

# Sam Rayburn Nears Henry Clay Mark as Speaker of U.S. House

By **TEX EASLEY**

WASHINGTON, (AP)—Texas' veteran Congressman Sam Rayburn soon will have served as Speaker of the U. S. House of Representatives longer than any other man.

With no opposition to his election as Speaker for the 82nd Congress which started Jan. 3, he was within short distance of the goal set more than a century ago by Henry Clay.

The famous Kentucky statesman in broken periods of service in the House held the speakership for a total of 8 years, 4 months and 11 days, according to research ex-

ponents in the Congressional Library. On Jan. 27 Rayburn will have equalled that mark. He became Speaker Sept. 16, 1940, succeeding the late William Bankhead of Alabama. He has been the presiding officer of the House ever since, except during the Republican controlled 80th Congress, Jan. 3, 1947 to Jan. 3, 1949.

While the Congressional Library research experts come up with the 8 year, 4 month and 11 day record for Clay, a layman's check of the newly-published Congressional Biographical Directory covering the years 1774 to 1949 (including Con-

tinental Congress rosters) shows the Kentuckian served as speaker only 8 years, 2 months and 1 week. By that count, Rayburn went ahead of the field on last Thanksgiving Day.

As for actual time spent in presiding over the House, there is no question but what Rayburn already is considerably ahead of all.

In the days of Clay Congress usually met and organized late in the year, and remained in session only a few months.

Coinciding almost with Rayburn's service as Speaker, the Congress has remained in almost continuous session throughout the year.

The periods Clay served as Speaker were: Nov. 4, 1811 to Jan. 19, 1814; Dec. 4, 1815 to Oct. 28, 1820, and Dec. 1, 1823 to March 3, 1825. He resigned in 1814 to serve as a commissioner in the negotiation of peace with England, and in 1825 to serve as Secretary of State.

During the past three months Rayburn also has exceeded the 8 year records as speaker chalked up by two other men. Joseph G. (Uncle Joe) Cannon of Illinois served as Speaker from 1903 to 1911, and Champ Clark of Missouri from 1911 to 1919.

The speakership of the House, sometimes hailed as the second most powerful position in the nation, is now the source of a successor to the presidency after the Vice President.

The current President pro-tempore of the Senate is Senator Kenneth D. McKellar (D-Tenn.).

Rayburn was born Jan. 6, 1882 in Roane County, Tenn., but moved with his parents to Fannin County, Tex., in 1887. He served in the Texas state Legislature from 1907 to 1913, and was speaker of the Texas House of Representatives in his last two years there.

OFFICIAL NEWSPAPER OF LAMB COUNTY

Member of the Associated Press

# LAMB COUNTY LEADER

VOLUME XXVII

LITTLEFIELD, LAMB COUNTY, TEXAS, SUNDAY JANUARY 14, 1951

NO. 95

## Too Much Speeding

It is time to call a halt to reckless speeding along the LIT Drives paralleling the main business section of Littlefield. The thoughtless minority of motorists who use these two thoroughfares as speedways form a menace to all and should be stopped in no uncertain manner.

The bare-brained drivers who tear up and down these two at excessive speed at all hours, both day and night, were only themselves to blame. There might be an aspect of encouragement in the situation.

In fact is, however, that the majority of safe and sane drivers seek to obey the speed laws and traffic regulations, and the fact that they must cross these two streets, are placed in jeopardy by the speed law violators.

One of these speeding drivers who do not or are incapable of giving thought should happen to hit and kill a person crossing a street or driving in another car, there would be a quick end to this menace.

It is time to put a stop to this dangerous situation before tragedy occurs.

## First Church Pays Up Debt on New Building

Littlefield First Baptist Church is free of the debt incurred in the building of its new educational building.

The debt-clearing collection Sunday totaled \$3,100 was contributed by Hammond church. It reported about \$2,275 toward to erase the remaining of the indebtedness.

The new building with its modern building with its air conditioning and heat, represents an investment of approximately \$170,000. The church to erect an auditorium may be decrease of expected short-building materials, due to payment program, and to church an opportunity to build on a new building fund, reported Wednesday.

## Recently Elected D. E. Sweetheart

**MISS JEAN BROWN**  
Photo by Taylor's Studio  
Jean Brown, 17, daughter of Mr. and Mrs. Emmett Brown of Littlefield, was elected D. E. Sweetheart by popular vote at a recent meeting of the Distributive Education Club.

Miss Brown succeeds Mrs. Loyai Wooten, the former Freda Lindley, who married December 13.

J. E. Foster is instructor of Distributive Education in the Littlefield schools.

Miss Brown is a senior in Littlefield High School, and this year has been taking typings, world history and distributive education. She has been employed under the D. E. program at Taylor's Studio since

# Lamb County Budget Avoids Tax Increase

## LFD Jaycees Plan Convention Trip

A delegation of Littlefield Junior Chamber of Commerce headed by President Skipper Smith will attend the bi-regional convention of the West Texas Jaycee organization next Friday and Saturday in Plainview.

A banquet, honoring the five outstanding young men in Texas for 1950, will highlight and end the convention Saturday night. The banquet will be held in the City Auditorium and will feature James P. Hart, Chancellor of the University of Texas, as guest speaker.

John Ben Sheppard, Secretary of State, will present the awards to the five men chosen outstanding. The banquet will be broadcast over a statewide network and televised by WBAP-TV in Fort Worth.

State Junior Chamber of Commerce officials for the two districts attending the convention are vice presidents Jack Pate of Amarillo and Ralph Krebs of Lubbock.

Organizations that will send representatives are at Lubbock, Amarillo, Borger, Dalhart, Hereford, Pampa, Perryton, Shamrock, Tulla, Abernathy, Brownfield, Crosbyton, Floydada, Lamesa, Levelland, Littlefield.

## Sheriff's Office Dispells Rumors On Fleeing Cook

Reports the fleeing desperado Bill Cook, sought by the FBI in the possible murder of a family of eight in Oklahoma, has been seen in several places in Littlefield Sunday appear to be in the usual pattern of such rumors whenever a wide search is on.

