MRS. DANIEL R. PROFFITT of Tahoka died in this car Sunday when it collided head-on with a car driven by Willie James Wilson of Star Route 2 on Farm Road 304 about nine miles north of Littlefield. Five other persons were injured in the mishap. See Story Below

## HEAD-ON COLLISIONS TAKE TOLL

### One Killed, 10 Injured In Two Traffic Mishaps

Two traffic accidents in Lamb county Sunday resulted in the death of a Tahoka woman and injured 10 other persons in the county's most violent traffic mishaps of the year.  
Mrs. Daniel R. Proffitt, about 40, became Lamb county's first traffic fatality of 1956 when she was killed instantly in a head-on two-car pile-up on Farm Road 304 about nine miles north of Littlefield.

Her husband, 50, and four other persons were injured in the collision. Proffitt was in Medical Arts Hospital here Wednesday and his good condition and their daughter, Willie James Wilson, 25-year-old Negro, and his wife, Ellie V., their small daughter, Ella Mae, J. L. Wilson and Frank Miller were occupants of the other car. Mr. and Mrs. Wilson, of Star Route 2, were in Lubbock Memorial Hospital in good condition and their daughter escaped with no injuries.

J. L. Wilson and Miller were treated at Olton Hospital and released.  
In a similar accident about one mile east of Bula on Highway 54, five more persons were injured Sunday about 30 minutes after the mishap in which Mrs. Proffitt was killed. Four were described as being in good condition Wednesday in Medical Arts Hospital here, and

the other had been dismissed Tuesday after recovering.  
They are the Rev. Lee Furrick, Rick's Chapel Baptist minister, who was driving alone in his car, and Mr. and Mrs. C. L. Hutson, and their two small sons, Rodney and Rickey, all of Littlefield. Rickey was released from Medical Arts Hospital Tuesday.

Mrs. Proffitt died when the car driven by her husband collided with that driven by Willie James Wilson, as the Proffitt car approached the top of a grade. Proffitt was driving south and Wilson north.

In the accident near Bula, Rev. Furrick, driving west, apparently attempted to pass a third vehicle as the two topped a rise in a straight section of highway, then collided with the car driven by Hutson, according to highway patrolmen.  
Funeral services for Mrs. Proffitt were held Wednesday in Hico, Texas. Burial was in Hico cemetery under direction of Hammons Funeral Home of Littlefield.

## In Annual Dinner Friday Night

### Henry Will Be Installed As Lions Club President

Two brothers and a state representative take the spotlight Friday night when the local Lions Club holds its annual banquet to install new officers in the Community Center at 7:30 o'clock.  
Hubert Henry, local insurance representative, will be installed as president of the club for 1956-57 by his brother Ned B. Henry of Fort Worth, and Waggoner Carr, state representative from Lubbock, will be the principal speaker in the features of the evening.  
Hubert, a past vice-president of the club, succeeds R. W. (Bob) Manley as president. Other new officers are Ray Keeling, first vice-president; Boyd Roberts, second

vice-president; Paul Carmickle, third vice-president; Bill Lyman, secretary; Alvis Collins, treasurer; W. A. Wolf, tall twister; Arthur Hunt, lion tamer; and directors Bill Kelly, Albert Perkins, Landon Grissom, and Gene Mayfield.  
Hubert's brother Ned, an insurance representative in Fort Worth, is a past deputy district governor and a past president of the East Fort Worth Lions Club.  
Dinner will be served by the First Christian Women's Fellowship and entertainment for the program will be provided by Miss Leta Merle Roberts and Karlyn Hulse, accompanied on the piano by Mrs. Dewey Hulse. The invocation will be led by the Rev. Arthur Hunt, C. M. Lance, a past president, will be master of ceremonies.  
In charge of presentations are Grissom, Manley and F. L. Newton.

## Rain, Hail And Tornados Chase Temperatures Down

Rain, hail and tornadic conditions near Olton and Anton Sunday and Monday chased old man sun away for a short time, and temperatures fell out of their 100-plus porch this week.  
The hail brought some damage in the upper half of Lamb county, but southern county farms showed no ill effects from hail or heavy rain. Littlefield got 1.70 inches of rain Sunday.

Olton citizens were aroused by tornadic conditions for the second time this season, Monday, as a black funnel sent city and farm residents running for cellars. At least one farmer was hauled out, but other farmers reported no damage from heavy rains. More than three inches of moisture fell in two heavy downpours Monday afternoon and night in the Olton Hart area.  
Sunday's tornado which passed two miles north of Anton, knock-

ed down one farm house. Rains up to four inches accompanied the tornado and still more moisture was recorded later in the day when rains started again there.  
In the Spade area, heavy rains accompanied by hail Sunday destroyed some crops to the south east. Most of these farms were hauled out last year and had been replanted in grain.  
But the outlook continued to be good for dry land farms to the southwest. "The only way frequent showers might have hurt farmers there will be weeds brought on by the moisture," Assistant County Agent said Tuesday. He said that if farmers there can get in and work their crops now, and get more showers later on, prospects look good for that area. "These showers will tend to keep the increase of thrips down, too," Haney said.

## Two-Thirds Favor Will Be Necessary

By BILL TURNER

Two days before Lamb County voters go to the polls on Saturday, prospects are bright that citizens will okay an \$800,000 highway right-of-way bond issue to give this county modern, safe, four-lane roads on its two most-traveled arteries.

The only possible threat to the issue appears to be the fact that a two-thirds majority will be required for the election to pass. Citizens are being urged to go to the polls Saturday by several organizations.

Specifically, voters will be deciding upon the issuance of bonds to buy 62 miles of right-of-way for the widening of Highways 84 and 70. Money has already been appropriated by the State Highway Department for the widening of 84 between the east county line and a point two miles east of Littlefield. A total of 12 miles.

Highway 70 has been widened up to the east county line and work is partially completed on widening through the cities of Olton, Springlake and Earth.

Voting will take place in all 16 precincts of the county, with polls scheduled to be open from 8 a. m. to 7 p. m. Here are the voting places: Precinct 1, City Hall, Olton; Precinct 2, Community Building, Earth; Precinct 3, Spade School House, Spade; Precinct 4, Lamsden-Perkins Gin, West Littlefield; Precinct 5, Community Building, Sudan; Precinct 6, Community Building, Pleasant Valley; Precinct 7, F. O. Masten farm, 2 1/2 miles NE of Sudan; Precinct 8, American Legion Hall, Amberst; Precinct 9, Fieldton School House; Precinct 10, Sad House Headquarters; Precinct 11, Rocky Ford Church, South Olton; Precinct 12, District Court Room, Littlefield; Precinct 13, Beck Gin Office, Beck Gin; Precinct 14, School House Hart Camp; Precinct 15, V. T. Tanner Office, Springlake; and Precinct 16, High School, North Littlefield.

The Commissioners Court has agreed to allocate at least half of the \$800,000 to purchase right-of-way for Highway 70, and has emphasized that only the amount of bonds needed will be issued if the election passes. Most observers have agreed that \$800,000 is considerably more than will be needed at present land prices.

The state highway commission will pay for the actual construction costs. Counties are asked to pay only for the additional right-of-way needed to widen the roads.

The proposed route of the 12-mile stretch of Highway 84, for which funds are already allocated, will follow the present highway except to by-pass Bairrer on the south.  
No definite route around Littlefield has been decided. That decision will be left to the city government. The highway department has said that the entire 84 project may take as long as five years.

The highway bonds, if voted, will increase county ad valorem tax rates approximately 25c per \$100 valuation.

The average six-room modern house would cost about \$3.50 more a year in taxes to the home owner. A 177-acre irrigated farm with good house and improvements would cost about \$9.27 more a year in taxes to the owner, while the owner of a similar farm on dry-land would be taxed about \$5.95 more each year than he now is.

"Safety is the major factor in building better highways," how- ever said Highway Commissioner Marshall Formby of Plainview.

"Four-lane, divided highways are twice as safe as our present two-lane roads," Formby continued. Proposed highways through Lamb county would have a 40-foot divider between two sets of two-lane roads.

## Referendum Will Be On Lamb Ballot

The referendum issues of integration, intermarriage and interposition will appear on the July 28 democratic primary ballot in Lamb county, Wade Potter, county executive committee chairman, said Tuesday.

Although some counties over Texas had come out against putting the referendum on the ballot, Potter's announcement erased any question of whether Lamb county voters would have to decide on the three questions.

The voter will have to decide whether or not specific legislation is needed against compulsory integration in public schools, against intermarriage, and for interposition (right of petition) to halt illegal federal encroachment on states rights.

The order in which 27 candidates for Lamb county offices will appear on the July 29 ballot was released this week by Potter.

With position determined by lot, this is how the local part of the ballot will look.

For County Attorney—Curtis R. Wilkinson.

For Sheriff, Lamb County—Les- ter Hollabaugh and Dick Dyer.

For County Tax Assessor and Collector—F. H. "Muggs" Glazner and Herbert Dunn.

For County Commissioner, Precinct One—Don Bryant, Ford Lain, R. A. Green and C. M. Moss.

For County Commissioner, Precinct Three—Bill Jeffries, Ivan Fowler, and Andrew "Andy" McGehee.

For Constable, Precinct Four—F. V. "Sleet" Dillard.

