

## Parents Okay Polio Vaccination Plans

**THIS IS SPRING?** The first day of Spring officially, at least, blew into Lamb County right out of the North Pole. Instead of flowers and birds, residents saw snow blow and swirl for almost six hours Monday morning, and temperatures dropping to 13 degrees. Most of the snow melted later Monday, with little appreciable moisture being retained in the ground. Although a few irrigation wells froze up, little damage is expected to result from the cold temperatures to trees and flowering shrubs. These two areas were made on Phelps avenue Monday morning during the height of the snowfall. (Staff Photo)

More than 88 per cent of the 1950 first and second grade pupils in 19 Lamb county public schools will receive the new Salk polio vaccine about April 12, if it is approved and licensed by April 1. George White, county chairman of the National Foundation for Infantile Paralysis announced Monday. White has tabulated the number of parental requests for the vaccine early this week, and notified the State Foundation of the amount of vaccine that will be used in this county.

White announced that requests have been received from parents of 1157 of the 1,300 first and second grade pupils in the county. Approval of the vaccination program is relatively high among parents, although not as high as the committee had hoped it would be, White announced.

At Spade, 44 approvals were received from 46 parents; at Dunbar, 42 out of 75; Littlefield, 69 out of 457; Amberst, 67 out of 81; Sudan, 94 out of 101; Sudan colored school, 49 out of 22; Springdale, 178 out of 203; Springdale colored school at Earth, 15 out of 14; Otton, 244 out of 271; and Otton colored school, 34 out of 36.

The discrepancy at Earth is explained by the fact that one pupil was added to the school.

Percentages of requests by schools is as follows: Spade, 95; Dunbar, 87; Littlefield, 88; Amberst, 81; Sudan, 94; Sudan colored, 88; Springdale, 88; Earth, 100; Otton, 89; Otton colored, 95.

The Salk polio vaccine is the product of the Salk Institute, the Littlefield chapter of the National Foundation for Infantile Paralysis.

The vaccinations will begin April 12 at Littlefield, where pupils from Littlefield, Dunbar and Spade will receive the vaccine. April 13 at Sudan for Sudan, Sudan colored, Amberst, Springdale and Earth colored. At Otton April 14 for Otton and Otton colored pupils.

The second shot in the series of three vaccinations will then be given April 19, 20 and 21 with the final shot given May 16, 17 and 18.

All schools are expected to be disbursed by May 21, so the timing of the vaccinations is almost critical, White said.

The vaccinations cannot be started earlier than April 12, he pointed out, due to the Easter holiday April 13.

Publication of the results, and approval or disapproval of the vaccine will be known shortly after April 1.

In the meantime, all professional and volunteer aid has been organized in the county to begin the administration of the vaccine pending the approval.

**COPY, PLEASE**  
We're getting the deadline jitters about the March publication date for our Historical Edition. There would all those who have kindly consented to pre-histories of their organizations for the big edition, please get them to us by Saturday noon of this week.  
It's going to be a big job just editing the mass of material, and we are going to need all the time we can get to get the big one together.  
We'll appreciate it a lot if you will get your copy to the editorial office by noon Saturday, March 26.

### Toastmasters Change Date To Monday

The Toastmasters Club held their first regular meeting at the Town House restaurant Tuesday night, and voted to change their meeting date to Monday of each week at 6:30 p.m.  
Joe Ferrell was topic master, and each member of the club gave a one minute talk on an assigned subject. Following this phase of the program, Bill Street, Marshall Howard, James Shotwell and Judge E. A. Bills presented five minutes prepared talks.

The club voted James Shotwell life club trophy, a bottle of cat-soup, for having given the best talk of the evening.  
A full membership of 20 is now enrolled in the club.

### Local Students At Student Council Meeting In Denton

A group of Littlefield High school students will present a panel discussion of safety for teenagers during the Texas State student council meeting in Denton Thursday through Saturday of this week.

Representatives of the local school included Milton Vaughn, Don Howard, John Clayton and Charles Duvall. They are accompanied by student council sponsor Jimmy Hine.

More than 1500 students and teachers are expected to attend the meeting on the campus of TSCW.

### Nearly News

Old Williams tried to take the easy way out of Operation Hysterical Ed. He stuck his foot in the big press and went to the hospital. But after Doc Maurer whittled the end off one of his toes, he decided he'd be better off working, so he's back in the salt mines, laying out ads.

While he was laying in bed, hovering between life in the hospital and life on the newspaper, Soc. Ed. Bernie Douglas bought him a lily, just in case he didn't make it.

Everyone is being very cooperative in writing stories for the historical edition. We couldn't get it out without such cooperation. Most of the churches, clubs and schools have already turned in their histories, and the few remaining are expected in a day or two.

It's going to be as complete as we can make it, but, of course, it's bound to end up with some glaring omissions in things that obviously should have been included but for one stupid reason or another either got overlooked, or just couldn't be gotten around to. We may all have to leave the state, the day after it comes out. (If you know of something we should be getting a story on and haven't, please let us know before it's too late, will you?)

Pete Pituitary was explaining to Chief Walraven this week how his wife doesn't exactly park their car. She just abandons it. But he still had to pay the overtime parking ticket.

**THE LAST BIG ROUND UP ON THE OLD SPADE RANCH.** These 6,000 steers were sold to W. S. Jones and H. B. Price of Kansas about 1937, and were raised by Ellwood of Lubbock. At the time of the sale Ellwood commented that although he had sold the Kansas men from six to nine thousand steers each year for several years, the time had come when they must look for cattle elsewhere, as the farmers were taking over the range land as fast as titles could be completed.

### Song Service Set for Sunday Nite at Church

An old fashioned song service will be held in the sanctuary of First Methodist Church, Littlefield March 27 at 7:30 p.m., according to Albert Miller, president of the Methodist Men of Littlefield.

This is the second such service sponsored by the group, the first having been held six months ago.

Service will be directed by Homer Garrison, vice president of the organization, and president of the Lamb County Singing Convention.

Mr. Miller stated that the entire service will be devoted to singing the old time gospel songs. There will be no preaching. The singing will last as long as there are folks who want to sing. Quorians from all over the South Plains have been invited to attend.

All people who like to sing are invited to attend the Sunday night service.

### Gospel Meeting At Whitharral

Bobby Hoover of Lubbock will be the evangelist in the week long gospel meeting starting Sunday at the Southside Church of Christ in Whitharral.

Services will begin at 8 p.m. each evening.

### Spring Band Concert Will Be Presented April 1, 7:30 p.m.

The annual Spring concert of the Littlefield school bands will be presented April 1 at 7:30 p.m. in the High school auditorium, according to Betty Harris, director.

