

European Recovery Plan Up To Russia

France And Britain Give Moscow Until Monday To Make A Reply

PARIS, June 19. (AP)—France and Great Britain have given Russia until Monday to decide whether she wants to participate in a collective effort to put postwar Europe back on its economic feet with American help—or see the continental reconstruction organized without the Soviet Union.

European Aid Survey Suits State Dept.

WASHINGTON, June 19. (AP)—Senator Vandenberg's proposal for a bi-partisan survey of how much more aid the United States can "safely" give foreign countries seems assured today of State Department blessing.

It is uncertain, however, whether the department will accept in full the foreign assistance planning program laid down last Saturday by the Republican chairman of the senate foreign relations committee or whether it will suggest some modifications of that plan.

Undersecretary of State Will Clayton told a news conference yesterday that so far as Vandenberg's proposal has to do with the study of American resources and the ability of this country to send further help abroad he considers it a very wise suggestion.

But in so far as determining how much foreign countries need, Clayton said, that is a matter which those countries can best determine themselves, subject to checks by state department, treasury and other American economic officials abroad.

Diplomatic authorities indicated that Secretary Marshall still has the Vandenberg plan under study and that when Marshall and his advisers have worked out exactly how they think a bi-partisan approach should be developed, the cabinet officer then will discuss the whole question with the Michigan senator.

Vandenberg's proposal covered three points: (1) The limits within which the United States "may safely and wisely" plan foreign assistance; (2) the basis upon which such a system of help should be undertaken, including "reciprocal considerations" and (3) the over-all requirements in both Europe and Asia "which are calculated to be involved."

They sent a note to Moscow last night inviting Soviet Foreign Minister V. M. Molotov to meet with French Foreign Minister George Bidault and British Foreign Secretary Ernest Bevin during the week of June 23 concerning steps to implement the European recovery plan suggested by U. S. Secretary of State George C. Marshall.

The note was dispatched after a two-day Bidault-Bevin meeting here at which, the two said in a joint statement, they welcomed "with the greatest satisfaction" the ideas expressed by Marshall in a speech at Harvard university June 5.

Their joint message to Moscow proposed that the meeting of the three foreign ministers be held in a "convenient" place to be agreed upon, but one well-informed British source said the note made it quite clear that London or Paris would be considered most convenient.

Their note did not say so in so many words, but well-grounded informants said they were determined to go ahead on the Marshall program without Russia if the reply from Moscow is in the negative or inconclusive.

"We must go ahead," said one British official. "The question is too urgent."

There was no immediate indication of what response Russia would make, but the Russian press has taken a dim view of Marshall's proposal, calling it merely an extension of the Truman Doctrine, which it described as an attempt to "exert political pressure with the aid of dollars—a program of interference in the affairs of other states."

What Marshall said, in brief, was this: "It is already evident that, before the United States government can proceed much further in its efforts to alleviate the situation and help start the European world on its way to recovery there must be some agreement among the countries of Europe as to the requirements of the situation and the part these countries themselves will take in order to give proper effect to whatever action might be undertaken by this government."

Wool Bill Is Sent To Truman

WASHINGTON, June 19. (AP)—Senate approval sent to the White House today administration-opposed legislation permitting higher wool tariffs or restrictions on imports.

The vote for the measure was 48 to 38. Backers say the measure is designed to protect the American wool market against low prices resulting from imports of foreign wool.

Administration leaders, including Secretary of State Marshall, have argued that the policy it lays down will undermine United States efforts at the Geneva trade conference to lower world tariff barriers.

The house, which wrote the controversial tariff provision into the bill, approved it earlier this week by a voice vote.

Just before the senate vote, Senator Taft (R-Ohio), told his colleagues that objections to it are "utterly unfounded."

"The bill won't interfere at all with our foreign trade program," he shouted.

The bill continues through 1948 the requirement for the government to support wool prices at the level now being paid.

They sent a note to Moscow last night inviting Soviet Foreign Minister V. M. Molotov to meet with French Foreign Minister George Bidault and British Foreign Secretary Ernest Bevin during the week of June 23 concerning steps to implement the European recovery plan suggested by U. S. Secretary of State George C. Marshall.

HELD—Detective Sgt. J. L. Deas of Miami, Fla., said Christ Russell, 59, (above) was being held after the blood-stained and battered bodies of Peggy Russell, 11, and John Russell, 6, were found in a bedroom of their home in Miami, Fla. (AP Wirephoto.)

Wage Increase Granted To End Shipping Tieup

NEW YORK, June 19. (AP)—Negotiating committees for three maritime unions and 39 East and Gulf Coast shippers reached an agreement early today for settlement of the shipping tieup on those coasts on the basis of a five percent wage increase.

The settlement agreement, announced by John W. Gibson, assistant secretary of labor, would benefit 110,000 seamen on the Atlantic and Gulf coasts if approved by the unions' memberships and by the shippers.

On the west coast, Nathan Feinsinger, labor department troubleshooter, said that "undoubtedly the settlement on the east coast will be a factor to reckon with here, but just what its effect will be I cannot say."

Joseph Curran, president of the National Maritime Union (CIO), said special membership meetings would be called later today for ratification of the agreement. Curran's union had led the move to embargo sailings upon the expiration of old contracts last Sunday midnight.

Transit Strike Proving Costly

ST. LOUIS, June 19. (AP)—The semi-carnival air which marked the opening days of the paralyzing transportation strike in this metropolitan area of one million persons was submerged today under the cold realization of its steadily mounting costs.

As the walkout enters its seventh day with the strikers preparing to vote on a new proposal to return to their jobs, spokesmen for big department stores reported business of millions of dollars in volume with trade running 30 to 40 percent below average.

City officials expressed concern over the effects of the strike on the public health as many hospital workers experienced delay in reaching their jobs and clinic patients were unable to make scheduled visits.

Dr. F. M. Grojan, city health commissioner, said at least 1,000 of the 2,500 employees at city institutions depended on public transportation and were being rounded up by a make-shift fleet of ambulances, trucks and city cars.

Grandmother Asks Custody Of Babies Of Slain Children

MIAMI, Fla., June 19. (AP)—Mrs. W. H. Gay, of Kershaw, S. C., maternal grandmother of Peggy Russell, 11, and John Russell, 7, whose father confessed bludgeoning them to death here early yesterday, asked circuit court today for custody of the bodies for burial in Kershaw.

Mrs. Gay talked last night with the father, 59-year-old Chris Russell. Detective Sergeant John L. Deas said Russell readily admitted killing his two children with a baseball bat and shooting two of his neighbors when they sought to have the children placed in a home because he was an "unfit father."

Mrs. Gay declared Russell refused to give her permission to make funeral arrangements.

"Hoof And Mouth" Fight Needs Money

WASHINGTON, June 19. (AP)—A supplemental appropriation of \$1,500,000 for the campaign against the foot-and-mouth disease in Mexican cattle through June 30 was requested today by Secretary of Agriculture Anderson.

Testifying before a senate appropriations subcommittee, Anderson said that amount is needed to meet the cost of indemnities paid to Mexicans whose cattle have been slaughtered under the disease control program.

Water Reserve, Ranges Aided By Showers

Over 200 Million Gallons Added To Powell Lake

Big Spring's surface water supply gained approximately 220,150,000 gallons as a result of rains Wednesday afternoon in the southeastern part of the county which elevated Powell Creek lake's level to 22½ feet.

Total gain in level was about six feet at Powell, where the rainfall was reported about an inch and a half.

Although there was approximately a quarter of an inch of rain at Moss Creek lake, the level there did not rise appreciably.

The gain at the Powell reservoir, however, represented the largest single increase for the year. Under normal conditions the increase will supply the city several months.

Up to 10 a. m. Thursday, rainfall had averaged a quarter of an inch over this area. The US Weather bureau at the airport showed .28

Heaviest precipitation in this vicinity occurred at Forsan, where Wednesday afternoon showers fell in intermittent torrents, accompanied by hailstones little smaller than golf balls. No damage, however, was reported.

Starton estimated a quarter of an inch there and over most of Martin county, with possibly the western extremity getting a slightly heavier amount.

Ackerly's report was about an eighth of an inch, following in the wake of a similar shower Sunday evening. Crops were revived and ranges aided by the slow rain which persisted most of the night.

Coahoma had a brief but brisk shower Wednesday afternoon from the edge of the cloud bank which washed the Forsan section. Slow rain fell during the night and reports indicated at least a quarter of an inch.

Workers from the Coleman Ranch oil pool in northwest Mitchell county said little or no rain had fallen north of Coahoma or at Vincent, Westbrook, in western Mitchell county, had little more than sprinkles.

The Forsan strip was comparatively narrow, not going far north or south and being confined mostly to a section east of Lees, near the southwestern corner of Howard county, and extending eastward through the Chalk section.

The fall was slow enough that no crop damage was reported, and young cotton and feed were revived by the moisture and cloudy weather. Ranges were the chief beneficiaries, since quick growth of grass following May soakings had begun to burn. Around Forsan pastures were in particularly good condition Thursday, and elsewhere they stood good chance of freshening.

San Angelo reported heavy showers which poured out 1.63 inches before midnight Wednesday. Ballinger had a quarter an inch as did Big Lake, Midland and Odessa had good showers and light to heavy rains persisted all the way to El Paso.

Wheat Harvest Is Underway

Howard county farmers have started harvesting their wheat crops, which may run upwards of 75,000 bushels this year.

Growers in the Luther area started the first of the week to collect the grain and most of the others were planning to undertake the job within the next few days. Most of the wheat, with the exception of that which will be left standing because of the poor yield, will be out of the way within ten days.

Some of the land is due to produce as much as 15 bushels an acre but the average is destined to run much less. Many of the planters will bank their grain for next year's seed.

Cash market on wheat has reflected a steady downward trend. Prices for the past few days have ranged from \$1.91 to \$2.95 a bushel. Several weeks ago it was bringing as much as \$3 a bushel.

The state as a whole is counting on harvesting an estimated 142,400,000 bushels. The harvesting job has practically been completed in the rich area below the Cap Rock. Storage problems have been most acute in some areas.

County Still Shy On E-Bond Buying

Howard county now is over the top on its over-all bond quota for June and July but is considerably short on its E bond figures.

Labor Ruling Truman's Own

Won't Listen To Appeals Of Either Side

To Make Decision For Country's Interest

WASHINGTON, June 19. (AP)—President Truman refused today to listen to a Southern Democratic appeal for him to sign the union-curbing bill.

Col. Marion Rushton, Democratic National committeeman from Montgomery, Ala., raised the question at a White House conference in the course of which he asked Mr. Truman to approve the legislation.

A Democratic party official told reporters Mr. Truman cut short this line of discussion. The official said Mr. Truman remarked that he will make his own decision on the basis of an analysis he is now studying.

The president, this official added, told the Democrats that he had not listened to the labor people or to the anti-labor people during the controversy over the bill, and that he wasn't going to discuss his course with the Democratic delegation.

The official said Mr. Truman commented that he was going to make his decision from the standpoint of what he thought was the best interest of the country.

William S. Morris, publisher of the Augusta, Ga., Chronicle and chairman of the Georgia state Democratic committee, told reporters Mr. Truman said he had listened to "many labor leaders or economic royalists and didn't want to listen to any democrats." Morris added:

"The president told us that he intended to analyze the bill sentence by sentence and paragraph by paragraph and then do what he thought was best for the country."

The president's views were made known when national committeemen and committeewomen and state chairmen and vice chairmen from Alabama, Florida, Georgia, Mississippi, North Carolina, and South Carolina called at the White House.

These party leaders met earlier in the day with officials of the democratic national headquarters in one of a series of weekly meetings which have brought committee men here from every section of the country.

At the earlier meeting the Southern Democratic group was reported generally in favor of the president signing the labor bill, the Democratic spokesman said.

Crash Victim Found Alive

Clyde Sanders, 36, former Big Spring resident, and an unidentified companion, were found alive Thursday by searchers who had sought them since Saturday when they were overdue on a routine flight from Trona, Calif. to Bakersfield, Calif.

