Lfd. Wins Game From Lubbock 11-4; Amarillo To Play Here Sunday

Last Sunday afternoon the Littlefield Cats invaded the Hub City base ball orchard and gave the Lubbock boys a run for their money, winning 11-4.

With Pitcher Newty Moore on the mound and feeling equal to the occasion let the Hubbers down with but one singles, while the heavy hitting of the locals netted 11 scores and a total of 13 base hits. Dick Ratliff did the catching for the Gats.

The game started off in real baseball style when M. Ratliff drew a base ball, advanced to second on Art Mueller's sacrifice hit and scored on Ratliff's hit to center. The Littlefield team led all the way in scoring till the 6th inning when the score was tied at four all.

In the seventh the boys put over another, and in the eighth and ninth more tallies were added. With Moore on base in the eighth, Al Mueller a home run over the right field fence. Ray batting for Etter got a single scoring Fly Thornton who had bled to open the 8th inning. It was the heavy hitting of D. Ratliff, Mueller, Mick Ratliff and Ray that spelled the downfall of Hinson who did the mound job for Lubbock. Hinson was on the receiving end.

This game proved to be a real workout for the locals and was another step nearer to the opening of the baseball season for Littlefield. With the locals rounding into shape the workout's scheduled galore this week the boys should be in readiness for the fast Amarillo club that will play the Littlefield nine here next Sunday.

Allen well known baseball pitcher with many years of base ball experience both as a player and manager will likely be on hand with his men of semiprofessionals who are contenders for baseball laurels this season in semipro ranks.

Every fan who is a lover of baseball will not go wrong in expecting a battle when these two teams mix on Sunday.

Sheriff Captures Still And Mash; Two Men Arrested In Connection

Sheriff Len Irvin and Deputy Lawrence Walraven made three raids the latter part of last week netting various results favorable to law enforcement.

Thursday night two places were raided in Littlefield and a quantity of empty whiskey and beer bottles taken.

Later on the same night a place three miles west of Littlefield was raided and found that three 10 gallon kegs of beer mash had been poured out, evidently just previous to their arrival, as according to the officers the stuff was still running out of the kegs.

Still later the same night a raid was made 15 miles southeast of Littlefield, near the Spade ranch headquarters, where a 50 gallon copper still and 55 gallon barrel of mash was taken from the basement of a residence, together with all other equipment necessary for whiskey making. In the house was also found a five gallon keg of beer. Two men, giving their names as Sam Hawkins and A. L. Gabbert, were arrested at the same time. Hawkins was taken to jail at Olton, and Gabbert, having small pox, was held under private guard. Both men made bonds in the sum of \$1,500 each.

The following Friday morning Irvin and Walraven raided a negro house north of the railroad, pouring out 100 gallons of home brew, breaking the jars and other equipment and arresting three men. Two of them made bond and the other was lodged in the Olton jail.

Sheriff Irvin states that his department is on the job of law enforcement day and night and always ready to act. He solicits information from any citizen who has reason to believe in any violations that are going on. "Every officer must have the co-operation of the people," said Mr. Irvin, in order for him to render the best possible service."

Legion Plans July 4th Picnic; Also An Army Dinner Here Saturday

The Richard New Post, of the American Legion, met Monday evening in the basement of the Presbyterian church, with a large number of members in attendance.

A number of items of business were transacted and a committee was appointed to make plans for a picnic on July 4th. Those who will serve on this committee are: H. C. Yeary, Bud Hammons, Roy Blessing, Wade Potter and Doctor Walthall.

An army dinner was also planned to be given Saturday in Littlefield by the members of the post and the auxiliary unit.

The ladies of the auxiliary met in separate business session from that of the post, and at the close of which a joint social hour was held.

A plate, consisting of fried chicken salad, deviled eggs, pickles and coffee prepared by Mesdames Jennie C. Parker, T. L. Matthews, J. T. Street, and W. H. Rutledge was served to those present. This social hour was enjoyed by all.

Anton Bank Report

The Anton State Bank, youngest bank in this section of country, having a capitalization of \$20,000, 5,000 plus and \$1,825.03 undivided net profits, in its official report made last week, shows deposits totaling \$49,343.

Plainview To Have \$100,000 High School Building Soon

Plainview, April 9.—The Worth Building and Investment company of Fort Worth today was awarded the general contract on a bid of \$72,975 for the construction of an addition to the Plainview high school. Work is to be finished by September 1.

W. Holbrook, president of the school board says the construction will cost more than \$100,000. Sub-contracts were let for the plumbing and heating to Spencer & Dallinger and for the lighting to Burt Electric company. Both Plainview concerns.

LFD. 4-H CLUB MEET

The Littlefield 4-H club met Wednesday afternoon of last week. Prof. Box, agri teacher was guest and made a talk to the members on "Poultry," telling us how to make the proper selections.

There has been a very good attendance at each meeting.—June McCormick.

AND KEEP CAREFUL TAB ON THOSE ALIENS WHOSE OCCUPATIONS ARE GENERALLY UNDER SUSPICION.

Lfd. Will Compete In Interscholastic Events At Tech. Fri. and Sat.

Littlefield High school will be well represented at the district two meeting of the University Interscholastic League to be held Friday and Saturday of this week on the campus of the Texas Technological college, at Lubbock.

C. L. Harless, Jr., and Edgar Walters will compete in boys tennis doubles, while Winifred Willis and Blanche Brannen will represent the local high school in girls tennis doubles.

