Juanita Manley Attends Texas Florists Meet

Mrs. Juanita Manley of Chisholm Floral, Littlefield, was in Dallas to attend the 42nd annual Texas State Florists' convention at the Baker Hotel, July 15-21.

This year's program included a new type of design school produced by Schoolmaster Marty Swartz of Dallas, and commented by nationally-known Miss Tommy Bright of Chicago. The latest styles and supplies to enhance the floral arrangements for sick room, weddings, parties and funerals are shown at the convention and attending florists are informed on newest and best methods.

While in Dallas, Mrs. Manley also attended a gala costume party, and two dinner dances, as well as a tea-time style show presented by Neiman-Marcus, the famed Dallas specialty store.

The Texas State Florists' Association has a membership of over 1700 owners and employees in leading florist shops throughout Texas.

SWEET SLEEP

DALLAS (AP)—Mrs. J. G. Curtiss, 50, asked police to help her find the tramp she gave a meal and an unneeded mattress. She remembered she'd sewed up \$100 in the old mattress.

Asked for a description, the only thing she could remember of the man was that he talked "very sweet."

ADVICE NOT NEEDED

RICHMOND, Va. (AP)—An elevator operator at a hotel here was sniggering about two old ladies and advised them to "watch your step" as they left the lift. "Young man," said one, "we always watch our step."

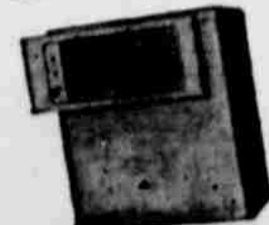

CLOCKED SPEED

INDIANAPOLIS (AP)—"What's your name," asked motorcycle patrolman Cal Burnham after he had clocked a driver at 457 miles an hour. "Robert C. Speed," was the reply. He got a ticket.

Pamphlet pictured above was issued on completion of the record-breaking railroad run by Death Valley Scotty from Los Angeles to Chicago 50 years ago (July 9-11, 1905). Walter P. Scott, legendary western showman, sped on a special Santa Fe train between those two cities in 44 hours and 54 minutes for the 2,267 mile journey, a mark which stood until the advent of Diesel locomotive power.

Kearney New Resistant Type Barley

Kearney, a new and unusually cold and green-bug resistant barley for the High Plains area of Texas, will be available to growers for 1955 plantings.

The variety was developed by the Nebraska Agricultural Experiment Station. Tests covering its adaptation and resistance to green-bugs have been conducted at the Amarillo Experiment Station at Bushland. It is recommended for the area west of the Carrock and from Lubbock north through the Panhandle.

Kearney had a survival of 97 percent at the Amarillo station in 1951 compared with 59 and 0 for Reno and Cordova, respectively. It is a true winter type barley and will head normally only from fall plantings.

It matures later and grows taller than most other commercial varieties grown on the High Plains. Kearney has outyielded Reno and Ward but in seasons when winter survival is not a factor, less hardy varieties, such as Cordova, may yield more.

The new variety probably will produce less early fall grazing than the upright growing tender varieties but because of its superior winter-hardiness, should be more suitable for winter and spring grazing on the High Plains. Its test weight compares favorably with other varieties.

School Ground Improvements Made; Baptist Revival Beginning Friday

By MISS BETTE LA GRANGE

This week a complete block and four miles high has been completed around the front and west side of the school campus.

This improvement was also needed a long time to protect the ground and to keep flowing mud from accumulating across the entrance ways.

Grass was replanted this spring and should do well with the present weather.

The Don Brown and Ruth Davis families are participating in the movements of New Mexico and Colorado.

Mr. and Mrs. Duane Carter and children of Yvonne were guests of her parents, Mr. and Mrs. Perry Vaughn, Sunday.

Other guests at the Vaughn home were Mrs. Maud Bennett and son, T. L. and her daughter, Mrs. Wilma Clayton and family of San Antonio.

NO CLASS PARTY

The school class of the Baptist church met with Mrs. W. L. Kirt Thursday afternoon for a class party.

Mrs. E. O. Brown is president of the class and Mrs. Alvin Turner is secretary. Questions and answers of the Bible was the entertainment feature.

Prayer was offered for the revival meeting to begin at the church this week.

Rev. Brown and members were present at the home of R. E. Morgan on O Street. Mrs. L. C. Morgan, R. E. Morgan, E. J. Thompson, E. E. Stewart, E. E. Korman, E. E. Thompson, W. E. Miller, E. E. Miller, E. E. Pennington, and two guests, Mrs. Martha Stewart of Lake Jackson, and Mrs. B. G. Stalder, Jettfield.

REVIVAL BEGINS

The revival begins at the Baptist church Friday, August 6 and will continue through the 14th.

Dr. B. T. Maxwell of Wayland College, Plainfield will deliver the services and Dr. Arthur, a minister at the college will lead the singing. Revival will be on radio daily.

Rev. and Mrs. Edna Wynn of Lake and Ferry returned from Washington, D. C., Friday where they attended the Texas and Country Commission Conference at the Madison square.

The Courage of Conviction

By TOMMY WILLIAMS, Minister

"Nevertheless among 14 chief rulers all so believed on him, but because of the Pharisees they did not confess him, lest they should be put out of the synagogue" (John 12:43).

The passage of scripture above presents an all too common failing of men—the failure to stand firmly by convictions in a time of strain.

Pilate was convinced that Jesus was innocent of the charges brought against him by the Jews, but because of the pressure of the multitude, he gave the sentence of crucifixion. He could wash his hands all he wished, but he could not erase the fact that he had weakly contributed to a breach of justice.

Perhaps these examples occurred because of the lack of deep, strong convictions, sometimes a very good set

of values can be set up, but they are only tentative. They are to be followed if it is not too hard to do it. Sometimes a little "arm twisting" can cause the person to change that set of values and lower the standard. Temptations may be refused at first, but the door is not shut behind them. There is a lingering invitation for them to return and try again to enter.

True, there is another extreme. We certainly do not wish to encourage a dogmatic insistence on private opinion which disregards the rights of others to think, but we most surely do need deep, solid convictions about the vital issues of life, and the courage to stand unwavering by them.

LYMAN'S
RECIPE OF THE WEEK
 By Mary Lee Taylor
Top-Stove Ham Scallop
 1 Tablespoon butter 2 Tablespoons flaky or margarine
 1 Tablespoon brown sugar
 1-lb. slice ham, 1/2 in. thick (ready-to-eat kind)
 1/2 cup water
 1 can cream of celery soup
 1/2 teaspoon salt
 3 cups thinly sliced, peeled potatoes
 1 cup sliced, raw carrots
 1/2 cup Pea Evaporated Milk
 Heat butter and brown sugar in a heavy 10-in. skillet until butter melts. Add ham and brown on both sides. Remove ham from skillet and keep warm. Mix in the same skillet the water, soup, onion, salt and pepper. Add potatoes and carrots. Cover, and cook over low heat, turning now and then until vegetables are tender, or about 25 min. Pour milk over top of vegetables. Cut ham into serving pieces and put on top of vegetables. Cover and heat until steaming hot, about 5 min., but do not boil. Serve hot from the skillet. Makes 4 servings.

Because Buick sales are soaring past all records—

We're declaring a profit-sharing bonus for you

1. You Profit on the Trade-In Deal —with the biggest allowances in our history.

2. You Profit on the Buy You Make —because in Buick you get the thrill of the year—in style, power, performance, value.

3. You Profit on the Resale —because a Buick always resells high—brings you more money when you trade it in.

This Big Buick SPECIAL 2-Door, 6-Passenger Sedan, Model 48 (illustrated) delivers locally for less than some models of the smaller cars. And the price drops a lot lower with the whopping big allowance we'll make on your present car!

