found me to be for lower taxes and using at all times my very best judgment, which is backed by several years of experience in spending their money, and trying to get 100 cents worth of value for every dollar spent.

"At the time I was elected, Precinct 3 and 4 had a fifty thousand dollar bond issue hanging over it. Since that time we have paid off twenty thousand dollars of this indebtedness and at the same time reduced the rate from 15c to .07c on the \$100.00 valuation and have cut the rendition on many other things.

"Many people think that working the roads are the only duties that a Commissioner has, but I feel like this is one of his smallest duties. He has to check all of the county officers

(Continued on Last Page)

The pledge card reads as follows: "Knowing that doubt, fear, superstition, ignorance, selfishness, carelessness and indifference are the paramount obstacles in the path of progress, and that it takes an organized effort to cope with such agencies, I hereby subscribe to the following membership pledge of the Littlefield Loyalty Council:

Pledge
"1. I will work for, boost for, and believe in the welfare and interests of the citizens of Littlefield and the Littlefield territory.

"2. I will loyally support Littlefield, its business and educational institutions, and every civic and religious organization that has for its purpose the progress and welfare of Littlefield and its trade territory."

Many Pledge Cards Signed
The initial organization of the council was carried out recently and last Friday night a large meeting was held at the city hall, when 71 pledge cards were signed.

Another meeting will be held on Monday night, January 18, when it is anticipated that there will be a very large attendance. Each member of the council is expected to bring at least one man whom he believes would make a good member of the council.

At last Friday night's meeting a number of talks were made, the keynote of all of them being greater co-operation in the interests of the citizens of Littlefield and district and this city and territory in general.

Arthur P. Duggan is president of the council; J. S. Hilliard, vice-president, and J. W. Hale, secretary.

The original 12 which compose the initial organization of the council, in addition to Mr. Duggan, Mr. Hilliard and Mr. Hale, are:

Rev. Joe F. Grizzle, J. E. Brannen, Homer Hall, R. E. McCaskill, Ed Seely, R. T. Badger, J. C. Hilburn, T. Wade Potter and Prof. B. M. Harrison.

Discontinue Paying of Theft Rewards

The City of Littlefield and the County of Lamb have temporarily discontinued the paying of rewards for the arrest and conviction of person or persons found guilty of the theft of parts from automobiles and tractors, and the theft of gasoline and oil.

The announcement that the paying of rewards have been discontinued temporarily was made Wednesday by Commissioner Homer Hall, speaking for the City of Littlefield, and by Commissioner Ellis Foust, speaking for the County of Lamb.

Do YOU LET THE "ROSY" PROMISES OF NEIGHBORING TOWN MERCHANTS BLIND YOU TO THE WELFARE OF YOUR COMMUNITY

NEIGHBORING TOWN MERCHANTS - COMMUNITY INJURY

The various civic organizations of West Texas cities and towns, as well as the individual citizens, will be asked to plant out many trees and roses and will be urged to diligently care for those that have been planted heretofore. It is a most commendable movement. Tahoka already has many nice trees but she needs still others. Also, we should never let a tree suffer from lack of water if possible to supply it. One secret in the culture and growth of trees that many people have never learned is this: trees should never be well watered in the winter and early spring. If this matter is looked after well, they will not require so much water when the dry summer months come. As for roses, there is possibility no flower so beautiful. Certainly in West Texas the rose is the queen of all flowers. If properly cared for they will add much beauty to the home and the premises. Tahoka needs many more roses. Let's make this a little city of roses. Right now is a good time to begin. We are for the movement to beautify West Texas.—Lynn County News.

Automobile Industry Causes Increase in Employment in North

Increasing production of new model automobiles has caused a material increase in employment through the authorized repair and service for Pontias and Oakland cars in Littlefield, and, in addition, will do general repair work on all makes of automobiles.

ment has provided jobs for between 50,000 and 75,000 additional men in Detroit, Grand Rapids, Saginaw, Flint and Pontiac.

My Gas Bills Are Too High

VERY OFTEN THEY ARE. We will tell you so and tell you why.

YOU ARE PAYING FOR NO MORE GAS THAN YOU BURN, but you are burning more than you need.

Long, yellow, wavering flames that float along the bottom of the utensils indicate the use of too much gas.

