COMMISSIONERS LET CONTRACT FOR PAVING OF MAIN STREET

DOZIER CONSTRUCTION COMPANY GIVEN AWARD OVER NINE OTHERS IN CLOSE COMPETITIVE BIDDING

At a special meeting of the Littlefield City Commission held Thursday afternoon of last week a contract for paving of Main street, together with the cross streets leading into and the intersections, was awarded to the Dozier Construction company, of Austin.

Specifications prepared by Engineer Montgomery and Ward, of Dallas, called for bids on three types of paving, viz., concrete, brick and vibrolithic, and the bids were lively and various in the submitted. Nine leading construction companies of Texas participated in the bidding, the lowest bid being for \$66,299.94. The Dozier Construction company was awarded the contract on a concrete job at the price of \$76,950.40. The bids were as follows:

Pavement	Amount	Name of bidder
Standard aggregate	\$67,950.40	Dozier Construction Co., Austin
Local aggregate	\$73,219.79	Panhandle Const., Co., Amarillo
Local aggregate	\$73,219.79	Panhandle Const., Co., Amarillo
Local aggregate	\$71,958.66	Dozier Construction Co., Austin
Local aggregate	\$73,219.79	Dozier Construction Co., Austin
Local aggregate	\$70,543.39	Dozier Construction Co., Austin
Local aggregate	\$66,299.94	Dozier Construction Co., Austin

It is readily seen from the above that in accepting the contract for paving, the city has saved \$5,269.39 over the bids received. The specifications, while there is some item of approximately \$10,000 which will be saved to the city by using local rock, this sum is offset to local people in hauling some dispersed again through the channels. The fact that local rock is being used on the job represents another saving of \$10,000, as all bids would have been higher if the rock had to be hauled in from a foreign quarry.

Matter of fact the contract let to the Dozier Construction company for paving of Main street is the lowest ever been awarded in West Texas. Recent concrete paving jobs have been awarded at the following prices: Dallas, \$2.72; Wichita Falls, \$2.90; Amarillo, \$3.20; and the Littlefield job figures at \$2.50 per square yard.

Specifications of the work call for the laying of approximately 100,000 cubic yards of concrete pavement, 100,000 feet of combined concrete gutter, 675 linear feet of 4 inch concrete gutter, 784 concrete headers. It covers the intersection of Main street, together with the cross streets and crossing to the next immediate intersection on either side and from the intersection of Highway No. 7. The contract price and the cost of maintaining the pavement for five years without cost to the city.

Parties desiring to dispose of rubbish must first secure a permit from the City secretary's office, together with certain instructions as to disposal. If the garbage is disposed of in a systematic and careful manner it will be the better for all parties concerned, and will greatly conserve the space so allotted.

After permit has been secured take the Pep road leading southwest of town until you come to the sign reading, "To City Property," there taking the road leading diagonally to the right, following the signs to the disposal ground, and conforming with posted instructions in disposing of the refuse. A stiff fine will be assessed for anyone caught disposing of garbage on this property other than as specified.

Utilities Move Store

The Texas Utilities Co., R. E. McCaskill, local manager, is this week moving their office and electrical store from the Cooper building into the Ellis building, one block farther south on Main street.

In their new location they will be better equipped to take care of their rapidly growing business. It is the statement of Mr. McCaskill that the new location will be equipped through out with new fixtures and furnishings, and that the stock of electrical fixtures and appliances they carry will be much larger than heretofore.

Buy Happy Hour

Mr. and Mrs. W. P. Irvin, of McLain, Texas, have closed a deal for the Happy Hour cafe and brick building on Main street in which the business is located, taking charge of the business Monday evening.

This is their first visit to Littlefield but they were so favorably impressed with the future of this town and surrounding section that they had no hesitations in closing with Mrs. Hoss Blivins for the brick building and with Mrs. Sam Bell for the business already established.

A loose tongue has gotten many into a tight jam.

We may have to send another Relief for the Farm Relief Expedition. — By Albert T. Reid

QUARRY OF FINEST STONE IN TEXAS WILL BE TAPPED WHEN PAVING OF MAIN STREET STARTS

LITTLEFIELD'S GREATEST ASSET UNDEVELOPED; ROCK LEDGE NEARLY MILE LONG FURNISHES UNLIMITED SUPPLY FOR THE PANHANDLE

That Littlefield's greatest asset yet remains entirely undeveloped is still known by a comparatively few people of this section, yet within a few miles of this growing little city lies latent a business project in the form of a great rock quarry inviting capital and labor for development which will mean far greater convenience, efficiency and financial saving to the entire Panhandle country.

This undeveloped rock quarry which is located approximately nine miles southwest of Littlefield, near Bull Lake has a face of solid hard rock averaging from 20 to 40 feet deep and nearly a mile in length, which is pronounced to be among the very best of rock to be found throughout the entire State of Texas.

One favorable feature of the location is its admirable position for developing, since the ledge lies high along the canyon rim, where the rock may be blasted and rolled down the bluff by gravity to the crushers, and thence carried on by the same process for loading purposes. A right-of-way for spur railroad track leading to the quarry out of Littlefield has already been obtained for most of the distance.

This property, which belongs to the Yellow House Land Co., is located on three labors of land which have been set aside for quarry purposes.

This gives abundant room for locating of crushers, track yardage, houses for officials and laborers, etc. During the past two years numerous contractors and engineers have visited the quarry, and without a single exception, pronounce it to be the best rock they have ever seen in the state, and the further fact that there is nothing like it in the entire Panhandle section, makes it of peculiar value to this part of the state. Rock from this quarry is to be used in the paving of Main street, contract for such paving having been let last week. Tests of the rock have been made by chemists at the State University of Texas and by chemists in Kansas City, Mo., by the Yellow House Land Co., and the Santa Fe System, respectively, both

confirming the high quality of the rock obtainable. Following is the report as furnished by N. A. Parkinson, assisting testing engineer of the State University.

Determinations
Specific gravity, 2.44
Weight per cubic foot, 152 lbs.
Per cent of wear, 2.96
Fracture coefficient, 13.5 high
Hardness, 17.15 hard
Toughness, 10 good
Cementing value, 74 very good
Slacked, none
Compressive strength, 27,250, very high pounds per square inch on 2 inch cube.

REMARKS:

The sample of material represented by this report consists of a hard and fairly tough calcareous sandstone. This stone has high resistance to wear and very high resistance to compression and good cementing value.

When crushed and properly graded this stone should prove very satisfactory for use as an aggregate in cement and bituminous concretes and railway ballast. This is an excellent quality of stone.

Respectfully submitted,
N. A. PARKINSON, Assisting Testing Engineer.

AMHERST MAN SHOT

Lloyd Lindsey, age 26, living six miles north of Amherst, lies seriously wounded in a Lubbock hospital as the result of a .22 bullet which accidentally went into his left side Saturday afternoon.

