Arabs Planning Civil Campaign Against Report

JERUSALEM, May 2 (AP)—An Arab higher committee official said today the committee had delivered to Britain a letter the "next thing to an ultimatum," rejecting the Anglo-American Palestine recommendations and declaring Arabs will now "prepare all means for defense in order to resume the national struggle."

JERUSALEM, May 2 (AP)—The Arab higher committee named an emergency committee today to study plans for a possible civil disobedience campaign by Arabs against the British-American committee's report on Palestine. Arab countries were urged to unite in a protest.

JERUSALEM, May 2 (AP)—The Arab higher committee announced after a six-hour session that the emergency committee would outline methods to "mobilize Palestine youth to the nation's defense." The order indicated there would be no movies after 8 p. m. and apparently meant the shutdown of legitimate theaters at night, as well as a ban on all night sports events, including baseball games in the four Illinois cities in the Three-I league.

Spanish Probers Request All Information On Franco

NEW YORK, May 2 (AP)—The United Nations Security Council subcommittee investigating the Spanish question called today for all member-nation intelligence bearing on Spain and, in effect, invited both the Franco regime and the exiled Spanish Republicans to present their bitterly-opposed arguments as well.

The investigators, after their first secret meeting yesterday, said they would welcome information from any source. This wide-open invitation would permit the Franco regime, if it desired, to offer evidence to offset the contributions already presented to the council by the Spanish Republicans through Polish delegate Oscar Lange in his demand for a collective UN diplomatic break with Madrid.

OPA MAY BE STUCK ON BUBBLE GUM

PHILADELPHIA, May 2 (AP)—A bubble gum problem popped up today and it looks like the OPA may be stuck with it.

"Dear Congressman: We pay 2 cents for bubble gum and it is only supposed to be 1 cent. We think the men in the OPA should take care of that." Club President Diana Donmalo, 7, commented: "There is something congress can get its teeth into."

Lewis Evidently Does Not Expect Settlement Soon

WASHINGTON, May 2 (AP)—John L. Lewis today seemed to have virtually ruled out any possibility of a coal strike settlement for at least five more days as dwindling fuel supplies cut most Illinois factories and business establishments to 20 or 24 hours of electricity a week.

Union Men Walk Out Of Railway Strike Meeting

CHICAGO, May 2 (AP)—Representatives of the Brotherhoods of Railroad Trampmen and Railroad Engineers today walked out of negotiation conferences with the carriers aimed at heading off a nationwide strike.

A. F. Whitney, president of the union, said the unions left the conference, which began Monday, in an effort to avert a strike set for 4 p. m. May 18, because the operators "offered us nothing substantial."

"We walked out after 15 minutes of conference," Whitney said. "We are going back to the hotel and discuss the matter with the wage committee and we will not meet again unless they have something substantial to offer."

Division Of Area To Be Voted On At Scout Meeting

Division of the West Texas area of Girl Scouts was to be the main topic of business at the meeting of that body today in Midland. The representatives, of which about eight or nine were to be from Big Spring, were to vote on the dividing of the area into two parts, reducing the size of the area which now embraces 21 counties. The tentative boundaries suggested by the development committee included Midland on the west and Abilene on the east. Sterling and Coke counties will form the southern border and the northern counties include Borden, Seury, Fisher and Jones. The new area, if accepted, will include 14 counties. Dan Conley represented Big Spring on the committee which met on April 11. At the same meeting election of the 1946-47 officers will be held. Mrs. H. W. Smith of Big Spring was a member of the nominating committee. Mrs. Larson Lloyd, local association president, was to give the

Barker Standout In Grid Battle At Colorado City

COLORADO CITY, May 2.—The first inter-squad football game during spring training at Colorado City high school thrilled a sizeable crowd at Cantrill Field Monday night as the Mortons downed the Williams, their scrappy teammates, 25 to 7.

The game, the first of two inter-squad grid duels highlighting spring training drills for the Colorado City Wolves, was an effort to raise funds for a field house and soft ball diamond, as well as to give the Wolf squad game experience.

Coch Clark Prather's 42 man spring training roster was divided into two evenly matched teams for the contest and the score might have been different except for a newcomer to the Wolf squad, W. H. Barker. Barker accounted for all of the Morton's touchdowns on runs of 25, 25, 8 yards, and on a 25 yard jaunt after catching a 15 yard pass from left handed Thomas Conway, Morton passer.

Barker, whose experience on the gridiron is limited to scrub battles on the Colorado City Jr. high team, showed exceptional speed along with his being shifty.

Barker was the difference in the two ball clubs, although the Williams boasted a fast man in I. J. Pierce, who ran through the middle of the Morton line for 55 yards and almost a touchdown until he was brought down from behind. Pierce accounted for much of the Williams' yardage through short line plunges.

Santone Turns Back Dallas

By the Associated Press
The Dallas Rebels, hustling for top place in the Texas league baseball standings, invaded San Antonio for a crucial three-game series last night, but the league-leading missions staged a ninth-inning rally to take the opener, 3-2.

