Ag Secretary To Set Allotments By October 15

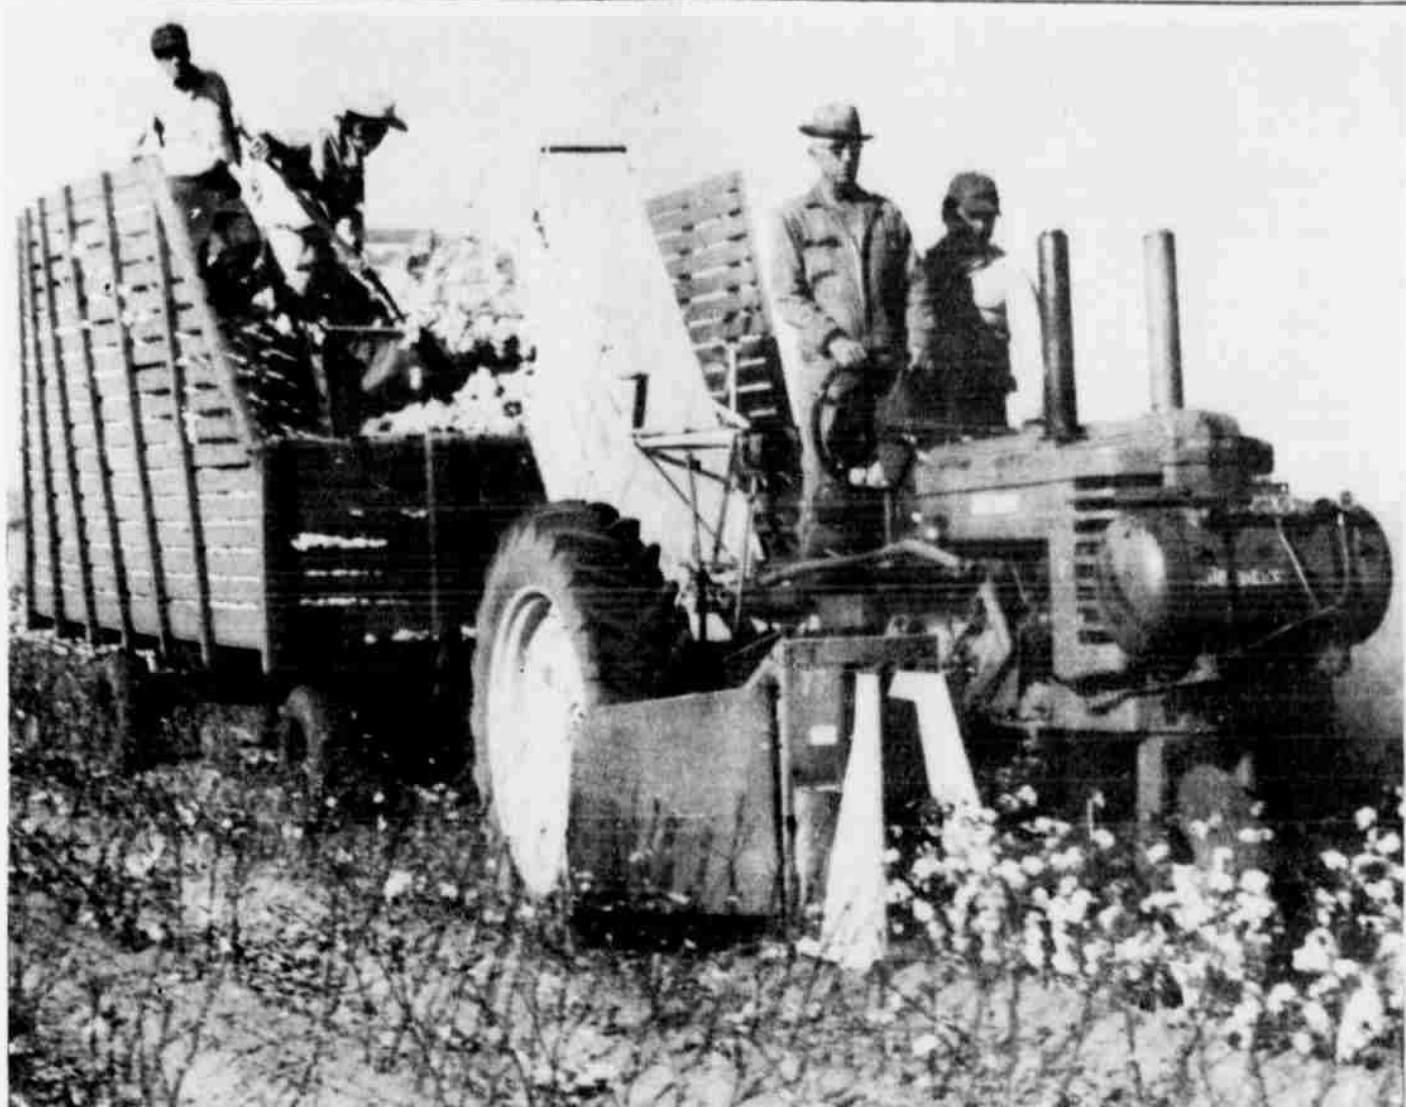

Secretary of Agriculture Orville Freeman has to decide before October 15 the national cotton acreage. Washington sources said he was awaiting a report Monday on the size of the cotton crop for 1961.

Should the figure indicate a larger crop than the 14.2 million bales forecast a month ago he might reduce allotments below this year's level. On the other hand, should the board forecast a smaller crop Freeman might hold allotments at this year's level or increase them.

Representative George Mahon advised the Littlefield Press that he has urged the Secretary to fix the national cotton acreage allotment for the 1962 crop at a higher level than the 1961 allotment, and in no event at a lower figure. The 1961 allotment is 18,400,000 acres.

Mahon stated that a moderate increase in 1962 over 1961 is necessary in order to make sure that the American cotton producer will be able to maintain his fair share of the world market in addition to supplying domestic needs. He said that a reduction would stimulate foreign demand.

COTTON STRIPPING IS UNDERWAY -- Cotton harvesting began in earnest this week as strippers went to work in many County fields. Pictured above is Walter Liles and his crew running a stripper through his cotton field. Liles said he was averaging a bale and three-quarters from this place. Scenes like this will be typical throughout the area as more and more cotton opens. Bill Kimbrough, County Agent, estimated that about 85 per cent of this year's crop would be harvested by the strippers.

Harris, Hughes Are Victims

L. W. (Fats) Harris, Jr., and Owen Hughes were killed when the plane in which they were riding hit the side of a hill near Bourne, Tex., about 35 miles northwest of San Antonio. The accident occurred early Tuesday morning during a blinding rainstorm.

A third passenger in the plane, John Wesley Humphrey, suffered burns over much of his body, cuts and a head injury. He is in serious condition at Baptist Hospital in San Antonio. Authorities there said Humphrey was found about 300 yards from where the plane crashed.

Earth Lad OK After Accident

Stephen Dan Green, two-and-a-half-year-old son of Mr. and Mrs. Bobby D. Green of Earth, was reported in satisfactory condition at a Littlefield hospital Wednesday morning.

Stephen received a gash in the abdomen Tuesday afternoon when he was accidentally backed over by an automobile near the home of his grandmother in Earth.

Deputy sheriff V. L. Smith, Jr., was driving the auto that backed over the child. He said "I don't know where he came from. I always look because he and my little girl play together."

Smith said he had eaten lunch and then gone out to get in his car. He said he saw the child's grandmother watering flowers and looked around to see if any of the children were near and didn't see anyone. As he backed into the street he heard a bump and stopped, got out to see what he had hit and found the child by the back wheels.

Smith loaded the child into his car, a sheriff's auto, and rushed him to a local hospital where the gash in the abdomen and leg was closed.

Latimer is Winner In Ball Contest

E. L. Latimer of Route 1, Littlefield, grazed into his crystal ball for the second straight week and came out the winner in the Littlefield Press football contest. Latimer missed six and was all by himself in that column.

He missed the Bovina victory over Ft. Sumner, Whitarral win against Hart, Tascosa's triumph over Borger, Palo Duro's romp against Lubbock, Utah's squeaker over Arizona State and the tie between California and (Continued on Page Eight)

County Officers Make DWI Arrest

County officers, and Highway Patrolmen arrested 16 persons over the weekend and the first part of this week. Included in the arrests were charges of violation of the liquor law and DWI.

George Cook, 54 year old Negro from Sudan, was arrested Saturday evening and charged with violation of the liquor law. He pleaded not guilty to the charge and bond was set at \$1,000 by Judge Pat Boone, Jr.

Ernest Mares of San Antonio was arrested Saturday evening by V. L. Smith, Jr., Earth deputy, and charged with DWI. There were two felony check law arrests, one for child desertion, one for no driver's license, and ten for drunk.

Commissioners Have Light Day

Lamb County Commissioners voted Monday to advertise for bids for a motor grader for Precinct 3. The regular monthly meeting of the Court had only four items on the agenda.

Also approved were the County Treasurer's Quarterly Report, the payment of bills, and the reports from the Extension Service. The Treasurer's report will appear in Sunday's County Wide News.

TOWN and COUNTRY by Wendell Tooley

HOW TO RUN A NEWSPAPER - A newspaper editor in Montana placed his tongue firmly in his cheek the other day and composed a list of answers to a questionnaire on what a weekly newspaper subscriber would like to read. Here are the responses to what the average reader desires to see:

- 1. My name.
- 2. A front page article showing how crooked the city government is most of the time.
- 3. My wife's name.
- 4. A feature article showing 25 ways on how to cheat on income tax forms.
- 5. My kids' names.
- 6. A local news item about an affair my neighbor is having.
- 7. A classified ad offering a new home for sale for \$4,000.
- 8. More news about law breakers.
- 9. Less news about law breakers. I was picked up last night and I should not have to go to a fine.
- 10. An editorial condemning high school teachers for being too liberal with "Fs".
- 11. A wedding picture of the groom instead of the bride when she is more handsome than she is pretty.
- 12. A sports picture of me when I bowled 183.
- 13. More advertisements on things that merchants are giving away.
- 14. A front page picture of my neighbor being hauled out of the bar by his wife.
- 15. A front page spread about the deadbeat who lives across the street from me who just had his car repossessed.
- 16. Forget the last one. I just got word from the finance company that they're coming for my car.

