Stamford and Seminole to Clash At Snyder Saturday in Playoff Battle

School officials of Stamford and Seminole met at Snyder Friday morning and mutually agreed that Snyder will be the site of the second round play-off battle between the two clubs. The two teams will clash next Saturday, Dec. 6 at Tiger Field. Kickoff time is 2:30 p. m. Seminole will be considered the home team and will sit on the west side of the stadium. All seats will be reserved and will cost \$1.50. Stamford won its bi-district game from Tahoka, 34-0, while Seminole turned back Brownfield, 12-0. Seminole was represented at the meeting by F. J. Young, V. N. Keyes, Holland Evans, Bart Walden and George Zoller. Gordon Wood, Superintendent L. W. Johnson and two school board members.

Amherst Football Banquet Held

The annual football banquet given by members of the pep squad in honor of the football players of the Amherst high school was held Saturday night, November 22 in the school cafeteria of that city. La Wanda Terrell, president of the pep squad was mistress of ceremonies and welcomed everyone. J. Fikes, head coach of the Littlefield high school was guest speaker for the occasion. A. L. Nuttall and Connie Baird were given recognition at the banquet, as being on the all district (Continued On Back Page)

The annual Football Banquet of Bula High school was held last Monday night when the girls of the sophomore class entertained, under sponsorship of Mrs. Aikey, faculty member. The luscious banquet was served from long tables laid with linen clothes, strewn with flowers. Other decorations featured actual footballs set like Easter eggs in grass, miniature football fields with wrapped goal posts and goal post shaped place cards were used carrying out the school colors. Freshman and junior high school girls dressed in school color uniforms served the banquet and acted as waitresses, while mother's of the sophomore girls prepared the food. The menu consisted of ham, fresh frozen english peas, candied yams, carrot salad, and pecan pie, tea, hot rolls and butter. A highlight of the program was the awarding of trophies to three All-District boys from Bula; Wayland Altman, Charles Seagler, and Jake Bogard. Coach Morrison made the presentation and expressed his appreciation for the fine work the team has done this season. Captain Jack Bogard in a most impressive and sincere manner, made the response. Supt. Reynolds acted as Master of Ceremonies. Mr. Turner gave the invocation. Barbara Bogard furnished a "Frankie and Johnnie" number on the program; Wanda Bay (Continued on Back Page)

Floydada Whirlwinds to Meet Childress Friday in Class AA Playoff Game

Lucille Jones is Crowned Queen Of Springlake Wolverine Football Team

Miss Lucille Jones was crowned queen of the Springlake Wolverine football team at the recent Springlake-Olton game. Encircled by the heart-shaped school band at the half, Douglas Higgins Pep Squad King, crowned the sweetheart with a football helmet ruffled in green. Lucille, a senior student is the daughter of Mr. and Mrs. Sam Jones. The queen and her attendants, Frances Keller, Naomi Fanning, Joan Kelley, and Peggy Ussery rode onto the field in a convertible automobile where their escorts were waiting including Higgins, who was crowned by Lucille, and Wayne Davis, Pablo Cortez, Fuzzy Watson and Jimmy Hadaway. The school band played "Let Me Call You Sweetheart" and also introduced the new school song.

The Floydada Whirlwinds turned into razzle-dazzle hurricanes the last half at Amarillo Friday to defeat the Phillips Blackhawks 13-7 in a thrilling bi-district double a play-off game. Billed as the game-of-the-week in two-A circles, some 3,000 fans, about half from each competing city—will attest to the accuracy of that rating. Not one regretted braving the sub-freezing weather, stiff wind, snow swirls and slippery roads. The whirlwinds will, therefore, meet Childress at that city Friday at 2 P. M. in their second round Class AA state play-off game. Childress Coach Charles Churchill flipped the coin and Floydada Coach Preston Watson incorrectly called it as superintendents and principals of each school watched. Among the tricks pulled out of the cyclone-filled bag by Coach Preston Watson was putting tennis shoes on his three fleet but slippery-footed backs for the second half. Make It A Safe and Sane Christmas

Christmas is one of the most dangerous times of the year. This means the usual winter hazards of open fires, heaters and furnaces there are the seasonal fire snails of Christmas trees, paper wrappings and decorations, extra electric wiring and candles.