The Fort Worth Cats, meanwhile, trimmed the Houston Buffs, 8-3, to climb into a tie for second place with the Rebels.

At Beaumont, the Exporters blanked the Tulsa Oilers, 4-0, and at Shreveport, Oklahoma City lost to the Sports, 2-12.

The Rebels' Walter Wilson was touched for a double by Mike Serfich to open the ninth, hit Rube Naranjo with a pitched ball and yielded a single to Ray Coleman after Charley Grant sacrificed. That got the tying run in. Then Pete Kraus' fly-out let in Naranjo with the winner.

The Fort Worth Cats extended their winning streak to nine games. The Cats scored all their runs in a big fourth inning after Houston had opened with three runs in the first.

Ray Stelmack hurled a six-hit game for Beaumont to blank Tulsa and moved the Shippers into fifth place.

Oklahoma City, badly bogged down with only one league victory in 15 starts, increased its losing streak to 12 games by losing to Shreveport. Reeder pitched a 4 hit game for the winners, who were collecting 11 blows off two Indian hurlers.

Today's schedule:
Dallas at San Antonio (night).
Fort Worth at Houston (night).
Oklahoma City at Shreveport (night).
Tulsa at Beaumont.

Destroyer Escort Counted Total Loss

EARLE, N. J., May 2 (AP)—The destroyer escort Solar, its bow ripped off and twisted grotesquely over the 306-foot warship by the force of three explosions, lies blackened and a total loss alongside the US navy's huge Earle ammunition depot pier in lower New York Bay.

Five crew members were reported missing and 150 injured, five critically, in the explosions Tuesday which detonated an ammunition-laden, railroad car on the pier, destroyed a pier-based warehouse, set fire to the pier itself and left a gaping hole in the concrete structure which jutted two and a half miles into the bay.

The Third naval district public information office in New York said the next of kin of those missing and badly injured have been notified.

In addition to the five missing, five others today were considered in critical condition, and 30 were seriously injured.

Thirty-five persons were in civilian hospitals in the area, and 109 navy men, and 25 civilians were under observation and treatment at the navy dispensary at Earle.

Hungefords Charged For Kidnaping Child

BEAUMONT, May 2 (AP)—Bond of \$1,500 each has been agreed on for Mr. and Mrs. Lyle V. Hungerford, charged with kidnaping their own three-year-old child, their attorney, R. Lee Davis, has announced.

He said the agreement was made with County Attorney Bill Saxon, J. P. Swain, justice of the peace, said he previously had offered agreement at that sum.

The Hungerfords are charged with kidnaping their daughter, Barbara Ann, after having left the child with Mr. and Mrs. Charles C. Baker of Orange. The Hungerfords were divorced but since have remarried. They claim, through their attorney, that the father did not sign a waiver for the Bakers to adopt the child, and that the mother signed civil habeas corpus proceedings to regain custody of the child for the Hungerfords.

Blimps Given Share Of Credit In War

NEW YORK, May 2. (AP)—The blimps received their share of credit for the part they played in World War II.

The exploits of the "workhorses of the sky" were reviewed by Rear Admiral C. E. Rosendahl, chief of naval airship training and experimentation, who disclosed that during the war the blimps escorted 89,000 ships "laden with millions of troops, billions in US military equipment, billions in lend-lease supplies" without the loss of a single vessel.

"In performing their tremendous task, US Navy airships made 55,900 operational flights totaling 550,000 hours in the air," the pioneer developer of lighter-than-air craft told the monthly luncheon of the wings club.

"In the Atlantic and Gulf coastal waters of the United States, and in the coastal waters of the Caribbean, eastern Central America and Brazil, during the period of hostilities 532 vessels in all were sunk; but not one of the grand total of 89,000 vessels escorted by airships was sunk by enemy submarines."

Corny Menus—Substitute Corn Meal For Wheat In Family Dinner

WASHINGTON, May 2. (AP)—How's your conscience today? A starving child's next meal may depend upon it.

For Americans who want to help hungry millions of their fellow men abroad, there are definite, everyday ways to do it.

Here are some, suggested by the Agriculture Department's bureau of home economics:

Wheat is the No. 1 cereal for shipping abroad, rice is urgently needed in the Far East. In place of wheat and rice, use oatmeal and cornmeal when possible.

If wheat and meal foods are scarce, substitute second-helpings of potatoes, carrots, turnips, corn, peas or lima beans.

Use oatmeal occasionally to replace part of the wheat flour in making bread, biscuits, muffins, pancakes, cookies.

An average serving of oatmeal, before sugar and cream are added, equals about two slices of bread in food value.

Use leftover, cooked oatmeal as thickener for gravies, soups, stews, in place of breadcrumbs in meat loaf or in making fruit tarts and puddings.

When cornmeal is plentiful, use it in cornbread, muffins, griddle cakes, corn meal mush.

Use leftover cornbread in stuffings, or slice and toast it.

Use pearl barley when available to give body to soups and chowders, instead of rice, spaghetti or vermicelli.