Ben Harrison and Carson Glass will parade their oratorical abilities in the declamation and extemporaneous speech contests, respectively, and each have a fair chance of winning district honors.

Track Coach F. O. Boles has the best track team in the history of the Littlefield school, and they are certain to give a good account of themselves despite the fact they are few in numbers. The six track men and the events in which they will compete are as follows:

Fulton Smith, 100 and 200 yard dashes.

Percy Carter, 100 and 440 yard dashes, javelin throwing and mile relay.

Elvin Carter, mile relay.

Richard Herring, 880 yard run and mile relay.

Durwood Henderson, 440 yard dash.

Johnnie Smith, mile relay and javelin throwing.

First and second place winners in the track and field events and first place winners in tennis and the literary events are eligible to compete in the state meet to be held in Austin, May 1, 2 and 3.

Littlefield School Dist. Shows School Increase Of 491 During Past Yr.

The scholastic population of Littlefield Independent school district has increased 826 pupils, or approximately 50 percent during the past years, according to Assessor J. S. Hilliard who this month completed the census for this year.

In 1928 the scholastic population of this district was 1,301; in 1929, 1,644; in 1930, 1838. These figures show an increase this year over that of last amounting to 491, which includes 297 pupils in school here last year and which went into the new Spade school district this year.

Employing the usual methods of counting four persons to each scholastic the population of this school district has increased more than 3,000 during the past two years.

This year the Littlefield school district received \$28,770 state school money, at the rate of \$17.50 per capita. It is probable the state per capita fund will be cut to \$17.00 next year, in which event this district will obtain \$31,246, or \$2,476 more than is being received this year.

Lions Have Prominent Guest at Friday Meet

A very inspirational meeting of the Lions club was held last Friday noon, a good attendance of members being present, and the club honored with several prominent visitors, as follows: Rev. D. B. Doak, Plainview; Rev. Geo. E. Turrentine, Brownfield; Rev. C. A. Bickley, Lubbock, and Commissioner Pat Boone, Littlefield.

Rev. Bickley spoke on "Fellowship the Civic Club, Its Purpose and International World Peace."

Rev. Doak spoke on "The Service Club as a Community Builder."

Rev. Turrentine stressed the necessity and good accomplished by the club and its obligation to the town.

Pat Boone also responded with a short pithy talk.

There was a report from Rev. R. B. Freeman on the corner stone laying of the new Methodist church that morning, he also reporting on the progress in numbering houses and marking the streets of Littlefield, which plan is being sponsored by the Lions club, with the assurance of support and co-operation from the Rotary Club and the Chamber of Commerce.

Word was conveyed of the acceptance of the Rotary club regarding a challenge issued by the Lions to meet them in a golf tournament to be held beginning next Thursday afternoon. Members present declare this will be a hotly contested event.

W. G. Street Announces For Co. Tax Collector

Understanding that the offices of Sheriff and Tax Collector will be separated after the present census, I am submitting to you this announcement of my candidacy for the office of Tax Collector, subject to the action of the coming Democratic primary election in July.

I am a native Texan, having been born in Mexia, Limestone County, Texas, where I lived until I moved to Lamb County in 1918, where I have since resided.

As to my experience and qualifications for holding the office, I will say that I have been doing various kinds of bookkeeping and accounting work for the past twenty-three years. For the past eighteen months I have been holding the office of City Secretary of the City of Littlefield, and in connection with this office have been doing all the assessing and collecting of the taxes.

It is my intention to make a thorough canvass of the county, and so far as possible, make an effort to meet every voter in the county personally.

If elected, I promise the people of the county an honest and conscientious administration of the affairs of the office.

Respectfully,
—W. G. STREET.

LIONS TO CROSS CLUBS WITH ROTARIANS SUNDAY

Members of the Lions and Rotary organization have been matched for an 18 hole golf tournament here next Thursday afternoon beginning at 1:30 o'clock. There will be two teams of eight men each, of which Jimmy Brittain is captain for the Lions and C. H. Grow captain for the Rotarians.

About two weeks ago the Lions beat the "Cogmen" in a benefit baseball game, and according to Grow, the Rotarians are going to twist the caudal appendages of the aforesaid beasts aplenty next Sunday.

It is said there will be a number of local and visiting fans on the greens next Sunday to witness the growling and grinding.

The line-up for the Rotary boys is: Grow, McCaskill, Mayhew, Potter, Clements, Teal, Cobb, Hammons; for the Lions: Brittain, Jordan, Sullivan Barnes, C. Arnold, M. Etter, A. Mueller, Johnson.

DRIVERS WARNED ABOUT HEADLIGHT LAW VIOLATION

According to authoritative information, State Highway patrolmen are warning automobile owners about driving cars and trucks at night with only one light burning. The penalty for such law violations range from \$1 to \$100, including court costs.

Patrolmen with headquarters at Lubbock are making this territory and will see that the law is enforced.

Cundiff Makes Winnings Plainview Dairy Show

E. C. Cundiff, Littlefield dairyman won fourth place in milk at the South Plains Dairy show held at Plainview last week. There were 52 other contestants competing in milk. Pasteurized and raw milk were graded in the same class. When it is considered there were but twenty-five-one-hundredths points difference between first and fourth place in display the closeness of the competition may be realized, said Mr. Cundiff.

Cundiff also won third place in Senior Bull calf, crowding the second place winner by a close margin.

Cundiff specializes in Guernseys in his dairy business, having several registered and high grade producing animals in his farm.