The intermediate band will lead off the concert with The Salsas March, followed by Carnival King overture, and Our School march.

The Junior High band will follow with Walters' Burst of Trumpets and the moving Children's Prayer from Hummerdine's House and Garden. They will play Rhapsody by Chickering and Roy Anderson's Blue Tango.

The senior band will carry the bulk of the concert, beginning with Latham's Brighton Beach march. Brahms Ballade in D Minor will follow with the bright and flashing Black Canyon of the Gunnison by Erickson next on the program.

Conquest, by Newman, and Cuzon's pass, double, Bravada, will be presented by the senior band. George Gershwin selections and a novelty, Hey, Pedro, will precede the final selection, Dark Town Stuttery, Ball.

A feature of the concert will be the rendition of Autumn Serenade by the saxophone quartet.

Admission to the concert will be 50 cents for adults and 25 cents for students.

### Field Day For Dual Purpose Breeders Set

The annual field day for milking shorthorn breeders on the South Plains will be held March 31 at the Littlefield fairgrounds stock barn, according to V. M. Peterman, dual-purpose stock breeder.

Peterman announced that some of the most outstanding herds in the area would be shown, and that awards would be given the best herd animals, as well as awards for judging by 4-H and FFA teams.

The Littlefield Chamber of Commerce will serve free coffee and doughnuts, and the shorthorn breeders will serve free milk.

### Albert Lorenz Family Home Burns Monday

Mr. and Mrs. Albert Lorenz and their four year old son, Benjamin, narrowly escaped a late Monday morning fire which burned the ground eight miles southwest of Anton.

Lorenz and Benjamin were the more seriously burned in the fire which started after Lorenz poured boiling water into a can to thaw some pipes.

It is thought that the can apparently contained some kind of acid that caused the explosion and resulting fire.

### Barnetts Are Parents Of A Son

Mr. and Mrs. R. L. Barnett are parents of a son born at Medical Arts Hospital March 19, weight seven pounds, twelve ounces. He has been named Richard Kelvin.

The Barnetts have a daughter, Shirley, and two other sons, Neil and Donald.

All unreserved copies will be sold on a first come, first served basis.

## Sunday Ceremony Unites Betty Nixon, Mr. Horton

MRS. CLAUDE LEE HORTON (John Nail Studio)

In a mid-afternoon ceremony read at three o'clock Sunday, March 20, in the Whittarral Baptist Church, Miss Betty Nixon and Claude Lee Horton were united in marriage.

Parents of the couple are Mr. and Mrs. James M. Nixon and Mr. and Mrs. J. D. Horton, all of Whittarral.

Officiating at the doubling ceremony was the Rev. Claude B. Stovall, pastor of First Baptist Church of Fritch. The couple stood before a white archway covered with greenery and blue carnations, flanked on either side by small potted palms.

Mrs. Weldon Newsom played traditional wedding music and accompanied Miss Madeline Wyatt as the "Bridesmaid" and "The Lord's Prayer."

When it was time for her father, she made a touching and touching length of every satin which featured an intricate and a fitted bodice with a lace collar and a fitted bodice with a lace collar and a fitted bodice with a lace collar.

Miss Elva Wade of Lubbock, most of whom, wore a smart crested dress of blue and white tulle. She carried a colonial bag, and a white carnation. Miss Patricia Quinn and Miss Peggy Shedd, bridesmaids, wore beige dresses identical to Miss Wade's. They carried bouquets of pink carnations.

A Dr. Billy Horton, Tucson, Arizona, served as minister at the altar. David Stout of Vernon and Coda Stephenson, Jr., were ushers.

A reception was held in the church parlor immediately following the ceremony. In the houseparty were Miss Joyce Bryant of Lubbock, who registered the guests; Mrs. Jack Millburn, who prepared punch; and Mrs. Norman Hodges, who served the cake. Background music was furnished by Mrs. Betty Jones, Mrs. Coda Stephenson, Mrs. Elva Crank and Mrs. Newsom.

The serving table was laid with a cutwork cloth over blue and centered with silver wedding bells surrounded by the attendant's bouquets, back of which were blue candles. Other appointments were of crystal and silver.

For her going-away costume, Mrs. Horton chose blue antique taffeta, princess style.

After a wedding trip the couple will be at home south of Whittarral where the groom will be engaged in farming.

Both the bride and the groom are graduates of Whittarral high school. Mrs. Horton attended Isbell's School of Beauty in Lubbock.

Miss Howard and Miss Evelyn Howard, Mr. and Mrs. Claude Stovall, Jr. and family, Mr. and Mrs. E. G. Wade and Weldon Wade, all of Lubbock; Mrs. Robert Lee and children; Mr. and Mrs. Bill Lobenstein and children of Aberrathy; and Mr. and Mrs. Byron Lee of Whitetace.

## LFD Missionary Baptist Offer Bible Study For Youth

A series of lessons designed for boys and girls on the book of Ephesians has just begun at the Littlefield Missionary Baptist Church, 1117 Drive and 5th Sts. These classes meet every Sunday evening from 7:00 to 8:00. Mrs. Weldon B. Meers is the teacher of the class.

These lessons are presented on a flannelgraph board where the child sees as well as hears. Mrs. Meers has spent many months in writing these lessons and designing the pictures whereby every verse is visualized.

Working with her on the art work were the following artists: Mrs. W. Parker, Mrs. Durham and Mrs. Bobbie Pool of Whiteface. Previous to the writing of these lessons, Mrs. Meers had written a verse-by-verse commentary on the book of Ephesians which required a number of years of work. Though there are many good flannelgraph lessons on the market on various subjects, this is the first time anyone has visualized the book of Ephesians for boys and girls in a verse-by-verse study.

These classes are open to all boys and girls who may desire to attend and who are not in regular service of some other Church of the city.

ELLEN ALLEN, Junior student in Littlefield High school, is shown receiving an award of \$10.00 from Mrs. Olen Pressley, chairman of the Education Committee of the Woman's Club, for having written the best essay on "Our Texas Heritage." ## Easter Sunrise Services Set By Boys Ranch Committee

The boys at America's First Boys' Ranch, Amarillo, are planning to observe Easter with sunrise services.

Beginning at 6:15 a.m. on Easter Sunday the boys will gather for the program. They have placed three 9 ft. crosses atop the highest hill overlooking the Ranch and in the early morning dawn the boys will assemble at the foot of the crosses for the impressive worship service.

The little six to eight year old youngsters will participate by singing several numbers and the older group is also planning several selections. Carl Orth, Chaplain of the boys' non-denominational Chapel at the Ranch, will conduct the special program.

