FIELDTON  
OIL PLAY  
SUMORED

Summers are flying thick and fast as oil drilling operations are soon to start in Lamb county. And, at this time, it seems safe to place some confidence in the old adage which runs something to the effect that where there is smoke there must be fire. A report is that the Stanolind and Gas Co. will make a location immediately in the Fieldton section, where they are known to have extensive lease holdings. Another recent report is that the Stanolind company has done considerable work lately in the curing of land in connection with their holdings in this territory. A last minute development believed to be in connection with commodity activity in the drilling for oil in this area, is the fact that a company has leased four acres on track east of the elevator at Amherst. The land was leased from the Hal-Interests by an engineering company. The land will be used to stack pipe and pipe will start arriving this week, it is reported. Another report is that a party of representatives of a large oil firm is staying at the Amherst Hotel.

Mrs. J. G. Wade  
Passes Away At  
Mineral Wells

Funeral For Former Littlefield Resident Held February 13  
Mrs. J. G. Wade, about 70, passed away at her home in Mineral Wells Thursday, February 12, after extended illness. Mrs. Wade had been a resident of Littlefield for about 10 years, before moving to Mineral Wells several years ago. Funeral services were held at the Central Methodist church Friday, February 13. Four ministers assisted in the service. Rev. McCurry, pastor of Baptist Church at Perrin, pastor of the Methodist Church at Perrin, Rev. Whitworth and Rev. Camp, both of the Pentecostal church in Wichita Falls. Pallbearers were her grandsons, and flower bearers her granddaughter. Interment was made in the Per-cemetery.  
Miss Mary Maak was born September 4, 1872, in Mississippi, and was united in marriage in April, 1911, to J. G. Wade, who survives. This union 11 children were born, of whom were at her bedside at the time of her death. Also survived by 37 grandchildren and (Continued on Back Page)

Highway No. 51 Paving  
To Be Completed Soon

The only remaining strip of Highway No. 51 in Lamb County will be paved early this Spring, according to Judge Stanley A. Doss, who stated Wednesday that in a telephone conversation with State Division Engineer McCarty at Austin, he was assured that this paving would be completed at an early date. The only portion in Lamb county not paved is a two-mile strip running four miles south of town to Hockley county line.

# 'PLANT FOR VICTORY' PROGRAM STARTS IN LAMB COUNTY

## MEETING OF TIRE INSPECTORS CALLED FOR MONDAY NIGHT

### Will Discuss New Regulations In Recapping Tires

#### Retreading Tire Program Scheduled To Go Into Effect March 2nd

C. O. Griffin, chairman of Lamb County Rationing Board, is calling a meeting of all tire inspectors for Friday night, February 27, at 8 o'clock at the City Hall, Littlefield, to discuss the various new regulations pertaining to the recapping and retreading program which goes into effect March 2. All inspectors are urged to be present.  
E. C. Cundiff, secretary of the Littlefield Chamber of Commerce, in an interview Tuesday, said: "Statement in the papers last Sunday were confusing to several people in that the statement seemed to say that farmers would be eligible for new tires, but no information has been received from state headquarters to this effect. The information put out in the papers seems to be the same information that we have received on recapping and retreading and the obsolete tires of passenger type."

## Belmont Williams, Amherst, Is Prisoner Of War In Japan

**BELMONT WILLIAMS**  
Though a prisoner of war in Japan, the family of Belmont Williams, U. S. Navy and formerly of Amherst, feel confident that his chin is up—and that he is singing in his forced retirement from war activities.  
Belmont always did like to sing.

By MARGARET BANDY  
Henry Belmont Williams, 21, son of E. S. Williams of near Amherst, is among a list of 94 Texans who were "deemed likely to be war prisoners of the Japanese," according to an announcement made by the United States Navy last Thursday. His father was sent an official notice from the Navy Saturday.  
Williams, who was Pharmacist's mate, third class, was at the island of Guam when the Pacific Islands were attacked by the Japanese December 7. He enlisted in the Navy in March, 1940, and had been stationed on the island of Guam since last May. Prior to that time he was on the Mare Island, near San Francisco, Calif. He visited at Amherst about two years ago.  
According to a statement of one of the prisoners in Japan, they were captured December 12, and sailed for Japan January 10.  
Mr. Williams and his small daughter, Sherry, and his son-in-law and daughter, Mr. and Mrs. J. D. Terry, told a Leader reporter Sunday, (Continued On Back Page)

## USDA War Board to Discuss Plans At ACA Office Today

Purpose To Make People Conscious Of Job To Be Done By Farmers  
In an effort to impress on farmers and business people alike the importance of the "Food for Freedom" campaign, the State USDA War Board designated the week March 1-7 as "Plant for Victory" week.  
In reporting this Tuesday, A. A. Bingham, A.C.A. Secretary, said the program was "to make the people conscious of the job to be done by the farmers in the production of the food for freedom."  
Mr. Bingham also added: "Other things that should be stressed are the gathering of scrap iron, and the repairing of farm machinery now, because it is anticipated that some parts for farm machinery are going to be hard to get, and it is important that farmers check over and see that their farm machinery is in good shape and ready to go when they need it."  
Mr. Bingham announced that the County USDA War Board will meet this afternoon (Thursday) at the A.C.A. office, Amherst, for the purpose of drawing up plans for carrying out the program for the "Plant for Victory Week," stressing the important part the farmers have to play in producing food to win the war.  
The County USDA War Board is composed of W. E. Bentley, chairman, and V. F. Jones, Fred L. Nix, C. W. Smiley and Charlie Thomas.

## Last Rites For Mrs. O. M. Long

Mrs. O. M. Long, 57, passed away at her home in Needmore Community Saturday, February 21, as a result of a heart attack.  
Funeral services were conducted Monday afternoon at Needmore Methodist Church at 3 o'clock, with the Pastor officiating, and interment in charge of Hammons-Smith Funeral Home, took place in the Sudan cemetery.  
Deceased had been a resident of Needmore Community for the past 19 years.  
She left a husband and several children to mourn her passing.