For Constable, Precinct Seven—Raymond Cantrell.

For Chairman, Lamb County Democratic Executive Committee—T. Wade Potter.

For Precinct Chairman—Precinct 2, Roy W. Neal; Precinct 3, N. N. Frey; Precinct 4, Paul Lewis; Precinct 5, R. D. Nix; Precinct 8, John W. West; Precinct 7, R. L. Masten; Precinct 8, W. P. Molland Jr.; Precinct 9, Joel F. Thomson; Precinct 11, Robert Sullivan; Precinct 12, Otto Jones; Precinct 15, V. T. Tanner; Precinct 16, Pat Boone Sr.

Precincts 1, 10, 13, 14 do not have candidates. Chairmen of these precincts may be elected by write-in votes, but if they are not, they will be appointed later by the executive committee.

## BULLETIN!

Judge Bob Kirk telephoned the Leader from Austin at 3:30 p. m. Wednesday to request that we hold the press for developments of a meeting of state highway officials.

At 6 p. m. he made the following statement concerning the policy the U. S. Congress is expected to adopt within the next few days on securing right-of-way for secondary federal highways including Highways 84 and 70 in Lamb County:

## A Grim Reminder

The head-on collision which killed a Tahoka woman near Littlefield Sunday and marked Lamb County's first traffic fatality of 1956 served as a grim reminder to all of us.

The woman died instantly. She paid the toll of inadequate highways with the highest penalty.

Most of us did not know Mrs. Daniel R. Proffitt. But she might have been your mother or sister. Highway slaughter plays no favorites.

Such tragedy makes us realize that we should do everything within our power to build modern, four-lane highways . . . to build a greater safety. We know that we must do it NOW. Or tomorrow's cold, impersonal obituary may be ours.

We, as voters, have a chance Saturday to eliminate head-on collisions on our county's two main highways. No one would vote against saving lives . . . and this is the major consideration before us. The other aspects are unimportant, by comparison.

## Lamb County Man Named

### USDA Cites 12 Farmers In Federal Court Suit

A Sudan man was among 12 West Texas Cotton producers named as defendants in a federal court injunctive suit filed by the U. S. Department of Agriculture in Lubbock, it was learned Wednesday.

The 12 men were members or alternates of two review committees which heard appeals on the allotment of 1956 cotton acreage.

The suit cites the 12 men as having exceeded their authority. The action is said to be aimed at forestalling some 1,100 appeals by South Plains and West Texas farmers, including 303 from Lamb county.

Each committee heard a test case as representatives of several hundred other cases on appeal, and each case tested ruled in favor of the farmer, granting him

additional cotton acreage other than allotted by the state ASC committee and the county ASC committee.

The 12 men named in the suit are: Henry Schuster of Muleshoe, Henry Gilbert of Sudan, Arley Hartzog of Friona, T. R. Davis of Castro county, Neal Smith of Bailey county, and James H. Dobbs of Bailey county. The other six men are representatives of a territory including Dawson, Gaines, Andrews, Midland and Glasscock counties.

The test case heard locally was that of Wallace Gosdin of Sudan, and three members, Schuster, Gilbert and Hartzog, formed the review committee for it. The committee ruled an increase for Gos-

## The Roving Reporter Asks:

Are you in favor of voting bonds to secure right-of-way for the widening of Highways 70 and 84 through Lamb County?

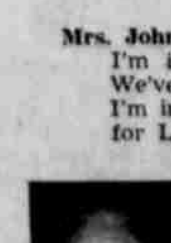

Walter Timian says . . . I think we need it. It's hard to believe anyone would vote against a project of this type that is destined to save lives.

Bill Street says . . . I'm for it because a four-lane divided highway is twice as safe. What other reason do we need.

Boyd Roberts says . . . We'll be fools if we don't take advantage of the highway commission's offer. If everyone traveled that highway as much as I do, they would certainly see the need for it.

Mrs. John Alford says . . . I'm in favor of the new highway. We've got to advance with the times. I'm in favor of anything that's good for Lamb County.

Ballard Winkel says . . . We can't afford not to build better highway facilities. With the number of cars increasing every day, we must expand our roads to safely carry the traffic.

**Widening Circles**  
 Lesson for June 24, 1956

THE doctor who wrote what we call the book of Acts must have known that his story was not the whole story. He throws his spotlight first on one leader, then on another; occasionally on a whole church. During more than half his book he follows one man, Paul. Luke could not have supposed—for his friend Paul would not have let him make such a mistake—that the story of Paul was the whole story of the church. But he knew that it is men who make history. Paul was both outstanding and typical. He was outstanding in that there is no record in the New Testament of any leader as great as he. He was typical in that for him as for others, Christianity is not a quiet stand-still religion; it must move.

Dr. Foreman

**Pioneers**  
 In the book of Acts the reader sees Christianity moving always in one direction: west. It has been going west ever since. But there were already pioneers in other directions. To the north went missionaries into the countries now known as France, Holland, Scandinavia, Great Britain. To the south went the pioneer Christians who founded the churches along the southern side of the Mediterranean and even penetrated up the Nile. To the east went pioneers who brought the Gospel to what is now Iraq. It was not long before there were Christians as far away as India. The Book of Acts closes with Paul in the world-capital of Rome. But the story of the Acts of the Holy Spirit through the Christian church is still being told. It is an unfinished story. It will always be an unfinished story so long as there are persons yet to be won. Life Magazine carried a story about the martyrdom of some young missionaries to the Aucas, a tribe of Indians in dark-

est Ecuador. It is safe to say that most of the readers of Life had not heard of the Aucas before. Indeed most American church members had never heard of them. But the point is, some Christians had, and to hear was to want to go and tell them the story of Jesus. Now there are five dead missionaries, and five widows... but it is safe to predict that some of these will go back, and others will follow, and one day it will be as safe to live among the Aucas as it is on your town street. You cannot stop the pioneers.

**A world religion**  
 Why has the Bible been translated into so many hundreds of languages? Not for fun. They don't first translate the Bible into (say) Mayan, and then start looking for some Mayans to try it on. It is the other way around. First some missionaries go to the Mayans, and they learn some to Christ. And then both the missionaries and the new Christians want a Bible in the language of the land, so some one starts to translate it into Mayan, and after some years of hard work there appears a Mayan New Testament. Some day the Old will appear too. Every translation of the Bible is evidence that missionaries have been at work. If the Christian religion had stayed where it started it would have died, but let's suppose it lived; there would be no English Bibles, no Latin, no French, only some obscure dialect of Hebrew. The existence of Bibles in English points to the work of missionaries centuries ago who brought not only culture but religion to our wild ancestors.

**Miles are made of yards**  
 We talk about the spread of Christianity, and indeed it has spread around the world. But it never spreads any farther at one time than from one person to one person. Drop a stone into a pond and presently the ripples reach every shore. But the first ripple is hardly bigger than the stone. Every road, no matter how long, is made up of very short stretches. Every mile is made of yards, yards are made of inches. You can't cover ten thousand miles without covering every inch of all that distance. A plain church member calling on a neighbor and saying a good word for Jesus Christ may not feel like a "world Christian"; but that is what he is. If the world is ever won for Christ it must be man by man. No less a person than Billy Graham has said that the most effective kind of evangelism in the world is visitation evangelism: one plus one plus one.

**Here's How To Harvest Cotton For Top Quality**

Tips on how to "Harvest Cotton for Top Quality" are given by Fred C. Elliott, Texas Extension cotton work specialist, in the July issue of The Progressive Farmer magazine. Here are seven suggestions given by Mr. Elliott:

1. Leave a 2 1/2 to 3 inch furrow in the middle at the last cultivation. This allows leaf trash to roll away from base of the row and collect in the middle where it will not be gathered by the picker or

2. Follow through with late insect control.
3. Control late grass and weeds.
4. Defoliate. Boll rots can be checked or prevented by defoliation.
5. Keep machines clean, serviced, and in adjustment. A daily washdown to remove grease, dirt, and twisted up lint is essential.
6. Handle cotton to preserve quality. Use trailers with sufficient capacity.
7. Do not use asphalt-coated pick sacks. Even the smallest of tar spots in lint are serious.

**IT'S UP TO YOU**  
 By  
 Howard E. Kershner, L.H.D.

Never were truer words uttered than by the labor leader who said recently: "Even the man with two thousand dollars or four thousand dollars income should be left with more of his income to spend in his own way, to suit his own taste, rather than to turn it over to the government, because he doesn't get his money's worth from his tax dollar." So say we all. If government could give us more satisfaction by spending our dollars for us than we can gain by spending them ourselves we would gladly be taxed 100%. But since, as the labor leader says, we don't get our money's worth from our tax dollars, the fewer of them we have to pay the better. That is why we need to limit the powers and functions of government to the lowest possible terms. The less government spends for us and the more we spend for ourselves, the greater will be the human satisfactions for all. The government-spent dollar may be worth fifty cents to us — maybe a little more, maybe a good deal less — but, at any rate, it's a losing proposition. Let's cut the government down and spend more of our own money ourselves. We'll all be happier and far more prosperous. Christian Freedom Foundation, Inc. New York 19, N. Y.