Easter is a special occasion at Boys' Ranch for another reason. It officially opens the swimming season. This is one of the boys favorite activities at the Ranch and they have two fine spring fed lakes equipped with two diving boards. The boys eagerly await Easter regardless of the weather the boys always carry out this tradition.

This is one of the oldest traditions at Boys' Ranch and one they begin in the early morning hours on Easter Sunday with a quick dip in the lake. It is always quite a race and something the boys talk about all year to see who is going to be the first one to dive in.

Excitement has been running high for several weeks now at the ranch and they are planning their best Easter service to date.

## Coffee Flavor For Desserts You Can Add In An Instant

It's the easiest thing to make elegant coffee desserts these days. The Little Emperors pictured look like hours of work. With tea wafers for layers and a simple but flavorful coffee mixture for filling, Little Emperors are in the easy-to-make class.

Coffee flavor is added in an instant with Nescafé. There is no need to brew double-strength coffee these days. In many recipes, you can add this instant coffee, dry, right with the other dry ingredients. As a general recipe rule, 2 teaspoons of dry Nescafé give the equivalent of 1 cup of liquid double strength coffee.

With the Little Emperors, serve steaming cups of Nescafé from your most elegant server. It's none too grand for this excellent quality coffee.

**Little Emperors**  
COMBINE and stir until dissolved  
2 tablespoons Nescafé  
2 teaspoons hot water

ADD and blend well  
1/4 cup butter, softened  
1/2 teaspoon maple extract  
dash salt  
1 7/8 ounce jar marshmallow cream

SPREAD on 3 oblong tea wafers (2 1/4" x 1 1/2")  
Nescafé mixture

Place one above the other  
Repeat until filling is used up.  
Chill.

YIELD: 2 dozen

### SPRITZ COOKIES

It's always a good idea to keep a supply of cookies on hand for filling the school lunchbox and for light refreshments when the youngsters bring home friends after school. Your house will be a popular gathering place when your cookie box is filled with these yummy spritz cookies!

(Four Dozen)

1/2 cup margarine  
1 cup sugar  
2 eggs  
1 teaspoon vanilla extract  
1 tablespoon cream  
2 1/4 cups sifted flour  
1/2 teaspoon baking powder  
1/2 teaspoon salt  
1/2 teaspoon nutmeg  
1 1/2 squares unsweetened chocolate, melted

Cream margarine. Add sugar gradually, creaming until light and fluffy. Add eggs and beat well. Stir in vanilla extract and cream. Sift together flour, baking powder, salt, and nutmeg. Add to margarine mixture about one-fourth at a time, mixing well after each addition. Divide dough in halves. Leave one half plain. To other half add cooled melted chocolate and mix well. Fill cookie press and form cookies on ungreased baking sheet. Bake in moderately hot oven (400° F.) 8 to 10 minutes. If desired, decorate cookies with colored sugar before baking. Or the baked cookies may be decorated with confectioners' sugar icing and coconut, nuts, or candied fruits.

For other tasty and nutritious kitchen-tested recipes, write the National Cotton Council, P. O. Box 76, Memphis, Tenn., for your free copy of "Make It With Margarine," an attractive new booklet in two colors.

## Faith And A Good Conscience

By Tommy Williams, Minister

"Holding faith, and a good conscience; which some having put away concerning faith have made shipwreck" (1 Timothy 1:19).

In this passage of scripture, we have two great buliding principles of the Christian life. If these are properly understood, and allowed to operate together in our lives, we will be led right.

The proper source of faith is the word of God. "Faith cometh by hearing, and hearing by the word of God" (Romans 10:17). Faith based on God's word will be faith in the right things.

The function of the conscience is to inwardly approve our own attitude and actions, or to point the accusing finger of disapproval if we have not behaved according to our faith.

Now, if we believe the

right things, and keep our consciences approving, we will go astray. Faith will not guide us without operating in accordance with a clear conscience which keeps us from going astray if we did not believe in the right things.

It takes both: faith in the right source and in the right things, and a conscience that keeps us in line with the paths of righteousness and duty.

**'Jupiter's Darling' Coming Sunday**

"Jupiter's Darling," one of the most spectacular musical to come from M-G-M, opens Sunday at the Palace Theatre, with Esther Williams, Howard Keel, Marge and Gower Champion and George Sanders in the starring roles, and with Richard Haydn, William Demerest and hundreds of Roman and Carthaginian "warriors" in the supporting cast.

Unfolding a laugh-song and dance-filled satire on Rome, 216 B. C., the new offering was filmed in CinemaScope and color in scenes entailing a total of 82 sets, some of them the largest ever built on the Metro lot. Running the gamut from vast Roman forums and three blocks of Roman streets to spectacular pools, the sets necessitated use of more than half of the studio's sound stages in addition to three exterior lots.

**Letters To The Editor**

Amherst, Texas  
March 21, 1955

Sirs:  
In reading "Nearly News" in Sunday edition, Mrs. Neal Douglas was reminiscing about the old days of "mud."

Maybe what I am about to say will amuse you as much.

I remember in January or February of the year 1928, when I went off the porch that morning to board the school bus, it was snowing. I said to my family, "Bye, I'll see you in a week or two."

When school dismissed that afternoon we boarded Uncle Tom Duggans bus and started home. We got to the south corner of the Boyd place to turn east and could go no further. Uncle Tom walked to Mr. Criswell's and got a wagon and team and came back for we school children. By the time we got to Mr. Criswell's house we were nearly frozen and it was getting late. So Mr. Criswell and Uncle Tom decided to take us all back to town. That was on Tuesday. I stayed in town until Saturday morning before my brother could get to town in his old model "T" to take me home.

Where are those snows?

Looks like **Buick's**  
**Biggest Year**

It's been happening week after week. More people coming in every day to see, sit in, sample and select the '55 Buick of their choice. More people than ever before in our history.

That's why you see so many new Buicks on the road today. And that's why - to meet this unprecedented popularity - Buick production has been boosted to the highest levels of all time.

### Buick Sales Are Soaring

The simple measure of it all is this: *Buick is so "hot" an automobile that it now outsells all other cars in the United States except two of the best-known smaller cars.* And for reasons sound, substantial and thrilling.

Buick styling, you see, was never so crisp, clean, distinctive. Buick horsepower was never so high - Buick interiors never so rich - Buick's great ride never so satin-smooth and steady.

But there's something else, too - something vastly different and exciting.

*Never before was there any motoring thrill like the*

A DIRECTORY OF SERVICE

## New Truck Will Improve Catering

The fame of the barbecue at the Black Angus has spread and has created a considerable demand for the services of owner Fred Foust. He is engaged to prepare barbecue dinners for many private and public gather-

ings.

