# NINE LOCAL GOLFERS ARE IN TOURNEY

Nine Littlefield gold enthusiasts, top-flight leaders and golf enthusiasts of the Littlefield Country Club membership, are entered in the mid-summer professional and amateur Invitational Golf tournament being held this week-end at the Levelland Country Club course. In addition Pro. Kenneth Wright of the Littlefield Club was entered in the professional series played off Wednesday afternoon, the opening day of the four-day tournament.

Thursday was also player-qualification day for the tournament, and which qualified the following local amateurs, who have and will be entered in competitions, which

will be final Sunday afternoon. Those from Littlefield who qualified are: Rhenard McCary and Al Chamers (2nd flight) U. D. Walker and Alvin Webb (third flight) David Keithley and Fly Thornton (fifth flight) Bob Badger (sixth flight) Arthur Duggan and Allen Hodges (seventh flight).

Play in the three-day amateur department of the tourney started Friday.

Many players seeking to qualify were turned down after deadline arrived, which is another way of saying that the tourney is popular, and drawing entries from throughout the area.

ACTIVE MILITARY GET FURTHER DELAY IN NATIONAL SERVICE LIFE INSURANCE DIVIDEND... A new delay has been added to an old one making certain that most military personnel on active duty will be many months late in receiving their second dividend on National Service Life Insurance. Except for those who waive part or all of

their premiums under terms of the new indemnity insurance law, those who have been paying their premiums by allotments can forget about any particular month in which to expect their check. And those who waive may not be any better off. By contrast "civilian veterans" are getting theirs at a rapid, well-ordered clip. The \$140 million mark — about 20% of the total of \$685 million to be paid — was passed in checks sent out this week for the second dividend. The story dates back to last November, when the delay began with a months-long impasse in future planning. Since then it has been complicated by the April 25 enactment of the new insurance law.

# Lamb County Sheriff's Posse Rides In Annual Rodeo At Levelland

The Lamb County Sheriff's Posse was among the 10 sheriff's posses in the opening parade of Levelland's annual rodeo Thursday afternoon, which took place at 4:30 o'clock.

The parade wound its way through downtown Levelland with at least 16 organizational floats and posses taking part, and was the official opening of the three nightly performances of the an-

nual Levelland rodeo. The feature attractions for the three nights was "Wild Bill" Elliott, Hollywood movie star, as coproducer with Tommy Steiner for the show.

An added feature of the show was the Buschbom family's "world famous" Liberty Palomino.

Each performance was followed by a dance at the rodeo association clubhouse.

# Showing of Film To Follow Worship Services At Church

Following the regular worship services at the First Baptist church Sunday night, a film, entitled "Who Is My Neighbor," will be shown.

The picture deals with the story

of the Good Samaritan, and will be shown in the auditorium of the educational building, and will last twenty minutes.

# Babe Ruth's 60 Home Run Record in Danger

By FRANK ECK

AP Newsfeatures Sports Editor  
BROOKLYN, N. Y. — When Gil Hodges hit four home runs against the Boston Braves last night last August someone in the Ebbets Field press box said:

"Hey! There's the new Ralph Kiner."  
Hodges hit 30 home runs in

1950 but Kiner belted 47. It was the fifth straight year that Kiner, Pittsburgh's slugging outfielder, either led or tied for the National League home run championship. Today when Kiner hits a homer in Ebbets Field, the press box savants shout:

"Hey! The new Gil Hodges!"  
And with reason.

When the All-Star game afforded a break in the schedule, Hodges had hit 28 home runs and Kiner had accounted for 29.

It certainly appears as though the National League will see a new home run champion crowned this fall. Hodges not only is well in front of Kiner but on July 5 he was ahead of Babe Ruth's record 60, hit by the immortal Bambina with the 1927 Yankees.

However, Hodges, the big Dodger first sacker, has been flirting with Ruth's day-by-day home run mark since April when he hit six. Ruth hit only four in April, 1927.

To keep up the terrific Ruth pace, Hodges will have to hit nine homers in each of July and August AND 17 in September. That was Babe's big month.

Hodges has a great chance despite the fact that during September the Dodgers play only nine games in Ebbets Field. Ruth hit 11 of his 60 homers in the last nine Yankee Stadium games, a pace that seems beyond the reach of today's lively ball hitters.

