

# ALLOTMENT FOR 275 MILES OF REA WIRING EXPECTED BY COUNTY CO-OP.

**Funds Received For 50 Mile Project To Start Work At Once**

**Meeting Called For Thursday Night To Select Work Route**

An allotment for 275 miles of R-EA lines is expected within two weeks by the Lamb County Electric Cooperative, according to J. H. Carl, Manager. Application for this allotment was sent to Washington some time ago.

Mr. Carl talked to Mr. Kenneth Hardy, head of Application Loans Division, on the telephone Tuesday, and he assured him that the allotment would be forthcoming.

Mr. Carl, in an interview Wednesday, said: "There are 10 stages for an application for REA wiring to go through, and our application is now in the last stage."

This allotment will possibly be \$275,000, but we may only receive part of this now. However, we expect at least \$150,000, and the balance, of course, will be a formality, possibly coming along after July 1."

The project will include lines over portions of Lamb, Hockley, Castro, Hale and Cochran Counties.

The Lamb County Electric Cooperative recently received \$50,000 allotment, which represents about 50 miles of REA lines, which will be started immediately.

A meeting of the directors has been called for Thursday night at the REA offices here for the purpose of making a selection of the route to be covered by this 50 miles of REA lines.

Mr. Carl also announced that the Cooperative had also received approval to add the 50 miles as an amendment to one of the present contracts. Previously, it had been understood by the local group that the \$50,000 allowed was a partial allotment of the 275 mile application on file, but on investigation it has been determined that it is a separate allotment.

Mr. Carl asked the Leader to explain to the farmers of this area who are requesting service from the Lamb County Electric Cooperative that the greatest difficulty now in building these lines is caused from the lack of materials for construction, adding that it is practically impossible to get some items; and that they are endeavoring to build as much line as possible, but are encountering much difficulty.

## Accepts Deed To College Property

At a meeting of the County Commissioners at the Court House here Thursday, the County accepted the deed of the College property, to be used as a fair grounds.

All the members of the Commission were present.

## Agricultural Class Growing

The Agricultural class of the Vocational School is reported to be progressing nicely, with 24 members enrolled.

According to County Superintendent of Schools J. Ernest Jones, it is expected that it will be necessary to start a waiting list soon for a second class, because 25 is the maximum number of students for one class.

Mihail Kalinin is President of the Soviet Union.

The 1946 playing schedule for the Littlefield Softball Club has now been partially completed, according to Art Mueller Wednesday afternoon. The schedule is set up to begin Monday, May 13, and it is hoped that the installation of lighting at the new field will be completed by that time. However, they had still not arrived late Wednesday, but in the event that they do arrive later in the week they can be readied by Monday night.

It was first thought that the installation of the light poles on the new playing field would interfere with the landing runways at Duggan field, but in a statement from Quinn Henry, Airport Manager, Wednesday evening, he stated that in an NAA meeting Monday night it was decided definitely that the new lights would not interfere in anyway with the permanent location of the new runways as the permanent runways will be moved northwest of the present locations. He also stated that the location of the present high line east of the Airport will be moved in the near future to a location one-fourth mile east and south of the field.

The first six weeks schedule for the 1946 season will be given in weekly reports along with results of play in each team bracket for the week. The first week of play, beginning Monday, May 13, through Friday, May 17 is as follows: On Monday Phillip 66 meets the American Legion in the opening game. Followed on Tuesday night by Adkins Produce and WOW with the VFW playing the High School Thursday night and Phillip 66 repeating again on Friday night with the Jaycees. The results of each of these games along with team averages will be given Leader readers weekly, so that they may follow their favorite teams through the full 12 weeks of play.

## Funeral Services Held For Miss Sarah Williams

Miss Sarah Williams, 42, of Earth passed away at 10:30 a. m. Monday, May 6, at the Amherst Hospital, following an operation.

The remains were taken by Hammons Funeral Home Tuesday to Frederick, Okla., where funeral services were held, and burial took place Wednesday afternoon.

Miss Williams made her home with her mother, Mrs. J. M. Williams at Earth.

She was born August 22, 1903, at Terrell, Okla.

## Last Rites Held For C. H. Hodges

C. H. Hodges, 62, passed away suddenly at his home in Southmoor Addition about 9 A. M. Thursday, as the result of a heart attack.

Mr. Hodges had been suffering from a heart ailment, but his condition seemed to have improved. However, he was stricken with a heart attack early Thursday, which proved fatal.

The remains were taken to Snyder, Texas, where funeral services were conducted by Rev. Raleigh Dale, Pastor of Morton Primitive Baptist Church Saturday afternoon at 3:00 o'clock at the Primitive Baptist Church, and burial took place in the family plot in that city.

All members of the family and a host of friends accompanied the remains to Snyder.

Mr. Hodges left surviving him his wife, Mrs. Jennie Hodges, and two daughters and three sons.

The daughters are: Mrs. I. V. Callis of Littlefield, and Mrs. Lois Skaggs of Morton.

The sons are: V. D. Hodges of Littlefield; Floyd Hodges of Leveland; and Wayland Hodges, in the service, and stationed in Japan, and who is expected home on an emergency furlough due to the illness of his mother.

Mr. Hodges is also survived by four brothers and one sister. The brothers are: Arthur Hodges of Lamesa; Ben Hodges of Seminole; and V. B. Hodges and D. N. Hodges of DeLeon, Texas. The sister is Mrs. Alma Hattox of DeLeon, Texas.

The Hodges family has lived in Littlefield one and one-half years, previously farming 8 1/2 miles southeast of town, where they made their home since 1939. They moved here from Snyder, Texas.

Deceased, was a member of the Primitive Baptist Church.

## TEN DAY REVIVAL CLOSES

The Ten day Revival closed at the Spade Methodist Church, Wednesday night, May 1. Rev. Beauchamp of Abernathy, Texas conducted the meeting, assisted by the Pastor, Rev. C. E. Fike, of Lubbock, Texas. There were several additions to the church.

# Fred Miller Resigns Post As School Superintendent

At a meeting of the Littlefield School Board Monday Night, this body accepted with much regret the resignation of Supt. Fred Miller effective July 1.