Here are some safety rules suggested by the National Board of Fire Underwriters, to fireproof the family fun this Christmas:

- 1—Flameproof your children's flimsy party costumes by dipping the clothing in a solution or 9 ounces of boric acid in a gallon of water. This should be reapplied after each washing.

- 2—Look for the UL table on all electrical toys. This means they have passed Underwriters' Laboratories tests for fire and shock hazards.
- 3—Supervise play with chemical sets, and don't buy flammable toys for small children.
- 4—Choose a small Christmas tree and keep it outdoors until just before Christmas. Then stand it in a pail of water, or use a live tree planted in a tub of earth.
- 5—Never use cotton or paper tree decorations.
- 6—Don't put electric trains under the tree.
- 7—Use only electric lights, and

see that the wires are not frayed or the connections worn.

- 8—Throw away gift wrappings as soon as presents have been opened. Don't let them pile up near the tree.
- 9—Don't leave tree lights burning when no one is at home.
- 10—When the tree becomes dry and needles start to fall, throw it out.

Remember—a Christmas tree is full of pitch and resin, and is one of the most combustible objects known.

Make your Christmas safe as well as merry by observing sensible precautions.

limitations are in addition to those imposed by municipal zoning ordinances building codes and other restrictions designed to protect the interests of an entire subdivision or city, or the public generally.

For example, say you have just bought the vacant lot next to Mr. Smith's property out on Main Street. Smith has a fine big tree on his property but it juts over onto your lot and those overhanging branches will interfere with the plans you have for building your house.

You can't go over to Smith's lot and cut down his tree even though the branches will make your proposed living room as dark as the catacombs at midnight. On the other hand, neither does Smith have a right to let the tree on his land extend over your property, especially when it is going to interfere with your use of that property, so you do have the right to get rid of the offending branches.

However, before you start sawing you had better consider whether

the removal of the branches will damage the tree. It is still Smith's tree and you don't want to cause it to die. The best thing to do is to have a talk with Smith and see if you can arrange to have the limb cut off by someone who knows how to do so without harming the tree.

Of course a boundary tree—where the trunk is on both sides of the boundary line—can be cut only by consent of both the owners.

Another possible problem; Let's say you want to cut down the front of your lot below the level of Smith's yard. The soil is pretty loose and you are sure that when you lower the grade, Smith's yard will slide all along the cut. However, you figure that it is up to Smith to do whatever is necessary to keep his land from sliding over on yours. He can put up a retaining wall or something.

The law says you had better slow up a bit in this instance. The way things stand, Smith's yard is not currently in any danger of sliding. If you change that condition by cut-

Korean Needs Are Many, Missionary Reports To CROP

Of interest to our grateful and thankful people of this area is a report of a certain James Phillips, a missionary serving in Korea. In addition to his missionary work, he is also treasurer of the Church World Service Korea Field Committee, an arm of Christian Rural Overseas Program.

This letter was written from Tae-gu, Korea, July 11, 1952:

"The first trip to the Sonsan area I won't take much time to describe. It was made with Tom Harnish, our mission treasurer, up into that area where some 4,000 people were reported to be starving on starvation rations—The trip to Sonsan showed that things really were bad. And word that Pete Van Lierop sent down from Andong was worst yet. Pete sent back pictures of little kids with bloated stomachs, the surest sign of starvation where it hurts the most. And then there was a pathetic picture of a wizened old grandmother with a gourdshell of what she was eating: TREE BARK.

Mr. Phillips continues with a de-

scription of a visit to a certain Mr. Pae Chung-Kyung's dwelling.

Mr. Pae's mother had received help from various church groups, since the illness of her son made it impossible for him to support her. But after prolonged hardships, about two weeks before our visit, the mother died of starvation.

"Mr. Pae's wife showed us the food she had prepared for herself and her husband: A CEREAL OF PINE BARK AND GROUND WHEATCHAFF. The skin of both people were drawn and colorless and gave witness to their long suffering." Thus for the letter.

