

Irrigation Project Receives Strong Support

Commissioners Court To Be Organized For Water District

\$8,000,000 irrigation project, designed to bring sand to some 25,000 acres of southwestern Lamb County land, is meeting with an enthusiastic reception by farmers, according to Coleman Terrell, chairman of the committee.

At the present time there are 300 quarters in the bound- the proposed water district. Owners of over 200 have already given approval to the plan. A total of quarters will be in the district upon completion.

Missing Girl Back Home

Mrs. Gene Taylor, who had been missing since February 10, returned home by bus early Sunday morning.

The 16-year-old girl told relatives she had been "visiting a girl friend in Lubbock" to "get even" with her husband.

Mrs. Taylor, the former Violen Davenport, left Littlefield a week ago Sunday, telling friends she was going to Winters, Texas, where her husband is employed as an oil field worker.

When she failed to arrive in Winters by Wednesday night, her husband went to the police for help.

According to Mrs. Loyd Walsler, the girl's mother, Mrs. Taylor said she was "mad at her husband because he hadn't sent for her earlier".

Mr. and Mrs. Taylor went to Winters late Sunday.

Farmer Appeals Road Suit

E. W. Simmons of Fredrick, Okla., turned down over \$700 an acre for 8 1/2 acres of land on his farm five miles north of Circle, awarded him by the county court Tuesday afternoon.

According to County Judge Bob Kirk, Simmons' attorney gave notice of appeal immediately.

In the condemnation case between the State of Texas vs. E. W. Simmons and wife, the state was attempting to buy right-of-way to complete farm to market road No. 1842, running north from Olton.

The judge awarded the defendant \$6056, plus \$450 damages to an elevated irrigation ditch, Simmons asked \$15,000 for the land.

The proposed route of the farm road could cut across a corner of the Simmons farm on which a cotton gin is located.

Three - Day Drizzling Rain Soaks Entire Area; More Showers Forecast

Seaboard No. 1 Tight Hole New Well Location Made South Of Olton, Tuesday

The Christman and Wellman Oil Co., of Lubbock made location Tuesday six miles southwest of Olton on the southwest corner of the northeast quarter of Section 8, Block 95. A rig is expected to move in today.

Electric logs are being run on the Messer B-1 at total depth of 4004 with prospects looking good. The rig from the Messer well will be moved later this week to the Texas company location just north of town. Two more locations have been made on the Texas leases in that area.

The Seaboard Oil Co., No. 1 was made a "tight hole" this week as all information on the well was withheld. The wildcat is located one-half mile south of the Young No. 1 wildcat, a flowing well brought in last month.

Potential has not been completed on the Block 96 well west of the school which was completed two weeks ago.

The Caine well near Yellow-house was plugged this week in the Clear Ford formation.

Olton Teacher Named Prexy County Assn.

Harry Ford of Olton was elected to serve as president of the Lamb County Teachers Association in a regular monthly meeting held in the Armerst cafeteria Monday night.

Other officers elected were Mrs. Emma Robertson of Spade, first vice-president; James Purdy, Vocational Agriculture teacher of Littlefield, second vice-president; Mrs. Doris Stone of Armerst, secretary-treasurer. The officers were nominated by a committee and voted upon by the association in Monday night's election.

Dr. Taylor, past president of Howard Payne College, spoke on the "Appreciation of one's country—Look on the positive side".

Two Sudan Men Jailed For No License

Two Sudan men were jailed Saturday night on for failure to have a driver's license and the other for allowing his car to be driven by a non-licensed operator.

The two men were picked up by a highway patrolman later Saturday on highway 81 between Littlefield and Armerst. The arresting officer stopped the men because they were "driving too slow". Neither the driver nor the owner of the car were licensed.

When the men were unable to pay a \$20.50 fine, both were jailed. One was released Sunday morning and another Tuesday.

Tony Heard Injured In Freak Accident

Tony Heard, two-year-old son of Mr. and Mrs. Kenneth Heard, was injured about 9 p.m., Sunday, when he was struck by a car in a freak accident near the First Baptist Church.

Tony was taken to Medical Arts hospital where he was treated for a bruised kidney and injured leg. No bones were broken.

The accident occurred just after the evening service of the Baptist Church. The family missed the child as they started to get into their car. According to Mrs. Heard, they looked up and saw him trying to get into another car, identical to the Heard car, which was parked across the street east of the church in front of the Littlefield Appliance Building.

Just as the child approached the car, the driver pulled out knocking the child down. According to witnesses of the accident, as the car went forward, it passed over the victim's lower abdomen.

The driver of the car drove away from the scene of the accident.

Moisture High For February

Three days of slow-drizzling rain has given Lamb County one of its wettest Februaries since 1948.

A total of .8 of an inch was registered at KVOW west of town at 9 a.m., Wednesday, for this traditionally dry month. Western Cottonoil registered .65 Wednesday morning.

The moisture, following an unusually dry January, was cheered by farmers of the area. Only .14 was registered for January.

According to County Agent Bill Kimbrough, the rain has been a particularly good one on the oats and barley crops and to 7,000 acres of wheat planted in the county. Although the crops were suffering moisture, only a few acres of dry land have been lost.

"This rain has been just wonderful," Kimbrough continued. "Falling slowly has made it worth twice as much as if it had been a hard shower. There has been no evaporation or run-off".

The only February in the past nine years to exceed this month's moisture count was last February. Over 1 1/4 inches fell during last February's snow storm.

Moisture recorded for February during the past nine years was 1.38 in 1948; .29 in 1949; .38 in 1950; .66 in 1951; .05 in 1952; .16 in 1953; none in 1954 and 1955.

Outlook late Wednesday was for more drizzling rain during the week.

Muleshoe Man Killed In Train Wreck Today

Felix Oden, 55, of Muleshoe was killed instantly Tuesday afternoon when a fast west-bound freight train smashed his auto at a crossing near here. Oden was a watchman for Union Compress Co.

