Convention Will Begin Saturday Morning At School Auditorium

Plateau Singing Convention here Saturday, June 19, continue through Sunday.

Conventions will meet Saturday morning at 10 o'clock in the school auditorium for a short time, after which they will meet again at 2 o'clock afternoon of singing.

Regular business meeting will be held from 5 o'clock until 8 o'clock at the Way Hotel Saturday night. J. F. Taylor of Canby, Ore., will be in charge of the meeting. The convention will then convene again in the school auditorium for a session of singing, both popular and religious. This session will begin at 8 o'clock and last until 10:30 Saturday morning.

The singing will begin at 10 a. m. There will be no programs, but the Advisory Committee composed of Charles Smith, N. M.; Charles Pickard, N. M.; F. M. Hilliard, N. M.; Charles Rosson, Spearhead of the program as they plan the program as they through the day Sunday.

Members from all the adjoining counties along with groups from New Mexico, are expected to be here. Also Allen Sims, of a Stamps Baxter Quartermaster, has been invited.

Members in Lamb County and everyone is invited to bring a basket lunch for himself and his family. Lunch will be served at noon Sunday. The convention will terminate at 5 p. m. Sunday evening.

Gilt Winners Announced

The Club Committee have selected the following winners of the Roebuck gilts. They are: Enloe of Amherst, Bobby Olton, Billy Frank Royal, and Artie Davis of Amherst. According to S. L. Garrison, County Agent.

Winners were selected on the basis of an essay the boys wrote, "The Advantages of the Hen Plan of Farming," and the committee's belief that these demonstrate to other 4-H boys and older men better production practices.

At the time the boy writes the agreement blank that he will feed, care for and this gilt under the direction of the County Agent, and the County Agent the gilt from the first litter, will be the prize in next year's contest.

Winners will be expected to have a house for the gilt, supply feed for her most of the year and to breed to a registered sire.

Other winners were Kenneth of Amherst, Dalt Hamilton of Darrell Pool of Hart and Charles Hinds of Amherst.

Charles, left Sunday on a trip to Hobbs, N. M., re- turning Wednesday.

Meetings To Pumphrey Family From Governor

60 Texas soldiers, meeting for the second time, enjoyed a dinner and evening of tales of Texas soldiers. American Red Cross Service London on May 4, Littlefield represented in the person of H. C. Pumphrey, Jr., and were sent by the group to the Stevenson.

In recognition of this message, the recognition of the part being played by S-Sgt. Pumphrey as a member of the Armed Forces Overseas. Governor Coke Stevenson sent a personal letter with congratulations to Mr. and Mrs. H. C. Pumphrey and family here:

"I know you will not object to my sharing with you the pride and faith that all of us have in this member of your family. "With kindest regards I remain, "Sincerely yours, "COKE STEVENSON."

Mr. and Mrs. Pumphrey now have all their sons in the service. Odell (Cheese) Pumphrey, 21, who joined the Naval Reserve in October last, when attending the State University, Austin, has received his orders to report to the University of North Carolina, Chapel Hill, near Durham, on July 1.

Mr. Pumphrey, who majored in pharmacy at the University, and who has been employed at various times during the summer vacations at the Brittain Pharmacy, is assisting in this establishment while Mr. and Mrs. Brittain are on a two weeks vacation. He will spend a few days visiting friends at Waco before reporting in North Carolina.

FARM OPERATORS REQUESTED TO REPORT CROP PERFORMANCE

Plan Instituted To Insure Proper Credit For Acreage

Also, So That Marketing Quotas On Cotton Crops Will Not Be Delayed

Due to the need for conserving travel and manpower and to insure that farmers will receive proper credit for acreages planted to various crops and credit for production practices carried out in 1943, the responsibility of reporting performance this year is being placed on the farm operator, L. F. Bain, Administrative Officer of Lamb County, said. All farm operators in the county are being requested to report the performance on their farms.

Bain advises that all producers are being mailed letters telling them how to make all the necessary measurements and how to report their performance to the county office. If farmers wish to report their measurements before they receive this letter, Bain suggests that sufficient measurements be made that the fields can be plotted on the map in the county office.

Every farmer in Lamb County is urged to report their performance as soon as possible after the crops have been planted so that Marketing Quotas on cotton crops this fall will not be delayed.

SUFFERS HEART ATTACK MONDAY

G. P. Howell, father of Douglas and Durwood Howell of Lubbock, suffered a heart attack Monday and is confined in the West Texas Hospital.

In response to a message advising of Mr. Howell's condition, Mr. and Mrs. Douglas Howell of Fort Stockton joined the family at Lubbock Monday night, and Durwood Howell of the U. S. Navy, also in response to a message through the Red Cross, was able to arrive by plane at Amarillo early Wednesday morning, where his brother met him and accompanied him to the bedside of his father.

Mrs. Durwood Howell, who has been making her home at Seattle, Wash., was also sent a message, and thinking her husband would arrive by way of San Diego, is now enroute to that city not knowing that he has already arrived in Lubbock.

Mr. and Mrs. R. W. Rutherford visited the Howell family in Lubbock Tuesday evening, and also Wednesday night. Mrs. Rutherford reported Mr. Howell slightly improved.

Hall Rowe In Maneuvers In Virginia

LIEUT. P. H. (HALL) ROWE

Lieut. P. H. (Hall) Rowe, 23, of the U. S. Marines, is shown above taking part in Maneuvers at Quantico, Va., after successfully completing the rugged officers' training course at the famous Marine Base at Quantico, Va. He was ordered to lead the Marines in battle, and the above picture was taken of him in action.

Lieut. Rowe has been transferred to New Rivers, North Carolina, and will report at his new base today (Thursday). After he and Mrs. Rowe had spent several days with his parents, Mr. and Mrs. E. S. Rowe, here, they left

Wednesday of last week for San Antonio, where they visited her parents, and left from there for North Carolina, where she will also make her home.

Lieut. Rowe has been in the Service since December 7, 1942, following his graduation from St. Mary's College, San Antonio, with a degree in chemistry.

Following his training at New Rivers, North Carolina, he expects to take a nine months course in radio.

Lieut. Hall was graduated and received his commission as a Second Lieutenant in April last.

Secures Rural Aid For Local Schools

J. Ernest Jones, County School Superintendent, returned to Littlefield Thursday from a trip to Austin on school business.

Mr. Jones made the trip in connection with rural aid for the local schools, and interviewed H. E. Robinson, Director of Equalization Fund; and E. H. Boulter of Lubbock, Deputy State Superintendent, who was also in Austin at the time, as well as other State officials.

In an interview with Mr. Jones Monday he stated he had been successful in securing for the local schools between three and five thousand dollars, towards rural aid transportation, which money had been held back by the State.

