months elapsed before they received any further information or word from him, and on September 16, 1943, Mr. and Mrs. McFarland received the first card from their son from W. P. Camp Moumein, Burma. Locals Lose To Morton 14-12

The Wildcat Basketeers entered both the Amherst and Levelland Tournaments the past week end but failed to bring back any trophies. They managed to win two games. They beat Muleshoe in the first round of the Amherst tourney only to lose to the host team by a score of 22-18.

The Wildcat "B" team lost to Sec. C LAAF in the opening round of the Levelland tournament to put the Littlefield entry in the consolation bracket. The Wildcats then took over to win handily from Levelland "B" team which put them in the finals against Morton.

This Morton game was a thriller. The Wildcats took the head in the first minute of the game and held it all the way until less than one minute play when Morton dropped one in the bucket to put them one point in front. Then a free toss by Morton made the final score 14-12.

Sgt. Robt. L. Sutton Wounded In Action

Mr. and Mrs. J. L. Sutton of one mile north and ½ mile east of Littlefield were very happy to receive a letter last week from their son, Cpl. James W. Sutton, advising receipt of two letters from his brother, Sgt. Robert Lee Sutton, who was wounded December 12, last in Germany, stating that he would soon be O.K. and going back to action. This was the first word they had received regarding this wounded serviceman since a telegram from the War Department, received by the parents Christmas morning, stating that Sgt. Robert L. Sutton was slightly wounded in action Dec. 12 in Germany.

Sgt. Robert L. Sutton is with the 84th Infantry Division, and has been in service since December 8, 1942, and overseas since October 1, last.

Cpl. James W. Sutton is connected with an engineering corps in the Air Force, and is with the ground crew, stationed in France.

The interesting letter from Cpl. James W. Sutton to his parents follows:

"Dear Mother and Dad:
"Just a few lines to let you know I got out of the hospital today. I got my leg cut and I had blood poison, but am feeling fine today.

"Mother, I am sorry to tell you Robert was wounded Dec. 12 and is in a hospital now, but will be going back into action soon. He was in Germany at the time.

"Oh, yes, mother, I received the cigarettes you sent me, also the picture of you all. Thanks a lot for all. I have 5 boxes yet to receive that you said you had sent me, and I am sure looking forward to them.

"Mother, Jack Yates has been a prisoner of war, but he came back Dec. 27, and talk about happy boys we were. I don't know what I'll do when this war is over, and we have to leave one another for good, for we are like brothers. Whatever he has is mine, and what I have is his. Well, I'll try to finish my letter as I got a letter from Robert, and he is only 40 miles from me, so we may meet soon. His letter came to me in two days, so that is good.

"Say, Dad, you said the boys were having to pay \$4.00 for a carton of cigarettes over here. Well, you can hear anything.

"Jack said to tell you all "hello" for him, and to take care of the girls for him till he got back. Tell Lester Bryant to write me a line or two.

"All my love,
"CPL. JAMES W. SUTTON."

Mr. and Mrs. Sutton have also two sons-in-law in the service, and another son-in-law, J. G. Freeman, left Monday for the Navy. Pvt. Lester M. Bryant is in Pearl Harbor, and Cpl. Harry M. Young of Lubbock (Mrs. J. C. Freeman, who is employed in Lubbock, plans on entering the Marines within the next few days.

Sessions To Be 2 Hours In Length; And Last 6 Weeks

Persons Interested Asked To Contact Sponsor In Community

As announced by the local Chapter of the American Red Cross, plans are complete for the sponsoring of a series of Home Nursing classes in the various school district of Lamb county.

Mrs. Marjorie Johnson, American Red Cross nurse, arrived in Littlefield last week from the Midwestern area, St. Louis, Mo., to conduct the series of Home Nursing classes, which will get underway Monday, January 29.

The program has been set up by Mrs. S. H. Russell, County Home Nursing Chairman, of Sudan, and the following sponsors have been appointed for the different classes: Mrs. A. C. Rogers of Route 2, Littlefield, for Littlefield; Mrs. L. E. Slate, Sudan; Mrs. George Bohner, Olton; Mrs. Gladys McCaskill, Earth; and Mrs. Claude Parks, Rt. 2, Littlefield, for Spade.