Wreckage of the plane was discovered late Wednesday evening at the bottom of a deep canyon. Sanders, who sustained fractures of three or four ribs, had extricated himself and gone for help.

In a telephone conversation with Mr. and Mrs. Bill Olsen, Big Spring, Lawrence Robinson, brother-in-law to Sanders, said that he had been found in a delirious condition beside a stream, begging for water. His companion, trapped in the crashed plane since Saturday morning, was removed after the plane was cut apart.

Scene of the mishap was in extremely rugged terrain and searchers had not been able to get the survivors to a road at noon Thursday.

Sanders, son of Mr. and Mrs. Jess Sanders, Big Spring, had been an employee of a potash company at Trona for the past five years. Mrs. Sanders is the former Mae Oleson. Mr. and Mrs. Robinson arrived in Trona Wednesday afternoon.

Demands Policy On Invasion Currency

WASHINGTON, June 19. (AP)—Senator Bridges called upon three cabinet officers today to outline this country's official policy toward what the New Hampshire Republican termed Russia's "legalized looting of Germany with printing press money."

Bridges is chairman of a three-committee inquiry into the Army's multi-million dollar invasion currency "overdraft." It resulted from the redemption of millions of German marks printed by Soviet occupation authorities from plates supplied by the American government.

After devoting two afternoons to testimony from ranking aides, Bridges called a halt in the hearing to permit Secretary of State Marshall, Secretary of War Paterson and Secretary of the Treasury Snyder prepare an outline of official American policy.

Bridges told reporters the administration "cannot ask taxpayers to continue paying out millions of dollars to rehabilitate a war-torn world and at the same time allow this legal looting of Germany with printing press money."

Assistant Secretary of State John H. Hildring told the committee yesterday that Marshall still hopes the Russians will agree to some plan for operation of Germany as a single economic unit.

"We hope and pray with all our might to get an agreement with Russia," Hildring, a former army general, said.

Recalling that the Potsdam Big Three conference produced an agreement for German currency control, the soldier-diplomat added that agreement "has not been approved by our Soviet allies—they may do it yet."

Hildring joined spokesmen for the treasury and war departments in defending the April, 1944, decision to turn over the invasion currency plates to the Russians.

"It was a reasonable decision and the only decision that could be made," Hildring said, asking the senators to recall conditions that existed then during a critical stage of the war.

Crash In Syria Takes 15 Lives

NEW YORK, June 19. (AP)—Fifteen persons of 37 aboard the Pan American World Airways Constellation Eclipse were killed early today when the giant liner crashed at Meiyadine, Syria, while trying to make a forced landing, the airline announced.

Eight of the dead were passengers. Seven were crew members. The remaining 22 passengers and crew members were described as safe although an earlier report said three were seriously injured and seven were less critically hurt.

Pan American said in another detail of the crash, which occurred while the plane was en route from Karachi to Istanbul, were available here. Names of the dead passengers were not known immediately.

Defense Rests In Garsson-May Case

WASHINGTON, June 19. (AP)—The defense rested its case today in the May-Garsson war fraud trial and lost a motion for a delay in continuation of the case.

Charles J. Margiotti, chief defense attorney, asked for a suspension until a key witness, Joseph F. Freeman, recovers from a heart attack.

But Judge Henry A. Schweinhaut directed that the case should proceed with the final few witnesses the prosecution wants to call in rebuttal.

Schweinhaut said he expected all testimony to be concluded by Monday so the court and attorneys could go to Freeman's hospital bedside to receive the balance of his testimony in statement form for later reading to the jury.

Overdue Traffic Violations Bad

Several overdue traffic violations are on file at the police department, and officers today reminded local motorists that traffic tickets should be taken care of promptly.

Woman Sought In Kidnaping

GALVESTON, June 19. (AP)—A search was underway in three states today for Mrs. Mildred Ashline, 32, charged with kidnaping her sister-in-law's one-year-old baby, Bernice Henry. The infant had been missing from her home here since June 8.

First action in the case was the filing of missing women bulletin by local police. On June 10 the child's mother filed kidnaping charges in the court of Justice of the Peace Orin M. Richmond and the FBI was called in on the case.

Mrs. Ashline, ostensibly taking the child on a shopping trip, left a tourist car here on June 8. Since then local police have received numerous reports from people claiming to have seen the missing woman and child.

CONROE MAN KILLED

HOUSTON, June 19. (AP)—Lewis Bell, 70, of Conroe, was killed and R. A. Cheatham, 47, of Brownwood, injured late yesterday when their automobile collided with a Southern Pacific train here.

RECOVERS LOST \$19,000—Nat Weiner (left), Miami, Fla., recovers from Martin Hess (right), manager of Greater Cincinnati airport restaurant, O., a bag containing \$19,000 that the Floridian left in the restaurant. In the background are waitress Mrs. Bonnie Barrowman (left) and Miss Bettie Baker displaying \$400 reward Weiner gave them. Both girls claimed they found the money. (AP Wirephoto.)

They sent a note to Moscow last night inviting Soviet Foreign Minister V. M. Molotov to meet with French Foreign Minister George Bidault and British Foreign Secretary Ernest Bevin during the week of June 23 concerning steps to implement the European recovery plan suggested by U. S. Secretary of State George C. Marshall.

TANK TRAPS IN PASS—From a high point on the road through Khyber Pass, northern gateway to India, the "dragons' teeth" of tank traps built during World War II form symmetrical patterns. History has named the pass the "pathway of the invaders."

NEW PRESIDENT AND SON—Provisional President Benjamin Lacayo Sacasa (seated) discusses a report with his son, Juan B. Lacayo, who serves as his private secretary, at Managua, Nicaragua. Lacayo Sacasa, who is 60, was named president by congress after Gen. Anastasio Somoza's May 26 coup d'Etat which overthrew the government of President Leonardo Arguello. Somoza had supported Arguello for president, but turned against him after Arguello had served 26 days. (AP Wirephoto.)

Heavy Rainfall At Some Points

By the Associated Press
Torrential rains fell last night and today at Uvalde and Houston, while scattered downpours freshened ranges and brought down temperatures in the west and south of Texas.
The heaviest rain in 12 years—5.03 inches—fell at Uvalde in the southern hill country.
General rains covered the area gauged 5 to 4 inches at Christoval, 20 miles south of San Angelo, last night.
The south Concho river was reported up six feet between Christoval and Lake Nasworthy, due to a flash flood. A seven-inch rain was reported four miles northwest of Christoval.

SHIPS TO SAIL
HOUSTON, June 19. (AP)—The National Maritime Union today was clearing crews for ships due to sail from Port Houston after an afternoon meeting which union members are scheduled to ratify the East and Gulf Coast contract agreement reached in New York by NMU and operator negotiators.

Railroads Ordered To Install New Safety Devices

WASHINGTON, June 19. (AP)—The Interstate Commerce commission has ordered the nation's railroads to equip 45,000 miles of track with safety devices which would cost millions of dollars.
The order came from three ICC members sitting as "Division three," a commission device for dividing up its work. The division members handed it down late yesterday after a long investigation into the relation of speeds and traffic volumes to accidents.
The order requires railroads to install an automatic block signal system along all track where freight trains are scheduled at 50 miles an hour or faster and passenger trains at 60 miles or faster.

Bank Workers Strike

PARIS, June 19. (AP)—Employees of all banks throughout France except the Bank of France went on strike today when last minute negotiations on their demands for salary increases failed to produce results.
Simultaneously workers in three of the capital's largest department stores and a number of five-and-ten-cent stores also struck for higher wages.

Wheat Freight Rates Equalized

AUSTIN, June 19. (AP)—The railroad commission today prepared to issue an order pulling intrastate wheat freight rates in line with interstate rates to prevent discrimination against Panhandle wheat in Texas market areas.

Railroad Commissioner Olin Culberson said rates on Panhandle wheat to Texas milling points at Fort Worth, Dallas, Marshall, Waco and Temple are higher than rates to Oklahoma and other out-of-state wheat producing areas.
Culberson said the "discrimination" ranged from one to seven cents, with the result that the difference in shipping rates was being deducted from the price-to-the-farmer of Panhandle wheat.

ALL QUIET ON JUNE TEENTH

All was quiet in Big Spring on the eve of "June Teenth" and for the first time in several weeks the City jail was bare.
The police department seized upon the opportunity to effect some needed plumbing repairs in the bastille.
Meanwhile, local negroes went their way, celebrating Emancipation Day in what officers called a commendable manner.
Most local negroes were to attend organized group celebrations in neighboring towns during the day.

Sorghum is any of a variety of small-grained cereals grown largely in tropical countries, and including the important grain known as great millet, Indian millet or Guinea corn.

Lamesa Finds Kiwanis Club

Organization of a Kiwanis club at Lamesa has been completed except for the work of a field representative from the international office, members of the Big Spring club were told Thursday.

H. W. Smith and C. L. (Jack) Roden represented the Big Spring unit in the organization effort at Lamesa.
Robert Stripling, immediate past president, was presented with a certificate of merit by President T. B. Atkins for his work as head of the organization.

In a June 19th talk, Joe Pickle told the club that celebration of June 19 as Emancipation Day rested on dubious foundation. That was the day in 1862 that slaves were freed by proclamation in the territories. It was not until Sept. 22, 1862 that a temporary proclamation by President Lincoln was issued declaring slaves to be free in the states in rebellion, or in the Confederate States. Emancipation by law did not become effective until adoption of an amendment to the constitution in 1865.

Commission Hits At Oil Wastage

AUSTIN, June 19. (AP)—The railroad commission today ordered the daily permitted outlet of crude oil for the Markham North Cornelius field, district 3, Matagorda county, reduced from 4,000 to 2,394 barrels per day.

Evidence indicated that waste was taking place in the field, the commission reported.

Notice was given of two public hearings, as follows:
July 30—To consider the application of the Gem Oil Company for a special allowance to apply to its Allen and Highbarger well no. 3, recompleted in the upper Cockfield sand, Livingston field, Polk county. The applicant believes the well should be produced continuously to avoid water encroachment.

July 31—to consider the application of the Hiawatha oil and gas company for discovery oil allowable rights to its W. A. Johnson well No. 1, Quirk survey, San Augustine county, and for the reservoir from which the well is producing to be given a new field designation and field rules.

10-Inch Downpour At Lake Charles

LAKE CHARLES, LA., June 19. (AP)—A 10-inch downpour in less than four hours this morning flooded some Lake Charles streets to six-foot depths and drove a few residents from their homes.
The rain slackened later in the morning and the water was beginning to recede.

The worst flooding was confined to a few low streets and preliminary reports showed no casualties or serious property damage. However, the water approached floor level in some residential areas and a few residents, fearing that it would go higher, sought police help in evacuating their homes. Police were able to bring automobiles close enough to take the people out.

Missing Man May Be Amnesia Victim

MONAHANS, June 19. (AP)—The latest theory being advanced by authorities here concerning the disappearance of Dr. R. D. North 12 days ago is that he was a victim of amnesia.

The doctor disappeared from a cabin 70 miles from Marathon in the Big Bend area, where he had gone on a brief vacation from his work in a photographic studio here. The slightly built doctor had been employed at the studio since last October, when he moved here from Michigan for his health.

Nominations OK'd

WASHINGTON, June 19. (AP)—The senate judiciary committee approved today the nominations of Marvin Jones, former war food administrator, to be chief justice of the U. S. Court of Claims and Federal District circuit court of appeals.

Ty Cobb Files For A Divorce

RENO, June 19. (AP)—Ty Cobb, one of the greatest baseball players of all time, today filed suit for divorce from Charlie Lombard Cobb after 39 years of marriage.
The wealthy "Georgia Peach" of diamond fame, who lives at Atherton, Calif., near San Francisco, sued on grounds he and his wife had been separated at least three years.