Two boys were hunting in a nearby field and failed to see Lindsey and a companion when they fired at some game. An x-ray picture showed the bullet to have lodged in the left chest. It is reported he will recover.

CO. SCHOOL BOARD MEET

The Lamb county School Board met at Olton Tuesday afternoon, and promptly adjourned, deciding to transact no business until the new board had been sworn into office.

TWO CONVENTIONS HELD HERE SAT'Y DISCUSS POLITICS

Primary conventions of both Democrats and Republicans engaged the attention and interest of many voters here last Saturday, the principal feature of the Democrats being the endorsement of Pink L. Parrish for state senator, Tom Connally for U. S. senator, and the passage of a resolution favoring a prohibition candidate for president. The Republicans endorsed the Coolidge administration and voted for an uninstructed delegation.

Democratic Convention
The Democratic precinct convention for this precinct was held Saturday evening in the Baptist church, Chairman A. E. White, presiding.

A resolution endorsing Pink L. Parrish, of Lubbock, as senator from this district was unanimously passed.

Twenty-nine delegates, together with the alternates, were elected to attend the county convention held at Olton, Tuesday.

The candidacy of Tom Connally for United States senator was endorsed.

Delegates were instructed to vote as a unit, the convention unanimously going on record as favoring a prohibition candidate for U. S. president. The following resolution was also adopted:

RESOLVED: We favor a plank in the National Democratic platform to be adopted at Houston, Texas, unequivocally endorsing prohibition as written in the Constitution of the United States and demanding its faithful, strict and efficient enforcement by the National government and by the States, and we instruct our delegates to vote for resolutions favoring such a plank.

(2) We favor the Democratic State Convention at Beaumont instructing the delegation from Texas to the National Democratic Convention to vote as a unit at all times in favor only of a candidate for President and Vice-President who, by his utterances, acts and record is in hearty accord with such platform and who is openly and positively committed to the effective enforcement of our prohibition laws, by every means consistent with the Constitution of the United States; and we instruct our delegates to the County Convention to vote for Resolutions favoring such instructions.

Republican Convention
The Republican precinct convention for precinct four was held in the Ellis

CITY PLANS ADDED IMPROVEMENTS FOR THE WATER SYSTEM

At a special meeting of the City Commission held Thursday of last week it was decided to receive bids for the construction of a 100,000 gallon surfact storage tank to be used in connection with the present water-works system. Bids will also be received for two 250 gallon capacity booster pumps to be operated at the storage tank, one cylinder pump to be placed in the new well recently dug by the city, one pump house, also the necessary pipe, fixtures, etc.

For sometime the city has been in dire need of a greater water supply, and it is thought this proposed equipment will take care of the city needs for some time to come. Incidentally, the storage tank together with its double unit pumps will mean a further reduction in the local insurance rate, which the Commission has figured will be returned in savings during the coming 30 months, together with a considerable saving to the water works department in constant repairs occasioned by heavy back pressure on present operating system.

Parties interested in placing bids on any or all of this new work are invited to call at the City hall for specifications and details.

building here Saturday, Chairman Z. H. Wells, presiding. Jess Mitchell was elected delegate with C. L. Yeager alternate to attend the county convention held at Olton, Tuesday.

A resolution was passed endorsing the Coolidge administration. Resolutions instructing the delegates to vote for Herbert Hoover as president and R. M. Crenger as national committee-man failed of passage.

The convention went on record as favoring an uninstructed delegation.

RAIN LAST THURSDAY

Both the Panhandle and South Plains countries were visited by rain Thursday night of last week. Reports indicate that the heaviest downfall was in the northwest portion of the section, gradually diminishing toward the southeastern section, tho at some points there was much heavier precipitation than in other surrounding spots.

At Littlefield there was a light shower Wednesday night of last week, followed by a heavier one the next night. A few miles south of Littlefield the rain was much heavier.

STATE U. OPENS JUNE 5

Austin, Texas, May 8.—Registration for the first term of summer school at the University of Texas will begin Tuesday, June 5, according to the summer session catalogue. The second term will begin Monday, July 16, and commencement will be held August 27.

"Steno" Now Singer

Kathryn Witwer of Gary, Ind., has shifted her career from typewriter to musical keys. She has won a place in Grand Opera and Gary set aside a "Kathryn Witwer Day" to honor her, when she sang to a packed auditorium. Her father, who used to be a steel worker "with the boys," sat in the balcony and after the performance tears of joy streamed down his face.

NOTHING LIKE IT CAN BE MADE.
The new treatment for torn flesh, cuts, wounds, sores or lacerations that is doing such wonderful work in flesh healing is the Borozone liquid and powder combination treatment. The liquid Borozone is a powerful antiseptic that purifies the wound of all poisons and infectious germs, while the Borozone powder is the great healer. There is nothing like it on earth for speed, safety and efficiency. Price (liquid) 50c, 60c and \$1.25. Powder 30c and 60c. Sold by

HONOR BRIDE TO BE

Spring flowers with pink predominating were used in the decorations of the entertaining rooms and table appointments when Mrs. A. F. McDonald announced the engagement approaching marriage of her daughter Evelyn, to Mr. James H. Pratt Strawn at an elaborate dinner at home in Lubbock, Saturday evening.

Dinner was served at a beautifully appointed table centered with a glass bowl of pink roses. Pink lights were lighted and ribbons of pink from the maderia centerpiece to Dresden dolls at each cover. Ten miniature maidens when were bearing the announcement of engagement and the date of the wedding as the ninth of June. The bride-elect pulled her doll from centerpiece she found a ring of diamonds and diamonds.

Following the dinner the party entertained with a theatre at the Palace.

Guests enjoying the evening were the hostess and honoree were James T. Wade Potter, of Littlefield, Alec McDonald, Misses Helen Madelle Simpson, and Dablia Hill and Pauline Hardesty, of Littlefield.

Always... a square USED CAR deal from the Buick Dealer

The Buick dealer is in business to stay. His future reputation depends upon his treating used car buyers fairly.

He wants to please used car purchasers because he knows that satisfied used car customers are prospective new Buick buyers.

The man who buys a good used car—honestly represented—at a fair price—receives splendid value in transportation.

In his enthusiasm for the car he has bought, and the value he has received, it is only natural for him to look upon the dealer as his friend.

The Buick dealer has many such friends because he represents the true condition of the used cars he offers for sale.

And that is good business—for the Buick dealer, as well as the used car buyer.

ANNOUNCEMENT PARTY

Honoring Miss Vivian Courtney whose engagement to Mr. Maurice White, of Dallas, has recently been announced, Mrs. T. P. Wright entertained a number of friends with a delightful bridge party at her attractive home Wednesday evening of last week.

A color motif of pink and green was carried out in the bouquets of cut flowers and the beautiful table appointments.

Miss Pauline Hardesty received the high score award and Miss Helen Moore was given low, which they presented to the honoree. A beautiful score pad was the gift of the hostess to the bride-elect.

