

Death of Mrs. Wm. J. Aldridge  
Killed In Plane Crash July 4

Mrs. W. J. Aldridge of  
community received word  
morning, July 4, of  
accident of Ray Wright  
ew, a son of Mr. and  
at Wright also of Plain-  
a nephew of Mrs. Ald-

was said he may have been blinded  
by the sun, which broke through  
the clouds as the plane crashed at  
7 a.m.  
The 26 year old flyer was on his  
first cropdusting assignment for  
the Panhandle Spraying company  
of Memphis.  
For the past few weeks he had  
been employed as a part-time pilot  
of a cloud seeding plane for the  
High Plains Hall Prevention Asso-  
ciation based at the Hale county  
airport at Plainview.

He made his home with his par-  
ents there.  
Other survivors include a son,  
Gerald Ray, 2, of Fort Worth; two  
brothers, J. C. of Las Vegas, Nev.,  
and Bill of Plainview; two sisters,  
Mrs. D. W. Falls, Santa Fe, N.M.  
and Mrs. A. M. Strickland of Lub-  
bock.  
The body was removed to a  
Plainview Funeral home, and fune-  
ral services were held Thursday af-  
ternoon at six o'clock. Attending  
from here were Mr. and Mrs. Will-  
iam L. Aldridge, a cousin of Wright  
and the aunt and uncle of Fieldton.

No More Shorts In Public  
Rules Wichita Falls Sheriff

WICHITA FALLS, Tex. — (AP)  
It's getting so a gal can't ventilate  
around here any more.  
No more shorts in public, de-  
crees Sheriff Hammett Vance.  
And he's got a city ordinance  
that forbids the public exhibition  
of too much anatomy, bawking him  
up.  
Plus endorsement from a lot of  
the citizenry. The sheriff's office  
has been swamped with approving  
comment.  
Except one woman, who asked  
what should she wear? Leggings  
and a veil?  
"We are serious about this,"  
Sheriff Vance declared. "This is  
a clean, moral city and we are

going to keep it that way."  
It all started last week when  
the sheriff got riled about a  
couple of slick car hops diverting  
soldiers with their short shorts.  
These particular chicks had been  
in the coop before, the sheriff ex-  
plained.  
WILL NOT FAIL — "American  
farmers have never failed to an-  
swer the call of their government  
in a national emergency, and cot-  
ton growers will not fall once  
they realize the real threat of the  
cotton shortage to our national  
security."

COUNTY IS  
SHORT 1500  
CHOPPERS

Lamb county is badly in need  
of 1,500 more cotton choppers  
right now, says J. D. Jordan of  
the Littlefield office of the Texas  
Employment Service, but the  
labor shortage in this county is  
no different than prevalent in  
practically every one of the South  
Plains counties.  
And it is not cotton choppers  
alone that are in scarce supply;  
jobs are open in practically every  
category, and anyone who wants  
to work need not be without a  
job another day, or another hour.  
Whether the chopper shortage,  
most acute of all labor problems  
here, can be met, or can be allevi-  
ated sufficiently to save the local  
crop of cotton from serious deterio-  
ration, is a speculative matter.  
The employment service is doing  
everything possible, and is hope-  
ful that a quota of Mexican Nat-  
ionals of a thousand or more will  
come into this area in the next  
few days.

higher pay rates in some instan-  
ces. Unless there is a quick  
change in the shortage picture,  
the prospects are that the wage  
level for choppers will rise.  
School students are working in  
the fields to some extent.  
Certain it is that there will be  
a job for every man who wants  
to work here for at least the next  
30 days in the cotton fields. And  
if hail and rain had not damaged  
thousands of acres of Lamb coun-  
ty cotton, the shortage of chop-  
pers would be twice as bad, more  
seriously acute than it is.  
The defense production effort  
now just getting underway, has  
drained many workers out of Lit-  
tlefield, Lamb county, and the  
South Plains, as they have migrat-  
ed to industrial communities and  
higher wages. And there is little  
prospect that the shortage will be-  
come anything but worse in the  
months ahead.

District 2 Tournament To Open At  
Chapman Field, Lubbock, Tuesday

As reports kept coming in,  
bringing further interviews and  
details of the big rain, hail and  
windstorm, the latter identified as  
tornado which wrecked a big cot-  
ton elevator, and caused hundreds  
of thousands in crop damage dur-  
ing last Sunday night, a summary  
reveals that there is little on the  
good side of the ledger to report  
from the Olton area—except for  
one thing—there was no loss of  
life.  
All conversation on the streets  
of Olton, and in the north section  
of the county this week, has cen-  
tered on only one thing—the  
storm, and the amount of damage  
countless neighbors suffered as  
they compared notes.  
The work of clearing the wreck-  
age proceeded with no let-up for  
the fourth of July holiday, as  
farmers prepared to replant wash-  
ed out cotton plantings with grain  
sorghums.  
One of the heaviest losers of  
cotton acreage was Len Irwin,  
a former sheriff of Lamb county,  
who owns 500 acres of cotton land  
three miles west and one-half  
mile south of Olton, the land be-  
ing farmed by W. M. Smith.  
Irwin said he has lived on the  
place thirty years and there was  
more water in the lakes Monday  
morning than he ever saw in  
them before. It rained for four  
hours at Irwin's place and hailed  
for two hours. It was the second  
planting of cotton on the Irwin  
land and the crop had been culti-  
vated twice. Sudan and other row  
crops were badly battered.  
Irwin, a pleasant Khaki clad six  
footer, like most of the losers in  
the weather vagaries, took a  
philosophical attitude. Said Irwin,  
"It could have been a lot worse.  
Some good people could have been  
killed."  
Mr. and Mrs. S. L. Knox, an eld-  
erly couple living on their farm  
two miles west and a mile south  
of Olton, were stranded in their  
home until up in the morning to-  
day. Water was half knee deep in  
the house at one time during the  
night but at 9 o'clock Monday  
morning had receded to floor lev-  
el.  
Mrs. E. J. Carlisle, a mile west  
and a half mile south of Olton,  
said hail began falling at their  
place at five minutes past twelve  
and continued hard until 12:45.  
The hail varied from small to  
large stones, she said.  
Mrs. Carlisle said her son, L. I.  
Carlisle who farms ten miles  
north of Olton, was hailed out.  
Mrs. Carlisle said she drove five  
miles south of Olton Monday and  
viewed the damage and hail had  
fallen as far as she drove.  
Among farmers reported as  
"wiped out" by the hail in the  
southwest area around Olton were  
George Brown, Paul Burr, Dick  
Thompson and W. G. Green.  
Residents said the hail and rain

