### First Conference Game of Season For Local Team

#### Cockran Capital Has Strongest Team In History of School

The Littlefield Wildcats will play their first conference game of the season at Morton Friday night, when they meet the Cockran County capital high school eleven.

This will be Morton's third game of the season and Littlefield's second game. Littlefield beat the Lubbock Westerners' "B" team Wednesday night of last week. Morton defeated Friona 27 to 6, and tied the strong Dimmitt team, 13-13.

Morton, with all their last season men back except two, boasts of having the strongest team in the history of the school.

All these facts total a good game for Friday night at Morton. The game will start at 8:15, and Littlefield fans are urged to turn out for the game in large numbers.

The Littlefield team will be backed by the pep squad and the band.

#### Starting Lineup

- The Littlefield starting lineup will be as follows:
- Bobby Ramsey, left end.
- Jiggs Walker, left tackle.
- Bobby Coen, left guard.
- Royce Jennings, center.
- Billy Wayne Sisson, right guard.
- R. L. Brewster, right tackle.
- Jack Davis, right end.
- Travis Price, quarterback.
- Jackie Shelby, blocking back.
- Eugene Carter, tailback.
- Sabin Hendrickson, fullback.

## Thousands Gather to Witness Rodeo Parade Here Saturday

### New Instructor For School Band

Don R. Hayes, 31, formerly of Fort Worth, professional musician, arrived in Littlefield last week, and took over his duties as instructor of the band and high school chorus Monday morning.

Mr. Hayes was in the service two years, and spent six months of this time overseas, in the Pacific area.

Previous to the war he was band instructor for high schools at Sherman and Perryton, Texas.

In an interview with Mr. Hayes Wednesday, he stated that he was going to try to build up the band to its standard maintained before the war, adding that it is hoped to get new instruments and also eventually new uniforms, etc.

Mr. Hayes said that if any parents are interested in getting their children in the band, if they will contact him, he might be able to secure instruments for them, though they are very scarce.

Declared to be the greatest crowd of people ever to gather in Littlefield for any occasion, witnessed the rodeo parade Saturday morning, which congregated two blocks west of the post office, and proceeded down Phelps Avenue to Highway 84, east on Highway 84, and south on Highway 51.

An interesting feature was the formation of airplanes, which operated over the city to start the parade, and which were piloted by Joe Walters, Clarence Grant, Bill Gage, Tex Crow, Jim McGuire, Bill Chesher and Paul Pharris. These local flyers are really to be commended for their act, which was carried out very gracefully.

The parade was led by a motorcycle squad, followed by the American Legion, W.O.W., fire department and F.F.b.

Among the business establishments taking part in the parade were Dunlap's, Ferguson Implement Co., Connell Lock & Key, Robinson's Furniture, Hall Motor Co., Nelson Hardware, Texaco Wholesale, Gulf Refining Company, Henry's Pontiac Service, Fulton Radiator Service, Highway Department, Lavender Motor Company, Walters Drug, Thompson Motor Co., Pope's Cafe, Lamb County Leader, Wayne Milk Company, G.&A. Plumbing, and Chisholm's Floral.

The entire route of the parade was lined by spectators, the greatest throngs being on Phelps Avenue and Highway 84.

Intense interest was shown in the contestants for the Queen of the Rodeo and their mounts.

There were 120 horses and riders in the parade. A number of local rangers and farmers took part; and there were many beautiful horses taking part.

### RODEO NOTES

The best time of the rodeo in bull-dogging was 6.7 seconds, and was made by O. L. Harris of O'Donnell, Texas.

The best time in calf-roping was 14.2 seconds, and was made by Bill Bomer of Clovis, N.M.

Special commendation is due the Littlefield Jaycees, under whose direction the rodeo was presented; the sheriff's department; the city police, and the Lions Club, for the orderly conduct of the rodeo and the street dance. The Lions Club took as their special duty the assisting in police work. The entire three days of the rodeo were carried out without any special incident that amounted to very much. ## IT WAS A GREAT RODEO Plans Are Underway for Next Epidemic of Thrills and Chills

By MORLEY B. DRAKE

Folks, you know it was a great rodeo! In fact, it was the greatest event of the kind, or otherwise, which has been held in this city.

Littlefield appears to be sprouting into a prominent and spectacular standing among the cities of the Plains and Panhandle.

And right now it's hats off to the Jaycees and their cousins, the Lions.

These two organizations are made up chiefly of the younger men of the city. And these two groups and all other organizations of the town are cooperating. This was much in evidence in the preparations for and the conducting of the rodeo.

### Sponsored by Jaycees

The rodeo, sponsored by the Junior Chamber of Commerce, of which Jack Pope is president, was an outstanding success in every way, and plans are already being talked for the next show.

One of the outstanding accomplishments of the first annual Jaycee rodeo was the fact that the show was highly commended by the contestants, and they'll be with us for the next event in increased numbers.

We personally talked with a number of the contestants and they liked the show and predicted that the Littlefield Jaycee Rodeo "will go places" and greet a lot of folks.

## ROTARY CLUB IS TO ENTERTAIN SCHOOL BOARD, FACULTY MEMBERS

Members of the Littlefield school board and their wives, Rotaryans, and members of the school faculty and their wives, will be guests of the Rotary Club at a banquet tonight (Thursday) in the basement of the Methodist Church.

D. D. Moore of Clayton, N.M., will be a guest of the club and principal speaker of the occasion.

Mr. Moore is past president of the Rotary Club of Clayton, N.M., past district governor of Rotary International, committee chairman and member, and for 1946-47 is alternate member of the aims and object committee of Rotary International.

The banquet will be served by the Methodist ladies.

Following the meal, Dr. C. E. Payne will deliver a welcome address, which will be followed by a response by Supt. Joe Hutchinson. A response, with reference to the Rotaryans will be made by Mrs. A. B. Hayes, which will be followed by two solos by Mrs. Jack Pope, and the address by Mr. Moore.

## Loses Right Arm in Road Construction Accident

Leather Cammack, 27, of Morton, sustained serious injury about 9:45 a.m. Saturday. Employed by the Ray Williams Construction Company in the building of a road from Enochs, connecting Highway 51 at the county line, to Bula, and operating a power unit, in adjusting a cable, which pulled into the wench and tore his arm.

assistance, bringing him to Littlefield to the Payne-Shotwell Hospital. He was admitted to the hospital about 11 o'clock a.m. Saturday.

Cammack's home is at Coleman, Texas, but he and his wife and two children have been making their home at Morton since about August 5, when they started the road construction.

Fellow workmen stated Saturday that luckily it was Mr. Cammack's right arm he lost, as he is "left-handed."

He is reported by hospital attendants to be doing as well as can be expected.

## MANY COMPETE FOR RODEO QUEEN

There were eleven entries for Queen of the Littlefield Rodeo. Pictured above are nine of the contestants. Miss Vergie Bacus of Sudan did not compete. Miss Eleanor Lee Logsdon, Plainview's entry, was not present when the picture was taken.