Evidently while on his way from the compress to Muleshoe, Oden was killed and his body mangled when his car and a Santa Fe freight train collided about 2:15 p.m.

The watchman stopped at a railroad crossing to permit an eastbound freight to switch to a

Olton Doctor Narrowly Escapes Injury In Wreck

Dr. Jim Fite of Olton narrowly escaped injury when his late model station wagon was completely demolished in a freakish accident on the Plainview-Olton highway last Friday afternoon.

While driving toward Plainview, Dr. Fite momentarily lost control of the station wagon, and it swerved into a small tree which jerked the back wheels and gas tank off the car, then hit a tree on the other side of the road jerking the right door off. Fite was thrown from the vehicle through the door opening before it hit a nearby culvert with great impact. The station wagon wreckage littered the road.

No other cars were involved, and Fite was the only occupant of the station wagon.

The Olton physician was enroute home from Littlefield when he

Cub Scout Troop To Have Dinner

Cub Scout Troop 41 will hold a Blue and Gold Banquet tonight at 7:30 in the Community Center for members of their family.

Jimmy Weicher will serve as toastmaster and Wilber Dennis, Minister of the Littlefield Drive Church of Christ will be speaker. Ned Fatzbals, Cub Master of Troop 41 will present the Scouts with their achievement awards.

Abilene Man To Speak At Salvation Army Dinner

Dan Johnston of Abilene will be principal speaker at the first annual Salvation Army banquet which will be held March 1 at Thornton's Cafeteria.

Tickets will go on sale today by members of the Advisory Board. Over 100 guests are expected at the dinner.

Johnston is the Salvation Army field representative for West Texas, the largest service unit division in the state. He has been with the Salvation Army since February, 1955.

A native of Fort Worth, Johnston graduated from Howard Payne College, Brownwood, with both a B.A. and B.S. degree.

Johnston recently described the people of West Texas as the most cooperative people in the world with hearts as big as the outdoors. They think big ... they are big. They do things in a big way without pretense, without sham and farce.

Littlefield Bands To Give Concert Friday

Both the Intermediate and Beginners Bands will appear on program February 25 at the meeting of Elementary PTA in the high school auditorium.

Harris stated he feels he "has the best bunch of kids anywhere", that they do what he tells them to do and that without their cooperation the bands would not have been able to win sweepstakes. He feels confident the band will win again this year and says the 1957-58 band "looks good".

He confesses, however, to a feeling of disappointment that so few patrons seem to realize the significance of "sweepstakes winners" and the other honors accorded the band and feels sure if they had clearer understanding of the excellent work done by the students that the patrons would make a genuine effort to support the band with their presence at these times of recognition.

Other scheduled activities of the bands include a trip to Clovis Saturday for the Senior Band where they will attend a clinic. Outstanding musicians will be there to offer constructive criticism to the students in preparation for Contest, which comes in April and which requires much concentrated effort on the part of the students and the director in order to achieve the coveted "Sweepstakes" honors.

Admission: 50c and 25c. An interview with Harris revealed that band activities just now are many and varied.

All-State Band members and their director have just returned from Dallas where they played in the All-State Band, All-State Choir and All-State Chorus made up a glorious evening of music. They attended clinics and various meetings, returning to Littlefield Saturday afternoon.

OVER 500 FARMERS of the area attended the Soil Fertility Day program held at the high school auditorium today. Pictured above enjoying the luncheon are left to right, Mr. and Mrs. K. W. Mahaffey of Hart Camp, H. W. Robinson of Fieldton, Duke Thornton, one of the principal speakers, and Thurston Tollett of Olton. In the background is Duke Heard of Spade.

Sneed, Guy Hughes, Jack Bennett, Elva Crum, Misses Peggy and Patsy Smith of Lubbock, Kay Maner, and Cassandra Hood and hostesses.

Another pre-bridal courtesy tendered the bride-elect was a gift of a silver and glass centerpiece at the home of Mrs. Percy Carter at Lums Chapel Friday evening.

Guests included Mesdames Ralph Nelson, E. B. Luce, Roy Alton Hutson, Bruce Wren, Ernest D. Goetz, W. D. Terry, Floyd Brown, Hershel Baker, Elva T. Crank, Alpha McCarty, Bill Lightsey, Elvia Carter, J. T. Brown, J. T. Graham, Norman Hodges, C. G. Landers and Fred Lawson.

The serving table, laid in silver and white, featured a flower arrangement. Other appointments were in silver and white. Alternating at the table were Mrs. Ed Wisdom of Littlefield, Mrs. Don Erwin of Lubbock, Misses Jonny Sue Terry and Kay Maner.

Miss Donna Soe Goetz registered the seventy-five guests. Mrs. Maner and Mr. Throckmorton are to be married Saturday, Feb. 23, at 6 p.m. at the Lums Chapel Baptist Church.

Gains Good Profit At Chili Supper

The chili supper sponsored Saturday night by the Choir Mothers Club netted a profit of about \$140.00, according to Mrs. Skipper Smith, president who stated all the members were extremely gratified at the response by the public.

The supper was held in the club and featured a variety of appetizers in a buffet style. The chili was prepared by the members and served in a large hall.

The profits from the supper will go into the general fund of all three clubs.

Mr and Mrs. Don Gonzales

Donna Jean Huggins Is Bride Of Don Gonzales

Miss Donna Jean Huggins, of Amherst, became the bride of Don Edward Gonzales, of Amherst, in a ceremony performed February 15 at 5:30 p.m. in the First Baptist Church of Amherst. Rev. John Rankin, pastor of the church, officiated.

Parents of the couple are Mr. and Mrs. H. W. Woodward, of Amherst, and Mr. and Mrs. P. A. Gonzales, also of Amherst.

Dale Bench, organist, played traditional wedding marches and accompanied Kay Bradley as she sang "Dearly Beloved" and "The Lord's Prayer."