Ohioan Appointed

WASHINGTON, June 19. (AP)—Rep. Robert Franklin Jones, Ohio Republican, was nominated by President Truman to be a member of the Federal Communications commission.

Jones was named simultaneously yesterday with the withdrawal of the nomination of Ray C. Wakefield, who was re-nominated recently for a new term.

Russia Refuses To Give Up Veto

LAKE SUCCESS, June 19. (AP)—Russia declared today that she would never agree to any atomic control plan which called for a surrender of the big power veto on punishment of violators.
Andrei A. Gromyko, Soviet foreign minister, told a closed meeting of the Atomic Energy commission's working committee, that United States demands for veto-free penalties were in conflict with the U.N. charter.

The Security Council had the sole right to act to preserve international peace, he said, and as a result the council must be the agency to punish violators of atomic control regulations.
With respect to day to day operations of the proposed control agency, he said, "of course the veto does not apply." He went on

to say, however, that the control agency must not be authorized to impose penalties, but must be limited to making recommendations to the security council.
U.S. Representative Frederick Osborn suggested that the discussion of the veto be shifted to the atomic commission's political committee and taken up at a later stage. The session ended, however, without any agreement on this proposal.

Final Testimony Presented On Texas City Water Supply

AUSTIN, June 19. (AP)—The question of Texas City's immediate need for more water arose yesterday as final testimony was offered by three groups competing for the right to supply Galveston and Texas City with surface water.

Hearing of testimony by the State Board of Water Engineers had dragged through to its fifth week as attorneys bickered over the technicalities of legal language, and Chairman E. V. Spence was tired of the slow pace.

He said there would be no "Delayed action" in reaching the

board's decision as soon as final arguments are heard.

He scheduled argument of the three-way case for July 15, and told attorneys to exchange briefs by July 11.

Informal discussion between representatives of the San Jacinto River Conservation and Reclamation district, American Canal company, Briscoe Irrigation company and the Board indicated a number of questions will be submitted to the attorney general for his opinion.

This could mean substantial delay before the Water Board reaches its decision as to which of the three companies will be permitted to transfer surface water to the two coastal areas.

Testimony concerning Texas City's need for water developed when Victor Bouldin, representing the San Jacinto project, introduced a report on ground water conditions in Galveston county.

Bouldin quoted two portions contained in the conclusions reached by the two engineers:

- "If the pumpage is continued at the present rate, no emergency is likely to develop in the present well fields in the near future."
- "Additional supplies of fresh water of undetermined extent are available to the north, northeast and east of the New Alta Loma well field, and to the north and northwest of Texas City, but their development would involve new well installations and pipe line connections."

Chivalry On Wheels

GRAND ISLAND, NEB., June 19. (AP)—The wind whisked Mrs. Willard Palmer's hat from her head as she was crossing a street. She watched as traffic bore down on the bonnet as it lay in the middle of the intersection.

But just ahead of the traffic a jeep dashed across and the driver scooped up the hat, stopped at the curb and gave it to Mrs. Palmer.

"I was glad to have the gentleman in the jeep prove that chivalry is not gone—only changed," said Mrs. Palmer.

Texas Production Of Chicks Rising

AUSTIN, June 19. (AP)—Commercial production of chicks is on the increase in Texas.

Hatcheries produced 7,500,000 chicks in May, 50 percent more than the May, 1946, hatch, but 11 percent under the May average for

the 1941-45 period, the United States department of agriculture reported today.

The June hatch is expected to be considerably above the "very low" output of a year ago, said the USDA.

Demand for chicks was fairly good in early May but slackened off as the spring hatching season came to an end.

New Requirements For Navy Recruits

Some alteration in navy recruiting requirements have been announced by R. B. Burnett, CTM, in charge of the navy recruiting office in Lubbock.

Former navy men who have been separated from service for less than three months may enlist or

re-enlist for two, three, four or six years. Those discharged for more than three months may re-enlist for three, four or six years.

All other applicants may enlist for the same combination of years with the exception of 17-year-olds, who may enlist for minority or three years only. Custodial parent or legal guardian consent is required only for those 17 years

Good News For Folks Who Suffer From

- STOMACH GAS
- SOOR FOOD TASTE
- ACID INDIGESTION

Do you feel bloated and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief from this nervous distress.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, listless, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that 888 Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the 888 Tonic formula which contains special and potent activating ingredients.

Also, 888 Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with overdoses of soda and other alkalies to counteract gas and bloating when what you so dearly need is 888 Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people 888 Tonic has helped. Millions of bottles sold. Get a bottle of 888 Tonic from your drug store today. 888 Tonic helps build sturdy health.

BUY NOW... Enjoy this new M-W while you pay conveniently out of income on Wards Monthly Payment Plan. Terms: \$6 a month after down payment.

Dolores Horne, Noel Hull Engagement Is Announced

Announcement is being made of the engagement and forthcoming marriage of Dolores Horne, daughter of Mr. and Mrs. Boone Horne, 1500 Nolan Street, to Noel Hull, son of Mr. and Mrs. Britton Hull, 1401 West 5th Street. The couple will be married July 12 in the First Baptist Church.

Miss Horne, a graduate of Big Spring high school, has attended Baylor University the past two years.

Hull received his discharge from the Navy in April and is employed by the Big Spring Hardware company.

At Public Affairs Forum

Dr. T. C. Root Gives Negative Answer To Question Of Depression

Dr. T. C. Root, in speaking to the young adult public affairs forum Wednesday at the YMCA, gave a negative answer to the question, "Are Current Prices Forcing a Depression?" and listed five reasons for a recession to come in the near future.

The five reasons were the public is no longer buying goods as fast as they are being placed on the market; the unemployment which is a result of labor problems; the rapidly expanding bank credit; the increase of installment purchasing; and the number of business failures which result from harder times.

Dr. Root, who is acting dean of business administration and assistant to the president at Texas Technological college, does not believe there will be a depression as in

the thirties but that there will be a shake-out. He pointed out that there is so much talk about a depression that many of the bad effects have already been anticipated. He also pointed out that there is ten million dollars abroad ready to be spent in the United States when materials are available.

Following Dr. Root's discussion a forum was conducted. A movie "Which Way This Time" preceded the discussion.

Helen Blount, accompanied by Jean Ellen Chowns sang "Smoke Gets In Your Eyes".

A social hour with dancing, games and refreshments followed the program.

Approximately 80 young people attended the forum, which is the first in a series to be conducted this summer.

HICKERS' SPECIAL . . . Slim black pedalpushers and a striped jersey skirt, matching cosmetics pouch.

K. Scudday, Connie Ray and Kerney Sue of Garden City, Mr. and Mrs. M. M. Hines, Mr. and Mrs. Woodrow Scudday, Ginny Dee and Berny and El Ray Scudday of Forsan.

H. L. Tienerand attended a Standard Oil company foremen's meeting in Midland Tuesday. J. E. Chanslor has been in Junction for the past 10 days on a business trip.

Wayne Huestis has returned home for a visit with relatives in Colorado City.

ON VACATION Mr. and Mrs. Delbert Bardwell and sons left Tuesday afternoon on a vacation in Oklahoma and Illinois.

Mrs. G. L. Monroy left Tuesday morning also for Matton, Ill., upon being notified of the illness of her father, Frank McCoy.

Fishing on lake Nasworthy, near San Angelo this weekend were Bobby Asbury, M. M. Hines, El Ray Scudday, and Johnny Kendrick and Everett Latham of Brownfield.

Mr. and Mrs. Larkin Longshore and son Roy were in Sterling City

Bible School Certificates To Be Awarded

Eighty-nine certificates will be presented Friday at 11 a. m. at the Dora Roberts citadel to children who have completed the Salvation Army Vacation Bible school course.

Parents of the children have been invited to participate in the award ceremonies and to inspect Bible work, handicraft and other projects undertaken by the children.

Certificates will be presented by Capt. Olvy Sheppard. Senior girls have been working on blouses and skirts; junior girls on decoration of vases, and junior boys on airplane models.

Following the inspection of the handiwork, pupils and teachers will pose for a photograph on the citadel steps, then go to the city park at 12:30 p. m. for a picnic.

A game period will follow and at 2:30 p. m. a swimming party is planned. Capt. Sheppard estimated 100 persons would participate.

Mr. and Mrs. W. B. Dunn were in San Angelo Sunday visiting her parents.

Mr. and Mrs. Henry Starr and as weekend guests, Mr. and Mrs. Sam Starr.

Mrs. Mark Nasworthy, who has been ill in San Angelo for several

Ladies Home League Plans To Sponsor Junior Sewing Club

Plans to sponsor a Junior girls sewing club were made Wednesday at the covered dish luncheon-meeting of the Ladies Home League of the Salvation Army at the Citadel.

The new organization, open to all teen-age girls, will be directed by Mrs. T. E. Sanders, and will meet at 2 p. m. each Wednesday.

Following the social and business meeting, members of the League were shown a movie, "Patriotic America," at the municipal auditorium.

Attending were Mrs. T. E. Sanders, Mrs. Miller Russell, Mrs. Jeff Chapman, Janice Chapman, Mrs. W. C. Killough and children Della Mae Killough, Mrs. Cora Holmes, Mrs. Mattie Payne and children, Mrs. Oth Steen and son, Kenneth, Mrs. A. A. Chapman and son Sonny, Mrs. Grannie Keith, Mrs. Betty Roberts, Mrs. Lodie Smith, Mrs. Alyene Murphy and children, and Mrs. Olvy Sheppard.

More Comfort Wearing FALSE TEETH Here is a pleasant way to overcome loose plate discomfort. FASTERE is an improved powder, sprinkled on upper and lower plates holds them firm so that they feel more comfortable. No rubber, no sticky, messy taste or feeling. It's alkaline (non-acid). Does not sour. Checks plate odor. (denture breath). Get FASTERE today at any drug store. (50c.)

Patricia Neel of Weatherford is visiting here with her grandmother, Mrs. H. M. Neel.

Joe O'Brien left early Wednesday morning for Wheaton, Ill.

Junior RAs Compliment Oldtimers

Oldtimers in the First Baptist church were honored guests of the Blanche Groves Junior Girl's Auxiliary at a meeting Wednesday afternoon.

Each guest was introduced and presented a corsage.

Heading the list of honored guests were Mrs. Mary E. Zinn, who will celebrate her 101st birthday August 19 and Mrs. M. R. Hull, who is 87 years old Thursday. Each was presented with a woven basket filled with fruit.

Other honored guests were Mrs. Cora Holmes, Mrs. D. C. Matupin, Mrs. K. S. Beckett, Mrs. W. B. Buckanan, Mrs. Lina Lewellen, Mrs. J. C. Pickle, Mrs. Della K. Agnell, Mrs. Story, Mrs. F. F. Gary, Mrs. Inez Lewis and Mrs. Blanche Thompson.

Also honored were Mrs. P. D. O'Brien, president of the Woman's Missionary Union and the circle chairman, Mrs. Theo Andrews, Mrs. J. P. Dodge, Mrs. Willard Hendricks, Mrs. C. E. Richardson and Mrs. H. E. Choate.

PROGRAM PRESENTED Twila Phillips, president of the Junior Girl's Auxiliary, directed the meeting and welcomed guests. Mrs. Agnell led in the opening prayer. Mrs. Pickle gave the devotional on "Love" from the fourth chapter of John I and Mrs. J. E. Wheelless sang "A Little Bit of Love".

Instrumental numbers were presented by members of the auxiliary. Susan Logan played a piano solo, "Gavotte" (Bach); Twila Phillips, accordionist, played "Over the Waves" and Shirley Colium and Della Sue Reynolds played a piano duet.

Mrs. G. L. Brooks, counselor, was presented a gift.

A pink and white theme was featured in corsages and at the tea table. The lace laid table was centered with an arrangement of shasta daisies and pink gladioli.

The Rev. P. D. O'Brien and 24 members of the auxiliary were also present.