In the group are, left to right: Miss Zelta Coffman, Anton; Mrs. Doyle Tapley, Amherst; Miss Dorothy Carmack, Lubbock; Miss Dorothy Perry, Littlefield; Odessa Rucker, representative Olton; Miss Tommy Ann Bogard, the Bula entry, who placed third in contest; Jean Jenkins, Muleshoe; Lana Klebold, Clovis, who was selected as queen of the Littlefield Rodeo, and Joyce Barnett, who placed second in the contest for queen.

At the bottom is a closeup of the queen, mounted on her buckskin horse.

The Queen of the Littlefield Rodeo has been riding horseback since she was four years of age, is a very accomplished rider, has ridden in 10 rodeos, including some of the big shows, and has won numerous time events.

Joyce Barnett, who placed second for queen, is a resident of Lubbock, is a bootmaker, and represented Fort Sumner in the Littlefield contest. She has appeared in numerous rodeos

and has won many time events. Miss Bogard, who placed third in the Littlefield contest, is a daughter of Mr. and Mrs. Tom Bogard of Bula,

and was sponsored by H. C. Nickels store at Bula. She is a sophomore in Bula high school, and is a very accomplished rider.

### Littlefield Football Legislative Capital

Littlefield appears to be the football legislative capital for District 5A. Every Monday night the football officials for this district meet at the Littlefield High School and discuss football playing rules.

Jack Christian, Littlefield, is president of the district association.

### Wildcats to Play Olton October 4

The second conference game for the Littlefield Wildcats will be Friday night, October 4, when the Cats will meet the Olton Bulldogs at Seely Field, Littlefield.

### Church Women To Meet Monday Next

The Littlefield Council of Church Women will meet on Monday, September 30, at 3 p.m. in the Salvation Army chapel. At the business sessions reports of committees will be given, and other important items will be discussed. Following the business, Mrs. H. C. Davis of the Nazarene Church will lead the program, "A Christian World," which includes the two areas of life, "Church Life and Outreach" and "World Relations."

Plans will be made for the annual Tea for Relief in Asia that will be held October 10, the place to be announced later.

Another important event in the calendar of the council will be World Community Day, to be held on Friday, November 1, when Christian women around the world will meet to discuss One World, to pray for a just and durable peace, and to plan for intelligent and effective action.

All church women of the city are cordially invited to attend any and all of these meetings. The purpose of the Council of Church Women is to unite church women in their allegiance to our Lord and Saviour, Jesus Christ, through a program looking to their integration in the total life and work of the church, and to the building of a world Christian community.

## Silage Good Pasture Substitute

Silage, as a substitute for pasture, is cheap, high in nutrient content and an excellent dairy cow conditioner.

When fed to dairy cows as silage, crops like corn, hepari, feterita, and red top will yield as much food nutrient as they would have if fed at harvest time, according to G. G. Gibson, dairy husbandman with the Texas A. and M. College Extension Service. Silage is also cheap, if handled properly, because here is little or no waste involved in feeding.

Silage seems to have a cooling and lightly laxative effect on cows in dry lots and pastures or dry stalk field, Gibson says, and serves as a tonic in keeping their systems in good working order. As a result, the cow has a better appetite. She will eat more feed and, in the case of good cows, more feed means more milk.

Gibson also points out that the average dairy cow in Texas is fed only one-fifth as much silage as the average cow in other parts of the country. This fact might be a reason why the average production per cow is so low in this state. For each animal in a dairyman's herd, he should put up three tons of silage for a year-round feed supply.

## 'Cotton Tree' Experiments Start On South Plains

Cotton tree seeds soon will be ready for distribution to West Texas farmers interested in cotton production experimentation, says a report from Lubbock.

There is of course no chance of cotton fields disappearing from the South Plains any time soon, but if present experiment with the so-called cotton tree in that area prove successful, cotton forests may find a place in West Texas agriculture.

J. W. Gamel, Lubbock, has recently received a shipment of the seed from J. E. Wall, postmaster at Tampa, Florida. Among those starting experiments with it are Don Jones, superintendent of the State Agricultural Station at Lubbock.

The Florida postmaster says the trees grow to 12-foot height at four years of age and can have squares, blooms, various sizes of green bolls and open cotton on them at the same time.

"Brother Jonathan" is a designation often used as a friendly, humorous reference to the American people.

proval by the state approving committee, to conduct on-the-job training. With the seven facility survey officers allocated to this region, we are getting the job done just as fast as it is humanly possible.

For the month of August, our finance division had on its payroll 14,499 veterans receiving disability compensation in the total amount of \$640,160; while 8,443 veterans were receiving \$882,240 as subsistence for schooling or on-the-job training.

"We are diligently working at the job, and striving at all times to render the best services, fairly and equally to all," Sisson concluded.

## Kaiser Automobile On Display Here Last Weekend

The first Kaiser automobile to arrive in Littlefield was received here Wednesday of last week by the Batson-Payne Motor Company.

This automobile, a four-door sedan of a tan color, was on display in the Batson-Payne automobile show rooms in the former Littlefield Truck and Tractor building, on High 84, west of town, Thursday, Friday and Saturday, and was also shown at the rodeo grounds Sunday.

Mr. I. T. Batson, manager, reports that between four and five thousand people inspected the new automobile.

## ASSOCIATION OF JOHN H. NAIL WITH CHISHOLM'S STUDIO IS ANNOUNCED

Mrs. B. O. McDaniel and Mrs. C. A. Duffy of Amherst were shopping in Lubbock Wednesday of last week.

Mr. and Mrs. C. L. Kenyon and children of Amherst are moving to Vernon, Texas.

Mrs. Jeff Allison of Borger has been visiting her father, J. P. Turner, of Amherst.

### DAMAGED IN COLLISION

An automobile driven by Mrs. Erk Johnson was in collision with a trailer attached to a car driven by J. F. Roark Saturday morning, about 9:30 o'clock, on Highway 84, near Amherst. Occupants of the cars escaped injury, but considerable damage was done to the fenders of the Johnson automobile, as well as to the trailer.

The association of John H. Nail with the Chisholm Studio was announced this week by J. E. Chisholm, who has operated the photographic studio here for a number of years.

Nail came to Littlefield in March, shortly after his separation from the service, having served 44 months in the Army Air Forces. During his army time, Nail served 15 months as photographic officer, handling all kinds of picture-taking assignments.

Chisholm stated the photographic work would now be operated on "a picture any place, any time" basis. The two photographers invite the region's residents to drop in for a visit, any time.

## Reasons for Delay in GI Subsistence Checks Are Given

The great number of West Texas veterans who are taking advantage of the GI Bill and other benefits offered by the Veterans Administration, has overwhelmed the VA regional office at Lubbock, Robert W. Sisson, regional manager, says.