The classes will be two hours in length, and will be held twice a week for a period of six weeks. Arrangements have been made for seven classes in the county, and those registering in one class must continue in that class. In other words, there can be no changing from one class to another, or attending more than one class.

Mrs. Johnson will not be able to teach more than six classes, and as there were pupils for seven classes, Mrs. Lonela Denson Rowe, R. N., an experienced and authorized Red Cross Home Nursing instructor, has volunteered to teach one of these classes, a 2 hour course in Littlefield. This class will be in session from 3 to 5 p. m. on Wednesdays and Fridays.

Mrs. Johnson will also teach at Littlefield from 4 to 6 p. m. Mondays and Thursdays.

If local business women are sufficiently interested in attending, classes can be taught at night, as there are some evenings open. All interested in such classes are asked to contact the local Red Cross office.

Classes will be held at Spade Mondays and Thursdays, from 1 to 3 p. m.; at Sudan from 1:30 to 3:30 p. m. Tuesdays and from 4 to 6 p. m. Fridays; at Earth from 1 to 3 p. m. Wednesdays and Fridays; at Olton from 4:30 to 6:30 p. m. on Wednesdays and Thursdays, and at 4:30 to 6:30; and from 7:30 to 9:30 p. m. on Tuesdays and Wednesdays.

Ware's Department Store has kindly donated their 30-minute program over KVOP, Plainview radio station, on Friday, January 26, from 12:15 to 12:45 noon to the Home Nursing program.

All persons interested in taking these courses, please contact the sponsor in your community.

The Home Nursing Course offers each individual an opportunity to learn:

1. Simple nursing procedures that help the homemaker to keep a sick person clean, comfortable, and well nourished;
2. How to recognize early signs of illness, when to call a doctor, and what to tell him;
3. How to protect members of the family from communicable diseases.

Balls, bazars, benefit concerts, sports contests, the March of Dimes and other events are being planned to raise funds for combating the dread disease which cripples thousands of America's children each year.

In an interview with Mr. Storey Saturday, he stated that bottles would be placed in stores and other business houses on Main street, in which citizens would be asked to deposit their dimes to fight this dread disease. Mr. Storey stated that Bill Norris, Secretary-Treasurer of the organization, would assist him.

Mr. Storey declared that the 1944 epidemic of infantile paralysis was the second worst outbreak of the disease in the history of the United States, adding, "Fortunately, through funds from last year's celebrations, we were prepared to meet that attack in all parts of the nation. More than a million dollars—or ten million dimes—contributed by the American people were spent by the National Foundation For Infantile Paralysis to provide the best modern treatment for all victims of the epidemic. Since no one knows where, or how hard, polio may strike in 1945, we must again be ready to meet the attack wherever it may come, as well as continue the prolonged treatment still necessary for 1944's victims. Participation in the annual March of Dimes and birthday celebrations is our assurance that no victim of infantile paralysis will go uncared for, regardless of age, race, or creed."

Funds from the 1945 celebrations will provide treatment for local children crippled by the disease, and will also help finance national research to discover the cause of the disease and preventative measures against it.

Army's Surgeon General Urges Drafting Of Nurses

The army's surgeon general said Friday that the inadequacy of nursing care, in the face of a 270 per cent increase in battle casualty patients, makes it imperative that nurses be drafted.

Since May, said Maj. Gen. Norman T. Kirk, "our patients have increased from 260,000 to 450,000," and the number of Army nurses has risen only 2,000.

Appearing before the House Military Committee, the surgeon general urged all-out support to the nurse draft proposal made by President Roosevelt two weeks ago in his "State of the Union" message to Congress.

"We are now receiving in Army hospitals of this country," Kirk testified, "30,000 to 32,000 patients each month, as compared with 8,500 in the first half of 1944. This is an increase of 270 per cent."

"Approximately 15,000 leave hospitals each month. Thus those relieved double those relieved."

"The increased battle casualties due to those requiring hospitalization because of sickness and disease, has greatly enlarged the demand for nurses. It is to meet this demand that I now favor the application of Selective Service to fill immediately the shortage in the supply of nurses."

