Gene Bartley, president of the Jaycees, who will serve the food tonight at the Chamber of Commerce Barbeque, confer with other committeemen on last minute plans. Bartley, Rev. F. H. Vanderpool, chairman of the Welcome Committee; Carl Keeling, who will introduce the guests; Paul Charmieckle, chairman of arrangements; and Bob Manley who will introduce the speaker; complete details with Ernest Connell, who was inadvertently left out of the picture. Connell and Rip Elms are in charge of the food. —STAFF PHOTO

## County Grand Jury Indicts Twelve Men

The Lamb County Grand Jury convened in Littlefield Monday morning and worked until 11 p.m. Monday night in returning 21 indictments.

Ten of the indictments were against Bennie Arwine on hot check charges. The checks were allegedly passed in the amount of \$8000 to \$9000 to the Springlake Elevator Co.

Jerry Debose, Oren Shobert, Lowell Powers and Ralph Powers were indicted on sodomy charges, which grew out of an incident which occurred in Olton about two weeks ago.

James D. Young was indicted on a forgery charge. Four other forgery charges and one hot check charge was made, but names are withheld pending arrest of the men. A murder indictment was made against Tommie Moore. (See story on this page).

Teaches The cases were presented by District Attorney Joe Cox and County Attorney Curtis Wilkinson before District Judge E. A. Bills.

Members of the Grand Jury were Vernon Hofackel, foreman; Forest Ferguson, Marvin Tollett, and Harvey Messamore, Sudan; A. W. Hedges, Amherst; H. L. Paterson, Earth; Fred Thompson Virgil Gray, Olton; Charles Heathman, Troy Armes, J. E. Chisholm, and Kenneth Reast of Littlefield.

Offenders Pay Parking Fines Mayor Ellis Foust and Commissioners Clint Griffin and Bob Cox expressed thanks to the citizens of Lamb County for payment of the old parking tickets that had accumulated in the police department since 1955.

Last month City Secretary Joel Thomson, sent letters to 826 people who had been given parking tickets that had not been paid. The letter advised the offenders that they would be allowed to pay the delinquent tickets for 25c instead of the usual fee of \$1 which is ordinarily charged for unpaid tickets.

Some people had as many as seventy and eighty tickets. The police and city employees were deluged with visitors paying these off. The mayor and commissioners personally contacted many of their friends and acquaintances and collected tickets.

Mayor Foust said, "The response has been wonderful, and the co-operation far beyond our expectations and we want to thank all of the people who helped us. It goes to show that the finest people in the world live in Lamb County."

## Jack Lacy To Speak At Barbecue

What is expected to be the largest crowd ever to attend the Chamber of Commerce Barbeque in Littlefield will assemble tonight at 7:30 at the Community Center.

Jack Lacy, executive vice-president of the Amarillo Chamber of Commerce, will give the address. He is a well-known speaker and will make his initial appearance here.

Members of the Chamber of Commerce are urging all Littlefield business men and their wives to attend the barbeque whether they are members of the Chamber of Commerce or not.

An intense effort is being made to get residents of the city and county better acquainted with Littlefield business and professional people. Last week was official "Get Acquainted Week" in Littlefield.

Chas. A. Duval, president of the Chamber of Commerce will serve as toastmaster. Rev. W. P. Dennis, minister of the Littlefield Drive Church of Christ, will give the invocation and benediction. Carl Keeling will introduce the guests. The Moon Glows, a musical combo, made up of Larry Cox, Jimmy Bennett, Dale Howard and Edd Ray will entertain. Bob Manley will introduce Lacy.

The food will be prepared at the Western Cottonmill. Members of the food committee are Ernest Connell, Rip Elms, Kenneth Ware, Paul Carmieckle, Dick Carl, and Norman Renfro.

## Rains Are Spotted In Monday's Fall

Rains which fell Sunday and Monday netted Littlefield only .24 of an inch of moisture according to the gauge at the Western Cotton Oil Co.

The rains were spotted over the county. Cotton needs rain badly, especially in the dry land section in the west part of the county that only got "cotton showers."

The extreme east section of the Spade area reported up to four inches, but the general amount in that area varied from .9 to two and one half inches.

The country is not suffering from the lack of rainfall, but could use moisture on the grain sorghums and cotton.

Bean harvest is underway in irrigated sections. Most of the potatoes, onions, and cabbage have been harvested.

## 200 Bean Pickers Needed 300 Acre Crop Maturing Now

Over 200 bean pickers are needed immediately to begin harvesting a bumper 300-acre green bean crop in the Littlefield area which began maturing this week.

The produce is being shipped to the Whitson Canning Company in Hugo, Oklahoma, for canning. The season is expected to last about three weeks.

According to Whitson, president of the canning firm that contracted for the beans earlier this year, the yield will hit as high as 600 pounds in some fields with the overall average between 3500 and 4000 pounds.

W. P. Whitson was in Littlefield Wednesday inspecting the bean crop and assisting the growers in obtaining pickers. Company trucks are leaving daily, moving the produce to Hugo where it will be canned under the Campfire label.

Whitson and his three sons own and operate the Whitson Food Products with canneries in Sulphur Springs, Hugo, and at their home office in Denton. In addition, they operate the Bishop Beverage Company, also in Denton.

W. P. Whitson, president of the Whitson Food Products of Denton, and Raymond Rehfo, local grocer, inspect a 10-acre field of Tendergreen beans now being harvested at the Leslie Lichte farm, two miles east of Littlefield. Whitson estimated the yield on this field to reach 5000 to 6000 lbs.

# Olton Man Charged With Wife's Slaying

## United Fund Directors To Meet Friday

The Lamb County United Fund will have a Board of Directors Meeting Friday, August 9, at 8:00 p.m. according to President J. E. Chisholm. The meeting will be held in the Lamb County Courtroom at the courthouse. The purpose of the session will be to complete the organization and begin plans for the fund raising campaign for this fall.

The United Fund organization will attempt to combine the fund-raising drives for all of the nationally recognized health, youth and welfare organizations in this county. Each agency interested will submit a budget for the approval of the United Fund budget committee. The organization hopes to reach about 1200 contributors instead of the usual 600 contributors contacted by the individual organizations.

## Illness Of Two Residents Found By X-Ray Unit

Mrs. Charlotte Cole, a German War-Bride, one of the thirteen hundred people who visited the Red Cross X-ray unit when it came to Littlefield on July 3, was advised about two weeks later to visit her physician.

