Bill Lyman, distributive education instructor for Littlefield high school, is in Dallas this week attending a DE school. Mrs. Lyman and children, Kay Lynn and Bodie are visiting her parents in Amarillo, but will join Lyman in Dallas Friday. They plan to tour Six Flags Over Texas before returning home.

A series of gospel sermons will continue through Sunday at the Crescent Park Church of Christ with Bob Hoover of Lubbock as guest preacher. Services are held at 7 a.m. and 8 p.m., and the public is invited, announces George DeVoll, minister.

The Wise County reunion is to be held Sunday, Aug. 18 in MacKenzie State Park at Lubbock, it was announced this week by Mrs. R. S. Watkins, secretary.

## Sudan Man In Mishap

Gilbert Churchman, 44, of Sudan was termed in "satisfactory condition" at Medical Arts Hospital Wednesday morning following serious injuries sustained Monday afternoon.

Churchman, an employee of Sudan Livestock & Feeding Co., was accidentally pinned between a tractor and feed wagon about 2 p.m. Monday. He was rushed to the hospital by a private car. A doctor at Medical Arts said Churchman's right leg was almost severed in the mishap. He also sustained multiple bone breaks and internal injuries.

## City To Study 1963-64 Budget

The City Council has scheduled an executive session tonight for the sole purpose of studying the proposed budget for 1963-64.

The meeting, to start at 7 p.m., will include a comprehensive breakdown of the budget with some department heads on hand to answer questions for councilmen.

## School Board Meets Monday

The 1963-64 Littlefield School budget will be up for study and adoption when trustees hold a regular meeting Monday night at the tax office.

The school board meeting starts at 7:30 p.m. Other business on the agenda includes the employment of several teachers, and the consideration of contracts for bread and milk for school cafeterias.

LOOKOUT POST--"Shasta", a beagle owned by the J. M. Mer family of 200 E. 11th St., likes to scale the fence and sit atop brick columns to see what's going on in "the outside world." Our photographer spotted Shasta while driving by the Mer residence. The dog uses a woodpile inside the fence to his lofty lookout post.

## HOWDY!

by dick reavis

This day of political labels, how may get assigned various, termed Liberal, Conservative, Reactionary, John, Socialist, Fair Dealer, You-Name-It, we share a lot of people a lack of a tag.

I have picked out one that like: Human Righter. But I think this is non-control or even definitive, you wrong. Real wrong.

One time we thought we a Liberal Democrat. Have grown up under Franklin Roosevelt, and gone to war with him, this seemed logical. A Liberal Democrat, small as on the liberal, then lined up slightly left of the center. He wanted to see you do well, and everyone have the chance to do a lot.

We don't think we have aged much in this view but, after, somebody sure moved stripes. Today, you might be a Liberal Democrat as anybody who wants something from the government. Think over a minute. This group category includes a lot of people whose choice at the polls the guy who promises some return, for some special group or groups.

This is no indictment of a political party, but a recognition of a main stream that flows within it. You can be a parallel in the Republican Party, in which a vociferous segment would turn back the calendar to 1776, and then they would be Tories and George Washington would, to them, be a rabble rousing opportunist.

These, generally, carry the Birch label, although that is just part of the movement. They assailed the late General George Marshall as a mountaineer, and today would wish Chief Justice Earl Warren for subversion.

Neither of these groups represent their parties and they a lot of abuse heaped on

those people who might just be plain, honest Democrats or Republicans.

The Human Righters are in both parties, and out of both. And their cause, or causes, gather a large share of dissidents.

A Human Righter probably believes in school integration. We have two youngsters in elementary school this coming year and recognize that their schedule of learning, and of many other youngsters, probably will be hindered because precious teaching time must go to students who came into school with less preparation.

You start with a foot a rung or so higher on the learning ladder if in your short six or eight years you have enjoyed adequate food, a sturdy roof and a household in which some simple things as newspapers and books are a part of the daily life. In some homes, these are not and will not be until a couple of generations adopt them, the generations that are in today's classrooms.

It is incumbent on school parents for a couple of generations that they give added attention to their children's learning, because of possible problems with special students. This is a price for these generations, and all generations pay a price; and while I might wish for my youngsters a different circumstance, they can and will cheerfully live with this one.

In Negro schools, specifically, the level of teaching is lower, because Negro teachers have attended inferior public schools and colleges. And there was not the competition to spur learning. There are exceptions, but not enough.