To make this work easier and to enable him to do a better job, Fred is outfitting a special truck with all the equipment he needs to do an "on-the-spot" barbecuing in a professional manner. He will now be able to give his out-of-town customers, particularly, better service than before.

The Fousts opened the Black Angus just a year ago, but the demands for their service has increased so rapidly that this expansion is necessary. Business in

their cafe is also brisk. Their buffet style service is very popular and the food so good that everyone who eats there once becomes a steady customer.

Fred acquired the barbecuing skill as a hobby during his Navy days. His back yard barbecue pit became such a popular place that he decided to go into the business after Uncle Sam retired him. He was a Chief Petty Officer when he completed the re-

quired time for retirement.

# News from Spade...

By Mrs. Joe Prater  
The high school seniors were honored with a banquet in the Baptist Church annex March 17 at 8 p. m. with members of the W. M. as hostesses. The theme of the program was "your shining hour" brought in the form of a radio program from Station "BAP Tist". Raymond Wiley was announcer, and Jim Hardwick was master of ceremonies.

The pastor, Rev. W. F. Smith, gave the invocation. Don and Lester Mouser played a musical number. Tam Pointer, Maudean Tinsley and Willie J. Griffin sang "Donny Boy" accompanied by Betty Byars, Wanda Bryant, Lu Stuttenfield, Pat Pointer and Kay Hoelscher sang "Beautiful Ohio" accompanied at the piano by Betty Byars. The guest speaker was Rev. Quint Farley pastor of the Parkview Baptist Church in Littlefield.

The head table at which the songs and speaker sat was centered with blue poster board, graduate cap with white tassel and by each cap an imaginary diploma tied with blue ribbon was placed. Approximately 40 attended. The group consisted of seniors, young people of the church and those taking part on the program.

Madames Neal, Trull, Bayne, McCurry, Charles Park and Raymond Wiley served tables.

The menu consisted of tomato juice-cocktail, ham, green beans, fried yams, cole slaw, rolls, butter, pie and iced tea.

Mr. and Mrs. C. H. Park and family of Lubbock have moved to the house recently vacated by Mr. and Mrs. Clarence Bunkle and family. Ann and Tommy are going to Spade school and Wanelle is staying with her sister Marie and attending Amherst school.

Mr. and Mrs. Clarence Bunkle and family have moved to their farm northwest of Spade.

Mr. and Mrs. Roy Sellers, Sr. and family visited their daughter and family Mr. and Mrs. Preston Pointer during the week end.

Miss Joyce Young of Friona visited her grand mother Young last week. She is a bookkeeper at the grain elevator in Friona.

### NEW DAUGHTER

Mr. and Mrs. E. L. Harston are the parents of a daughter born last week in the Littlefield hospital. This is their third child. The father is a farmer. The mother was formerly Cressie Garnett, whose father was preacher at the Spade Church of Christ several years ago.

Mr. W. O. Jones of Amarillo visited his son and family Mr. and Mrs. W. B. Jones last week.

Miss Marie Pirk underwent a tonsillectomy in the Amherst hospital last Friday.

Mrs. Charles Mills underwent appendectomy in the Medical Arts Clinic in Littlefield last Tuesday.

Little Samuel Lewis of Earth visited his grand-parents Mr. and Mrs. A. P. Sisk Saturday night and attended the volleyball tournament.

Madames Bill Thompson, Robert McCurry and Bayne McCurry, of the Spade Jr. H. D. Club, and Madames Travis Hogree and Joe Dyer of the Sr. H. D. Club attended the monthly meeting of the Lamb County H. D. Council in Amherst last Wednesday. Mrs. Thompson was elected third delegate to the district meeting in Morton April 28.

Mr. and Mrs. W. M. McCurry are putting a new roof and rearranging the front porch on their home.

Alvin Tinsley has drilled a new irrigation well on the Barker farm where he lives.

An irrigation well has been drilled on the J. R. Kayserfall farm one mile north and one mile east of Spade. Wm. E. Shyden lives there and will farm the place this year.

Mrs. E. C. Glass was a patient in Littlefield hospital last week.

The Spade Jr. H. D. Club met Tuesday, March 17 at 2:30 with

home of Mrs. Aubrey Nienast on Thursday, April 7 at 2:30 p. m. She lives 3 3/4 miles north of Spade on the Spade-Oilton highway.

Mr. and Mrs. Charles Tyler, and Randy and Donna of Friona, formerly of Spade, visited his parents Mr. and Mrs. T. S. Tyler of Spade over the week end.

The W.S.C.S. met Monday at 2:30 in the Spade Methodist Church. The second lesson on "That They Might Live" was held by Mrs. C. C. Byars.

Spade is entered in the Plainview Volleyball tournament beginning Monday, March 21 and closing Saturday night. Whitharral received the first place trophy in the high school bracket. Spade A won second place and Plainview third place. In grade school bracket the Whitharral team won first place trophy. Three-way second and Amherst third. In consolation play for high school Nazareth was awarded a trophy and in grade school consolation Per placed first.

Mrs. Hazel Hickman gave an interesting demonstration on "buying laundry equipment". Refreshments of lime punch, white cake squares with green icing, and vanilla ice cream were served to Mrs. Thompson, McCurry, Glenon Pell, John Urub, Hazel Hickman and the hostess. The next meeting will be in the

 ing in this newspaper, as well as all AP news  
 dispatches.

Anonymous reflection upon the character,  
 or reputation of any person firm or cor-  
 poration which may appear in the columns of  
 this County Leader will be gladly corrected  
 and brought to the attention of the pub-  
 lic.

Editorial is not a writ from on high; it's just  
 one man's opinion."

### Justifies The Means"

Two following quotations were taken  
 from the same issue of the same magazine  
 on recent pages, of course.

"The Soviet Union firmly and consistently  
 maintains the possibility of the peaceful coe-  
 existence of the two systems — socialist and  
 capitalist."

"The destruction of the capitalist order  
 is the replacement by the socialist order is  
 an inevitable process."

"The magazine which carried these two  
 contradictory statements was probably not  
 destroyed. It is typical of communist tacit-  
 ness that the second statement was the one  
 printed."

"The reason that the capitalist system  
 is itself the seeds of its own destruction,  
 is that it would not be followed by  
 the socialist order unless the socialists were  
 organized in a militant party prepared to  
 control for the people when the capital-  
 ist order became too rotten to defend itself  
 before some other order replaced it. So  
 the communists justify lies, terrorism and  
 other weapons that come handy by say-  
 ing that it is all done by necessity in order  
 to do for the people."