## LITTLEFIELD CAMPAIGN IS UNDERWAY FOR PURCHASE OF DEFENSE BONDS AND STAMPS UNDER SALARY ALLOTMENT PLAN

A special campaign is underway in Littlefield to bring about the universal use of the salary allotment plan in the purchase of Defense Savings bonds and stamps. Under this plan, prepared by the government and in operation throughout the nation, employees authorize their employers to deduct a stated amount each pay day from their wages and the employers invest it in stamps or bonds to be delivered to the employees.  
Manell Hall has been elected chairman for the Littlefield campaign, and the members of his committee are Arnold Partell, W. D. Watkins, and Elmer Moore.  
Mr. Hall was appointed at a joint luncheon meeting last Thursday of the Rotary and Lions clubs. The (Continued on Back Page)

## Club Rooms Established By Littlefield Lions Club

Club rooms, to be known as the Lions Den, have been established by the Littlefield Lions club on the second floor of the Homer Hall building on Phelps avenue.  
Earl F. Wilson, president of the local Lions club, said that the organization will have their weekly gatherings at the club rooms and that the new headquarters will be open at all times to local Lions, visiting Lions, and guests.  
Mr. Wilson said that the membership of the Littlefield club has been considerably depleted on account of members entering war service. However, the organization will continue to have regular weekly gatherings and carry out various activities in the interests of the community.

No Lollypops For Junior

Many a father will call his little clan together in the next week or two to announce the sad results of his analysis of his income tax blank.

With his forehead furrowed, he will point out that the tax is the biggest in history and that to pay it each member of the family will have to confine his purchases to bare necessities.

It's too bad that we didn't start saving for income tax payments last September. We all meant to, but it seemed a long ways off then.

It's a lousy thing we can pay the tax in installments, or some of us could have had a few hundred dollars available to lay our hands on enough cash.

This first payment on the tax will probably be the hardest—but not necessarily the biggest. It will be the hardest because many of us haven't planned for it.

Income tax may not get any bigger this year. Next year it is apt to increase and it is still possible that Congress will put through a new tax on wages which will be deductible at source—this year.

We might as well look at a big tax as something permanent. At least it will go on until sometime after the war is over—and when that will be is anybody's guess.

But since as far as we can see ahead now, a big tax is coming up every year, or every three months, let's all make up our minds to save for it regularly. It will help keep peace in the family and it will make it easier for our local storekeepers who will feel the brunt of father's "stop buying" order.

Watch For Government Menus

The success of the government's efforts to stabilize the cost of living depends largely on the co-operation which all of us give to the program.

One way of helping, which should appeal to most of us, is to concentrate our food purchases on those products which we find are being sold at the most reasonable prices.

As we already have learned, hoarding sends prices up rapidly. So does scarcity. It's the old story of supply and demand. If demand exceeds supply, the suppliers all along the line are tempted to increase prices.

The foods which are lowest in price are the ones which are most abundant. If we conscientiously avoid buying the high-priced goods—the ones which are scarce—we not only will save considerable money but we will also be assisting in alleviating the shortage of the high-priced products and thus force those prices down.

Supplies of most staple foods, according to the Department of Agriculture, are at record levels in this country. We have enough of these staple foods to supply the needs of the people of this country as well as to fill the food ships going to other nations.

The office of price administration and the Department of Agriculture are planning to work closely together to keep food prices down. They will play the role of shopping guides and will advise us what foods are abundant and which are scarce. They will from time to time suggest shifts in our food buying habits in order to meet varying conditions in food production.

In addition to guiding purchasing, the Department of Agriculture also is planning a wide-spread program to increase production of foods which will be in greatest demand.

From now on, both farmers and consumers will find the going a lot easier if they keep close tabs on the food growing and purchasing suggestions made by the food authorities of the government.

South Plains Junior Fat Stock Show To Be Held April 6-7-8

Lubbock, Texas, Feb. 25—Arrangement of details for the 1942 annual South Plains Junior Fat Stock show in this city April 6, 7, and 8 are progressing rapidly, according to Clyde G. Tatum, executive committee chairman.

Prize money totaling \$6000 will be offered to 4-H club and vocational agriculture club members in 27 West Texas and three New Mexico counties. The area and prize money was the same as in 1941.

Something in the show will be pig, calves and lamb shows by the club and vocational agriculture boys. The show will be staged at the Panhandle South Plains fair grounds at Lubbock and available for use of the boys will be the four new exhibits, new rail and cement building on the fair grounds.

One of the entertainment features of the show will be a combination parade and high school band contest. A committee headed by Ray Farmer is investigating this affair and will announce the program for it shortly.

In addition to the prize money, exhibitors will derive several thousand dollars from the sale of a premium of exhibited livestock at an auction the last afternoon of the show.

Bronze plaques will be presented the owners of the grand champion pig, lamb and calf by J. O. Jenkins, Lubbock, breeder. This will be the second successive year that Jenkins has made such presentation.

The complete program of the show will be provided all county agents and vocational agriculture teachers from counties from which entries will be accepted for the show are Curry, Roosevelt and La Brea, and Hartman, Garza, Swisher, Arneson, Bailey, East, Hale, Floyd, Motley, Dickson, Gray, Lubbock, Hookley, Gorman, G. H. King, Toomay, Terry, Tom, Galt, and Van Dyke, all in Texas.

### Frame Garden Under Construction

The above picture shows a frame garden under construction and old tin cans being used for the sub-irrigation. An outstanding feature of these frame gardens is the fact that fresh vegetables can be grown for the family tables long before the ordinary gardens are in production, and for many weeks after the first frost in the fall. An ordinary sized frame garden will produce all an average family needs for daily use.

### Farmers In Nation To Have Great Part In Nation Defense

All farmers in Lamb county this year will join other farmers throughout the United States in producing a record quantity of foodstuffs for the United Nations, according to LaVerne Hayhurst, Home Management Supervisor for the Farm Security Administration.

Dr. Armistead wrote his wife, the former Miss Bernice Gattis, last week that he was stationed only two blocks from Pvt. Bennett Pesis, who is also in the medical division of the army. Pvt. Pesis has been at Camp Barkley several weeks. He formerly was laboratory technician at the Payne-Shotwell Hospital here.

"Not once in the history of our great democracy have the farmers failed to answer their country's call for help," said Miss Hayhurst, "and the Axis powers can expect the farm families in Lamb county to be standing shoulder to shoulder with our boys in service until victory is ours."

"Uncle Sam knows that we must have more food than ever before if we are to win this war. He knows also that we must protect the health of our own people with better diets from home-grown vegetables." Miss Hayhurst suggests that every farm family in Lamb county construct a frame garden immediately, so fresh vegetables can be grown at home.