A graduate of a Negro school does not leave his school halls even with the student in the same town, because his school is not as good. This is the moving force behind school integration, (See Howdy, Page 8)

IN THE FALL, A YOUNG MAN'S FANCY... This group of pee wee gridlers were all suited up and getting an early start on football season this week in Crescent Park. The pigskin season is just around the corner, with season tickets now on sale to last year's reserved seat holders. The seats go on sale to the general public Aug. 27.

# IN SPRINGLAKE HS AUDITORIUM FB Queen Contest Friday

## 14 Beauties Seek Farm Queen Title

ROBBYE TOLLETT      GLENNA GATEWOOD      ILENE FLATT      TREVA NELL MATTHEWS

Fourteen lovely Lamb County girls will vie for the Lamb Farm Bureau Queen title Friday in the Springlake High School Auditorium beginning at 8 p.m.

Four more candidates entered the contest before the Monday deadline, adding another quartet to the 10 previously announced.

State Rep. Bill Clayton of Springlake will be master of ceremonies for the queen contest. The girls will be judged on three main points--poise, appearance and personality. Each will be required to speak about 1 minute on the topic "Why I Am Glad My Family Belongs to Farm Bureau."

The winner, to be crowned Friday night, will receive a prize from the county Farm Bureau and will be eligible to compete in the district queen contest.

The latest four entrants include: Ilene Flatt, Glenna Gatewood, Treva Nell Matthews, and Robbye Tollett.

The 10 candidates previously announced are: Darla Neuen-schwander, Vicki Hill, Paula Fields, Mary Hucks, Judy Tapley, Lindy Ray, Coye Ruth McGilli, Sheryl Stevens, Dorma Ann Chester and Vita Allison.

The Farm Bureau has not held queen contests the past two years. The last queen to be named was Fay Bradley of Amherst in 1960.

A thumbnail sketch on the last four entries:

Ilene, 16-year-old daughter of Mr. and Mrs. S. F. Flatt, is a senior in Mulleshoe High School. Her honors include vice president of The Spian Club, vice president of FHA, and semi-finalist in Lions Club queen contest.

She is a member of the National Honor Society, and her hobbies include piano, swimming and horseback riding. She plans to attend college at ENMU in Portales.

Glenna is the 18-year-old daughter of Mr. and Mrs. Glenn Gatewood of Sudan. A freshman at Texas Tech, she graduated from Sudan High School where she was a cheerleader, class favorite, all-district basketball player, and "Miss Horner".

She was a member of FTA, FHA and the annual staff. Her hobby is collecting records and her favorite sports are tennis, skiing, swimming and basketball.

Treva Nell is the daughter of Mr. and Mrs. Ralph Matthews, and she is a 17-year-old senior at Littlefield High School, where she is a National Honor Society student. She is also a member of FHA and active in church work.

Treva Nell has an unusual plan for the future, that is becoming a psychiatrist. Hobbies are cooking, sewing, and "watching the Littlefield football team win state this year."

Robbye Tollett, a freshman at Texas Tech, is the 18-year-old daughter of Mr. and Mrs. J. T. Tollett of Olton. She graduated from Olton High where she was a member of FHA, FTA, The Spian, Band and Spanish Club. She was in the Lions Club queen contest and runnerup in the Miss Olton Recreation Center contest.

Robbye was band duchess at Olton, "Miss FTA", and a drum major for two years. Hobbies are sewing and cooking; her favorite sport is football. She plans to be a dietitian.

## HEADING FOR RECORD YEAR

# Building Permits Top \$1 Million Mark Here

Building permits for the city cracked the \$1 million mark in July as new construction continued at a record-breaking clip. The July total of \$247,675 was the highest single month of the year, and it pushed the 1963 total up to \$1,004,600.

Giving the healthy building figures a big boost in July was a permit to the Littlefield Schools for remodeling and building a new field house. This alone accounted for \$130,000.

The school project is a portion of the \$800,000 improvements program approved in a bond election last April. Target date for letting a contract on the new high school is Sept. 20.

With the major part of the school construction program to come, new residences still going up, and at least one commercial structure on the drawing board, a new record is virtually assured.

The building permit record was set just last year when a total of \$1,320,381 was posted. Littlefield had one other million-dollar building year, and that was in 1960 with \$1,155,194.

The July figure was far ahead of the July totals the past two years. Last year it was \$158,300, and in 1961 the July figure was only \$41,050.

