## Red Cross Drive Underway For Junk Costume Jewelry

### Mrs. W. D. T. Storey Is Chairman Lamb County Project

Jewelry To Be Sent To South Sea Soldiers For Trading To Natives

A drive is now underway for the collection of old costume jewelry by the American Red Cross, and with Mrs. W. D. T. Storey as chairman of the Lamb County Chapter, the project got started last week.

Mrs. Storey, in explaining the need for the drive, said: "The Red Cross is asking for the collection of all old costume jewelry, as much as possible, which includes old costume jewelry, bracelets, ear screws, necklaces or beads, broaches, pins, etc.—these to be sent to a collection center at San Francisco, Calif., from which they will be distributed to soldiers in the South Sea Islands for the purpose of trading by the soldiers to the natives for digging fox holes, guilting them, and many other services which may be obtained for such a piece of old jewelry."

The County Chairman reported that the drive had been very successful at Lubbock.

Mrs. J. H. Ware is chairman of the Junk Jewelry drive for Littlefield, and is having placed in the various stores in Littlefield boxes, in which it is asked that women who have such old costume jewelry which they will donate, deposit same in the boxes, or contact Mrs. Storey or Mrs. Ware.

Mrs. Storey will name chairmen in the various cities and communities to carry on the work of collection of this junk jewelry.

She also announced that members of Littlefield School Faculty and the students are cooperating in a big way in the drive, and have already collected considerable. Mrs. Storey expressed appreciation of this good work, and urges the women of the county to cooperate in this drive.

## Sends Greetings To His Friends In Littlefield

Cpl. Glenn Jackson, 21, of the Marines, formerly of Littlefield, who has been stationed at Cherry Point, North Carolina, in aerial gunnery training, recently passing through Littlefield enroute to another base, entrusted for delivery a letter with a small school boy, addressed to Miss Lillie Hamilton, care of Perry's Variety Store, where the girl is employed.

Losing no time, the boy made for the Variety Store with the letter, and had the store not been closed for the evening, Miss Hamilton might have had time to visit with her friend. The boy made another effort the next morning before school to deliver the letter, but was unable to do so until after school hours that day.

Miss Hamilton was so excited at receiving the letter that she didn't ask the boy his name, and has since been trying to find out who he was, so that she might reward him for his service.

The letter received sent Greetings to Littlefield, and love to his brother, Floyd, who is employed at the Squires Grocery & Market.

Cpl. Jackson is a son of Mr. and Mrs. J. W. Jackson, formerly of

## It's Assault Time For You, Too

The Third War Loan is a swift, sure test of your common sense, and your ability to take it.

It comes at a time when American forces are doggedly seeking a decision on the battlefield, often at the cost of life itself.

Attack. Counter-attack. Attack. Another ridge. Another valley. Another town. All sense of time gone. You get weary. You smell death. But you keep going. That's invasion. That's the way a war correspondent tells the story of what your relatives, your neighbors, your friends are going through at this moment.

But what about you? Is it attack, counter-attack, attack for you on the home front? Are you fighting a battle to save every penny possible for War Bonds to back up your fighting men?

There's hardly a comparison between your greatest sacrifices on the spending front and the sacrifices in blood and sweat of one of your soldiers, sailors, flyers, marines or coast guardsmen.

Your Government comes to you and says:

"Lend me your money now when I need it to protect you against your enemies, and I'll pay you back with interest a little later when the men who would murder, rob and enslave you are destroyed."

It takes a country like ours to make such an offer. Where's your common sense if you don't run, not walk, to the

nearest bond agency to lay down your money and exchange it for War Bonds?

Your Government is putting its objective before you in two ways. First in big round numbers like 15 billion dollars. Secondly, but more important, it puts the Third War Loan matter up to you in a purely personal way. It wants you to invest a minimum of an extra \$100 in War Bonds—more if you can. If you are one of those Americans who have not yet bought a War Bond—or even a War Stamp—it asks you to get busy in a hurry. There's something awfully wrong with you if you won't put an extra rifle, or an extra clip of bullets into the hands of your men on the battlefield.

There's another thing to keep in mind as you face the test of the Third War Loan. You may grumble about the cost of living. That's not the thing really to worry about. The Nazis and the Japs have let you know that your chief worry is living itself if they can get their hands on you. If you want one graphic example, remember those American martyrs of Jimmy Doolittle's Tokyo raid.