The above picture shows a frame garden under construction and old tin cans being used for the sub-irrigation. An outstanding feature of these frame gardens is the fact that fresh vegetables can be grown for the family tables long before the or-

dinary gardens are in production, and for many weeks after the first frost in the fall. An ordinary sized frame garden will produce all an average family needs for daily use. "In 1941," according to Miss Hayhurst, "there were about 180 frame gardens in production in this county. It is the patriotic duty of every American to raise and conserve as much food as their family can use and in this way raise the dietary food standards of their family. "Make it your responsibility to get your garden made and planted by March 15," urges Miss Hayhurst. Complete instructions for building and planting a frame garden can be obtained at the Farm Security Administration office in the City Hall, at Littlefield, or in the county Extension office at Amherst.

### Sewing Room Closed Awaiting Arrival Of 1942 Materials

As announced by Mrs. Ed Hewitt, supervisor of the local Red Cross Sewing room, that in-as-much as the 1941 sewing had been completed, the sewing room closed Thursday, and would not re-open until the 1942 allotment had been received here.

Mrs. Hewitt, however, stated that she expected the materials for 1942 to arrive soon. The date for re-opening will be announced in the Lamb County Leader as soon as the materials arrive.

## Mrs. Ralph Gray Honored With Bridal Tea And Shower

Mrs. Ralph Gray, who before her recent marriage was Miss Eloise Hanes, was complimented Tuesday afternoon, when Mrs. J. H. Barnett, Mrs. J. C. Hilbun, and Mrs. K. W. Wells of Anton entertained at the home of Mrs. Barnett of East Eighth Street. A bridal shower and tea was held from 5 p. m. to 6:30 p. m.

Mrs. Barnett and Mrs. Gray greeted the guests at the door, and Mrs. Stacy Hart ushered them into a large bedroom where a large array of beautiful and useful gifts that had been presented to the bride were displayed.

Guests were then served in the dining room, from a table laid with lace cloth and centered with a large crystal bowl of pink sweet peas, on each side of the centerpiece were four white tall tapers in crystal candleholders. Mrs. Jim Etter poured spiced tea from a silver service. She was assisted in the serving by Mrs. Hilbun and Mrs. Wells.

Approximately 40 guests called during the evening.

## Miss Batton Master Of Ceremonies At Spring Style Show

LUBBOCK, Feb. 23.—Miss Nettie Belle Batton of Littlefield acted as master of ceremonies at a spring style show sponsored by Theta Sigma Phi, honorary journalism society for women of Texas Technological college. The revue was held in a Lubbock department store Wednesday evening. Models from 10 women's campus organizations served as models. Miss Batton is a senior speech major and is the daughter of Mr. and Mrs. Sam H. Batton.

## Spade Residents Return From Two Weeks' Visit In California City

Mr. and Mrs. J. W. Coffey and daughter and grandson, and Mrs. J. L. Blankenship and Glenn Wayne Blankenship, three years of age, all of the Spade section, have returned from a two weeks' visit at Antioch, California, located 35 miles from San Francisco.

At Antioch they visited their sons and daughters-in-law, Mr. and Mrs. Glyma D. Coffey and Mr. and Mrs. Perry Coffey. Glyma and Perry Coffey are employed in a steel mill at Pittsburg, near Antioch, and are former residents of the Spade section. They have been in California since last July.

The Spade residents said that it was their first trip to California, and that they enjoyed their visit exceedingly. They were especially thrilled with the scenery, the beautiful, large trees in the parks, the orange and lemon trees, and the Oakland-San Francisco bridge.

One of the especially thrilling features of the visit to California, especially for Mr. and Mrs. Coffey, was seeing their granddaughter, Ti-

## Louis M. Cook Promoted To Rank of Corporal

Private Louis M. Cook, now stationed at Williams Field, Arizona, an Air Corps advanced flying school, has been promoted to the rank of Corporal, it was learned here today.

Corporal Cook is the son of Mr. and Mrs. W. T. Cook of Star Route 2, Littlefield. He enlisted for service in the Air Corps in February, 1941, at Lubbock, and served at Randolph Field, Texas, and Mather Field, California, prior to his transfer to Williams Field.

His promotion is attributed to his exemplary record as a soldier and technician in his duties, field authorities said.

## SPADE SCHOOL NEWS

### PTA MET THURSDAY

The regular meeting of the Parent-Teacher Association was held in the school gym last Thursday night. A large crowd was present and enjoyed the program presented by students and adults of the community. The program consisted of musical numbers, readings, songs, and a hoggalling contest. The next regular meeting will be on the third Thursday night in March. Everybody is invited and parents are requested to bring their children.

### DOROTHY PHILLIPS HONORED

In a special class meeting of the senior class February 6, three senior girls were selected by votes of the class from which three the faculty selected Dorothy Phillips as the girl to recommend to the D.A.R. for a chance at the annual pilgrimage to Washington, D. C. The selections were based on loyalty, reliability, citizenship, scholastic record, and courtesy. One senior girl will be selected by chance from the selected girls of the Texas high schools. We wish you good luck, Dorothy.

### SPADE GETS THIRD PLACE IN OLTON TOURNEY

The Junior basketball boys won the consolation game over the Olton Junior B team Saturday night by a score of 16 to 10, after being defeated by Amherst in the first round. The eighth grade boys were not able to defeat the strong Fieldton team in the consolation. That's all right boys, you played two good games.

### STUDENTS BUY DEFENSE STAMPS AND BONDS

A check-up earlier this month showed that a total of \$61.85 in stamps and \$243.60 in bonds had been bought by pupils in the school. Several dollars worth of stamps have been bought since then. Stamps are offered for sale at school on Wednesday of each week at the second and fourth periods.

### MISS RIVERS SPONSORS SEVENTH GRADE PARTY

Twenty seventh grade geography students enjoyed a party in the school gymnasium Friday night, sponsored by Miss Rivers. The party was a climax of a geography contest—the losers entertaining the winners. After various games had been played, refreshments were served to the group by Mrs. Deck Heard and Mrs. R. L. Davidson.

### H. E. NEWS

At the January P.T.A. meeting the freshman and sophomore H. E. girls modeled cotton school dresses made in class. Home projects were also modeled. These included housecoats, blouses and dresses. Other garments made for home projects included gowns, bed jackets, slips and skirts. A total of about 72 garments have been completed this semester.

### Mr. and Mrs. Hilliard Home After Absence Of Several Weeks

Their many friends are pleased to learn that Mr. and Mrs. J. S. Hilliard returned home Saturday.