Little realizing that anything serious was wrong, Mrs. Cole visited a physician and was found to have cancer.

She underwent surgery last week in the Methodist Hospital in Lubbock. Her condition is said to be satisfactory.

Mrs. Cole came to Littlefield after World War II from Germany.

Her husband died about five years after their return to America. She has two children, but no other relatives in this country.

Another Littlefield man was advised to see his physician after a visit to the X-ray unit, and was found to have an active case of tuberculosis in the last stages.

An Olton man, Tommie L. Moore, charged in connection with the fatal shooting of his estranged wife, was indicted by a Lamb County Grand Jury in Littlefield Monday with murder with malice aforethought, and was arraigned before Judge E. A. Bills Tuesday. His bond was set at \$25,000 which he posted minutes later.

## Patrons Urged To Attend School Board Meeting

Dr. Ralph Schilling, superintendent of the Littlefield Schools, has issued an invitation to all school patrons urging them to attend the regular meeting of the school board Monday night in the school secretary's office.

Action will be taken at this time on the adoption of the budget for the 1957-58 school year.

## Fire Damages 250 Sacks Of Alfalfa Meal

A fire, which is believed to have originated in a dehydrating plant, occurred around 5 a.m. Sunday morning in the warehouse of the Bainer Grain and Milling Company at Yellowhouse Switch, seven miles east of Littlefield.

Two women passers-by discovered the fire and awakened the owners, Mr. and Mrs. J. B. Haire, who were able to extinguish the fire with the loss of only 250 sacks of alfalfa meal.

The warehouse is next to the mill and dehydrating plant. The loss was covered by insurance.

## Amherst School Board To Adopt Budget Aug. 16

The Board of Trustees of the Amherst Independent School District will meet in a special session in the school secretary's office on Friday, August 16, at 2 P.M. for the purpose of approving and adopting the school budget for the 1957-58 school year.

The public is invited to attend this meeting.

Moore, allegedly shot his estranged wife, Sophia Moore, 37, around 1:30 p.m. Sunday in the yard of Moore's home near Olton.

Mrs. Moore had been working as a practical nurse at Olton about two months. Her seventeen-year old son, Doyle, had called his mother and asked her to come to Olton to talk with him. Mrs. Moore was standing in the yard talking to her son when Moore allegedly emerged from the house and shot once with a .38 caliber pistol that he pulled from his belt after he said, "I suppose you came to see the children." Mrs. Moore had replied, "Yes." The bullet struck her in the palm of the hand and then went into her chest.

Doyle notified Deputy Sheriff V. L. Smith and City Marshall Vernie Head who said that Mrs. Moore was dead when they arrived. Dr. Lynn Fie went to the scene of the tragedy and pronounced her dead.

The officers notified County Attorney Curtis Wilkinson who went to Olton and had Moore lodged in the Lamb County jail in Littlefield.

Wilkinson said that Moore filed (Continued on Page 6)

## Police Say That Prowler Rumor Is Unfounded

Rumors that residents of various sections of Littlefield have had prowlers and window peepers could not be confirmed by city police. No recent complaints have been made to members of the Littlefield police department, according to Acting Police Chief F. A. Fitzgerald.

Fitzgerald said that only one case of prowlers has been reported in recent months and after thorough checking, police could find nothing but signs of dogs robbing trash cans.

The police department will make a search on any such call and people are asked to call the officers in event they do have prowlers.

W. P. Whitson, president of the Whitson Food Products of Denton, and Raymond Rehfo, local grocer, inspect a 10-acre field of Tendergreen beans now being harvested at the Leslie Lichte farm, two miles east of Littlefield. Whitson estimated the yield on this field to reach 5000 to 6000 lbs.

**Mrs. Hilbun's Niece Is Buried In Sweetwater**

Mr. and Mrs. Clyde Hibun attended funeral services for Mrs. Hilbun's niece, Mrs. Desmond Bonner, which were held Sunday afternoon at 2 p.m. at the Church of Christ in Sweetwater.

Mrs. Bonner died as a result of a two car collision which occurred July 26 near Sweetwater. Mrs. Bonner's husband remains in the Sweetwater hospital with broken ribs and a punctured lung and her daughter, Ava Joe, 10, is in the hospital with a broken collar bone. Both are considered in satisfactory condition.

Mrs. Bonner was the former Miss Hazel Beatrice Hardin of Comanche. The couple had another daughter, Doris, who was not with them in the accident.

Mrs. Bonner was buried in the Sweetwater Cemetery.

**Coy Mote Is Honored**

Mr. and Mrs. T. O. Mote of Spade honored their son, Coy Mote, of Littlefield on his twenty-fifth birthday with an ice cream supper.

Attending from Littlefield were Mr. and Mrs. Edd Mote and sons, Darryl Ray, Bill, and Dennis, Mrs. Coy Mote, Pamela and Cynthia.

**Views From Pleasant Valley**

Mr. and Mrs. T. A. Kennedy from Pocomasset, Oklahoma, spent the weekend in the home of their daughter and family, the Ray-Round Roubineks.

Mr. and Mrs. Leroy Hicks were in Amherst Friday afternoon where Leroy was receiving medical treatment.

E. K. Angeley and Harold Allison were in Vigo Saturday night.

Mrs. Jewel Crow returned Thursday from visiting relatives at Snyder, Lorraine and Big Springs, Texas.

Visiting the John West home over the weekend were Mr. and Mrs. Lenter and family from Kansas.

Mr. and Mrs. Tooner Coffman and daughters visited last Friday in the Duane Darling home. The Coffmans live in Amarillo.

Mr. and Mrs. Oscar Allison and family are vacationing at Creed and other parts of Colorado this week.

Mr. and Mrs. F. W. Greene were last Sunday guests in the home of their son and family, the Forrest Greenses.

Mr. and Mrs. Duane Darling and children visited last Sunday in Portales, N.M., with relatives.

The condition of Mrs. D. L. Free, remains unchanged and continues to be serious. She is at her home in Earth. Mrs. Free is the grandmother of Billy Free.

Visiting Mr. and Mrs. Myers Ogletree last Thursday were Mrs. Jack Ogletree and Jane from the Sunnyside community.

Mr. and Mrs. Russell Bryant and family are away on a fishing trip this week.