The United States Bureau of Mines, in a bulletin on the correct use of natural gas in the home, describes fifteen different ways this fuel is wasted.

All of these are due to faulty apparatus, faulty knowledge of how to burn gas, or to carelessness on the part of the consumer.

MANUFACTURING

Texans should give greater attention to the increasing of manufacturing activity within the state. We require great quantities of manufactured goods. Why should we send our dollars out of the state, when they should remain at home to be used in increasing our prosperity. There are a few facts relative to industrial and commercial activity in Texas that are well worth reading.

More than 80 per cent of the Texas total manufactured values comes from twenty-one counties, but there are eighty-five other Texas counties in which manufactured values exceed \$1,000,000. Six counties have annual manufactured production in excess of \$50,000,000.

Texas has almost one-fifth of all the carbonated beverage bottling plants in the sixteen Southern States. In 1930 they produced approximately one-seventh of the total Southern production of 4,335,000,000 half-pint bottles, the Texas figures (610,000,000) showing an increase of 60,000,000 over those of 1928.

Texas leads the United States in the production of at least seventeen different commodities—cotton, wool, chair, natural gas, petroleum, sulfur, beef cattle, mutton sheep, goats, hickies, helium gas, carbon black, artificial ice, pecans, grain sorghums, cotton oil products and cotton gin manufacture.

Experience of a small community near Schulenburg demonstrates the benefits of proximity to a milk plant. The small group in the community is and has been all this year receiving \$1,000 cash a month from its milk sales and the members have found individuality that they are receiving more income from their cows than from their cotton.

Machinery is being installed at Soda Lake, near Monahans, Ward County, for a sodium sulphite plant. A Tulsa, Oklahoma, chemical company leased part of the lake bed after making test borings.

The oil industry, responsible for more than 40 per cent of the total manufacturing output of Texas, directly supports 528,000 Texas citizens. Oil contributes more largely to the state's gross income than any other one commodity excepting cotton alone.

Additional development of another raw material of which Texas has a huge store is seen in the announcement that Arkansas men have secured mountain of limestone near Big Spring and will establish a lime-making plant that will give employment to 150 men.

The Lamb County Leader and the Semi-Weekly Farm News—\$2.00.

THE FOOD PROBLEM

All persons interested in keeping healthy, particularly the parents of growing children, should be thoroughly informed as to the value of milk as a food.

It would seem that the constant advice of doctors, health officers and similar authorities should have resulted in adequate milk consumption. But use of it, on the average, is still below the desirable point. A quart of milk will supply 675 calories—about a third of the day's need of a child of ten, and about a quarter of the day's need of a grown person. It contains, in generous amounts, the three vitamins A, G, and D, which are absolutely essential to bodily well-being. It likewise contains three of the important minerals needed by the body—calcium, phosphorus and iron. And it contains proteins whose chief work is to build tissue in the body.

It is a historical fact that the pastoral people of other times, being largely milk users, were unusually sturdy and healthy. In present times, milk drinkers are commonly in better condition than those who avoid it. Milk has been called the most nearly perfect food—a statement that medical research has justified.

SPADE

Spade school is progressing nicely. The basket ball girls added to their record another game, by coming out victorious in the game with Littlefield "Kitties" at Littlefield Friday night, the score being 21-19. To our sorrow the boys were defeated, the score being 28-8. Both teams put up a good fight which proved to be very exciting. The girls have the honor of not losing a game so far, and we are hoping they hold this record throughout the season.

Loraice Joiner was the hostess to twenty of her Spade friends Sunday. After enjoying the dinner they spent the evening making "merry". All reported a real nice time.

Opal Hicks spent the day with Lucille Nabers Sunday.

Lack of Interest by Fans Dampens Locals Cagers' Spirit

(Contributed by a leading booster for the Wildcats)

Littlefield has this year gone in for basket ball in a big way. Though little interest has been shown thus far by the local fans and only a few have been interested enough to see the boys' work, they are, nevertheless, doing their best to bring to Littlefield the same fight that men came for miles around to see on the gridiron.

Fighting Wildcats whom you were so proud of the first of the school years, are still attending Littlefield High, and if given the same encouragement will bring another CHAMPIONSHIP TO LITTLEFIELD?

That Harless boy, whom you liked so well when he tossed the pigskin for the desired result, has the same ability at tossing the sphere.

