#### B. R. Rochelle, Amherst Farm Leader, Dies

Balford R. Rochelle, 48, Amherst farmer and leader in county agricultural affairs, died at 7:55 p.m. Tuesday in an Amherst hospital where he had been a patient five days. Rochelle had been in a serious condition with a heart ailment several months, but had been able to be up most of the time.

**Funeral Thursday**  
Rochelle had lived in Amherst since 1924. He owned a farm northeast of Amherst and formerly served as a director of the Lamb County Farm Bureau and as head of that organization's district 2 legislative committee, representing 21 counties. One of his major projects was working to get a humidifier installed at the Lubbock cotton classing office and installation of this equipment has been promised.

Rochelle's funeral will be at 3 p.m. Thursday in the First Methodist church at Littlefield. Rev. Harry Vanderpool, pastor, will officiate, assisted by Rev. Darris Egger of Amherst.

**Burial in Littlefield**  
Burial will be in Littlefield cemetery under direction of Payne Funeral Home of Amherst.

Rochelle was born Jan. 30, 1906 in Buffalo Springs, Texas. He is survived by his wife, Alta, and a son, Balford Ray of the home; his mother, Mrs. Estella Rochelle of Amherst; three brothers, L. D. of California, Reno of Fort Worth and Winton of California, and a foster sister, Mrs. Genevieve Haddox.

#### Marines Promote Curtis Wilkinson

County Attorney Curtis Wilkinson has been promoted from first lieutenant to captain in the U. S. Marine Corps Reserve, he was notified this week.

Wilkinson enlisted in the Marines March 5, 1942 and served three years, 10 months, part of that time in the Pacific theater. He was discharged as a sergeant. He entered the Marine Corps reserve in 1947 and received his commission in 1950. He was recalled to active duty in 1951 and promoted to first lieutenant while serving in Korea. He was released from active duty in October, 1952.

George Livermore plugged and abandoned one hole this week and immediately moved the drilling rig to another location for a fourth try to find oil in paying quantities on the west side of Littlefield.

#### Sacred Heart Construction Under Way

**By Billye Watson**  
A groundbreaking ceremony for the new Sacred Heart Catholic church was held Sunday afternoon at the site on Cundiff avenue and West Eighth street where the new building will be constructed. Father F. M. Higgins of the Sacred Heart parish turned the first shovelful of dirt after a simple ceremony in which he blessed the ground with prayers.

**\$86,000 Building**  
Work was scheduled to start immediately on the 114 by 40 foot brick construction which will include the main body of the church, the sanctuary, and the baptistry, a cry room, two sacristies and a choir loft.

West Texas Builders of Lubbock are contractors for the \$86,000 building. West Texas Builders were contractors for the new First Baptist church building in Littlefield and for the new Catholic church in Slaton.

Members of the building committee are Ray McKinney, Troy H. Myers, Charles Duval and William Heinen. McKinney said, "We hope to be in the new building sometime in September."

Present at the groundbreaking ceremony were 43 members of the congregation.

The old building, of frame construction, consists only of the sanctuary with a seating capacity of 130. It was built in the early 1920's and an addition was built in 1927. It is located on West Second street.

Present plans, according to Father Higgins, are to give the old building to the Latin-American church now being organized after completion of the new building. A committee of Latin-American members of the parish are currently conducting a fund drive to raise money for purchasing a lot in North Littlefield on which the old building will be placed.

**WINS \$500 JUDGEMENT**  
Jurors awarded the plaintiff a \$500 judgement in the case of Sihhan versus Molder, a suit for debt. The case was heard Monday before County Judge Bob Kirk.

The J. H. Hayhurst No. 1, just west of the city limits, was plugged at 4,400 after no show of oil was found in the Glorietta Sand. Four feet of saturated sand had been found in the San Andres—not enough to produce in paying quantities.

Livermore's new test well is on the Felix Kraushaar lease in Labor 17, League 660, about two miles west of Littlefield. Drilling was expected to commence Wednesday or Thursday.

Livermore is pumping the first well he drilled here (the Lingnau No. 1) but it is producing a great deal more salt water than oil. He has plugged wells on the Cheshier and Hayhurst leases.

#### Marion Williams Is Jaycee Prexy

Marion Williams was elected president of the Littlefield Junior Chamber of Commerce at the meeting Tuesday noon at the community center.

Other officers elected were Dorelle Lewis, first vice-president; Wayne Ramsey, second vice-president; Van Coltharp, secretary; Cecil Andrews, treasurer; Judith Walker, state director; Trust Vinson and Bill Duncan, local directors.

New officers will be installed in about three weeks. Skipper Smith, president, said. Installation of officers will be held at a banquet for Jaycees and their wives, followed by a dance.

Members discussed plans at the meeting to run a local service station for one day, with the profits going into the convention fund. Date and place for the project will be announced later, Smith said.

Jaycees will also set up a taxi service booth Saturday for voters who don't have transportation to the school bond polls. The booth will be located at the Badger-Smith real estate office at 104 W. Fifth. All voters desiring transportation to the polls may call the operator and ask for the Jaycee Taxi Service.

Three phones are being installed for Jaycees use this week in reminding voters to cast their ballots Saturday on the school bond issue.

HERE IS THE NEW GRADESCHOOL BUILDING which will be constructed here if voters approve a \$375,000 bond issue in the election at the highschool Saturday. The drawing above by Haynes and Kirby, architects-engineers, Lubbock, shows the 23-classroom building which would replace Central school, which has been called obsolete and a fire hazard. The bond issue also would finance

addition of 12 more classrooms to primary building, modernization of junior highschool and enlarging of the school cafeteria and vocational agriculture building. The building program will take care of present needs . . . grade classes now are overcrowded . . . and enrolment expansion expected through 1961.

## School Board Explains How Money'll Be Spent

### Interesting School Figures Uncovered In Bond Talks

In discussions on the bond issue some interesting figures that look good for the Littlefield School District have come out.

While the national average cost of the elementary and secondary schools is \$235 per pupil per year, the cost here is \$201. Hoot Cannon points out that this represents a saving of \$61,200 a year.

### Howell, Keeling, Rodgers File For School Trustees

Seven men had filed as candidates for three Littlefield school trustee posts at noon Wednesday. Deadline for filing was 5 p.m.

Latest to file were Carl Keeling, Douglas Howell and Earl Rodgers.

Troy Armes and W. B. (Brack) Little had intended to file this week but didn't when they learned they would have to resign as bank directors to do so.

Others who've filed for the offices are Boyd Montgomery and E. L. (Jack) Yarbrough, incumbents, Dr. Ralph Maurer and Edward Elliott.

The other incumbent whose term is expiring, W. G. Cannon, filed for re-election but withdrew because he is moving to Peru in June.

Election is April 3.

### Pair Charged In Burglary At Sudan

Two Muleshoe men have been charged with burglary in the Sunday night break-in at Henderson Grocery in Sudan, County Attorney Curtis Wilkinson said Wednesday.

The men were identified as Junior Parks and Loren Howard, both of Muleshoe.

Sheriff Dick Dyer said they were arrested in Muleshoe after a hunt for them Monday night. Dyer said the sheriff in Muleshoe had been following a car reported stolen earlier when two men ran it into a culvert and scammed out into the fields. Parks and Howard were arrested later.

Dyer brought Howard to the Lamb county jail and Parks is being held in Muleshoe.