RaeFord Calhoun and a friend from Monahans visited last Sunday in the home of his parents, Mr. and Mrs. C. W. Calhoun and family.

Walton Poage from Rankin, Texas was visiting in this area last week.

Connie and Vicki, small daughters of Mr. and Mrs. Jack Julian, were overnight guests of Glenda Calhoun last Wednesday.

An ice cream and cake social was held at the P. V. Community Center Saturday night, Aug. 3 for the Social Club members and their families.

Attending were Mr. and Mrs. Billy Free and children, Mrs. Jewel Crow, James West, Kathy Lenter, Mrs. E. K. Angeley and Patsy, and Mr. and Mrs. Leroy Hicks.

An enjoyable time was had by all attending.

Mrs. J. T. Broyles, mother of Edgar Broyles is ill in the Muleshoe hospital. Her condition is fair according to latest reports.

When the minority regulates the thinking of the majority, the tail is wagging several dogs.

The annual associational W.M.U. meeting will take place September 5th at the Hart Camp Baptist Church.

The Revival meeting at the Hart

# Beef Short Course Plans Are Announced

College Station, Aug. — Texas beef cattle producers who are interested in the latest research findings on problems which are today having a tremendous impact on the industry can't afford to miss the August 12-14 Beef Cattle Short Course at Texas A & M College.

Major emphasis on the upcoming program will be placed on reproductive performance, fertility of beef bulls and estimating carcass characteristics of live cattle. Those attending the short course, on the first morning's program, actually will grade a group of eight steers. Such items as weight, grade, dressing percentage, percent of rib, loin and round and area of rib eye will be estimated by each participant. The steers will be processed on Tuesday and on Wednesday morning a final evaluation of the carcasses will be made and winning participants will be recognized.

Professor John Riggs of A&M's Department of Animal Husbandry and short course chairman, reports that all speakers will be A & M System personnel except Ralph McCall, manager, Cattle Feed Research Division, Quaker Oats Company, Chicago; C. A. Lakin, president, Arizona Cattle Feeders' Association, Phoenix, and M. R. Caillhan, executive secretary, American Beef Cattle Performance Registry Association of Canyon, Texas. Respectively, their subjects will be Changes in the American Cattle Feeding Picture; Cattle Feeding in Arizona, and American Beef Cattle Performance Registry Association.

Riggs says that county agents have copies of the program and other information on the short course. Queries on details for the short course should be directed to Riggs or his department. The short course chairman extends a special invitation to all beef cattle producers and is strong in his belief that information of great value to the state's cattle industry will be released during the two and a half days meeting.

Judging other people often prevents us from appraising ourselves.

## WOW Little League Coach Presented Clothes

The Woodmen of the World entertained members of the WOW Little League Team with an ice cream supper at the Legion Hut Saturday night at 8 p.m.

Special guests were B. T. K'sner, coach of the Jaycee's team, James Holmes, the umpire, and W. A. Wolfe, president of the Littlefield Little League.

The boys presented their coach, Jimmie Chapman, with a suit, a bill fold, and a pair of socks. They also presented the umpire, James Holmes with a gift.

Seventy people including members of the players' family attended the party.

## Witharral SS Class Holds Picnic Saturday

Whitharral, (Spl.) — The Young Married Peoples Class of the Whitharral Baptist Sunday School enjoyed a picnic supper Saturday night at the home of Mr. and Mrs. Stanley Wright, 209 11th St. at Levelland.

Present were Mr. and Mrs. Norman Hodges, Mr. and Mrs. Jimmy Hisaw and the teacher, Mrs. Weldon Newsom and son, Joe.

## Family Reunites In Local Home

A family get-together was held in the home of Mr. and Mrs. J. W. Hardin of Littlefield this past Sunday.

Attending were Mrs. H. E. Ellis of Hampton, Arkansas, Mr. and Mrs. J. M. Nichols of Burkbur- nett, Mr. and Mrs. L. E. Nichols and family of Enochs, Mr. and Mrs. W. E. Nichols and Mr. and Mrs. J. P. Morris of Bula, Mrs. Tommy Bryant and daughter, Connie, H. R. Nichols and son, Stanley, and Mr. and Mrs. L. B. Davis of Lubbock.

## New Arrivals

### Medical Art. Clinic

Mr. and Mrs. C. D. Mote, 523 Weidel St., in Littlefield, on the birth of a daughter, Donita Joyce, born at 1:55 a.m. August 6, weighing 6 lb. 12 oz.

Littlefield Hospital and Clinic: Mr. and Mrs. J. D. Wofford, 815 Morse Ave., Littlefield, on the birth of a daughter, Kathryn Jo, born at 10:55 p.m. August 3, weighing 6 lb. 4 oz.

Mr. and Mrs. N. E. Wilson, 1220 West 2nd, Littlefield on the birth of a daughter, Brenda Lee, born at 11:55 a.m. August 4, weighing 6 lb. 7 oz.

Mr. and Mrs. E. W. Bell, 1324 Dillon, Littlefield, on the birth of a son, David Wain, born at 10:13 a.m. August 6, weighing 7 lb. 3 oz.

## New HE Teacher At Whitharral Is Honored

Whitharral, (Spl.) — Mrs. John L. Burnett, Misses Anita and Betty Burnett entertained at a social hour at their home south of Whitharral Tuesday evening as a courtesy for Mrs. Maxine Yearry, the new home economics teacher.

Home made ice cream and cake were served to Mrs. Yearry, Mrs. Alvis Jones of Littlefield, Mrs. M. B. Lumpkin of Potts Camp, Miss. Mrs. Richard Horton, Miss June Simpson and Mrs. Elva T. Crank.

## Breakfast Honors Miss Kay Maner

Whitharral (Spl.) — Miss Kay Maner, who has been confined to her bed for the past 6 or 8 weeks was surprised with a "Come As You Are" breakfast at her home north of Whitharral Thursday morning.

Mrs. Maner served bacon, scrambled eggs, toast, sweet rolls, jelly, orange juice and coffee to the honoree and Misses Anita Burnett, Linda Reed, Geneva Rainey, Sharon Davis, Pat Baisden, Peg Baisden, Rita Ann Dyer, Martha Vinyard and Linda Martin.

The man or woman who is able to control desires and restrain appetites will not need old age pensions in later life.