Mr. Hilliard, who has been taking treatment, and resting at the Veteran Hospital at Amarillo, is much improved. Mrs. Hilliard has been remaining at Amarillo during her husband's stay there.

Mr. and Mrs. Hilliard have been gone several weeks.

At present all are studying "Family Relationships." Problems of personality, social behavior, etiquette, and problems of high school girls are being discussed with much interest. Next week, we are going to make a study of how our time is spent and how we may develop better methods of studying and how to use our leisure time to advantage.

The H. E. II girls are now beginning clothing. As the first problem we are making a tailored dress. Most of the girls have chosen silk or rayon materials. Some of the girls are making dresses with jackets or coats and making these as home projects.

### SIXTH AND FIFTH GRADES

The sixth and fifth grades had a Valentine party Friday afternoon, February 13. The room mothers served cookies and hot chocolate. The pupils gave each of their room mothers and Mrs. Kavanaugh a beautiful box of chocolate candy. The room mothers for the sixth grade are Mrs. Sladek and Mrs. Prather. The room mothers for the fifth grade are Mrs. Peterson and Mrs. Inklebarger.

One of the most outstanding ties of the season was the bride and shower given at the Hotel Saturday afternoon commencing the bride-elect, Miss White, whose approaching marriage to Bobby Taylor, of the Air Corps, at Phoenix, Arizona, March 6, has been announced. The hostesses of this social were: Mesdames C. M. McFall, Batson, J. L. Crosby, Claude and M. L. Payne, who formed a receiving line, greeting the bride as they arrived.

The George Washington was featured throughout the tea. The tea table was laid with lace cloth, with cherry trees lining the centerpiece, and four red candles, which provided lighting during the afternoon. E. B. Luce and Mrs. John C. poured tea.

Mrs. M. L. Payne presided at the register.

The bride-elect received an array of beautiful and much appreciated gifts.

Miss White was attending at Denton until last month, when she returned to her home at herst.

Mr. Taylor, whose home is Fort Worth, will receive his bride March 6 at Phoenix, following the ceremony is scheduled to place.

### Mr. and Mrs. Aldridge Have Out-of-Town Guests For Week End

## Allies To Take Offensive Soon, Says The President

President Roosevelt in his fireside chat Monday night said that America had been "compelled to yield ground" to its enemies, but he added that with constantly increasing production, the Allies would take the offensive soon and drive on to victory.

"We and the other United Nations are committed to the destruction of the militarism of Japan and Germany," he said. "We are daily increasing our strength. Soon, we and our enemies, will have the offensive; we, not they, will win the final battles; and we, not they, will make the final peace."

Despite cruelly long distances involved, the president disclosed, "a large number of planes" manned by American pilots, "are now in daily contact with the enemy in the southwest Pacific." And, he said, thousands of American troops "are also in the area."

The chief executive also said recent surveys had disclosed that the prodigiously high production goals established two months ago would be attained, and this, he repeatedly emphasized, was the key to victory.

The president was unsparing in his denunciation of "rumor mongers and poison peddlers in our midst," who among other things had spread reports of losses at Pearl Harbor far beyond reality. It had been said, he asserted, that Japanese gains in the Pacific were made possible only by the success of the Pearl Harbor attack.

"I tell you that is not so," he added, and went on to give his detailed account of losses over and above those previously officially reported.

## Grade School Students Sell Chocolate To Buy Defense Stamps

Students in Miss Woodfin's room in the grade school have been talking for weeks about how they might help our country win the war.

A Hot Chocolate sale was staged Tuesday of last week, and Mrs. Kearney and Mrs. Harvey assisted the group.

Defense Stamps will be purchased with \$5.76 the students made. Dorothy Virginia Foust, student in Miss Woodfin's room, reported that 32 persons assisted in the campaign. The money will be divided between the 32 people, and students will have enough for two defense stamps each.

"If you want to help our country win the war, buy defense stamps and bonds," Dorothy Virginia said.

## To Observe "Food For Freedom" Sunday

At a recent meeting of the Lamb County USDA War Board, to which representatives from all the government agencies, vocational instructors unit, farm men and women, home demonstration club members, and tankers of this county were invited, plans were made for meeting some of the current problems.

As an outgrowth of this meeting the home economics classes were asked to be responsible for "Food For Freedom" Sunday. Ministers of the local churches will be asked to designate either March 1 or March 2 as the day for devoting much time and emphasis to this very important problem.

Home Economics instructors who were not present for this meeting have been notified and they should make plans with the local pastors.

### EMMANUEL LUTHERAN CHURCH

E. H. Riese, Pastor  
Sunday school and Bible classes meet next Sunday at 11 a. m. (CWT)

A service with Holy Communion will be held at 11:45 (CWT). The second of a special series of sermons will be preached at that time. The topic of the sermon will be: "The Price of Obedience." A cordial invitation is extended to such who have no church home to attend these services.

Announcements for Holy Communion next Sunday may be made Saturday afternoon from 1 to 9 p. m. (CWT).

The Board of Christian Education meets at 8:30 p. m. (CWT) on Monday, March 2.

Sunday school teachers and officers meet every Wednesday at 8:30 p. m. (CWT).

## Anton Boy Scouts Receive Tenderfoot Badges February 18

With E. J. Moore presiding as district chairman of the Court of Honor, 10 boys were awarded their tender-foot badges in the Boy Scout Program at Anton on Wednesday evening, February 18. In a very solemn but colorful ceremony, Mr. Moore recognized these boys as having completed the fundamental work essential to becoming a full-rank scout.

In addition to this ceremony a short instruction on scouting was conducted for 16 adults of Anton. Those participating in the instruction were F. A. Hemphill, superintendent of the local schools, and John L. Sims, also a member of the Littlefield Public Schools faculty.

David S. Tullis is scoutmaster for the new Anton troop and Ed M. Hart is chairman of the Anton committee.

## Local Physicians Announce Changes

Due to a desire on the part of the physicians of Littlefield to serve the public more rapidly and efficiently, and realizing that they can best do that by fixing regular office hours and being available at all times, the following changes have been made, and are contained in an announcement elsewhere in this newspaper as follows:

"Henceforth all house calls within the city limits will be \$3.00 in daytime and \$5.00 after 9 p. m. All office visits will be a minimum of \$2.00 after 6 p. m. and on Sundays."