Dyer said both men signed statements and led officers to a field north of Muleshoe where merchandise taken in the Sudan burglary was recovered from a hiding place under a stack of posts.

Parks and Howard denied knowledge of any other county burglaries.

Items taken at Sudan included several cartons of cigarets, candy, headscarves, artificial corsages, cookies, combs and other merchandise. Thieves entered by cutting out a window screen.

### Porter Withdraws From Amherst Race

AMHERST (Special) — Porter has withdrawn as candidate for city commissioner in the April 6 election. He gave no reason but asked that his name be stricken from the ballot, already printed.

Lucy Moreland, city secretary, said Porter's name has been marked off all the ballots.

Candidates in the election are: For mayor — Incumbent J. D. Nix and W. L. Key.

For two commission posts — Incumbents George Harmon and Bill Workman, and J. R. Simmons and W. C. Zachary.

Voting will be in the Legion Hall.

### Annual Spring Band Concert Set April 2

The annual spring concert by the Littlefield Wildcat bands will be presented at 7:30 April 2 in the Senior highschool auditorium, according to Beryl Harris, band director.

Admission prices will be 50 cents for adults and 25 cents for children. Numbers will be presented by the senior band, junior band and intermediate band, Harris said.

The concert is presented each spring and proceeds go into the band fund.

### Man Fined For Stabbing Landlady

Solomon Woods pleaded guilty and was fined \$19.50 on an assault charge filed after his landlady, Julia Johnson, was stabbed three times in the back Sunday night. Sheriff's officers said the woman's wounds were only superficial.

### Who Can Vote When & Where

Voting on the school bond issue will take place Saturday from 8 a.m. to 7 p.m. in the highschool library.

Any legal resident over 21 can vote if he or she has paid poll tax and assessed real property in the district this year.

### Questions Answered For Public

The Littlefield School Board was host Tuesday noon to about 75 civic leaders who sampled the food being served at the school cafeteria and heard board members explain why the district needs \$375,000 and how the money will be spent.

The board started out to invite previous board members to come learn what was causing the need. Then they decided to invite the presidents of the local organizations, and ended up asking everybody they saw who was interested to come participate in the discussion. They listened attentively for an hour and a half as board members explained various facets of the building problem.

Board President W. A. Hampton, Members Jack Christian, W. C. Cannon, Huston Hoover, Superintendent Halds Pearce and Secretary Sid Hopping took turns presenting information on the need, how the money will be spent, what it will do to taxes, and who may vote and where. A good many questions were asked, but no avowed opposition developed.

Architect's drawings of the exterior and the floor plan were displayed and possible sites were discussed. The question of why the new building is not to be erected on the other side of town was dealt with. The board explained that the cost of acquiring a site and providing cafeteria, auditorium and gymnasium space made such a plan impossible to finance.

In dismissing the meeting Hampton urged them all to vote in both the bond election on the 27th and the election of school board members on April 3.

### School Singers Will Compete In Lubbock Saturday

Littlefield school singers will compete Saturday in the Interscholastic League Choral Festival in Lubbock highschool auditorium. The festival climaxes the school choir year.

Director Dick Daughtry said the junior highschool chorus of 58 members and the 52-member highschool capella choir will participate in the Lubbock event.

Littlefield soloists who'll take part are Ellen Allen, Johnita Gallini and Leta Merle Roberts, sopranos; Clarabeth Theford, also; Tommy Evans, tenor; Glenn Richards, Roy Lee Dunn and Lee Boyd Montgomery, baritones.

Judges from three Texas universities will rate the singers. The Littlefield highschool capella choir will sing at 1 p.m. Its selections will be, "In Peace and Joy I Now Depart," "Holy Lord God" and "Go Not Far From Me, O Lord." The junior highschool chorus will sing "Bells," "Give Thanks Unto the Lord" and "Go Tell It on the Mountains."

# 'Bad Boys' Shire and Wallace In Wrestling Debut Here Saturday

The "bad boys" of Southwest States wrestling, Professor Roy Shire and his manager-partner, Bobby Wallace, will be making their debut in the Littlefield Sports Arena Saturday night, out not as a team.

Shire and Wallace recently lifted the Southwest States junior heavyweight tag team championship from Karol Krauser and Ivan Kalmikoff, which is enough to indicate they are made of rough stuff.

In Saturday night's double main event, The Professor squares off against young, handsome Bill Parks, and Bobby Wallace, who saves money by not getting haircuts, meets popular Luis Martinez, transplanted Latin-American.

Martinez is a big favorite at the Littlefield arena, as well as in all other arenas over the

country. He is considered one of the better Mexican wrestlers, although he is, and has been for a long time, a U. S. citizen. He looked good in a championship match here last week with Dory Funk, the individual champion of the territory and one of the toughest in the country.

Roy Shire, the Professor, is a golden-blond with a magnificent physique and amazing "staying" power. His ability to recuperate and keep fighting his very rough way is one of his leading attributes. He is a graduate, twice, of Northwestern University, and still makes his home in Evanston, Ill.

Between bachelor and master degrees, he was awarded a professorship in physical education, thus the title "Professor." He wears cap and gown into the ring, and his manager, Wallace, accompanies him in semi-full dress attire, complete with cane which he sometimes swings at rival wrestlers and at referees. His interference has cost Shire several falls by disqualification. Wallace himself is a wicked, unscrupulous wrestler, and will give popular young Martinez quite some trouble.

## Wayne Cunningham...

The Littlefield Volleyball Tournament was a success in every way. The Student Council had raised over \$100 before the finals Thursday. Good crowds came to watch as well as play. There was only one boring game in whole tournament. All the rest were fairly close and very thrilling to watch.

The tensesst game was the men's finals between the W.O.W. and the Men's Faculty. The closest men's game was the Men's Faculty and Parkview, 18-17. The closest women's game was the Consolation finals between Parkview Women and P.T.A.

The highest score was by the Jayceettes in their finals over the Woman's Faculty with 51 points, but the largest margin was between the Deep Water Baptist against the Rotarians.

The two favorites didn't win, W.O.W. of the men and the Telephone Operators of women. Tom's Peanuters were a good team that lost out in their two games on two weak spots.

**A Setting Up Game**

The best setting up teams met in the Consolation finals, Jaycees and Parkview. The scrappiest and most alive, comeback team, the Men's Faculty, met the best retrievers, the W.O.W., in the tense finals.

That Men's Faculty deserved to win, coming from behind in two games to be ahead at the buzzer time.

Skipper Smith and numerous spectators tell that the scoreboard switched teams in the first men's games making a difference of four points, but the scorekeepers vow that it couldn't have happened. Skipper says the team ahead two points and switched to behind two points by mistake never knew the difference until he and many others told them. They probably deserve to lose if they don't follow the score any better than that.

**Everyone got a big kick out of it all. Roy Carter got the biggest kick out of it in the finals. He retrieved one out of the net and then Ralph Schilling, former Washington Redskins professional football end, came in for the kill on the net and landed on Roy's back.**

Skipper Smith couldn't play in the last Jaycee game because the referees ruled he had to leave his cigar on the bench.

Al Chambers showed up at only one night of games. Jack Christian was badly needed for side-line rooting like he does in second, third and sixth holes at the Country Club.

**Back To Tournament**

Walter Newton, freshman basketball at Texas Tech, is from Louisville, Ky. Someone asked him when he was in Littlefield for the Independent Tournament

Burns and Elaine Srygley. The team defeated another eighth grade team, the seventh graders and the ninth graders to become Junior 'high girls' basketball champs.