All of you remember that man Woody who, when he went into the air, got that ball regardless. Well, he still gets that ball regardless, and when he does, it is just too bad for the visitors.

All of you have heard about, and most of you have seen in action the big boy that won honors on the all-

District Second Team as tackle—Stevens is the name, or better known as "Heavy." This young fellow is after the same honors in basketball that he won in football, and if you will come and help the lad along, he will gain those high honors.

There was that boy called "Butter," who you believed could not be stopped. If a few of you could see him work, you would still say, "Give butter the ball."

We had a center. Yes. Sure we did. Roberts was the name, and he was always in the right place to give the fans a thrill. He occupies the same position on the basketball team, and you can get a greater thrill by seeing his actions in the gym.

Some, if not all of us, were disappointed in not seeing McCurry's name on the all-district team because of his ability to back up his line and protect that goal line. You will be able to see him in action again with the same old fight if he is given a little encouragement and help.

There are several others that you were always giving a pat on the back and telling them what great fellows they were at the beginning of the school year, such as Dow Powell, Beebe, and Hemphill and many others that are still needing that same encouragement and support if you want them to bring Littlefield into the race for a championship team again.

We are asking you to be the sixth man, or to send a friend to be your substitute in case you are unable to make the grade. Make those Fighting Wildcats know you are still for them that 100 per cent we have boasted so much about. They need the support and cannot put their hearts into the game unless it is given. If the Sixth Man will do his part, then we can vouch for the other five.

The time for the Sixth Man to be there and show he is still fighting will be on the 15th of this month, when the Olton boys will be the visitors.

PERSONALS

Mrs. T. J. Watson, who has been visiting her daughter, Mrs. O. B. Harvey and Mr. Harvey at Seymour, arrived in Littlefield Monday to make her home. Mr. Harvey accompanied her to Littlefield by car but returned immediately to Seymour.

Mr. and Mrs. Ed Seely attended a business meeting in Amarillo Friday and Saturday.

Mr. and Mrs. Sam Hutson returned home Friday afternoon from a two weeks' business and pleasure trip to Fort Worth, Dallas and Garland, Texas. While away they visited friends and relatives, and Mrs. Hutson took a short course in beauty culture theory at the Old London Beauty School, and attended a special demonstration of the Thermiquil method of permanent waving at the Weichsel Supply Co. building, Fort Worth.

Mrs. Otto Jones has as her guest last Monday Mrs. Curtis Jones of Aton.

Miss Emma Ruth Jones and Miss Bessie Bellomy made a trip to Tahoka Sunday, bringing back with them Mrs. W. T. Jones and son, Tommy, who will spend this week the guests of Mrs. Jones' parents, Mr. and Mrs. J. T. Bellomy.

J. J. Little, who has been ill at the home of his daughter, Mrs. Carl Jordan, has recovered and returned Friday to his home on the farm four miles northeast of town.

LOST 20 LBS. OF FAT IN JUST 4 WEEKS

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 yrs. of dand weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tens of thousands of men and women know.

For your health's sake ask for and get Kruschen at any drug store—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.

NEW STATE LAW REQUIRES TAX ASSESSOR TO GATHER DATA; 28 QUESTIONS COVER STOCK, CROP YIELDS, FARM PRODUCTS

In an effort of the state to co-operate with the federal government, a farm census of each county in Texas will be taken each year, it was provided in a law passed by the state legislature.

The census, to be taken by the county tax assessor, requires the answering of 28 questions, covering livestock, farm products and ascertains crops grown during the previous year. The survey even goes into the number of steam pressure canners used on the farm and whether farm was operated with teams or tractors.

The census for Lamb county will be taken by County Tax Assessor Roy Gilbert.

—ADD FARM CENSUS Census Compulsory

The new law provides that persons failing to give this information shall be assessed a fine of not less than \$25 and not more than \$100. Assessors failing to gather this information are subject to a fine of not less than \$100 and not more than \$500.

Although this is the first year a farm census enumeration has been made through the medium of tax assessors in Texas, it is felt that by strict adherence to the law and instructions, satisfactory results, which will be of value to the agricultural interests of the state, may be obtained.

It was also explained that enumeration is strictly confidential and will not be used for taxation or speculative purposes. A full and complete report is required.

