WORKMEN START CONSTRUCTION OF DORMITORIES FOR STUDENTS ATTENDING LITTLEFIELD COLLEGE

Contractor M. L. Waller, Business Manager R. O. Conner, Foreman B. W. Echols and Secretary-Treasurer W. Jones, arrived in Littlefield last week for beginning work of construction on the Littlefield college to be located on a plot of 1416 acres of land adjacent to the east side of the city.

Monday morning work was begun placing water and electric lines on the college property, following which excavation was started and forms are being placed for the erection of two dormitories of about 30 rooms each; one for boys and one for girls attending the college.

The work of construction on administration building and four buildings for teachers will be taken up as soon as the dormitories are well on the way.

That there is no dearth of labor, is the statement of Mr. Jones, who says they have a dozen or more applications now for every job available, the later on they will be able to use more workmen. It is stated that the college will be open its first term during the month of September and, in consequence, the work of building will be rushed forward as rapidly as possible.

President John R. Freeman, Dean O. A. Burk and family, Miss Lois Freeman, Joe Frank Copeland, director of music and voice department in the college, accompanied by Mrs. Copeland, and son, Lee, were also here the first of the week in the interest of the new institution.

One carload of school furniture and supplies have arrived here and another is expected this week.

ACULTY MEMBERS ARE ADDED TO TECH FOR COMING YEAR

Lubbock, Texas, June 5.—Additions to the faculty of Texas Technological College for the coming year as announced by President Paul W. Horn include four men who hold the degree of doctor of philosophy. A. Strout, Ph. D., Yale, has been added to the English department. Raymond Sidwell, Ph. D., University of Iowa, will be an associate professor in the department of geology. S. S. McMillan, Ph. D., University of Pennsylvania, is the new addition to the history department. J. O. Ellsworth, Ph. D., Cornell, is to become professor of agricultural economics and farm management.

The following other additions to the faculty have been announced: C. E. Bell, M. S., Oregon Agricultural College, professor of horticulture; W. Q. Sealey, M. A., University of Iowa, instructor in biology; W. M. McMillan, M. A., University of Texas, resigns from leave of absence as instructor in chemistry; Ralph Masteller, M. A., University of Iowa, assistant professor in business administration; Miss Bonnie K. Dysart, M. A., University of Texas, professor in the department of education; Miss Emmanuelle, M. A., Baylor University, instructor in French; Mrs. W. D. Dingus, B. A., Baylor University, graduate assistant in Latin; Miss C. Rees, M. A., Columbia University, instructor in home economics; J. Carroll, B. A., Texas Technological college, instructor in history; W. S. Rosen, M. A., Washington University, mathematics; Lon Langston, University of South Carolina, mathematics; L. A. Christianson, M. A., University of Missouri, mathematics; E. R. Heinman, M. A., University of Columbia, returns from a leave of absence as head of the department of public speaking; Alfred H. Bell, M. A., University of Ohio, English.

COCHRAN TEST WELL

New oil test is being sunk in Lamb county three miles north of Littlefield. The well is being drilled by the Gulf Refining company. The derrick has already been erected and drilling is to start soon. The well makes two large oil companies competing in the Cochran county section of the Marland company having already started work on a test near the well.

Flies Over Pole

Umberto Nobile, commander of the dirigible Italia, recently crashed over the pole.

COMMERCIAL BODY NOT IN FAVOR OF IMPORTING LABOR

At the meeting of directors of Littlefield Chamber of Commerce, held Tuesday noon the matter of improving and sign posting highways leading north and east was discussed, the matter being referred to the Highway committee to take action.

The matter of marking the streets and numbering the houses in Littlefield was considered and a committee appointed to visit the City Commission urging their action in that respect.

It was decided that some kind of proper ceremony would be held at the time of laying the corner stone for the administration building of Littlefield college, work of construction beginning this week.

Alex Reeves was instructed to go to Lubbock and complete arrangements for Littlefield's part in the South Plains pageant to be given at Fort Worth during the annual convention of West Texas Chamber of Commerce.

Jess Mitchell was made official representative of the local body at the Fort Worth meeting, and was also instructed to vote against the importing into the United States of Mexicans for labor purposes in competition with local laborers.

CONVENTION OF PLATEAU SINGERS AT ROSWELL, 16-17

The seventh annual meeting of the Plateau Singing convention will be held this year at Roswell, New Mexico, June 16 and 17, according to announcement made by John F. Taylor, Clevis, president of the convention.

Mr. Taylor says the Roswell people are planning to entertain 15,000 Panhandle-Plains singers on this occasion, as numerous of the county organizations have signified their intentions of attending the annual meet in a body.

The organization is one of approximately 150,000 membership, covering a territory reaching from Amarillo and Tucumcari on the north, to below Roswell and Lubbock on the south. Taylor is its founder and has been its president ever since organization.

OLTON GIRL GETS DEGREE

Canyon, May 30.—Miss Odessa Howell, daughter of Mr. and Mrs. W. J. Howell of Olton, Texas, will receive her Bachelor of Science degree this year from the West Texas State Teachers College.

Miss Howell is a member of the Sesame Literary Society, Young Women's Christian Association, of which she is a cabinet member. She is president of the B. H. B. Club which is the rooming house organization. Miss Howell leaves the institution with the best wishes of her instructors and alma mater.

Mrs. G. Garner of San Francisco was granted a divorce after telling the judge that her husband cursed and struck her when she trumped his ace in a bridge game.

Something He Can't Quite Comprehend — By Albert T. Reid

NEW EXCAVATOR AND ROAD BUILDER IS SAVING MUCH MONEY FOR COUNTY AND DOING BETTER WORK, SAY COMMISSION

A new Russell combination excavator and road builder, recently purchased by the County is doing some excellent work now in precincts three and four.

Recently a dump 275 yards long, four feet high and with a 21 foot crown was completed in 11 hours and 30 minutes, and at an actual cost of \$1.95 per hour, according to Commissioner C. E. Strawn in whose precinct the work was done. This same job done in the old style manner with teams and freenos would have cost \$400.00. With the new machine the cost was \$22.44, or a saving of \$377.56 over the old system of such grading.

Another stretch of road building 16 miles long was completed with this machine in four days and nine hours.

The feature of this machine is that it lifts the dirt from the road side placing it on top of the dump, just where it is wanted, as it travels along doing the work more exactly than can be done with team and scoops, and saving extra handling.

Both Commissioners, S. D. Hay and C. E. Strawn, who are now using the machine, are greatly pleased with it. Its saving in operation will mean that many miles more road will be graded and many more of the lakes can be filled for trans-traffic.

ARTHUR DUGGAN JR. WINS HONORS AT N. M. INSTITUTE

Mr. and Mrs. Arthur P. Duggan returned Tuesday night from Roswell, New Mexico where they attended the graduating exercises of the New Mexico Military Institute.

Among the 62 graduates from the High school and Junior college departments to receive academic honors was their son, Arthur P. Jr., who stood head man in the high school department, thus winning a \$200 scholarship. Arthur also received three certificates of excellence for his work in solid geometry, physics and trigonometry. He will return to the Institute next fall to continue his college work, with the rank of sergeant.

Arthur is a product of Littlefield, having many friends here who join himself and parents in congratulations over his recent honors.

HOGAN D. G. CO. OPENED HERE FOR BUSINESS SAT'Y

A new store is opening this week in Littlefield, under the name of "Hogan Dry Goods Co.," with G. E. Hogan, proprietor and Mr. and Mrs. D. L. Weaver, managers. Mr. Hogan is from Tahoka, while Mr. and Mrs. Weaver are from San Francisco, California.