Legislative Investigating Committee

THE WINSLOW AMERICAN IS  
A ONE WOMAN NEWSPAPER

WINSLOW, Ark. — (AP) — The  
weekly Winslow American is one-  
woman newspaper.  
Mrs. Maud Duncan, a sprightly  
widow of 77, has published the A-  
merican alone since the death of  
her husband, founder G. N. Dun-  
can in 1918.  
Miss Maud — as she is fondly  
called by townfolk — rounds up her  
news items, sells the advertising,  
hand sets all of the type and  
prints the paper on a foot-powered  
press.  
There's nothing unusual about  
it, Mrs. Duncan insists.  
"I think it would be highly un-  
usual for an able-bodied woman to  
sit down and give up just because  
she isn't able to hire people to do  
the work."  
A typical day finds Miss Maud  
up at dawn and in town after  
breakfast checking news sources  
picking up her mail at the post-  
office and selling an ad or two be-  
fore returning to the office.  
On the day the American goes  
to press, she sits down at an open

type case, grabs a "stick" and sets  
the news — she seldom writes it  
out beforehand — then the ads and  
starts making up the page forms  
stop an old billiard table bequeath-  
ed by a bankrupt pool hall prop-  
rietor.  
After the forms are justified  
tightly, she locks one on the old  
standard press at a corner of the  
shop, inks the rollers, takes a  
deep breath, hops aboard a bicy-  
cle seat attachment and begins  
pumping away at the pedal. "It's  
sort of fun when you get onto it."  
Her newspaper, 9 by 12 inches,  
ranges from two to eight ages.  
Each page must be printed sepa-  
rately.  
The tiny editor has become an  
institution in northwestern Arkan-  
sas.  
"She's done a lot for Winslow,"  
says Mayor E. A. Hobbs, "and  
every time you see her and get  
caught up in that enthusiasm of  
hers you know she'll keep on de-  
ing as long as she can walk."

# You And Your Congress

WAR NEWS, both good and bad, is throwing sand into the legislative machinery.

First, there was a move in the direction of peace in Korea from Russia's Malik. Then came a full realization of the seriousness of the situation in Iran.

Both developments occurred as Congress, after just six months of scant accomplishment, was getting down to cases in four related fields—inflation controls, taxation, appropriations and foreign aid.

Incidentally, those four issues suddenly became both the minimum and maximum possibilities for Congressional action for the rest of this season.

These uncertainties abroad brought into sharp focus the question that has troubled Congress for months:

Shall we accept the philosophy of officials of the State Department and of the mobilization program that no matter what happens, we must carry on our present mobilization for at least two more years?

Or is the situation clearing up so that we can slow down our preparedness efforts a bit?

In terms of wage and price controls and other provisions of the Defense Production Act, this situation was particularly acute.

The act expires this week-end. As the deadline approached, Congress was about to give up any hope of

coming to a decision before midnight, June 30. There was talk in the Capitol corridors that a short stop-gap extension might have to be adopted to permit the legislative mill to grind out an answer.

The answer would have to come out of this new dilemma: Does the superficially bright Korean situation indicate that pressure on the economy will be relaxed and that controls can be softened? But even should that be the case, will Iran become another Sarajevo and produce a new and immediate emergency which might require more controls?

New Taxes on both individuals and corporations and in the excise field have just been approved by the House. They total \$7.2 billion. That is—or is not—enough to balance the budget, as far as is known now, depending on your point of view.

Protracted hearings on the measure began this week in the Senate Finance Committee. At best, final Congressional action can not be expected before Labor Day.

That gives Congress a welcome breathing spell. Perhaps in these next two months it will become apparent that the voice of Malik went around the world on the wings of peace, and the tax load can be lightened. Or that the oil of Iran has become the fuel for World War III, and still heavier tax burdens.

When it comes to appropriating money for whatever is ahead, Congress could take an easy way out.

Hearings are proceeding on a \$60 billion military appropriation. Final action may be delayed in the hope that the needs of the future will become known.

But if the uncertainties continue, Congress could simply approve all, or some arts of the 60 billion, then give the Defense Establishment carte blanche to proceed. That would shift from Congress to the military leaders the responsibility for guessing what the nation will need one year hence. Planes and tanks and guns can't be turned out overnight.

Just three days after Malik took to the air, the House Foreign Affairs Committee started consideration of President Truman's request for another \$8.5 billion for military and economic aid in many parts of the world.

Here again, the question was, "What to do?" Secretary Acheson of the State Department had a ready answer. The thing to do, no matter what happens in Korea, is to continue to help as many countries as we can, he said.

Congress is troubled. On June 30, about all some of the members could do was to muster a faint smile and greet each other with a laconic: "Happy Fiscal New Year."

## Typhoid Fever Real Danger to Campers

"Now that summer has come to Texas it is time for people who expect to enjoy camping during the warm weather to be sure that they are adequately protected against typhoid fever," according to Dr. Geo. W. Cox, State Health Officer. "Although the public health strides of recent decades have practically eliminated typhoid fever as a threat to persons living in communities with approved water supplies and good sanitation, the disease remains a real danger to those who swim, camp or picnic in remote rural areas."

"Typhoid fever is transmitted from one person to another by means of water, food or milk that

has been contaminated by discharge from a patient suffering with the disease or from an apparently well typhoid carrier.

"Spectacular reductions in typhoid fever cases and deaths as compared with those of a generation ago should not give the public a false sense of security. There has been 95 cases of typhoid and paratyphoid fever in Texas in 1951—in spite of community efforts to improve sanitation, isolate patients and supervise known carriers. This indicates that it is still highly desirable for individuals who may be exposed to unfavorable conditions to safeguard themselves by seeking protection at the beginning of the

vacation season.

"Immunization is a simple and safe procedure. Since this immunity lasts for only three years, anyone who has not been inoculated since 1948 should receive new protection this year. In addition, persons who have never in the past availed themselves of this preventive measure should by all means do so now if they plan to participate in outdoor pleasures. All persons who are due for immunization against typhoid fever in 1951 should go to their physicians without delay if they have not already received the recommended inoculations."

## Draft Law Extended To July 1, 1955

AUSTIN Texas July 2—The draft law, scheduled for expiration, July 9, has been extended in amended form to July 1, 1955, Brigadier General Paul L. Wakefield, state draft director, reminded Texas people today.

General Wakefield noted the following important changes in the

Selective Service act:

1. Men inducted will serve for 24 months as compared to 21 under the old law. Males must register at the age of 18, as formerly.
2. Men are liable for induction at age 18½ instead of 19. No one below 19 can be inducted so long as a board has eligible older men.
3. Physical and mental standards for service have been lowered, with the result that some men now classified IV-F will be found suitable for I.A.

4. The present strength of the armed forces, approximately 3½ million, can be raised to 5 million men.

5. Except for cases of extreme hardship, a man may not be deferred for dependency on the basis of a wife alone.

6. Men now hereafter deferred on educational, occupational, farming, or dependency grounds will remain liable for service until age 35. Men not deferred are liable only to 26th birthday.

7. Conscientious objectors to military service shall be ordered by local boards, subject to regulations prescribed by the President, to perform civilian work in the national interest for 24 months.