Reports and eyewitness accounts in from Korea indicate that next to food the need is for clothing, something to keep the cold and shivering a little warm. In this area gifts of cotton and cash have been received. Money will be turned over into

LANDMARK IN HISTORY

1768. JOLLY POST BOY TAVERN. Frankford, Pennsylvania.

AP Newsfeatures
As early as 1768 this tavern was a popular place of entertainment. It stood on the highroad not far outside Philadelphia and such famous personages as Washington and Lafayette were entertained here. While Gen. Howe, the British commander, was giving a grand ball in Philadelphia, it was from this tav-

ern that Capt. Alan McLane led his American Dragoons to set fire to the British palisades outside the town, and thus broke up Gen. Howe's grand celebration. Following the Mexican War during Gen. Harrison's presidential campaign, many of the voters were entertained here and served beer hard cider made from the orchard adjoining the tav-

ern. In the early 20th century, parties came here from Philadelphia to eat strawberries and cream in summer, and for sleigh-rides. In winter, a bronze commemorative tablet, set into the wall of a building on the site of the old tavern, near Orchard Street in Frankford, is all that remains of the "Jolly Post."

Belcher, a former squad leader with the 1st Battalion's Headquarters company, entered the Army in November, 1950. He attended Tarleton State college at Stephenville.

LOSER PAYS BET

DENVER (UP)—When Jack Anderson got a call to pick up a shipment at the railway express office recently, he figured it probably was some lubricant for his gasoline station. It turned out to be a crate containing a full-size racing greyhound.

It seems that Anderson, his wife and Clyde O. Means, who owns kennel of racing dogs, had gone to the Colorado Springs track together last summer. One of Means' dogs, Kay Trump wouldn't finish in the money. Means accepted, then watched his dog wind up far back.

Anderson forgot the incident until he called at the express Company to find Kay Trump. Anderson said he wasn't too happy to add a racing canier to his household and his wife wasn't either.

Health Talks

Presented by the State Medical Association of Texas

Complaints of an ear-ache or ringing in the ear may be a sign of a disease. All three signs are only signs and may be wrong in two ways. The inner ear is inflamed and must be examined before local treatment is given. A boil in the ear is an earache, but so is a middle ear. Dizziness is known as vertigo and is a sign of an infection in the ear. If the infection is not removed, it may cause deafness or even blindness. The outer ear, usually, is fairly comfortable and is caused either by a foreign body or by an infection that sticks in the ear and causes pain and jaw movements.

When in talking or chewing can cause pain. Sometimes more than one boil occurs, and in some cases the canal may be almost blocked because of swelling. Medical treatment, if started early, may keep the infection from getting very bad, but if the boil comes to a head, it may have to be lanced.

Fungus infections of the ear canal usually are started by scratching the ear with something dirty. If the canal is wet time after time in swimming or under the shower, this type of infection is more likely to occur. The chief symptom is itching, but there may be slight pain and soreness, and thin, watery, often musty smelling discharge. When the growth fills the canal or involves the drum, there may be deafness and ringing in the ears. With very bad cases severe pain, fever, and a general feeling of illness may be present and the canal may swell shut. Treatment depends on the kind of fungus causing the trouble and how severe the infection is. Removal of fungus growths with a small scraping instrument (a curet) may be necessary.

Infections of the middle ear (otitis media) may be acute, that is, may have a short course with severe symptoms, or chronic, that is, long lasting, and not as severe. Often, the Eustachian tube, leading from the middle ear to the throat is blocked or inflamed, and in most cases it is the route by which germs enter the middle ear.

Ear abscess, or acute otitis media, can be mild or severe. The first sign of trouble is pain in and about the ear which comes in suddenly or after a feeling of fullness and pressure. The pain usually leaves after the drum tears or is lanced, and a bloody pus-like discharge flows into the ear canal. Fever is another symptom, the amount depending on the severity of the infection. There may be deafness, either with or without ringing in the ears, or headache, a general bad feeling, loss of appetite, pain in the back and limbs, vomiting, constipation, or convulsions.