### Out 4 Cent Stamps

The 3-cent stamp on your letter no longer  
 covers the cost of handling it. An increase to  
 4 cents on the first ounce only would erase  
 the deficit, and would put the added bur-  
 den on the user, rather than on all taxpayers.  
 It is a matter of simple arithmetic. In 1932,  
 the 3-cent rate was established, the  
 cost of handling a first-class letter was only  
 3 cents. By 1954, the cost had almost dou-  
 bled. It was 3.12 cents per letter. And it may  
 reach 3.35 cents this year, the Post Office

reasoning behind Postmaster  
 General Summerfield's re-  
 quest that the Congress  
 grant the increase. He knew  
 that any such request would  
 have no popular appeal, but he also realized  
 that Post Office Department costs have prac-  
 tically doubled since that last increase in

the Post Office is being operated on a pre-  
 war price level, but on a post-war cost level.  
 In the past nine years the Department has  
 operated at a loss of more than \$4 billion.  
 The many economies and efficiencies  
 introduced by the new Post Office adminis-  
 tration during its two years in office.

The interest alone on this portion of the  
 national debt is costing the taxpayers more  
 than \$100 million per year.  
 In seeking the postal rate increase, the  
 Post Office emphasized:

In terms of increases in most prices  
 since 1932, the 3-cent stamp would cost 6  
 cents today.

Compared with the proposed increase,  
 the postage in Canada, already charges 5  
 cents on its first-class mail.

The proposed increase would apply to  
 first ounce only; any overweight would  
 cost only 3 cents per ounce.

About three-fourths of all letter mail in  
 the United States originates with commerc-  
 ial users; therefore an increase of 1 cent on  
 first ounce would cost the average fam-  
 ily somewhere around 10 cents more a  
 month.

Although first-class mail in 1954 ac-  
 counted for 51.9 per cent of the total pieces  
 mailed — including some air mail service  
 — it brought in only 39.3 per  
 cent of the total Post Office revenue.

There is a mistaken belief that much of  
 the postal deficit stems from airline subsidies  
 in hauling the mail and from the practice  
 of free service on franked and penalty mail.  
 These services no longer are provided by the  
 Post Office.

The Department stopped paying airline  
 subsidies effective October 1, 1953 under Re-  
 organization No. 10 of the Republican 83rd

## This Legal . . .

Included among the measures pending be-  
 fore the current 54th Texas Legislature are  
 several Concurrent Resolutions and Bills per-  
 mitting various individuals and firms to file  
 suits against the state. Applying to local  
 situations only, such measures are ordinarily  
 attended by very little publicity, and the ma-  
 jority of Texans are probably not even aware  
 of their passage.

In fact, the average individual would sel-  
 dom have occasion to ponder the question of  
 whether the State of Texas can be sued on  
 the same basis as a person or corporation.  
 One of the prerogatives of sovereignty car-  
 ried down from ages past into our present  
 day laws is that of immunity from being  
 sued. The State of Texas may not be sued  
 without its consent.

The Legislature by a proper action may  
 permit certain general types of suits to be  
 brought against the state, under certain  
 conditions and restrictions. Then, if a specific  
 situation arises which is not covered by the  
 general rules, the legislators are authorized  
 to pass a special measure to permit suit to  
 be brought.

Therefore, any person seeking to enforce  
 a claim against the state through the courts  
 must petition the Legislature for the neces-  
 sary permission, unless his claim falls within  
 some general category or type previously  
 recognized by our lawmakers.

In its preceding session, the Legislature  
 passed legislation allowing suits to be  
 brought against the state in a variety of  
 cases, ranging from action for damages for  
 personal injuries suffered in a collision with  
 a State Highway Department truck to a suit  
 for monetary damages alleged to have been  
 incurred in connection with the securing of  
 a right-of-way for a farm-to-market high-  
 way.

Sometimes, however, suits may be brought  
 against individuals holding office under the  
 State of Texas and acting as agents of the  
 State, but where the state itself is not the  
 principal party to the suit, without first gain-  
 ing consent to sue. There are numerous sit-  
 uations in which an individual officer may be  
 sued with regard to the duties and functions  
 of his office, and in which the state is not  
 directly or substantially a part in interest.

Suppose you do obtain legislative permis-  
 sion to sue the state. What happens then?

If suit is brought against the State of Tex-  
 as, and the action is successfully prosecuted,  
 you will be awarded a judgment against the  
 state. Then, it's back to the Legislature for  
 more legislation to appropriate the necessary  
 money with which the state may pay off the  
 judgment.

By LOUISE C. ALLEN

Some folks say the wife must make the  
 adjustments. For the most part that's true.  
 But in the really happy home, both husband  
 and wife have made some concessions, have  
 kept some life of their own.

Recently we visited in the home of an ar-  
 chitect whose wife is a pianist. Their house  
 is built around her interests—the front room  
 a studio, with two pianos in it; the center  
 room containing an organ; the playroom a  
 small piano for the family to enjoy. There  
 are four children, all with a musical ear.

The home in which the wife has given up  
 "everything" can be a household of temporary  
 unhappiness. For the "man of the house"  
 soon tires of being so much the center of his  
 spouse's attention that she becomes posses-  
 sive. Her interest in his outside life seems  
 like curiosity, which annoys rather than flat-  
 ters.

The man who wisely encourages his wife

Congress," a spokesman said. "These sub-  
 sidies, amounting to about \$78 million a year,  
 were transferred to the Civil Aeronautics  
 Board.

"Similarly, under Public Law 286 of the  
 83rd Congress, effective August 15, 1953, the  
 Post Office Department is reimbursed rough-  
 ly \$40 million a year by Federal agencies and  
 the Congress for franked and 'penalty' mail  
 that they formerly transmitted without re-  
 imbursement to the Department."

Summing up his Department's position,  
 Summerfield has said:

"The plain truth is that we are not getting  
 enough revenue to run the Post Office De-  
 partment on a businesslike basis, despite our  
 rigid economies and improved efficiency.

"First-class mail service under present

rates does not carry its fair  
 share of the postal costs. It  
**Service Falls To Carry Costs** is significant that whereas  
 the cost of handling the av-  
 erage first-class letter has increased by about  
 1 1-2 cents over what it was in 1932, the rate  
 increase now proposed is only for 1 cent.

"The legislation proposed on January 24,  
 1955, would yield new revenues that would  
 go a long way toward eliminating the postal  
 deficit."

## Through A Glass Darkly

By CARROLL POUNCEY

You can't expect life to begin at 40 if you  
 went like 60 when you were 20.

Mr. Charlie Guy, who writes the  
 Plainsman column for one of the papers  
 in a neighboring community, recently  
 devoted some space to recollecting  
 how he remembered Clara Bow, the "It"  
 girl of the silent movies. Does anyone here  
 remember silent movies? I thought not.