THIS we've never seen before —a sales year that's shattering every record in the Buick book —a soaring success far greater than the one that moved Buick so solidly into the Big 3 of America's best sellers. So we're going to share profits with you—by stretching our regular big trade-in allowances to practically our break-even point. That means you can now buy the most wanted Buick ever built—for less than ever before. That means you can have Buick

style distinction and prestige— Buick room and comfort— Buick size and solidity—for plenty dollars less on the profit-sharing deals we're making now. And that means you can have, at a terrific buy, the hottest-action Buick in history—with walloping V8 power raised to new highs, and with the spectacular performance of Variable Pitch Dynaflow* — world's first and only transmission using the switch-pitch principle of the modern plane's propeller. Come in today — tomorrow, for

sure — and see for yourself that you can now make the biggest buy of the year on the car that's far and away the thrill of the year. *Variable Pitch Dynaflow is the only Dynaflow Buick build today. It is standard on ROADMASTER, optional at model extra cost on other Series.

Thrill of the year is Buick— Biggest-selling Buick in History! (So we're trading high, wide—and then some!)

MR. and MRS. A. L. FRAZIER—1955 (Scott Photo)

Mr. and Mrs. A. L. Frazier Of Sudan Celebrate Their Golden Anniversary

WHITTARAL (Special)—Friends and relatives called at the home of Mr. and Mrs. A. L. Frazier Sunday afternoon to extend congratulations and best wishes to the couple for the occasion of their golden wedding anniversary.

It was a rainy day fifty years ago on July 25, in Montague county, Texas. So rainy, in fact, that Mr. Frazier and Alice, then called Frazier and later Frazier, changed their wedding date which included driving to the Methodist parsonage in Bonita for their marriage ceremony. Instead, they drove to the nearby farm of Brother Boswell, a F. W. Will Baptist preacher, and had him perform the ceremony while they sat in their double buggy.

Arthur, the son of Mr. and Mrs. John Frazier, was born near Cooper, Texas in Delta county and moved with his family when a boy in 1889 to Cooke county.

His father was a wheat maker and farmer, and Arthur helped his father with his trade of wagon making as well as the work on the farm.

Mr. Frazier was born near Hildesheim, Texas and was the youngest of Mr. and Mrs. Billy McCreary. His father was a farmer. The Fraziers grew up in the adjacent counties of Montague and Cooke and have known each other since childhood. He said he has never served him molasses until when he and some other boys were visiting in her home.

The Fraziers had four children and now have ten. The three oldest children, a girl and two boys, died in their childhood.

Described by his wife as a studious man, Mr. Frazier was a school teacher when they married and continued in this profession for nearly five years.

However, he says his career in education as an instructor was abandoned as he really intended to be a lawyer. He began teaching

Miss Jo McShan Becomes Bride of Malvin Lewis Donelson of Lubbock Formal Ceremony Tuesday Evening

MRS. MALVIN LEWIS DONELSON

In an impressive, double ring ceremony, Miss Bobby Jo McShan became the bride of Malvin Lewis Donelson at 8:30 p. m., Tuesday in the First Presbyterian church. The bride is the daughter of Mr. and Mrs. J. B. McShan, 610 East 5th Street, and Mr. and Mrs. Walter Donelson of Lubbock, are parents of the bridegroom.

The Rev. Henry Haupt read the vows before a background of emerald leaves entwined on a wrought iron screen. An inverted V of burning tapers surrounded the embankment which was flanked with baskets of white Florence Nightingale gladioli and Betsy Ross Chrysanthemums.

The traditional wedding marches were played by Bernie Howell, Lubbock organist, who also accompanied Miss Clara Beth Theford when she sang, "Pledging My Love" and Rev. Henry Haupt who sang "The Lord's Prayer."

Given in marriage by her father the bride wore an original gown of white imported French lace, over satin and net, embroidered with sequins and pearls, designed with a small upstanding collar edged with applique of pearl-embroidered lace. The sheer yoke of the fitted lace bodice was outlined with appliques of lace dotted with sequins and pearls. The long sleeves were fashioned with points over the hands. A voluminous waltz-length skirt was made of shirred tulle encircled with wide bands of scalloped lace and outlined with an immense, wide ruffle at the bottom edge. The fullness of tulle, net and satin was emphasized by crinoline worn underneath. The veil of silk illusion was joined to a small Victorian crown of matching lace embroidered with seed pearls. The bride carried a large white orchid surrounded with greenery. Tiny red rosebuds were tied to the long white satin streamers which fell from the arrangement.

Shirley Weatherford of Lubbock was maid of honor. She wore a mint green gown of lace and tulle over net and taffeta, designed with a tiny jacket covering a strapless bodice of shirred tulle held with tiny double ruffles. The immense waltz-length skirt of tulle was fashioned with elaborate panels of lace, applique and outlined with tiny double ruffles.

Sharon Jeffries of Fort Worth and Diane Hall of Littlefield were bridesmaids. Their identical dresses in shades of turquoise and orchid were similar in design to the one worn by the maid of honor, with stoles rather than a jacket.

The attendants carried white lace fans and wore head bands covered with French carnations to match their dresses.

Jim Pettit of Lubbock was best man. Ushers were Ross Cass of Lubbock, Frank Kalana of Lubbock, and Jimmie McShan of Littlefield, brother of the bride. Flower girl was Barbara Quigley, daughter of Mr. and Mrs. Jerry Quigley. David White, son of Mr. and Mrs. George White, was ringbearer. Candlelighters were Patricia Smith and Jimmie McShan.

A reception was held in the home of the bride's parents immediately following the ceremony. The serving table was laid with a white ruffled organza table cloth, centered with pink geranium blossoms. Mrs. Harold Clements served the cake and Mrs. Glenn Smith of Pasadena, Texas, poured.

For a wedding trip to Dallas, the bride chose a navy blue cotton suit with rhinestone trim. She wore a white jeweled hat and white orchid.

The couple will make their home in Dallas, where both will be associated with the Graham Paper Co. Mr. Donelson attended Sweetwater schools and Texas Tech, and has been employed with the Dunlap company in Lubbock. The bride is a graduate of Littlefield high school and Draughton's Business College of Lubbock.

Mrs. Jack Fry Hostess To Party

The Progressive Sunday school class enjoyed a party in Mrs. John Fry's home Thursday afternoon.

Mrs. Tillery read the scripture for the devotional.

Mrs. Conkin, president of the class was in charge of the business session. A social hour was enjoyed.

Narrell-Northam Vows Exchanged In Pecos Ceremony Friday Evening

The First Presbyterian church of Pecos was the scene at 6:30 p. m. Friday of the wedding of Miss Dorcas Davie Narrell, Pecos to Maurice Clifton Northam, Littlefield.

The Rev. Ben E. Gillespie read the double ring ceremony before a setting of baskets of pink, gold, greenery and tall white tapers in seven-branched wrought iron candelabra.

The bride is the daughter of Mr. and Mrs. J. V. Narrell, 1309 East Third Street, and the bridegroom is the son of Mr. and Mrs. D. L. Whitson of Littlefield.

Traditional wedding music was played by Mrs. Frank Kelly, organist. She played "Clair de Lune," "Indian Love Call," "Ah Sweet Mystery of Life" and accompanied Robert Neal Hughes as he sang "Through the Years" and "Because."

Approaching the altar on the arm of her father, the bride wore a waltz-length wedding dress of white ecru embroidered organza lined with white satin, had a low round neckline bound with white satin, and short cape sleeves. Her skirt was full-gathered.

She wore white mitts and a white tiara of Chantilly lace, studded with pearls and rhinestone, which was attached to her finger tip veil. She carried a wedding bouquet of white orchids and stephanotis with ribbon streamers which was attached to the top of a white Bible given her when she graduated from Pecos high school by Mrs. John Lilly, Mrs. R. N. Couch and Mrs. J. A. Drane.

Carrying out the old tradition, the bride wore an old pearl necklace given to her mother by Mrs. Narrell's sister, Mrs. Ursulee Foster, when she was 15 years old. Something new was a lace handkerchief; something borrowed was a pair of pearl earrings belonging to her mother; and something blue was a blue four-leaf clover pin for good luck. The pin was loaned for the occasion by her maid of honor.

Miss Jo Ann Warner, Pecos, served as maid of honor. She was gowned in a waltz-length frock of white organza over taffeta with embroidered roses in pink and blue. She wore a Juliet cap of pink taffeta covered with white lace scattered with pearls, pink mitts and carried a crescent shaped bouquet of pink roses.

Larry Rice of Lubbock served as best man. Ushers were Benny Northam and Arlen Wesley, both of Littlefield; and candlelighters were Gary Pace and Douglas Perkins, both of Littlefield.