**MANY ATTEND
TWO-DAY MEAT
DEMONSTRATION
16 HOGS ARE KILLED,
DRESSED AND
CURED**

Approximately 250 people attended a two-day hog killing and meat demonstration held in the Higginbotham-Bartlett building at Littlefield Monday and Tuesday under the su-

perision of D. A. Adam, county agent, and Miss Ruby Mashburn, county home demonstration agent. P. W. Walker, local grain dealer and hog feeder, furnished 12 of the 16 hogs butchered. W. E. Jeffries furnished two hogs and two other were also dressed. The demonstration was the largest held in the county in attendance, and the second largest in pounds of meat used. The largest was held at the farm of H. L. Phelps when 17 animals weighing 4,800 pounds were dressed. This exceeded the local demonstration by 200 pounds.

Monday was devoted to butchering the animals, at the farm of Mr. Walker. All of the animals were stuck and bled. Then the hair was removed and the animals brought down town to a vacant brick building secured for the purpose. Here, under supervision of the county agent, the carcass of each was dressed, the vital parts removed and the liver, heart and other portions used for consumption, taken out. Mr. Adam split the back bone of each animal by sawing it in the middle from tail to head.

At night the animals were left to chill, so as to be ready for cutting up on Tuesday. Eight of the animals were light, averaging a little under 200 pounds. The others ranged between 350 and 500 pounds, two of them being at the higher figure.

"I am going to cure the hams, shoulders and bacon and enter them in the Lubbock meat show in the spring," Mr. Walker said. "If I win I hope to kill 200 hogs or more next fall and then I will be able to sell a lot of ham and bacon. I think there is a growing demand for home cured and killed meats."

"There is no reason why a farmer, with a lot of grain sorghum cannot make more money out of killing and feeding hogs than he can by selling the grain direct. I believe there is a demand for this and I also believe that the farmer can make more money that way than any other way."

A number of farmers who have hogs that they will butcher this winter, assisted in the cutting up of the meat.

**Miss Evelyn Phelps
Appointed Member
of Spade Faculty**

Miss Evelyn Phelps, who has spent considerable of her time recently in Littlefield visiting her aunt and uncle, Mr. and Mrs. T. Wade Potter, has been elected a member of the faculty of the Spade school.

Miss Phelps will teach the fourth grade and have charge of the girls' athletics.

She arrived Tuesday from Denton, where she has been attending the State Teachers' college.

A number of social events are being planned in honor of Miss Phelps, while she is spending a few days in Littlefield before taking over her duties at the Spade school.

**Funeral Services
Held for Tahoka
Woman at Jonesboro**

Funeral services were held Tuesday afternoon at Jonesboro, Texas, for Mrs. W. W. Smedley, aged 81, who died Sunday afternoon, following an attack of paralysis, at the home of her daughter, Mrs. A. H. Hood, and Mr. Hood, at Tahoka.

The deceased is the grandmother of M. B. Hood of Hewitt-Williamson Co., and also of Barney Wilson of the Littlefield Poultry & Egg Co.

Mr. and Mrs. Hood and Mr. and Mrs. Wilson attended the sick bed Sunday. Mr. and Mrs. Hood and Mrs. Wilson returned to Littlefield Sunday, but Mr. Wilson stayed over to attend the funeral.

Mrs. Smedley visited the Hood family for a month last summer.

**SOUTH PLAINS
GROWS HALF OF
TEXAS FEED CROP**

More than 50 per cent of the 37,504,000 bushel crop of grain sorghums, milo, kaffir, hegari, and fetterita, that the federal government estimates as the Texas grain sorghum crop for 1931, is grown on the South Plains.

Latest government estimate on crops, issued recently, gives the national crop estimate as 69,558,000 bushels. Texas produces 54 per cent of the nation's crop.

The South Plains crop is approximately 28 per cent of the nation's total for 1931.

South Plains counties where the bulk of the crop in Texas is grown include: Lubbock, Hale, Swisher, Lamb, Bailey, Cochran, Hockley, Crosby, Lynn, Dawson and Terry. Some is grown in Yoakum also.

J. J. Little, Jr. and Mrs. Little returned to their home in Oklahoma City Monday morning after a week's visit with his relatives here.

Mr. and Mrs. L. J. Shell of Lubbock were guests over the week end of Mr. and Mrs. B. P. Fitzgerald.