The couple stood before an altar decorated with baskets of white gladioli, tied with blue ribbons, and white tapers in white candelabra.

Given in marriage by her brother, Keith Huggins, the bride wore an original model of white lace over taffeta, fashioned with long tapered sleeves ending in points over the hands, a scooped neckline and torso-cut bodice terminating in satin-bound escalloped and attached to a very full skirt of lace over taffeta.

A fingertip length veil of French silk illusion fell from a pearl studded tiara. The bridal bouquet was a single white orchid surrounded by stephanotis atop a white Bible.

Miss Judy Angeley, of Amherst, was maid of honor and was crowned in pale blue taffeta made exactly as was the bride's. She wore a corsage of white carnations.

Serving his brother as best man was Frank Gonzales, of Lubbock. Ushers were Raymond Young, Jr., of Amherst, and Floyd McKinney of Andrews, Texas.

For her daughter's wedding, Mrs. Woodward chose a navy blue suit dress with white accessories and a corsage of white carnations.

The bridegroom's mother was attired in a white linen dress with aqua sash and wore a white carnation corsage.

Immediately following the wedding a reception was held in the parlor of First Baptist Church. Assisting in serving were Mrs. Ben Crawford of Littlefield, Mrs. Bill Arend and Mrs. Bob Clayton.

The bride's table was laid with a lace cloth and decorated with an arrangement of blue carnations, flanked by white tapers tied with blue bows. A three-tiered wedding cake, topped by a miniature bride and groom was cut by the couple for their guests.

Out of town guests were Mr. and Mrs. E. E. Huggins of Dimmitt, grandparents of the bride; Mrs. Mattie Howell of Mangum, Oklahoma; Mr. and Mrs. Curtis Huggins of Dimmitt; Mr. and Mrs. Bill Arend and Marcia of Lubbock; Donna Gladman of Dimmitt and Miss Betty Fore of Littlefield.

For a wedding trip to Clovis, New Mexico Mrs. Gonzales chose a beige suit with brown accessories.

The bride is a sophomore student at Amherst high school, where she has been a member of F.H.A., a majorette in the Amherst Band and a member of the Pep Squad.

The groom is a senior in the same school. He will attend Wayland College in Plainview, where he will study for the ministry.

Prizes were given to the winners of inside games.

A large birthday cake and Indian candies, bubble gum and suckers were served to the guests. Party favors for the girls were jacks and balls. The boys were given spin tops.

Invited to share in the birthday celebration were Kevin and Randy Hutson, Johnny Horn, Johnny Hayden, both of Bo Roberts, Ann Farmer, Rhonda Lewis, Mike Grissom, Neal Pressley and Nancy Henson.

YWA Pageant Presented At Baptist Church

HART CAMP — In observance of the Y.W.A.'s fiftieth anniversary this year a pageant was given at the Hart Camp Church Wednesday night. Mrs. Charles Vanandingham had charge of the program. Assisted by Mrs. Blanche Martin, co-chairman of the Y.W.A.'s.

Rocky Ford H.D. Club Studies Kitchen Equipment

Rocky Ford H.D. Club met February 15 in the home of Mrs. Charles Carpenter.

Mrs. Carpenter and Mrs. Johnny Lee Feagley were in charge of the opening exercise, a game to test the sense of smell.

Roll call was answered with "something new in kitchen equipment." Mrs. Melvyn Dutton reported on the progress of 4-H Club work.

A family night was planned for February 23, to be held in the home of Mrs. Dutton.

Two new members were added, Mrs. Pearl Burleson and Mrs. Doyle Fendley.

Mrs. Carpenter was in charge of a program on new kitchen utensils, illustrating her talk with utensils from her own kitchen and explaining their uses.

Refreshments of cake, coffee and cookies were served to Mrs. V. M. Peterman, Mrs. Raymond Humphrey, Mrs. Dutton, Mrs. Reno Roschelle, Mrs. Leonard McNeese, Mrs. Don Bryant, Mrs. Earl Burleson, Mrs. N. B. Embry and Mrs. Johnny Lee Feagley.

Immediately following the wedding a reception was held in the parlor of First Baptist Church. Assisting in serving were Mrs. Ben Crawford of Littlefield, Mrs. Bill Arend and Mrs. Bob Clayton.

The bride's table was laid with a lace cloth and decorated with an arrangement of blue carnations, flanked by white tapers tied with blue bows. A three-tiered wedding cake, topped by a miniature bride and groom was cut by the couple for their guests.

Out of town guests were Mr. and Mrs. E. E. Huggins of Dimmitt, grandparents of the bride; Mrs. Mattie Howell of Mangum, Oklahoma; Mr. and Mrs. Curtis Huggins of Dimmitt; Mr. and Mrs. Bill Arend and Marcia of Lubbock; Donna Gladman of Dimmitt and Miss Betty Fore of Littlefield.

For a wedding trip to Clovis, New Mexico Mrs. Gonzales chose a beige suit with brown accessories.

The bride is a sophomore student at Amherst high school, where she has been a member of F.H.A., a majorette in the Amherst Band and a member of the Pep Squad.

The groom is a senior in the same school. He will attend Wayland College in Plainview, where he will study for the ministry.

Prizes were given to the winners of inside games.

A large birthday cake and Indian candies, bubble gum and suckers were served to the guests. Party favors for the girls were jacks and balls. The boys were given spin tops.

Invited to share in the birthday celebration were Kevin and Randy Hutson, Johnny Horn, Johnny Hayden, both of Bo Roberts, Ann Farmer, Rhonda Lewis, Mike Grissom, Neal Pressley and Nancy Henson.

Motorists Urged To "Shop Early" For Inspection Tags

Department of Public Safety officials, prevailed upon automobile owners to begin their shopping early for inspection tags in an effort to reduce the minute rush for inspection. The deadline is 15.

Information received from W. Busby, chief of the state's Motor Vehicle Inspection division, the state police division said only one-third of the four million vehicles have obtained their tags to date.