Games were held Last Wednesday, Thursday and Friday.

**OPEN NEW BUSINESS** — W. O. (Fat) Jenkins and C. H. Langford have opened the J. and L. Well Service in a portion of the Littlefield Implement Co. building at 1421 E. Ninth. They will deal in Johnston pumps of all types and offer all kinds of well service. Jenkins, a Littlefield resident since 1938, has been connected with the well business five years. He is well known in stock-car racing circles, having competed in the Pan-American race in 1952. He was highpoint man in the Amarillo Speed Bowl. Langford has been living in Lubbock, where he was a car dealer.

## Three-Way Track Meet Here Friday

Amherst, Muleshoe and Littlefield will compete at the high-school here Friday in a three-way track meet, weather permitting, Coach Roy Carter of Littlefield announced.

The meet will start at 3 p.m. There will be no competition in the 100-yard dash, 220, 440 and 880; the mile run; 440-relay; 120-yard high hurdles; 180-yard

why he left the blue grass country where they have the nation's No. 1 basketball team, for the sand of West Texas.

Newton, who had just taken 1½ hours to drive through the sand storm to Littlefield from Lubbock, stared a hole through his questioner and then said, "I'm going to a psychiatrist tomorrow to find out why."

There was no doubt about the dust getting him down. But those kids love basketball so much they would drive three hours to get to Littlefield to play.

**Our All-Star Team:**

Without seeing the Thompson team play, I'd still pick by All-Star team in the Independent Tournament: 1st, Bill Jones (alias Buchanan of Tech) from Bozeman; 2nd, Scaling of Bozeman; 3rd, Schulle of Smyer; 4th, Jack Davis of Thompson; 5th, Jarkins of Upshaw and 6th, Jake McFerran of Piggly Wiggly. I didn't see the latter three play.

Littlefield runners met Amherst last week in a practice meet. No official score was kept and Carter said "we came out about even."

Among cindermen who'll run here Friday is the Amherst miler who won the Anton tournament last week.

## Plainview, Spade Win Volleyball

Spade gradeschool and Plainview highschool teams won the championships in their divisions of the Spade Girls Volleyball tournament which ended Saturday night.

Plainview beat Anton 6-15, 15-8 and 15-2 for the highschool title. Spade took the gradeschool title from Pep in two sets, 15-9 and 15-13.

In the gradeschool division, Pep received second-place trophy and Olton won the consolation prize. Among highschool teams, Anton was second, Pep third and Olton consolation champion. Eight trophies were awarded these winners.

Coach Roy R. Dykes, who arranged the tournament, said good crowds attended the games, played Tuesday, Thursday, Friday and Saturday. Twenty-six teams entered, 16 in the highschool division.

Among outstanding players were Plainview's Reese, a spiker, and her set-up, Miller; Mary Greener of Pep, Spade's Reva Cassie, a set-up, and Gloria Faye Gray and Martha Shaw, spikers.

## 8th Grade Girls Win Basketball Tournament

The fifth period 8th grade basketball team is the winner of a tournament played this week at Littlefield Junior highschool. Members of the team, coached by Miss Carmelita Campbell, are Georgeann Matthews, Melba White and Pat Street, forwards, and Twila Hampton, Teddy Jo Bitner and Roxene Bingham, guards.

On the "B" team are Barbara Chester, Paula Carmickle, Ann Fields, Peggy Pickrell, Patsy

## C of C Approves Work Program For 1954; Hears Outline of Denver Tour for Show Winners

The Littlefield Chamber of Commerce Board of Directors approved the recommended holidays set up by the Retail committee, approved the program of work for 1954 for the finance committee and the state and national affairs committee, and approved the plans for the educational tour to Denver awarded winners of the Lamb county FFA-4-H Livestock show sponsored by the organization in a meeting Tuesday morning at Fisher's restaurant.

Holidays recommended by the Retail Merchants committee of the Chamber of Commerce, headed by C. A. Miller, are Jan. 1, May 30, July 4, Thanksgiving and Christmas. The committee also recommended that if one of the holidays falls on Sunday the following Monday be observed.

The Retail Merchants committee presented the following program to the board, which was approved:

1. Encourage store front modernization;
  2. Encourage dollar day sales;
  3. Encourage courtesy to customers by employees;
  4. Publish names of new Littlefield residents in a bulletin to be published soon by the Chamber of Commerce;
  5. Set up Christmas decorations committee, consisting of Joe Ferrell, Bob Roden and Gene Bartley;
  6. Control solicitations by urging merchants to request letters from the Chamber of Commerce from solicitors in the city;
  7. Sponsor a sales training course for employees; and
  8. Encourage better relations with all labor transients.
- Marshall Howard, president of the Chamber of Commerce, gave a report to the board on the Chamber of Commerce banquet held recently in the high-school cafeteria.

government regarding legislative matters;  
 5. Place Littlefield and Lamb county on the mailing list of the United States Chamber of Commerce regarding these matters; and  
 6. Keep well informed on national affairs.

Skipper Smith, co-chairman of the FFA-4-H Livestock show committee, reported on the recent livestock show, and outlined the educational tour to Denver awarded 37 boys and five girls who won blue or red ribbons in the Beef divisions and blue ribbons in the Swine division of the show.

Smith said the tour will cost \$30 per person and the committee must raise \$1,600 to pay for the show, tour, hotel and food expenses. Members of the committee will contact merchants in this area to sponsor one youngster each. Smith said five adult leaders will accompany the group and there is room for six fathers. The trip will cost parents who wish to go \$40 each. The group will leave at 6 a.m. April 18.

Carl Keeling, chairman of the transportation committee, gave a report on the Highway 51 Association meeting to be held April 1 at Boys' Ranch, which will be followed by a tour of the new Canadian River Bridge now under construction. The bridge will be dedicated in late April or early May, Keeling said, and members from Littlefield will take part in the dedication.

Troy Armes, chairman of the agriculture committee, reported that the committee will serve coffee and doughnuts to visitors at the Field Day of the Texas Milking Shorthorn Breeders' Association March 31.

Armes said invitations have been sent by the Association to 20 FFA and 4-H instructors throughout the area to encourage judging teams to be present at that date. Trophies will be awarded to the winning teams.

The board voted to send \$50 to the Texas Water Resources committee at the request of the West Texas Chamber of Commerce. No other solicitation for the Water Resources committee will be made in Littlefield.

A report on the West Texas Chamber of Commerce convention in San Angelo March 28-29-30 was made by Marshall Howard, who outlined the program highlights, which will include addresses by Governor Allen Shivers, Dr. Clarence Manion, leader in State's rights, Fred G. Gurley, president of the Santa Fe railroad system, and Dr. Sidney Miller. C of C manager Jesse Everett will attend the meeting, and the board encouraged other members of the organization to attend. Registration will begin at noon March 28 in the lobby of the Cactus hotel in San Angelo.

### Joyce Tharp Is Among Top 10 Tech Beauties

Miss Joyce Tharp, Tech freshman from Littlefield, was presented as one of the top ten 1954 La Ventana beauties at Texas Tech in the college varsity show Monday, Tuesday and Wednesday nights.

The show, "Pardon, Mr. Shake-Spear," was presented in the Lubbock highschool auditorium. The beauties were selected by screen star Audie Murphy, a Texan and World War II hero.