## Merit Badges Are Awarded To Sudan Scouts

Sudan, (Spl.) — Awards were made at a recent meeting of the Explorers and Scouts of Post 33 in Sudan.

Those receiving recognitions were: First Class Scout, Don Preston; Star Awards, Billy Turner and Charles Nichols; Life awards, J. A. Wings, Max Gilreath.

Merit Badges received were Gayle Brown, life saving; Dean Chisholm, safety; Ralph Bellamy, citizenship in community; Tim Kent, citizenship in community; Don Preston, camping; Donnie Shannon, life saving and swimming; Max Gilreath, life saving and citizenship in the community; Jackie Brown, farm home and planning; life saving and machinery.

Receiving merit badges for Citizenship in the community were Charles Nichols, Bonny Galvan, Macky Ballard, Gary West.

Scouts from troop 39 earning badges were Glen Cox in Stamp collecting; Lonnie Narramore, Safety; Ronnie Gatewood, Basketry; Howard Dotson, Safety.

Hoyt Robertson, the Explorer leader, received awards for his work as counselor in the following, cooking, swimming, nature, citizenship in the community, citizenship in the home, athletics, citizenship in the nation, soil and water conservation, safety and marksmanship.

## Letters To The Editor

Editor County Wide News Littlefield, Texas Dear Editor:

I would like to bring to your attention (and to the attention of your readers) another small incident which illustrates to some side of human nature which was so unfortunately displayed in the looting of tornado victims' homes in this area recently.

The incident to which I refer did not involve looting of any other act which could be considered illegal, but did serve to show the indifference of some particular people to the plight of their fellow men.

We own and operate an alfalfa dehydrating and feed milling plant about six miles southeast of Littlefield on the Lubbock highway at the little community of Bainer or "Yellowhouse Switch" as it is sometimes called. We store a considerable amount of our products (alfalfa meal in this case) in a warehouse adjoining the mill building. About five o'clock Sunday morning a fire broke out in the warehouse, probably caused by a spark or ember which may have found its way into one of the sacks of meal, which were processed and stored late Saturday evening. The fire was first noticed by two ladies who were driving down the Lubbock highway. They were good enough to stop at a nearby house and awaken the residents. It is the attitude of these people about which this letter is written.

After they were awakened by these considerate ladies, they took a look across the highway at the blaze and instead of phoning us at our residence, they told the ladies that they "didn't know whether it was supposed to be burning or not" and promptly went back to bed.

Fortunately this answer did not satisfy the ladies so they crossed the railroad tracks and after their investigation showed that it most certainly should not be burning, they awakened us at our residence and made us aware of the situation. We managed to extinguish the blaze with a small amount of loss, thanks to these ladies who were willing to lose a little of their time to help a stranger.

Probably the most significant thing about the incident is not the indifference of our "neighbors", because that isn't any real news, but the kindness and willingness of the two unidentified ladies who were willing to go out of their way to help. If you see fit to print this and if they should read it, I would like for them to know that we certainly appreciate their efforts which undoubtedly saved us from having a large loss of property.

Sincerely yours, J. B. Haire

The motto might read: "What helps the people of this country helps business."

## Littlefield's Loss — Gallup's Gain

Littlefield residents for the past nine years Mr. and Mrs. Felix Haltom, Billy and "Tucky" are moving this week to Gallup, New Mexico. The Haltoms established the Sprouse-Reitz Co. store in Littlefield. They will manage a company store in Gallup. Littlefield loses two ardent civic workers with the move of the Haltoms. They have assisted in all civic endeavors and all Parent - Teacher Association work, and were workers in the First Baptist Church.

## Sudan Scouts Go To Mountains

Sudan, (Spl.) — Twenty-five Scouts and explorers left Monday morning from Sudan for a camping trip to the mountains at Las Gallinas Canyon near Las Vegas, New Mexico.

Adults accompanying the group were Truman Parrish, Hoyt Robertson, and Gayle Brown.

Scouts and Explorers going included Jackie Brown, Don Preston, Max Gilreath, Billy Turner, Charles Nichols, Ronald Bellamy, Lonnie Narramore, David Walker, Rodney Cate, Paul Galvan, Bonnie Galvan, Mike Masten, Dale Masten, Ronnie Gatewood, Rex Graves, Gene Bates, Howard D. son, C. L. Moony, Cliff Moony, Darwood White, Dean Chisholm, Tim Kent, J.A. Wings, James Parrish.

## Olton Girl Receives Majorette Scholarship

Janice Ford, daughter of Mr. and Mrs. Harry Ford of Olton, has received a majorette's scholarship from Howard Payne College in Brownwood and will enroll there this fall. Her parents are teachers in the Olton school system and she is a 1957 graduate.

"I take my SUPER MARKET home with me!"

SAYS Mrs. Tom Scarborough, 5104 42ND STREET, LUBBOCK, TEXAS

"My home freezer is my 'home super market'. It's so easy to fix snacks for the family and I can always keep an adequate supply of desserts on hand. Too, we like fruit juice with every meal and the economy of a home freezer makes that and many more treats possible. Economy is one of the many reasons I use, and I recommend an electric home freezer," Mrs. Scarborough says.

## Farm Program Plan Would Add Millions To Farmers Income

Farm Program Plan that adds millions of dollars net to the farmers of the South and Panhandle area was voted to the combined meeting of twenty-two commodity groups in Washington, D.C., on August 6 and 7 by the Grain Sorghum Producers Association.

W. Peeler of Hereford and Moore of Plainview attended the meeting representing the organization. The meeting in Washington was planned for the purpose of all commodity groups meeting together in order to get a plan that would be put in the 1958 legislation. The principal reason for the plan passed in 1957 was that all commodities were being treated alike. Should such a plan prove successful, there would be a greater chance of getting something beneficial done in the next year.

The testimony and plan given before the representatives of the various organizations of the Grain Sorghum Producers Association are a commodity producers organized in October, 1955, for the purpose of promoting sorghum as a feed grain or industrial purposes. Our organization serves an area which is 60 per cent of the National sorghum. Needless to say it is a "basic" commodity.

of this region. Grain Sorghum is recognized today by livestock feeders and industrial users to be equal to corn pound for pound in practically all respects. There is no feed in America today whose popularity is spreading as rapidly as grain sorghum. It is even gaining a strong foothold in the old corn belt where many farmers plant their corn crop to be placed in government loan and plant grain sorghum to use in putting the fine finish on their hogs and cattle. The strongest evidence of its rapidly spreading popularity can be found in production records of the past 10 years. In 1947 there were 56 million bushels of sorghum grain produced in the United States. Compare this with the 1957 forecast of 500 million bushels. An acreage increase of 49 per cent over 1956 still further emphasizes this fact. Grain sorghum acreage is greater than four of the six basic crops but the principal point of importance is 2 out of every 5 acres of cultivated land in the United States is feed grains. All feed grains should be treated alike according to their feed value equivalent.

