Littlefield Oil Pool Extended Half Mile East By New Well

Swabbing tests indicate that a new oil producer has been brought in by L. C. Hewitt on his own land just outside the northeast corner of the Littlefield city limits. This well is half a mile east of any other production in the two year old Littlefield oil pool. It is the 30th producer here.

Services Will Be Broadcast At 10:15 Today

Union Thanksgiving services will be at 10:15 this morning at the First Methodist church. Rev. Henry Haupt will give the invocation. Music is under the direction of Hugh Ellison, Miss Trudy McGee and Miss Clara Beth Theford will sing. Rev. Bill Anderson, pastor of the First Church of the Nazarene will deliver the message. The program will be broadcast over Radio Station KVOW. Every one is invited to attend.

Officers Nab 28 Gallons Of Moonshine

Havis Batchelor, 44, of Idabel, Okla., was sentenced Wednesday to 45 days in the Lamb county jail because he got caught by Sheriff Dick Dyer and County Attorney Curtis Wilkinson with 28 gallons of non-tax paid liquor in the trunk of his car. The arrest was made about one mile north of Radio Station KVOW. In view of his large family and previous good record, County Judge Bob Kirk did not levy a fine. He will be eligible for release in 30 days if his behavior is good.

"Don't Over Protect Children," Dr. Jas. P. Cornette In Address County Teachers Association

The County Teachers Association met in the school cafeteria Tuesday night. Mr. Vance, chairman of the association, presided. Miss Joyce Holden and Mrs. Williams were the all over program. The group enjoyed a turkey dinner with all the trimmings. After the meal William Brune introduced the speaker of the evening, Dr. James P. Cornette, president of West Texas State College at Canyon. Dr. Cornette built his speech around a boyhood adventure, typical to most boys. He and three friends worked days building a tent, and when it was complete played in it only one day. Pointing out that it is not the completion of a thing that gives us the satisfaction. It is the actual doing that gives us great pleasure. Dr. Cornette believes that youth shows a more improved and enlightened generation. He pointed out that parents are over protecting their children. When they come to the point of making a decision alone they are stymied. Children must be given independence. Dr. Cornette says that participation in sports develops this independence because parents cannot direct every move. Two hundred and thirty-five teachers, representing a 100% attendance, heard Dr. Cornette. Special guests for the occasion were the presidents of the local Parent-Teacher Associations and their husbands, Mr. and Mrs. L. E. Sullins, and Mr. and Mrs. Lenton Smith.

Christmas Plans To Be Made At Friday Meeting

The Retail, Wholesale, and Industry Committees of the Chamber of Commerce will meet at 7:30 a. m. Friday at Thornton's Cafeteria.

The meeting is to make plans for the Christmas Parade, Store hours, and any other special events concerning the Christmas Season in Littlefield.

J. E. Chisholm is chairman of the Retail committee. Marion Williams is chairman of the Wholesale and Industry committees.

Western Union Manager Drafted

Willard McCaig will be relieved next Tuesday of his duties as manager of the Western Union telegraph office in Littlefield. He will report to the draft board for induction into the armed forces on December 5.

McCaig has been manager of the local office since May, 1954. He has worked for Western Union for seven years, mostly in Plainview. He has not yet been advised as to who will replace him here.

McCaig says he will go from Plainview to the reception center at Amarillo. He understands that he will then go to Ft. Ord, California, if he is put in the Army, or to San Diego, California, if in the Navy.

Policewomen To Assume Duties

The "Powder-Puff" set has now joined the ranks of the police. Littlefield's first Policewomen were hired Tuesday. City Manager has announced the names of the three new Policewomen.

They are: Mrs. Roy Dempsey, 116 E. Fourteenth St., Mrs. Glenn McCary, 804 East Sixth Street, and Mrs. Richard Bundick, 1928 Duncan St.

The uniforms have been ordered and should arrive in the next three weeks.

The Policewomen will do dispatch work, clerical work, and one of them will keep check on the parking meters.

All of them are married and have children.

Services For M. Sgt. Beckner To Be Saturday

Master Sergeant Albert Lee Beckner passed away Sunday, November 20 at Williams Air Force Base. His body arrived in Littlefield at 6 p. m. Wednesday, November 23.

Beckner was born in 1916 in Olton, Texas. He moved to Littlefield with his parents, Mr. and Mrs. A. J. Beckner, in 1927.

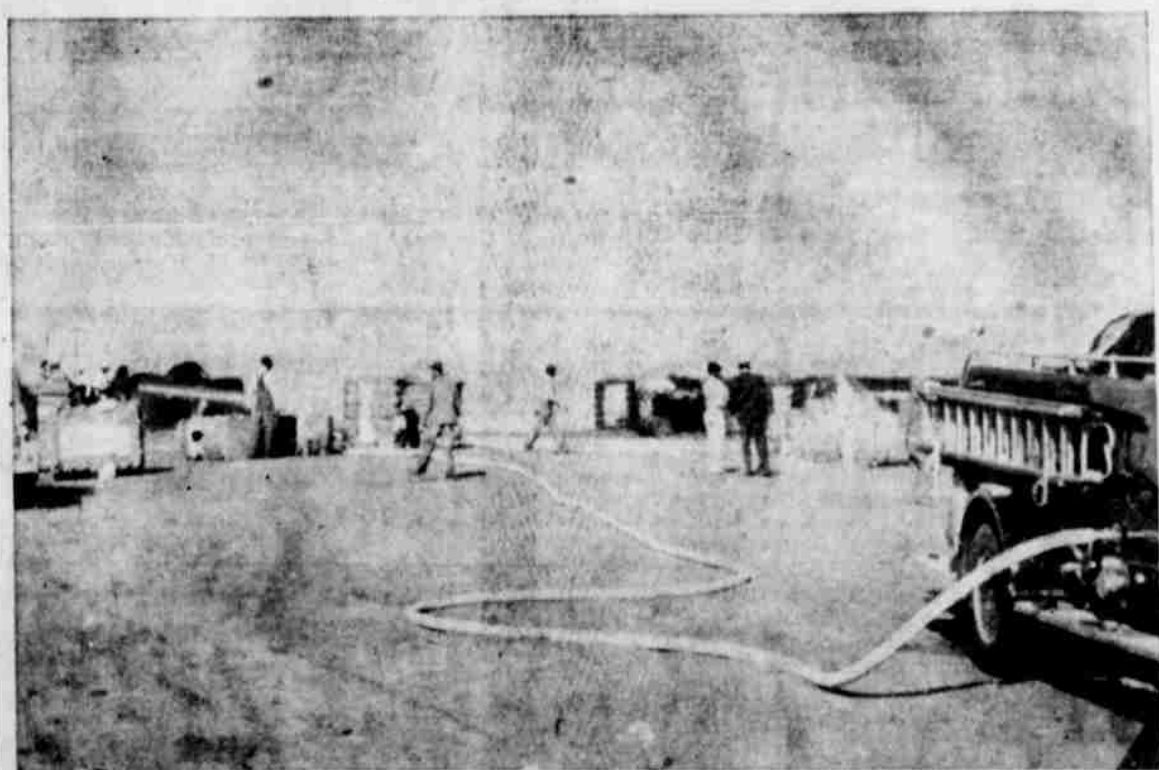

He attended the Littlefield schools and had been in service twelve years.

Services will be held at 10 a. m. Saturday morning at the chapel of Hammons Funeral Home. Rev. Harry Vanderpool will officiate. Interment will be in the Olton cemetery.

He is survived by his wife: Margaret, of Culver City, California, a daughter Margaret Ann also of Culver City; three brothers, Roy, Lubbock, Jack, Littlefield, and Clayton of Las Vegas, New Mexico; two sisters, Mrs. Farrah Eades, Italy, Texas, and Mrs. Georgia Pilgrim of Abilene; his mother, Mrs. A. J. Beckner of Littlefield. His father preceded him in death.

SHERIFF'S DEPARTMENT HAS QUIET WEEKEND
The sheriff's department reported a quiet weekend. Four Lamesa Latin Americans were arrested and fined for driving while intoxicated and drunkness. One National, Pete Domingo, was turned over to the Border Patrol and taken back to Mexico.

1,800 Bales Of Cotton Burn At Central Compress

Firemen from four towns joined the fight before the cotton fire at Sudan was brought under control Tuesday afternoon. (Scott Photo)

Central Compress and Warehouse at Sudan was back in operation and receiving cotton Wednesday, although salvage crews were still trying to stifle the blaze in 1800 bales of cotton which caught fire there Tuesday afternoon.

The cotton, which belonged to local farmers, was fully covered by insurance, according to Supt. Ralph Smith.

The fire was discovered at 1:15 p. m. Tuesday by a sampling crew. Cause is unknown, although Smith said that a likely possibility is that it started from fire packed into a bale during ginning.

Fire trucks from Sudan, Amherst, Littlefield and Muleshoe fought the blaze most of the afternoon. In spite of a strong west wind they confined it to the No. 1 yard at the north end of the storage area. There were 2143 bales in this section and Smith estimated Wednesday morning about 350 of them were saved.

Insurance company salvage crews from Lubbock and Dallas arrived late in the afternoon and worked all night at keeping the fire confined to the bales which were already burning.

The compress has been operating only three months under its new ownership. It was sold in August by the receiver in bankruptcy for O. L. Shannon. New owners are Guy Nickels of Muleshoe, W. Fleming of Burkburnett and H. A. Mills of Burkburnett.

High School Choir To Give Concert Thursday Night In Auditorium

Hugh Ellison, Chair director of the Littlefield schools, has announced that the choir of Littlefield high school will have its first full length concert of the year at 8 p. m., Thursday Dec. 1, in the high school auditorium.

Tickets are being sold by students and the choir mothers club, and may be purchased at several downtown stores. Prices are: General admission — adults 50c, and students 25c. All reserve seats will be 75c.

Proceeds will go into the general fund of the choir to purchase music and equipment for the choir.

Although this is not a Christmas program, Mr. Ellison feels that it is a splendid way to begin the holiday season. Christmas is always a time for good music and it is a good way to observe the spirit of the season. School officials are anxious that the people of Littlefield and their neighbors see what the choir has accomplished so far this year.

The program has been announced as follows:
"BLESS THE LORD O MY SOUL" — Ippolitov-Ivanov.
"SING PRAISES" — L. Stanley Glarum.
"GRANT UNTO ME THE JOY OF THY SALVATION" — from Mutet, opus 23, by Johannes Brahma
"HALLELUJAH" — Randall Thompson.
"ILLOSPODI POMILUL" — Bon Ulov.
"WILL YOU COME TO THE BOWER" — Texas song played at the Battle of San Jacinto — arranged by Oscar J. Fox.
"BIRMINGHAM JAIL" — arrangement for men's voices by Jack Kilpatrick, professor of Music at SMU. (This arrangement was made in March of 1945 for the men's chorus at Navy School of Music in Washington, D. C. Mr. Ellison sang in the chorus in the first performance of this arrangement at Constitution Hall). James Lee will be soloist.
"ALL DAY ON THE PRAIRIE" — David Gulon (men's voices).
"GO DOWN DEATH" — Tom Scott (Tom Evins soloist)
GROUP III
"TEA FOR TWO" — Vincent Youmans, arr. Scotson, women's voices.
"NIGHT AND DAY" — Cole Porter — arr. Scotson, women's voices.
"DANCING IN THE DARK" — Arthur Schwartz.
ENCORES:
"CINDY" — Harry Robert Wilson arrangement.
"BENEDICTION" — Peter C. Lufkin.

