Preliminary Census Count For City 7,168

Low Population Count **Brings Surprise Here**

The U.S. District Census office at Lubbock Wednesday threw a numerical surprise at the city of Littlefield, listing the town's present population at 7,168.

Confirmation of the figure came Wednesday afternoon in a letter from Earle Kerr, district census chief, to Mayor E. J. Foust.

The mayor had been given the count -- a preliminary estimate--Tuesday afternoon by phone.

The count is substantially lower than the 8,276 carried on highway sign markers on the outskirts of town. Many residents had predicted the 1960 count here would go above the 9,000 mark. Kerr also announced a figure

Jimmie Gibson Wins Two-State Competition

LUBBOCK . Jimmle R. Gibson, Littlefield, now living at 1906 23rd St., Lubbock, won first place in the Louisiana Texas Student Paper contest, held on the University of Texas Campus in Austin.

.The Texas Tech pertroleum engineering senior, won the Society of Petroleum Engineers - sponsored contest with his library research paper, "Microbiological Prospecting for Oil."

He won out over the best from the University of Texas, University of Houston, and fellow Tech classmate Harold W. Elledge, son of Mr. and Mrs. R. F. Elledge,

Gibson, an honor student, also took first in the Tech phase of the competition, edging Eliedge.

Normally five schools participate in the contest for the best petroleum engineering paper in the two states. Unrepresented this year were Texas A&M and Louisiana Polytechnic Institute.

The schools voted unanimously to hold the contest at Texas Tech in April, 1961. It will be sponsored by the Tech student chapter of the Society of Petroleum engineers with help from the South Plains section of SPE, the professional organization.

More eloquent than any words is the silence of the 1960 Cadillac in motion. Eloquent, too, is the delighted look of the man who has just driven one for the first time. It says so unmistakably, "Never before, a car to compare with this!" It is a literal

fact that you must concentrate to detect the sound of a 1960 Cadillac-except, of course, for the gentle whisper of the wind and the soft hum of the tires on the pavement. Your authorized Cadillac dealer invites you to try this unique driving experience.
