Farmers Must Destroy Soil Bank Crops

Lamb County farmers are
warned by the AEC office that
action must be taken to destroy
soil bank crops. The crops
must be completely destroyed.
Some farmers have plowed up
the excess crops, but it has not
been completely destroyed and
the soil bank inspectors can not
recommend it for payment until
it is turned under.
Lamar Allen, Jr. of the local
AEC office urges farmers to com-
ply with regulations so that the
office can get their reports and
payments made.

Amherst Family Uninjured When 7-car Overturns

Mr. and Mrs. Lloyd Pryor and
their son Gary, narrowly escaped
serious injury Saturday night
when a fire blew out on the pick-
up in which they were riding,
flipping the car over.
The family was returning from
their farm at Hereford when the
accident occurred about eight
miles north of Springlake. The
pick-up was a total loss but the
Pryors were uninjured.
Pryor is the mayor of Amherst.

At a called meeting of the City Airport Board held last Tuesday night, plans were made for the immediate construction of 6 new hangars to be erected at the Municipal Airport.

Construction costs will be un-
derwritten by the local Flying
Club and paid for by hangar rent.
No city funds will be used for the
project which is expected to cost
approximately \$6000.

City Commissioner Clint Grif-
fin pointed out to the group that
the City Commission would insist
that the building meet with CAA
specifications. He also advised
the group that it would be the
responsibility of the Flying Club
to move the building to the new
airport in the event the airport
site is sold.

The Airport Board unanimously
endorsed the project as a
means of settling much of the
dissatisfaction among the local
farmers. Credit hangar space and
inaccessibility of the planes is be-
lieved to be causing much of the
dissatisfaction.

After a lengthy discussion of
the duties of Airport Manager Vir-
gil Teague, restrictions as to
hours of operation at the airport were
removed and Teague was given
full responsibility to operate the
airport in the best interest of the
city, flyers and its management.

Spanish Festival Set September 14

The Spanish Festival will be
held September 14, 15, 16 in Lit-
tlefield. Any civic club or organi-
zation who wishes to enter a float
in the parade will be Satur-
day, Sept. 14, is asked to contact
the Chamber of Commerce office
in Littlefield before the list of
floats is closed.
A \$25 cash prize will be offered
as first place to both floats and
bands. A Spanish Queen will be
chosen and crowned.
The Mariachos, an orchestra
from Monterey, Mexico, have
been invited to attend the festi-
val and play for the parade.

Road Fund To Get \$341,789 Of Proposal

Tax payers of Lamb County are
invited to attend the meeting of
the Lamb County Commissioner's
court on Saturday, August 31, at
the courthouse for the purpose of
adopting the 1958 budget for the
county.

The proposed budget is for
\$1,180,847.58, an increase of \$12-
574.48 over the 1957 budget and is
based on the current 95c tax
rate.

The estimated assessed value is
twenty-five million dollars. Com-
missioners say the assessed taxes
amount to \$237,500 and they
expect to collect \$223,250 of this
amount.

Ninety-four percent of the taxes
were collected in 1957.
The proposed budget includes
the following: \$418,669.65 inter-
est and sinking fund; \$46,631.63
jury fund; \$341,789.06 road and
bridge fund; \$169,763.25, general
fund; and \$201,023.95, officer's
salaries; making a total of \$1-
180,847.58.

A detailed account of the pro-
posed budget is on file in the of-
fice of the county clerk and is
open for inspection to any tax
payer in the county. The budget
layout also shows figures from
the budgets of the past five
years.

Latch String Visits Still In Progress

The Latch String project, re-
cently inaugurated by members of
the Littlefield Chamber of Com-
merce, has met with the approval
of the farmers in the entire area
where merchants have visited
during the past ten days.

The exact number of visits have
not been recorded due to the fact
that business men have made the
calls during slack periods in their
businesses and have not always
reported to the Chamber of
Commerce office.

Teams of two men call on the
farmers and their families, visit
with them and invite them to
trade in Littlefield. Ballons and
pencils are distributed as great
well gestures.

The businessmen plan to visit
every farm home in the area be-
fore the Latch String campaign is
completed.

City Police Investigate Two Wrecks

City police investigated two
wrecks Sunday and Monday. On
Sunday, William Vernon Phillips,
who was driving a Ford four-
door, was going West on Fifth
Street and Wm. Oscar Priest of
Vega, driving a Plymouth four-
door was going south on Duggan
when the wreck occurred.
Priest said he did not see Phil-
lips and struck the right front
side of his car. Priest was given
a ticket for failure to grant right-
of-way. Damage to both cars was
estimated to be around \$100.
On Monday night Gary Daniels
was stopped for a traffic light
on Phelps Avenue at 8th Street
when Donald Jerrel Roath was
unable to stop, hitting the Ford
that Dennis was driving, causing
about \$25 damage. There was
about \$200 damage to the Chevro-
let that Roath was driving.
Other police activities were
directed for misdemeanor viola-
tions.

It was neither Christmas time nor his birthday but J. T. Lybrand, right, began to wonder Saturday morning when he made his routine mail route and found gift at many of the boxes. Lybrand is retiring from the profession the last of the month and patrons of route 1 and 2 wished to show their appreciation for his services during the past years. Pictured with him is Simon Hay, post master of the Sudan office, who has worked with Lybrand for the past twenty years.

Rural Mail Carrier Retires At Sudan

By BETTY'S MOTT

A day in the life of a rural mail
carrier is sometimes filled with
drama, community service, as
well as serving as a "post office
on wheels." It has been noted by
J. T. Lybrand, rural mail carrier,
who is retiring this month after
36 years in the "driver's seat."
He began his career as a carrier
in 1921 in the horse and buggy
days in Paradise in Wise County
when he delivered mail by mule
and cart to some 120 boxes on a
twenty-seven mile route taking
all day to make the deliveries.
He made it out with an 87 mile
route with 120 boxes which only
takes four hours to make. He
estimates he delivers mail to
some five or six hundred people.
In the early days most of his
patrons would only get to town
about twice a month, "So," says
Lybrand, "I not only carried
their papers and mail but also the
latest news and gossip as well. I
guess I've carried out nearly
everything that was legal from a
spool of thread to a box of snuff
— and even they had to be
stamped."