**For better eggs and better prices, the eggs should be gathered often and cooled immediately," says Herbert Hunt, "because eggs, like milk, are a perishable product." Mr. Hunt cools the production from a flock of 600 hens on his Claude, Texas farm. He uses a twelve case cooler. In the picture Mr. Hunt, left, and Jack Stallings, Universal Mills feed representative, examine cooled eggs.**

average Texas summer temperatures. Eggs deteriorate even more rapidly in hotter weather.

What does egg cooling mean to the egg producer? It has several advantages: 1. He gets a higher price per dozen for his quality eggs because the ultimate consumer is willing to pay more for eggs that he knows are quality. 2. He is assured of a constant market because cooled eggs are a better edible food product. 3. He needs to make fewer trips to market, thereby saving on hauling costs and time. 4. Obviously the investment in egg cooling equipment will more than pay off.

What kind of cooling equipment will do both the cooling and humidifying job needed to maintain quality? Tests at the Texas Agricultural Extension Service found that refrigerative equipment must be used, and that, in general, a twelve case cooler will handle the production from 1,800 laying hens by marketing twice weekly. The cost, expressed in terms of kilowatt hours of electricity per case of eggs cooled, is only 1 1/2 kilowatt hours of electricity per case of eggs cooled. This is indeed cheap insurance for keeping your market eggs at top quality. Incidentally, those who have tried evaporative egg coolers found that in high temperatures the method failed to bring egg temperatures down to 55 degrees and that humidity control was lacking. Too much relative humidity may cause mold to develop on the eggs, while too little may cause weight shrinkage, as much as 3 1/2% in five to seven days.

Most farm store dealers have access to a line of moderately-priced refrigerative egg coolers and will be glad to give you information on their particular brand.

## BULLETIN!

(Continued From Page 1)

Commissioner Marshall Formby who explained that if Lamb County approves the bond issue to buy right-of-way in the county, it will need to purchase only such right-of-way which is needed immediately for the construction of the highway for which funds have been allocated. On future right-of-ways it is anticipated that the state will participate on a 50% matching basis when the funds become available by the act of legislature.

"The commissioners minute order shows that they are interested in four-lane roads on highways that have a present traffic count of 2200 a day and expecting to carry 3500 by 1956. Highway 70 falls in this category.

"Under this matching program there would be no question that the \$800,000 will be more than adequate for both highways. Bonds will be issued only on right-of-way as definite commitments will be made for improvement. The fund cannot be used for anything except the purchase of right-of-way on Highways 70 and 84."

LEE ROY HARGROVE has been assigned as a Highway Patrolman in the Littlefield Area recently after completing patrol school at the Highway Patrol Academy in Austin June 8. The son of Mr. and Mrs. E. V. Hargrove of Dimmitt, Hargrove is a 1951 graduate of Dimmitt High School. He is unmarried.

Day for the Summer Homemaking program of Amherst High School will be on Friday, June 22, 1956 in the Homemaking Cottage from 10:00 to 12:00 a. m. The public is invited to come see the work that has been done. Refreshments will be served to all.

## Drinking And Fighting Spell Trouble For Trio

Three white men were arrested Sunday afternoon by Deputy Sheriff Elson McNeese approximately eight miles north of

Littlefield. Charges were filed against the three for drunkenness and fighting. Two men paid fines and costs amounting to \$31.10 and were released. The other one remained in the county jail.

McNeese investigated a fight Monday at one p. m. between two colored men. One of the "fighters" was lodged in the county jail and the other was treated at a local hospital for head cuts and released.

Bailey counties all set to build the wide highways right up to us, surely our pride, if nothing else, will not allow us to let these modern highways stop at the Lamb county lines.

DO YOU KNOW... that it will take the approval of two-thirds of the voters to carry the highway election Saturday. YOUR VOTE IS NEEDED!

that it will cost the average property owner in Lamb County only 50c A MONTH IN ADDITIONAL TAXES to build two modern four-lane expressways across the county.

that we pay more for the radio in our car than we do for all the roads over which we operate our automobile.

that our insurance costs us more than our highways. In fact, the amount of money we spend individually on our highways is the smallest investment we make in connection with automobile ownership.

We must take the time Saturday to save time, money and lives. Your vote to establish four-lane roads in Lamb County must be cast.

## Minor Accidents, Traffic Violators Keep Police Busy

Only slight damage resulted in an accident at 10:05 a. m., Monday, V. E. Glumpler of Star Route 1, Littlefield, received a ticket for making an improper start from a parked position.

Glumpler started his car from a parked position and struck the right front fender and bumper of a 1955 sedan driven by Mrs. Marvin Drake of Sudan. The damages to the Drake auto were approximately \$35.00. The 1950 Glumpler sedan was not damaged. Investigating officer was P. L. Chapman.

The local police issued a total of ten tickets in four days, Saturday through Tuesday. Four offenders were cited for driving without a driver's license, two for speeding, one each for improper turn, improper start from a parked position, disturbance with a motor vehicle and for failure to stop at a stop sign.

## Yarborough To Be Here On Saturday

### Yard of the Month

### 'Yard Of The Month' Winner Is Mrs. Dow

Pronounced Yard of the Month winner by a judging committee from the Littlefield Garden club, Mrs. Belle Dow of 718 East 16th simply states that she "loves growing things." Perhaps this love stems from the fact that she has always lived on a farm until about eight years ago.

One glimpse of the trim lawn and well-kept flower beds explains why the Garden Club women selected this particular yard. Mowing the African Bermuda grass is the only thing Mrs. Dow, a widow, hires done. The rest of the yard work is done in her spare time.

The flower beds which contain everything from daisies to Calladium are accented with three different types of roses, the red Pinocchio, Independence and vogue. Mrs. Dow smiled and said she "likes to exchange plants and flowers with friends" and as a result there is any number of floral species growing around the house. An abundance of both annual and perennial flowers, geraniums, petunias, irises, glads, dahlias and chrysanthemums and carnations can be found in either or both the front and back yard.

The back yard has a section planted in vegetables, while apricot, cherry, peach, plum, and crab apple fruit trees line the sides and back. Three red bud mimosa

are beginning to take growth as well as a walnut and pecan tree planted early this spring.

Mrs. Dow a native East Texas having moved here from Kaufman county in 1923. She is an active member of the First Methodist church and is the mother of three daughters, one son, and the grandmother of eight children.

All four of Mrs. Dow's children, Mrs. P. L. (Maurine) Ward of Farmington, N. M., Mrs. Ben (Avis) Cook of El Paso, Mrs. William (Martha) Park of Corpus Christi and Elwood Dow, a football coach at New Haven Teachers College, Connecticut, were graduated from Littlefield High school.

### Baptist Pastor At Spade Moves To Merkel

SPADE (Spl.)—Rev. and Mrs. W. F. Smith and family moved to Merkel Thursday where he accepted the pastorate of a Baptist church. He served as pastor of the Spade Baptist church almost three years.

### Area Residents Attend Reception For College Prexy

Local and area residents were among the members of the house party at a reception given Monday night at the Paul Sherrod home, 3323 19th Streets in Lubbock, introduced Dr. F. W. Mattox, president of the Lubbock Christian College.

The receiving line was composed of Mrs. Sherrod, Mr. Sherrod, president of the board of trustees of the college, Dr. and Mrs. Mattox, and Dr. and Mrs. M. Norvel Young.

Guests were served refreshments on the terrace from two identical tables centered with bells of Ireland and daisies. At one end was a green cake decorated with white flowers and the words, "Lubbock Christian College." At the other end was the punch bowl.

Mrs. E. R. Higgins of Olton assisted with the serving and Mrs. John Ritchey of Littlefield helped to register the guests.

Among the members of the advisory board were Mr. and Mrs. John Ritchey of Littlefield, Mr. and Mrs. Frank Bozeman of Springlake, and Mr. and Mrs. Edgar Chance of Sudan.

Others attending from Littlefield were Mayor and Mrs. Ray Keeling, and Mrs. Sam Williams.

### Home Ceremony Unites Couple

Miss Alma Collins became the bride of Bobby Tucker in a single ring ceremony read, Sunday, June 17, at 3 p.m., in the home of Rev. J. D. Evins, 411 East 13th street, in Littlefield. Rev. Evins officiated.

The bride was given in marriage by her uncle, Floyd Rogers, of Amherst.

Karen Rogers, cousin of the bride was maid of honor. Leon Moore served the groom as best man.

The bride is the daughter of Mrs. A. B. Enloe, and the groom is the son of Mrs. Ethel Tucker, both of Littlefield.

The bride wore an ice blue dress of silk voile over taffeta, trimmed with lace. She carried pink roses atop a white Bible, with white streamers tied in love knots.

For something old she wore a wedding band belonging to her grandmother. Something borrowed was the white Bible. Something blue was a blue garter.

Tommy Evins sang "Always," accompanied by Mrs. J. D. Evins at the piano, who also played Lovebirds "Wedding March" and "Here Comes the Bride."

Miss Jo Hinds cut the white wedding ring cake; and Karen Rogers poured pink punch.

The house was decorated with pink and white gladioli and baskets of shasta daisies flanked the fireplace.

Mrs. Enloe and Mrs. Tucker, mothers of the bride and groom wore navy blue dresses and corsages of pink carnations.

The bride is a 1935 graduate of Amherst High school and the groom is employed with the Livermore-Drilling Co., of Littlefield.