Gary Nace Is Critically Injured In Fall

Gary Lynn Nace, who will be four years old Christmas day, underwent major surgery Friday afternoon in the Littlefield hospital.

Gary was playing on a horse trailer at the home his parents and evidently fell when he attempted to climb out of the trailer. He struck a metal pin that serves as a fastener for the tall gate of the trailer. The pin punctured his abdomen.

Gary was considered in critical condition, but is believed to be recovering satisfactorily.

Services For Henry McClure Held Wednesday

Henry M. McClure, 56, who was dead on arrival at Olton Hospital at 8 p. m. Monday was buried in the Old Springlake Cemetery.

Funeral services were held at 3 p. m. Wednesday at the Springlake Baptist Church. Rev. Claude Lemon, pastor of the Tenth Street Methodist Church in Amarillo officiated.

McClure was born January 2, 1899 in Batesville, Arkansas. He was married to Miss Edna Lorene Barlee on November 25, 1918. The McClures would have had their thirty-seventh anniversary on Friday of this week. Mrs. McClure survives him.

He had been in ill health since 1950. The McClures had lived in Springlake 28 years.

Other survivors are: five daughters, Mrs. C. O. Bibby, Mrs. James Packard, Mrs. Lorene McNamara and Betty Sue McClure all of Springlake, and Mrs. Frank White, Tahoka; four sons, Howard, French, and Bob all of Springlake, and Otha Lee, Bisby, Arizona; two sisters, Mrs. Marjorie Fields, New Port, Arkansas, and Mrs. Grace Paul, Maryana, Arkansas; two brothers, Elmer, Newark, Ark., and L. W. Wellington.

Services were under the direction of Lemmons Funeral Home.

Coaches Get Certificates At Dinner For Football Team

The Quarterback Club voted Tuesday night to present a new movie projector to the athletic department of Littlefield high school.

Members of the A and B football teams and their coaches were guests at the dinner held in the school cafeteria.

Frank Cummings, president, was master of ceremonies. In behalf of the club, he presented each of the four coaches with \$50 gift certificates, redeemable anywhere in Littlefield.

Superintendent Ralph Schillings expressed appreciation for the club's assistance to the athletic department this year. He praised the organization particularly for filming each of this year's game.

Turner Twins Win Top Spot In Clovis Show

Participants in heifer lots at the Hi-Plains Polled Hereford show and auction held November 19, 1955 in Clovis, New Mexico met with some keen Texas competition in the form of two Lamb County 4-H boys.

Doyce and Royce Turner of Pleasant Valley showed their two year old Polled Hereford heifer to the number one spot, Grand Champion Female of the show. Although the number of heifer entries were not particularly high, Turner's heifer placed over some 15 heifers of high quality and good breeding. Of the three heifers entered by the twins their placings were Grand Champion; 3rd and 4th in their respective lots.

These heifers plus four others yet on feed were bred by the Lewis Brothers of Muleshoe, Texas. The heifers were obtained from the Lewis ranch some year past and were carried by the Turner twins as another one of their 4-H demonstrations.

Mother Of Mrs. Bob Cox Passes Away Monday

Mr. and Mrs. Bob Cox left Monday for Coolidge, Texas to attend funeral services for Mrs. Cox's mother, Mrs. Fannie Wright, 79, who passed away at 10 a. m. Monday.

Mrs. Wright lived in Littlefield with the Coxes for three years. She went to Coolidge about three years ago. She has been in ill health for the past seven years.

Mrs. Wright is survived by three daughters: Mrs. Cox, Mrs. O. R. Cotton, Lubbock, Mrs. Eula Hudson, Coolidge; two sons, Walter Wright, Eldorado, Ark., and Roscoe of Waco. Mrs. Sam Lambert of Littlefield is a granddaughter, and Mrs. Johnnie Tomson of Littlefield is a great-granddaughter.

Olton And Springlake In Playoffs

Olton Plays Phillips At Plainview

Coach Joe Turner's fighting Olton Mustangs will get their long-awaited chance at revenge Friday afternoon at Plainview stadium when they will play host to the mighty Phillips Blackhawks of District 1-AA in a Bi-District contest.

Phillips is defending state champion and is picked by many to repeat this year. Phillips and Olton played for Bi-District in 1953 at Amarillo Stadium and the much-disputed game ended in a 20-20 tie that saw Phillips go into the playoffs on penetrations. Phillips was regarded as a heavy favorite in that game as they were this year.

Stan Wilder and Jackie Webb, both regulars from last year's state champion team, are the leading scorers and ground gainers in Coach Chesty Walker's backfield. Tommy Newman and Jimmy Gray will probably be the other two starters for the backfield.

Officials of the two schools met at Amarillo Saturday to decide the game site, officials, game jerseys and admission prices. Olton won five out of the six decisions, getting their choice of three officials, place of the game (Phillips wanted Amarillo again), the date, and they also won their choice of the color of jerseys. Turner said that he would make the Blackhawks wear white. Phillips has always chose their black jersey's when they get their choice and seem to play better as the Blackhawks instead of "White-hawks."

Tickets for the game are on sale at the Ideal Cafe, Hyatt's Cleaners, and at the high school. The seats will be first come, first served.

Turner said Wednesday that despite a few minor injuries, his team will be in good shape for the Friday game, providing that they get by Wednesday's last rough workout. Don Powell and Jackie Gray, co-captains are both injured, but Turner is expecting them to be ready for the game Friday. Jack Straw, their extra point kicker and halfback is also on the injured list with a bruised rib.

Olton will probably start the following eleven against the

Springlake Takes On Stinnett

Injury-riddled Springlake will take on the Stinnett Rattlers of District 1-A Saturday night at Amarillo Stadium in their Bi-District encounter with kickoff time set at 7:30 p.m.

Coach Colie Huffman's team from Lamb county will be in their poorest physical condition for any game this season. Six boys, all probable starters, are on the injured list. Three of them is out for the rest of the season and three are so badly injured they may not be able to see action in the Saturday contest.

Out for the season is A. J. Cody, guard; Dean Jones, guard, and Don Sandel, who is one of the highest scoring backs for the Wolverines. Cody has a broken hand, and Sandel has a separated shoulder. Others on the injured list are Robert Riley, guard, Ronald Sandel, halfback, and Jerry Tunnell, halfback. Riley has a back injury, Sandel pulled a muscle in the leg and Tunnell has a sprained knee. These three may see action Saturday, but all are doubtful.

The Stinnett Rattlers have a season record of nine victories and one loss, that being to a strong Hollis, Okla., eleven. They were undefeated in District play. Their coach is Don Seymore and his assistant is Clinton Williams, brother of Littlefield's assistant coach, Don Williams.

Coach Huffman and his assistant, Roy Simmons, were worried Wednesday when contacted by phone, over how many boys would not be able to play come game time Saturday. Huffman said that with three guards out, he may be forced to play Ronald Sandel at guard, providing that he too is able to go.

Springlake's offensive-minded split-T eleven has rolled up the same identical record that Stinnett has. They won nine games through the regular season losing only one, to the Amarillo "B" team. They beat Happy last week

Bula Will Play Last Game Today; Regional Championship At Stake

Regional play in Region I six-man football will feature the Bula Bulldogs and the Jayton Jaybirds in a Turkey Day encounter at 2:30 in the afternoon at Jayton. Adults will pay \$1.00 and students 50 cents. District passes will be honored.

Bula emerged the 62-12 victor over Mobeetie last Thursday night in the bi-district skirmish at Morton. Jayton turned the tables on Paint Creek 53-36 in bi-district competition last Thursday night at Jayton.

Coach Sonny Arthur is in his fourth year at Jayton, having started football there. In his first year he startlingly finished second, in his second year, was district champion, third, again finished second, and ended in a three-way tie this year, being voted to represent the district.

This year the Jaybirds dropped a 31-26 non-conference decision to Paint Creek, the team they turned the tables on in bi-district play off. Patton Springs took the only district game from them, leaving them with a district record of 8-1 and a season record of 9-2.

Coach Claude Morrison is also in his fourth year at Bula, coaching one of his greatest teams. He finished third in his first year, won his second, was co-champion

Blackhawks.

"B" Team Edges Past Clovis 20-14

By CHARLES DUVAL Jr.

The Littlefield Wildcat "B" team closed their victorious season last Saturday by coming from behind to prove which Wildcat was the better man as they shot the ball back into Clovis territory. Cunningham alternated with Blessing to slam the ball down to the four yard line where Littlefield again lost the ball on a fumble. However, an alert Cat line, which featured Leslie Bevel, held Clovis and they were forced to punt. Mordecai received the punt and carried it back for 18 yards. Blessing and Mordecai alternated here it was Mordecai finally going over for the TD. James Blessing ran the extra point.

Clovis jumped off to an early lead in the first quarter by scoring a TD mid-way in the quarter after Littlefield had been penalized and lost control of the ball. The extra point was good. Littlefield started a drive which pushed down to the Clovis 37 yard line thanks to the fine ball handling of quarterback Mickey Ratliff, excellent running by Bobby Cunningham, and tremendous blocking by the Cat line. But here Littlefield fumbled and Clovis recovered, started another TD

last year, and was going away this year. Last year his Bulldogs advanced to regional play, but dropped a 60-20 regional contest to Roaring Springs. This year's slate is clean.

land gains to place the ball on the Clovis 15 yard line. There was only 35 seconds left in the ball game when Ratliff heaved a pass into the arms of Blessing waiting in the end zone for a TD. Blessing tried for the extra point but failed to make it, but the Cats were out in front 20 to 14. Clovis desperately turned to the air in order to gain the tying TD, but their second pass was intercepted by Blessing just as the ball game ended.

The jubilant Littlefield boys tried to carry Coach Webb, "B" team football coach, off the field, but the modest coach made the boys put him down. The "B-Bar-B's" as the "B" team is known, have a wonderful record of 8 wins and 1 loss, that loss being wrought by Abernathy.

20-0 to roll into the finals. Springlake has a well balanced ball team with probably one of the best all-around backs in this part of the state at the fullback slot. Rex Loftis, 175 pound fullback, is a hard charging runner as well as one of the better defensive men.

Huffman said Wednesday that he did not have a starting lineup for the game but that if the injured players came along as expected he would probably use the following eleven to start the game.

Dean Chisholm Not Seriously Injured

Dean Chisholm of Sudan was injured Saturday night on the Y that goes from Sudan to Circle-buck. The location of the accident was about one-quarter of a mile from the American Legion Hut.