Supt. Miller has very ably served two years as Superintendent of the Littlefield Schools coming here from Ballinger in 1944.

Supt. Miller will enter the school equipment business, and will represent Gulf States Equipment Company, taking over the South Plains and Panhandle as his territory, and making his headquarters in Littlefield.

He has been a school faculty member for 15 years; five years as Superintendent at Lueders, Texas; one year High School Principal at Ballinger; and High School Principal at Rising Star, Texas.

Mr. Miller has made a very capable School Superintendent here, whose place it will, indeed be difficult to fill. He took charge of the school here at a trying period, and has brought it through with flying colors. The Leader feels that his resignation means a great loss to the Littlefield Schools, but wishes for Supt. Miller the best of success in his new field of endeavor.

## Will Establish Co-operative Hospital In Littlefield Area

## Funeral Service For Mrs. Stewart

Funeral services were conducted at the Littlefield Assembly of God Church Sunday afternoon at 3:00 o'clock for Mrs. Joe Stewart, 53, who passed away suddenly about 11:30 A. M. Friday in an ambulance enroute to a hospital in Lubbock.

Mrs. Stewart had been a patient in the Lubbock Memorial Hospital, and had undergone a serious operation. Relatives had believed she was getting along nicely when she was stricken from a blood clot at a residence of friends at 2008 Broadway.

The pastor of the local Church officiated at the services; and burial took place in the Littlefield Cemetery with a Lubbock Funeral Home directing the funeral.

Mrs. Stewart left surviving her husband, and three daughters. She had made her home in Littlefield since 1939.

A group of interested citizens of this section of the county met in Littlefield April 25, and formed a cooperative hospital association.

It was agreed that the organization should be known as the Lamb County Cooperative Hospital Association, Inc.

The group then elected nine of their number as directors for the first year and as incorporators; and instructed Attorney E. A. Bills to prepare articles of incorporation, and selected a committee of four to take the articles of incorporation to Austin, and make application for a Charter for the organization.

The following were elected to serve the first year: C. W. Smiley, president; Ben Gann, secretary-treasurer; and as directors, Mr. Smiley, Mr. Gann, and W. F. Martin, R. L. Byers, Doss Maner, S. N. Twilley, V. H. Diersing, W. M. McCoy, and H. N. Bennett.

The charter has been granted.

Article II of the Charter reads as follows:

"This is a charitable corporation, and is created and formed for the purpose of owning and operating a non-profit cooperative hospital, outside the city limits of any town or city, and for the purpose of providing a suitable place in the locality where members and families of members of the cooperation may obtain medical, dental, health, surgical, nursing, hospitalization, and related services and benefits."

The Directors state they have a number of locations near the city limits of Littlefield under consideration.

Clean Out Accident Hazards—

Spring is clean-up time and time to clean out the hazards around the farmstead which might cause injury. With farm labor shortages and continued demands for high food production, the farmer cannot afford to lose the services of farm workers through accidents. The National Safety Council has listed several wise precautions for prevention of accidents.

Other than the personal factor of poor judgment, the largest single cause of injuries was disorder, according to a study made by the Council a few years ago. "A place for everything and everything in its place" is a prime safety rule.

Broken steps can be responsible for accidents of serious consequences. Floors should be solid, smooth and in good repair. They should be free from obstructions which would cause inconvenience or falls.

At this season of the year many barns have become cluttered with the accumulation of items used during the winter. Suitable places should be found for locating or storing such items. Avoid storing loose materials overhead on rafters or between floor joints, and make sure that forks, scrapers, brooms, and rakes are kept in racks or places where they will not fall and injure people.

A well-arranged and well equipped farm repair shop brings tools and work together in a suitable location and reduces loss and damage. It is a wise precaution to check the handles of hammers and axes to see that they are secure and in good condition. Ample light and a place for keeping tools are important in a good shop.

Proper lighting and suitable receptacles for knives and other sharp kitchen tools are other important safety considerations.

REVIVAL AT FIRST BAPTIST IS GREAT SUCCESS; 37 ADDITIONS TO CHURCH

A very successful revival meeting closed at the First Baptist Church Sunday evening, when 18 were baptized.

There were 37 additions to the church during the meeting, which opened April 28, and closed last Sunday night. Rev. Lee Hemphill conducted the evening services

while Rev. Luther Harrison directed the singing, and spoke at the morning services.

Contributions at each first Sunday in the month go towards the building fund, and over \$1000 was added to the fund now standing at over \$27,000.

GOES TO COLEMAN

Rev. Lee Hemphill left Monday to spend a few days with his parents, Mr. and Mrs. C. W. Hemphill, at Coleman. He will return here the end of this week, and in time to conduct the regular services Sunday.

Frank Bartley of the Bartley-Harvey Appliances was in Olton on business Friday.

**AREA GETS HEAVY RAIN WEDNESDAY NIGHT**

Heavy rain with some hail fell over the Littlefield area Wednesday night, starting about 8:00 o'clock, which from all indications was general, but heaviest to the west.

About 1 1/4 inches moisture was reported here by the West Texas Cotton Mill. Sudan reported a big rain, which started falling earlier in the evening.

An electrical storm accompanied the rain, and the telephone lines were out for sometime, with no out of town connections available in any direction, as reported by the Telephone exchange. H. R. Hardy, Manager of the Southwestern Public Service, also reported some local trouble in the electric system from the storm.

All indications pointed to additional moisture at a late hour last night.

**Name Texas Head Of State Chicken Breeding Program**

Appointment of F. Z. Beanblossom, extension poultryman of Texas A & M College at College Station, Tex., as state chairman of the Chicken-of-Tomorrow Committee opens the way for Texas poultrymen to compete with breeders from other states in the nationwide effort to produce better meat-type chickens.

Beanblossom

Goal of the three-year breeding program is to develop a chicken which will yield at least 10 per cent more meat in relation to bone structure, said D. D. Slade, Lexington, Ky., chairman of the national committee, in announcing Beanblossom's appointment. The breeder who produces the best example of a meatier bird will receive a \$5,000 cash award from A & P Food Stores, whose officials initiated the program. Other awards will total \$3,000.