At the It Cafe, where rumor had it that Cook was seen Sunday night, Miss Mary Short, on duty that night, said she couldn't say whether Cook had been there.

"We were awfully busy and I didn't notice anyone in particular who might have been Cook," she said.

Miss Mozelle Young, day waitress there, was puzzled by the questioning. "Who's Cook?" she asked first, then, after an explanation, was positive she had not seen him and was equally positive she didn't want to.

## New Revenue Called Ample to Meet Costs

More service to the taxpayers of Lamb county without a corresponding increase in the tax rate is contemplated in the new budget for the county now awaiting its final draft.

## Search Started For Missing Girl Hospital Worker

South Plains law officers have been alerted to be on the lookout for Leatha Mae Johnson, 16, of Muleshoe, who has been missing since Jan. 2.

The girl was employed as a tray girl in the Amherst hospital until Dec. 30. She failed to report to work the morning of Jan. 1 and hospital officials thought the girl had gone home.

A check at her home proved futile, however. Miss Johnson's parents, Mr. and Mrs. A. M. Johnson of route 2, Muleshoe, have released the following description:

She has brown eyes, dark brown hair and weighs 122 pounds. She is five feet, four inches tall. Her parents have asked that anyone having information as to her whereabouts please get in touch with the Littlefield Police Department.

## Lutheran Church Election Sunday

The annual meeting with election of officers for the remainder of 1951 is part of the business which will occupy the attention of the assembly of Emmanuel Lutheran Sunday, January 14, beginning at 2:30 p.m.

Other matters of importance to congregation and its influence at home and abroad will be studied. Activities for the next quarter will also receive some attention. At present Emmanuel Lutheran's president is Mr. George Wuertlein. Secretary is Mr. Gene Bartley.

## Fort Worth Seeking For Hoe-Down Teams

**FORT WORTH (Special)** Hear ye! Hear ye!—square dance teams in the great Southwest. Now you have a chance to win cash and fame at the Southwestern Exposition and Fat Stock Show, dates of which are Jan. 26 through Feb. 4.

Hoe-downers will converge on Fort Worth to participate in the second annual Southwestern Square Dance Championship contest to be held in conjunction with the Fat Stock Show. Premium awards amounting to \$1,200 and trophies will be given to top teams.

Closing date for entries is Jan. 27. Those teams not having the rules or entry blanks should write to Ted Gouddy, Square Dance director, Box 150, Fort Worth, Texas. Gouddy will serve as director for the second consecutive year.

## State Schools Increase Service Despite Decline in Tax Share

**AUSTIN, Texas (Special)**—One-half cent less of each state tax dollar went to support Texas' public schools last year than in 1939-40 despite the tremendous strides made in the school system since the Gilmer-Aikin laws went into effect.

"Not only has Texas climbed from very low on the national ladder to near the top in public school education in the first year under the Gilmer-Aikin program, but the state accomplished what amounted to a near-revolution in education without taking a bigger bite out of each tax dollar," Dr. Mortimer Brown, president of the Texas

(Continued on Back Page)

**TIRED COWBOY**—Six-year-old Michael Connolly rests in bed in his home at Rock Ferry, Chesire, England, wearing cowboy hat and surrounded by other cowboy regalia which he had requested while participating in aerial flight against an enemy of the United Nations.

The Christmas, Texas, USA. The letter was published by the Fort Worth Star-Telegram and brought complete outfit from readers which was sent by plane to England. Young Michael was in bed on Dec. 23 when the postman delivered the package. Although suffering from a slight illness, he wasted no time in unwrapping the "carton" to see the ten-gallon hat, cowboy boots and six-shooters. (AP Wirephoto)

## Rites Held Friday For Weatherford

Services were conducted last Friday afternoon at 2:00 p.m. at the Chapel here for Mrs. Maude Weatherford with a Colliard, minister of the church of Christ, officiating. Weatherford, 76 years old, died after noon Thursday following hospital following (Continued on Back Page)

## Mayor Boosts March of Dimes; Campaign in County Opens Monday

Jan. 12 (AP)—Governor Ferguson emphasized the importance on the family, community and nation in officiating the period from January 12 through January 31 for Texas March of Dimes.

The chief executive cited the example of National Foundation for the Paralysis Funds by the 10,000 cases the last three years stressed the state polo effort in caring for almost 100 cases in 1950 alone.

"These consecutive years," Governor Shivers' proclamations children and adults are heavily attacked by the disease on (Continued on Back Page)

## Capt. Stubblefield Awarded Second Oak Leaf Cluster

An Air Base in Japan. Captain Lee E. Stubblefield, son of Mr. and Mrs. R. L. Stubblefield, Spade, Texas, was recently awarded the 2nd Oak Leaf Cluster to the Air Medal for meritorious achievement while participating in aerial flight against an enemy of the United Nations.

Capt. Stubblefield's duties on (Continued on Back Page)

IT NEVER FAILS

### Grim Record On Polio

Texas wound up 1950 by setting a grim new record in polio incidence—2775 cases for the year. Never before in state history have so many cases been reported during a 12-month period. Eight cases occurred during the last week in December. That in itself is significant, for not a single week passed that didn't see at least one case of the so-called hot weather disease being diagnosed in some part of the State.

The total 1949 incidence of the dread disease reached 2354 cases, establishing a record up to that time. But there were 53 weeks in 1949 instead of the normal 52, and that figure includes cases occurring all 53 weeks.

Two hundred and three counties out of the state's 254 were involved in the 1949 outbreak. That's comparable to the 201 counties which experienced polio in 1950.

The counties of Coleman, Harris, Jefferson, McCulloch, Necess, Tarrant, and Tom Green each reported a single case of polio the last week of the year. A Veterans Administration hospital had one case as the year ended, bringing the total for the week to eight from all sources.

The disease reached its peak on August 13, when 131 Texans fell ill. That marked the greatest single weekly incidence ever to be reported.

At that time State Health Officer George W. Cox ruefully predicted that 3000 cases would be diagnosed before the year ended. He missed his estimate by 227.