The slogan, "Back the Attack—With War Bonds," is addressed to you. Rich man, poor man, worker, boss, man, woman or child—you all have something to lend to your country at a time like this. You would not be worthy of being an American if you did not have the fibre to trade bread for liberty.

Other Americans are crouching in assault boats at this moment. Waiting for INVASION!

It's assault time for you too.

### Cannot Hear From Son; Not Reported A Casualty

Mrs. Sophie Willis of Littlefield is much concerned to hear from her son, Pvt. Lynn Brandt Willis, who left Fort Dix, New Jersey, with a Service Squadron in the U. S. Army September 8 of last year, and she has not heard from him since.

He had always written his mother regularly every week before he left, and after he left the U. S. she received the usual overseas card giving his change of address and APO number. She also received a letter from him giving her the same APO address, and that is the last word she has received.

Mrs. L. M. Brandon, as Executive Secretary of Lamb County Chapter of American Red Cross, sent a telegram the first of last week trying to get trace of this soldier. Saturday she received an answer to her wire saying:

"War Department advises no record of casualty through September 2, 1943."

Also another report came from Washington, D. C., confirming the telegram that they had no record of any casualty.

Since all overseas camps are serviced by a Red Cross Field Director, Mrs. Brandon also sent a telegram to the Director of Red Cross covering Willis' APO number, but she has not as yet heard from that source.

Pvt. Willis is also the brother of Mrs. Oren Kirk of this city.

### Phillips To Produce 22 Million Pounds Of Black Per Year

Construction of a furnace black plant for the manufacture of a new type black was announced by Phillips Petroleum Company of Bartlesville, Okla., recently. The new plant, which will produce approximately 22 million pounds of the new type black per year, is being built as a private enterprise by Phillips adjacent to the Phillips designed and operated Government butadiene manufacturing plant in the Texas Panhandle. Full scale production is anticipated before the close of the year.

Thirty to forty pounds of black are required in the compounding of each 100 pounds of synthetic tire rubber, and this new type furnace black called "Philblack" is the result of years of intensive research by Phillips to develop a black particularly adapted to the manufacture of synthetic rubber automobile tires.

One of the chief problems with synthetic tires (prior to the discovery of Philblack) is their tendency to run "hot." This new type carbon, in addition to materially helping to solve this problem, imparts to the rubber high tensile strength and good resistance to abrasion. Of special importance are the "easy processing" characteristics it imparts to synthetic rubber, ordinarily difficult to process.

### Writes His Mother From Prison Camp

Mrs. Stella Edwards of Spade, formerly of Honey Grove, Texas, had not heard from her son, Pfc. Dalton D. Phillips, since the fall of Corregidor until Saturday when she received a card from him from a Japanese prison camp, with his signature in his own handwriting on the face of the card, which carried the following information:

"I am interned at Phillipine Military Prison Camp No. 2.

"My health is good.  
"Please see that you do not worry

about me.

"May all of you be blessed with health, and happiness and hope."  
"Please give my best regards to all relatives and friends."

Pfc. Edwards was a gunner. In May, 1942, his mother was notified that her son was missing in action.

In June of this year she was advised by the War Department that Pfc. Edwards was a Prisoner of War of the Japanese in the Philippines.

Saturday she received a postcard from him from the prison camp of the Japanese.

### Workers Needed In Red Cross Surgical Dressing Program

According to Mrs. Lyle Brandon, Chairman of the Surgical Dressing Program for Lamb County, she has received splendid response to her appeal for Red Cross workers to help make surgical dressings. She says they have received material for 2,400 4x8 sponges, and also for 9000 4x4 sponges. They completed the 2400 sponges, and started on the smaller sponges Friday last.

Mrs. Brandon stated that if enough workers would volunteer this week, that these sponges could be completed by the end of this week, which she would like very much to do. She urges all those who can to help with this work.

Mrs. Brandon reports the following workers last week: Monday, 18; Tuesday 4; Wednesday 2; Thursday 10; Thursday night 7; Friday 8, and Saturday 1.

# INSURANCE FIRM FIRST OUT OF TOWN BUYER OF WAR BONDS HERE

The Franklin Life Insurance Company, through their local Agent, D. C. Lindley, has the honor of buying the first bonds, purchased out of Lamb County, in the Third War Loan Drive, which got underway Thursday.