Lavernia Theime, Billy Benton Wed

FORSAN, June 19. (Sp1)—Word has been received here of the marriage of Lavernia Theime, formerly of Forsan, to Billy Benton of Sterling City. The couple was united Thursday evening, June 12, in a double ring ceremony read by the Rev. C. D. McIntire, pastor of the Baptist church at Sterling City.

Mrs. Benton is a 1944 graduate of the Forsan high school. She is the daughter of Mr. and Mrs. Alfred Theime, former residents.

The couple will live in Sterling City where both are employed.

Attending the wedding from Forsan were Mr. and Mrs. Frank Theime, brother and sister-in-law of the bride.

SON IS BORN

Mr. and Mrs. Eugene Clemons of Ranger have announced the birth of a son, David Eugene Clemons, born at Ranger on June 9.

The baby weighed seven pounds nine ounces at birth. Mrs. Clemons is the former Marian Connell of Big Spring.

Eisenhower Doesn't Want College Post

WASHINGTON, June 19. (AP)—Ma Gen. F. L. Parks said today that Gen. Dwight D. Eisenhower has been approached regarding the presidency of Columbia University, New York, but has no intention of quitting as Army Chief of Staff this year.

Parks, who is chief of the Army Public Relations division, said the suggestion that Eisenhower consider the vacant university presidency, came from certain members of the board of trustees of Columbia, "but he is not in a position to discuss the matter at this time."

Eisenhower authorized Parks to issue the following statement: "General Eisenhower has directed me to say that he has no intention of leaving his present assignment as chief of staff during the current year, and never without the full approval of the secretary of war and the president."

"In determining any future activity upon which he might embark at the conclusion of his duties as chief of staff, he would like to utilize his energies in something connected with public service of non-political nature."

"One suggestion he has received

was from certain members of the board of trustees of Columbia University that he consider the presidency thereof, but he is not in a position to discuss the matter at this time.

"If and when General Eisenhower makes a commitment as to his future plans, an announcement will be made to the press. In any event, he will not consider any assignment effective until after his superiors have released him from his present duty."

Parks issued the statement after publication of reports that Eisenhower had resigned as army chief of staff to become head of Columbia next fall.

Weather Forecast

Dept. of Commerce Weather Bureau

Newspaper Groups Meet in Amarillo

AMARILLO, June 19. (AP)—Talks by Paul Porter, former OPA chief, Edward Kennedy, former war correspondent who broke the news of the German surrender, and others representing Texas newspapers will feature a joint session of two state newspaper groups opening here today.

Examiners For Texas Drivers Are Hunted

AUSTIN, June 19. (AP)—The Texas department of public safety was on a "manhunt" today for 30 new driver license examiners.

Director Homer Garrison said competitive examinations will be held to fill the positions at various points in Texas "sometime in July." The positions will be filled Sept. 1.

Ten of the new examiners will fill existing vacancies and 20 will be additional personnel authorized by recent legislation.

Applicants must have at least a high school education or its equivalent, be not less than 21 nor more than 35 years old, be not less than five feet eight inches in height, weigh not less than two nor more than three pounds for each inch of height and have a reputation for character and conduct that will stand intensive investigation.

Salaries range from \$100 a month with room and board during the four-week training period in Austin to \$208 after training and probation have been completed.

Applicants should write Col. Garrison at post office Box 1164 in Austin, requesting application forms.

Keeping Savings In Pants Risky

RICHMOND, IND., June 19. (AP)—Firemen jerked the blazing trousers from 57-year-old John Wadsworth and rushed him to a hospital for treatment for minor burns.

Wadsworth pleaded with the firemen to recover his trousers and look in one of the pockets.

They found \$1,234, Wadsworth's savings.

Justice Slatton To Address Bar At Colorado City

COLORADO CITY, June 19.—Judge C. S. Slatton, associate justice of the State Supreme court in Austin, will be principal speaker here Friday night when the Colorado City Bar Association entertains members of the 32nd Judicial District Bar association with a banquet. The dinner will be held in the recreation-dining room of the

Methodist church at eight o'clock. Eldon Mahon, Mitchell county attorney, is in charge of arrangements.

President of the local bar association, Thomas R. Smith, will introduce the master of ceremonies Judge A. S. Mauzey of Sweetwater, district judge of the 32nd judicial district. Judge Mauzey will present Judge Slatton and Judge Few Brewster, also associate justice of the Supreme Court of Texas. Other prominent barristers expected to attend are Judge Clyde Grissom of Eastland, chief justice of the 11th district court of civil appeals, and Judge Milburn Long, Eastland, associate justice of that court.

6,000 Attend Baptist Meet

MINERAL WELLS, June 19. (AP)—A Chinese missionary from Shanghai, Miss Moonbeam Tong, was scheduled as first speaker today as an estimated 6,000 Baptists converged here to open the two-day state convention of the Baptist Training Union.

Pat M. Neff of Waco, president of Baylor, is to speak this afternoon.

The state convention may equal the Baptist General Convention of

Big Spring (Texas) Herald, Thurs., June 19, 1947 5

last year in attendance. The Rev. Chester Watts, general local chairman said.

The meetings today, as many as 12 going on at once, include training union work, music leading, Sunday school, nursery work, books, administration work, and others.

President of the convention is Dr. Guy Newman of Denison. Training Union director is Dr. T. C. Gardner of Dallas. Dr. Gardner also is treasurer.

Speakers scheduled for the two-day state convention include Miss Tong, Neff, T. L. Holcomb of Nashville, Tenn., and Dr. Robt. G. Lee, Memphis, Tenn.

ANTHONY'S GREAT SUMMER BLANKET EVENT

USE OUR LAY-AWAY PLAN!

Featuring Finer BLANKETS by CHATHAM

America's Largest Maker of Better Blankets

For the first time since the early part of the war Anthony's is again able to offer you an adequate supply of finest quality Chatham blankets—the superb blankets so many millions prefer above all others. As the result of years of relationship with the Chatham mills we were able to make this supply of blankets available to you. Buy with confidence! You never saw better blankets!

Huge 6-Foot x 7 1/2-Foot Satin Bound
100% WOOL WOOLSHIRE

Rich! — Luxurious! — Lovely!

Downy-soft and velvety-smooth! This gorgeous all-wool blanket has a five-inch satin binding. Notice the generous extra size. No cold feet will stick out from under this blanket! In solid pastel shades with harmonizing satin trim. No wonder millions of America's better homes contain several of these fine blankets!

Individually Boxed! **\$10.95** Use Our Lay-Away

The Lamsdown ★
SUPERB QUALITY!
100% VIRGIN WOOL
Extra Wide Satin Binding!

Frequently described as America's finest blanket. Note that it's of 100% virgin wool! Soft as thistle down! With a smooth-as-cream texture, so tightly woven it will keep you or your guests as warm as toast. Extra wide satin binding. And it's six feet by seven and one-half feet in size! A lovely gift item for that friend who's getting married... for your own linen closet or for your hope chest as the case may be. Search the country over and you'll find no better blanket.

Soft solid pastel colors. In lovely individual box. **\$15.95**

The Airloom ★
Same Big 6-Foot x 7 1/2-Foot Size
75% WOOL — 25% COTTON
LUXURIOUSLY WARM!

Notice the extra size of this blanket. Contains 75% finest quality wool and 25% long staple extra grade cotton, giving you plenty of warmth without extra weight. This blanket weighs only 3 1/2 pounds but is so well made it will keep out winter's chill drafts. At this attractive price you may want two or three. Stock up now by using our convenient lay-away plan. When cool weather comes your blankets will be ready... and paid for.

Solid pastel colors, contrasting satin trims. Gift boxed. **\$7.95**

The Sutton ★
6 x 7 1/2 Feet with 5-in. Satin Trim
25% Wool—50% Rayon—
25% Cotton
WARM BUT LIGHT!

When you see this fine blanket and caress its rich texture you'll wonder how such a blanket can be sold at the price in view of the high cost of labor and materials. Rayon-wool and cotton give it strength and warmth without excessive weight to make it bulky and unwieldy. It will give you, your family or your guest cozy, restful slumber on the coldest nights. Very much in demand but we hope to have enough to go around. But hurry!

Note the extra big size. Pastel colors. Wide satin binding. **\$6.50**

See Our Window Display of These Gorgeous Blankets

USE OUR CONVENIENT LAY-AWAY PLAN!

Pay a small sum now and a small sum each week or month. Then, by the time you need your blankets they're paid for and you've never missed the money.

Fort Stockton Water Carnival Opens Tonight

FORT STOCKTON, June 19.—Fort Stockton is in the midst of final preparations for what promises to be the outstanding water carnival of its history, with advance ticket sales and hotel reservations pointing to large and enthusiastic audiences.

The show gets underway unofficially tonight as the Fort Stockton bathing revue is staged in conjunction with first showing of "Comanche Aquacade of 1947", elaborately staged musical revue at the clear Comanche Spring pool on a specially constructed over-water stage. Winner of the senior division in the revue Thursday night will reign as Queen of the 1947 Water Carnival, and will be crowned by former Governor Coke R. Stevenson, who will be guest of honor for the water carnival and will lead its big street parade Friday at 5 o'clock.

The stage show, which features two water ballet numbers, will be repeated Friday and Saturday nights. Extra attractions are the University of Texas and San Antonio Country Club swimming teams, which will be on hand Friday and Saturday. Dances each night, an invitation golf tournament Saturday and Sunday and a baseball game Friday at 1:30 between the Alpine Cowboys and the San Angelo Colts round out the entertainment.

Sailor Watkins Returning Here

Sailor Watkins, one of the most popular wrestlers to appear here before the war, makes his debut at Pat O'Dowdy's barn northwest of town Monday night.

Watkins, a native of Post, Tex., talks on talented Tommy Martindale of Milwaukee Wis., in the semi-windup.

Industrial Progress In Texas Is Charted

AUSTIN, June 19. (P)—A new directory of Texas manufacturers in process of preparation here will chart the rapid changes in Texas industry in recent years.

The directory is being compiled by the University of Texas bureau of business research.

Game Called Off

A softball game between Big Spring Hardware and Webb's Grocery of Stanton, schedule to have been played at the city park Wednesday evening, was called off due to rain.

The two contingents will probably play the contest later this month.

Amphibious Operation On Coast—

Dredges 'Dig' A New Highway And Make Canal Same Time

PORT ARTHUR, June 19. (AP)—Two hydraulic dredges are "digging" the east end of the new Houston-Port Arthur super-highway. Such dredging is something new

in highway construction and is being hailed as the solution to several coastal highway construction problems. The eight-mile section of the Port Arthur end of the highway is a

roadbed and drainage canal project combined, a plan which it is believed will save taxpayers approximately \$250,000.

This saving occurred when drainage district number seven in Jefferson county and the state highway department got together on construction plans for desired projects.

The state needed about five miles of roadbed and the drainage district needed about eight miles of canal.

Clay removed from the canal bed is utilized to build the roadbed for the superhighway.

On the eight-mile strip, the highway department is spending \$500,000 and the drainage district \$300,000.

Heretofore, dredge boats were built primarily for digging turning basins, canals and ship channels.

In coastal areas, however, highway construction sometimes assumes the proportions of an amphibious operation and around 1920 someone conceived the idea of dredging a canal and using the excavation to build a fill for the highway roadbed.

Plans have been completed for a 20-mile section of the highway between Port Arthur and Winnie. Contract for the roadbed has been up twice but no bids were submitted. A contract for clearing and grubbing is expected to be let this month. Similar contract for the route between Winnie and Wallisville is expected to be awarded in July.

The completed four-lane highway, which will provide a direct link between Houston and Port Arthur and cut present travel time nearly in half, is expected to cost approximately \$25,000,000.

PENN HONORS GEN. EISENHOWER—Dr. George W. McClelland (left), president of the University of Pennsylvania, talks to Gen. Dwight D. Eisenhower (second from left) just before the University awarded the Army Chief of Staff an honorary degree of doctor of laws at the 1947 commencement exercises. Gov. James H. Duff (right) also received an honorary degree. (AP Wirephoto.)