Twenty-eight counties had 30 or more cases; ten had more than 50 cases; six had more than 100 cases; and three counties—Dallas, Harris and Tarrant—had more than 200 cases each. Those three areas represent the most populous regions in Texas.

Early in the polio season, Dr. Cox pledged the facilities of the entire State Department of Health to local communities in combatting polio. The health agency's laboratory and field personnel, working in cooperation with civic organizations and local health units, were credited with keeping the epidemic from reaching even greater proportions.

State health department death records show 201 polio deaths through the first 11 months of 1950, and 192 deaths from that cause during all of 1949. Complete death figures are not yet available for December, a department spokesman said.

### Automatic Seedling Pine Planter Beats Men in Texas By 12 to 1

WINNEMORE, Texas (AP)—Twelve times as many seedling pines can be planted daily as can be put out by hand by using a semi-mechanical system introduced to farmers recently in the Hopkins-Rains-Wood Soil Conservation District.

"By heading," O. J. Gipe, head of the conservation district, said, "a farmer could plant 1,000 seedlings a day, and could look forward to not much more than 50 per cent survival. Using the mechanical tree planter, the farmer can set out about 12,000 seedlings in a single day, and expect to have from 75 to 100 per cent of them to live."

Gipe's conservation district purchased the three planters, and is renting it out to co-operating farmers at a nominal charge. To date, 32 farmers and landowners in the district are planting, or planning to plant seedling pines.

Two varieties are being used, slash pine, and the latter imported from the Caribbean Islands. The slash variety grows rapidly the first 15 years, and is further favored because it resists ravages of the Nantucket tip moth. The two varieties are mixed on the same acreage for best results, Gipe says.

The heaviest planter in this district is M. L. McLain, an oilman living in Oklahoma City, Okla. McLain has purchased five tracts of land in this area which will take a total of 200,000 seedlings. They are planted at the rate of 700 trees per acre.

After a 10 to 14 year period, pulp wood and fence posts can be culled

from the plantings and sold profitably. About 200 trees per acre should be left until their trunks are 20 inches in diameter. This takes a period of from 40 to 50 years. They can be cut for lumber earlier than that, but with fewer board feet.

Around the turn of the century, thousands of feet of pine lumber were taken from this area. It was not until 1937 when the CCC set out 13 acres of pine seedlings that any effort was made to replace these virgin forests.

Gipe's first work in introducing the seedlings was in 1942. A grove of short needle and slash leaf pine planted then on a tract of land owned by Mrs. May Weir are now from 19 to 25 feet high. Plantings have increased every year. Around 20 to 30 acres were planted last year.

The present scheduled plantings total 300,000 seedlings which will be spread over 425 acres of land. The seedlings are grown by the Texas Forest Service in the state nursery at Alto, Texas. They are sold for \$3 per thousand. The per acre rent for the mechanical planter is \$150. The eventual per-acre income will be \$1250 annually if the trees are harvested at the rate they grow.

**A STEADY JOB**  
MIAMI (AP)—It appears that Trainer Danny Stewart has a steady job. He has trained horses for three generations of Wideners. Stewart, who developed the famous Brewit, now trains at Hialeah for P. A. B. Widener III.

### South Plains Rat Population Equals Human, Check Shows

LUBBOCK (AP)—There's one rat for every person in the South Plains, and that's 300,000 rats. Each rat eats about \$2 worth of property a year.

The figures are from E. G. Pope of the U. S. Fish and Wildlife office here. His office concerns itself chiefly with rodent and predatory animal control.

Pope estimated rat damage in the South Plains during 1950 amounted to \$500,000.

"Rats have been on the increase during the past year and our control measures fell behind the last couple of months," Pope said.

Large quantities of grain sorghum stored and stacked on farms will provide good diets for rats this year, he added.

**SOPHOMORE GRID STARS**  
NEW YORK (AP)—Charley Maloy of Holy Cross and Ted Marchbroda of St. Bonaventure rowrote the forward passing and total offense records, respectively, in the Eastern Intercollegiate Football Association during the 1950 season. Both are sophomores.

Maloy threw 242 passes, erasing the mark of 210 attempts set last year by Ed Songin of Boston College. Songin still holds the completion mark of 106. Maloy completed two less. Marchbroda set new marks for total offense (1693 yards) and for yards gained in passing with 1577. Both records surpassed the marks made by Columbia's Paul Governali in 1942.

ready made cravat in 1829. It became known as the "Royal George" tie.

### Family of Nutria Prove Big Aid In Cleaning Out East Texas Lake

ATHENS, Texas (AP)—Cleaning out a lake or reservoir can be a tough job without a family of nutria.

With nutria, it's easy. You just sit back and let the nutria chew away at the moss, lily pads and other plant growths. Pretty soon, presto, a clean lake, or city reservoir.

Nutria are little animals. One authority says a nutria "has a head like a beaver, whiskers like a walrus, front feet like a monkey, body like a ground hog, hind feet like a duck, and a tail like a rat."

But the main thing is the nutria's appetite. It just keeps eating.

At least three East Texas cities have set up families of nutria in city reservoirs to keep them clean. Now Bill Richards of Athens has installed a family on his lake south of Athens.

He started out with three. One, a female, disappeared, leaving a pair which settled down quickly to a humdrum life of bearing young ones and eating. Now he has seven.

They built a modest little grass bungalow far enough out in the water to be protected from bank-walking varmints.

Experts say it will take twelve nutria to keep Richard's small lake clean. He's waiting.

### INFORMATION FOR VETERANS

**QUESTIONS AND ANSWERS**  
Q—Lately I've been reading a lot about "side payments" on GI home loans being illegal. Exactly what is a "side payment" and how is it made?  
A—Here's an example that should answer your question. A veteran wants to buy a home, priced at \$12,000, with a GI loan; but VA's reasonable value for that home is set at \$11,500. The seller refuses to come down, so the veteran, in his eagerness to get the home, agrees to make an under-cover "side payment" of \$500 that would not be reflected in the purchase price reported to VA. Such a payment is illegal. It also defeats the purpose of the GI Bill to protect veterans against excessive prices for homes.