The previous high month this year was in May when permits totaled \$230,000. The May total was boosted in 16 new residential starts. Permits totaled \$859,317 for the first seven months in 1962.

July permits included: Littlefield Schools, new field house, remodeling buildings, \$130,000; Dillon Lumber, brick veneer residence at 102 19th, \$15,000; United Pentecostal Church, frame building, 1020 Duncan, \$15,000; Harry Woody, brick veneer residence on 23rd, \$25,000;

Richardson & Brasher, brick veneer residence on Crescent Drive, \$20,000; Dillon Lumber, brick veneer residence on 20th, \$13,000; Dillon, brick veneer residence on Crescent, \$21,000; Merle Beard, steel warehouse, Seldon and 6th, \$5,500; Lula Mae Washington, house move in on Flar Ave., \$1,000; Paul and James Crosby, house move in, \$1,000.

July permits included: Littlefield Schools, new field house, remodeling buildings, \$130,000; Dillon Lumber, brick veneer residence at 102 19th, \$15,000; United Pentecostal Church, frame building, 1020 Duncan, \$15,000; Harry Woody, brick veneer residence on 23rd, \$25,000;

## WATER USAGE REMAINS HIGH

The city's water consumption for July averaged 2,445,000 gallons per day, a check of the past month's water figures revealed this week.

Total consumption for July was 75,796,000 gallons. Peak day occurred July 20 when 3,291,000 gallons were pumped for an all-time high. This day was on Saturday, the first day for Lubbock water to be used to supplement the local supply.

The average day figure of 2.4 million gallons was a full million gallons per day ahead of June's average of 1.3 million per day. Ample rains in June eased the water situation during that month.

The city's usage climbed above the 3 million mark on several days during July.

## Woman Charged In Shooting Incident

An Olton Latin-American woman, Guadalupe Guerra, 28, has been charged in the Lamb JP Court with assault with intent to murder following a shooting Sunday afternoon in the west part of Olton on Hwy. 70.

The sheriff's office also reported the apprehension of Ralph Humphrey, 38, who jumped bond on a felony theft charge in 1961. City Police were investigating several minor thefts this week, and nine arrests had been made since Saturday. Six were for drunk in public, two driving without license and 1 driving with license suspended.

Grimes Garage reported the theft of a pain gun and some small hand tools, the theft occurring Sunday night or Monday morning. Garland Moore reported the theft of 4 wheel covers from a 1957 Plymouth in the company parking lot.

Fireman extinguished a car fire on XIT Drive Monday about 11:20 a.m.

## Shipley's Robbed

Thieves who crossed neighboring rooftops to reach an entry window took several hundred dollars in cash and merchandise from Pete Shipley's Service station at 5th and Phelps Sunday night.

The burglars apparently scaled to the roof of the Littlefield Press building, crossed it to Shipley's building where they broke a glass and unlatched a window that provided entry.

They forced open a cash register which contained cash in currency and silver, and also a soft drink machine on the outside of the building.

A number of cans of oil, several tires and tire tubes, and a quantity of oil filters were included in the loot, which evidently was removed through a door of the garage service department, fronting on 5th St. Investigation was made by the Littlefield police department.

## Brucellosis Status Told

Dr. R. G. Garrett, Executive Director of the Texas Animal Health Commission announced the Certification of Lamb County as a Modified Certified Brucellosis Area.

In a few days, Lamb County will receive the certificate. This Commission expressed its appreciation to the people of Lamb County for the splendid cooperation extended to its representatives while work was being conducted in Lamb County; and requested the further cooperation of the citizens of the area to maintain the brucellosis status of the county.

## Spade School Board To Meet

The Spade School Board will meet Monday at 8 p.m. at the school to study the budget for 1963-64, it was announced Wednesday by Supt. Joe W. Bailey.

The budget hearing will be open to all interested persons in the school district.

Bailey also announced that the school board of equalization has scheduled a meeting for Thursday, Aug. 15, at 2 p.m.

## Red Cross Meet

Directors of the Lamb County Red Cross chapter will meet Friday at 4 p.m. in the courthouse to discuss the employment of an executive secretary.

The board is seeking a replacement for Mrs. Norman Frey who resigned July 22. Mrs. Frey became county welfare officer when Mrs. Lyle Brandon moved from the city.

## Whose Hands Are These?

The man whose hands are shown is a native of Littlefield, graduating from LHS in 1943. He entered the University of Texas, served 34 months in the Army, then returned to finish his college training for the profession which he follows.