For her daughter's wedding, Mrs. Narrell wore a beige cotton afternoon dress with a rhinestone pin at her waistline. Her accessories were black velvet with a black velvet picture hat. Her corsage was of pink roses.

Following the wedding, the bridal couple left for their honeymoon after which they will be at home in Lubbock. For traveling, the bride chose a brown silk tweed dress with lizard accessories and a sea green straw hat. Her corsage was a white orchid.

Out-of-town guests at the wedding included the bride's sister, Mrs. Leroy Greear and her son, Gary Lee, from Odessa; her aunt, Mrs. Clayton Hoff, Carlsbad, New Mexico; Mr. S. F. Brown, Fort Worth; the bridegroom's grandmother, Mrs. R. L. Northam, Lubbock; his sisters, Mrs. Marjorie Greenwood and Miss Sharon Northam, both of Lubbock; Misses Kay Hendricks, Marian Nicholson and Alta Campbell, all of Littlefield; Mr. and Mrs. J. E. Martin, Lubbock; Bill Jones, Littlefield; Mr. and Mrs. E. N. Wells, Mr. and Mrs. Bill Weaver and Mr. and Mrs. Gene Cathrell, all of Olton; and Jerry Anellin and M. E. Northam, both of Lubbock.

Mrs. Northam is a graduate of Pecos high school where she was head cheer leader, junior favorite football duchess for 4 years and was named Miss Cantaloupe for 1953. She attended Texas Technological College, Lubbock, last year when she was a member of the Alpha Omega sorority and was elected president during the last semester.

Mr. Northam a graduate of Littlefield high school was all state football player, all-district football player, sophomore favorite and active in all sports. He will be

Dorcas Class To Entertain Husbands

The members of the Dorcas class of the First Baptist church will entertain their husbands with a lawn party at 8 p. m. Friday, at the home of Mr. and Mrs. Vico Peterson, 420 East 11th.

Rev. Quint Farley, minister of the Parkview Baptist church, will be principal speaker for the evening. Ellen Masengill and Ida Sewell will tell of their trip to the Baptist World Alliance in London.

Hostesses are Messtames W. G. Street, Robert Gollehon, J. H. Downs, J. R. Coen, D. C. Lindlev, C. C. Mauldin, George Ross, J. F. Abernathy and Leonard Gage.

On Sunday evening, July 24, at seven o'clock, Miss Janet Robertson became the bride of Don Watson in the home of Mr. and Mrs. Leon Sherrill, route one, Amherst.

The bride is the daughter of Mr. and Mrs. W. D. Roberson, and the bridegroom is the son of Mr. and Mrs. S. B. Sherrill.

The bride wore a white, street-length dress and white accessories. She carried a white Bible topped with white carnations tied with pink and white ribbon.

Rev. Montgomery, former pastor of the Rocky Ford Baptist church, performed the ceremony before an embankment of greenery surrounded by baskets of white carnations and candelabra holding white tapers. Candlelighters were Mrs. David Watson and Mrs. Leon Sherrill, sisters-in-law of the groom. An organ arrangement of "I Love You Truly" was softly played in the background throughout the ceremony.

Martha Sherrill, sister of the bridegroom, was the bride's only attendant. David Watson served his brother as best man.

A reception was held in the Sherrill home immediately following the ceremony. Mrs. David Watson presided over the serving table which was centered with a five-tiered pink and white wedding cake.

Following a wedding trip to Colorado Springs, Colo., the couple will be at home in Hereford, where Mr. Watson is employed by the Ware Pump Co.

Out-of-town relatives attending the wedding were Mr. and Mrs. W. D. Roberson, parents of the bride; Mr. and Mrs. Arthur Roberson of Arkansas; Mr. and Mrs. David Watson and daughter, Teresa of Hereford; Mr. and Mrs. Billy Griffin and daughter, Penny, of Plainview.

Rotarians Meets VFW Today At 5:30

Tuesday's Game Rained Out

The Little League baseball game between the VFW and the Rotary scheduled for Tuesday night was rained out and will be played this afternoon at 5:30 p. m.

Rotary Edges Fighting S & B Team 13-8

The fighting Smith and Badger team came to life for three innings Monday night and fought the heavily favored Rotary team on even terms for five innings before dropping a 13-8 contest which was much closer than the score indicates.

Roy Gene Edwards pitched good ball for four innings before being forced to leave the game with a sore arm. He was replaced by Billy Bangston who gave up three hits and five runs in the final two frames. Bobby Dow started for the Rotarians and lasted only two innings before Eugene Reeves came in to put out the fire and pitch the Rotarians to victory. Reeves picked up his third win of the season against one loss while Edwards was credited with the loss to make his record read 1 win, 4 losses.

Paul Keeling started off the first inning for the Rotary by striking out and Shelly Duval got on first through an error. Eugene Reeves drove in Duval with a double. Bobby Dow grounded out to score Reeves and Lonnie Cape got on with a single. Doyle Reeves then struck out to retire the Rotarians. Smith and Badger got off to a good start in the bottom of the second when Gary Lightfoot lead off with a single and Ulen Kenemer walked. Roy Edwards drove in Lightfoot with a single and went to second on a bunt throw to home as Kenemer came in to score. Billy Bangston struck out and Timmlan grounded out and Edwards scored. Phillip Sellers got on an error, but was forced out at second on Frank Sifton's grounder to the short stop. The score after the first inning was Smith and Badger 3, Rotary 2.

The Rotary was up-and-down in order in the top of the second. Jimmy Glover grounded out and Paul Sheppard and Larry Elder struck out. Roger Sellers walked to start things off for Smith and Badger. Ronnie Lightfoot got a hit to drive Sellers to third. Gary Lightfoot drove Sellers in on a single but himself was thrown out at second. Ulen Kenemer got a hit and the Rotarians got a double

play as third baseman, Joe Paul Sheppard caught Roy Edwards' fly and stepped on third to get Lightfoot who had taken off for home. The score after two innings was Smith and Badger 4, Rotary 2.

Paul Keeling and Shelly Duval both grounded out and Eugene Reeves walked. Bobby Dow then flew out to make it three outs. Billy Bangston got a hit to start the bottom of the third and Vernon Timmlan was a hit batsman to put two on and no outs. Eugene Reeves came in to relieve Dow and got Phillip Sellers and Frank Sifton out before Bangston came in to score on a pass ball. Roger Sellers then struck out to end the third.

The Rotary finally came to life in the top of the fourth, as ten men came to bat, getting a total of 6 runs, 4 hits and 3 walks to go into the lead 8-5. Ronnie Lightfoot struck out for the Rotary, but his big brother got up and knocked a three base hit that he stretched into a home run when a bad throw came in to the catcher from right field. Ulen Kenemer struck out and Roy Edwards got an inside-the-park home run. Billy Bangston struck out to end the fourth and the score was 8-7 with the Rotary out in front.

Bangston got the first two men out to face him. Doyle Reeves and Jimmy Glover, before Sheppard got on on an error. He then struck out Larry Elder to retire the Rotarians. Vernon Timmlan was hit with a pitched ball to put the tying run on base in the bottom of the fifth. Reeves struck out Phillip Sellers, Frank Sifton and Roger Sellers to leave Timmlan on third and retire the S&B bats.

Nine more men batted for the Rotarians in the top of the sixth as they got five more runs to lead the game. Glover, Sheppard and Elder got two hits, and Pierce and Shelly Duval walked. Robert Williamson struck out to start the bottom of the sixth and Gary Lightfoot got a single. Ulen Kenemer struck out but Lightfoot scored later on wild pitch but Reeves struck out Roy Edwards to end the game.