## WPA School Lunch Supervisor Resigns

Mrs. K. W. Ellis, who for the past year and four months has been supervisor of the WPA school lunch program, tendered her resignation last Friday, effective February 23. F. A. Hemphill, superintendent of the local schools, states that Mrs. Ellis has been a very efficient and reliable supervisor during the program and that it is with much regret that the notice of Mrs. Ellis resignation is received.

Thursday, February 19, marked the end of the fourth month of this year's school lunch program provided by the WPA and local contributors. During these four months, under the supervision of Mrs. Ellis, the lunch program has served 5,657 meals at a cost to the local sponsors of only 5 cents per meal. These meals have not only been inexpensive but have provided a well balanced diet for the students.

Local organizations which are making this excellent project possible are: The First Presbyterian Church, the Rotary Club, Lions Club, Board of Trustees, and the Parent-Teacher Association of the Colored school. Citizens who desire to realize the value of the program are invited to visit at the basement of the First Presbyterian Church any school day at 12 o'clock.

While no successor for Mrs. Ellis has been chosen it is believed that such will be done in the near future.

## Bill Friday Night Watchman At City Water Pump

Bill Friday, who has been janitor at the primary school for the past two years, resigned last week to accept a position as night watchman for the City water pump, F. A. Hemphill, superintendent of the local schools, reported Wednesday.

Mr. Friday takes the place of H. W. Wiseman, who was promoted to day watchman at the city plant, when Alph Wright accepted a position at the air base near Lubbock.

### MOVES TO LUBBOCK

## ROBBERY CASE SET FOR TRIAL TODAY

Two cases are scheduled for trial in District Court at Olton today. Clifford Pettway, who gives his address as McKinney, Texas, is charged with robbery by assault.

Police report that A. Armbricht, now of Winters, Texas, was seriously beaten and injured at his home at Circle, west of Olton, early one morning in December.

Cottrell Charles, colored, who gives his address as Waco, is charged with murder in connection with the death of Charles Smith, colored, on December 21, 1941.

**Two Year Sentence**  
L. S. McElroy, who gives his address as Memphis, Texas, was given a two-year sentence in District court at Olton Monday. McElroy was charged with swindling by false pretenses in connection with the sale of an automobile to John Sanders, Littlefield service station operator.

McElroy was brought to Lamb county from Childress, where he received a two-year sentence on a charge similar to the Lamb county charge.

**Prisoners Taken To Pen**  
Five prisoners were taken to Lubbock Tuesday for transportation to the penitentiary at Huntsville. They were taken to Lubbock by Sheriff Sam Hutson and Deputy Sheriffs Sid Hopping and Dewey Dennis.

## Large Crowd Enjoys 'Our America' Program

One of the most outstanding programs to be presented at the "Our America" community meetings was staged last Thursday night at the Littlefield High school auditorium. Approximately 450 persons attended.

The program included: Miss LaRue Clark read a selection from "The Crisis," by Thomas Payne, R. L. King, vocational instructor, discussed the value of "Gardens for Defense, and Scrap Iron."

Mrs. Maude Street, chairman of the Red Cross First Aid course in Littlefield, stressed the need for First Aid; J. A. Price discussed "Doing Our Part as Individuals in Defense."

Mancil Hall, chairman of the salary allotment program for the purchase of defense bonds and stamps by employees of Littlefield firms, outlined the program to the group.

L. A. Purtell discussed "Being Partners Now and Later with Men in the Army."

One of the highlights of the program was a film, furnished by J. C. Elms and projected by Abe Murphy, showing the Bombing of Pearl Harbor.

The "Our America" program will be presented on March 5, at 8:30 p. m., at the high school auditorium.

## Good Attendance At FFA Banquet

The F.F.A. Father and Son banquet held Tuesday night at the Methodist church was well attended, there being about 96 present for the banquet, which was served by the Home Economics girls.

Rev. Jim Sharp offered the invocation.

During the evening Hon. Coke Stevenson gave an address over the radio to the FFA chapters of the State.

Talks were made by Supt. F. A. Hemphill and Principal E. J. Moore.

An orchestra directed by M. T. Camp, Band Director of the Littlefield High school, rendered music during the dinner hour.

## Salvation Army Board To Meet Tonight (Thursday)

Captain V. Van Syckle, who is stationed at present at Dallas Compton Citadel, will be in Littlefield to assist the Local Advisory board in putting on the annual Home Service Campaign, which was postponed last fall due to the weather and late harvest. Captain Van Syckle was formerly in charge of the Army work at Lubbock, and has visited here on various occasions. A meeting of the board has been called by the president, Lowell Short, for tonight at 8:30 o'clock, when plans will be completed.

Two hundred dollars together with ribbons will be offered. One hundred dollars will be given in cash prizes and approximately \$100 in merchandise will be offered. The Sudan Rotary club will furnish \$50 which will be matched by the chamber of commerce for the cash prize money.

Location of the show probably will be held in the Higginbotham-Bartlett lumber yard where it was held last year.

### Consider Plans To Establish Radio Propaganda Service

Plans are now being considered by a group of influential officials, for the establishment of an American radio propaganda service resembling the British Broadcasting Co.

No. decisions have been reached. But these officials were reported to be studying a proposal that the government lease at least most of the existing short-wave stations or buy time over them to match Axis radio attacks on this country, other allied nations and neutral South American countries.

The plan includes arrangements for sending large number of radio receiving sets to Latin America where the Axis have centered much of its major propaganda efforts. A total of 1,000,000 sets has been mentioned as a likely figure at the start. Latin America's population is 130,000,000. In Latin America few individuals outside the major cities own sets. They are placed in public places in small villages where the community listens.

The United States has opposed outright propaganda efforts, believing that truthful presentation of news is the best "propaganda."

### Restrictions On Peanut Crop

Some farmers may want to plant peanuts for oil. If peanuts are planted for oil they may be planted without having a peanut allotment established on the farm. If peanuts are planted for nuts there will be a penalty incurred if they are planted without the farm having an allotment set up. There will not be any new grower peanut allotments established in 1942, but since peanuts for oil are needed in our nation-

## FOOD IS IMPORTANT AS TANKS, GUNS, SAYS W. E. BENTLEY

Repair of farm machinery now is just one more step toward a solid farm front, W. E. Bentley, chairman of the Lamb County USDA War Board, said this week.  
"Food is just as important in total war as tanks, guns, planes and ships, and delivering the goods is our pledge to help whip Hitler, the Japs and the Italians," the chairman said.

