WILDCATS TO MEET RALLS IN SECOND CONFERENCE GAME

SCHOOL CLOSING WILL LIKELY NOT AFFECT STANDING

pects Bright For The Cats Since Defeating Crosbyton

Bill Sanders' high school team and the Ralls football team clash in the second conference game for the locals at the Littlefield park Friday night.

pects for the Sanders' lads during the second team of the season ladder are much brighter. Their 40 to 0 victory over Crosbyton last Friday night.

announcement has been made by the district conference officials that Littlefield will be effected by standing because of school dismissed for two weeks. However, it is not likely that it will have any bearing on the conference

showing in Littlefield's starting line-up for Friday night:

Rowe, lt; Graham, lg; Melton, rg; Neely, rt; Brantley, qb; McKnight, pb; Lambert, rh.

WILDCATS WIN IN FIRST CONFERENCE TILT

are running a mite higher possibility of the Littlefield team to cop the conference crown. Their 40 to 0 defeat handed Crosbyton High Chiefs under the lights at the Cats' park Friday

was the first conference match between the locals and probably the most exciting and sensational playing of the season. Some of the most spectacular plays as well as some of the most sluggish plays were pulled off during the game.

As dawned as though the boys of the team were slow in getting started, however, the Wildcats soon stepped up and McKnight scored on the first exchange of punts. An attempt at conversion by Brantley was wide, but Crosbyton being on the play was run over again on an attempted pass for the extra point was also a failure.

The second touchdown came late in the second quarter after Brantley completed a Crosbyton pass and he passed the ball to the five yard

Littlefield ran up their largest lead in the third period with a touchdown and three touchdowns. Only one touchdown was made during the quarter.

COUNTY IN LINE FOR \$25,000 WPA COOLING PLANT

Relief Labor Must Be Used In Erection Of Building

Lamb County has been put on the approved list for a \$25,000 cooling plant. This is a WPA project and 1-8 of the funds must be furnished by the county or a city in the county. This amount may be furnished in the form of land for the building site. Relief labor must be used in constructing the building.

A plant of this type will be an asset to Lamb County, since refrigeration facilities in this county are limited. If the county sees fit to take advantage of this appropriation, a plant will probably be operated on the cooperative basis and farmers cooperating would be assigned a space in the plant for a small cost per month. This space could be used for storage of such products as beef, pork, eggs, vegetables, and etc. Lamb County needs this plant.

Applications Under 1936-39 Wheat Plan To Be Taken Oct. 25

According to P. W. Bohner, Secretary of the Lamb County W. P. C. A., applications will be taken at the Court House, Olton, Friday, Saturday and Monday, October 25, 26 and 28, under the new 1936-39 wheat program.

At Earth, Texas, N. E. Cleavinger and his committee will take applications the same days for his community. Those farmers who cannot come to these sign-up places on the above stated dates may call at the home of Mr. Cleavinger on his farm or at the home of the Secretary, P. W. Bohner, in Olton. The program is expected to be closed and all applications in the county committee's hands by November 15, 1935.

REPRESENTATIVE OF FHA OUTLINES HOUSING PLAN

States Program Is A Recovery Measure Not A Relief Project

As the local Chamber of Commerce luncheon meeting, presided over by Vice President W. D. T. Storey, A. C. Kyle, Field Representative of the Federal Housing Administration, outlined the entire plan of obtaining loans for the modernization and repairing of property, and the building of new homes or other structures.

Mr. Kyle emphasized the fact that the Federal Housing Administration was one of the departments of the Federal Recovery Program, and a recovery measure, but not a relief measure. He said it was a cooperative movement to restore and bring back normal conditions.

He stated that when the Government made an analysis that there were over three million on relief from the building trades; and that when a survey was made of the physical property of the United States it was found that for the last five years the owners were letting their property deteriorate; and that machinery was then set up and began operating in August of last year to encourage home owners to modernize and repair, and build new homes.

Mr. Kyle said as a result of the publicity given the Federal Housing Administration there has been to date \$919,123,131 worth of modernization and repairing done.

In speaking of the activities of other cities along this line, Mr. Kyle said that Lockney property owners had secured 42 loans, under Title 1, making the aggregate amount of \$62,805.00; and that Levelland had made 14 loans totalling \$4153.

In order to secure a loan, Mr. Kyle said the owner of the property would have to show an equity of 20 per cent including the lot, and that the Federal Government would insure it up to 80 per cent of the value of the property.

Joe Hale and Dr. Ira Woods also discussed the Federal Housing plan. Sled Allen of Lubbock and Dory Detton of Salt Lake City, were guests of G. M. Shaw at the luncheon meeting, and made talks.

Mr. Allen who was six years with the Texas Baseball League at Houston, and one year manager of the Western League at Amarillo, and is now promoting wrestling at Lubbock, is well known among the pioneers of this city.

Mr. Detton is putting on bouts at Lubbock.

"SHOULD BE 20 NEW HOMES IN LITTLEFIELD THIS WINTER", SAYS FHA MAN ON VISIT HERE TUESDAY

A. C. Kyle, Field Representative of the Federal Housing Administration, of Fort Worth, was in Littlefield last week, and returned again Tuesday morning, in furtherance of the Federal Housing Program in Littlefield.

In an interview with Mr. Kyle at the Leader office he stated that "he had the promise from the First National Bank, that they would make loans under Title 1 for the remodeling, repairing and modernization of homes, or other property."

Mr. Kyle also stated that the First Federal Savings & Loan Association of Lubbock would be interested in the making of loans for the construction of new homes in Littlefield, under Title 2 of the Federal Housing Act.

In explanation of the Act Mr. Kyle said: "Under Title 1 any property owner with an income sufficient to make the monthly payments is entitled to a loan for modernization and repairs, to be repaid monthly, or if their income is derived from agriculture or other seasonal periods, arrangements can be made for annual payments, not exceeding five years maximum time allowed."

"Under Title 2 for construction of new homes, when plans and specifications of the proposed property, and the income of the applicant, meets with the approval of the Federal Housing Administration, then the loan may run for a period not exceeding 20 years.

"The Federal Housing Administration requires that the applicant have not less than 20 per cent equity in the property, and the balance of 80 per cent will be insured by the Federal Housing Administration."

"If you contemplate making repairs to your property you should take the matter up with your local bank, and if you want to build a new house or a home, get in touch with the First Federal Savings & Loan, Lubbock."

"Homes, farms and all other types of buildings can be repaired and improved through loans up to \$2,000, payable in monthly installments over periods up to five years. Improvements and modern equipment can be installed. Approved lending institutions everywhere are making these loans to responsible borrowers on a character basis, without collateral."

"A \$2,000 home to be paid out within a period of 10 years would call for payments of \$22.84 per month, plus the taxes and insurance to be paid on a monthly basis. Such a home should rent for \$25.00 per month at least."

"The cost of a \$3000 loan for a new home in Littlefield for 12 years on a monthly basis would be \$30.18 per month and in addition to that the borrower would be required to pay 1-12th of his taxes and 1-12th (Continued on page 5)

TRADE PROGRAM DRAWS LARGE CROWDS HERE

Merchants Arranging Many Outstanding Specials For Saturday

The big celebration continues each Saturday in Littlefield.

A larger crowd than ever was in Littlefield Saturday, when numbers from towns and communities many miles distant were in attendance.

The merchants are all cooperating in a splendid manner in contributing to the trade expansion program, and are each planning specials for the coming Saturday.

Seventy-five dollars were given away Saturday on Phelps Avenue in the block between the Royal Cafe and Higginbotham-Bartlett, to the following:

Mrs. Estelle Emberson of Littlefield, \$10.00; Mrs. P. O. Teague, of Littlefield, \$5.00; Hilliard Darter, Littlefield, \$40.00; and Miss Thelma Webb of Rt. 2, Littlefield, \$10.00, and W. E. Byrd, Amherst, \$10.00.