Hodges has youth on his side. He was born at Princeton, Ind., and will not be 28 until next April 4. Another thing in his favor is the big Brooklyn lead. Manager Charles Dresen can afford to discard the sacrifice and let Hodges swing away.

Dodger vice-president Fresno Thompson says: "Hodges has a great chance to beat the Babe's mark. But I wouldn't like to see him do it. Ruth's mark means too much to baseball."

Buzzie Bavasi, another Dodger

## GOLFING THRILLS:

### '47 Western Open Win Tops With Palmer

As told to Frank Eck  
AP Newsfeatures Sports Editor  
My top golf thrill came while I was playing the 18th hole at the Salt Lake City Country Club where I won the Western Open in 1947.

I was the last one out and needed a par 5 on the 487-yard last hole to win. It was how it happened that gave me the thrill.

I had to wait about 10 minutes on the tee. Many things were running through my mind.

My tee shot was skied out of bounds to the left, but I didn't know it until I walked down a ruling the ball. I called for a ruling and the officials ruled OB (out of bounds). Then I had to make the long walk back to the 18th tee—by myself.

The second drive went down the fairway and left me with a 4 wood shot over a big canyon. My shot went five feet from the green and about 20 feet from the pin. My chip went past the hole by six or seven feet. The putt was level with just a little break from right to left.

When the ball dropped in I knew I had the title because I was the last one out. I beat Bobby Locke and Forky Oliver, each by one shot. It made me feel good, especially after hitting my first tee shot out of bounds.

Taking the 1949 world's championship at Tam o' Shanter also gave me a thrill. I had won only \$383 the week before in the All-American tournament at the same course. Jimmy Demaret was already finished and I knew he was in with a 275.

I was in and out of trouble. Coming to the 18th I knew I needed a par to beat him. My tee shot hit the rough on the left. The second shot was a 6 iron shot over a 20-foot wide ditch and overhanging trees. The shot was heading for the trees and I said 'I'm gone now.' But the ball went through the leaves, past the water and upon the flat to the right of the green.

I played a pitch and run shot but it stopped eight feet short of the cup. My downhill putt stopped three inches away from the hole. I nudged the ball in for a bogie 5 and tied Demaret. In the 18-hole playoff I beat Demaret, 68-70.

(Johnny Palmer, born at El Dorado, N. C., in 1918, has been among golf's ten top money winners the last four years. Besides winning the Western Open in 1947 and the world championship at Chicago in 1949, he also won the PGA title in 1949).

### Teaming With Ben Hogan

By JIMMY UKAUKA  
As told to Frank Eck

AP News features Sports Editor  
Being paired with Ben Hogan in my first major tournament—the Los Angeles Open at Riviera in 1949—still is my biggest thrill in golf.

Ben and I were tied going into the final 18 holes and we were paired for the final round. He was Mr. Golf at the time—and still is. I wasn't putting well but otherwise I was hitting the ball like a million bucks.

On the final hole of the tournament—the 72nd—I began to wonder how it would feel if I beat the great Ben Hogan.

We were even to this point. Teeling off first with the greatest determination I have ever had I let fly with the longest drive in my life, splitting the fairway all the way.

I proudly leaned back and watched the great Hogan hit his drive. As per usual, his ball passed mine with unerring accuracy.

My second shot, with 5 iron, went next to the pin. It looked like it stopped six inches from the hole, from where we stood. Ben's second shot got inside my ball and seemed to be two inches from the cup.

Actually my ball was 5 feet

Veep, seconds the motion. Hodges says little. He just keeps hitting those home runs in bunches.

have hit the green.  
I put my second shot nine feet from the hole and sank the putt for a birdie 3. Byron had a four.  
(Henry Picard, born in Plymouth, Mass., in 1906, is now serving his fifth season as home pro at the Canterbury Club in Cleveland.  
Picard, in one, he won with the PGA major when the Major South Carolina first time.

### Henry Pickard Tells of His Top Golf Thrill

AP Newsfeatures Sports Editor

Winning the 139 PGA championship at old Paumonok (Flushing, N. Y.) gave me my top golf thrill. I holed a putt to beat Byron Nelson who won the National Open that year. He had a six and a half foot putt and mine was nine feet with a break to the right.

At the end of the 36-hole final we were tied. In the sudden death playoff the match ended on the first hole, a par four.

I drove my ball off to the right near a sound truck parked in the fairway near the green. The man operating the truck backed over the ball.