Old Textbooks Are Returned To Austin

First of an estimated 1,000 textbooks used by Howard county rural schools the past term are being crated in the county superintendent's office for shipment to the State Department of Education in Austin.

Part of the volumes have become outdated and will be retired from use, according to County Supt. Walker Bailey.

Supplies of reflecting tape for bicycles have been exhausted, but more is being ordered in the interest of night safety for cyclists. Ray Griffin, president of the American Business club, said Thursday.

Members of the city fire department installed the Scotchlite tape on 138 bicycles before the available supply of the material was exhausted. They said many requests for the service had been received after all tape had been utilized.

Griffin said that the sponsoring ABC club had ordered "in the dark," not knowing what the demand would be. He indicated enough additional tape would be ordered to bring the total near 500 bicycles. The club and firemen are cooperating to offer the installation as a free public service.

When lights are played on the tape at night, the outline of the cycle becomes clearly visible, reducing the possibility of motorists striking bike riders due to obscure vision or illumination.

Sports Roundup

Unlike Demaret PGA Medalist Is No Crooner

by Hugh Fullerton, Jr. DENTON, June 19. (AP)—Although Jimmy Demaret and Claude Harmon are better than fair hands at crooning, little Clarence Doser who took the applause from them in the PGA tournament yesterday, doesn't even sing in the shower. "I have no aspirations in that line," he insisted when the boys asked him about his musical accomplishments. . . . Demaret and Harmon, who had 87 to Doser's 67 on the links, tuned up their pipes as well as their strokes for the tourney. Jimmy, via a recording, took part in Bing Crosby's radio show last night and Claude, who used to sing with Bob Crosby's band, grabbed the mike at a local night spot Tuesday evening. . . . P. S. any of the pros will moan, musically or otherwise, when they get a bad break or two that costs them some tournament cash.

DIVOT DIGGING Plum Hollow, in case you don't know, is the name of the ritzy golf club where they're playing the PGS tournament. . . . Bobby Locke, who nearly got into a jam for cleaning his ball on the green during the open golf qualifying rounds, still rolls it absently in his hand when he has occasion to pick it up on the green.

CLEANING THE CUFF The Lynchburg, Va., Junior Chamber of Commerce is protesting to Sam Bredon because the last-place Cardinal farm club there "is not aiding the growth and development of our city." That ain't half what Sam hears in St. Louis. . . . Loyalty note: The Green Bay Packers recently received this letter from a fan:

"Me and my friends want to see the Packers play in Milwaukee. There are 18 of us. Here is my check. It's up to you which game we see."

Just What Is This Man's "Sugar"? TULSA, OKLA., June 19. (AP)—"I was going to get my sugar," explained a motorist charged with driving 55 miles an hour.

"A man shouldn't drive that fast to pick up any woman," observed Assistant Prosecutor Mrs. Margaret Lamm to Common Pleas Judge A. D. Harbison.

The judge fined the motorist \$20 and costs—although he explained he was a grocer rushing to a wholesale house and afraid he'd lose his customers if he didn't have sugar.

Tommy Clinkscales Is Made Corporal

Tommy Clinkscales, stationed with 42nd Air Depot squadron in Germany, recently was promoted from the rank of private first class to corporal. He has notified his parents, Mr. and Mrs. C. Y. Clinkscales.

Tommy played center of the High school football team here in 1945. He graduated in May, 1946.

Murderer's Pardon Denied By Board

AUSTIN, June 19. (AP)—Clemency was denied Charles Allen, by the board of pardons and paroles today.

Allen, convicted in Dallas of murder, is sentenced to die in the electric chair June 26. He is a brother of Oscar Allen, who was electrocuted May 29. They were convicted of shooting a package store operator to death during a robbery.

HAMBURGERS FOR NEGOTIATORS—Negotiators ordered into "continuous session" by Mayor Aloys P. Kaufman of St. Louis until they reach a settlement in the Public Service Co. strike that has paralyzed public transportation in St. Louis, have lunch on the city, in the conference room of the mayor's office. It consisted mainly of hamburgers, with or without onions. The mayor (right, standing) served the conferees. (AP Wirephoto.)

"HEN FRUIT" PROPHET SAYS WORLD WAR III IS COMING

DALLAS, June 19. (AP)—Mrs. G. B. Powers' version of "The Egg and I" is a barnyard method of forecasting the future.

The 65-year-old Dallas widow says she even forecast the Japanese sneak attack on Pearl Harbor by studying markings on hen eggs.

No fancy crystal balls or prophetic playing cards for her. She says she needs just one hen egg. With proper markings, of course.

Right now she is exhibiting an egg laid on Friday, June 13. She points to a vague, white outline of a Disney-type eagle on the brown shell.

What does that mean? Well, predicts Mrs. Powers, that's a sure sign that the United States is on the verge of World War III.

American boys, she avers, are going to climb back into military uniforms "very soon."

The egg with the prophetic markings was laid by an elderly hen of mixed Orpington and Rhode Island Red ancestry.

The poultry yard masterpiece, though, was the one she says

Gift Party Honors Mrs. Auldton Clanton

Mrs. Corbett Clanton and Mrs. Amos Watkins were hostesses Wednesday afternoon for a pink and blue gift party honoring Mrs. Auldton Clanton in the home of Mrs. Corbett Clanton, 504 East 16th street.

Games were played and refreshments served to Mrs. E. R. Richardson, Mrs. Elgin Jones, Mrs. W. R. Puckett, Mrs. Varnie Jones, Mrs. Jake Carroll, Mrs. W. G. Page, Mrs. Lula Burchell, Mrs. Edna Wilkinson, Mrs. James C. Clanton, Mrs. Clyde Clanton, Mrs. Emmett Richardson, Mrs. Doyle Thomas, Mrs. Nathan Staleup, Mrs. Robert James, Mrs. J. W. Settar, Mrs. Clifton Clanton, Mrs. Morris Clanton, Mrs. Paul Clanton, Mrs. Louis Stall, and Mrs. LaVerne Rogers.

Three Completions For Coleman Ranch Pool; Three Others Test

Three completions totalling 549 barrels were noted Thursday in the Coleman Ranch pool of northwest Mitchell county as three others cleaned out of prepared to test for completion.

Buttram, et al No. 2-A Lucy M. Coleman was finished for 165 barrels, the No. 4-A for 154 and the No. 6-A for 230 bbls., on 24-hour tests. The latter was bottomed at 2,837 feet. All are located in section 70-97, H&TC. Buttram, et al No. 5-A Coleman, on the same lease, shot with 800 quarts to 2,922 feet and installed pump to test. C. T. McLaughlin, No. 1 Lucy M. Coleman section 70-97, H&TC, plugged back from 2,857 to 2,794 and shot hit 330 qts. from 2,628-2,794 cleaned out and prepared to test. McLaughlin No. 2 Lucy M. Coleman, on the same lease, was at 525 feet in redrock.

Willbanks Bros. No. 1 Lucy M. Coleman was bottomed at 2870 feet, shot with 1,125 quarts from 2,584 to 2,810 feet and cleaned out. It is 330 feet out of the southeast corner of the north half of the southwest quarter of section 75-97, H&TC.

The Four-W Oil company staked location for No. 2-B Lucy M. Coleman, 990 feet from the east and 330 feet from the north lines of section 6, Cuthbert strip, 660 feet west of the No. 1, originally known as the R. M. Wheelock No. 1 Coleman. Norman & Roche staked location for No. 2-B Lucy M. Coleman, 579 feet of its No. 1-B well and 330 feet from the west line of the lease, which is in the southeast quarter of section 70-97, H&TC. It was rigging up.

Cecil Guthrie No. 1 Lucy M. Coleman, section 76-97, H&TC, drilled to 2,250 feet in lime.

Six miles southeast of Big Spring Standline No. 1 T. H. Gaskins, a projected 12,300-foot Ellenburger test, sought to restore circulation

at 7,108 feet in lime and shale. The exploration is in the C NW SE of section 7-23-14, T&P.

Pure Oil No. 1 Lillie Jayroe prepared to go on pump and complete after flowing and swabbing 121 barrels in 12 hours from bottom at 4,930 feet in lime. It is in the Welch pool of northwest Dawson county, 467 feet from the north and 660 feet from the east lines of section 66-M, E.L.-RR.

From where I sit... by Joe Marsh

Can't Break His Good Habits!

Bert Childers was saying, it's funny how so many of our wartime habits stick with us.

Bert likes plenty of butter on his bread, but even now he can't get over spreading it like it was scarce as hen's teeth. And as a war worker, Bert used to stick to a temperate glass of beer on time off; and he still holds fast to beer and moderation.

Same way with Bert's wife. She not only has no trouble saving used fats, and waste paper. She's learned from wartime necessity to save every single thing that might possibly be used again.

From where I sit, it's mighty good that so many of these common-sense habits like thrift and moderation have stayed with us. Because they belong in America—along with tolerance, and mutual respect for one another's rights. They're habits that have helped to make this country strong and neighborly and free.

Joe Marsh

Copyright, 1947, United States Brewers Foundation

Remember when you could beat Junior?

Not too long ago, you probably could have given Junior a ten-yard head start—and then beaten him anyway!

Today, however, you'd probably find the situation neatly reversed.

Which should serve as a gentle but firm reminder that the day is coming when you'll want to take things mighty easy... settle back and just enjoy life.

You won't be financially prepared for such leisure years unless you decide now, on a definite, reasonable savings plan—and stick faithfully to it!

The safest, surest way of all to save is by buying U. S. Savings Bonds regularly.

U. S. Savings Bonds pay you back \$4 for every \$3 you put in, after ten years. They're 100% backed by Uncle Sam. So the money you save makes more money for you—with no risk!

If you're wise, you'll start preparing for your future security now. Join the automatic, convenient Payroll Savings Plan. Or start buying your Bonds regularly at any bank or post office... today!

GEN. COLLINS CITES FIGURES—

Red Army Outnumbers Ours 20 To 1

MIAMI, Fla., June 19. (AP)—Lt. Gen. J. Lawton Collins said today Russian soldiers outnumber those of the U. S. Army 20 to 1.

In addition, he declared, the Russians have "over 10,000" airplanes and we cannot man 4,000. In addition, he declared, the Russians said that in case of trouble in Europe the U. S. forces there "are so small that they could easily be overrun."

He estimated that Russia is "capable of putting 20 divisions in the field, have them in the field right now," compared with ten divisions in the whole U. S. Army. He said "Russia's satellites in Europe" could provide another 100 divisions.

"I simply cite these as examples of the fact that we are terribly weak today," the war department information chief said in a speech prepared for a convention of the Reserve Officers association.

"In all sincerity—in all logic," Collins said, "we must review our situation now, and take the necessary steps to meet what might happen to us. We can't deal in probabilities any longer."

The war department, Collins added, feels that "Great ports like New York City would be logical targets, that great industrial centers like Detroit, Pittsburgh and Chicago would be areas of attack, not the military dispositions of troops deployed in the field."

He said attack might come by long-range aircraft strikes across the Polar cap and might include atom bombing and bacteriological warfare.

"The past two wars," he said, "should have proved to the world that we are the major military power that would have to be defeated before any nation could dominate the world."

Chief Blue Sky Pays Off Debts

GOSHEN, Ind. (U.P.)—Chief Blue Sky, 70-year-old Cherokee Indian, was the local Salvation Army's 206th overnight guest. He was grateful and promised to pay for the hospitality.

A few nights later he came into the Salvation Army's chapel in the middle of a prayer meeting and plunked down a string of fresh fish.

"Me pay like I say," he said, and disappeared.

OFF ON WORLD FLIGHT—Newspaper executives and publishers board the Pan American World Airways clipper America at LaGuardia Field in New York on the first leg of a flight inaugurating round-the-world air passenger service. Left to right, top: Mrs. Ogden Reid of New York Herald Tribune; Mrs. Oreta Culp Hobby, former director of the KAC, of Houston, Post; lower: Ralph Nicholson, New Orleans Item and Paul Bellamy, Cleveland Plain Dealer. (AP Wirephoto).