"With our present ceiling, we are doing our very best by working a 48-hour week and overtime nights, to render service to the veterans of our 81-county area.

Our regional office receives on an average of 5,000 pieces of correspondence daily. There are 58,000 veterans' case files on record here.

Approximately 15,000 new case folders have been added to our records in the last three months," Sisson explained.

"We are not offering excuses; we do not believe in excuses, but by way of explanation, we want the veterans who have recently enrolled in college and on-the-job training to know the reasons for the delay in their VA subsistence checks.

There are 3,019 reasons at present, to be exact. Of this, 1,908 applications for training are pending issuance of a certificate of eligibility and entitlement, and 2,111 are pending return of this signed certificate and further certification to the finance officer for payment.

I want to emphasize that these figures do not include the avalanche of requests for subsistence payments which we expect to receive as soon as the colleges and schools have processed the veterans' enrollment for the fall term.

Veterans who applied for schooling under the GI Bill just prior to the opening of the fall term will be delayed for weeks and possibly months in receiving their VA subsistence checks.

It's the old story that so many people can only do so much work. We hope that our situation will be understood and that the veteran will be patient with us until we can overcome this reservoir of work," Sisson said.

"Vocational and rehabilitation and allocation division has received more than 18,000 applications for training in the last three months; of these, 4,200 have been entered in training. It is expected that the total number of applications will reach 30,000 by December 1.

There are 916 buildings, etc., awaiting survey, and subsequent ap-

### PUBLIC COOPERATING SPLENDIDLY IN THE P.-T.A. SAFETY PROGRAM

According to Supt. Joe Hutchinson, the public is cooperating fine in the safety program around the school buildings. Mr. Bassam, principal of Central School, is assisting in the program by seeing that the proper signs are in view every day. Miss Margaret Teel, principal of primary school, is this week asking that the teachers assist her in instructing the smaller children regarding the safety zones; showing

them where they might cross in safety. The Littlefield P.-T.A. safety committee has plans of furthering the safety education to present to the P.-T.A. group in their first meeting of the year this week. J. L. Walraven, chief of police, is lending some very special assistance by policing the school zones at different intervals throughout the day.

### ENLARGEMENT OF PHARRIS GULF SERVICE STATION ON HIGHWAY 84 COMPLETED

Work has recently been completed on the enlargement of the Paul Pharris Gulf Service Station on Highway 84 west of town. The building, which is of white exterior, has been completely remodeled throughout, enlarged, almost doubling the floor space in the garage, and adding large washing and repair rooms. Paul Pharris, owner of the Pharris Gulf Service Station, has been in the station business at his present location seven years. Mr. Pharris states he is now in a

better position than ever to render more convenient and prompt service. He handles a full line of Gulf products, including Gulf Pride Oil, No-Nox Gas, and Good Gulf Gas, and carries Goodrich and Gulf tires and tubes, and Goodrich batteries. Mr. Pharris extends thanks to his many customers over the area for the fine patronage extended him during the seven years he has been in business in Littlefield, and solicits the continued friendship and cooperation of his old customers, as well as inviting new trade to his station.

### WILDCATS DOWN LUBBOCK WESTERN 'B' TEAM IN GOOD GAME AT SEELY FIELD

By CLYDE AKERS  
Leader Staff Member  
The Wildcats proved to be too tough for the Lubbock "B" team Tuesday night, downing them 37

because of rain. Perhaps there will be more raincoats and umbrellas in the future, so they can let it rain and watch the game.

With Hendrickson scoring three times, Carter twice, and Price once, the Wildcats gave the Littlefield sport a good idea of what to expect when they see their team play in future games.

It was hard to pick out any certain player as outstanding, as the whole team worked well together. Although the Lubbock team somehow managed to get past the Wildcats' line and score in the first quarter, they didn't have a habit of it the rest of the game. The Wildcats' backfield was outstanding throughout the game, playing well on defensive and very good offense.

The line play composed of Billy Sisson, Gene McCanlies and Dick Davis was good. The sport fans seemed to enjoy the game, even though most of them had to leave in the last quarter be-

The Veterans Administration has purchased professional equipment for the blind and otherwise aided in his rehabilitation.

### Keep Your Best Face Forward

"Girls who aspire to a radio career must be attractive as well as talented," advises Patricia Ryan, popular radio star. Pat, currently featured on CBS's "Let's Pretend" program, claims that with the advent of television and studio audiences, radio actresses today are judged on their appearance as much as their voice. To keep her skin fresh and lovely for the exacting lenses of the television camera, Pat gives her complexion a beauty treatment the night before with Yardley Night Cream. This extra rich lubricating cream smooths away summer roughness and dryness and preserves that dewy fresh texture which is so desirable for television closeups. "To help bleach away summer freckles and a fading tan, add a few drops of lemon juice to your night cream," says Pat, "it's a quick, easy way of restoring your complexion to wintertime fairness."

Well, two more students have soled under Jim McGuire at Duggan Field. The proud ladies are Mrs. Evelyn Field and Miss Treva Jennings.

Last week Mr. and Mrs. Herbert Martin flew to Fort Worth in their Cessna.

Everybody has to get into the act. So Saturday's parade would not have been complete without some formation flying by the boys at the airport. Seven airplanes flew over the city during the parade. They were piloted by Joe Walters, Clarence Grant, Bill Gage, Tex Crow, Jim McGuire, Bill Chesher, and Paul Pharris. They did a good job, too!  
 O. D. Bigham has started learning to fly the Europa.

Dr. Janes soled Joe Walters' red

Taylorcraft Monday morning while most of the town slept.

James Miller was at the airport Monday afternoon, taking all comers for a free ride in the new 85-horsepower Funk.

Don Ashel of Muleshoe dropped in for a little visit. He was flying in an L-2, an army job which was honorably discharged. He operates the field at Muleshoe.

W. H. (Bill) Lyle made a business trip over the weekend to Hot Springs, N.M. He owns a little Taylorcraft.

Walter S. Gifford, president of the American Telephone & Telegraph Co., started as a \$10-a-week clerk.

Legion Enrolling Many Members

The American Legion had 422 posts which enrolled 1,000 or more members each during the first half of 1946, according to a survey just completed by national headquarters in Indianapolis, Ind.

"Undoubtedly a great many other posts have since qualified for the 1,000-member class as the survey was based on the period ending June 30, 1946," said Assistant National Adjutant Henry H. Dudley, in charge of membership. "Our final report on 1946 big posts will not be available until Dec. 31."

CLINT PENN BUYS HARDY'S CAFE

A deal was consummated last week whereby Clint Penn purchased Hardy's cafe, taking possession Wednesday morning, Sept. 18.

Mr. Penn will specialize in steak dinners, and will also serve plate lunches, side orders, hot and cold drinks, and hamburgers.

Roy Stone has been employed as dinner cook by Mr. Penn.

Back in 1906 John Holmes, president of Swift & Co., was a messenger with that concern.