Q—I have a certificate of eligibility for GI training, which I received from VA back in 1946. May I use that certificate to enroll in school next month?  
A—No. Certificates issued by VA prior to October 19, 1949, are void and must be replaced with new ones. The new VA certificate will show the course and school the veteran has selected, and will be good only for that course and school.

Q—I have been training under Public Law 16 for 3 years and have been declared rehabilitated. I'd like to continue training under the GI Bill, as I have one more year of entitlement remaining. May I do so?  
A—Yes. You may utilize your remaining entitlement for GI Bill training, even though you were rehabilitated under Public Law 16. But you must begin GI Bill training on or before July 25, 1951 in order to continue thereafter.

**INDONESIAN FISH DISCUSSED**  
SINGAPORE (AP)—Fishermen in this British crown colony are dicker for permission to re-enter now prohibited areas in Indonesian territorial waters. T. W. Burdon, deputy director of fisheries, said his department is arranging a conference with Indonesian authorities to iron out fishing problems. Scarcity of fish in this colony, coupled with short supply from Indonesia and Sarawak, has caused a big boost in fish prices.

**LOSING RECORDS**  
DETROIT (AP)—Although they lost by 49-14, the New York Yanks set three team passing records in their recent game against the Detroit Lions. The Yanks attempted 45 passes, completed 26 and racked up 356 yards. Former records were 41 throws, 25 completions and 333 yards.

A lava flow 40 miles in length parallels U. S. 54 in central New Mexico.

### Old-Age And Survivors Insurance System Explained

It is not necessary to be wholly or permanently "retired" to get retirement payments under the Old-Age and Survivors Insurance system, according to John G. Hutton, manager of the Lubbock Social Security office. The numbers of people coming into his office confused on this point prompted him to make the explanation.

"Actually," Hutton pointed out, "the new Social Security law makes it possible for insured people 65 and over to collect retirement benefits while still earning up to \$50.00 per month on covered jobs. The old limit of \$14.99 was changed on last September 1. The \$50 limit does not apply to people age 75 or over."

"The law is simply that a person between 65 and 75 years of age cannot collect benefits for any month in which he earns more than \$50 from work covered by Social Security. No amount of earnings or income from other sources will affect his right to benefits. Insured people age 75 or over can collect even though working full time on jobs covered by Social Security, or

for that matter, any job." Hutton invites residents area who are eligible for under the new law to get with his office, located Texas Avenue in Lubbock

### Michigan Sees Future Superman Is Giant Freshman From Sweden

ANN ARBOR, Mich. (AP) — "Go ahead now and throw it," urged Michigan Track Coach Don Canham, expecting a good discuss effort because the big blond had already told him he competed for Sweden in the 1948 Olympic games. The result was a surprise, even to Canham.

Twenty-four year old Roland Nilsson bent low, whirled and arched the heavy saucer 166 feet. This was three feet and one-half inch better than Michigan's varsity record.

"He can drop it farther than I can throw it," murmured Charley Fonville, Wolverine field great who established the varsity mark in 1948.

The trio moved over to the shot put circle, where Nilsson again drew respectful glances by bettering 50 feet time and again with apparent ease.

#### Weigh 230 Pounds

The three returned to Canham's office where earlier Nilsson had presented himself almost unannounced. Nilsson laid the groundwork for entering Michigan and joining the Wolverine track squad.

That was last spring. The blond giant (230 pounds, six-foot-six) worked with Fonville all summer while taking four English classes to overcome some language difficulties and now appears as one of the best members of Canham's fine freshman track and field squad.

Judging by the visitor's start, the track world will one day be very familiar with the name, Nilsson.

Nilsson left Sweden just a year ago last November and went to Detroit, where he stayed with a sister and took out his first citizenship papers.

Nilsson was born on the island Svano in Andermanland river in northern Sweden. His father is a retired factory worker. His mother died years ago. He has two brothers and a sister in Sweden and two brothers and a sister in Detroit.

He was graduated from the Sundsvall trade school in 1944, worked as a civilian motor mechanic and for the Swedish Air Force at Nykoping in south Sweden.

He was influenced in track by his trade school coach, John Nyman, who placed second in the 1936 Olympic games in Berlin.

"Nyman taught me to run, jump and throw the discuss," says Nilsson.

A neighbor of Nilsson's sister in Detroit, oddly enough a Minnesota alumnus, hearing of Nilsson's prowess and interest in track, introduced him to Canham. The Michigan track coach invited him out to see Fonville, an idol of the young Swede's.

And out he came. Now he's settled here with a vigorous three-phase program. He works hard with his courses in physical education. He puts in any spare time with the discus and shot. And he works nights as a watchman on a new school under construction here.

Nilsson has his heart set on coaching and teaching in the future. He wants to finish his school work and trek into Michigan's upper peninsula for a coaching-teaching career in one of upper Michigan's Swedish communities.

In the meantime, he'll serve as a boon to Michigan's track hopes, when he becomes eligible for competition next spring, he'll start as one of the finest prospects in the nation. Where he'll end is anybody's guess.

British territory. Also, there's no electric-stall type starting gates.

The old Australian system—a big wide band stretched across the length of the track—is used. The belt is snapped and the horses are off when the starter thinks they're all lined up. Many a hot favorite is left at the post.

The Bukit Timah racetrack near Singapore and others at Kuala Lumpur, Penang and Ipoh are pretty well-run.

All have fine bars and tearooms. Usually, a Scottish Highlander band, led by a British army officer, plays between races.

Horses are transported to and from Singapore and about Malaya by train. It's impossible to use motor vans and go by highway because of the danger of Communist terrorist attacks.

### Littlefield Teams Lose In Abernathy Tourney 1st Round

Both boys' and girls' teams of the Littlefield high school were defeated in the first round Thursday night in the invitational basketball tournament at Abernathy.

The Abernathy boys and the Abernathy girls, the Post girls and the Levelland boys won opening round games.

The Abernathy girls downed the Levelland girls, 43-38 with Bobbie McLain netting 25 points.