Don't overlook buckwheat cakes as cereal food for breakfast.

Use perishable foods when they are abundant. Save the others for shipment abroad. On the abundant food list at present are: poultry, eggs, fresh and frozen fish, potatoes, many fresh fruits and vegetables.

Crops from home gardens free more market crops to feed the starving.

Continued dry weather sent large quantities of cattle to the market in Big Spring Wednesday, and the stockmen found prices strong.

More than 1,000 animals were sent through the auction ring at the regular weekly sale of the Big Spring Livestock Auction Co., and choice steers and butcher yearlings brought up to 17.00, with the average steady at 16.00 to 16.25.

Fat bulls and fat cows sold for 13.00, with butcher cows ranging from 9.00 to 12.00. Stockers were steady at 15.50.

Several cows with calves brought from \$90 to \$115, while a fair run of hogs brought the ceiling of 14.40.

Mrs. Roosevelt Talks To UN Subcommittee On Status Of Women

NEW YORK, May 2. (AP)—Mrs. Franklin D. Roosevelt, chairman of the United Nations commission on human rights, told the UN subcommittee on the status of women yesterday that it faced a long task which would not be finished "until men and women are human beings with no distinctions."

Mrs. Roosevelt spoke at the Hunter college interim headquarters of the UN, while a United Nations Security Council subcommittee completed the final details for its first private meeting today to go into a mass of material dealing with Franco Spain.

"You must continue your study to the point where women have reached a point where they are on a completely equal basis with men," Mrs. Roosevelt said. "One of the first things to be considered should be the political participation of women in government. Until women have political rights they are not going to achieve many other things and they will have less influence even in their own countries."

Mrs. Roosevelt sat on a subcommittee as an ex-officio member from the parent commission on human rights.

Napoleon autographed about 28,000 letters.

ONE DOLLAR BUYS POUND OF SUGAR

WHITE HALL, Ind., May 2. (AP)—Sugar sold for \$1 a pound at a sale here of the household effects of the late Dr. George Walter, who died last month.

Six pounds of sugar, stored in two jars, were sold for \$6, approximately 15 times the market price.

Auctioneer N. B. Allen said under certain conditions OPA price ceilings do not apply to sales for disposal of personal belongings.

**Raisin Prune Delight Tasty Dessert,
Easily Prepared Between-Meal Snack**

Bottled corn syrup sweetens both crust and filling of Raisin Prune Delight, a dessert with "keeping" qualities.

Rich with fruit, Raisin Prune Delight is a tasty dessert when served with whipped cream.

These "cookie squares," sweetened with bottled syrup, stay moist for several days and make delicious between-meal snacks.

Raisin Prune Delight
(12 servings)

1 3/4 cups sifted all-purpose flour
1/2 teaspoon soda
1/2 teaspoon salt
2 cups quick rolled oats
1/2 cup sugar
1/2 cup bottled corn syrup
1/4 cup shortening

Measure and sift together flour, soda and salt. Add rolled oats and sugar. Mix thoroughly. Add syrup and stir until evenly distributed throughout the mixture. Cut in shortening. Mixture should be crumbly.

Divide into two parts. Pack one half firmly into bottom of a greased 9x9 inch pan. Spread filling evenly over crumb mixture, then add remainder of mixture and pack down. Bake in moderate oven (350 deg. F.) for 40 minutes. Cool and cut into two-inch squares. Garnish with whipped cream.

Filling: In a saucepan, place 1/2 cup seedless raisins, 1 1/2 cups cooked prunes, 1/4 cup water, 1/4 cup bottled corn syrup and 2 tablespoons lemon juice. Cook over low heat until thick, about 15 minutes. Cool before spreading.

**Number Of Surplus
Workers Decrease**

Recording the largest decrease for a single week this year, the number of surplus workers listed at the local US Employment Service office dropped from 787 to 680 during the seven-day period ending Tuesday.

Of the total currently listed, 439 are veterans. During the week 77 were referred to jobs, and 57 were hired, with current job openings listed at 34.

Principal local demands for labor follow: one office manager, one machinist, one general office clerk (male), one room clerk (male), one blacksmith, one rent examiner, one stock clerk, one machine presser, 16 laborers, two waitresses, one bottling machine operator, one general office clerk (female), one stenographer, two chambermaids, and three maids.

Mrs. Wainwright Ill In Galveston

GALVESTON, May 2. (AP)—Mrs. Jonathan M. Wainwright, wife of Gen. Wainwright, hero of Corregidor and commanding general of the 4th Army with headquarters at Fort Sam Houston, is in John Sealy hospital here.

Her condition is described as "nothing serious" by attending physicians. She arrived here by plane Sunday, accompanied by two private nurses.

**Alleged Murderer
Taken To Ft. Worth
To Answer Charge**

DALLAS, May 2. (AP)—Dave Franklin Jarvis, charged with murder in the slaying Tuesday of Ivan J. Poole, 43, ex-convict, was taken to Fort Worth late last night after he was surrendered to Deputy Sheriff Bill Dgcker here.