The hostess was assisted by Mrs. Wright in serving delicious strawberry ice cream and angel food cake to Misses Virginia Cullum, Stella Lloyd, Dahlia Hemphill, Evelyn McDonald, Lillian Busher, Helen Moore, Nellie Dugger, Vivian and Ruth Courtney, Vada Walden and Pauline Hardesty.

GIVE PLAY AT PEP

"Angela and Her Black Knight," a two hour play, will be given at the High school auditorium in Pep city Thursday night, May 17th.

The play was written by Mrs. W. P. Lupton principal of the Pep schools and has been highly commended by the National Drama Co., who have offered to take it for publication paying the usual royalties for such compositions.

People attending the play are assured of an interesting evening.

ENTERTAINS BRIDGE CLUB

The Thursday Bridge Club met Monday afternoon May 7th, at the home of Mrs. Ray Jones. The house was attractively decorated with tall baskets of Texas wild flowers, blue bonnets and Mexican daisies.

A refreshing ice course of sherbet and angel cake was served to the following members and guests: Mesdames A. P. Duggan, Harry Wiseman, Pat Boone, P. W. Walker, W. O.

Stockton, W. G., Street, F. G. Sadler, E. S. Rowe, A. C. Chesher, J. M. Stokes and the hostess.

BUYS BUSINESS LOT

Oscar Walters, of Hagerman, N. M., who is now erecting a modern residence in the east part of Littlefield, last Monday closed contract with the Sigman Furniture Co., Oklahoma City, Okla., for purchase of the north east corner lot in block 30 on Main street, the deal being made through J. T. Bell.

It is understood that Mr. Walters will soon start construction of a brick building on the property.

RECORD OF SIMON D. HAY, CANDIDATE FOR COUNTY JUDGE, LAMB COUNTY, ONE OF PATRIOTISM, EFFICIENCY AND SUCCESS

That the candidacy of Simon D. Hay, Sudan, for County Judge, Lamb County, is meeting with the predominating favorable opinion of voters throughout the entire county, is the expression of several voters from different sections of the county made to a Leader representative during the past week.
Mr. Hay has been a citizen of this county for several years past, making his home at Sudan, where he has been one of its most progressive citizens, and during which time he has been repeatedly elected as one of the county commissioners of this county, serving his constituents in a most satisfactory manner.
Nearly 36 years ago Mr. Hay was born on a farm in Kankakee county, Illinois. He is of Scotch and French descent. His parents died when he was but 10 years of age, after which he made his home with his grandparents in Ottawa, Illinois. Following his completion of the grammar and high schools he attended college for three years, after which he went to California where he was for some time in the national employ as fire guard and game warden in the coast range below San Francisco. Later he attended the Oregon Agricultural College, at Corvallis, Oregon.

War having been declared and the United States getting into the fray, Mr. Hay came back east to Chicago, where he enlisted as a private in Company F, 108 U. S. Field Engineers. Training was given at Houston, Texas, and in the following spring he went with his regiment to France, taking part in the third Somme offensive, the St. Mihiel and the great American Argonne-Meuse drive. Following the Somme battles, in which he was seriously gassed, he was decorated by General Pershing for bravery in action and promoted to the rank of first lieutenant. Later, he served in Luxembourg and in Ger-

LFD. BOY WINS OUT

Fans attending the boxing match held at Amherst, Thursday night of last week were disappointed in the run received for their money.
The match had been staged by the Legion of that place, the participants being Paul Hermand, of Amherst and "Kid" Roberts, of Littlefield. It was scheduled for four rounds and a good crowd was present to witness the fistis act. However Roberts knocked out

his opponent in the beginning of the first round.

GRIST MILL BURNED

Starting from the exhaust pipe of a tractor, the Amherst grist mill, owned and operated by W. W. Strainford, was destroyed by fire, Saturday, the loss being estimated at \$800.00. It will be rebuilt.
Buy it in Littlefield.

DEMOCRATS IN COUNTY CONVENTION UNITE FOR PROHIBITION PRESIDENT WHILE REPUBLICANS SPLIT ON ISSUES

In the county party conventions held at Olton, Tuesday of this week, while the Democrats maintained a harmonious spirit, standing largely for a prohibition candidate as president, the Republicans split, calling two conventions. Apparently the split came about over the question of so-called "machine politics," resulting in the election of two sets of delegates to attend the district convention to be held in Plainview, Thursday of this week.

Amherst; Joe Covington, Sudan; W. P. Cox, East Littlefield.
Resolutions were passed favoring prohibition and the enforcement of the 18th amendment to the Constitution, also, endorsing the candidacy of Hon. Pink Parrish for state senator from this district.

Republican Meetings

Two Republican county conventions were held at Olton last Tuesday. In one convention, Mrs. L. E. Slate, of Sudan, designated county chairman, being absent, J. E. Branner presided. Mrs. Lester LeGrange, of Amherst, was chosen secretary.

Vic, Nelson, of Sudan was chosen delegate to attend the district convention held at Plainview, Thursday of this week. Resolutions endorsing the Coolidge administration and Herbert Hoover as president were adopted.

In the other meeting, which was a mass convention, Z. W. Wells, of Littlefield presided. Delegates from precincts four, three, seven and thirteen were recognized. Jess Mitchell was elected delegate to attend the district convention at Plainview, and to go unopposed. Resolutions condemning the Creager-Nolte so-called political machine in Texas were unanimously adopted.

WHAT IS DOING IN WEST TEXAS

Llano.—Location has been selected for the 40 room hostelry to be erected by the Llano Community Hotel, Inc., at a cost of \$96,000.

Comanche.—Comanche held its first "Jersey" show on May 7 under auspices of the chamber of commerce

Graham.—The value of a year's demonstration work in Young county done by Miss Norfleet Grimes is placed at \$15,000.

Albany.—The Bluff Creek Ranch of 13,000 acres has been sold for \$200,000 and will be stocked with fine cattle.

Fort Worth.—Registration badges of the Tenth Annual Convention of the West Texas Chamber of Commerce are ready for distribution.

Richland Springs.—Richland Springs is one of the principal shipping points of breeding turkeys in the State.

Canyon.—Canyon and Hereford are contesting for the "Most Beautiful City" title; the chamber of commerce of the losing city will banquet the chamber of commerce of the winner.

Big Spring.—Paving of forty blocks in the residential district of Big Spring will soon be underway.

Fredericksburg.—The \$20,000 Co-operative Creamery of the 175 stockholders in this territory, has begun operations.

DENVER SOON IN LUBBOCK

That the rails of the new road being built by the Fort Worth and Denver system will reach Lubbock by Saturday night of this week, is the statement given out Monday by its officials. The rails were then within 10 miles of the Hub city, and, unless there is some unforeseen delay will reach the environs of the Lubbock county metropolis at the end of this week.

