Forty Boys Turn Out For Spring Training

MARSHALL MARS DESTROYED BY FIRE—Flames sweep the big flying craft, Marshall Mars, in waters near Honolulu just before the explosion that sank the ship. The number three engine of the ship, which had just been changed, caught fire and caused the airplane to turn back from a test flight. The craft made an emergency landing on a smooth sea, enabling the seven crew members to escape without injury.

Prospects Bright For Larger, Better Team Than In 1949

Hope To Be In Line To Enter State Competition

The American Legion Junior Baseball League is off to a flying start.

According to Vernon Hofacket, Team Manager, forty boys turned out for spring training Thursday afternoon on the baseball diamond at the Fair Grounds.

The regular roster, according to Mr. Hofacket, will be made out today (Tuesday).

More Players Invited
All boys 17 and under wishing to play are urged to come out and get into the tryouts.

U. D. Walker, M. O. Mitchell and Coach Patterson are coaching the boys.

Manager Enthusiastic
Mr. Hofacket is very enthusiastic about prospects this year for a larger and better team. In an interview with a Leader representative Friday, he said:

"If we can get a strong enough team we will play in State competition. The tournament in this district will be played in Lubbock in July. This is District 2 and consists of 22 counties on the South Plains. This District has some strong ball clubs. The winner of this District for the last six years have always gone to the State Finals, even if they did not win the State Championship. The State Championship game will be played in San Antonio in August."

The Local Unit of the American Legion is also sponsoring a colored team and furnished them with equipment Thursday so that they might get started working out. Fonder Clayton is their coach, and they are now working out on the school yard.

According to Mr. Hofacket prospects are bright for a good team.

RESIGNS TEACHING JOB

Mrs. Frank H. Bartlett resigned her position as teacher in the Sudan school system to become effective at the end of the present school term, according to word received by Superintendent Dooley. Mrs. Bartlett is moving to Hobbs, N. M. and Dooley stated the Sudan schools are sorry to lose her as she is a good teacher, adding that he is sure everyone wishes her success in her new home.

PLEADS GUILTY—Capt. William Brown, skipper of the Missouri when she ran aground in Chesapeake Bay, reads a statement to court martial board in Norfolk, Va., in which he pleads guilty to neglect of duty.

Funeral Services Held Saturday For C. A. Montgomery

Funeral services were held for Clyde A. Montgomery, 35, former resident of Littlefield, at the First Baptist Church at 3:30 Saturday afternoon, April 22, with the Rev. Cagill of the First Baptist Church of Hereford officiating.

Mr. Montgomery who has been teaching at a school for veterans in Hereford was killed in an auto accident about 2:30 o'clock Thursday morning five miles north of Clovis, N. M.

The car which Mr. Montgomery was driving apparently left the road and over-turned, killing him instantly, and injuring his companion, Alma Wallace of Hereford, who was asleep at the time of the accident and unable to describe what happened. She was taken to (Continued On Page Nine)

Road Construction Begins On Rt. 84

Work has begun on Highway 84 west of Lubbock which when completed will result in a 4-lane highway from Lubbock to Shallowater.

Reports are that the 4-lane highway will be extended beyond Shallowater when the project work has been completed. The exact starting time for the project has not been announced.

Students Do Well At Tech Competition

Track Squad Scores 5 Points In Three Events

Littlefield High School students took their share of honors at the Region I interscholastic league literary and athletic competition held on the campus of Texas Tech April 20 and 21.

The only first place went to the class A boys' debate team composed of Robert Rutledge and Bill Gray who defeated the team from Phillips.

Diane Hall won second place in typing behind Jo Ann Stockard of Levelland. Placing third was Beverly Cothrun of Pecos.

Eudene Glover was nudged out of first place honors in shorthand by Bonnie Croom of Monahans. Placing third behind Eudene was Glory Cambell of Monahans.