In connection with the farm machinery repair program in Lamb county Bentley outlined three reasons why immediate action is important:

- 1.—Farmers are being called upon to produce more food than ever before.
  - 2.—Expected shortage of farm labor means more farm work with machines;
  - 3.—Manufacture of new farm machinery has been restricted by need for critical materials in war industries.
- Reconditioning every available piece of farm machinery, and ordering all repair parts during the present slack period, will off-set shortage of labor and machinery later, Bentley said.

## Threat to U. S.-British-Russia Supply Line

This map graphically illustrates what the escape of the German battleships Scharnhorst and Gneisenau and the cruiser Prinz Eugen means to the United Nations. While the vessels were nested in the French, Nazi-held, port of Brest being periodically pounded by the British Royal Air Force, everything was under control. But by getting away to their home bases for repairs and refitting they are in a position to cause plenty of trouble. Small jagged arrows show the route of their escape through the English channel. The large arrows show their route to the U. S.-British-Russian supply lines from their home base or the possible route they might take for an attack on Iceland. But they needn't do any of these things, really. By merely being where they can't be kept under observation, they have a great nuisance value. Major units of the British fleet must constantly be kept to deal with their menace.

## Spring And Summer Merchandise To Be Shown March 7-8-9

Lubbock, Texas, Feb. 10—Dates for showing spring and summer merchandise in the Western Wholesale Market has been set as March 7, 8 and 9, O. J. Sexton, new president of the market association, said this week.  
Announcement of this event, and invitations to attend have been sent to over 1500 retail clothing and ready-to-wear merchants in 80 West Texas and 10 new Mexico counties.  
Advance reservations for space in the market, to be in Hotel Lubbock, indicates that over 175 separate lines of seasonable merchandise will be displayed, according to M. D.

Fanning, association secretary. The market facilities will be filled, Fanning said. At least 1,000 buyers are expected to attend and check the showings.

## Singing Convention At Fieldton Sunday

As announced by C. G. Barnett of the Fieldton community, a singing convention will be held at the Fieldton Baptist Church Sunday afternoon beginning at 2 o'clock.  
It is expected that a number of good quartettes will be present, and good singing is promised all lovers of song. A good attendance is expected. New song books will be on hand for the singers. T. M. Moore of Spring Lake is president of the organization.

## Quitting Time?

### . . . Not for Us

QUITTING time doesn't mean a thing to your Electrical Company. Twenty-four hours a day, every day of the year, it brings better living to thousands of homes at the snap of a switch. It serves equally in industry, working as one of the most versatile tools ever given man's hand.

In this time of stress, when our whole country is devoted to production, we in the Electrical Industry are proud of the part Electricity is playing in making this land of ours a safer place for democracy. We are proud, too, that we were not found wanting when we were called on to serve.

No quitting time for the buying of U. S. Defense Bonds, either!

## Spring Conditioning that's TAILORED TO YOUR CAR!

Come in Now for a FREE Inspection by Authorized Factory-Trained Mechanics that Will Show Exactly what Attention YOUR Car Needs.

WANT LONGER TIRE LIFE? When switching tires, do you remember the spare? If you'll let us switch your tires, working the spare in where it can best be used, each tire out of the five you have will be on the road only four-fifths as much as usual. Net result: Longer life from the same full set.

GOOD BRAKES MEAN SAFETY PLUS. Brakes ought to be kept in proper adjustment for safety reasons alone. Beyond that, brakes that are "out" can also result in unnecessarily increased tire wear. For best results, let Buick men adjust your Buick brakes to Buick factory specifications.

LICK-AND-A-PROMISE spring conditioning won't do this year, mister!

You've got something more important to think about than just changing oil and grease — you've got a whole car that will have to see you through the duration, and you can't afford to overlook any part of it.

That's why Buick spring service is tailored to your own particular car.

We change oil and grease in the regular way, of course — we check batteries, cooling systems, wheel alignment and other routine matters.

Your whole car lasts longer when it is conditioned as a unit — especially when trained Buick specialists do the job.

So we write your spring conditioning ticket to fit your car's needs — not to make up a ready-made "package" according to average requirements.

The cost is no higher than for a comparably good job anywhere else. It's actually lower in the long run, because it pays to have a job done right.

Drop in for a FREE check-up by our authorized factory-trained mechanics and let us detail the service your car should have this spring.

Briefs From County Agent's Office

Remember this is "Scrap Iron Week." If you haven't hauled in that old scrap iron that you don't need, do it now.

Now is the time to start work on your orchard. One-half to one acre planted to a variety of fruits chosen to ripen in succession will supply your family with fresh fruit in season and provide a surplus to can, dry, or preserve and pickle for winter use.

If varieties are carefully selected we can count on some fruit almost every year. If you are interested in a home fruit plot and want some help in selecting varieties we would be glad to help you.

All fruit trees and grape vines should be pruned during the dormant season of the plant. Now is a good time to get this done. Pruning will help maintain the balance of the tree and will also stimulate growth. Give particular attention to thinning out lateral branches that are too close, shortening branches that have grown too long, and cutting out all dead and diseased branches.

When you prune your grape vines make some cuttings from some of your better grapes. Make the cuttings long enough that you will have four good buds. Cut across the seam of the bottom bud and leave about one-half inch of wood above the top bud. Tie these cuttings in a bundle with the buds all turned the same way and bury them in the ground with the butt end turned up, cover with five or six inches of soil and water often enough to keep the soil moist.

In the spring when the ground is warm enough, set these cuttings out in a row in the garden where you can water them during the summer. Next winter these plants should be transplanted in the home vineyard. About half of the cuttings can be expected to develop into good plants.

Home vegetable gardens will be more important and more popular this year. Every family that can should have a garden. Every farmer in Lamb county should have a garden and many of the people living in town, where they have sufficient space should try a garden.

We do not believe that people in

town should plow up lawns or flower gardens to try their hand at vegetable gardening, but if you have the space, and it doesn't take much, try your hand at gardening this summer.

If your cattle are not doing as good as you think they should, maybe they have lice. One pound of derris powder containing 5 per cent rotenone, 10 pounds of wettable sulphur and 100 gallons of water mixed up and used as a wash will rid cattle of lice. Treatment should be repeated in 18 to 21 days and as many as two or three treatments are usually necessary. The above amount will treat 10 to 15 head.