8. Men entering the service by way of a draft board are obligated to serve six years in the reserves after discharge.

9. High school students will be deferred until graduated, until they attain age 26, or until they fail school work.

10. Some college students may be deferred on the basis of class standing during last completed school year, or on the basis of a government-sponsored test. The local board is not bound to defer on the basis of this information, but can defer on consideration of it. Some other college students may be deferred on a less competitive basis.

11. No inducted man may be assigned overseas until he has had four months training.

12. All enlistments in the armed forces, reserve and regular, which expire after July 9, may be extended by the President for one year. No person shall have his enlistment extended a second time.

WIDENING USAGE—"The scientists and King Cotton are working together to adapt nature's nearly perfect fiber to steadily widening usage."

## OPS Specialist To Be Here Monday

In its continuous efforts to help businessmen to comply with the regulations of the Office of Price Stabilization, the Lubbock district headquarters will again send out price specialists next week to conduct almost 50 price clinics in the 69-county district.

Lee R. Gamble, a price specialist in the Fuels & Chemicals branch, but also familiar with the regulations of the other branches, will be in Littlefield next Monday morning, July 9, 1951 to help merchants of the area to bring their firms into compliance if they have not already done so.

While here, he will maintain offices at the Chamber of Commerce, and invites all types of businessmen to bring their questions to him.

Meanwhile, C. J. Taylor, district price executive, urged operators of businesses to continue to write to the district office for information they need. The district Office of Price Stabilization is in Broadway Building, 1202 Texas Avenue, Lubbock, Texas.

## "How To Raise Delinquents" Is Magazine Subject

"How to Raise Delinquents" is one of several articles dealing with delinquency in the July-Aug. issue of the Christian Parent Magazine on sale for the first time in Littlefield at Roden-Smith and Stokes Drug stores. This family magazine, Biblical in its entire approach, seeks to help the fathers and mothers of today in rearing better and happier children. This publication appearing monthly except in August is edited by a minister whose love for the Savior and children can be felt on every page of each issue.

For a better and happier home, get your helpful copy of the Christian Parent Magazine on sale at Roden-Smith or Stokes Drug stores. Sale price 25c. Copies available are limited.

## Information For Veterans

### QUESTIONS and ANSWERS

Q—I was separated, but not divorced, from my husband—a World War I veteran—at the time of his death. His service-connected disability, confidentially, did not cause his death. If I meet eligibility requirements, would I be entitled to a pension, even though we were separated?

A—Yes, if you can establish that the separation was due to the misconduct of, or procured by, your husband, with no fault on your part. Also, you would have to meet the income requirements and have not remarried.

Q—I recently received my NSLI dividend from VA, and I'm pretty sure the amount is wrong. Where do I write to get things straightened out?

A—Write to the VA district office handling your account. Be sure to include all necessary information so that office can readily locate your file—such as full name and address, insurance number and service serial number.

Q—in 1943, I received an honorable discharge as an enlisted man to accept a commission, and I have been on active duty ever since. Am I eligible while still on active duty for GI Bill schooling benefits on the strength of that

### Personal To Women With Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 60 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

## DOAN'S PILLS

### HEART ATTACK OR INDIGESTION?

THANK HEAVENS! Most attacks are just acid indigestion. When it strikes, take Bell-and tablets. They contain the fastest-acting medicines known to doctors for the relief of heartburn, gas and similar distress. 25c.

### How to Treat Painful Piles

For fast, blessed relief from sore, itchy, itching, simple Piles, get CHINAROID from your druggist. See how fast it usually soothes away pain, soreness, itching, nervousness. See how it cools fiery burning and helps shrink and heal swollen tissues. Wonder-soothing CHINAROID must prove a blessing to you or money back is guaranteed.

### CHINESE YOUTHS FLEE DRAFT

PENANG, Malaya (AP)—Three hundred and fifty youths who faced conscription under Malaya's call-up provisions sailed for Canton by ship while another group of 200 is expected to move out in another vessel within a week or more. This exodus is part of a Chinese movement of youths to escape military service here.

discharge? A—No. A discharge granted merely for the purpose of changing military status is not sufficient under the law to qualify you for GI Bill benefits.

Q—I got 1 military service in 1948, after World War II, and was discharged recently. Would I be entitled to GI Bill benefits? A—No. One of the qualifications for GI Bill benefits is World War II service.

Medicinal substances are frequently found in herbs, shrubs and trees, among them being arnica root, strychnose nux-vomica from nux vomica seeds, ginger from ginger rootstock, digitalis from foxglove leaves, belladonna from the deadly nightshade root.

# ANS IN WASHINGTON

BY TEX EASLEY

AP Special Washington Service

July — (AP) — Most of Congress feel that the American lives have not been in vain. In fact, those who are in favor of the Korean conflict are of the determination to resist aggression. Expressing this sentiment, two Texans most prominent on the subject—Omar Burleson, Texas House member, and the House Foreign Affairs Committee, Texas senator, a Foreign Policy for more than a decade, say about the United Nations action. The United Nations Koreans launched across the 38th parallel. It has not been resisted by the United States. The United States alone for ourselves, and aggression. In Korea has made a deep impression on the entire world. It served notice on aggressors that they can not plunder and conquer free nations without suffering penalties for their total disregard for freedom and humanity. "Our enterprise in Korea has been a success. It was a stroke of freedom against tyranny and disrule. The God of Nations gave us success." Texas House member, asked their views when the Korean truce rumors first reached the Capitol, replied similarly. "To think of Korea in terms of losses and expenditures," commented Burleson, "it's hard to find a silver lining." "But, looking at it from a global standpoint, and trying to see what may be the ultimate good, several things are apparent." "There is no question but what it has weakened the Chinese communists. The peace-loving people there may be able to overthrow their aggressors. There is no question as to the unrest in China." "The Chinese communists have failed to advance or even hold their own ground in South China. According to our military authorities, they will have to build their

# IT NEVER FAILS

# Eating Is Necessary, Also Mighty Pleasant

Some folks say they live to eat, while others claim they eat to live. At any rate it would sure be hard to find many people who don't enjoy the thought of a big, thick steak and some French fries. Eating is a necessity and it sure can be pleasant. But there are some folks who can't enjoy good food... it just doesn't seem to agree with them. If you're one of these folks because of deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Nicotin, then this article is intended for you.

Guy H. Housley

Guy H. Housley, who lives at 641 14th St., San Diego, Calif., was one of those folks who couldn't enjoy food without having after-meal distress, but not any more. Mr. Housley heard how HADACOL was helping folks suffering from these deficiencies and began taking it.

Here is Mr. Housley's statement: "I am 40 years of age and have had a nervous stomach condition for quite some time. Couldn't eat hardly anything. Back in my home town, I bought a bottle of HADACOL and before the first bottle was gone, I could tell a difference. Then I came to San Diego and couldn't get it here. I sent back to Atlanta for it. Now, thank God, they have it on the market here and I have a supply in my house. Not only that, but I'm telling all my friends what HADACOL has done for me. I sleep well, eat anything I can get and feel wonderful. I could go on and on praising HADACOL, it's done so much for me."