We recognize that each commodity has special problems but it is high time we get together to work out some of the differences within our farm groups and above all present a united front to the other 87 per cent of the American people. It is indeed a sad state of affairs when the American farmer, through the media of national magazines and big city newspapers, is pictured as a wailing parasite who is bleeding our national treasury white while the rest of

the taxpayers nobly bear the burden. Furthermore, while this dismal picture is being painted for our urban friends, the Secretary of Agriculture adds certain negative highlights which do nothing to improve our posture. The American farmer is saving the consumer 8 to 10 billion dollars annually by his increased efficiency since 1940. He is the only segment of our economy who is doing anything toward stopping the inflationary spiral of the cost of living.

The Grain Sorghum Producers Association has a farm program which it wishes to present for your earnest consideration. You will note that the outstanding feature is that all commodities are supported at the same level. We feel very strongly that the idea of supporting one commodity higher than another is indefensible. We would like to add that a high percentage of our membership have allotments of wheat or cotton or both. All commodities are related as to use and one commodity cannot be dealt with without affecting another or others.

You will also note that we have provided for a percent of the cultivated acres to be retired from production. This is to prevent acreages diverted from the basic crops causing a surplus of non-basic ones. This plan will solve the surplus of feed grain quickly as it would take 50,000,000 acres of feed out of production with a 15 per cent layout, or 70,000,000 acres with a 20 per cent layout.

There would be no discrimination among farms, as each farm could have the same percentage of price supported crops. Land val-

ues would not be determined by the allotments but by true value of land.

It would have the effect of treating all feed grains alike and would take corn off the basic list. A corn farmer would have up to an 85 per cent allotment of total tilled acreage. This program would be effective, fair, easy to administer, inexpensive and a farmer could not beat it. It is our contention that the combination of uniform support for all commodities plus the retired acres would within a very few years eliminate the need for allotments and bring about a flexibility in our farm management impossible under any government control program used up to this time.

The American farmer, like the rest of the various segments of our economy, can only prosper when his business is expanding and he is getting a fair return for his labor and capital outlay.

The Grain Sorghum Producers Association does not like government controls and support programs anymore than anybody else but with the rest of the American economy continually inflated by defense and foreign aid programs, the cost-price squeeze is fast reaching the breaking point for the farmer.

**Surplus Reduction Farm Plan**  
1. No farm will be permitted to plant more than approximately 85 per cent of total cultivated acres in price supported crops, leaving approximately 15 per cent in non-revenue layout acreage.

A. No payment will be received by a farmer for non-revenue layout acreage.  
B. No grazing or cash crop will be permitted on non-revenue lay-

out acreage (fallow or soil building crops permitted).

C. Non-revenue layout acreage must be rotated yearly.

D. Non-revenue layout percentage can be increased or decreased yearly by the Secretary of Agriculture within limits set for by law, according to supply of non-basic crops (feed grains, soybeans, cotton seed, non-commercial corn, etc.).

2. Cross-compliance will be in effect.

3. Farmers will be permitted to plant price supported non-basic crops in case of drought, hail, or flood on basic crop acreage.

4. Marketing and acreage allotments will not be used on price supported non-basic crops as non-revenue layout automatically reduces acreage.

5. Program voluntary (in that it must be approved by a national referendum each year, and then is mandatory).

A. Penalty of 50 per cent of parity for non-compliance.

6. IN EXCHANGE FOR NO PAY ON NON-REVENUE LAYOUT LAND, FARMERS WILL RECEIVE 75 PER CENT OF OLD PARITY FOR PRESENTLY PRICE SUPPORTED CROPS BASIC AND NON-BASIC.

7. All crops now supported will be supported on the same parity formula.

**Benefits of This Farm Plan**

1. The layout land could be increased or decreased yearly by the Secretary of Agriculture to meet supply and demand within limits established by Congress.

2. No payment on the layout land would be received by the farmer, as this is his offer in return for a minimum floor for presently price supported basic and non-basic crops.

3. Farmers in many instances would take their layout acres out of their basic crop allotment. This would help reduce the surplus of these commodities.

4. This plan is flexible and takes care of hardship cases (hail, flood, drought).

5. This plan would not penalize the farmer who is already summer fallowing his land.

6. Compulsory rotation would prevent the farmer from permanently laying out his least productive land.

7. With no payment to the farmer for layout land, this plan would help balance the budget and cause less resentment by taxpayers, as a farmer would not be receiving payment for not producing crops.

8. This plan could be effective immediately upon referendum and give strength to farm credit, both in the banks and through FHA.

9. Easy to administer under present set-up.

10. Each basic crop problem subject to Government change in future without affecting this program.

11. This program would eliminate the problem of diverted acres increasing surpluses.

12. Adoption of this plan would eventually eliminate allotments.

The Surplus Reduction Farm Plan would change the net loan prices as follows:

First, Present Loan Value; Second, Loan Under Surplus Reduction Plan; third, Increase in Price:

Cotton - \$28.15 per Hundred -

\$28.15 per Hundred - None.  
Cotton Seed - \$46.00 per Ton -  
\$64.00 per Ton - \$18.00 Ton  
Milo - \$1.57 per Hundred - \$2.10  
per Hundred - 53.  
Soybeans - \$1.93 per Bushel -  
\$2.25 per Bushel - 32 Bu.  
Wheat - \$1.82 per Bushel - \$1.73  
per Bushel - 11 Bu.  
Non-Commercial Corn - \$1.02 per  
Bushel - \$1.37 per Bushel - 35 Bu.

\*Under the present parity of cotton the support price would be slightly less than it is now, but with the increase parity due cotton in the Fall, the price would remain about the same as now.