NEW GARAGE AT SUDAN

County Commissioner C. A. Daniels last week completed and moved into a new garage building at Sudan. It will be operated under the firm name, "Hi-Way Motor Co.," and an agency for the Whippet automobile has been secured.

REMEMBER— The Days of Sulphur, Molasses and Sassafras Tea?

Doctors in those days thought such heroic thing was necessary every Spring in order to get up, rejuvenate and strengthen the system for the rest of the year.

Now we know different. With fresh wholesome food on the table, the human body, no matter whether young or old, run along just the same five months in the year.

And—you will find just that kind of foods at store—nothing but the best in Groceries is our motto.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

A THOUGHT FOR THE WEEK

Render therefore to all their dues.
 —Romans 13:7.
 Most men remember obligations, but not often to be grateful for them.
 —W. G. Simms.

MOTHER

As we again approach a holiday every one in Littlefield, big and little, old and young, is proud to observe. The observance of Mother's Day is not only beautiful in sentiment, but it is appropriate, for where in all the world can we find anyone whose heart has been as close to our own, or anyone who has done as much for our comfort, welfare and happiness?

No shrine has yet been found about which mankind worships as happily as about mother's knee in his tender years, and within the sunshine of her smile as he grows to manhood. No hand can give him greater comfort, no words can sound as sweet upon his ears. The very name of Mother carries all that love and hope and true happiness can mean.

That is why, whether she be living or dead, the honoring of one's mother comes as the nearest approach to a perfect holiday. If she has passed on to that rich reward awaiting all who have known motherhood, wear on this Mother's Day a flower in her memory. If she is living, and yet afar, write her the letter that will cheer her heart and in a way repay her for the anxious hours she spent guiding your footsteps in the way she would have you go. If she is with you, do what millions of men would now give all they possess to be able to do—put your arms about her and make her know that, after all, you still treasure her love above all else, and hold her dearer as each day goes by.

Mother has lived long years of her life for you. Surely you are glad of this opportunity to live one day—Mother's Day—for her.

It has just about gotten so in this country that when a man pleads guilty everybody thinks he is crazy.

BUSTING A TRUST

While the world is interested in ocean flying and busy throwing up its hat and cheering the last ones across, a big part of it is getting considerable happiness out of something else that has just come across the ocean. That something else is the news from England that she has decided to take the ban off of rubber shipments after Nov. 1, and to cease monopolizing the market.

How many motorists around Littlefield know that in the past it has cost American car owners \$9,000,000 every time England jumped crude rubber prices one cent to the pound? Reflect on that and you'll understand why there is cause for rejoicing now that her strangle hold on the rubber trade has been broken.

Every man who uses tires will feel the effect of it after next November, or maybe sooner. Ocean flying is all right. But this news about rubber is the best thing that has come across the Atlantic for a long time.

What worries us personally is not what congress is doing about taxes but what we are going to have to do about them.

BUTTERED SIDE DOWN

We've always felt that when one runs across anything that will add to his pleasure, taste or comfort he ought to pass it on to his neighbors.

So when a citizen of Littlefield told us a few days ago that he always eats his bread and butter with the butter side down because it tastes much better that way, we decided to pass the suggestion on. He declared that if people knew how much better bread tastes if eaten that way, instead of the way it has been eaten for thousands of years—buttered side up—everybody would change over immediately.

After all, eating bread with the buttered side up is only habit, like many other habits that we could benefit by breaking. At any rate, it can do no harm to try the gentleman's suggestion. Try eating your bread with the buttered side down and see if you notice any difference in the taste.

The difference between dogs and men is that when a dog doesn't like you he doesn't let on like he does.

A FRIEND TO ALL

Despite the fact that more money has been lost, and more people discouraged at poultry raising, chickens and eggs still continue to be one of America's greatest industries. In fact government figures show more people directly interested in the production and consumption of eggs than any other food commodity. While the value of the products of the American hen is always great, in 1927 alone it reached the enormous total of one and one-quarter billion dollars.

While the smaller cities, towns and villages still contribute much to the general success of poultry raising, it is on the farms and in poultry yards that production piles up, and where the "big money" is made. Littlefield citizens who keep chickens are largely in the business to serve only their own needs. And yet if they will figure a little they will be surprised to find what a good profit can be had from even the smallest flock. In no other food is there as little waste as in eggs. No other food can be eaten in as many ways—boiled, raw, fried, scrambled, poached, steamed, shirred or scalloped. And no other food serves as satisfactorily in both sickness and health.

We're paying this little tribute to the American hen because she deserves it. She is the friend of humanity, and one we cannot get along without, since all cooking is based on eggs. Here's hoping her numbers never decrease and that come what may—strikes, floods, fires or earthquakes—she will always be found on the job.

As a compromise we suggest that the wet and dry question be left entirely to the weather bureau.

THE OLD FOLKS

We occasionally hear a member of the younger generation railing at the old folks, and referring to them as "old fogies" and "behind the times." When we do we renew our thanks to the Almighty for providing Littlefield with old folks. They supply the balance so necessary in not only this but every day and age; they can profit by years of experience while youth has yet to go through the fire.

This "pep" in youth is all right, and a part of life. But the world needs and cannot get along without, the wisdom and sagacity that come with the years, and the opinions, and advice that only old folks can give.

One generation must act as a check on another, and must halt at the right time a recklessness that would be dangerous if not checked.

These are but a few of the thousands of reasons why, as much as we love boys and girls, we thank God that we also have old folks.

The prettiest women in the world today are the ones you see in magazine ads advertising some kind of kitchen equipment.

LITTLE LEADERS

Why is it that some Littlefield women can sit down and worry over the fact that they haven't anything to worry about?

Some men remind you of a sleeping dog. It doesn't take much to start them barking, but it's mighty hard to make them stop.

You may convince a Littlefield girl that some day her hair will be gray, but you can't make her believe dimples will turn to wrinkles.

No woman likes to hear her husband getting a bawling out from another man. She figures that the other man is usurping her privilege.

When you see a Littlefield woman dressed up like a circus horse accompanied by a shabby looking man you can easily guess who opens the pay-envelope at her house.

The old-fashioned Littlefield boy who used to be yanked out to the woodshed every day and get a good lambasting because he was lazy, now has a son who gets by by calling it liver trouble.

We recently heard a Littlefield woman say that if Satan were to blow his trumpet tomorrow some of the fault-finders would rise up to tell him his musical education had been neglected.

Every now and then you hear some Littlefield citizen yelping about a misstatement in a newspaper when the fact is that if everybody was as careful about what they say as the newspapers are there wouldn't be so much trouble in the world.

One thing is certain, knocking the weather doesn't improve it.

DOCTOR FRANK CRANE SAYS

SINGING

People spend a vast deal of money every year in listening to singing. But the trouble is they simply listen to it. They are auditors and not singers.