The Post girls ran roughshod over Littlefield, winning 35-19. Juanella McClellan had 11 points for the winners, while Loretta Owens made 14 for Littlefield.

The Abernathy boys romped over Littlefield, winning 46-36 as Riley Wooten connected for 12 points. Buddy Edwards sparked the Littlefield attack with 14.

The Levelland quintet defeated Seminole, 33-27. Burnett scored 11 for Levelland, while Jackie Gotland had nine for Seminole.

#### DOGGER TICKET PLAN

BROOKLYN, N. Y. (AP) — The Brooklyn Dodgers have announced three new ticket plans for the 1951 season in the hopes of getting back many of their fans. President Walter F. O'Malley also will go back to the old holiday double header, with one admission. Branch Rickey, now at Pittsburgh, was a supporter

for split twin bills, meaning holiday morning and afternoon games but for two admissions. The Dodgers' new Plan 1 is for the 77-game home season. A lower box seat for all games is \$219 and \$182.50 for an upper stand box. Under Plan 2 (21 night games and 12 Sundays) a lower box is \$99, upper box \$82.50 and a \$1.75 reserved grandstand seat \$57.75.

## Heffelfinger, Grid Legend, Now Texan

by WILBUR MARTIN  
Associated Press Staff

A small item in the newspaper many days ago, a story of Pudge Heffelfinger was from Minneapolis to Bless-

is a tiny town in Matamoros on the Coastal Plain of Texas. Heffelfinger takes up the town's going to have

quite a citizen. "The greatest guard in football" is one of the milder descriptions of this huge fellow, now 83. He was a terror at Yale, in 1889 and 1890, and he made football news for quite a few years afterward.

Pudge, or Heffelfinger of Yale, as he is best known, is the only football player you'll find on every-

body's "All-Time All America. All Etc."

Some football record books list him as "P. W. Heffelfinger, Yale, 1888, 1889, 1890," and others as "W. W. Heffelfinger, Yale, 1889, 1890, 1891." His name is William.

Heffelfinger's strength is legend and some of the stories they tell about him are hard to believe.

One author's favorite is the time Pudge went back to Yale, put on a uniform, lined up with the scrubs and promptly tore the varsity line apart. He was 60.

He was honored on one writer's "All-Time" team for "his feats at Yale and elsewhere after 50."

"No matter how old a man gets, he ought to be in shape to play one football game a week," Heffelfinger is quoted as saying in the same story that announced his impending move to Texas.

Well, according to various sports-writers, Heffelfinger played a good deal in "one football game a week" for years after he left his imprint at Yale.

"A giant of a man who would have been equally great today as he was in that era before the turn of the century," wrote one well-known sportswriter of Heffelfinger.

That's quite a tribute to a man who played his football before the display-doodle was added. But Heffelfinger is quite a man. Ask anybody from Yale.

### Horse Racing In Singapore Is Hazardous

SINGAPORE (AP)—You can pick a winner at the horse races in Singapore and at tracks in Malaya and still not make any money.

The British-run Turf clubs simply refuse to take a loss when there's an overplay on any horse.

That means that although you rack your brain to find a winner in a 10 or 12-horse field, you won't get any profit return on your investment if your choice is a top-heavy favorite.

Bets are made on the basis of \$45 (Malayan dollars) per ticket. You may just get back \$45 if the "sure thing" wins.

While the Turf clubs don't believe in even adding 10 per cent to your investment in such a case, it does take 10 per cent out of all money wagered before the prices are posted for profit and taxes.

There's "cash sweeps" tickets sold on each race. The government tax on these is 20 per cent of the pool.

Few horses live up to their form. It's almost a dead certainty every race day that some high-priced outsider is going to come in and pay 20 to 1.

Turf clubs are run on a membership basis, usually about 10,000 members to each club. One reason for this is that most tracks are not big enough to handle larger crowds. There's no such thing as electric totalizers and odds-boards in this

## Man Voted Delegate To SC Convention

Man of Anton will represent Hockley County Soil Conservation district at the state convention in Mineral Wells Jan. 15.

Chairman of the Hockley County Soil Conservation Association of Texas Soil Conservation District Supervisors, is working on a plan of action for 1957. "It should be completed in about 10 days," Ford said.

Board approved application for soil and water conservation assistance from Mrs. Homer Howard and Forbes, Ornum, B. J. Keese, Dave W. O. Ballow, L. A. Kinser, Ivey, Mrs. N. E. Denning, T. Jungman, A. S. Cone, M. C. Boyd, A. H. Jung, Houston C. Pearson.

Supervisors were present: Elsie Forman; H. T. Harland; Leon Lawson, Pet-C. Caddell, Sundown; and Ed. Ropesville.

## Operators To Meet At Amherst

Reorganized District 3 of the State Chiropractic Association will hold a meeting at Amherst on January 14.

Operators are expected from Texas counties in the new district which was laid out at the convention in Corpus Christi last October. Counties in the district include Bailey, Lamb, Boyd, Motley, Cottle, Cochran, Crosby, Dickens, Bakum, Terry, Lynn, Garza, Renewall, Gaines, Dawson, Andrews, Martin and How-

ers for the new district were at a recent meeting in Lubbock. They are Dr. H. L. Spitzer, district president; Dr. T. C. M. Big Spring, vice-president; Dr. J. V. Miller, Plainview, secretary; Dr. D. H. Harland, state director; and B. Millsap, Lubbock, A. E. Plainview, and R. D. Rice, district directors.

## Hobgood Offset Swabs Water, Oil

More water than oil was being swabbed at the Humble Oil & Refining company No. 1 Bryan Hulse, possible west extension to the Anton West-Clear Fork pool in north-central Hockley county.

After acidizing perforations at 6,592 feet with 500 gallons. The No. 1 Hulse was last reported to have yielded 28 barrels of oil and 76 barrels of load water in 24 hours. Swabbing was continuing.

The No. 1 Hulse is one-quarter mile west of the same operator's No. 1 Hobgood, pool discovery.

## Coach Fikes Talks At Rotary Meeting

Coach Jay Fikes of the Littlefield high school was in charge of the program Thursday noon at the regular weekly session of the Rotary Club.