There was quite a discussion about whether the ball could be lifted or not. The officials ruled that the ball could be dropped. It was fortunate for me they ruled that way although the drive, which sailed about 300 yards, would

away and Ben's five feet in front. I tried to charge my putt at the back of the cup, missed and went about four feet past. Hogan calmly stepped up and tapped his 10 footer into the hole, dead center. Then I missed the four footer. It cost me \$360 in prize money and set me back to 16th place instead of being about sixth.

Playing with Ben was only part of the thrill. The most thrilling feature came when he said:

"I certainly enjoyed playing with you and if it's all right I would like to arrange that we play together in the remaining tournaments during your stay."

We got to play in two more tournaments.  
(Jimmy Ukauka, born in Honolulu in 1920, is home pro at the Hilo Country Club in Hawaii. He first played in the United States in the U. S. Amateur at Baltusrol, Springfield, N. J., in 1946).

## Don't Ignore Signs of Trouble

It's funny how folks will keep putting off doing something about the way they feel. They'll keep the family automobile in fine working order, but too often they seem to ignore the first signs of trouble about their physical well being. Now, a lot of folks read about HADACOL pretty regularly... it's in the news almost every day... and they discover that someone else has been feeling the way they were feeling and by taking HADACOL, soon felt fine again. They read case after case where HADACOL with its Vitamins B, B, Niacin and Iron has helped folks suffering such deficiencies. Finally they try HADACOL, and from then on out these same folks who kept putting off trying HADACOL are its biggest boosters and are encouraging others not to put off taking HADACOL.

When Marcus Dee Starkey, 1866 Farrow, Kansas City, Kansas, was troubled by stomach disturbances his wife bought him a bottle of HADACOL because she had heard what it was doing for folks suffering such deficiencies and Mr. Starkey now says he blesses the day she did this for him.

Here is Mr. Starkey's statement: "Before taking HADACOL, I suffered such stomach distress after each meal I could hardly work. My wife bought me a bottle of HADACOL, and I will bless the day she did this for me. I took this wonderful discovery and after one week I was actually surprised at the results. I have now taken four of the large bottles, and that isn't all, I will continue taking HADACOL and recommend it."

Remember HADACOL is that wonderful new preparation—promising

Gleaming sterling silver iced beverage spoons bring beauty to this informal tea table. The versatile, modern pattern shown here is Gorham's "Nocturne". Time was when even the busiest hostess wouldn't have brought out her best silver for an informal porch party. That idea of hoarding your silver is like Grandma never using the parlor; it's an out-moded one. Today good silver is equally appropriate with brightly colored straw mats and damask cloths. For summertime meals and popular between-meal refreshments, you can dress up the simplest table with pretty silver. Either add to your own pattern, or start your sterling with summer party-service pieces that will be most useful now. Iced beverage spoons, a sugar spoon, lemon fork, cold meat fork and salad service will add sparkle to your summer parties now and beauty to your tables for years to come.

# You And Your Congress

A CURIOUS SITUATION has developed in Congress regarding medical care for war veterans.

The other day a Senate Public Welfare special subcommittee issued a scathing report, denouncing the setup of the Veterans Administration medical program and making recommendations for corrective changes.

That program, it said, potentially affects 21,000,000 veterans, costs about \$650,000,000 a year and involves ownership and operation of 151 hospitals with 119,400 beds.

The subcommittee's investigation started when Dr. Paul B. Magnuson, prominent Chicago orthopedic surgeon, was "involuntarily separated" as VA medical director. He had refused to resign after clashing with VA Administrator Carl Gray over what authority the VA medical director should have.

The subcommittee found that while Dr. Magnuson was VA medical director, "the refusal of the present Administrator . . . to delegate the authority which would have enabled the Chief Medical Director to control, manage and operate the medical and hospital system so shook confidence in the program that it was threatened with complete disintegration."

The subcommittee said there should be a law requiring the VA's Chief Medical Officer to be appointed by the President and giving him undisputed authority over the agency's medical program.

WHILE THE SUBCOMMITTEE was investigating VA, the House Veterans Affairs committee decided, in March, that facilities for 15,000 additional VA hospital beds

should be built. It took that position despite the VA's testimony that it did not need or want the beds and, in any event, could not use them due to shortages of doctors, nurses, and other personnel. The VA also pointed out that these facilities would cost \$335,600,000 to build and another \$60,000,000 a year to operate.