We like to crowd the bleachers, watch baseball and football and tennis games, and we like to go to grand opera and concerts and vaudeville and hear them sing.

But the best part of singing is the reaction up on the singer himself.

We are notoriously bad singers. We hire choirs in churches to sing for us when we ought to be singing ourselves.

Do it yourself is the best advice in physical culture.

Let us not have so many things done for us, but do them ourselves, and we will be better off. It may be pleasant to have a masseur or a masseuse work at you, but the best form of exercise is automotive.

Get out and take a walk or play a game or do something that starts the sweat and thus improve the sewage system of the body, something that circulates the blood rapidly.

Exercise should be taken judiciously, of course, but the best form of exercise is mild exercise which you do regularly. Irregular exercise or exercise once in a while is about as good as none at all.

Many people are constantly making spurts toward physical culture, but spurts are not what we need. We require regularity.

Take any form of physical exercise any system, for they all embrace about the same points, only adopt some system that will bring the unused muscles of the body into play.

There is no better healthful exercise than singing, provided we do the singing ourselves.

Public school teachers tell us that almost any number of youths can be taught to sing, and it is an art that we should all cultivate.

There is no better music than congregational singing.

The Germans, all of them, can sing their national hymn, and the British non-conformist congregations are vocal.

We alone are too much inclined to be mere auditors and not doers.

NEWS FROM ANTON

Misses Frances Whitfield and Lucile Collins, of Amberst, spent the week end with Miss Eudora McSpadden.

C. S. Denham and the boys debating team, Alvis Ellis and Lashel Mapp went to Austin last week to participate in the State debating contest. They left Anton Wednesday noon and returned Sunday afternoon after a noble defeat. We consider this trip a great honor to the boys and the Anton school.

Glee Club Meet

The Girls Glee club entertained Friday night with a very interesting program, consisting of the following numbers:

Twilight, Song by glee club.
 In the Usual Way, reading by Miss Denham.
 Anabelle, song, by Glee club.

FOR WORKING PEOPLE

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazy. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Hostine. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by Stokes & Alexander Drug Co.

The Florence Ranges

Most Efficient and Economical Oil Burner
 On the Market Today

Gives 25 to 30 hours burning per gallon of oil. Has late heat focusing feature, concentrating the flame with no smoke or soot. These stoves come beautifully enameled finished with built in oven and nickle trimmings, three or four burner type.

We will be glad to demonstrate them to you.

 LITTLEFIELD, TEXAS

His Heart Is On the Right, Yet Wrong, Side!

Dr. Fred Lindemberger of Berlin University is shown examining Jose L. Navarro of Los Angeles, 23, whose heart is on the right side instead of the left. He has caused a flurry among doctors and scientists. The rest of his organs are perfectly normal and his misplaced heart doesn't bother him a bit.

Sis Hopkins, reading by Grace Conner.

The Quarrel, song by Roy Huckaby and Essie Webb.

The Mountain Stream, Song and the Breeze, songs by the Glee club.

Dance of the Demons, Piano duet by Miss Denham and Mrs. Hart.

Just Like a Butterfly, song by three girls.

Husbands for Sale, reading by Chelsa Pool.

The Gypsy Song, song by the Glee club.

Saxophone Quartet.

"By Ned," reading by Gracie Harrell.

Amoryllis, saxophone waltz, songs by Glee club.

Misses Denham and Bernard and Mrs. Bryan shopped in Lubbock last Monday afternoon.

Sudan school boys came down Friday afternoon to play ball. The Anton boys played them even though most of their players had the flu, and they had to play substitutes. Anton was defeated.

The Anton independent base ball team defeated the Amberst team Sunday on the local diamond. The final score was 5-7.

A great many pupils have been absent from school the past week on account of flu.

Messrs. Lowell Short, Robert Roach Ed Hart, and Ray Paulk have returned from a trip to New Mexico.

Abernathy put on a good Epworth league program at the high school auditorium Sunday night.

The Anton independent base ball team defeated Whitharral Thursday afternoon on the home diamond with a score of 8-11.

The "A" club is planning on going to the Lubbock canyon Tuesday night on a moonlight picnic.

The most illiterate individuals are those who can read but won't.

BUICK BUYS BRICK

Earl Jeffries, of the Buick Motor Co., Plainview, last Tuesday dealt with Wm. Ashworth for the building located in block 21 on 1st street, through A. G. Hempill.

The building will be occupied immediately as a sales room for automobiles, being in charge of Burkett, from Plainview. A garage and service station will also be obtained for the accommodation of customers.

All newspapers in Italy have been ordered to print daily lists of persons arrested and the reasons for the arrest. Vanity being what it is, we are sure those mentioned in the columns will treasure the clipping.

**TECH COLLEGE TO
 GIVE PAGEANT OF
 PLAINS, MAY 12th**

The third annual May pageant of
 Texas Technological College will be
 presented on the athletic field the
 evening of May 12, at 8 o'clock. Ap-
 proximately 600 students of the col-
 lege will take part in the affair which
 is under the direction of Miss Eunice
 Cox, expression instructor.
 The pageant, which is entitled
 "Within Reach of the Plains People,"
 is to be divided into three divisions:
 Division one, featuring men of Ameri-
 can and Texas History who have ex-
 emplified in their lives characteristics
 worth of every Tech student and
 every citizen of the United States;
 Division two, portraying every depart-
 ment of the four schools of the col-
 lege; Division three, dealing with the
 seven educational products which Tex-
 as Technological College is endeavor-
 ing to inculcate in the lives of those
 who come under its influence.
 The opening event of the pageant
 will be the crowning of the queen,
 Miss Merle Williams, of Lubbock, who
 is to reign over the activities of the
 evening. She is to be attended by a
 Spanish Court of the 17th Century,
 costumes and settings to typify the
 idea to be presented.
 Amon G. Carter, president of the
 Fort Worth Star Telegram, and form-
 er member of the board of directors
 of Texas Technological College, is
 sending out equipment for amplifying
 the speaking parts of the program.

BIG FAMILY REUNION
 One of the largest family reunions
 ever held in this part of the state
 was that at Quitaque last Sunday, at-
 tended by Mr. and Mrs. J. W. Arn
 and family, and Miss Emma Lou
 Jones.
 The reunion was held at the head-
 quarters of the old "F" ranch five
 miles south of Quitaque, and was at-
 tended by 350 people from a dozen
 different towns, as follows: Childress,
 Plainview, Hereford, Abernathy, Car-
 ey, Wellington, Littlefield, Arlie, Can-
 yon, Bovina and Floydada. The old-
 est couple present was Mr. and Mrs.
 J. J. Johnson, 80 and 81 years of age,
 respectively, and parents of Mrs. J.
 W. Arn, Littlefield.
 A feature of the day was the big
 feed at the noon hour, for which the
 guests brought numerous baskets of
 food and beaves were killed for the
 occasion. Following this there was
 much get-acquaintance and short ad-
 dresses by some of the older ones
 present.