Dinner was served by the women of the First Methodist church in the basement of the church building.

## Value Your Health More Than Riches

Some folks think that fine clothes and fine, big houses are the most important things in life, but these things really don't mean too much if a person doesn't feel well enough to enjoy them. Most folks don't realize this, but Mrs. Lucy Braswell, of Route 2, Stone Mountain, Ga., realizes it very well. Mrs. Braswell takes HADACOL, and by taking HADACOL she found she is helping her system overcome deficiencies of Vitamins B, B<sub>12</sub>, Niacin and Iron, which HADACOL contains.

Here is Mrs. Braswell's own statement: "I have been sick for some time with stomach disturbances. I began taking HADACOL and I have been taking it about six weeks. I am so much better and much stronger. I will continue to take HADACOL. It sure has helped me. I tell my friends about HADACOL. I can't praise HADACOL too much. I am 59 years old."

## Lions Will Hear Story of Blindness

What it means to be blind from birth and then gain sight when an adult will be told to the Littlefield Lions Club at its meeting next Wednesday noon at the Legion Hut.

The speaker will be George Campbell of Amarillo, who went to the age of 18 without sight, then had vision given to him through the removal of congenital cataracts in an eye operation.

Mr. Campbell has talked in Littlefield previously, before the Rotary Club in 1948.

Last Wednesday's speaker was Bob Orby, chorus director at Littlefield high school.

## SHAREHOLDERS TO MEET

A meeting of the shareholders of the Littlefield Federal Savings and Loan Association will be held at the Court House, at 7:30 p.m. Wednesday, January 1.

The first machine ever used in making shoes was a clamping press invented to attach leather soles to

## Thirty Vets Apply For School Course

Thirty applications for enrollment in the business administration course at the Lamb County Vocational school are being processed by the Veterans administration, according to Stilwell Russell, veterans educational advisor here.

K. C. McCasland of Abilene, a state board supervisor, was here Tuesday to review the applications, Russell said.

Feb. 12 has been set as the tentative date for opening of the course, which is a college-level study of business practices and administration.

## New Law Associate Joins A. P. Duggan

Matthew Browne, formerly of New York, has associated with Arthur P. Duggan Jr. in the practice of law in Littlefield.

Mr. Duggan, in announcing the new associate, said Mr. Browne now is a Texan by choice rather than birth, having been "sold" on the state by his comrades from Texas in the Marine Corps in World War II.

The new Littlefield lawyer received his B. S. in accounting at Dartmouth and his law degree at Harvard. Mrs. Browne will join him here before the first of the month, he said.

## MALCOLM STOKES COMPLETES RECRUIT NAVAL TRAINING

Malcolm Parker Stokes, seaman recruit, USN, son of Mr. and Mrs. J. M. Stokes of Box 72, Littlefield, Texas, recently completed training at the Naval Training Center, San Diego, Calif., and is now available for assignment to a Fleet unit or to one of the Navy's schools for specialized training.

During this period of training, he underwent intensive drill in such subjects as signaling, navigation, basic ordnance and seamanship. He also was indoctrinated into the ways of the Navy and learned the customs of the service.

## Slaton Grade Teams Turn Back Littlefield

The O. L. Slaton junior high basketball eighth and ninth grade teams swarmed over two teams representing the Littlefield Junior High school at the Slaton gym Wednesday.

The Slaton eighth-grade Warriors won their game 30-12, with Wade Wolf scoring 12 points. Joe

Giddens of Littlefield had five points to top the Littlefield quintet.

The ninth-grade Redskins won by almost the same score, 30-13. Jimmy Stanford hit for 12 points to lead in the victory, while Ben Poacher hit for six for the visitors.

**Texans Take Leading  
Role in Congress Acts**

WASHINGTON (AP)—Nearly every important legislative move in fateful 1950 bore the imprint of Texans in Congress.

Capping everything, of course, has been the Korean war, focusing attention on diplomatic and economic problems as well as those of the military.

In military matters, Senator Lyndon B. Johnson, and Reps. Paul Kilday of San Antonio, Clark Fisher of San Angelo and George Mahon of Colorado City and Lubbock have played important roles.

The special Senate defense preparedness committee, headed by Johnson, has sought to prod government agencies to more intensive efforts in the drive for more weapons and such strategic materials as tin and rubber.

**Turn Up Weird Facts**

The Johnson committee, successor to the old Truman war investigating committee, also has turned up some fantastic instances of bad judgment on the part of government agencies in disposing of World War II surplus property.

Kilday has been in the forefront of moves in the House concerning expansion of the army, navy and air force. He is third ranking Democrat on the House Armed Services committee. Fisher also serves on the committee.

Mahon was chairman of the House Appropriations subcommittee which handled the \$18,000,000, 000 (B) defense money bill passed in the closing days of the year. Top military authorities entrusted him with numerous top secrets to justify their request for funds.

Both Kilday and Senator Connally served on the joint atomic energy committee. Only meager accounts of their committee's discussions with atomic scientists and defense leaders have been made public.

As chairman of the Senate Foreign Relations committee, Connally carried the ball for the administration on countless international problems. Diplomats visited Capitol Hill regularly to consult with him and his committee.

**Key Figures in House**

Raising money to finance the Korean war and the whole anti-communist program was the primary worry of the House Ways and Means committee, of which Rep. J. M. Combs of Beaumont is a member. The Senate Finance committee, on which Connally also serves, handles tax bills after they have been acted on by the House.

Speaker Sam Rayburn of Bonham, as presiding officer of the House, was the key figure in House passage of vital measures.

Other important Texas angles during the two years of the 81st Congress:

Legislation which would have given the states unquestioned title to the lands beneath the marginal seas—the oil-rich tidelands, was pushed by all Texas congressmen but it didn't come to a vote in either Senate or House.

Rep. Ed Gossett of Wichita Falls, leading advocate in the House of state ownership because of his position on the judiciary committee, has declared his intention to press for early action in 1951 on a bill to offset the 1950 Supreme Court decision giving the federal government control over the submerged lands off the Texas coast. Dallas' Rep. J. Frank Wilson, also on the Judiciary committee, helped in the unsuccessful drive for passage of the bill.