A mild form of ear trouble is called "chronic catarrhal otitis media." Broken down into everyday language, it means a long lasting middle ear infection. Both ears are often involved. There may be deafness and ringing in the ears, and the symptoms possibly last for years without change. Deafness seldom becomes complete.

Today because of the many new drugs which are available, infections of the middle ear usually are controlled before they have done much damage. Complications of these infections, such as mastoid infections, and infections of the inner ear, have been greatly reduced in number but still occur once in a while.

A common disease of the inner ear is Meniere's disease. In this condition there is too much fluid in the inner ear, but the cause of the increase is still unknown. The patient may complain of dizziness and a feeling of swaying, falling, or weakness. There may be ringing or roaring in the ears, loss of hearing, and possibly nausea, vomiting, and sweating; also, the eyes may wander aimlessly. As a rule only one ear is affected.

Treatment of Meniere's disease is usually medical, with the diet being carefully controlled; liquids and salt are cut down. If the patient doesn't get better, surgery may relieve the dizziness. However, the hearing may be made worse or destroyed. Therefore, an operation is done only when one ear is involved, medical treatment has been of little help, and the patient is badly disabled by the disease.

The surnames Johnson, Brown, Williams, Jones and Miller have been among the leaders in popularity in the United States but ranking behind the name Smith.

Merry Christmas From Your Oven

CHRISTMAS COOKIES... Make 'em with lemon juice.

CHRISTMAS TREE BUNS... Small fry will love 'em.

By CECILY BROWNSTONE
Associated Press Food Editor

For your Christmas baking you'll want an all-round sugar cookie that may be cut in holiday shapes. Here is a brand-new recipe with a lemon flavor. It makes use of canned lemon juice now widely available and ever so handy.

If you want to try your hand at yeast-baking this holiday time, make some attractive Christmas Tree Buns. Small fry will love them!

LEMON CHRISTMAS COOKIES
Ingredients: 3 cups sifted flour, 3 teaspoons baking powder, ¼ teaspoon salt, ½ cup pure unsweetened canned lemon juice. (Use as is from can after shaking). Method: Sift flour, baking powder, and salt. Cream shortening and 1 cup of su-

gar. Beat in Egg. Add flour mixture alternately with lemon juice to creamed mixture. Chill thoroughly. Roll out a small amount of the dough at a time 1-8 inch thick on prepared pastry cloth or lightly floured board. Cut with Christmas Tree cutters in desired shapes. Sprinkle sugar on cookies, if desired, or use colored sugar or cake decorations. Bake in hot (400 F.) oven about 8 minutes.

CHRISTMAS TREE BUNS

Ingredients: 2/3 cup milk, ½ cup sugar, 1 ¼ teaspoon salt, 6 tablespoons shortening (soft or melted), 2/3 cup water, 3 tablespoons sugar, 3 packages or cakes yeast (active dry or compressed) 3 eggs (beaten) 1 cup chopped candied fruits, 6 cups sifted flour.

Method: Scald the milk and stir in the ½ cup sugar, salt and shortening. Set aside to cool to lukewarm. Measure water (warm for active dry yeast, but just lukewarm for compressed yeast) and 3 tablespoons sugar into mixing bowl. Sprinkle or crumble in yeast. Stir until dissolved. Combine the milk and the yeast mixture. Add eggs. Mix candied fruits with half the flour. Add and stir into yeast mixture. Stir in remaining flour, or enough to make a dough. Turn out on lightly floured board and knead 8 to 10 minutes or until surface is smooth and satiny, and dough feels springy and elastic and does not stick to the board. Put dough into greased bowl and brush top lightly with shortening. Cover with cloth, let rise in warm place (free from draft) until doubled in bulk—about 1 ½ hours. Punch down dough, pull sides into center, turn out on board, shape into even ropes ½ inch thick and about 20 inches long. Shape each into a tree on greased cookie sheets. Start with a 3-inch base

ANTON FIREMEN ARE ENTERTAINED IN HOME OF MR. AND MRS. HART

Members of the Volunteer Fire Department and their wives were honored guests in the home of Mr. and Mrs. Ed Hart Tuesday night of last week.