A far cry is his first days of
mail delivery made with cart and
mule to his deliveries made now
in the latest modern equip-
ment complete with heater and
hill-billy radio music to keep him
company.
"Most of mail carriers are get-
ting soft," states Lybrand. "Used
to be I'd think nothing of getting
out in the weather, cold and hot,
to make my rounds."
After carrying the mail four
years in Paradise via the horse
and cart method, Lybrand decid-
ed to get a 1924 Model T Ford —
"and I can tell you the people
don't like it. I was the first car-
rier in the country to use a car
and the people were afraid they
wouldn't get their mail as regu-
larly as they had when I was
using the horses."

"I finally had to get a permis-
sion from the post office depart-
ment to use the car, and then it
rained. I had to use the horse
anyway."
The hardest post office regula-
tion for him to observe is the one
prohibiting the carrying of pas-
sengers in the mail car.
"In 1923 Lybrand was transferred
to a nearby community of
Bridgport which is about 3
miles north of Fort Worth. He
knew there was consolidated in-
ter-city mail.
Twenty of his thirty-six years
has been in Sudan with seventeen
and one-half years on route two
and the remaining two years on
Route 1.
His line services performed by
Lybrand are the delivering of tele-
grams or telephone messages at
all hours of the day or night.
Baby chicks arriving at the post
office on Saturday are assured of
immediate delivery by Lybrand
who can't stand to see them stay
in the office over the weekend.
"West Texas people can't be
beat for generosity," says Ly-
brand, who attributes his many
years on the same job to liking
people and wanting to serve his
patrons. He remembers deliver-
ing a message after hours to Mrs.
R. C. Morrow. When he would
accept any pay he was pleasantly
surprised the following week
when she presented him with a
barn as a token of her apprecia-
tion.
However, Lybrand said an un-
pleasant task he had to perform

Local Man Faces Eleventh Liquor Charge

Eleven may be a lucky number
for some people, but not for
James Thornton.
Sheriff Dick Dyer said Wednes-
day that eleven charges of liquor
violation are now pending against
James Thornton, a local Negro.
Thornton was picked up Sun-
day in the Plaza section of Little-
field and charged with liquor law
violation which brings the charge
as he now faces to eleven. He
has posted a \$1000 bond on each
charge.

Industrial Foundation Stockholders To Meet

A meeting of all stockholders of
the Littlefield Industrial Founda-
tion was called for September 4
by the members of the organiza-
tion's board of directors.
The board met Tuesday after-
noon to discuss a recent ruling by
the Bureau of Internal Revenue
concerning the foundation.
According to the federal ruling,
major changes must be made in
the foundation's by-laws if the
money used for the purchase of
stock is to be exempted from in-
come tax.

The directors voted to allow the
stockholders to decide the future
of the organization. The meet-
ing will be held Wednesday morn-
ing, September 3, at 7 a.m. in
Thornton's Cafeteria. Each stock-
holder is being notified of the ses-
sion by mail.
Attending Tuesday's director's
meeting were Homer Garrison,
Howard Horne, Pat Boone, Jr.,
Marcell Hall, C. D. Stone and Ar-
thur Duggan.

MRS. LOGAN CUMMINGS

Patsy Murphy Marries Logan Cummings Tuesday

Miss Patsy Murphy, daughter of Mr. and Mrs. C. B. Pullen of Dallas, became the bride of Logan Cummings, son of Mr. and Mrs. Frank Cummings of Littlefield in the First Baptist Church of Littlefield in a ceremony on August 20 at 7:30 p.m.

Rev. Floyd C. Erwin officiated at the ceremony. Miss Janice Erwin, organist, accompanied Miss Rubyne Benington in several wedding selections.

The bride wore a gown in a waltz length dress of hand clipped French Chantilly lace combined with filmy nylon tulle over crisp white taffeta.

The closely mottled bodice of lace featured an off-shoulder neckline formed with an applique of dainty lace flowers to an insert of narrow velvet banding and was repeated at the midriff ending at the center back with an accent of tiny velvet bows. The bouffant skirt was fashioned of lace and tulle over multiple layers of net and taffeta. An overlay of lace fell midway of the skirt in broken design with single lace flowers drifting over the tulle skirt.

Her shoulder length veil of pure silk illusion fell in tiers from a tiny cap of matching Chantilly lace. She carried white orchids with stephanotis.

Serving as maid of honor was Pat Nelson of Dallas and bridesmaids were Linda McMahon of Dallas and Sharon Cummings of Littlefield. Gerald Myers of Banger was best man and ushers were Leland Morrow of Seveney, William J. Newman and Michael Cornwall, both of Dallas.

For the following reception at 7049 Overlook Dr., Mrs. Gene Keifer, Mrs. Fred Davies, and Mrs. David Deane, all of Dallas, assisted.

Following the wedding trip the couple will be at home in Fort Worth where Cummings will enter Southwestern Baptist Theological Seminary there.

Daughter of Pioneer Plans Career In Aeronautics

Lynda York, daughter of a Lamb County pioneer, Shorty York, is well on her way to an aeronautical career. Lynda is planning to enter aeronautical engineering and has spent much time in training with the Civil Air Patrol. A second lieutenant in the CAP, she recently completed a two-week course in parachutes at Lackland Air Force Base at San Antonio.