Objective of both the Texas and national committees is to stimulate production of meatier chickens that will grow more economically, Beanblossom said, in announcing plans for the contest. The hatching date for this state has been set for the week of May 12 to 17 inclusive. The birds will be judged when they reach the age of 14 weeks in August.

"The contest is open to every poultryman," Slade said, "but it will require more than just the selection of an outstanding bird and sending it in to be judged. Each breeder must start with from 100 to 300 baby chicks of known origin and develop a strain or type of chicken that can be reproduced in commercial quantities. Only by such a program of development can poultrymen assure the nation's consumers that chickens of the future will be the source of superior meat."

**SIDELIGHTS FROM WASHINGTON**

By CONG. GEO. MAHON

Our Subcommittee on Appropriations for Government-owned Corporations is now in the third week of hearings. It will be late in May before our bill will be ready for submission to the House for action.

We have concluded hearings on the seven corporations which operate in the interest of agriculture. The Commodity Credit Corporation is perhaps the most powerful Government Corporation which deals with agriculture. The CCC operates the price-support and loan programs for cotton and grain and numerous

other agricultural crops. Congress has guaranteed a support price, or loan, of 92 1/2 percent of parity on cotton for a two-year period following the year in which the official end of the war is declared. A support price of 90 percent of parity is similarly provided for their basic crops.

Loans and purchases through the years by the CCC on cotton, wheat, corn, peanuts, eggs and other farm crops run into the billions of dollars, but the CCC has sustained relatively few losses on crop loans and purchases. On cotton the CCC has made a net profit of \$147,000,000. Cotton farmers will rejoice over the fact that practically all Government-owned cotton will have been disposed of prior to August 1st. This is particularly gratifying when it is recalled that at one time the CCC had on hand over 11,000,000 bales of surplus cotton.

Governor I. W. Duggan of the Farm Credit Administration has appeared in support of the four Government Corporations under his supervision, all having a direct bearing on the year to year operation of millions of American farms.

Governor Duggan expressed alarm over the sky-rocketing of farm land prices. However, in contrasting the rise in farm real estate during World War I and World War II, he pointed out the encouraging fact that while the mortgage debt of farmers rose sharply during World War I, the mortgage debt of farmers went down during World War II. The mortgage debt of farmers is now \$ 1-4 billion dollars, the lowest since 1916.

The remarkable war record of the farmers of America was made in spite of manpower and machinery shortages and often in face of inadequate prices.

According to Governor Duggan, the total asset—real estate and otherwise—of farmers have increased from \$3 billion dollars in 1940 to 90 billion dollars in 1946. He said that American farmers are now indebted for all purposes only to the extent of 10 per cent of their assets. It is estimated that in cash, Government bonds and bank deposits the farmers of the Nation have a total of 15 billion dollars.

Of course, what we need in West Texas right now is not agricultural statistics but a good rain. Quite often these days Members of Congress from agricultural areas can be seen standing in front of a weather map which hangs just outside the House of Representatives and which records weather conditions throughout the Nation as of one-thirty o'clock each morning, Washington time. The red arrow, indicating fair weather and no rain, is too often apparent over West Texas.

By order of the President, American flags are flying at half mast for thirty days on public buildings in the United States and on our embassies, legations and consulates in foreign countries out of respect to the memory of the late Chief Justice Harlan F. Stone.

Construction will get underway today (Thursday) in the erection of facilities for a wholesale and retail gasoline and oil business to be established by Dennis Jones on property at Highways 84 and 51 purchased from L. B. Stone.

Considerable preliminary work has been done by Mr. Stone in the improvement of the property.

The new building will be 33 by 52 feet, and of cement tile, plaster and stucco construction. E. L. Case of Littlefield, has the contract for a "turn key" job.

It is expected that the building will be completed in about 30 days.

and Treasurer, Mrs. L. B. Stone. Final reports for the year were made by the standing and special committees.

The installation service was prepared by Mrs. Lee Hemphill and Mrs. Olen Walker. A flower ceremony was used in the installation and gifts were presented to presidents of both the Central and Primary P. T. A.

**Some Of Stolen Goods Found**

Some of the repair watches lost in the recent robbery of Walters Drug, as well as two or three bottles of narcotics, and a box of watch bands have been found by state road workers under a culvert near Levelland. About 30 watches of the 40 lost have been returned to Gene Pratt, Jeweler in Walters Drug, and the narcotics to Walters Drug.

Workers were burning trash on a road, and cleaning under a culvert when they found the watches and narcotics. The watches were undamaged, but fire had partially destroyed the watch bands. Part of the stolen goods were returned here by Sheriff Hofaeket of Levelland, and a part by individuals who found it.

### Distinguished Doctors Coming To Texas Medical Session

Some of the leading medical authorities of the United States will attend the 79th annual session of the State Medical Association of Texas at Galveston May 6-9. They will discuss, for the benefit of Texas doctors, subjects of medical science in which they have won eminence. The eight distinguished guests represent such centers of medical learning as Johns Hopkins, Duke University, Mayo Clinic and University of Michigan.

### REGIONAL ROUND-UP

**BIG SPRING** was chosen as area headquarters of the West Texas Chapter of the National Electrical Contractors Assn. at its organization meeting. O. L. (Jack) Embry, Brady was named president. L. O. Neill, Lubbock, is vice-president; G. A. Pate, Odessa, treasurer; directors are R. H. Carter, Big Spring, R. H. Lowery, Lubbock, and Atkin Cook, Kermit. Other directors from Abilene, San Angelo, and the Midland-Odessa area are to be elected.

**ONE IN FIVE** farm families throughout the nation is planning bathroom and electrical improvements in homes.

**J. W. ALEXANDER**, longtime resident of Hext, Texas, celebrated his 100th anniversary last week.

**THE 21ST DISTRICT** American Legion convention will be held in Brady May 4-5.

**AN AIRLINE** stop in Sweetwater is proposed by Robert J. Smith, Dallas, president of Essair Inc. Examiner Thomas J. Wenn of the CAA said he saw no reason why the stop could not be established.