The store is being opened in the Enoch building, west side of Main street, carrying a full line of dry goods, ready-to-wear, shoes and clothing, and expect to be ready for business by Saturday of this week.

This firm also owns and operates stores at Archer City, Tahoka and Brownfield.

Commenting upon the new investment here, Mr. Hogan expressed his appreciation of the growing condition of this town and section, and predicted that Littlefield had a great future of development before it. He said, "I am certainly pleased with the town, it people an dthe business location I have secured here."

DIED IN ANTON

Mildred Christine, seven year old daughter, of Mr. and Mrs. James D. Chance, of Anton, died June 3 of bright disease at the home of her parents.

She was buried in Anton last Monday at three o'clock, Rev. Roy Kemp conducting the services and Harrison Mason in charge of the funeral arrangements.

Although the southern border of Texas extends for more than 800 miles along Mexico, more than 76 per cent of the state's population is composed of native white Americans.

PAVING OF MAIN STREET WILL BE BEGUN THIS WEEK

The first steps toward paving of Main street and four cross streets in Littlefield will be taken this week, according to information obtained from the engineers in the city's employ. C. L. Baker, who has the contract for grading of the streets is here with teams and implements ready to go to work as soon as grades are established by the engineer. He expects to begin operations by Wednesday or Thursday of this week.

Following the preparing of grades the curbs and gutters will be laid, then will come the sub-surfacing and the street paving proper. Property owners along the line of paving are expected to widen out their sidewalks to the curbs as the work progresses, many of which have already let contract for such work.

According to a statement of costs furnished by Montgomery & Ward, engineers in the city's employ, the cost of paving on Main street per 25 foot lot will be as follows: curb, 45 cents per running foot, or a total of \$11.25 per 25 foot lot; paving and gutter, \$7.988, per running foot, or a total of \$206.22 per 25 foot lot. These amounts due in six equal payments, the first, amounting to \$34.37 when the work is completed, the remaining five in equal payments extending over a like period of years and bearing eight per cent interest.

The paving proper on the side streets will be some less on account of those streets being narrower. Full statistics of cost are now on file in the office of the City Secretary and may be seen by any citizen desiring further information.

It is stated by the Commissioners that parties residing on other streets and desiring paving, should file their applications with the Commission, if they desire immediate action.

100 AIRPLANES A FEATURE OF W. T. C. C. ANNUAL MEET

Fort Worth, June 5.—More than one hundred airplanes are expected here June 18, 19 and 20, for an Airplane Review in connection with the Tenth Annual Convention of the West Texas Chamber of Commerce in Fort Worth. B. B. Bukeridge, Industrial Commissioner of the Fort Worth Association of Commerce, is in charge of plans for this event.

The program is incomplete but will include a grand parade at 1:00 o'clock each morning. The planes will take off at 10:01 each day and will fly over the city. In the afternoon there will be stunt flying, parachute jumping and other features.

One of the oldest planes in use will be here, as will the very latest models. It promises to be one of the biggest air plane reviews ever staged in the United States. Still another feature will be a barbecue for the aviators. Already returns indicate at least one hundred planes.

TECH COLLEGE ASKING FOR THREE BUILDINGS

Lubbock, Texas June 4.—The next legislature will be asked for money for three major building projects at Texas Technological college, according to the program of President Paul W. Horn which has had the official approval of the board of regents. Money will be asked for the completion of the administration building, and a library building, and dairy products building.

Included in the program of enlargement is additional equipment for the engineering and chemistry building, sidewalks and street paving, more barns, sheds and fences for the school of agriculture, another well an addition to the heating plant, and a quantity of trees and shrubbery for the campus.

George Brooks, of Eureka, Cal., has recently been reunited with his family after losing all trace of them during the San Francisco earthquake and fire in 1906.

The politician may not be able to explain it but he knows very well the fools are gathered in one part.

ICE CREAM SOCIAL

The ladies of the Methodist church will give an ice cream social Saturday night on the vacant lot between Ellis' store and the Mercantile. A cordial invitation is given to all.

The Leader for printing.

CO-OPERATIVE ADVERTISING OF THE SOUTH PLAINS COUNTRY PLANNED FOR MEET OF W. T. C. C. AT FORT WORTH

The South Plains Commercial Executives Association has launched plans to secure the co-operation of all towns in the South Plains in advertising the section as a whole at the annual West Texas Chamber of Commerce convention at Fort Worth, June 18, 19, and 20.

The officials of the organization hope to secure the cooperation of every South Plains town in the matter. The committee plans to have one general headquarters for every town in the section instead of having the various headquarters scattered all over Fort Worth. This will enable

people of this section to get together to get better acquainted and to work together to better advertise the entire section.

Arm bands will be worn by delegates from all towns cooperating, which will identify them as being representatives of the South Plains as well as delegates from their particular towns, which will also be shown by other badges, buttons and pennants.

Instead of having individual floats in the parade, the committee plans to have one mammoth float which will carry a banner on each side reading, "The South Plains of Texas" with chairs for the "princesses" of each of the towns cooperating. Each "princess" is to carry a banner showing the town which she represents.

The idea was first expressed at Lamesa May 10, at a meeting of the executives association following the annual South Plains district convention of the West Texas Chamber of Commerce. Following the discussion there, the executive committee, composed of Mrs. Paul T. Miller, Tahoka, chairman, John D. Bird, Ralls, secretary, Ed Bishop, Floydada, and Wm. A. Wilson, Lamesa, met last week and worked out the above plans.

John D. Bird has written every Chamber of Commerce in the South Plains section asking their cooperation. When the number of towns to

cooperate in the movement is ascertained, Bird will notify the organizations of the approximate expense.

The expense for the arm bands, and for the float will be the principal expense and will be much lighter with all the towns cooperating than if each were to have an individual float.

UNION REVIVAL FOR LFD.

Plans are maturing for a community-wide revival to be held in Littlefield the last two weeks of July. The Methodist and Presbyterian churches have selected committees which will meet Sunday, June 10th at three o'clock in the basement of the Presbyterian church. If any other churches or individuals are interested in such an undertaking they also are invited to meet with us that we may lay our plans together so that there may be harmony among all groups.

We especially invite the people living around the town in all directions to have your say in the meeting and in planning the same. The opinion so far seems to be that we need to have a tabernacle centrally located. If you sing or play an instrument that can be used in the meeting we invite you to offer your services to the committee. Let us help answer the farewell prayer of our Lord "That they all might be one" by co-operating in this work that is nearest our Masters heart, that of winning the world to His Kingdom. May we have as our motto, "Unity in the essentials. Liberty in the non-essentials. Charity toward all."—Contributed.

United States government authorities show that under favorable conditions with a beginning of one male and one female fly, they may increase in one season to over 50,500,000,000,000 flies. This shows the need of FLY-TOX. FLY-TOX is the scientific insecticide developed at Mellon Institute of Industrial Research by Rex Fellowship. Simple instructions on each bottle (blue label) for killing ALL household insects. INSIST on FLY-TOX. It is safe, stainless, fragrant, sure.—Adv.

GETS VACUUM OIL AGENCY

The Littlefield Service Station has secured the local distributing agency for the Vacuum Oil Co., products, this week shipping in the first carload of Mobile oils. W. S. Brandon, proprietor, says this brand of oil was the first used in

the first automobile ever manufactured, and that Lindberg used nothing else in the motor of his Spirit of St. Louis on his trips to France, Mexico and South America.