The Grain Sorghum Producers Association would like for all commodities to receive at least 90 per cent of parity but realizing that should such a bill ever get through Congress under the present administration, it would face a certain Presidential veto. I therefore set as its goal to try to correct the inequalities that now exist. If such an equalization could come about, it would strengthen the entire agricultural industry of the nation and certainly in this area. For example, if mil could receive anywhere near an equal treatment that corn now has, it would be priced over \$2 per hundred.

The progress of a community is in proportion to the selfishness of its leaders.

### Thinking Will Prevent Tractor Accidents

That tractor which is such a big part of a farmer's bread and butter can become a killer and dangerous enemy if proper precautionary measures are not taken. More than 1,000 Americans are killed in tractor accidents every year.

In most cases where a tractor and a truck or auto collide, the tractor operator is killed. Right now there is increased activity in the fields and on the highways, setting the scene for more accidents, warns the Texas Farm and Ranch Safety Council.

Plan your work so that you

won't have to take your tractor on a heavily traveled highway more than is necessary. Flashes by night will call the attention of the motorist to slow moving farm machinery, points out the Council.

Be sure to keep the tractor under control. Slow down for turns. Leave the tractor in gear on downgrades—don't depend entirely on brakes.

Do not carry extra riders on a tractor and do not let young and inexperienced drivers operate the tractor or other farm machinery on difficult or dangerous jobs. They have to learn but be sure they can handle the job safely before sending them to the field alone.

Arrange the highway entrance to your field and farmyard so that the driver can see both directions.

#### Ruining A Good Thing

Nates Schulman, who, since 1943, has been giving away free meals at his restaurant in Chicago if people were hungry and had no money, has thrown in the towel. Recently he took down the sign which had offered the free meals.

The sign, which had been in place since 1943, read: "If you are hungry and have no money, come in and we will feed you — free."

In recent times, some young West Side Chicago toughs have been giving Schulman a hard time. They would come in in groups and demand that they be fed according to the sign. Schulman would tell them that they were minors and would have to bring along their folks, but that didn't embarrass them or turn them away.

Schulman said they caused a lot of noise and embarrassment and that, therefore, he had to take down the sign.

In a way, it is remarkable that the policy has stood the test for fourteen years. Schulman estimates he has given away 14,000 meals since then to people unable to pay or who claimed as much, at least. It is something of a minor social tragedy that a citizen's generosity and humanitarianism is brought to an end by the unruly behavior of children who have not had proper parental training and supervision.

#### True Anniversary of Russian Revolution Almost Unnoticed

One anniversary of world-wide import usually passes almost without any observance whatever. It is the anniversary of the revolution that freed Russia from the tyranny and mismanagement of the czarist regime and which for a brief time gave that great backward nation an enlightened regime.

Instead, the Russian revolution that attracts almost all the attention is the one which came about eight months later, and which plunged Russia into an even worse tyranny than the Czar's — the Bolshevik revolution.

So effective has been the Communist propaganda about the "Kropotkin revolution" — which occurred in November, 1917 under the revised calendar of the fact that Russia actually was freed by liberal, democratic statesmen and freedom-loving people, and only later was the iron-clad Communist tyranny clamped down on a betrayed people.

As a matter of fact, when the dissolution in Russia swayed into revolt, in March, 1917, the Bolshevik leaders were in exile, Lenin was in Switzerland and Trotsky was in the United States. Not one of the men who rose to high place in the Communist government during its first two decades had anything whatever to do with the revolution that freed Russia from its corrupt, inefficient czarist regime.

Many of the leaders who founded the republican government were high-minded, liberal, democratic statesmen. In fact, one of the weaknesses of the new regime was liberalism turned to the point of disregarding self-preservation. Lenin, Trotsky and other Bolshevik leaders had said what they would do if they got the chance. They should have been charged into jail and kept there until the republican regime could get solidly established. Not only Russia but the whole world would have been happier had that been done.

#### Farmers And Farm Program

A group of farm organizations, each representing a different commodity, met in Washington on August 5, and attempted to reach a farm program. The idea is to work out a program which will be acceptable to enough farm groups to win a sufficient backing to pass the House and Senate.

The primary goal of the group is to have enacted into law a program which will stabilize prices and also help farmers receive satisfactory income levels. The National Milk Producers Federation, one of the nation's forty dairy organizations, is sponsoring the meeting.

The Federation sees such an approach to the problem as necessary because the big farm organizations, such as the National Grange and the Farm Bureau have been unable to arrive at a general agreement for a desirable program.

We have long heard that a lack of unity on the part of farmers and their organizations has been one of the main reasons why a satisfactory farm program could not be worked out, and that this time the various farm groups who representatives have backed various plans, and have been able to get support of various organizations, but are not united with a general sentiment among farmers and their organizations and are among members of Congress.

At this week's meeting, representatives of the Dairy Industry, the Cotton Industry, the Cattle Industry, and so on, tried to work out a joint program, which of course is subject to the approval of all. As the individual commodity programs are worked out, producers in other lines would not have to pass through the pain for the specific program — even a tiny one — but directly concerned with it.

In this session of Congress, we have seen the farmers from the North Belt and the Cotton Belt groups instead of united forces because the two groups have not been able to get together on a program of mutual benefit to all.

Some Secretary of Agriculture says that farmers should not be getting together on a farm program which will work, he says, but to see the meeting come off. We hope it will produce results and give the way for an efficient farm program, providing the National Grange need in the United States in this time.

The mammoth merger was accomplished at a joint AFL-CIO convention in this Capitol City.

Stacy Internal Disagreements between those who see the potential political power of such a massive group.

A resolution, recommended by labor's Civil Rights committee, condemned the 80th Legislature for passing "immoral and unconstitutional" laws concerning school segregation. Gulf Coast delegates walked. Finally, the convention compromised by adopting the national AFL-CIO civil rights plank, worded in a more general language.

Delegates also criticized Texas daily newspapers, the Texas Tool Board of Directors, the Agricultural and Highways Contractors.

Noted were a state income tax in cooperation, an increase in individual income tax surcharges, federal aid for school construction, higher pay for teachers, and honesty among union officials.

African Jerry Williams was elected president. C. Lee Fred Schmitt was chosen as secretary-treasurer.

LOSSY CURS PROPOSED — With legislative opposition to the special session convening under Gov. Price Daniel's determined stand, attention now turns to what the lawmakers might do.