**Margarine Tax Work**

The half-century old federal margarine tax was repealed with passage of a bill introduced by Rep. W. R. (Bob) Poage of Waco, top-ranking member of House Agriculture committee. Poage also sponsored the bill which established a farm telephone program under the Rural Electrification Administration.

After nearly two years of congressional studies, a bill was passed authorizing construction of an \$56,000,000 dam and aqueduct program on the Canadian River watershed to supply water to a dozen Panhandle and High Plains cities. Judge Eugene Worley of the U. S. Customs and Patent Appeals Court introduced the bill in 1949 when he was a member. Mahon aided

**ESCAPED CONVICTS CAPTURED**

ED—A Houston police officer places hand-cuffs on C. Scott Dickerson, 35, serving 47 years for robbery from Harris county as Mayard Hollandsworth, 36, serving 4 years for burglary from

Harris county, after the escaped convicts were caught as they walked along a road in Houston. These two men were among nine who escaped from the Ramsey prison farm near Angleton on December 31. Three are still at large. (AP Wirephoto)

by Rep. Ben Guill of Pampa, got behind the bill after Worley's departure.

Guill, the first Republican to serve in Congress from Texas in nearly 20 years, was defeated in the November election by Walter Rogers, Pampa lawyer.

Guill had won out in a special election in 1950 in which Rogers was a runnerup. Rogers then campaigned in the first and runoff Democratic primaries and a fourth time in the November general election.

For Friday night supper serve Oyster Stew with pilot crackers and a tossed green salad with crusty French garlic bread. Make the dessert for this menu a hearty, filling one; gingerbread and applesauce would be a good choice. You can use packaged gingerbread mix and canned applesauce to lighten your kitchen labors.

**CATTLEMEN TRY LAWMAKING**

DENVER (AP)—Stockmen will have a big say in Colorado's 1951 legislature. Senate President Edwin A. Rogers, House Speaker David A. Hamill and Majority Floor Leader Frank L. Gill all are cattlemen. And Colorado's new Republican governor, Dan Thornton, is well known for the prize Hereford cattle he raises on his Gunnison ranch.

Diced crisp apple helps cabbage salad both delicious and different. If you use red leave unpeeled to add color to salad. If you peel the apple a dash of paprika when you toss the salad with the dressing.  
As a sauce for vegetables equal amounts of hot white and mayonnaise and add parsley.

Here's one of the greatest iron tonics you can buy to

## BUILD UP RED BLOOD TO GET MORE STRENGTH

if you have SIMPLE ANEMIA

You girls and women who suffer so from simple anemia that you're pale, weak, 'dragged out'—did you ever stop to think this condition may be due to lack of blood-iron? Then do try Lydia E. Pinkham's TABLETS. Pinkham's Tablets are one of the very best home ways to help build up red blood to get more strength and energy—in such cases. Without a doubt they are one of the greatest blood-iron tonics you can buy today. See if you, too, don't remarkably benefit! Pinkham's Tablets are also a very pleasant stomachic tonic! All drugstores.

## MONTHLY FEMALE PAINS

Pinkham's Tablets are also very effective to relieve backache—when due to disturbances.

Lydia E. Pinkham's TABLETS

BY LOUIS RICHARD

GETTING READY FOR 52ND—C. M. Petri, house voting machine operator, got the big board ready in Austin for the opening of the 52nd session of the state legisla-

ture. He is shown adding the name of Edward T. Dickler of Dallas, who will be the only Republican in the Legislature. (AP Wirephoto.)

### Parkview Baptists Plan Larger Church; Work To Start Jan. 15

Preparations are under way to enlarge and remodel the Parkview Baptist Church in the west side of Littlefield. An addition to the east side of the present structure forming the development into an L-shaped structure will be erected as an educational building. This will make possible the enlargement of the auditorium and an additional one floor in depth. Plans provide for the building of a visitor hall and a baptistry. Construction is expected to start about Jan. 15. Members of the congregation last Sunday swelled the building fund by contributions totaling \$100. The church is on Fifth street and Walker avenue. See Elvin Ingram is the pastor.

### State School—

(Continued from Page 1) State Teachers Association, pointed out last night. "In 1949-50 the public school support totaled \$11.5 million of each state dollar expended, during the last school year the school share of that total was 26.8, or exactly 44 of a cent less. "At the same time enrollment greatly increased, the number of teachers employed went from 11,000 to 12,000 and the average state attendance approached 100 percent. "The average daily attendance jumped in one year 10.54 under the new school program. Ten in a percent is paid out that every child in Texas is guaranteed the opportunity of having 100 days of school instruction per year. "There are now 4,625 classroom teachers in Texas schools, Dr. Brown pointed out. That is 4,125 more than in 1939-40. "That makes for better education of our children," Dr. Brown commented. "Classes are now smaller, allowing for more individual instruction. "There were only 124 special teachers, consultants and special services personnel, such as nurses, available in 1939-40. Now there are 1,182."

### Governor Boosts—

(Continued from Page 1) virus of poliomyelitis. "The record shows that 431 more polio patients were reported in Texas during 1950 than in 1949 with 1779 cases in 1951. "Every penny raised in Texas during the last March of Dimes campaign has been spent for patient care of Texas polio patients and supplemented with \$277,000 sent from Texas from other states by the National Foundation for Infantile Paralysis. "Not only was the last year the second worst polio year in the state's history, but the cost of providing treatment for these patients continues upward along with the tremendous costs of caring for patients of previous years. Funds of the National Foundation for Infantile Paralysis must be replenished in the 1951 March of Dimes. "Therefore, as Governor of Texas, I hereby designate the period January 17 to 21 for the March of Dimes in Texas, and urge every citizen to contribute as he is able to the success of this worthy campaign. "The bank money March of Dimes campaign for \$20,000 to aid in the Texas total is in readiness for Monday's start, County Chairman G. M. Shaw said Friday. All restaurants for the drive and other necessary material have been distributed to community chairman over the county in preparation for an early start Monday, Mr. Shaw said.