When the VA's current construction program is completed, in 1953 or 1954, it will have a total of 131,000 beds—ample, VA says, to take care of veterans with service-connected disabilities.

Dr. Magnuson opposed having Congressmen select VA hospital sites. He wanted new hospitals near large cities rather than in such locations as Tupelo, Miss. (population: 11,507), home town of Chairman Rankin (D) of the House Veterans Affairs Committee and one of the sites recommended by that committee for a 200-bed hospital.

Dr. Magnuson wanted VA hospitals close to large cities so they would be near the best hospitals and medical colleges. He instituted a program that drew the services of eminent medical men from such institutions to VA on a part-time basis and gave VA a valuable source of interns.

The Senate subcommittee called the result of Dr. Magnuson's program "the best medical care available anywhere in the world at any time in the world's history."

HOWEVER, the House Veterans Affairs Committee said the 15,000 beds should be added because they had been authorized as long ago as 1948.

President Truman cancelled them in December of that year, reportedly at Dr. Magnuson's recommendation. Congress authorized them again—to the extent of \$237,000,000—last year but VA did nothing about them because it had its own planned construction program under way.

The House, acting on the recommendation of its Veterans Affairs Committee, reauthorized the 16,000 beds on June 20 of this year. The bill (H.R. 313) has gone to the Senate and is in the hands of the Public Welfare Committee.

Meanwhile, the National Doctors' Committee for Improved Federal Medical Services, an affiliate of the Citizens Committee for the Hoover Report (on government reorganization) has protested the 16,000-bed program. It said the program "would needlessly increase VA hospital construction."

It noted that the Chamber of Commerce in Charlotte, N. C., where a 500-bed hospital would be located under the program, "has objected to the proposed new VA hospital because no one has demonstrated the need for it."

The Senate Public Welfare Committee is expected to endorse its subcommittee's report urging that the VA medical director be given undisputed authority to run the medical program. Then the full committee, which approved the 16,000 new beds in 1949, will have to pass again on H.R. 313, which would tell the VA medical director where new VA hospitals must be located.

## Mrs. McGuire Attends Meeting

Mrs. Jim McGuire and daughter, Miss Connie Hopping, left Monday on a trip to Mineral Wells and San Antonio.

They attended the wedding of a friend of Miss Hopping's at Mineral Wells, and attended a Necchi Sewing Machine meeting of the dealers at San Antonio. The meeting convened Wednesday and Thursday.

Here's a delicious menu to serve for Sunday dinner when guests are coming: A first course of fresh pineapple cubes with mint; chicken fricassee with hot biscuits and a green vegetable; hearts of lettuce with Roquefort dressing; and dessert of vanilla ice cream rolled in salted peanuts and accompanied by chocolate sauce.

## Food Sanitation

The Texas State Department of Health cannot maintain daily inspection of all eating places and the public is urged by Dr. Geo. W. Cox, State Health Officer to insist on the proper sanitation of the establishment where they eat. If the public is careless in this respect the incentive to maintain clean food service will be lessened and operators will only maintain the level the public is willing to accept. He urged that the public patronize "eating establishments which measure up to a high standard of cleanliness."

The State Health Department is making every effort to improve sanitation of eating places. Dr. Cox said, and there is "no excuse for cafe owners not taking advantage of the food handlers schools which are being offered all over the state." He added that there are laws, rules and regulations which require the use of approved equipment and methods in such establishments.

"The public should be aware of these sanitary rules and regulations and insist that restaurants observe them. Patrons should realize that tables and counters will be many times cleaner than the kitchen and other places out of sight," he warned.

He urged milk appraisal by the patrons also. Texas law requires that a milk bottle cap state the grade of milk, and whether it is raw or pasteurized. "Insist on having the milk served in its original container, with a covered cap and a legal label," Dr. Cox advised.

"Obviously," he said, "the best in sanitation can be had only by close co-operation between the public and the investigators of the State Health Department.

Dishes, as well as pots and pans must always be scraped before they are put in an electric dishwasher. Use a handy rubber or plastic spatula for the scraping.

### From where I sit... by Joe Marsh

**What's So Funny?**

Just finished reading a magazine article that "proves" you and I don't know what's funny.