Anyway, the column told all about what a  
 lot of personality Clara Bow had, etc., and  
 we got to thinking that as people grow older,

to keep up her music, painting, golf or gard-  
 ening, is likely to stay proud of her accom-  
 plishments for many more years. True it  
 means that sometimes she is away at a con-  
 cert or exhibit when he wishes she were  
 home. But when she returns, she has an in-  
 terest of her own to talk about; a real feeling  
 of being an individual, not just a backdrop  
 for someone else's life.

All women don't need outside interests.  
 Their natural instincts and talents lie in cook-  
 ing, housekeeping, caring for little ones. They  
 are lucky indeed — and so are their men.  
 But the man who is attracted in the first  
 place by a woman with so-called talents is  
 more likely to keep the "girl he married" if  
 he encourages her to take a break from fam-  
 ily duties just often enough to feel she is  
 somebody in her own right.

not that Mr. Guy is, they spend more and  
 more time in retrospection and remembering  
 the old days.

Why, it seems like only yesterday we re-  
 member the first wrap around windshield,  
 the tubeless tire and color television. There  
 may even be some amongst us who can re-  
 call the atom bomb tests at Bikini and the  
 explosive bathing suit of the same name. Can  
 any of you old timers recollect the flying  
 saucer craze way back there a couple of years  
 ago?

Oh, we could go on and on like this, but  
 it just makes us feel older.

Fred Faust's establishment smells like our  
 home town used to at dinner time. We didn't  
 have barbecue to eat, but we did cook on  
 wood stoves, and they might not have cooked  
 as well as gas or electricity, but they sure  
 smelled better.

You can consider yourself righteous if you  
 call a spade a spade. Especially when you  
 trip over one.

They tell us that the American people now  
 owe \$275 for every dollar in existence. This  
 comes as no great startling news.

Never before have so many owed so much  
 to so many.

Speaking of feeling so old, you may be able  
 to make some people think you are young,  
 but you can't fool a hamburger with onions  
 just before bedtime.

Somebody sent us this remark about want-  
 ing to spend the Springtime in a rocking  
 chair:

The rocking chair was invented for the  
 man who doesn't need to work, can't sit still  
 and likes to make a noise.  
 Fits KOGHE to a T.

## How To Color and Decorate Easter Eggs

TO MILLIONS OF CHILDREN the country over, Easter wouldn't be complete without gay colored eggs... especially eggs they have had the fun of decorating themselves. In fact, decorating Easter eggs is a family project, for truth to tell, Mom and Dad can have as much fun coloring eggs as Junior and Sis.

And there are available today Easter egg decorating kits that make coloring and decorating easy and certain as well as fun. These kits come complete with all that's needed to get beautiful results. For instance, you might select a kit designed like an Easter basket. The bottom is perforated. This can be punched out and filled with green paper grass (grass comes in the package) to make a basket to hold the eggs.

As for the coloring itself, here's all you do:

1. For solid color eggs—purple, red, orange, blue or green—dissolve the color dye tablets in water and vinegar. For multi-color eggs, add a teaspoon of oil.
2. For the dipping, use the wire egg dippers in the package. They make dipping easy and keep fingers clean.
3. As each egg is finished set it in egg drying tray that comes with the package.

But that's not all. Egg coloring kits also contain gay little transfer patterns, and some have Easter symbol seals, also a magic crayon to write names or draw designs on the eggs. Most fun of all are paper cut-outs that transform the eggs into your favorite Disney characters—Donald Duck, Mickey Mouse, Pluto and Brer Rabbit!

the guest of her granddaughter. Mrs. Clay Bousannas and son, Jody, this week.

Walter Pogony and his sister, Miss Julia Peachey, left early week for Pratt, Kansas, her home. Mrs. Pogony is visiting their daughter, Mrs. Roy Lee Harper and family, in Lubbock, while he is away.

Tom O'Brien and his mother of Bayona, New Jersey, arrived Wednesday. He has received his discharge from the Navy. They drove through and Mrs. O'Brien will return home by air next week.

Tom hopes to make their future home in Texas. They are guests in the Nell Duffy home, where Mrs. O'Brien, Jr. and children have been with her parents several months.

Mr. and Mrs. Eryle Abbott and children and Mrs. Pearl Abbott were Hereford visitors Sunday.

Mrs. Bill Thompson of Bakersfield, Calif., arrived Sunday for a visit with her parents, Mr. and Mrs. F. Stephens and other relatives.

### SKATING PARTY

A group of seventh Graders of Amherst school enjoyed a skating party in Lubbock Monday night. Mr. and Mrs. R. C. Rice and Mr. and Mrs. W. J. Williams accompanied the boys and girls.

Mrs. T. H. Pennington had as her guests Sunday her daughters and husbands, Mr. and Mrs. Bob Harrell, Lovelland, Mr. and Mrs. George Mayo, Muleshoe, and Mr. and Mrs. Debbs Knox, Hereford.

NEW 198-HP MONTCLAIRS PROVE THEIR NEW SUPER-TORQUE BY PICKING UP SPEED ON 28% GRADE AT TEST-TRACK IN DEARBORN, MICH. '54

**NEW 198-HP BEAUTY PICKS UP SPEED CLIMBING 28% GRADE**

More power where it counts from Mercury's new Dual-Exhaust SUPER-TORQUE V-8 engine

There's a lot of talk about horsepower these days. The numbers go up and up. But what does all this extra power do . . . for you behind the wheel? This picture tells part of the story. There's so much power delivered at the wheels of this new 198-hp Mercury Montclair that you can actually pick up speed while climbing the steepest hill you can find. This is one graphic way of demonstrating the kind of instant super-torque power you have at your command in every 1955 Mercury.

More top speed is of little value to most motorists. Cars already can go far faster than most legal speed limits. You want extra power in the normal, everyday speed ranges where you do 95 per cent of your driving.

And that's exactly where the 1955 Mercury concentrates its new performance. Pickup and passing power has been boosted in all the most used speed ranges. Test-track comparisons between 1954 and 1955 models show average acceleration increases as follows: from 0 to 30 miles per hour—30 per cent greater, 0 to 60 miles per hour—22 per cent greater, under passing conditions (30 to 60 miles per hour)—22.5 per cent greater.

Used properly, this lightning-fast power gives you an extra margin of safety to use when and where you need it most. And to add to Mercury's margin of safety—there are new, 20% larger brakes that stop you faster than before. Also adding to your driving safety is ball-joint front suspension—further improved this year to give you easier, steadier turning as you take curves and corners.