Wing Of Southwest Farm Markets

Most southwest farm products, except vegetables, eggs and cotton, held firm during the past week, the War Food Administration reports.

In contrast to the trend at most other markets, Chicago cattle continued downward under heavy receipts. Southwest cattle prices went only 25 to 50 cents during the week despite lighter offerings, indicating that meat rationing and price control as well as set-aside requirements, exercised a restraint to keep prices in line. Top steers hit \$15.40 above at Denver and Fort Worth, but daily tops throughout the Southwest generally ranged from \$12.50 to \$13.50 per cwt. on medium and good grades.

Meat hog prices remained at the level under an active demand, but northwest markets reported a definitely lower trend on feeder pigs and on hogs that produce soft pork. Lighter offerings during the week errored to some extent recent favorable changes in price control programs. The week's receipts were only half the volume for the corresponding week last year, reflecting smaller hog numbers in relation to feed supplies this year.

Despite heavy receipts at southeast and midwest markets, sheep prices held full steady and lambs ranged 25 to 50 cents per cwt. Kansas City reported the heaviest run in any week since last March. National stockyards paid \$15 to \$15.35 for southwest fed lambs at the close of the week. Southwest sold in moderate volume on the Boston market.

Shortage of refrigerator cars, restrictions on vegetable shipments from the Rio Grande Valley early in the week, and rains during the period, all contributed to reduced movement of Texas vegetables. Prices for carrots, beets and cabbage sagged under a slow demand, but spinach strengthened as inquiries improved.

Colorado potatoes and onions held firm under a strong demand. Liberal supplies of sweet potatoes from Texas, Louisiana, and other southwest areas brought weaker prices at consuming points.

Light poultry offerings at southwest consuming centers fell short of the heavy demand and brought producers ceiling prices. In the principal producing areas of Arkansas, Oklahoma, and Missouri, most supplies moved to the Army under the hick set-aside order.

Egg prices declined slightly as a result of increased receipts and seasonal downward adjustments in the selling level. A fair demand, however, tended to hold prices about steady at the ceiling.

Cotton prices sagged after advancing to new highs during the first half of January. New York March futures closed at 22.01 cents. Grains were steady to higher with considerable strength on sorghums and oats. No. 1 Hard ordinary wheat closed the week at \$1.70 a bushel, bulk, in carlots, at Fort Worth and Texas Common rate points. Milo brought \$1.97 per cwt., and kafir \$1.99.

NOTICE

If the farmers in our precinct will assist me by burning the weeds in bar pits, it will mean better roads. It would be dangerous for the road crew to do this at convenient time to work the road, as the wind might be in wrong direction. If you would cooperate with me on this it would be a great help to all.

**Wildcats Lose To
 Levelland 41-17**

Levelland swamped the Wildcats
 41-17 in a conference game at Lev-
 elland Tuesday night. The Wildcats
 took the lead in the first quarter
 and were ahead 10-3 at the end of
 the first quarter. The Wildcats still
 held a 12 to 11 lead at half time.
 The Wildcats began to weaken in
 the third quarter and the score stood
 20-15 in favor of the Lobos at the
 beginning of the fourth quarter.
 Then the Lobos went score crazy.
 They threw a tight man for man
 defense on the Wildcats that com-
 pletely wrecked the Wildcats hopes
 for victory. They stole the ball many
 times for easy crisp shots.

This is two losses to one victory
 in conference competition. The Wild-
 cats play Sudan this Friday night

 year's 4-H Club.

The following officers were elect-
 ed: Alyne Williams, president; Alene
 Freeman, vice-president; Anna Lee
 Holtcamp, secretary, and Geneva
 Williamson, reporter.

Since the girls in the organization
 are senior members, their work will
 be principally yard and garden pro-
 jects.

Mrs. Holtcamp has been invited to
 be their sponsor. The Club will meet
 every first and third Friday of each
 month.

**Mrs. Leonard Black
 Hostess Needle Club**

The Needle Club met with Mrs.
 Leonard Black Thursday Jan. 18.

Plans were made to have a quilt
 this year instead of a bazaar.

Some suggested that we make a
 Home Demonstration club out of
 our club but votes were not taken
 because the attendance was not suf-
 ficient.