Farmers To Meet Monday

Dr. Waylon Bennett, head of the Agriculture Economics Department at Texas Tech, and Ernest Mills of Littlefield Farmers Co-op Gin Association, will speak to the monthly meeting of the Littlefield Young Farmers Association, according to Roy Ogerly, reporter.

The meeting will be held Monday, Oct. 16, at 7:30 p.m. in the agriculture building at the High School. Ogerly said an invitation was extended to Littlefield and area farmers and businessmen to attend the meeting.

Dr. Bennett will speak on ways and means of marketing cotton and grain sorghum, Ogerly said.

Mills, in cooperation with the Plains Cotton Co-op Association, will speak on the method of marketing cotton, regrading and classing cotton and differential in the price of white cotton as compared to spotted cotton.

This is the first meeting of the Young Farmers since they were organized last month.

United Fund Gets Four Budgets

Representatives of the four agencies cooperating in the Littlefield United Fund drive met and submitted their budget requests to the Fund Board Tuesday night.

Girl Scouts, Red Cross and Salvation Army, had been requested to submit their budget for consideration. At present the budgets are under consideration of the budget committee of the Fund Board.

After study, the committee will submit their recommendations to the Board for final approval, possibly early next week.

Cotton Harvest Begins On 1961 Bumper Crop

Lamb County's 1961 cotton harvest is well underway, according to Bill Kimbrough, County Agent. Cotton harvesting in this area normally reaches its full peak around 10 days to two weeks after a killing frost.

Kimbrough estimates that as much as 85 per cent of the County's cotton crop will be harvested this year with mechanical strippers.

"The two light freezes that occurred in the northern portion of the County last week have

hurt the cotton count by 5,000 to 7,000 bales," Kimbrough stated. This could cut the estimated total below the 300,000 bale mark. "As a whole we are still in good shape," he added. "The freezes hurt some of the young cotton, not as seriously

Cats Try Colorado City All Area Schools Play

Littlefield's Wildcats will be playing without the services of seven players in Friday night's game against Colorado City. The 8 p.m. game will be played at Colorado City.

Coach Don Williams said the team was hurt both offensively and defensively with the loss of Johnny Basden with a hurt leg and John Foley with a bruised hand. Buddy Price with a hip bone

Banks To Close

Littlefield's two banks, Security State and First National will be closed today in observance of Columbus Day. Banking will continue as usual beginning Friday morning.

At the recent Lubbock fair, Peterman won four firsts and he also won six firsts at the Amarillo fair.

as some farmers think," he commented, "and did get some of the top bolls."

Kimbrough further stated that with this much of the cotton crop being harvested with strippers it is of the utmost importance that farmers keep in mind that it

bruiise, Van Ashley and Paul Keeling with grade problems, and Jim Nelson, and Ducky Johnson, both hurt in prior games.

Williams said Colorado City, although they have lost three and won two, has a tough team and could defeat the Wildcats. "We are just going to have to play harder," he added.

"I won't take anything away from the fine Andrews club," Williams stated, "but we just gave that game away. We made a few mistakes and they capitalized two of them into touchdowns."

Area games to be played Friday night are: Amherst, who will travel to

Meadow, Amherst, with a two win, two loss and one tie record this season, defeated Meadow in last year's game 35-14. They (Continued on Page Eight)

Chamber Board Meets Tonight

Littlefield Chamber of Commerce Board of Directors will meet tonight at 7:30 in the Chamber office, according to Kenneth Reast, president.

Agenda for the meeting includes a report from the Retail Council on the Christmas program, a proposal on solicitation control policy, canvassing the results of nominee ballots for the members of the Board of Directors and a request from Highway 385 Association.

Trustees Approve CD Program For Area

Members of the Board of trustees of the Littlefield Schools endorsed a Civil Defense program involving several members of the local teaching staff in a meeting Monday night.

Four members of the faculty completed the instructors course in Civil Defense this past week. The course is directed and supported by the Texas Education Agency. The agency will pay for the teaching of CD classes which are above the minimum of 20 members.

The Board voted to apply for federal funds in the areas of science and counseling if there were no strings attached to receiving the funds. The members felt that since much of the work they plan to carry out in these two fields is covered by government programs, money should be applied for.

The rental fee for band uniforms was set by the Board for the remainder of this year on both the old and new uniforms. The old uniforms, which will go to the junior band when the new uniforms arrive will rent for \$2.50 for the remainder of the school year and the new

Police Have Busy Weekend

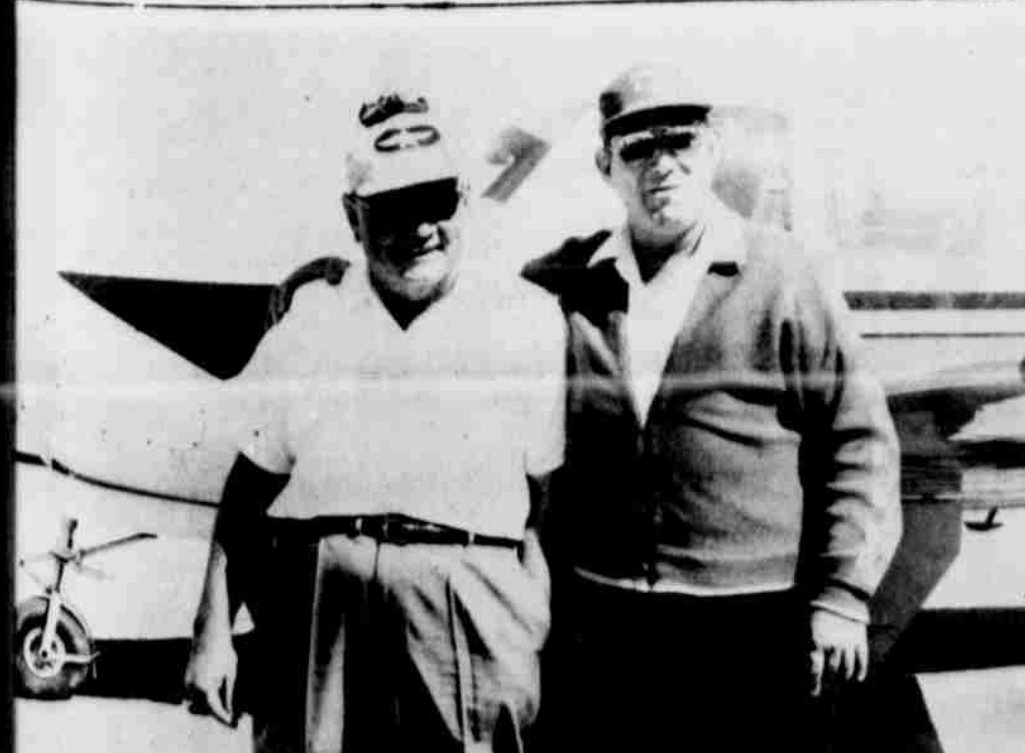

City Police investigated one accident this week. The wreck involved cars driven by Phillip Muloy Simmacher of Route 2, Morton, and Randall M. Crawford of Box 313, Amherst.

Simmacher was going east on West Delano and attempted to make a right turn from the left lane as Crawford was going east in the right lane, and struck the Simmacher vehicle in the right rear. Damage was estimated at \$250 total.

Police arrested five persons for drunk in public, three for minor consumption, one for operating a gambling establishment, and nine for gambling.

ALMOST BUT NOT QUITE -- Littlefield Jaycee player Bill Murphy is shown attempting to tackle Porter Nuttall (15) of the Amherst Lions. The tackle missed and Nuttall carried the ball for a touchdown. The Amherst team downed the Jaycees 36-0 in a game played Saturday night. Others pictured are (52) Ronnie Webster and in the right background (50) Slick Chandler.

AIR TOUR VISITS LITTLEFIELD -- The annual Air Tour of Texas stopped off in Littlefield at noon Tuesday. High winds kept all the planes from landing at the local airfield, but about 20 planes made it in. Pictured above are Asa Burroughs, right, from Austin, who had charge of the flight and Tex Anderson of Medina, president of the Air Tours. The group left for Hereford about 12:30. They flew to Littlefield from Lamesa.

Recipe of the Week

You have a favorite recipe, one that is quick, just plain delicious, or a fancy dish, a new dessert. We'd like to know about it. Each Sunday we will have a favorite recipe and the picture of the housewife who offers it. Please send your recipe and address to Box 72, Littlefield. We'll pick one each week, it may be yours.

Homecoming At Springlake

Over 700 invitations to the eighth annual homecoming of Springlake School have been mailed and preparations are nearing completion for the event scheduled for Friday, Oct. 13. Registration will begin at 4:30 p.m., followed by a homecoming program, "Remember When" to be staged at 5 p.m. in the school auditorium. Tuffy Dent, Earth, will direct and announce the program which will feature a chorus singing numbers popular in 1931, '41, '51 and '61. Classes of these years will be especially honored at the homecoming. Ted Rowan, Springlake will direct the chorus. Queens representing the honor classes will be introduced and one will be crowned at half time at the football game between the Springlake Wolverines and Sudan Hornets which will begin at 7:30. A homecoming barbecue supper will be served at the school cafeteria before the game and free coffee and doughnuts will be furnished following the game when exes will meet back at the cafeteria for visiting.