Sen. Jerry S. Gonzalez of San Antonio has drafted a strict lobby control measure. It is a companion bill to the Federal Law. It would require registration of all persons seeking to influence legislation, for pay, also it calls for a detailed accounting of money used to influence legislation, where it comes from, how it is spent.

It would limit a lobbyist paid over the head of any lawmaker or lobbyist board, guilty of a bribe violation, penalty up to a \$25,000 fine and 10 years imprisonment. Corporations involved would lose the right to do business in Texas.

SALESmen SEEK HELP — Experts believe a "new hat" among upturns in production and marketing in Texas for the last quarter of the year.

It might even boost last year's record, despite the restrictions on credit. So states the UT Bureau of Business Research.

Rate read sales dropped five per cent from May, but sales for January-June, 1957 were two per cent above '56.

Some modernization has gone "springing" well. But require-

tion of new homes in 1957 is expected to fall some 10 to 20 per cent below last year.

EMPLOYMENT TO CLIMB — More jobs, better pay, is the outlook for Texas workers.

Texas Employment Commission forecasts a small rise in job-holders during August, followed by the usual steep jump from increased activities in September.

Early summer brought the customary glut of workers as schools poured out thousands of graduates and vacation job-seekers. In addition, factory jobs dropped somewhat as automobile assembly plants and aircraft companies cut back.

However, the same period brought good news to factory workers as average weekly wages jumped some 12. In the higher production areas workers in coal and petroleum products, up 12 to 12.25 per week and those in chemicals, up 12.45 to 12.55 per week. Less fortunate were those in apparel and textile products, up 11 to 11.50.

NO MAGIC EXPECTED — Rebuilding public confidence in Texas as insurance cannot be done "by any magic touch or wave of a wand, not overnight nor within a few months."

It will take painstaking planning, organized effort and competent performance, said Joe F. Gibbs, member of the newly reorganized Board of Insurance Commissioners.

Board members are recognized as sponsoring in a "show window," said Gibbs, recalling the recurrent troubles that resulted in a wholesale legislative overhaul of the department.

"We recognize that the public has a right to look in on us to see what we are doing to remove the clouds of doubt," Gibbs stated.

CONSTRUCTION UP — Construction authorized in Texas for the first half of 1957 is 100 per cent higher than for 1956, according to the UT Bureau of Business Research.

Forecast among the cities making gains were Midland, Houston, Amarillo, Lubbock, Fort Worth, El Paso and Dallas.

Traffic, San Antonio and Austin showed gains.

FARM OUTLOOK — When rain has not fallen monthly, nation in grass and feed crops is poor, reports the Texas Agricultural Extension Service.

Timothy shows good pasture and late crops in some areas. But some late late for corn and feed.

WHEAT LOSS — Anticipated wheat still are being tight in location elections. So reports the Texas Lager Control Board, Dallas and California Counties.

#### Lamb County Leader

Entered as Second Class Matter at the Postoffice at Littlefield, Texas, May 24, 1952 — Under Act of March 3, 1879.

Olton Enterprise being published by Mr. and Mrs. Smith.

Mr. and Mrs. Charles Lyne and Mr. and Mrs. W. J. Chesher are leaving for a two weeks trip to Mexico City.

Miss Fleeta Egan and L. W. Dobbs wed at Clovis, N. M. In quiet ceremony.

Editor's note: The Sandhill Philosopher on his Johnsons farm has had another one of his dreams exploded. His letter this week indicates. He probably has plenty more.

#### Egg Law To Benefit All Consumers

College Station, August — The Texas Egg Law, which becomes effective August 22, may be "just what the doctor ordered" to assure Texas consumers that high quality eggs are being placed on the market for sale.

This law, says Beamblossom, provides primarily for inspection and careful labeling of all eggs that are to be sold on grade. The eggs are inspected primarily at retail outlets and if sold on grade are labeled according to size and quality. Ungraded eggs must be so labelled.

#### Sandhills Philosopher Favours Part-Time Farming

Editor's note: The Sandhill Philosopher on his Johnsons farm has had another one of his dreams exploded. His letter this week indicates. He probably has plenty more.

Dear editor:

A lot of experts who don't know that the farm problem is sort of like a family problem — you can solve one problem today, but there'll be another one tomorrow — have now come up with another solution.

According to them, the answer to the farm problem is part-time farming. Now when I first read this, I came to attention. That is, I laid my newspaper down in my lap, rested both arms on my chair and looked out into space. Part-time farming is what I've been preaching and practicing for years, and I was proud to know the experts in Washington had finally come around to my way of thinking.

But when I returned to my paper and read on, the worse the thing got. Those experts and me are talking about two different things. According to them, part-time farming consists of farming part of the time and working in town the rest of the time. If a man can't make ends meet on the farm, he can take up the slack

### News From Amarillo

By ANN SUTHERLAND

The Amarillo Chamber of Commerce today announced that it will sponsor a series of lectures on the subject of "The Future of the West" during the month of September.

The lectures will be given by prominent speakers from the West and will be held at the Chamber of Commerce building.

The first lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on September 17.

The second lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on September 24.

The third lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on October 1.

The fourth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on October 8.

The fifth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on October 15.

The sixth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on October 22.

The seventh lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on October 29.

The eighth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on November 5.

The ninth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on November 12.

The tenth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on November 19.

The eleventh lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on November 26.

The twelfth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on December 3.

The thirteenth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on December 10.

The fourteenth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on December 17.

The fifteenth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on December 24.

The sixteenth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on December 31.

The seventeenth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on January 7, 1958.

The eighteenth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on January 14, 1958.

The nineteenth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on January 21, 1958.

The twentieth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on January 28, 1958.

The twenty-first lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on February 4, 1958.

The twenty-second lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on February 11, 1958.

The twenty-third lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on February 18, 1958.

The twenty-fourth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on February 25, 1958.

The twenty-fifth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on March 4, 1958.

The twenty-sixth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on March 11, 1958.

The twenty-seventh lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on March 18, 1958.

The twenty-eighth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on March 25, 1958.

The twenty-ninth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on April 1, 1958.

## EARTH NEWS

By CLARE CLARK

The Amarillo Chamber of Commerce today announced that it will sponsor a series of lectures on the subject of "The Future of the West" during the month of September.

The lectures will be given by prominent speakers from the West and will be held at the Chamber of Commerce building.

The first lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on September 17.

The second lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on September 24.

The third lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on October 1.

The fourth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on October 8.