**HADACOL Can Help You**  
Don't go through life putting up with a stomach that is easily upset.

army again from the ground up before they can attack Burma or Indo-China. At the time of the Korean outbreak they were definitely a threat on those nations and others in that part of the world where we get strategic materials." Burleson emphasized there were other aspects than the purely military setback suffered by the Communists. "Our role in Korea has shown the Communist world that we are not going to stand idly by and let them pick on one weak nation after another," he continued, "Remember, that is what Hitler did, and it led to World War Two." "The Korean conflict also has demonstrated that the free nations of the world must stick together to maintain peace. We must not let down our guard in the future." Rep. Tom Pickett of Palestine

said the Korean War "has served notice to the world that this country is determined to resist active aggression in an effort to prevent the spread of a third World War." He agreed that the United States must continue to maintain a strong army, navy and air force. "There's something else that we must give our serious study," he continued, "and that is the matter of trying to keep our expenditures within our income." Warning that unbalanced budgets can lead to bankruptcy and regimentation as surely as aggression from outside, Pickett said he favored taking all that is absolutely necessary for national defense and slashing domestic expenditures accordingly. "Taxes are now as high as our economy can stand," he added. "We are up to within about 3 1/2 billion dollars of balancing our output with our income. I am in favor of trimming down on domestic items, even if it hurts, and if there is any left, apply it to reducing the national debt." Rep. Olin Teague of College Station said the Korean war has provided a lesson to communists that will serve as a deterrent to their aggressive tendencies. "We had to have a Korea somewhere in the world," Teague said. "I think we've taught the international gangsters that we will fight for world peace." "If we're going to have world peace, we've got to remain strong and let such mobsters know that any time they want to destroy peace, they've got a fight on their hands."

**GRASSHOPPER BLASTERS JOLT HONG KONG**

HONG KONG — (AP) — Jittery Hong Kong dived for cover one day this week when the pro-Communist "Wen Wei Pao" blazoned the headline: "People's Air Force Goes Into Action for First Time in Chinese History!"

But the small-print story beneath cleared things up. The planes were eliminating grasshoppers, not people, and in Northwest Anhwei, not Korea. Four planes took part in the "mission".

**SPRAY ARGUMENT IS HONEY**

TISDALE, Sask. — (AP) — Most communities want to eliminate the lowly dandelion, but Tisdale has a different viewpoint. When the board of trade asked for a dandelion-spraying campaign, honey producer K. E. Baines told the town council dandelions are a big factor in honey production. Spraying might be harmful to the vast number of bees in the area, he said, besides destroying an important bee food. Tisdale recently chose a new slogan for itself, "The beehive of the north", because of its large district honey industry.

**FRUIT COOLERS FOR SUMMER**

By CECILY BROWNSTONE  
Associated Press Food Editor

Two good suggestions for summer parties are a punch and a molded fruit ring, both made with that good old refreshing standby—pale dry ginger ale. The punch is fragrant with strawberries and pineapple, perfect to offer on a weekend afternoon when a group of friends are relaxing with you on porch or terrace. Serve a simple ready-packaged sweet biscuit with the punch, get out your pretty punch bowl and glasses, and you'll have festive refreshment with little effort. Chill the ginger ale in the refrigerator well ahead of time and have the fruit ready—then it will only take you a second to put this delicious drink together.

You can use the pleasant Ginger Fruit Ring any time — for afternoon or evening snack after a game of bridge or canasta; for lunch with cold ham; or for dinner as salad-dessert after fried chicken.

**GINGER FRUIT RING**  
Ingredients:  
2 envelopes unflavored gelatin  
1/2 cup cold water,  
1/2 cup boiling water,  
1 1/2 cups pale dry ginger ale  
3/4 cup orange juice  
1 tablespoon lime,  
1 cup pitted fresh Bing cherries  
1 cup diced cantaloupe or honeydew melon, chiecy, mayonnaise.  
Method: Sprinkle gelatin on cold water; dissolve in boiling water. Add ginger ale, orange juice, and lime juice and stir well. Chill until syrupy. Fold in cherries and melon. Pour into mold that has been rinsed in cold water. Chill until set. Unmold on bed of chiecy and serve with mayonnaise. Makes 6 to 8 servings.

**SPARKLING FRUIT PUNCH**  
Ingredients:  
1 cup hulled strawberries,  
1 cup shredded pineapple,  
6 tablespoons lemon juice,  
1 cup sugar  
1 28-ounce bottle pale dry ginger ale.  
Method: Put berries and pineapple in bowl; add lemon juice and sugar and crush berries slightly. Let stand half an hour. Add ginger ale, stir well, and pour over ice cubes in a large bowl. Garnish with lemon slices and whole strawberries if desired. Serve in punch cups. Makes about 16 servings.

**FOUR YEAR OLD EWE PUTS OWNER INTO SHEEP BREEDING BUSINESS**

EL PASO, Tex. — (AP) — A four-year-old Hampshire ewe, named Chubby, has put her young owner into the sheep breeding business. Donald Leslie, El Paso County club boy, reports that Chubby has brought him eight lambs in three years. Her first offspring were twin lambs and the last two years she has come up with triplets.

Donald is using this high production stock as a foundation for a sheep flock. He plans to work on multiple birth with the flock. The young club boy also has three Southdown ewes received in a project program and has purchased two Rambouillet ewes and one Rambouillet Ram.

**Chinese Reds Say Plague Eliminated**

HONG KONG — (AP) — The Chinese Communists say they have won the nearly-hundred years battle to stamp out bubonic plague in the Onpu district of Kwangtung.

According to the Canton "Southern Daily", the rat-spread menace which appeared first in 1863 has been "basically" destroyed. One case was reported in April, but the patient was given treatment in time and has passed the danger period.

The Communist report credited the "scientific methods" of Peking's Health Ministry for checking the plague. In the past, the paper said, "feudal rulers and their Kuomintang successors" did nothing to control the plague, while the people themselves resorted to making an "annual offering to the gods on the 28th day of the first moon."

**New Neighborhood Grocery**  
714 West Sixth St.

Mr. and Mrs. Robert E. Ellinger established a new grocery store and market at 714 West Sixth and opened for business Monday morning.

They are carrying a complete line of staple groceries, dairy products, pastries.

Mr. Ellinger is a former Highway Department official and has been in the grocery business for many years.

Mrs. Ellinger is a former teacher and has been in the grocery business for many years.

The business is under the name of New Neighborhood Grocery & Market.

**Congratulations To:**

Congratulations to the following parents, whose babies were born at Littlefield Hospital the past week:

A daughter, Martha Sue was born last Monday, June 25th to Mr. and Mrs. Warren C. Tipton, weighing five pounds, eight ounces.

Mr. and Mrs. Neil Fred Landrum are the parents of a son born June 26th, weighing five pounds, eight ounces. He has been named Sidney Garen.

Mr. and Mrs. Reagan D. Ormand are the parents of a son weighing seven pounds, three ounces. He has been named Kem Carlton, and was born June 18.