Early Thursday the above insurance company authorized the First National Bank of this city to enter their subscription for a 2 1/2 per cent Treasury \$10,000 Bond; and during the transaction at the bank Thursday morning a picture was taken of Mr. Lindley was handing the check to Clyde Hilbun, President of the Bank, in the presence of Pat Boone, Chairman of the Lamb County War Bond Committee, and C. O. Stone, Chairman of the Third War Loan Drive for Lamb County. This picture appears in an advertisement elsewhere in this newspaper.

The Franklin Life Insurance Company is an Old Line Legal Reserve Company, which has been writing insurance since 1884; and in Texas since 1898.

The telegram sent by the Franklin Life Insurance Company to their agent, Mr. Lindley, notifying him of their decision to purchase the bond, was as follows:

"We have today instructed the First National Bank to enter our subscription for \$10,000 now offering Third War Bond Drive and are forwarding our check in payment.

Believing that it is truer now than ever before that the purchase of bonds in this drive means the purchase of a victorious peace in the near future. This company is continuing and even accentuating its definite policy of contributing every possible dollar of income to Uncle Sam's mighty effort to crush the Axis. It is the proud distinction of life insurance to be in the unique position of rendering this tremendous service on the war front and with the same dollars assuring independence, comfort and security to thousands of American Homes. We are happy to make this substantial contribution to the success of the bond drive in your community.

"Chas. E. Becker, President  
"The Franklin Life Insurance Company."

Mr. Lindley has had a contract with this Insurance Company for the past year, but has only been devoting his entire time to the work since March 1 last. Since that time he has written \$31,000 in new insurance business.

Mr. Lindley has been a resident of Littlefield since January 1943; he was a member of the local school faculty for over eight years, teaching mathematics, geography, health and history. He was employed by the Piggly-Wiggly Grocery and Market from May, 1942, until February, 1943.

As representative of the Franklin Life Insurance Company he writes all kinds of life insurance, including sickness and accident. Previous to his appointment as Agent, K. L. Riggs of Lubbock, General Agent for this district, was in charge of this area, sending representatives out of Lubbock to service this territory.

## Small Grain Pasture Protein Assurance

A winter small grain pasture is a good assurance for protein feed this winter, according to V. F. Jones, County Agent.

Green pasture, when weather conditions permit, has always been a paying proposition and that will be especially true this year with the present prospects of a protein feed shortage. Every farmer who has livestock should make an effort to sow some wheat or rye or a mixture of each as soon as moisture is available. Don't wait too late, sow this pasture just as soon as you can.

## L. L. DUNN PURCHASES LEE ROBINSON FARM

Mr. and Mrs. L. L. Dunn, who sometime ago sold their farm in Rocky Ford Community, and purchased a farm near Abilene, recently sold this farm, and have been living in Abilene for the past three or four months. Recently they purchased the Lee Robinson farm, 11 miles northeast of town, and 3 miles west of Fieldton, and will move to this property about the first of next year. At the present time Mr. Dunn is at Dimmitt assisting in the repair of a house for his daughter, Mrs. Eugene Ivy.

## FFA Boys Elect President And Chapter Treasurer

FFA Boys elected a new treasurer to take the place of Claude Pool, who resigned because it was impossible for him to take Agriculture and graduate this year. The new treasurer is Robert Kloiber.

A district treasurer was also elected from the chapter for this year. The new officer was Norbin Taylor, president of the Littlefield Chapter.

## LOCAL OFFICE PLAINVIEW PRODUCTION CREDIT IS AGENT IN SALE OF WAR BONDS

The local office of the Plainview Production Credit Association are cooperating in the present Third War Loan Drive, and are acting as agent in the sale of bonds.

When their farm clients call at their office on business they are invited to buy war bonds, and in case they do not have the necessary cash the company will loan them the amount to buy the desired bond. These sales are applied on Lamb County's quota.

The local office of the Production Credit Association sold bonds to the value of \$10,000 in the last drive, and hopes to double this in the present campaign for funds.

"This is the time when farmers and ranchmen can invest more than previously in War Bonds," directors of the Plainview Production Credit Association said at their last meeting in discussing the Third War Loan Drive.

C. W. Smiley, member of the board, said, "It was the feeling of all the directors that this fall when products are moving to market is the best time for farm and ranch people to put money into War

Bonds."

"Every family needs reserves in War Bonds to help them in the post-war days and they need extra money to pay for replacement of things that are wearing out now but cannot be bought for the duration."

Mr. Smiley said the association has purchased \$64,300 worth of Government bonds with association funds from members' investments in stock and from the surplus earnings account. This represents about \$95 for each of the 685 members.