H. F. McMillan of Shallowater was in Littlefield Saturday looking around in an endeavor to rent a farm.

Mr. and Mrs. C. L. Cannon of Bula were visitors in Littlefield Saturday.

Mr. and Mrs. H. M. Coffman of Anton were among the Anton residents in Littlefield Saturday for the rodeo.

Mr. and Mrs. W. A. Jennings and children of Littlefield have just returned from a business trip to Colorado.

Pvt. Burlin G. Murdock of Muleshoe is in a hospital at Albuquerque, N. M., receiving treatment for acid burns. Private Murdock is a nephew of Mr. and Mrs. Bob Murdock of this city.

Mr. and Mrs. J. O. Reed of Muleshoe, J. A. Reed of Littlefield, and Miss Selma Reed of Clovis, N.M., have just returned from Knox City, where they have been visiting friends and relatives.

Mrs. Kenton King of Amherst, formerly of Littlefield, returned Saturday from a two weeks' visit to Los Angeles and points on the West Coast.

Mrs. Betty Livingston has moved a five-room home, breakfast room and bath, from her farm two miles west of town, to a lot at the corner of Seventh Street and Harrell, and is remodeling same, and steuccoing it. It promises to be a real nice property.

G. C. Hilbun and son and daughter-in-law, Mr. and Mrs. Norman Hilbun, of Floydada, Texas, and another son, Garnet Hilbun, of Lubbock, and also Mr. and Mrs. Gene Smith of Lubbock, visited in the home of Mr. and Mrs. Bob Smith Sunday. Mr. G. C. Hilbun is a brother of Mrs. Smith and the others are nephews and nieces.

Mr. and Mrs. George W. Stogner and daughter, Betty Lynn, and Wilford Blake of Denver, Colo., were guests over the weekend in the homes of Mr. and Mrs. W. J. (Bill) Chesher, and Mr. and Mrs. C. D. Lyne. Mr. Stogner is a brother of Mrs. Chesher and Mrs. Lyne.

Mr. and Mrs. C. A. Fraley of Riverside, Calif., arrived Sunday for a visit with Mr. Fraley's sister and brother-in-law, Mr. and Mrs. Lon Campoell. They planned to leave about today for San Angelo, where they will spend about four days with a daughter and son-in-law, Mr. and Mrs. G. W. Langford, after which they will visit Mr. Fraley's brother and sister-in-law, Mr. and Mrs. Walt Fraley, at Ropesville before returning home.

4-H Boys Attend Short Course

The first 4-H feeders' short course to be held at Texas Tech last Saturday, September 21. Twenty-five boys and five parents attended the event. The boys were divided into interest groups according to the kind of livestock they were interested in, and they received instructions on that kind of livestock.

Those attending were Perry Haire, Durwood Bailey, Gene Mixon, Donald Foltyn, Jackie Baker, Celton Farley, Douglas Adams, Buddy Wisemann, Billy Love, Burley Coy Favers, Gene and Dale Crawford, Gary Provence, Gwyn Heard, James Long, Don and J. P. Nafzger, Oliver Rose, Robert White, Bobby Sewell, Thurman Farris, Alvin Messamore.

The parents attending the meeting were: Mr. Harvey Messamore, Curley Daugherty, Alvin Mixon, Thurman Favers and Mr. Sewell.

The instruction was given by members of the faculty at Texas Tech and specialists from the Extension Service from College Station. The day was ended by giving each boy and parent who attended a certificate of attendance. W. N. Williamson, the district agent of Extension District No. 2, was present. The presentation of the certificates was made by E. C. Martin, assistant state agent, of College Station.

There was a total of three hundred boys and parents present from all over District 2. As this was the first event of its kind to be held, there

are a lot of improvements to be made but it was a big success for the beginning.

Lem Weaver, county agent, and Claude D. Emmons, assistant county agent, attended the meeting.

Four From Olton Are Injured in Car Wreck

Four Olton people were injured in a head-on collision Saturday night, Sept. 14, one mile east of Olton. Jack Bruton, who was alone in one of the cars, was taken to the hospital at Plainview suffering with compound

fracture of the right leg, several fractured ribs, and numerous laceration. He is reported to have suffered greatly from shock, and has spent a great deal of time under an oxygen tent.

Garland Sorley, Donald Womack and Jean Hammer were in the other car. Womack and Miss Hammer were released from the hospital the next day. Sorley was released the following Tuesday, but was returned to the hospital Wednesday for another check-up.

# Yip! Yip! Ride 'em Cowboy! It Was A Creat Rodeo!

The Littlefield Jaycees Rodeo, which closed Sunday, was voted by visitors and contestants a good rodeo in every way. Here's some of the rodeo as recorded by John Nail's camera.

Top Left—Here's Jack Foust of Spade, 21 years of age and son of Eldridge Foust, in his last ride of the rodeo. Tough luck, Jack; you lost a stirrup—knew you couldn't make this ride, pulled leather and was disqualified, but you were in the money all four performances and, despite your tough luck in the last ride, you were in second place in the finals. Not bad, Jack; not bad!

Top Right—Brahma bull-riding

is no cushioned rocking chair, but some of the boys like it. And it takes everything to make up a world!

Second Row (left)—Some folks roll and bounce in a great, deep stock saddle, and some others wouldn't step on a horse for all the money on earth. This contestant is competing in the bareback bronc riding, and he's really earning all the prize money he will get if he stays upon that horse.

Second Row (right)—A section of the grandstand.

Bottom—A parade scene. The parade was witnessed by the largest crowd ever to view such an event in Littlefield.

## P-T.A. MEET WEDNESDAY

The Central P-T.A. and Primary P-T.A. met in a joint session at the

high school auditorium Wednesday afternoon.

Plans were discussed and made for the year's work.

## MULESHOE'S ENTRY FOR QUEEN

—Picture by Pierce's Studio, Muleshoe.

Here is Mrs. Gene Jenkins, wife of "Pete" Jenkins, and a daughter of Mr. and Mrs. Walter Wittie, of Muleshoe, who was Muleshoe's entry for Queen of the Littlefield Rodeo. Mrs. Jenkins rode her own horse, and she was sponsored by the Lions Club of the Bailey county seat.

## CUB SCOUTS MEET AT SCOUT HUT

Den No. 1 of Cub Scouts met Wednesday, September 17, at the Scout Hut.

Mrs. E. E. Joiner, assistant den mother, taught the boys a lesson on weaving. After an hour and a half of weaving, Mrs. Ben Porcher served

the boys frosted cokes at Wash Drug. Those present, besides Mrs. Joiner were Mrs. F. E. Yohner, den mother; Billie Yohner, mascot; Don Potts, Jr., Gordon Joiner, F. E. Yohner, Walter Still, Bobby Cape, Jim Brewer, Ronnie Pace, Don Dale, Jeri Dobbs, Paul Norman Beyer and E. A. Wright were visitors.