Kathy Sue was born Thursday, June 28th to Mr. and Mrs. Jerome Albert Decker of Pep. She weighed six pounds, eight ounces.

Mr. and Mrs. Ervie L. Kyzer are the parents of a daughter born June 28th, weighing six pounds three ounces. She has been named Eveline Elaine. She is their second child and both girls.

**Make Strawberry Chiffon Dessert Before Fresh Berries Bow Out**

The strawberry season is much too short for everyone who likes luscious desserts so you can't serve them too often during their limited engagement at the market. Put your next pint of the beautiful berries, via gel-cookery, in a Strawberry Chiffon Dessert like the one in the picture. It's made with unflavored gelatine and whipped evaporated milk so it takes an honest claim for thrifty dessert honors. Only one pint of berries, but it serves 8!

Like all dishes made with unflavored gelatine, Strawberry Chiffon Dessert can be made hours in advance of serving time. If you'd like to serve Strawberry Chiffon Pie, turn the mixture into a baked 10-inch pie shell instead of a mold.

**Strawberry Chiffon Dessert**

1 pint strawberries	3 tablespoons lemon juice
1 envelope unflavored gelatine	1 teaspoon lemon rind
1/2 cup water	1 tall can icy cold evaporated milk
2/3 cup sugar	
1 teaspoon salt	

Crush strawberries with a fork reserving 3 for garnishing. Soften gelatin in water; place over boiling water and stir until gelatine is dissolved. Remove from heat; add sugar and salt and stir until dissolved. Mix in strawberries, lemon juice and rind; chill until the mixture is the consistency of unbeaten egg white. Whip chilled evaporated milk until stiff; beat in gelatine mixture. Turn into 1 1/2 quart mold. Chill until firm. To serve, unmold and garnish with whipped cream and sliced strawberries.

YIELD: 8 servings.

**Farm Serves As Classroom**

AMES, Ia. — (AP) — Classes are held in the farm yard and fields and machinery serves as 'text books' in one course at Iowa State College. This is the way the students in the course in farm management took their final examination at the close of this year's term.

They were taken to a nearby 153-acre farm, and given time to examine the buildings, tour the fields, note the type and condition of the soil, check the fences, observe the livestock and take inventory of the machinery. Then they talked with the professional farm manager and quizzed the tenant at length about every detail of the operation.

When they were through, the students sat down in the farm yard to answer a series of questions about their evaluations of the farm and its resources, and what they believed would be a good program for the future to get maximum net income for the owner.

Faculty members who helped plan the course say they believe it is a good way to tie together the teachings from the departments of animal husbandry, agronomy, agricultural engineering, and agricultural economics.

## Mrs. Throckmorton Hostess To H. D. Group Rerently

Whitharral Home Demonstration club held their regular monthly meeting at the home of Mrs. M. I. Throckmorton, Friday afternoon with the president, Mrs. Foy Howard, in charge.

Plans were discussed for the club booth at the Hockley County Fair in September.

An "auction" sale netted the club a neat sum of money.

The next meeting will be held with Mrs. Guy T. Hughes on July 6. The topic will be "Canning and Storing Vegetables at Home."

Present were Mmes. P. B. Harbin, L. E. McDonald, L. C. Lewis, Cecil Williams, and C. E. Throckmorton.

## Mrs. Duke Has Out of Town Guests

Mrs. Chassie Duke was made happy Monday when her daughter-in-law, Mrs. Carson Glass and son, Chrs. of Washington, D. C. arrived.

They will remain here for a time, and then will go to Austin to visit her parents, Mr. and Mrs. B. C. Mollberg, until September 1, when they will return to Washington.

Her other son, Emery Glass, Mrs. Glass and daughter, Diane, also arrived Tuesday night for a visit, returning to Odessa Wednesday.

Mrs. Duke is always most happy when her sons and their families visit her.

## Mrs. Hays Denney Honored At Shower

Mmes. Johnny Sparks, of Anton, Aaron Gray, Wade Strother, and Hollis Smith hosted a stork shower at Mrs. Smith's home in the Valley View community, Thursday afternoon for Mrs. Hays Denney.

A pink color scheme was carried out in the punch, sandwiches, cake and ice cream, served the honoree and Mmes. Jimmy Starnes, Coy Grant, J. C. Hodges, Pervadus Wade, Ray Denney, Raymond Denney, A. B. Roberts, Doyle Gilley, Warren Tipton Kenneth Tipton, L. H. Durrett, Davis Vaughn, Selma Boeing, Nell Matthews, Aubrey Kirby and Ray Lewis.

## Mrs. Allen Honoree At Surprise Birthday Party Recently

Mrs. Ed Allen was pleasantly surprised with a birthday party given by the women of the Ladies' Bible Class of the Amherst Church of Christ, Tuesday afternoon, following their class. It was in honor of her 71st birthday.

The group met at the ministers home and all sang "Happy Birthday" to the honoree. She received many nice and useful gifts. Refreshments of ice cream and cookies were served to the following: Mesdames Allen, H. W. Terrell, Ell Young, Claude Stine, Luther Caraway, O. P. Lane, D. L. Britt, Ida Hall, George Tooley, Alfred Schroeder, Misses Willie and V. O. White, La Velle Caraway and

## Lieutenant Eagan Stationed in Honolulu

Mrs. J. Don Eagan returned to Littlefield last Monday and will remain here with her parents, Mr. and Mrs. John A. Price, Westside Avenue, while her husband, Lt. (j.g.) Eagan is stationed in Honolulu, where he is taking two months night fighter training.

It. Eagan was stationed in Dallas for two months, after induction in April, and was then transferred to California, and Mrs. Eagan accompanied him to California about three weeks ago. Her father went to California and accompanied her home.

## Capt. Shotwell Assigned To Amarillo Air Base

Captain James E. Shotwell, son of Mr. and Mrs. J. T. Shotwell, sr. of Payne-Shotwell Hospital, Littlefield, Texas, has been assigned to Amarillo Air Force Base, Texas, as Dentist in the Medical Group, according to word received from the Public Information Office there.

Shotwell, a graduate of Jacksonville high school with the class of 1936, received his DDS from Loyola Dental School at New Orleans, La., in 1945.

Shotwell entered the service in 1942, and received his commission in the Navy in 1945. He recently received his commission as an officer in the Air Force.

Amarillo Air Force Base, one of seven technical and three indoctrination bases in the new Technical Training Air Force, a division of the Air Training Command, is at present the only Air Force Base for jet fighter and bomber mechanics.

## Rev. Dick O'Brien, Big Spring Pastor, To Conduct Revival

Dr. P. D. (Dick) O'Brien, pastor of the First Baptist Church at Big Spring, will lead in a revival meeting at the First Baptist church here, beginning July 26th.

The visiting pastor and the local Educational leader, Ernest Hock worked together for nearly five years in the past, and will of course work together as a team for the revival meeting here the latter part of the month. Rev. Lee Hemphill, pastor, says it will probably be one of the most successful revivals in the history of the church.