Chisholm, who was driving a 1949 Ford was going South and evidently hit soft dirt and completely turned around when he came to a stop. The car was badly damaged.

Chisholm is in the South Plains Hospital at Amherst where he is under observation. His condition is considered to be satisfactory.

Molasses For Cattle Feed Completed

Tests conducted to obtain comparative evaluation of five different kinds of molasses being fed to livestock have been completed by the Texas Agricultural Experiment Station. The tests were supervised by J. K. Riggs and A. Y. Blankenship.

Blackstrap, citrus, corn, dried, and wood molasses were compared as substitutes for the ground sorghum grain fed as the only carbohydrate concentrate in the control ration.

Average daily gains for a 1-calves fed molasses was 2.32

his parents, Mr and Mrs. Dick Edwards, near Littlefield. Mrs. Edwards is reported to be improving.

pounds, as compared with 2.41 pounds for the controls. Forty-eight shortage Hereford steer yearlings averaging 586 pounds were fed, individually six concentrate rations for a 140-day period. Ground sorghum grain was used as the carbohydrate concentrate in the control ration. In other five rations, a different type of molasses was substituted for sorghum grain on a pound-for-pound level. The ywere substituted on a basis of 13 and 26 per cent of the concentrate mix.

Calves fed 13 per cent molasses gained 2.40 pounds per head daily; those fed 26 per cent gained 2.24 pounds. Except in the test using dried molasses all calves fed 26 per cent molasses gained less than those fed 13 per cent. This difference was most noticeable for corn and wood molasses, which appeared less palatable than the others.

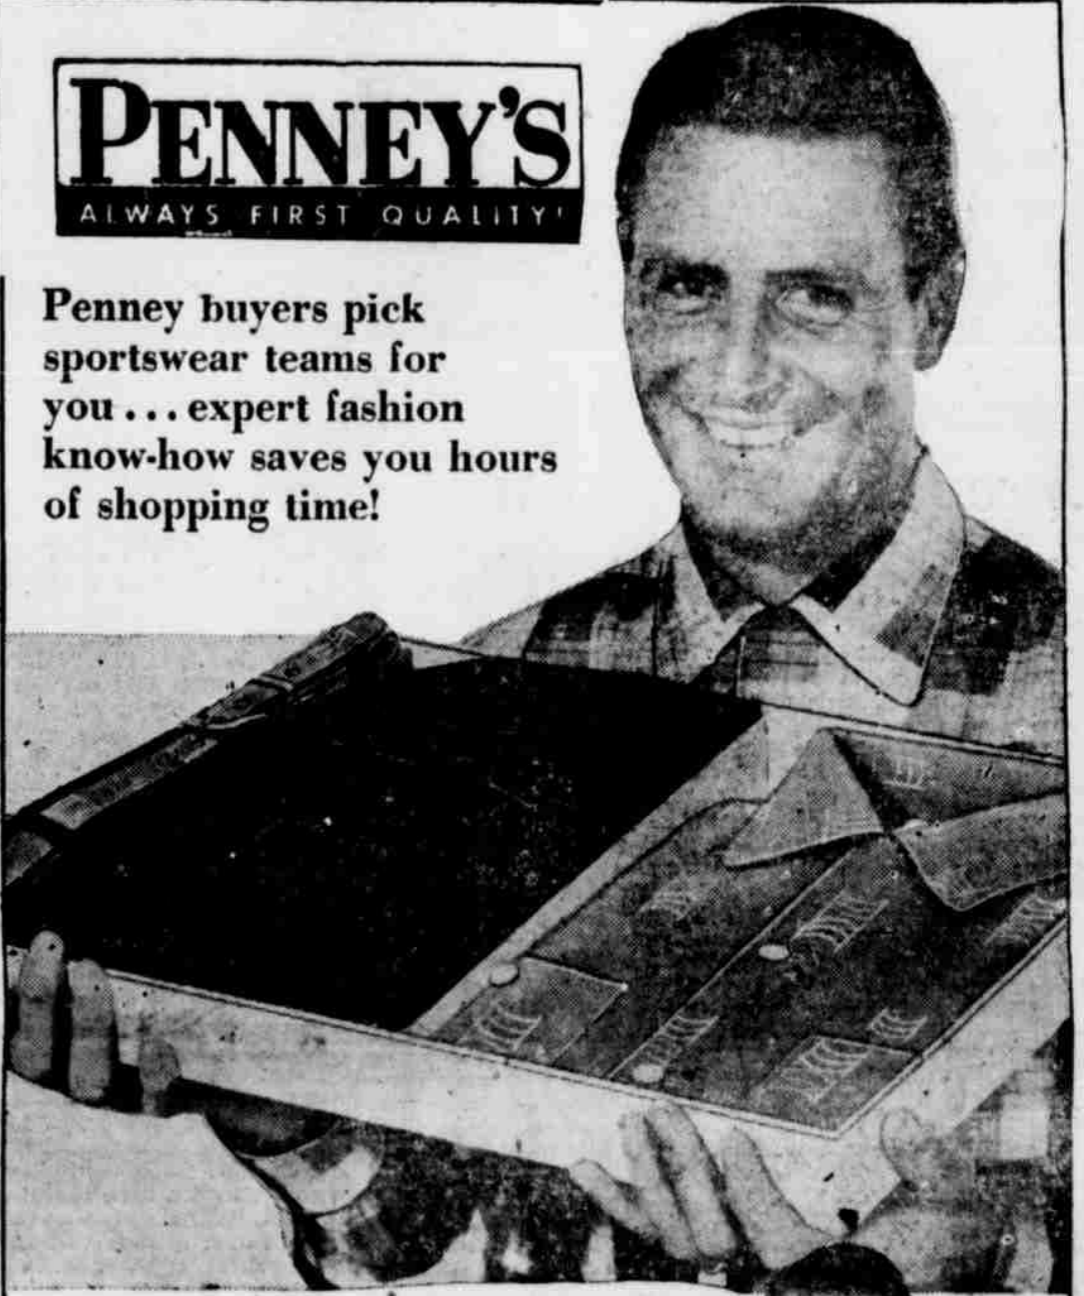

Wood molasses appeared to be the least palatable of the five types tested and also produced the lowest gain with the highest feed requirement per hundred

pounds of grain. Ground sorghum grain produced the best results as the carbohydrate concentrate, followed in order by dried molasses, blackstrap, corn, citrus and wood molasses. The molasses was mixed with the protein supplement, ground grain, cottonseed hulls, minerals, and Vitamin A concentrate. Atlas sargo silage was fed as balance of the roughage.

SUPPLEMENTAL FEED PAYS

"There is perhaps no section of the western range where some supplemental feeding, in addition to grazing, is not advisable and profitable at some time of the year," according to Dr. W. P. Lehrer Jr., of the University of Idaho. Many experiment station feeding trials have shown that cottonseed meal or cake used to supplement protein-deficient range, usually returns two dollars for each dollar expended.

Removing Stains From Porcelain Enamel

Many stains on porcelain can be removed with a stiff paste made of powdered whiting mixed with kerosene or ammonia, according to Hazel Hickman, County Home Demonstration Agent. Apply the paste liberally, then rub with soft cloth. Wash with soapy water and rinse well. Two tablespoons of kerosene added to one cup of soap jelly makes a good cleaner for sinks, bathtubs, and laboratories. Add the kerosene to the jelly just before it thickens.

Another cleaner for porcelain enamel is a paste made of 1-4 cup kerosene and 1 cup soda. Apply with cloth.

Rust spots can sometimes be removed with lemon juice. Apply liberally and rinse thoroughly. For stubborn rust stains try a weak solution of oxalic acid—1 teaspoon oxalic acid in 1 cup of hot water. Rinse immediately with ammonia solution. Then rinse well with water. CAUTION: Oxalic acid is poisonous and should be handled carefully. Label is "poison" and keep it out of reach of children.

OLDEST BUILDING IN THE WORLD

The oldest building in the world still in use is the Hagia Sophia museum in Istanbul, Turkey. The 1400 year old edifice was built as a church, was later converted into a mosque and is now a museum of Byzantine art. It is considered the supreme masterpiece of Byzantine architecture.

European Visitors Give Program For Study Club

The 1935 Study club of Sudan met Friday evening in the Methodist church annex for a "Travelogue" program when Miss Virgie Baccus of Lubbock and Miss Maxine Wiseman of Roswell, were guest speakers on "Thrilling Europe."

Outstanding in the slides shown were scenes of the ruins of Pompeii, the blue Mediterranean, castles along the Rhine, and the Colosseum in Rome, and famous cathedrals.

"Travel often excites the spirit to the point of expression. Good Travelers carry pads and pencils" was the motto for the evening given by Mrs. R. D. Nix, who introduced the speakers.

The two are daughters of Mr. and Mrs. Elgan Baccus and Mr. and Mrs. Milton Wiseman, and were Europe visitors this past summer. They showed interesting and colorful slides of scenic and historical points in the countries of Europe, including England, France, Italy, Germany and Switzerland.

Hostesses for the occasion were Mrs. Tom Wood, and Mrs. Milton Wiseman. Refreshments of coffee and cake were served the 35 members and guests present for the program.

Music Teachers Hear Dr. Holsam

Mrs. Norma McCarty attended a lecture by Dr. Dallas Holsam of the Tech faculty Friday night in the Dunn studio at Lubbock.

Dr. Holsam spoke to the group on standards and requirements of musicianship in his native land, Australia.

The study of music in Australia is much more strict than in the United States because of more limited activities and much greater discipline in the home, and no football or television.

In the panel discussion which followed all the teachers present agreed teaching music in Australia would surely be an experience. There would be no practice problems, with no television or football to interfere.

GM Parade Of Progress Show Evolution Of Farm Home During The Past 50 Years

The crowing of a rooster is one of the few things that hasn't changed on the farm during the past 50 years.

This fact is graphically illustrated in a 20-scene diorama entitled "Around the Farmhouse Clock," one of the exhibits which will be found at the General Motors Parade of Progress when the big show opens at Texas Tech, 4th St. and College Avenue Friday, November 25th, in Lubbock.

The Parade of Progress will be open to the public without charge from 7 to 10 p.m., Friday, Nov. 25 and from 2 to 10 p.m., Saturday, Nov. 26 through Tuesday, Nov. 29th.

The farm diorama begins with a scene in a farm kitchen 50 years ago. From this opening scene, the diorama develops the story of improvements in farm life through use of new and better equipment in the farm house.