Dgcker said Jarvis was surrendered to himself and Sheriff Dusty Rhodes of Fort Worth by his attorney, Noah Roark.

The deputy took Jarvis to Fort Worth immediately. The murder charge is filed there.

It said a 1942-model automobile belonging to Poole had been recovered and had blood stains on it.

Poole was shot to death early Tuesday near Arlington, Tex. The charges against Jarvis were filed after blood-stained clothing bearing laundry marks were found in a creek near Hensley field.

Poole's bullet-riddled body was

OPA Ceiling Removal Predicted Calamity

AUSTIN, May 2. (AP) — Removal of OPA price ceilings would be a calamity, the board of directors of the Texas Public Employees Association believes. The board adopted a resolution yesterday condemning any attempt to remove the ceilings.

Neck And Neck On Tying, Untying

The marriage rush in Howard county continued brisk through the first four months of the year but the divorce mill was grinding away at almost as steady a pace. Two wedding certificates issued at the county clerk's office on the final day of April brought the total for the month to 47, two shy of the March total. Since the first of the year, a total of 167 such licenses have been purchased. However, during that same period 116 couples sought to go their separate ways by obtaining legal sanction for divorce documents. No less than 30 requests for legal marital separations were asked for during April, an average of one for every day in the month. Record month was January when 34 couples agreed to disagree.

Hints On Art Of Cookery From Chinese For Conservation, Improved Nutrition

AN OLD CHINESE CUSTOM... Egg rolls, native style...

By CHARLOTTE ADAMS Associated Press Food Editor

For many years the Chinese have made an art of cooking. They never, for instance, have overcooked vegetables, a matter about which the light has dawned blazingly upon us only within the last couple of decades. There is much we can learn from them which will improve our nutritional standards and help us conserve food to prevent starvation in China and other parts of the world. It is always difficult to extract recipes from a Chinese chef. Perhaps it is because Ruby Fob's restaurant in New York (where magnificent examples of the Chinese cooking art are served) is run by an American woman, though the chefs are all Chinese, that I was able to obtain some of their recipes for you.

Meals in a Chinese restaurant are likely to start with egg-roll. This really is easy to make. Just start with the thinnest pancake batter you can make (at Ruby Fob's they use rice flour for this). Fry paper-thin pancakes on one side only. Place them on a flat surface to cool. When they are cool place on each of them a heap of finely ground shrimp, pork, chicken and Chinese water chestnuts (if you're lucky enough to be able to shop in a "Chinatown," otherwise eliminate these). Roll them up and fry them to a golden, crisp brown on all sides, and serve with Chinese mustard. Shrimps are often served at the same time with the egg-roll. The recipe below is a dish for the gods:

Shrimps With Bacon
16 fresh large shrimp
1 egg
1 tablespoon water
8 pieces sliced bacon
4 tablespoons oil or fat

Shell, clean and remove veins from the shrimp. Blend the egg and water. Cut bacon slices in half. Wrap each shrimp in a piece of bacon and dip in the egg mixture. Melt fat in frying pan. Place shrimp in pan and fry over a moderate flame, browning on both sides. Pour off all but a little of the fat before frying the next batch.

Won Ton soup usually follows the first course. This is the best I've ever tasted.

Won Ton Soup
1-2 cups sifted rice flour
1 teaspoon salt
1 egg
2 tablespoons water
1-2 pound raw or cooked pork, shrimp or lobster
1-2 teaspoon salt
Dash of pepper
2 teaspoons boktoy or scallions
4 cups chicken bouillon
1-2 cup celery
1-3 cup cooked meat (optional)
1 cup (tightly packed) raw spinach

Mix flour and salt. Warm the egg slightly and add it to first mixture. Now add water and stir. Turn mixture out on a floured board and knead until smooth. Cover and let stand about 15 minutes. Roll out paper-thin. Cut into 3-inch squares. Chop pork, shrimp or lobster very fine. Add salt, pepper and finely chopped boktoy or scallions. Place 1 teaspoon of mixture in center of each square. Fold in half diagonally and press edges together with a fork. Cook in a quart of boiling salted water for 15 minutes. Place bouillon in a saucepan and bring to the boil. Add celery and cook 5 minutes over a moderate flame. Add cooked meat, finely shredded, if desired. Clean spinach. Remove stems and add to stock "won ton"

Ackerly-Knott Phone Material To Be Installed

Equipment was received Tuesday and installation will be started immediately on automatic exchanges for the Ackerly-Knott Telephone company.

W. D. Berry, head of the company, said that a 100 line board would be installed at Ackerly and that Knott would have a 20 line unit. In both cases, the lines may be used directly or for two parties within the localities, or may be used in four to 10 party units on rural service. Dial systems will be employed, eliminating the necessity of an operator at either point. Toll calls will be handled through the Big Spring exchange of Southwestern Bell, which is to run three new long distance circuits to tie into the community system. Berry estimated that installation would be complete by May 20, depending upon the extension of the new long distance circuits. All material, including wire, is now on hand, he said.