## SON IS BORN

Mr. and Mrs. J. J. Marshall of Abilene, Texas, announce the arrival of a son, Dan Michael, born June 25.

Mrs. Marshall is the former Wilma Lois Russell, daughter of Mr. and Mrs. E. A. Russell of this city.

Mrs. Russell has been at Abilene for the past two weeks with her daughter.

## Georgia Smith And Bill Behrman Are Married in Pretty Home Ceremony

In an impressive ceremony performed at the home of the bride's mother, Mrs. Lucille Smith, East Sixth Street, Wednesday, July 4, at 10 a.m., Miss Georgia Smith became the bride of Bill Behrman of Pampa. Rev. Frank Beauchamp pastor of the First Methodist church performed the single ring ceremony.

Wedding vows were exchanged before an improvised altar with a large round mirror serving as a background, flanked on either side by tall baskets of white gladioli and marconi daisies.

Miss Joan Beauchamp played the traditional wedding music.

Mrs. J. Don Eagan served as matron of honor and wore a white pique dress fashioned with a flared skirt, a fitted bodice, short sleeves, and a low rounded neck trimmed with heavy lace. She wore a white linen hat and linen pumps. Her colonial bouquet was of rubrum lilies and white mallow.

The bride wore a street length dress of white cotton lace over white taffeta. The dress was fitted to the hips, where it flared. The short jacket was designed with a jewel neckline, with white taffeta buttons on the shirring. The jacket buttoned down the back. The tight fitting sleeves were wrist length, and were buttoned with self covered buttons. Her hat was starched lace fashioned like a bonnet, and was trimmed with white veiling around the crown. She carried a white Bible, a gift from her "aunt" Lela Elms, which was topped with ararum lilies, and silver streamers. For something old she wore her grandmother's gold wedding band, for something new her dress, for something borrowed she wore a strand of Japanese pearls belonging to Mrs. Rheata Newgent. She wore the traditional blue garter. The bride was given in marriage by her "uncle" Jess Elms.

B. R. Behrman of Pampa was his brother's best man. Brodie Hutchinson of Levelland greeted the guests.

Mrs. Brodie Hutchinson presided at the guest register.

The bride's mother wore a natural linen dress and her corsage was of vanta orchids. The bride's grandmother, Mrs. Martha Garner wore a pretty navy sheer dress and her corsage was also of vanta orchids.

Immediately following the wedding ceremony, a reception was held at the Smith home. The table was laid with a handsome linen cloth. The large double ring wedding cake decorated with wedding bells, and a bow of white mallow centered the table. Other decora-

tions were the bride's bouquet and the matron of honor's bouquet. Mrs. Jess Elms, assisted by Mrs. Charles Duvall served the cake, and Mrs. John A. Price and Mrs. Allen Hodges served the coffee.

The bride chose a pretty blue palm beach suit with white nylon blouse for traveling. Her accessories were of black velvet. They will be at home in Pampa next week, where the groom is employed at radio station KPAT as commercial manager. Mrs. Behrman is a member of the Pampa Daily News staff.

The bride is a graduate of Littlefield High School, and of TSCW in 1949, where she majored in Journalism.

The groom graduated from Pam-

pa High school, and Southern Methodist University. He is a veteran of World War II, and served in the European Theatre of operations.

Attending the ceremony were Mr. and Mrs. Brodie Hutchinson, Mr. and Mrs. B. M. Berham, Pampa, Mr. and Mrs. Hubert Berham, Dallas, Mrs. Laura Belle Cornelius, Miss Vivian Lafferty, Vernon Lawrence, Mrs. Jessye Strupe, Mrs. Mary Forrester and daughter Mary Lou all of Pampa, Mr. and Mrs. Jess Elms, Mrs. Rheata Newgent, Mr. and Mrs. John A. Price, Mrs. Don Eagan, Mr. and Mrs. Charles Duvall and son, Shelly, Mr. and Mrs. Allen Hodges Rev. and Mrs. Frank Beauchamp and daughters Joan and Lela.

## About People You Know

Mr. and Mrs. Jack Farr returned home Wednesday night from Mountain View, Oklahoma where they spent a few days visiting his brother, Mr. and Mrs. Hayes Farr and family.

Mr. and Mrs. Lem Madden of Memphis, will spend the next two weeks in the home of Dr. and Mrs. Ira Woods, visiting Mrs. Wood's mother, Mrs. Sally Thomas, who is Mr. Madden's sister. They will also visit Mrs. W. H. Madden here.

Mr. and Mrs. Felix Haltom and two sons, Bucky and Billy arrived home Saturday night from California, where they visited his two brothers at Long Beach. They also visited in Los Angeles. They returned home via San Diego, and went across the border there into Old Mexico, and they stopped a day at El Centro. Mr. Haltom is manager of the Sprouse-Reitz Variety Store.

Miss Doris Ratliff, bookkeeper at Dunlap's Department Store is taking her annual vacation. She spent last week in San Francisco, California, visiting points of interest.

Mr. and Mrs. J. V. Eagan spent the 4th at Ruidoso, N. M. where they attended the horse races. They spent Tuesday night at Roswell, N. M.

Mr. and Mrs. Pat Boone, sr., left Thursday afternoon to spend most

of the remainder of the summer at their ranch home near Elida, N. M. Mrs. Viva Huffman, past grand matron of the Grand Chapter of Texas Order of the Eastern Star, of Houston, is expected to arrive Sunday to spend a week with Mr. and Mrs. Boone at the ranch.

Mrs. Charles Duvall underwent major surgery at St. Mary's Hospital at Lubbock Friday morning. Mr. Duvall is manager of the West Texas Gas Company here.

Mr. and Mrs. Jack Foust and Mr. and Mrs. B. D. Garland, jr., spent July 4th at Ruidoso, N. M. They left Tuesday afternoon and camped out that night.

Mr. and Mrs. Ernest Sell and daughters Ernestine and Carolyn and Don Sides spent the past weekend fishing on the Concho River at San Angelo.

Mrs. Frank Repman, accompanied by her niece Mrs. Harry Crowley spent Thursday in Lubbock attending to business. Mrs. Repman arrived last week from California and is spending a few weeks here while her husband is in Chicago on business.

Mrs. C. E. Cooper and her brother-in-law, Bill Morris were called to Ohio the past week, due to the serious illness of a relative.

Famed Downing St. in London, on which is located the home and office of the Prime Minister, was named after an American, George Downing, the son of a sister of Gov. Winthrop, of Massachusetts.

## It's Good for You!

Standard equipment, accessories and trim illustrated are subject to change without notice

These are days to try the mettle of a man. There's his world to worry about—his country—his business—his family. And there are his own hopes and aspirations.

And, yet, a man must go on. Everything he plans for demands a tilt to his head and a lilt to his spirits.

And that's where his Cadillac comes into the picture—for here, beyond all question, is one of the world's great therapeutics for a world-weary man.