**PETITIONS** bearing signatures of 1,250 voters of Jackson County, Okla., calling for an election on a \$300,000 hospital bond issue was filed with the city attorney at Altus last week. Various civic organizations and the Altus American Legion

Post are boosting the issue.

**BATHING BEAUTIES** will compete for \$500 cash or a trip to Hollywood during the Santa Rosa roundup May 31.

**AFTER 25 YEARS** as publisher and owner of the Jayton (Texas) Chronicle, L. F. Wade has retired. H. B. and H. D. Wade will take over the publication.

**GRAND CHAMPION** honors in the baby beef division of the Kent County FFA and 4-H Club Stock Show went to Delton Fisher, of Jayton, for his 920-pound Hereford calf.

**TEXAS FARMERS** should produce the third largest wheat crop in the state's history this year, according to the Crop Reporting Board of the U. S. Department of Agriculture. If the yield is realized, it will come from the largest acreage yet seeded in Texas.

**APPROXIMATELY 300** 4-H Club members of Harper County, Okla., attended the annual meeting of the county's 21 4-H organizations in Buffalo, H. W. McIntyre awarded \$70 in prizes as a representative of the Buffalo Chamber of Commerce.

**CONSTRUCTION** of an oil derrick was completed last week on the Ray Howard farm, northeast of Selman, Okla. Continental Oil will run a deep test there.

**LOCKNEY** officials have decided it is too expensive to remodel a local hotel into a municipal hospital so will ask for government priorities to construct a new building.

**KERMIT** let contracts for building a new 18-room primary school building, then sold the bonds at a record

low rate last week.

**LORENZO** voters okeed its sewer bonds last week 57 to 5.

**PETERSBURG, TEX.**, located in one of the best agricultural areas in Texas, is also a leader in boxing. Its squared-ring battlers have established an enviable reputation for wins.

**NEW HOME**, near Tahoka, has voted \$65,000 for a new high school. **SWEETWATER** will soon vote on a \$200,000 school bond issue.

**MILES** has organized a new American Legion Post.

**DEL RIO** will stage its horse show and race meet May 16-19.

**ANDREWS** votes this week on a \$1,475,000 bond improvement issue as varied as this progressive city could name.

**WILL HAYDEN**, publisher of the Big Spring Weekly News, died April 9 of a heart attack.

**CLAYTON, N. M.**'s million dollar school boasts desks made by the students as well as many rich carpets in class rooms.

**MENARD** will hold its \$50,000 road bond election May 18.

**MR. AND MRS. HENRY RUTZ** of Booker have celebrated their 60th wedding anniversary.

### All Out Army to Save

By Patrick E. Flanigan.

"Whether in war or pence, there is one army that never disbands or relaxes in its efforts to alleviate distress, to administer to the unfortunate, and to point the way to an upward, triumphant life. I refer to the world-wide organization known as The Salvation Army.

There is a universal religion—the religion of helpfulness and hope. Their church is where men and women gather on busy streets, in homes where there is sickness, poverty and distress. Think of the thousands of unselfish Salvation Army lassies who have bravely stood upon street corners, singing the songs of victory into sick souls and year-in and-out-administering to the needy and the distressed. A noble organization and worthy of the support of every one of us.

There is a silent admiration for its bravery and cheer. At once you can almost note the feelings that pass over the faces of those who stand and drink in the beauty and sincerity of the outdoor messages in songs and words. I am sure that many a spiritual hunger is appeased thereby.

You see, this Salvation Army is a distributing Army—giving out love, help of endless varieties, such as shelter, food and jobs. Its soldiers visit the sick and needy and cooperate with many organizations in times of distress. It only asks to serve. The Salvation Army is an army that is all out to save. It's a restorative army, under orders of its Commander in Chief—God.

The contribution that you give to the Salvation Army is money put out as an investment—an investment of human salvage and human uplift. It has no "office hours"—open house at all hours—day and night.

On the battlefields of peacetime, as well as during wartimes, the work of this great organization goes on—no letup. There is always a call from somewhere—someone to feed, someone to encourage, someone to help to a job—someone's hunger to appease and satisfy.

Is it any wonder that year by year the work of this group of unselfish strivers for a better world keeps gaining in public confidence and affection? There is a life of devoted service to all mankind—especially to the poor and discouraged.

All over this world are left bright spots in homes and human hearts, because of the service rendered by The Salvation Army. There is a trail of good deeds and refurbished lives. Soldiers know about it, mothers have been cheered by it, the homeless have learned the beauty behind its service. It's a rightly named organization—A Salvation Army.

"FISHERMAN"

"MAN MOUNTAIN"

Raising beards and mustaches was a popular pastime for Marines during campaigns in the Pacific and many surprising results were acquired by Leathernecks. Typical examples are shown in this group, collected from official U. S. Marine Corps photographs. Above we have, from left, Sgt. Edward J. Fenecher of Lawrence, Mass., with his strainer-goatee-wings affair; Corp. Andrew Babanas of Lowell, Mass., who presents the "Jerry Colonna" model; Sgt. Lawrence S. Benson of Duluth,

Minn., and his "fisherman" creation, and Pfc. Ray J. Woodthorpe with a "Man Mountain" type. In the lower group are Sgt. Charles Feirl of Portsmouth, O., and his "Shanghai" special; Pfc. Charles A. Burns of Philadelphia camouflaged with his "Bluebeard" growth which, incidentally, is red; Corp. Dennis E. McCarthy of Nutley, N. J., with a "Gay Nineties" handle, and Pfc. Joseph D. Fisher of Pittsburgh who thought four weeks should grow a beard. Fuzz was the result.

**Personals**

Wolfe Shaw, Dan Bergolofsky of Littlefield, and Joe Salem of Sudan left Sunday to attend the shoe convention at Dallas, which convened Monday, Tuesday and Wednesday, at the Adolphus and the Baker Hotels.

Ernest E. McCarty of 2 1/2 miles north of Roundup was taken in Hammons ambulance to the Veterans Hospital at Albuquerque, N. M., Thursday last. Lenton Smith, who drove the car, left Littlefield early Thursday and returned late that night. Mr. McCarty is a World War I veteran, and is suffering from a lung trouble.