Those qualifying for the money but were not present were: Mrs. Gordon Roberts, Littlefield; Mrs. W. C. Zachary, Littlefield; V. M. Tipton, Rt. 2, Littlefield; Cadell Ginnings, Rt. 2, Littlefield; Mrs. Roy Rhoten, Rt. 2, Littlefield; M. Townsend, Rt. 2, Littlefield; Mrs. C. W. Pearson, Rt. 1, Littlefield; James Swindle, Rt. 1, Littlefield; F. W. Flynn, Littlefield; Floyd McCain, Rt. 1, Littlefield; Miss Louise Potter, Littlefield; Page Murray, Rt. 2, Littlefield; Mrs. J. T. Baldwin, Rt. 1, Amherst and Joe Ritman, Rt. 1, Littlefield; J. C. Shipley, Rt. 2, Littlefield; Mrs. E. S. Collier, Rt. 2, Littlefield; Ross Fisher, Rt. 1, Amherst; H. G. Thompson, Bula; and Alvin Whitaker, Rt. 1, Sudan.

Money will be given away again this Saturday.

SCHOOL AT CCC CAMP BEING HELD

Under the Federal Emergency Relief Administration instruction is being given the enrollees at the CCC camp in English, Mathematics, Bookkeeping, Spanish, Public Speaking, Dramatics, Manners, Etiquette, Science, Spelling, etc.

The school opened last week with I. D. Coley of Littlefield and Miss Margaret Evans of Memphis as teachers.

Already an enrollment of 123, in ten classes, are reported. The classes are from 6 to 9, three nights a week.

LITTLEFIELD PROPERTY OWNERS ARE CANVASSED ON SIDEWALK PROJECT

The plan of securing the building of sidewalks in Littlefield has been under consideration by the City Commission for sometime, according to W. G. Street, City Secretary.

In the application for PWA funds filed by the City in August last was the amount of \$27,701.50 for the paving of West First Street and East Sixth Street, and the laying of sidewalks.

Recently Mr. Street states the sidewalks project application was returned, the department requesting information as to exactly where sidewalks would be located before the application would be approved. As soon as this was received last week W. O. Stockton and J. M. Hollowell were employed to make a complete canvass of the city by calling on the owners of residences and vacant lots, in an endeavor to secure contracts for the paving. Under the PWA plan \$15.00 will be charged for the laying of 50 feet of sidewalk. This, according to Mr. Street, would ordinarily cost \$26.00. Mr. Street stated that if sufficient property owners would sign up for the

paving that the project would go through.

Mr. Street pointed out the many advantages the sidewalk project would afford the city, in that it would give the walking public sidewalks, work to the unemployed as the project as originally drafted would put 160 men to work for four months; and also eventually secure for the city free postal delivery.

According to an announcement made Tuesday by City Secretary Street, a week's extension of time in which owners of Littlefield property may sign up for sidewalks, has been granted, allowing until Saturday night, October 26.

A total of 3500 feet of paving had been signed for up until Tuesday evening.

On behalf of the City, Mr. Street asks the cooperation of all property owners in putting over the project, which he feels will not only be a great convenience to the walking public, but enhance property values, and create considerable employment which will be given local labor.

MEDICAL TOPICS

INFECTION

A large percentage of the deaths occurring each year are due to infections originating above the neck. Namely, from the teeth, tonsils and sinuses. This is brought about by the infection being carried from a diseased mouth or nose through the blood to the heart, kidneys, lungs, gall bladder and other important organs and there setting up diseases that not only cause bad health frequently for years but finally death.

One of the most important services the doctors have rendered the public during the past fifteen years is to advise them to "Get rid of those diseased teeth, tonsils and sinuses before they get rid of you."

Watch Your Kidneys!

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when retained. Then you may suffer nagging backache, dizziness, scanty or too frequent urination, getting up at night, swollen limbs, feel nervous, miserable—all upset.

Don't delay! Use Doan's Pills. Doan's are especially for poorly functioning kidneys. They are recommended by grateful users the country over. Get them from any druggist.

Miss Ruby Cowan, Chas. Featherston Wed At Olton

Miss Ruby Cowan, daughter of Mr. and Mrs. J. W. Cowan of Olton, became the bride of Charles Featherston, of Stillwater, Okla. Saturday afternoon, October 19, at 2 o'clock.

Rev. McDaniel, Pastor of the Baptist Church officiated at the ring ceremony at the parsonage in the presence of the bride's parents, Mr. and Mrs. J. W. Cowan, brother, Carl.

The groom is the son of Mrs. Featherston of Petersburg, Texas, and was a member of Fieldton Faculty last year.

Chas. Featherston is a young lady of pleasing personality, and has a circle of friends who wish her much success.

The bride was becomingly attired in a blue, with corresponding accessories.

She was a junior of the Fieldton High School.

The couple will make their home at Stillwater, Okla.

M. M. Brittain Hostess at Hallowe'en Dinner

Complimenting members of the Club, Mrs. M. M. Brittain was the gracious hostess Friday evening at a Hallowe'en Dinner.

Following the dinner three tables of bridge were enjoyed.

The motif and colors suggestive of the Hallowe'en season were featured throughout the party.

Mr. and Mrs. Roy Young scored in the games.

The guest list included; Mr. and Mrs. L. C. Hewitt, Mr. and Mrs. D. Garlington, Mr. and Mrs. Dennis Jones and Mr. and Mrs. Roy Young.

Miss Nell Ross And Chas. McCurry Wed At Earth Oct. 13th

The marriage of Miss Nell Ross, daughter of Mr. and Mrs. H. S. Ross, of Sunnydale Community, and Charles McCurry, son of Mr. and Mrs. Claud McCurry of six miles northeast of Littlefield, was solemnized Sunday morning, at Earth, Texas.

The ceremony was performed by Rev. Vernie Pipes, Pastor of the Baptist Church, Earth, at the Parsonage, at 10 a. m. in the presence of immediate relatives of the bride and groom.

Mrs. McCurry is a graduate of the Littlefield High School, and was one of the most popular among the younger set of the city.

The couple will make their home northeast of Littlefield, where Mr. McCurry is engaged in farming.

Spade Bride Honored At Shower Thursday

Mrs. Bob Williams, who before her recent marriage was Miss Doyle Bennett, was entertained Thursday afternoon, October 17, in the home of Mrs. T. W. Tucker of the Spade Community with a miscellaneous shower.

As the guests arrived they were given a block which each was to embroider for a "friendship quilt", the quilt to be presented to the honoree. Following this a number of contests were held and proved the source of much fun. Prizes were awarded each of the winners who in turn presented them to the honoree. Then a clever fortune-telling game was played to furnish a novel method of presenting Mrs. Williams with the gifts.

After the gifts were admired, refreshments, consisting of a salad course with wafers and orange ade, were served.

Those attending were Mesdames H. N. Bennett, C. L. Grimes, W. T. Day, Jack D. Wester, Lorine Bennett, J. W. Greer, E. E. Turner, N. W. Williams, J. R. Kuykendall, R. C. Roberts, W. E. Bentley, R. L. THE NEW FORD V-8 FOR 1936

Why do we say The New Ford V-8 for 1936?

Of course, the newest engine in the low-price car field is still the V-8 engine. Since Ford made it available to all car users (keeping it as economical as cars with fewer cylinders) the Ford V-8 has been the newest engine on the market, and remains the newest for 1936.

You may buy a car on minor "talking points"—some specially advertised feature "with the car thrown in"—but, after all, it is the engine you buy when you buy a car. Hence we put the engine first.

Other new points about the car make a long list.

Its lines are much more beautiful. The hood is longer and sweeps forward over the distinctive new radiator grille, giving the car a length and grace that are instantly impressive. The fenders are larger, with a wide flare. Horns are concealed behind circular grilles beneath the headlamps. New steel wheels.

Ford upholstery—always of sterling quality and excellent taste—is rich and enduring. The appointments of the car have a new touch of refinement. There

is no question about the increased beauty of the Ford V-8 for 1936.

In more practical matters, many improvements have been made—Steering is made easier by a new steering gear ratio. The cooling system circulates 5 1/2 gallons of water through a new, larger radiator. Natural thermosiphon action is assisted by two centrifugal water pumps. New style hood louvres permit a rapid air-flow around the engine.

