Retail Council

To Meet Friday

There will be a meeting Fri-day morning. February 5th of the Retail council of the Cham-ber of Commerce and Littlefield merchants in the council room of city hall.

Gene Pratt, council chairman urged that all merchants attend the meeting. "We are planning to organize a retailers council which will work with the cham-

considerably over the first three days of 1964," stated Dunn, "There were lines prac-tically all day Monday and Tues-day and Wednesday were almost as bad,"

"We expect a rush the first few days the licenses go on sale and then it levels off to a few a day until the final four or five days prior to the April I deadline when there is another rush, but this year the sales are heavier than usual. Some people are a little disappointed in the new numbering system because it means they can no longer have the same number they have had for years but many agree that the new places will be easier to read."

Postmaster **Position Tests** at Whitharral

An examination for the posttion of Postmaster at Whitharral will be open for acceptance of applications until February 23, the Civil Service Commission announced this week.

Linda Dale Honored With White Bible Ceremony

A White Bible Ceremony honoring Miss Linds Dale, brideelect of Jerry Hassell, was held Wednesday evening January 27 in the home of Miss Charlene Walthall, president of Young Women's Auxiliary of First Baptist Church. This is a traditional ceremony for members or former members of YWA

at the time of their marriage. The opening prayer of the ceremony was offered vocally with the song, "God, Give Us Christian Homes", sung by Misses Mert Naylor and Frances Hampton, accompanied by Miss Ann Farmer at the plane. Miss Walthall invited the hon-

ored couple to stand before a table which bore a large white candle entwined with ivy and lighting an open Bible. As she gave a history of the hearth as a symbol of the heme and explained the age-old symbol-ism of the candle as representative of the Word of God, she lighted a tall white taper entwined with ivy, from the large candle, in turn lighting white tapers held by YWA members, all dressed in white, These young women formed a around the honored circle couple as Miss Walthall con-

Mrs. Wheeler **Shower Fetes**

Mrs. Don Wheeler was honored Thursday night with a pink and blue shower in the parlor of the First Baptist Church.

The serving table was laid with a beige lace cloth and was centered with an arrangement of yellow carnations intermingled with ministure storks. Two white candles flanked the arrangement. Plate favors were miniature napkins filled with muts and mints and pinned with tiny pins.

White cake squares trimmed in yellow, and yellow sherbet punch were served.

The honoree was presented a corrage of yellow carnations. Their gift was a baby comfort and baby book. The honor guest was her mo-

ther, Mrs. L.V. Henry of Littlefield.

The bride's table featured a miniature bride, standing at the base of asilver candelabra. The floral arrangement, atop the candelabra, was centered with red rosebuds, flanked by pink snapdragons, some of which cascaded over each side forming an arch above the head of the ministure bride.

Serving cranberry punch from the silver punch bowl was Mrs. Doyle Tucker of Lubbock. Mrs. Kenneth Ware assisted in serving pecan pastries and assorted dainties.

The honoree's selection of Franciscan pottery, crystal and starling were displayed on the den dining table, which was cen-bared with a yellow rose ar-rangement. Miscellaneous gifts of linens and electric appliances were displayed in the bedroom. The hostess gift was a sterling cake knife in the bride's chosen pattern of "Resepoint" by Wallace.

Assisting Mrs. Fain with hostess duties were Mmes. Ed Blackwell, Harry E. Woody, Skipper Smith, William J. Wil-liams, Kenneth Ware, J.R. Chamberlain, Jack Nix, James K. Nelson and C.B. McWilliams.

The couple will be married on February 13 at the First Methodist Church in Littlefield and will reside in Lubbock where Mr. King is employed at Me-Bride Hair Designs.

Perhaps you feel that trial-watching is a form of idle curiosity. Surely it shows curiosity. But is such curiosity idle? The law itself doesn't think so. The silent spectator, there only to watch is not just tolerated but welcomed. In the eyes of the law, he serves two useful purposes:

1) He helps justice. His show of interest tends to put all of the participants on their mettle. The dictatorial judge, the apathetic juror, the dishonest witness-all may fear that they might, somehow, run afoul of that anonymous observer in the back of the courtroom

2) He helps himself. He learns at first hand how democracy meets the acid test: the way it treats an individual. The things he finds wrong can make him a more constructive citizen. The things he finds right can breathe fresh meaning into the slogans of freedom.