First screening in the beauty contest was in mid-December when a panel of Lubbock judges chose 20 finalists from 145 candidates. Pictures of each finalist in several poses were sent to Hollywood for selection of the top 10 by Murphy.

Murphy chose the ten beauties without ranking them in any particular order. The girls will each be featured on a separate page in the college yearbook, La Ventana.

Miss Tharp is a member of Delta Delta Delta. She is the daughter of Mr. and Mrs. H. B. Tharp.

### Prankish Disguise Doesn't Keep Boy Out of County Jail

No wonder Sheriff Dick Dyer didn't recognize the suspect in a theft case when he saw him in a Littlefield movie.

Dyer was looking for a teen-aged boy who's stolen a pair of boots belonging to Henry Banks from a parked car.

He'd heard the boy was at the movie and asked the usher if he'd seen him. "Right over there," the usher said and pointed to a couple. Dyer looked and saw what appeared to be two teen-aged girls, completely outfitted in the latest lady's styles complete to nylon stocking and high heels.

The "girls" turned out to be the suspect and another boy, dressed like that on a dare.

Dyer recovered the boots and is holding the 15-year-old boy in jail while deciding what to do about his case. The boy was on probation from Parmer county for stealing a gun some time ago.

### 1st Graders Must Pre-Register May 3-7 at School

The parents or guardians of children who will be six years old on or before Sept. 1, 1954, have been requested by Paul I. Jones, Primary principal to register at the Primary school office during the first week of May. Registration time is 8 a. m. to 3 p. m. May 3 through May 7.

To complete the registration, Jones asked that parents bring the birth certificate for each child who enrolls. Evidence of smallpox vaccination is required for each pupil before September.

"Please see your family physician to get the vaccination," Jones said in his instructions to parents. "You will probably want to have a complete physical examination done at that time for your child. We suggest that you see your doctor as soon as possible."

### HSU Exes Plan Organizational Meeting Tonite

All Ex-Students of Hardin Simmons University living in this area are invited to attend an organizational meeting in the new auditorium of the First Baptist Church at 6 p. m. on Thursday, March 25. Dr. Reiff will be the speaker.

Mancil Hall left Sunday night on a business trip to Dallas. He is expected to be back Wednesday.

### Attendance At First Methodist Revival Is 200

Attendance at the revival in progress this week at the First Methodist church has been about 200 each evening, according to Rev. Harry Vanderpool, pastor.

Attendance Sunday night was 204 and 196 persons were present Tuesday night to hear Rev. W. H. Vanderpool, district superintendent of the Denton district of the North Texas Conference of the Methodist Church, who is delivering the sermons.

Homer Garrison of Littlefield is directing the song services and special musical numbers are presented by the choir.

Rev. Harry Vanderpool said the revival is being held primarily for members of the church rather than to increase the membership.

### Teachers Are Re-Elected At Anton

ANTON. (Special)—Teachers in the Anton public schools were re-elected at a special meeting of the Board of Education Tuesday night, March 9.

W. R. Taylor, superintendent, was offered a three-year contract in his present position. Mrs. Beula Pirtle was re-employed as tax collector, and Mrs. Crystene Buchanan was re-elected as business manager.

All Anton teachers were re-elected except Mrs. Clarice Johnson who has other plans for the coming year.

### WHAT DO YOU MISS MOST?

Advertisements, 42% (Men 30%; Women 54%)  
 News, 38% (Men 31%; Women 45%)  
 Editorials, 29% (Men 36%; Women 21%)  
 Sports, 25% (Men 46%; Women 4%)  
 Comics, 19% (Men 12%; Women 26%)  
 Financial News, 15% (Men 26%; Women 4%)

### Spade Club Makes Plans For HD Week

SPADE. (Special)—The Spade home demonstration club met in the home of Mrs. Ada Reed Tuesday afternoon with the president, Mrs. Preston Pointer, in charge.

Mrs. Joe Prater led the recreation. Roll call was answered with "What I enjoyed most on Friendship Day." Mrs. Joe Prater gave a council report.

The ladies voted to make badges for county representatives to the district meeting. The badges will back Mrs. Joe Oden as a nominee for district vice-president.

Mrs. Oden and Mrs. Travis Hopper are to act as a committee to plan activities for National H D Week, May 2 to 8.

Mrs. Travis Hopper and Mrs. Ada Reed gave a demonstration on work simplification. Mrs. Oden, Mrs. Marie Hamilton and Mrs. Pointer told ways of making housecleaning, sewing and defrosting a refrigerator easier.

The next meeting will be in the home of Mrs. Marie Hamilton at 2:30 p. m. April 13.

Refreshments of sandwiches, cake, coffee and cokes were served to Mesdames Joe Oden, Bayne McCurry, Travis Hopper, Marie Hamilton, Preston Pointer, H. P. Pointer, Hazel Hickman, George Collins, Joe Prater and the hostess.

Gunn Bros. Stamps, head-  
quarters for which are in Am-  
arillo, are trading stamps used  
extensively by merchants in the  
Southwest as a sales stimulus.  
They are issued free, with pur-  
chases, by participating firms  
and are collected in books by  
customers. The books of stamps  
may be exchanged for a wide  
variety of merchandise.

W. B. Gunn, president of  
the stamp company, has an-  
nounced that his firm will  
open a stamp redemption  
store here in the near future.

"We are establishing a store  
in Littlefield for the added con-  
venience of the many people in  
this area who will be saving our  
stamps," Gunn said. "Mean-  
time, Gunn Bros. Stamp savers  
may order other merchandise  
from our gift catalogue in ex-  
change for their stamps and it  
will be sent to them postpaid,"  
he explained.

"We are very proud of the  
impressive line-up of local  
firms which are introducing  
our stamps," Gunn asserted.  
"Our representatives are  
working in the Littlefield area  
this week and we hope to an-  
nounce additional dealers  
soon."

**Individual Sardine Pies — Maine Style**

If you ever made a check-list of your husband's favorite dishes, wouldn't you find pie at the very top? Here's a new and delicious recipe for a sardine pie, easy and economical... tasty and destined for many requests for a repeat performance.

**LITTLE MAINE SARDINE PIES**

- 2 cups medium white sauce
- 1 medium onion, chopped
- 1 cup each diced potato, carrot and celery
- 1/2 cup sliced mushrooms, fresh or canned
- 1 teaspoon minced parsley
- 1 teaspoon lemon juice
- 1 teaspoon Worcestershire sauce
- Salt, pepper and thyme to taste
- 3 3/4 or 4-oz. cans Maine sardines, drained
- 1 recipe pastry

Mix together white sauce, vegetables, lemon juice and Worcestershire Season to taste. Stir in broken sardines. Divide mixture evenly between 6 or 8 individual greased casseroles. Roll pastry out about 1/4" thick and cut to fit casseroles. Place pastry on top of casseroles and press to edges. Prick or slash to release steam. Bake in moderate oven (350°F.) 40 minutes, or until vegetables are tender and crust browned. Makes 6-8 servings.

## Tasty Liver Loaf Adds Zest to Everyday Menus

How tasty—tender, nutritious liver baked with seasonings to form a colorful, zesty loaf!

This tangy dish, sparkled with crisp, golden "Fritos" corn chips and topped with juicy bacon strips, is designed to provide a starting point for the most festive meal. Or, it can be served simply with baked potatoes for a dinner the entire family will relish.

Fried liver, when dipped in crushed "Fritos" corn chips, also tops the list of wholesome and delectable menu variants so essential to everyday eating enjoyment.