First places in literary events were won by Amarillo, Big Spring, Midland, Levelland, Pecos, Shamrock, Spur, Springlake, Darrrouzett, Booker, Jayton, Abilene, Andrews, Sweetwater, Perryton, Littlefield, Lubbock, Muleshoe, Olton, Friona, San Angelo, Brownwood, Monahans, Farwell, Pampa, New Deal, Plainview, Ralls, Tulla, White Deer, Miami, Panhandle and Dumas.

Regional Director General, S. M. Kennedy, Jr., said that no grand champion of over-all literary and athletic events was chosen. The top honors were spread out among the competing schools.

In class A athletic events the Littlefield team scored five points gaining two second places and a fourth.

Bob Cox took second in the 880-yard dash behind Baker of McCamey. The time of the race was 2:7.5.

Barbeque Given By FFA Members

FFA Boys of the Littlefield Chapter prepared and served a barbeque for their parents and guests in the big barn Friday evening, April 21.

The barbeque was financed from funds made handling concessions at last year's football games.

After the meal was served the boys conducted a short program. Parents and guests were introduced and members of the club reviewed the activities they had participated in during the past year.

Guests in addition to the parents were Miss Patty Jones, FFA Sweetheart; Miss Wanda Terry, FFA Plovergirl; Supt. and Mrs. Joe Hutchinson; principal and Mrs. Troy Arms; Mr. and Mrs. E. E. Chance, agriculture teacher from Sudan; Mr. and Mrs. Duncan, Miss Doris Branter and Howard Sorenson of Lamb County Leader.

Carton Points Out That Citizens Should Trade At Home

Readers of the Lamb County Leader are due for a real treat.

Beginning last week the Leader is featuring a new cartoon, "Ain't It The Truth," sponsored by this newspaper and Littlefield business concerns and drawn by Chester Klock, nationally known cartoonist of Denver.

Klock's cartoons, based on real life experiences for the most part, are designed to lend pictorial persuasion to the proposition that all good Littlefield citizens should patronize other good Littlefield citizens by trading at home.

The pitfall of going business with the big city slicker salesman are cleverly and humorously portrayed by Klock with rib-splitting effectiveness. You'll laugh and you may learn, too, when paw finds out that the salesman in the big town wasn't lying when he sold him a used automobile which he promised would "run like a top." On the way home Paw discovers the thing does run like a top. It spins and spins when the wheel flies off.

Comic Situations

One after another, Klock pictures pointedly comic situations which come about as a result of spending the family income in the big town stores.

Klock says he first "saw the light of day" in Boulder, Colo., in

1914 and has been "drawing funny pictures" ever since. His first experience in practical art was on his mother's walls with crayon.

"Dad's belt soon taught me to do my practicing on paper," he says.

Klock attended public schools at Duluth, Minn., and "almost got thrown out for drawing grotesque pictures of the teachers."

He went to Chicago to see how people lived elsewhere, and found "things so tough I had to swap pictures for hamburgers and haircuts." Later on he found people actually paid money for comic cartoons whereupon he quit trading his master pieces for hamburgers and set out "to earn some real dough."

Studies in Chicago

He studied cartooning at the Chicago Academy of Fine Arts which turned out such top-notchers as Walt Disney, Frank King, Shoemaker and others.

After receiving this training he knocked about the country a few years "getting material for my cartoons." He soon was selling to magazines and newspapers as a free-lancer. Suddenly he returned to Duluth to "settle down for a while."

There he established himself (Continued On Back Page)

Church Of Christ To Be Completed At Early Date

Inside finishers went to work last week on the new \$35,000 Church of Christ building now under construction in Sudan and members may be able to hold the first services in the new building as early as May 7th although May 14th has been set for the formal opening date, according to Brother Walter Bostick.

The new structure will have 325 opera type seats, a modern heating plant, which has already been installed, and a complete air-conditioning system. Modern fold doors will separate the class rooms from the auditorium which will be completely carpeted.

Buff brick has arrived for the exterior and brick-layers will start on this last phase of construction as soon as the interior is completed.

ANNOUNCE WHEAT FESTIVAL

Wheat, king of North Texas agriculture, will receive due respect in festival form for the first time this harvest season in Wichita Falls with a two-day celebration, June 2-3.