Mr. and Mrs. Marvin Chandler left Monday of last week on receipt of a message from Oregon to the effect that Mrs. Chandler's step-mother was seriously ill. Relatives here report that she has since passed away.

Mr. and Mrs. C. E. Stephens of Littlefield are the parents of a new daughter, Billie Ray, born Thursday afternoon at the Payne-Shotwell Hospital. Mrs. Stephens and daughter are getting along nicely. This is the fifth daughter born to Mr. and Mrs. Stephens. They now have eight children.

Mr. Hodge and son of Vernon made a trip in two new Taylorcraft planes to Littlefield Thursday on business and to visit friends. They spent sometime ago at the local field and visited friends, including Mr. and Mrs. Herbert Martin and T. G. Shaw.

Mr. and Mrs. Quinn Henry made a trip Friday by plane to Wichita Falls for airplane parts returning the same day.

R. D. Reese, one of the Reese partners, who are shortly opening a drug store here, purchased recently a new five room house on West Second Street from Luke Bell, and has moved in. His brother, L. Poyton Reese, had earlier bought a home from Acrey Barton at 1119 Phelps Ave., and moved to his new home. The Reese Brothers will open their drug store here soon.

Mrs. Edna Sisson, who was formerly Secretary with the REA organization, and has been employed elsewhere for the past five months, has returned to this organization, taking over her duties Monday of last week. Mrs. Sisson took the place of H. C. Pumphrey, who resigned recently, and is now on a vacation.

Mrs. G. L. Parker, who underwent an operation about two weeks ago in the Medical Arts Hospital, Dallas, for removal of ingrown goiter, is now home and getting along nicely.

Mrs. Dan Bergolofsky returned Saturday from Denver, Colo., where she accompanied her small daughter, Jeannie, to spend the summer with the child's grand-parents, Mr. and Mrs. S. Replin.

Mrs. R. J. Tibey, who underwent a major operation at the Payne-Shotwell Hospital a couple of weeks ago, is doing nicely, and expects to be released soon.

Mrs. Wm. J. Aldridge of Fieldton

underwent an operation at the West Texas Hospital Tuesday, April 23, and was released and came home the following Saturday, April 27. She is getting along fine.

Mr. and Mrs. C. W. Woodworth, Jr., are the parents of a son, C. W. III, born April 17, at the Payne-Shotwell Hospital. He weighed 7 lbs. 11 oz. Mrs. Woodworth and son are getting along fine. Mrs. Woodworth and son will remain here for a time, but Mr. Woodworth will return soon to Los Angeles, Cal., and take over his former job with Lockheed Aircraft Corporation. As soon as his wife and baby are able to travel, and he can find suitable living quarters they will join him.

John Ross, student at Tech College, spent a few days here and was accompanied back to Lubbock by Ben Lyman, Jr. and Joe Douglas.

Mr. and Mrs. Walter Ford were here Sunday visiting Mrs. Ford's parents, Mr. and Mrs. J. T. Bellomy, and her brother and sister-in-law, Mr. and Mrs. Quinton Bellomy.

Mrs. Lige Glass of Abilene arrived Tuesday to spend a couple of days with her sister, Mrs. Chassie Duke.

### MOSTLY STATIC by The Zacharys—

Howdy Folks; It's great to wake up these spring mornings and hear the leaves whispering outside your window.

We never could stand to hear the grass moan, though.

Spring, that's the time of year when a young man's thoughts turn to something fancy.

It's also the time of year when the girls begin to think about shorter skirts.

Short skirts are a big advantage to the girls, though. They help them to get up stairs.

Speaking of girl's clothes, we read that high heels were invented by a girl who was kissed on the forehead.

Be that as it may, we are sure that we can make you a satisfied customer with our RADIO SERVICE. Give us a chance to prove it.

### Information For Veterans

Q. May a wife, widow, child, or other dependent of a veteran be granted hospital care by the Veterans Administration?

A. No. The person must have served in the armed forces.

Q. If a veteran dies after discharge from service, may a burial allowance be awarded by the Veterans Administration?

A. When a veteran of any war, discharged or released from active service under conditions than dishonorable, a veteran of any war in receipt of compensation or pension, or a veteran of other than wartime service discharged for disability incurred in line of duty or in receipt of pension for service-connected disability dies after discharge, the Veterans Administration may pay for burial and funeral expenses and transportation of the body to the place of burial, a sum not exceeding \$100.

Q. What veterans are entitled to special privileges under the homestead entry, is entitled to have the term of his service in the armed forces, not exceeding 2 years, deducted from the 3 years' residence required under the homestead laws. Further information may be secured from the General Land Office, Department of Interior, Washington 25 D. C.

Q. May a veteran who has no service-connected disability be entitled to a pension?

A. A veteran may be paid a pension for a non-service connected disease or injury only if the disability resulting therefrom is rated as permanent and total, and providing such condition is not due to the veteran's own willful misconduct. The veteran must have more than 90 days active military service terminated by a discharge under conditions other than dishonorable.

### Step-Father Of Mrs. J. O. Garlington Dies At Oakland

W. D. Knowlton, 80, step-father of Mrs. J. O. Garlington, passed away suddenly at a hospital at Oakland, California, Saturday night, April 27, after being ill only a day.

Mrs. Garlington, immediately on receiving a message notifying her of his illness Saturday left the same day for California, but he passed away before she arrived.

Mr. Knowlton left surviving his wife, three step daughters and two stepsons.

Besides Mrs. Garlington, the step daughters are—Mrs. Jane Bradley of Alamogordo, N. M., and a step-daughter of Seattle, Wash. The stepsons are—Edward Eidson of Mercedes, and Francis Eidson of Oakland, Calif.

Mrs. Garlington is expected to return home in about three weeks.

### NAVY CHOICE OF SCHOOL STUDENTS

When asked "Should you enlist in the armed services, which would be your choice?" over half of the 3,237 senior boys in 60 representative high schools throughout the country picked the Navy.

With reasons like "useful training for the future," "good living conditions", and "good opportunities for promotions" cited, 56 per cent of the high school seniors queried in a recent poll by SCHOLASTIC's Institute of Public Opinion" preferred the Navy. SCHOLASTIC is a weekly magazine published for high school students.