The following 4-H Club boys plan to show beef calves at the Littlefield Show on March 28: Bob Edwards, Garland and Herman Rose, Douglas and Donald Adams, Overton Phillips, Jomeryl Harmon, Laverne Nicholson, Jack Dyer, and Charles Tyler.

Mr. E. C. Ross of Littlefield has been approved as a contractor for terracing work under the AAA terracing program for Lamb county. Mr. Ross lives two and one-half miles east of Littlefield on Oklahoma Avenue.

Mattress Program Drawing To Close

The Mattress and Comfort program in Lamb county is drawing to a close. Because the mills which have been making the mattress ticking and comfort percale are being used to produce defense material there will be no more material. That which is already in the county AAA office will be hand processed into articles at the Littlefield Mattress Center which is the Cannery building. There will not be a mattress for all those who made application. There will possibly be enough comfort material for each family to have a comfort. The Center opened February 23 and will run until completed.

Report 1,090 Men Register In Lamb On February 16

At present Lamb county has 1,090 registration cards from the February 16 registration, which include some received from other local board areas. About 100 cards were transferred from Lamb county to their respective boards.

We are trying to get ready to have our opening service in the New Auditorium March 22, and we need everyone to help us. At a time like this it seems to us that everyone ought to turn to the worship of God and try to do what they can for the carrying on of the Kingdom of God.

Revival To Be Held At Assembly of God Starting Sunday

There is a revival to begin at the Assembly of God Church on Sunday, March 1, to continue for two weeks. Mr. and Mrs. Clarence Strickland of Lockney, Texas, will be the evangelists. Mr. and Mrs. Strickland conducted a successful revival here at the Assembly of God Church last August. Everyone who heard them are anxious for them to come back for another revival. We are expecting this revival to be even a greater success than the one last summer. Mrs. Strickland is a very successful evangelist, and has had some outstanding revivals. Mr. Strickland will have charge of the music and will direct the choir singing. The public is invited to attend any and all of these services. A. J. WILLIAMS, Pastor.

500,000 Register On February 16

General J. Watt Page, State Selective Service Director recently sent the following wire to the National Director in Washington:

Based on 1940 and 1941 Selective Service registrations, which in Texas totalled more than 860,000, it has been anticipated the Feb. 16 enrollment would reach the 500,000 mark. The difference can well be accounted for, General Page explained, by the fact that since the President's proclamation soon after Pearl Harbor, designating February 16 as Third Registration Day, many thousands of young Texans have not waited for the Selective Service processes but have volunteered in one of the many branches of the Nation's armed forces.

Harris county, where 42,570 men were registered, topped the state, while Dallas county came in second with 31,459 men signing up, it was officially reported at State Headquarters.

The third national lottery, which will be held in Washington probably around the middle of March, General Page said, will determine the order in which registrants coming within the purview of the February 16 registration will be called for military service.

General Page paid high tribute to the Selective Service personnel throughout the state, to the State Department of Education in making the school buildings and services of teachers available, and to the thousands of other patriotic citizens who volunteered their services, without financial compensation, for their efficient accomplishment of the registration of almost a half million men within the prescribed 14 hours. He said:

"I cannot too highly praise and commend these patriotic Texans for a tremendous job well done."

"Also, for their valuable services in informing our citizenry on the essentials of the registration and for their uniform wholehearted cooperation since the beginning of the administration of Selective Service in Texas, I want to express my deep gratitude to the daily and weekly newspapers, radio stations, and theatres throughout the State. All have played a very important role in the successful performance of a grave responsibility to our Nation."

BLUE BONNET CLUB MEETS

Mrs. Eunice Baccus was hostess to the Blue Bonnet H. D. Club Thursday, February 19.

Mrs. W. E. Stephens gave a reading on the Rural Woman's Part in the Defense Program is being "Good Homemakers." Subject of the lesson, "Poultry Profit is Management."

It is easy to learn something about everything, but difficult to learn everything about something.

Mrs. Ernest Gaston gave a report on "Proper Housing of Birds" which is very essential. Proper housing requires a well ventilated house, warm and sanitary.

Miss McCurdy gave "Adequate Feeding." Be sure to start your chicks with the proper feed, a well-balanced ration, and watch them grow.

Mrs. V. E. Baccus gave some notes on "Sanitation." First be sure the brooder house is clean and brooders in good working order. Cover floor with clean litter every day. Have brooder temperature around 95 degrees F. and reduce 5 degrees per week.

Club members present were Mesdames V. E. Baccus, Henry Meyer, Ernest Gaston, Hershel Matthews, W. E. Stephens, Eunice Baccus, Brontner, Home Demonstration Agent Miss Meatrix McCurdy, and one visitor, Mrs. Edd Lane.

All enjoyed lovely refreshments of punch and cookies. The club will meet with Mrs. Ernest Gaston March 5.

## Seed loans Being Made To Farmers

Crop production, vitally important this war year, is being financed by the Emergency Crop Loan Act of the Farm Credit Administration through loans to farmers in need of credit assistance. These loans, usually known as "seed loans" are the oldest form of Federal aid to farmers in producing crops, having been successfully administered by this pioneer agency for many years. In addition to cash crops, this year has always urged borrowers to follow a balanced program with a proper acreage of feed and food crops. Planting a home garden has

been a prime requirement in securing a loan but this year the growing of bigger and better home gardens is emphasized more than ever before, according to W. E. Farwell, Regional Manager of the Dallas Emergency Crop Loan Office, which administers these loans in Texas.

"Not only is this verbally impressed by our Field Supervisors and application writers but every check disbursed to a borrower is accompanied by a message on this subject printed on orange paper which cannot be overlooked", says a recent statement from Manager Farwell. "Food for Victory is far more than a slogan. Within another year no one in America will need to be convinced of this. With our organization it is receiving top consideration now during the planting period", the statement concludes.

### Tire Rationing Regulations Are Being Modified

Farmers, if they have no other means of transportation, defense workers, taxi operators, and essential traveling salesmen will be eligible to buy new automobiles under rationing regulations announced recently.

Aside from these groups, the eligible list follows in general that for rationing of new tires and includes physicians, visiting nurses, fire fighters, policemen and others regarded as essential to protection of safety and health.

No one will be permitted to buy a new automobile, however, unless the local rationing board is satisfied that the applicant's present car is not adequate for the duties he performs.

Rationing is effective March 2 and will govern the sale of the 340,000 new automobiles made available for distribution this year.