Named Assistant Program Chairman For Open House

Elizabeth Schovajsa, sophomore Home Economic student at Texas Technological College and daughter of Mr. and Mrs. E. L. Schovajsa of Amherst, served as assistant program chairman for the 14th annual Open House held on the campus April 21 from 2 o'clock until 10 p. m. and April 22, from 9 a. m. until 5 p. m.

Open House is a student planned activity to acquaint the public with the work being done in the division of Home Economics, and is held in conjunction with the Engineer's Show, and the Region I Interscholastic League Meet. Billye Harvey of Kaufman was general manager and Charlotte Ritche was assistant manager of the mid-century show which carried the slogan, "Home Economics Contributes to Better Home and Family Living."

Miss Schovajsa is among the students with high scholastic average. She is president of Alpha Lambda Delta, Secretary of the Baptist Student Union, member of the Home Economics Club and Phi U which is a national honorary and professional fraternity of home economics. She was also a candidate for Student Council.

Without Painful Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Modern Cultivation Gives Garden a Close Shave

The present idea of cultivating a garden is far removed from the former practice, which inclined to the view that the deeper you could drive the cultivating tools into the soil between the crop rows, the better.

Present day teaching is that the ground should be stirred to kill weeds, and break the surface crust of soil, but never deep enough to disturb the roots of the nearby plants. This makes a lot of difference to the gardener, who no longer has to bear down on the cultivating tool in order to make it go down deep.

It also approves a sharp hoe blade as superior to cultivator teeth. The hoe should be used as a cutting tool, not as a digger. It can be drawn in a slicing motion just below the soil surface, so that it uproots weed seedlings in the sprout stage and cuts off the larger ones. It will pulverize the soil crust so that both air and water may have free entry into the soil, while the roots of the crops remain undisturbed.

This should be done after every shower or irrigation, which will tend to compact the surface soil and start weed seed to germinating. When timed correctly, it will reduce the cultivation of a small home garden to a task no more difficult than sweeping the floor once or twice a week.

Deep cultivation will dry out the soil, and may disturb the surface roots of your vegetable plants, which can do more harm than cultivation does good.

Besides destroying weeds in the space between rows, those which grow in the row itself must be pulled when tiny. This requires hand work, and is always tedious, but can be combined with the task of thinning out excess plants. Once the vegetables have become well established, hand weeding will be unnecessary.

Free air circulation in the soil has been proved to be a vital factor

Use the Hoe Like a Safety Razor to Cut Off Weeds and Break Soil Crust.

in the growth of plants. In properly porous soil there is a complete change of air to a depth of eight inches every hour. When the soil becomes compacted and crusted on the surface, this exchange is seriously hampered. Crust formation can be checked by various methods, including the application of a mulch, or by growing a living mulch of fescue grasses. But lacking a mulch, frequent shallow cultivation is necessary, especially after every rain.

SPRING PLAID

Bright new fashions are blossoming with the arrival of spring. One of the outstanding new cottons this season is a harlequin plaid sundress in green and lilac gingham by Galey and Lord. The National Cotton Council reports that colorful plaid cottons will be among the most popular fashion fabrics this spring and summer.

INFORMATION For VETERANS

QUESTIONS AND ANSWERS

Q—I dropped \$5,000 of my \$10,000 NSLI term insurance after my discharge from the army. Will I be permitted to reinstate the amount dropped and again carry \$10 worth of insurance?

A—Yes, but if the insurance has been lapsed more than three months, a physical examination is required. This will be given without charge at any VA regional office.

Q—Is compensation ever paid for disability due to misconduct?

A—Under provisions of Public Law 439, 79th Congress, compensation may be paid for such disabilities if it is shown they are not due to the veteran's own willful misconduct or vicious habits.

Q—I have been told by friends that my disability, which I claim is due to service, cannot be service-connected because I had it before I entered the armed forces during World War II. Am I entitled to file a claim for compensation?