An interesting result of the survey was the evidence that Navy men plug their service more than those in other branches. Among students having relatives in the Navy, 53 per cent preferred the Navy. By contrast, only 16 per cent of students with relatives in the Army were for the Army.

The detailed break shows: for the Navy 38 per cent, Navy Air Force 18, Marines 11; Army 12, Army Air Force 16; no preference 5.

## Chevrolet Has Master Plan For Distribution

A master plan for the distribution of new cars to Chevrolet dealers throughout the nation which will enable them to meet the buying demands of all sections and all groups including veterans of the armed forces, doctors, nurses and others whose transportation needs are critical, was announced today by T. H. Keating, general sales manager, Chevrolet Motor Division of the General Motors Corporation.

"It is the goal of Chevrolet to meet the motoring requirements of the nation in the most uniform manner thus assuring an even flow of cars into all communities, large and small, in proper proportion to the demand for them," said Keating. "The Chevrolet Dealer Distribution Plan is designed to make certain that the rights and equities of every Chevrolet dealer—and through the dealer every Chevrolet buyer—are protected with equal justice to all groups and all parts of the country.

## Among the Smartest of New Chrysler Models

The 1946 Chrysler "New Yorker" six-passenger convertible coupe

Chrysler convertible models, always a favorite with motorists who seek distinctive styling, are expected to win increased popularity in the current line. Pictured herewith is the "New Yorker," which embodies all of the many new Chrysler features introduced this year, together with some that are all its own. This convertible offers a choice of 12 paint options and four upholstery options, including a new red "Highlander" plaid with red leather. The car is powered by an eight-cylinder engine with numerous 1946 refinements. The top is raised and lowered by electric motors, controlled by a push button. When not in use, it folds down neatly into a well in the rear deck.

The objective of the plan is to meet, insofar as we are able to do so, the motoring needs of men and women of metropolitan America—of agricultural America—of all America with complete fairness and impartiality and as swiftly as the many Chevrolet plants can turn out the cars and place them in the hands of our dealers."

Under the plan, Keating said, allotments of new cars will be based upon a mathematical formula which accurately weighs the individual dealer's sales of 1941 model cars, his operations during the wartime years and other business factors. The program embraces the entire country

and will remain in effect until October 31, 1947.

Establishment of the carefully developed plan, Keating said, not only recognizes the Chevrolet dealers who meet their responsibilities to the public during the war by maintaining active service facilities, but provides every Chevrolet buyer—through the equitable distribution of cars to every Chevrolet dealer—the opportunity to be served in the most satisfactory manner.

"Our great objective of meeting the motoring needs of all customers in the fairest manner is, of course, in the final analysis the direct concern of the Chevrolet dealer," Keating declared. "We believe that every Chevrolet dealer will deliver cars in accordance with his best judgment, taking into full consideration the needs of his community and the importance of meeting the vital requirements of veterans, public health and safety agencies and others whose transportation needs are extremely serious.

"Needless to say, Chevrolet dealers cannot fill the orders of all buyers of new Chevrolet cars simultaneously or overnight, much as they

## Pumps Are Being Installed In Preparation

### New Hanger Will Accommodate 22 Planes At Field

Duggan Field is preparing to serve as a feeder line in the new routing of the air service for this section, and the gas pumps at the new hanger were installed the end of last week.

It is hoped that Littlefield will be included as a feeder line in about two weeks' time, according to those in authority.

The new hanger installed by the County will accommodate 22 planes; and as soon as completed Mr. and Mrs. Quinn, who are in charge, will move to the larger hanger.

The original Littlefield hanger will accommodate only eight planes. The field also has 5 T-hangers.

New Orleans restaurants are freezing for national distribution such dishes as shrimp, Premoullade, oyster stew, gumbo, bouillabaisse and Crepes Suzettes.

would like to do so, but they will meet the unprecedented demand for new Chevrolets just as soon as this becomes possible.

When you choose your new refrigerator, you—like Joan Bennett—will want to remember what America's 2,000,000 happy Servel owners discovered. It pays to pick the modern gas refrigerator—because of its big basic difference.

Servel freezes with no moving parts. A tiny gas flame does all the work. There's nothing in the freezing system that can wear or get noisy—ever. So a Servel Gas Refrigerator stays silent and lasts longer.

## Junior-Senior Banquet Is Outstanding Success

The Junior-Senior banquet held in the Methodist Church basement Thursday night was an outstanding success.

The ladies of the School Cafeteria prepared the meal, which was under the supervision of Mrs. Floyd Dyer, and served by Sophomore Home Economic girls.

There were 144 in attendance. Guests entered under a trellised archway into an old-fashioned flower garden, with trees forming a part of the scenery. The colors white and pink were featured in the table decorations, on which were vases of lovely red roses. An old-fashioned well with oaken bucket, pulley and gourd dipper also formed a part of the old-fashioned flower garden.

The program included: Invocation by Miss Georgia Beckner; Welcome address by Gene McCanlies, Junior Class President; Response—By Dal Brandon; Song—"Old Fashioned Banquet" by sextet, accompanied by Mrs. Norma Euell at the piano; Class Prophecy by Jackie Shelby; Address by Supt. Fred Miller; Song "Old Fashioned Garden" by Sextet, accompanied by Mrs. Euell; and benediction by Louie Clark.

An unique combination program and place card, with a wall-paper back, was featured.

Sponsor of the Junior Class is Mrs. Lenton Smith, with co-sponsors, Mrs. Floyd Blackwell and Mrs. John Sims.

### Cotton Prices Lose Ground

Mixed price trends which developed on southwest farm products late April continued the first few days of May, resulting in a very irregular situation at the close of the past week, USDA's Production and Marketing Administration reports.