Roll call will be answered by a
 verse in the second chapter of Mat-
 thew.

Refreshments of sandwiches, cake
 and coffee were served to the fol-
 lowing: Mrs. E. O. Brooks, A. C.
 Rogers, C. F. Bryce, L. D. Sinclair,
 Albert Locke, N. L. Theford, J. C.
 Bryce, Elbert Kemp, W. E. Bass,
 Carl Locke, and the hostess, Leonard
 Black.

Mrs. Millie Boren will have the
 club February 1.

Famous 36th Makes History

The famed 36th "Texas" Division which fought so heroically in Italy, is picking up new laurels in France, where it already has taken more than 17,000 German prisoners—an average of more than one and a half prisoners for each member of the Division. The figures count only live Nazis actually in the hands of the Texans, and not the several thousand killed outright.

Most recent news reports say the 36th is in a new offensive. Apparently the Texas boys just don't know how to retreat!

And, speaking of Texas boys, here's a tip that may help you make them mighty happy at little cost: send them your home-town newspaper. Better still, enter a subscription for your son, husband or friend, so that the paper will go to them direct from the newspaper office each week. Nothing makes a better gift, for every soldier wants to read all about the home-town news. The boys abroad would rather have the home-town weekly than the New York Times plus all the current magazines!

But back to the 36th Division—Sgt. Fred Hall of Mansfield, Texas, who weighs 202 pounds and is the biggest man in his headquarters battery, recently was forced to sleep in a baby crib while fighting along the Seventh Army front in France. It was the only available sleeping place in the house where he was billeted . . . and Fred reports that it was lots more comfortable than a fox-hole in the cold!

S-Sgt. Rector Schnahals of Bastrop has been awarded the Soldier's Medal for heroism in helping extinguish a crashlanded bomber. He did the job despite constant danger that several bombs still left in the ship might explode. The official citation pointed out that his deed constituted

"heroism at great risk of life." S-Sgt. Cy Key, whose farm home is near Crowley, recently won the Combat Infantryman's badge for outstanding service with the 2nd Infantry in France.

And from Leyte comes word from another scrapping Texan who knows what it is to be lucky. He is Pfc. Jim Pavlicek of West, who has fought through two of the toughest campaigns of the war without being scratched.

"I guess God has been with me," Jim told a war correspondent who talked with him recently. He has been in service four years, and has fought the Japs on several Pacific islands.

Another West resident, Marine Corp. John Stepan, has earned his "M" with a Marine football team in the South Pacific. The former Texas University guard plans to coach football after the war, and he's keeping up with the game even while tending the Nips.

Also in the Pacific is Russell Cole of Brownsville, who believes in working when there are no Japs around to fight. While waiting for a new combat assignment after several months of front-line service, Cole volunteered to work with a construction unit building Quonset huts on the island.

Incidentally, Texans at home are going to receive a lot of national publicity when the final report on the recent War Chest drive is made. Details aren't ready for publication yet, but Wayland D. Towner, United War Chest of Texas general manager, has let slip the fact that Texas generosity came through again!

All you who contributed so generously can be sure that you have helped toward victory . . . and you have helped make life better for our fighting men, too!

Survey Indicates High Consumption Of Starches, Sugars

Though the food situation in Texas has improved since 1927-29, there is much room for improvement. In a survey made in 1942, it was found that among Texas rural families, the diets were lacking in milk, eggs, meat, whole grain cereals, and fresh fruits and vegetables, with too high consumption of starches and sugars.

This caused some 520 deaths from nutritional diseases in 1942, and it was also found that among school children 32 per cent suffered from anemia and some 39 per cent suffered from vitamin B complex deficiency.

So what can be done to improve this situation?

- 1. Each farm and ranch produce all the food that it is practical for them to produce.
2. Make requested adjustments in numbers of livestock and poultry; plant and graze the same number of acres as in 1944.
3. Fertilize and manage soils well so as to increase yield of nutrients.
4. Use good planting, cultivation, and management practices in the pasture, the crops, gardens, orchards and with the livestock and poultry.
5. Improve harvesting, distribution, processing, storing and marketing practices so as to cut food nutrient losses.
6. Make rationing work better so as to secure even distribution of food.
7. Cut nutrient losses in preparing, processing and cooking food in the home.
8. Cut food waste. Let nothing spoil, let nothing be left on the plate.
By improving these practices we can increase our food and feed supply without increasing the amount of labor. In this way we can help in the war effort by helping to release more food which is badly needed by the military, and lend-lease requirements, and by the liberated peoples of other nations.