After a trip to points of interest in New Mexico, the couple will be at home at 806 East 7th street in Littlefield.

## Plains Farmers Out To Whip Cotton Insects

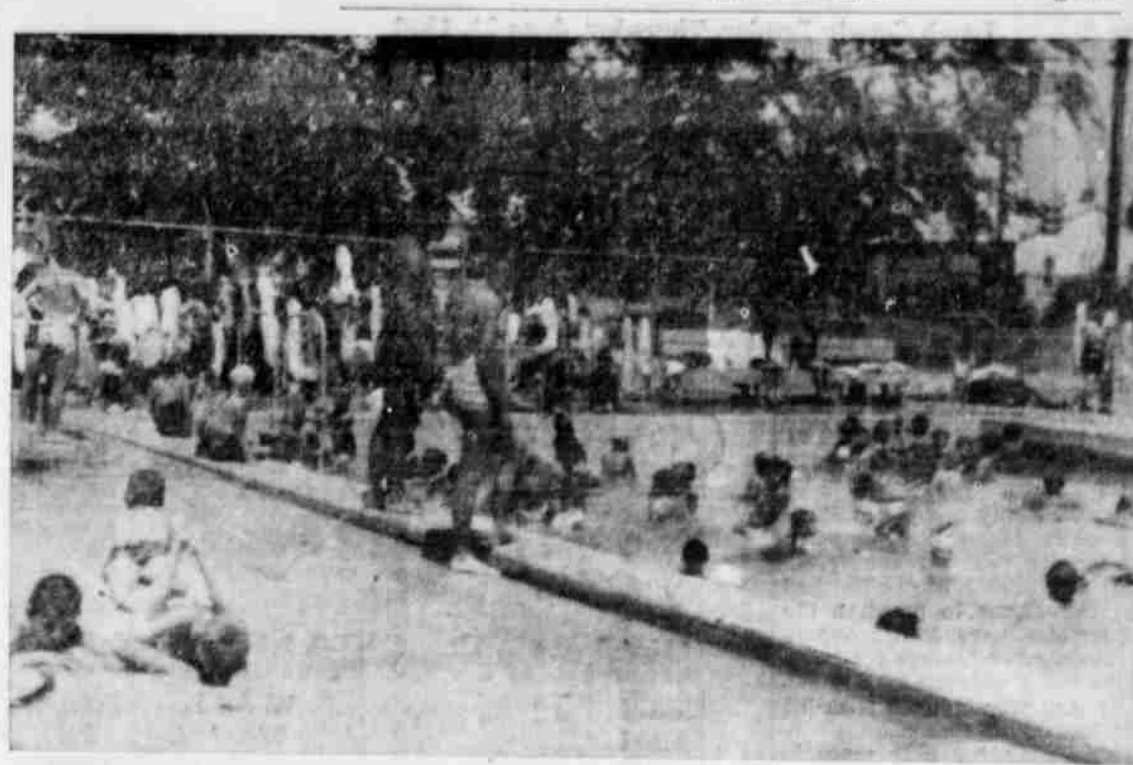

South Plains farmers are out to  
 win the cotton insect control bat-  
 tle again this year, points out the  
 July issue of The Progressive far-  
 mer magazine.  
 "The article, 'Cotton Insects, Be-  
 ware!'" tells how farmers in the  
 area have stepped up cotton pro-  
 duction through insect control.

W. L. Owens, Jr., associate en-  
 tomologist at the Lubbock Experi-  
 ment Station, has made a study  
 which shows that control of thrips  
 and fleahoppers increased yields  
 on the High Plains as much as  
 \$108.33 per acre in 1954 and \$50.44  
 in 1955. Owens believes timing of  
 the application of insecticides is  
 all important.

For the past five years the lat-  
 est information has been passed  
 along to High Plains farmers thru  
 cotton insect control meetings each  
 spring. All interested groups get  
 together and work as a team to  
 put research information to good  
 use.

The 1956 Texas Guide for Con-  
 trolling Cotton Insects, prepared  
 by the Texas Agricultural Exten-  
 sion Service, tells what poisons to  
 use, against what insects, and in  
 what amounts. These guides are  
 available in any county agent's  
 office.

For the second successive year,  
 area farmers are taking part in  
 a weekly survey of insect popula-  
 tion. They report to the district  
 extension office in Lubbock. This  
 information helps keep infestations  
 under control.

"KEEPING TRACK OF DOZENS OF BOBBING LITTLE HEADS is no small job," declares Coach Gene McCantles, Nancy Burks and Leta Merle Roberts. They are assisting Coach Gene Mayfield with the summer recreation program. James Pressley (not pictured) is also helping with the program which will continue through July 7th. (Staff Photo)

 Hostesses for the occasion were  
 Mrs. G. S. Glenn, Mrs. Pearl Har-  
 mon, and Mrs. W. A. Dysart. Nine-  
 teen members and four visitors  
 were present.

Following the luncheon, a brief  
 business meeting was presided at  
 by Mrs. Ben Davis, president. The  
 group then sang several hymns  
 before Mrs. Dysart presented a de-  
 votional on the 23rd Psalms.

The remainder of the afternoon  
 was spent quilting. The next meet-  
 ing will be July 19th.

# VFW Picks Up First Win; Lions Leading League

## WOW Takes Easy Win Over Lowe

In the first game played Monday afternoon in the Little League WOW handed Lowe & Co. a 19-1 defeat to gain their fourth win of the season.

Ray McKinny and Craig Brestrup, both 10-year-olds, pitched two innings each for the Woodmen and Kenneth Moore finished the last frame to preserve the win for McKinny. Phillip Sellers lasted only two innings for Lowe before being relieved by Roy Edwards and was credited with his first loss of the season.

Lowe got their only score in the second inning when Bolton scored on Edwards single to right field.

The Woodmen got eight runs in the third inning and seven in the fifth after getting one in the first frame and three in the second off of Sellers. All of the Woodmen got safe hits except Jerry McCain and Craig Brestrup.

Roger Sellers, Terry Hyatt and Roy Edwards all got singles for the Lowe & Co. team as they were limited to only three hits.

The game was called after five innings because of the time limit.

Winning Pitcher, Ray McKinny (1-0); Losing Pitcher, Phillip Sellers (0-1).

## VFW Racks Up First Win Of Year

The VFW team picked up their first win of the season in the last game Monday as they beat Yarbrough Food 15-4.

Jerry Potts twirled the first three innings for the Vets., was credited with his first win of the season.

Joe Huber relieved Potts in the fourth and finished the game although giving up three runs in the fifth inning.

Billy Shaw was credited with his first loss of the season. He had previously beaten the Jaycees in a shut-out 5-0 game to hand them their first loss.

VFW scored three runs in the first, six in the third, five in the fourth and one more in the fifth. Yarbrough managed to get one run in the second frame and three to the fifth for their scoring.

The game was called after five complete innings because of the

## Lions Beat Rotary 11-4 To Keep Lead

The League leading Lions won their third game in a row Tuesday afternoon by beating the Rotary 11-4 to remain undefeated this season.

Spike Jones pitched the first three innings for the Lions to re-

gister his first win and was relieved by Tom Lewis in the bottom of the fourth.

The Lions got one run in the top of the first but the Rotary scored four runs in the bottom of the initial frame to go ahead by the score of 4-1. The Lions scored five more runs in the second and five in the top of the sixth to preserve the win for Jones.

Jimmy Melton, who got three for four at the bat, was the hitting star for the Lions. Johnny Weaver and Jack Brooks also got

two safe hits for the winners. No Rotary player got more than a single and Pierce, Gage and Smith collected these in the first inning.

Winning pitcher, Spike Jones, (1-0); Losing pitcher, Jimmy Glover, (1-1).

## Jaycees Shut Out Foust Food 5-0

Two pitchers went the full six innings in the night game as the Jaycees handed Foust Food their third straight defeat by the score of 5-0.

Toney Estrado, making his first appearance as a pitcher for the Jaycees, went the route, allowing only three hits. "Dawg" Conley went the distance for the Foust Food team to absorb his first defeat.

The Jaycees punched across two runs in the second inning, added three more in the third and then coasted to victory behind Estrado's pitching.

Estrado was also the only Jaycee that got two hits. Mike Steffy, Jimmy Don Whitson and Charlie Robinson also got single for the winners.

Gage, Gonzales and Arumore are the three Foust Food players that got hits. Winning Pitcher, Tony Estrado, (1-0); Losing Pitcher, Robert Conley (0-1).

The Texas Farm and Ranch Safety Council reports that at least one Texan of late has beat the 14 to 1 odds against the tractor driver's surviving an accident with an automobile. The next driver may not be so lucky. "Don't take chances with unmarked or unlighted tractors on public roads or highways, your life depends on your being seen."

## Qualifying Starts For Golf Tourney At Country Club

Qualifying for a Littlefield Country Club golf tournament got underway early this week and will continue through Sunday.

The tournament will start with a barbecue at the club house Monday night at 7:30.

The top 16 players will form the championship flight, with first round losers forming the first flight. No consolation matches are scheduled for the top two groups.

All other flights will be formed by 35 players each and will include consolation brackets.

First matches get underway next Thursday with the finals slated for July 1.

The entry fee is \$5.00, with children \$1.50 extra.