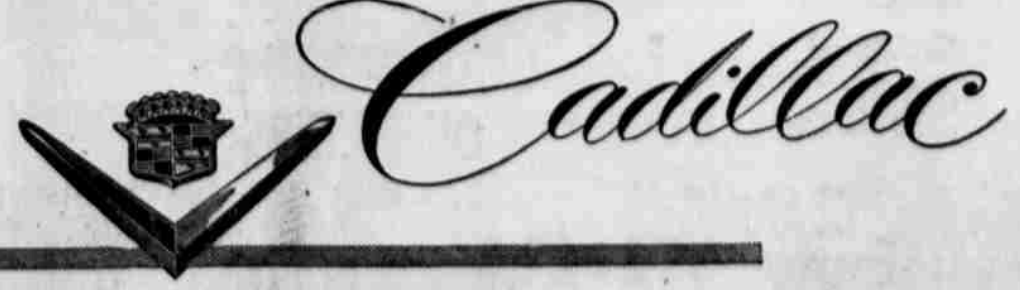

Just to look at it, in the driveway, is an inspiration—proud, beautiful, eager and substantial.

And, oh, how you rest when it takes to the highway!

There's the deep-throated lullaby of its powerful engine; there's the soothing, restful, relaxing ride; and there's the soft swish of the wind as it flows past the streamlined body. Men look forward to it throughout the day.

We have it on the word of a great statesman, and a great surgeon, and a great general—and simply thousands of others who are weary with the heavy burden of things as they are—that the hour at the wheel of a Cadillac is the relaxing one of the twenty-four.

So there you have the prescription. Better come in and see us today—and arrange to have it filled.

# 'Lew Hanover' Cops \$25,000 Prize In Winning First Racing Event

By RALPH D. HALL  
 (AP Newsfeatures)  
 SARATOGA SPRINGS, N. Y. — The harness racing world sat up in amazement last winter when an unknown trotter named Lew Hanover carried a \$50,000 prize tag.

Investigation by those who thought it was a typographical error caused even more astonishment. The four-year-old hadn't even won a race!

Turned Down \$40,000  
 The owners, Mr. and Mrs. Arleigh Wilkins of Marion, Ill., meant every penny of that fifty grand. They have turned down \$40,000 for the "mystery trotter."

The sale price caused quite a furore in the harness set, brought more visitors to Lew Hanover's stall here than to the great Proximity a year ago. They agreed Lew was a big and good-looking horse but were inclined to think the price tag a bit too plump.

Now, after watching the royally-bred son of Dean Hanover and Lady Pamela race twice at the Saratoga Raceway, things don't appear quite so amusing.

Never a winner in his only five starts a year ago, Lew Hanover raised eyebrows in his first stakes race here by roaming home third despite absorbing about all the tough racing luck imaginable. The wise owls were impressed but said the next time would tell more.

Hit the Jackpot  
 The next time said a mouthful. Lew Hanover hit the jackpot, licking a field of nine others in the \$2,700 Eric Stakes with a 2:09 mile that observers agree could have been at least 2:07 if he hadn't coasted the last quarter. Big Lew wiggled through four or five leaders, took the lead at the halfway mark and stayed in front to win by

# SPORTS

## Bulk of Big Leaguers Came Up Hard Way

By SID KRONISH  
 (AP Newsfeatures Sports Writer)

NEW YORK — Most successful major leaguers have come up the hard way. They have gotten their much needed experience in the minor leagues.

They learned their three H's — Littin', hurlin' and hustlin' — at Hard Knocks College. They traveled

three lengths. Strangely enough, Lew Hanover went into the race without a victory but as even money favorite.

Lew Hanover's fifty grand tag is looking sner now though, but his owners and 73-year-old B. Shively, veteran driver from Oklahoma, never thought it out of place. Besides his outstanding parentage, he possesses a remarkable mile record of 2:01 4/5 made last fall on the mile track at Lexington, Ky., with Mr. Wilkins at the reins.

Shively, the man who brought out the great trotter, Rodney, says: "I saw Lew Hanover earn his record last Fall and he certainly went at a two-minute clip because the track was about two seconds off."

## FROM THE GRANDSTAND

By WILBUR MARTIN  
 Associated Press Staff

FROM THE GRANDSTAND — This is the time of the year the postman may bring to your house a letter from the dear old Alma Mater.

The letter wants to know how many telkets you want to the Old Team's football games this Fall. If your Alma Maer doesn't happen to be one of the big schools here in Texas, your chances of getting tickets to the annual football classics are pretty bad.

The Texas - Oklahoma, Texas-Methodist, Texas-Texas A & M

of present and past big league stars who made their entrance via the minor league door.

Here is the list for the three top minor leagues:

International League: 1B-Jimmy Foxx, 2B-Charlie Gehringer, 3B-Stan Hack, SS-Lou Boudreau, OF-Babe Ruth, OF-Stan Musial, OF-Ralph Kiner, C-Roy Campanella, P-Lefty Grove, P-Carl Hubbell, P-Ed Walsh, P-Herb Pennock.

American Association: 1B-Bill Terry, 2B-Bill Herman, 3B-Ken Kellar, SS-Joe Cronin, OF-Al Simmons, OF-Hack Wilson, OF-Earl Combs, C-Rick Ferrell, P-Dazzy Vance, P-Lefty Gomez, P-Rube Marquard, P-Jesse Haines.

Sports fans can probably name dozens of other stars who played in these leagues, too. But it only proves that there is no substitute for experience. Or as the wise young millionaire widow said "Nothing succeeds like success."

Ben Morgan, the Golden Anniversary historian, compiled a list

games are going to be sellouts and we'll make you a bet that most of the ducats will be gobbled up by old students, old football players, and old athletes at these institutions.

You might add the Rice-Texas, Baylor-A&M, and Baylor - Texas games as ones that may draw full houses. But you'll probably be able to get tickets to these until game time.

Most of the early sell-outs are based on past performances, sort of like a baseball player's salary. He really gets paid this year for what he did last year.

Southwest Conference football is going to be a dilly this fall, with Baylor, A&M, Texas and Southern Methodist due to have top teams and Rice, Arkansas and Texas Christian capable dark horse entries.

Baylor, for the first time in more than a decade, is going to be on the spot, although Coach George Sauer and Publicity man Dub King are waiting mightily that this shouldn't be.

Texas A&M has its best personnel since the hey-day of Jarrin John Kimbrough and oddly enough it has a fullback that is almost a carbon copy of Big John in Bob Smith.

The Aggies have a new coach in this season, to make it more interesting.

Texas has a new mentor, too, but Ed Price is a familiar figure to Longhorn followers, though his

Split T formation will be different. Southern Methodist doesn't have Kyle Rote, but it still has Fred Benner to pass and a host of other fine backs.

Baylor, of course, has Larry Isbell, probably the finest T Quarterback in the country. He'll have plenty of help.

Rice, Texas A&M, and Southern Methodist could be any team to watch.

COTTON IS THE KING OF THE SOUTH. Evaluation of food, feed and fiber can contribute to the expansion of the cotton industry.