A bunch of psychologists came to this sad conclusion after telling jokes to college students. Very often they would give out with what they considered a side-splitter—and not get even a chuckle in response. Other times the students would laugh their heads off at stories that weren't considered really funny.

Maybe I'm wrong, but what makes a psychologist such a better judge of humor than the rest of us? If a man gets a kick out of a joke that proves it was funny to him—doesn't it?

From where I sit, when psychologists try to set up a standard for a sense of humor they're getting too serious for me. Stands to reason that different people laugh at different things, just as they have different tastes for most everything. I'm partial to a glass of beer with meals myself—but I promise not to make any "wise-cracks" if you prefer tea.

## Two-Tiered Gelatine Salads For June

June with its bounty of dairy products suggests cottage cheese  
as a nutritious and smooth addition to double-decker gelatine salads.  
A tomato aspic layer contrasts appetizingly in color and flavor. The  
unflavored gelatine used to firm both halves of these individual, main  
dish salads is responsible for the perfection of the blend. With open-  
faced deviled ham sandwiches, potato chips and radish roses a party  
plate is ready for luncheon club or graduation class gatherings.

## Festive Melon Salad

Vine ripened cantaloupe and honeydew melons, cousins in appear-  
ance and refreshing flavor, are perfect in salads for all occasions.  
The cool, sweet meat of melons is tantalizingly good with mayon-  
naise, and the appearance of melon salads is always appetizing  
no matter what you slice the meat, cube it or make balls.  
Melon and cherry salad highlights the good flavors of both melons  
in a salad you'll enjoy making for your family, and for all happy  
guest occasions which may be yours this season.

## Church Group Enjoys Hayride

About 70 young people of the  
Whitharral South Side Church of  
Christ enjoyed a hay ride Thurs-  
day evening, July 12, sponsored  
by their minister, Leroy Carver,  
Messrs. and Mmes. Frank Bryson,  
Carl Reed, Garland Johnson, F. J.  
Bryson, Albert Epperson, and pos-  
sibly others whose names we did  
not learn.  
Meeting at the Garland John-  
son home, south of town, the group  
rode a trailer pulled by a truck  
to the Frank Bryson home, north  
of town, where they had their  
weiner roast, marshmallows and  
cold drinks. They returned to the  
Johnson home for ice cream.

## Miss Bonita Harris and Aubrey Weest Wed

Miss Bonita Harris and Aubrey  
West were married July 7 in Por-  
tales, New Mexico. Grover C.  
Ross, Church of Christ minister,  
performed the ceremony at 9 a.  
m. in the parsonage.

Attendees were Mr. and Mrs.  
Don Adair of Slaton.

The attractive bride wore a  
gold linen suit with a blue blouse  
and white and brown accessories.  
She carried a corsage of white  
carnations.

The matron of honor wore a  
blue linen suit and her accesso-  
ries were black and white. She  
carried a corsage of white carnations.

Immediately following the cere-  
mony, the young couple left for  
Colorado Springs on a wedding  
trip.

The bride is the daughter of  
Mr. and Mrs. E. A. Harris, Por-  
tales, former residents of Sudan.  
She graduated from Sudan high  
school in 1949.

The bridegroom is the son of  
Mr. and Mrs. E. P. West of Su-  
dan. He attended the Sudan  
schools and served almost three  
years in the army during World  
War II.

Mr. and Mrs. Debs Bawcom and  
little son David left Saturday  
morning to spend a few days fish-  
ing at Gunnison. David visited his  
grandparents, Mr. and Mrs. C. H.  
Moore, near Clayton, N. M., while  
his parents went fishing.

### A FURRY FISH FOR FRENCHY

By J. D. HOLMES  
AP Newsfeatures  
WHITEFISH, MONT.—Talk a-  
bout fish stories. Just listen to  
L. G. (Frenchy) DeVall's.  
His recently tale's been stolen.  
Until recently, Frenchy dis-  
played what he called the 'ori-  
ginal mounted fur-bearing fish'  
in his Chinese cafe in this north-  
western Montana resort town.  
Dish it up any way you like—  
straight or with tongue-in check—  
the existence of fur-bearing fish  
has been argued for 30 years.  
That was when the late Jim  
Hicken of Whitefish gave the first  
one ever discovered to Author