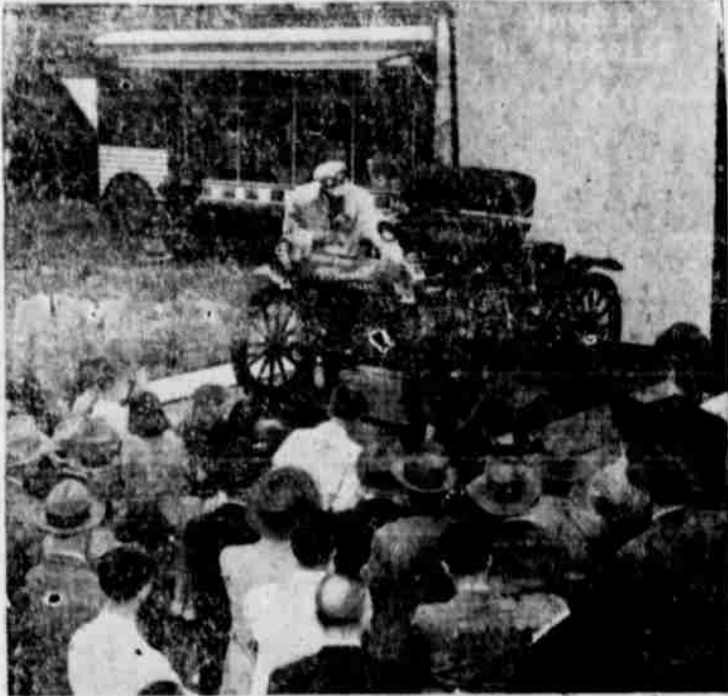

For example, a modern farm home is seen in which a clock radio automatically starts the coffee in the morning, turns on the stove and helps start breakfast in a jiffy.

In a scene from a farm home of another day, a wife is shown standing over a huge iron wash pot stirring clothes with a wooden club. Then the modern farm home is shown in which laundry and other cleaning tasks are accomplished easily and quickly with modern equipment.

A Saturday night scene out of the past shows Mr. Farmer taking his bath in a galvanized iron tub, his knees showing, his feet outside the tub. By contrast, a modern farm bathroom shows 2 little boys having a bath as they play with inflated rubber toys.

These and many other scenes trace the modernization of the farm home through the years.

As the diorama ends, the narrator says of the farm wife: "... she faces tomorrow, serene in the knowledge that the day will be well in hand, that her home will be a pleasure for her to keep ... with all of the modern conveniences our way of life has handed her."

"Old Scout," a 1902 Oldsmobile, is one of the most popular exhibits in the General Motors Parade of Progress. A crowd watches as a lecturer tells of the car and how it won the first transcontinental race in 44 days in 1905. And it still runs!

News From

Pleasant Valley

By MRS. LEROY HICKS

The regular Farm Bureau meeting met Tuesday night with the presiding officer in charge.

A turkey shoot is to be held at the P. V. community center. It is to be sponsored by the Pleasant Valley Farm Bureau. The proceeds from the shoot will go into the community building fund.

Officers elected for the ensuing year are as follows:

President, Gerald Allison; vice president, Roy Taylor; 2nd vice president, Kirk Pitts; secretary-treasurer, Paul Hammett; reporter, E. K. Angeley; county director, John West; alternate director, John Inman.

John West and Harold Allison gave a comprehensive report on the Farm Bureau State Convention that was held at Fort Worth recently.

There were two guests from the County Soil Conservation pres-

ent. Mr. and Mrs. Floyd Andreas and family left Saturday morning for different parts of Washington. They are planning to locate in Washington if they find a location.

Mr. and Mrs. Leroy Hicks returned Friday night from Mooreland, Okla. They were called there by the death of Leroy's father, Mrs. W. B. Hicks.

Visiting in the home of Mr. and Mrs. R. L. Roubinek, is Grandmother Roubinek from Buhl, Idaho.

At the recent community meeting Mary Andreas, the presiding officer, asked to be relieved of her duties as president due to her moving from this community. Her resignation was accepted.

Harry Engleking was elected to the office of president to replace Mrs. Andreas.

The Pleasant Valley Rural Neighborhood Progress Signs have been erected. One on Tru Drive and the other on County Line Road.

It was decided to wait until later to set aside a week for the purpose of clean-up week in the community.

The Pleasant Valley Social club held their annual "club birthday" banquet in the Gerald Allison home Thursday evening, Nov. 10.

The table which extended the full length of the spacious living room was covered with a white cloth and centered with a beautiful arrangement of mums and fall asters, in shades of pink.

Mrs. Jim Grizzle, the presiding officer, introduced the guest speaker, Mrs. Ray Edwards, of Muleshoe. Mrs. Edwards presented a talk on "Hobbies" which was enjoyed by all.

A lovely crested sweater was presented to the club's most outstanding member for 1955, Mrs. Mary Andreas who voted the most outstanding.

Those enjoying the occasion were Mesdames Raymond Roubinek, E. K. Angeley, Floyd An-

dreas, H. H. Bickel, Doyle Turner, Jim Grizzle, George Wuerflein, Billy Free, Paul Hammett, John West, Mack Ragsdale, Winfred Riddle, Norman Hodges, O. E. Green, Byrd McCalman, Sam McKinstry, Gerald Allison, Walter Hutton, Donald Adams, Bonnie Haberer, Jesse Thompson, Ray Edwards, Oscar Allison, and Harold Allison.

Mr. and Mrs. Lawrence Roubinek and Mr. and Mrs. Adolph Machacek of Buhl, Idaho, were recent visitors in the Raymond Roubinek home. They were en route to Florida where they will spend the winter.

Work is progressing on the new community building, and the original P. V. school house was moved Thursday onto the new location, where it will become part of the new community center.

The "turkey shoot" was a huge success Saturday.

Leroy Scott donated guineas for the shoot.

The following won turkeys, week of the death of Mrs. Turner's sister-in-law, Mrs. Coy Evans of Arlington. The community extends sympathy to the Turner family.

up at local markets at this season. Irish potatoes are plentiful as are beef and canned tomatoes. Other foods rather than the USDA's list include ducts, lard, vegetable oils.

Holiday Foods To Be Cheaper

Housewives should find the December plentiful foods list to their liking both from the standpoint of supplies and price. Holiday meals promise to be cheaper this season than in several years, judging from the list the U. S. Department of Agriculture has declared plentiful.

Topping the list is a great combination... sweet potatoes and pork. Supplies of both are heavy and prices favor consumers.

Despite the fact that this is winter season, more fruits are available now than in several months. These include grapes, winter pears, cranberries and grapefruit.

Also more dates are showing

up at local markets at this season. Irish potatoes are plentiful as are beef and canned tomatoes. Other foods rather than the USDA's list include ducts, lard, vegetable oils.

THE WINTER CHALLENGE TO

GOOD NEWS for MOTORISTS Now.... you can put new

Firestone De Luxe Champion Tubeless Tires

on your present car for the same price as regular tires and tubes

The Standard Equipment Tire on the New 1956 Cars...

New Safety-Tensioned, Gum-Dipped* Cord Body Makes Firestone Tires Safer... Stronger... Run Much Longer!

The Firestone Gum-Dipping process, patented in 1920, has long been famous for extra protection against blowouts. Now with valuable speedway experience and millions of miles of testing on the highway, Firestone combines Gum-Dipping with Safety-Tensioning to take the stretch out of the cords, a major cause of tire failure in high speed driving. The result is greater blowout protection and longer tire life.

*T.M. Reg. U.S. Pat. Off.

All These Extra Features at No Extra Cost

BLOWOUT PROTECTION No tube to pinch or explode! The Safety-Liner, which holds the air, also reinforces the tire... instead of a dangerous blowout you get a slow leak.	PUNCTURE PROTECTION If a nail should penetrate this tire, the Safety-Liner grips it and slows air loss... No sudden flat tires... no need to change flats on the road.	SKID PROTECTION Newly designed silent tread has more angles... more skid-protecting edges... has 70% more skid-resistance than ordinary tires.	QUIETER RUNNING No hum or whine because tread elements overlap to prevent rhythmic vibration. Silent Safety-Grip Tread won't squeal even on sharpest turns.	GREATER COMFORT New resilient tread compounds and flexible tread design absorb road shock. Elimination of the inner tube also provides a softer, more comfortable ride.	LONGER MILEAGE The tread is so tough wear-resistant rubber. In Safety-Tensioned, Gum-Dipped* Cord tires, tread cracking is prevented.

Mr. And Mrs. J. H. Penn Give Musical Selections At Methodist Church Sunday

By MRS. LESTER LA GRANGE
Mr. and Mrs. Melvin Wyatt and granddaughter of Leveland were guests of his cousin, Rev. Elton Wyatt and family Sunday.

Mr. and Mrs. A. T. Hedgpeth were in Hobbs, N. M., during the weekend for a visit with their son, Denny and family.

Mr. and Mrs. L. B. Jarvis and daughter, Barbara, of Leveland visited his sister, Mrs. Bob Clayton and family Wednesday.

Among those attending the Tech and College of Pacific football game in Jones Stadium, Lubbock, Saturday afternoon, were Mr. and Mrs. Arthur Hodges, Mr. and Mrs. Bob Clayton and Linda, Mr. and Mrs. Clois Tomes and Sherry, Mr. and Mrs. Dale Weaver, Mr. and Mrs. Leroy Maxwell and James Holland.

FFA REPRESENTED IN FRIONA

The Amherst FFA chapter was represented at the District Leadership contest at Friona Saturday, but many substitutions had to be made because the regular officers were running boll pullers. President, Bennie Pickrell for Arthur McLelland; vice president, Charles Schroeder for Gary Johnson. Secretary, Randall Edwards for Lee Roy Nuttall. Reporter, Bill Stone for David Sager; treasurer, Darrell Sawyer, for Donnie Geen Bowman.

Sentinel, Francis Young. Parliamentarian, Joe Peterman for Bill Adams. Student Advisor, Keith Huggins.

Amherst Junior Chapter conducting contest. President, Jerry Wright; vice president, Philip McMillen for Gerry Gee; secretary, Don Ewing for Dale Bench; reporter, Keith Blair for Stephen Butler; treasurer, Mike Shirley for Connie Franks; sentinel, Billy Bibrey; student advisor, Elton Bass.

Junior Chapter quiz: Mike Adams, Don Bibrey and Hudson Cantrell.

YOUNG MARRIED PEOPLE HAVE SUPPER

The Young Married People's class of the First Baptist church enjoyed a covered dish supper in

the dining room of the church Saturday night.

A cornucopia filled with fruits and vegetables and yellow candles in silver holders decorated the large dining table. Individual cornucopias filled with candy corn and nuts were place favors.

The menu of baked ham, green beans, candied yams, assorted salads, hot rolls, butter, fruit pies and coffee was served.

James Holland gave the invocation. Following the supper Bill Black read the 100th Psalm. A movie on Jesus early ministry was shown. Bro. Rankin gave the closing prayer.

Mrs. James Holland is the teacher. She, Mrs. Charles Mixon and Mrs. Bill Black were on the arrangements committee. Twenty five attended.

WHITES VISIT HERE

IC-3 Robert E. White, Mrs. White and daughter of San Diego Calif., are here until Nov. 28, with his parents, Mr. and Mrs. Lester White.

He is a member of the crew on the submarine USS Raton, and recently returned to this country after six-months on duty.

Other weekend guests in the White home were Mr. and Mrs. S. J. Moore and two daughters, and Mr. and Mrs. Wayne Crabtree and little son of Littlefield. Mrs. Moore and Mrs. Crabtree are daughter of Mr. and Mrs. White.