We've said nothing about styling—and now there isn't room. But Mercury's all-new, lower, longer bodies are speaking for themselves right now at your dealer's. Why not stop in—soon!

who don't know the meaning of Christian redemption this much, that it is to do with a cross. Many churches are erected in the shape of a cross. At this time it is a newspaper not elsewhere. It is a sign of a good medical cross is to be together. The Christian faith, it is better known to those on the deeper one penetrates the meaning of the faith, the more luminous becomes. One might say that the cross is both in the present and the post-graduate Christian growth and

Unlimited similar cross of Christian architecture is a prettified of an ugly thing, a cruel of torture and death. Romans only in case of slaves and the vilest of the last to be crucified. People who would call it a "historical accident" is to say, if Jesus in other eras or in other he might have been being frozen to death or hung or gassed. It is neither here nor there. The meaning of the cross is not a sign of a certain wooden cross was used to kill people and a horrible way. The cross is simply two words: Sacrifice and Love. Christ died for all. He set an example of challenged and inspired all who as He said "But the cross is that He died for all. For sakes," Jesus himself dedicate myself." How did that dedication go? person will say sincerely, "to anything in reason, to Christ went farther. Not "reasonable" that He persons should give up His lesser men; but the kind of that was His, did at the limits of the reasonable.

Christians Remember might suppose that the church would have liked up the story of the cross. After the resurrection, a very ugly fact and as a handicap to the early church. Both among Jews and the cross was a kind of curse. When the Christians crucified, many a reaction was: "Ask me for Master and Lord and a criminal? Never!" But Christians went right on with the story of the cross. The gospel story more space than the event in Jesus' life. And Christian church has never nor tried to forget it. It means to us is that Christ was far more than a Greek gods who some took human shape, some shared with men their wisdom, but never suffered them. It is known to us that the cross measures the measurable love of God for all men.

Christians Forget Christians too easily forgetting Jesus set in the of his teaching. He spoke the cross, but He in the breath would speak of the of His followers. The cross stand alone for one past. It is intended to stand as a pattern for every man's life. One modern translation of the Bible, coming to the "Let him take up his own and follow me," boggled at the word "cross" and translated it as "take up his own yoke." There's no bypassing the cross of Jesus, one who meant to this: For the Christians who wants to be a follower on love's devotion. The man cannot say, if he really follows his Master, "I will do anything in reason... I will make sacrifices—that does not cost too much."

# ...a FORD V-8

Built by the world's greatest builder of V-8's

Ford has built more V-8 engines than all other manufacturers combined... over 14,000,000! And this tremendous V-8 experience has enabled Ford in '55 to turn out in quantity the finest V-8's in the low-price field. So why wait? You can get a proved Ford V-8... and start enjoying its brilliant new performance, and new-car dependability right now!

Enjoy Ford's new **Trigger-Torque Power**

For '55, Ford offers the brilliant-performing new Y-block V-8 and the even more powerful Y-block Special V-8. Both deliver Trigger-Torque power, which means you get the power you want when you want it, throughout the entire driving range of your car. With new Trigger-Torque Power you can have split-second shifts... faster passing ability for a greater feeling of security... top-notch response at all speeds. And with Ford's high-compression, low-friction design and

deep-block construction, you can enjoy smooth performance and long engine life.

**Relax in the smooth comfort of new Angle-Poised Ride**

Ball-Joint Front Suspension, which Ford introduced in its field last year, has proved itself over billions of miles. For '55 it is still better. Springs are set at an angle to absorb shock from the front as well as straight up. This provides delicate

responsiveness to cushion tiny bumps as well as husky "muscle" to flatten big bumps.

**Take your pick from 16 brilliant new Ford Models**

This year, you get Thunderbird-inspired styling in any Ford you choose. And there's a variety of excitingly new single and two-tone body colors with charmingly color-keyed Luxury Lounge interiors.

**Come in for a Trigger-Torque Test Drive!**

**HALL MOTOR COMPANY**  
LITTLEFIELD, TEXAS TELEPHONE 801

"Thanks to G-E push-button control, son—  
Starting our pump is easier than turning on a faucet!"

"It sure is easy to start our pumps with General Electric controls. Just push a button and the pump starts—that's all there is to it with G-E magnetic starters." "And you can forget about this control once it's installed. That's because its all-weather case is so well protected from rust, rain, and all kinds of weather. Even the push buttons are weather resistant!" "Now take the overload relays that protect our motor from overheating. They're in a special ventilated compartment so that the heat from the sun will not cause them to prematurely shut off the motor. This compartment is also protected with a rust-proof screen to keep out insects." "All-weather protection for the control means continued protection for the motor because the control guards our motor against damage from overloads and short circuits. And the motor itself is built to last a generation or more! Its controlled bearing lubrication and sturdy cast-iron housing keep it ready for service whenever we turn it on." "So, General Electric knows our irrigation-pumping problems and has the right motor and control team to solve them completely!"

Be sure to ask your local pump dealer for G-E motors and control for your irrigation pumps!

**STUDY CLUB PROGRAM**  
"Incomparable Texas" was the program theme when the 1955 Study club met Monday night, March 14 in the home of Mrs. Weaver Barnett. Mrs. W. O. Willingham, program director, gave the motto.

Those speaking on the program were Rev. H. F. Dunn, who discussed the topic "Economy of Texas Industries." Mrs. Tom Wood spoke on "Early Texas Homes" and Mrs. F. E. Miller discussed "Military Operations in Texas."

Following the study, Mrs. E. J. Stone, president, presided at the business meeting when a report on the Sudan Girl and Brownie Scouts was made. The Scouts are sponsored by the club and have fifty members at the present time. This is the largest number ever to be enrolled in the Sudan Girl Scouts.

Plans were also made by members to visit the West Texas Museum in Canyon the next meeting date.

Members present for the meeting were the hostess, Mrs. Weaver, Mesdames E. E. Chance, W. L. Curry, Byron Ford, J. B. Foster, R. S. Gatewood, J. A. Harris, J. T. Lybrand, F. E. Miller, C. E. Nichols, R. D. Nix, E. J. Stone, Jimmy Strange, W. V. Terry, M. S. Tollett, Tom Wood, W. O. Willingham, Ray Wood. Guests attending were Mrs. J. T. Pryor, Rev. and Mrs. H. F. Dunn.

**YOUTH DAY**  
"Youth Day" was observed Sunday at the Sudan First Methodist church when the young folks taught Sunday school classes and were in charge of the evening services.

Weymond Dunn brought the evening message on "Thy Will Be Done."

The youth formed the choir and a quartet of girls: Laquitha Heflin, Jane Lindau, Marthanna Masten and Dianne Wood sang a special.

Serving as program director for the evening services was Dianne Wood.