ROTARY CLUB MEET

The Rotary Club met at the Methodist Church at 12:15, Thursday of last week, President C. C. Clements presiding. There were 29 members present, and the following visitors: Reverend R. B. Freeman and Bernard Bryant, who is governor of the 41st district of Rotary International.

President Clements was elected as an alternate delegate to the International Convention, to be held in Chicago, from June 23 to 27. Rev. Joe Grizzle, who had charge of the program for the day, called on Rotarian Bills, Hammons, Hilburn and Mayhew to render some songs. He then introduced Miss Freeman, who gave two readings for the club.

President Clements introduced Bernard Bryant, who gave a very interesting talk on Rotary International.

This program, which was well arranged and exceedingly interesting, was enjoyed by all present.

GIN AT COBBLE SWITCH

A large and modern cotton gin is to be built at Cobble Switch, about 12 miles west of Levelland on the Santa Fe railroad.

Neuenschwander Gets Contract for the City Hall in Littlefield

At a meeting of the City Commission held Tuesday afternoon, Albert Neuenschwander, local contractor was awarded contract for building the City Hall at a bid price of \$26,289.00.

There were six bidders present, the nearest bid to Neuenschwander's was that of W. G. McMillan, Lubbock, \$36,574; then Sampson Construction Co., \$36,887; the highest bid being \$41,896.

The new building while in a T-form construction will be practically 71 feet square, two stories, comprising about 5,000 square feet floor surface. The contract calls for completion within 120 working days from date of signing contract.

Contracts for jail equipment, furniture, etc., will be let in about two weeks from date.

APPLICATION MADE FOR RADIO STATION AT PLAINVIEW

According to the Plainview Herald S. T. Cooper, of the Electric Service Co., of that city, has made application to the Federal Radio Commission for a broadcasting station, to operate on a 1849-frequency, with 250 watts power, and with unlimited time.

He is ready to make installation if a favorable report is returned on the application, which is now in Washington.

Accident Tourney Opens Odds Up on Sliver-proof Glass Chariots Milk Fed Pedestrians Bring Good Prices

By E. W. Melson

DOUBLE BREASTED suits of cast iron, lined with chrome sole leather, will be worn by the well dressed motorist this spring. We have had our ear to the ground. Paris advices decreeing knickers will be entirely ignored, if not openly snickered at, by the 26,634,210 car owners who will take the road this spring prepared to avenge dents in the radiator, abrasions of the fender and contusions of the gas tank, suffered in last year's road tourney.

The jousting this year will be very gay and jovial. Cars will be matched by weights, and all collisions will be carefully refereed by cheering spectators, selected for their agility, who will report round by round to the Workmen's Compensation Bureau. No head on gouging will be permitted except by cars equipped with scatter-proof glass and caterpillar tires. Armored tanks are taboo, except by agreement between the contestants. Tanks are too safe for the drivers and last year's accidents from this source were so low as to be laughable.

The prizes to be awarded by the casualty companies this year are about the same as last:

Complete Dislocation Right Elbow	\$50.00
Partial Fracture Floating Rib	25.00
Well Mashed Toes (Large or Small)	12.50
Shin Bruises from Cranking	8.95
Kicked by Horse	4.75

Bookmakers are quoting heavy odds on cars equipped with scatter-proof glass. In last year's jousting many contestants were

unseated by flying slivers. This year, those who are still driving old style cars may obtain asbestos umbrellas from the State Conservation Commission. This umbrella, invented by a Yugoslavian cab driver, will stand a heavy shower of glass and permit its owner to compete with newer jousting cars fitted with splinter-proof glass.

The contest will run from April until October and will be under the auspices of the Ad-

Accident Costume by Bethlehem Steel

hesive Tape & Plaster Association and the Auto Accessory and Garage Repairmen.

Pedestrians are looking forward with eager anticipation to the yearly festival. Their suits will be made of special alloy. Casualty companies have announced that they will pay \$5,000 for the hands and feet of choice, milk fed, pedestrians, or \$2,500 for either leg. There will be prizes for all and the winner on points will be given a steel engraving of Mussolini on his horse. Chambers of Commerce are urged to get behind this movement and have a Mardi-Gras in every community.

PHENOMENAL GAIN IN TRUST SERVICES

By JOHN G. DONSDALE
President American Bankers Association

SO phenomenal has been the increase of trust business that statisticians are unable to keep a true record of its advancement.

There are now something like 3,500 active trust departments in banks in America, while in 1900 only 165 active trust departments had been established.

In becoming the custodians or the guardians of the property of others, bankers assume what has been fittingly described as one of the "most exalted human relationships ever created by law." They become at once a big brother, a big sister, an advisor, or a confessor, sworn so to conduct themselves that clients will be won to them by their ability and integrity.

Thousands of little children have received an education and have been started off right in life through the trust department's safe keeping and guidance of the family estate, numberless widows have been protected from merciless stock swindlers, many thousands of business men have been relieved of troublesome details in the conduct of their business through the creation of a living trust and still others have safeguarded their business enterprises through life insurance trusts.

The favorable reaction of the public toward trust department service is not accidental. It may be traced jointly to the growing intelligence of the American people in financial affairs and to advertising to the world at large the merits of trust services. Advertising used in a sensible, judicious way is necessary, a power that has accomplished much good for humanity.

Among the detailed services, rendered by a trust department the one that seems to be winning favor the fastest is the life insurance trust. Life insurance is the quickest known way of creating an estate. In reality it affords the possessor the opportunity of setting up a positive monetary safeguard for his family and then paying for it on the installment plan.