Motorists to have their vehicles inspected now, as they are saving time for themselves to avoid a last minute rush for inspection tags at the end of the year.

This year, as was true in most previous years, vehicles over due for inspection stations during the last week of the inspection. More than a million automobiles caught in the last rush resulting in a loss of more than millions of man-

power department officials upon the motoring public to begin their shopping for tags as early as possible. The department officials are of the opinion that by starting the inspection process as early as possible, the inconvenience for the motorists will be reduced.

World Day Of Prayer To Be Observed Around The Globe

A new year is upon us, and with its coming we look forward again to the annual observance of the World Day of Prayer, the first Friday in Lent, March 8, 1937, will mark the seventy-first anniversary of an institution which has spread to the far corners of the globe.

As we review the small though significant beginning and trace its growth to its present scope, we realize its dramatic impact which accounts for such phenomenal expansion.

This international ceremony, a striking manifestation of the world brotherhood and universality that man is more and more earnestly seeking, will be repeated in some sixty languages and more than one thousand dialects.

The theme of this year's service is based on a New Testament text, Romans 8:35: "Who shall separate us from the love of Christ? Shall tribulation, or distress, or persecution, or famine, or nakedness, or peril, or sword?"

In the United States, where observances will be held in 2,000 communities, an order of service issued by the United Church Women will be used.

In Czechoslovakia, where religion is presumed to be non-existent, 6,000 programs of the Czech World Day of Prayer were quietly printed and distributed.

Across the United States—in offices, in stores, in factories and in moments of silence at the ball park—city and country people worshiped together, and learned that only in the act of prayer could universal brotherhood be truly realized.

Prayer naturally will differ in nature and form according to our faith. There will be diversities in custom, language, and service.

Who'll tell them the truth—*if you won't?*

Behind the Iron Curtain, Europe's captive people are groomed for Communism from the cradle. But even this relentless indoctrination in deceit, treachery and false value can not kill their will for freedom.

Today in satellite Europe youth is turning against Communism . . . and this is the group on whom the Reds counted heavily for blind support. With the aid of truth from Radio Free Europe and Free Europe Press, these

young people are determined to win back their freedom. Their refusal to knuckle under has *never been stronger!*

Recent events have battered Red prestige, upset their timetable of enslavement, exposed Communist puppet regimes for what they are—brutal occupation powers.

Maiva Teams Win District Basketball 5-B Crowns

Kemuka Meets Gunkel Saturday Night Bout

Resting promoter John King good on his promise to use a new opponent the fabulous Jap Kemuka each week, until he has lined up a new one for the oriental this week.

It may be the acid test for Kemuka. The Jap has drilled five opponents in the past at the local arena, finishing his sixth straight win this Saturday when he defeated Ray Gunkel, most promising wrestler in business today.

Overcoming ex-collegiate will be bigger, younger than Kemuka. It is all the ring savvy of the oriental can continue his winning streak.

King has finally landed a fighter grappler in Maiva of Samoa. Maiva is a royalty and is touring the United States in a two-year stay to find out just how much know-how and how tough the United States grapplers really are.

Ussery has paired Maiva against young Tommy Phelps, a pet hate of local fans and other loyal fans throughout the Panhandle territory.

The Maiva-Phelps match should be a top-notch main event in any ring but will be the semi-final here booked for the best two out of three falls with a one hour time limit. Maiva will be accompanied by his swathy manager, Coconut Willie, who usually does his utmost to see that the Prince "doesn't" lose.

The main event between Kemuka promises to be possibly the top match ever presented in Littlefield and certainly will be the toughest battle ever staged in the new arena since its opening last fall. It's also booked for the best two out of three falls with a one hour time limit.

PRINCE MAIVA

By J. D. TRUETT

Bula made a clean sweep of the District 5-B tournament Saturday night at Whitharral. Both the boys and the girls teams won games from Bledsoe as they were crowned champions of the district.

The boys had a rough time of it as they had to win in the last 20 seconds. Bula led at the end of the first quarter, 16-15 and they stretched their lead to 30-24 at the end of the half. Bledsoe closed the gap in the third period as they outscored Bula, 10-8. The fourth quarter was really a thriller. Bledsoe tied the score and with only 20 seconds left in the game, Junior Austin hit a jump shot from the free throw line to send his team ahead and to the championship, 49-47.

Wendell Jones led the Bula scoring with 15 points. He was backed up by Dusty Bogart with 12 points. Bob Selman was the high point man for the contest with 19 points. He was followed by Wallace Stalcup with 15 for the losers.

The girls had an easy time of the outing as they dumped the Bledsoe girls, 75-52. Myrlene Nichols was the highlight of the game as she turned in an outstanding performance by scoring 47 points. She was followed by Betty Halford with 22 points. Patsy Bilbrey and Virginia Nicholas tied for the high scoring honors for Bledsoe

with 19 points each.

Three Way took the consolation trophy away from Pep, 43-38. Jack Reeves led the Three Way attack with 21 points. Buddy Greener led the Pep attack with 8 points. He was followed closely by Mack Gueteloff with 14.

Whitharral took the girls' consolation crown with a 62-56 defeat of Pettit. Geneva Raines led the Whitharral attack with 31 points. Linda Reece backed her up with 22 points. Pettit had the high score of the game in the person of Kay Ivey. Ivey cut the cords for 37 points.

Bula, Bledsoe and Whitharral dominated the 12-man all-district team. The team was made up of: Buddy Greener, Pep; Nub Andrews, Whitharral; Bobby Timms, Bledsoe; Junior Austin, Bula; Jack Reeves, Three Way; Wendell Jones, Bula; Harold Nichols, Bula; Dale Gage, Whitharral; Coda Stephenson, Whitharral; Bob Sellman, Bledsoe; Wallace Stalcup, Bledsoe; and Travis King, Pettit.