Representing the honor classes are homecoming queen candidates, Mrs. Earl Moore (formerly Alma Jones) Muleshoe from the class of 1931; Mrs. Charles Packard (nee Louise Welch), Hereford, class of '41; Mrs. Russell Weems (former Myrta Lee Rudd), Clovis, N. M., class of '51, and Miss Linda Sanderson, fresh-

man at West Texas State College, Canyon, representing the class of '61.

Candidates will enter the field in an antique model car driven by Billy Wayne Clayton, Springlake, and a queen will be crowned by J. J. Coker, president of the ex-students and teachers' association. Assisting with the coronation will be Donnie Henderson, son of Mr. and Mrs. Lealon Henderson and Sherry Lowery, daughter of the Boyd Lowerys.

A football queen and king chosen from the present student body, will also be crowned. To be honored at the 5 p.m. program will be the ex student or teacher traveling farthest to attend the program, class with largest number in attendance and outgoing officers of the ex-students and teachers' association. All ex-present teachers and school board members will be introduced and each class will be recognized.

Voting for new association officers also for exes' homecoming queen will be by secret ballot.

The Springlake Wolverines are undefeated so far this season, and a record crowd is expected at homecoming. At a final planning meeting of the executive committee of the ex-students and teachers' association held Sunday afternoon at Springlake High School the group decided to reserve a special group of seats on the side lines at the homecoming football game for members of the honor classes.

sign production and be unacceptable to domestic growers. Cotton growers and producer groups have appealed to Members of Congress and government officials in regard to the cotton acreage matter. Mahon stated that he has discussed the matter with various officials of the Department of Agriculture in addition to the Secretary, and had wired the President, and discussed the acreage situation with members of the White House staff. Most of the cotton industry wants a sizable increase contending that stocks are too low for a time of international tension. Cotton spokesmen say land forced out of cotton would be diverted to grains of which there is a surplus. Hence mid-western farmers have an interest in the allotments as well as cotton growers in the South and West.

Freeman could set a tentative allotment now and promise to adjust it before planting time as conditions dictate. There is wide differences of views between the department, and the trade on export prospects. These prospects may be clarified by the end of the year. A factor that might influence Freeman to hold down acreages is the potential cost of the government's cotton export program. Because the government holds domestic prices of cotton above world levels under a grower support price program it must pay subsidies to make cotton competitive in world markets.

From Your Chamber Office

By Gene Garrison

A large number of our businessmen have inquired about the "Blue-Law", as passed by the State Legislature in this past session.

Upon my request the Attorney General of Texas furnished this office with a copy of the Act: S. B. 35, which goes into effect and will be enforced November 1, 1961.

There was an absence of reports and/or synopsis of the Act sent out by the various organizations who generally analyze legislative proposals.

An act to prohibit the sale or offer of sale, on both the two(2) consecutive days of Saturday and Sunday, or the compelling, forcing or obliging of employees to sell certain named items, providing exemptions, declaring violation to be a nuisance and authorizing persons to apply and obtain injunctions restraining violations of this Act; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Any person, on both the two (2) consecutive days of Saturday and Sunday, who sells or offers for sale or shall compel, force or oblige his employees to sell any clothing; clothing accessories; wearing apparel; footwear; headwear; home, business, office or outdoor furniture; kitchenware; kitchen utensils; china; home appliances; stoves; refrigerators; air conditioners; electric fans; radios; television sets; washing machines; driers; cameras; hardware; tools, excluding non-power driven hand tools; jewelry; precious or semi-precious stones; silverware; watches; clocks; luggage; motor vehicles; musical instruments; recordings; toys, excluding items customarily sold as novelties and souvenirs; mattresses; bed coverings; household linens; floor coverings; lamps; draperies; blinds; curtains; mirrors; lawn mowers or cloth piece goods shall be guilty of a misdemeanor. Each separate sale shall constitute a separate offense.

Sec. 2. Nothing herein shall apply to any sale or sales for charitable purposes or to items used for funeral or burial purposes or to items sold as a part of or in conjunction with the sale of real property.

Sec. 3. For the first offense under this Act, the punishment shall be by fine of not more than One Hundred Dollars (\$100.00). If it is shown upon the trial of a case involving a violation of this Act that defendant has been

once before convicted of the same offense, he shall on his second conviction and on all subsequent convictions be punished by imprisonment in jail not exceeding six (6) months or by a fine of not more than Five Hundred Dollars (\$500.00) or both.

Sec. 4. The purpose of this Act being to promote the health recreation and welfare of the people of this state, the operation of any business whether by an individual, partnership, or corporation contrary to the provisions of this Act is declared to be a public nuisance and any person may apply to any court of competent jurisdiction for and may obtain an injunction restraining such violation of this Act. Such proceedings shall be guided by the rules of other injunction proceedings.

Sec. 4a. When a purchaser will certify in writing that a purchase of an item of personal property is needed as an emergency for the welfare, health or safety of human or animal life and such purchase is an emergency purchase to protect the health, welfare or safety of human or animal life, then the Act shall not apply; provided such certification signed by the purchaser is retained by the merchant for proper inspection for a period of one (1) year.

Sec. 5. Occasional sales of any item named herein by a person not engaged in the business of selling such item shall be exempt from this Act.

Sec. 5a. It is the intent of the Legislature that Articles 256 and 257 of the Penal Code of Texas are not to be considered as repealed by this Act; provided, however, that the provisions of said Articles shall not apply to sales of items listed in Section 1 of this Act, which are forbidden to be sold on the day or days named in this Act.

Sec. 6. The fact that there are not now adequate laws to prevent the selling of certain articles seven (7) consecutive days and the further fact that legislation is needed to prevent and punish such offense creates an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended, and said Rule is hereby suspended; and this Act shall take effect and be in force from and after its passage, and it is so enacted.

Mr. and Mrs. Buddy Bruton spent Friday night in Amarillo, where they visited with friends.

Presbyterian Women Met Monday Eve

United Presbyterian Women's Assn. met Monday evening at the church with Mrs. Dan French presiding in the absence of Mrs. George White. "And Joy Is My Witness" was the program given by Mrs. M.M. Brittain, assisted by Mrs. Pat Donnelly and Mrs. Bruce Porcher. Mrs. Jim Joyner was hostess and led the devotion and presented the Mission Book of Prayer.

Mrs. J. H. Penn showed slides and played a recording which she secured during the United Presbyterian Women's National Meeting at Purdue University, which she attended recently.

Johnny Richter of Waco is the speaker for these revival services. Everyone is welcome to attend.

Crop Board Met Monday

Lamb County's Christian Rural Overseas Program (CROP) board met Monday night in the County courtroom to take steps in reaching the 30 bales of cotton quota set for the County.

Walter Mounts, field representative of CROP, met with the board seeking additional workers to canvass the entire county. The board set the date for workers to begin as November 1 and CROP Sunday as November 12.

Bill Kimbrough, County Agent, was named temporary chairman of the board with Rev. Jack Ellzey, local Methodist pastor, as temporary vice chairman.

Others attending the Monday meeting were James C. Holland and Paul D. Bennett of Amherst; H. H. Neuenschwander, Oscar Wilemon, Nelson Naylor, Robert Bridge, Lucy Moreland, Mrs. Fred Lichte, W. W. Hall all of Littlefield, Joe Salem, and Wiley Mudgett of Sudan.

Local CROP committees in some 2,000 communities this year will conduct food appeals giving each person an opportunity to share some of America's abundance with hungry neighbors overseas.

Canvasses are being conducted in several counties of Texas for cotton. In addition to these commodity campaigns about 15,000 young people in over 200 communities will go out on Halloween in a Christian endeavor to help meet the needs overseas through the gifts they will receive.

AT SUDAN

Billy Graham Movie To Be Shown At First Baptist

Evangelist Billy Graham's latest feature-length dramatic film, "SHADOW OF THE BOOMERANG", will have its Littlefield showing Oct. 12, 7:30 p.m. at First Baptist Church.

Starring Georgia Lee and television's Buffalo Bill, Jr., Dick Weston's "SHADOW OF THE BOOMERANG" is an outdoor action picture with all of the excitement and breath-taking scope of the land, "Down Under". Setting for the screen drama is Australia's "Outback", the continent's vast interior region where some of the world's largest cattle stations are located.

The two young Americans lead an All-Australian supporting cast, playing brother and sister roles in a turbulent story of homestead life. Their arrival in Australia to manage newly acquired family holdings, plunges the couple into strange surroundings and situations with which they find it difficult to cope. The brother is immature and impetuous, slow to accept Australian ways. His sister is much more democratic, readily accepted by her new friends with whom she joins in an attempt to instill understanding and tolerance in her brother.

Filmed against the backdrop of the Billy Graham Australian Crusades, "SHADOW OF THE BOOMERANG" seeks to underline the Godly reaction to human crises and conflicts. Spokesmen for the Christian position is Billy Graham, seen in dramatic Crusade footage photographed at the site of the Evangelist's record-breaking crowds in Melbourne and Sydney. An authentic landline relay meeting which shared the big city Crusades with the stockmen of the Outback, is used as an effective dramatic device in the story climax.

"SHADOW OF THE BOOMERANG" was produced and directed by Dick Ross, President of World Wide Pictures.

Beta Sigma Phi Holds Model Meeting Monday

Allene Hinckley presided at the model meeting of Tau Chi Chapter of Beta Sigma Phi Monday evening.

A report on the Area convention in El Paso, the past weekend was given by Druvilla Moss. Other members attending the convention were: Reba Gouge, and Paula Schroeder.

Short talks on the following were given by Jennie Aten, Salina Davis, and Pat Bennett; Aims, Purpose and Scope of Beta Sigma Phi; "History of the Sorority" and "Chapter Achievements."