A survey by one of the largest industrial companies in the world showed that handicapped workers when placed in the right jobs are less likely to be injured on the job than are workers. Place your job orders with the United States Employment Service. "It's Good Business to Hire Handicapped."

## Pat Boone Made Chm. Lamb Co. Good Roads Committee

Pat Boone, prominent Lamb County good roads advocate, has been chosen chairman of the Lamb County Good Roads Amendment Campaign Committee, it was announced this week from Austin by Charles E. Simons, executive vice-president of the Texas Good Roads Association.

Appearing on the ballot in the November 5th general election as Amendment Number Three, the Good Roads Constitutional Amendment guarantees the availability of motor vehicle registration fees and gasoline taxes exclusively for road purposes, with the exception of one-fourth of the gas tax, which will continue to be allocated to the Available Free School Fund.

more improved highways and farm-to-market roads was the primary factor in his selection to head the Lamb County campaign," Simons said.

Simons also pointed out that the Texas Safety Association, Texas Farm Bureau Federation, State Board of Education and thirty other state organizations have adopted resolutions strongly endorsing the amendment.

"With so many outstanding organizations backing the amendment," Simons continued, "we feel that every citizen in Lamb County should be fully informed of the provisions of the measure and the benefits they will derive from it. For this reason, we have selected Mr. Boone to head the Lamb County committee and direct a vigorous educational campaign to point out the merits of this amendment."

## More Than 300 4-H Club Members Attend Course

More than 300 4-H Club boys, adult leaders and county agents from the 20 counties of District 2 of Texas 4-H Clubs, were in attendance Saturday at the annual 4-H Club feeder short course sponsored by the division of agriculture at Texas Tech in cooperation with the extension service.

A total of 298 certificates of attendance were awarded at close of the intensive one-day course that was divided into five interest groups and took the boys into actual demonstration of various phases of work with livestock on the college farms.

Club boys and their sponsors were present from 19 of the 20 counties. Hockley County led in total attendance of boys, with 36 receiving certificates. Floyd County was a close second, with 34.

Other counties and number of boys from each who received certificates were:

Castro 29, Terry 16, Lamb 30, Swisher 21, Lubbock 14, Hale 17, Parmer 6, Bailey 7, Gaines 4, Briscoe 3, Cochran 4, Crosby 14, Dawson 12, Scurry 6, Garza 26, Yoakum 3, and Lynn 4.

Receiving instructors' certificates included:

W. L. Stangel, dean of division of agriculture at Texas Tech; W. N. Williamson, district agricultural agent; Dr. Fred G. Harbaugh, professor of animal husbandry and veterinarian at Texas Tech; Paul Gregg, assistant entomologist, A&M College; Jack Cross, Lubbock; A. L. Smith, animal husbandman at A&M; W. L. Braddy, assistant Lubbock County farm agent on poultry marketing; Sam Moore, poultry husbandman at A&M; Glenn T. Hackney, Lubbock dairyman; N. C. Fine, of Texas Tech animal husbandry faculty; John C. Baumgardner, swine husbandman and professor at Texas Tech; Fred Hale, swine husbandman, A&M experiment station; and W. A. Ruhmann, of the extension service.

The morning session was spent in

general assembly discussion of various phases of livestock and poultry production and control of diseases and parasites, and following assignment of boys to interest groups, and lunch, the afternoon was spent in intensive study and demonstrations on animals and poultry in five divisions of the course.

Divisions were beef cattle, poultry, dairy cattle, swine, and sheep.

Program was arranged under supervision of Jason O. Gordon, Lubbock County farm agent, and W. B. Griffin, his assistant in charge of boys' club activities. Certificates were awarded by E. C. Martin, of College Station, assistant state agent of the extension service.

### Effort Being Made To Accommodate Fair Visitors

Rooms will be available in Dallas during the State Fair of Texas, October 5-20. Despite a severe housing shortage, jam-packed hotels, and tre-

mendous influx of visitors, a housing bureau composed of representatives of the Chamber of Commerce, Dallas Hotel Association, and the State Fair of Texas have secured many rooms in private homes for rental and are pressing all feasible means to secure more, according to Z. E. Black, Chamber of Commerce convention manager.

A registration booth for visitors requiring rooms will be set up in a lobby of the Adolphus Hotel and will operate until midnight every night during the State Fair. Mrs. Pauline Foster and Mrs. Mary Belle Arnold will be in charge of the booth for the Chamber of Commerce. Every effort will be made to secure accommodations for all visitors to the State Fair, Mr. Black said.

According to the Texas Safety Association, 219 persons have been killed by drinking drivers for the first six months of this year; 50 per cent of the drivers had no driver's license. If you drink, it's your own business. But if you drink and then drive an automobile, then it's everybody's business, says the association. You may not care about your own life, but a lot of people care about theirs.

**Information On Veterans' Insurance**

Q. How may I arrange to have my National Service Life Insurance premiums deducted from the disability compensation checks I receive from Veterans Administration?

A. You can do this if you will go to any Veterans Administration office and fill out a form authorizing VA to make the deductions from your compensation payments.

Q. I have been turned down by a lending institution for a GI guaranteed loan to buy a business. Does this mean that I can't get a GI guaranteed loan to go into business?

A. No. If one lender turns you down, try another one. The fact that one lender is not interested does not indicate that your proposition is not sound.

Q. Before the GI Bill was amended, I used up my whole guarantee of \$2,000 to buy a farm. Now that the maximum guarantee has been increased to \$4,000, would I be entitled to an additional \$2,000 loan-guarantee if I wish to purchase more land?

A. Yes. If you used part or all of your loan guarantee before the Servicemen's Readjustment Act (GI Bill) was amended last winter, the amount of loan-guarantee credit used is deducted from the amount for which you are eligible under the amended

Q. Can I change the beneficiary or beneficiaries of my National Service Life Insurance without letting the beneficiaries know anything about it?

A. Yes. A veteran may change the beneficiary or beneficiaries of his National Service Life Insurance at any time without their knowledge or consent by notifying Veterans Administration. For further information, the veteran should consult the nearest VA office.

**Night Classes Are Offered at Tech**

More than 40 night classes have been scheduled this fall at Texas Technological College in an effort to meet the highest enrollment in the school's history, President W. M. Whyburn announced this week.

Although extension courses have been offered on the campus at night, scheduling of regular classes in the evening is unprecedented at Tech, he said, explaining that these sections are being filled with the overflow from the same courses scheduled in the day.

Night classes are being offered in a wide variety of subjects, including English, mathematics, history, government, economics, engineering drawing, mechanical engineering, civil engineering, architecture, physics, accounting, general business, agronomy, chemistry laboratories and applied arts.

**County Vocational Meeting Saturday**

County, State and Federal officials concerned with the operation of county vocational schools in which veterans are enrolled for training, held a joint meeting Saturday, Sept. 21, beginning at 8 a.m., in the Hilton Hotel ballroom at Lubbock. Purpose of the meeting was to bring about a complete understanding of the functions of the county vocational school boards, state board for vocational education, state approving committee, and the veterans administration in connection with operation of the county vocational schools.