The girls all-district team consisted of: Myrlene Nichols, Bula; Betty Halford, Bula; Patsy Bilbrey, Bledsoe; Gay Ivey, Pettit; Joan Reeves, Three Way; Bridgett Sokora, Pep; Eva Bilbrey, Bledsoe; Sue Warren, Three Way; Sharon Holt, Bula; Opal Bogart, Bula; Sammy Reynolds, Bula; Bessie Bilbrey, Bledsoe and Kay Maner, Whitharral.

Anton Teams Victorious In Basketball Tourney

By J. D. TRUETT

The Alton boys defeated Petersburg, 52-39 Monday night in the District 4-A basketball tournament at Idalou. Anton jumped out to an early lead and outscored Petersburg in every quarter. They led, 15-10 at the end of the first quarter and 36-16 at the half. Anton increased their lead again in the third period as they led, 36-26.

Douglas Goen was the high scorer of the game as he led the Anton attack with 17 points. He was backed up by Alton Ryan with 12. Don Moore was high for

Petersburg with 16 points and he was followed by Jackie Culp with nine points.

Anton was defeated earlier in the tournament which is a double elimination tourney. The loss to Anton was the second for Petersburg and thus they are eliminated. Saturday, the second day of the tournament, the Anton girls had an easy time disposing of Crosbyton, 62-45. The Anton girls outscored the Crosbyton girls in every quarter. They held quarter leads of, 20-10, 30-24, and 48-32. Iva Nell Hice led the Anton scor-

ers with 26 points and Judy Oliver backed her up with 24. Forgas was the games high scorer as she got 28 points for Crosbyton. She was followed by Patsy Harrington with 16.

Wild geese often live to be 70 years of age. Only vultures and parrots among the birds are said to have a longer life span.

A lie may be a poor substitute for the truth, but it is the only one invented so far.

been made, but reports are that another cleanup drive, something like last spring, is cooking.

The event last year featured weed cutting.

Whatever kind of cleanup is staged this spring Guy McCraw says that the city trucks will carry away the trash.

"Keeping our community clean is an important duty—conductive to your health, happiness and comfort . . . and the general appearance of our city.

Here's something most folks don't know, but that's not anything to get excited about . . . there are a lot of things most folks don't know:

Cooperative efforts to give communities a thorough clean at least once a year were first undertaken about 47 years ago. Their purpose was to teach the importance of continuous cleanliness in and about the home.

Here's something else about the fact that there are a lot of things most people don't know:

We have reached the conclusion that it wouldn't take an adding machine to total up what we don't know. Wow! We almost ducked our head at that crack.

Returning to the subject of cleanup drives, the first campaigns were devoted to ridding homes and yards of rubbish and waste that had accumulated during the winter months.

Later the campaigns were spread over a week or longer. Not only is an effort made to collect and carry away the winter's accumulation of waste, but many communities also undertake programs of fire prevention education and home beautification. Backyards, vacant lots, alleys, streets—in fact every spot in the city, whether on private or public property, come under scrutiny by public officials and citizens' committees.

In recent years the movement spread so rapidly that today practically every city has a spring campaign, some repeating the effort in the fall.

Since we live continually in this community sense to benefit greatly from this activity, we all do our share of the work. Then the rewards of health, happiness, comfort . . . and a very attractive city . . . will re-

Well Known Young Man About Town.

The soft, effectual rain of the past few days has filled us to overflowing with thoughts of spring . . . "spring, spring, beautiful spring" . . . and all that sort of thing.

When we were a real young "feller", our mind floated in springtime along such lines as "in spring a young man's fancy turns to love" . . . or words to that effect.

But now . . . in these mature years . . . what a transformation . . . our thoughts turn to the condition of the front yard, the back yard, the roses, the flower beds . . . and the orders passed out by the little woman . . . in other words, we have become thoroughly domesticated . . . our thoughts never more to roam.

Turning from the personal to a broad civic outlook, our thoughts go back to last spring and the cleanup campaign sponsored by the Industrial Foundation, the Chamber of Commerce, and all civic organizations.

Molly — Coddling No Answers

As everyone who reads or listens to news accounts knows, juvenile crime has become a problem of grim dimensions in this country.

A leading authority, J. Edgar Hoover, of the FBI, has devoted a signed editorial to it in a recent issue of that organization's law enforcement bulletin. He says, "Recent happenings in juvenile crime shatter the illusion that soft-hearted molly-coddling is the answer to this problem." And he asks, "Are we to stand idly by while fierce young hoodlums — too often and too long harbored under the glossy misnomer of juvenile delinquents — roam our streets and desecrate our communities? If we do, America might well witness a resurgence of the brutal criminality and mobsterism of a past era."

Mr Hoover also demolishes the idea, held by some people, that there isn't any more juvenile crime that there used to be — that it's just better publicized. In the past four years, the population of 10-17 year olds have risen 10 per cent. In the same time, arrests of individuals in that age bracket have increased at twice the rate.

Finally, Mr. Hoover makes a strong case against the common custom of not publishing the names of young criminals. As he puts it, "Publicizing the names as well as crimes for public scrutiny, release of past records to appropriate law enforcement officials and fingerprinting for future identification are all necessary procedures in the war on the flagrant violator regardless of age."

We have tried the soft-hearted approach, and it has failed. In the name of self-preservation, it is time to toughen up.

Use Your Head

There has been a marked increase in the number of people — and especially people of modest means and incomes — who are investing a part of their savings in stocks. These people in other words, are buying a direct personal interest in the capitalist system, and that is all to the good.

What is definitely bad, however, is an upsurge in stock swindles, which are designed to rob the gullible, the greedy and the unwary of their money and which often succeed to the tune of many millions of dollars.

Sylvia Porter, the business and financial columnist writes, "A new wave of stock swindles is sweeping the land." She adds that never before has the Securities and Exchange Commission had to deal with such widespread fraud, deceit and manipulation in the sale of securities as now.