A married man is not fair to his family if he fails to carry life insurance. I would say to the young man, "Buy insurance before you buy the ring," and to the young woman I would say, "Marry no man so thoughtless as to scoff at life insurance."

MODERN EDUCATION REVERSES OLD IDEAS

Business Institutes Use the Plan of Getting People to Think Rather Than Merely to Learn.

There is one general principle at the basis of all good teaching and it is that a person learns more readily by assimilating the experiences which he himself encounters than in any other way, says Harold Stonier, National Educational Director of the American Institute of Banking. This institute is the educational section of the American Bankers Association through which 35,000 bank men and women are receiving scientific instruction in their chosen business.

"The most advanced people in teaching today are emphasizing the importance of activity on the part of the student," he says. "In the school-room of former days we often heard such phrases as, 'Be still,' 'Learn by heart,' 'Don't do that,' 'What does the book say?' The newer education asks, 'What do you think?' 'What was your reaction to that experiment?' 'What did you discover?' 'What reasons have you for answer?'"

The New School Calls for Action "The 'expressing' school is taking the place of the repressing and listening school. The classroom is becoming an open forum, a studio of self-expression, a place of mental growth. The modern concepts of education are personal experimentation, individual investigation, critical discussion and creative self-expression. The pupil really learns only as he is able to assimilate the new meanings of facts and principles with his previous experiences. Activities therefore constitute the pivotal force around which are grouped the new factors in education. The primary responsibility of the teacher is to furnish a constant stream of activities which will afford the stimulating urge to mental growth.

"Education is a process of experiencing, and the program of the institute is so arranged as to give the greatest opportunity to gain by such experience. Through this we develop the art of thinking. Thinking has been described as the ability to handle experience and to bring it to bear on a problem. Effective thinking arises when we are presented with the choice of conduct. Our previous experiences become helpful as we marshal them and bring them to bear upon the matter of our choice."

The students in the American Institute of Banking by reason of the fact that they continue to go on about their employment in banks while taking the banking association's study courses have an opportunity to combine learning with practical thinking and action.

AGRICULTURE NOTES

By D. A. ADAM
Lamb County Farm Agent

During the past week a meeting of the Lamb County bankers was held to discuss the feeding program which is under way for this county. Ways and means of conducting the program were discussed. It was decided to have a feeding short course August 12 and 13, and in the meantime every farmer interested in feeding some beef cattle this fall is requested by your bank to come in and talk the situation over.

J. E. Holland, Fildeton, sold three of his cows that have proven unprofitable as determined by the figures obtained by him through the West Texas Cow Test by Mail Ass'n. This work is being carried on through demonstration with the county agents in West Texas.

Robt. L. May, dairy demonstrator, in cooperation with County Agent D. A. Adam, reports his cows lost 14 pounds in milk production Saturday April 15, because he failed to turn them into his alfalfa pasture in the afternoon as was his habit. Through the use of milk scales many tales can be told about your dairy herd.

A fresh supply of poison grain for the control of ground squirrels, etc., will be available at the county agents office at any time farmers may desire to have it.

J. J. Cook and Roy Gilbert, of Amherst, purchased two highly bred cows at the auction sale at Plainview last week, during the dairy show.

Now is the time to treat your grain sorghum seed for smut. Three oz. of Copper Carbonate to the bushel will safely protect you against any smut lowering your yields. The county agent will be glad to give a number of demonstrations on this upon request by anyone in the county. Some have been planned, and will be announced later.

Trailer License Law Is Modified By Legislature

An act to amend Bill No. 6, recently passed in the 41st legislature in the second called session, exempts a farmer from payment of a trailer license fee where the weight of said trailer is less than 4000 pounds, provided that the trailer is operated or moved temporarily upon the highway. The term "operated or moved temporarily" upon the highways is defined in this law as follows: "The operation of conveying between different farms and the operation or conveyance from the owner's farm to the place where his farm produce is prepared for market or where same is actually marketed and return."

There is another clause in the above act that expressly states and warns that a trailer owner is exempt from license in accordance with the above, is not to ignore the other provisions of the law in regard to tail light, dimensions of trailer, etc. The

bill becomes effective April 10, 1930.

AGED CITIZEN DIES

W. S. Brock died Friday at the home of his son, I. S. Brock, who lives eight miles northeast of Littlefield. He was 84 years of age.

Funeral services were conducted by Rev. Roy A. Kemp at the Brock home. Interment was made in the Littlefield cemetery. Hammons, Bros. undertakers in charge.

Mr. Brock is survived by seven children, three of whom were present when his death occurred.

EATING AND SAVING

Your pork chops, cabbage and beans may be costing you a little more than they did at the close of the year, but according to a report just sent out by the government, enough has been lopped off of other commodities to make the cost of living lower right now than it has been for four years. Wonder how many Littlefield housewives can say: "Yes, I've noticed that."

We're getting coffee far cheaper than at any time since the war and sugar is still selling at pre-war prices. But outside of this it's pretty hard to notice any change in the average family's grocery bills. The government figures, of course, cover the nation as a whole. And even then the decline is so slight as to hardly be worth shouting about.

But the chance to lower it still more is here, thanks to old Mother Nature, and the opportunity she provides for growing a little garden truck of our own instead of being forced to the can-opener should be seized upon. Our meats may not be declining to any noticeable extent. But with "garden sass, and greens to be had for the picking, we can taper off on the meat dishes for awhile. The season of economical living is again here. And we haven't much sympathy for the family that can take advantage of it by making a garden but, for no good reason at all, fails to do so.