The State Board of Vocational Education is responsible for the supervision of the county schools, while the Veterans Administration is responsible for supervision of the veterans in training in the schools. New policies and regulations recently established by the VA were discussed at the meeting.

S. H. Russell, coordinator of the Lamb County Vocational School, together with the county board of directors, were scheduled to attend the meeting.

B. C. Davis, director veterans' education, represented the Texas Board for Vocational Education.

N. B. Reed, assistant chief, education training services, and Q. S. Matthews, chief agriculture training, of the Dallas VA branch office; Eldon F. Fuller, and VA training officers assigned to the vocational schools within the Lubbock Veterans Administration region were in attendance.

Fuel tablets — used around the world during the war for heating "C" rations — may soon be everyday utility items for Texas hunters, fishermen and outdoor workers.

More than 21 million packages of fuel in tablets and in cans are now for sale, the War Assets Administration has announced. These compact fuel units can be used outdoors by placing them in a hole in the ground large enough to fit cooking utensils.

Samples of the different sizes of cans and tablets are on display in the WAA Fort Worth regional office in the T&P Building. Minimum purchases range from 25 cartons for small retailers to 100 cartons for large retailers.

### Poultry and Eggs Advance In Price

Poultry and eggs, cotton and some grains went up last week, livestock remained steady to firm, but some vegetables showed weaker prices, reported USDA's Production and Marketing Administration.

Rains hampered grain shipments last week and helped improve prices. Oats, barley and corn gained one to three cents a bushel. Wheat held steady. Sorghums lost around two cents a cwt. early in the week, but later regained these losses.

Cotton advanced two to three dollars a bale last week. Spot market activity increased. Sales in the 10 spot markets totaled 129,800 bales compared with 92,300 bales the week before and 103,600 bales for the corresponding week last year.

Hog receipts totaled 6375 head at southwest markets this past week compared with 5525 head the previous week. Hungry demand quickly cleared all classes and weights at ceiling prices. Stocker and feeder pigs were generally scarce and good kinds brought \$17 to \$18 a cwt.

Sheep and lamb receipts were heavy with ewes at most southwest markets last week. Prices were up 25 to 50 cents a cwt., with most medium to choice ewes bringing \$7.25 to \$8.25. Trading was active and prices steady to strong for light supplies of spring lambs. San Antonio quoted medium spring lambs \$14.50 a cwt. Medium and good spring lambs brought \$14 to \$16, Fort Worth, and \$16 to \$17.25, Denver. Oklahoma City moved good and choice springers at \$17 to \$17.50.

More cattle arrived at southwest markets last week than the week before, but supplies were still light and

made up largely of stockers and feeders. Most slaughter grades were scarce and brought steady to stronger prices. Stockers and feeders were firm to stronger at Texas markets but some weakness showed up at other terminals. Medium to good stocker calves brought \$13 to \$14.50, Houston; \$13.50 to \$15.50 San Antonio and Oklahoma City. Fort Worth sold common and medium stocker and feeder steers, yearlings and calves at \$11.50 to \$14. Denver quoted common and medium stocker cows \$8 to \$10.25. Medium and good light stock steers and yearlings realized \$14 to \$16, Wichita.

Continued shortage of red meats increased demand for scarce supplies of eggs and poultry last week. Eggs, hens and fryers were up one to three cents above the previous week's close. Straight run current receipt eggs brought up to 43 cents a dozen at some places. Heavy hens realized 23 to 25 cents a pound, Denver; 26 to 28, Dallas; 27 to 30, Fort Worth; and 40, New Orleans.

Light shipments of southwest apples and cantaloupes brought steady to stronger prices last week, but onions and potatoes were dull and slightly weaker. Louisiana and Texas sweet potatoes remained about steady but were down from the previous week's top. Cooler weather moved more sweet potatoes into storage.

Peanuts sold near ceiling levels. Milk and butter held firm.

Blue Point oysters originally came from Blue Point, a village on Long Island, near the eastern end of Great South Bay. Now, however, most small-sized round oysters are called Blue Point.

### Advertise West Texas Day At Dallas State Fair

A goodwill aerocade of 25 to 40 planes of the Dallas chapter of the Texas Private Fliers Association showered balloons containing passes to the State Fair of Texas on Lubbock Saturday afternoon. The aerocade, which toured the area advertising West Texas Day at the State Fair on October 5, landed at the Lubbock municipal airport at 4:30 Saturday afternoon.

Representatives of the city, the Chamber of Commerce and the Lubbock chapter of the NAA were on hand to greet the Dallas fliers, who attended the Texas Tech-West Texas football game Saturday night. Accompanying the fliers on the goodwill trip were officials of the Texas State Fair.

There are many different calendars in use in the world. Four types predominate. They are Gregorian (U.S., Europe, South America); the Chinese, the Jewish, and the Mohammedan calendars.

## 1,080,000 POUNDS OF BLACKEYED PEAS ARE NEEDED FROM WEST TEXAS EACH DAY BY GILBERT C. WILSON, Laboratories AT Pittsburg, Texas

We will need 1,800,000 pounds of blackeyed peas per day. Our plant will have a maximum daily production capacity in excess of 30,000 cases per day.

MR. R. W. BADGER, Box 1146, Phone 78, Littlefield, Texas, will handle buying for us in the Levelland and Littlefield territories, setting up receiving points at convenient loading places throughout the territory, to be designated later. He will take care of receiving and will pay for the peas at the time they are received.

We will pay market price for the peas, which should be in the vicinity of \$65.00 per ton. The demand for canned blackeyes appears to be far in excess of what canners can supply this year.

We will also buy dried blackeyed peas this year.

Plans for observance of the annual "National Employ the Physically Handicapped Week" (Oct. 6-12) in Littlefield and Lamb County are nearing completion, E. R. Williams, manager of the local United States Employment Service, announced today.

"The purpose of this week," Williams said, "is to promote employment opportunities for physically handicapped persons, in jobs which match their skills. Employers are urged to make personal inventories to determine availability of future jobs for workers that are disabled."

Williams stated that his office would contact as many area employers as possible between now and October 12, in a determined effort to find suitable job openings. He added that when a handicapped person is placed on a job, he becomes gainfully employed and thus useful to himself, his family, his employer and his community.

**WEEKLY SURPLUS WAA NEWS**

West Texas Veterans are becoming more surplus-conscious, according to Karl E. Wallace, chief, Veterans Division, War Assets Administration. "The Wort Worth office handled over 3,000 personal visits, and 2,444 telephone calls and mail inquiries in August," Wallace stated. Veteran businessmen in the Fort Worth-West Texas area were issued 7,205 certificates for use commercially, while 2,664 were issued for personal purchases. Two certifying teams from the Fort Worth office make regular trips to Wichita Falls, Abilene, Amarillo, Big Spring, San Angelo and Lubbock to certify veterans in those areas.