"We urge all farmers and stockmen to make their financial plans now to buy War Bonds regularly. We help association members arrange for funds for systematic bond purchases through the year. Any agricultural producer is welcome to join our Victory Club, pledging to set aside certain parts of his production to be invested in War Bonds."

Mrs. J. O. Stone of Lum's Chapel left Saturday for an extended visit at Wellington, Texas, and points in Oklahoma. She will visit Mr. Stone's parents at Wellington, and her parents, and other relatives in Oklahoma.

Lots of people make mistakes when they figure the cost of painting their property. Too often they figure the cost of the paint in the can. The proper way is to figure its cost on the property. It costs as much to apply inferior quality paint as to apply high quality Minnesota paint.

With Minnesota Paint you get maximum coverage and uniform spread. Highest quality linseed oil gives it elasticity and durability. For surface protection, beauty, longer life and economy use Minnesota Brand Paint. We will paint your property on easy payments.

1. Because there has been no advance in price. There has been no drop in its high quality. You get pre-war quality at pre-war price.
2. Because it is made of the finest materials and pure linseed oil. Minnesota paint gives maximum coverage per gallon.
3. Because it actually provides a protective film over the surface it covers. It gives added years of beauty and protection to your home.

Bradley, S 2-C, is attending School at Memphis, Tenn.,

where he expects to be stationed for the next six months. Mrs. Bradley will join her husband as soon as they find a place to live.

Cpl. Kendall Cowan, son of Mr. and Mrs. Pit Cowan of 11 miles northeast of Littlefield, who has been in foreign service in Alaska, and assisted in the building of the Canada-Alaska Highway, is now stationed in Oregon, and wrote home that he expected to get a furlough beginning about September 10, and to come home.

Pfc. Herbert Cowan, 23, driver of a Jeep or Tank in the Tank Division, and son of Mr. and Mrs. S. G. Cowan of 13 miles northeast of Littlefield, has been in foreign service since April 2.

For four months Pfc. Cowan, who is "somewhere in North Africa," was unable to get his mail from home, but now he writes that he is getting

his mail O.K. and feeling fine. Mr. and Mrs. Cowan received three letters from him last week. During the time that he was unable to get his mail, his parents heard from him alright.

Mr. and Mrs. R. L. Byers received a letter Thursday from their son, Roy Byers, Seaman First Class, believed to be "somewhere in the Aleutians," stating that he expected to get home sometime during this month. The letter was written September 1.

Pvt. Ben Lyman, Jr., of the Anti-Aircraft of the Coast Artillery, who has been stationed at Camp Callan, San Diego, was recently sent to the California desert for certain training there.

Cpl. John M. Hanks writes home that he was promoted to Sergeant September 1 after returning to his post from a 9 day furlough. He is with a troop carrying squad, stationed at the Sedalia Army Air Field, Missouri. He is in Glider Mechanics, and is Crew Chief in his group.

Pfc. Stafford L. Cecil, formerly of Littlefield, and who was stationed at Albuquerque, N. M., is for the present stationed at New Jersey. He has been in the service several months.

Pfc. B. N. Mouser of Spade, who has been stationed at Camp Bowie for the past several months, has been moved to the desert in California. He has been at times on maneuvers in Louisiana, and says he prefers the swamps to the desert.

Pvt. Billy Jungman of Pep is in the Infantry, and is stationed at Camp Roberts, Calif. He has been in the service about three months.

S-Sgt. F. C. "Bud" Thurman of Canyon, formerly of Littlefield, and now of "Somewhere in England," was reported to have taken part in 12 raids over Germany. He is reported to have won the Gold Medal, Oak Leaf Clover, and has one plane to his credit.

Mr. and Mrs. C. A. Hulsey of Olton on August 20 received a message from the War Department stating that their son, Glenn, had been missing in action since August.

He was stationed in North Africa at the time and participated in the raid on the Rumanian oil refineries at Ploesti. It was in this raid that he was lost. He was a radio operator-gunner on a Liberator bomber.

Glenn volunteered for service in April, 1942. After being stationed at Sheppard Field a short while, he was transferred to Scott Field where he went to Harlingen where he received his gunner's wings and promotion to Staff Sergeant.

After about a month at Salt Lake City he was sent to Tuscon, Ariz. From there he went to Alamogordo, N. M., where he received a promotion to Technical Sergeant.

Glenn was home about mid-May while enroute to Lincoln, Nebr., for transfer overseas. He landed in England about the 23rd of June. He wrote his parents from England that he would receive 6 weeks training and that was the last message they received from him.