Increased supplies of vegetables from southern producing areas sold lower. Demand was rather slow for potatoes, onions and green corn, which moved in volume. By the end of the week onions at Laredo were selling at \$1.25 to \$1.50 per 50-pound sack. Shippers in the Lower Rio Grande Valley quoted Irish potatoes at \$1.50 to \$1.70 per 50-pound sack and green corn \$1.25 to \$1.40 per bushel sack for white and \$2 to \$2.50 for yellow. Best tomatoes were sought eagerly early in the week when supplies were below trade needs, but shipments stepped up to 50 or 200 cars a day during the period. At the close of the week the U. S. No. 1 grade six by six and larger sizes sold from \$2.40 to \$2.75, c. o. b. lower Rio Grande Valley points, with other grades and sizes correspondingly lower. The last official strawberry report from Louisiana quoted 24-pint crates at \$3.75 c. o. b. shipping point. On May 1, Louisiana cabbage brought \$2 per 10-pound sack for best stalk and \$1.25 to \$1.60 for fair to generally good quality delivered on the New Orleans wholesale market.

Southwest poultry markets were steady to firm in contrast to New York's dull and weaker trend on sharply increased receipts. In most areas demand exceeds the available supply as consumers shift purchases to poultry instead of meat. Recent quotations on fryers were 34 cents a pound in New Orleans, 30 to 31 in Fort Worth, and 28 to 30-1/2 in Denver. Fowl receipts generally are below expectations for this time of year partly because of the sustained firm level of egg prices at most country points. Egg receipts, however, vary from light in the New Orleans area to moderate at Fort Worth and very liberal at Denver. Demand generally is unsatisfied and prices little changed from a week ago.

Hogs maintained the firm ceiling trend that has prevailed for several months. Top prices per hundred pounds were: Fort Worth and San Antonio \$14.65; Oklahoma City \$14.55; Wichita \$14.50; Denver \$14.40.

Cattle demand continued fairly broad and available killing classes moved readily at weak to lower prices. Canner and cutter cows closed the week in Fort Worth and Houston at \$6 to \$8.50. San Antonio \$6.75 to \$9, Oklahoma City \$6.50 to \$9, Wichita \$7 to \$9 per hundred pounds.

Most sheep and lamb prices receded early in the week under heavy receipts, but some of the loss was regained later on. Markets closed irregular with lambs down 25 to 50 cents in Oklahoma City while most other points had steady to slightly higher prices. Fort Worth reported choice springers lower for the week, but shorn lambs were up 50 cents to \$1.00 and aged sheep mostly 50 cents. Spring lambs still comprise only a small proportion of total arrivals. Springer tops were: Fort Worth \$14-25, San Antonio \$13.75, Oklahoma City \$14.75, Wichita \$15.25.

Sales at Boston indicated very little activity on wool, though buyers continued to follow up 1946 appraisals and some inquiries were also received on 12-month Texas offerings. Mohair purchases were a little

### Volos Jones Sells To J. A. Bryant

slower in Texas at unchanged prices, but fine sorted kinds continued in demand in Boston.

Cotton prices lost ground the last few days of April, then turned upward again but failed to regain all the loss before the week closed. Depressing factors included reports of good crop progress, developments on pending price control legislation, and concern over possible curtailment in mill consumption as a result of the coal strike. Sales in the 10 spot markets totaled 93,800 bales compared with 81,900 the preceding week and 87,000 a year ago.

### James M. Speer Buys Western Drug From Jack Straw

James M. Speer, of Muleshoe, last week purchased the Western Drug Company at Sudan from Jack Straw. Mr. Speer took over active management of the store May 1st.

Prior to coming to Olton, Mr. Speer, a registered pharmacist since 1923, operated drug stores at Belton and Muleshoe.

A number of new display cases and other additional equipment have been added to the store.

Mr. and Mrs. Speer, their son and two daughters plan to move to Sudan soon to the Carl Womack farm, which they have also purchased.

Neither Mr. and Mrs. Straw or Mr. and Mrs. Womack have stated their plans for the future.

### Road Bond Election Recently Carries

Voters of Hockley County gave emphatic approval of the \$850,000-00 road bond issue in a recent election, voting more than 8 to one favorably.

The vote was For the Bond Issue: 1243; Against the Bond Issue: 147. In only two boxes was there anything except one-sided approval. Cobleland reported all its eight votes against the bond issue and Pep had 11 for and 22 against.

Anton, which had been the balance of power in defeating two previous issues, lined up for the bonds 59 for and 5 against. In previous elections on designation of roads to be paved was the issue that put Anton voters on the NO side. But this time, the County Commissioners and County Judge mapped out a definite program and published a map showing where the roads were to be built.

### How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion,\* thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did. **CARDUI**

### Nichols Opens Campaign At Birthplace

Drew C. Nichols, war veteran candidate for Lieutenant Governor, opened his campaign at Crowell, April 27. Introduced by Dr. R. L. Kincaid, banker, farmer-rancher, and ex-member of the state legislature, the candidate in turn introduced his aged father, R. L. Nichols, to a Saturday afternoon crowd of Foard County

DREW C. NICHOLS

citizens, including friends and relatives gathered on the town-square to give the "home-town boy who's making good" a rousing send-off.

Drew Nichols and his father came to town in a car mounted with huge signs and banners streaming.

In his speech, Nichols affirmed his faith in "Christianity as a way of life, democracy as a form of government" and science, which he defined as "the God-given knowledge which helps man intelligently to understand and deal with his environment and with himself."

"I believe that God helps those who help themselves—and help others, too. And here when I was born, where my earliest memories and attachments have remained wherever I have gone, I solemnly pledge to keep faith with the dead and the living, to wage a fight for greater freedoms and better standards of living, at home in Texas. And my fight is your fight."

### News From Office Of OPA

The following OPA news has been handed to the Leader for publication:

#### CONTROL ORDER NO. 2

Control Order No. 2 goes into effect April 28, except that it shall become effective on May 1 for persons whose quota periods begin on May 1, 1946. This order provides that no one may now slaughter cattle, calves, or hogs for resale unless such person had a permit to slaughter such livestock under Control Order No. 1.

Persons who have made an actual investment in a slaughtering establishment since the suspension of Control Order No. 1 must apply to the District Office for a quota.

The quotas for the month of May (or the first accounting beginning on or after April 27) are 100% of the quota base on cattle and calves and

80% of the quota base for hogs.