Must Pass On Tires In Open Meeting

C. O. Griffin, chairman of the local Rationing Board, has announced that beginning Monday last, members of the Rationing Board are not permitted individually to inspect and pass on tires, as this has to be done in open board meeting.

Mr. Griffin added that "Applicants must file applications at the ration office for tires, and the Board will pass on them as a body. Local members have felt they could offer better emergency service by passing them individually, but the District office, Lubbock, which is over 71 counties, has forbidden local boards carrying out this practice any longer."

Trip To Post Report On Scout

By HOUSTON HOOVER

About 4:30 last Saturday evening 35 Boy Scouts from Littlefield returned from the most successful and enjoyable camping trip of many years. Not only was the attendance record broken for that period of camp but all concerned said it was by far the best camp ever staged by the South Plains Council. Most of the credit for this goes to the untiring efforts of G. M. Under, Scout Executive, and his field representative, Merle Edwards.

There were troops from six towns registered: Anton, Lubbock, Spur, Sudan, Mulshoe and Littlefield. There were 207 boys and leaders there for the entire week. Due to transportation shortage the boys swam only once a day with the exception of the boys taking Life Saving. They had to swim twice a day to get the required number of hours work. They took Indian Lore under Frank Runkles; Nature Study under Cecil Fox; and consumed untold (Continued on Back Page)

19 Students Enroll In Summer School

Supt. F. A. Hemphill announced Tuesday that nineteen students had enrolled in Summer School, which got underway Friday.

The above students have enrolled in one or more of the following courses: biology, civics, general mathematics and algebra, with P. F. Williams, principal of the High School, in charge.

County Chairman Urges Importance Of Scrap Campaign

Gen. Hulén Sees Metal Shortage Unless Plenty Of Scrap Gathered

Farmers and other residents of Lamb County are urged by Jess Elms, County Chairman of the Salvage Committee, to gather up all their scrap metals and bring them to the local scrap dealers, who will buy them, and ship same to the Government for use in the making of guns and ammunition.

Mr. Elms said that as soon as the local scrap dealers had accumulated a carload, they make shipment.

In case farmers and others have not the facilities of bringing the heavy scrap to town, Mr. Elms said if they will gather it up, the Government will send trucks and pick it up.

Besides scrap metals, waste fats, discarded hosiery and other vital war materials are needed. Facilities for taking care of tin cans, according to Mr. Elms, have not been worked out.

Collection of scrap metals and other vital war materials must be carried on a continuous basis until the war's successful termination, civilian salvage leaders of the South Plains were told in an all-day scrap rally Tuesday at the Lubbock Hotel, which was attended by 75 persons from over the area, including Mr. Elms, and Peques Houston, Farm Security official of this city.

Gen. John A. Hulén, regional salvage manager of the eighth region of the War Production board with headquarters at Dallas; Major A. B. Teeter of Dallas, coordinator of salvage for the Eighth Service Command; Mrs. Stewart Everson of Washington, deputy chief of the women's unit of the salvage branch of the WPB, and W. A. Becker, field deputy of the WPB salvage branch, held up such an objective in talks during the day's program which was climaxed by visits to the salvage warehouses and other sections of Lubbock's two army air fields to witness firsthand how scrap is being prepared for shipments to war plants.

"We do need this metal . . . this fall we're going to be seriously short of this scrap again," Gen. Hulén said. . . . "We can't afford to be caught short and we haven't a stockpile that's going to last very long."

S-Sgt. Troy A. Hopper Reported Wounded

Staff Sgt. Troy A. Hopper, 25, aerial engineer of the U. S. Air Force, and son of Mr. and Mrs. W. L. Hopper of the Spade Community, was wounded in action in the Pacific area May 15, according to a telegram received by his parents last week.

S-Sgt. Hopper has been in the Service 19 months. Previous to entering the Armed Forces, he was engaged in farming with his father in the Spade community.

P. F. Williams Is Placed In Charge Of Play Activities

Parents Urged To Cooperate To Make Project A Success

Beginning next Monday afternoon, June 21, the Rotary Club of Littlefield will sponsor a youth recreational program for all boys and girls, ages 8 through 20, inclusive, in the Littlefield School District. A complete program of play activities has been planned and placed under the supervision of Purris F. Williams, High School Principal. He has announced that all boys, ages 8 to 12, inclusive, will meet daily from 1:45 to 3:15. Boys from the ages 12 through 20 will meet from 3:15 to 4:45. All boys will be provided with shower facilities at the Gym. All girls from the ages 8 through 20, inclusive, will meet from 5 to 6 p. m. on Mondays through Fridays each week.

The Rotary Club of this city has undertaken this program as a club project for the summer, because the need is felt for such a program for our youths.

All parents are earnestly asked to cooperate with those in charge of this program, in order that it will meet with success, for truly, it has been said that "Our Youth of Today Are Citizens of Tomorrow." We, as parents, should certainly feel the necessity of providing good, clean wholesome play and entertainment for our youngsters, during the long vacation months when the time hangs so heavily on their young hands.

Auto Tax Stamps Now On Sale

Collector of Internal Revenue W. A. Thomas announced recently that auto tax stamps in the denomination of \$5 were placed on sale in all postoffices and offices of Collectors of Internal Revenue on Thursday, June 10. The stamps will evidence payment of the tax for the fiscal year beginning July 1, 1943, and must be purchased on or before that date. The stamps will be serially numbered, will be gummed on the face, and will have provision on the back for entry of the make, model, serial number and State license number of the vehicle.

Mr. Thomas said that, to guard against loss or theft, it has been suggested that, when affixing the stamps, the vehicle owner should dampen the windshield rather than the adhesive side of the stamp. This method has been recommended to keep the stamp intact upon the windshield. As an additional precaution, it has also been suggested that each motor vehicle owner should keep a record of the serial number which appears on the use tax stamp in the event the stamp should become lost.

Every owner of a motor vehicle which is used upon the highways should call at his local postoffice or at the office of the Internal Revenue Collector and secure a \$5 use tax stamp and affix it to his vehicle on or before July 1, 1943, the collector said.

TEMPERATURES FOR WEEK REPORTED

Task For Lamb County Hens 12 Per Cent Greater

Lamb County poultrymen are asked by the government to produce approximately 2,399,000 dozen eggs this year, 12 per cent more than in 1942, as their share in the Food for Victory program, the National Poultry Defense Committee estimated today.

This county goal, which is based on the percentage increase suggested for Texas by the U. S. Department of Agriculture, can be reached if adequate supplies of labor and feed are available, declared Committee Chairman Hobart Creighton.