Too Many Legs

MONTEREY, Cal. (U.P.)—Mrs. William Marshall of Seaside checked seven duck eggs which were hatching. The ducklings had broken the shells and eight pairs of legs showed. One duck had four legs, two in the normal place and two others appended on the sides, just beneath the wings.

Two Sisters Found Slain

BOULDER, Colo., June 19. (U.P.)—Emily Griffith, 68, founder of the Emily Griffin opportunity school at Denver, and her sister, Florence Griffith, 67, were found shot to death today in their cabin at Pinecliff, 20 miles southwest of here, undersheriff Donald Moore reported.

The bodies of the two elderly women were found by a brother-in-law, Evans J. Gurtner, who lives in a nearby cabin. The bodies were on the floor of bedrooms in the home and there was no sign of a struggle.

Both had been shot through the head by .38 caliber bullets, deputy coroner Norman Howe reported. No gun was found in the house. Howe estimated they had been dead since last night.

Rent Control

(Continued From Page One)

trator would have 30 days to approve or disapprove.

2. Administration to be lodged in the office of housing expediter, which the house has ordered to start liquidating June 30.

3. Immediate lifting of controls on new housing, hotels, newly-rented dwellings and remodelled houses.

4. Evictions to be governed by state laws.

5. All construction controls except those over amusement and recreational building to be scrapped June 30.

Wilson Named To Handle Turkish Aid

WASHINGTON, June 19. (U.P.)—President Truman today nominated Edwin C. Wilson, ambassador to Turkey, to be chief of the American mission under the \$100,000,000 Turkish aid program.

The nomination, which had been expected, was sent to the senate along with the appointment of Charles E. Saltzman, vice president of the New York stock exchange, as an assistant secretary of state.

Wilson, a native of Palatka, Fla., and a veteran diplomat, will handle the Turkish aid job in addition to his duties as ambassador. The Turkish aid is part of a \$400,000,000 program to bulwark Turkey and Greece against communism.

Saltzman, a graduate of the U.S. Military Academy, served as a brigadier general in World War II and received the distinguished service medal. He returned to the New York stock exchange early in 1946.

The state department said Saltzman succeeds John H. Hilldring, who resigned some time ago. Hilldring was assistant secretary of state for occupied areas.

Markets

COTTON NEW YORK, June 19. (AP)—Cotton futures were firm in active dealings today. Trade covering and mill buying was stimulated by an Army inquiry for 20,000 bales of cotton, tightness in old crop supplies and firmness in outside markets. Prices advanced \$2.50 a bale before the market reacted partially on profit taking.

LIVESTOCK PORT WORTH, June 19. (AP)—Cattle 3,700; calves 1,200; slow at weak prices. Good steers and yearlings 17.00-23.00; few good fat cows with a substantial number of heifers 18.25; medium cows 11.00-18.50; good and choice fat calves mostly 18.00-21.00; medium calves 12.50-18.00; stocker calves, yearlings and steers 14.00-20.50.

Hogs 300; butcher hogs steady to 25c higher; 160-175; good and choice 180-270 lb. hutchers 24.50-27; good and choice 280-425 lb. 21.50-24.25; good and choice 190-175 lb. 22.25-24.25; sows mostly 19.00-26; stocker pigs 18.00-23.00.

Sheep 10,000; all classes steady, quality considered; medium and good spring lambs 18.00-20.00; common and medium shorn lambs and yearlings 14.00-16.50; shorn feeder lambs and yearlings 15.00 down.

WALL STREET NEW YORK, June 19. (AP)—Stock leaders followed a rather irregular course in today's market. Several pivots reached for further improvement in a quiet opening but there were major disinterests. Motors displayed a rising tendency. Near midday quotations were well mixed.

American Telephone skidded again to another low, and a block of \$3,000,000 of the convertible debentures which have been called for redemption changed hands in the bond market. Other stocks reacting included Consolidated Edison, Dow Chemical, J. C. Penney and Santa Fe. Gains were registered by Chrysler General Motors, U. S. Rubber, U. S. Steel, Philip Dodge, Du Pont, Electric Power & Light, Chesapeake & Ohio, Northern Pacific, General Electric and Standard Oil of N. J.

Bonds were narrow and commodities higher.

Life Saving Class Has Examination

Exams for instructor candidates will close the Red Cross life saving course at the Municipal swimming pool Friday night.

Eight candidates are seeking instructors' certificates. Approximately 180 persons registered for three complete courses which started on July 11. Largest enrollment was in the swimming class, which reached a total of 125. Fourteen students are candidates for senior life saving certificates.

Classes have been conducted by Robert H. Lucey, Paris, Texas, field representative for the American Red Cross in accident prevention, first aid and water safety.

Candidates for instructors' certificates include Patricia McCormick, John W. McIntosh, Burl Haynie (re-appointment) Rev. Arthur C. Durrant of Garden City, Mrs. Tommy Cochran, Barbara Ann Snyder, Hugh Cochran and Gloria Ström.

Police Want To Watch Vacant Homes

Big Spring police are requesting that local residents who leave town on vacations notify the police department, giving their addresses and approximate length of time they expect to be out of town. W. D. Green, acting chief, said today. This system has been followed in other towns with some success in curtailing burglaries of homes during the vacation season, since officers in patrol cars are allowed advance information on temporarily vacant homes, Green said. Usually it is difficult to trace stolen articles when they are not reported until after residents return from vacations and the burglars gain a start of several days, the chief pointed out.

Cindan Collects Tenth Victory As Broncs Defeat Midland, 3-1

Shower Halts Tilt In 6th

Big Spring's plunge into the madirlands of the Longhorn baseball league was temporarily halted here Wednesday night by Jose Cindan, who pitched the Broncs to a 3-1 victory over the Midland Indians in a contest halted at the end of six innings due to rain.

Cindan, seeking his tenth win of the campaign and revenge for the defeat handed him by Claude Gray in Midland last Saturday night, achieved both objectives. His mound chicanery changed the rampaging Indians into mere Papposes.

The dappy Cuban, who struck out ten of the Tribe and gave up but three hits, had plenty of help from Pepper Martin and Mario Varona.

Martin hit his 14th home run of the campaign off Gray in the second round. No sooner had Martin circled the sacks and started on his way to the Big Spring bench when Varona came up and drove out a round tripper. The ball hit squarely atop the left field barrier and bounced over.

Martin provided Cindan a cushion in the sixth when he stole home for the second time this year. He had climbed aboard with an Annie Oakley, pilfered second and chugged to third on Armando Traspuesto's slow roller in front of the box.

With left-handed hitting James Tidwell up, Martin decided to risk a trip home. He got the nod from umpire Joe Evans, though the Midland skipper, Harold Webb, spoke his piece before he was satisfied on the point.

Cindan pitched a home run ball to Jim Prince in the fourth. Outside of that, only Henry Mellilo and Johnny Alvis touched him for safeties.

Gray surrendered six hits and worked his way out of a couple of tight jams before the rains came.

The victory snapped the Hoss losing streak which had extended through five straight games, enabled the locals to again pull even with the Indians in their season's series and jacked them back into a deadlock with the Tribe for the circuit's lead.

	AR	R	PO	A
Midland	3	1	10	2
Big Spring	3	0	10	1
Errors	2	0	0	0

Gray surrendered six hits and worked his way out of a couple of tight jams before the rains came. The victory snapped the Hoss losing streak which had extended through five straight games, enabled the locals to again pull even with the Indians in their season's series and jacked them back into a deadlock with the Tribe for the circuit's lead.

Errors: none; runs batted in: Prince, Martin; Varona 2; base hit: Bozick; home runs: Prince, Martin, Varona; stolen bases: Martin 2; left on base: Midland 3; Big Spring 6; earned runs: Midland 1; Big Spring 3; sacrifice: Traspuesto; struck out: by Gray 5; Cindan 10; base on balls: off Gray 2; Cindan 1; umpires: Evans and Oatisella; time: 1:13.

LOOKING 'EM OVER

With TOMMY HART

Asked who he thinks is the best pitcher in the Longhorn baseball league, Harold Webb, big chief of the Midland Wigwam, says Our Town's Gerry Rodriguez has shown him more stuff than any one to date.

Webb has every reason to be impressed with Roddy, since the little Big Spring right-hander beat his Tribe last week in Midland, 9-0.

When Roddy blanked the Indians, he had all his pitches—curve ball, swiftie and, most of all, control. He had his bender breaking on the outside of the dish and most of the time the Midlands were waving helplessly at it.

Webb, whose cutups afiead make a hit with the local fans, opines he picked up a diamond in the rough when he made a trip to the Oklahoma City spring camp in March.

At that time, he had a choice of any one of a bunch of outfielders which the Sooners couldn't use at the moment and he selected Arnold Davis, his talented center fielder.

Arnie hits from the left side, and well. Like Our Town's Pat Stasey, he's liable to park one over any fence. His one weakness is fishing at too many bad balls but the youngster is apt to pickle one when it's least expected.

Roxie Middleton, the Boston Braves scout who watched the nightmarish game between Midland and Big Spring Tuesday night, says he is of the opinion his club got the better of the recent trade with the New York Giants, the one which sent Mort Cooper to New York in exchange for Bill Voiselle.

Cooper has seen his best days, Middleton contends, and was more or less dead weight on Billy Southworth's roster while Voiselle may help the Braves to the National league pennant.

Another witness at the goshawful Tuesday bout here, incidentally, was Gib Sandefer, the former Hardin-Simmon university tubthumper who now is handling publicity for the Sarah Palfrey Faben-Pauline Betz professional tennis troupe, now on a swing through this section.

Local net enthusiasts can see the two talented girls in action action June 27 in Odessa. Sandefer probably would have booked the lasses for a local appearance had there been proper facilities hereabouts.

Of all the Longhorn league clubs, Midland's players have the best deal on housing at home.

Two former Army barracks have been purchased and moved into one end of the Midland park. All the single boys room there for a fee of \$1 a month. That figure is levied to pay for the bed linen.

Next year's Ryder Cup golf matches, which pits the best US pros against the top Britishers, may be held in Portland, Ore., according to reports from that area.

Ewell Blackwell Throws Year's Initial No-Hitter At Boston

Ewell Blackwell's no-hitter against the Boston Braves has established the lanky Cincinnati side arm artist as the No. 1 pitcher in the National League.

Half way to his announced goal of 20 wins in his second Major League season, the rangy right-hander from San Dimas, Calif., has etched his name on the honor roll along with the other pitching greats.

Most of the right-handed hitters in the league would be "Blacky" as their toughest problem because his sinking side-wheel delivery is on top of them before they know what is coming. Yet, last night, Boston's Billy Southworth threw a heavily left-handed battering order against him and the results were the same.

Of Blackwell's 10 wins, the last eight have been racked up in succession. He is the only pitcher in the Majors to have defeated every other club in the league at least once.

The loss dropped Boston out of the national league lead, permitting the New York Giants to squeeze out front by a margin of six percentage points on their afternoon, 12-5 romp over Pittsburgh.

Those St. Louis Cardinals continued their heading dash toward the first division, pulling to within one game of the coveted 500 circle by a 5-2 edge over Philadelphia, their seventh straight win.

Terry Moore's second homer of the year helped solidify Al Braley's sixth win, coming at the expense of winless Oscar Judd's seventh straight loss. As a result of their success, the Cards now are only 4 1-2 per games out of first place.

Brooklyn disposed of Chicago, 5-3 in a day game on the strength of rookie catcher Gil Hodges' first major league homer.

The Boston Red Sox kept the folks up late for their second home night game, going 15 innings in a four hour and 20 minute struggle before they subdued the St. Louis Browns, 6-5, their eighth straight victory.

The Browns broke a 1-1 tie with a score in the eighth only to have Boston match it. St. Louis collected one in the 13th on Billy Hitchcock's homer but the Sox tied again and they each tallied twice in the 14th.