We can't all make money in the chicken business, but we can all enjoy reading about other people doing so, while keeping in mind the fact that it is growing to be one of America's biggest industries.

LITTLE LEADERS

We like to see a Littlefield man using faith, but not to the extent of putting to much of it in his brakes.

It has been our observation that every Littlefield man who makes a fool of himself is usually too big a fool to realize it.

A lot of young women around Littlefield who can't even get a meal with a can-opener manage to make a hash of their married life.

Last spring's coat may keep the average Littlefield woman as warm as a new one, but it won't keep her as happy.

An easy way for a Littlefield man to get his wife's opinion of himself is to mention in her hearing that Babe Ruth gets \$80,000 a year for knocking a few baseballs over the fence.

WHERE CRIME STARTS

Here's something we want every father and mother around Littlefield to ponder over. Figures gathered in made public, show that the majority criminal courts, penitentiaries and reformatories all over America, just of crimes now being committed are carried out by boys between the ages of 10 and 24. Most of it is petty banditry or thievery—robberies of small grocery stores and filling stations—where the boys know a little cash is always on hand.

All the boy needs is a cheap revolver, and that is always easy to get. If he is successful in his first attempt he will be encouraged to stage one on a larger scale; and then he is started on a full-fledged career of crime.

Warn your boy of the fate that befalls those who carry revolvers. Align yourself with any movement that seeks to prohibit their sale, locally or by mail, to anyone who is not by law entitled to carry one. It's the surest way we know of to discourage crime.

When a man is full of his own importance it usually is a sign his head is plumb empty.

A CHANCE TO WIN

The Highway Education Board, with headquarters in Washington City, has asked us to interest boys and girls around Littlefield in its annual prize contest for essays on safety.

The contest this year is just starting, and it is open to the pupils of all elementary schools.

The subject to be written on is: "What am I doing to set a good example on the Highways." Teachers will write on: "Teaching the essentials of street and Highway Safety."

The first prize for pupils is a gold watch and a trip to Washington City. The first prize for teachers is \$500 in cash and a trip to Washington City.

There is no reason why one or more of the prizes should not come into this section as our boys and girls, as well as our teachers, are as capable of writing essays on these subjects as are those of any other community.

If you want any additional information on the subject, write to the Highway Education Board, Washington, D. C. We have no further information at hand than given you here.

Why not let Edison experiment with the new currency in his rubber laboratory. Maybe he could find a way to make it stretch farther.

IT'S A WHOPPER

Let's not get so used to watching the auto industry spread out that we can't see any other industry grow.

Turn your eyes for a moment to the comparatively new business of hatching and selling day-old chicks. In January of this year 493 commercial hatcheries reported to Uncle Sam that they had hatched 3,977,763 salable chicks during the month, or a gain of almost 800,000 over January 1929. Few if any of them sold for less than 12c each—that's a fair average.

Now figure for yourself the tremendous money turnover in the baby chick business, keeping in mind that your figures are for only one month and for only 493 hatcheries, while there are tens of thousands of people hatching and selling throughout the United States.

Nobody in Littlefield ever expected to live to see the day when nice girls would use their lips to hold a cigarette, but we still hope we'll never live to see one when he-men will wear ear-rings.

METHODIST MISSIONARY

The Woman's Missionary Society, of the Methodist church, met at the home of Mrs. W. H. Gardner, Tuesday afternoon.

An interesting program was given by the following: Mesdames Neely, Beard, Grow, and Clark, and Miss Naomi Freeman, with Mrs. Glenn as leader, after which delicious refreshments of ice cream and cake were served to the following: Mesdames B. L. Cogdill, H. B. Teal, E. G. Courtney, D. G. Hobbs, G. S. Glenn, J. M. Moore, Waincott, L. K. Whitaker, J. B. Eagan, Lakey, J. T. Elms, Neely, M. P. Reid, G. D. Gentry, Beard, Fonda, W. C. Thaxton, M. D. Thaxton, W. W. Gillette, J. W. Keithley, W. T. Cain, J. H. Cain, Luther Kirk, Van Clark, R. B. Freeman, C. H. Grow, Miss Naomi Freeman and the hostess.

MISSES NIXON AND FRALIN HOSTESSES AT A PARTY

Misses Grace Nixon and Fern Fralin were hostesses at a party given at

the Nixon home, Monday night. An enjoyable evening was spent, and refreshments of lemonade and sandwiches were served to the following guests:

Misses Jewel Hargrove, Fleeta Eagan, Sammy McNutt, and Avis Dow, and Rex Matthews, Billy Irvin, Erwin and Victor Nixon, H. B. Hudson, J. T. Allen, Sparky Sparkman, and the two hostesses, Grace Nixon and Fern Fralin.

Figures don't lie. That's why they've stopped putting the size numbers in women's shoes.

THE NAZARENE REVIVAL

Rev. C. M. Carel, cowboy evangelist, who is conducting a revival meeting in the Skating Rink, announces that his subject for next Friday night will be "The Thorn in the Flesh." Everyone is invited to come, bringing with them their Bibles.

Rev. Carel states the meeting is progressing nicely and much interest is being manifest.

BOTSFORD INVITED TO BIG CEREMONIAL AT PONCA CITY

Ed Botsford, of this city, formerly of Ponca City, is in receipt of an invitation to attend the unveiling ceremony of the statue entitled, "The Pioneer Woman," to be held at Ponca City, April 22.

This statue, portraying the rugged character of early womanhood in the west is the work of the well known sculptor Bryant Baker, and the gift of E. W. Marland to that city.