TO CLEAN GRIMY FURNITURE

Dirt and spots that have become firmly fixed on polished or painted

furniture yield easily when rubbed with a cloth wrung out of warm (hot) water and soaped well with low naphtha soap. Dry quickly, rub with soft flannel—and see how clean and new the furniture looks.

He: "I haven't the cheek to kiss you."
She: "Use mine."

largest automobile producing company is ideally suited to every type of weather under all kinds of driving conditions.

Of two to four passenger capacity the convertible cab with the top up resembles the sport cabriolet in appearance. The top, however, is fully collapsible and folds so completely out of the way that full vision ahead is possible from the rumble seat. An additional feature is the inclusion of a nickel banding around the windows which gives them rigidity and permits of raising the windows, with the top lowered as an extra protection against the wind.

Finished in Romany Red, with black body beading striped in gold, and embellished with artistic touches of polished nickel, the new model sounds a distinctive style note in the field of low cost transportation. The disc wheels are of the same brilliant color combination as the body.

AN OLD BACHELOR IS COMING TO LFD. TWO JUNE NIGHTS

It has at length been officially announced that An Old Bachelor is to come to Littlefield June 21-22. Girls set your caps; boys,—Beware! The Leader was given due notice yesterday, which is authentic. Moreover, there is nothing secret about his arrival, nor of the fact that it is expected that both boys and girls, men and women, sweethearts and would-be sweethearts, young or old, rich or poor, homely or handsome—all will be drawn into the net.

"Forewarned is forearmed," so the public is hereby advised that the Old Bachelor will be at the Palace theatre two nights, Thursday and Friday June 21-22. Mr. Eban Harries, an actor of over 20 years experience, is director of the affair, which is a comedy drama of laughter and tears. The other actors in the cast are well known citizens of this community, and an exceptionally fine home talent is promised. Mr. Harries himself, will play the role of the leading man. The play will be given for the benefit of the Littlefield public library.

Miss Eleonora Sears set out recently from Newport, R. I., and hiked 74 miles to Boston. 74 miles is quite a walk, but it doesn't seem a big one to some flappers of our acquaintance who have gone out on joy-rides!

The Sunday Night Supper

By CAROLINE B. KING
Culinary Expert and Lecturer on Domestic Science

SET forth on colorful linens and china in a cool corner, the Sunday evening repast in warmer weather becomes one of the happiest occasions of the week. And with just a little thoughtful planning the supper may be both delightfully inviting and nutritious.

Cheese lends itself most satisfactorily to meals of this type. It is, like the milk from which it is made, a perfect warm-weather food, besides possessing a certain piquant flavor which is very appetizing. Cold meats, fresh vegetables, hard cooked eggs, pickles, olives, crackers and fresh fruits all combine delightfully with Switzerland cheese.

Mors d'Oeuvres a la Suisse are delightful little appetizers. Arrange four thin inch-wide strips of Switzerland cheese on small serving plates radiating them from the center. Spread each strip of cheese lightly with mustard. On one strip arrange a little hard cooked egg white finely chopped and mixed with French dressing. On the second the egg yolks also chopped and mixed with the dressing. On the third a little chopped stuffed olive and on the fourth just a suspicion of grated onion. Garnish the plates with water cress.

Switzerland Cheese in Aspic: This is a very handsome dish. To be quite perfect it should be made the day before it is to be served. Make a quart of tart lemon jelly,

adding a teaspoonful of tarragon vinegar and a generous sprinkle of paprika. Cool almost to the congealing point, then arrange a layer in a mold and chill. When stiff place a layer of sliced pickled beets, a few cooked peas, and sections of hard cooked eggs on the jelly. Cover with a layer of jelly and chill. Cover the second layer of jelly with thin slices of ham and Switzerland cheese and repeat these layers until the mold is full. Chill thoroughly, turn out on lettuce leaves and garnish with ripe olives.

Tomato Platter: Scald ripe, firm tomatoes, dip in cold water and peel. Chill and slice. Cover a platter with crisp lettuce leaves, and arrange the tomato slices alternately with thin slices of Switzerland cheese and cucumber rings. Serve with a sharp French dressing and rye bread and Switzerland cheese sandwiches.

Impromptu Platter: On a platter bordered with lettuce leaves arrange in inviting manner well drained sardines, hard cooked eggs in quarters, thin slices of Switzerland cheese and garnish with small pickles and radishes.

Geneva Salad: Dice Switzerland cheese and mix with an equal quantity of cold boiled potatoes, moisten with French dressing or mayonnaise and pile on lettuce leaves. Serve garnished with bologna sausage cut in thin slices.

PERSONAL ITEMS

Liston Thompson, of Levelland, was a Littlefield visitor, Sunday.

Carl Duke and Jack Easley were Lubbock visitors, Saturday night.

Ray Jones made a business trip to Lubbock, Monday.

Miss Alyne Arnett, of Spade ranch was in Littlefield, Friday.

Albert Fryar, of Lubbock, was in Littlefield on business, Monday.

Miss LaPina Jackson, of Sudan, is spending the week here with relatives.

Miss Mary Willis returned Sunday from a weeks' visit in Sudan.

Buster Glover was a Lubbock visitor, Saturday night.

Bill Teal, of Lubbock, spent last Sunday in Littlefield.

George Burns, of Amarillo, is in Littlefield on business this week.

Tom Singer spent Sunday with friends in Amherst.

Fred Groom and daughter, Miss Charlotte, were in Lubbock, Sunday.

J. T. Street made a business trip to San Angelo, last week.

Henry Cuenod, of Levelland, was in Littlefield on business, Thursday.

E. Mueller made a business trip to Lamesa, Monday.

Lon Bates, of Enochs, was in Littlefield on business, Monday.

Mr. and Mrs. Pat Boone and son, Pat Jr., were in Lubbock, Sunday.

W. E. Thompson made a business trip to Hobbs, New Mexico, Sunday.

Miss Dahlia Hemphill returned last Saturday from a trip to Dallas.

Miss Dahlia Hemphill was a visitor in Canyon, Sunday.

Arthur Jones was a Lubbock visitor, Saturday.

Sheriff Len Irvin was in Olton, Monday.

T. Wade Potter is in Aspermont on business, this week.

Fryor Hammons was in Amherst on business, Tuesday.

Mrs. Savage, of Canyon, is visiting her daughter Mrs. C. W. Edwards and family.

Mr. and Mrs. Homer Lawson, of Ft. Worth, were the guests of Mr. and Mrs. T. Wade Potter last weekend.

Mr. and Mrs. Kirk Allmon, Lubbock visitors, Sunday.

G. P. Howell, of Enochs, Littlefield on business, Saturday.

Mrs. W. A. Bates, of Oregon, is visiting her son, Bates, of Enochs.

Miss Vivian Jordan came in from Canyon, to visit her sister, Leona Jordan.

Aubrey Connell, of Lubbock, is visiting his parents, Mr. and Mrs. Connell this week.

Miss Helen Thornton, of Falls, is visiting her sister, Mrs. Spinks.

Miss Ray Jones has as her cousin, Miss Alta Webb, Gregor.

Mrs. W. P. Fewell, of Aspermont, spent Monday with her sister, Eula O'Lang.

Orvie Teal, of the Penitentiary, visited in Lubbock, day night.