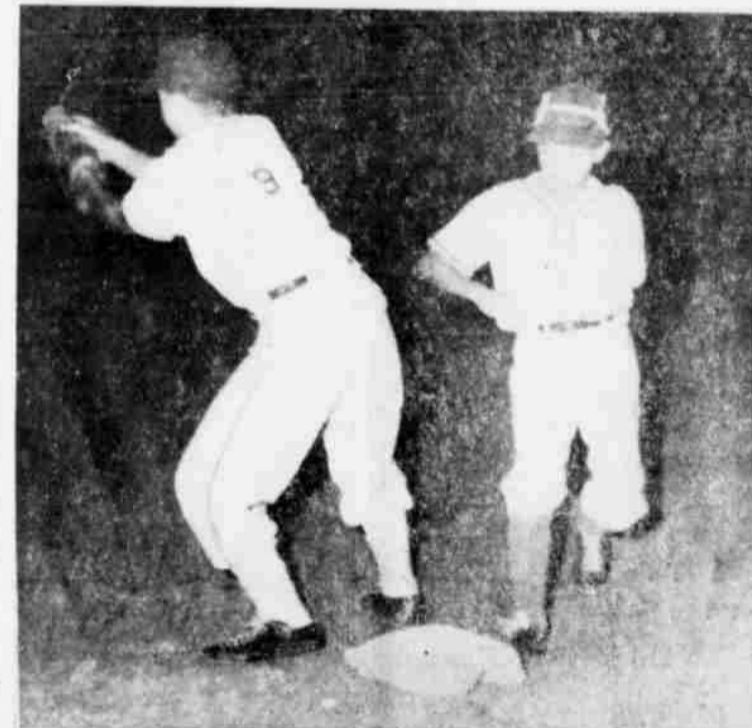

Gary Lightfoot and Roy Edwards were the hitting stars for the Smith and Badger team as they scored five runs between them. Joe Paul Sheppard was the only Rotarian to get more than one hit.

Final Score:
Rotary 13
Smith and Badger 8
Winning pitcher, Eugene Reeves (3-1)
Losing pitcher, Roy Edwards (1-5)

Dan Howard, Jimmy Hadaway To Play for West All-Stars

CHILDRESS — Football fans from throughout the State are looking forward to August 12, when they'll see Dan Howard of Littlefield and Jimmy Hadaway of Springlake perform for the West team in the Sixth Annual Greenbelt Bowl Football Game.

The All-Star grid affair will get underway at 8:30 o'clock on Friday, August 12, in the Fair Park Stadium in Childress. Pregame, halftime and post-game activities are also slated during the evening.

Heading up this year's two squads as coaches will be Frank Kimbrough and Clark Jamigan of West Texas State College for the

West and Garvin Beauchamp and Oliver Jackson of Abilene Christian College for the East.

Trainers will be Elmer and Delmer Brown, with Lynn Mink and Doc Shaw serving as team managers.

Both teams rate plenty of all-district, all-area and all-state stars again this year, assuring area football fans of a top-notch battle from start to finish.

"The teams seem to stack up pretty even for the 1955 classic, which is just what we strive for in selecting players," said Games

General Chairman Vernon Eubank. "Neither team should be a prohibitive favorite on game

WOW Beats Earth Stars 6-4 Monday

The WOW team of the Littlefield Little League beat the Earth All-Stars Monday afternoon by the score of 6-4 with Max Ball picking up the win for the locals and Jimmy May of the Earth Sun team taking the loss.

Earth got off to an early lead and lead the local 2-0 until the third inning when Littlefield picked up four runs and 2 more in the fourth to win the game. Earth got 2 more runs in the top of the sixth.

Jerry Koller pitched the first two innings before Ball came into relieve him. This is the second time this year that Ball has defeated Earth and he also holds a win over Amherst which the WOW beat 26-0 last week. Earth and Littlefield have played each other four times this season, with Littlefield winning three of the contests.

Twenty years ago the Southwest Conference launched its golden era of football. In five years it had three national championships. Never before or since has the league managed a national title although it has had teams capable of it. The main trouble came from competition inside the conference.

The Greenbelt game, sponsored by the Childress Quarterback Club includes only players who finished their high school eligibility at the end of the 1954 season. The selected players will arrive here on Sunday, August 7, and will work out for four days prior to the actual tilt.

This year's teams include:
EAST
Ends—Charles Richardson, Quanah; Twyman G. Ash, Abilene; Robert Nickerson, Seymour.
Tackles—Gary Bean, Burk Burnett; Miller D. Glass, Vernon; Jerry Cramer, Breckenridge; Don Smith, Crowell.

Guards—Buddy Burt, Childress; Dan Jackson, Wichita Falls; Earnest Davis, Stamford; Harold Goodson, Childress.
Centers—Don Dandy, Brownwood; Bob Harrison, Stamford; Gerald Cumpton, Graham.
Quarterbacks—Bobby Powell, Amarillo; H. P. Hawkins, Abilene.
Halfbacks—Jim Watson, Graham; Layton Maves, Quanah; Jake Sandefer, Breckenridge; and Gordon Graves, Crowell.
Fullbacks—Junior Beall, Seymour; Clyde Kinn, Wichita Falls; John Crews, Childress.

WEST
Ends—Don Smith, Phillips; Carroll L. Gardenshire, Memphis; Tom Sims, Childress; Bill Culpepper, Pampa.
Tackles—Stan Vickers, Floydada; Bill Hines, Miami; Bill Veshlag, Childress; Bill Berry, Sherman.
Guards—James H. Freeman, Memphis; Jerry Epps, Amarillo; James Jolley, McLean; and Jack Pritchard, Stinnett.

Centers—Jack Henry, Floydada; Frank H. Jones, Wellington; Arlie Parkhurst, Colorado City.
Halfbacks—Doyle Walker, Estelline; Jack Powell, Paducah; R. A. Burgess, Canyon; Jimmy Hadaway, Springlake.
Fullbacks—Harold Lewis, Pampa; Pat Tipps, Canadian.
Quarterbacks—Johnny Baskin, Borzer; Dan Howard, Littlefield; Hal Sandefur, Paducah.

In 1935 the conference had the nation's No. 1 and No. 2 teams. Southern Methodist was unbeaten in 12-game schedule, Texas Christian lost only to Southern Methodist. That was the year the Conference had its first and only team in the Rose Bowl—Southern Methodist. SMU lost there but it was after the season was over and the Methodists already had been acclaimed national champions.

These teams were able to play a season without defeat or tie. Since then the conference has had a number of teams that won all their games except inside the conference. Among them were Texas and Texas A&M of 1940 and 1941, Southern Methodist and Texas of 1947 and others. Which just gives you an idea of how strong the Southwest Conference has become.

Now what of 1955 as another era could be starting? The conference has the teams and it has the schedule to produce a national champion to begin the 20-year cycle. Critics think the league has its six strongest outfits in a long time, perhaps for all time. It's pretty certain that if one of them can emerge undefeated it'll be considered the No. 1 team in the nation.

The six great outfits are Southern Methodist, Baylor, Rice, Texas, Arkansas and Texas Christian. Texas A&M should have a good team but is too sophomoreish to figure among the leading eleven. For instance, the Aggies play such worthless as UCLA, the nation's best team last year; Louisiana State and Nebraska before jumping into the conference race.

Southern Methodist, which probably will be the general favorite to take the conference crown has the toughest schedule imaginable: Notre Dame, Georgia Tech and Missouri to open the season. Baylor plays Maryland, always a top contender, but the remainder of its nonconference schedule isn't too tough.

Rice has a rugged card. It may be rougher than even SMU except that the Owls get all of their foes at home but one. They play Alabama, Louisiana State and Clemson in Houston, meet Kentucky away.
Texas Christian has a schedule that could protect it into the national limelight—Kansas, Texas Tech, Alabama and Miami.
Texas has another terrific card tougher than even Baylor. The Longhorns play Texas Tech, Tulane, Southern California and

Oklahoma. That opener against the home folks. The Southwest Conference is so closely knit. Texas Tech might well run the Longhorn season in a hurry. There are 28 jettisoners at the big college in West Texas. The Red Raiders are loaded.
But winning all the interconference games is just part of the problem in being crowned national champion. The strongest competition many times comes from the thirties.

Two Arrested For Liquor Violation By County Officers

County sheriff's officers arrested two men over the weekend, both involved in violation of the liquor laws.

Freddie Ziesel was arrested Saturday with what officers described as "a carload" of liquor. Ziesel is presently on a \$1,000 bond.

Clarence "Pete" Obata was also arrested and charged with possession of liquor for sale purposes. He posted \$1,000 bond also, and was released.