Lynda has been an outstanding member in the organization and holds a student pilot's license. She is a graduate of San Angelo High School, likes tennis, swimming, bowling and art. She took art lessons at San Angelo College for about two years. Lynda's parents, Mr. and Mrs. R. D. York, 1425 Tyler St., in San Antonio are longtime Littlefield residents. "Shorty" was a mechanic and with the fire department while in Littlefield. He attended the pioneer picnic in 1955 and is known well by many Lamb County pioneers.

Lynda was selected, along with two other Texas girls, to attend Miami University at Oxford, Ohio, for a five-week expense-paid course in aeronautics. There she is being given intensive training in the manuals of aviation, with stress on teaching techniques. When she returns, she will give instruction in the area for one year.

Lynda will go to New Mexico A&M College because "they offer training in the field I am entering. They also don't mind that I am a girl. So many colleges will not take girls in that field or they put them in the background to the extent you do not receive the training you need."

In the afternoon the children of Rev. and Mrs. Duke held open house at the home, 701 West Elm Street, from 2 to 5 p.m. The Dukes have three children, Mrs. Doris Cline, Rush Springs, Oklahoma; Alex Duke, Levelland, Texas; and Mrs. Edith Denney, Littlefield, Texas. They have ten

grand children and five great-grandchildren.

Rev. Duke began his ministry at the age of twenty and has spent 47 years as a minister. He has held pastorates in Oklahoma at Terral, Marlow, Chickasha and County Line, and in Texas at Grassland, Post and Hillsboro.

For the last twelve years they have served the church at Hillsboro.

Rev. Duke served as a member of the Board of Directors, Oklahoma Cotton Growers Assn., for twenty-five years and was elected to the Oklahoma Legislature in 1932 and served through two sessions.

Mr. and Mrs. Hayes Denney, Alex Charles and Ann were in Hillsboro for the golden wedding anniversary. Mrs. Denney and children will remain for a longer visit with her parents.

Don't Tell Anyone, But

BY MAXINE CLARIDA

We can't officially be a Lamb County Pioneer, but having been here on that July 4, 1913 when Littlefield was officially organized we feel "next-of-kin." And what would we be doing here? ? ? Our dad was THE Ford dealer. People didn't come into the automobile houses in that day and time. Dealers got out and "shook the bushes" and a big picnic was too good an opportunity. So with the women and children, our folks loaded up a Ford and brought three along. Sold all three of them, too.

No, selling wasn't easy; the purchaser had to be sold on the idea of how much it would help him in his work to have better transportation. And as in the case of many other towns, that we cannot remember helping to bring into existence just by being present, our folks said "Remember, you were there." So it is with pride that we pay tribute Tuesday to those people who built our town.

Many of the old timers we remember. We can just see the late Wyess Dalmont in his big black car and Arthur P. Duggan, Sr. as he campaigned for senator. Clint Griffin bought his first Ford from Bradley Auto, as did W. D. T. Storey.

Our dad and uncle often related tales of the wonderful antelope and quail hunting, and coyote chasing they did as they "hailed" the engineer that supervised the laying of the railroad through Littlefield.

And we can't think of any place that would be a finer place to have been reared. We are sorry for these "furriners" who have never been to a good round-up, or seen a cattle drive, or sneaked out to watch a band of gypsies.

or didn't see Buffalo Bill and his Wild West Shows along with Molly Bailey and our beloved Harley Sadler, but these things are gone and this generation will never know the fun of them, but we can remember, can't we?

Tom Waide Dies In Sanger, Texas

Earth, (Spl.)—Tom A. Waide, a member of a pioneer family of Denton County died at his home in Sanger, Texas at 1:30 p.m. Thursday at the age of 86.

Funeral services were held at 4 p.m. Saturday from the First Baptist Church of Sanger with Rev. Leon Clay officiating. Interment was in Bolivar Cemetery.

Mr. Waide was born in 1871 and married Miss Elizabeth Carson in 1893. The family left Denton County in 1897 and lived in Hale Center, but returned to Sanger in 1943.

Survivors include his wife; 2 sons, Joe of Carnegie, Okla.; and Jim of Portales, N.M.; 3 brothers, C. B. of Ft. Worth; F. Z., of Osis, Calif.; and Gary of Texline; 2 sisters, Mrs. O. D. Whiteside of Texline; 12 grandchildren, 17 great grandchildren and 5 great-great grandchildren. Grandchildren from Earth attending the funeral were Mrs. G. Kelley, Mrs. L. G. Layman and C. C. Waide.

Mail Carrier

Continued from Page 1) as part of his duties was the delivering of death messages, and especially was this difficult during the war years when mothers of servicemen along his route would become unerved when he called them to his car for registered letters, etc. He remedied this dread for the mothers by telling them if he ever had to deliver this kind of message to them he would do it in some other way in order to still their fears when he summoned them for mail.

Before becoming a mail carrier Lybrand was a school teacher, having taught five years in elementary grades in Alabama before moving to Texas where he met Mrs. Lybrand who was also a school teacher.

He moved with his family to Sudan in 1937 and following his retirement the Lybrands will move to Grand Prairie in order to live near their daughter, Mrs. J. L. Moody, who is a teacher in the Dallas schools.

He plans to catch up on visiting a number of relatives and will continue doing a bit of driving, but this time to see different parts of the country, a change indeed from traveling the same roads every day.

Services For Mrs. Stewart Held In Paducah

Funeral service for Mrs. Linda L. Stewart, 82, who died at 10 p.m. Sunday in the Littlefield Hospital were held at 3 p.m. Tuesday in the First Baptist Church in Paducah.

The Rev. Joe P. Self officiated. Burial was in the Garden of Memories Cemetery with Norris Funeral Home in charge.

Mrs. Stewart suffered a cerebral hemorrhage last Wednesday while visiting her son and his wife, Mr. and Mrs. George (Bub) Stewart who live twelve miles north of Littlefield. She was brought to the Littlefield Hospital where she was a patient until her death.