**FRIENDSHIP H. D.
CLUB MEETS**

The Friendship H. D. Club met Friday, January 8 at 2 o'clock at the church, with 10 members and four visitors present and one new member. We had an out of town visitor, Mrs. Blanton Collin of Dallas, Mrs. Hicks' sister. Our retiring president, Mrs. Boyd, was in the chair and finished all old business, then the meeting was turned over to our new president, Mrs. Dennington. After the meeting adjourned the club gave a surprise miscellaneous shower to Mrs. Jim Lancaster. Mrs. Hicks, Mrs. Boyd and Mrs. Lancaster then served hot chocolate, cake and divinity and a very pleasant evening was enjoyed by all. Visitors are always welcome, but come be a club member.

FIVE LAMB COUNTY MEN NAMED TO SERVE ON FARMERS' SUPPER COMMITTEE; AFFAIR WILL BE HELD IN LUBBOCK

Five Lamb county men have been named on the committee to handle the annual farmer's supper to be held during the annual Farmers and Homemakers course scheduled to meet in Lubbock February 11 and 12.
Lamb county men named are D. A. Adam and R. N. Carpenter, Amherst; Jess Elms, Littlefield; J. W. Hammock and W. M. Pool, Sudan.

These men were named with several other from various other South Plains counties at a meeting of the general committee in charge of the annual Farmers and Homemakers course.

Reports indicated all of the speakers with the exception of Dan Otis, agricultural commissioner for the American Bankers association, had accepted invitations to appear on the program at Lubbock. Mr. Otis is to be in Lubbock the first of February, but probably will not be able to be present during the short course.

An attendance of between 300 and 400 is expected to attend the supper.

M. D. Nichols of Abernathy is taking the place of W. A. Howard as Santa Fe Agent here. Mr. Howard left Wednesday of last week for his home in San Angelo.

Last week the ginnings in Amherst stood as follows: Terry Gin 2,752 bales, Melton Gin, 3,485 and farmer gins (2) 6,400 bales, making a total ginned to that date of 12,637 bales.

The marriage has been announced of Miss Alice Margaret Heckey, eldest daughter of Mrs. Floyd Heckey and David Harmon, son of Mr. and Mrs. J. T. Jarmon, Thursday, December 31, at 1 p. m., at Clovis, N. M.

Rev. C. K. Campbell, pastor of the First Methodist Church of that city officiated.

BORN

Born to Mr. and Mrs. E. W. Eagan of Lubbock, January 2, a daughter, Mary Margaret. Mr. Eagan is a son of Mr. and Mrs. J. J. Eagan of Littlefield.

A daughter, "Bettylu", arrived at the home of Mr. and Mrs. Herbert Teal Sunday morning, January 3, about 1:30. The little miss tips the scales at nine pounds. Both mother and daughter are doing fine.

Pontiac Announces Two New Cars

Two new cars—a 65 horsepower low priced six and an 85 horsepower V-eight—have been announced.

Both series offer synchro-mesh transmission with quiet second gear, free wheeling, ride control, rubber cushioning at 47 points in the chassis, full pressure motor lubrication and ultra smart Fisher bodies.

Six body models are offered on six cylinder chassis and six on 117-inch chassis of the V-eight, are newly styled, chrome-trimmed, carefully steam-lined with slanted windshields for minimum resistance. The outside visor has been eliminated entirely and is replaced by an inside sun visor adjustable to position above the driver's eyes to protect him from side sun glare. Leg room is ample and seats are exceptionally wide, the rear seats in Pontiac six providing comfortable space for three people. The seat position may be changed by using a convenient latch. All closed bodies are carefully insulated against extremes of weather and are equipped with cowl ventilators. Windows may be raised to provide additional ventilation. Instruments, both direct and indirectly lighted, are of new "dial-type" with easily readable indicators. All doors may be locked from the inside.

Gear-shifting worries are suitably eliminated by the unique manual which Pontiac has combined the advantages of synchro-mesh with the free-wheeling. Once the car motion is possible to shift any forward gear without clutching and without touching the pedal. If desired, free wheeling is locked out.