Some who were in this raid have been heard from and are in a Rumanian Prison Camp, which gives relatives some hope that Glenn may at least be a prisoner of war.

Sgt. Malcolm Tucker Reinhardt of Olton, as a Japanese prisoner in the Philippine Islands, according to a card received from the Imperial Japanese Army. The card stated that he was interned in the Philippine Military Prison Camp No. 1.

Sgt. Reinhardt landed on Corregidor October 28, 1940. His family heard from him each week until the fall of Corregidor. Since then he had been carried on the missing list by the War Department. All efforts of the Red Cross failed to locate him.

Sgt. Reinhardt was born and reared in Foard County and is the son of Mr. and Mrs. M. T. Reinhardt of Matador and the grandson of Mrs. C. R. Roden of Margaret.

Bruce Wren, Jr., son of Mr. and Mrs. J. B. Wren of Littlefield, Texas, is now enrolled as an aviation cadet in the Army Air Forces Pre-Flight School for Pilots at Maxwell Field, Ala., located on the outskirts of Montgomery, the capital of

Alabama. Here the new class of cadets is receiving nine weeks of intensive military, physical and academic training preparatory to beginning their actual flight instruction at one of the many primary flying schools in the Army Air Forces Eastern Flying Training Command.

Corporal Aaron Goynes of Littlefield, Texas, graduated from the Army Administration School, Enlisted Branch No. 6, at Huntsville, Texas, upon successful completion of an eight weeks course covering all phases of Army Administration. He was a member of the eighth class of 300 men to attend the school and his course began on July 15, 1943. The graduation took place on September 8, 1943, at which time the Commanding Officer of the School, Col. John W. Crissy, characterized the work of the class as "excellent." Men of the eighth class have been assigned to duty with some branch of the Army Service Forces, where their duties will be in administrative work for which they have been specifically trained during their course.

The Leader was pleased to receive a letter from Aviation Student Ollan C. Lee, son of J. D. Lee of Rt. 1, Littlefield, stationed at Elon College, North Carolina, subscribing to the Leader, as follows:

"Out here in the far reaches of North Carolina news from home is fairly scarce. Please enter my subscription for your paper. Since I don't know your subscription price, you will need to send a bill along, and I will return the price to you. I formerly lived in the Yellow-house Community. My dad is J. D. Lee of Rt. 1, Littlefield. I am going through the Aviation Cadet College training, and have about two months more time to spend here.

Pfc. Roy Grisham, who was stationed at Daniel Field, Georgia, was moved to Camp Sibert, Alabama. He said he received the Lamb County Leader regularly and really did enjoy it.

Pvt. Grady Trotter of Sunnydale Community spent a few days' furlough with his parents and returned to camp this week. He is stationed at Camp Luna, N. M.

Cpl. Robert H. Trotter, who is "somewhere in North Africa," wrote home and said he was doing fine.

Pfc. Hugh Cape of Littlefield wrote friends that he is "somewhere in England." He is with the Military Police. He has been overseas about

six weeks and reports that he has seen lots of beautiful country.

Cpl. Robert L. (Donald) Bennett, son of Mr. and Mrs. Lee Bennett, of Littlefield, who has been stationed at Garden City, Kans., until August 1, when he developed Mastoid trouble, and has since been confined in an Army hospital, the Borden General Hospital, at Chickasha, Okla. He is now reported better and able to be up and around. Cpl. Bennett is known to his many friends here as "Donald." He enlisted September 12, 1942, as a Mechanic in the Air Corps. After being detained two weeks at Fort Sill, he was sent to Lubbock, where he was in training about four months, after which he was transferred to Pampa, where he spent several months before he was sent some time ago to Garden City.

Aviation Cadet Henry Koke, son of Mr. and Mrs. Koke of 10 miles southwest of Littlefield, and who has been stationed at Santa Ana, Calif., has been transferred to Tucson, Ariz., and says he is very pleased with the transfer.

A. C. Koke was first connected with the Motor Division of the Cavalry, and served 10 months overseas. He returned to U. S. in June last, and was transferred to the Air Corps. He has been at Tucson two weeks.

Sgt. O. K. Yantis, who was home on a month's furlough, is now back in Puerto Rico.

This Is To Speed Up His Return Home!