(filled, cooked squares) in soup bowls. Place strips of cooked pork and sliced egg on top and serve at once.

Lobster Cantonese
4 baby lobsters (or 2 cans lobster meat)
6 tablespoons cooking oil
1 pound chopped pork
2 eggs
1 cup chopped scallions
4 pieces garlic
2 tablespoons ground, soybeans
2 cups soup stock
4 tablespoons cornstarch, diluted in water
2 eggs
3 tablespoons cornstarch
1-4 cup water

Clean lobsters. Cut into eighths and crack claws. Cook in boiling water for 5 minutes. Heat oil in frying pan. Mix together in a bowl, pork, 2 eggs, scallions, garlic, ground soybeans, soup stock and 4 tablespoons diluted cornstarch. Put this mixture and the lobster into a deep frying pan, cover and cook over a moderate flame about 12 minutes. Beat the other two eggs and add. Cook over a high flame for 2 more minutes, stirring constantly. Add the 3 tablespoons cornstarch and 1-4 cup water and cook a few more minutes, stirring constantly, until the mixture thickens.

Paradox (?) In National Weeks

The manswarm is currently being propagandized in various ways with reminders that this is National Baby Week.

It most likely is co-incidental but some enterprising if not harassed promoter has asked that the same period be set aside and recognized as Noise Abatement Week.

The precocious infants probably are not aware of the former observance—since they demand and receive their share of attention the year around. However, they might become most recalcitrant and un-cooperative if approached with the proposition of lending assistance toward success of the latter.

The function which created the idea of Noise Abatement Week could well have been inspired toward such a move by any one of many harassing agents, i. e., the sound of a neighborhood saxophone in the mid-watches of the night, boy-friend leaning on the horn.

At any rate, our week-making hero should not be accused of conspiring against the tots, whose license to raise the roof should be unrestricted, especially during the time that they're being paid due homage.

As was mentioned before, the twin campaigns was most likely co-incidental.

Steamrollers And Streamliners Square Off For Annual Battle

The annual "free-for-all" is brewing in the Lions den. From now until May 15, the "Steamrollers" and "Streamliners" will be lobbying vigorously for their tickets for the state of officials in the Lions club.

Past presidents constitute the nominating committee of the club and were dubbed by those who return other nominations as the Steamrollers. In turn, the unofficial nominators came to be known as Streamliners.

Thus, the past-president nominations, returned Wednesday, was the signal for another "ticket" by the Streamliners.

Here is the way the tickets stack up:

Steamrollers—Otis Graf, Sr.

president; Bill Dawes, Harold Steck, Dewey Martin, vice-presidents in order named; Dan Conley, secretary-treasurer; Roy Clark, Lionmaster; Bob Satterwhite, talltwister; Avery Falkner and Bob McEwen, directors.

Streamliners—Harold Steck, president; Wiley Curry, Ted Groehl, Dewey Martin, vice-presidents in order named; Dan Conley, secretary-treasurer; J. H. Greene, Lionmaster; Roxie Dobbins, talltwister; Ken Barnett and Jake Douglas, directors. An extra touch was added with nomination of Helen Duiley, pianist, as club sweetheart.

Just how the Streamliners happened to agree on Martin and Conley at the same places, the Steamrollers had them is unexplained. They simply must not have known.

The two groups got together in welcoming these new members: W. G. French, Jr., Fred Watts, H. W. Zachary, Fred Stitzel, Matt Harrington, Z. M. Boykin, Neal Ryan, Sam Mellinger, Sam Bloom, Joe Clark, Joe Elrod, G. L. Brooks, Earl Cooper, Durward Lewter, Don Carter, V. E. Friedewald, C. A. Hicks, Billy White, Wayne Williams, W. P. Cecil, Foy Fanning, Vernon Baird.

Two Ways Given For Employers To Grant Raises

Much confusion has arisen among employers who want to give increases in pay without getting prior WSB approval, and still use their higher labor costs at a later date as a basis for seeking price adjustments, a group of WSB-OPA and wage and hour representatives here Tuesday reported.

They offered the following information as a guide to employers contemplating such action: Increases may be instituted without approval, or without giving notice of any kind, (1) if the firm is not under wage or price controls, or (2) if under such controls, but if the firm intends to absorb the increased labor costs and will not use them as a basis for seeking higher price ceilings.

An employer may not give pay increases without approval, if he intends to use the increased labor costs as a basis for seeking higher price ceilings. Wage or salary increases must be submitted to the WSB for ruling before they are placed into effect if the employers intend to seek immediate price, rate or cost relief. Application blanks, form 10, may be obtained from the wage and hour office at Fort Worth.

Pay increases may be given without approval, however, and still be used for seeking higher ceilings, if the employer has no present intention of asking an increase in prices because of the higher labor cost. Notice of such increases together with a statement of intention must be given to WSB within 30 days after the wage increase is instituted. This does not mean that a 30-day notice from an employer gives automatic approval to the wage increase, but merely that he re-

Blomshild To Award Ribbons To Scouts

Ribbons won at the annual Round-Up last weekend will be presented to boy scout troops of Big Spring by C. S. Blomshild, camping and activities chairman, at the regular court of honor Tuesday night.