The reputable brokerage houses and stock exchanges, no less than the SEC and other government agencies, are doing everything possible to rid the securities business of the crooks. But they can't succeed fully unless they have the help of an informed and intelligent investing public. That means a public which turns a deaf ear to high-powered sales pitches, tips and rumors — and a public which deals with established dealers only and investigates before it buys. The basic point is covered by Miss Porter in these words: "Use your head! If and when you buy securities, know why you're buying, what you're buying, and from and through whom you're buying."

New Military Pay System

The Defense Advisory Committee on Professional and Technical compensation has suggested enlisted men in the armed services be paid according to their contribution to the force they serve in.

The committee was appointed last May by Secretary of Defense Charles E. Wilson with the intension of examining the Military pay system and recommending improvements. The committee is headed by Ralph J. Cordiner, president of the General Electric Company.

The proposed plan would revolutionize the pay system in the armed services, and end the present practice of paying an electronic specialist with the grade of sergeant the same money paid an unskilled sergeant. Under the present system, all sergeants with the same service and grade receive the same pay.

Under the proposed system, rewards for performance would be possible, so that enlisted men would have at least two incentives they do not now have: To gain certain skills, thereby increasing their pay, and to perform in such a way that they might receive rewards.

The committee has made sensible recommendations, which should be pushed by the Administration and adopted by the Congress. A change in the military pay system has been needed for decades, and merit raises and pay according to one's contribution are logical improvements in the antiquated system.

Theodore W. Kheel, labor arbiter:
"Arbitration is no automatic business in which you drop in certain facts and get a set result."

Allen J. Ellender, U. S. Senator from Louisiana:
"The Russians fear us. We fear the Russians. The best way to dispel their fears is to let them come over and see how wrong they are."

AUSTIN, Tex.—Gov. Price Daniel's proposed reorganization of the Insurance Department provides a brand new "big issue" for the Legislature.

Daniel asked the lawmakers to give emergency status to a plan to abolish the present commission and substitute a set-up similar to the Highway Commission, but full-time. This would mean a three-man policy board appointed by the governor and an administrator of the entire operation by the board.

Present three-member Board of Insurance Commissioners is charged with both policy-making and administrative functions. Individually, each is an administrator of regulation for one segment of the industry — life, casualty and fire. Collectively, they act as over-all policy makers.

It's an inefficient operation, says Daniel. He said now is the appropriate time to change it before new commissions become wedded to the old way. He asked Atty. Gen. Will Wilson to draw up a bill.

Only Fire Commissioner Mark Wintz has a "definite seat" at present. Casualty Commissioner Morris Brownlee term expired Feb. 10, but he is being kept on temporarily until a successor is named. Life Commissioner John Osorio was appointed late last year by Gov. Shivers, but has not been confirmed by the Senate.

Daniel said he made his decision "long before" the recent insolvency proceedings against ICT Insurance Co. of Dallas.

Industry groups, nevertheless, were taken by surprise. Most were unable to decide immediately whether to oppose, endorse or take a "hands off" attitude.

ALFRED RETURNED — Renee Allred is back on the job as attorney in the Insurance Department liquidation division.

Allred was fired as the division's chief attorney by the Insurance Commission in 1954. He protested at the time before legislative committees that he was responsible only to Travis County's district judges, who handle insurance li-

quidation. His new appointment was made by Dist. Judge Charles O. Bettis. Allred is a brother of Former Gov. James V. Allred.

WATER PROGRAM GOES FORWARD — Both House and Senate constitutional amendments committees have okayed water conservation construction—up to \$5,000,000 per project.

House committee made some changes which would require a special legislative appropriation to pay principal and interest when necessary. House Sponsor Leroy Saul of Kress protested that this would make the bonds a less attractive investment, resulting in a higher interest rate for the state.

LOCAL LEGISLATION FOUGHT — Local vs. state control battles have assumed almost the proportions of the more usual state vs. federal government controversy.

At least a half-dozen bills now before the Texas Legislature are being opposed on the grounds that they represent unwarranted legislative interference in local matters.

House constitutional amendments committee voted down a proposal by Rep. John Crosthwait of Dallas to allow the Legislature to pass bills applying to specific counties. It would do away with local self-government, said opponents. Crosthwait said it would eliminate the present practice of passing laws applying only to counties with a certain population.

Several bills by which firemen and policemen seek better hours and pay are being labeled "legislative dictation" by the League of Municipalities.

Two bills to give the State Highway Department greater powers to condemn land for right-of-way met similar protests. "Too much power," said Sen. George Parkour courthouse and anything else they want." Senate Jurisprudence Committee approved them anyway.

OIL IMPORTS HIT — President Eisenhower was asked to take "immediate steps to curb foreign oil imports" in a resolution pas-

ed by the State Senate. Resolution was proposed by Senators Dorsey Hardeman of San Angelo and William Fly of Victoria.

Railroad Commission Chairman Clyn Culberson quickly congratulated the Senate. That's always been the fly in the buttermilk," said Culberson. "These excessive increases."

PAY BILL'S ADVANCE — Plans to give teachers and lawmakers better pay are moving forward in both Houses of the Legislature. House members approved, 115 to 29, a proposed constitutional amendment providing for annual sessions of the Legislature and \$4,800 annual salaries for members. Original proposal was for \$7,500 a year.

No one appeared to oppose the Senate Education Committee's unanimous vote for a bill to give teachers a \$200 a year boost.

BUSY PANELS — Other Legislative committee action brought.

1. Protests against Sen. George Moffett's proposal for a study on diverting lease and bonus income from school lands from the permanent to available school fund. "A foot in the door" would be fatal, said opponents. Resolution went to probable subcommittee grave.

2. An appeal from National Democratic Committeeman Byron Skelton for Rep. Tony Morioth's bill to require voters to register by party preference 30 days before each primary. Sent to subcommittee for one week.