DIED OF PNEUMONIA
 Billie, 12 year old son of Mr. and
 Mrs. H. P. Burke, residing about 16
 miles northeast of Littlefield, on the
 Spad lands, died Monday afternoon
 of pneumonia, superinduced by heart
 trouble.
 The funeral services were held Wed-
 nesday afternoon, Rev. George Tur-
 rentine of the Methodist church, of-
 ficiating, and interment was made in
 the Littlefield cemetery, Burleson-
 Mason undertaking company being in
 charge of the obsequies.

METHODIST CHURCH
 Mother's Day will be observed Sun-
 day morning. Let us honor our
 mothers teaching and example that
 helped to lead us to the Christ by
 honoring her memory, if dead. If she
 is still living wear the red flower and
 send her a remembrance or bring her

**RIDES TO MASSACHUSETTS
 ON TEXAS AIR IN HIS TIRES**

Otto Jones, local Pontiac dealer, is
 this week in receipt of a letter from
 R. S. Thomas, former Littlefield citi-
 zen, written from Brunswick, Maine,
 stating they covered the distance from
 this point to Portland, Maine, 2,696
 miles in eight days, using 121 gallons
 of gasoline and 24 quarts of lubricat-
 ing oil, draining the crank case of his
 Pontiac three times enroute.

He stated they had no trouble of
 any kind during the trip and the car
 was now in a garage at Brunswick
 with Texas air in all five casings. The
 average of the trip was 22.2 miles per
 gallon of gasoline used, driving an
 average of 10½ hours per day.
 Mr. Thomas states he likes his work
 there fine, tho they both get somewhat
 lonesome at times.

NEW STORE BUILDING
 W. A. and J. A. McCormick are this
 week finishing construction of a store
 building, located in the southeast part
 of town and on the Levelland high-
 way, and expect to open business
 Saturday morning.
 They will carry a stock of staple

Builds Trading Shacks—And A Fortune

Ben Butts and the Winner branch of his
 South Dakota trading shacks which have made
 him a millionaire. He is a self-styled "outlaw"
 and carries on his business as the Outlaw
 Trading Post. He began as a man of all
 work, then started peddling, and opened a
 trading shack on \$134 he had earned. His
 shacks are open eighteen hours a day. They
 sell anything from a hairpin to a tractor. He
 has five branches.
 and fancy groceries, also run a filling
 station in connection and handle auto
 accessories.
INDICTMENTS ARE RETURNED
 The Lamb county grand jury in
 session at the county seat last week,
 returned four indictments to the Dis-
 trict court as follows:
 G. L. Bullard, selling liquor.
 Ray Franklin, selling liquor.
 Gordon Bennett, robbery.
 D. L. Payne, assault.
LATER: Bullard being brought to
 trial, resulted in a hung jury. Ray
 Franklin was convicted and given one
 year in the state penitentiary. D. L.
 Payne was sentenced to two years in
 the penitentiary. The Bennett case
 was set for hearing Thursday of this
 week.
 Up to Wednesday night 15 civil
 cases had been disposed of, tho in
 most of them judgments had not yet
 been rendered public.
 Captain Franz Romer has put out
 to sea on a Europe to America voy-
 age, rowing in a 20-foot boat. Maybe
 after the first month he'll wish he had
 been old fashioned and gone by air-
 plane!
 It has been discovered that many
 much-feared varieties of sharks are
 quite harmless—except, for one, the
 loan shark.

**Protect Your
 Investment
 in Your
 Model T Ford**

THE Ford Motor Company is making a new car, but it is still proud of the Model T. It wants every owner of one of these cars to run it as long as possible at a minimum of expense.

Because of this policy and because of the investment that millions of motorists have in Model T cars, the Ford Motor Company will continue to make parts until, as Henry Ford himself says, "the last Model T is off the road."

More than eight million Model T Fords are still in active service, and many of them can be driven for two, three and five years and even longer.

So that you may get the greatest use over the longest period of time at the lowest cost, we suggest that you take your Model T Ford to the nearest Ford dealer and have him give you an estimate on the cost of any replacement parts that may be necessary.

You will find this the economical thing to do because a small expenditure may enable you to maintain or increase the value of the car and give you thousands of miles of additional service.

No matter where you live you can get these Ford parts at the same low prices as formerly and know they are made in the same way and of the same materials as those from which your car was originally assembled.

Labor cost is reasonable and a standard rate is charged for each operation so that you may know in advance exactly how much the complete job will cost.

FORD MOTOR COMPANY
 Detroit, Michigan

POLO

This movie dog will be at the Palace theatre Monday and Tuesday, May 14-15.

PERSONAL ITEMS

Miss Bessie Bellomy spent last week end with friends in Clovis, New Mex.

Mr. and Mrs. E. T. Faucett visited in Lubbock, Sunday.

W. P. McDaniel has been a sufferer of the flu for the past few days.

Mr. and Mrs. L. W. Wynn made a business trip to Clovis, N. M., Sunday.

Mr. and Mrs. Earl White and baby were in Lubbock, Sunday.

Leo O. Allen is here this week from Austin with 10 prospective land

IT DRIVES OUT WORMS

The most sign of worms in children is pale faces, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by Stokes & Alexander Drug Co.

buyers. He has already located more than 100 settlers in the Littlefield section.

Clyde Spur, of Breckenridge, spent a few days with his sister, Mrs. C. C. Beebe.

W. C. Lacey this week started building a new residence in the High school addition.

Ernest Ray, of Lubbock, was the guest, of Miss Clara Wingfield, Sunday.

L. W. Wynn is this week moving to Clovis, N. Mexico, where he has taken charge of a rooming house.

Ralph Gillette, of Abilene, spent last weekend with his parents, Mr. and Mrs. W. W. Gillette.

A. C. Julch and family, of Tulia, visited Mr. and Mrs. A. E. Honea, Sunday.

Hubert Mueller, breeder of pure bred swine, has named his place the "Clear View Hill" farm. It is located four miles northwest of Littlefield.

Esker Martin Stone and family, of Brownwood, are visiting this week with her parents, Mr. and Mrs. T. I. Jones.

Lloyd Springer left Monday afternoon for Los Angeles, Calif., where he has secured a position in a factory there.

Mr. and Mrs. John Porter, of Portales, New Mexico, spent a few days last week with her mother, Mrs. E. M. Davis.

Tom Paul, small daughter of Mrs. E. M. Davis has been suffering from an attack of the flu for the past few days.

W. A. Turner and daughter Miss Ara Lou were in Lubbock, Saturday, accompanied home by Miss Virginia Turner, of Lubbock.

Mr. and Mrs. Robert Shelton, of Honey Grove, came in Monday to visit her sister, Mrs. E. K. Hall and family.

Wayne Graham left Friday for his home in McGregor, after an extended visit with his sister, Mrs. Ray Jones.