The court, which is to be held in the high school gymnasium, is to be in charge of W. C. Blankenship.

The Reagan camping awards for 1945 will be presented to troops 1, 2, 3, 4, 5, 9 and 15 by B. Reagan. J. C. Webb will project motion pictures.

Postal Substation Entered In Abilene

ABILENE, May 2 (AP)—A US post office substation in a local drugstore was burglarized last night of an estimated \$1,000 in money and an undetermined number of stamps.

Abilene police were notified this morning that Sheriff Fred Mason of Lampasas, Texas, arrested a man there in connection with the burglary. The sheriff reported that the suspect was carrying more than \$500 in bills and change in his socks, billfold and pockets. He said he found 40 to 50 stamp books in a handbag.

A man, identified as a brother of the Lampasas suspect, was arrested by Abilene officers this morning for investigation.

Community Chest Campaigns Reviewed

DALLAS, May 2 (AP)—National campaign plans for the Community Chests and Councils, Inc., were reviewed here today by Raymond E. Basfia, director of the Kansas City Community Chest, during the second day of the southwest regional conference of community chests and councils.

Approval later.

Wage and salary rates cannot be established in a new plant or in a new department of an existing plant without WSB approval, and no increases can be given without approval in any part of the building and construction industry.

Experiment Steers Sold In Fort Worth

FORT WORTH, May 2 (Sp) —Forty-nine of 53 steers marketed here this morning by the US Experiment Farm of Big Spring sold for the ceiling price of \$17.35 per hundred, after being graded by buyers as top choice. Four others, selected as good to choice, brought \$16.10 per hundred.

The animals were brought to Fort Worth Wednesday night, after completing a 182-day experimental feeding period. Averaging 859 pounds each when they left Big Spring, the aggregate receipts amounted to approximately \$7,500.

If You Can't Buy Mead's fine Bread

EVERY TIME YOU WANT IT—REMEMBER THAT LIVES DEPEND ON YOU!

The most conservative estimates show 500,000,000 people in the world are hungry—undernourished. Millions face death from starvation.

The United States must help—if world famine is to be kept under control. We as a nation, are using more days, hence no Bread to the Grocer's shelves for

MEAD'S fine BREAD Is Cooperating

To help meet the Government's need for more flour for the starving, MEAD'S has cut its Bread production by 25 PERCENT. This means absolutely that ONE-FOURTH less Bread is going to Grocers—and to YOU.

To accomplish this decrease in output, MEAD'S is observing a COMPLETE PLANT SHUTDOWN one day each week. There will be NO DELIVERIES on these days, hence no Bread to the Grocer's shelves for YOU.

Mead's takes these steps to do its part in meeting a world crisis. It calls upon all the public to join in answering the plea of the Hungry, to be unselfish in the name of Humanity.

3 WAYS TO SHARE A MEAL AND SAVE A LIFE!

1. Share Wheat and Fat Products. Go light on all foods that take wheat, fats, and oils. Conserve breads, macaroni, cakes, cookies, pastries and deep-fried foods. Use drippings for pan-frying. Conserve salad oil—use boiled dressing instead.
2. Buy and Serve More Plentiful Foods. Balance diets with the more plentiful foods such as potatoes, fruits and vegetables, eggs, fresh poultry and fish.
3. Waste No Food. Dress up today's leftovers for tomorrow. Make every crust count, as melba toast, crumb-toppings, bread puddings and stuffings. Take no more than you can eat. Clean your plate. Turn in every drop of unusable fat to the fat salvage program.

In addition, you can help by keeping your Victory Garden producing, and by contributing to your local emergency food collection.

National Parks Preparing For 25 Million Visitors This Year

By WILLIAM J. CONWAY
AP Newsfeatures

CHICAGO — National parks, sites and shrines across the country are getting ready for a record-setting rush of visitors this year.

The National Park Service, administrative agency for 161 of such spots along the tourist trails of the United States, Alaska and Hawaii, expects a total attendance of 25,000,000 during the current travel year—a turnout that would top the high mark of some 21,000,000 reached in 1941 and more than double the war-time low of 6,008,749 registered in 1943.

Restive, raring-to-ride Americans want to go places and see things. Many millions of them will want to peer into the Carlsbad Caverns, gaze down into the Grand Canyon or up at the Rocky Mountains, squint across the Great Smoky Mountains, gaze at Sequoia's gigantic trees, watch Yellowstone's geysers, look about Lincoln's cabin or Washington's mansion, view the Badlands, contemplate Death Valley's vast solitude, inspect old Fort McHenry, behold the Petrified Forest, or observe the peace that has settled over Gettysburg.

From Maine to Hawaii there's a long list of other attractions between Main's scenic shore and Hawaii's volcanoes. Some literally are as old as the hills. But some are new to folks who haven't had the time or

tires to travel since Pearl Harbor.