Robert Griffing who is employed in Pampa spent the weekend with his parents, Mr. and Mrs. N. A. Griffing.

Mr. and Mrs. J. J. Frost of Vernon spent several days last week with her sister, Mrs. Willie Tomes and their mother, Mrs. J. M. Reynolds, who is here from Kermit. They visited his sister, Mrs. Oby Blanchard and Mr. Blanchard while here, also.

Mr. and Mrs. Bill McDaniel went to Tulla Tuesday to meet their son, Lewis, who is here for Thanksgiving holidays. Lewis, a 1955 graduate from Amherst high school attends North Texas State College, Denton.

Mrs. Will Mayfield returned

Fieldton Facts

By MRS. R. A. REED
Mr. and Mrs. Jimmie Lee Robison are the parents of a new son, Stephen Lee, born Nov. 18th at the Littlefield hospital. They left the hospital Monday and are staying with his parents, Mr. and Mrs. Harold Robison. He is their first child.

MR. AND MRS. J. H. PENN GIVE MUSICAL SELECTIONS

Mr. and Mrs. J. H. Penn of Littlefield were guests at the morning service of the Methodist church Sunday. Mrs. Penn played the electric organ, similar to one the young people plan to purchase for the sanctuary, when completed. Mr. Penn rendered a vocal solo. He teaches band in the local school.

Mrs. W. L. Long is ill at her home on North Washington St.

Rev. Royce Womack of Anton will be here at the 9:45 service Thursday (Thanksgiving) morning and deliver the Thanksgiving message at the Methodist church. He is a brother of Mrs. Eaton Wyatt, the pastor's wife.

Mr. and Mrs. Bill Rowland were in Amarillo Monday.

Miss Eleanor Dudgeon, Dean Edwards, Laverne Davis, and Frankie Simmons attended the journalism clinic at Texas Tech Saturday morning and the football game at Jones Stadium that afternoon.

James Cox is improving in the polo hospital at Plainview, and so far shows no permanent ill effects from his attack of polo last week.

Mr. and Mrs. Fred Wilson were business visitors in Amarillo Thursday.

Patricia Rowland of Lubbock spent the weekend with her grandmother, Mrs. W. F. Rowland.

Mrs. Frank Watson received word recently that her husband, who is in the service in Hawaii, had been promoted to sergeant. He expects to returned home on a 45 day furlough soon after the new year.

John Moreland and Clarence Thompson are employed in the harvest near La Mesa.

Leon O'Neal is here from Salem, Ore. He is a former resident and expects to stay a few weeks attending to business.

Mrs. J. L. Walraven of Littlefield and Mrs. Grace Benton of Muleshoe, spent Sunday with their mother, Mrs. J. C. Autry and brother, Bud.

Mrs. Autry was ill and confined to the hospital part of last week.

Rev. John Rankin attended the Baptist Worker's Conference in Muleshoe Friday. Mrs. Jim Edwards and Mrs. Eugene Priddy attended the Board meeting.

A CRITICAL PERIOD

"Money spent for supplemental feeding of ewes a few weeks before lambing and a month after lambing is more than repaid in a larger crop of stronger, healthier lambs," according to University of California Animal Husbandry Specialist Donald T. Torell. During the period of gestation and lactation when ewes need good rations most the amount and quality of range forage is at its lowest point. The University of California Hopland Field Station uses a self-feed mixture of 40% cottonseed meal 40% barley, and 20% salt to correct this deficiency.

Take Care Of Steam Irons

By HAZEL HICKMAN

For best performance from your steam iron, use soft water, and keep the iron clean and dry when not in use, suggests Hazel Hickman, County Home Demonstration Agent.

To dry the reservoir quickly, empty the tank after each use and plug the iron back into the outlet for a few minutes.

If minerals accumulate, put a mixture of vinegar and water (half and half) into the reservoir. Heat for about 30 minutes at 300 F (rayon setting). After the iron cools, flush the reservoir several times with clear water.

Soft water, either rain or distilled water, is recommended for filling the iron. Hard water tends to form a lime deposit that gradually cokes the sides of the cavity and may close the steam vents.

If hard water must be used, fill the reservoir occasionally with distilled vinegar. Steam for 15 minutes and allow to stand over night. In the morning, rinse the cavity thoroughly with water.

Get the most from all your household equipment with proper care and repair. A copy of Extension Bulletin, "Household Equipment—It's Care and Simple Repair," is available from your county Home Demonstration Agents office.

Short Course Set At A & M For Dairymen

For more than 20 years Texas dairymen and others interested in the dairy industry have been meeting in their annual short course at Texas A & M College. The 1955 short course will be held on December 1 and 2 in the Memorial Student Center. It is sponsored by the Department of Dairy Husbandry in cooperation with the Texas Agricultural Experiment Station and Extension Service.

Speakers for the two-day course will come primarily from the Texas A&M College System but at least three features will be handled by dairymen, the chief veterinarian of the Texas Livestock Sanitation Commission and state manager of the American Dairy Association. The four dairymen are Earl Fuchs of Houston; David G. Gault of Manor; Bernard Kruppa of LaGrange and Homer C. Warren of Waco. The four form a panel and will discuss the "Feeding of Green Forage" a practice which is gaining favor in many dairy sections of the nation.

"Our Brucellosis Program" will be handled by Dr. J. B. Henderson of the Sanitary Commission while State ADA Manager S. E. von Rosenberg will discuss "ADA in Our Dairy Program."

Such problems as disease and sanitation in the dairy herd, feeding, management, breeding, calf raising, irrigation and forage production and labor savers in handling milk will be discussed.

The breed associations will meet by groups the first afternoon of the course and in the evening the Purebred Dairy Cattle Association will hold its annual meeting.

Professor A. L. Darnell is chairman of the Short Course Committee and he extends a special invitation to every dairymen and to all others interested in getting the latest information on the problems up for discussion. "It's a practical program," he says, "and the average dairymen can take home a lot of ideas which should be valuable in his operations."

Ever serve stewed apples? Cut the peeled and cover apples in eighths and cook them in hot sugar syrup until just tender. Flavor with vanilla. Wonderful served over vanilla ice cream.

FESTIVE FRUIT CAKE

- 3/4 cup Pet Evaporated Milk
- 2 dozen marshmallows, finely cut
- 1/2 cup orange juice*
- 6 dozen 2 1/2-in. graham crackers
- 1/2 teaspoon cinnamon
- 1/2 teaspoon nutmeg
- 1/4 teaspoon cloves
- 1 1/2 cups seedless raisins (1/2 golden and 1/2 dark are best)
- 3/4 cup finely cut dates
- 1 cup broken walnuts
- 1 1/4 cups ready-mixed, cut-up candied fruit, bulk or canned

Line with waxed paper bottom and sides of a 9-inch tube pan, or 6-cup loaf pan. Put into a bowl the milk, marshmallows and orange juice. Let stand until needed. Roll graham crackers into fine crumbs. Put crumbs into a large bowl with the cinnamon, nutmeg, cloves, raisins, dates and walnuts. Add candied fruit and the milk mixture. Mix with a spoon, then with hands until crumbs are moistened. Press firmly into pan. Top with fruit and nuts. Cover tightly. Chill 2 days before slicing. Keep in cool place. Makes 3 1/2 lbs.

*Alcoholic flavoring can replace the orange juice if desired.

Why Fear The Merger?

There is considerable alarm in many quar-
 ters over what organized labor will do to the
 rest of us now that they have combined into
 one giant union.

Everyone fears monopoly with good cause.
 But actually unions have always been mono-
 polies. That is their avowed purpose. Each
 has exerted a monopoly in its own field.
 Sometimes its field is a single company.
 Sometimes it is a whole industry. But al-
 ways they have denied (or made a determin-
 ed effort to deny) all the rest of us the right
 to work for that company or that industry. If
 possible they would not let the company or
 the industry deal with anyone except this one
 union.

So monopoly is nothing new in the labor
 field. The only competition has been between
 two gangs of labor monopolies as to which
 gang would control the various industries.
 The result of this competition has often
 been tragic to both the American public
 and to the union members themselves.

Because each group feared that the other
 might take over some of its companies or in-
 dustries, both labor groups had to try to
 outdo the other in the amount of booty it
 captured. This put the leadership of both
 groups under terrific pressure and forced
 them to resort to any method in order to win
 more than the other. When economic mono-
 poly was not enough or when their mono-
 polies seemed about to break down, they re-
 sorted to violence, not only against employ-
 ers, but also against their own members who
 wished to work when the leadership felt com-
 pelled to strike.

Now that they do not have to fear raiding
 by the other gang, it may be that labor lead-
 ers will be under less pressure to demand and
 get outlandish concessions, regardless of
 what it takes to get them. They may be able
 to give more consideration now to the best
 interests of America, which in the long run
 are also the best interests of their members.

Practice For S-D Day

Practice makes perfect. So the nation's
 auto drivers were urged today to practice
 for the next six days to insure a "perfect"
 performance on S-D Day.

The second national observance of Safe-
 Driving Day, sponsored by the President's
 Committee for Traffic Safety, will be held on
 Dec. 1 in an attempt to prove that voluntary
 individual and community action can hold
 traffic deaths and injuries well below the nor-
 mal toll.

In asking that the next 6 days be used as
 a practice period, safety leaders hoped that
 the S-D Day record this year would show
 an improvement over the 15 per cent reduc-
 tion in deaths achieved on S-D Day last year.

One good way to practice, according to
 the experts, is to observe the driving errors
 of others for the next six days. By watching
 the mistakes of other drivers, the rules of
 the road and the dangers in failing to follow
 them are brought home much more forcibly.

Here are some potentially dangerous driv-
 er actions to watch for:

1. Excessive speed, especially at night, in
 bad weather, and in heavy traffic.
2. Passing several cars at once, or on hills,
 curves and intersections where there is not
 a clear view ahead.
3. Following too closely.
4. Weaving and sudden lane changing.
5. Sudden stops.
6. Turning from the wrong lane.
7. Passing on the right, except on multi-
 lane highways where it is permitted.
8. Speeding through traffic lights on the
 yellow.
9. Jackrabbit starts at stop lights and
 other childish competition with other driv-
 ers.
10. Failure to observe stop signs, especially
 making rolling stops at intersections.

Letters To The Editor

Have just received another copy of the
 paper and enjoy it even more out here. The
 snow on the homes seems out of place from
 here. We're having cool nights but very
 pleasant days. Vegetables growing in full
 sunshine. Most all of the gas water heat-
 ers of homes are on the outside. Keeps down
 heat in summer. Those freezes just must be
 out of place here. This is a lovely land — in
 winter — in the Imperial Valley. In summer?
 Well, we'll see! — We hope.