## Local Golfers Place High In Hillcrest Tourney

Two Littlefield golfers placed high in their flights in the first annual Hillcrest Invitational Golf Tournament in Lubbock which ended Sunday.

J. V. Eagan took third in first flight medal play with a 72 hole total of 314, 10 strokes off the pace set by Bennett Jensen of Hobbs, N. M.

Alex Duggan whipped Howard Astell of Lubbock 3-2, to win the consolation finals of the second flight.

Other local golfers who participated in the meet were Boyd Roberts and Rhenard McCary. McCary shot a 79 in the first round of the championship flight and later withdrew.

Roberts won two matches before being defeated in the semifinals of the third flight.

While visiting England, Francis Cabot Lowell, a young Boston merchant, memorized details of a power loom and reproduced it from memory, thus firmly establishing the American cotton manufacturing industry in 1814.

TOKEYO JOE

## Big Bob Orton To Meet Giant Juan Humberto

Big Bob Orton, undefeated in the Littlefield Sports Arena, returns for the third straight week this Saturday night and chances for him meeting his first defeat here are pretty good as he takes a rugged champion of Mexico, Juan Humberto. The Orton-Humberto battle is the climax of a double main event that pits another popular Littlefield favorite, Luis Martinez against crafty Tokoyo Joe, the Japanese karate specialist.

Both matches are slated for two of three falls with a one hour time limit.

Orton, dubbed the "Giant Kansas Tornado," scales 6'6" and weighs a solid 260 pounds. The big man will be taking on someone in his own class this week when he climbs through the ropes against Humberto. The well-built Mexican heavyweight champion tips the scales at 240 himself and will be the biggest opponent faced by Orton yet in the local arena. Humberto is also undefeated

here in single combat, having whipped dangerous Dory Funk in two previous battles. So it is a battle of undefeated "Giants" that shapes up as a real battle to the finish.

Martinez is also appearing here for the third straight week and will be seeking his second individual victory. He was very impressive two weeks ago in whipping the Golden Terror in two straight falls. He was on the losing team in last week's tag-team battle.

Tokoyo Joe, back here after an absence of three months will be after his second victory on the local scene. He whipped Gory Gurrero in his first appearance here but took a terrific beating in a return engagement with Gurrero. The Japanese grappler is one of the most "hated" wrestlers to appear in the Panhandle territory and resorts to every dirty trick in the books (and some that have never been seen). He is a holder of the highly-regarded "Black Belt" judo award in Japan and is

the karate champion of his land.

Martinez is a young, powerfully built and polished with amazing speed and His speed and power may to be the undoing against karate tactics and event-judo chops.

The state-wrestling commission has appointed Johnny who has been seen in the arena many times as referee the two matches.

The Littlefield Sports Arena located on the Clovis Highway. The matches start at 8:00 the Martinez-Tokoyo Joe slated first. Admission \$1.00 general admission, \$1.50 ringside seats and 50¢ children.

**THE LAW**  
in Texas ★  
A public service feature of the State Bar of Texas

**Original Defendant Has Constitutional Right To Bail**  
United States a defendant in criminal action is presumed innocent until his guilt is established beyond a reasonable doubt. His guilt or innocence is established at his trial—not at his arrest.

This concept in mind it is to see why the right to bail in criminal cases is guaranteed by the Constitution of the United States, with the exception of capital offenses. A capital crime is one for which the punishment may be death. In Texas murder, treason and robbery with fire arms are capital offenses.

Persons are bailable in all cases except where the proof is so strong that a capital offense has been committed and it is probable that a jury will assess the penalty.

After making an arrest is by law to take the accused to the duty of the magistrate to examine into the truth of the accusation made. He determines whether the accused should be bailed or held for trial. If bail is set for the accused, the magistrate must set the amount. The law provides a procedure for reviewing the decisions before the Criminal Appeals.

An accused is on bail as trial commences he has the right to remain on bail during his trial. Where the punishment of a defendant is assessed at confinement in a penitentiary for fifteen years or less the defendant has the right to remain on bail pending appeal of his case. If the defendant is kept in custody more than fifteen years the moment the jury returns its verdict.

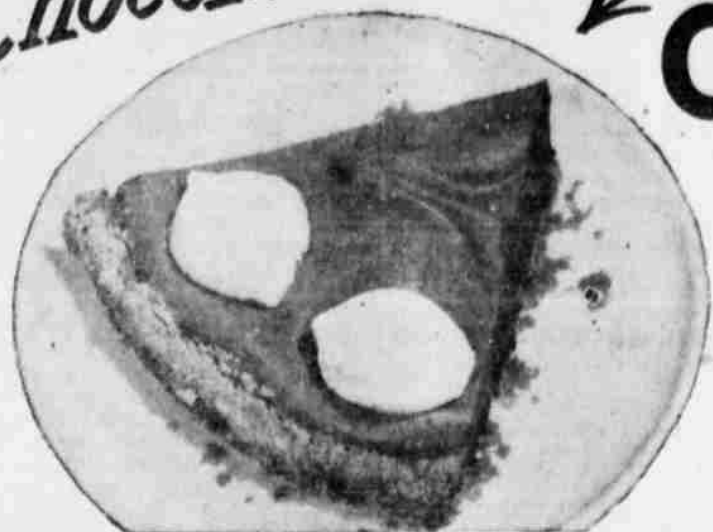

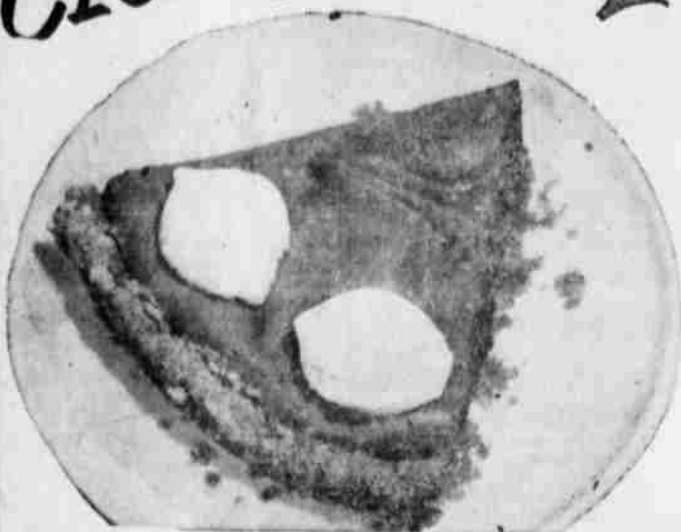

Constitution also says that a defendant is not to be set in excessive bail. What is considered a reasonable amount depends largely on the circumstances and the amount of bail must be set to assure the court that the person will appear for trial on the date set. The judge usually will ask the attorney for a recommendation as to the amount of bail. The amount recommended may be reduced, giving the judge will settle on the amount he believes reasonable in the accused's presence.

When we read of some one "skipping bail." This means failed to show up in court at the required time. In such a case the court can order his arrest. The person is still subject to rearrest and prosecution.

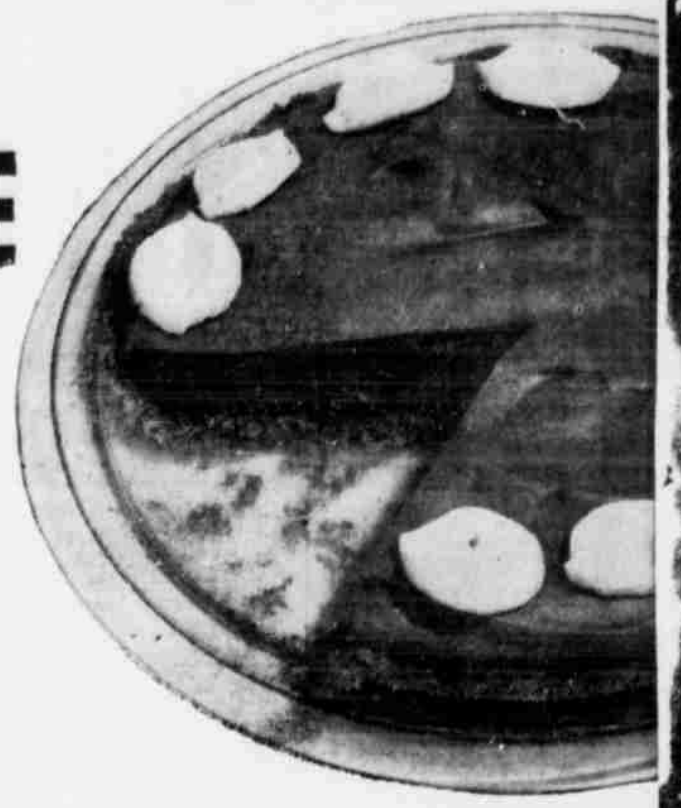

Column, based on Texas law, written to inform—not to advise. No person should ever interpret any law without the aid of an attorney who knows the facts, because the facts change the application of the law.