Mr. Botsford is an old time member of the Cherokee Strip Cowpunchers association, and was for many years connected with the Miller Bros. 101 ranch at Ponca City.

BIBLE CLASS MEETING

The Ladies' Bible class of the Church of Christ met Tuesday afternoon at the home of Mrs. C. C. Beebe, with 25 members and two visitors present.

After an interesting lesson led by Mrs. Collins, the guests each wrote their names for a friendship quilt being made by the hostess.

A social hour was greatly enjoyed by all, and delicious refreshments, consisting of sandwiches, cakes and iced tea were served by the hostess to the following ladies:

Mesdames Claude Clark, W. H. Baker, J. I. Carroll, S. L. Adams, A. B. Hays, G. W. Hargrove, E. J. Faust, C. O. Stone, Bill Collins, Edd Bisel, A. L. Hood, Jack Herman, W. P. McDaniel, T. L. Upon learning that Mrs. Fred Hays was moving away, the ladies decided to show their appreciation for the pleasant association they had enjoyed with her by each presenting her with a small parting gift, which they left at her home with a few words of farewell and good wishes.

The next meeting will be with Mrs. Enloe Smith.

AUTO COLLISION SATURDAY

Three men, a negro and two whites the latter giving names of Tom Hoffman and Homer Wright, were arrested Saturday in connection with auto collisions with cars belonging to R. B. Freeman and a farmer by the name of Kirk, living north of Littlefield. The arrests were made by constable J. E. Connell.

The accident is said to have occurred near the skating rink. The negro, who was driving, is alleged to have been under the influence of liquor. Fines were paid amounting to \$16.00 each by the three men.

"Things I Ate Hurt Me"

"I had a severe case of indigestion," says Mrs. Bell Buckheister, 7 River St., Piedmont, S. C. "So many things that I ate hurt me, I almost quit eating."

"I would burn in my chest. I had severe headache, and such a tight, smothering feeling. I would be obliged to eat a little, then it would hurt me."

"A friend said to me: 'Why don't you take Black-Draught?'"

"I was just too weak then to do my work. I began taking small doses after meals and in just a few weeks I could eat anything I wanted to, then take my small dose of Black-Draught and feel fine. I soon regained my health and strength."

Costs only 1 cent a dose.

Littlefield To Get 10,000 Bale Concentration Point: Lamb Co. Farmers Attend Lubbock Meeting

Wednesday of last week 16 men and citizens of Lamb county met with the business men of Lubbock in discussion of establishing a district headquarters for co-operative marketing of cotton in Lubbock. The men making the trip represented about 100 bales of cotton per man, or a total of 1,600 bales.

The matter was given favorable action, a guarantee being formed by Lubbock business interests, and it is probable a membership drive will be started during the coming month. It is said there should be 4,000 new members in the 64 counties of the South Plains District No. 2.

As soon as there is sufficient quantity of member cotton in this territory and there is sufficient desire on the part of the farmer, it is probable a 10,000 bale concentration point

will be established in Littlefield. Men in position to know say Littlefield will doubtless be the first town in the area to qualify for a branch office.

When the Cotton Center has been established, members who wish to sell their staple through the "optional pool" may deliver to Lubbock or to Littlefield and obtain settlement in one or two days, where heretofore it has required several weeks.

The new organization will be in position to go direct through to the national organization with their cotton and will be in full co-operation with the Federal Farm Board in handling the staple.

Lamb county produced more cotton than any other county on the Plains the past season, as well as shipping more cotton through the present cotton association.

Littlefield Members Attend Endeavor Meet Held in Lubbock Sun.

The district Christian Endeavor Convention met at Lubbock April 11 and 12, at the First Christian and First Presbyterian churches. The guest of honor was Harold Singer, of Kansas City, Kansas, who is Midwest Secretary of the International Society of Christian Endeavor. Other honored guests were, Miss Hattie Mae Wood, President of the State Christian Endeavor Society, and Miss Bertha Lea Wood, President of the District Christian Endeavor Society.

The towns represented in this district at the convention were: Amarillo, Plainview, Littlefield, Tulia, Slaton, Borger, Happy, Memphis, Brownfield, Friona, Lubbock, Crosbyton, Ralls, Canyon, and Floydada.

The main feature of the convention was the Fellowship banquet, given in the basement of the First Presbyterian church, Saturday evening. Dean J. M. Gordon, of the Texas Tech. was toastmaster, and the program was as follows:

Sing a few jolly songs.
In the best of humor.
Numerous stunts by each delegation.
Give us a toast! To our boys; To our girls; To our preachers; To our

Midwest Secretary.

Every C. E.'s Friend—Mr. Harold Singer.

Itah! Rah! Rah! Panhandle C. E. The menu of the banquet was as follows: Baked ham, perfection salad potatoes au gratin, apple sauce, hot rolls, iced tea, ice cream and cake, which was delightfully enjoyed by all.

Harold Singer delivered the sermon Sunday morning at the First Presbyterian church, instead of Rev. Jack Lewis.

The members of the B-2 Club of Littlefield who attended the convention on Saturday and Sunday as guests were: Misses Rae Barber, Eleanor Hodges, Ina Belle and Mildred Wharton, Laura Virginia Bills, Winifred Willis, Wilma Willerson and the leader, Mrs. S. T. Hodges.

ATHLETES TO AMARILLO

Prof. F. O. Boles took three of the Littlefield track men to Amarillo to engage in several of the track events held there Friday of last week.