Alvin Hendricks, of Lubbock, in Littlefield on business, last day.

Mrs. Pat Boone and son, are visiting her parents, Mr. and Mrs. R. C. Hopping, in Lubbock.

COTTON SEED

\$1.50 per Bushel

All this stock produced in territory adjacent to Vernon, Texas, where practically nothing but "HALF & HALF" cotton is grown.

\$1.50 per bushel, cleaned, sacked (3 bushels a sack) and delivered, freight prepaid to Texas stations.

EVERYTHING IN THE HARDWARE LINE FOR BUILDERS

We carry a very extensive stock of Builders' Hardware and quite a wide selection to choose from. We carry nothing but the best in Quality at very lowest in price.

Here you will also find a good array of general shelf hardware, including numerous items for home, such as tin, granite and aluminum ware, cutlery, dishes, lamps, stoves, etc.

When it comes to Lumber, we carry the largest and best grade to be found in this vicinity—doubt about that, while the volume of our sales bespeaks the satisfaction of our customers. Let us discuss with you any building you may be contemplating.

HIGGINBOTHAM-BARTLETT COMPANY
LITTLEFIELD, TEXAS

PATSY RUTH MILLER

favors this smart, long-wearing

Allen-A Hose

We have it in all of the most popular shades

Miss Miller has found in this chic Allen-A style a hose that is both beautifying and very long wearing. We feel sure that you will be delighted with it too.

It is a crystal clear weave of selected Service Sheer silk. Full-fashioned to caress the ankle and knee for a charming effect.

The foot is made of very fine mercerized lisle. Reinforced at the heel, sole and toe. It seems to wear "forever."

See this new hose at once. We have it in all of the newest shades. Ask for Patsy Ruth Miller's favorite by style number—3760. Priced, only

Prices \$1.25, \$1.50, \$2.00

SHAW-ARNETT COMPANY

LITTLEFIELD, TEXAS

SHERIFF'S SALE

THE STATE OF TEXAS

County of Lamb,
 NOTICE IS HEREBY GIVEN THAT by virtue of a certain order of sale issued out of the Honorable District Court of Lamb County, on the 4th day of June 1928, by A. H. McGavock Clerk of said District Court for the sum of \$12,991.62 Dollars and costs of suit, under a judgment, in favor of Plains Investment Company in a certain cause in said Court, No. 373 and styled Plains Investment Company vs. Henrig Stallo, E. D. Clark, Yellow House Land Co., C. A. Doose, Will Doose, Jr., and W. H. Hodges, placed in my hands for service, I, Len Irvin as Sheriff of Lamb County, Texas, did, on the 4th day of June 1928, levy on certain Real Estate, situated as follows, to-wit: All those certain lots, tracts or parcels of land lying and being situated in Lamb County, Texas, and being in two tracts the first tract being that part of Labor No. 4, League No. 672, lying South of and adjacent to the State Highway No. 7, in said county and containing 154.1 acres of land, and the second tract being Labor No. 7, League No. 672, in said county, and containing 177.1 acres of land, and levied upon as the property of E. D. Clark and that on the first Tuesday in July 1928, the same being the 3rd day of said month at the Court House door of Lamb County, in the town of Upton, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said order of sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said E. D. Clark.

And in compliance with law, I give this notice by publication, in the English language once a week for three consecutive weeks immediately preceding said day of sale, in the Lamb County Leader, a newspaper published in Lamb County.

Witness my hand, this 4th day of June 1928.

LEN IRVIN, Sheriff Lamb County, Texas.
 June 7, 14, 21, 1928.

charge in the open market of the world."

The above appeared in the wheat Grower's Journal, and is so full of truth and so concisely stated that we reproduce it, trusting that it will cause farmers to stop and do some real thinking for themselves, and resolve that they are going to stop this unbusinesslike, unfair and unjust method of allowing others to price the products which they have produced. It is the only road to prosperity.

A new decree makes it necessary for London nurses to wear dresses reaching four inches below the knee. Probably a measure to check the overcrowding of London hospitals.

Until the year 1881, wife beating was legal. Maybe that's what the old codgers think of when they talk of "the good old days."

AUTO-CYCLE COLLISION

Sunday afternoon Ronald Toms, nephew of Mrs. F. G. Sadler, Jess McElhaney, and two other boys by the name of Pearson and Redding, all students of Lubbock, Tech., and mounted on motor cycles, were run into by an automobile driven by two men, apparently in an intoxicated condition, near Roundup about 18 miles southeast of Littlefield, on the Lubbock highway.

Toms and McElhaney were both injured being taken to a Lubbock hospital for treatment.

TO REMOVE MUD STAINS

When fabric has been splashed with mud, allow the spots to dry thoroughly, then brush off as much mud as possible. Cover with a mixture of salt and flour and keep in a warm dry place for a day or so. Shake and brush carefully.

INSURE AGAINST HAIL

—IN—

THE HARTFORD FIRE INSURANCE CO.

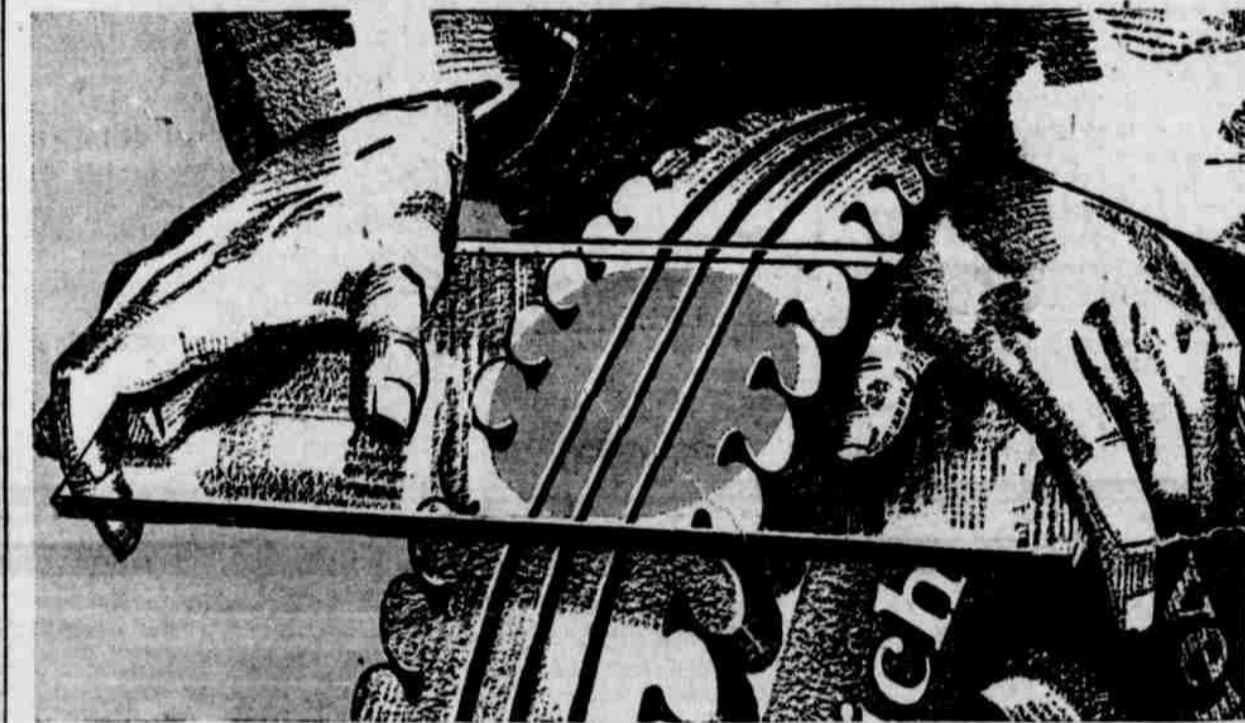

J. H. LUCAS, AGENT

at

Euochs Land Office,

Littlefield

Here's why Silvertowns deliver remarkable new mileage!