1 cup fine, graham cracker crumbs  
1/4 cup melted butter  
1/4 cup cocoa  
24 marshmallows, cut into pieces  
1 1/2 teaspoons vanilla

Chill 3/4 cup milk in ice tray of refrigerator until almost frozen around the edges. Mix crumbs with butter. Press in bottom and on sides of a 9-in. pie pan. Chill until needed. Put 3/4 cup milk, the cocoa and marshmallows into a heavy saucepan. Cook over very low heat, stirring all the time, until marshmallows are melted. Take off heat and stir in vanilla. Chill until mixture begins to thicken. Put ice-cold milk into a cold quart bowl. Whip with a cold rotary beater by hand, or with electric beater at high speed, until fluffy. Fold into chilled chocolate mixture. Put into crumb crust. Chill until firm, about 3 hours. Keep chilled until ready to serve. To garnish, cut 4 marshmallows into thirds. Place pieces around edge of pie.

D. DENNIS, who is the only plaintiff in said suit.  
GREETING:  
You are hereby commanded to

appear before the Honorable District Court of Lamb County, Texas, at the Court House thereof at Littlefield, Texas, at or before 10:00 o'clock A. M., of the first Monday next after the expiration of forty-two (42) days from the date of the issuance of this citation, same being the 16th day of July, A. D. 1956, then and there to answer Plaintiff's Original Petition filed in said Court on the 31st day of May, A. D. 1956, in this cause, numbered 4079 on the docket of said Court, and styled R. D. DENNIS, plaintiff, vs. N. P. CLAYBAUGH, ET AL., defendants, in which suit all of the persons hereinabove mentioned as defendants, are the defendants, and the said R. D. DENNIS is the sole and only plaintiff in said suit.  
A brief statement of the nature of this suit is as follows, to-wit: For cause of action, plaintiff represents to the court that on or about the 5th day of March, 1938, he was lawfully seized and possessed of the following described land and premises, situated in Lamb County, Texas, holding and claiming the same in fee simple, to-wit:  
All of Lots Nos. Nine (9) and Ten (10), in Block Sixty-nine (69), of the Original Town of Otton, in Lamb County, Texas. That on said date, defendants unlawfully entered upon said land and premises and ejected plaintiff therefrom and unlawfully withheld from him the possession thereof to his damage, \$5,000.00. That the reasonable annual rental value of said land and premises is \$500.00. That plaintiff claims title to said land and premises under and by virtue of three, five and ten year Statutes of Limitation; as is more fully shown in Plaintiff's Original Petition on file in this suit.  
The officer executing this process shall promptly execute the same according to law and make due return as the law directs.  
Issued and given under my hand and seal of Court at office in Littlefield, Texas, this 31st day of May, A. D. 1956.  
ATTEST:  
(Seal) Ernest L. Owens, Clerk, District Court (Publ. in The Lamb County Leader June 7, 14, 21, 28, 1956.)

**Legal Notice**  
**NOTICE TO BIDDERS**  
Sealed proposals addressed to the County Judge and the Lamb County Commissioners Court of Littlefield, Texas, will be received at the office of the County Judge until 3 P. M., June 30, 1956, for furnishing all necessary materials, machinery, tools, equipment, supervision and labor for the patching of existing asphalt surfaced roads, the paving of approximately two miles of double surface treatment and approximately seven miles of single sur-

face treatment seal coat for Lamb County, Texas, in Precincts Three (3) and Four (4). Each bidder must be financially sound, experienced and bonded to qualify for similar work on the Texas Highway Department. Bidders must submit a certified check issued by a satisfactory to the Owner, without recourse to the County Judge in an amount not less than five (5) per cent of the largest possible bid as a guaranty that Bidder enter into contract and bond and guaranty in the provided within five (5) days of the opening of bids without required check to be considered.  
The successful Bidder must furnish performance bond in amount of one hundred (100) per cent of the total contract from a Surety Company to a permit from the State of Texas to act as Surety, or other or Sureties acceptable to the Owner.  
All lump sum and unit figures must be stated in both figures. The Owner reserves the right to reject any or all bids to waive formalities, in case of ambiguity or lack of clarity stating the prices in the bid. Owner reserves the right to consider the most advantageous construction thereof, or to reject. Unreasonable or "unbid" unit prices will authorize Owner to reject the bid.  
Bidders are expected to visit the site of the work and to themselves regarding all conditions.  
Attention is called to the fact that there must be paid on a bid not less than the prevailing rates of wages which have been established by the Texas Employment Commission.  
Instructions to Bidders, all forms, specifications and are on file at the office of ENGINEERING COMPANY, Belmont Avenue, Odessa, and/or office of the County Judge, Littlefield, Texas.  
Copies may be secured from ASH ENGINEERING COMPANY or County Judge upon deposit of \$25.00, which deposit will be returned to the Contractor upon completion of a bona fide bid of work, with such plans and specifications, or upon return of plans and specifications directly after examination of and advising the Engineer of will not be submitted; otherwise the deposit shall be forfeited.

## FORD sets 500-mile record at Indianapolis Speedway

### Again proves nobody outperforms Ford

...dramatic demonstration of the kind of performance and roadability that makes all your driving more fun in a Ford!

A Ford V-8 hurtled across the brick and asphalt surface of tough and testing Indianapolis Speedway . . . whirling through the tight turns and flashing over the straight stretches . . . to set a mark that no stock car ever reached before!

Previous to Ford's record run, no other stock car had gone even one lap at Indianapolis at 100 m.p.h., but one of Ford's laps was timed at the electrifying speed of 113.7 m.p.h. And Ford averaged over 107 m.p.h. for the full five hundred miles . . . close to the average set by the extremely costly, specially-built racer which won the Memorial Day "500"!

Ford fully realizes that the welter of claims and counter claims about "racing victories" (many of them completely contradictory) must be confusing and disillusioning to the public. Ford ran this race against time, over the true "Classic" distance and at the most famous track in America, in order to dispel this cloud of doubt and disbelief and prove that no one outperforms Ford!

Peter de Paolo, leader of the team of drivers that piloted the winning Ford, states flatly: "No other stock car could have equalled this performance!" And Pete de Paolo should know, for he was

the first driver to win the "500" Classic with a better than 100 m.p.h. average. And now he comes back with a group of drivers to establish a stock car record with the great '56 Ford!

Ford wrote this new mark large and bold in the record books. And the whole Ford did the trick. From the hood-full of throbbing horsepower to the road-hugging rear end, Ford demonstrated that it has what it takes to make your driving more enjoyable. Convince yourself that driving a Ford can be real fun. Test drive a '56 Ford. There's a set of keys waiting for you, so come in and see us soon.

(From the files of the Lamb County Leader, June 19, 1924)

The annual meeting of the A. F. and A. M. Lodge, No. 117, Littlefield, held last Thursday, officers were elected as follows: Arthur P. Duggan, worshipful master; Pat Boone, warden; J. M. Pope, junior warden; Dr. W. H. Anderson, secretary; E. C. Cundiff, secretary; F. V. Barber, tyler.

Hockley County Highway No. 7, consisting of nearly 10 miles of new road work, between Littlefield and Lubbock, was completed last Friday, and Saturday morning officially turned over to the State Highway Department.

The Plateau Singing Convention will meet at Amherst, Texas, one of the new brick buildings will be seated for 100 and dinner will be served at 12 o'clock. John E. Mueller, president of the convention will be here for the purpose of organizing Lamb County.

The Lea Theatre, under the management of Messrs. A. J. Leach and Max L. McClure opened Saturday night with a show and two crowds packed the house to capacity.

Bert Mueller, Littlefield's popular pitcher left Tuesday for Austin where he has signed up with the Austin team of the Texas League at a salary of \$200 per month.

## Highlights and Sidelights From Your State Capitol

By VERN SANFORD  
Texas Press Association

Next month, for the 24th year, Texans will vote—not only on men but on issues. The Democratic Executive Committee has approved a slate of three questions on the ballot. Voters can express their desires for or against: exemption of a child from compulsory attendance at school; "perfecting" laws on the marriage of Negroes; and interposition to halt attachment on states.

Approval presumably will be a mandate for the next legislature. Such voter referendum have been used successfully. Presently, will substantially un- set up with the passage of the Terrell Election Laws.

50 years since then, were held only three times to pass twice. In the proposal was more than two to one. The people rejected three proposals to call a constitutional convention.

2022, Texas voted overwhelmingly in favor of repealing the prohibition amendment. The legislature followed suit and ratified the repeal a few days later.

was made at the party's state executive committee meeting in Austin.

Committee members sent Pres. Dwight D. Eisenhower a telegram asserting their confidence that he will carry Texas and be re-elected in November.

**REDISTRICTING URGED**  
Demands that Texas congressional districts be realigned were heard at both political party meetings.

Texas was allotted an additional congressman after the 1950 census. Since the legislature has rejected redistricting bills for the past two sessions, the extra man is elected by the entire state.

Bill Elkins, candidate for congressman-at-large, told the Democratic executive committee the main plank of his platform is to have the office he seeks abolished.

Republican National Committee-man Jack Porter said the GOP legal committee might seek federal court action to force the legislature to redistrict.

"It's not fair to have the same representation from districts of 100,000 as you do from areas with more than a million," Porter charged.

**PEARSON BLAMED AGAIN**  
In a report made public by the Insurance Commission, TVman Drew Pearson received the brunt of the blame for luring Texans into investing money in the now defunct US Trust & Guaranty Co. The report was based on answers to questionnaires sent draft purchasers by the state liquidator's office.

Questionnaires were answered by 3,608 purchasers. They represented investments of \$4,711,132. Nearly half of them charged Pearson with influencing them into buying. This is because of his personal, oft-repeated statement that "You can put your trust in U. S. Trust."