THE GREAT PLAINS LIFE INSURANCE COMPANY

HOME OFFICE—LUBBOCK

In planning the establishment of a branch office in Littlefield to better service our many policyowners and stockholders in this vicinity.

We are interested in interviewing men who might want to enter the life insurance business on a full time basis.

Men, who are between thirty and fifty years of age, who have been residents of the county at least three years, and of unquestionable moral character, only need apply for interview.

The Great Plains Life Insurance Company has one of the best training programs in existence and one that is continuous. Our financing plan for establishing men as career life underwriters is new but has already proved successful in practice.

Drop us a line requesting an interview that might be the opportunity of your lifetime.

Truck Collision On Amherst Highway Wednesday Morn

Two trucks collided at 11:15 a. m., Wednesday on the Amherst highway in the city limits of Littlefield. The accident happened in front of the wrestling arena.

Driver of a late model pickup truck was W. W. Isbell of Littlefield. His truck suffered considerable damage to the right front fender and radiator.

The other driver was in a heavy truck a d trailer which sustained little or no damage. He was N. L. Walling of Sloan.

City police investigated the accident.

In 318 relief programs last year, the American Red Cross gave emergency help to 62,000 families and long-term aid to 7,100 families.

Albert Miller Is Named To Board WTCC

C. A. Miller, manager, J. C. Penney Company, has been named director of the West Texas Chamber of Commerce representing Littlefield.

The announcement was made by Ray Grisham, president of the Regional chamber which serves 132 West Texas counties.

Grisham, who was elected in March at the WTCC's 37th annual meeting, said that organization of the executive board will be effected following directors meetings in each of the chambers ten districts.

The directors, WTCC officers, and the president of the Chamber of Commerce Managers Association of West Texas constitute the

general board of directors. The executive board, which acts for the general board between regular board meetings each quarter, is composed of the officers, five directors-at-large appointed by the president, ten district vice presidents elected by directors within their respective districts, and the immediate past president of the WTCC.

COLOR CONFUSION

PHILADELPHIA — Those bright new colors on 1955 automobiles are pretty, but at least one Philadelphia woman thinks they're also confusing. She wanted a taxicab, hailed a brightly painted car at an intersection and began tugging at the rear door handle. "Please, lady," said the driver. "This is my car, my own private car. It's not a cab."

The Colorado River washes half a million tons of silt into Lake Mead every day.

SECURITY... ...One of Our Freedoms

July is our Nation's most important month, July 4th its most important day. The Declaration of Independence provided us freedom from oppression, freedom of worship, freedom for individual opportunity. It also gave us the opportunity for financial security—freedom from want.

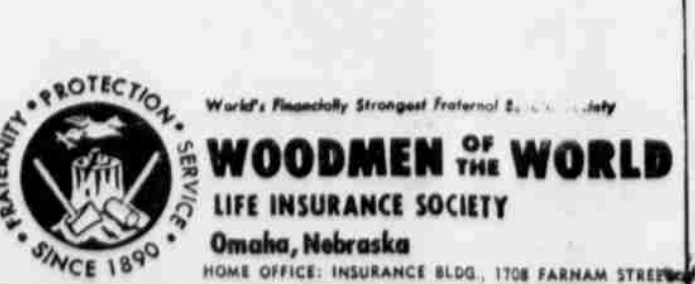

Nowhere is there greater opportunity for security—saving from today's earnings for future needs and independence.

Nowhere else can one build stronger financial security than that provided Woodmen members at cost. And with their safe, sound, legal reserve Woodmen life insurance, Woodmen also derive many valuable life-long benefits from Woodcraft's fraternal and social activities.

Ask a representative listed below how you can build security for yourself and your family with Woodmen life insurance and enjoy Woodcraft's many "plus" benefits.

Leader's European Correspondent Tells of Big Four Summit Conference

By MARILYN GUPTON

Having decided to leave Switzerland, because it is a very expensive country for five students struggling to stretch an already strained budget over a three month stay in Europe, we were on our way to Austria. In spite of being discouraged by a report of the Conference by a UP correspondent in Zurich, we changed our plans to include it. This new plan required crossing a long stretch of the Swiss Alps in order to reach Geneva by Tuesday, the second day of the Conference. I began to realize I was actually nearing the vicinity of the Conference when we could see the heavily armed, expressionless guards posted on every road crossing the main Geneva-Lausanne highway. One or perhaps two and three guards were stationed at each road thirty kilometers (approximately 20 miles) from the Big Four's meeting.

Immediately upon our arrival in Geneva, we contacted the foreign editor of the Journal de Geneve, Bernard A. Beguin, who directed us to the accreditation department of the press. There we learned that we must have credentials or letters of accreditation from newspapers that would be approved by the security department of the Conference. I quickly sent a wire to Mr. Forbes to obtain my accreditations while the other four sent their DAILY TEXAN press cards through, hoping a student press card would be sufficient. The importance of these accreditations were realized when we were refused entrance into the Palais de la Nations in order to see the Big Four that afternoon. The TEXAN press cards were sufficient, however, to allow us to have temporary passes into the Maison de la Presse—headquarters for all Conference press activities. I had to borrow a "one-used" press card from Carol, hoping desperately that it would not be checked too closely. It was sufficient for the time being, and I breathed a long sigh of relief as I walked into the large grey building.

Press conferences for French, Russian, British, and American correspondents are held in various rooms throughout Maison de la Presse immediately following the Prime Ministers' meetings, and the heads of governments' meetings, which are held in the mornings. The French and Soviet Union press conferences are translated into English on the spot, so we have been able to split up and later compare notes on the information released.

The five of us are not here to attempt "on the spot" reporting, but I, for one, am very interested and excited about the opportunity of seeing the masses of newsmen, TV and movie cameramen, and radio correspondents from all parts of the world. One question that we have all phrased is: "Are there any other students here?" At this point we have found only one other student—and eighteen year old boy from Germany, representing his school newspaper. He stands out among the other very professional representatives dressed very simply in hiking shorts. In a brief interview, we learned that he had hitch-hiked to Geneva. For him, the experience of attending this conference will be invaluable for future work in foreign service, which he is considering at present.

Our decision to attend the Geneva Conference was made without the hope of actually getting in as press correspondents. We fully expected to be on the outside looking in. The slim risk of just looking in on the Big Four Conference was enough to send us

from almost one corner of Switzerland to the other, and I feel sure that none of us will regret following the seemingly wild impulse that lead us to Geneva.

Mike Joplin, son of Mr. and Mrs. Arbie Joplin, and Garland Thornton, son of Mr. and Mrs. Wylie Thornton, returned Wednesday from Wallace, Idaho, where they have been employed with the blister rust control service.

Garland entered the second summer term at Tech this week.

Mary Jane Coen will return today from a 10-day visit to Mexico City.

Yellowhouse HD Club Meet A. F. Wedel Home Thursday

By MRS. J. B. HAIR

The Yellowhouse Home Demonstration club met July 19, at the home of Mrs. A. F. Wedel. For recreation all members told "The Happiest Time of My Life." Roll call was answered by "A Change I Would Make in My Life. If I Could Live It Over."

Plans were completed on visiting points of interest in Lubbock for the club's annual picnic. Mrs. Hazel Hickman gave a demonstration on "Signs of Life and Health," stressing certain signs that we should obey going thru life—as though we were driving a car down a highway, such as "Slow, Stop, Look and Listen." "Stay on your side of dotted line."

Bessie Elder furnished punch, potato chips and nuts, to the following: Tom Ham, H. A. Vick, J. B. Haire, Maud Fred Duffey, Lloyd Hickman and one Mrs. Jean Duffey from Lubbock, hostess, Mrs. A. F. Wedel. The next regular meeting will be September 6 at the home of Mrs. Phillip Short.

State Auditors Report
 Auditor C. H. Cabness suggested last
 that Texas use part of its oil and gas
 from public lands for current school
 needs.

ing this money, Cavness said, could
 strain on the state's general fund,
 possibly reduce taxes.

conflicts, he said, with the present plan
 increase University income by easing re-
 strictions on investment of the permanent
 fund.