**FRIED LIVER WITH "FRITOS"**  
 (Serves 3-4)  
 1 lb. liver (3 to 4 slices)  
 1 cup finely crushed "Fritos" corn chips (measured after crushing)  
 1/2 tsp. salt  
 1/2 tsp. pepper

**Directions:**  
 Score each slice of liver lightly on each side. Salt and pepper. Dip in finely crushed "Fritos"

corn chips to which flour has been added. Pan fry in small amount of fat until tender.

**"FRITOS" LIVER LOAF**  
 1 lb. calf liver (cooked and ground)  
 1 cup broth in which liver was cooked  
 1/2 cup onion (chopped)  
 1/2 cup celery (chopped)  
 1/2 cup crushed "Fritos" corn chips (measured after crushing)  
 1/2 tsp. salt  
 1/2 tsp. pepper  
 1/2 tsp. monosodium glutamate  
 2 eggs  
 3 slices bacon

**Directions:**  
 Cook liver in boiling salt water until tender. Put through grinder. Thicken broth with flour. Mix together liver, broth, onion, celery, seasonings, "Fritos" corn chips and eggs. Pour into a greased loaf pan. Place bacon slices on top. Bake at 350 degrees for 40 minutes.

# 1954 Upland Cotton Support Price Higher

By Charles Hill  
 ASC Office Manager

Prices for the 1954 upland cotton crop will be supported at not less than 31.25 cents per pound, gross weight, the Department of Agriculture has announced. This minimum price support applies to Middling 7/8-inch cotton; a differential for Middling 15/16-inch cotton of the 1954 crop will be announced later.

The minimum levels of support for 1954-crop extra long staple cotton, produced in specified areas, will be 65.53 cents per pound, net weight, on American Egyptian cotton and 56.22 cents per pound on Sealand and Sea Island cotton.

These levels reflect 90 percent of the current parity prices for upland and extra long staple cotton. If parity of either kind of cotton is higher on August 1, 1954, the beginning of the 1954 marketing year, the level of price support for such kind of cotton will be increased accordingly.

Price supports for the 1953 cotton crops averaged 30.80 cents per pound for Middling 7/8-inch upland cotton.

As approved by producers voting in a referendum last December, marketing quotas—with acreage allotments—will be in effect for the 1954 crops of upland and extra long staple cotton. A producer will be eligible for price support if he has planted within his farm acreage allotment for the kind of cotton produced on his farm. Upland cotton cannot be substituted for extra long staple cotton or vice versa. Exceeding the farm allotment for one kind of cotton does not make the grower ineligible for price support on the other kind of cotton.

The third initial sign-up period began February 15, 1954 and will end April 1, 1954. All applica-

After Easter you'll be looking for a fast exit for those colored hard-cooked eggs the bunny left.

An "egg-stra" special dish to meet this emergency is "Egg 'n' Cheese Surprise." Six hard-cooked eggs and a can of condensed cream of mushroom soup do the trick. Making use of the eggs you have on hand, you'll find this to be an economical, tasty dish. Egg 'n' Cheese Surprise is so expensive than most meat dishes yet it provides the nutrients required of a meat substitute.

You can have a meal featuring Egg 'n' Cheese Surprise ready for the oven in slightly more than half an hour. Plan on having biscuits with the meal. Use a packaged mix; then pop the biscuits into the oven with the eggs.

Bake some apples for dessert. These can continue baking while the family is enjoying the main course. Then they'll be tender and hot when you're ready for them.

While the eggs are baking, toss together some greens for a salad. And steam a green vegetable on top of the range.

There's a "quickie" meal with quality!

**Egg 'n' Cheese Surprise**  
 6 hard-cooked eggs, cut in half lengthwise  
 2 tablespoons mayonnaise  
 1 teaspoon prepared mustard  
 Dash salt  
 Dash black pepper

**Blend** egg yolks, mayonnaise, mustard, salt, pepper and Worcestershire sauce; stuff into egg whites. Place eggs in a small shallow baking pan. Blend soup and milk; pour over eggs; sprinkle cheese on top. Bake in a moderate oven (375° F.) about 30 minutes until lightly browned. 6 servings.

There is considerable difference between substantial food and lovely refreshments.

### Have a Duty to Your Schools

Littlefield's town has made a remarkable record in a relatively short time since he founded it. A far above average class of people have been attracted to this area and have built a community that reflects their own character and intelligence.

Among other things they have built a fine school system. They have paid bonuses to get better teachers. They have erected fine buildings and equipped them well. They have done anything that will improve the education their children get is worthwhile.

They have faith. They know that droughts have visited Lamb County before and have always outlasted them by sacrificing anything so important as their schools.

It is likely that they will go to the polls Saturday and get their children out of the firetrap that is Central and get them into a modern building equal to those they have built for the rest of their children. It will cost more; every worthwhile thing does. But they know that their children deserve a better break than their parents and 6th graders are now getting. And the cost to taxpayers will be considerably less than their cigarettes and the TV sets.

There is only one thing that can defeat any school bond issue and that is lethargy. If too many people think their votes are unimportant and assume that they will carry whether they vote or not, then it could be a disaster.

Make sure it does not lose because you failed to do your duty as a parent and a citizen.

### Faced

Every reasonable American wants lower federal taxes. They want an end to deficit financing with its ever increasing inflation and debt and interest to pay.

Every reasonable American also wants fair play. He wants like for widows who must support their families to pay sitting costs treated as business expenses and not as luxuries. He would like for families stricken with serious illness to be excused from paying taxes on their huge medical bills. He would like to see "luxury" taxes reduced on many things that are not luxuries such as the poor man's transportation—buses—and the poor man's entertainment—movies—and several similar inequities are recommended for correction by the present administration. These changes would reduce taxes for the people who need it most—the poor—are being taxed unfairly.

In addition to these proposed tax reductions a 10% general increase in personal income taxes went into effect on the first of the year.

A block of insincere politicians in Congress are who would create another deficit and another increase in national debt. This is the same group that for years has been constantly increasing both our debt and our taxes, and the group who oppose every economy measure that is proposed.

Somebody is finally doing something about tax reduction. They want to make it appear that they are the champions of tax reduction. Such hypocrisy!

They wrecked a night club in Chicago. Fair enough. But you think of what night clubs have done to nature.—Edo Blade.

Do you have livestock in your farming operation? A supply of good silage is "just like money in the bank" to the livestock producer. When properly stored, silage maintains its quality almost indefinitely, is always available, and is a very desirable livestock feed.

Specialists at Texas A&M college point out that silage is one of the cheaper forms of feed, being second only to improved pastures. It is estimated that 100 pounds of total digestible nutrients (a measure of feeding values) will cost about 40 cents from improved pastures, \$1.40 from silage, \$3 from hay, and \$5.40 from a mixture of grains and protein supplements. While these figures will vary with the market price of feed the relationships remain fairly constant.

The use of silage is especially well adapted to many parts of the southwest because of the lush growing season in the early months of the spring and summer, followed by hot, dry weather in which the production of forage from pastures usually is sharply reduced. Frequently, the amount of forage available from pastures during the early spring months is much greater than the livestock can consume. Hence, many pastures grow large, coarse, and stemmy, and a substantial amount of feed is lost. Harvesting a part of this growth and storing it in the form of silage can provide emergency feed for periods when pasturage is not available.