Georgann Walden introduced the Program, "Your Place and Charm" presented by Druvilla Moss. At the close of the program ballots were passed to those attending to vote for Miss Charm - 1961. Pat Bennett was selected, and received a sterling charm bracelet.

The social committee reported there is to be a "Kid Party" on the 16th at the Reddy Room to complete the fall rushing. The next meeting will be in the home of Salina Davis Oct. 23.

Housewarming Honors The Victor Igal's

New Soft Drink Beverage Introduced Here This Week

BRAND NEW SOFT DRINK, SPRITE -- Jean Anders, left and Janet Stimpkins, right, are looking at the new soft drink, Sprite, with local Coca Cola manager John Alford. The new drink was introduced this week in Littlefield.

Littlefield this week has a new soft drink, Sprite, bottled by the Coca Cola Bottling Company. Announcement of the new product was made by John Alford, local manager of the company.

Alford said this was the first time in the history of Coca Cola that they have released another product in the beverage line. Sprite has a lemon-lime flavor and is in a new green king-size bottle with bubbles on it.

Sprite is available ice cold, wherever cold drinks are sold, and in the handy six-pack at your favorite grocers. Alford explained, Bottlers throughout the nation are introducing Sprite and it will soon be available from coast to coast.

Penn Point

By D.H.P.

Well, the Yankees won the World Series and returned the coveted World's Champion title to New York City. They did it without any help from Casey Stengel, long time manager. I don't have my record book handy but I feel safe in saying that in modern baseball, the Yankees have won more pennants and more World Series than any other ball club. I can remember when my Alma Mater (University of Oklahoma) was the greatest sports machine thrown together. The Yankees are the only ball club that I support and the only thing worth supporting north of the Mason-Dixon line. I certainly hope what has happened to Oklahoma doesn't happen to the Yankees.

This just wasn't my weekend. Every football team I supported went down to miserable defeat. First off it was Littlefield who suffered their first loss, a 21 - 8 game, at the hands of Andrews. Then came Oklahoma and their humiliation, a 21 - 15 loss to Iowa State. Followed closely was the 38 - 7 crushing that Texas A & M gave to Tech, Sunday the final straw was cast as the Baltimore Colts were roped, thrown and branded by the Green Bay Packers, 45 to 7. The only other team I back is my high school squad, the Wal-

ters, OKLA. Blue Devils, and I won't know how they came out until next Saturday when I get the scandal sheet from home. If you had a winning weekend, aren't you glad I didn't favor your team. By the way Tooley's team, Kress, rolled up another victory.

Thought you might be interested in some facts about the largest office building in the world, the Pentagon, which houses the Departments of Army, Navy, Air Force and Defense. There are 30,000 employees, 700 cooks, servers, cashiers and dishwashers to handle 60,000 pounds of food daily. An average of 35,000 cups of coffee, 3,800 quarts of milk and 7,000 soft drinks are consumed each working day. Over 400,000 cubic yards of concrete were used to form the walls and floors which required 680,000 tons of sand and gravel. Ten tons of waste paper each day are baled and sold, returning nearly \$100,000 annually to the government. There are 65,000 light fixtures of every description which burn out an average of 900 bulbs daily, 685 drinking fountains and 4,000 clocks, 44,000 telephones are in use and an estimated 275,000 calls are made on them each working day, ten window washers require 30 days to wash the 7,600 windows and there are 13 freight elevators, 19 escalators and 150 stairways in the building. No wonder it costs more than half of our national budget for defense.

American Communists suffered another setback in their operations in the United States this week as the final appeal was refused and the party members are now required to register with the government. I can't help but believe that we are within our Constitutional rights to register these subversives to register. The Communists are yelling and screaming about their Constitutional rights being violated. This is indeed interesting since they haven't mentioned anything about their plans to overthrow our government by violent means. I still favor sending all registered Communists to Russia and let them see just exactly what happens under the Communist rule. It might just change some of their minds and let our government exist in peace for at least a short time. International Communism is growing, there is no question, but so did Fascism and Nazism before they overstepped their boundaries, and went down to defeat and total collapse. Let us all hope and pray

that Communism will suffer the same end as these two forms of government.

No matter how you slice the bacon (up 6.2 per cent), peel the potato (up 16.8 percent) - or try to coat with sugar (up 14.3 percent) - the Consumer Price Index shows you're paying an average of 11.4 per cent more for all listed goods and services than in 1955.

A compilation of some of the more essential items, comparing the price indices of 1955 and mid - 1961, reveals: Electricity, up 5.1 percent; hair-cuts, up 25.2; round steak, up 13.8; frankfurters, up 19.1; appendectomies, up 10.2; and so on.

Very few items escaped the price spiral. But in the case of one of the most basic commodities, gasoline the price - without - tax actually dropped .4 per cent. The catch is, of course, that motorists can't buy gasoline - without - tax.

The average price of gasoline in 1955 was 29.07 cents per gallon. In mid - 1961, it was 30.5 cents. This represents an increase of 8.2 per cent in Consumer Price Index figures. Thus the increase is due solely to higher taxes. The price of gasoline, excluding tax, was 21.42 cents per gallon in 1955; and only 20.25 cents this year - representing what would have been a decrease of .4 per cent on the Index table, or a dollar decrease of 5 per cent. Except for the higher taxes.

This also shows clearly that gasoline taxes now exceed 50 percent of the basic gallon price. And, chances are, you'll have your appendix out only once in a lifetime, and spend less annually on those other commodities than on gasoline. Based on national figures, the average motorist buys about 666 gallons of gasoline per year. Thus, for a common commodity costing about \$135, he's paying \$67 annually in taxes. It's a fine example of an industry holding the line on prices, only to see a whopping 50 percent tax push it over.

Our Contemporaries Are Saying

THE GOOD OLD DAYS, BAH! "I don't know what we're coming to." "Things are not like they used to be." These laments.

As a matter of fact things weren't ever like they seem to "used to be".

People prate about how they used to live, the simple life, raising most of their food, and they often tell how they long for the good old days. Well, they can just long.

One good bait of salt - cured sow belly, even with its much-praised gravy, would send most of those who sing the praises of such, back to modernly cured "breakfast bacon", contented with the improvement, and happy to get it sliced and ready for the skillet instead of fishing it out of salt in the rancid meat box in the smoke house.

You've ceased hearing people rave about a "good bait of garden sass", off season, or watching their mouths water when new potatoes and fresh string beans (especially golden wax), "come in" in the summer.

Year around fresh vegetables of sorts are to be had in almost every community, and the foods we have at our disposal are out of this world in comparison with those which were so laboriously prepared in these much-talked-of "good old days."

A man is to be excused for having a hankering for some good old ribbon cane syrup, and getting it if he can. He's excusable for talking about crackling bread, and such. But set him down to a solid week of grub such as we're talking about and he brags about, and he's clamor for the nicely packed and handy things which the lady of the house prepares with such ease.

He liked his "victuals" in the earlier day, but O Boy, he likes his "food" now, and how!

"Don't know what we're coming to?" Of course we don't. But we know what we've come to, and should be grateful, very grateful.

Plainview Daily Herald

PROMINENT DISPLAY IS always given stories reflecting abuses of some administration project, Cadillac Smith is one of the most recent examples. Less publicity is given stories such as the following:

"Secretary of Agriculture Orville L. Freeman today canceled six soil bank contracts which he said would have brought Wayne E. Tallman, Brandon, Colo., rancher \$271,000, over a 10 - year period.

"The law fixes an annual maximum payment of not more than \$5,000 for each producer.

"Freeman said in a statement that the six contracts were on land owned by Tallman.

The statement said that in 1957 Tallman bought a 6,960 - acre ranch for \$139,200, and rented the land to six other individuals who placed 3,379 acres under six soil bank contracts that year.

The statements said the cash rent paid by the six to Tallman approximated the amounts they receive annually in soil bank payments.

"The department's general counsel's office said the six renters already have collected about \$108,000 in payments, at the rate of about \$27,000 annually.

"Freeman said he considered the contracts to be invalid and therefore cancelled them.

"He also said information gathered in a department investigation has been turned over to the justice department for such further action as it deems appropriate."

(Tulla Herald)

Hockley County gets off to the political races although it may seem a little early, when Republicans men organize their own political club Monday night.

Even the county's Democrats should take care from this. Organized opposition is generally a political organization needs to consolidate its own

County Democrats faced militant opposition in the identical election and came up with perhaps their most effective political organization in years. As the majority they were able to carry the county by a comfortable margin in a year in which the entire South Plains went down by less than 400 votes.

The encouraging part about increased Republican activity in this area is that it is erasing the stigma for some reason, has existed concerning individuals being up for what they believe. In a free country such as a hesitancy to work actively and openly for the philosophy in which you believe simply shouldn't be.

During the last election, some people estimated 10 per cent of leveland's merchants favored the Republican candidate, but hesitated to take an open stand because of the fear of business reprisals.

These fears were probably unfounded. In reality stand the alternative of leaving friends who differed them politically to trade with people who weren't their but also differed with them politically. There was no they could go where there weren't more businessmen Republican leanings than in Leveland.

The sooner a widespread cross section of people sides of the political fence realize this and feeling of erance for those with differing political views is shown the better off the area will be.

Increased activity of the minority party cannot but be an effort to the area and the state. It can offer the daring voter a choice he has never had before, and provide a position which is needed to keep the party in power from coming fat and comfortable enough to get careless of its responsibilities. STATE CAPITAL Highlights AND Sidelights
 by Kern Sanford
 TEXAS PRESS ASSOCIATION

AUSTIN, Tex., -- Three members of the House of Representatives and two state senators were named by Sen Bruce A. Reagan of Corpus Christi as a Subject Matter Committee to determine which of 25 suggested interim studies shall be made by the Texas Legislative Council.