#### CIGARETTE PRICES UPPED

Cigarette manufacturers' prices were increased 1/2 cent per package on April 25, 1946. Wholesalers may increase 5 cents on receipt of their first shipment at new prices. The increase will be taken on receipt of first shipment of each brand. Retailers' prices for singlepackage sales remain the same but the multiple pack price may increase 1/2 cent per package. These increases may be taken after receipt of shipment of new product. Vending machines may increase prices 1 cent per package.

### AMHERST NEWS—

#### GIRL SCOUTS HOLD MEETING

The Girl Scouts of Amherst held their regular weekly meeting Monday, April 29, at the Legion Hall. Mrs. Slemmons, the Scout Leader, brought samples of stationary and greeting cards for the Scouts to sell.

Next we discussed the Mother's Day Party, which is scheduled for May 13. Different scouts were appointed for clean-up, decoration and program committees.

Orange-ade and cake were served by Misses Betty Lee Clement, Molly Jo Pate, Nan Ellen McDaniel and Sally Birdsong.

The meeting was then adjourned.

#### AMHERST PERSONALS—

Dr. and Mrs. B. O. McDaniel, with their two daughters, Nan Ellen and Bennie Ann, went to Carlsbad Caverns Saturday. They were accompanied by Mr. and Mrs. C. A. Duffy and son, Mike.

Dr. and Mrs. Ted Slemmons and children, Senn and Letitia, spent the week end at Carlsbad Caverns, N. M.

Dr. and Mrs. A. N. Peacock have recently come to Amherst to make their home. Dr. Peacock will be the dentist at the South Plains Co-op Hospital.

Mesdames Roy McCary and Earl McDaniel entertained their friends at a lovely bridge party Wednesday, May 1, at the McDaniel home.

Flowers were tastefully arranged throughout the house. Those present were: Mesdames O. G. Wagner, E. E. Stagner, Larkin Nix, W. F. Birdson, Harold Clement, Lester LaGrange, B. O. McDaniel, Lee Payne, T. M. Slemmons, Rodger Willett and John Foust.

#### GUARDED OLD IRONSIDES

Old Ironsides, popular name of the famous warship CONSTITUTION, was guarded by U. S. Marines at the time she was launched in Boston in 1797, and Marines took part in all of that vessel's sea fights.

income to practically every local business and will finance additional wiring, bathroom improvements and new electrical equipment for the county's 1,670 farm and rural homes already served with electricity, according to a study released by the Tile Council of America.

Introduction of running water, installation of tiled bathrooms and replacement of out-moded plumbing fixtures head the list of most wanted farm home features, D. P. Forst, chairman of the Council's Residential Construction Committee, revealed. One in five farm families throughout the nation plan bathroom improvements, he said.

Additional wiring is needed in practically every farm home with electricity, according to the study. A huge market likewise exists for milking machines, quick freezing units, electric motors, baby chick brooders and other equipment.

### TO START BUILDING AT TECH.

The board of directors of Texas Technological College will hold a special meeting in Fort Worth, May 1 to give final approval to bonds for financing construction of four new dormitory units on the campus, W. T. Gaston, College business manager and secretary of the board, has announced.

The dormitories, to house about 1,400 students, are expected to be completed within 18 months at a cost of \$4,000,000. Two units will be for women and two for men.

The contractor recently visited Tech to lay plans for starting construction work and said he hoped to be able to break ground before the middle of May. He also said release of needed materials was expected within a short time.

### TO DELIVER ADDRESSES

Three members of the Texas Technological College faculty who will deliver commencement addresses to high school graduates this year are: T. C. Root, Pettit May 10, Morton May 14, Dodson May 22, Borger May 23, Tullia, May 26; Dr. Doyle D. Jackson Shallowater, May 14, Crowell, May 17, Hale Center, May 22, Meadow, May 23, Ballinger, May 24; and Dr. R. E. Garlin Hobbs, N. M., May 10th.

Expenditures in the county are part of a \$94,617,000 program to be undertaken by Texan farm and rural home owners in the next five years, the study revealed. An estimated \$2,294,900,000 on similar improvements to present electric service will be spent in the nation during that time.

**How women and girls may get wanted relief from functional periodic pain**

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

## A Bouquet of Wishes

"This Mother's Day wish I'm sending is a heartfelt little token To express my deep affection, Often felt, but seldom spoken."

MORNING GLORIES, carnations, violets and wild roses, coupled with loving wishes, lend an appealing touch to many of this year's Mother's Day cards. Some cards, like the one at upper left, are addressed simply to "Mom," while others, like the one at lower left, which has real lace bordering the bouquet of violets, are intended for a wife and mother. The card at lower right has an added touch of daintiness in its silk petals. However, there's nothing "flowery" about the verses inside—they tell mother plainly and simply that she's the sweetest mother in the world.

Suffering from a respiratory infection the small son of Mr. and Mrs. Albert Schultz was admitted to the hospital Friday for medical treatment.

### SLIGHT DAMAGE BY FIRE TO FIELDTON SCHOOL BUILDING

The Fieldton school building was damaged by fire to the extent of about \$300 Wednesday morning of last week, when a stove pipe from the coal heater, is said to have fallen against the window and caused the wall and window to catch fire. Lester Kilpatrick, whose mother, Mrs. Nellie Kilpatrick, is superintendent of the school extinguished the blaze.

The structure is a tile and brick building, otherwise the entire building might have been destroyed.

The first telephone line in Texas extended from the editorial rooms of the Galveston News to the home of Col. A. H. Belo, publisher of the paper.

### STATE FAIR TO BE HELD THIS YEAR

Dates for the State Fair of Texas at Dallas have been set for Oct. 5-20 this year, according to an announcement by R. L. Thornton, president of the Fair Association. This will be the first exposition since 1941, when the traditional display of Texas agriculture, livestock and industry was discontinued due to wartime restrictions.

Work crews are now preparing the exhibit buildings and grounds in readiness for the time when Dallas will play host to thousands of visitors to the show window of the Southwest.

Preliminary reports from Fair association committees preview a full schedule of activities to be offered during the 16 days that the 187-acre Fair grounds become again the