Any forage that is palatable before being put into a silo will be palatable when it is silage, according to R. E. Bureson of Texas A&M college. However, the feeding value of the silage will be very similar to the feeding value of the forage that is put into the silo. Some of the more common crops used for silage are corn, grain sorghums, sweet sorghums, legumes, and grasses. Molasses usually is added to legumes, and grasses, in order to facilitate fermentation and to give a more pleasing odor to the silage.

The use of a few simple rules will help to insure high-quality silage.

1. Cut the forage when it is most palatable and has the highest feeding value. With most crops, this means before a seed crop is formed, and with grasses and legumes, before the plants become coarse and stemmy. Corn and grain sorghums usually are harvested in the dough stage and before the plants lose their green color or become extremely dry.
2. The material should be chopped in relatively short length, in order to facilitate packing in the silo. Either a field chopper or a stationary chopper can be used satisfactorily.
3. Silage should be well packed to exclude as much air as possible from the stored material.
4. Moisture content of the material should be around 65 to 75 percent. If grasses or legumes are used, molasses or another sugar or starch material should be added.
5. When the silo is filled, the silage should be covered with straw, dirt, or other material to exclude air. Some farmers use building paper with dirt thrown on top.

Many different structures are used for storage silage. One of the more common is the trench silo, which is simply a trench on the ground—usually 12 to 14 feet wide and 8 to 10 feet deep—in which silage is dumped, packed thoroughly, and then covered. This is one of the less expensive structures and works satisfactorily if its location permits adequate drainage from the bottom of the trench. In some soils, it is desirable to line the sides and bottom of the trench with concrete, in others, the soil structure is light enough so that no lining is required. The sides should be smooth and straight.

**"JESUS CHRIST IS LORD"**

By TOMMY WILLIAMS, Minister

God calls upon every tongue to confess that Jesus Christ is Lord, to the glory of God the Father (Philippians 2:11).

The word "Lord," is used over 700 times in the New Testament alone, many of these times with reference to Jesus. If we acknowledge Jesus Christ as Lord, it is important for us to know what that means, for it certainly should not be a meaningless profession.

"Lord" means Master—not "teacher" as the word, master, is sometimes used to mean, but rather one who has ownership and the rightful authority to command. Sometimes it refers to a master over his servants (Matthew 23:8-10).

It is used to refer to God as the sovereign ruler of the universe. It often refers to Jesus because of his right to command and expect obedience from his servants.

To acknowledge Jesus as Lord, we must say in effect, "You are my Master; I am your servant. Command, and it is my duty to obey." As an essential part of our relationship to Christ, obedience is often overlooked, but any failure to recognize the principal of obedience is inconsistent with acknowledging him as Lord.

"Why call ye me Lord, Lord, and do not the things which I say" (Luke 6:46). Write to us at any time. Address:

## It's The Law In Texas

Prior to World War II many thousands of people had never heard of a power of attorney. Some thought reference was made to an attorney or lawyer and did not know it was a written document.

But, with enlistments and the draft into military service of hundreds of thousands of young people, practically all who were heads of families, were suddenly faced with the necessity of business being transacted during their absence: the selling, leasing or mortgaging of houses,

weeds and grass can result in considerable saving.

In tests by the Texas Agricultural Experiment Station, it was found that the total cost of chemically controlling weeds and grass, including a small amount of hand-hoeing and the most of chemicals, was substantially lower than when hand-hoeing was the sole means of weed control.

A cost of \$8.41 per acre was reported for the treatment which used chemicals and spot hoeing to control weeds not killed by the chemical treatments. In this test an application of chemical was made at the time of planting, and two applications 7 days apart were made after cotton plants were up to a stand. Control of weeds later in the season was effected by use of flame cultivation. Cost of the chemicals was \$5.12 per acre, and of hoeing, \$3.29 per acre.

These costs compare with \$13.30 per acre where the cotton was hand-thinned, hand-hoed, and given usual tractor cultivation. Application of chemicals to control weeds requires a reasonably high degree of accuracy in machinery operation. The chemicals must be applied at the proper rate, and in post-emergence treatment, care must be exercised to avoid applying the chemical to the cotton plants, as burning of the leaves will result.

Several chemicals suitable for the control of grass in cotton are on the market. Cotton growers interested in using this method of grass control should check with local distributors for type of material and method of application.

We have a bulletin, "Chemical Weed Control in Cotton," in our office.

Chemical control of grass in cotton is fast becoming a reality on many southwestern farms. Hoeing has been one of the major items of expense in the production of cotton, and the use of chemicals to control

farms, automobiles, refrigerators, household goods—in fact nearly all kinds of property.

A document called a "power of attorney" solved many dire domestic and small business problems during the war. A power of attorney is a paper, a legal document, and is a deed, mortgage, note, etc. To be eligible for record, the document must be acknowledged before a notary public, or other like officer, or before a military officer authorized to administer oaths.

A power of attorney may be general or special. If the former, then the party named therein as agent or "attorney in fact" for the party signing the document is granted power of attorney another person is given the right to convey, mortgage, or sell a certain described tract of land, a certain car, only household goods, only to endorse and cash checks, or some other certain limited authority.

Obviously, whether the power of attorney is general or special, the signer of the document must have unlimited faith in the agent named therein. That agent, as respects the power conferred on him or her, can act as completely as if the principal were present in person.

The use of a power of attorney as a convenient document is not limited to war times. Any person may occasionally have extended absences, or perhaps foreign trips may be necessary. The

family may contemplate a lengthy vacation, or a person may be hospitalized by extended illness requiring entire freedom from business responsibilities. In any of these events powers of attorney may be resorted to so that absence or illness will not retard the transaction of important business.

Every act which one can delegate to another, may be authorized and legalized by a power of attorney designating the agent and the powers given. One's relatives, his attorney or banker, or a close business associate, may be given the most confidential and trustworthy authority. Any competent adult, male or female, may execute a power of attorney.

It is obvious that a document granting so much authority should be prepared with the greatest of care. A business man or attorney examining the document might at too late a date find that the agent was not given the authority needed to carry into effect the will and purpose of the absent or ill principal. Hence it should be drawn up only by an attorney, whose training and experience qualify and enable him to prepare a legal instrument which will make fully effective the wishes and intent of the principal.

Wouldn't it be nice if it took as long to spend money as it does to save it?

## With Water Scarce, Texans Now Drink 10 Times as Much

Water is our most precious mineral. It is an indispensable part of living. But in terms of present and future needs, it is growing alarmingly scarce.

The demand for water increases with each passing year. Water consumption records are set at an all-time high one month, only to be broken and surpassed the next month. It is a sobering fact we are using our available supply much more quickly than it is being replaced by nature.

According to W. P. Webb, author of "More Water For Texas," the population is doubling every half-century. If the consumption of water per capita remains uniform, the demand will double in the same period. Actually, Webb points out, as the standard of living rises, as people move from the rural areas to the urban ones, consumption of water per capita will increase enormously.

For example, Texas in 1953 was consuming 34 times as much water as it did in 1890, although the population has increased only 3.2 fold. Texans were consuming 2.5 times the amount in 1950 that they did in 1940, though the population in that decade increased by only one-fourth.

In other words, each Texan is consuming 10 times the amount of water he did in 1890 and about twice the amount of 1940. The ever expanding industries in the state also are accounting for a terrific amount of our water—and will in years to come. They use many thousands of acre-feet of water.