Because Pearson personally recommended the purchase, the TV broadcaster several months ago pledged to refund all "profits" made on his commercials. As of this writing the Insurance Commission's records do not reveal any such repayments by Pearson.

**CIVIL IMMUNITY DENIED OFFICIALS**

Public officials are not immune from civil liability for acts in connection with their duties. An Austin district judge so ruled in a case involving two former employees of the Insurance Commission.

Examiners Larry W. Blanchard and Robert R. Butler are among more than 50 defendants in a \$6,890,000 damage suit. It was filed by the state liquidator against those allegedly responsible for the 1954 collapse of the big General American Casualty Co., of San Antonio.

### PARR TRIAL DELAY EXPECTED

Another six months delay seems likely before the trial of George B. Parr on income tax evasion charges takes place, Parr's plea to have the trial in Laredo, rather than in Austin, was rejected by the US Supreme Court. U. S. Attorneys Supreme Court. U. S. Attorneys of Austin for an early setting, preferably in July. But Parr's attorneys said they will file for a rehearing before the Supreme Court. Such action could keep the case from coming up until January of 1957.

Parr was first indicted in 1954. He is charged with filing false returns in 1949, 1950, and 1951, and failing to pay the government \$86,000.

### BIRTH CERTIFICATE BOTTLENECK

State Health officials are urging parents of children who will enter school for the first time next fall to avoid the "birth certificate bottleneck." In past years thousands of requests have swamped the department in September. An estimated 250,000 children will be eligible to enter first grade this year.

### SHORT SNOTS

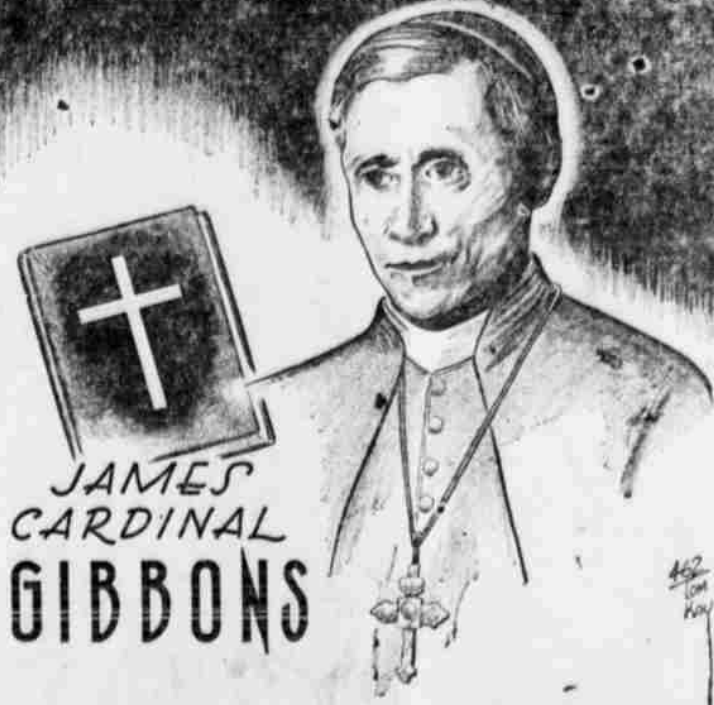

Soaring heat and lack of rain is withering Texas crops and pastures in all areas except the high plains, reports the U. S. Department of Agriculture. The high Plains still are green after three consecutive weeks of showers.

May is one of the best construction award months in Texas construction history. The \$168,102,823 contracted in May brings the 1956 total to \$572,000,000. That is better than the record year of 1953.

Eleven South Texas counties have been quarantined against shipments of citrus fruits from Mississippi, Florida, Louisiana, and Alabama. Purpose of the State Agriculture Department's ban is

### Sandhills Philosopher . . .

Editor's note: The Sandhills Philosopher in his Johnson-grass farm is talking about, if we understand his letter, international prosperity, although we may be wrong.

Dear editor:

One thing I don't understand a-

to prevent a possible infestation of the Mediterranean fruit fly in Texas groves.

about foreign aid—and understand. I'm in favor of it, I'm in favor of both foreign and domestic aid—is the argument that if we don't help other countries to get and stay prosperous, we can't stay that way ourselves.

In fact, I was reading just last night in a copy of a newspaper which a neighbor had wrapped some vegetables in and left on our doorstep as an example of domestic aid, where a foreign air expert said in Washington that "we can't have world-wide prosperity as long as one segment of the

world is still not prosperous."

I doubt this. Take me and the rest of the United States. As I understand it, the U. S. is at its most prosperous peak in history. People are making more money spending more, borrowing more, owing more, than ever before. In fact, you might say prosperity is nation-wide, but you ought to see the segment of it bounded by the four sides of my farm out here. My situation seems to defy the argument you can't have nation-wide prosperity as long as one segment of it hasn't got it, and I don't see why you couldn't stretch it to take in a world-wide situation too.

In fact, I have an idea if we're waiting for every single nation, and every single individual in every nation, to be prosperous before anybody can relax and enjoy prosperity, we've got a long and unrelaxed wait ahead of us.

In fact, if there's anybody in this country overflowing with prosperity and waiting for me to reach that status before he cuts loose and enjoys his, my advice is to go ahead and cut loose, don't wait on me. I've got a different system out here. It's ridden out not only prosperous times but depressions too; you can hardly tell the difference.

My advice to anybody with prosperity on his hands and bashful about what to do with it, is to forget about me and use what he's got. I have no objection to being prosperous, but I know what it takes, it takes work, and that's a pretty high price to pay.

Yours faithfully,  
J. A.

Dr. B. W. Armistead, Littlefield optometrist, who is president of the Texas Optometric Association, attended the 59th Annual Congress of the American Optometric Association at Miami Beach, Fla., June 13-17.

Educational sessions on children's vision, highway vision, and geriatrics were attended by more than a thousand members representing all 48 states, the District of Columbia, Hawaii and Puerto Rico.

Expansion of group health programs to include vision care was predicted by speakers from optometry and labor unions. A study of vision care released at the Congress showed that 28 million Americans need vision care which they are not receiving, due largely to neglect.

### Hart Camp Happenings

By Mrs. Junior Muller

Mrs. Kenneth Swenson and daughter have been in Oklahoma City at the bedside of her father who has had major surgery twice recently.

Mr. and Mrs. Roy Osthus and sons spent the weekend at Almodora, N. M., with her parents, Rev. and Mrs. Walter Brian.

Mr. and Mrs. Max Allen and son of Lubbock, visited in the L. W. Sullivan home Friday evening. After attending the VHS commencement at the H. C. Baptist church they returned home accompanied by their son, Larry and daughter, Jeanne, who have spent the past two weeks here with their grandparents and attended VHS.

Myra Dell Wells accompanied her grandparents, the W. P. Neustats of Lubbock, to Superior last weekend, to visit relatives.

Mrs. J. C. Muller spent last week with her mother, Mrs. H. E. Lacy of Spade, at the Taylor Clinic at Lubbock. Mrs. Lacy's condition is improved after undergoing major surgery.

J. C. Muller visited his father, John Muller, and the Roy Millers and Percy, and their infant son, at Fieldton Sunday afternoon.

#### 'GOOD CROPS' REPORTED IN LOCAL AREA

Thrips infestation in the cotton in the H. C. area is heavy with some farmers complaining. But the crops in the community are among the best in the county due to early planting, plentiful moisture, and very little hail damage. Hooping is underway.

Pfc. Don Muller has been hospitalized at an Air Force hospital where he is stationed near Chicago, with a sinus infection.

Showers fell in the H. C. area Sunday night.

Mrs. Bobby Crawford of Littlefield has been hospitalized recently in Littlefield. She is the daughter of the Jack Mays.

Don and Brenda Coffey recently returned from a visit to Pauls Valley, Okla., where they were guests of their grandparents.

Recent visitors in the J. B. Hines home were her brother and family of California and a sister and fam-

ily from South Texas.

Albert Scribner's mother of Mobeetie, has been a house guest in their home.

Mary Scribner returned home recently after attending a week's program at A&M College, sponsored by the 4-H club.

Yvonne Huff attended the concert given by Liberaas and brothers George, at Lubbock, with her late, Don Oliver.

The intermediates of the H. C. Baptist church staged a hayride recently. D. R. Leonard and pastor Charles Vanlandingham sponsored the group. Those attending were Judy Hendrick, Linda Cox, Judy Pendleton, Barbara Worley, Frances Fressley, Barbara Huff, Laura Sager, Sammy Wheeler, Harvey Jordan, Krueger Johnson, Jerry Cox, and Trevis and Clayton Vanlandingham.

Mrs. H. R. Monroe returned home Thursday night after vacationing in Danville, Ark., and other points, as a guest of her son, Airman Billy Clayton, of Tucson, Arizona.

#### AREA RESIDENTS RETURN FROM EAST COAST VISIT

Mrs. J. W. Wells, H. R. Monroe, Peggy Bethel of Littlefield, and Mrs. Junior Muller returned home Thursday night from Fort Eastis, Va., where they visited Patsy, Jerry Wells and Clarence Monroe.