A constitutional amendment, approved by
 recent Legislature and awaiting vote of
 people, would allow University officials
 invest up to 50 per cent of the fund in cor-
 porate stocks. At present all investments
 are in low-interest-bearing government
 securities.

Highway Bids Taken
 Low bids totaling \$14,197,575 on road and
 bridge projects were tabulated by the State
 Highway Department last week.

Two major highway improvements—on US
 east of Big Spring and on US 83 north of
 Comstock—were included in the 402 miles
 of road work.

A contract was let to build a bridge in
 Texas across the Trinity River. It will eventually
 connect with the Dallas-Fort Worth
 highway.

Parr Documents Sought
 Attorneys for George Parr have asked to
 inspect 89 checks and other documents the
 government will use in its income tax evasion
 case against the South Texas political boss.

Prosecuting attorneys protested, arguing
 that the defense was trying to find out what
 evidence the government would intro-
 duce.

Federal Judge Ben H. Rice, Jr. took the
 case under advisement. Trial is set for
 Sept. 6 in Austin.

Morrow Shutdown Expected
 Wright Morrow's party status was to be
 determined.

GLEANINGS . . . From Nearby Newspapers

A good editor is one who has never made a mistake; who has never offended anyone; who is always right; who can ride two horses at the same time; he is straddling a fence with both ears on the ground; who always says the right thing at the right time; who always picks the right horse as well as the right politician to win; who never has to apologize; who has no enemies and who has worlds of prestige with all classes, creeds, and races.

There has never been a good editor!
 —Anton News.

Real estate taxes on Texas farms and ranches rose in 1954 for the eighth straight year. The average tax per acre for the state in 1954 was 28.8 cents compared with 27.9 cents in 1953 and 17.3 cents an acre in 1946.
 —Floyd County Hesperian.

SEGREGATION—

Is no problem with Van and Lou Herring and the people who eat at their cafe out on the highway think nothing of the fact that the owners and operators are Negroes. I do not know whether they have any colored people stopping for service, but I have seen none. Their white friends usually have all the tables filled anyway. And the reason they go there is because Van and Lou Ella's culinary fame is well established hereabouts. All this talk and fuss about segregation never seems to bother them. Perhaps there is some kind of good object lesson there.
 —San Marcos Record.

DETERMINED BY THE STATE DEMOCRATIC EXECUTIVE COMMITTEE IN AUSTIN ON TUESDAY.

Gov. Allan Shivers recently indicated he thought the Texas national committeeman should resign to promote party unity. Morrow has been unacceptable to national party leaders since his support of Eisenhower in 1952.

Committee members also were to lay plans for control of 1956 precinct, county and state conventions.

Opposing plans for convention control were made by the Loyalist wing of the party at an earlier meeting in San Antonio.

Oil Allowable Unchanged

Texas crude oil allowable for August will be on the same pattern as for July.

At a statewide prorotation hearing last week the Railroad Commission ordered the present 15-day production schedule continued.

Under that formula, permissive flow on July 16 was 3,028,324 barrels daily. Some August increase would result from allowable grants for new discoveries.

Segregation Ruling Studied

Atty. Gen. John Ben Shepperd last week withheld comment on an El Paso district judge's ruling that Texas school segregation laws are unconstitutional.

He would have to make a detailed study of the decision first, Shepperd said.

Judgment resulted from a Negro girl's suit for entrance to Texas Western College. University of Texas regents had two weeks previously voted to admit Negroes there.

Board of Regents Chairman Thomas Sealy said he thought the judge's ruling was moot. However, he said he believed any effort by Negro undergraduates to enroll immediately in the main University could and would be successfully resisted.

Integration Impact Felt

Desegregation has rubbed our growth plans for at least one Texas Negro College.

Prospect of competition with the University of Texas had that impact last week on Houston-Tillotson College in Austin.

"A first class small college" of 500 to 600 students, rather than an increase to 1,000 to 1,200 students, is the current goal, the president announced.

Crop Acreage Drops

Total acreage of Texas crops has dropped five per cent, or 1,200,000 acres, from last year, according to the US Department of Agriculture.

Allotment restrictions on wheat, cotton and rice plus abandonment of planted wheat acreage account for the decrease.

Partially offsetting this is the record sorghum acreage.

Patrol Extends Deadline

Deadline for highway patrol job applications has been extended from July 25 to Aug. 1.

One hundred new officers are to be hired by the patrol. Funds were provided by the last legislature by raising drivers license fees.

SHORT SNORTS—John Sealy Hospital at the University of Texas Medical Branch at Galveston will begin Sept. 1 charging \$3 a day for indigent patients, \$1.50 more per day for pay patients. Cause was laid to low legislative appropriations.

GIVING HIM A ROUGH TIME

MEDICAL COMPLAINT DEPT.

BANDUNG, Indonesia—From now on, the doctors in Western Java are going to get an earful. The Priangan Doctors Assn. has just opened an office where patients can lodge complaints about their medical treatment or their bills. The idea, the association said, "is to smooth relations between doctors and patients."

SPECIAL REASON

ST. IGNACE, Mich.—Perival (Whitey) Adams, straw boss of crews weaving steel into a 100 million dollar bridge across the Straits of Mackinac, has a special reason for hoping his record of "never having lost a man" holds on this job. One of Whitey's crewmen is his 19-year-old son, an engineering student on vacation from college.

Through A Glass Darkly

By CARROLL POUNCEY

Whew! It appears that the heat is off for the moment at least, and we can come back to town. Sure am glad they caught that child molester. The KOGHE has frequently been accused of being delinquent, but it's been a long time since the appellation juvenile was applied to the kindly old grey head.

While we were on the lam . . . excuse me, I mean on vacation we spent some time as the guest of some of New Mexico's most wanted, er, pardon me, honored men.

Oh, yes, we stayed awhile with our old friend Gomer Cool. Who else?

Gomer was busy trading trinkets with the Indians in exchange for secrets of how to skin a tourist. Doing a first rate job of it too. Complete with two per cent state sales tax on all costume jewelry made by the Indian tribes in Hoboken, New Jersey.

Among all the bills in the mailbox when we got back were two copies of the paper the KOGHE didn't help produce. We notice some talk about organizing an auxiliary police force to aid the regular cops. This seems like a good idea, providing a certain amount of caution is exercised in selecting the men

who will serve on the auxiliary force. Next to a wild youngster in the dark, we can think of nothing more dangerous than a trigger-happy citizen armed with a gun and sanction to shoot at any moving shadow and ask questions or notify the widow later.

We do believe that the local police need some assistance in patrolling the streets in view of the growing number of kids who stay out till all hours of the night and morning. If their parents won't make them stay home where they belong, then some other parents should, for the peace and peace of mind of tax-paying citizens.

Many larger cities than Littlefield have found that auxiliary police patrols are the only answer to maintaining peace where funds for regular police are limited, such as they are here.

We do not think the city would have any great difficulty in enlisting the volunteer aid of a sufficient number of mentally adult adults to staff such a volunteer force.

And if it cuts down on some of the things that have been going on in the past two weeks, it would certainly be well worth the time the volunteers spent doing it.

And now, a word of thanks to Uncle Howard Horne for pinch-hitting here for us. We are grateful to that venerable ancient, and feel that he is spending his declining years in doing good works that shine like a ray of sunshine in a naughty world.

FIND OUT HOW MUCH MORE THE BIG, 188-HP MERCURY GIVES YOU FOR YOUR MONEY

Enjoy all these big-car, fine-car features for less than the deluxe models of the "low-price" 3*

- 1. BIG SIZE—BIG WEIGHT.** Mercurys are bigger all over than cars in the low-price field. Bigger in length . . . bigger in width . . . bigger in wheel base. The Mercury Monterey shown weighs close to 3700 pounds . . . gives you big-car stability on the road.
- 2. SUPER-TORQUE POWER.** Mercurys have more power than ever—188 hp in Customs and Montereys; 198 hp in Montclairs. More important, is the new way this power is put to work in the everyday driving ranges—for smoother, effortless getaways . . . safer passing.
- 3. EXCLUSIVE STYLING.** Mercury's beauty is fresh, distinctive—shared by no other car on the road. Lines are clean, smooth as silk. Use of chrome and color is simple, beautiful, in good taste. Mercury's standout styling is available in all 11 models in 3 series.
- 4. ULTRA-SMART AND LUXURIOUS INTERIORS.** Two-tone interior color combinations are available in every model. So are specially designed fabrics and patterns—instead of ordinary upholstery. So beautiful you'll want to leave the door open!
- 5. 4-BARREL VACUUM CARBURETOR** is standard on every model at no extra cost. You enjoy 2-barrel economy for normal driving, 4-barrel pickup for getaways and passing. Unique anti-fouling high-compression spark plugs help provide top performance in all speed ranges.
- 6. AND YOU SAVE ON FUTURE RESALE VALUE.** Mercury consistently leads its class in high resale value, according to independent reports. You protect your investment—can expect to get back more of the original purchase price when you trade again.