A very delicious meal was enjoyed by the group.

Those present were H. M. Christian, Pete Faubus, Chester Jones, Jack Oakley, Mitchell Evtit, Claude McLarty, Geo. Brock, and Wayne McLarty and wives and Robbie Oakley.

After the meal games of 42 and Canasta were enjoyed.

and wind rope back and forth getting smaller until the 20-inch rope is used and the tree is formed. Attach a piece of dough to form trunk. Cover with a cloth and let rise in a warm place (free from draft) until doubled in bulk. Bake in hot (425 F.) oven about 20 minutes of until brown. Frost with confectioners' sugar frosting pressed through a pastry tube.

CONFECTIONERS' SUGAR FROSTING

Mix ½ cup sifted confectioners' sugar with ½ teaspoon vanilla and enough beaten egg white to make spreading consistency.

HART STUDENT INJURED IN CAR MISHAP RECENTLY

Truman Swop, Hart High School student, was hurt Monday afternoon of last week when his pick-up truck was in collision with an automobile.

The accident occurred on a country road about 9 miles southwest of Hart.

He suffered a hip injury and bruises.

The accident occurred near the Sampler place. Mrs. Sampler called Olton Memorial Hospital and Truman was taken to the hospital by Dr. Gayle Seigler.

Truman said his vehicle was overturned by the collision impact and Truman was thrown clear. He said both the pick-up and the automobile were badly damaged. Occupants of the car were not seriously hurt.

Anton Lions Club Accomplishes Much For City

The Anton Lions Club's annual auction sale will be held on Saturday December 13, it has been announced by Club officials.

At this sale the Lions raise the principal sum of money they use during the year for community betterment and various projects which they choose to sponsor.

Since the Anton club was organized about 10 years ago it has spent approximately \$12,150.00 for community work.

Here is the way it has been broken down, into groups:

Charity for community \$1,687.89, and community projects come in for \$8,108.26.

The club has spent \$1,307.06 on its Christmas program, in candies and so forth for the kiddies.

The soft ball program has enjoyed \$1,039.50 in club funds—it all adds up to about \$1200 per year which the Lions spend for community work, in addition to the incidental club expenses.

The Anton club is working with the State Lions in supporting the home for crippled children at Kerrville.

Also they sent one of the members of the club on an expense paid trip to the international convention. The number one project for Lions

Article on Treatment Of Hyperpiesis By Dr. Faust Is Published

Dr. F. B. Faust, on the staff at Payne-Shotwell Foundation, wrote and read an article on "The Art of Treating Hyperpiesis," at a meeting of the Panhandle District Medical Association, held in Amarillo this month. The article was published in the November issue of the District Medical Society magazine.

that baby crib toys distracted the infants from their crying and served to provide them with exercise they would not have had otherwise.

AMERICA'S GROWING STEEL

Mickey Rebertus, 18 months old, was able to be rung out like a family wash when he was 18 months old. The line one day and hung on. His mother found he could support his weight as the picture shows. The Rebertus lives in Port Arthur, Tex.

It is possible for the child to derive comfort from having a toy by them as though it represented an object from his own world.

Pull-toys come next in frequency of use, she says. "Perhaps they were so popular because the confined child needed activity and these toys give some meaning to his trot around the ward. Pull-toys were used mainly by the 2-to-5-year old group but were not scorned by the 6-to-8-year-olds.