Irvin S. Cobb, when both men  
were initiated into the Blackfeet  
Indian tribe in a ceremony here.  
Hicken used to say the fish  
live in waer so cold they must  
be caught on a heated hook,  
baited with a mythical, invisiable  
ice worm. When taken from the  
water they usually explode,  
which naturally accounts for  
their rarity.  
Local fishermen claim the fur  
will cure goiter, the meat will  
keep an ice box cold for six  
months.  
Karstetter Brothers, local  
taxidermists who reportedly have  
a patent on the peculla process,  
have only mounted 12 of the  
fabulous fish. One of those was  
presented by Whitefish Boy  
Scouts to President Franklin D.  
Roosevelt.  
The fur-bearing fish removed  
from Frenchy's cafe—the first  
ever prepared for public display  
—was valued at \$100, Cobb's  
fish, which was fresh, spoiled of  
course.  
While authorities look for  
Frenchy's fur-bearer, you might  
keep in mind that a noted ic-  
thyologist once said there is no

such creature. And a fish scien-  
tist ought to know-or shouldn't  
he?

The following foods are said to  
furnish the same amount of calcium  
as one cup of milk: one-inch cube

of cheddar cheese; one-half cup of  
cream-type cheese; one and one-  
half cups of cottage cheese.

## Rev. Carl Schulte And Family Return From Colorado

Rev. C. Schulte, pastor of St. Martin Lutheran Church, and his family returned last Thursday from their vacation to Estes Park, Colorado where the pastor attended the Home Mission Institute at the Y.M.C.A. camp.

About 155 pastors of the Lutheran Churches representing the National Lutheran Council were in attendance. They came from Tex., New Mexico, Colorado, Kansas, Nebraska, North and South Dakota, Wyoming, Montana and two from Canada. Many of them brought their wives so the faculty of the institute provided an hour a day just for the pastor's wives.

Pastoral problems relating to the home mission parishes were informally discussed in the afternoon session.

Pastor Schulte reports that there is an abundance of snow on the mountains in the Rockies of the Northern half of Colorado, but the southern half almost up to Denver was very dry. Almost as Kansas was unusually wet.

After the institute closed, on July 6th, Rev. Schulte and family drove into Nebraska to visit friends there and thence homeward through Kansas. "We were very lucky to leave just ahead of the heavy rains," Pastor Schulte said.

Refrigerator manufacturers recommend that the refrigerator stand a few inches away from the wall. The reason for this is that the condenser needs air circulation so that heat being removed from the refrigerator may escape freely.

## Plans Complete For Earth Rodeo

Prizes for the annual Earth Rodeo have been announced, which will be held at the Earth arena August 3rd and 4th, beginning each evening at 8 o'clock.

W. W. Branscum is furnishing the stock, and it is said to be plenty wild. A \$200 saddle will be presented to the contestant making the best average in the roping events. The show is divided into two go-rounds and prize money is being offered in each go-round. The events and prize money for each go-round are: Calf roping, \$100; ribbon roping, \$100; bareback bronc riding, \$11; Brahma bull riding, \$100, and ladies barrel race, \$50.

Other events are junior boys (ages 12-16) tiedown jacket, and the junior boys (under 12 years) breakaway jacket.

Entrance fees for each go-round are ropers, \$7.50; riders, \$5.00; ladies, \$5.00 and boys, \$2.50.

N. P. R. A. points will be awarded.

General admission is \$1.00 for adults and 50 cents for children. There will be no charge for seats.

## Revival Services in Progress at Pettit

Revival services began Friday, July 20th at Pettit Methodist church and will continue through to Sunday, July 29th. Rev. Elton Wyatt pastor of the Methodist church at Cactus is doing the preaching.

Services are being held twice daily. The morning service begins at 11 o'clock, and the evening preaching service at 8 p. m. The public is cordially invited to attend.

## Littlefield Night Set at Rosenthal Field July 27th

"Littlefield Night" will be observed at the Lubbock-Pampa ball game, played at Rosenthal Field in Lubbock Friday night, July 27, honoring L. B. Palmer, the Littlefield night feeder and catcher for the Lubbock Hubbers.

Mayor Art Chesler of Littlefield will throw out the first pitch, and C. S. Duncan says he is going to hit the ball.

Proceeding the game, gifts will be presented Palmer by local and Lubbock fans. Eight o'clock is the time set for the proceedings.

Littlefield citizens are urged to attend the game.