# Death of Mrs. J. O. Connell Invents Insect Exterminator

Mrs. J. O. Connell has always been proud of her baby brother, but now she says she is proud, since she has reproduced below, in the Lubbock Avenger, June 29th, and his family have the Connell home on the north side of the city, and have made a name for themselves. It is as follows:

## Mancil Hall Family Return From Trip

Mr. and Mrs. Mancil Hall and daughter, Diane, returned home Saturday night from a months automobile trip visiting points of interest in Minnesota and various other places. They went as far north as Bemidje, Minnesota, which is near the Canadian border, and only fifty miles from Winnipeg, Manitoba. They report having had a most enjoyable trip.

## Pfc E. C. Yeary Is Called Home

Pfc. Elbert C. Yeary stationed at Fort Hood, was called home the first of the week, to be at the bedside of his mother, Mrs. E. W. Yeary who underwent major surgery at Lubbock Memorial Hospital at Lubbock, Tuesday morning.

rows of cotton. A large metal tray rests under the tractor to catch the falling weevils.

**Dead Bugs Demonstrated**  
After the test, Perry proudly called for the farmers present to come "and take a look". Several pulled the plate from under the tractor and it was filled with dead weevils, larvae, eggs, and other insects.

The farmers minutely examined each of the dead insects, and they hailed the machine as being "revolutionary and history-making" in the cotton industry.

Having passed its test, Perry proudly stated that at last his "dream" had come true.

## Sewing Class Is Organized

An Adult class is being conducted each Wednesday afternoon at 3 in the Anton School Homemaking department for ladies interested in family sewing and other related subjects. Instructions in textile painting, casting and making aluminum trays will also be included.

If you have children bring them along—some of the home making girls will be on hand to care for them.

## WHEAT ESTIMATE DECLINES

KARACHI — (AP) — The third 1950-51 Pakistan wheat forecast shows a 0.5 per cent decrease from the previous crop.

Estimated crop yield will be 3,682,000 tons as against 3,699,000 tons. An increase of 2.8 per cent, on the other hand, has been recorded for the area under crop during the same period.

### Air Conditioning Uniquely Installed In New York Store

NEW YORK — (AP) — One of Fifth Avenue's largest department stores (B. Altman & Co.) has been air-conditioned by installation of equipment during business hours without the knowledge of the shopping public and without disturbance of sales operations.

After the work had been in progress for more than three years, the United States Air Conditioning Corp., of Minneapolis, revealed details of the unusual project. Elimination of all visible ducts preserved the architecture of the high ceilinged main floor that has an area of almost two acres. Most of the fabrication of units in the system was performed in the sub-basement during store hours.

### ROMANCE IN COMINFORM'S SHADOW

BELGRADE — (AP) — Cupid still does a brisk business in Yugoslavia despite a severe housing shortage, the hardships of a rebuilding country, and the constant threat of war and invasion from the Russian-led Cominform.

Government statistics show that there have been an average of 500 marriages a day since the end of the war, as against a daily average of 50 divorces during the period.

### Former Sheriff

(Continued from page 1.)

came from the north. The twister at Olton was traveling eastward, as denoted by the path of the wreckage from the elevator.

V. L. Smith, Olton city marshal, said he was patrolling in his car when the wind hit. He said there was no doubt in his mind that it was a twister. "My automobile did about everything except stand up and walk," Smith said.

The Olton Trading Post building was blown off its blocks, said Earl Copeland, owner. Several out buildings and trailers in town were blown over.

An estimated seven inches of rain fell at Olton in twenty minutes at the height of the storm. Streets were flooded and water ran into some store buildings. However, Monday morning, street were free of water and there was no signs of damage to the town section. Merchants were busy waiting on an unusually large Monday morning crowd as farmers, unable to get into wet fields, came to town to buy and exchange comments on hail damage.

On the Orlin Brewer farm three miles west of Olton the roof was blown off the kitchen of a tenant house and two head of cattle were drowned in a lake.

The roof was blown off the O. R. Ogletree residence a mile and a half west of Olton. There was heavy hail and heavy rain in that vicinity.

### Lamb Vehicle Registration Highest Ever

Lamb County has a total of 9090 motor vehicles registered with the state license bureau, almost double the number registered here at or near the close of World War II.

On the basis of the new 1950 census figures this means that there is a motor vehicle owned by very close to almost every second person in the county and eliminating juveniles, the total soars to an average of a vehicle ownership for each one and one-half persons, resident of the county.

Other interesting recently gathered statistics show 2110 water consumers, 2300 electricity consumers, 1760 gas consumers at the start of the second half of the year in Littlefield, listed on the books of the two utility companies and on the water meter registration list at the city Hall.

### New Members For Littlefield Booster Group

Littlefield Chamber of Commerce have had an addition of eight new members, and include Hill Rogers of Hill Rogers Furniture Co., Granville Smith and Charlie James of Smith and James Service Station; T. A. Henson; Mrs. F. S. Fowler, of Franklin's; V. M. Peterman, farmer; Ralph Douglas, City Engineer; and Dr. C. G. Nace, veterinarian.

### ASSAULTS BRING SUICIDE ATTEMPT

SINGAPORE — (AP) — A 71-year-old man became sick and tired of being assaulted by fellow inmates at the House for the Aged.

So, he slit his own throat. It didn't work and he was arrested on a charge of attempted suicide. He pleaded guilty and was released on \$100 bail on a promise of good behaviour.

### Pop Bottle Band Is New Type Of Musical Group

—SWIFT CURRENT, Sask., —(AP) — An old aluminum teapot and a pile of soda-pop bottles are the mainstays of Swift Current's unique "Bottle Blowers' Orchestra."

Using small medicine bottles, ordinary size pop bottles, and quart-size pop bottles (the "bass" section) for accompaniment, the youngsters who make up the band supplement the musical group with tonettes, an auto harp, drum, and a set of melodic bells. Each bottle is filled with colored water to a different level, producing a musical note when the player blows into the top of the bottle.

All musician play from music.

### INTERNATIONAL CHICKEN FARM

The imported foreign breeds in hopes of crossing them with American strains. The foreign hens have short drumsticks, squat chasselles and white plumes.

### Family Sails On Dream Voyage

VANCOUVER — (AP) — The incurable romantics who gaze on Vancouver's waterfront have just seen one family's dream coming true. Quietly and without fanfare, a little sailing ship put out to sea on an adventurous voyage recently.

On board the Wind Song were a man and wife and their wide-eyed child. The trip they had planned for six years was finally a reality. Skipper of the vessel was Allen Farrell, 39-year-old artist, and his crew consisted of his wife and eight-year-old son Kerry. For Farrell, the voyage was the start of a vagabond adventure he had planned years ago. The Wind Song is schooner-rigged, built by the Farrells out of the best and stoutest materials.

On the first leg of their voyage the Farrells are heading for the Hawaiian Islands and the port of Hilo, 2,400 miles distant. They plan to earn their way from island to island by selling the skipper's paintings and stories, or doing odd jobs.