A—Yes. A claim should be filed as soon as possible. The decision as to service-connected or service-aggravated disability will then be made by the proper agency of VA.

Q—I have a service-connected disability for which I receive compensation and insurance benefits simultaneously?

A—Yes, because there is no legal receipt of compensation and insurance benefits simultaneously.

Texas A. & M. Exes. Meet Here Friday

Eighty-one ex-students of Texas A. & M. came from over the South Plains Friday night to attend the 42nd annual Aggie muster here. The muster is observed annually across the U. S. on San Jacinto Day.

Past president Jack Christian of Littlefield spoke at a dutch luncheon before election of the following officers: Leon Ranson of Levelland, president; Homer E. Thompson of Morton, vice president and Willie Streicher of Lubbock, secretary-treasurer.

Two aggies were recognized as representing the oldest classes. They are: Alec Bateman of Texico, 1912, and P. W. Walker of Littlefield, 1913. Approximately 22 delegates from Lubbock attended the muster which also drew delegates from Morton, Texico, Littlefield, Brownfield, Levelland, Olton and Amherst.

Olton To Have More Lights

The Olton City Commission entered into contract recently with The Southwestern Public Service Company for the erection and installation of 21 additional street lights. These are to be of 4000 and 6000 lumen size, and will be installed in the residential areas.

These were badly needed and we hope to be able to extend the street lighting system even farther in all directions at a later date.

Our new mercury vapor lights are of the very latest design and we think, do give a nice light. Perhaps more of these can be added at a later date.

3 STEPS TO NEW WASHDAY freedom

Simple as 1-2-3! Wash-day drudgery vanishes completely when you leave it to electricity. No steaming heat, no back-breaking labor, no hours-on-end of energy-robbing soak, scrub and rinse. Just place clothes and linens in your electric washer... set the dial... and leave the hard work to electricity! So convenient, so efficient... so dependable, too. Even the most fragile linens and laces come out fresh as an April dawa... beautifully clean... thanks to this gentle, modern care.

Ask to see the new, completely automatic electric washers when you visit your dealer. Remember—only a few cents a day gives you new wash-day freedom.

Mayor Issues C. of C. Week Proclamation

L. C. Campbell, acting mayor in the absence of A. C. Chesher, signed the following proclamation last week to announce April 23 to 29 as official Chamber of Commerce Week.

The Acting Mayor's Proclamation stated:

TO ALL TO WHOM THIS PRESENTS SHALL COME:

WHEREAS, the first Chamber of Commerce in the United States was formed many years before the drafting of our National Constitution; and,

WHEREAS, the Chamber of Commerce of Texas have made outstanding contributions toward the economic, industrial and commercial development of our State; and,

WHEREAS, the services of a Chamber of Commerce are indispensable to a progressive community; and,

WHEREAS, a Chamber of Commerce is non-partisan, non-sectarian, and non-sectional; and,

WHEREAS, the Littlefield

Chamber of Commerce is an organized effort of public spirited individuals for the purpose of improving living conditions, the development of local industries, better transportation facilities, civic improvement, better utilization of our national resources, improved educational institutions, the economic, cultural, and religious activities; and,

WHEREAS, the Chamber of Commerce is cooperating with all communities and business leaders in building a bigger, better West Texas;

NOW, THEREFORE, I, L. C. CAMPBELL, ACTING MAYOR OF LITTLEFIELD, do hereby proclaim the week of April 23 through 29, 1950, as a week devoted to planning more extensive recognition of Chamber of Commerce activities by the people of this community and to be observed as:

TEXAS CHAMBER OF COMMERCE WEEK.

IN TESTIMONY WHEREOF I have hereunto signed my name officially and caused the Seal of the City of Littlefield to be affixed hereto at Littlefield this 17th day of April, A.D., 1950.

L. C. Campbell
ACTING MAYOR OF LITTLEFIELD, TEXAS.

Pick Beans Young for Top Quality and High Yield

Keep Beans Picked Before Seeds Have Begun to Form.