Reagan is President pro-tem of the Senate and presided at the first meeting of the new Legislative Council. He and Sen. James A. Turman, Speaker of the House of Representatives, are ex-officio members of the Subject Matter Committee. Turman is chairman; Reagan vice chairman.

Designated membership on the committee were Senators Preston Smith of Lubbock, and George Moffett of Chillicothe. House members appointed were Representatives C. W. Percy of Temple; Sam Collins of Newton; and Alonzo Jamison of Denton.

During the three 1961 sessions of the Legislature, 25 resolutions were passed, calling for special studies by the council. Of these 25, twelve were concurrent resolutions approved by both House and Senate. The remaining 13 originated in the House.

Among the 25 topics under consideration for special study were:
 Coordination of Health and Welfare Services of the State, Space Utilization by Institutions of Higher Education, Election Code Revision, Non-constitutional duties of the Attorney General, Opinion Authority of the Attorney General, Laws Relating to Wild Life Resources of the State, Teacher Certification, Laws Based on Population Classification, State Hospitals and Special Schools, Health, Accident, and Hospitalization Insurance Claims, The Judicial System of Texas, Laws Governing Acquisition and Sale of State Owned Lands, The State's Public Higher Education System, Regulation of the Insurance Industry, Ad Valorem Tax Laws, Telephone Utility Regulations, Texas Utility Regulations, Discrimination in Employment Because of Age, Branding of Cattle and Registration of Brands,

Reciprocity Practices of Texas Examining and Licensing Boards,
 Purchasing Practices and Procedures by the state and its Political Subdivisions,
 Recordation of Mineral Interests,
 Mentally Ill Children,
 Rate Making Powers of the Railroad Commission,
 Mass Transportation in Major Metropolitan Areas of Texas,
 FM ROAD BUILDING PLAN- State Highway Chairman Herbert Petry, Jr., of Carrizo Springs completed one major assignment for Gov. Price Daniel, but has a tougher one ahead.
 Petry and Daniel worked out agreement with the Texas County Judges and Commissioners Association under which the farm-to-market road building program will be modified, along lines long advocated by the Texas Good Roads Association and the Highway Commission.
 But now the plan has to be sold to the powerful Texas Farm Bureau at its convention in Galveston November 13 - 15.
 Governor Daniel vetoed the \$15,000,000 appropriation for farm-to-market road construction from general revenue for the year starting next September 1, saying it was time to settle the question of rural road maintenance. He got together a committee of road-minded people.
 County Judges and Commissioners agreed to this plan - pay for about \$17,000,000 of the present \$18,000,000 cost of maintaining rural roads out of the \$50,000,000 now going to FM road construction. They also agreed to build a total of 50,000 miles of FM roads, instead of the 35,000 miles now set as unofficial goal.

Town

(Continued from Page One) pages of sports, 26 pages of comics, one page on divorcees and three pages on all the domestic trouble we are having in town.

19. Less stuff about how cute everybody else's kids are. My kids are better looking than those you rave on about.

20. A complete biographical sketch about the "most important citizen in town," and be sure you spell my name right.

HALE COUNTY agent, Ollie Limer estimates that 80% of that county's 1961 cotton crop will be harvested by machine strippers. This means that Plainview merchants won't enjoy a two month booming business from a big influx of Latin American American cotton pullers.

It is estimated that 85% of Lamb County's cotton crop will be machine harvested. This means that Littlefield merchants also will miss selling a lot of groceries, warm clothing and other items that the visiting cotton pullers buy.

At first glance this looks discouraging, yet it is only logical to assume that the local farmer has more money in his pocket when the cotton is harvested if he has machined it instead of hand pulling it.

Then, that means he'll have more money to spend with Littlefield merchant. . . not just a month or two. . . but he'll be here the year around. He and his family will buy houses, furniture, nice clothing. . . he'll buy more luxuries if he has netted more money by machine harvesting his cotton.

Too many of us live for the present. . . we have our heads down and fail to take a look forward to the potentials that are ahead. Over \$68 million dollars were received by Lamb County farmers last year. . . this year looks even better.

So, if it's a good deal for the farmer to machine his cotton crop, likewise it should be a good thing for the merchant who does business with that farmer.

A LOT COULD be said about the Texas Aggies football team, but it got sorta monotonous as they continually scored on Texas Tech Saturday night.

I'll not spend any time commenting on how good the Aggies were or how bad the Raiders were, but I would like to say that halftime was most enjoyable as both bands put on a fine show.

It was my first view of the famous Aggie marching band, and it was truly amazing to see the 207 marching men as they displayed various military maneuvers while playing their instruments.

Of course the Tech band was more colorful (always did prefer red to olive drab). . . all in all half time was most entertaining. . . my first visit to the Raider's new stadium was a treat.

My Aggie friends would have enjoyed the game had it been played in a cow pasture in a driving blizzard with no half time festivities, because they were on top and looking good!

The RETAIL merchants committee is off on the right foot in planning the Christmas season around a religious theme and "an old fashioned" flavor.

Complete details of Littlefield's Third Annual Christmas Stockin' Festival will be released after the chamber board has a chance to approve them next Thursday night.

If the plans are approved I think this entire trade area will see one of the most beautifully decorated towns on the Plains and one of the best Christmas parades ever.

The parade is planned for a night time showing, with floats from all over this area. . . plenty of marching bands. . . and of course old Santa will make his grand appearance to this area.

Latimer

(Continued from Page One) Missouri. A check for \$7,50 goes to Latimer and his winning entry.

Second and third places went to Johnny Fields of 212 E. 15th with seven wrong guesses. Three other contestants missed seven games but two of them missed the tie breaker and the third did not score the tie-breaking game between Littlefield and Andrews.

Fields picked Andrews on his two winning entries by 15-6 and 12-5 scores. For winning second and third he also will receive a check for \$7,50.

Others with seven misses were John M. Clayton, III, and Deroyce Tomison who missed the tie breaker game and Howard Hall of Olton who failed to pick a score on the tie breaker.

Another contest appeared in Sunday's County Wide News. Fill it out, making sure you score the tie breaker game between Littlefield and Colorado City and send or bring it to the Littlefield Press.

Farm Bureau Names Winners

Jack Yarbrough, Amherst, John D. Smith from Littlefield, Glenn Blackman, Fieldon, W. A. Hardin, Pleasant Valley, Leroy Hackler, Olton, W. E. Mitchell, Spade, Jack Fisher, Sudan and Billy Wayne Clayton, Springlake will be the recipients of the outstanding farmer award from their area at the Lamb County Farm Bureau convention to be held at the Pleasant Valley Community building on Thursday the 19th of October at 7:30 p.m.

Featured speaker for this convention will be Gene Leach, former American Farm Bureau Legislative Director. The meeting will start with a covered dish supper for the family.

All past - presidents of the organization will be honored at this meeting with the presentation of a gold Past Presidents pin.

Cats

(Continued from Page One) were defeated by Springlake in last Friday's outing 35 - 20. This is the first conference game for the Bulldogs.

Anton, open last weekend, will travel to Whitharral for the first conference game for both schools. Anton, with a two win, three loss record, and Whitharral with a three win, one loss one tie record, have played Hart with the Panthers from Whitharral winning and Anton's Bulldogs losing. The Panthers will be seeking to get revenge from last year's 35 - 0 drubbing they suffered at the hands of the Bulldogs.

Bulldogs will be playing at home this Friday as they entertain the Cotton Center team in eight - man football. Bulldogs lost to Three Way in a game played Saturday night.

Olton will play host to the Muleshoe Mules, at 8 p.m. Friday. The Mustangs suffered a 32 - 0 defeat at the hands of Hereford last Friday and now stand at two wins and three losses. This is the first conference game for either team. Olton won last year's contest 35 - 22.

Springlake, the only undefeated team in the County, will be

Cotton

(Continued from Page One) to the bumper crop prospects, gin yards can be expected to be crowded and the round trip on cotton trailers will at times be long and drawn out.

Kimbrough made a few suggestions to farmers as key points to keep in mind throughout the harvesting season.

Do not operate strippers too soon after frost or the use of desiccants. Allow ample time for all the leaves and leaf stalks to dry out completely before starting the strippers. Green leaves and stalks will stain the cotton as it goes through the stripper and is loaded onto the trailer. Cotton stained in this manner can easily cost the farmer \$10 per bale in grade. Proper timing of the harvesting operation is important. A drying period of two to three weeks after frost is needed to condition properly the cotton plants for stripper harvest.

But with further delay, plants deteriorate, and broken stems and branches are gathered with the stripped cotton, which with weathering lowers fiber quality.

Don't start strippers too early in the morning following heavy dews or showers. Research has shown that harvesting cotton with too high a moisture content can cost the farmer \$10 to \$15 a bale in quality. Cotton gins best with a lint moisture content of about seven and a half per cent. A good rule of thumb is to squeeze a few bales and if the cotton bounces back after being squeezed it is, normally, dry enough to harvest. If the cotton stays in a ball after being squeezed in the hand, it will be too moist for good harvesting and ginning.

Security State Bank was named to be the official depository for the next two years. A report was made to the board by Reeves to the effect that six guardian lights have been installed to provide adequate night light in all areas of the campus. Reeves said a minimum of eight hours each night is spent in watchman duties during Monday through Friday and custodial and watchman duties during Saturday and Sunday.

In other action the financial statement and minutes of the previous meeting were approved.

Corsica, and island 100-miles off the French coast, is famed as the birthplace of Napoleon.

Cotton culture is thought to have originated in India about 1500 B. C.