With the approach of cooler weather, blanket time is close at hand. A timely offering of over 15,000 blankets go on sale Sept. 25, and will last until supply is disposed of to commercial dealers. The blankets have previously been offered to veterans.

Enough pliers, \$,965, to be exact, are now available for purchase through WAA in Fort Worth to satisfy a considerable list of purchasers. Small retailers may buy in lots of 100, wholesalers in lots of 350, with prices at 80 cents, 76 cents and 60 cents, respectively. Sale opened Sept. 20 and will continue until all of the 6 1/2" pliers are disposed of. Orders may be mailed to WAA, T&P Bldg., Fort Worth.

Veterans can now buy Army scout cars, 510 of them, located at Red River Arsenal, Texarkana. These cars, which cost the government \$6130 each, are tagged at \$350. Sale lasts until Oct. 3, and orders will be accepted at the WAA office in Fort Worth. Conditions of sale specify that veteran purchasers shall use the cars for small business, professional or agricultural enterprise.

The people of many West Texas town have received added fire protection since the WAA sold 32 surplus fire trucks to city and county fire departments in Texas, Oklahoma, Louisiana and Arkansas. These fire trucks were mostly 141 and 1942 model International and Mack trucks that served their hitch in the service at army posts and air fields in Texas, were sold at prices ranging from \$1300 to \$1700, and originally cost the government approximately \$7,000 each. Archer City, Breckenridge, Olney, Ranger, Dalhart, Burnet, Sonora, Walnut Springs, Granbury, Glenrose, Abilene, Dimmit, McLean and Vega were among the recent purchasers.

**THANKS..... From the Jaycees**

THE LITTLEFIELD JUNIOR CHAMBER OF COMMERCE WISHES TO EXPRESS ITS SINCERE THANKS AND APPRECIATION TO:

The people of Lamb and surrounding counties for their support in assisting us in putting over our first "Jaycee" Rodeo in Littlefield.

We want to thank the business men of Littlefield and Lamb County for their cooperation in making this rodeo a success.

Outstanding credit goes to the Lions Club in getting up the programs, policing the grounds and parking. These boys really went to bat for us.

We also thank the Rotary and Senior Chamber of Commerce for their assistance.

A big hand goes to Roy Wade and his Boy Scout troop for their splendid performance during the show.

Hats off to Mayor Chesher, Clint Griffin, Lon Campbell, Gus Shaw, and the local police, for their 100 per cent cooperation.

Special mention goes to the American Legion, W.O.W., Fire Department, and all other entries in the parade. Putting on this parade took lots of hard work, and was a big success.

Thanks again to all of the girls in the Rodeo Queen run-off for "Miss Littlefield," and the Rodeo Queens from surrounding towns; we think you are all Queens for helping us. (Also, we wish to thank the judges of the local contest).

We would like to express our thanks to Mr. Walter Price and Mr. John Stinson of Lubbock, and Mr. Buddy Dennis of Levelland for their help as final judges in the Rodeo Queen contest.

Thanks again to Mr. Rob Robertson and members of the Levelland Rodeo Association, together with the Levelland High School Band for their splendid cooperation.

Thanks to the "Jaycee-ettes" for their help in the stands. This was really appreciated.

Last, but not least—the Littlefield Roping Club. Boys, you really did a jam-up good job!

In other words, all we can say is: THANKS TO EVERYONE!

Sincerely,

**Littlefield Jaycees**

SPONSOR FOR 1946 FOREST FESTIVAL

'Rebuilding soils and forests is repairing war waste,' is the theme of this year's Texas Forest Festival being held in Lufkin, October 7-12. Miss Jane Eagle, lovely 20-year-old daughter of Mr. and Mrs. R. M. ONSTEAD'S TO OPEN USED FURNITURE BUSINESS IN LITTLEFIELD HOTEL BLDG.

Onstead's Furniture is establishing a used furniture store in the Littlefield Hotel building, and will open for business Tuesday, October 1, with Norris Onstead in charge. In an interview with a Leader reporter Monday, Mr. Onstead stated that they had considerable used furniture stored in the rear of their building, and also stored elsewhere, which they will move to the new location. He stated that they would only carry good used furniture. Norris Onstead, son of Mr. and Mrs. I. D. Onstead, will be in charge of the new business.

Estimate Lamb Will Make Increase Over 1945 Production

Eighteen counties of the South Plains territory, of which nine will have virtually no production, will produce a total of "about" 166,000 bales of cotton this year, according to a "guesstimate" Saturday by K. N. Clapp, of Anderson, Clayton and Company. Explaining "guesstimate," Clapp said the word was coined to fit the occasion, since a definite estimate is almost impossible due to very unusual conditions brought about by weather and crop pests. He hastened to add that the figures are more of a guess than an estimate. The 166,000 total is almost twice actual production of 84,319 bales in the same area last year, and less than one-third of the normal 500,000 bales produced in the area over a period of years. Weather hazards, Clapp explained, have been heavy and unusual for the last two years, rains have come at inopportune times, too late to be of much benefit to cotton, and pest damage this year is highly problematical. The estimate for this year is an increase of about one-third over Clapp's last-of-August estimate of last year, when he placed the probable total at 125,000 just before the drought was broken. Rains of recent weeks have increased size of dryland bolls, revived some cotton, and caused plants to put on new growth that "will race against time and frost" for maturity. Clapp adds, too, that "the present special

duck weather is not helping a bit toward maturity." Normal cotton acreage for the 18 counties is about 1,300,000, compared with an estimate total left in cotton this year after abandonment due to drought, of 430,000, of which the estimate places 147,000 under irrigation and 283,000 dry land. The estimate does not differentiate between irrigated and dry land production, but previous reports have put production on irrigated land at 85 to 90 per cent of the total. Nine of the 18 counties in this year's guess will produce less than 500 bales per county. In fact, total production for these nine counties is placed at 3,000, as compared with 7,945 last year, also a drought year. These counties are Briscoe, Castro, Cochran, Gaines, Garza, Parmer, Swisher, Terry and Yoakum. Nine other counties, most of them normally producing more cotton than the nine above, are guessed at 163,000 bales this year, as compared with 76,374 actual production last year. Lubbock county is assigned about one-fourth of this year's total possible production, with 42,000 bales, up about 2,000 bales over a week ago, due primarily to benefit from rains to all cotton, and a preponderance of irrigation. The report places guesses for this year, and production last year, on the nine counties as follows:

County	This year	Last year
Bailey	8,000	943
Crosby	17,000	12,507
Dawson	25,000	7,623
Floyd	16,000	4,503
Hale	16,000	5,745
Hockley	14,000	8,006
Lamb	16,000	7,407
Lubbock	42,000	22,284
Lynn	14,000	7,354
Totals	163,000	76,374
Nine others	3,000	7,545*
18-county total	166,000	84,319

\*Includes estimate of 2,000 bales from five of nine counties on which actual figures unavailable. These were Briscoe, Castro, Gaines, Parmer and Swisher.