There is no reason why fresh properly preserved fish should be eaten at the same meal with fish and milk are often cooked together in the form of creamed

—PLEDGE—

of the Littlefield Loyalty Council

Knowing that doubt, fear, superstition, ignorance, selfishness, carelessness and indifference are the paramount obstacles in the path of progress and that it takes an organized effort to cope with such agencies, I hereby subscribe to the following membership pledge of the Littlefield Loyalty Council:

1. I will work for, boost for, and believe in the welfare and interests of the citizens of Littlefield and the Littlefield Territory.
2. I will loyally support Littlefield, its business and educational institutions, and every civic and religious organization that has for its purpose the progress and welfare of Littlefield and its trade territory.

POWER is generated by energy and energy by the will "to do."

You have often seen an automobile or truck stuck fast in a rut or mud or a bank of snow. You have also seen that same car or truck lifted out of the mire or the clinging, obstructing snow, by the use of another machine or by willing hands pushing in unison.

Individuals, organizations or cities also move forward smoothly and successfully when co-operation is the watchword all interested parties putting their shoulder to the wheel.

No one could say that Littlefield and district are in the rut; we are going ahead in a remarkable manner. But think how much more successfully we could advance with more shoulder to shoulder team play.

The Littlefield Loyalty Council is designed as a steering group to bring out the best in shoulder to shoulder team play.

We, as firms and individuals, who have affixed our signatures to this page are enthusiastic in our support of all that the Littlefield Loyalty Council is preparing to do in the interest of us all.

PENALTY ON UNPAID TAXES IS REMOVED

SUPREME COURT UPHOLDS TAX ACT; BILL IS PASSED BY THE SESSION OF STATE LEGISLATURE

Penalties and interest on delinquent taxes providing for on or before January 31, of this year, passed by the Supreme Court in a decision given out last Wednesday.

The act releasing all interest and penalties on all State, County, Special School District, Levee Improvement District and Irrigation District taxes and taxes of any defined subdivisions of the state other than incorporated cities and towns if paid on or before January 31, 1932.

The decision further holds that any and all penalties, interest and taxes paid prior to September 30, 1931, the effective date of House Bill No. 80, or that were reduced to final judgment prior to that date, do not come within the provisions of the act.

Therefore, you are directed to refund to the taxpayers all penalties and interest held in escrow on taxes received subsequent to September 30, 1931, and to accept without penalty and interest all taxes paid prior to the close of January 31, 1932.

You will be entitled to your cost as usual.

EIGHT YEARS AGO IN LITTLEFIELD

(Excerpts from Littlefield Leader)

Nine carloads of household goods
were received at the Littlefield sta-
tion last week, being shipped over the
Santa Fe railroad, according to report
of the local agent. The shipments
were as follows:

Wm. Pate, Blackwell; G. F. Cooper,
Ralls; C. D. Hester, Ballinger; J. Chil-
ders, Lamesa; Wm. Jagers, Electra;
L. E. Barker, Lon Fetner, Hubbard.

All these shipment were made by
people who are coming to establish
their homes on recently purchased
land in this vicinity.

Dr. G. D. Weaver, Littlefield's new
physician, has arrived in this city, and
is ready for professional work in his
line.

The Doctor is temporarily located
in the Littlefield Hotel, where he will
receive patients, but expects to soon
have an office.

The Amherst school opened Mon-
day. Mrs. R. L. Speight is teacher. The
school building has been completed
for more than a month, and all the
furnishings have arrived and located
ready for use. There were thirty pu-
pils enrolled the opening day.

While Littlefield land is selling by
leaps and bounds there is every in-
dication that the town will keep pace
with the country development, as lots
are constantly in demand and build-
ings being constructed every week.
During the past week the Littlefield
Townsite company report the follow-
ing sales:

J. E. Alexander, W. H. Heinen; J.
W. Vickery, Shaw-Earnest Co., A. T.
Parker, L. R. Crockett, A. E. White,
Dr. G. D. Weaver, F. G. Sadler, Mrs.
Myrtle A. Brazil.

L. R. Crockett is this week putting
up a residence building on his lot ad-
joining the Littlefield Service Sta-
tion.

Dr. Weaver will begin construction
of combination residence and office
building as soon as carpenters can be
engaged.