"Poultry farmers are now working harder than ever in all-out war production," Creighton said, "continuing the fine job in this county last year by producing approximately 2,142,000 dozen eggs to help supply civilian, military and lend-lease needs. Also, two developments during last year have resulted in larger laying flocks on most farms today:

"First, egg prices as shown by purchases of the A & P Tea Company, one of the larger buyers which paid \$800,900 in Texas last year for 2,522,040 dozen, were so favorable that farmers saved an unusually large proportion of potential layers. Second, conditions in 1942 were good for raising pullets, as fall weather was generally mild and the average hatching date was early.

"These factors point to increased egg production," Creighton explained, "if an improvement can be made in the farm skilled labor situation and if farmers can get enough protein foods. There are critical shortages of protein ingredients because imports have been cut so drastically. Even soybean oil meal is not being processed fast enough to meet demands. These are major problems facing the industry."

Texas poultrymen, who produced a total of 233,916,000 dozen eggs in 1942, are asked for 262,671,000 dozen this year as their share of the national egg goal of 4,780,000,000 dozen.

The Poison Gas Threat

Reports that the Axis powers are planning the use of poison gas as a desperate last resort have been credible enough to evoke a warning by President Roosevelt that the Axis will retaliate in kind.

Having air superiority in Europe, the United Nations would be able to inflict far more damage upon Germany than would be suffered by Britain and North Africa, and, since gas would be a more effective weapon for the Allies, Hitler may be deterred from using it. However, the ordinary restraints may not apply to a leader driven to desperation by the certainty of defeat. Even before the war began, it was predicted that Hitler would at-

What To Write To Servicemen ...

The Office of War Information offers these pointers for homefolks writing to soldiers, sailors, and marines—based on suggestions gathered in a survey among servicemen at home and overseas, in cooperation with the Special Service Division of the Army Service Forces:

- TELL HIM:**
1. How the family is doing everything possible to help in the war.
 2. How anxious the family is for the boy's return.
 3. How well and busy the family is. Give details.
 4. How the family is getting along financially.
 5. What's doing in the community: news about girls (single) he knows, doings of friends, who's marrying whom, exploits of the home team and other sports events, social doings, effects of the war on the home town. Reminiscence a little about past events and places the boy used to visit. Enclose clippings from the home-town paper.

- DON'T TELL HIM:**
1. Your troubles. He has troubles of his own.
 2. Your complaints. He can't do anything about them.
 3. About things you are deprived of. He can't supply them.
 4. Doleful predictions about the future. He's fighting for that future—now.
 5. Unnecessary details about financial troubles. If there are things he should know about family finances, and he is in a position to do something about the situation, tell him. But don't string it out.

tempt to drag the world down to ruins when confronted with his own inevitable disaster.

Japan, whose cities are remote from Allied air bases, would enjoy an initial advantage in using poison gas, and in fact has employed it in attacks upon civilian centers in China. The task of Allied retaliation in kind at this stage would be difficult and hazardous. Thus, it is reasonable to assume that the Japanese will be the first to introduce poison gas, unless they are wary of countermeasures against their concentrations of armed forces in their new-found possessions. The wholesale destruction, even disorganization, of the Japanese outer line of defense would afford the Allies openings for offensives.

The President is careful to explain that the United Nations are prepared fully in the field of chemical warfare. If the horror of poison gas should come, the Allies will be ready and be able to take advantage of this weapon of outlawry forced upon them by a barbaric enemy.