### DENTISTS "ON WHEELS"

The present methods of assignment of dentists in theaters of operation are being revised to make all types of dental service more readily available to troops. Under the new plan, dental officers will be withdrawn from all units smaller than a division. Dental service will be provided instead by various types of mobile detachments and teams for all troops in the theater of operations. Yes, the "old Doc" will now be mobilized. (How does this sound to you, Doc O'rr?)

### CLASS "Q" PROBLEMS CONCERNING ALLOTMENTS OF AIR FORCE PERSONNEL

Questions relative to Class "Q" allotments from airmen's wives and their parents will receive much speedier attention if directed to the Air Force Finance Center rather than to USAF Headquarters, or elsewhere. The Air Force Finance Center has a new address: Air Force Finance Center, 2890 York Street, Denver, Colorado.

### WIDOW'S MEDICAL CARE EXPLAINED

Unmarried widows whose death occurred while on extended active duty or in a retired status are made eligible for medical care at Army facilities by a new change in regulations. The facilities will be given on an available basis, and the hospital must be reimbursed for the dependent's subsistence rate. Elective care is not authorized.

### ENLISTMENTS EXTENDED

A message implementing the President's order to extend all enlistments expiring after July 3, 1951, and before July 1, 1952, was flashed to all commands last week. Thousands of servicemen will be affected.

### CHOICE OF ENLISTMENT IN THE ARMY OR AIR FORCE STILL OPEN FOR PREINDUCTEES

Men who have passed their mental and physical exams but have not received actual notice to appear for induction have one more chance to choose the branch of service they would like to serve with. The deadline of July 15 has been extended to August 1. From all indications, all men in this category will be in Army uniforms within the next two months, if they don't act immediately.

### AIR FORCE BACK ON QUOTA STATUS FOR AMARILLO AREA

Only four applicants can be accepted for enlistment in the Air Force daily from the Amarillo Main Recruiting Station. To make it more complicated, applicants must come from the mental group areas II and III, which means that the youths without a high school education, or have more than two years college work will be out of luck for being accepted for enlistment in the Air Force for the rest of the month.

Watch for this column next week.

## Meeting Opens Sunday, July 29 At Ninth St. Church of Christ

A revival meeting will open at the Ninth Street Church of Christ, Littlefield, Sunday, July 29, continuing through Sunday, August 5, with Bro. Bill Cantwell of Brownwood, Texas, doing the preaching.

Services will be held Sunday at 10:30 a. m. and 8:00 p. m.

The subject for the Sunday morning service will be "Taking a Look at the Clock of Time," and for the evening service, "The Christ We Preach: Was He the Messiah?"

There will be two services daily on week days . . . at 7:15 a. m. and 8:15 p. m.

A personal invitation is extended to come and bring your friends.

The Littlefield American Legion Junior team will attend the game as a reward for notable achievements in play this year.

The local boys were promised the opportunity of seeing a league game, which explains why they will be guests of the American Legion at the Palmer-Hubber-Pampa affair.

### Juniors Made Good Record

Last year the Junior American Legion team won third place in the Littlefield half of the district. This year they were co-champs in the Littlefield half of the district and took third place in the South Plains tournament.

Vernon Hofacket and Harry Crowley were managers and sponsors of the Junior American Legion team, and among those who gave them outstanding and valuable assistance were Earl Hampton, Roy Rhoten, G. V. Walden, and Weldon Shultz.

In a letter to Mr. Hofacket, dated July 18, Joe E. Jones, district chairman of the Lubbock Junior Baseball team said in part:

"I want to express my appreciation for your participation in the tournament. I'm sorry that everyone couldn't win, but that is part of the game. I think the outstanding game of the tournament was played Thursday, and it was a shame that one of the two teams had to lose. Congratulations on your fine team and boys who competed."

The Littlefield team will be taken to the game through transportation provided by Lonnie Wyatt, Elton Hawk and Rip Elms.

## 1/2 Million 4-H'ers Helping Reduce Farm Accidents

A recent survey of 2,000 farm accidents shows that 248 involve machinery. In other types, more farm people are injured by falls—478—than in any other kind of accident.

**FARM FOLK**, as a general rule, give little thought to safety until a member of their family or a neighbor's is hurt or killed, or fire destroys their home or barn. Then they start doing something about safety.

This year it is particularly important that every farm family should do something about practicing safety, because even though there is a shortage of labor on farms, and new equipment is hard to get, food production must be boosted. That means the present manpower and machinery on