Easier, quieter shifting of Ford gears—The gear shift lever now travels a shorter distance.

The two qualities you want in brakes—Brakes that stop the car with ease and certainty. Ford Super-Safety Brakes of the long-tested, fool-proof, mechanical design.

Safety—as always—in the electrically welded genuine steel body. Safety Glass all around at no extra cost. Hundreds have written grateful letters because this glass has protected the safety of their families.

A car you can drive without strain all day, if you like, in city or country. Steady, holds the road, responds to the

driver's touch like a well-trained horse. You don't have to "push" or "fight" the Ford V-8—driver and car easily get on terms of good understanding with each other.

An engine has much to do with the roominess of a car. Very much indeed. A long engine uses up car space. The compact V-8 engine permits much of the ordinary engine space to be used by passengers.

It really is a great car in every way, this 1936 Ford V-8—the finest, safest, most dependable Ford car ever built. Now on display by Ford dealers.

LOCAL HOME DEMONSTRATION CLUB MEETS

The Littlefield Home Demonstration club met October 17 in the home of Mrs. Mike Brewer. Roll call was answered with a Christmas gift suggestion and officers were to have been elected. As the weather was bad and the attendance small, it was decided to have a called meeting Thursday, October 31 at the home of Mrs. J. L. Dow for the electing of officers for 1936. All interested in having a H. D. club another year please be present if you are interested in Home Demonstration work.

Each member please bring your year's report on canning and sewing, also non club members help so the secretary can make her report.

Refreshments of hot tea and doughnuts were served by the hostess to the following: Mesdames L. L. Massengill, R. L. Byers, Tom Matthews, Bessie Bush, Carl Lambert, W. H. Spires, J. L. Dow and two visitors, Mesdames Jackson and T. R. Snap.

Pinkerton Family Moving Back To Littlefield

Friends of the Pinkerton family in Littlefield have sent in the following notice to the Leader: "Mr. Pinkerton and family are moving back here from Quemada, N. M. to take over the blacksmith shop which they have formally op-

erated. Oh, yes, we even see Billy on the streets again, who says Littlefield is a pretty good place, yet. We are very glad to have them return and hope they like it better than before. We offer our best regards to their business."

Spade News

L. C. Crabtree, Jack Tucker and Royce Tucker of Hall county were in Spade last week on business and visited Mrs. H. C. Huckabel and T. W. Tucker.

The Spade girls went to Anton Friday night and played ball. The score was 19 to 16 in favor of Anton.

Mrs. Jack Fowler was called to her father's bed side, who isn't expected to live. He lives in Eastern Oklahoma.

The farmers in this part of the county are getting there cotton out fast.

Mrs. J. R. Kuykendall and Mrs. H. C. Miller visited Mrs. K. W. Wells in Littlefield this week.

The Spade Post Office is ready for service.

Mrs. Clifford Bell and Mrs. Earnest Dennis who went to California about three weeks ago, report that they like it fine and their husbands still have work.

J. R. Nabers reported his sister, Mrs. Ross Studam, who has been very sick for seven week as growing weaker all the time.

Rev. Raeburn To Preach here First Sunday In Month

Rev. Raeburn, retired Presbyterian Pastor of Slaton, occupied the pulpit at both the morning and evening services at the local Presbyterian Church Sunday. There were good

attendances at each service.

Arrangements have been made to have Rev. Raeburn preach at the Littlefield church on the first Sunday in each month.

Sunday school is held each Sunday at 10 o'clock in charge of Dr. Ira Woods.

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses.

Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm, or corporation which may appear in the columns of the Lamb County Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

BUSINESS IMPROVING

Business continues to improve.

The improvement in the production and distribution of merchandise during September has been extended thus far in October, with few exceptions, according to the latest weekly review of Dun & Bradstreet, Inc. The rate of improvement from week to week has been moderate.

The Dun & Bradstreet reads in part as follows:

"Even though the weather was too balmy in some districts to permit the ready absorption of fall apparel, a gain was reported by nearly every city. The rise in retail sales from the preceding weeks ranged up to 15 to 20 per cent, while the estimated average for the country as a whole, was higher by 8 to 15 per cent than for the corresponding 1934 week."

We are glad that we can augment the Dun & Bradstreet report with the statement that business is improving in the Littlefield section and throughout the South Plains. There are a number of reasons for this improvement in business, but two of them stand out prominently. They are: The movement of cotton and the increased confidence of everybody that better days are here . . . and here to stay.

Ginnings Up To October 1 Less Than Last Year

Cotton ginnings for the 1935 crop, in eight South Plains counties up to October 1, were but 16 per cent of ginnings for the 1934 crop for the corresponding date, U. S. Bureau of Census report shows. It was the first report this year by the bu-

reau which included any South Plains counties.

Ginnings to that date amounted to 2,724 bales, compared with 16,953 bales a year ago.

Counties not reporting enough cotton ginned to make the report included: Bailey, Briscoe, Castro, Cochran, Crosby, Floyd, Gaines, Garza, Hockley, Parmer, Swisher, Terry.

Lateness of the crop is the main factor in delay in gin operations. In Briscoe, Floyd and Crosby counties hail destroyed large areas in mid-June, necessitating replanting. At the same time replanting was caused in every county, due to either excessive rains or dry weather; in some counties both.

Lubbock leads this year with 801 bales ginned to October 1. Dickens is second, Lynn, third and Lamb fourth.

By counties, ginnings are:	1935	1934
County	1935	1934
Dawson	133	1,263
Dickens	582	1,446
Hale	193	1,504
Lamb	314	3,825
Lubbock	801	1,170
Lynn	266	2,377
Motley	217	266
Scurry	118	5,102
TOTAL	2,724	16,953

Highway No. 7, Just West of Phelps Ave.
L. R. SEWELL, Manager

We Sincerely Thank You

We have sold the School Cafeteria and our residence to Mr. and Mrs. Quinton Bellomy, who are taking charge immediately.

Mr. and Mrs. Bellomy are very well known to a large number of the residents of Littlefield and the Littlefield Independent School District, and we, with great numbers of other residents of this city and section, wish them much success.

We have operated the School Cafeteria for the past 10 years, and we do not wish to discontinue our connection with the business without expressing our deep appreciation of the splendid patronage we have enjoyed—the many warm friendships which have been extended us. Down through the years we will recall with pleasure our association with the people of Littlefield and section.

Mr. and Mrs. J. P. Spinks

SCHOOL CAFETERIA SUPPLIES AND EQUIPMENT, SPINKS HOME, PURCHASED BY MR. AND MRS. QUINTON BELLOMY

Contract has been entered into, and the deal is expected to be consummated by the end of this week, whereby Mr. and Mrs. Quinton Bellomy are purchasing from Mr. and Mrs. J. P. Spinks their brick residence property, and the equipment and supplies of the School Cafeteria. The deal includes the furnishings of the residence, and also in the transaction will be the transfer to Mr. and Mrs. J. P. Spinks of the brick business building, now occupied by Maddox Cleaners.

The deal was handled by the Griffin-Chesher Land Company.

Mr. and Mrs. Bellomy will take possession as soon as the abstract has been brought down to date, and other preliminaries in connection with the closing can be carried out, which it is expected will be early next week. The new owners plan to be moved into their newly acquired home, and be ready to serve the children in the Cafeteria before school starts.

Mr. and Mrs. Spinks came to Littlefield from Bonham, Texas, in 1925, since which time they have been operating the School Cafeteria, supplying the school children with supplies and lunches.

According to Mrs. Spinks, when they first came to Littlefield ten years ago, they only had six tables for the serving of food. Additional tables have been added twice since that time, until now they are able to seat 75.

Mr. and Mrs. Spinks will move to Lubbock, where Mr. Spinks is connected with the Lowmore Gin, and where they will live until after the first of the year.

The School Cafeteria has always been a credit to the Littlefield Schools both in the pleasing appearance of this establishment, and the supplies and service rendered the children, and in leaving Littlefield Mr. and Mrs. Spinks will leave behind them a host of friends in the school rooms as well as outside of these worthy institutions.