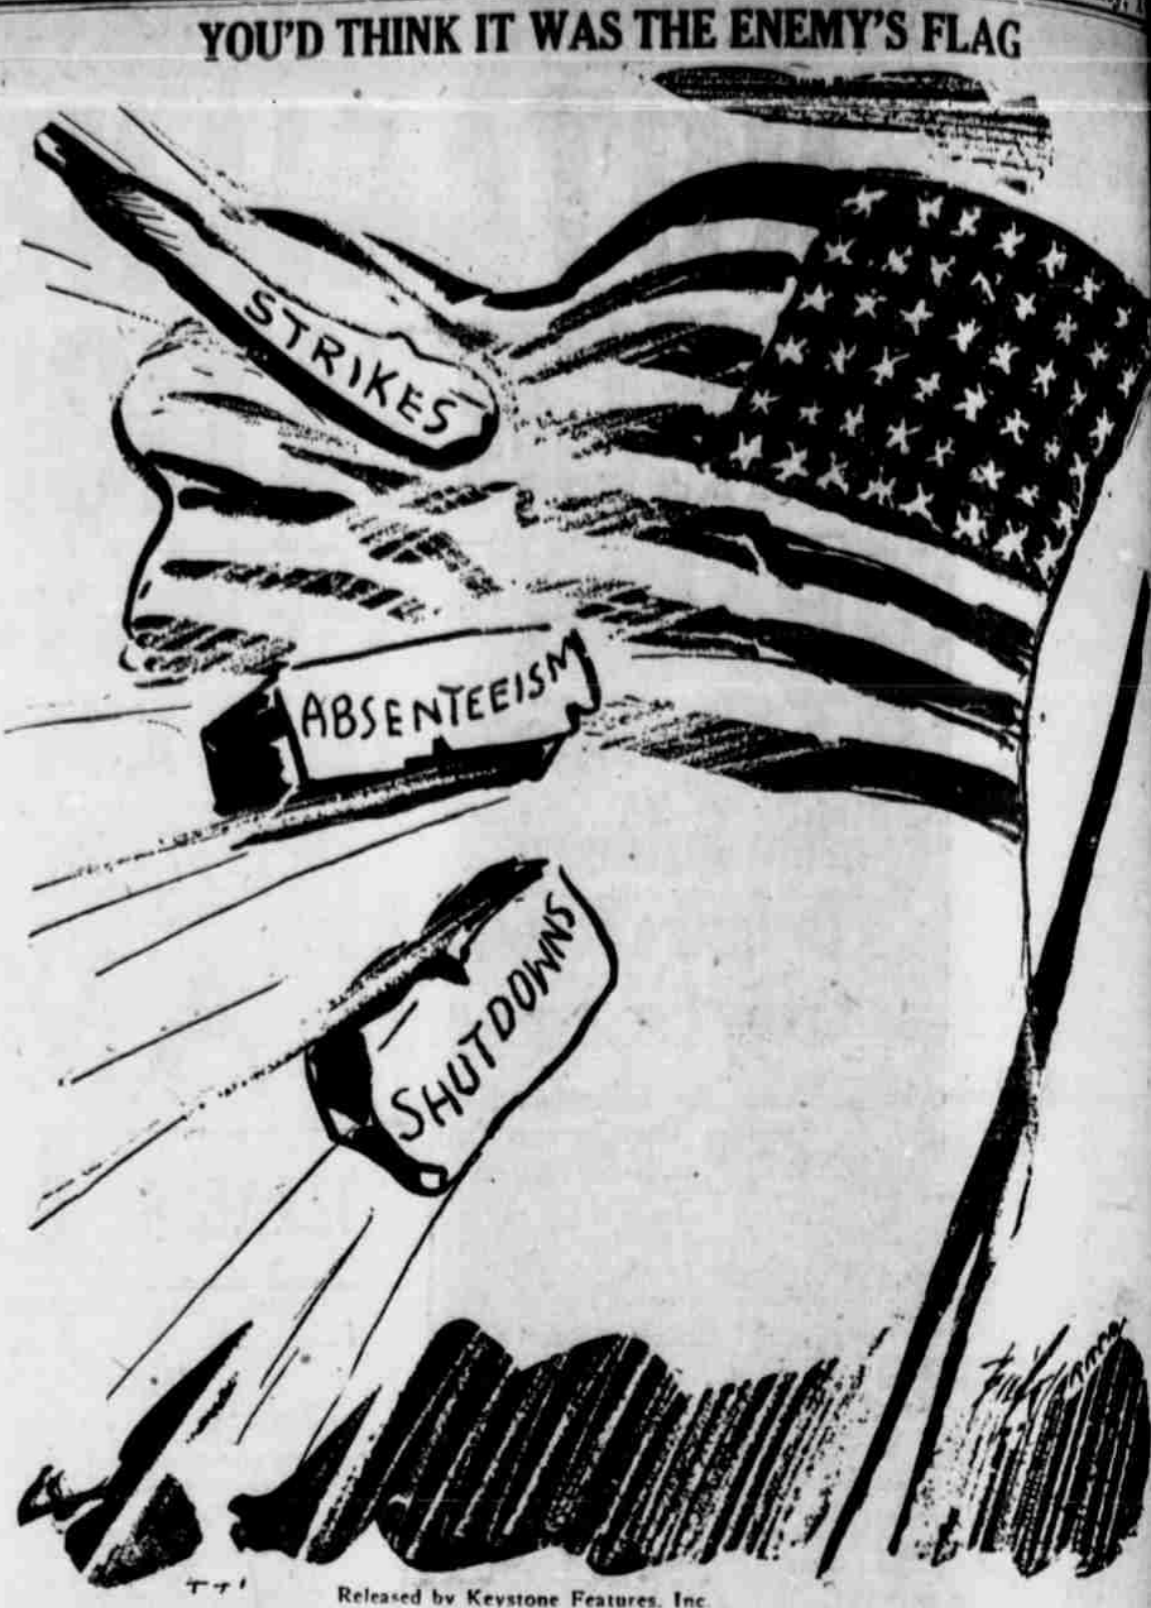

With South Plains Men In The Armed Forces

Sgt. Harvey Gene Reese, 24, of Littlefield, son of Mr. and Mrs. W. A. Reese, has arrived at Iowa State Teachers College, Cedar Rapids, Ia., for a course of Army Air Force instruction lasting approximately five months prior to his appointment as an Aviation Cadet in the Army Air Forces. During this period he will take numerous academic courses, as well as elementary flying training. Upon completion of the course he will be classified as a pilot, naviga-

tor or bombardier and go on to schools of the Flying Training Command for training in these specialties.

Corp. Calvin L. Carpenter, son of Mr. and Mrs. R. N. Carpenter, near Littlefield, has just finished his basic training at Camp Crowder, Mo., and has been sent to a Signal Corp School in Goleon, Ohio. He reports that he likes his work fine and finds it very interesting. Calvin is a 1942 graduate of Littlefield High School.

Moy McNeese, of the U. S. Navy, stationed at San Diego, arrived home Saturday on a five day leave, and

Released by Keystone Features, Inc.

is visiting his parents, Mr. and Mrs. Ben McNeese, five miles southwest of town. He will leave Friday for San Diego.

B. W. Branch, 21, of Meadow, who enlisted in the Navy July 13, 1942, has returned to duty after an appendectomy performed aboard ship, according to letters received by relatives within the past few days. He is the son of Mr. and Mrs. Sam Branch of Meadow and the nephew of Mrs. R. L. Goad, 706 Avenue M. He graduated from Meadow High School a few weeks before his enlistment. His letter related that he had served aboard the U. S. Aircraft carrier, Enterprise, during a portion of the period when it was responsible for so much damage to

the Japanese as to win an official citation from the President. The present whereabouts of Seaman Branch was not stated.

Sanley Bishop, Seaman 2-C, who is also stationed at San Diego, accompanied McNeese here, and is

visiting his parents, Mr. and Mrs. Ford Bishop.

War Work of a Santa Fe Wheat Car

This statement explains why many Santa Fe box cars, built to move wheat during harvest season, are many miles away doing other war jobs.

★ This year an estimated 75,000,000 bushels of wheat must be moved by the Santa Fe from the wheat states it serves.

It will take about 50,000 carloads to handle Santa Fe's big share of this vital job!

To move wheat and other grains, Santa Fe has specially built weatherproof box cars—but today, many of these cars are far from the wheat belt. Where are they? What are they doing? The map above will give you an idea—it shows the movement of a wheat car for the past four months.

A Wheat Car Gets Around

Starting at Hutchinson, Kansas, with a load of flour for Boston, this wheat car has been kept rolling with vital war cargoes, including Army shoes, Army clothing, aluminum, lumber, machinery, and has just delivered a warload at San Francisco : : far from the wheat belt where it is needed now!

In four months this car has covered 1,439 miles on Santa Fe rails, and 9,749 miles on the other railroads. No rest for a war worker these days, but a fellow sure gets around!

Every Car in Action

Every Santa Fe box car, as well as box cars of all other railroads, is in action today. Some of these cars are too far away to be able to return to the wheat belt in time for use.

But guided by the wise direction of the Association of American Railroads, the Office of Defense Transportation, and the Interstate Commerce Commission's Bureau of Service, plus the friendly cooperation of the Army and Navy and war freight shippers, Santa Fe is making every effort to secure as many cars as can be spared from war movements to handle this year's wheat harvest.

Last Rites For C. B. Bell Tuesday

Charles Bartlett Bell, 30, passed away at 1:20 p. m. Saturday at the Amherst Hospital, where he had been confined for 38 days following an appendicitis operation. Complications were believed to have caused his death.

The body was prepared for burial by Hammons Funeral Home, and was taken overland by a Cuero undertaker to that city, where funeral services were held Tuesday morning at 10 o'clock in St. Michael's Catholic Church, with Father Jansen officiating, and burial took place immediately following in the Hillside Cemetery at Cuero.