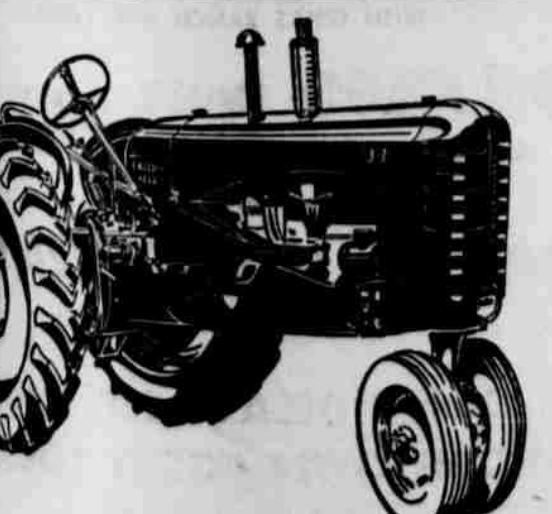

Another group having great appeal are the Imaginary-Play type, she reports. These include nurse, and doctor kits, family of dolls, bathroom and living-room doll furniture, set of small wooden warships, telephones and wooden milk bottles in a rack. Little shut-in display a constant and enthusiastic interest in the doctor and nurse kits especially. In the hospital, little patients who could walk about included bed patients in their play. Where a child could not undertake such stimulating play, the relation of doctor and patient would be played out with a doll.

The construction toys—large domino-like blocks and the set of blocks, train and track—as a group were next in popularity. They were used by all ages of children with equal enthusiasm, she says. These toys can lead to child confined to play with the parents.

Another set of toys that were popular without requiring sustained interest, were the manipulative toys, such as those that move in response to having their bases pressed, or have the ability to turn a doll's head or walk her. Puzzles are popular, also.

For infants still confined to their cribs, says Miss Gips, it was found

Place cards and programs combined were football boys in action.

A traditional Thanksgiving banquet was served with Mrs. A. T. Hedgpath, lunchroom supervisor in charge.

Guests included football boys, high school faculty members and

Football Queen

(Continued from Page 1)

The queen and her attendants were driven onto the field by Jackie Baker. At the beginning of a heart formed by the band, they were escorted to the center of the field for the crowning. Escort of Jo Ann was J.P. Natzger, Helen's escort was Clarence Monroe; Wanda's escort was R. V. Allcorn, and Yvonne Peterson was escorted by Archie Souther.

The coronation climaxed the half-time performance of the band which was a story in formations, pantomime and music of a typical Olton alumnus and alumna. Twirlers Javerne Daniels and LaNelda Maxie pantomimed narations by Band Director Don Williams. Twirlers Linda Franks, Shirley Smith and Wylene Freeman furnished "clothesline" exhibits.

As the band formed a baby buggy with mobile wheels, they played "Rock-a-bye Baby." A medley of nursery rhymes accompanied the formation of a rocking horse with moving platforms. The "Cowboy" age was depicted by the forming of a running horse and the William Tell Overture.

High school days were illustrated by a hot rod and "The Hot Rod Special." "Over the Waves" was played as the band demonstrated a canoe for the college stage. Marriage was depicted as the band formed two stick figures and played a wedding march, and the last sequence to the story was a conversion to the baby buggy "Rock-a-bye Baby."

Their wives or husbands, pep squad members and their parents as well as the guest speaker. There were over 90 that attended.

Jerry Norton (44), Southern Methodist's power runner, breaks through right guard for a five-yard gain in the second quarter of the game with Texas Christian in Dallas. Other SMU players are end Bobby McEachern (54) and tackle Morgan Williams (75). TCU won 14-7. (L.P. wirephoto.)

Olton and Denver City To Tangle At Denver City

The "battle of Mustangs" between Olton and Denver City will be held in Denver City Saturday afternoon. This second-round state title play-off game will start at 2:30 p. m.

Site and time were selected at a meeting held in Lubbock Sunday afternoon by officials of the two schools.

Olton Mustangs representatives wanted to choose a neutral site, but members of the Denver City Mustangs party wanted a home-and-

Coach Posey of Tech Is Guest Speaker At Springlake Football Banquet

home arrangement. Coach Joe Turner of Olton flipped the coin and Coach Wilson Head of Denver City called it correctly so the southern city was named host.

Attending with Turner was Carl Macon, Olton school superintendent. From Denver City were Head, Assistant Coach Buford Emler, Superintendent J. W. Jones, Principal G. D. Tate, junior high principal, V. V. Vaughn and four members of the school board.