The fifth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on October 15.

The sixth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on October 22.

The seventh lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on October 29.

The eighth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on November 5.

The ninth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on November 12.

The tenth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on November 19.

The eleventh lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on November 26.

The twelfth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on December 3.

The thirteenth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on December 10.

The fourteenth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on December 17.

The fifteenth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on December 24.

The sixteenth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on December 31.

The seventeenth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on January 7, 1958.

The eighteenth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on January 14, 1958.

The nineteenth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on January 21, 1958.

The twentieth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on January 28, 1958.

The twenty-first lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on February 4, 1958.

The twenty-second lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on February 11, 1958.

The twenty-third lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on February 18, 1958.

The twenty-fourth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on February 25, 1958.

The twenty-fifth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on March 4, 1958.

The twenty-sixth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on March 11, 1958.

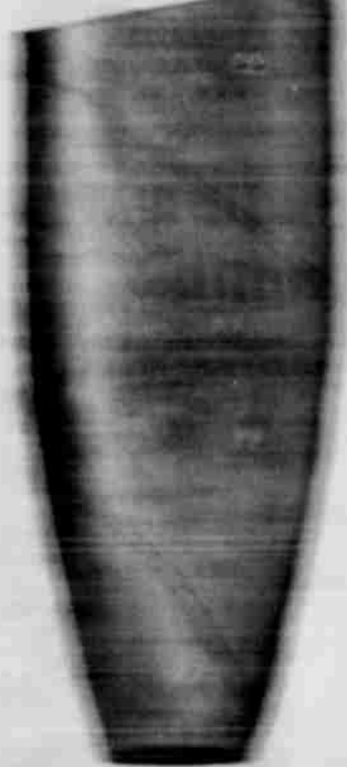

The twenty-seventh lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on March 18, 1958.

The twenty-eighth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on March 25, 1958.

The twenty-ninth lecture will be given by Mr. J. W. Williams on the subject of "The Future of the West" on April 1, 1958.

## Are Her Eyes Ready For Another School Year?

Play Safe... Give Her An Annual Check-Up

Research by Temple University has shown that 19 percent of the children that fail in their first grade work because they cannot read properly. It was found that two out of three failures were due to eye problems. This means that better than 60 percent of first grade failures can be avoided by eye exams.

Some of the reasons that children cannot read properly are: that they are unable to see clearly, that they are unable to focus their eyes properly, that children cannot coordinate the use of their eyes properly. They cannot see clearly when they read, they are unable to follow the hand print correctly, and their eyes need to be checked for strabismus.

What are the signs of strabismus? Your eyes may frequently be watering, by vision blurring, the eyes may be tearing, or the eyes may be squinting. The usual positions of your eyes should be able to give you a clear view of things. If you are unable to see clearly, you should have your eyes checked for strabismus. Your child's eyes should be examined at least once a year.

**Fieldton Facts**

By Mrs. R. A. Reed

Fieldton received 1.8 inches of rain over the week end. It had rained 2 inches here, last week, but did not cover much territory.

Mrs. and Mrs. Elton Moss, of Ft. Wayne, Indiana are visiting here with their relatives, the Cassety and A. Amig families.

Mrs. Jenn Hall and sons, from Dallas, and her mother, Mrs. Clifford Graves of Paducah, spent the week end here with Mr. and Mrs. Elton Hill and children, as well as Mr. and Mrs. Chas. McCaust.

Mr. and Mrs. Leroy Owens, Carey and Karen, from Amarillo, are spending the week in his summer home, Mrs. W. G. Hendricks and family.

Mr. and Mrs. Charles Adam and their house guests, Mr. and Mrs. Eldon Moss, went to Berwickville, Arkansas, Saturday to attend funeral services for an aunt who had died suddenly following a stroke.

Mrs. L. D. Cassety and Mr. and Mrs. Eldon Moss, spent Friday night with Mrs. Cassety's daughter, Mrs. Lois Gomez, husband and baby, near Lubbock.

The Hill family attended a family reunion Sunday at a place near Lubbock.

Mrs. Laverne West, and son, from Sulphur, visited here Sunday with her parents, Mr. and Mrs. Marvin Qualls.

Mrs. Frank Pullins and baby daughter, from Albuquerque, N.M. visited here this week with her mother, Mrs. R. W. Stanfield.

Mrs. T. H. Hukill, son James, and grandson Gary, returned Wednesday from a visit in Oklahoma with her mother and other relatives. Her mother returned home with her for a visit.

Leen Cassetty and family and Don Joyner and family spent the week end at Umbarger Lake, near Amarillo.

Mr. and Mrs. R. A. Reed spent Sunday afternoon in Littlefield with their daughters, Mrs. J. E. Laster and Mrs. Gene Williams and their families and a joyful ice cream and cake, in honor of Mrs. Reed's birthday.

Gerald Ray Qualls spent the week end at Lueders, at the Baptist encampment.

Mr. and Mrs. Thomas returned Saturday night from Pierre, S. Dakota, where they attended funeral services for Jerry Back Roberts and visited with their son, Jack and family.

Mr. and Mrs. Basil Jeffrey, and Deanna, and Twolle Pickrell visited Sunday at Amherst, with his parents.

Benny Pickrell wrote home that he was stationed 80 miles from Tokyo and some friends had visited Tokyo and it took them 1 1/2 hours by train to make the trip.

Mr. and Mrs. Dan Brostrup, Craig, Lassy and Steve spent the week end near Post with his mother. Steve remained for a week's visit and Mrs. Brostrup's nephew, Tommy Spauld, of Ft. Davis, is spending the week here with the Brostrups.

Mr. and Mrs. H. C. Pickrell visited Sunday afternoon with Mr. and Mrs. Steve Thorpe, near Springlake.

**Small Business Problem**

The theory that big business is destroying small business just isn't borne out by the facts.

The number of small business firms (those with less than 100 employees) has reached a record high in this country. A tabulation based on the latest available figures shows that there are 4,309,000 of these firms—an increase of 750,000 in the past 10 years. If the trend continues, as is expected, the number will swell to 5,700,000 by 1970.

The main problem faced by small business is big business. It is a tax system which penalizes successes and hampers growth.

Rugged individualist: One who can eat chicken with his fingers without making any excuses.—Buffalo News.

There are few so foolish that they had not rather govern themselves than be governed by others.—Thomas Hobbes.