Those who attended and took active parts in the events were: Alvin Carter, Percy Carter and Fulton Smith. Mr. Boles reports that these boys honorably proved themselves in each event in which they participated.

The school feels very proud of these track men, and it also feels that they are going to cause a sensation in the district meet.

C. W. Benge, of Amherst Is Out For County Judge

C. W. Benge, of Amherst, is this week announcing his candidacy for the office of County Judge, of Lamb county.

Mr. Benge was born and reared in Cherokee county, where he continued his residence until he moved to Lamb county about one and one-half years ago, locating in Amherst, where he is engaged as pharmacist in a drug store.

While a resident of Cherokee county he was honored by his fellow citizens by being elected County Judge of that county, and he states it is through large and repeated solicitation by citizens from all sections of Lamb county that he has consented to make the race for the County Judge's office at this time.

He states he is thoroughly familiar with the duties of the County Judge and with the activities of the Commissioners' Court, feels well qualified to handle the duties of this important office; that he has always been interested in the advancement of public schools and taken an active interest in every worthy public activity.

His candidacy is subject to the action of the Democratic primary and on the basis of qualification and past experience solicits the favorable vote of the citizens throughout the county.

They say Mr. Coolidge has a fund of dry humor. Maybe that's the reason they named a big irrigation dam for him.

GATTIS BIRTHDAY PARTY

Mrs. Roy L. Gattis entertained with a picnic Saturday afternoon at her attractive new home four miles east of town, in honor of her small daughter's birthday.

There were about 25 little friends who enjoyed games with Bernice on the spacious lawn and roomy porch.

At five o'clock the children were asked to take a sharp pointed stick and play "Follow the Leader." The

leader led them to a bon fire with weiners and marshmallows roasted.

The Red Rocket

a demonstrator of Pontiac's finer performance

Beginning today, you'll see the car with the RED ROCKET on the streets and boulevards of this city. It is a New Series Pontiac Big Six, marked with a RED ROCKET to symbolize its remarkable speed, pick-up and power. This demonstrator is on the streets for two reasons. First, so you can obtain a vivid impression of its speed, its quick getaway, its smoothness and easy handling. Second, so you can receive a demonstration on the spot—anytime, anywhere you see this car. We want you to take the wheel. For only in this way is it possible to realize what excellent performance you can now enjoy in this new low-priced six!

SPEED AND POWER. Pontiac's 60 horsepower engine, with 200 cubic inch piston displacement, is the largest in any six of its price. This accounts for Pontiac's exceptional top speed, its swift acceleration, and its abundant power on the hills.

SMOOTHNESS. This engine is also very smooth because of its new-type

rubber mountings and its Harmonic Balancer which counteracts torsional crankshaft vibration.

EASY HANDLING AND RIDING. A new steering system acting on roller bearings and improved four-wheel brakes make this car delightfully easy to handle. And riding is unusually smooth, thanks to its comfortable new Fisher bodies with mohair upholstery of excellent quality, and improved Lovejoy Hydraulic Shock Absorbers.

Now ask to drive the car with the RED ROCKET. Or come to our salesroom, where you can learn about Pontiac's reliability, economy and long life. A demonstration will show you what splendid performance Pontiac now is offering at very low cost.

Is Named For Unit In Meeting Held at Olton Sat'y

Officers at Dallas in May, the members assembled proceeded the election of all county of-

The following members were elected to serve for one year:

President, V. L. Castleberry, Littlefield; Vice-Pres., E. N. Carpenter, Amherst; Sec.-Treas., D. C. Lumpkin, Sudan.

Directors: W. H. Gardner, Littlefield; R. L. Wagner, Amherst; H. P. West, Sudan; C. T. Mason, Olton.

"Most of the newly elected officers responded with speeches, in which they told some of their reasons for their belief in co-operative marketing of cotton, and their views about the prospects now since the Government has recognized our organization in many ways," said J. W. Hammock, county field man.

Lamb county members are greatly interested at this time in the prospect of a concentration point for cotton being located at Lubbock as headquarters of set-up of district No. 2, sponsored by the American Cotton Co-operative association and the Federal Farm Board. The under-

writing of this movement was completed during the past week, by the Lubbock business interests and the farmers from the Plains counties. Lamb county was well represented at the Lubbock meeting Wednesday of last week by large cotton growers from this county who most all signed on the dotted line and thereby proved their faith in the movement.

Meeting to Organize A Creamery Here Monday At the Baptist Church

The Littlefield Chamber of Commerce met last Tuesday, in regular luncheon with 27 present. After the reading of the minutes and report of the secretary, President J. E. Brannen called on Bart Denton for a report on the creamery. Mr. Denton stated that all the farmers are getting interested and that in 30 or 40 days the creamery will be a reality.

There will be a meeting at the Baptist church Monday, April 21, for completion of final plans for a creamery. Mr. Anderson and Mr. Thomas of Plainview, and a representative of Tech College will be here to make speeches and answer all questions. Every farmer and business man in Lamb county is invited and should be present.

R. E. McCaskill reported that the City Commission have appointed Ray B. Jones to take charge of numbering the streets and houses of Littlefield and that the job is to be completed within 90 days.

T. S. Sales reported that more funds must be provided if the United Charities is to take care of the transient people, who are without work or food. Rev. Joe Grizzle was appointed to make an investigation of every applicant before any help was given.

Secretary J. W. Hale had the honor of representing Littlefield at the District P. T. A. held at Stamford and took great pleasure in describing the best school system in America to the school people of Texas.