My bones just ache to get out there and take a crack at the Axis, but that is exactly why I can't do it—my bones ache too much. It's those youngsters with plenty of pep and zip in them who are going to show the Japs and Germans what they're up against. And they can do it, too! But we old timers can do something. Buy War Bonds and Stamps to keep our boys properly equipped and buy as many as we can. I'm not just talking to have something to say. It is our duty to give at least 10 per cent of our wages to buy war stamps. We can do that easily compared to the sacrifice all those boys are making. We can't let them down. They're counting on us all. DON'T LET THEIR SACRIFICE BE IN VAIN!

Back the Attack with Bonds!

## Battlefront of Sacrifice Is Urged Upon U. S. Women to Aid 3rd War Loan Drive

WASHINGTON, D. C.—The women of America are going all-out to make a success of the Third War Loan Drive—to "Back the Attack" to the limit. For weeks they have been organizing to do their share toward raising the Treasury's unprecedented goal of 15 billion dollars in War Bond sales to non-banking investors.

In order to lay the groundwork for this intensive organization far enough in advance of the drive, Miss Harriet Elliott, Associate Field Director of the War Finance Division, in charge of women's activities, made a swing around the country during July. Regional conferences were held in Atlanta, Dallas, San Francisco, Denver, Cleveland and Boston.

"Women have been called to the battlefronts of sacrifice at a time when their brains, energies and money are most needed," says Miss Elliott. "Buy Bonds—by sacrifice, is the order of the day. If every woman in America would pledge herself to do without everything she possibly can, and carry out that pledge faithfully, she would make a genuine contribution to victory."

All groups of women are active in the drive. Many cities and counties are conducting Door-knocker canvasses and carrying out other pro-

motional campaigns to see that every individual in these United States is reached to buy an extra \$100 Bond in September. "It takes bench-to-bench, desk-to-desk, house-to-house, person-to-person contact to put over the job," Miss Elliott believes.

United in this tremendous effort are women belonging to foreign origin groups of every nationality, Negro women, college girls, farm women, war workers, club women—professional, religious, industrial, cultural, educational, patriotic and social groups—in fact, women of every age, from every walk of life.

### Bond Rally—

in foreign service, is expected to address the gathering. He has taken part in naval engagements in Attu and Kiska of the Aleutians, and is expected to arrive on leave Tuesday.

Also Granville Smith, 19, Seaman First Class, son of Mr. and Mrs. Bob Smith, who served on the ill-fated Helena when it was sunk off the New Georgia Island, in the vicinity of the Solomons on July 5, 1943, and arrived home Tuesday morning on leave, will also talk at the rally in the interest of the Third War Loan Drive. He has been in the service nearly two years and has been in foreign service 14 months.

Other men who have seen service overseas will also be present.

Plans are being made through the Woman's division to serve dinner Tuesday evening to the visiting entertainers.

Mr. Boone, County Chairman, asked the Leader Wednesday to state that the program would be free to everybody, and to urge on all residents to attend and welcome these out-of-town entertainers.

### Suffer Cuts And Bruises When Tire Is Blown Out

Mrs. Rebecca Green and William Hayes were treated for cuts and bruises Tuesday afternoon at the Payne-Shotwell Hospital, suffered when a tire on a car in which they were riding blew out.

They were coming to Littlefield from a cotton patch and were about a mile from town on the Levelland highway when the accident occurred.

After treatment, Mrs. Green was released but Mr. Hayes was retained in the Hospital.

Also riding in the car at the time of the accident were: Worthy Bobbie, Lera Hopkins and Alf Robbins.

### Re-Enlisted After Six Years Service

Gunnery-Sgt. Loyd W. Chapman, son of Mr. and Mrs. Dee Chapman, received an honorable discharge with excellent record from the U. S. Marines July 27 at Sitka, Alaska, after the completion of a 4-year term with a 2 year extension. He immediately re-enlisted.

He first enlisted at Dallas, Texas, on July 28, 1937, and was sent overseas August 30, to participate in the expedition to China in connection with the Sino-Japanese hostilities between August 30 and April 29, 1938, during which time he received a medal for bravery and valor during the Battle of Suchow Creek.

He has received several promotions—from private to gunnery sergeant—and has qualified as marksman with 30 calibre rifle, August 12, 1939, and June 18, 1940, 45 calibre pistol, expert gunner with 30 calibre machine gun, completed course of instruction with 20 mm. gun on January 24, 1943.

He served in China from September 20, 1937, to February 19, 1941, and in Alaska from November 15, 1942, to July 27, 1943, at which place he is still stationed.