The Leader joins the many friends of Mr. and Mrs. Spinks in expressing regrets at the city los-

ing such valuable citizens, and also extends to the new owners of the School Cafeteria, Mr. and Mrs. Quinton Bellomy every good wish for their success in their new undertaking.

BULA NEWS

Sunday school at both churches Sunday with preaching at the Baptist church.

Our community was saddened Saturday night to hear of the terrible accident of Hulland Clawson, his wife and sister. All occupants of the car received major cuts and bruises. Their daughter, Ila Faye having her skull crushed, Mr. Clawson was returning from Littlefield and being blinded from an approaching car ran into a parked car.

Several from Bula attended church at James Sunday.

Mr. and Mrs. F. L. Simmons are driving a new Terraplane since last Monday.

Mrs. R. E. Painter is still confined to her bed but is some better.

Mr. and Mrs. Gordon Bain are driving a new Plymouth coach, purchased from Batson Motor Co.

Our little town is growing fast in the last week, two new buildings have been built. One by Mr. Nordyke and one by Herbert Nichols.

Several from Bula were in Littlefield for the Trades Day Program Saturday, but no one from here received the money.

Most every one in the community is busy picking or pulling cotton.

Mr. and Mrs. E. B. Hewitt visited in the John Blackman home a short while Sunday afternoon.

Mr. and Mrs. Brewer Gage were in Littlefield on business Saturday night.

BADGER ENTHUSIASTIC OVER PROSPECTS IN THIS TERRITORY

E. Badger, manager of Yellow Land Company, who divides between his interests in Littlefield and Austin, arrived in Littlefield Wednesday evening of last week.

Badger is an enthusiastic booster of this section, and has taken an active part in the agricultural development of this territory for a number of years. In an interview with the Leader, Mr. Badger said: "This country looks pretty

good—there are just spots where the crops are not good. Take it as a whole—it's good. If we don't get a freeze and shutdown with the better prices the farmers are getting, they are going to be in good shape. You just can't beat this country—I have been all over and haven't see anything as good. The people here—you just have to take your hats off to them—they have fought in the face of everything and are coming out on top."

Will Coughing?

Wonder how many medicines you used for your cough, chest cold, throat irritation, you can get relief with Creomulsion. Serious coughs may be brewing and you can't afford to take a chance with anything less than Creomulsion, which acts on the seat of the trouble, softens the membranes as the germ-laden mucus is loosened and expelled. If other remedies have failed, be discouraged, your druggist is used to guarantee Creomulsion and refund your money if you are not satisfied with results from the very first dose. Creomulsion right now. (Adv.)

Many Take Advantage Of Local Hospital

Cases treated and operations performed at the local hospital during the past few days are as follows:

Bruce Schrimsher underwent a minor operation Sunday, October 13, returning to his home here Saturday.

Mrs. R. E. McCormick of Enochs was admitted for treatment on Oct. 13, remaining in the hospital two days.

Miss A. R. Eddings of Littlefield suffered a snake bite on Monday of last week, and received treatment at the institution, returning to her home the next day.

Miss Verde Teague, member of Anton School Faculty, had her tonsils removed Wednesday of last week, and was able to return to her home the next day.

Little John Thornton, daughter of Mr. and Mrs. S. Thornton of Littlefield, underwent an operation for removal of her tonsils Thursday last, and is getting along nicely. She was able to return home Friday.

Miss Georgia Kirkpatrick of Littlefield had her tonsils removed Saturday at the Littlefield hospital, and was released Sunday.

George Miller of Littlefield was admitted Saturday for medical treatment, and will probably be in the hospital several days.

Robert Beck of Beck's Gin was also confined in the hospital for medical treatment a couple of days.

Federal Research Men Checking Co.

Three representatives of the Federal Research Department are busy checking over Lamb County, in order to get an estimated outline of the county in population and resources, for Federal relief purposes.

The population of Lamb County as recorded for 1930 were; 17,452, including 17,058 whites; 179 negroes and 215 Mexicans. Lamb County is 1022 square miles, and had a population per square mile in 1930 of 17.1. The various towns in the County in 1930 are recorded as having the following population; Littlefield 3216; Sudan 1014; Amherst 964; Earth 175; Olton 687; Field-ton 50; Spring Lake 40 and Bainer 40.

A rural census was taken last year, which showed 11,168 rural citizens, including 10,906 whites, 207 negroes and 55 Mexicans.

Housing Loan—

(Continued from front page)

of hazard insurance each month.

"A \$3000 home in Littlefield would rent for about \$35.00 per month. Therefore, it is as cheap to own a home under the Federal Housing Administration's program as it is to rent.

"These figures include a 5 per cent interest; 1-2 of 1 per cent service charge, and 1-2 of 1 per cent Federal Housing Administration insurance.

Mr. Kyle said from his observation of Littlefield that there should be as many as 20 new homes built here this winter, and some \$20,000 to \$25,000 worth of repair and modernization work. There is an acute shortage of all-type homes, and the citizenship of Littlefield should grasp the opportunity of being permitted to own their homes under the Federal Housing program.

The Federal Housing Administration is a part of the Federal Government's recovery program, and their services are free to anyone who wants to take advantage of the opportunity offered.

Below are the answers to questions commonly asked and their answers regarding modernization and repair loans:

1. WHO MAY APPLY?
Any property owner, individual, partnership, or corporation, with a regular income from salary, commissions, business, or other assured source. It is not necessary to be a depositor in the financial institution consulted.

2. TO WHOM DO I APPLY?
To any financial institution approved by the Federal Housing Administration; or to a contractor, building supply dealer, equipment manufacturer, or retailer.

3. HOW MUCH MAY I APPLY FOR?
Up to \$2,000, depending on your income, for improvements on any one property.

4. HOW LONG MAY NOTES RUN?

For any number of months up to five years. However, the term of the notes depends entirely on the discretion of the financial institution, which may at its option require loans to be repaid over such lesser periods as justified by the amount you can reasonably afford to pay each month.

5. WHAT SECURITY IS REQUIRED?

That you have an adequate regular income and a good credit record in your community. Other security may be accepted if deemed necessary by the financial institution to facilitate extension of credit; or if required by the law governing certain institutions.

6. WHAT ASSURANCE NEED I GIVE?

- (a) That you own the property.
- (b) That the annual gross income of the signers of the note, at present or in prospect, is five times the annual payments to be made on the note.
- (c) That your mortgage, if any, is in such standing that the financial institution is justified in approving the loan.
- (d) That you will use the proceeds solely for property improvement.

7. WHAT SIGNATURES ARE REQUIRED ON THE NOTE?

Signature of the property owner; and (except in special cases) if the owner is an individual and is married, also signature of wife or husband. No other cosigners or endorsers are required, unless necessary to facilitate a loan which could not be made otherwise.

8. WHAT IS THE COST OF THIS CREDIT?

The financial institution may not collect an interest and (or discount and) or fee of any kind, a total charge in excess of an amount equivalent to \$5 discount per \$100 original face amount of a one year

note, payable in monthly installments. Charge for longer periods than one year is on the same basis.
9. HOW DO I PAY THE NOTE?
By making regular, equal, monthly payments (seasonal payments for farmers) until the note is paid in full.

10. MAY THE OWNER OF ANY KIND OF PROPERTY APPLY?

Applications will be considered for credit to improve one-family, two-family, or other residences; apartment buildings, stores, office buildings, factories, warehouses, farm buildings.

11. WHERE DO I MAKE PAYMENTS?

The regular installment payments will be made in person at the place of business of the financial institution; or by mail; or as otherwise arranged. No payment shall be made to any governmental office or organization.

12. MAY I PAY THE NOTE IN FULL BEFORE MATURITY DATE?

Yes, at any time. A reasonable rebate will be allowed for prepayment, if charges have been collected in advance.

13. MAY I MAKE MORE THAN ONE PAYMENT AT A TIME?

Yes, as many as you wish.

14. WHAT IF I AM LATE IN MAKING MY PAYMENT?

The maker must not permit his payments to fall in arrears. Should a payment be more than 15 days late, the financial institution's expense, caused thereby, should be reimbursed in part at the rate of not more than five cents per dollar for each payment in arrears. Persistent delinquency will make it necessary for the financial institution to take proper steps to effect collection in full.