Claude Russell Gives Credit To Clover for Dryland Buildup

By ANNE ARBUTT

Claude Russell, of the Lamb County Community, has named the clover as the best crop for the dryland farmer. He said that the clover is the best crop for the dryland farmer because it is the most hardy and it is the most productive.

He has utilized the assistance of the Soil Conservation Service to determine the best crop for the dryland farmer.

Claude is a dryland farmer and has a long experience in the dryland farming business. He has been a member of the Lamb County Soil Conservation Service since October, 1953.

Allis-Chalmers Gleaner SAVES MORE GRAIN

Look Into The Heart of the Combine and Learn Why

Gleaner's direct feed process is the secret of the big capacity, made possible by longer straw travel. The straw feeds directly from the auger to the feeder, beater and cylinder. The grain separation begins here. The position of the cylinder far to the front of the machine, gives extra grain travel length, greater separation length. There are no superfluous conveyors or canvasses where straw merely travels without separation taking place. The Gleaner Baldwin solid bottom concave gives less change for trouble. No clogging from woody conditions making the concave inoperative.

Texas Farmers Expected to Reap Huge Crop of Grain Replacing Lost Cotton

The 1955 crop report points out the false idea of selective acreage controls. Acreage forced out of one crop pops up in another to create a new surplus.

Cotton and wheat cuts have gone into soybeans, grain sorghums, hay and other products, discourage planting. The farmer plants to make up his losses in price.

Here are the details of the bumper 1955 harvest expected in the nation:

FEED grain supply will be the highest in history.

CORN crop forecast is almost 3.5 billion bushels, 15 per cent above 1954—coming from a new record yield of 42.7 bu. per acre despite acreage cuts.

OATS supply looks like a record 1.8 billion bu.—slightly higher than last year. Carryover is about 325 million bu., also the highest.

BARLEY will be about 524 million bu., about 75 million more than last year. Carryover is estimated at a record 140 million bushels.

GRAIN SORGHUM in Texas will approach and probably break records but production is not yet estimated. The same should hold true for the nation. Acreage is about 23 million, putting production estimates unofficially above the record 233 million.

WHEAT supply is estimated at 1.850 billion bu., about 30 million more than last year's record. Carryover next July may be around 955 million bushels with no book in sight on the surplus supply situation.

SOYBEAN crop is not estimated yet but unofficially it looks like a record of 850 million bu. or more based on 1954's near-average yield. 1955 crop is forecast at 27.2 million bu., 15 per cent more than last year.

FLAXSEED is estimated at 42.2 million bu., up 4 per cent from a year ago.

PEANUTS are planted on 3 million acres, 5 per cent above 1954's 1.9 million.

HAY is forecast at a record million tons. Alfalfa and its mixtures also is at an all-time high of 53 million tons.

RICE crop of 42.2 million 100 lb bags is expected 1 million less than 1954. In Texas however, a record crop is anticipated but a breakdown is unavailable. The increase in production comes in spite of acreage cutbacks.

AROUND the COUNTY...

By MICKEY STEPHENS
A bill has been introduced in Congress to cut the trend cotton acreage to West Texas. Lamb county got 15,800 acres of cotton in 1955 under the present ruling. Under this new bill Lamb county will get only 3,700 acres.

It has been agreed in committee that the additional one cent Federal tax for road construction on gasoline be refunded for non-highway use. You should write your congressman immediately on both the cotton trend acres and the Federal gas tax bills. They are important to Lamb county farmers.

Jack Yarbrough, president, attended the quarterly meeting of the Farm Bureau presidents in District II in Lubbock last Thursday.

day, H. L. King from Brownfield the District II director gave a report on the State Board meeting in Waco.

Joe Prater, program chairman for the Spade Farm Bureau, announced today that the next meeting of their group, August 1, will be an ice cream supper.

Prater also said that he hoped to see all of the members and friends present at this meeting.

August 19, don't forget, that is the date for the Lamb County Farm Bureau queen contest to be held in Olton.

Two sisters from Sudan were the first entries in the contest. Mary Lee and Marhana Masten, daughters of Mr. and Mrs. R. L. Masten. All entries should contact the Farm Bureau office in Littlefield.

MORE CALIFORNIA FRUIT

BERKELEY, Calif.—Production of delicious fruits—apples, apricots, cherries, grapes, free-stone peaches, pears and plums—increased 27 per cent in California in the 1949-1953 period compared with 1934-1938. National production meanwhile increased less than 7 per cent. In the post-war period California has accounted for close to 50 per cent of the nation's total commercial tonnage of these fruits.

A Successful European Tour Takes A Lot Of Planning

Mason Rossiter Smith, editor and publisher of the weekly Tribune-Press at Gouverneur, N. Y., and one of the most widely known and widely traveled weekly newspapermen in the United States, is spending 2 1/2 months in western Europe, as the special correspondent of the Littlefield Newspapers and other U. S. and Canadian newspapers. The purpose of the visit is to "have a look" at the western Europe of 1955, against the background of other earlier visits after World War II and to attempt to sketch a series of pictures of western Europe today, from the perspective of the people, their customs, their problems, their outlook on domestic and world affairs.

Mr. Smith is accompanied on his journey by his wife and four children—two boys and two girls: Sarah Jane 21; Mason Everett, 19; Marion, 15 and Frederick, 7—all of whom may be expected to participate in the series of articles appearing regularly in the Littlefield Newspapers during the summer and early fall.

they can be very helpful not only in arranging for passports, working out a budget, planning transportation, hotels, interesting places to visit and so on—but also in making your travel dollar stretch as far as possible.

The point is that you should begin early. If you're thinking of a trip in the summer of 1956, for example, you should start talking it over with your travel agency no later than November and December of 1955, and the earlier the better.

One reason is that travel abroad has increased so widely over recent years that steamer reservations for June, for example, are usually pretty well sold out by the end of December. To a lesser extent, air transportation is also pretty well booked up long weeks and even months ahead.

STEAMER RESERVATIONS
 Hoping to depart soon after school closed in June, 1955, we started planning our trip in November, 1954—and were fortunate to get our steamer reservations for departure on the SS Constitution sailing from New York on June 29th.

We had decided for this new American Export Lines steamer or her equally new and beautiful sister ship, the Independence first of all because we're convinced that U. S. luxury liners are as fine as any afloat. In fact, the American taxpayer makes them possible through government subsidies to maintain a competent well equipped merchant marine competitive with the best foreign lines—with all the later's advantages of lower cost operation.

The summer route of these two ships was attractive, too, for in addition to a delightful ocean cruise on the Atlantic they would take us into the Mediterranean with brief stops at Gibraltar, Cannes on the French Riviera, Genoa in northern Italy, finally to land at Naples.

PLANNING THE TRIP
 We had decided on Naples as the landing point because an anticipated long coastline tour of most of Europe which would take us from southern Italy all the way west and north to Denmark and finally the United Kingdom. There an excellent home and abroad travel exchange was provided for the following route, and then arranged it in non-travel agent for further suggestions.

Naples to Pompeii to the Amalfi Drive and Sorrento, boat trip to and brief sojourn on the Isle of Capri, back to the mainland and north along the seacoast to Rome, Rome to Florence to Venice, thence up through Bolzano to the Brenner Pass in the Alps and into Innsbruck, Austria, west through the tiny little principality of Lichtenstein into Switzerland. Zigzagging through most of that beautiful country we would enter France from Geneva, and drive diagonally northwest through the chateau country to the coast visit Mont St Michel and the Normandy beach head, thence into Paris via Chartres.