An acre-foot of water equals an acre of land covered to a depth of 12 inches, or 43,560 cubic feet, or 325,800 gallons. Industry can make 22 tons of chlorine from one acre-foot or 40 tons of sulphur. 36 tons of synthetic chemicals or 15 tons of rubber.

A surprising fact is that it takes 325,800 gallons of water to produce 200 pounds of beef or veal, or to grow 10,000 oranges or to raise only 300 pounds of cotton.

The estimated population of the nation by the year 2,000 A.D. is expected to be 227 million persons, as compared with 151 million in 1950. It is obvious that a vast water conservation project is needed if our water supply is to meet the demand.

## News from Olton

By Mrs. Gerald Grizzell

Parents Night was held Tuesday evening in the Olton school lunchroom under the sponsorship of the Parent-Teacher Association.

The Church of Christ is conducting a revival this week with Jack Hardcastle doing the preaching. Services are at 10 a.m. and 7:30 p.m. The public is cordially invited to attend the services.

J. C. Cole, who was stricken last Thursday with a heart attack, is some improved. His children are at his bedside.

W. A. Hollingsworth is recovering from pneumonia very satisfactorily.

Mrs. Tom McGill is recuperating in a Lubbock hospital after major surgery.

Glena Owens is on the sick list this week.

Mrs. Milton Williams visited the first part of the week with Mr. and Mrs. Gerald Bizzell and sons. She accompanied Gail Bizzell to Olton who had spent the month with her in Elk City, Okla.

Mr. and Mrs. Bailey Haire and sons spent the weekend in Dallas visiting friends. Mr. and Mrs. Louis Haire and daughters were visitors also.

## Salvation Army Board To Meet

The Salvation Army advisory board will meet at the Citadel at 7:30 p.m. Thursday to discuss business matters. Lt. John Robinson announced.

Advisory board members are Norman Renfro, chairman; Amos Ward, vice-president; Albert Miller, treasurer; Mrs. F. M. Farmer, secretary; Melton Best, Mrs. Ira Woods, Mrs. E. A. Bills, Mrs. W. D. Gilder, Harold Clements, Carroll Pouncey and Rev. Harry Vanderpool.

As spring plowing gets underway on farms across the nation, none of the more than 4 million farm tractors in use will resemble this one. Henry Ford's first farm tractor, built in 1907, long since has been retired to a place of honor in the Henry Ford Museum, Dearborn, Mich. The 24-horsepower vehicle, which Mr. Ford called his "Automobile Plow," sports an engine with copper water jackets. Its rear wheels were taken from a binder. Despite its early vintage, it still runs.

## New Weapon Used Against Cotton Insects

Research scientists have now announced another forward step in the battle of Man vs. Insects.

One of the latest insecticides to come from the crucibles of the research laboratories is Endrin, a chemical believed to be effective against a large number of cotton pests.

This formula has been found to be the best insecticide thus far tested against the combination of the bollworm and the bollweevil, two of cotton's most destructive enemies. Several other cotton pests are also hit hard by Endrin, according to entomologists.

The pink bollworm is still a hold-out, however. This tough little destroyer which accounts

for a bigger percentage of damage to South Texas cotton than any other, is relatively unaffected by the discovery.

A word of caution is offered by the scientists. Endrin is toxic not only to insects but also to man and warm-blooded animals. Users are warned to follow exactly the recommendations of the manufacturers which are printed on the label of the insecticide container.

Endrin is closely related chemically to dieldrin, one of the cotton insecticides widely used at present to control the boll weevil. It has been tested by government entomologists under the widely divergent cotton growing conditions found at such locations as Brownsville and Waco, Texas and points in South Carolina and Tamaulipas, Mexico.

At Florence, S. C., Endrin treated plots yielded gains in seed cotton of up to 746 pounds per acre. In Mexico, its use increased the seed cotton yield 1,071 pounds on an acre during

## Student Council Members Go To State Convention

Mike Joplin, Dan Howard, Bill Burkes and Milton Vaughn, accompanied by highschool principal Ralph Schilling, left this morning for Laredo where they will attend the state Student Council convention.

The 18th annual student council meeting will be held at Martin highschool in Laredo. "Student Council—Practice Ground for Responsible Citizenship" is the theme of the meet.

Sessions will be held Thursday, Friday and Saturday morning. The group plan to return Saturday night.

On the schedule for the meeting are group discussions and a ranch party. The local student council is affiliated with the state association and the national association of student councils.

Joplin is present of the Littlefield highschool student council.

## Lions To Sponsor Jack Huddle Show At Springlake

EARTH. (Special) — Jack Huddle and his Circle 13 boys and Charlene will present a two-hour program April 2 at Springlake school, sponsored by the Lions club.

At intermission a film will be shown on the cripple children's ohme at Kerrville, supported by the Lions club.

a heavy boll weevil infestation. The entomologists speak with cautious optimism but state that the new material comes closer to being an all-purpose cotton insecticide than any yet tested. Applied in quantities varying from 0.2 to 0.5 pound per acre, it is effective against the boll weevil and bollworm. At the rate of 0.1 to 0.2 pound per acre it is effective against such other cotton pests as thrips, cotton leafworms, cotton fleahoppers and lygus bugs.

## Cub Scout Pack Formed at Anton

ANTON. (Special)—Bill Strain, Boy Scout executive from Leveland, met with a group of parents and organized a Cub Scout pack here. Truman Quiet will serve as den chief and Mrs. Emmet Kerr and Mrs. Alvin Crews are den mothers for the first six months.

Boys who've joined are Woody Webb, DeWayne Paulk, Kenton Williams, Jan Crews, Milke Fowler, Alvin Mitchell, Philip Bishop and Charles Kerr.

They'll meet every Thursday after school, and monthly pack meetings will be held each fourth Tuesday night in the Fellowship hall at the Methodist church.

## Olton Baptists Plan Revival

OLTON. (Special) Members of the First Baptist church of Olton are planning a meeting for two weeks, the minister reports.

Rev. Weidon R. Drake, pastor of North McKinney Baptist church, will be the evangelist. Song leader will be David G. Dodgen, music and educational director here.

Services are to be held twice daily at 10 a.m. and at 8 p.m. with prayer meeting at 7:30 each evening. A Junior Booster choir will also meet at 7:30 p.m.

The public is cordially invited to attend.

## Two family cars are better than One

Over 400,000 families own two Fords and enjoy all the practical advantages and conveniences of two quality cars at costs not too much different than those of one expensive car. Yet in feature after feature Ford duplicates these expensive cars . . . as thousands who have already joined the 2-Ford family fold.

Just think! . . . for the price you pay for just one car of makes you can have two 1954 Fords. Whether you choose new 1-block Six or Y-block V-8, you get the last word in compression, low-friction power. And you get the advance in chassis design in 20 years—new Ball-Joint Suspension. In Ford you get a new Astra-Dial control panel. Center-Fill Fueling, suspended clutch and brake pedals, hull-tight Crestmark body, all exclusive with Ford in the price field. With this host of fine car features and many more Ford offers you a car that's worth more when you buy it more when you sell it.

## School Taxes Discussed At Springlake P-TA Meeting

SPRINGLAKE, (Special) — "What our school taxes provide for the discussion topic for the Springlake Parent-Teacher Association at their regular meeting Thursday in the school auditorium. Supt. O. C. Lumsden was the speaker for the session."

Lumsden stressed the importance of the school which parents are in constant contact with. He pointed out that the lay person and taxpayer get a wholesome picture of how his tax dollar was spent.