Mr. Kyle left Littlefield Tuesday afternoon, stating he would visit Amherst, Brownfield and Levelland the balance of this week in the interest of the Federal Housing Plan. He said he would return to Littlefield later if necessary.

**THE DOCTORS
ARE RIGHT**

Women should take only liquid laxatives

Many believe any laxative they might take only makes constipation worse. And that isn't true.

Do what doctors do to relieve this condition. They use a liquid

THREE STEPS TO RELIEVING CONSTIPATION

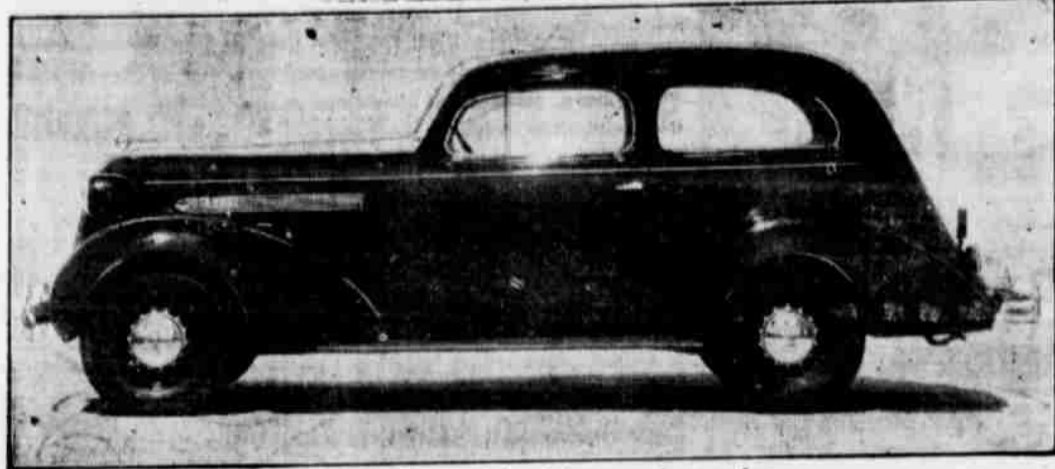

laxative, and keep reducing the dose until the bowels need no help at all.

Reduced dosage is the secret of aiding Nature in restoring regularity. You must use a little less laxative each time, and that's why your laxative should be in liquid form. A liquid dose can be regulated to the drop.

The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara—both natural laxatives that form no habit even with children. Syrup Pepsin is the nicest tasting, nicest acting laxative you ever tried.

1936 Pontiacs Are on Display at Show Rooms of Littlefield Motor Co.

1936 Pontiac straight eight, two-door sedan.

The 1936 Pontiacs are on display at the Littlefield Motor Co., Pontiac and Buick dealers.

There are three lines of new Pontiac models for 1936, the straight eight, six and de luxe six.

The "silver streak" radiator and hood grille that formed the central design motif of 1935 and earned for Pontiac the descriptive characterization of the "most beautiful thing on wheels," continues as the basic theme with certain pleasing changes that reflect even greater refinement of taste and more artistic beauty than was expressed in the original.

Improvements included in the 1936 line are greater in number than they were for the 1935 models and fully as important to the motorist. Many of them are not as apparent at a glance and probably none of them stand out as boldly as Fisher turret top bodies, hydraulic, triple sealed brakes or the sealed chassis of 1935. A close examination discloses that the Pontiac engineers have gone through the 1935 chassis and bodies, feature by feature, refining this one and perfecting that one, keeping in mind the comfort and convenience of the motorist, and the economy, performance and safety of the car.

The straight eight and de luxe six are available in six body styles each, while seven are mounted on the six chassis. Common to all lines are two-door and four-door touring sedans (with built-in trunk), all accommodating five passengers; the standard coupe for two passengers and the sport coupe for four passengers. The cabriolet built for four passengers is also available on the six chassis.

Probably the most striking change in external appearance is in the front end treatment, where the chromium grille has been crowned as it sweeps up over the radiator in an unbroken line, thus emphasizing speed and giving the impression of a longer, sleeker, faster and lower car, despite the unchanged wheelbases of 117 inches on the eight and 112 on the sixes.

New radiator ornaments are in the modern motif. Chrome trimmed brackets support the headlamps on the radiator shell. Further improvement in exterior appearance includes a more deeply crowned one-piece front fender sweeping down to the bumper level and all-rubber steel reinforced running boards. Rear fenders are more deeply crowned, with the rear half raked further back to a point below the wheel center. Rear lamps are mounted on the fenders. Rear bumpers are longer. Bumper ornaments are refined and smaller. All sheet metal is fully rust-proofed.

Many refinements in the power plants and chassis have been made to give improved performance, quicker acceleration, easier starting, higher speed, better economy and greater convenience in handling. Pontiac features that have proved highly satisfactory, such as metered flow lubrication, cross flow cooling, silver-cadmium bearings, electro-plated pistons, rifle drilled connecting rods, square bore and stroke, and ample

engine mass for dependability and durability, naturally are retained.

The cylinder bore of the eight has been stepped up to 3 1/4 inches, thus increasing the piston displacement from 223.4 cubic inches to 232, and the horse-power from 84 to 87 at 3800 R. P. M., with a consequent increase in acceleration, hill climbing ability and top speed.

LAST RITES HELD FOR TYPHOID VICTIM

Olton, October 23.—(Special)—Last rites were held here Monday afternoon, October 14 for Roy T. Gladson, 36, who died at 7 o'clock Sunday morning previous, in a Clovis hospital. The funeral service was conducted by James L. Standridge minister of the Plainview Church of Christ. Interment was in Olton cemetery, the local Masonic lodge officiating at the grave.

Gladson was superintendent of schools at Fort Eumner, N. M., and about six years ago was a member of the faculty of the Olton schools. He is survived by his widow and a two-year old son, Roy Keith Gladson, Mrs. Gladson before her marriage was Miss Evelyn Carruth, daughter of R. E. Carruth.

Others surviving are his parents who live at Snyder; a brother, Elmer Gladson, also of Snyder, and two sisters.

Pall bearers were H. P. Webb, F. M. Lawson, Stanley Doss and three members of the faculty of the Fort Sumner school.

Mr. Gladson had been ill with typhoid fever about three weeks but was seriously ill only four days before his death.

SHOEMAKER OPENS OFFICE AT OLTON

Olton, Oct. 23.—(Special)—S. A. Shoemaker, resident engineer of the state highway department, was in Olton last week and rented the office at the rear of the bank building to be used by himself and staff during the construction work on highway 28.

The contract for hardsurfacing six miles of the road was let Oct. 8 to J. E. Barnhill of Plainview, and work is expected to begin in the very near future.

The road will be built of caliche with an asphalt topping, practically all the labor to be done by hand. The caliche for the base will come from Mr. Dobbs' place near Circle and the Dye place on the draw north of Olton.

The permanent structure will be built from the Hale county line to a point about 2 1/2 miles east of Circle.

TECH ALLOWED \$25,000 FOR THEIR NEW MUSEUM

The Centennial commission of control today allocated \$759,000 of \$755,000 state and federal funds appropriated for commemoration of Texas history.

All allocations were for some type of permanent construction and none was allowed for pageantry.

The commission allocated \$50,000 for a memorial building in El Paso to the conquistadors, and \$25,000 each to Lubbock, Canyon, and Alpine for museums at Texas Technological college, West Texas State Teachers college and Sul Ross State Teachers college, respectively.

An allotment of \$25,000 was approved for a monument to pioneer Texas women on the campus of the College of Industrial Arts in Denton.

Brother Of J. D. Evins Killed In Automobile Crash

A message was received by J. D. Evins Friday to the effect that his brother, A. R. Evins, 32, was killed in an automobile accident near Los Angeles, Calif.

On account of the body being so badly crushed it was inadvisable to ship it home to Dawson, Texas, and burial took place in Los Angeles.

Mr. Evins was a salesman for Artesian Irrigation plants, and worked out of Los Angeles.