MRS. J. M. STOKES HOSTESS

Mrs. J. M. Stokes was hostess to the Thursday afternoon Bridge club at her home Thursday. Delicious refreshments of ice cream topped with pineapple, cake and punch were served to the members.

Those attending the party were: Meadames S. J. Farquhar, P. H. Boone, H. W. Wiseman, Ray B. Jones M. M. Brittain, Charles Harless, John Arnett, Johnson, T. Wade Potter, Lena Howard, F. G. Sadler, Dodgin, Mallory Etter, and F. A. and J. E. Lloyd of Amherst.

BLUE BONNET CLUB

The Blue Bonnet club had their regular meeting April 9th, Mrs. Epperly being our pleasant hostess.

After a business discussion, delicious biscuits and quick buns were made. They with butter were then served, and very much enjoyed by the class.

Our next meeting will be the 23rd of April at Mrs. Baccus' and we will learn how to make a garden "hot bed." Visitors are welcomed.—Reporter.

COLLEGE NEWS

In discussing college credits and arranging for them, President Duckworth said:

"Students graduating from high school should, before the term expires, secure transcripts of their high school work. Every student entering college is required to present a transcript of work done. If they have graduated from an accredited high school and have sufficient units, they can enter college without taking examinations. If they are from an unaccredited school they can establish their credits by such examinations as the college may require. The students will find it to their advantage to arrange for entrance before the opening of the session of the college which they expect to attend."

The students are busy preparing for their six weeks' tests and are realizing that only six more weeks remain before the close of the session.

The Joy-Makers club will entertain with an interesting program Friday night, April 18th, and all are invited to attend.

Misses Erma Simmons, Thelma Smith, and Ida Barton attended the associational meeting of the B. Y. P. U., in Amherst, Sunday afternoon.

H. B. Prothro, of Clovis, N. Mex., was a visitor on the campus last week. He stopped over on his way to Lubbock.

Mr. and Mrs. J. L. Pollock were visitors in Bula, Sunday.

Fred Lacy, of Turkey, was a visitor on the campus, Sunday.

MRS. WEATHERS BURIED HERE

Mrs. Martha Weathers, 19 year old daughter of Mr. and Mrs. Grimes, of Brownfield, died at her home in Brownfield, Thursday morning at 6 o'clock, of pneumonia.

Funeral services were held at the Methodist church, of Brownfield, by Rev. G. E. Turrentine, and the body was brought to Littlefield for burial, with Hammons Bros. in charge of the funeral arrangements.

Mrs. Weathers is survived by her husband, mother and father, a six-months old baby, and a brother.

for Economical Transportation

.. it's wise to choose a SIX!

There is one sure way to get greater value in a low-priced car today—choose a Six!

This greater value is instantly obvious when you drive a Chevrolet Six. You notice first of all its greater smoothness. There is no tremor in the steering wheel—no rattle in the floor boards—no drumming in the body.

In addition to the finer performance of its six-cylinder motor, the new Chevrolet gives you truly remarkable economy.

Its six-cylinder smoothness saves the entire car from the strain and wear of vibration. This, of course, lowers the cost of maintenance and assures a longer-lasting automobile.

From the standpoint of operating expense, Chevrolet is equally economical. No automobile uses less gasoline and oil. No car shows a lower expense for tires. And no car costs less for service.

Because of its modern engineering, Chevrolet also assures a high re-sale value—for its entire design is just as advanced as its six-cylinder engine.

Chevrolet gives you fully-enclosed, weather-proof, 4-wheel brakes. It gives you a modern fuel system—with the gasoline tank mounted in the rear outside the body. It gives you four long semi-elliptic springs, mounted lengthwise in the direction of car travel. It gives you beautiful Fisher bodies built of combination hardwood-and-steel. It gives you a full ball bearing steering mechanism, an adjustable driver's seat, a Fisher VV non-glare windshield, and tilting beam headlights, operated by a foot-controlled button.

Before you decide on any car in the low-price field, see and drive the Chevrolet Six. The more thoroughly you investigate, the more certain you are to conclude that it's wise to choose a Six—for value, for performance and for economical transportation!

An Explanation

—And an Invitation

Please do not get the idea that our plan service is maintained only for those who contemplate building a new home. It will prove valuable to those who have remodeling in mind.

Before completing your plans for improving your home you should spend considerable time looking over modern floor plans and photographs of the newest up-to-date homes. We have a great array of these, showing many different arrangements of rooms as well as pleasing exterior features. You will undoubtedly find ideas that will be of great assistance.

Maybe it is only a new porch you have in mind. Certainly among our collection of designs you will find the very porch that will go best with your home.

WE MAINTAIN OUR PLAN SERVICE PURELY AS A MATTER OF SERVICE TO YOU—

Littlefield Section and the South Plains Has Had the Greatest Agricultural Development in Texas for the Past Few Years

1930 LOOKS LIKE A BANNER YEAR

Lamb County Has Already Ginned Over 49,000 Bales of Cotton from the 1929 Crop and Will No Doubt Exceed 50,000 Bales

This demonstrates beyond question that the Littlefield section is a cotton country second to none, and everybody knows it is a wonderful feed country.

With these facts, and the rapid settlement of this section by good farmers from Texas and other states, there can be but one result—THESE GOOD LANDS MUST ADVANCE IN PRICE!

Why not secure one or more of our 100 per cent farm tracts, or combination propositions in the center of development while same can be had at present low prices!

The Terms are Liberal and the interest rate is low