For six months Mr. Bell had been a Supervisor of the Cotton Compress in Sudan, and formerly was employed by the local compress. He attended the University of Texas and St. Edwards College in Austin. In 1941 he married Miss La Verne Pasley of Cuero, Texas, and to this union was born one child.

Survivors are his wife, Mrs. C. B. Bell; a daughter, Catherine Joanne Bell, six months old; his parents, Mr. and Mrs. John V. Bell, Cuero, Texas, and two brothers, John J. Bell, Cuero, Texas, and Lieut. Basil B. Bell, Tacoma, Wash.

Mr. Bell was born July 17, 1912, in Cuero, Texas, and had been a member of the St. Michael Catholic Church all his life.

Ration Books More Valuable Than Money Says OPA

"Ration books can be more valuable to the individual than money," the District OPA office said today in issuing a warning against the careless handling of their books by many consumers. Advising that local War Price and Rationing Boards will have to become more severe in re-issuing books, the OPA pointed out that persons should keep their books in a safe but accessible place.

When the consumer appears before a ration board and reports that his ration book has been lost, he must wait ten days or longer before he can obtain another. A few

This scrap drive offers a real opportunity for everybody . . . boys and girls, men and women . . . to participate in a special effort in the cause of Victory. Each of us can do something . . . and many of us can do several things in building the great piles of scrap that are necessary in obtaining the materials needed for the carrying on of the war. Boys and girls can gather great piles of tin cans, women and girls can provide old nylon hose and garments, housewives can furnish waste fats, and everybody can have some part in gathering copper, brass and bronze, scrap iron and steel.

TRULY THIS NEW SCRAP DRIVE OFFERS A REAL OPPORTUNITY FOR EVERYBODY TO CARRY OUT A SPECIAL EFFORT IN THE CAUSE OF VICTORY!

TOWN AND FARM IN WARTIME

LOWER MEAT PRICES

Effective June 21, meat prices at Littlefield will be lowered from 3 cents a pound by order of the War Production Administration. New prices for cured and smoked pork will go into effect on June 21. Reductions in price are being made on cheaper cuts and larger quantities. As in the past, the roll-back of prices on meat is not directly affecting the farm producer. Subsidies, which began

June 7, will be paid to anyone who slaughters 4,000 pounds of meat or more per month.

WRITE TO MEN IN ICELAND

"American soldiers in Iceland are not getting nearly enough mail from home, said Chaplain Peter E. Culom, who recently returned to the U. S. after two years of duty with Icelandic garrisons. "In spite of the fact that the Army delivers the mail with promptness and regularity to every Army post in Iceland, folks at home are not taking full advantage of this service," Chaplain Culom said.

MORE FARM MACHINERY

A total of 300,000 tons of carbon steel, with other materials in proportion, has been allocated to the farm machinery program for the quarter beginning July 1. An additional 200,000 tons of steel have also been approved for each of the three quarters from October 1, 1943, to July 1, 1944. During the third quarter of this year, special emphasis will be given to the manufacturers of harvesting machinery for this year's crop. The whole farm machinery program has been stepped up.

INSPECTION REQUIREMENTS CHANGED

Tire inspections for commercial motor vehicles now may be made every 5,000 miles or every six months, whichever occurs first, ODT has announced. Previously, commercial vehicles had to have tire inspections every 5,000 miles or every 50 days, whichever occurred first.

DATA ON PRISONERS

American soldiers officially reported as prisoners of war in enemy countries to date total 17,083, the War Department has announced. Of these, 11,307 are held by Japan; 3,312 by Germany and 2,464 by Italy. However, these reports are incomplete. Information in the hands of the War Department indicates that the basic diet for an American soldier in German prison camps is largely potatoes, cabbage, fish and an indefinite amount of meat.

TO SUBSTITUTE TIRES

Farmers needing farm implement or front wheel tractor tires will be permitted to purchase suitable substitutes when they are unable to find a dealer with tires designed expressly for their purpose, the OPA has announced. Dealers may also sell passenger car owners tires and tubes of a slightly different size than is called for by the rationing certificate.

ELECTRICITY TO FARMS

Rural electrification loans to 26 systems in 18 states have been made to a total of \$1,790,000 for immediate extension of service to more than 1,000 farms qualifying under present WPB regulations permitting connections to farms producing livestock, dairy and poultry products. The following allocations have been made in Texas: South Plains Electric Cooperative, Inc., Lubbock, \$10,000; Deep East Texas Electric Cooperative, Inc., San Augustine, \$85,000; Erath County Electric Cooperative

Association, Stephenville, \$10,000; and Cap Rock Electric Cooperative, Inc., Stanton, \$10,000.

LEATHER FOR CIVILIANS

Manufacture of many civilian leather products, which was prohibited after June 1, can be continued through 1943 out of manufacturers' inventories, under a recent WPB amendment. Among products affected are dress gloves and mittens, brief cases, new upholstery, radio cases, pocketbooks, handbags, cigar and cigarette cases, key cases, tobacco pouches, watch straps and dog furnishings.

GAS COUPONS CHANGED

A new "TT" gasoline coupon, which replaces the present "T" coupon, will become valid for use on July 1. The old type of "T" coupon will be invalid on and after July 1, except in the northeastern shortage area where it will be used through July 25. OPA expects the change in design to help take up "slack" mileage and remove potential sources of black market gasoline.

MATERIALS FOR UNDERWEAR

Materials for knit underwear for men, women and children will be made available by an action of WPB. Manufacturers have been assured of supplies of cotton yarn thread, fabrics and other materials to meet essential civilian requirements.

NEW PIPELINE APPROVED

A 393-mile, 16-inch pipeline, from

Sundown, Texas, to Drumright, Oklahoma, having an initial capacity of 54,000 barrels of crude oil daily, has been approved by the War Production Board upon the recommendation of the Petroleum Administrator for War. Construction is expected to begin early in October, 1943, and should be in operation sometime in March, 1944, the administrator added, providing that materials and workmen are available on schedule. The pipeline will serve to provide middle western refineries with additional supplies of West Texas crude oil, thus helping to relieve the national oil shortage.

BUY STAMPS IN QUANTITY

The public is being requested by the Post Office Department to purchase stamps in larger quantities when possible. Instead of buying one or two at a time, the department asks that a book be purchased. This is to cut down on the number of window calls at post offices, saving time for all concerned.

in engineering at Fordham University. He was majoring in Engineering at the State University, prior to entering the service.

Reared in Littlefield, the sons of Mr. and Mrs. Humphrey held in high esteem by the citizenship of this city and county. Their undertakings they have achieved notable success, and carry the service of their county the zeal to acquire themselves well has distinguished them in life.