3. Tentative plans by the House

Committee on State Hospitals and Special Schools to visit the Alabama-Coushatta Indian Reservation near Livingston the latter part of this week. Administration of the reservation has been in a state of confusion, resulting in resignation, audits, law-searching and a committee suggestion that they "give it back to the Indians."

4. Revision by a Senate committee of a bill to strike the word, "knowingly", from law forbidding sale of liquor to minors. Proponents contended liquor sellers used it as a loophole. Opponents said it would make dealers liable for innocent mistakes.

SHORT SNORTS — Sen. Abraham Kazan, Jr., of Laredo has introduced a bill to set up a Texas Council on Migrant Labor to improve conditions for "Texas citizens who are migrant laborers." Federal government has control of braceros in interstate commerce. County officials serving 4-year terms would be required to resign their post to run for another one under a bill proposed by Rep. L. DeWitt Hale of Corpus Christi.

INAUGURATION

Up to the first of the year, Washington hotels reported with some surprise—that they still had plenty of rooms available for the Presidential inauguration to be held on January 21. Demands for rooms to that time were about twenty per cent below those of four years ago it is reported.

Philosopher Says End For Surplus With Tractor

(Editor's note: The Sandhills Philosopher on his Johnson grant farm will get nowhere with his idea this week, but we don't guess you can blame him for trying.)

Dear editor:
Here of late I have been giving considerable thought to the Soil Bank, since nearly every newspaper you pick up has an article or two on it, and where there are several aspects of the Bank that suit me, for example, I have no objection to leaving land unemployed and I never have objected to opening a letter and finding a check in it. It seems to me the Soil Bank idea hasn't been carried far enough.

What I mean is, putting a few acres in the Bank may be fine, but like any modern bank it ought to offer more services.

For example, I can't find any provision for putting my tractor in it.

Now as I understand the purpose of the Soil Bank, it's destined to take land out of cultivation and reduce the surplus, and one of the worst culprits as far as producing a surplus is concerned is the tractor.

What the government needs, if it really wants to wipe out that surplus, is to establish a Tractor Bank. The way I see it, this

would be a lot simpler than the Soil Bank. Wouldn't you agree? Complicated paper work is not what you have to do to mail your check back to the government. You just turn your key, let the mail, if your tractor has a key, have one. After all, a man ought to be able to do his part in the surplus, without relying on the government for everything. Now I know that some of you are going to say, what about the tractor with the key? Well, naturally the tractor key is not all smooth, you're bound to find some rough spots, but on the other hand, if the check was big enough you wouldn't be maddeningly slipping around and seeing a little plowing on the side of the road. At least you can't catch the doing it. If you think this idea is worth it, I'd like to say the key here in my hand will drop in the mail. Yours faithfully, J. A.

ANSWER THIS QUESTION

Am I My Brother's Keeper?

Those words do come from the Bible. And they have sometimes been quoted to justify a man's lack of concern for the welfare of others.

When we quote Scripture we must be careful WHOM we are quoting!

It was Cain, the first murderer, who asked that biting question. God had said, "Where is Abel, thy brother?" And Cain was trying to escape the consequences of his crime.

Each of us is responsible for his brother's welfare. That is the very reason this feature is appearing in your newspaper.

You and your family need the spiritual resources our churches offer. In whichever Christian congregation you select there are waiting to welcome you many men and women and young people whose faith has taught them a deep concern for their brothers.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Urging Better Government Legislation

A Senator from the Panhandle and a West-Texas Representative have joined hands in sponsoring one of the 15 anti-corruption bills requested of the Texas Legislature by the Texas Press Association. Measures advocated by the press stem from recent scandals in Duval County, the Land Office, and in a less spectacular way in several areas of the state. Pictured above are Rep. Howard Green of Fort Worth (standing) and Sen. Andy Rogers of Childress (seated), as they confer on HB 167 and SB 224. Their companion bills require that suits be filed by county and district attorneys for the recovery of misappropriated or unlawfully expended monies belonging to a county, school district or other political subdivisions. Should those officials refuse to act, then the Attorney General is empowered to do so.

open hearing. "I have seen that right abused on both the state and the local level," Kennard continued, "and I am working for the passage of this bill because it will do away with such abuse."

In another attempt at opening public meetings, another TPA bill makes political conventions open to the press. It has been introduced in the Senate by Senator Lock and in the House by Representative Green.

Known as SB 64 and HB-105, and stating, "representatives of news-

papers shall have the right" to attend precinct, county and state political conventions, the bill has the 100 per cent support of its sponsors.

Luftin's Senator Lock sees the whole matter simply as opened and closed. Lock, who said he could see no reason for anyone to oppose such legislation, stated flatly, "News reporters, as well as representatives of other news media should have the right to attend all political conventions, and for that reason, Senate Bill - 94

ould be passed." In a recent speech, Frank Borahomew, president of United Press, said, "Freedom of the press is a luxury." Representative Green says he believes it is "a luxury Texas can and must afford."

Senator Rogers and Representative Green have introduced SB-167 and HB-167, requiring suits for recovery of public money that has been misappropriated.

This bill makes it incumbent on county, district and criminal district attorneys to institute suits for recovering money unlawfully used, as well as stolen funds.

"If there had been a checkmate of this type in Duval County," Green said, "that situation never would have arisen. This bill is to forestall another 'Duval County'."

Brooking no arguments against this bill, Senator Rogers said forcefully, "This legislation is imperative to protect the public and their interests."

"There is nothing to be gained by being evasive," Rogers said. "This bill, as well as several others, is designed primarily to prevent corrupt authorities from gaining control of a county and its public moneys, with the blackened example of Duval County outstanding in our memories."

Rogers continued, "If, as in the case of Duval County, the elected

officials are involved in a corrupt machine, or because of it, cannot act, this bill allows others to step in. If situations such as this can't be prevented, at least a law such as this bill prescribes could break it up," Rogers pointed out.

"This bill is as vital as any now before the legislature," Rogers said.

Already introduced in the House and Senate are five other "Better Government" bills.