THE PLATE GLASS TEST: This glass is pressed against a Silvertown tread to illustrate the important facts explained below.

Inside a balloon tire, there's a pressure of 30 to 40 pounds.

Against this is an outside pressure of several hundred pounds, or more than a thousand, where the tread meets the road. Something has to give—in a hurry—when that tire speeds along at thirty miles an hour.

Now look back at the picture. Let your eye follow those three deep grooves in the tread

center. See how they come together against the ground — easily — smoothly — without distortion or "piling up."

There's the reason the Silvertowns we sell are rolling out new mileage records on many of our customers' cars.

Drop in and see us, and you will like our courteous service as well as you like our tires.

See us for new

LAMB COUNTY LEADER

Published every Thursday afternoon at Littlefield, Texas.
Subscription: \$1.50 per year; 75 cents for six months.
Advertising rates given upon application.

No. Entered as second class matter May 24, 1923, at the post office 27 at Littlefield, Texas, under the Act of March 3, 1897.

JESS. MITCHELL,

Editor and Publisher

National Editorial Association, MEMBER Texas Press Association

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses.

Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

THE LEADER WANTS AND IS BOOSTING FOR—

Other lines of business not now represented here.

A modern hotel adequate for present and future needs.

More paved streets.

More water and sewer connections.

Numbering of houses and marking of streets.

Opening of Ozark Trail.

More farmers with fewer acres, but these acres more intensively cultivated. More pure breeds, more and better dairy cows, poultry and hogs.

Fair prices for farm products and fair and courteous treatment of farmers.

Respect for and enforcement of existing laws and local ordinances.

LITTLEFIELD STORES

Retail stores are doing business today on a smaller margin of profit than ever.

The higher range of prices prevailing since the war has stimulated competition and has forced retail trade to remodel its system of operation and to make every possible improvement and economy in its methods. The stores are saving a margin for the public as a result of improved distribution methods.

Merchants today are putting more brains in their work. They get better expert advice, they understand markets better, they train their employees to render better service.

The best way to make the people of Littlefield realize the fine quality of the service they get from their stores is by consistent advertising of those stores. As they read the newspaper advertising people learn about special chances to buy goods which they would never have known about otherwise.

They learn that stores are carrying lines that they knew nothing about. They get information warning them of conditions that tend toward higher prices, and showing them how they can save money by prompt purchasing. They learn that their home merchants have been scouring the country to obtain the best merchandise obtainable. They discover that their home stores are working mightily to provide the necessities and conveniences of life at the lowest possible price consistent with substantial merit.

The advertised store is the appreciated store.

Wichita, Kans., has a plumber named Gistrich and all we've got to say is that he is in the right business to do it.

THE CANDIDATES

For the past two or more months the candidates have been throwing their hats in the ring of political aspirations. Every two years we elect state and county officers, and every four years the election reaches out into national affairs. This year we have the big election.

Right now there is much discussion about laws. Some say we have too many laws; others insist many of our laws are foolish and should be annulled. Still others declare a need for a better class of law-makers. Whichever may be the case, this year affords an excellent opportunity for change and improvement.

It is to be assumed that the men and women who are offering themselves to the respective offices of their aspirations are capable of filing them

in a creditable manner. Some may do better than others; some may be entirely unfit. They should be weighed carefully in the balances. Merely because some one wants a given office is no reason he should have it. The man who is an office seeker merely because of the salary attached to it is not the best kind of citizen or most desirable office holder.

Let every voter consider well how he shall cast his ballot this year!

It's amusing to see an old bachelor getting a baby, especially if the baby is about 15 years old.

A LONG STEP AHEAD

Whatever may be its short-comings and regardless of what it should have done that it hasn't done, Congress deserves a general vote of thanks for providing Mississippi Valley flood relief. We feel safe in saying that every man in Littlefield, regardless of what theories he may have as to whether needed legislation, will admit that when it comes to something that will be a blessing to the whole country, and the salvation of a dozen states, the flood relief bill stood out above all the rest.

Congress has passed the bill, the president has signed it, and there probably will be little delay in starting what may be a still bigger job—building the Panama canal. The sum of \$325,000,000 is tax on the cost of it, but the job will be worth a billion dollars if it is done right, and if it brings an end to the menace caused by this unruly old body of water. We think nothing of spending billions in a war to preserve our national honor—then why quibble over a few millions spent to preserve the lives and property of our fellow-men?

Farm relief is coming, and more irrigation projects for the west. They are bound to come because they are things we can't get along without much longer. It is a good idea to keep on agitating along that line. But don't overlook the fact that Congress is entitled to the nation's thanks for starting on one of the most important projects America has ever attempted—the curbing of the Mississippi flood demon.

June is the time when a lot of young people start in to learn what a liar the fellow was who first said that two can live as cheaply as one.

COSTLY CARELESSNESS

It is estimated that burned or burning cigarettes are discarded in the U. S. at the rate of 170,000 a minute—ninety billion a year. Every one of these not thoroughly extinguished before it is thrown away is a menace to life and property.

In ignition tests made with pads of dry grass the government found that burning cigarette butts, with the wind blowing at three or four miles an hour, would start fire in 90 percent of cases. Foresters all know that the cigarette is one of the greatest fire hazards with which they have to contend.

There is no way to prevent cigarettes being dropped when smokers have finished with them. But there is a way to prevent fires resulting, and that is to stamp them out or see that they are out before they are dropped.

Any Littlefield smoker who will pause to consider that our fire loss in the U. S. through carelessness totalled \$600,000,000 in 1927 will see the value of being a little more careful when he is tossing away cigarette or cigar stub, or knocking the fire and ashes from his pipe.

TEACHING SAFETY

It gives us a lot of pleasure to find in an exchange a statement to the effect that seven states now have laws making it compulsory for school teachers to conduct safety lessons.

In Ohio the law requires each teacher to devote not less than 30 minutes in every school week to instructing their pupils in the necessity for carefulness on streets and highways.

We've been preaching this for a long time, and arguing that teachers around Littlefield would add much to the value of their work if they would frequently discuss safety measures and point out to the children in their care the all effects that come through disregarding safety rules.

Saving lives is just as important as moulding lives. Seven states have recognized this fact by placing laws on their statute books that require the teaching of safety in their schools. But it isn't necessary to wait for a state law to be passed. There is no law against teaching it. And there is every reason why there should be more of it done.

We read that a So. Carolina editor was recently robbed of \$265. The part of the story we can't believe is that it was an editor.

JUNE

The poets have done well by June. The subject supplies inspiration enough for any rhymester to do his best.

If June is ordinarily well behaved it deserves all that the great and little poets have sung about it. Occasionally the month shows a rebellious spirit, but so rarely is this true that the exceptions may be taken to prove the poet's rule of blessedness and praise for June.

Nature perfects herself in the sixth month of the year. Perhaps some persons will hold that nature's perfection comes at the harvest season which falls well forward into the hazy days. There is, however, a harvest of flowers as well as of fruits and grains, and the abundance of blossoms comes in June along with brides girl graduates and other things pleasant to look upon.