Miss Gladys Hall who is teaching school near Brownfield, spent last weekend with her parents, Mr. and Mrs. Homer Hall.

N. E. McCune and wife and Mr. and Mrs. Verne Lavelle, of Tulia, visited Mr. and Mrs. A. E. Honea, last weekend.

Robert Steen, who is now employed by the Standard Pump Co., Wichita, Kansas, came in Saturday to move his family to that place.

J. M. Gant, former proprietor of the Palace barber shop, left Monday to return to his home in Phoenix, Arizona.

Little Dorothy Wales Etter, baby daughter of Mr. and Mrs. Mallory Etter is suffering an attack of bronchial pneumonia.

Dr. John Martin and wife of Georgetown, came in Saturday to visit her parents, Mr. and Mrs. J. R. Wales.

Travis Jones and Lynn Dobbs visited Sunday with Miss Jane Dick of Ralls, accompanied home by Miss Lois Teat of Ralls.

Mrs. Frances Tolbert is recovering slowly from a mastoid operation performed in a Lubbock sanitarium recently. She is unable to return home as yet.

W. A. Valles, former Littlefield citizen, but now of Wink, Texas, arrived here Monday morning. They have considerable property here and are contemplating removing here.

Miss Mary Frances Willis was a guest in Sudan, Monday evening, at a birthday party at the home of Mr. and Mrs. Holt, given in honor of their son, Burness.

W. T. McBride and J. M. Simmons of Olton, were in Littlefield, Monday, making preparations for the burial of the latter's seven year old son, who died in Olton, Sunday night.

L. F. Wade, editor of the Jayton Chronicle, and sons, Eldon, Jack, and William, and daughter, Miss Alice, of Jayton, spent the week end with their father and grandfather, Wm. J. Wade and family.

Braves the Arctic

Captain George H. Wilkins, who with his co-pilot, the Alaskan mail flier Carl B. Eilson, startled the aviation and scientific world by completing a flight from Point Barrow, Alaska, to Green Harbor, Spitzbergen. Among other dangers, they faced starvation.

Gus Freeman, Berry Hooten and wife, Miss Jennie Vaughn and little Juanwan Honea, of Tulia, were the guests of Mr. and Mrs. A. E. Honea, Sunday. They are planning on moving to Littlefield in the near future.

PRESBYTERIAN MINISTER HERE

Rev. W. F. Fulton, recently called pastor of the Littlefield Presbyterian church, arrived here last week, delivering his first sermon to his congregation last Sunday morning. There was a large congregation present, the sermon was both instructive and inspiring and, consequently well received by the audience.

Rev. Fulton is a native of Scotland His higher education, however, was received in this country, attending Wooster College, Wooster, Ohio, and the University of Arizona, at Tucson, Arizona, also McCormick Theological Seminary, Chicago, Illinois.

Rev. Fulton was one time pastor of one of the United Churches in British Columbia, Canada, and just prior to coming here held the joint pastorage of churches at Eldorado and Equality, Illinois.

He has already straddled his appreciation of this western country and of the people who compose his church and congregation, and his desire to be numbered among the full fledged loyal citizens of the community.

Pep Paragraphs

The Pep community club met at the school building last Friday night. The president, J. C. Stengle, being absent because of illness, Mrs. Lupton presided. The Fair was the subject for discussion. The part taken by the community in the fair and the preparation for it in the way of raising selecting and caring for specimens for exhibit, were discussed by H. J. Greener, A. G. Jungman, F. S. Murphy, and Mrs. Lupton. Readings were given by Lucile Stengle and Katherine Lupton. A song by the club and an original reading by Mrs. Lupton completed the club program.

Several candidates present at the meeting made short talks before the club.

At a meeting last Saturday called by J. E. Stengle, Chairman of the Democratic party in precinct No. 11, a number of the qualified voters of the party met at Pep and elected H. J. Greener as uninstructed delegate to the county convention. A. G. Jungman was elected as alternate.

Mr. and Mrs. F. C. Day are rejoicing over the arrival of a girl, born May 4th.

J. O. Allison sat up Sunday night with Mr. Edmundson, father of Mrs. Dempsey, who has been seriously ill for several weeks.

J. H. Bray, father of L. O. Bray was ill last week.

J. F. Gerik, J. F. Albus and J. E. Stengle went to Lubbock, Monday.

Mr. and Mrs. F. S. Murphy visited friends in Hale Center, Sunday.

A. G. Jungman is excavating a cellar at his home.

J. E. Stengle who was ill last week, is much better this week.

J. R. Williams and E. G. Jones went to Turkey on business last week.

John Copeland Day, little son of Mr. and Mrs. F. C. Day, has been ill for several days.

A prairie fire last week which burned off a good scope of territory

is said to have been set by a Mexican sheep herder who emptied live coals out of a camp stove. A few of the sheep were burned in the fire.

W. T. Jungman took his daughter Gladys to Littlefield for medical at-

tention, Saturday. The little foot which was injured a few days ago is now healing nicely.

If our "big navy" is to be a paper fleet maybe we can win the next war in bathtubs.

3 big features found in no other low-priced six

Offering bodies by Fisher, the Pontiac Six brings to the low-priced field not only the style and smartness, but the luxury, roominess and staunch construction in Fisher design.

Embodying the G-M-R (General Motors Research) cylinder head, Pontiac combines amazing smoothness and silence with economy of operation, using ordinary gasoline.

And providing the thermostatically-

controlled cross-flow radiator, it practically eliminates losses of water and alcohol and assures the proper temperatures for highest efficiency.

Bodies by Fisher—G-M-R Cylinder Head—Cross-flow Radiator... here are three big features found in no other low-priced six. If the New Series Pontiac Six offered no other exclusive advantages, it would still hold its rightful position as the world's finest low-priced Six.

Coupe, \$745; Sport Roadster, \$745; Phaeton, \$775; Cabriolet, \$795; 4-Door Sedan, \$825; Sport Landau Sedan, \$875. Oakland All-American Six, \$1045 to \$1265. All prices at factory. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

"SAVE-A-LIFE" CAMPAIGN WILL BE CONDUCTED THROUGHOUT STATE BY AUTHORITY OF GOV. MOODY

In an effort to reduce automobile accidents and eliminate loss of life caused by motor vehicles in Texas, a state wide "Save-a-Life" campaign will be conducted from May 19 to June 9, it has been announced.

The campaign was made official for the state by a proclamation issued by Governor Dan Moody at the Capitol this morning. The proclamation calls upon all municipal authorities, motor organizations and civic and commercial bodies to co-operate in the "Save-A-Life" movement.

The purpose of the campaign is to establish a regular annual period of free mechanical inspection of all motor vehicles licensed to operate in this state. New York, Massachusetts and other states have already conducted "Save-A-Life" campaigns and several other states have announced their intention of doing so in the near future.