NUMBER 39

Legislature Asked To Divide Judicial District

State Representative Osborn of District 96 and Representative Le... of District 89 have introduced a bill which will create a new Judicial District. The newly created District 154, and will be composed of Bailey, Lamb, and Castro Counties, with a population of approximately 100,000.

Division will leave in the judicial District Hale and counties with approximately same population.

Division now stands, according to Representative Jess Osborn, District Judge A. E. Bills with the new 154th District. The new District will be composed of the 64th District of Swisher. The District will stay in Swisher and counties since he lives there. An attorney will be appointed for the 154th District.

Measure has the backing of Associations of all in the present 64th District. Osborn stated that he was started in 1955 due excessive load now being carried by Judge Bills with this measure coming out as a result of that study.

Osborn and Saul would like from the people of the regarding this matter.

High Plains Station Now Reality

AERIAL MAP of the Texas Research Foundation's High Plains Station at Halfway.

The first aerial map of the Texas Research Foundation's High Plains Station at Halfway was released this week. A financial drive is now underway to get support for the experimental station over a five year period.

The half section is bounded by U. S. Highway 70 on the north, with the cemetery marking its north east corner and the Baptist Church in Halfway, the north west corner.

The west quarter section has been purchased by the Green Machinery Co. and will be re-purchased by the Foundation at the original cost from funds being raised for the High Plains Station. The east quarter has been purchased by the Harvest Queen Foundation and leased for 25 years at \$1.00 per year to the T.R.F. for the High Plains Station with option to lease for an additional 25 years.

In this picture the station has been divided according to soil characteristics as indicated by the Soil Conservation Service, who supplied the picture. The key is:

- 1. This large section of the farm is deep, fine textured, slowly permeable Pullman clay loam soil with no to one per cent slope and no to slight erosion.
- 2. These two areas of the site are the same as No. 1, except they have one to three per cent slope.
- 3. This small area on the west side of the half section, which includes the irrigation well, has deep-medium texture, slowly permeable Amarillo clay loam soil with no to one per cent slope and little or no erosion.
- 4. This area is the same as No.

Signs will indicate type of research being conducted. The second irrigation well is to be located just south of the cemetery and it is planned to connect the two wells with underground pipe. Some dry land research will also be conducted. Research plots will be located in the area along Highway 70. A temporary office and a storage shed are located west of the Baptist Church on an acre that has been purchased by T. R. F. Permanent buildings, including an office building, processing and storage building, and a green house are expected to be located just east of the Baptist Church along highway 70.

A TWO-COLOR PICTURE BROCHURE explained the entire building program of the First Methodist Church will go into the mail today, John Nail, chairman of the information committee said Wednesday. Photography for the booklet was done by Lonnie Taylor. The committee has been in charge of explain all phases of the project to the congregation. Pictured above, left to right, are Nail; Jack Wattenbarger, speakers committee; Mrs. Edward Betts, newspaper publicity; Mrs. Lyle Brandon, signs and posters. Back Row, Buster Owens church paper; Lonnie Taylor, Brochure; Van Coltharp, church bulletin; Alex Duggan, youth leader.

New SS Rule Affects Farm Employers

Rules covering farm workers under social security changed beginning January 1957. Mr. Hutton, manager of the Lubbock, Texas social security office, reminded farm employers today. Changes were included in recent amendments to the Social Security Act.

"If a farm employer pays a farm worker \$150 or more in cash during 1957, the cash pay is covered by the law," Mr. Hutton said. Also even if the worker fails to earn as much as \$150 cash pay from a farm employer but works for that employer on 20 or more days in 1957 for cash pay figured on a time basis rather than on a piece-rate basis, the pay is covered.

Farm employers are required to keep accurate records of the amounts paid to farm workers who will meet either the wage or time test during the year. Their cash pay for 1957 must be reported next January.

A representative from the Lubbock Social Security office will be in Littlefield on Feb. 28 at 9:30 a.m. at Employment office.

Texas Research Foundation Scientists Visit High Plains Station Last Week

A group of scientists from the Texas Research Foundation visited the new 310 acre High Plains Station of the Foundation at Halfway this week.

Scientists were here at the invitation of the High Plains staff for consultation regarding the research program. Items on their agenda included variety testing with cotton, corn, sorghum, soybeans and sesame as well as the details of the fertilizer research program.

Visiting the station were Dr. W. Derby Laws, Principal Soil Scientist and Chairman of the Soil Science Department; Dr. E. O. Gangstad, Agronomist; Dr. William H. Longstaff, Soil Scientist and Mineralogist; and Ben J. Simpson, Assistant Soil Scientist.

Scouts On For Out Circus

Scouts have been received for the Scout Circus to be held at the Coliseum March 8 and 9. Tickets are on sale at once by 1.00 for adults and 50c for children. Both Pack 41 and Scout Troops, Precinct 2.

Scouts are not required to buy tickets as they will be in the program.

Scouts will assemble outside the Coliseum at 7:00 p.m. and march into the building in lines of more than 5000 Scouts.

The circus is a pioneer theme. It has been announced that the funds collected by the scouts will be kept for the other money going to the small funds.

John Nail is Chairman for the Scout and Not Fairbairn for the circus.

Are you, too, losing 1 bale out of 7 needlessly?

If you are a typical cotton farmer, diseases are robbing you of one bale out of every seven! Yet it needn't be... for if you plant red-tinted, Panogenized seed (seed that is treated with Panogen liquid seed disinfectant), you stop diseases like seed decay, anthracnose, and rhizoctonia damping-off (corn-ash)... which cause serious losses.

Normally, you can expect that seed which has been treated with liquid PANOGEN will give you up to 15% more bales, but agricultural college tests show that during cold, rainy periods, Panogenized seed gives 5 to 10 times more plants than untreated seed... and may mean the difference between a good stand and having to re-plant.

Cost is only a few cents an acre to have your seed Panogenized at your local custom seed processor's.