Besides his brothers, J. D. and R. C. of Littlefield, he is survived by his mother, Mrs. J. D. Evins, Sr. of Dawson, Texas; three other brothers, Griffin, of Mount Pleasant, Texas; T. A. of Houston and Cecil of Dawson and three sisters, Mrs. Jim McLeroy of Mount Pleasant; Mrs. J. D. Snodgrass of Eldorado, Ark.; and Miss Vonia of Dawson.

Refreshing Relief

When You Need a Laxative

Because of the refreshing relief it has brought them, thousands of men and women, who could afford much more expensive laxatives, use Black-Draught when needed. It is very economical, purely vegetable, highly effective. . . Mr. J. Lester Roberson, well known hardware dealer at Martinsville, Va., writes: "I certainly can recommend Black-Draught as a splendid medicine. I have taken it for constipation and the dull feelings that follow, and have found it very satisfactory."

POINTS TO FIGURE IN CORN-HOG OUTLOOK

More than nine major factors are to be weighed by Lamb County farmers before they mark ballots in the nation wide referendum, Saturday, October 26th, according to V. M. Peterman, president of the county corn-hog association.

First, it is possible for the hog population will not have been rebuilt to any great extent by the beginning of 1936. Second, although farmers have 15 per cent less livestock than they had during the five-year period 1928-1932, it is estimated that at the close of this year's harvest, they will have enough feed supplies for almost as many animals as the average during the five-year period.

is doubtful that the number of grain-consuming animals will be increased enough in 1936 to bring the grain supply per animal back to normal, the amount of feed per head would continue high during the 1936-1937 feeding season.

Fourth, with a large supply of corn and too few animals to utilize it, the trend of prices of corn during the coming year is expected to be downward. With uncontrolled production on next year, the farm price received for the 1936 crop may be expected to average much less than the price received for this year's harvest.

Fifth, it is possible for the hog population to increase rapidly during the next two or three years. Furthermore, farmers would be forced to resort to this means of utilizing their feed supplies if production were uncontrolled.

Sixth, in the past ruinously low farm prices have always resulted from unlimited increases in corn and hog production following periods in which livestock numbers and feed supplies have been cut to balance.

Seventh, it is likely that the gradual economic recovery which has been under way since 1935 will continue. Since the War American exports of pork and pork products have declined gradually by the equivalent of 8 million head of live hogs.

Eighth, a considerable increase in hog production above the present drought-reduced level is desirable from the standpoint of both the farmer and the consumer.

Ninth, an adjustment program can allow for a healthy increase in hog numbers and at the same time keep corn acreage at a more desirable level.

Mussolini Pushes War Financing

Premier Mussolini began Monday to secure the money with which to finance the Italian war.

He opened public subscription for his big war conversion loan in every bank in Italy.

Bankers estimated about nine billion lire in cash (about \$720,000,000) would come over the counters if all holders of three and one-half per cent bonds exchange them for the new five per cent issue.

Financial experts estimated the cost of the Ethiopian campaign at ten billion lire (\$800,000,000) and with the funds already available Fascist authorities believed the premiums for conversion would enable Il Duce easily to pay for the war.

The Bank of Italy still has well over four billion lire (\$320,000,000) in gold, and the government has foreign exchange estimated as high as three billion lire which Italians have been required to surrender.

Purchase of munitions and other essentials aboard must be paid for with gold or foreign exchange. Fascist officials expected the loan conversion to answer effectively the League of Nations threat of a financial curb through sanctions.

The cabinet he saw, among other preparations, several bottles labeled "Pyramidon." This he recognized as a medicine in tablet form for headaches. According to their tags, most of the bottles were purchased from local druggists.

Rankin has just turned away from the cabinet when the furious pealing of the doorbell sent him hastening into the hall. The butler preceded him to the door.

A man Rankin recognized as Mortimer Keith pushed breathlessly past, coat and hat in hand. Even in that moment, when on the verge of a breakdown, the man whose likeness the papers carried revealed his aristocratic breeding.

He looked so exhausted that Rankin motioned him to a chair.

"Sit down, Mr. Keith, and take it easy." The detective spoke sympathetically. "My name is Rankin—from Headquarters. I regret it's my task to investigate your wife's unfortunate death."

Mortimer Keith raised his head wearily. "It's utterly incredible," he declared hoarsely. "When I first read the news this morning, I could only pray some mistake had been made. And I hurried back home as quickly as possible."

"You've only returned from Washington, Mr. Keith?"

"By plane, Mr. Rankin," the other replied with a visible effort to control his emotions. "I bought a paper while I breakfasted at my hotel—and the instant I grasped the terrible thing, I hired a special plane."

"At what hotel did you put up for the night?" Rankin queried, pointedly.

"The Portman on G Street," Mr. Keith returned.

LAMB COUNTY FARMERS TO VOTE ON CORN-HOG REFERENDUM OCT. 26

Eight polling places where Lamb County farmers can cast their votes in the nation-wide corn-hog referendum on Saturday, October 26th, have been set up in the county, it is announced by Donald Turner, Assistant County Agent.

Only one question will be on the ballot: Are you in favor of a corn-hog adjustment program to follow the 1935 program which expires on November 30, 1935. All operators and owners, or their official representatives, of farms which produced corn or hogs in 1935 may vote whether they signed 1934 or 1935 corn-hog contracts or not.

The schedule of the polling places, which will be open from 8:00 a. m. to 7:00 p. m., together with the corn-hog committeemen who will be in charge, is as follows:

Amherst, County Agents Office, V. M. Peterman.

Earth, Parrish Hardware, A. C. Barton.

Fieldton, Buck and Son Grocery, H. C. Pickrell or H. P. Green.

Hart Camp, One of the Grocery Stores, C. E. Hukill.

Littlefield, The Littlefield Hatchery, Albert Neuenschwander.

Olton, County Court Room, D. A. Barnett.

Spade, One of the Grocery Stores, Deck Heard or W. C. Lackey.

Sudan, Office back of Bank, Perry H. Barnes or O. L. Shannon.

County results of the referendum will be wired to state headquarters at College Station by Monday noon, and the state results in turn, will be sent to Washington by Tuesday.

Officials of the Agricultural Adjustment Administration point out that unless a sufficient number of farmers vote favorably, there will be no program. The Administration must be assured that a sufficient number of farmers will participate to make a program operative and successful.

Facts upon which farmers can base their judgment have been presented in other news articles. With plentiful supplies of cheap

feed in prospect and with rapid rebuilding of swine numbers possible, farmers and consumers face the prospect that the next three years may bring the greatest increase in hog production that the country has ever seen in a similar period and consequent disastrous hog prices.

During the past 45 years there have been ten such violent ups and downs, or cycles, which have undermined the swine industry, brought violent upswings and downswings in pork prices, destroyed farm buying power and wiped out markets for industrial products.

If history repeats itself, which every indication points that it will. Do you want prices of hogs down to the bottom again? If not, go to the polls in your community on Saturday, October 26th, and express yourself by voting on the national issue. The program is designed to help the producer, do you want that help? The election results will tell.

D. A. Adam Suffers Loss Of Arm Caused From Auto Mishap

D. A. Adam, former county agent of Lamb County, who a few weeks ago accepted the same position at Graham in Young County, was seriously injured Friday night, when the automobile in which he was returning from Weatherford, was side-swiped by a truck, as reported here Monday.

Mr. Adam was taken to a Fort Worth Hospital, where it was found necessary to amputate his left arm.

His wife and several others were with Mr. Adam when the accident happened.

STUDENTS TO TAKE PART IN SELECTION OF HALL OF FAME

Students of Littlefield High School have been invited to have a part in the selection of a Hall of Fame for Texas State College for Women (C. I. A.) according to a communication received by principal F. A. Hemphill.

Students from eight hundred and fifty schools are asked to vote for their favorite Texas characters. No vote cast for a person now living will be counted. Names of famed Texas heroes and heroines as Moses Austin, Stephen F. Austin, Baron De Bastrop, Thomas H. Benton, James Bowie, David Crockett, James Hogg, Sam Houston, Mirabeau B. Lamer, William Travis and Ben P. Milam are on the list.