She was born in McCullough County. She was married to George W. Stewart on November 13, 1892 at Cooper.

Mr. and Mrs. Stewart moved to Hunt County where he was killed by lightning in 1901. Mrs. Stewart brought her family to Cottle County in 1910 where she had lived since, except for an eight-year residence in Crosbyton.

Survivors other than her son, George (Bub) Stewart, Jr., of Lubbock; and two daughters, Mrs. John Brown, Paducah; and Mrs. Edna Dunn, Crosbyton; two sisters, Mrs. M. S. Reavis, Dallas; and Mrs. Settle Watson, Austin; nine grandchildren and 21 great-grandchildren.

Palbearers were her grandsons, Ernest O. Stewart, Jr., Clovis; George Rainey Stewart, Oton; Edward Dunn, Lamesa; Ruben Larson, Wichita Falls; Johnny Adamson, Turkey and Charles Pearson, Paducah.

Services For Mrs. Stewart Held In Paducah

Funeral service for Mrs. Linda L. Stewart, 82, who died at 10 p.m. Sunday in the Littlefield Hospital were held at 3 p.m. Tuesday in the First Baptist Church in Paducah.

The Rev. Joe P. Self officiated. Burial was in the Garden of Memories Cemetery with Norris Funeral Home in charge.

(Continued from Page One) tended school in Littlefield before is to register at the elementary school office between 9 a.m. and 3 p.m. Thursday and Friday, August 22 and 23.

All other elementary students will report to the school Monday morning. Lists of names will be posted on the doors of each room and the student will be assigned to the room of the door where his name appears.

All children in the second and third grades will report to the primary school. Lists will also be placed on the doors of the rooms here and the student will be placed in the room where his name appears on the list.

It is said that there will positively be no selection of teachers by parents. The child will be assigned to the room where his name has been placed. The lists are made up on a percentage basis of "A" students, "B" students, "C" students, and those below "C" and all races, so that all teachers may have an even number of all levels.

Ten Acres Yield 31 Tons Of Green Beans

Bean farmers have hit the jackpot this year on growing green beans for canning and freezing purposes.

Picking continued at full swing this week on the 300 acres in Lamb County. Most of the beans are under contract to Whitson Canning Co. of Denison, and will be canned under the Camp-Fire label.

The harvest in the Leslie Litehe field is expected to net sixty-two thousand pounds after the beans are picked again today. There are acres in the field.

A crew of 200 Latin-Americans are harvesting Litehe's beans. Most of the two hundred pickers are area residents.

After picking the beans a Litehe's on Monday the crews moved to other area bean ero, arriages east of Spade and picked there. They will return to the Litehe field today and following that will return to the Spade fields picking the beans when they are the desirable size for canning and freezing.

The yield of 62,000 pounds with the market remaining at the current price will bring a gross price to Litehe of over \$2600 for the ten-acre plot. A fall vegetable crop such as lettuce or carrots can still be planted on the land after the bean harvest.

Accidents can be prevented by foresight, but so few people have an ample supply.

Majorettes Are Chosen For Sudan Band

Four majorettes to serve with the Sudan school band were selected Saturday morning at twirling try-outs held on the football field.

Bill Woods of Seagraves was present to assist with the judging and rating of the entries.

Named to the positions were Mary Mullins, Kay Gentry, Faye Scott, Betsy Walden.

Mary is the daughter of Mr. and Mrs. H. R. Mullins and will be classified as a senior this year. She has served four years as Majorette of the school band. Kay, the daughter of Mr. and Mrs. Albert Gentry, is a sophomore and was a majorette during her seventh grade for the Abernathy Junior high band. Faye, the daughter of Mr. and Mrs. Randall Scott, will be classified as a freshman this year. Betsy is the daughter of Mr. and Mrs. Guy Walden and will be a member of the eighth grade class.

Other girls entered in the try-outs were Tommye Walker, Carol Ann Watkins and Arlene Humphreys.

Dry Weather

Increases Fire Hazard To Grass

College Station—The increased danger of grass and woodland fires during the hot summer months poses a real threat to our cheapest source of livestock feed.

Texas Farm and Ranch Safety Council points out that most grass fires are caused by carelessness and the failure of people to observe fire safety rules. Grass, and other plants along the high-ways, in parks, woodlands, pastures and ranges are all dry enough to burn and motorists are especially urged to make sure that matches, cigarettes, cigars and pipe ashes are dead before they are thrown onto combustible material.

Good pasture is very impor-tant to livestock producers. They must depend on grasslands—especially with the present prices of livestock—to keep down pro-duction costs. A charred range resulting from one careless act could be the final blow that would put a producer or producers out of business.

Ranges and pastures should be protected with fire guards. Hazards that might cause fires should be eliminated. Glass bot-tles may start fires. They act as a magnifying glass and when the sun's rays reach the proper angle, almost any bottle may concen-trate the heat from the sun enough to ignite dry grass.

Trash should be burned in a closed incinerator and no fire should be started that cannot be controlled. Everyone should be on the lookout for fires and report them if found. A small fire can usually be put out before it has a chance to spread but if un-checked, it may soon be out of control.

The Council urges community and county groups to organize for the specific purpose of fight-ing grass fires. They believe the local neighborhood groups should be coordinated on a community and county basis so that if nec-essary, an effective fighting force could be gotten together in the shortest possible time in case of a major fire. All equipment should be inventoried so no time would be lost in getting the right equipment to the fire.

The old adage, "an ounce of prevention is worth a pound of cure", is certainly applicable. Make fire prevention your busi-ness, urges the Council.

People who enjoy rest should worship work; without labor, there could be no recreation.

Big business, and most little business, is interested in profits, not reform or social improvement.

Addition To Cotton Classing Office Opened

Formal opening of the new addition to the Lubbock Cotton Classing office was held Tuesday afternoon in Lubbock.