Best wishes,
 Mrs. Petree

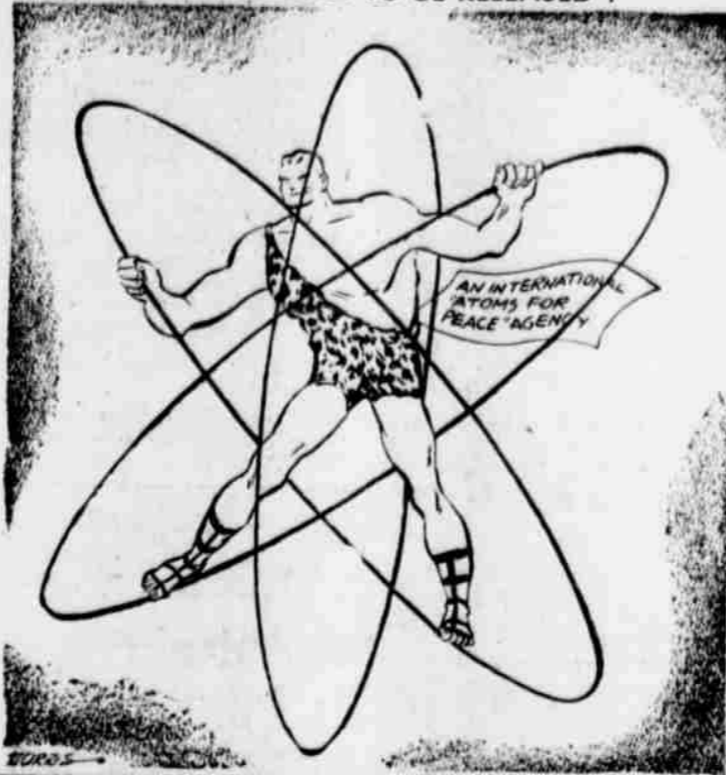

Who Is Loyal?

To what does an honest man owe his loyal-
 ty?

Does he owe it to the principles in which
 he believes? Or does he owe it to a group of
 politicians who are destroying the free insti-
 tutions in which he believes?

And who is most loyal to his political party
 — he who subverts it and turns it against the
 things it has helped build, or he who attempts
 to vote out the usurpers?

Banker To Address Olton Church

T. E. Burch, president of the
 Security State Bank of Wewoka,
 Okla., will deliver a series of lec-
 tures on "Church Government"
 at the Main Street Church of
 Christ in Olton, November 28
 through December 2.

The subjects will be given as
 follows: "Qualifications of Elders
 and Deacons"; "Importance of
 Elders Meetings"; "Cooperation
 of Officers, Ministers, and Con-

gregation"; "Church Finance";
 and "Church Leadership." Mr.
 Burch has been in the banking
 business all of his life and has
 been an elder of the Wewoka
 church over 40 years. E. R. Hig-
 gins, a preacher for the Olton
 Main Street church said, "These
 lectures will fill a need of the
 church today."

STANDING

The "seven churches" mention-
 ed in the book of Revelation were
 all located in what is today Tur-
 key. The ruins of five of them—
 located in the ancient cities of
 Ephesus, Philadelphia, Sardis,
 Izmir and Permamum — still
 stand.

The latest United States Poll shows that
 Vice President Richard M. Nixon is the No.
 1 choice of rank and file Republicans across
 the U. S. A. Seven out of every twenty Re-
 publicans questioned in today's survey say
 that he is their first choice for the Republi-
 can Party Presidential nomination if Ike
 does not run.

Chief Justice Earl Warren ranks next in
 popularity among GOP voters. And running
 third with the nation's GOP voters is former
 New York State Governor Thomas E. Dewey,
 closely followed by Harold Stassen and Sec-
 retary of State Dulles in that order.

When United States Poll staff reporters
 presented a list of names to a cross-section
 of the nation's voters who classify them-
 selves as Republicans and asked:

"Here is a list of men who have been
 mentioned as possible candidates in 1956 for
 the Republican Party if Eisenhower is defi-
 nitely not a candidate. Which one of the
 men on this list would you like to see nomi-
 nated as the Republican candidate for Presi-
 dent in 1956?"

These were the nationwide results:

Nixon	35%
Warren	24
Dewey	11
Stassen	9
Dulles	8
Others	9

None of these—no opinion 4
 The list contained eleven names: Senator
 Bricker of Ohio, Harold Stassen, former New
 York Governor Thomas E. Dewey, Sec-
 retary of State Dulles, Senator Knowland of
 California, Senator McCarthy of Wisconsin,
 Senator Dirksen of Illinois, Chief Justice Earl
 Warren, Vice President Nixon, Henry Cabot
 Lodge, Jr., and Secretary of the Treasury
 Humphrey.

Warren Tops With Independents
 Among the nation's Independent voters,
 Chief Justice Earl Warren is the No. 1
 choice. Then comes Vice President Nixon.

Running third and fourth with Indepen-
 dent voters are Harold Stassen and Secretary
 of State Dulles.

Independents Only, Nationwide

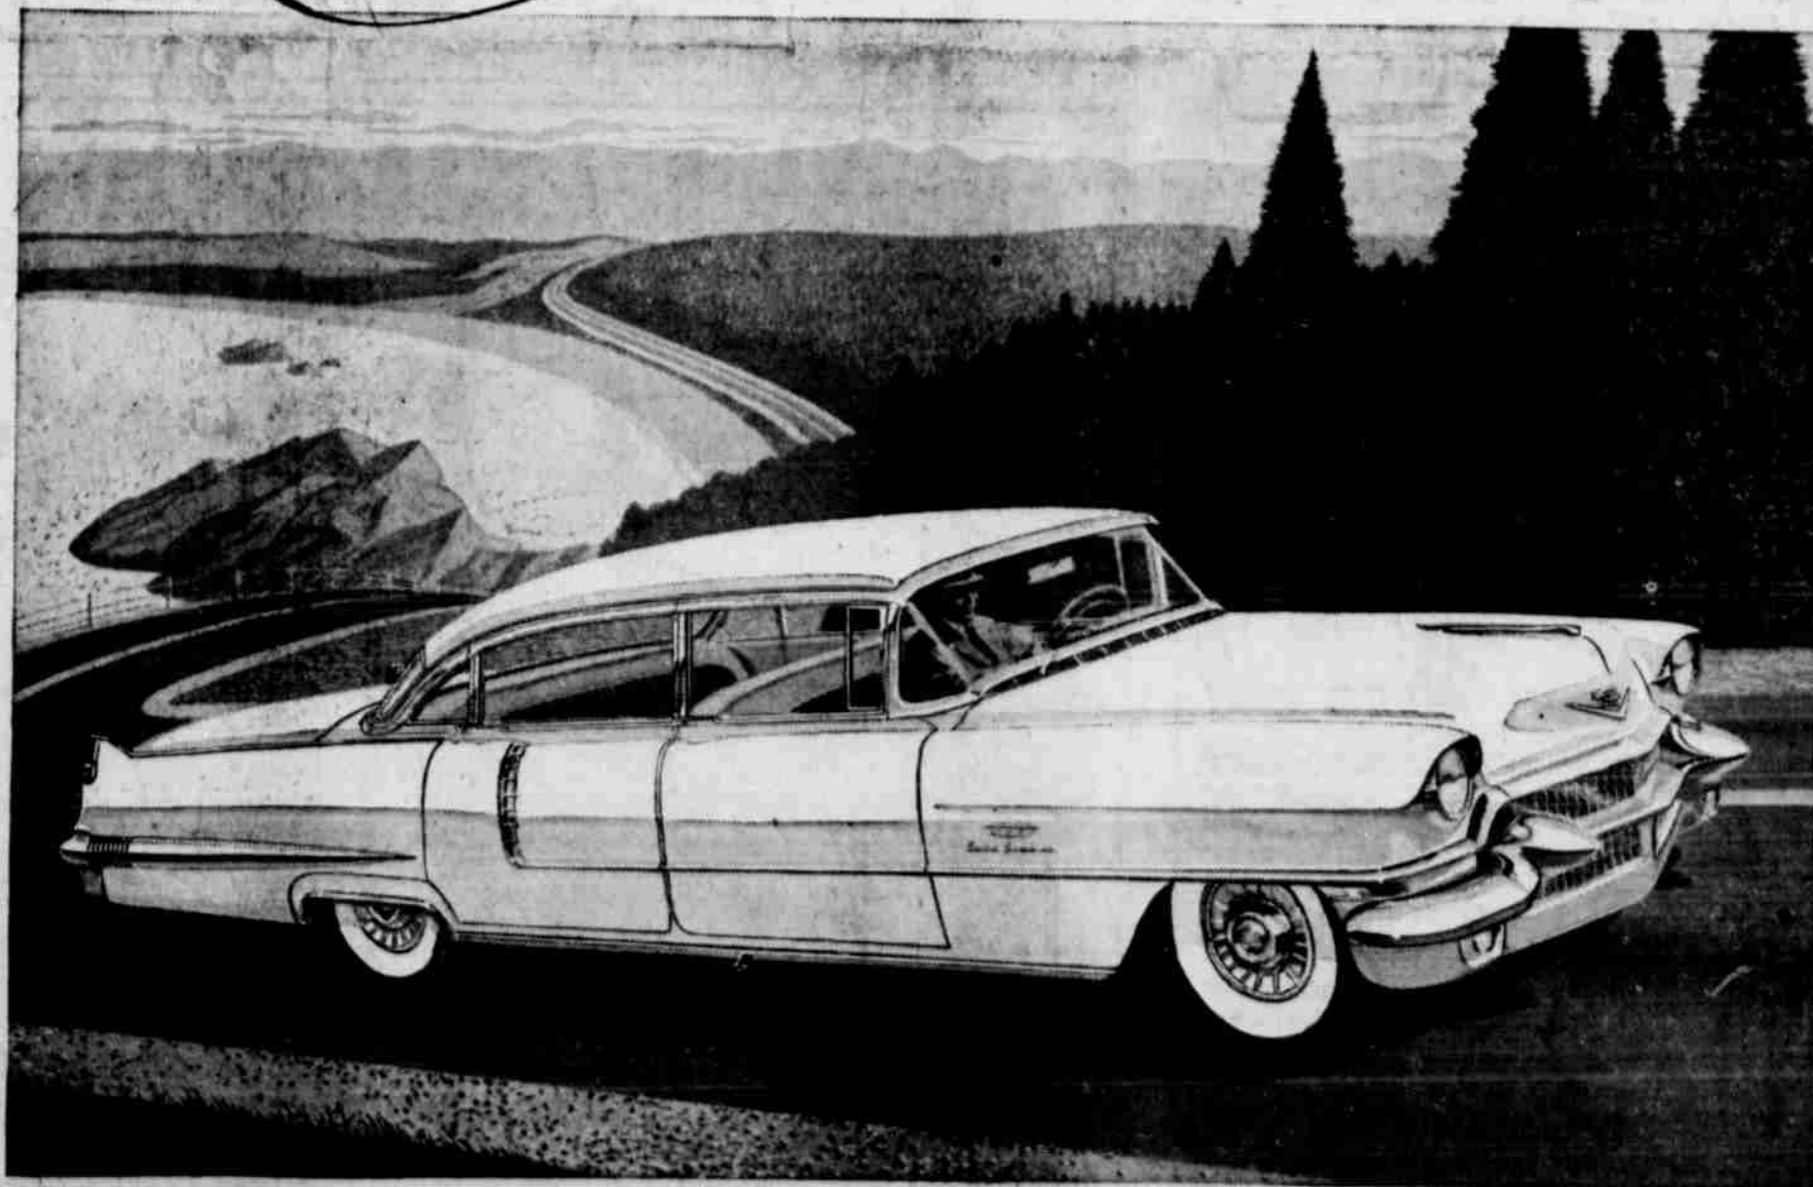

Warren	33%
Nixon	23
Stassen	12
Dulles	10
Dewey	5
Knowland	4
Lodge	3
McCarthy	3
Others	3
None - no opinion	4

The above tables show that although Nix-
 on leads with rank and file Republicans,
 Chief Justice Warren has more support a-
 mong Independents.