Provide ample trailer space for each bale of cotton. The USDA estimates that it takes up to 450 cubic feet of space for one bale of machine stripped cotton. To tramp and crush cotton into too small a space results in lower grade cotton. Even gins with the most elaborate and expensive systems cannot remove all of the small "pin and pepper" trash that is ground into seed cotton when it is tramped into the trailer.

Use separation devices on strippers such as blowers and green boll boxes. Throw the green bolls out on the turnrow and allow them to dry out and open before carrying them to the gin. Too many green bolls indicate that you are attempting to strip too soon after frost or desiccation. Use wood slatted or wire sided trailers. This will allow leaf and other trash to blow out of the trailers.

Keep strippers and trailers clean. Do not over lubricate. Wipe off excess grease and keep the trailer beds free of dirt.

Keeping the strippers centered on the row and operating at the proper speed will help eliminate barmy cotton.

Keep a few tarpaulins on hand in case of rain or dust storms.

The word for it is... "Masterful!"

"Superb" . . . "luxurious" . . . "beautiful" . . . "brilliant"—there are many words that might be used to describe the new 1962 Cadillac car. But if we were to select from the Cadillac vocabulary the one word that most completely captures the essence of this latest "car of cars" — we would choose "masterful". For here is a motor car that has already established its mastery in everything that makes an automobile good and fine and desirable. In appearance, it is clearly a Cadillac masterpiece—graceful, clean-lined and elegant. In performance, it is a revelation. Its power plant is a reservoir of silken power—and the car rides and handles with an instinctive ease and sureness. In safety, it is in a class of its own—with a host of exclusive features, including remarkable new side cornering lights. In craftsmanship, it is simply without rival. Every 1962 Cadillac will undergo more than 1400 inspections to assure its quality and goodness. On and on the list could go. But however lengthy, that list could never replace the experience of inspecting the car and driving it. Your dealer will happily let you do both. Once you have, you'll understand why the word has gone out so quickly that this is the finest motor car ever to bear the Cadillac name.

Use Of Fireproof Materials Urged

Today too many Texas farm homes are living in houses that were built to burn, says the Texas Farm and Ranch Council. The blame can be placed on some of the modern building materials that are smart but burn fast, such as certain fiberboards, accoustical ceiling material and high-combustible plastic tiles. So at fault are houses with flow walls or false ceilings that are inadequately firestopped, thus presenting an area through which a flash fire can be unimpeded, creating its own draft.

What can be done about this situation? The Council says one building or remodeling job is to use fireproof materials. "Your best bet is still Underwriters' Laboratory," says the Council. An interior finish of wall-board made of gypsum, cement, asbestos or plaster offers considerable resistance to fire and will not contribute to flame spread. For the roof, as-

Extension Service Names Specialist In Resources

Richard R. Marshall on October 1 became resource development specialist for the Agricultural Extension Service. According to the announcement released by Director John E. Hutchison, Marshall will headquarter at Colleton Station and his work will be on a statewide basis.

Marshall's major responsibility, Hutchison said, will be to train county extension agents in the development of educational programs aimed at developing the total resources of a county or area.

The new specialist is a native of Scurry county; a graduate of Henderson High School and Tex-

Plan Now For Watermelon Crop In '62

Texas is a leading watermelon state with more than 100,000 acres planted for commercial production each year. These watermelons move to many markets throughout the nation, and many growers profit handsomely. Others, however, make little more than expenses. What is responsible for this difference? Profit from watermelon production is directly related to time of harvest and tonnage produced. Those that harvest a large tonnage early in the

season show a nice profit - others don't do so well. How can a farmer get these early, large yields? The Texas Agricultural Extension Service has recently released a publication that contains an informative discussion of the factors related to these problems. As this publication points out, a good, even stand of healthy plants is essential to early and high yields. Essential to getting a good stand of plants is the use of the best quality seed available.

Choice of the proper variety is also important to the grower. He must choose one that produces hardy, resistant plants and uniform fruit. Once the variety is selected, the grower must then select a good soil to put into production. A deep sandy loam is preferred to light sand because of less moisture stress during dry periods and less leaching of plant nutrients during wet weather. Proper cultural practices must also be used if the producer is to realize the maximum profits from his crop. He must also have the help of certain insects. The male and female flowers are borne separately on the watermelon plant, and the female flowers must be pollinated for fruit set. Honey bees are the principle insects that pollinate watermelons. Except where watermelon fields are located near wooded areas where the wild honey bee population is high, adding bee hives to the fields at the rate of 1 hive to every 1 to 3 acres of watermelons is profitable.

Copperheads are the most widely distributed and in many places the most abundant of poisonous snakes in the eastern U. S.

Philosopher Worried About The Twenty-Three People In Town

Editor's note: The Sandhills Philosopher on his Johnson grass farm probably is misinterpreting the facts this week. Certainly we're not depending on him to feed us.

I know there are a lot of people worried about the possibility of an atomic war, but they make a mistake when they worry about it too much. I mean, with all the other things to worry about, why get in a rut? For example, I was reading

some statistics about farmers last night in a copy of a newspaper somebody three out of his car as it passed by my Johnson grass farm out here earlier in the day, and according to it, the percentage of farmers to the rest of the population in the United States continues to shrink. A hundred years ago, farmers were in the majority, then the cities and towns started gaining, picking up speed especially in the last few years. In fact, farmers lost 23 per cent of their

numbers from 1954 to 1961, just seven years. Today, only nine per cent of the country's population can be called a farmer.

But that's not the thing to worry about, it's this. The number of people in town a farmer has to feed is increasing. As the farm population goes down and the city population up, the burden on the farmer gets heavier. A hundred years ago, one farmer produced enough for himself and four others. To-

day, he has to produce enough for himself and twenty three others, according to the United States Department of Agriculture.

That's what I'm talking about. I don't know who the twenty three people are in Littlefield I'm supposed to feed, but whoever they are, if I was them, I'd forget about the hydrogen bomb and start worrying over where my next meal is coming from.

The load is getting too big. By the time I get through feeding myself and my family and an occasional in-law that drops in invariably at meal time, there's mighty slim pickings for those twenty three people in town waiting to be fed. I believe if I was them I'd put in a backyard garden, just to be on the safe side. I hope you're not one of the twenty-three looking to me for food. There's nothing worse for the peace and harmony of a community than an under-fed newspaperman, unless it's a hungry politician, although well-fed ones have been known to cause trouble.

Yours faithfully,
J. A.

Green Color In Hay Means Greenbacks

What color hay do you have for your cows? If it's any color but green, you'll be losing money when you feed it. Cows will eat yellow or brown hay, but they won't pay as much in return as they would for green hay, says U. D. Thompson, extension animal husbandman.

Here is how hay color affects the pocketbook of the person feeding it. The greener the hay, the higher the quality. Quality hay contains several essential nutrients, including protein. Protein supplements such as range cubes, cottonseed cake or protein blocks can be quite expensive, but if high quality hay is available much of this expense can be cut out.

There are several things to remember about hay, whether the feeder buys it or produces it, says Thompson. Hay crops that are allowed to grow and produce seed make inferior hay. The best food is found in the leaves, and the more mature

they are the less food they contain. A yellow or brown colored hay may have about 4 percent protein, but the same crop properly harvested, cured and stored might have as much as 20 per cent protein - the same amount as many range cubes. It would take only 4 pounds of 20 per cent hay to meet the daily protein requirements of a beef cow, but it would take 20 pounds of the 4 per cent hay.

Tonnage per acre is also very important, but more effort should be made to improve the feeding value of what is produced. In some cases the food value is so low the cow loses rather than gains energy by eating the hay. These cows lose weight unless a supplement is fed. If the necessary food was in the hay in the first place, this additional cost could be avoided, points out the specialist.

It is also well to remember that green colored hay will aid in getting a higher percent

- **Five New Combine-Type Sorghum Hybrids.**
These five Indians—Ute, Comanche, Apache, Kiowa and Cheyenne—have been bred, tested, developed and processed to give farmers a wide variety of performance choice. Each is adapted to special needs, soils, climates and maturity rates.
- **3 Little Indians.**
This is a new kind of forage sorghum that is a blend of strains and varieties adapted to many soils and climates.
- **Sweet Sioux.**
This is a sorgo x Sudangrass hybrid that provides an innovation in performance; increases in forage yields and grazing value up to 70% have been recorded in field tests.
- **Crop Guard.**
This is the "workhorse" of the new line—a sterile seed that grows tall to protect young, tender vegetation from winds, and grows a useful forage crop as an added benefit.
- **And Cotton Planting Seeds, Too!**
Paymaster's long-time research program in the development of cotton seeds has produced outstanding varieties—Paymaster "88-90" and Paymaster "101-A" and "54-B." Ask about them.

ANTON NEWS by Estelle Grace

Anton Study Club

The Anton Study Club met Oct. 8, at 7:30 in the home of Mrs. L. L. Rendleman, with Mrs. Alvin Crews as co-hostess.

Mrs. Harlan Black was program leader and theme of the first part of the program was "I Love America" and Mrs. Black introduced Mrs. K. W. Wells, who spoke on "Democracy Condemns Littering." She stressed the great cost of keeping our highways and parks beautiful. Mrs. Carl Harrington led the group in the pledge of allegiance and Mrs. Sid Landers, Federation Counselor, spoke on "Flag Etiquette" and stressed the fact we should always show respect for our flag and what it means to us as Americans. Sheila Rendleman gave a clarinet solo "America The Beautiful" accompanied by Mrs. Rudolph Shockley at the piano.

Theme of the second half of the program was "Democracy Demands Physical Fitness" and Mrs. Black introduced Mrs. Rudolph Shockley who spoke on the "Hidden Epidemic."