Access to the courtroom may be limited in a few special circumstances. For example, if the testi-mony is sordid, children may be barred to protect their morals. Troublemakers may be kept out to preserve decorum. Crowding may be forbidden as a matter of public safety.

As a rule, however, the courtroom doors are wide open. No one will take your name or ask your business. You can walk in or out at any time.

But stay awhile. Far more awaits you in a courtroom than the sight of a few people in trouble. It is, in fact, the best place to discover why Daniel Webster called justice "the great interest of man on earth." A public service feature of the American Bar Association and the State Bar of Texas. THIS PIPELINE IS EVEN MORE DEPENDABLE !!

Because of modern materials and manufacturing techniques, Gifford-Hill-Western's LOCK-SEAL provides an even more pependable underground pipeline. The close tolerance design makes the pipe more suitable, and joint flexibility eliminates the effects of expansion and contraction due to soil conditions and temperatures. By combining a superior product with modern day design and installation know-how, you have an underground irrigation system that serves dependably year after year . . . generation after generation. You Can Buy Right at Farley Sales

In just three years since Charles Farley bought a rather small auto salvage business in Littlefield, it has developed to one of the largest stocks of new and used auto and truck parts in this area.

Charles Farley was born and reared in White Deer, where his father was a chemist for the Kelly Oil Co. He attended public and high school in that area and sup-plemented his education by attending the North Textes College from which he graduated.

After graduating he started looking around for some kind of business. At that time a run down auto wrecking business was in the offering so Charlie de-cided to gamble and bought the outfit. As Charlie stated he hardly new the difference between a genera-

came intrigued with possibilities of rendering a real service to the community in this line of business. Today he has five acres of ground covered with used wrecked cars from which he has salvaged thousands of different parts for both cars and trucks. Mr. Farley pays a good price for a burned or wrecked car or for one that is no longer in running order. If you want to save money here, you can buy generators, starters, gears, auto glass, transmission, axels; in fact most any part for most automobiles or

One of the fastest growing businesses in Littlefield and the Lamb County area is G & C Auto Supply Co, owned and operated by R. B. and Odell Chandler.

-1825

The business was established in 1945 in Anton by G.C. Chandler and R. B. Chandler. It had its beginning in 1945 when G. C. Chandler and his son R. B. decided to start the business. After five years the two men took a step toward progress, and opened an auto supply store in Littlefield. The two men were not satisfied to keep their business in just these two towns and in 1954 another store opened in Sudan.

That year Odell Chandler, another son, was taken into the, business and in 1958 the three

After the death of her husband in 1959, Mrs. G. C. Chandler took over the management of the Anton business. Mr. Chandler, founder of the company, was active in the busi-

ness until his death. All Chandler stores are connected by two-way radio giving the customer "the fastest service available in West Texas," Mobil radio units are in company cars and a twoway radio is connected with a warehouse in Lubbock.

Need a New Tractor?

See us. We deliver: a lot of comfort, not a lot of come-on.

Buy your next tractor with a PCA loan. Or, if you have a PCA line of credit, add the cost to your present loan. Either way, you get the advantages of modern PCA financing:

with a PCA Loan

Low Interest Rates ... and you pay interest only on you use and the time you actually use it.

Experience ... you deal with men who in only purpose is to serve you.

Repayment Schedule ... spread the cost of equipment over sov-erol years, with payments scheduled when you sell crops or livestock.

PCA loans can be used for all expenses. Let us show you why over a half-million farmers and ranchers use PCA credit.

We sell one kind of Chrysler. The full-size kind. No jr. versions. What's more, seven out of seventeen 1965 models are priced only a few dollars more than the most popular smaller cars, comparably equipped. That small difference includes power steering, power brakes, automatic transmission, radio, heater and a 383 cu. in. V-8 that runs on regular gas. It figures like this: If you're going to pay the price of a Chrysler, get one. It's that easy. See us. We deliver.