Since Independents in the nation will hold
 the balance of power in Next November's
 election, political leaders across the nation will
 study today's results with particular inter-
 est.

Cadillac

Half its Horsepower is for Safety!

A pretty steep hill, you'd say?

Well, not so far as this gentleman is
 concerned. He just gave the accelerator a
 little encouragement with his toe . . . and
 swept from bottom to top so effortlessly
 he was scarcely aware of it.

For he's at the wheel of a beautiful new
 1956 Cadillac. And beneath that long,
 sleek, graceful hood rests the smoothest,
 most powerful engine in Cadillac history.

The fact is that this great new Cadillac
 engine is powerful and dynamic far beyond
 the requirements of normal usage. In the
 course of ordinary motoring, it is entirely
 possible that the driver will never have to

put the accelerator down to the floor board.

But how wonderful that extra length of
 throttle will be if he does need it!

It will be there to give him that extra
 burst of speed that can carry him free from
 a difficult driving situation.

It will be there in case he needs it for
 safety in passing . . . or to answer the
 challenge of a mountain road.

And even when not in active use, it
 will add to his motoring pleasure.

It will bring him confidence and con-
 tentment and peace of mind . . .

. . . and it will provide the kind of oper-
 ating economy and dependability that can

come only from a motor car that literally
loafs at the legal limits of the highway.

Of course, Cadillac's magnificent per-
 formance is only part of the exciting
 Cadillac story for 1956. There is inspiring
 beauty . . . and extraordinary luxury . . .
 and superlative craftsmanship. For this is,
 literally, the Cadillac of Cadillacs.

Why not stop in soon and let us show
 you what we mean?

We've got the keys and the car—all you
 have to provide is an hour of your time.

We can promise you . . . it will be the
 most revealing sixty minutes you ever
 spent at the wheel of a motor car.

Don't Play Peek-A-Boo On Highways

"Playing peek-a-boo with motorists is a deadly game!"

In these words, Mr. E. C. McFadden, vice president, Employers' Casualty Company, Dallas, and president, Texas Safety Association, Inc., urged walkers to obscure their vision with parcels or umbrellas as the cross streets.

"These and other careless walking habits have cost many pedestrians their lives," Mr. McFadden said.

He pointed out that walking becomes especially dangerous at this time of the year when rain and ice make visibility poor and footing precarious. These weather conditions, he said, also make it difficult for motorists to see pedestrians and to control their vehicles.

"Another factor that increases the pedestrian's danger is the greater number of hours of darkness," Mr. McFadden said. "Pedestrian deaths increase sharply during the fall and winter months, and the increase usually comes in fatal accidents which occur after sunset."

Mr. McFadden reminded walkers to do everything they can to make themselves visible to motorists when walking at night. He advised them to wear light colored clothing when possible and to carry a flashlight. He also recommended the wear of the new reflectorized garments which make a pedestrian visible in the path of a car's headlights from a distance of several hundred feet. "But, above all, be alert!" Mr. McFadden urged walkers. "You risk your life every time you take a chance in traffic."

Honors Won by Texas 4-H'ers

FOUR Texas 4-H Club members have won all-expense trips to the 24th National 4-H Club Congress in Chicago, Nov. 27-Dec. 1, for their outstanding records in the 1955 National 4-H Clothing, Food Preparation, Garden, and Home Improvement programs.

Texas' 1955 4-H Clothing champion is Regina Ann Cato of Vernon. The 18-year-old 4-H'er has made 134 garments in her club career. She will be the guest of Coats & Clark Inc. at the Club Congress.

Regina made a wide variety of apparel, ranging from aprons to a lined wool suit. She makes all of her own clothes and made dresses for her mother and grandmother. Besides silk and cotton dresses, she has made and lined a wool suit, corduroy jacket, blouses and hat.

Regina served as clothing demonstrator and play leader for her club. This year she attended the State 4-H Roundup as a county delegate and helped with the dress revue where she did the narration. Her leaders are Mrs. Willis Cato and Mrs. C. A. Schmaker.

Regina Ann Cato

Carol Ansley, of Fort Worth, has won state honors in the 1955 4-H Home Improvement program. The Sears-Roebuck Foundation is providing her trip to the Club Congress in recognition of the work done in making the interior of her home more comfortable and attractive.

In carrying out the project, the 16-year-old 4-H'er helped paint all the rooms in their house. All colors in the interior of the house were selected by Carol. She papered the kitchen and bathroom, and refinished kitchen furniture. She helped cover a chair and worked out a practical arrangement for her dresser drawers.

She is a member of the County Wide 4-H Club of Tarrant county led by Mr. and Mrs. William Watt.

Carol Ansley

Bob Bates

Bob Bates, 18, of Wichita Falls, has been awarded state honors in the 4-H Garden program. His all-expense trip to the Club Congress is made possible by the Allis-Chalmers Mfg. Co. In his nine years of 4-H, Bob planted 6 1/2 acres in garden. He learned soil conservation, rotation of crops, irrigation and entomology so that he could cope with the elements and insects.

He has given demonstrations showing how to plant and select the best quality vegetables for the table and food preservation. Bob is a member of the City View, Zundry Junior High and Senior High School 4-H clubs led by O. T. Freeman and G. A. Reeves.

All these programs are conducted under the direction of the Cooperative Extension Service.

WSCS Conference To Be Held In Ft. Worth Nov. 30

Seventeen Methodist Woman's Society of Christian Service Conferences from a five state area are expected to attend the first of a series of ten regional workshops on "World Understanding" to be held at Camp Amon Carter at Fort Worth Wednesday, Nov. 30, through Friday noon.

Dec. 2. Sponsored by the Women's Division of Christian Service, the Methodist Church, headquartered in New York City, the workshop will feature an international team composed of Eva I. Division representatives expected in attendance are Thelma Stevens and Mrs. C. A. Bender, Mrs. J. Russell Henderson and Mrs. Earl Cotton, both of Little Rock, Ark.; Mrs. G. Clifton of Oklahoma City, Okla.; and Mrs. Velma Jeter of

Orange, are representatives from this region who met earlier in New York City to make arrangements for the workshop, which is being directed by the Christian Social Relations and Local Church Activities and Foreign Departments of the Division.

Each conference represented at the workshop will be expected to conduct a similar workshop on a conference-wide basis.

Attending the workshop as special guests will be members of the Texas State Council of Methodist Women, who will have their annual session in the Worth Hotel here Friday and Saturday, Dec. 3-4.

Official delegates by conferences, include the following Texans:

Texas Conference—Mrs. J. E. Humphries, Edgewood; Mrs. Lamar Clark, Richmond; Mrs. B. P. Sanders, Tyler; Mrs. W. E. Horton, Jr., Houston; and Myrtle Hubbard, Henderson.

Central Texas Conference—Mrs. E. L. Reed, Cleburne; Mrs. Sam A. Barnes, Fort Worth; Mrs. J. Virgil James, Hamilton; Ruby Mae Hope, Waco; and Mrs. Joel Hooper, Lorena.

Northwest Texas Conference—Mrs. C. C. Coffee, Lubbock; Mrs. Henry Cusick, Amarillo; Mrs. Sam Cook, Pampa; Mrs. W. J. Bryant, Stamford; Mrs. E. T. Pittard, Anson.

South Texas Conference—Mrs. Jack Simms, Dallas; Mrs. Harvey J. Piercy, Dallas; Mrs. Tom George, Plano; Mrs. J. Frank Blackburn, Wichita Falls; Mrs. L. C. Mascari, Wichita Falls.

Southwest Texas—Mrs. O. N.

Beer, San Antonio; Mrs. R. O. White, Rankin; and members of the state council.

West Texas (Negro Conference)—Mrs. O. B. Coe, Waco; Mrs. J. M. Rodgers, Victoria; Mrs. Clara Watkins, Austin; Mildred Davis, Dallas.

Texas Conference (Negro Conference)—Mrs. Esther Rice, Bryan; Mrs. M. J. Corde, Marshall; Mrs. L. B. Felder, Houston; Mrs. Charles B. Murphy, Houston; and Mrs. M. J. Davis, Houston.

Rio Grande (Latin American Conference)—Mrs. Lea Garza, San Antonio; Mrs. Jose Espino, San Antonio; and Mrs. Oscar F. Garza, El Paso.

State Teachers To Meet In San Antonio

The 77th annual convention of the Texas State Teachers Association will be held Nov. 24-26 in San Antonio. Charles H. Tennyson, executive secretary, has announced. Approximately 8,000 teachers are expected to attend.

Following a theme of "Education—Freedom's Hope," the convention will open with a Thanksgiving services in the Municipal auditorium. Dr. Carlyle Marney, pastor of the First Baptist church in Austin will deliver the sermon.

Speakers for other sessions will include such notables as Gen. Carlos P. Romulo, Philippine ambassador to the United States;

Dr. Alexander Stoddard, retired superintendent of the Los Angeles, Calif., public schools; Dr. Andrew Holt, vice president of the University of Tennessee; Waurine Walker, immediate past president of the National Education Association, and Henry Stillwell, president of Texarkana college.

In addition to three general sessions and a meeting of the House of Delegates, some 40 section meetings will be held on nearly every subject field and phase of public school education. President G. E. (Tommy) Thompson, superintendent of schools at Kermit, will preside over the general sessions and House of Delegates.

A highlight of the third general session will be the announcement of winners of the annual TSTA Distinguished Service Awards which are presented to one educator and one layman for outstanding work in the interest of education during the past year.

Announcement of TSTA's new president and vice president will be made at the House of Delegates meeting, which closes the convention Saturday, Nov. 26. Mrs. Elsie Parnell, currently serving as vice president, is candidate for president. Vice presidential candidates are C. E. Burnett, superintendent of schools at Har-

Duck Count Shows Gain

Waterfowl population along the Texas Gulf coast showed a sizeable increase over recent years, reports the Assistant Director of Wildlife Restoration for Game and Fish Commission.

Total of all species was 1,663,500 birds compared to 402,500 for two years ago and 284,475 for four years ago. But some of the difference, according to Wildlife Biologist Robert J. Singleton, was compensated for by the fact that the census this fall was made ten days to two weeks later.

Red heads comprised almost 700,000 of the waterfowl counted this year. Pintails were next with roughly 400,000. There were 243,700 geese present when the fall's first feathered head count was made, including 190,000 snows.