The Office of Price Administration directed that local rationing boards require an applicant to prove his need for a new car in the light of conditions peculiar to his community, and officials predicted that, with less than 10 per cent of last year's automobile production available for sale during the next 12 months, "many persons on the eligible list will not be able to get a new car."

Within these qualifications, the following will be eligible for purchase certificates:

Physicians, surgeons, visiting nurses and farm veterinarians; clergymen; institutions needing ambulances; police departments; other public health and safety officials; mail carriers; taxi operators; persons using cars in connection with "essential construction, maintenance and repair services"; executives, technicians, engineers and workers directly or indirectly connected with prosecution of the war; federal, state, local and foreign government officials engaged in duties directly connected with public health, safety, or the war effort; farmers lacking other means of transporting produce or supplies to and from market; traveling salesmen handling essential supplies; and persons carrying newspapers for wholesale delivery.

### Littlefield Campaign— (Continued from Page One)

joint luncheon was held especially for the purpose of setting in motion the salary allotment plan in Littlefield.

The meeting was presided over jointly by Dr. Ira E. Woods, president of the Rotary club, and Earl F. Wilson, president of the Lions club. Talks were made by Pat Boone, Lamb county chairman for the sale of defense bonds and stamps; F. A. Hemphill, superintendent of schools, and E. C. Cundiff, secretary of the Littlefield Chamber of Commerce, and by a number of executives of Littlefield concerns.

Mr. Boone informed the Leader that Lamb county's February quota in bond and stamp sales has been set at \$60,000 and that the county will exceed this goal. There have been several purchases of \$5,000 in bonds, which helped push the February purchase up rapidly.

Mr. Boone and a number of other Littlefield citizens will attend the all-community defense rally, which will be held in the Sudan High school auditorium Friday night.

ficer, Major M. Saunders. This campaign will be from March 1 through March 8, services commencing at 8 p. m.

Captain V. Van Syckle from Dallas will be speaker at most of these services, and in addition three other features are scheduled.

On Tuesday, March 3, Rev. Sharp of the Methodist church will be in charge of the service.

On Thursday, March 5, Rev. Shahan of the Baptist church will have charge of the meeting.

Saturday, March 7, will be a novelty meeting called an "Amateur Night," and anyone who can sing, play or whistle, etc., will be eligible to compete. Three prizes will be awarded; the audience to be the judges.

Considerable prayer has been offered for the success of these meetings, and a prayer meeting will be conducted today at 4:30 in the hall. These services are all open to the public and all are invited.

six great-grandchildren. They were all at her bedside except three, who were unable to be there. She is also survived by five brothers and two sisters.

Mrs. Wade was a member of the Pentecostal church, having made a profession in faith in God in her early childhood and joined the church at the age of 10 years.

She leaves a large number of friends in Littlefield, Mineral Wells and Perrin, who mourn her passing. The beautiful floral offering at the funeral was an expression of love and honor and a tribute to the life she lived before her friends and loved ones.

Her children who survive are: Mrs. R. E. Polk, Mrs. Sidney Polk, and Mrs. Robert McDaniel, all of Littlefield; Mrs. Carl Holloway, Wichita Falls; Mrs. Ollie Gimmell of Perrin; Mrs. I. D. Kinderkirk of Perrin; Alton Wade of Breckenridge; George Wade of Littlefield, and Sid Wade, Lester Wade, and Otis Wade, all of Perrin.

Mrs. R. E. Polk and family, Mrs. Robert McDaniels and family, George Wade and family, and Mrs. Sidney Polk and family returned to Littlefield last week from Mineral Wells.

### BELMONT WILLIAMS— (Continued From Page 1)

when this writer inquired about Belmont:

"Although he is, no doubt, a prisoner of the Japanese, we know that he is still singing. His mother, who passed away three years ago, always declared that Belmont could sing, under any circumstances."

"Since Belmont has a pharmacist's rating," they continued, "we can imagine that he is working in a hospital somewhere in Japan, and we're sure it is a very 'bitter pill' to doctor the injured Japs, who, no doubt, were in combat with Gen. McArthur's army."

His mother passed away in a local hospital on Belmont's birthday, November 30, 1938. He attended high school in Amherst, and was one of the major players on the football team. He completed his high school work in the high school in Eastland. The Williams family came to Amherst in 1928.

Before Belmont was removed from the island of Guam, he made a trip to China, and from there he sent home a beautiful chest, similar to a cedar chest, but made of the most expensive wood, with much Chinese engraving on it. The chest had not arrived in Amherst Sunday by Mr. Williams said he had received a letter Saturday from the President of the American Shiplines, stating that the chest had been delivered to the Santa Fe Railway company at Houston, would go through the port of entry and be sent out here in the very near future.

The last letter received by his father and sisters was written November 16, 1941, and arrived here December 5, only two days before the bombing of the islands by the Japs.

In letters written previous to the last one, he declared that Guam was one of the best islands in the Pacific on which to live. His favorite pastime was climbing the very tall coconut trees, and he stated that the moonlight was always beautiful there.

On August 4, 1941, he wrote from the Naval hospital, somewhere in Guam, about a tropical typhoon. The letter is quoted in part:

"I've just been through my first tropical typhoon. The warning came Saturday at 5 p. m., when we went into condition No. 1. That meant that all hands would be aboard and secure all departments, etc., that would be liable to damage, in case the storm did come. The storm was predicted to strike about midnight Saturday, but fortunately it didn't. There was just mild wind and rain all night. Sunday morning we were still in condition No. 1, and the weather was about the same. BUT about 10 a. m. Sunday, when I was getting set for a nice day in bed, I was informed that I had the Sunday watch in the ward (which I was previously unaware of) and the signal for condition No. 2 was sounded. "The typhoon was definitely on its way and would strike about noon. Everything was all set and the hospital force was just watching and waiting for the thrust. From 10 a. m. to 1 p. m. the rain and wind kept increasing in velocity, at which time I believe it reached its climax. The tin roofs were ripping and the palm leaves and tree branches were flying. There was nothing we could do but just watch and attempt to handle any emergencies that might arise. The wind reached 99 miles per hour, which wasn't much compared to the 140 reached in the typhoon before this one. . . . The natives who live in grass huts and box board houses have to rebuild after every typhoon."

Besides his father and two sisters of near Amherst, he also has another sister, Mrs. Ellis Wilson of Los Angeles. Mrs. Terry and Sherry Williams were visiting Mrs. Wilson when the report of his being prisoner was announced. They returned home Sunday.