Olton defeated Lefors in its bi-district game, 13-7, with Denver City taking Abernathy, 40-14. The two Mustang herds are from Districts 2-A and 4-A.

Secley Stadium at Littlefield was offered for the play off, by school officials, and manager of Littlefield Chamber of Commerce, Olton accepted, but Denver City refused the site. It was announced.

Tickets went on sale early in the week, and are selling for \$1.25 for adults and 25c for children.

The 1952-53 Springlake Wolverine Football banquet was held on Monday, November 24, at 7:30 p. m. in the school cafeteria where Assistant Coach Wyatt Posey of Texas Tech was the principal speaker. He also showed a film of the recent Tech-Baylor game.

The banquet program given in football terms was as follows: Grady Burnett, toastmaster; Supt. Spann, kick-off; Frances Keller, pass; Harlon Watson, intercepted pass; song, huddle, eat touchdown; Coach Posey, time out; dessert, extra point; presentations, scrimmage; Johnny Cardinal, half time; sing the school song, final whistle.

The baked ham dinner was given by the Pep squad girls amidst decorations, under the sponsorship of Mrs. Bill Thorne. Place cards were miniature football shoes.

Floydada

(Continued From Page 1)

the birds—Blackhawks, that is. The highly-touted Phillips team dominated the 24 minutes, allowing the 2-A champions only 38 yards on the ground, three first downs and no penetrations. Floydada got into Hawk territory four times but only to the 49, 44 and 45 twice.

Phillips went ahead with a 24-yard scoring pass on the second period—the first touchdown score—against Floydada in 38 quarters. The winners come back—rubber-soled and mad—to tally in the third quarter after a 72-yard march, and in the final stanza after taking over on a punt on their own 42.

Coach Watson had his backfield faking like four Hindus that last half. Billy Carmack & Co. pulled triple reverses, double fake hand-offs, backward passes, statue of liberty plays, everything but the power-pass combination that had won 10 straight regular season games for the Whirlies, who looked like a different team in the final two quarters.

Played Like Champions

Coach Chesty Walker's crew, worthy of that unbeaten, untied record it carried in this game, played like the 1-A champions they were, especially the defensive unit.

Biggest reason there was no more scoring by the losers in the second half was the Floydada habit of keeping the ball. Phillips used only 18 plays. Three of those were kicks and five passes. Two of the throws were intercepted and one called back because of a penalty.

During the third quarter while they were ahead, the Hawks were kicking on first down with the wind.

It was a defensive first quarter, with teams exchanging punts. That went on until the start of the second stanza when Phillips let a Conle Bearden kick roll dead on its 26.

Holiday Blue For The Kids—It's New!

Say "Christmas" to your youngsters and see the big smiles, the vision of dreams-come-true in their eyes! Say "Let's decorate for Christmas" and see how they'll love you for letting them realize one dream so quickly—a chance to show their abilities, a chance to participate in an important family project. Give them a bowlful of lovely blue suds made from bead-bluing and your young fry will be all set to make the house gay with a merry-blue that blends with ANY other color.

Here two young artists are putting the finishing touches on a picture window. Sister is painting the "welcome" candle with tiny bouquets of holly and little brother is fingerpainting his version of Santa and the reindeer so that passers-by on the street will enjoy the gay silhouette. The formula for the easy to use, easy to remove blue suds they're using is simple, the ingredients readily available: Just take a cup of bluing beads and mix with a quarter cup water to a soft foamy suds. Use a paint brush and lightly touch the tips of any Christmas greens for a bright, jeweled effect. Decorate colored or white candles to suit your holiday theme. Touch up old tree ornaments, dip strings of popped corn . . . you'll think of dozens of ways to use this versatile blue!

For a special sparkle, sprinkle on bright silver or gold dust from the dime store while the "paint" is still wet. Bluing mixture left over? Give it a chance to do the work for which it was originally intended—add it to the hot wash water next wash day. Once you have made this a habit, you will be as happy about the whiteness and brightness of your clothes, as all the family will be over the beauty of these same bluing beads in making novel Christmas decorations!