As a general thing the fellow who marries a flapper finds a cook stove in his home about as useful as a whip-socket on an automobile.

BRIGHTER PROSPECTS

Sales of farm machinery for the first two months of the present year exceeded the first two months of 1927 by 17 per cent. Experts in agricultural affairs thus figure that the purchasing power of the farmer has increased in like proportion. They forecast higher prices for cotton, hogs, cattle and dairy products this year

than last and say that if these things come as they anticipate and we have a good crop year, the farmer will be better off at the close of 1928 than he has been at any time since deflation set in right after the war.

Should this be true residents of Littlefield and every other town and city will rejoice, for nobody ever has worked harder and with worse prospects of improvement than the men who have tilled the soil faithfully and hopefully when everything seemed against them.

The fellow who pays alimony has at least one advantage—he doesn't have to give an account of what he did with the rest of his money.

WHERE THEY TRADE

While the majority of Littlefield citizens are loyal to home interest, there are numerous instances of many who are going out of town for some of their buying.

Very seldom is there anything to be gained by going to the larger towns for buying. Other things being equal, the smaller town merchant can actually sell cheaper than those of the larger places.

Merchants who advertise and then deliver the goods advertised, not only help their own business but help the town in which they are doing business. As a rule if customers can get at home what they desire and at an equivalent price, they have no desire to go elsewhere for their purchases.

Littlefield has a splendid class of business men. It has a good newspaper as its advertising medium—a paper of large circulation and popular with its readers, and one that is always glad to co-operate with its business interests for the betterment of the community general. It is at your service, always!

This Week's Poem

FISHIN' TIME

Dedicated to Harry Wiseman and A. G. Hemphill
Get out your fishing tackle
That you laid away last fall.
The days are growing longer
And the trout and muskies call.

So get your patent minnows
And your spinners and your flies,
And, ah! my honest fisherman,
Do not forget your lies.

LITTLE LEADERS

No Littlefield man would stop in the middle of the sidewalk to powder his nose but he'll stop there to watch a woman do it.

Some Littlefield girls think it's a tragedy if they have to go through life without having men staring at them.

The modern Littlefield girl's idea of a kitchen apron, is something made of silk, pretty to look at, but perfectly useless.

A Boston doctor says women's lips are softer than men's. Wonder if there's a man in Littlefield who hasn't noticed that?

The average Littlefield man looks on middle-age as that time of life when one more pain doesn't cause any particular worry.

If someone discovered perpetual motion we expect there are a few fellows around Littlefield who would want a law passed against it.

Even if you haven't an almanac you can always tell its Spring by counting the number of Littlefield men who would rather be fishing than working.

More than one Littlefield man is afraid that he is going to have to lie when he gets to heaven and St. Peter asks him if he was always prompt in mailing the letters his wife gave him to mail.

CONVERSATIONS OVERHEARD ON STREETS OF LITTLEFIELD

Customer—"Have you anything for grey hair?"
Druggist—"Nothing but the greatest respect, man."

Carl Arnold—"Some men take good care of an automobile, while others treat it just like one of the family."

It is reported that a Littlefield man who is very religious and also very business like starts off his prayer in this manner: "This is Jesus speaking."

DOCTOR FRANK CRANE SAYS

A NEW COLUMBUS

The reader may often have wished that he might have lived in that year 1492, when Columbus crossed the watery wastes and discovered a new continent.

But to live in the year of our Lord 1928 and to pick up the morning paper and see that young Lindbergh had completed a trip of 9,000 miles throughout the South American republics and back to St. Louis, or that he has successfully crossed the Atlantic Ocean and landed in Paris is really to live in the age of a new Columbus.

He has done what has never been done before. His stock in trade was merely a skilled hand and a clear brain. There was no great capital behind him, no organization that prompted him. He just did it himself.

And as far as I have been able to see, I have found no line in any paper anywhere criticizing or condemning him. With one voice the people of all countries have united in exalting Lindbergh. And with all he has carried off his victory so modestly and so humanly as to raise no resentment. For after all there is only one thing we resent in a man, be he great or small, and that is undue egotism.

Nobody voted for him and he was not elected to anything, but he ranks along with Abraham Lincoln and General Grant as one who does things and does them with simplicity and punctuality.

Along with the other millions of the United States I am glad to shy my hat into the ring and to hurrah for Lindbergh! If I were to have another son I think I would call him Lindbergh, for there is no man whose example I would want him to imitate more than Lindbergh's, and example, an example of adventurous youth combined with those sterling qualities of

simplicity and modesty which ought to characterize a great man.

After all he does not seem to want anything. He does not ask for our money or our votes. He only wants a chance to go to work at that work which he understands best, which is flying. I hope he will stick to this and show us an example of a man who takes delight in doing that which he can do.

LITTLEFIELD CITIZEN WAXES ELOQUENT IN HIS INDIGNATION OVER CARELESSNESS OF CITIZENS IN DISPOSING OF GARBAGE

This week signs are being made and painted showing the route to City disposal grounds.
 The first sign will be at the southwest corner of the townsite with a red arrow on the sign, and will read, "To City Property."
 The disposal grounds are ample to take care of the city's needs for several years to come, and the city had to pay our taxpayers money to secure it, therefore, every tax payer in the city has part ownership in these dump grounds and should not feel backward in using it.
 If you think it is nice and neighborly to keep all your old cans and rubbish in your own back yard for decoration and that the scent and flies will be of benefit to you and to your neighbors, that will be fine, it will show your good character and what you like to have around.
 But on the other hand don't kid yourself or build up any false pride over the fact that you have cleaned up your back yard and alley and then hauled it off and dumped it into some small lake close to some one else or along the road where some other person besides yourself can be worried with your filth, you haven't helped yourself or anyone else in Lamb county.
 It is against the law to do that, but anyone so low down as to dump their dead animals and filth just anywhere to get rid of it, doesn't even know the meaning of "Law, Order and Decency."
 Think it over folks, clean up but clean up right.
 If you don't have some little children of your own, maybe your neighbor has some little ones that are very precious to him and if through your neglect to clean up, flies or odors from your filth should carry disease germs to the body of that small child and cause its death, would you feel like looking your fellowman in the face and tell him how good and respectful a citizen you were; would you be entitled to his good opinion.
 When you get your yard and alley cleaned up and piled where a man can get it with a truck call the City office and they will be glad to send someone to haul it away for you, and the charge for hauling will not be prohibitive.—Contributed.
 Amen!—Editor and Mayor.

AUXILIARY MEETING
 Tuesday afternoon the Presbyterian auxiliary met in social session at the home of Mrs. Ray Jones. The occasion was the quarterly birthday party of those members whose birthdays occurred in April, May and June.
 Following a short business session, the devotional was given by the chaplain of the auxiliary, Mrs. Arthur P. Duggan. The subject chosen by her was, "What Time Is It," and was most interesting and inspiring.
 Among the diversions offered was a "Contest of Roses," in which Mrs. W. O. Stockton proved most skillful at planting roses. Her cleverness was rewarded by the presentation of a bouquet of exquisite roses.
 An attractive refreshment plate of food was served to members and to guests. Then began the ceremony of cutting the beautiful birthday cake which was completely encircled with tiny candles, and artistically decorated with red and yellow rose petals. The honorees of the occasion were Mesdames S. J. Farquhar, F. G. Sadler, W. S. Brandon, R. M. Smith and W. D. Arnett.
 Those who enjoyed the hospitality of Mrs. Jones were Mesdames Allbright, Bills, Carter, Chesher, Cobb, Duggan, Hilliard Rutledge, Wiseman, Stockton, Brittain, Farquhar, Miss Hubbard, and Mary Alice Hart, of Seymour.