The Plains Cotton Growers paid approximately \$35,000 for installation of the new facilities, which includes additional storage space, a "loose room" and humidification equipment.

The formal opening was held during a meeting scheduled for discussion of 1957-58 operations of the Lubbock office and the new Lamesa Cotton Classing office.

E. J. Overby, director of the Cotton Division, Agricultural Marketing Servicing, Washington, D.C. and John L. McCollum, AMS official of Dallas attended the meeting outlining classing, re-views, re-classing and details of the operating of the office.

State Graduation Requirements Are Met--

Springlake School Board Adopts \$284,260 Budget

The State Department of Education has raised the amount of money that the Springlake School District must contribute to the State minimum Foundation Program in order to meet the increase in this year's budget which has been adopted by the school board at \$284,260, compared to last year's of \$252,000, which makes an increase of 12.8%.

Springlake will have to raise 10% of the increase. The budget is met from three sources, the state furnishes \$173,900, which is 61 per cent of the total cost, non-resident property taxes pay \$36,000 or 13 per cent, leaving resident property taxes only \$74,270 or 26 per cent of the cost.

The increase in the budget is to be granted to all teachers. Springlake teachers received raises ranging from \$399 to \$750. An addition to the faculty also is responsible for the increase.

The state raised graduation requirements. The school board made the necessary changes to meet these requirements. The changes will apply only to students who enter high school beginning this term. They will have 18 credits (16 academic and two from band or art) before completing High School. Students will be required to have three years of mathematics, Algebra 1 and Algebra 2, plane geometry, solid geometry and trigonometry will be required this year.

Students who are sophomores this term will graduate under the old plan which required 16 credits for graduation.

Democracy in the United States is being fettered by organized militancy.

Shown above is the newly erected St. John's Baptist Church parsonage for the new minister, Rev. V. Ottis and his wife, who recently moved here from Oklahoma. The dedication service for the five room home was held recently in the St. John's Baptist Church with Rev. Walter Griffin of the Mount Pleasant Baptist Church in Lorenzo, Texas, bringing the message. Joel Thompson, secretary of the city, also made a speech to the approximately 175 people attending.

CLINK IS BEST COOLER

Pampe, Tex.—Employees of Home and Gee Grocery and Market had a new item of merchandise when they went to the produce vault in the firm's warehouse. As the men entered the vault

they found a local man sitting in a corner.

Police officers were called and the "cold produce" was taken to the police station where he was thawed out and charged with being intoxicated.

Earth Merchants To Hold Planning Clinic Tonight

The Earth Chamber of Commerce is sponsoring a "Merchants Planning Clinic", tonight at 8 p.m.

The clinic will be composed of different groups to discuss ideas for the improvement of city business and to plan a "trade at home" idea.

Chamber of Commerce officials from other towns will be present to work with each group.

All merchants, business men and other residents whether members of the Chamber of Commerce or not are invited to attend the meeting.

Tax Assessor Collector Hired By Earth School

Mrs. C. O. Taylor has been employed by the Springlake School District as Tax Assessor-Collector and financial secretary for the school replacing John Adams whose resignation becomes effective September 1.

Mrs. Taylor has lived in this area all of her life. She has two children, Billy, a sophomore and June, who is a sixth grade student. Mrs. Taylor is a member of the Methodist church and was formerly employed as Secretary of the Chamber of Commerce.

MIRACLE OF SIGHT

Austin, Tex. — A man came into A. J. Bishop's dry cleaning shop, asked for his suit, then asked Bishop to confirm the color.

"I don't see well," the customer explained. "Will you take your money from this bill. Bishop did and handed him the change.

Turning, the man fumbled for the doorknob, stepped outside and walked to a car. Feeling for the door handle, he gropingly hung up the suit.

Social Security Adds New Child Benefits

Monthly insurance payments can now be paid to the handicapped son or daughter of a retired or deceased worker, according to John G. Hutton, District Manager of the Lubbock office of the Social Security Administration.

"This is the first year that payments can be made to a dependent child who is incapable of self-support due to a physical or mental disability.

"Payments can begin for January of this year to a person of any age who was disabled before he reached age 18," Mr. Hutton says. Such payments are made on the social security account of a parent of the disabled person. The parent must be an insured worker who has retired or died.

"Before this new provision went into effect, no family insurance could be paid for a child after he became 18 years of age. Now there is no age limit for a disabled child," he added.

Applications for these payments should be filed with the Social Security Administration, 2878-34th Street, Lubbock, Texas.

A representative of the Lubbock Social Security Office will be in Littlefield on Aug. 29 at 9:30 a.m. at the County Courthouse and will be glad to assist in all matters pertaining to Social Security.

Mr. and Mrs. Lige Griffin, Alene and Eugene, Mr. and Mrs. Billy Griffin and Penny of Amherst went to McKenzie Park in Lubbock for the Griffin reunion Sunday.

Mike Oden of San Angelo, Texas is visiting his aunt, Mrs. Lige Griffin and family.

Ten ladies of the Rocky Ford Baptist W.M.S. went to Lubbock August 8 to visit the Milam Girls Home which is owned by the Baptists and supervised by Mr. D. C. Hamilton. Mrs. Hamilton showed the ladies through the home and the grounds which are most beautiful. The capacity of the home is 15 teenage girls.

The W.M.S. ladies took four quilts which they had made as a gift to the home.

Mrs. Billy Ray Griffin took the following ladies to Lubbock: Mesdames Johnny Lee Feagley, A. D. Mayfield, George Tollett, Joan Hayhurst, Herbert Roberson, Lige Griffin, John Feagley, Allene Griffin and Lloyd Sturgis.

Mrs. Lige Griffin and daughter Allene visited her parents, Mr. and Mrs. H. B. Weaver of Earth Texas last Tuesday afternoon.