One of the recent additions to the system is Jackson Hole in Wyoming, proclaimed a national monument in 1943. This beautiful valley which lured trappers and fur traders of an earlier era, now draws people who appreciate glacial phenomena. It also is wintering grounds for the largest herd of elk in the U.S.

Another is the Big Bend National Park in Texas, presented to the people of the nation at large by the Lone Star state in 1944. Like everything else in those parts, it's on the large side. The 691,000 acres along the Rio Grande encompass eye-filling mountain and desert scenery.

The Richmond National Battlefield Park came into the federal fold in 1944. The territory, a gift from Virginia, was the scene of several battles during the war between the states and includes massive fortifications along the James river, and at Fort Harrison.

Fort Frederica on the coast of Georgia was designated a national monument last year. The land, presented by citizens of the state, embraces a fort built in 1736 as a defense against the Spaniards by Gen. James Edward Oglethorpe, founder of the colony of Georgia.

One of the latest opened to the public as a national historic site is the home of Franklin D. Roosevelt at Hyde Park, N. Y.

The park service is entering the busy season short-handed because appropriated funds, slashed during the war, still are below peacetime levels.

Make Reservations Early
Sleeping space virtually is unchanged, but some effort is being made to expand it. Available in the network as a whole are 9,319 camp sites, providing accommodations for 37,276 persons per night. The majority provide running water, cooking and sanitary facilities, outdoor tables and room for an auto and tent. Some camp grounds have electrical connections for trailers, and bathing and laundry quarters. Hotels, lodges and cabins in the parks have a total of 8,401 rooms, and can shelter 12,800 guests.

Officials, preparing for the heaviest influx between late June and Labor Day, offer this advice:

1. If you plan to stay at a hotel, lodge or cabin in a national park, make your reservation well in advance, and ask for confirmation.

2. If you plan on driving a long distance to a park near a large center of population, time your trip so you will avoid the weekend and holiday multitudes.

State Offers Reward For Guilty Persons
AUSTIN, May 2. (AP)—Rewards totaling \$500 were offered yesterday by Gov. Coke Stevenson for the guilty persons in two double slayings near Texarkana.

"The people of that vicinity are becoming increasingly alarmed," the governor said in proclaiming the rewards—\$250 in each case—which are good for 90 days.

The bodies of Richard L. Griffin and Polly Ann Moore were found on March 25, and on April 14 the bodies of Betty Jo Booker and Paul Martin were discovered.

The governor, in his proclamation, said that Bowie county officers, Texas Rangers, and FBI agents had been making an intensive search for the killers.

Controls May Be Removed On Meat, Anderson Predicts

WASHINGTON, May 2. (AP)—Secretary of Agriculture Anderson has said during a discussion of meat shortage and black market conditions that if the situation is not cleared up in 90 days, he would favor removal of price controls on meat.

"This is about the last effort to see if it (meat control) will work," he told the Senate banking committee in hearings on OPA extension.

He added he "would hate to see" controls on meat lifted "until we have again made a serious effort."

Senator Bankhead (D-Ala) asked what Anderson would consider a reasonable period for a fair test. "We would have to do something in 90 days or abandon it," the secretary replied.

PRESS INSTIGATES DEPARTMENT PROBE

ATLANTIC CITY, N. J., May 2. (AP)—Attorney General Tom C. Clark told a new dog-bites-man story.

He said an anti-trust division investigation had been launched a few days ago against "a certain group of manufacturers" of men's suits on the basis of a press statement hinting at an embargo on men's clothing unless OPA adjusted prices. The Justice Department does not usually base its cases on newspaper statements, he said, but added:

"We do believe that the American newspaper is a valuable watchdog over excess, both in business and in government. Sometimes the watchdog warns us of the danger at our doorstep and other times he turns around and bites us."

BACKACHE, LEG PAINS MAY BE DANGER SIGN

Of Tired Kidneys
If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

Backache is Nature's subtle way of taking excess acids and poisons waste out of the blood. They help most people pass about 2 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start causing backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, stiffness under the eyes, headaches and dizziness. Frequent or scanty passages with burning and stinging sometimes show that something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

"They Are More Direct"

CO-EDS EVALUATE LOVEMAKING OF VETS HOME FROM OVERSEAS

LIBERTY, Mo., May 2. (AP)—Coeds at Tiny William Jewell College think the war has made veterans better lovers.

William Turnage, veteran and associate editor of the college newspaper, grew tired of "loose talk about veterans coming back to date coeds after dating girls all over the world."

So he and five other veterans conducted a campus poll among girls from 20 states among the college's 512 students about the 174 ex-service men on the campus.

Sixty-six coeds said men were better lovers now than before the war; 31 thought not and 23 still are undecided.

Twenty-six of the coeds voted that overseas experience had added refinement to the veterans' technique of lovemaking while 71 thought it had added power. Twenty-three couldn't make up their minds.

It was a close call on whether veterans were more gentlemanly. Sixty-one said yes, 80 no and nine wouldn't say. But 86 said the veterans expressed a preference for American girls while five said they have been told by veterans that they liked foreign girls better. Twenty-nine refused to answer.