L. G. Coffman, who has purchased
the corner lot directly north of the
Littlefield State Bank has let con-
tract to a Weatherford concern for a
two story brick building which will
house restaurant and cafe below, the
upstairs being used for rooming

CROPPING SYSTEMS FOR DAIRY COWS IS OUTLINED BY DAIRY SPECIALIST

College Station—Declaring that 40
per cent of the diet should consist of
dairy products and pointing out that
home dairies of two or three family
cows comprise the most important
part of the dairy business in Texas,
J. Lynn Thomas, dairy specialist in
the Extension Service of Texas A. &
M. College and the United State De-
partment of Agriculture, shows that
the cost of feed and care for a few
cows is less per cow than in larger
dairies. If the million dairy cows in
Texas were distributed two to a farm
there would be just about enough
milk products to feed the half million
Texas farm families," he says. "Ev-
ery farm needs two cows, one to
freshen in the spring and one in the
fall. The cost of feed is not great, as
every farm has some grass and fodder
that would be a total loss were there
not some livestock to consume it."

Cropping systems worked out for
dairy herd demonstrators are regard-
ed as helpful to the owner of only
two or three cows, and Mr. Thomas
outlines the requirements for five-
cow dairies in East Texas and in the
Blackland and western portions of
Texas. Under average conditions at
least six acres of feed and pasture
per cow are needed, he states, al-
though only four acres per cow are
needed at any one time because sum-
mer crops may be followed by winter
grazing and cover crops.

For five cows in East Texas he
suggests (1) five acres in permanent
pasture, (2) two and one-half acres
of sudan grass, (3) five acres of soy
beans or cowpeas for legume hay, (4)
two and one-half acres red top sor-
ghum, sudan grass, soy beans, cow-
peas or alfalfa for roughage, (5) five
acres of wide-row corn with velvet
beans down the middles for winter
pasture, and (6) ten acres of a mix-
ture of oats, barley or rye, and win-
ter vetch for winter grazing.

Farther west Mr. Thomas suggests
for five cows (1) five acres in per-
manent pasture, (2) five acres sudan
grass for summer grazing, (3) two
and one-half acres hegari or black-
hul kafir for late summer soiling
crop to be fed direct from field, (4)
two and one-half acres red top sor-
ghum, sudan grass, soy beans, cow-
peas or alfalfa for winter hay, (5)

apartments.

That the Littlefield post office has
had an increased business amounting
to thirty per cent over the previous
year, is the statement made this week
by Postmaster W. J. Wade.

According to the Postmaster's re-
port, which has just been forwarded
to Washington, the box rent and
stamp sales for 1922 was \$2,035.13;
for the 1923 the same items reached
a total of \$2,653.19, or an increase
of \$618.06.

L. A. Corbel of Eden and J. W.
Emfinger of Ft. Chadborn shipped
in a carload of household goods each
this week.

Saturday night E. G. Courtney "en-
tertained guests unawares." Inciden-
tally they walked off with a ham,
shoulder and side of pork which he
had killed day the day before. They
left no address.

Large Crop is Harvested on W. H. Baker's Farm

Evidence of the great fertility of
the South Plains land is contained in
the fact that Mr. and Mrs. C. W. Jordan
harvested in 1931 off the W. H. Baker
farm of 165 acres, 40 tons ma-
ize, 7,000 bundles hegari, 50 bushels
corn and better than 100 bales of cot-
ton. This farm is located on the Pep
road, two miles southwest of town.

According to Mr. Baker, who is
very complimentary towards his rent-
ers, Mr. and Mrs. Jordan, reports
selves, with the exception of gather-
ing the cotton.

Mr. Baker also says that he farm-
ed for 43 years before coming here
six years ago, and that he never in his
life has seen such productive and self
sustaining land as in this section, and
that this is the best country for di-
versified farming that he has ever
lived in.

CONSTRUCTION WORK STARTED ON PEP TEACHERAGE TO BE USED AS SCHOOL FOR REMAINDER OF TERM

Construction started Monday on a four-room teacherage for the Pep school, which will be used as a temporary school for that community throughout the remainder of the current school term. The Pep school was destroyed by fire of unknown origin last Christmas morning. C. M. Sanders of the Pep community was given the contract for the building. Building materials will be furnished by the Wm. Cameron company of Littlefield. The building is expected to be completed to resume school work within the next two weeks. Definite plans have been made for the erection of a new school building;

however, the board plans on having a new and modern school completed in sufficient time for the beginning of the next term of school. The teacherage will be a frame structure at present, but it is planned to later finish the exterior in brick or stucco.

various remedies and treatment will be suggested. Mr. Kelly is a well known authority on poultry, and was formerly with the U. S. Department of agriculture. Judging and Classifications

Judging will be according to the rules of the American Poultry association. Production will be one of the outstanding factors in making awards.