Service stations and garages in every community in the state will be officially appointed by the state automobile authorities to serve as inspection stations from May 19 to June 9. During that period every motor vehicle owner in Texas is requested to drive or send his car or truck to one of these official inspection stations to be examined regarding its mechanical condition. This inspection will be made entirely without charge at the official garages and service stations, and the motor vehicles owner may choose any official inspection station he wishes.

Official windshield stickers will be issued in the name of the state motor vehicle authorities, and one of these will be placed on every motor vehicle that passes inspection as being in good mechanical order. Cars that reveal mechanical defects, which render them unsafe, will have to be put in good order before the official state sticker will be issued to the owner.

"The proposed 'Save-a-Life' inspection of automobiles will be devoted chiefly to brakes, horns, lights, steering mechanism, and mirrors," said an official of the Highway Department. "These are the items most likely to get out of order on the average automobile, and statistics show they are the most frequent cause of accidents."

"We want no unsafe automobiles on the roads in Texas and the cooperation of every citizen and motorist in getting his car inspected free of charge between May 19 and June 9 will go a long way toward saving lives and preventing accidents."

"It is perfectly obvious that the best driver in the world cannot stop a car which 'has no brakes' or warn pedestrians and other cars if the horn is not working. Inspection of drivers is not sufficient. The vehicles they drive must also be in safe condition to prevent injury to themselves and others."

"Fifty-nine per cent of deaths from automobile accidents in the United States are caused by defects in the

mechanical condition of the automobile itself. A modern automobile is good for tens of thousands of miles of service, and is entirely safe in the hands of a careful driver, but being a piece of machinery it requires regular mechanical inspection at least once a year to keep it in good running order, and to operate it economically and safely."

Governor Moody's proclamation calls upon the officials of every community, and of the various civic and commercial organizations, to lend their wholehearted support to the state wide movement for greater motor vehicle safety.

DELEGATES FOR COTTON BUREAU ELECTED SAT'DAY

More than 50 members of the Cotton Association in Lamb county met in Littlefield last Saturday to elect delegates to the District Convention which is to be held in Plainview next Saturday, May 12. Messrs. J. T. Elms, Littlefield; J. G. Harrel, Littlefield; N. C. Chisholm, Littlefield, F. H. Glazener, Littlefield, C. C. Preston, Sudan, were elected to officially represent Lamb County in the nomination of a State Director to represent District No. 19 for the coming year beginning in July.

Those present were entertained by a short reading by Miss Jewel Hammock, Sudan, and one by Miss Ora Preston, Sudan. The body voted unanimously to do what was necessary to secure all the county fund available from Headquarters so as to strengthen and build the county organization.

Lamb County has the honor of shipping in 1927 and 1928 season the largest per cent of their cotton to the Texas Farm Bureau Cotton Association of any County in Texas. However, it can not hope to hold this record without working even harder next year than ever before.

Some prominent members were present from Sudan and asked that the next monthly meeting be held there June 9th, and it was so voted.

SNOW-BASSETT

Corbin Lee Snow and Miss Lela Bassett were married at the home of the brides parents in Marshall, Texas April, 28, at 2:00 o'clock in the presence of a few friends of the couple.

Mr. Snow is the son of Mr. and Mrs. H. L. Snow. He grew to young

manhood in Sulphur Springs, where he has many friends but has made his home in the west for the past few years.

Miss Bassett is the daughter of Mr. and Mrs. Tom Bassett of Marshall. She is a very charming young lady of the younger set.

The couple left immediately after the ceremony for a short wedding trip to Shreveport, La.

They will be at home to friends in Marshall, Texas at 104 East Houston street.

The young people have many friends over the state that wish for them a long and happy life.—Canyon News.

"Now I am getting into the game" said the tadpole, as the wild duck swallowed him.

Miss Lois Teal, of Falls, is visiting her brother, Herbert Teal and wife.

Mr. and Mrs. J. H. Eidsen spent Sunday with friends in Brownfield.

Driskell Irvin, of Olton, was a Littlefield visitor Sunday night.

LIFE IS WORTH THE LIVING OF IT!

Even though the pathway of life be sometimes rough and uneven, and the rose-strewn way sometimes has thorns that prick the feet, yet it is sweet. The clouds overhead are never so portending but their linings may be tinged with silver or gold, and the colors of the coveted rainbow are never obscured.

"SERVICE" is the watch word of the present day, and it has been many times proven that he who serves most lives most.

We feel that our business is a real service to this community, and we are all the time searching about for opportunities to increase that service.

Animals have feelings the same as humans. They have appetites that bring cravings the same as ours. True they live but to die—die for our pleasure and profit. But while they live why not serve them with the best and most palatable feeds obtainable.

Here is where our service comes in, for we specialize in properly ground feeds and well balanced rations for all kinds of live stock.

It is one of our forms of service rendered to our fellowman at a very small cost. Incidentally, it will mean greater and quicker profits to you, for stock always grows quicker, puts on flesh more rapidly where the feed is right.

Yours for service,

J. T. BELLOMY

Buyers Cooling System

The Palace theatre this week purchased one of the large type Arctic Nu-Air cooling systems for their play house.

The machine is capable of moving up to 35,000 cubic feet of air every minute, thus changing all the air in the theatre within two and one-half minutes. The machine works automatically, at any given speed and is absolutely noiseless.

Littlefield movie fans are thus insured comfort at the local theatre during the summer months.

DID YOU KNOW?

—THAT from the 1927 crop there has been shipped from Littlefield alone 985—nine hundred and eighty-five—cars of grain, and nine thousand bales of cotton—and adjoining towns around Yellow House lands have also shipped hundreds of cars of grain.

—THAT Littlefield shipped 25,000 bales of cotton from the 1926 crop, and 16,152 bales of this was ginned in Littlefield.

—THAT Littlefield has a large cotton compress, which was erected in 1927, and handled 25,000 bales the first season.

—THAT contract has been let for paving the streets of Littlefield.

—THAT purchasers of Yellow House lands will have the advantage of good schools and free transportation for their children.

—THAT in competition with twenty other West Texas towns, Littlefield was selected as the most desirable location for Gunter College, which means much to the town and surrounding country.

—THAT more than eighty miles of road has been graded on Yellow House lands in the past twelve months.

—THAT the Littlefield country is in the center of one of the best diversified farming sections of Texas and offers unusual opportunity to the farmer who wants a real home where he can make good and give his children all the advantages every father and mother wants them to have.

—THAT the Littlefield section is fast filling up with the best of citizenship where the agricultural, dairying and poultry interests are growing more rapidly than in any other portion of Texas.

"Development and Progress" is the slogan of the people. The Plains needs you and you need it!

Our 100 per cent agricultural lands in center of development—\$35.00 per acre. Combination farm and dairy tracts from \$25.00 per acre. Liberal terms—six per cent interest.

In your own interest, investigate! We are always ready to explain, with courtesy, whether you buy or not.