A week in Paris and then north into Belgium and Brussels, Holland and the Hague, then a jaunt across west Germany to Kiel, where we would catch the ferry to Copenhagen, Denmark. A few weeks in this delightful country, thence by air to London for a week or so, and on home by air to Montreal where our family car would be waiting for us to take us home to Gouverneur.

THE INEVITABLE CHANGES
 Our travel agent had a number of suggestions to offer at once—interesting side trips and places to visit which we might otherwise have gone straight by with our knowing they were along our route.

And once you begin planning a foreign trip, it's surprising how almost every periodical you pick up seems to have other suggestions. You'll suddenly find yourself "small-worlding it," too, with innumerable people, some of them right in your own home town, who will go out of their ways to urge you to visit this or that very special restaurant in Rome, or not to miss the trip up the unfraun in Switzerland, and be sure to look up my brother Ole in Denmark.

With all these new ideas, you begin to make changes in the basic route. In our case, we extended our Italian tour somewhat to provide more time in some of the highly interesting smaller towns and we decided to take the short run from Innsbruck, Austria, up to Munich in west Germany before continuing on into Lichtenstein.

Then, reading of the pre-historic cave paintings recently discovered in southern France, we decided to include this spot in our itinerary.

It happens to everybody. But a primary essential in all the planning is the sometimes very costly item of transportation. Equally important is the opportunity that the transportation you select affords you to see the country.

All things considered—and especially with six in our party—we decided, as most Americans would on a tour of our own country, to travel by car, and upon investigation discovered that nowadays you can practically dictate your own arrangements for automobile transportation in Europe.

You can take the family car with you on your steamer; you can rent or buy a car abroad; you can buy one for use "over there" and sell it back—at a price agreed upon in advance—to the agency when you depart for home; you can even buy one of a series of tours, the price of which includes all transportation and accommodations plus the cost of a European car and the complete expense of delivering it back there, duty paid, etc. after you come home.

You'll find any number of agencies—including the AAA, which your own county auto club is probably affiliated—advertised in leading travel magazines and in the travel sections of most metropolitan Sunday papers. I think we investigated them all.

SMALL CAR BEST
 We chose a European make of automobile because we felt it would be cheaper and more satisfactory in the long run than to take our own American car abroad and ship it home again. To begin with, European cars are built for the smaller, narrower, often curved and very steep European roads—and with due regard for fuel economy, since gasoline averages about 65 cents per gallon. Under these conditions, a small car which maneuvers easily and delivers up to 30 miles or more per gallon offers a definite advantage. Incidentally in almost every European country, but Britain and Sweden, you drive to the right, as in the United States and Canada.

If you are planning to bring the European car home, it's wise, of course, to make sure in advance that it is left-hand drive, that the speedometer reads miles instead of kilometers, that parts are available over here, and that the fittings for lubrication, etc. are suitable for car service over here.

How well your European car meets these requirements will determine to a large extent what sort of price you can get for it if you should decide at some future

time to sell it or trade it in.

The small European automobile is really SMALL by North American standards, yet it will carry a surprising number of people and their luggage. But size becomes a problem with a family of six people, four of whom are average-sized adults, together with all their baggage for a 2 1/2 month tour. So we bought two—a two door sedan with trunk and roof rack, to carry two or three members of our party and most of the luggage; and a convertible with trunk to carry all the rest.

You will need an international registration for the car and international drivers' licenses for all members of your party who drive, plus insurance and documents to take your car through the cus-

tom of the countries you visit. Your travel agent, the AAA or the agency from whom you buy the car can arrange all of these for you, easily and quickly.

ROAD MAPS AND CURRENCY
 Excellent road maps of almost any European country are available free through Esso Touring Service in New York, and it's usually wise to buy some foreign currencies, through your own banks before you leave for abroad. Subject of course, to the route you select and the time you propose to devote to your trip, the cost need not be excessive.

For one thing, Europe offers a wide range of hotel accommodations, from the super deluxe all the way down to the pretty bad. If you prefer, as we do, to spend

your travel money on the most interesting places and the people, then you probably be willing, as we

Western Cottonoil Announces Shift Personnel For Plains Territory

Barbee, general manager of Western Cottonoil Co., a subsidiary of Anderson, Clayton Co., announced in Abilene this week that personnel changes in company operations for Lubbock and Plains Area of Texas to be effective August 1.

Peterman, present Plains District manager, with headquarters at Lubbock, will become the company's senior adviser and will relieve Peterman of details of operations and management to complete some of his particular interest to return to his retirement some time next year.

Peterman has been with the company 17 years. He came to Lubbock in April, 1949 from the Brownfield mill.

Air Force Will Continue New Type Plan

There is hope for the KPs yet," said Otto Havens, local Air Force representative this week.

The United States Air Force is continuing the experiment with a civilian contract and service through fiscal 1956.

The current project is being conducted at Vance Air Force Base, Okla., to determine the feasibility and desirability of operating Air Force dining facilities.

Preliminary studies show the contract Air Force dining service during the past several months' trial at Vance has been well maintained, satisfactory and sanitation.

The studies of the extended

experiment result in Air Force acceptance," he continued, "airmen would not be required to perform kitchen police, the oldest and most dreaded of the service duty details. However, there will be a continuing need in the Air Force for skilled military food service personnel. There are many units which must be self contained for combat, tactical or security reasons."

Officials at Air Force headquarters believe that if the change to civilian employees is made on a wide basis, an improved food service personnel program could be effected. Training could be concentrated on a nucleus of volunteer personnel to meet the Air Force requirements.

accept a comfortable, moderately priced hotel for the duration of your stay at any one spot.

You're pretty sure of that kind of accommodation when you ask your travel agent to suggest first class hotels—for these are just a peg down from the very best, but considerably less expensive.

Under ordinary circumstances you might expect to travel about the Continent and just take what rooms you can find—in much the same way most of us travel from one part of North America to another by car, expecting to find a comfortable hotel; motor court or tourist home wherever we happen to decide to stop for the night.

But we are dubious, about available accommodations in 1955—for the travel people tell us that some 375,000 Americans will be abroad this summer. So we made reservations almost everywhere—trying to plan the journey for not more than 200 miles per day, with lots of time to stop and look and see whenever we feel like it.

There are a couple of blank spots in our plans for overnight stops, but these are in parts of Europe most tourists don't visit, and we're hoping to find adequate accommodations without advance reservations.

In addition to "seeing Europe" in the same way that most of us over here like to travel through the United States and Canada, we are looking forward, too, to renewing the acquaintance of old friends in several European countries, and looking up friends and relatives of some of our good friends here in North America.

Important thought to keep in mind:

There are times when it can be awfully embarrassing to stall. There's no need to worry about stalling in hot-weather traffic; no need to worry about balky hot-engine starting! Just fill up at your Gulf station with New Super-Refined Gulf NO-NOX—the gasoline that's made with evaporation control to prevent vapor-lock. And always protect your engine with New Gulfpride H.D. Select, the motor oil that controls carbon.

New Gulf No-Nox Gasoline delivers not just the highest octane but

full working octane

because it's super-refined to burn clean

See what a difference Gulf super-refining makes. Gulf takes out the "dirty-burning tail-end" of gasoline—at the refinery—to bring you new clean-burning Gulf NO-NOX.

Juanita Manley Attends Texas Florists Meet

Mrs. Juanita Manley of Chisholm Floral, Littlefield, was in Dallas to attend the 42nd annual Texas State Florists' convention at the Baker Hotel, July 15-21.

This year's program included a new type of design school produced by Schoolmaster Marty Swartz of Dallas, and commented by nationally-known Miss Tommy Bright of Chicago. The latest styles and supplies to enhance the floral arrangements for sick room, weddings, parties and funerals are shown at the convention and attending florists are informed on newest and best methods.

While in Dallas, Mrs. Manley attended a gala costume party, and two dinner dances, as well as a tea-time style show presented by Neiman-Marcus, the famed Dallas specialty store.

The Texas State Florists' Association has a membership of over 1700 owners and employees in leading florist shops throughout Texas.