### Capt. Stubblefield

Chief minister was as a pilot in the 112th Reconnaissance Squadron (VLT) which was in Japan in March 1949 and served in the 4th in North Africa theatre of operations during World War II. Mrs. Stubblefield the former Ann F. Leavelle and son, Lee E. Jr. are presently residing at 74 1/2th Street, Springdale. Miss Stubblefield is presently in Japan on business.

### Jaycees—

(Continued from Page 1) Littlefield, Wilshire, Fairview, East and Taboka. The five outstanding men will be chosen from applicants between the ages of 21 and 35. Those chosen need not be members of the Junior Chamber of Commerce. The five men selected will then be eligible for the national contest which the nation's 38 outstanding young men will be chosen. W. G. McDaniel, Dallas, State Jaycee President, will deliver the convention keynote address. The Fairview Junior Chamber of Commerce, serving as host club for the meeting, will entertain with the Jaycee delegates and visitors with headquarters at the Hill Top Hotel, Fairview. Ralph S. Krebbe, Lubbock, Vice President of the state organization, will act as chairman of the business meetings for the two day affair.

### Elected—

December list. In recognition of her work as El. C. Goodheart Miss Brown will be elected an honorary position in the Littlefield High School annual and as the employer and employee league. The date for which has not yet been set, she will be elected by the President of the Club, and there will be other courtesies extended her in view of her honor position.

TALL TEXANS — These tall, young Texans pose for a picture after learning they tower too high to get into the army. Vernon A. Barton, 21, (left) of Wink and R. D. Gulley, 25, (right) of Pecos are shown with Recruiting Sergeant R. E. Forman in El Paso. Barton is six-feet-eight-inches tall, Gulley is one-half-inch shorter. Sergeant Forman is five-feet-seven-inches. The draft height is six-feet-six. (AP Photo)

### Last Rites—

a 14-day illness. She was the widow of Max Weatherford, prominent Littlefield business man who died two years ago last September. Mrs. Weatherford had made her home with a son, Fred Weatherford, of West Tenth street, since the death of her husband. In addition to Fred Weatherford of Littlefield she is survived by two other sons, Tom Weatherford of Ferris, Texas, and W. S. Weatherford of McCombs, two daughters, Mrs. C. H. Tappert of Carmed, Calif., and Mrs. George Callahan of Abilene; three sisters, Mrs. Mary Green and Mrs. Sally Knott of Ferris and Mrs. Mabel Johnson of Dallas; two brothers, John McKnight of Ferris and George McKnight of Lancaster; four half-sisters and two half-brothers; eight grandchildren and one great-grandchild.

### County Budget—

(Continued from Page 1) year through the addition of new industries and other physical improvements. "In this way we expect to meet the added budget requirements and give the taxpayers increased service without adding to the taxes of those on the rolls in 1950." Taxes Actually Decrease The manner in which this will be accomplished is in line with a recent study completed by President Gilchrist of Texas A. & M. College and contained in a recently released bulletin from College Station on the trend of rural taxes in Texas. In it Mr. Gilchrist points out that rural taxes in the state are actual-

### PLANS NEW DAM

PRAGUE (AP)—The near Sofia is to be dammed by the Soviet new agency to a dispatch available here, power plants are to be built. The water impounded is to be finished by 1952, 15% lower today than they were in 1949 when the great drop of the dollar in the last year is taken into consideration. In almost no division of government, and especially as measured in dollars, with the decrease in income through the depreciation value of the dollar, the points out.

### Sheriff's Office—

(Continued from Page 1) At another highway side the misunderstanding question was answered with a statement the book was all day and had gone home. At the Jetties Auto Service station at Phelps and Dallas avenues, where "somebody" had said they saw someone who might have been Cook get some gasoline. Paul Byrne said the only "suspect" stranger he had seen in the last few days was a man who wanted to get directions to Littlefield. The sheriff's office ascribed reports county officers had shown the desperado to Littlefield with the license statement they were still after a speeder. "We've investigated several reports and all of them proved false," the sheriff's department said. One report was made by a young couple to the marshal at Olton. They reported they had seen an armed man answering Cook's de-

### Muleshoe Man Is Arrested

George Strakula of Muleshoe was arrested Wednesday night, January 11, on a charge of kidnapping of a 14-year-old boy, the Adams Hotel. He appeared before the District Court and bond was set at \$1000 to appear at the February term of court Monday, February 5. In the meantime Strakula is out on bond. Strakula is on the highway near the edge of that city. The sheriff's office investigated but could find no one known a name and looking. "The last accurate official report on Cook was from the FBI, which placed him in El Centro, Calif., Monday," the sheriff's office said. "W. D. Chapman, member of Turner's Code, said a man he recognized as Cook from a newspaper picture had been there recently."

### Nurse Tells How Hadaacol Was So Helpful To Her

Supplied Vitamins B1, B2, Iron and Nicotin Which Her System Lacked

—elements so vital to help maintain good health and physical fitness. Why These Vitamins and Minerals Come In Liquid Form There's a very good reason why HADAACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days. Don't Be A "Doubting Thomas" After reading Mrs. Adelle's wonderful experience with HADAACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B1, B2, Iron, and Nicotin? What HADAACOL did for Mrs. Adelle. It can do for you if you're troubled with aches and pains in the shoulders, legs, and arms, certain nervous disturbances, insomnia when due to an upset stomach, stomach distress and a general run-down weakened condition due to such deficiencies. So what are you waiting for? Don't you see that HADAACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately! Sold On A Strict Money-Back Guarantee. HADAACOL even helps build up the hemoglobin content of your blood (when Iron is needed), to course through your body, carrying these great health-building elements to every body organ. No wonder HADAACOL helps you feel wonderful. Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close as hand as your nearest drugstore if you suffer a deficiency of Vitamins B1, B2, Nicotin and Iron. This great HADAACOL is inexpensive, too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size, \$1.50. If your drugstore does not have HADAACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana. © 1948, The LeBlanc Corporation.