The following will be the entry classifications:

- Singles Cockerel—A male bird of less than 12 months of age. Pullet—A female bird of less than 12 months of age. Hen—A female of more than 12 months of age. Cock—A male of more than 12 months of age.

Pens A young pen shall consist of three pullets and one cockerel of the same variety. An old pen shall consist of three hens and one cock of the same variety. Any bird showing symptoms of disease will be rejected.

Lansden to be Judge The judging will be done by B. H. Lansden, formerly poultry specialist with the University of Arkansas, who is now connected with Economy Mills, Lubbock, in the same capacity. Judge Lansden is a director of the American Poultry association, and has judged some of the largest shows in the world, including the Havana, Cuba, show.

Judge Lansden will lecture on mating, breeding, etc., on the morning of Thursday, Jan. 21.

In connection with the poultry clinic of Harley Kelley, poultry specialist with Swift and Co.

One of the outstanding achievements of the Littlefield show will be the fact that it will have in attendance two of the foremost poultry specialists in the United States.

Care and management of the show will be under the supervision of E. A. Box, vocational agricultural teacher at the Littlefield High School, and his vocational classes. This plan, together with good housing, assures everyone of the proper care and attention of the birds.

Judging will start at 1 p. m. Wednesday and will continue throughout the afternoon.

days in favor of the bootlegger: His assets are all liquid.

In the days of Yore Caanan was the Land of Promise, but it is little old U. S. that in election year constitutes the real Land of Promises.

Verily it is true that a dollar goes far these days. All of them we ever saw have gone so far away we may never see them again.

We know a woman who completely broke her husband of lying to her. She quit asking questions.

SEASONABLE MERCHANDISE Joe Replin was busily engaged in front of Replin's Department Store, on a recent cold day, unpacking new merchandise.

A friend came along and inquired in a jocular manner as to what Joe was unpacking. "Steam-heated collar buttons," the young merchant responded.

FASHION NOTE The 1932 model young lady will be of curving loveliness, we read, but will still look well in a 1932 model streamlined automobile.

WE THINK— That all of us should subscribe to the objectives of Progressive Texans, Inc., an organization devoted to the industrial development of the state.

That we should all do our part in assisting in the work of Progressive Texans.

That we should all read carefully and absorb the objectives of Progressive Texans. Here they are:

- To foster and encourage industrial development in Texas. To promote a greater industrial consciousness among the people of the State. And thorough co-operative activity to help Texas manufacturers increase their sales to jobbers, dealers and consumers of Texas.

What Do You Think?

BUYING AT HOME— We would not take the position of advocating the buying of Texas products for no better reason than that they are made here in Texas but we do believe in giving the home folks a boost and when they produce just as good an article as can be bought elsewhere keep a few of the home dollars at home—Texas Druglist.

DR. T. B. MALONE IS SPEAKER AT BANQUET HERE

ADDRESSES GATHERING OF FIRST BAPTIST MEN'S CLASS

Dr. T. B. Malone of Lubbock was the principal speaker at a banquet held Wednesday night by the Men's Bible class of the First Baptist Church. The members of the Downtown Bible class, which is taught by Rev. Joe F. Grizzle, pastor of the First Baptist Church, were guests.

The banquet marked the close of a six weeks' membership contest, which was conducted by the class, which gained 19 members in that time, and which has now a total enrollment of 31.

Two groups of the class participated in the contest, the red and blue sides. H. W. Sewell was captain of the red side, which won the contest, while Pryor Hammons was captain of the blue side. Under the rules of the contest the winning side ate turkey, while the losing group were to have eaten a meal of beans, but it didn't exactly turn out that way.

L. W. "Happy" Jordan is the president of this class, and E. S. Rowe, the teacher.

The banquet was served by the Women's Bible class, which is taught

by Mrs. Jordan. The program for the evening was arranged by a special committee, of which R. E. McCaskill was chairman.