Election of officers for the 1954-1955 program and business was conducted by the president, Mrs. Bill Stockard. Mrs. Marvin Sanders will be installed as the new president at the regular meeting in April.

## Missiary Circle Studies Exodus, Sees Lent Film

Mrs. Irene Walker led the Bible study on portions of the Book of Exodus at a meeting Thursday of the missionary circle of St. Martin's Lutheran church. Mrs. Edna Bourlen opened the meeting with a song, "Savior Like a Shepherd Lead Us", followed by a solo by Rev. Leslie Huebner. "When Cold Old Hearts And Far From Thee."

The scripture, Matthew 26:36, was given with a prayer by Mrs. Bourlen. After a reading of the minutes, Rev. Huebner acknowledged a "thank you" note from Frinity Home at Round Rock for cookies the circle had sent.

The department chairmen gave their reports and, following the Bible study, a film, "2000 Years Ago" was shown in connection with the Lenten study by Mrs. Norma Holtkamp. Mrs. J. E. Wade presented a report on missions in India and the meeting closed with a prayer by Mrs. Bourlen.

Sauwiches, cake, cookies and coffee were served by the hostesses, Mrs. W. C. Stewart and Mrs. Mary Weige.

Those present were Mrs. Fred Beyer, Mrs. B. D. Birkleback, Mrs. Edna Bourlen, Mrs. Ben Brandt, Mrs. Emma Garms, Mrs. H. B. Hill, Mrs. Norma Holtkamp, Mrs. Elnora Sager, Mrs. W. C. Stewart, Mrs. Mary Weige, Mrs. J. E. Wade, Mrs. Irene Walker, Mrs. R. S. Proctor and Rev. Huebner.

## Texans In Washington

AP Washington Service  
WASHINGTON, (AP) — Chief Justice Marvin Jones of the U.S. Court of Claims, for many years the Panhandle's congressman, was speaking at a luncheon given by the Federal Bar Association honoring the claims court judges.

Jones pointed out that since its establishment in 1863 it has handled more than 100,000 cases. He told how, before the creation of the court during the Lincoln administration, the "corridors of the Capitol swarmed" with persons having claims against the government.

"One of the chief glories of our Constitution," he said "is that you can't take the shirt from the back of a ragmuffin in the street without securing his consent or paying him for the rags."

Excerpts from a newsletter of East Texas Congressman John Dowdy of Athens:

"I learned this week that the cost of whisky and beer is included in the government's cost of living price index. This information came out in a hearing before my committee, when the Commissioner of the Bureau of Labor Statistics was testifying about the present cost of living. I rather think intoxicants should be classified in some way, and not be included as cost of living items."

Joel Howard Cyprus, 17, of Wichita Falls, one of four national winners out of more than a million entrants in the seventh annual "Voice of Democracy" contest, had a full week here with other award winners. Among other things he spoke on Senator Lyndon Johnson's weekly radio program and was luncheon guest at the Capitol of Congress Frank Ikard of Wichita Falls.

# Why value-wise buyers are swinging to Ford!

They are finding that Ford brings them everything they might want to meet modern tastes and requirements

You can't buy better! It's the stunning Customline Fordor Sedan.

Ford's the only low-priced car with all these "Worth More" features

**Recognized leadership in styling**  
You can pay more but you'll never find a car that's more "at home" wherever you may drive it. For the smart new '54 Ford is as modern as tomorrow with the crisp, commanding lines of today's style leader. And it's just as smart inside! The sparkling new decorator-designed interiors have colorful new upholstery fabrics and harmonizing trim that spell quality wherever you look.

**Choice of most modern engines**  
Ford and Ford alone, in the low-price field, offers you a choice of V-8 or Six... the brilliant new 130-h.p. Y-block V-8 or the flashing new 115-h.p. I-block Six. Both Ford engines have rigid, extra-deep blocks for smoothest, quietest operation and extra-long life... plus the

savings and "GO" of modern, high-compression, short-stroke, low-friction design.

**Ball-Joint Front Suspension**  
For the first time in any low-priced car, you get the smoother riding and easier handling of Ball-Joint Front Suspension — an advance you'd expect to find only in the costliest cars.

**Choice of 5 power assists... Including Fordomatic**

Only Ford in the low-price field offers power on all four windows... a 4-way power seat which adjusts up and down as well as forward and back. Power steering, power brakes and versatile Fordomatic Drive are also available — and they make your fine Ford even more fun to drive.

### Choice of 28 new models

With fourteen stunning body styles available with either of Ford's new engines, Ford offers a car to suit every taste and need. In fact, for '54, Ford offers the widest selection of models in the entire industry!

### Top value at resale

Used car prices show that in recent years Ford has consistently returned a higher proportion of its original cost at resale than any other car. And for 1954, with all its advanced new features, Ford is worth even more when you buy it... and it stands to reason it should be worth more when you sell it, too.

We cordially invite you to Test Drive the 1954

## Bible Words to Live by

A number of years ago, when I was in college, a motto was given to me for my wall. It is a translation of Proverbs 4:12. The motto reads: "As thou goest step by step the way shall open up before thee."  
I have made that the motto of my life and find great comfort and courage in realizing that God is directing my life. I find that the only time I get into trouble is when I try to run my life myself. I have found that when I hold steady and seek His guidance everything turns out satisfactory. God never fails us.  
Proverbs 3:5,6 states this a bit differently, "Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge Him, and He will direct thy paths". Truly, the way does open up.  
Dr. Earl E. Reises, Methodist Church Toppenish, Wash.

## Buick's Bid For the Body Beautiful

Every lithe line of the 1954 fashion figure has its counterpart in the body lines of the beautiful, new Buick. Its neckline plunges to a new low—accentuating a gracefully curved silhouette—for a slim-waisted look; the beltline is lowered, calling attention to fluid beauty-in-motion. Like Dame Fashion, Buick designers decree a slightly raised hem-line to show more of the lovely lines of locomotion. Every fashion note of the body beautiful highlights the Buick look.

day. They were accompanied by Rev. Jim Tomlinson and Marcia Joyce Hinds who had conducted the services and singing for the Youth Revival.

What you want most

# CHEVROLET

gives you first!

This year, again, Chevrolet is out ahead of the other low-priced cars in the things that mean more pleasure and satisfaction for you. And yet Chevrolet costs the least—no other line of cars is priced so low. So why go hundreds of dollars higher when you can have all these things you want in Chevrolet? Come in and let us show you the kind of facts and figures you like to see!

\*That explains why more people buy Chevrolet—and want Chevrolet—than any other car.

**Out ahead with that bigger, lower look**  
Chevrolet is the only low-priced car that has Body by Fisher with that big, smooth, low-slung look.

**Out ahead with the highest-compression overhead valve engines**  
Chevrolet's more powerful valve-in-head engines have the highest compression ratio of any leading low-priced car!

**Out ahead with that smooth and solid big-car ride**  
Chevrolet's the only low-priced car with Unitized Knee-Action—one reason for its finer road-smoothing, road-hugging ride.

**Out ahead with bigger brakes for greater safety**  
Chevrolet brakes are the largest in the low-price field for smoother, safer stops with less pedal pressure.

**Out ahead with sippy, thrifty Powerglide**  
It's the first automatic transmission in the low-price field, and the most improved and advanced! Optional on all models at extra cost.

**Out ahead with automatic power controls**  
Chevrolet is the first low-priced car to bring you all the latest automatic power features and controls at extra-cost options.