FRANK CUMMINGS AGENCY

Lamar D. Aten, Jr., manager of Lamb County ASC Office, announced Friday the average payment rate for 1958 wheat in Acreage Reserve at \$22.00 per acre, adding that there is a limitation of \$3000.00 on the total amount of 1958 Acreage Reserve payments which may be made to any one producer, irrespective of whether or not he has more than one eligible commodity placed in the Acreage Reserve.

The ASC manager also stated that applications will be taken, starting August 26, in the Wheat Acreage Reserve Program; and that it will be necessary to establish a soil bank base for each farm that participates in the 1958 Acreage Reserve Program.

"When a Soil Bank base has previously been established under the Conservation Reserve Program the same base will be applicable for 1958 Acreage Reserve Program; and in acceptance of applications preference will be served" basis as long as funds are available," Mr. Aten said.

He also advises operators that they will not be permitted to withdraw from the program after closing date for signing agreements. That date is October 4, 1957.

U.S.-Caused Economic Crisis Forecast as a Possibility

A new economic crisis, which may be precipitated by a forecast as a possibility by a Public Health Service United States surgeon general Leroy E. Burney says the Asian flu may hit this nation in epidemic proportions this fall or winter and cause serious consequences for economy.

However, it is reassuring to know that the virus causing this new type of flu has already been isolated by a private company which started work on the problem at request of the P.H.S. And Burney has announced that in vaccinations against the Asian flu can begin in mid-October.

The surgeon general estimates that there will be enough available by mid-October to give shots to the estimated 12,000,000 specialists throughout the nation in various parts of the country to keep the country going, if the virus strike in epidemic proportions.

Burney says the virus may hit as many as 17,000,000 Americans. However, he stressed that the effect of the virus have not been as severe in this country as have been in the Far East. So far there have been 11 cases of the flu reported in this country, and there have been only three deaths.

The mortality rate in this country is remarkable, when compared to the death reports which were issued recently in the Far East. The low rate in the United States must be attributed to the higher standards of medical care in this country.

Oliver Hardy

Those who remember the always-frustrated fat partner Laurel and Hardy movie team, the death of Oliver Hardy recently was a body blow. Hardy, 63, suffered a paralytic stroke last year and had been almost completely incapacitated since.

Strangely enough, Laurel and Hardy have become popular in recent years because of television. Their movies, which appealed to young audiences who had never seen the comedy team perform, made them great favorites. Recently they were talking of making a comeback. The most refreshing thing about Laurel and Hardy was that they managed to encounter more difficulties in simple chores, such as washing windows, than even the most awkward of us usually encounter. And those who remember Hardy's withering look, so often turned on the camera, frowning Laurel, will never forget it.

Hardy's first picture was made in Jacksonville, Florida, when he was 21. He was finishing a four-year tour with a company in Atlanta, his home. He had been studying at the University of Georgia, until he gave it up for the military.

Perhaps the faces of Laurel and Hardy stopped more than any other two faces in Hollywood. In any event, the brand of slapstick was far less hectic, less noisy, and enjoyable than the brand usually seen on television and in movies today. The double-take, the quiet expression in the absence of noise and commotions, properly handled, add up to the best in humor.

Churchill And The U. N.

Winston Churchill recently admitted that the fate of the United Nations might well be that of the League of Nations. Not saying as much in so many words, Churchill nevertheless told newspaper men that the United Nations had failed to accomplish something, but there was also the hope that its efforts would be hamstrung.

Seldom does a prominent statesman speak so candidly about such dire prospect. Few world statesmen are willing to admit that the United Nations has failed to accomplish what it was intended to do, and the standard procedure for men the world over is to express hope for future U. N. movements.

However, Churchill appears to be more realistic than most, and perhaps that is because he no longer holds an official position. A glance at President Eisenhower's latest nominations for representatives to the United Nations General Assembly shows that this world body has become something of a propaganda and social organization.

The list of delegates proposed by the President includes the Duke, screen actress, George Meany, of the United Brotherhood movement, Mrs. Oswald B. Lord, of New York; a New York lawyer, Genoa S. Washington, of Chicago; Phillip M. Zwick, of Park Forest, Illinois, and Herman B. Wells, president of the University of Indiana.

Nothing much is expected to be accomplished in these assemblies. They have become mostly debating society, and delegates are now people who won't do much work — who are merely honored by appointments as delegates.

Highlights and Sidelights From Your State Capitol

By VERN SANFORD Texas Press Association

AUSTIN, Tex.—Things will be a little different here and there, beginning this week, Aug. 22 is the effective date for most of the hundreds of new laws passed by the 1957 Legislature.

Scores of new laws will affect what you can and can't do from now on. Examples:

1. Manufacture, sale or use of dangerous fireworks are prohibited.
2. News reporters cannot be barred from precinct, county or state political conventions.
3. Patients will be liable for property destruction by their minor children.
4. Garages must report cars left over 30 days.
5. Dangerous substances, such as poisons, must be labeled.
6. Tuition fees at state colleges, beginning this fall, will be doubled.
7. Voters will have to return to the "scratch" method of marking ballots. No more putting an "x" before the name of the person to be voted for.
8. In future special elections for U. S. Senate or Congressman at large posts, runoff will have to be held unless one man gets a majority vote in the first primary.
9. No more combination banking-insurance companies, such as the late U. S. Trust and Guaranty, can be organized.
10. License plates will cost 10 per cent more from now on to provide more money to buy right of way for roads.

NEW AGENCIES TOO — Five new state agencies also enter this scene. Foremost is the new independent securities commission which will supervise both insurance and general securities issues. It combines functions formerly divided between the Secretary of State's office and Insurance Commission.

An adult parole division under the Pardons and Paroles board will set up the state's first paid staff to keep tabs on adult parolees from the penitentiary. It has been long sought as a means of returning more prisoners to useful citizenship.