This is a Texas Centennial project sponsored by the T. S. C. W. and the original Hall of Fame which will be housed in that College library, will be enlarged from year to year.

STUDENTS HEAR NOTED WOMAN

Practically the entire student body listened to Mrs. Robert Mallory, noted Texas Scientist, speak on nature lore in Texas in a student assembly last Wednesday. Mrs. Mallory, who is an employee of the United States Biological Department, came to Littlefield through the courtesy of the Woman's Study Club.

Among the interesting things which the speaker told the audience were that every bird eats every two hours day and night. Do not feel complimented if some one tells you that you eat like a bird, because that would mean that you might eat twice your weight in food daily, the speaker said.

Because birds eat so much scientist declare that they destroy innumerable insects and without birds, to destroy insects, man could not possibly grow crops.

New Car Financing Plan Presented By General Motors

New York, Oct. 21.—A new kind of motor car financing plan which effects a lower cost to the purchaser and enables General Motors dealers to render the service in the simplest, most easily understood form, is being announced tomorrow by the General Motors Acceptance Corporation. The new plan will be known as the G M A C 6 Per Cent Plan.

"This new plan is not only the simplest and most effective of its kind," according to a statement issued by the General Motors Acceptance Corporation, "but its lower cost feature will bring all units of the 1936 General Motors line within reach of new thousands of potential car owners, and should have a stimulating effect on the entire motor industry. To the best of our knowledge, the G M A C 6 Per Cent represents by far the lowest cost national plan for the purchase of new cars in the United States today.

"In addition to this, the new car purchaser has for the first time in the history of automobile financing, a plan he can figure for himself. It completely eliminates those items known as 'carrying charges,' 'service charges,' etc.

"Actually the G M A C 6 Per Cent Plan is as simple as A, B, C. To figure out his monthly payments, a prospective new car buyer has only to take the unpaid balance due; add to this amount of his insurance and multiply the result by 6 per cent. The resultant figure is the entire cost of financing the unpaid balance and insurance for 12 months. For payment periods longer or shorter than 12 months the cost is one-half of one per cent per month. This flat percentage is not interest. It is simply a convenient multiplier by which the cost may be computed and anyone can use and understand. The Plan includes Fire, Theft, and Accidental Damage Insurance written by General Exchange Insurance Corporation.

"This Plan we believe will do more to put the financing of new cars on a sound business basis than anything yet conceived, since the prospective purchaser can figure exactly what his obligation will be and his consequent ability to pay. The Corporation further points out and recommends that by making the largest down-payment possible and keeping the length of the payment period as short as possible, naturally, the purchaser can effect additional economy.

"The G M A C 6 Per Cent Plan is of course being offered by dealers in Chevrolet cars and trucks, Pontiac, Oldsmobile, Buick, LaSalle and Cadillac cars."

DIVORCE COURT MURDER

By MILTON PROPPER

HARPER & BROTHERS

INSTALLMENT

Barbara Keith, wife of a Philadelphia business man, is expected to testify in the divorce case between her and Rowland. She is testified for the husband, who was defendant in the case. Detective Tommy Johnson was assigned to the case from the Philadelphia quarters. His preliminary report disclosed that both Mr. Rowland and Mrs. Keith had gathered evidence of the other of infidelity. Mrs. Keith had directed her lawyer, Mr. Willard, to handle the case. She remarried when the husband was to come into the case. Rowland finds motives of evidence of guilt for the murder of Mrs. Keith, leading to the conviction of virtually all of the principals involved. These principals are Rowland, Mr. Willard, Hugh Campbell, paramour of Rowland, and his underlings. NOW GO ON TO THE STORY.

and three-quarters comfortably. "Who do they belong to, Johnson?" asked Rankin.

"Harvey Willard, Tommy—Mrs. Rowland's brother, who, I understand, denies ever going into that room."

The furor Rankin expected the death of Barbara Keith to produce was fully realized in the early editions of Thursday's papers. They made capital of the crime in black screaming headlines; and half of every front page in the city devoted itself as much to the facts behind Mrs. Rowland's suit as to the murder. There were articles about the manufacturer's business success and social position; and it was recalled, with some relish, that before her marriage Mrs. Keith was Barbara Webb, an unknown manicurist in a beauty shop in Detroit.

Yet the dearth of really material information about the dead woman on her life was immediately and significantly apparent. The detective read the accounts at breakfast.

At his desk in the Central Detective Bureau, Captain Thomas greeted Rankin from behind his newspaper.

"Any news, captain?" the latter asked his superior. "Have you any word from Gordon or a message from Mr. Keith from Washington?"

"No, I haven't seen Gordon this morning," Thomas replied, "and Mr. Keith hasn't shown up or got in touch with us."

At that instant, Johnson entered with some papers and addressed Rankin eagerly. "I think I've made a discovery, Tommy," he declared. "I've just finished comparing the prints I took with those I found. There's one set that doesn't belong to anyone in the office yesterday and can't be explained in any reasonable way."

"A strange set." But what good is that, if we can't tell who it belongs to?"

"That's just it, I've been able to trace them."

The expert paused dramatically

and Rankin asked, "Who was it?"

"In our hands several times," Johnson announced triumphantly. "'Mitch' Riley, alias Tony Lynch, alias a half dozen other names."

It was Rankin's turn to become excited. "Mitch Riley?" Recognition rang in his startled tone. "Thug, second-story man and runner. Are you positive there's no mistake, Johnson?"

Johnson extended the paper he had brought. "Here, you can see for yourself the prints are identical."

From personal encounters, the detective was acquainted with Mitch Riley. Originally he came from New York, a hoodlum, ex-pug and

There's one set of prints that do not belong to anyone in that office," said Johnson.

jack of many crimes. His criminal career began fifteen years before.

His photographs disclosed a typical felon's features, with a bullet head, low forehead and closely cropped brown hair. He was about thirty-five, he had a flat nose and heavy lips. He was strongly built, broad-shouldered and, according to the record, six feet tall. Even Rankin's inexperienced eye could note the similarity of the finger patterns Johnson was comparing.

"It looks damn suspicious," Rankin commented grimly. "He must be brought in to explain, if we have to turn the whole city inside out to locate him."

Before they could depart, the detective Gordon arrived to present the results of his hunt for Hugh Campbell. Finally he had located him at the exclusive and ornate St. Andrew Hotel, on Broad Street. From the registry, it appeared Campbell had been stopping there for two weeks—ever since Friday, May 26th. The difficulty now was that he had not been seen since he went out yesterday; he had not returned to the hotel last night. At the same time, since his baggage remained in his rooms and he had not checked out, he apparently intended to return.

Instructing Gordon to continue his search, Rankin eventually set out for the Aldrich Apartments.

The Keith apartment was C12 on the twelfth floor. At the detective's knock, Sergeant Gilmore opened the door.

"There have been no developments here, Tommy," he greeted his colleague. "So far, no word from Mr. Keith; and except for the distress of the servants, it's been quiet. They last saw Mrs. Keith when she left here two o'clock yesterday afternoon—except for the chauffeur, who deposited her and Rowland at the Wolf Building."

"Yes, I know about that, Dan," Rankin returned. In the meantime,

there's another job I want you to take charge of. A man hunt. I want a little chat with Mitch Riley. You're as familiar with him as I—and with his friends and hangouts. Also get in touch with the New York authorities."

The sergeant asked curiously, "What has Mitch done to connect him with murder?"

"Just left his calling card on the table beside Mrs. Keith's body," Rankin informed him.

"All right, Tommy, it's a tall order you've given me," he said, "but I guess we can manage to round up Riley within a day or two, at the most."

He went out, to return to Headquarters, and Rankin stalked through the apartment. It was a spacious, twelve-room establishment, simply not opulently furnished.

The detective selected the boudoir as the most probable place for the dead woman's personal effects. In a dresser against the right wall Rankin found in profusion the usual evidences of woman's vanity—cosmetics, toilet articles, hair appliances—and a work-basket.