The Sox closed to within a half game of the idle league-leading New York Yankees.

Rain washed out the Philadelphia-Detroit and New York-Chicago day games but Cleveland clubbed Sid Hudson and Mickey Haefner for 14 hits and a 9-3 lopsided edge over Washington.

Two B'Spring Teams Debut In Tourney

MIDLAND, June 19.—Two Big Spring teams, the Motorists and Hardware, open their respective campaigns in the Midland invitational softball tournament here tonight.

The Motorists go to bat against the Midland Jaycees at 7:15 p. m. while the Spartans take on the tough Dowell Chemical outfit at 9:30 o'clock.

Other games today pits the Gulf Oilers of Odessa and Midland Robinson-Sinclair at 6 p. m. and Electric Service of San Angelo and Primm Drug of Brownfield at 10:15 p. m.

Rain delayed the start of the tournament last night. Gabriel's Aces of Odessa and Cuthbert of Colorado City were in the sixth inning of their contest with the tally knotted at 3-3 when the down-pour started.

The two nines will play again at 6 o'clock Friday evening.

Raw peppers offer more vitamin C than the cooked vegetable.

Muny Managers Seek 6th Team

A sixth team is being sought for the revised Muny softball league.

A sixth team is being sought for the revised Muny softball league and indications are the circuit will plunge into its new schedule by Monday, a spokesman announced this morning.

Five teams—Big Spring Motor, Big Spring Hardware, Forsan, Moore and ABC—were represented at last night's parley in the Big Spring Motor company showroom and voted unanimously to toss out the old schedule.

Efforts will be made to get Hartwells into the league.

The teams will follow the original card the remainder of this week. The new schedule will probably be announced Sunday.

Hosses Play Final Game Of Current Home Stand Tonite

Lloyd "Pat" Patterson, veteran right-hander, goes after his ninth victory of the year tonight when the Big Spring Broncs play their third and final game with the Midland Indians at Steer park. Game time is 8:15 p. m.

Harold Webb, Midland skipper, indicated Wednesday evening he would counter with either Lefty Grove or Weldon Stewart.

The Longhorn league lead will be at stake in the contest. The two teams are tied for the top spot at the moment.

After this evening's go, the Broncs hit the road for eight days, invading Vernon, Odessa and Sweetwater before returning here to open a five-day stand on June 28.

CHURCH LEAGUE TEAMS BEGIN REGULAR PLAY THIS WEEK

Schedules for four Salvation Army's Church leagues have been adopted.

The Men's division of the organization began play Tuesday night and is booked to continue through July 10. All games will be played at the city park.

All other contingents will play their contests on the two Salvation Army playground diamonds on San Antonio street.

The schedules: MEN'S LEAGUE July 19—East Fourth vs First Baptist; West Side vs Presbyterian.

July 24—First Baptist vs West Side; First Christian vs West Fourth.

June 30—First Christian vs West Side; First Baptist vs Presbyterian.

July-West Side vs East Fourth; Presbyterian vs First Christian.

July 8—Presbyterian vs East Fourth; First Baptist vs First Christian.

July 10—East Fourth vs First Baptist; West Side vs Presbyterian.

End Of Freight Car Shortage In Sight

Safety Is Prime Aviation Factor, Says CAL Pilot

WASHINGTON, June 19. (AP)—The Association of American Railroads said today the end of the freight car shortage is in sight.

Warren C. Kendall, chairman of the association's car service division, said the railroads have "assurances" that materials "will shortly be available for building as many as 10,000 new cars per month."

This would compare with an average of 3,000 per month built for the last 20 months, Kendall said in a statement prepared for the house commerce committee. He added the railroads already have orders on the books for 100,000 new cars and are ready to order 25,000 more.

"With the acquisition of an additional supply of cars," Kendall said, "We may look forward to the end of car shortage difficulties."

distribution in order to meet committee is considering which would give the Interstate Commerce commission authority over freight car distribution in order to meet complaints that there has been discrimination against some areas of the country, particularly the west.

Kendall denied any such discrimination. He said the present system of supplying cars was "devised out of long experience" as the best means for normal times.

He told the committee the ICC already has adequate authority to deal with emergencies.

"The pending bill, he asserted, "would transfer from private management to bureaucratic control the essential operating functions of the railroad industry having to do with car distribution."

Kendall concluded the "The only lasting cure for the freight car shortage is an increase in the supply of freight cars." He attributed the present tight situation mainly to "The impact of unprecedented demand upon a war-depleted car supply."

Safety is the prime factor in air line operations, and the record of air transports shows a safety factor of two-to-one over automobile traffic, Capt. James R. Grigsby, Jr. told the Lions Club Wednesday.

Capt. Grigsby, associated with Continental Air Lines, as a pilot explained how every precaution is taken to insure the safe condition and operation of commercial planes. Planes spend as much time on the ground being checked as they do in the air, he said, and pilots are subjected to the most rigorous type of tests and experience to assure their dependability.

In a question and answer period, he said that new navigational aids doubtless would increase the safety factor, but that air lines did not adopt new gadgets until they were proven thoroughly.

New, better, larger and faster planes are on the way and peace-time research will increase their structural soundness, he predicted. At the same time, new and more exacting demands will be made upon the men who operate them.

Air lines show a loss of only 1.2 persons for every million passenger miles flown, he said. This compares with 1.8 for trains and buses and three for automobiles.

President Otis Grafs announced that the regular meeting next week would be suspended for a ladies night affair on June 27, when M. O. Woolan, Andrews, incoming district 2-T-2 governor, will install new officers of the club.

Interest Is Growing In Canning; Supplies Plentiful, Sugar 'Free'

Sale of early shipment of pineapple to local grocers has been reported slow in spite of the fact that it is virtually the only canning fruit in the stores now. There is indication, however, that the canning fever will affect many soon.

Encouraging to would-be home canners is the lifting of sugar restrictions and the availability of a large supply of jars, rings, and caps. Sugar is being bought up rapidly and the county home demonstration office announces that many women are taking advantage of its free canning bulletin service.

Special interest is running toward preserving frozen foods, booklets on which may be found at the H-D office. Methods for canning chicken are becoming popular, and a large number of women are planning to make a variety of jellies and jams, treats that had to be foregone during the rationing years.

There are several reports of excursions to pick berries for canning. Many women in Home-Demonstration clubs over the county are purchasing pineapple for preserving. Only those clubs in Luther and Coahoma placed orders early enough to receive a part of the fruit shipment ordered by the H-D office here.

Those interested in learning new canning methods may find helpful a program over KFTS each Saturday morning at 10:15. Mrs. H. G. Humes, associated with the H-D office, is in charge.

Show Will Feature Uses For Electricity On Farm, Ranch

The Texas Electric show of 1947, featuring a farm and ranch electrical equipment exhibit, complete electric kitchens, latest types of electrical appliances, and entertainment features, will be staged at the high school gymnasium June 25-26-27.

Announcement was made today by C. S. Blomshield, manager for Texas Electric Service company, sponsor of the show in cooperation with electrical equipment manufacturers, distributors and dealers.

Following up on the popularity of the farm exhibit last year, this portion of the show has been enlarged to include additional electrical devices and a comprehensive display on soil conservation. Blomshield explained. This exhibit will be housed in a large specially designed tent.

Two relief maps, one showing the results of soil erosion on neglected lands and the other the benefits of carefully planned conservation methods have been constructed as the focal point of the farm-ranch display. Extremes in land management may be seen at a glance and booklets on oil problems will be distributed to interested visitors. Latest models in refrigerators, toasters, radios, washers, vacuum

cleaners, complete electric kitchens and a host of other devices will be on parade.

Continuous entertainment features, including movies and musical attractions will be presented daily. The show opens at 6 p.m. and continues until 11 p.m. on each of the three days of the event.

You will find your cooked rhabarb very attractive in color if you do not peel the young stalks.

Soak Chops In Sauce For New Satisfaction In Taste

For those who like something different in the way of seasoning pork, today's recipe for spicy baked pork chops is a family treat. So often meat is served with a sauce added after it is cooked, but here the chops stand overnight in a spicy sauce so the flavor really penetrates all through the pork. This recipe is truly representa-

tive of Middle American culinary skill. Throughout all of Middle America, from Mexico to Colombia and including the three island nations of Cuba, Haiti and the Dominican Republic, it's the sauce that makes the dish. Since we would probably find many of these too hot, United Fruit's Middle American Test Kitchen has adapted to-

day's recipe to please our northern tastes. However, if you like hotter seasoning, you can increase the quantity of chili powder.

You may perhaps have thought the diet of Middle America consisted solely of hot tamales and chili con carne and this pork chop recipe probably surprised you. But tamales and chili con carne are about as representative of Middle American food as hot dogs and hamburgers are of our own. The cookery of these countries is as varied and exotic as their wonderful crops which they are able to produce not seasonally as we do, but every day of the entire year. In addition to the well-known bananas and coffee there are such crops as vetiver—the grass whose oil is used in making the best perfumes, citronella and lemon grass.

Here is the pork chop recipe. By the way, if you like chops browned, bake them until they are almost done and then run the pan under the broiler for about 10 minutes.

SPICK BAKED PORK CHOPS
4 pork chops
1 clove garlic, peeled and cut in half
1 teaspoon salt
1/4 teaspoon pepper
1 1/2 teaspoons marjoram
1 1/2 teaspoons chili powder
2 tablespoons vinegar
1-2 cups water
Rub both sides of pork chops with garlic. Place in baking pan with garlic. Mix together salt, pepper, marjoram and chili powder. Sprinkle over chops. Add vinegar to 1 cup water and pour over chops, adding additional water to cover them. Cover pan and let chops stand overnight in the refrigerator to absorb the flavor. Remove garlic. Bake in the sauce in a moderate oven (375 degrees F.) about 40 minutes, turning chops several times during baking. Place pan under broiler to brown chops about 10 minutes. Makes 4 servings.

The 1946 sauerkraut pack was slightly larger than 1945's. Plenty of this kraut is still available.

AMAZING ISN'T IT?

Typical early measurements of weight were the amount a team of oxen could just budge, the amount a man could lift, the most a woman could hold at arm's length. Amazing isn't it? Yet inexact ideas have flourished, right on down to modern times. Take fresh produce, for instance, no two heads of

lettuce are ever exactly alike; two stalks of celery may look alike, yet one stalk may have as much as 40% more celery in it than the other—that's why Safeway sells produce by the pound. You can buy just exactly the amount you want and get FULL VALUE EVERY TIME.

University Research Bureau Will Make Industrial Survey In Area

Announcement that the University of Texas Bureau of Business Research will make a thorough commercial survey of the territory served by the Texas and Pacific Railway from El Paso to Texarkana ties in with previous developments disclosed late in May by the West Texas Chamber of Commerce.

The university agency will compile a complete inventory of factors affecting agriculture, industry and commerce in the 62 counties along the railroad.

The survey will fit in with the WTCC-announced cooperative plan with the T&P toward a comprehensive industrial survey of the West Texas area served by the carrier.

On May 28 the WTCC disclosed that Dr. Sidney L. Miller, Pittsburgh, Pa., head of the University of Pittsburgh department of transportation, had been retained to direct the survey of all industrial potentials, including agriculture, livestock and other raw materials.

The survey will fit in with the WTCC-announced cooperative plan with the T&P toward a comprehensive industrial survey of the West Texas area served by the carrier.

Radio, Juke Box Alter Our Hearing

AUSTIN, June 18. (AP)—Don't think you are getting deaf, but blame it on juke boxes, if you find it harder to hear programs in auditoriums these days, says Dr. C. P. Boner, University of Texas Physicist.

He explained that audiences themselves are growing noisier because the radio, juke boxes, talking pictures and such entertainment devices have conditioned listeners to noisier shows. Listeners are getting so they demand louder and louder shows, Dr. Boner said.