Mr. and Mrs. Lewis Dick Willman of Muleshoe are the parents of a daughter born Wednesday, January 17, at the Payne-Shotwell Hospital. The baby weighed 6 pounds, 8 ounces, and was named "Karen Sue." Mother and daughter went home Friday.

Mrs. M. P. Reid is on the sick list and had a checkup at a Lubbock hospital last week.

Allies Sign Hungary Armistice

The Allies signed an armistice with Hungary Saturday, narrowing Hitler's list of European cohorts.

Announcement of the pact came first from Moscow where the document was signed by Marshal Klementi Voroshilov for the United States, Britain and Russia.

Although the armistice strips the

Nazis of a major ally, they still are sponsoring a government under Goebbels and there remain German troops in Slovakia, the Bohemian protectorate and Italy to bolster the German

famous TEXAS brands

Those brands above (with one exception) stand for cattle—Texas cattle. But look a little closer and you'll see a "brand" that doesn't represent cattle-raising. It stands for a long-time Texas partner in getting those cattle to market. It's the Santa Fe trademark.
Cattle isn't all that Texas offers to the nation—not by a long shot. Texas is the big "all-round" producer from field, orchard and mine as well as range. Look at Texas grapefruit. Texas helium. Texas cotton. Texas melons. Texas grains. Texas oil. Texas vegetables. Texas sulphur and other minerals. Texas sheep. Texas steers. Texas turkeys. Texas gas. Texas wool. Texas mohair. Texas pecans. Santa Fe "settled" in Texas in the early 1880's. Since then we have seen the products of Texas lands and factories begin, grow and flourish. Texans will be interested to note how Santa Fe is keeping in step with the Lone Star State—by increasing yard facilities, lengthening sidings to handle bigger freight loads faster. After the war your Santa Fe railroad partner will be ready, able and proud to take even more Treasures of Texas where you want them to go—North, East or West.

Sixth War Loan Most Successful Sales Program

The Treasury Department, Washington, highly commend the newspapers of the country in their part in the Sixth War Loan Drive. In this connection the Department states:

"The Sixth War Loan was the most successful sales program in the history of the world—total sales amounted to \$21,621,000,000. Preliminary Treasury figures show that a greater amount of news and editorial space was devoted to the Sixth Drive, than to any other.

"That news, was made by news. In every department of the press of the Nation pounded away with powerful front page stories—editorials—special articles—comic strips—comic panels—editorial cartoons—special features—pictures, etc., with the urgent message of our Nation's financial needs.

"The proof of the power of that tremendous support by the press is shown in the final sales figures of the greatest of all money raising programs—the Sixth War Loan Drive. To say that newspapers played a vital part in that great effort is not enough. The job that they did in answer to America's call for funds represents an accomplishment that is well worthy of special recognition.

"The free press of our Nation has demonstrated again that there is no limitation on what it can accomplish when voluntarily united in a common cause for the benefit of mankind. The American people should feel proud of the job that you have done.

"The importance of War Bond sales cannot be overemphasized. As some of our leaders have said on many occasions, "Next to the actual fighting, the War Bond Program is the most vital part of our war effort."

"Your cooperation with the Treasury through the Allied Newspaper Council and the Newspaper Editorial Advisory Committee, both under the chairmanship of Frank E. Tripp, is proving most helpful to our program, and all of us here at the Treasury sincerely appreciate the outstanding support that newspapers are giving this vital cause.

"Sincerely,
"S. GEORGE LITTLE,

A majority of the membership is expected to attend this 11th annual meeting, said President C. W. Smiley, to learn what has been accomplished in 1944 and to discuss how their association can be of real help in past war agricultural financing, which will include assisting in solving the credit problems of the returning veterans of World War II. They will elect two directors.