COLLEGE HEIGHTS

A. J. Taylor and C. M. Rice made a business trip to Hereford Monday. Mrs. John Cary and son, Dennis, and Mrs. S. Tucker left Friday evening to visit their parents, Grandpa and Grandma Dennis, in Hollis, Oklahoma. They returned to Littlefield Sunday night. J. W. Garrett had the bad luck of getting one of his hands hurt last

week, but is now doing nicely. Pvt. Warren D. Rice, who is now stationed at Camp Howse, Texas, writes that he likes his work fine, also the Army.

Everybody seems to be busy replanting gardens, which were destroyed by hail a week ago.

The Sherman Wilson family are expecting Claude Todd and his wife home on a furlough this week. He is now stationed in Pennsylvania. His wife has been with him the past

seven months. Mr. and Mrs. A. J. Taylor and children, Mr. Taylor's mother, and Mr. and Mrs. Nipp were visitors in the C. M. Rice home Sunday afternoon.

Aux. Alice S. Cooper and her parents enjoyed dinner in Joe Wasson's home Sunday.

E. E. Durham has been doing some improving on his house the last few days.

Mrs. Harold Rice and baby of Ropesville left a week ago to go to Nashville, Tenn., where she can be near her husband who is on maneuvers near there.

Mrs. Nolan Smith and children visited in the Jim Spurling home one evening last week.

Former Spade Residents Visit Friends Here

Mr. and Mrs. H. A. Sheffield, formerly of Spade, but who are now living at Tucson, Ariz., left Friday after spending a week visiting friends here. They were guests in the home of Mr. and Mrs. E. P. Hutchins at Spade.

Mr. and Mrs. Sheffield and family left Spade in 1940, going to Los Angeles to live, where they spent ten months, before moving to Tucson, where Mr. Sheffield is employed at the Bomber Base. They like Tucson fine, so Mr. Sheffield

said, when he called at the Leader office to subscribe for this newspaper.

Miss Daphene Wren Bride Of Lenton Smith In Morning Ceremony Sunday

In a beautiful and impressive ceremony at the home of the bride's parents, Mr. and Mrs. Wren, south of town, at 8:30 o'clock Sunday, wedding vows were exchanged by Miss Daphene Wren and Lenton Smith, both of this city. The bride was becomingly attired in navy blue, with white accessories, and her corsage was of Sweetheart roses.

Her sister, Miss June Wren, who is the bride's only attendant, wore a dusty rose frock.

John S. Freeman of Vernon attended the groom.

A lovely arrangement of cut flowers and fern, including tall baskets of pink Gladioli, provided a suitable background for the double ring ceremony performed by Rev. Lee Hempstead, pastor of the First Baptist church, Littlefield.

Miss Ann York presided at the ceremony, and played soft music during the ceremony. Miss Ramona Eagan sang several numbers, accompanied by Miss York on the piano, including "Ab, Sweet Mystery of Life."

"I Love You Truly," etc.

Following the ceremony a reception was held and the beautiful three-tiered wedding cake, topped with miniature bride and groom, which centered the diningroom table, was cut and served with coffee to the large number of guests present.

The bride received her degree from Tech College, and has been head of the English Department of the local high school for the past three years.

The groom is the son of Mr. and Mrs. Lon Smith, who are among the early pioneers of this city, but who are making their home at Los Angeles, Calif., for the present.

Mr. Smith is a licensed Funeral Director and Embalmer. He was graduated from the local high school and attended the Dallas School of Embalming.

Immediately following the ceremony the happy couple left for a short wedding trip. On their return they will be at home in Littlefield where Mr. Smith is connected with the Hammons Funeral Home.

Guests at the wedding were: Mr. and Mrs. Roy B. Thurman and daughter, Bobby; Mr. and Mrs. A. L. McCarty and son, Don; Mr. and Mrs. J. A. McCarty, Mrs. James Hamilton, Mr. and Mrs. F. J. Newcome and children, Joyce and Ray; Mr. and Mrs. Pryor Hammons; Mr. and Mrs. Elmer Lewis; Mr. and Mrs. Viggo Peterson; Misses Katie Stith, Ranell Chaney, Bettye Walters, and Iline Phillips, and Mr. and Mrs. John S. Freeman of Vernon.

Miss Dorothy Timian And F-O Werner Birkelbach Are Wed

Miss Dorothy Timian, daughter of Mr. and Mrs. Walter H. Timian, and F-O Werner Birkelbach, son of Mr. and Mrs. B. D. Birkelbach, were married at the home of the bride's parents Wednesday, June 9, at 6 p. m. with Rev. E. H. Riese, Pastor of the Emmanuel Lutheran Church, officiating.

Attending the couple were: Miss Lillian Cunningham, and Pvt. Reuben Birkelbach, brother of the groom.

The bride was charming in a gray suit and beanie to match, with beige accessories. She wore a corsage of pink carnations.

Immediately after the ceremony a supper was served to the following: Mr. and Mrs. B. D. Birkelbach and children; Mr. and Mrs. Martin Lueck and children; Pvt. Reuben Birkelbach of the Lubbock Army Flying Field; Rev. and Mrs. E. H. Riese and son; Miss Lillian Cunningham; Miss Ruth Drager; Miss Virginia Evans; Miss Joyce Vick; Mr. and Mrs. Walter Timian and daughter; and Mr. and Mrs. Werner Birkelbach.

The groom at the present time is receiving specialized training at Bowman Field, near Louisville, Ky. The newly married couple will make their home in Louisville, Ky. The groom received his wings at Stuttgart, Ark., several months ago.

Miss Mary Gladys James And Maurice E. McCarty Marry

Mr. and Mrs. J. W. James of Lums Chapel have announced the marriage of their daughter, Miss Mary Gladys James, to Maurice Earl McCarty of Richmond, Calif.

Wedding vows were exchanged Monday morning, June 7, in the First Baptist Church, Littlefield, with Rev. W. J. Jackson performing the ceremony. Mr. and Mrs. Jack Swanner attended the couple.

The bride wore a navy blue dress with navy blue accessories and a single ring ceremony was performed. The couple will make their home in Lums Chapel. Mr. McCarty has formerly been employed in defense work in California, and both Mr. and Mrs. McCarty attended the Littlefield High School.

F-O and Mrs. Werner Birkelbach Honored At Bridal Shower

A shower complimenting F-O and Mrs. Werner Birkelbach was given at the home of Mr. and Mrs. B. D. Birkelbach, near Littlefield, on Thursday night, June 10.

The newly married couple were the recipients of many beautiful gifts. A lunch was served to the guests, including lemonade, sandwiches, cakes and cookies.