Library Needs More Books For Children

The Howard County Free Library needs more children's books to supplement meager selections now available on the shelves, Katherine McDaniel, librarian, reported today.

Continuance of the children's story telling hour, which already has gained considerable popularity as a Saturday event for youngsters, will depend largely upon early availability of more books containing suitable material, the librarian said.

The story telling hour, which was instituted through the Friends of the Howard County Free Library, is attracting an increasing number of children each week. However, material for use in the series has been virtually exhausted.

Additional books will be sought through regular channels, but it is expected to be at least two months before orders can be placed and three months before the shipment will arrive. The Friends of the Library executive committee agreed Tuesday to appropriate \$35 from its funds to make an immediate purchase, and new appeals for gifts of children's books were made.

Persons who have children's books which they can contribute, can render a valuable service to the library at this time, Miss McDaniel said.

Five Added To College Staff

Five members of the instructional staff were elected by trustees of the Howard County Junior College at a meeting Tuesday evening.

The board passed action until sometime next week on petitions calling for authority to increase the rate up to 50 cents per \$100 valuation for the county-wide district.

Named to the staff were: Mrs. Jack Martin, Robert Lee, who holds a BS degree from the University of Texas, to succeed Margaret Crouch, registrar, who has resigned to accept a position in Los Angeles, Calif.

Harold L. Davis, Denton, who holds a MA degree from North Texas State Teachers College, to be physical education director, coach and commercial teacher. He is a former Marine and starred in sports at NTSIC.

Ina Mae McCollom, Pittsburgh, Pa., who has BS and MS degrees from NTSTC, to instruct in English and social sciences. She is a former member of the Odessa faculty.

Harmon Porter, Texarkana, who holds BS and MA degrees from East Texas State Teachers College, to instruct in engineering, mechanical drawing and mathematics.

Mary Watson Jones, Big Spring, who holds a BS from Texas Tech, to instruct homemaking and biology. She has been home supervisor for the Farm Security Administration here.

Election of several of the new faculty members resulted from the full-time utilization of services of part-time instructors by the high school. During the past year they had served on both the college and high school staffs.

Local Funeral Homes Represented At Meet

Representatives from Big Spring funeral homes are due to return Friday from the annual meeting of the Texas Funeral Directors and Embalmers association at Fort Worth.

Mr. and Mrs. Pete McDaniel of Eberly Funeral home left Monday for Fort Worth and C. O. Nalley of Nalley Funeral Home, flew there Tuesday. Although the convention proper ended Wednesday, both McDaniel and Nalley are remaining through Thursday for special lectures required by the state board.

Cooling Gets Hot

Post-War Air Conditioning Boom Swings In Full Stride

This is the first of two articles on air conditioning in Big Spring. —Ed.

By Wacil McNair

People in foreign countries probably would call in another American luxury, but the air conditioner has provided a post-war boom that can scarcely be matched by any other type of appliance, especially in this area.

Wide-scale air conditioning has been relatively slow to catch on, but once it gained a foothold an "all-out" movement developed. This is particularly true in Big Spring, where air conditioning, both for homes and business houses, has been in heavy demand for several months now.

Without a house to house canvass of business establishments it would be impossible to determine the exact number who sell and install air conditioners, but there probably are at least a score. Es-

timates on the number of conditioners in operation now in Big Spring and vicinity signifies that business has been good. Although the estimates vary, some run as high as one to every five people, which gives the greater Big Spring area a total of something like 5,000. The estimates, of course, include air conditions of all types, including those in homes and in commercial buildings.

The evaporative-type of air conditioner is far more popular in this area than the refrigeration type. Relative humidity is chiefly responsible for this, since the evaporative-type increases the humidity at the same time that it cools the room or building.

There are also two types of evaporative cooler. One is known as the drip-type, in which water is simply dripped on excelsior or some other suitable material. The

air conditioner's fan pulls the air from outside through the damp excelsior and forces it into the room or building. The other evaporative cooler is called the spray-type. In this type of cooler, water is sprayed on the excelsior with mechanical apparatus. The fan operation and cooling process is the same as for the drip-type. However, the spray-type usually provides a more equal distribution of water.

In the evaporative units, there are basically two kinds of fans—the propeller or screw blade such as is on the electric fan, or the squirrel cage variety.

Refrigeration offers perfect control, but it is considerably more expensive to install and operate. In high humidity areas and to meet specific problems, it has a preferential rating over evaporative cooling.

Just as there is no way to ac-

curately estimate the number of units in service here, there is no way to arrive at the total output. Figuring in the larger units, however, it is safe to say that conditioners in Big Spring today are fanning out 25,000,000 cubic feet of cooled air per minute.

Wallace Stepping Out Of His Role

Henry Wallace, the controversial figure on the current political scene, appears to be inclining his ear toward distant presidential echoes.

He has been the critical voice at a time when there was little intelligible or vocal criticism. It makes no difference whether the foreign policy was or is right or wrong, criticism usually has some beneficial effects in a democracy.

Uniform Code Can Cut Confusion

Governor Beauford Jester has signed into law the so-called uniform traffic code, a measure which has the potentiality of contributing effectively to increased urban and highway traffic safety.

regulations in 33 other states. Extension of this to include all of the states would eliminate a lot of confusion on the part of motorists every time they crossed the state line.

Today and Tomorrow—Walter Lippmann

Europe Must Specify Her Needs

Both Senator Vandenberg and Mr. Hoover have asked the same question: what can the United States afford to export in order to assure the rehabilitation of the European and the world economy?

and theoretically, is impossible. For neither the needs of the outworld nor our own capacity to supply them are, as engineers would say, constants.

Affairs Of The World—DeWitt MacKenzie

Princes Retard India's Unity

India's turbulent progress toward independence—sadly divided as she is religiously, racially, politically and socially—is producing exactly the same problem that close observers anticipated in connection with the disposition of the more than 560 princely states which are governed by autocrats of great wealth who broadly speaking have the power of life and death over their subjects.

The British government has said that it will give every encouragement to the hundreds of princes to affiliate either with Hindustan or Pakistan. England aims at achieving as united an India as possible, but will not deny the native states the right to establish an independent status if they so desire.

WASHINGTON.—There is one thing general, big Jim Farley forgot to mention in his illuminating cabinet confession on how he broke with Franklin Roosevelt—namely Mrs. Farley.

most important factors in the break between the two once great friends.

At this meeting, the only adviser present who registered indirect approval of the bill was Secretary of Commerce Harrison, and he did so only by asking questions. He frankly admitted that he was under strong pressure from business interests to urge the president to sign the bill, though actually he seemed fairly neutral.

Mrs. Farley hated Washington and never hesitated to say so. She also disliked the Roosevelts, and was almost as indiscreet in her remarks about them as she was about Washington.

Today the house administration committee will decide whether it is sufficiently interested in opposing fascism to report to the full house of representatives a recommendation to print a library of congress study of "fascism in action."

Here are some of the points raised by White House advisers in urging the president to veto:

She refused to live in the nation's capital, in fact was the only cabinet member who did not take her place here beside her husband. This forced Jim to be a commuter. At first he spent about five days a week in Washington, with two days in New York. Then he gradually drifted into spending about two days in Washington, sometimes less.

One of the things that convinced them was a 5-point memo circulated by Schwellenbach. Before he went to Canada, Truman had asked the cabinet to give him the benefit of their individual views in writing, and the methodical secretary of labor did a masterful job.

Other objections registered by the secretary of labor were: the bill is so loosely drawn it would result in endless litigation, with only the lawyers benefitting; no effective machinery for arbitration; too much power given to the general counsel of the NLRB; takes the conciliation service away from the labor department.

New First Course Is Chicken Soup With Diced Avocado

If you have been looking for a different first course, something to start the meal off with a grand flourish, United Fruit's Middle America Test Kitchen rewards your search with this recipe for chicken soup with avocado. The subtlety of its flavoring provides a good topic for conversation, as everyone wants to know: "What's in it?" And when your guests learn this delicately flavored soup can be whipped up in no time from stocks

on hand, they will sing your praises as a cook...high class! Chicken bouillon cubes or canned chicken broth and canned clam broth can be used. If perchance you've been cooking shrimps, they make an excellent broth to use instead of the clam.

Not all Middle American variety is of the hot and spicy variety, although much of its unusualness is derived from just the simple addition of a pinch of chili powder. How many of us would think of flavoring our soup this way, or of cutting avocado into tiny cubes, along with chopped eggs and parsley as a garnish in place of the more familiar croutons?

So when you're planning your next dinner party menu, be sure to try this delicious chicken soup with avocado.

Make Food Tray Look Attractive For Child Who Is Convalescing

By CHARLOTTE ADAMS
ASSOC. PRESS FOOD EDITOR

A small child who is convalescing, but not yet well enough to get out of bed, is likely to be a cranky child. Staying in bed is for him a dull business. He needs entertainment. He also needs good, nourishing food, but very likely he isn't much interested in it. His versatile parent, therefore, must think of ways to combine the required food with the necessary entertainment value.

If a small fry's breakfast, lunch or dinner tray looks attractive, he is much more likely to relish the food on it. Just for instance, dress up the first tray of the day to be a "circus breakfast."

To make the cereal fun, serve wheat flakes in two small bowls (very small servings, too, please) with a different kind of fruit topping each, such as bananas on one and prunes on the other.

The circus touch is added by cutting raisin bread into animal shapes, toasting and buttering

them, and serving them with a tiny dish of jelly. Also, if, like most, your array of toys includes a stuffed elephant or other circus-like animal, put him on the tray for atmosphere.

Orange Egg Nogg
1/4 cup milk
1 egg
2 teaspoons sugar
1 tablespoon orange juice
Nutmeg

Beat egg well. Beat in the milk. Add sugar and orange juice and mix well. Serve in a tall glass with a sprinkling of nutmeg on top. For lunch, you want to get some really solid food into the youngster. How about making a couple of individual souffles—for you and for him? It's easy. They're fascinating to behold, light and delicious to eat, and you can work in a bit of protein by way of leftover meat, chicken or fish, which will be strengthening for him.

Chicken Souffle for Two
1 cup cooked chicken, finely chopped
1 tablespoon flour
1 tablespoon butter or margarine
2 eggs, separated
1/4 cup soft bread crumbs
Salt and pepper
1 cup milk

The best way to get the chicken

to a proper consistency is to put it through the food chopper. Melt butter or margarine. Remove from fire and mix in flour to a smooth paste. Return to fire, add milk and stir constantly until thickened. Season to taste with salt and pepper. Add bread crumbs and stir in chopped chicken and slightly beaten egg whites. Pour into individual casserole dishes. Set these in a pan of hot water and bake at 350 degrees about forty minutes, or until top is well browned.

To make raisins extra plump and juicy for use in fruit cup or salad, rinse them in hot water.

Dried fruit omelet uses nourishing eggs and plentiful, appealing fruits.

Use a white sauce for variety in serving fresh cooked green vegetables or in reheating leftovers.

Marmalade Bacon Buns For Sunday Morning Breakfast

On a busy Sunday morning when you want to give the family something different for breakfast but can't afford to spend much time preparing it, try Marmalade Bacon Buns. The three items needed—orange marmalade, bacon and buns—come right off the grocer's shelves, practically ready to use, and can be put together in a few moments. The result is buns, toasted and warm, filled with tangy marmalade and crisp bacon, that go wonderfully with scrambled eggs and coffee.

A variation of this theme uses round buns instead of long ones, toasts them well, then fills them with marmalade and thin slices of Canadian bacon or pan-fried ham. Still more variation comes from exploring the grocer's shelves for other preserves that taste good in combination with bacon and buns. Pinesapple and apricot are particularly recommended.

Marmalade Bacon Buns
6 long buns
3 tablespoons butter
2-3 cup orange marmalade
6 thin slices bacon

Split buns and toast inside only. Spread with butter, then with marmalade. Fry bacon and place one strip on each bun. Close top of bun over lower half. Place on shallow baking sheet and heat thoroughly in oven set at 350 degrees F. Serve warm.