IN MUNICIPAL COURT
 Two men and two women docketed in Municipal court Monday morning, gave names of John Doe, Jack Brown, Mable Johnson and Agnes Smith, the names are said to not be correct. One man and one woman are said to be from Lubbock, one man from Plainview, while the other woman is said to be of local residence.
 They were arrested on nominal charges of "vagrancy" preferred by the proprietor of a local rooming house, and were taken into custody Sunday night by City Marshal Fred Hoover. One woman paid fines for the two while the men, being turned loose to obtain the money, are alleged to have attempted to skip the country, but were again apprehended by the officer who slapped a double fine upon them.
 Fines for the women were \$8.45 each; for the men, \$16.90 each.
 Kwit-herbelliakim and smile.

COURTNEY-WHITE
 A pretty home wedding was solemnized Thursday evening of last week, at the home of Mr. and Mrs. E. G. Courtney, when their daughter, Vivian, became the bride of Mr. Maurice H. White, of Dallas.
 The bride wore a lovely dress of georgette in a pastel shade, and carried a bouquet of bride's roses, roses, ferns and greeniums formed the improvised altar in the spacious living room, and the path to the altar was down a aisle banked with roses. Marching in to the lovely and stately strains of Lohengrin's Wedding March rendered by Mr. Jess Mitchell, the bridal pair was met at the altar by Rev. Geo. Turrentine, who performed the marriage rites, using the beautiful and impressive ring ceremony.
 Immediately after the informal reception following the marriage, the young couple left for a short motor trip. The bride's traveling dress was a tan ensemble suit of crepe and georgette, with accessories to match.
 Only the immediate families of the two contracting parties, with a few intimate friends were present at the ceremony. Out of town guests were Mr. J. P. Courtney and Miss Maude Courtney, grandfather and aunt respectively, of the bride, from Follette, Texas; Miss Helen Ellrod, Mrs. Novella Woodburn, of Muleshoe, Texas; Mr. and Mrs. L. H. Hungate of Lubbock, Texas, uncle and aunt of the groom.
 Mr. White is a son of Mrs. T. P. Wright of this city, and has been residing in Dallas for the past several months, where the young couple will make their home.
 This marriage is the consummation of a romance which began when Miss Courtney and Mr. White first came to this section of the country several years ago with their parents; when Maurice was a lad ten years of age, and Vivian a little blue eyed girl some years younger.
 The best wishes of a host of friends follows them to their new home.

Morning Service, 11:00 A. M.
Junior Endeavor, 4:00 P. M.
Evening Service, 8:30 P. M.
The theme for the morning will be upon "Esau, that Profane Person," contrasting the lives of two Old Testament characters, Esau and Jacob, with lessons to be learned from each. Characters from the past are by no means dead to us; there are many lessons to be learned from their lives. History of the past is but the teacher of the present.
"An Example of Courage," will be

DAILY, FEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, has breath and takes no interest in eating, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by

Stokes & Alexander Drug Co.

the subject for the evening. As in the morning, the sermon will deal with Old Testament characters.

Beginning this month we will have our regular mid-week services every Wednesday evening at 8:30, during which time we take up in detail the life of Paul, the Great Apostle, with a glance at his letters. Everyone is invited to attend who can.

The congregation and the minister extend to all who have no church home a cordial invitation to attend every service. You will find a cordial and sincere welcome awaiting you.
—Wm. F. FULTON, Minister.

FINE RAIN FRIP HELPS ALL CROPS OF THIS SECTION

Littlefield community crops, already growing luxuriantly, received another developing boost last Friday night when heavy rain fell visited this section. The government precipitation gage here recorded 1.15 inches, while a few miles west and northwest as much as two inches downpour was recorded. East of Littlefield the rain was somewhat lighter.

Crop conditions in this section could scarcely be more favorable at this time of the year than if specially ordered. Heavy rains about three weeks ago put the fields in first class condition for receiving the seed, and since that time there have been some light showers. Practically everything put into the ground has readily germinated, very little replanting having to be done. Warm weather during the past ten days has popped open the cotyledons, pushing their tiny stems up through the loose moist earth where they have increased strength with the putting on of embryonic leaves and gathering of nitrogen from the air. Now the rain of last Friday night will cause field crops everywhere in this vicinity to develop more rapidly than ever before.

The acreage planted this year will be the largest in the history of Lamb county, not only because of increased settlement, but also because of favorable conditions which has prompted every land-owner to plant the maximum amount he can give care and attention.

Saturday night there was another heavy shower, and Sunday afternoon still more rain, accompanied by considerable hail that did much damage to wheat of this section, also causing several of the farmers to have to replant their feed and cotton fields.

In this connection, on account of the scarcity and high price of cotton seed for planting, it has been suggested that great care be exercised by the farmers having to replant that they do not get seed from any of the infected areas south and southwest of here. Such seed, unless thoroughly fumigated, might prove quite disastrous to this section.

BAPTIST LAYMEN'S MEETING HELD AT ABERNATHY

Sunday, June 17 there will be an all day meeting at the Abernathy Baptist church for all the laymen in the Staked Plains Association. It is just for the men and it is hoped that all our men may attend.

Our District Board voted unanimously to encourage the men in this work and help to get it going as well as possible. It is expected that our men will organize themselves for some special and real work for their Master.

The program will begin at 11:00 a. m. and will continue till about 3:00 p. m. Lunch will be served at noon.

Several laymen will speak. Also, E. M. Dunsworth, J. Pat Horton and Dr. R. W. White, of Lubbock, will speak. Let all the men come and help make it a great day for God and for good.—H. F. AULICK, pastor of Abernathy Baptist church.

JONES ENTERTAIN

Mr. and Mrs. Ray Jones honored their guests Misses Alta Webb and Edna Graham, with a bridge party at their home last Saturday evening.

The house was artistically decorated with American beauty roses, sweet williams and crepe myrtle, and set for five tables of bridge.

The guests were Mr. and Mrs. Geo. Long, Mr. and Mrs. W. O. Stockton, Mr. and Mrs. C. Cooper, Mr. and Mrs. John Arnett, Mrs. C. E. Ellis, Mr. and Mrs. F. G. Sadler, Mr. and Mrs. A. C. Chesher, Mr. and Mrs. Pat Boone, Mr. and Mrs. Harry Wiseman, Mrs. W. G. Street, T. H. Buckingham, the honorees, Misses Webb and Graham, the host and hostess, Mr. and Mrs. Ray Jones.

Plate favors were sweet peas, and delightful refreshments consisting of bread and butter sandwiches, chicken salad, olives, potato chips and iced tea were served to the invited guests.

METHODIST MISSIONARY

The ladies Missionary society, of the Methodist church, met at three o'clock at the church last Monday afternoon, with thirteen members present.

The lesson was taken from the study book and was led by Mrs. R. A. Davis, ably assisted by several other ladies.

Those present were Mrs. E. H. Williams, Mrs. J. W. Keithely, Mrs. G. S. Glenn, Mrs. Millard Phillips, Mrs. Luther Hargrove, Mrs. Jess Elms, Mrs. Roy A. Davis, Mrs. Van Clark, Mrs. Lakey, Mrs. Fondra, Mrs. A. G. Hemphill, Mrs. J. R. Wales, and Mrs. O. P. Collins.