Present were: Mr. and Mrs. Werner Birkelbach, guests of honor; Mrs. E. J. Brandt and son; Mr. and Mrs. J. M. Funk; Mr. and Mrs. C. W. Brandt and children; Mr. and Mrs. Walter Timian and daughter; Mr. and Mrs. Ed Drager and children; Rev. and Mrs. E. H. Riese and son; Mr. Arnold J. Ogerly; Mr. and Mrs. Rufus Ogerly and children; Herbert Funk; Misses Lillian and Bettye Cunningham; Mr. and Mrs. Gus Friday and children; Mr. and Mrs. Albert Neuschwander and family; Mr. and Mrs. Paul Manthey and daughter; Mr. and Mrs. A. O. Lueck; Mr. and Mrs. Ernest Sell and children; Mr. and Mrs. August Meeks and children; Mr. and Mrs. Martin Lueck and children.

Many not present sent gifts.

Lum's Chapel H. D. Club Meets With Mrs. Purvis Thursday

The Lum's Chapel H. D. Club met Thursday, June 10, with Mrs. Edgar Purvis.

Mrs. Purvis and Mrs. Percy Carter were joint hostesses.

The program of the day was on "Bedroom Improvement." Each member told of an improvement they had made in their bedrooms recently. Mrs. Purvis then demonstrated her bedroom, which she had completely made over. She had moved a closet, re-papered, made new curtains and bedspread, and stained the floor—thus making a new bedroom to enjoy.

Delicious refreshments were enjoyed by the following: Mesdames Amos Sedgewick, W. D. McCarty, J. A. Cater, Hershel Barker, Cecil Gipson, V. B. Pierce, Burl Rogers, Bill Steffy, H. Spraberry, J. V. Tynes, J. I. Brown, H. J. Carter, J. H. Hodges, Floyd Brown, L. Bryant, O. L. Baisden, Joe Pelfrey, and the hostess, Mrs. E. Purvis.

The next meeting will be with Mrs. Burl Rogers June 24.

Sorosis Class Enjoy Luncheon And Program

Members of the Sorosis Class of the Methodist Church Sunday School met at 1 o'clock Friday for their regular monthly luncheon meeting at the church.

Hostesses of the occasion were: Mesdames Van Clark, Belle Dow, James Evans, C. F. McCormick, Dutch Higgins, L. C. Hewitt, and Beattie Lakey.

The program following the luncheon, included: solo, "Living for Jesus," by Miss Regina Evans, accompanied by Miss Ann York at the piano; and two numbers on the guitar, "There's A Star-Spangled Banner," and "The National Anthem" by Miss Oma Dee McCormick.

First and second prizes were awarded to the women having the largest number of articles in their purses. Mrs. L. T. Green and Mrs. Belle Dow received the prizes.

The following were present at the luncheon: Mesdames W. L. Cockerham, Jess Elms, C. Frank York, Bessie Laky, Belle Dow, L.

May Renew "A" Gasoline Coupon Books By Mail

West Texas farmers and others living at a distance from their local War Price and Rationing Boards may renew their "A" gasoline coupon books by mail, the District OPA office pointed out today, in an effort to save gasoline and prevent loss of hours from work. This plan will go into effect on June 22 and after that time, both motorists and bicyclists should begin picking up their application forms. Local Boards will publicize the names of filling stations at which the forms can be secured, the OPA said.

Due to the fact that "A" rations expire on July 21, applications should start coming in immediately after June 22 in order that the boards will have time to process them and mail them back before expiration date. This mail renewal plan also includes renewal of the basic "D" motorcycle rations and eliminates the school-house registration that was necessary when basic

With South Plains Men In The Armed Forces

Cloyce Knowles, Third Class Petty Officer of the U. S. Navy, is stationed at San Francisco, Calif., and employed in the office of the Federal building, where he has been since November last.

Mrs. Knowles, who has been visiting her parents, Mr. and Mrs. Roy Gattis, left Monday to join her husband at San Francisco.

Knowles had been in training at Toledo, Ohio, before being transferred to San Francisco.

He was manager of one of the Furr Food Stores of Lubbock before entering the service.

Sgt. T. L. Kimmel, son of Mr. and Mrs. T. L. Kimmel of Littlefield, stationed at Fort Bragg, North Carolina, arrived Friday and will spend until next Saturday here before leaving for Camp.

This is Sgt. Kimmel's second leave since entering the service June 10, 1942.

Herbert Martin, Jr., who entered the Service recently, has been transferred from Fort Sill to the Airbase at Amarillo, where he is undergoing tests.

Sgt. R. Lee Gibson, son of Mr. and Mrs. J. F. Gibson, of 2 1/2 miles northeast of town, wired his parents Sunday that he had landed in San Francisco, and enroute home on a furlough.

Sgt. Gibson has been in foreign service since December, 1939. He has been in the South Pacific for nine months.

Mrs. Gibson stated Monday that they expected R. Lee to arrive about Wednesday, or today.

rations were issued, the OPA said. Steps pointed out in the procedure to follow include (1) on June 22 pick up application forms from designated service stations; (2) fill out forms according to instructions and mail them back immediately to the boards. Accompanying these forms should be (a) the back cover of the present "A" or "D" book (properly filled out) and (b) the current tire inspection record showing that proper inspections have been made. New applications should show serial numbers of tires now on a car and if there has been any change since the last tire inspection, a note of explanation and evidence of purchase should accompany the application form.

Many Persons Will Have To Share Same Cookers, OPA Says

Many West Texas housewives are asking Rationing Committees just what their chances are to obtain pressure cookers for canning fruits and vegetables. In answer to this question the District OPA Office pointed out today that organized groups, such as neighborhood pools, garden clubs, home demonstration clubs, etc., will have the better chance of obtaining cookers than single family groups.

"With an estimated demand for 500,000 pressure cookers and an authorized production up-to-date of only 150,000 compared to 250,000 in pre-war days annually, it means that many, many persons will have to share the same cooker," OPA officials said. About 12,000 pressure cookers have already been made and sent into the South and West where the canning season is early.

Applications should be made to the County Farm Rationing Committee, usually located in the County Agricultural Agent's Office.

After filling out the application forms, the applicant should submit it to the Farm Rationing Committee and, if approved, he will be issued a certificate. It is to be assumed that the applicant has already made inquiries and found out if cookers are available. He will then present his certificate with the purchase price to the dealer.

New Method To Speed Mail Delivery

A new method for speeding up mail deliveries, especially in large cities, is being placed in operation rapidly, according to information from the Post Office Department. The statement reports that in many cities it has been received enthusiastically by postmasters, business concerns, press and the public.

The new plan is the addition of a number to each postal station in cities, the number to be added to the address. While not in operation in Littlefield, it will directly concern each citizen who will need to know the postal unit number of correspondents in order to address letters to cities properly.

Residents of small cities, towns and rural regions are asked to inquire of the correspondents in large cities concerning the number assigned to their branch office so that mail may be expedited. The degree to which mail will be speeded depends upon the extent to which the numbers are used by mailers.