Do you know beans? It pays a home gardener to know some facts about this nutritious food crop, which yields more food for the space occupied than most other vegetables, and which he can eat at their most delicious stage, just before the seeds have begun to form.

If pods are kept picked so that seed is never matured, the plants will continue to bear as long as they remain vigorous and green. So almost twice as large a yield can be enjoyed, if all pods are harvested when they are at their best, for cooking, canning or freezing.

Snap beans are of tropical origin, easily killed by frost, and the seed should not be sown until the ground warms up and the danger of frost is over. There are varieties that grow on vines and those that grow on bushes. While the vines bear more heavily, the bush beans have been so improved by plant breeders, that most gardeners prefer them.

New varieties are being introduced so fast, it might be said there is an improved model every year.

The first big improvement—years ago—was to breed out the string. Some folks still ask for "string beans," like grandmother used to cook, after laboriously removing the strings.

Quality snap beans this year have pods six inches or longer, straight, round, filled with tender flesh.

Wax and green beans differ chiefly in color; they are about equal in vitamin content and food value, and the taste is similar. But many gardeners consider that wax beans are more tender.

One warning concerning their cultivation is not to work the patch while the leaves of the beans are wet, either with dew or from rain. It may spread disease.

Pole beans are the heaviest yielders of the family. They are later in season and more tender to cold than bush beans. They should not be planted until the weather is settled and the ground warm. They must be provided with wire or cord to climb, and planted at least six inches apart. Be sure to enrich the soil for beans by applying at least four pounds of plant food for each 100 feet of row.

Local Bankers Attend Lubbock Convention

BANKERS AT CONVENTION—Three Littlefield bankers were among a group who arrived Thursday afternoon for the South Plains Bankers Association Convention held Friday, April 21. Shown from left to right are: Champ Clark, vice president of First National Bank of Fort Worth; J. H. Lee, president of the First National Bank of Littlefield; Don Bell, vice president of the First National Bank of Littlefield; E. V. Rogers, cashier at the Littlefield bank; and W. O. Stevens, vice president of Republic National Bank of Dallas.

Seven representatives from Littlefield attended a convention of the South Plains Bankers Association in Lubbock on Friday, April 21.

Representing the First National Bank were: J. H. Lee, president; Don Bell, vice president; J. B. Kempton and E. V. Rogers, cashiers. From the Security State Bank were Paul Hyatt, vice president; W. H. McCown, cashier; and Maurice Carleton, assistant cashier.

Lubbock was chosen as the permanent site of the annual South Plains Bankers Association convention at the meeting which 500 West Texas bankers attended.

Lubbock was suggested as the 1951 site and won over El Paso by a narrow margin. When suggested as a permanent site it was passed almost unanimously.

In the election of officers to the group B. T. Cardwell, vice-president of Odessa's First State Bank was elected president by acclamation as were Charles E. Maedgen, Jr., vice-president of Lubbock National Bank, vice-president of Midland's First National Bank, secretary; and Miss Ruth Ford, vice-president of Citizens National Bank, Lubbock, assistant secretary.

The morning program featured addresses by Ben H. Wooten, president of the First National Bank in Dallas and Dr. James C. Dolley, vice-president of the University of Texas.

Mr. Wooten pointed out the need for keeping the public informed about the good points of business in his talk on "Business and Public Opinion."

Dr. Dolley defined pure capitalism, pure socialism and compared the later to Communism in his talk "Socialism and the Welfare State."

A social hour followed by a buffet luncheon and matinee dance were held in the afternoon.

Funeral Services —

(Continued From Page One)

Mr. Montgomery attended Littlefield schools and graduated from Littlefield High School in 1933. He also graduated from Texas Tech.

During the war he served 42 months in the Army Air Force, 36 months of that time spent in Africa and India.

He is survived by his mother Mrs. Lily O. Montgomery who lives 8 miles south of Littlefield; a brother, J. C. Montgomery; six sisters, Mrs. Estie Dodrill of El Paso; Mrs. Mary Belle Holland of Lubbock; Mrs. Lois Sinclair of Loveland; Mrs. Gladys Lynn of Wilmington, Calif.; Mrs. Floy Bedford of Lloyd and Miss Lily May Montgomery of Lubbock.