At first glance, the escritoire promised as little as the dresser. Mrs. Keith's only letters came from chatty acquaintances, she had absolutely no correspondence of a personal nature or from her family. He did, however, find checkbooks and canceled checks, returned from her bank. They revealed that she had made special payments, marked only "personal," in amounts of two or three thousand dollars each time. They started as far back as June, two years before and continued regularly every two months since.

The only other discovery Rankin made seemed trifling enough. In the dead woman's private medicine cabinet he saw, among other preparations, several bottles labeled "Pyramidon." This he recognized as a medicine in tablet form for headaches. According to their tags, most of the bottles were purchased from local druggists. But the faded and yellow label of one empty bottle bore the words, "State Hospital for Women," Allerton, Indiana.

Rankin has just turned away from the cabinet when the furious pealing of the doorbell sent him hastening into the hall. The butler preceded him to the door.

A man Rankin recognized as Mortimer Keith pushed breathlessly past, coat and hat in hand. Even in that moment, when on the verge of a breakdown, the man whose likeness the papers carried revealed his aristocratic breeding.

He looked so exhausted that Rankin motioned him to a chair.

"Sit down, Mr. Keith, and take it easy." The detective spoke sympathetically. "My name is Rankin—from Headquarters, I regret it's my task to investigate your wife's unfortunate death."

Mortimer Keith raised his head wearily. "It's utterly incredible," he declared hoarsely. "When I first read the news this morning, I could only pray some mistake had been made. And I hurried back home as quickly as possible."

"You've only returned from Washington, Mr. Keith?"

"By plane, Mr. Rankin," the other replied with a visible effort to control his emotions. "I bought a paper while I breakfasted at my hotel—and the instant I grasped the terrible—thing, I hired a special plane."

"At what hotel did you put up for the night?" Rankin queried, pointedly.

"The Portman on G Street," Mr. Keith returned.

"And when did you leave for Washington, Mr. Keith? By which train?"

Mr. Keith hesitated perceptibly. "I went at noon, Mr. Rankin," he answered presently. "First, at eleven-thirty, I visited my offices. My chauffeur drove me there and then he took me to West Philadelphia in time to catch the through train at twelve-thirty-five. I reached the capital at three-twenty."

"You caught the train in plenty of time?" Rankin pressed for details.

"With about ten minutes to spare," the other spoke with more

certainty and composure. "Where did you go in Washington? I presume this was a business trip?"

"Yes, I had a conference with Mr. Leonard Kramer, president of the New Ray Silk Company."

Rankin wrote the name of the company officer in his notebook and said:

"Thank you. And now, Mr. Keith, painful though the subject is, I must ask you to bear with a few questions about your wife—Your cooperation and the information you supply might go far to help us solve her death."

He could not tell why he sensed that Mr. Keith was relieved, as though he relaxed after being on guard.

The husband shook his head sadly. "Of course, I'm anxious to clear up this terrible thing. What do you want to know?"

"First, something about Mrs. Keith's background—who she was when you met her?" the detective said.

Prompted by his shrewd probing, Mr. Keith related in some detail how he met his future wife in Detroit, four summers ago. Vacationing nearby in Canada, he had stopped there on business, at the Hotel Michigan where Barbara Webb was employed as a manicurist in the beauty salon. What attracted him at first sight was her loveliness, unostentatious but pleasing, and her sensibility; she appeared to have genuine depth of character and intelligence.

He quietly married the girl, he continued, in Windsor, Canada, on August 26, 1929. Afterward, he admitted in a self-condemnatory mood, their material life had not been very harmonious or satisfactory. Mrs. Keith seldom spoke of, her past.

At the same time, he made conscientious efforts to bring her happiness. In the beginning, they had taken a fine residence on the main line; then, unreasonably though, in the fall of 1931 she expressed an urgent desire to move into the Aldrich Apartments in Chesnut Hill. He had consented. That winter he wanted to send her to Europe, though he could not accompany her; instead she insisted on spending the cold month alone at Palm Beach.

Whether the "Pain" Remedy You Use is SAFE?

Ask Your Doctor and Find Out

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

THE person to ask whether the preparation you or your family are taking for the relief of headaches is SAFE to use regularly is your family doctor. Ask him particularly about GENUINE BAYER ASPIRIN.

He will tell you that before the "pain" remedies were advised against by physicians as bad for the stomach and, often, for the heart. Which is food for thought if you seek quick, safe relief.

Scientists rate Bayer Aspirin among the fastest methods yet discovered for the relief of headaches and the pains of rheumatism, neuritis and neuralgia. And the experience of millions of users has proved it safe for the average person to use regularly. In your own interest remember this.

You can get Genuine Bayer Aspirin at any drug store—simply by asking for it by its full name, BAYER ASPIRIN. Make it a point to do this—and see that you get what you want.

**Sudan Gas Station
Owner Is Robbed**

Sheriff Loyd, Deputy Sheriff Hutson and Constable Ratliff were searching last night for a man who about 8:30 p. m. Wednesday staged a holdup at West's Service Station at Sudan. After being served with gasoline the man held up Mr. West and took a wallet containing \$10. When last seen he was crossing the railroad tracks in the direction of Earth.

A man alleged to have stolen a car owned by Murrel Brown of Amherst, was arrested recently by the sheriff's department. After being bound over to the February term of district court he was turned over to the Department of Justice, who took him to El Paso. He is alleged to have driven a stolen car across a state line, which is a Federal offense.

Deputy Sheriff Hutson Saturday night recovered a car which was stolen at Clovis that day.

**American Legion
Plans Year's Work**

With the advent of a new year opening for the local American Legion Post, and the past year closing on the date of October 20th, plans are being laid for the new year's work.

At the helm are found William (Bill) Elliott in the commander's chair, J. H. Ware as 1st Vice Commander. The Adjutancy will find Art Mueller replacing T. W. Potter, who was elected to Post finance office for the ensuing year. George Vaught was reelected to Post Chaplain as was Arbie Joplin to retain his duties as Service officer.

Regardless of whether you ex-service men have ever declared yourselves with some Legion Post or not you are earnestly urged to become affiliated with the local unit for the new year; to those who have held previous membership, you are urged to renew the same with the Legion if you live in this territory. It will be to your own personal interest to do so and too, be most helpful to the organization as a whole.

From time to time information will be given in newspaper form to acquaint all veterans and friends with the program of the local organization. Renew your membership now, Cost, \$3.50 per year's membership.

The local unit of the American Legion will hold their regular meeting Monday evening.

Pep Paragraphs

The wedding of Miss Jean Lupton and Mr. James J. Lynch was solemnized at 8:30 o'clock Monday morning in the Catholic church at Lubbock. Immediately after the ceremony the wedding party and several guests went to the home of the bride's parents at Shallowater where breakfast was served. Soon afterwards the young couple left for a honeymoon trip to San Antonio and points in Old Mexico. They will resume their duties of teaching in the school here, when school takes up again, having dismissed for six weeks for cotton picking. Those attending the wedding from here were Mr. and Mrs. Lewis Owen, Mrs. Angely, Mr. and Mrs. A. G. Jungman and family, Mr. and Mrs. Joe Albus, Mrs. John Stengel and daughters, Blanche and Clara Mae and son, John William, Misses Gladys Lorena and Adeline Jungman, Alice Frelich and Helen Burt.

Mr. and Mrs. J. V. Glumpler celebrated their forty-ninth wedding anniversary last Sunday. Relatives and friends came in bringing cakes and the day was brought to a close with a dance in the evening.

Mr. and Mrs. O. L. Yarberry of Oklahoma City were looking after land interests here last week.

Mr. and Mrs. Word Crim of Lubbock were Sunday guests of Mr. and Mrs. Ed Blakney.

Mr. and Mrs. Phillip Simnacker went to Portales last week in response to a message stating Lewis Simnacker was ill. They found him improved but he may have to undergo an operation soon. Mathis Simnacker came home with them for a visit.

Dale Blakney who attends school in Plainview, visited with home folks last week end.

The young folks were entertained with a dance in the Greener home Saturday evening.

Dewey Floyd, a cotton buyer from Corpus Christi was looking over the cotton situation here last Thursday.