An example of the new type address, as cited by the department is: John C. Smith, 222 Mattapan Ave., Boston 8, Mass. The number after the name of the city indicates the branch office or "postal unit" through which deliveries are made.

Have You Met John Doe?

You should know John Doe. He's a very fine fellow who lives right in your neighborhood. He probably goes to your church, his children go to school with your children. Mrs. Doe is active in the P.T.A. and other civic groups, little Johnnie is a Boy Scout and sister Sue is "twice as cute as Shirley Temple."

All in all the Doe family is typically American — nice folks to know. And the Does are typical, too, of hundreds whose efforts combine to render the public services offered by the Southwestern Public Service Company.

John is a composite linesman, engineer, electrician, trouble-shooter, executive or lighting expert. But whatever his particular job he has only one main purpose—that is to give you the finest, most dependable electrical service money can buy at the lowest possible cost. His hours are not long, but he is ready to serve you 24 hours a day if necessary, so that even in emergencies you may take for granted the miracle of convenience that is electricity.

26 Amherst Girls, Six Boys In Summer Homemaking Class

The regular summer course in homemaking which has been underway in Amherst ends today (Thursday.) Miss Kittrell, Amherst home-making teacher, declares that she sees evidence of hard work and careful planning wherever she goes making home visits. Twenty-six girls are enrolled in the summer class and six boys. The class has accomplished a great deal of group work. As a result the Homemaking Department is "spic and span." The cabinets and working desks have a new coat of white enamel. Desk tops and tables have been varnished and the floors look unusually nice since they have been sanded and varnished. Individual projects that are being carried on include, clothing construction and renovation of clothing, caring for victory gardens, yard improvement, poultry raising, provision of storage space for canned foods, caring for children while mothers work; food preparation, kitchen improvement, bedroom improvement, living room improvement, and refinishing furniture. A picnic was enjoyed by the students Wednesday, when supper was cooked out-of-doors, and a picnic enjoyed.

STOCK AND EQUIPMENT OF WALTERS DRUG SOLD TO J. E. AND R. L. BROWN

The stock, equipment and good will of the Walters Drug Store, Amherst, which has been owned and operated by Lester and Joe Walters since the fall of 1940, was sold last week to J. E. Brown and son, R. L. Brown, who have been residents of that city for many years. Mrs. Elam Gage, sister of the Walters brothers, has been manager of the Walters Drug, Amherst. Lester Walters Saturday asked the Leader to express appreciation on behalf of himself and brother, Joe, to the residents of Amherst and vicinity for the nice volume of business extended them while operating the drug store at that city. Mrs. Gage, as a member of the school faculty of Chico, Calif., was granted a leave of absence to take over the management of the Walters Drug at Amherst, and plans to return to Chico and take over her teaching duties for the fall term. Mrs. Gage, who has been very popular in her work, will be greatly missed by many Amherst residents.

PARMER COUNTY TO GET OIL TEST DURING JUNE

Parmer County has been assured an oil test during the coming few months, it was announced recently by N. L. Tharp, Clovis resident and large land owner in that county, the State Line Tribune, Farwell, said recently. Tharp said a drilling contract had been signed with the Stanolind Oil & Gas Company for a test to be drilled to a depth of "at least 7,000 feet" on acreage recently leased by the company on a block of twenty-five sections laying north and northwest of Bovina. John Aldridge, local attorney, who helped draw up the legal papers in the deal, said the actual drilling was scheduled to begin "during the month of June" and that the test

would be sunk to a depth of 7,000 feet unless oil or gas in paying quantities was found at a lesser depth. —Muleshoe Journal. —For Quality Printing Call 27—

ever tasted by any man, and for this year is by far the best ever served at Camp Post.

By far the most outstanding thing learned by the Scouts was the value of cooperation. When the boys landed at the camp it was every man for himself and Lord help the little boys. By the middle of the week the situation had improved greatly and by the time they left they were looking out for their brother in true Scout style. Such training is the basic principle in the improvement of our juvenile problem and should be recognized as such.

Fun was emphasized at the camp this year instead of advancement. As a consequence there were not as many boys receiving advancement this year. Eddie Ray Jones and Bobby Stegall received merit badges in Indian Lore and James Womack and Blair Goodwin, badges in Life Saving. These two boys also received Junior Life Savers Badges furnished by the Red Cross. Jimmie Armstrong and Houston Hoover were taken into the Order of the Arrow, a Scout fraternity composed of veteran leaders and outstanding Boy Scouts. Only the best of the boys are taken and Littlefield should be proud of Jimmie as he was one of eight boys chosen out of the 200.

Boys making the trip from here were: Kenneth Kinkler, James Griffin, Jackie Shelby, Jiggs Walker, Junior Bull, Bobby Stegall, Charles Green, Donald Joe Cox, Eddie Ray Jones, George Kirk, Kenneth Ware, Maxie Bagwell, Walter Sewell, Billy Smith, J. L. Dalton, John Lee Webb, Pat Brotherton, Larry Messer, Blair Goodwin, Norris Onstead, Ronnie Onstead, Landon Grissom, Charles Chapman, Junior Graham, Robert Coen, Jimmie Armstrong, Melvin Coley, Emmett Franz, Charles Paul Pharris, Kenneth Pharris, Clyde Edmonds, Jimmie Cockerham, Malcolm Stokes, James Womack and James

Open Letter By Mrs. LaGrange

The following is an open letter sent to the Leader Office by Mrs. Lester LaGrange and Mrs. R. H. Campbell for publication:

"A drive is being sponsored by the Texas Federation of Women's Clubs for Russian Civilian Relief. If you have some good warm clothes for men, women and children that you can spare, collect and bundle them and let them be on their way to relieve suffering. There is also a great need for bedding, clocks and watches.

"War has dealt cruelly with these peasant people. You must know that their needs are great. This is our opportunity to help them. It is our desire to ship a carload from Plainview to the west coast. From there it will be put in boats and go on to Russia. All transportation is being donated.

"In order that those in need get these supplies by fall, it will be necessary to send them in the near future.

"Please deliver your bundles by July 1 to Mrs. Lyle Brandon, Red Cross Room, Littlefield; Mrs. S. D. Hay, Red Cross Room, Sudan; Mrs. I. B. Holt, Red Cross Room, Olton; Mrs. R. H. Campbell, Methodist Parsonage, Amherst.

"The Amherst Parent-Teacher Association is continuing its Fat Salvage collection during the summer months. You have heard the appeal on the radio many times and know how vital fat is in the war effort. Mr. Hamilton at the Amherst locker plant will take care of it for you.

"Mrs. Lester LaGrange,