A business session was conducted with Mrs. Brad Gilbert presiding. In this session the resignation of Mrs. J. F. Bridges from the membership was accepted. Mrs. Earl Glass was moved from Associate membership to active. Mrs. Harlan

Black was named chairman of the Host committee for Anton Home coming, and Mrs. Alvin Crews was made chairman of registration. The club also voted to make a contribution to the cancer fund in memory of Mrs. Clifton Grundy.

Refreshments were served from a table featuring large bronze mums, and candles with appointments in silver. Miss Sheila Rendleman presided at the serving table.

There were twenty members and one guest present. The next meeting will be in the home of Mrs. Ed Hart, Oct. 18, at 4 p.m.

The Woman's Society of Christian Service met at First Methodist Church, Monday Oct. 2, at 2:30.

The group began a new study "Under Orders" with Mrs. L. B. Taylor in charge.

Mrs. W. M. Alexander brought the devotional and Mrs. Jack Grace gave the introduction to the study. Mrs. Jess Paden closed the meeting with prayer. There were 9 members present.

The Anton Garden Club met in the home of Mrs. Jack Grace Thursday afternoon for a business meeting.

The ladies then went to the scout Hut where they gave a de-

monstration on flower arranging to the Girl Scouts Troop that they sponsor.

Mrs. Jim Hobgood was hostess and served refreshments.

The WMS of the First Baptist Church met Tues. at 3:30 p.m. to begin a new year of work.

Mrs. Loretta Jones, president, presided over the meeting. Mrs. John Williams finished the study "Christian Sharing of Possessions".

Mrs. Richard Grace was presented a gift in appreciation of her 3 years service as president.

Laura Levi, Bride Elect, Honored

Miss Laura Levi, of Plainview, bride elect of Randall Small, was honored with a miscellaneous shower given Thursday, October 5, in the home of Mrs. W. B. Smith, Jr., 212 East Fourth Street, during the hours of 3:00 to 5:00 p.m. The receiving rooms were decorated with arrangements of chrysanthemums and roses.

Greeting the guests was Mrs. B. Smith, Jr., who presented to Miss Levi, the honoree, a gift of a silver bracelet, and Mrs. J. L. Small, other members of the bridegroom's family. The prospective bridegroom, Randall Small, was also in the receiving line. Miss Levi wore a corsage of white mums with cream centers, surrounded by baby white mums, white satin leaves, tied with white satin ribbon. Mrs. L. Small also was presented a corsage of white mums. The corsages were presented by the hostesses.

Special guest was Miss Janice of Plainview. The reception table was laid with an all over lace cloth over a white tablecloth, centered with a three-tiered wedding cake, iced in white and decorated in blue, chosen by the honoree. Atop the cake was a miniature bride and groom. The miniature bride was dressed in blue. Crystal silver appointments were used in serving the blue fruit punch, cake and white minis. Mrs. Fred Shaw, Mrs. Ray Culwell and Mrs. Ira Limbocker presided at the serving table. The hostess gift to the honoree was an electric skillet, a piece set of stainless Magline cookware and the bride's trunk.

Hostesses for the occasion were Mrs. Everett McBroom, Mrs. Daniels, Ray Culwell, John Huff, Jack Straw, Riford Daniel, G. L. Peterson, Charles Sullivan, Basil Johns, Fred Weldon, Green, Ira Limbocker, Lynn Fite and W. B. Smith, Jr.

Tammy Kay, new daughter of Mr. and Mrs. Tommy Green, was honored with a pink and white shower October 6, at 9:30 a.m. in the home of Mrs. Herman Meyer, 1413 W. 9th Street. Mrs. Meyer greeted the guests. The serving table was laid with a white lace cloth over a pair of china baby shoes added to the table decorations. Centering the table was an arrangement of baby mums, daisies and baby breath, which Mrs. Ethel Schreier arranged.

The hostesses presented Mrs. Green with a high chair for her new daughter, Tammy Kay. Mrs. Percy Parsons, Mrs. Pollard, Mrs. Conner Parsons and Mrs. Herman Meyers presided in serving coffee, doughnuts and cinnamon nut cookies to the guests. Silver and china appointments were used. Hostesses for the event were Mrs. Conner Parsons, Kent Pollard, Mrs. Percy Parsons and Mrs. Herman Meyers.

Mr. and Mrs. Guy Vaughn visited in the home of her parents, Mr. and Mrs. H. R. Brummett Sunday, Monday and Tuesday, at Hico, Texas. Her father is in the Hico Hospital seriously ill.

Mr. and Mrs. Everett McBroom visited his mother, Mrs. Bell McBroom at her home in Wellington Sunday. Mrs. McBroom returned home with the Everett McBroom's to spend the rest of the month visiting relatives and friends here.

Mr. and Mrs. Loyd Cowart and Mrs. Pearl Schreier left Wednesday for Odessa to attend a Rock Show. From there they may go to the Big Bend country in search of more rocks, for their rock collection.

Letters To The Editor

Dear Editor: Do you have a child in Junior High or Senior High School? Are you a member of their P.T.A.? Stand by your teenager! When he was in elementary school you realized the importance of belonging to a P.T.A. Now that he's in high school it's just as important for you to belong to the high school association. Your teenager still needs encouragement, understanding, guidance, and controls. High school administrators and teachers need your expressed interests and active cooperation. We must help our teenagers understand the value and importance of staying in school and graduating.

We feel like every parent would like to be a member but have just neglected to do so. We have designated October as our membership month but would like to have them ready to send to the State office by Oct. 15th. We have approximately 750 students registered in Junior High and Senior High School, and have only 135 members who have paid their dues this term. If you are interested in our youth and school, you may be a member if you do not have a child in school. The dues are one dollar each and if you would like to join us you may send your name and dues to our membership chairman, Mrs. F. L. Sitton, 401 E. 21st St., Littlefield, Texas.

We welcome you to join us for this 1961 - 62 school year. Be a "high-fidelity" parent.

Mrs. Ed Blackwell

Crawford Gets Promotion

STUTTGART, GERMANY (AHTNC) -- Billy C. Crawford, son of Mr. and Mrs. James C. Crawford, Littlefield, Tex., recently was promoted to private first class in Germany where he is a member of the 25th Artillery. A meteorological specialist in the artillery's Headquarters and Service Battery in Stuttgart, he entered the Army last January, completed basic training at Fort Hood, and arrived overseas in August, 1961. The 23-year-old soldier is a 1957 graduate of Dolores County High School in Dove Creek, Colo.

Opal Bogard Is Senator At Wayland

Opal Belle Bogard, graduate of Bula High School, was elected as one of the five sophomore class senators at Wayland Baptist College, Plainview, in a school-wide election last week. Opal, daughter of Mr. and Mrs. Tom Bogard, Bula, is a member of the internationally famous Flying Queens, women's basketball team at Wayland which won the 1961 National AAU Women's Basketball Championships at St. Joseph, Mo. All legislative powers are vested in the Senate of the Student Government Assn., and senators must have and maintain at least a 1.0 grade-point average to hold office.

Harlis Burns, former Littlefield City Policeman, has moved to Sudan where he has been appointed city marshal. He began his duties in Sudan last week.