The Navy and Army were almost equally popular with the coeds with the Merchant Marines and the Marines running a poor third. Fifty held out for the Navy; 48 for the Army and one each for the Merchant Marines and the Marines.

Some of the coeds elaborated on veterans' lovemaking. One said they "appreciate women more now," another, "they are smoother but they have lost some of their delicacy," and a third, "they are more direct."

Lions To Battle Lubbock Sunday

Frank Miller takes his Big Spring baseball Lions to Lubbock Sunday for a return game with that city's Black Hubbers.

The Hubbers thrashed the local negro nine in a bout played here two weeks ago, rallying in the late innings to accomplish the trick.

Clarence Pollack, who hit a home run against the Panhandle crew the last time out, is expected to add authority to the Big Spring attack. Another offensive-minded Lion will be Charley Merick, hefty catcher.

Harry Dooley will work hillside for Miller's contingent.

Have a Spencer designed just for you to relieve strain on tired muscles.

YOU'VE BEEN GOING FOR THE PAST FIVE MINUTES. WHAT'S SO FUNNY?

A STORY BEN TOLD AT LUNCH TODAY

SEEMS THE GOLF COURSE WAS CROWDED ONE SUNDAY AND THERE WAS A LONG WAIT AT THE SECOND TEE FOR EVERY FOURTEEN. SUDDENLY A LONE PLAYER CAME UP AND NERVOUSLY ADDRESSED THREE FOURBOMES THAT WERE WAITING THEIR TURN.

"GENTLEMEN," HE SAID, "I BOG YOU TO LET ME PLAY THROUGH. ORDINARILY I WOULDN'T MAKE SUCH A REQUEST BUT I JUST HAD BAD NEWS FROM HOME. THE DOCTOR PROMISED TO TELL ME THAT MY WIFE IS CRITICALLY ILL."

"HMM, IF HE WAS SO ANXIOUS TO GET HOME WHY DIDN'T HE GO INSTEAD OF TRYING TO FINISH HIS GOLF GAME?"

"I THINK IT WOULD BE JUST AS WELL TO LET THE SUBJECT DROP."

MISTER BREGER

"Okay, let's get started—our outfielders are takin' their places. Guess they heard you're pitchin' today!"

Farm And Ranch News

By WACIL McNAIR
Although statistics on cost of gain have not been computed for the 33 steers which completed a 182-day feeding period at the experiment farm Wednesday, several facts became apparent while the program was in progress. For example, Lot No. 1, which was used as the check lot received as much salt as the animals desired. Average salt consumption per head was slightly less than half an ounce per head each day in the rations, but did not require as much as Lot No. 1. Also there is some doubt over whether increasing bone meal content in the rations above a certain point is profitable. Lot No. 6 was fed bone meal at a ration of one to four, while the basic ration called for a one to six proportion. Although the animals in that lot gained more than others, it appeared doubtful that the profit would justify the extra meal.
Probably the most desirable factor obtained in the program from a commercial feeding standpoint was the uniformity in eating. That is credited chiefly to the ensilage, which has proved a good appetizer time after time at the experiment farm.
Farmers and others who depend upon state fish hatcheries for supplies to restock their home waters should place their applications direct with headquarters. The procedure, says R. E. Callender, a management specialist for the A&M college extension service, is for the applicant to write to Marion Toule, chief aquatic biologist, Game Fish and Oyster Commission, Austin, for standard application forms.
The county commissioners court is ready to join in the fight against Johnson grass, C. H. DeVaney, president of the Howard county Farm Bureau reports. The farm bureau is pushing subscriptions among farmers for a car load of calcium chlorate poison, and as the poisoning operations get underway the commissioners will start to work on lateral roads which are infested with the grass. DeVaney pointed out that the farmers will not need extra equipment to apply to poison, as it is adaptable to either hand or tractor mounted sprays. Orders are being taken at the county agent's office.

Hanson Acquitted Of Jewelry Theft

David P. Hanson was absolved of guilt in a burglary trial completed in district court Tuesday afternoon.
Hanson was accused of stealing a quantity of jewelry and some \$500 in cash from Mrs. Della Welch last Dec. 15.
INAUGURAL FLIGHT MADE FORT WORTH, May 2 (AP)—The inaugural flight of a new Delta AirLines schedule between Fort Worth and Miami, Fla., was made here yesterday. The plane left shortly thereafter for the return flight.

German Girl Found Guilty Of Killing GI

FRANKFURT, May 2 (AP)—Blonde, 22-year-old Ingeborg Fischer began a term of life imprisonment today for the fatal shooting of an American paratrooper on March 15. The case was the first of its nature arising out of fraternization between GI's and German girls.
The plump, undemonstrative girl was found guilty and sentenced last night by a court of five American officers for murdering Tech. Sgt. John Chinar, 26, of Tuscarora, Pa. The prosecution had said it "wanted no mercy." Chinar was shot through the

heart in his billet at Hedderheim, near here. Soldier witnesses testified they found the girl standing over his body, gun in hand.