A Tax Study Commission will oversee an analysis of the state's entire tax structure by the Texas Research League. Could eventually lead to a shifting to tax burdens — new taxes for some, less for others.

Other new agencies are the Texas Council on Migrant Labor and the Texas Historical Survey Commission.

JURY PAGES CAGE — Two Texas Grand Jurors, two legislative committees, and lots of just plain Texans are anxious to see how Ben Cage plans to "blow the lid off" in the ICT probe.

That's what Cage has said he would do when he testifies in the upcoming investigations. He is set to appear before the Dallas Co. Grand Jury on Sept. 3. In a surprise move, the Travis Co. Grand Jury sent Cage a subpoena to appear Aug. 20. But Cage wasn't there. His attorney, Al R. Irion, said he didn't know where he was, presumed he was visiting his mother in Los Angeles and indicated he would not return to Texas until Sept. 3.

Travis and Dallas County Grand Juries both file an Oct. 1 indictment. District Attorney Les Pactor of Austin said Travis County had no desire to be "first" in questioning Cage, but that they were merely working against a shortage of time. Dallas District Attorney Henry Wade said he preferred to have Cage testify there first, but that his appearance in Austin would neither help nor hurt the Dallas County investigation.

Also summoning Cage is the new House general investigating committee which has sent out a subpoena for Aug. 20, and directed Texas Rangers and the Department of Public Safety to search for him. Chairman of the committee, appointed recently by Speaker Waggoner Carr, is Reagan Huffman of Marshall. Members are: Reps. H. J. Blanchard, Lubbock; Carl C. Conly, Raymondville; William L. Elliott, Pasadena; and Joe N. Chapman, Sulphur Springs.

Sen. Charles Herring of Austin has been named by Lt. Gov. Ben Ramsey as chairman of the Senate's new investigating group which also is interested in what Cage has to say about ICT affairs. Herring said, however, that there was no use in the House and Senate committees "playing the same ground." Since the House already has summoned Cage, it's a question whether he will be asked to appear also before the Senate group.

Serving with Herring on the Senate committee are: Sens. Cula Krueger, El Campo; Jarrard Sechrist, Temple; Grady Hazelwood,

CROPS IMPROVE—Picture looks brighter than expected for Texas' 1957 crops, says the U.S. Dept. of Agriculture.

USDA estimates the state's cotton crop for this year at 2,775,000 bales. It's 4 per cent better than last year and about average for the past 10 years.

Other official crop estimates: wheat 35 million bushels, a million more than originally expected; corn, 33.2 million bushels, 1 per cent above last year; hay, 2 million tons, second largest crop on record; peanuts, 295 million tons, a 233 per cent increase over last year.

Peanuts, 30 million pounds, nine per cent better than last year, but 14 per cent below average; leaches, 75,000 bushels, highest since 1933; pears, 155,000 bushels, 10 per cent below average; but highest since 1933; citrus fruit, prospects favorable, but no estimate; sweet potatoes, 1,020,000 hundred weight, 61 per cent above last year; Irish potatoes, 1,170,000 hundred weight, 24 per cent above last year.

FLU EPIDEMIC SEEN — Texas "almost certainly" will have an epidemic of Asiatic flu this fall and winter, say state health officials.

But availability of vaccine still is a question mark. Production is being rushed, and some cities are setting up priority schedules. Workers performing essential services, such as doctors, nurses, policemen and firemen, will get preference.

SHORT ENDS — Water storage in Texas' major reservoirs now is almost double what it was a year ago, says the State Water Board. Overall, reservoirs are at 90 per cent of capacity. Streams

have returned to "somewhat normal conditions" . . . A sharp drop in paralytic polio is noted by the State Health Department. On 57 paralytic cases, 15 non-paralytic, were reported through the first week in August. Improvement is attributed to Salk vaccine. . . . Claude B. Tate has been named assistant state auditor, replacing William H. Harrison who is serving as Insurance Commissioner. . . . Dr. LaRoy Joyce has been appointed director of the Livestock Sanitary Commission, effective Sept. 1. . . . Awarding of a contract for just under \$1,000,000 to air condition the House and Senate chambers has been announced by the building commission. Low bid was \$990,000. More than a year's delay in getting this project under way riled some lawmakers who had ordered the cooling system for the last session. . . . New contracts negotiated for the purchase of gasoline for state vehicles will save the state \$60,000 during the coming fiscal year, according to the Board of Control.

SHOULD'VE STAYED ABEID Dallas, Tex. . . . The old saying, "things could be worse," proved true for Harold Wynn, Dallas auto parts clerk.

As he tells it, his misfortune began when he got off work and fell into a mud puddle walking to his car, then ran into a steel window, ripping his shirt.