Pallbearers at the funeral were Harold Satzman, James Floyd Ross, Sylvester Fargman, Clyde F. White, Olin W. White, Floyd Cole, Frank Robbins and Clarence Betzen.

Burial was at the Littlefield Cemetery under the direction of the Hammons Funeral Home.

BUY SUDAN BUILDING

One of Sudan's better brick buildings, presently occupied by the Morris Hardware, has been purchased in a real estate transaction by Jess Park of Lubbock, former Sudan resident and extensive Sudan property owner.

Mr. Park purchased the interest in the building of R. A. Holland, of Lubbock and became sole owner of the property.

The building is 25x150 feet and in the heart of the Sudan business district.

Cartoon Will —

(Continued From Page One)

with the Duluth Herald as a cartoonist, and decided to marry his high school sweetheart. This was in 1938.

The winters, he recalls, "were hard on my pocketbook so we moved to the mile-high city of Denver and took a position with the Denver Post where he continues to turn out "Plumb Local," an editorial page feature which draws heavy fan mail.

Three Girls
Klock's family now numbers three not counting mama and papa Klock. His children are all girls, although one of the girls shows some art talent Klock hopes she "doesn't plan to become a cartoonist like daddy. One crackpot in the family is enough."

"The idea behind 'Ain't It The Truth'—telling people to do their shopping at home—came to me several years ago. I discovered many people were chasing into the big towns, some times more than a hundred miles distance to do their shopping.

"How foolish this is considering that people can get the same things at home from their own neighbor merchants and as often at not for less or the same price paid in the big town.

"I know what I'm talking about because I've lived in both large and small towns.

Educational Program
"So with this idea in mind, I figured I'd try to put over an educational campaign in a humorous cartoon. The title "Ain't It The Truth" was dreamed up next. Then I went to work on the cartoon. So far, they tell me, newspapermen and the readers like it. I hope it continues to click for years to come.

"People ask me what my likes and dislikes are. Well—let me see—I'd say I like loud shirts, 'lazy' fishing, good cigars, good music, and some cartoons. Dislikes: Hot-shot salesmen, conservative clothes and all forms of physical exercise. "Enuff! Well, that's the truth behind 'Ain't It The Truth'."

Murder Charge Follows Shooting

John Mangles, 22, was shot and killed following an argument in Littlefield about 11:30 Saturday night.

City policemen Fields and Gilbert, who investigated the shooting, said that Mangles had died as the result of two bullet wounds near the heart.

Domingo Aguilar, a Littlefield youth, was arrested and charged with murder.

Aguilar appeared before Justice of the Peace Sam Farquhar on Monday and bond was set at \$1500. Aguilar is at liberty on bond until he will appear before the Grand Jury on April 28.

Debaters Win —

(Continued From Page One)

The mile relay team composed of Frank Davis, Jack McCantles, Bob Cox and Joe Walden tied for second place with Kermit and Memphis winning the race in 3:39.7.

Fourth place in the 440 yard dash went to Floyd Goff. He ran behind Moore of Phillips, Crooks of Phillips and Cagan of Pecos.

Pecos outpointed Phillips for the team high scoring honors 25-22. Other teams scoring was: Andrews, 15; Fort Stockton, 12½; McCamey, 10; Dalhart, 7; Monahans, 7; Wink, 6; Canyon, 6; Wellington, 6; Littlefield, 5; Levelland, 5; Shamrock, 3½; Lofors, 3; Kermit, 2 5-8; Hereford and Dumas, 2; Sundown, Morton and Muleshoe, 1; and Abernathy, 23.

TWO MORE SKYSCRAPERS FOR FORT WORTH

Fort Worth's downtown skyline will be expanded materially in the near future by the addition of two modern skyscrapers. The new structures will be the 23-story building of the Continental National Bank and 22-story Continental Life Insurance Company edifice.