W. M. U. HAVE QUILTING BEE

Quite an enjoyable day was spent by the W. M. U. last Tuesday, when they met in the basement of the Baptist church and had an all day quilting

party, quilting two quilts. At the noon hour a delicious cheon of sandwiches, salads, cake and coffee were served to following members:
Circle No. 1, Mrs. W. O. Gray, E. K. Hall and Mrs. J. E. Barnes.
Circle No. 2, Mrs. Loyd, Mrs. Brannen, Mrs. Roy Kemp, Mrs. Lowmire, Mrs. J. O. Connell, E. M. Davis, Mrs. Tom Matthews, Mrs. B. M. Wilt.

INITIATION AT PLAINVIEW

Twenty Littlefield citizens were Plainview Tuesday night, 12 of receiving the second degree of the I. O. O. F. lodge.

Those taking the work were V. Cobb, E. J. Foust, H. C. Simpson, Touchon, H. C. Dobbs, E. H. L. C. C. Thornton, T. P. Wright, Gattis, C. E. Strawn, Troy D. Clarence Evans, and C. T. W. Other members attending were H. Flynn, D. S. Parker, J. A. J. I. Wingfield and A. L. Porter. Following the work there was a toothsome banquet and speaking

SHERIFF'S SALE
THE STATE OF TEXAS
County of Lamb,
NOTICE IS HEREBY GIVEN That by virtue of a certain order of sale issued out of the Honorable District Court of Lamb County, on the 4th day of June 1928, by A. H. McGavock Clerk of said District Court for the sum of \$503.80 Dollars and cost of suit, under a judgment, in favor of Yellow House Land Co. in a certain cause in said Court, No. 303 and styled Yellow House Land Company vs. G. A. Morgan, placed in my hands for service, I, Len Irvin as Sheriff of Lamb County, Texas, did, on the 4th day of June 1928, levy on certain Real Estate, situated in Lamb County, Texas, described as follows, to-wit: All that certain lot, tract or parcel of land lying and being situated in Lamb County, Texas, and being the South One-Half (1/2) of Labor No. 18, in League No. 671, Abstract No. 346, Original Grantee Abner Taylor, and described as follows:
BEGINNING at an iron pipe marked 17 18 23 24 671, being the S. W. Corner of Labor No. 18, League No. 671:
THENCE S. 89 degrees 26 minutes E. 1000 varas to an iron pipe marked 18 19 22 23 671;
THENCE N. 0 degrees 27 minutes E. 500 varas, corner in the E. B. line of said Labor No. 18;
THENCE N. 89 degrees 26 minutes W. 1000 varas corner in the W. B. line of said Labor No. 18;
THENCE S. 0 degrees 27 minutes W. 500 varas to the place of beginning, containing 88.55 acres of land, and levied upon as the property of G. A. Morgan and that on the first Tuesday in July 1928, the same being the 3rd day of said month, at the Court House door, of Lamb County, in the town of Olton, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said order of sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said G. A. Morgan.
And in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lamb County Leader, a newspaper published in Lamb County.
Witness my hand, this 4th day of June 1928.
LEN IRVIN, Sheriff Lamb County, Texas.
June 7, 14, 21, 1928.

CONOCO + ETHYL = Knockless Miles

CONOCO ETHYL

The YARDSTICK for COMPARING MOTOR FUELS

THE quickest way to appreciate the superiority of Conoco Ethyl Gasoline is by direct comparison. You know the results you get from ordinary gasoline. So the next time the tank is empty fill up with Conoco Ethyl and note particularly these outstanding points of superiority:

1. No knocks.
2. Smooth, even flow of power.
3. Quicker acceleration.
4. Greater speed and pulling power on the long, hard hills.
5. Practically no vibration and no overheating of the motor.

Conoco Ethyl Gasoline is a combination of Conoco, the extra miles gasoline, and Ethyl brand of Anti-Knock compound—developed by General Motors. It is the standard—the yardstick for comparing motor fuels. A gasoline better than Conoco Ethyl has yet to be made.
Fill at the Conoco Ethyl pump.

SAWDUST AND SPLINTERS

Vol. 1. June 7, 1928 No. 10

Published in the interests of the People of LAMB COUNTY by CICERO SMITH LUMBER CO. L. K. WHITAKER, Manager

Who steals my purse steals the virtues of the people of Lamb County by Cicero Smith Lumber Co. L. K. Whitaker, Manager. Who steals my purse steals the virtues of the people of Lamb County by Cicero Smith Lumber Co. L. K. Whitaker, Manager.

More Like It
She: "how much do you earn my dear?"
He: "About \$1500 a year."
She: "But we cant live on that."
He: "Oh, but I get paid \$4,000."

For Rent: 25 modern houses for rent in the city of Littlefield. If a similar ad should appear in our paper how long do you suppose it would be before they were all rented? Judge from the number of inquiries we have had during the past week they might last one day, not longer. Now is the time for someone or ones to build a number of rent houses as an investment. With houses renting at the prices they do and the value also of them increasing daily some one has a chance to make at least thirty per cent on their investment. Can you beat it?

It's a sad affair when a college student fails to make the team and returns home with nothing to show for the money except an education.

STYLE HINT
The stout ladies have changed a famous quotation. They say, "there's a destiny that ends our shapes."

Some one is absolutely going to make big money in the real estate business. Is it you? Now is the time and here is the place.

Before you go away on your vacation this summer ask the secretary at the Chamber of Commerce for some Littlefield literature.

One advantage of being only six years old—when she grows up you can cure your broken heart by throwing rocks at her.

Americans hate to take orders. The only sure way to stop some of them from drinking is to make drinking compulsory.

We will gladly furnish you with plans and figure the cost of any kind of a house you may designate.

DID YOU KNOW?

- THAT from the 1927 crop there has been shipped from Littlefield alone 985—nine hundred and eighty-five—cars of grain, and nine thousand bales of cotton—and adjoining towns around Yellow House lands have also shipped hundreds of cars of grain.
- THAT Littlefield shipped 25,000 bales of cotton from the 1926 crop, and 16,152 bales of this was ginned in Littlefield.
- THAT Littlefield has a large cotton compress, which was erected in 1927, and handled 25,000 bales the first season.
- THAT contract has been let for paving the streets of Littlefield.
- THAT purchasers of Yellow House lands will have the advantage of good schools and free transportation for their children.
- THAT in competition with twenty other West Texas towns, Littlefield was selected as the most desirable location for Gunter College, which means much to the town and surrounding country.
- THAT more than eighty miles of road has been graded on Yellow House lands in the past twelve months.
- THAT the Littlefield country is in the center of one of the best diversified farming sections of Texas and offers unusual opportunity to the man who wants a real home where he can make good and give his children the advantages every father and mother wants them to have.
- THAT the Littlefield section is fast filling up with the best of citizenship where the agricultural, dairying and poultry interests are growing more rapidly than in any other portion of Texas.

"Development and Progress" is the slogan of the people. The South Plains needs you and you need it!

Our 100 per cent agricultural lands in center of development—\$30.00 and \$35.00 per acre. Combination farm and dairy tracts from \$15.00 to \$25.00 per acre. Liberal terms—six per cent interest.

In your own interest, investigate! We are always ready to extend every courtesy, whether you buy or not.