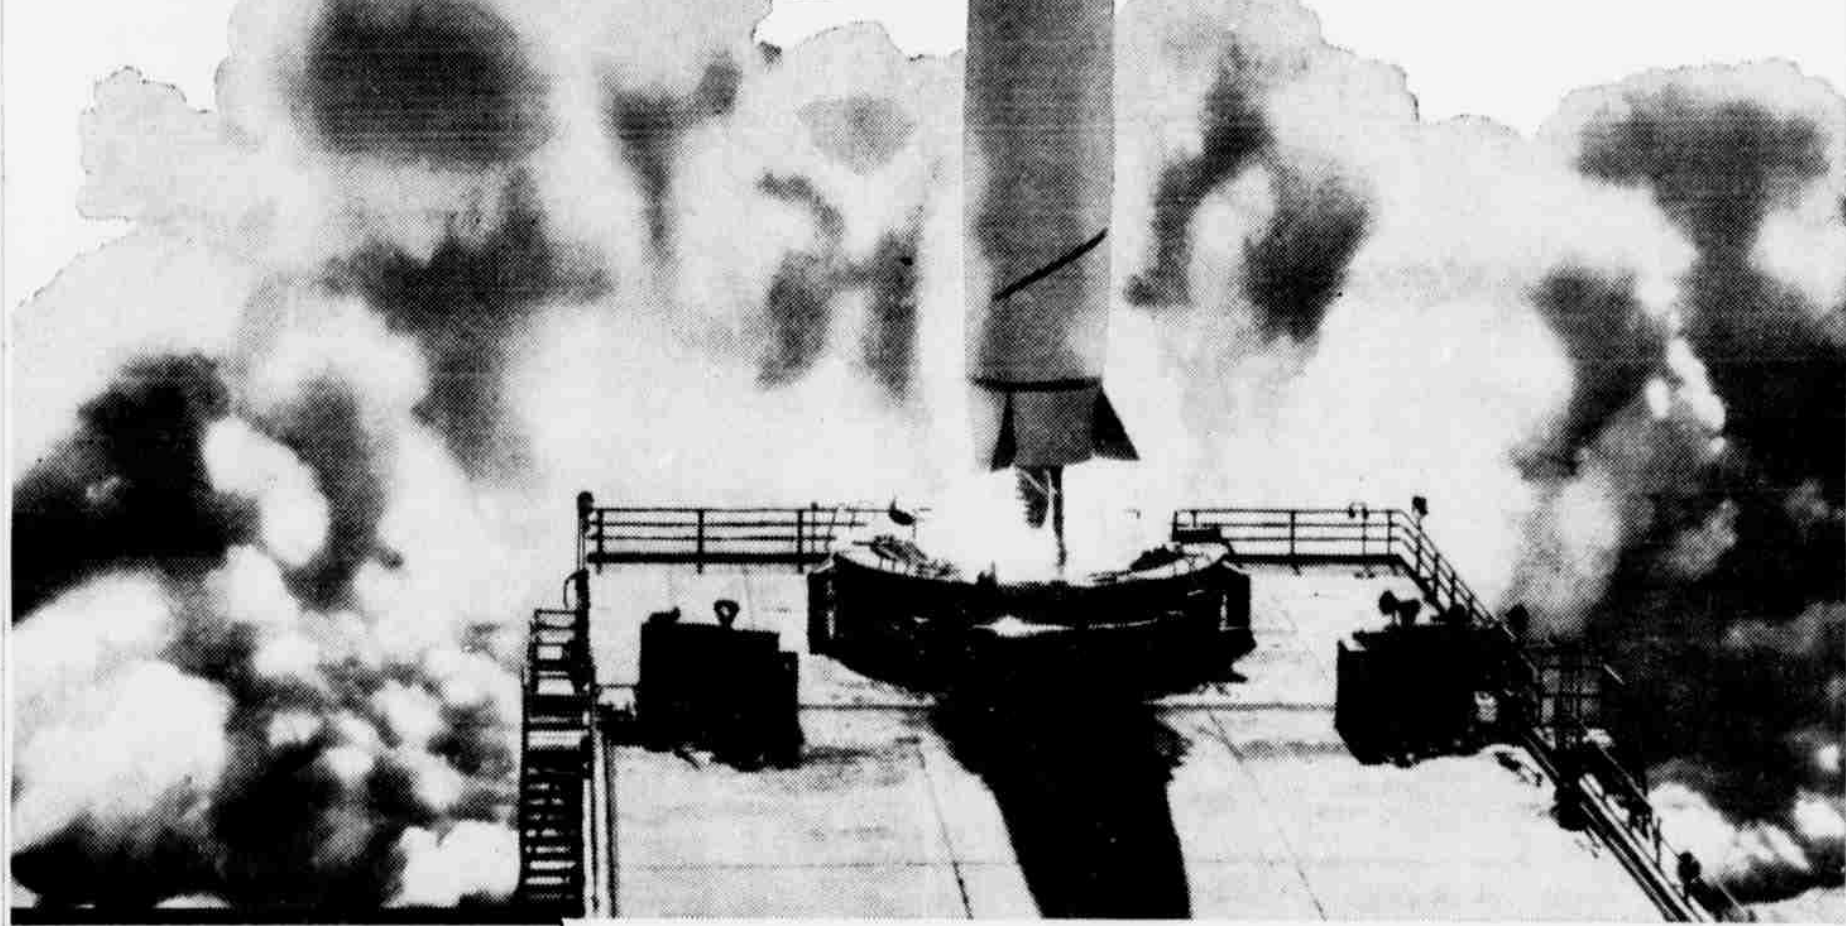

Burns was a City Policeman here for 17 months moving here from Odessa. He, and his wife and family have already moved to Sudan.

Coodies was a nickname applied to those members of the Federalist Party in New York who favored the War of 1812.

Calvin Coolidge took the oath of office as president at 2:30 a.m. on August 3, 1923, at the home of his father.

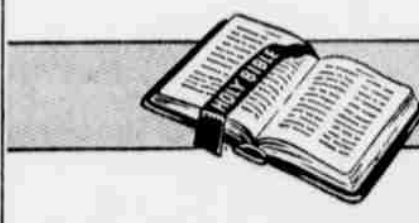

The Church Needs You ---- You Need The Church

FIVE FOUR THREE COUNTDOWN TWO ONE ZERO

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The countdown has been completed. At the word "zero," electronic miracles happen. The rocket zooms skyward, and seems to penetrate the infinite.

But it hasn't. Man's greatest efforts fall far short of solving the mystery that is life itself. The answer is known only unto God. And man's greatest troubles still concern not the universe but man himself, and his fellowmen.

The greatest scientists today realize even more acutely than most of us the limitations of mankind. From deep, personal experience they know how desperately man needs God's love and His guidance. And they know, too, that no matter how "invincible" their rockets may become, in the end, true peace can be achieved only by God's own workings within the hearts and minds of men.

Pray for this kind of peace in church next Sunday.

Mann Chapter of the Junior Honor Society which met at Springlake Junior High at 3:45 p.m. Monday. Composing the committee are Lynn Hamilton, Helen Phillips, Carla Glasscock and Lomie Whitford. They will enact the skit before the Junior High student body next week.

Also at the meeting presided over by Ken Dawson, vice-president, it was announced that Ted Borum, Earth theatre proprietor, will award free show tickets each month to members of the society.

The honor society banner now being made was discussed and a committee to prepare posters that encourage studying during six weeks tests was appointed.

The organization worked at the Concession stand at the heart - Springlake Junior High football game last Thursday. Approximately \$40 was taken in. Money will be used to purchase awards and for other projects.

A. C. Barton was able to return home Monday from West Plains Hospital, Muleshoe, where he underwent an appendectomy about a week ago.

In Littlefield Wednesday afternoon were Mrs. Clyde Knight and Mrs. Barney Glasscock.

"Miss Harvest Fair Queen" a skit presented by members of Den 3, of the Earth Cub Scouts highlighted Tuesday night's pack meeting. Participating were Butch Hamilton who emceed the skit, also Melvin Salley, Miss California; Kent Parish, Miss Colorado; David Holt, Miss Texas, and Donnie Galloway who portrayed Miss Louisiana, who was crowned queen by popular choice. Each contestant answered a question and paraded before the judges in evening gowns and bathingsuits.

Supervising the skit were Mrs. W. D. Holt, Mrs. C. C. Hamilton.

Den 4 gave an interesting skit concerning corn, it's planting, growing and usage as learned by the Pilgrims from the Indians. Roles were played by four members as Arboth Rylant, den

chief, read the original script prepared by Mrs. Jim Lackey, den mother.

The purpose and origin of fairs was presented by members of Den 2.

Earth Webelos den gave a humorous demonstration on the use of echoes in the study hall. Jack Rylant, Jr., den chief, served as voice while den members replied from various parts of the room.

Den 1, under the guidance of Mrs. C. L. Berry and Mrs. Jim Glasscock, sang, "Old Akela had a Pack" with Bobby Glasscock, den chief, leading.

C. L. Berry, Cub Scout committeeman, opened the meeting. It was announced that the Cubs will begin a recruiting program this week. It will continue through December.

Boys between ages 8 and 11 who would like to become Cubs may contact any Cub, den mother or the cub master, Jim Lackey. Official enrollment cards will be distributed at school for boys approaching scouting age.

A finance committee composed of Jim Glasscock, Millie Armstrong, Carolyn Coker and Agnes Lewis was appointed to plan fund raising projects for the coming year.

Group singing of "America" was led by Den 1.

Displays at the harvest fair included a marble contest in which Charlotte Sawyer guessed nearest the correct number: a fishing booth and vegetable animals shown by den 1.

Den 2 had on display its miniature cactus gardens, seed pictures, game boards, and summer achievement projects.

Den 3 exhibited scrapbooks and model autos.

Den 4 showed models of ships and planes.

The Earth Volunteer Fire Department has made available to interested persons, plans for constructing fallout shelters. Five different plans may be picked up at the city secretary's office.

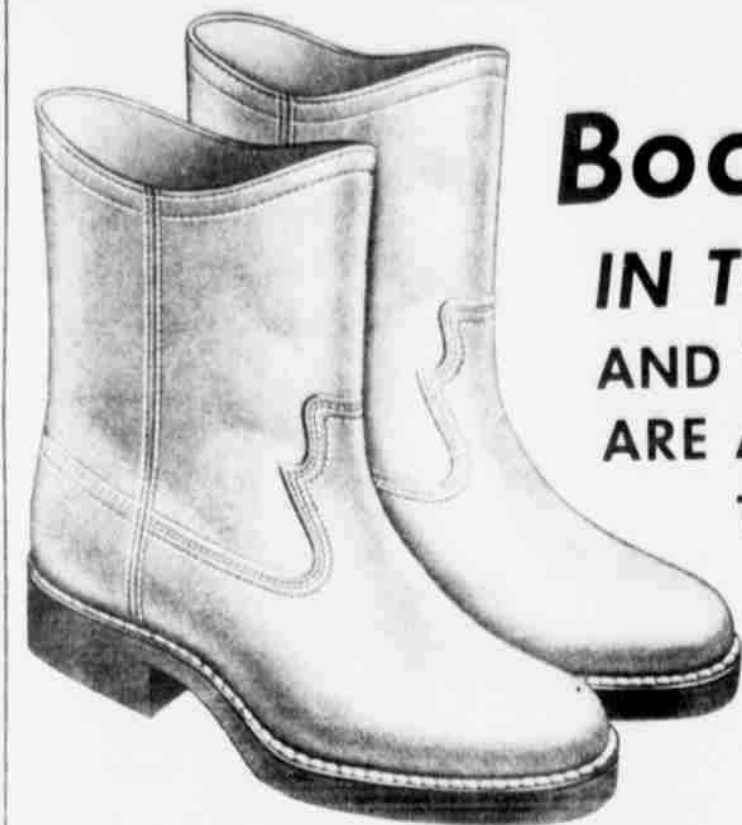

At a meeting of Earth city officials Monday night they voted to file suit on city property owners whose paving taxes have been delinquent for as long as two years.

They also interviewed and hired J. D. Mackey, former Amherst city marshal, as Earth City Marshal. He began duties here Tuesday morning.

Mackey has also served as deputy sheriff at Stillwater, Okla., and was a security guard at Reese AFB, Lubbock four years. He is the father of three children, Mrs. Ray H. Rampy, Amarillo; Tommy Mackey, Littlefield and Raymond Mackey, Shallowater.