FEATURED IN TOMMY DORSEY SHOW

The glamorous Gypsy Rose Lee, actress and authoress, is bringing her own company of girls to the State Fair of Texas auditorium, Oct. 5-20, and will be a feature of the Tommy Dorsey Show during the State Fair, announces Julius Schepps, chairman of the entertainment committee of the State Fair Association. Miss Lee, prima donna nuda of the American stage who finds time in her strips about the country to write first-rate detective novels with a burlesque background and to study the writings of Marcel Proust, has been starred both on the Broadway stage and in Hollywood movies. The engagement of Gypsy Rose Lee and Company for the star-studded auditorium show marks her first State Fair of Texas appearance.

4-H Club Boys Work With Poultry

Thurman Farris, 4-H Club member Springlake, culled the poultry for his father, Mr. Farris, and Mrs. Roebuck. He culled 25 layers from the flock and received \$21.50 from them. He culled sixty hens from the Roebuck farm and Mr. Roebuck received \$55.00 for the non-layers.

Thurman also remedied the family poultry house by making dropping pits and improving the ventilation. If each of 1871 farmers in Lamb County sold only the culled hens on

SET YOUR SIGHTS It takes planning to achieve a goal. Some young men know what they want and plan for it. Others are still looking for their niche. The new Regular Army can help both. Perhaps you want to go to college but can't afford it. If you enlist in the Army, you'll get your chance. Honorably discharged after a three-year enlistment, you are eligible for 48 months of education at any college, trade, or business school for which you can qualify. The Government will pay your tuition, laboratory fees, etc., up to \$500 per ordinary school year, plus \$65 a month living allowance—\$90 a month if you have dependents. If you haven't found your spot, an Army enlistment offers you training in any of 200 trades and skills. You leave the service eligible for further training at the best civilian schools. You can assure yourself of the benefits of the GI Bill of Rights if you enter the Army on or before October 5, 1946. See your nearest Army Recruiting Station for details.

HIGHLIGHTS OF REGULAR ARMY ENLISTMENT. 1. Enlistments for 1 1/2, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.) 2. Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may reenlist at any age, and former service men depending on length of service. 3. A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge. 4. A furlough for men who reenlist within 28 days. Full details of other furlough privileges can be obtained from Recruiting Officers. 5. Mustering-out pay (based upon length of service) to all men who are discharged to enlist or reenlist. 6. Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement. 7. Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

As the architect of fine structures conceives new plans for greater comforts in the needs of humanity, so are the nation's Men of Research working long and diligently so that humanity may be freed of its many problems in Seeing.

Knowledge discovered yesterday is applied today so that your child may be freed of crossed-eyes, near-sightedness, poor learning ability or other visual problems which retard his progress in life. Presence of these conditions often indicate nature's attempt to adjust vision to the needs of the child.

Proper visual care is not purchased like shoes and apparel. It is procured from professional men whose knowledge, skill and ability are the results of long and tedious hours of investigation into the real causes of visual problems.

### Mailing Dates Set For Oct. 15-Nov. 15

Announcement from Washington states that Christmas packages for soldiers overseas may be mailed without request slips between Oct. 15 and Nov. 15, a month later than in the war years. Maj. Gen. Edward F. Witsell, the Army's adjutant general, said in announcing the dates the numbers overseas are so much smaller it was decided it would be ample time for packages to arrive before Christmas.

Postal officials urged, however, packages for soldiers in more distant places, such as Korea, be mailed in October.

### FIRST ANNUAL SOUTHWEST AMATEUR CHAMPIONSHIP RODEO IS ANNOUNCED

The first annual Southwest Amateur Championship Rodeo will be held in Dallas, October 5 to 20, at the grandstand on the State Fair grounds, it has been announced, and dates run currently with those of the 61st annual State Fair of Texas.

Contestants and champions from famous cowboy reunions, such as those held at Stamford, Snyder, Matador, and other Texas towns, as well as the famous ones of Oklahoma, will compete for the Southwest championships. Entries of more than 200 "cowhands from Oklahoma" have been made, according to Pat Hamilton, proprietor of the famous "Hell's Half-acre Ranch at Fargo, Okla., who will produce and direct the championship contests. Mr. Hamilton said that he expected more than 500 contestants in the championship events. An

Indian Village will be included in the rodeo presentation, it was announced. The Indian Village will be open at all times during the day. Special presentations of Indian riding, lassoing, and other events will be included in the special features offered during the rodeo programs.

Many special events, most of which have never been seen in professional rodeos, are included on the program. Among these are wild-cow milking contests, wild mare milking, a free-for-all scramble for a grea-ed steer offering, and the regular bronc-riding, steer riding, bulldogging, calf-roping, and other events.

### 'Welcome Home' Day At Lubbock Fair

A spectacular free fireworks display has been added to the many attractions billed for "Welcome Home" day for veterans of World War II at the 29th Annual Panhandle South Plains Fair, Lubbock, fair officials have disclosed.

The big pyrotechnics show will be held Monday night, October 7, immediately following addresses by Governor-elect Beauford H. Jester and Col. Thomas G. Lamphier, deputy administrator of Veterans Administration branch office 10 in Dallas.

Veterans wearing discharge buttons or in uniform will be admitted to the fair grounds upon payment of 10 cents federal tax throughout opening day. The veterans will not be charged the regular 50 cents admission fee. Everyone will also be admitted to the grandstand free of charge for the talks by Jester and Lamphier.

### Fleet Home Town News Center Is Transferred

The Fleet Home Town News Center which has operated at 844 North Rush Street, Chicago, since April, 1945, was transferred to Great Lakes, Ill., recently.

An outstanding project of the Navy's Public Information program, the Fleet Home Town News Center was established toward the end of World War II to service home town media with news concerning individual Navy men and women. In its new quarters at Great Lakes, the Navy news syndicate will continue its work of distributing items of interest about Naval personnel to these newspapers and local radio stations.

Organized, and directed recently, by Lt. Cmdr. Charles W. Payne, USNR, the News Center is now headed by Lt. Cmdr. E. F. McDevitt USNR, a veteran newsman. In the past 16 months more than a million and a half home town news and picture releases have been sent out by the Center, an average of over 10,000 per month.

Another of the news center's activi-

ties is the distribution of news mats. Navy pictures of national interest are given nationwide circulation by the Center. Sent out in newsmat form to facilitate handling for the newspapers, the pictures have been well received by editors throughout the country.

Fleet Home Town News Center has been charged with the task of rebuilding the Navy's staff of enlisted naval correspondents. Already it has instructed several classes of Navy men in the fundamentals of news-writing and news photography. Training of these Navy reporters will continue at Great Lakes.