The Assistant Director said the dry condition of the upper coastal marshes was reflected in the fact that the bulk of the ducks were

lingen; Floyd W. Parsons, superintendent of schools at Beeville; and Dana Williams, superintendent of schools at Gladewater.

Thanksgiving In Every Thing

By TOMMY WILLIAMS, Minister

"In every thing give thanks, for this is the will of God in Christ Jesus concerning you" (1 Thessalonians 5:18).

There are none of us who cannot look upon the abundance of God's goodness and find reason enough to sincerely give thanks. It may be easy sometimes to look upon the troubles of life, and forget to notice God's great goodness, but we can reverse that if we will. We can look upon his goodness, and let the troubles sink into relative insignificance. Much depends on our attitude.

Someone expressed it this way: "The pessimist grumbles because God put thorns on roses; the optimist thanks God that there are roses on

the thorns."

To deny the presence of trials in life is to shut the eyes to reality. To concentrate upon the help of God, and to be thankful for that and all other blessings is a gratitude which lifts the one who gives thanks, and pleases the One who receives it.

"O come, let us sing unto the Lord; let us make a joyful noise to the rock of our salvation. Let us come before his presence with thanksgiving, and make a joyful noise unto Him with psalms" (Psalms 95:1-2).

It's Outrageous!

AN UNSURPASSED VALUE . . . THE NEW

A-C Four-Disc Plow

With the big new plow you'll get more acres plowed uniformly . . . at lower cost. It provides plowing capacity far beyond what its size alone would lead you to expect. It is a rugged, heavy-duty implement with big 26" or 23" disc blades attached to a steel frame of exceptional strength with approximately 350 pounds of weight on each blade. This assures quick, easy penetration to the depth desired, plus work of superior quality. Total width of cut is 40 or 44 inches, depending on blade setting and plows up to 1 1/2 acres per hour.

Because of its low first cost and low operation costs, the new AC plow is an unsurpassed value when compared to four disc pull-type plows.

The new plow is pictured above in action on a farm south of town, owned by L. C. Grissom who purchased the plow. Driving the new Allis-Chalmers WD 45 tractor is Earl Tulerrville, who helps his father on the Grissom farm.

Spare Quail On Test Area Up For Grabs

A small but significant dividend of bobwhite quail on the Gene Howe Wildlife Management Area in the Panhandle has been declared by the Game and Fish Commission.

It has directed the Director of Wildlife Restoration to harvest a maximum of six hundred quail with the participants to be determined through a drawing of persons applying for the special permits.

"This is the first time in Texas' history that such a shoot has been conducted. The project is in line with public hunts authorized this year to remove upwards of 360 deer from three other demonstration-experimental areas.

The Director said accumulation of the excess quail marked efforts to improve game habitat and to expand other game management techniques.

"It is sound conservation to permit hunters to harvest these quail," said the Director. "Our studies show that the land can carry only so many birds. Besides, we find that up to 75 to 80 per cent of the annual quail production dies off naturally—if not taken by hunters."

Sixty persons in pairs will be chosen to participate in the pioneering Panhandle hunt near Canadian. Ten pairs will be accommodated December 3 and the same number on December 17 and January 1. Successful applicants for a one-day shoot may take up to ten quail.

Persons seeking special permits for the quail hunt should send their paired names to the Director of Wildlife Restoration at Commission headquarters in Austin not later than Friday, November 25, when the drawing will be held. Dates each pair will hunt will be determined after the draw and priority will be established according to the order in which the names are drawn.

Each party of two hunters will be limited to not more than three bird dogs. However, it is not required that hunters bring dogs.

Here are some hunt rules: Participants to report at 8 a.

SOCCER GAME FANS RIOT: His face bleeding, a Neapolitan fan is led from Vomero Stadium during a riot at a Naples-Bologna soccer game. The rioting occurred at the game when some 4,000 Naples fans in the stadium moved to attack a referee whose last minute penalty award to Bologna permitted them to tie the Naples team. Police placed total casualties at 152, including 57 policemen.

m., the day of the hunt; no camping or fires within the area; hunters must check out at area headquarters and leave one wing and the crew of each quail bagged for biologists' study, and also fill out information sheet on their shoot.

The Director said Area personnel will cooperate to help the participants enjoy their hunt. "We necessarily have to impose restrictions but we are eager to have the surplus birds removed," he explained. "This is our first experience in this field. If this method proves feasible, it is likely that similar controlled hunts will be held in other wildlife areas, of course subject to conditions as seasons dictate."

Registration Officials To Meet In Austin

The complications of vital statistics—facts of life and death so confidential that discarded correspondence must be specially burned—will be aired during a 2-day conference of Texas registration officials, December 2-3 at the State Department of Health.

Invitations to attend have been mailed to all vital statisticians in cities of 10,000 or more, to all health unit directors, and to all county clerks in counties of more than 25,000 population. But State Registrar, W. D. Carroll said any one working with vital records will be welcome.

High on the list of discussion subjects is "cause of death" coding methods. Carroll and his staff will carefully go over each point in the international system of death coding, the method established by international agreement to standardize records and permit comparisons for world-wide study.

"Nosologists"—cause of death coders from each of the state's registration areas—will meet in special institute simultaneously with the meeting of other vital statisticians, Carroll announced.

The workshop was conceived last year as a means of keeping local registration officials abreast of vital statistics policies of state and federal governments.

"The problems facing registration officials are as varied as the personalities of the 8 million Texans they try to keep tabs on," Carroll said.

For example: When the mother and father of an illegitimate child marry, how are the circumstances of the birth recorded?

Answer: A new birth record may be issued on which the child is shown to be legitimate.

Another frequent problem involves the birth record of an adopted child. Carroll says there are legal means by which a new record of birth can be filed showing the adoptive parents to be the natural parents. Furthermore, the new birth record will bear no evidence of the adoption.

One of the most important items to be considered will be the necessity of requiring complete docu-

mentation before amending a birth certificate. Carroll outlined a case in which a man made application for his birth record to join a Masonic order. When the birth record was issued, the man's middle name was listed as "Philip" instead of "Harold," the name he had been using all his life. Before an amended record could be issued, the man had to furnish documentary evidence in the form of a baptismal record, showing early use of "Harold" as a middle name.

"Without such documentation," Carroll said, "Birth records lose some of their value as evidence."

Ways of handling delayed birth certificates, amendments to death certificates, and methods by which Texas parents who adopt children born in other states or foreign lands can get birth records for the children will also be discussed.

Carroll requested that registration officials planning to attend notify him by writing to the Division of Vital Statistics, Texas State Department of Health, Austin.

TURKISH POLICE HUNT LOVE LETTER

The reputation of the Turkish police for being adept at the finding of lost articles sometimes leads them into strange pursuits. They are presently searching for a letter lost by an Englishwoman who sobbingly reported that she had been carrying it with her for 14 years—it was the last she had received from her RAF fiance before he took off on a sortie from which he never returned. The sympathetic police are combing through the city of Istanbul—whose population is close to the million-and-a-quarter mark where the letter was lost while the woman was on a four-day, all inclusive sight-seeing tour.

TURKEY GIVES US THE BIRD (PARTRIDGE)

Turkey is contributing to the enrichment of the wildlife population of the United States by sending large supplies of chukar partridges here. These game birds thrive in the hills of Western Turkey, where the famed sultana grapes grow. The U. S. Fish and Wildlife Service is importing the partridges by the hundreds in the expectation that they will flourish in areas here which are not suitable for pheasants or prairie chickens.

UT Tests Stated
High school seniors with a University of Texas career in mind will find a good vocabulary, logical mind and number sense helpful in taking the scheduled aptitude tests.

Tests may be taken in 42 Texas cities on three dates—Feb. 4, May 12, and August 10.

Dr. H. T. Manuel, director of the University Testing and Guidance Bureau, said that, as a general rule, a student can be confident of his ability to succeed with university work if he is in the upper three-fifth of his high school class and makes a score of 75 or more on the aptitude test. Most of those applying for entrance would be admitted, he said.

The tests are designed to measure two very general abilities in academic work. First is the ability to work with words and to understand their meanings. Second is the ability to work with numbers and to solve problems. Scores on the required tests will not be the only basis for admission, Dr. Manuel added. All test scores

will be kept confidential.

Giles Appeals Pending
Former Land Commissioner Bascom Giles can count on at least 2½ months more of freedom.

Both Giles' convictions in land scandal trials have been appealed to the Court of Criminal Appeals. Formal submission of the Austin conviction and three year prison sentence is set for Jan. 18.

A six year sentence imposed in San Antonio was appealed and is expected to come before the Court about Jan. 25 or Feb. 1.

Legislative Council Posts Filled
Lt. Gov. Ben Ramsey announced committee assignments at the new Legislative Council.

Serving on the executive committee with Ramsey and House Speaker Jim Lindsey will be Sen. Abraham Kazen of Laredo, and Reps. Bristow of Big Spring and W. G. Kridin of Odessa.

Studying finances will be Sens. Neville Colsoit of Navasota and Gus Strauss of Hallettsville, Reps. E. F. Crim of Henderson, W. S. Heatley Jr. of Paducah, and Pearce Johnson of Austin.

On the subject matter committee are Sens. Rogers Kelley of Elinburg, George Moffett of Chillicothe, Reps. Tom King of Dallas, Gus Garrett of Raymondville, James W. Yancey Jr. of Houston, Ben A. Glusing of Kingsville, and Joe Burkett of Kerrville.

As to subject matter to be studied before the next regular session, committee members say the council already is "loaded."

Historical Committees Organizing
Every county in Texas is being asked by the State Historical Survey Committee to set up a County Committee, announced HSC director George W. Hill of Austin.

The state committee was authorized by the 1953 Legislature

to "study the subject of preservation and dissemination of the records of Texas and Texans."

County judges, with other officials, have been asked to appoint committees for their counties.

Should Be Simple—But
On Sept. 6 the fee for driver's license renewal was increased to \$2. All summer, however, Texans kept jumping the gun and sending in the larger fee. Patiently, the Department of Public Safety sent back the over-payments.

Now, however, the new law is in force—and guess what. hTe DPS's busy writing Texas drivers

—asking for more money. Many of them are sending in the old \$1 fee.

accept the office offered her two weeks ago.

Randall K. Roper Is In Maneuvers
Pfc Randall K. Roper, son of Ralph S. Roper Sr., Olton, is assigned to the Aggressor Force in Exercise Sage Brush, the largest joint Army-Air Force maneuver since World War II, now being

held in Louisiana. Some 110,000 Army troops are testing the latest concepts of bacteriological, atomic, chemical and electronic warfare. The exercise ends Dec. 15.

The Aggressor Force furnishes opposition to the regular maneuver troops in simulated battles.

Private First Class Roper, a tool keeper in Company C of the 4th Armored Division's 126th Ordnance Battalion is regularly stationed at Fort Hood. He entered the Army in September 1954 and completed basic training at Fort Bliss.

The nineteen year old soldier is a 1954 graduate of Olton high school.