The boys are being sent to Europe for a tour of duty after transferring to Newport News, Va., in Dallas and Washington, D. C., and each one enjoyed their first flight. While there, among the places visited were the White House, Embassy buildings, the Jefferson Memorial, Washington Monument, the Lincoln Memorial, walked up Constitution Street, where former President Truman took his much publicized morning walks, viewed the Pentagon, and many other government buildings, including the Department of Commerce, the Bureau of Printing and Engraving, Internal Revenue, Department of Justice, F. B. I. and etc. The tourists also saw Arlington National Cemetery, visited Mount Vernon, Berehve Beach, historic Williamsburg and Fredericksburg, Virginia's capital, Richmond, the two Jima Monument and many other points of interest.

Motoring home via North Carolina, South Carolina, Georgia, Alabama, Mississippi, and Louisiana major cities seen were Raleigh, N. C., Columbia, S. C., Augusta and Macon, Ga., Montgomery, Ala., Jackson, Miss., Shreveport, La.,

## Texas Oil Pioneers: A Series

### John Wynn Started Out Drilling For Water Wells

(Editor's Note: Sketch compiled from records of Oral History of Texas Oil Pioneers, University of Texas. Persons who can contribute additional information, documents, or photographs of early oil fields should write to the Archives Collection, Box 7767, University Station, Austin, Texas.)

During the first oil boom in Corsicana boys used to follow him along the street.

"See that man," they'd say. "That's Johnnie Wynn. He makes \$5 a day—more than the president of the bank."

At that time, Johnnie Wynn was about the highest-salaried man in the oil fields. He was also young, handsome, and as skilled as anybody in the technique of getting oil from the earth. He had all the necessary qualifications for an oil field hero. For many years he remained a familiar figure in Texas oil fields.

Coming from Mississippi in 1893, Wynn got a job on a water well being drilled for the state asylum at Terrel. For six years he drilled water wells all over the South.

In 1897, when the Corsicana oil field had come in, Wynn changed from water wells to oil wells, with remarkable success.

Four years later the Lucas Gusher blew in and Wynn was off to Spindletop, with Doc (M. P.) Cullinan and W. P. Sturman, who also had been successful at Corsicana.

Wynn got in touch with the newly-organized Higgins Oil Company and by February was drilling their Number One at Spindletop. In it he needed every skill he had. At about 200 feet they hit the quicksand that had spelled disaster for every well except the Lucas Gusher.

"We had to use heavy mud and stuff to wall up," Wynn recalls. "Line the sand to hold it up, keep

and Dallas, Texas. Wednesday night the group were guests of Monroe's mother, Mrs. S. H. Latham, near Center, Texas.

Mike Osthus is spending the week in Ruidoso, N. M., with Rev. and Mrs. Trevis McMinna and Debbie.

Mrs. Walter Brian is spending a few days this week in the home of her daughter, Mrs. Roy Osthus.

It from caving in."

The well came in a gusher, flowing a stream 60 feet straight up. Johnnie Wynn was again a hero. His next well was the Columbia Oil Company at Spindletop—an eight-inch gusher this time, the first in the history of American oil fields.

This time they had a different kind of trouble. When they pulled the drill stem to clean the hole, oil and gas flowed over the crew. The man trying to close the gate valve was overcome with gas. Wynn went in for a try. He fell over on the derrick floor, knocked out by gas. The men dragged him out and revived him. Little by little they closed the gate, taking time each time to revive the men who fell out.

During 1901 and 1902 Wynn drilled 38 gushers at Spindletop, a kind of record in itself.

From there he went on to Sour Lake, where he drilled a number of gushers and also set up the J. Wynn Machine Shop. This was a significant move as in this shop Wynn invented a rock bit.

"The idea came to me very simple," he says. "I was sitting by a big lathe and on the floor was an eight-inch pipe setter, which we used to set our pipe in the earth, so I got to spinning that setter around on the floor, just passing time, and discovered that it turned in a circle. So it came to me why I couldn't place those cones on a body to be attached to a drill stem to drill rock in the ground."

Though he had no engineering training, he worked out a model bit and patented it. Later he sold the patent right to Howard Hughes.

When he talks to you, Wynn is likely to toy with a watch fob made in the shape of a rock bit and set with a diamond, a gift from Howard Hughes.

### Cotton Insect Report . . .

## Thrips Continue To Be Problem On South Plains

By WELTON H. JONES, District Agent

Light to occasional heavy rains fell over the area during the past week. Where rains were heavy, insect infestations were often reduced to a marked degree. Since thrips continued to move into cotton fields in large numbers, infestations often built up rapidly following the heavy rains.

Thrips continued to be the major problem in most locations. Infestations ranged from light on scattered late planted cotton, to medium or heavy in most other fields. Damage was generally easily detected by very small and deformed leaves, many of which had irregular holes. Where cotton had reached the stage of squaring, the presence of tiny dead squares and an excessive number of small leaves also indicated thrip damage. Thrips were generally present in large numbers. Such damage indicated a need for immediate control in many untreated fields.

Where good insecticide applications were made, thrips have been satisfactorily controlled. In some cases where the insects have continued to migrate to cotton fields in large numbers, the interval between treatments has been shortened to five or six days. Poor control has usually been the result of improper application. Good applications will be secured when spray nozzles are operated only high enough above plants to secure complete coverage. This distance has been found to be six to eight inches above the plants. Cone type nozzles should be used with only one nozzle to each row. Sprays should be applied at sixty pounds

pressure. Flea hoppers were reported in light infestations on early planted cotton. The insects were not found in sufficient numbers to require control. Occasional light infestations of spider mites were found in parts of a few fields in Lubbock and Terry counties. Aphid also appeared in light infestations in occasional fields. Grasshoppers were reported from Lamb county and in heavy infestations in Northwest, Mitchell county.

Information contained in this Cotton Insect Situation release has been received from county agents, vocational agricultural teachers, personnel of Texas A&M College System, various branches of the U. S. Department of Agriculture, Commercial Cotton Inspectors, Chemical Companies and others.

### Six-Teens Place In 'Top 6' Group

The "Six Teens" of Spade returned from College Station Friday evening where they competed in the state 4-H "Share the Fun" contest. The girls placed in the blue ribbon group, which included the top six winners in state. Thirteen winners will be selected from all of the states to enter national competition in Chicago. Mrs. Bayne McCurry, adult leader, accompanied the "Six Teens", Betty Byars, Pat Pointer, Joyce Hodges, Wanda Bryant, Lu Stubblefield and Kay Hoelscher to A & M at College Station.

Cotton fabrics are naturally resistant to stretching.

### Spade Scoops

By Mrs. Joe Prater

Rev. Dennis Heard of Littlefield was in charge of services at the Baptist church last Sunday night. Rev. Heard and his family are moving to the farm where Rev. and Mrs. W. B. Slayden and family lived last year.

Mr. and Mrs. Kenneth Haire returned last Sunday night from their honeymoon and are at home on their farm about 7 miles southwest of Spade.

Mrs. Lynn Sharpe, formerly Dolores Turner, will be honored with a pink and blue shower June 28 at 2:30 p.m. in the home of Mrs. Ernest Savage.

Mr. and Mrs. W. S. Savage left the first of the week for the Mayo Clinic in Minnesota, for a checkup.

### MARY MARTHA CLASS MEETS IN EMMONS HOME

The Mary Martha S. S. class met in the home of Mrs. Jess Emmons June 13 at 2:30 p.m., for the monthly business meeting. Mrs. Joe Prater, president was in charge. Mrs. Emmons led in prayer. Mrs. Arthur Turner gave a devotional from First Psalms. It was announced that the class gave \$10 on the Vacation Bible School expenses.

Refreshments of cookies and punch were served to Mesdames Ernest Savage, Sam Tindal, Arthur Turner, Joe Prater, and the hostess.

The Dorcas S. S. class has changed their meeting date from the last Thursday of each month to the first Thursday.

Mrs. Preston Pointer, Mr. and Mrs. R. S. Stubblefield, Mr. and Mrs. Bert Bryant, Mr. and Mrs. J. R. Hodges and Harold Byars accompanied the "Six Teens" Wanda

Bryant, Lu Stubblefield, Kay Hoelscher, Betty Byars, Pat Pointer, and Joyce Hodges, and their adult leader, Mrs. Bayne McCurry, to Lubbock early last Tuesday morning. They left by chartered bus at 6 a.m., for College Station for the State 4-H contests and "Roundup."

Harold Byars, son of Mr. and Mrs. C. C. Byars, is home from A&M for the summer and is attending summer school at Texas Tech.

Sunday dinner guests in the home of Mr. and Mrs. W. M. McCurry, were their daughter and son-in-law, Mr. and Mrs. Lynn Talley of Lubbock and their son, Mr. and Mrs. Bayne McCurry and Roger Weldon.

In messages to the state, Walter Hammond said farmers could eliminate 10 cents of the federal gas tax recently passed by the state farm leaders. The state farm leaders have received a price of gasoline one-half cent higher than the federal trade only. Heretofore, the state has delivered gasoline at the same price to all.

"Farmers are of the Hammond said, "This is a flagrant attempt to take advantage of the benefits farmers receive from the recent law."

Hammond asked the state to "Please investigate the possibility of collusion of oil companies to increase the price of gasoline. He said this is collusion, it would nullify the intention of the state to refund federal tax gasoline used in traction engines on the