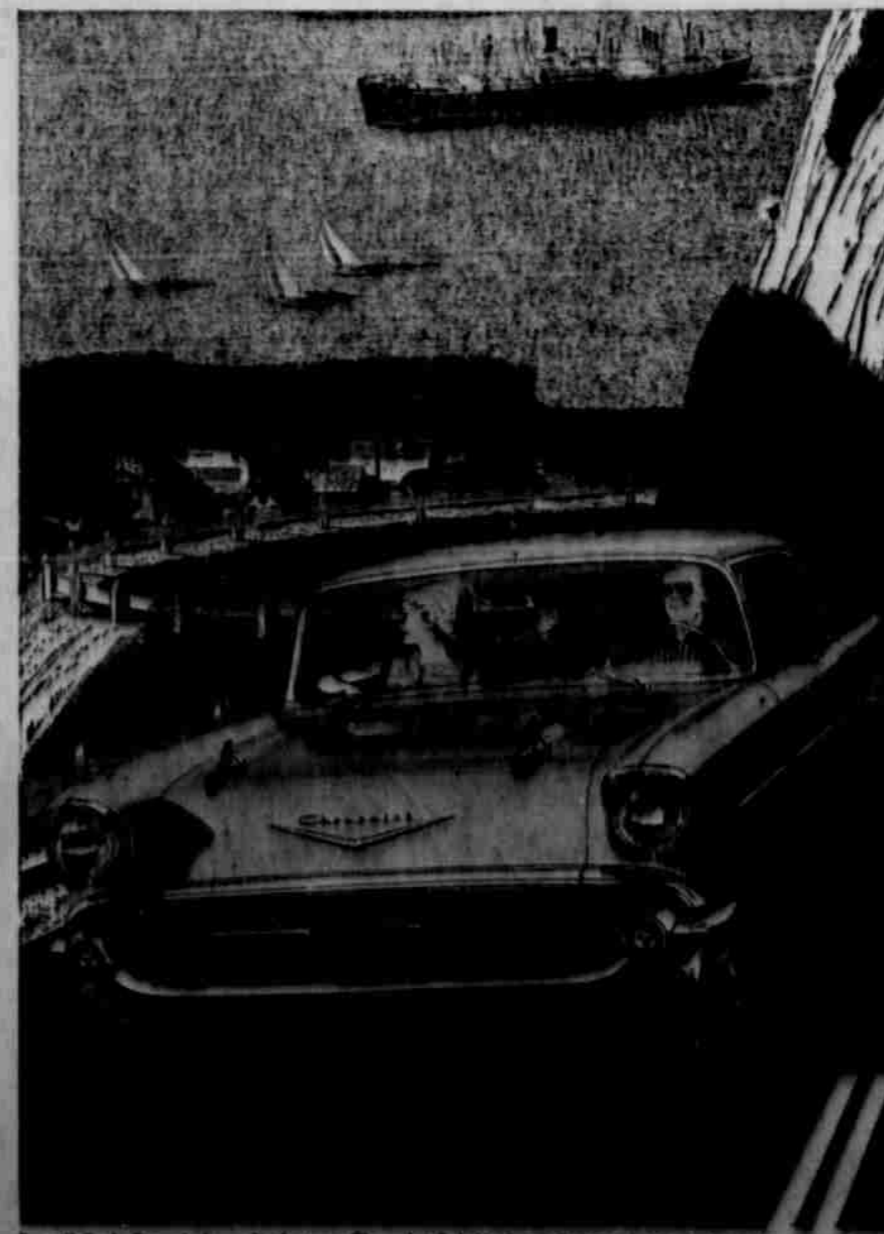

While driving home a bus hit his car and, as he waited for police, a second bus clipped the car, and a third bus bumped it minutes later. Total damages were \$700—partly covered by insurance.

When finished him off, however, was being two hours late getting to a dinner at his mother-in-law's.

Benefactors Visit Hi Plains Station

A group of Lubbock citizens who participated in the creation of the High Plains Station visited the 310 acre farm at Halfway, August 6. They viewed the growing crops, the soil fertility tests and the new recharge well. Wet soil prevented detail inspection of plots but they did see many varieties of grain sorghum, cotton, corn, sesame, soybeans, castor beans, sunflowers, and summer grasses on both the irrigated and dryland parts of the Station.

The Lubbock representatives who conferred with eighteen representative business men and farmers at the Station were: George P. Kaykendall, Investments; Charles E. Maedgen, Jr., President of the Lubbock National Bank; Dr. D. M. Wiggins, Vice President of the Citizens National Bank; C. E. Fulgham, Vice President of the First National Bank; Roy S. Mack, Western Cotton Oil Co.; and Arlie Hudson, Division Manager of the Southwest Public Service Co.

Harold Hinn, President of the Harvest Queen Mills and Chairman of the Regional Council reviewed the events leading to the formation of the Station and the broad scope of its research. Dr. T. C. Longnecker, Head of the staff, reviewed the research program and progress to date and expressed his appreciation for the splendid cooperation being received from all agencies serving agriculture in the High Plains. He emphasized that the soil on the 310 acre site was such that problems of the high plains soils could be studied under soil conditions typical of the whole area.

New Fishing Law To Benefit Fisherman

College Station.—A new Sports Fishing License Law which increases fishing license fees becomes effective September 1, 1957. The additional revenue will enable the Game and Fish Commission to increase its work program by about 25 percent and will generally benefit Texans interested in better fishing.

The new law states, in effect, that it shall be unlawful for any person to fish in any waters of this state without first obtaining a fishing license, according to Ed Cooper, wildlife conservation specialist.

The exceptions to this law, says Cooper, are persons under 17 and over 65 years of age; any person, or member of such persons immediate family when fishing on property he owns or upon which he resides; persons fishing with trotlines, throw line, or ordinary pole or line having no reel or other winding device when fishing in the county of his residence. No other fishing license shall be required of a person who holds a commercial license issued in this state, adds the specialist.

The new law differs from the old one in ways besides fee charge, points out Cooper. Unlike the old law, the new one is not concerned with the type of bait to be used. Another difference is that the license fee is the same for Texans and out-of-state residents. The new law which requires salt water anglers to be licensed and charges a lower fee to non-residents, paves the way for a reciprocal licensing program with some of our neighboring state, concludes Cooper.

Thirsty?

Sure, he's thirsty; that's a hot dry job, but the lemonade will soon slake his thirst. The only trouble is, he will thirst again. Man's spirit is like that too. So long as he drinks only from earthly fountains, he will thirst again because he needs living water from the fountain of eternal life.

Man is made for God and his spirit is dry and thirsty unless it is God-related. The dry spirit is restless, searching eternally for something to satisfy. Go to the Church and hear the good news of a fountain that gives living water which if a man drinks, he will not thirst again.

Is something wrong with your life - an inner restless dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and reassure. Through the church God has committed the provision and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. Everyone should be in the Church and the Church in everyone!