Mr. and Mrs. C. R. Terrell who were confined in the Arnhem hospital last week have returned to their home.

Rev. H. F. Dunn attended a "Preaching Mission" in Abilene last Thursday.

**CHURCH CIRCLE**  
The Daisy Lane Circle of the First Baptist Church met Monday afternoon at the church for Bible Study. Giving the study on the subject "Repentance" was Rev. Wayne Perry.

Mrs. Fred Meeks led the opening song "The Bible is True" with Mrs. Earl Chester accompanying at the piano.

Mrs. J. P. Arnold gave the dismissal prayer.

Those attending were Mesdames: Halber Harvey, John Harvey, Earl Davison, Fred Meeks, W. S. Morris, Jr., J. P. Arnold, R. E. DeLoach, Frank Rone, Earl Chester, Calvin Baker, Elzin Baccus, Dick West, Homer Morris and Rev. Perry.

### Lamb County Soil Conservation DISTRICT NEWS

The soil and water conservation work in the District is still going at full speed with a couple of days rest to catch up on office work when the welcomed snow ran every one indoors.

Jobs are being completed right along now so the farmers can prepare their land for the coming crop. Terracing jobs were completed this past week on J. B. Ford, V. H. Jennings, E. J. Stone of Sudan and Arberst. E. V. Sherley south of Littlefield also completed a terracing job. The Spur Experiment Station has records for 27 years showing where terracing will increase net income \$16.00 per acre per year on terraced land.

Land leveling jobs completed this season are Johnnie Gallin, east of Littlefield 55 acres, T. F. and T. S. Adair north of Springlake 7.5 and 23 acres respectively, Vergil Robbins west of Eaves 20 acres, J. E. Johnson north of Littlefield, and Eusebi C. Jones of Olton, and many others over the District. In most instances these farmers figured the land leveling would pay for itself in three years. It cuts down on the cost of cultivating and irrigation and it also cuts down on the number of times that land has to be irrigated because water is evenly distributed over the entire area.

There is more interest than ever in the interplanting of grain sorghums with cowpeas. Information received from seed dealers and others indicate the possibility of a shortage of suitable seed before the planting season is over. It would be well to arrange for the seed needed as soon as possible.

The New Era and Brabham cowpeas have been the varieties most used. A new variety, the Iron Clay was used with good results last year. There are several other varieties that can be used satisfactorily, from 4 to 6 pounds per acre should be planted. If you do not have the planting arrangements for the interplanting, it would be wise to contact your implement dealer early. Planting peas with sorghums takes no more water and you get approximately \$9.00 worth of nitrogen for about \$1.25 besides improving the soil condition.

Some dry land growers were harvested for seed this last year and showed a very nice profit. F. N. Smith of Sudan contacted his seed to a wholesaler and company for half of the seed. He had a 100 acre field of sorghum lowgrass which yielded \$22.00 per acre to his half. He also showed this grain last year and it did not fail much. He plans to do his own combining another year. There are a number of growers that may be used for seed next, duration as well as quality and they are good cash crops. Some of them are: Woodley lowgrass, Sand lowgrass, Indian grass, Sand bluestem, Blue-stemmed sorghum, and Blue panicum. These are others and if you are interested, contact the Soil Conservation Service Technicians in Arberst.

There has been some trouble as to when the Arberst Cowpeas trees would be ready for delivery. According to our latest information the delivery date is still June 1. Your harvest percentages will differ from the exact date when the trees are ready.

### Inspection of Cars Deadline Set At April 16

While but one month remains in the current Motor Vehicle Inspection period during which motorists must get their cars inspected, Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, issued an appeal to one-third of the State's car owners who have not yet complied with the law.

"There is just one month remaining," Garrison said, "in which about one-third of the car owners in Texas must have their vehicles inspected if they are to continue operating them on the streets and highways."

Monmouth W. J. Elliot, Chief of the Texas Highway Patrol, said that State Patrolmen would begin enforcement of the law on April 16th against operators of cars not bearing the 1955 annual inspection sticker.

"We are making this last ditch appeal," Garrison added, "for car owners to visit their inspection stations without delay if inconvenience is to be avoided."

### IT'S UP TO YOU

By **Howard E. Kershner, L.H.D.**  
Six foot 200-pound Ole was a champion thresher. Proud of his ability, he laid a bet with Jim Norris, the engineer, that he could shove wheat into the separator cylinder fast enough to stop Jim's engine.

In an effort to win the bet Jim took his poker and held the steam governors down allowing the pressure to rise beyond the point of safety. For a while the added pressure gave more power to his engine and the long belt from the flywheel to the separator flew faster and faster. Ole shoved in bundle after bundle of wheat at a terrific rate, but he could not "choke" the separator. As a boy of ten we watched in fascination.

This increased production continued until the rising pressure of the steam "blew up" the boiler with a loud report and Jim barely escaped with his life.

Price is the governor of production. Falling prices decrease the supply of goods in proportion to demand. Price supports such as those provided by our agricultural policy are like Jim's poker holding down the governor of his engine. They stimulate increasing production in disregard of demand until an explosion becomes inevitable.

Grasslands that should be used for grazing have been plowed up for unneeded wheat. Lands farther eastward that should be devoted to other crops have been used for wheat because of the price inducement. High prices for wheat and other supported agricultural products are destroying our export markets and are stimulating production in other lands for lower prices. Canada, Australia, Argentina and Turkey in particular are taking what formerly were our wheat markets.

If the government can pay farmers to produce unwanted products, it can also pay steel makers, automobile companies, electric appliance manufacturers and makers of television sets, planes, anything whatsoever to turn out larger quantities than the people will buy. That process cannot go on indefinitely. It will result in an explosion and far greater catastrophe than even on behalf of whom this legislation has been enacted as well as the public, than would have resulted from reducing supply in line with demand.

### Wayland International A Cappella To Appear

The Wayland College International A Capella Choir, under the direction of William E. Steward, will come to Littlefield on Sunday evening, March 27, on their seventh annual spring tour.

They will be presented at First Baptist Church at 8:00 o'clock and will take the time of the usual worship service.

The choir is made up of thirty five students from six states and four foreign countries. Koko Maeda, Honolulu, Hawaii, and Misako Hirabe, Yokohama, Japan are two senior soloists who are winding up four years of choir appearances. Malde Esmerian, Corinth, Greece, is a junior soloist.

Appearances have been made in every Southern State and as far west as California and north to Chicago. In 1952-53, a fifteen unit group went from the choir on a six weeks tour of Brazil singing in the largest cities of that country and being featured on the Fourth World Baptist Youth Conference in Rio de Janeiro. Last year the choir was presented in concert at Monterey, Mexico, on a tour that carried them to many South Texas towns.