## Weather

The 5-day forecast for the Lamb County area calls for temperatures to average near normal, with minor day to day changes. Normal high 91-97, normal low 64-74. Precipitation to average .10 to .25, occurring as widely scattered showers throughout the period.

## THP Officer Is Reassigned

Texas Highway Patrolman Joaquin Jackson has been transferred to Jack's, leaving here July 31 and beginning work in his new territory Aug. 1. THP officer Bill Angel, the remaining patrolman, said he had received no notification of a replacement as yet.

Jackson is a native Lamb countian, having been born near Anton. He has been with the highway patrol since 1957, and was stationed here since January of 1959.

## Farm Dinner Tickets On Sale

Tickets are now on sale for another Chamber of Commerce sponsored "Farm Dinner", this one scheduled at Rocky Ford next Tuesday at 8 p.m.

The dinner will be held at Embury Gin, located 6 miles north of Littlefield on US-385. Tickets are \$3 each, which includes payment for a guest in the Rocky Ford community.

The dinner is sponsored by the area relations committee of the C of C with Charley Farley as chairman. It is another in a series of meetings to promote cooperation between businessmen and farmers in seeking answers to cotton production problems. Wives are welcomed to the meet.

## Couple Pledge Vows In Parkview Baptist

In ceremonies at Parkview Baptist Church at 7 p.m. Friday, Miss Phyllis Lea McClanahan became the bride of Robert C. Haynes. The Rev. Clarence Coffman officiated.

Mr. and Mrs. Jack Sanders, Springlake, are guardians of the bride. Haynes is the son of Mr. and Mrs. T. E. Haynes, 211 Sunset.

As the bride was given in marriage by her brother, Harvey S. McClanahan, she was attired in a floor length gown of silk illusion edged with lace over taffeta. The princess style gown had a square neckline and long tapered sleeves. A fingertip veil of silk illusion was attached to a beaded tiara. The bride

carried white roses encircled by blue carnations.

The groom's sister, Emma Haynes, attended the bride as maid of honor. She wore a blue satin dress with lace jacket. The attendant carried a nosegay of blue carnations.

The wedding took place before a green palm tree with blue and white carnation bouquets on each side.

Warren Womack of Gainesville was best man.

A reception at the church followed the wedding ceremony. Vivian Pugh of Littlefield and Raye Martin of Lubbock assisted.

For a traveling costume to New Mexico, the bride wore a navy blue cotton knit suit with white accessories.

The couple will reside in Reese Air Force Base Village.

## Local Pharmacist In 'Hands' Photo

The hands pictured on Page 1 today are those of Jim Tom Brittain, long-time local pharmacist who is associated with his father in the operation of Brittain Pharmacy. A native of Littlefield, Jim Tom was born here Nov. 23, 1925. He was educated in Littlefield schools and graduated from LHS in 1943. He was a member of the high school band, playing the cornet. Brittain entered the University of Texas in 1943, but Uncle Sam required his services in 1944. He went overseas in the winter of 1944 and served most of his 34 months Army time in the European theatre. Brittain was in the famed 42nd "Rainbow" Division, often referred to as "McArthur's division." The division was in France and Germany, and Brittain served almost a year with occupation troops. He entered the Army as a private and attained the rank of sergeant prior to his discharge in 1946. Brittain returned to the University of Texas, where he obtained his BS degree from the school of pharmacy in 1949. Brittain returned to Littlefield after receiving his college training, and has resided here since. A single man, he is a member of the Lions Club, Chamber of Commerce, and First Presbyterian Church. He is the son of Mr. and Mrs. M. M. "Jimmy" Brittain. His mother, a former teacher, helped organize the home economics department at high school.

## Vacancies Exist For Highway Patrol

Higher pay, better training, more opportunities and a chance to be located near present home were featured items in the Texas Department of Public Safety's bid this month for more than a hundred new highway patrolmen.

The vacancies for Texas Highway Patrolmen were announced by Major Harry Hutchinson, regional commander of the DPS, as the first openings available for additional highway patrolmen only since 1957. Until this time applicants made application for the position of patrolmen within any of the department's four uniformed field services. Due to the shortage of highway patrolmen, a training school will be held in November for the Highway Patrol Service along according to the Major.

Hutchinson said, "Many favorable features are available to new members of the DPS that were not enjoyed previously." Every effort will be made to assign prospective applicants within one hundred miles of their present home. Trainees will draw higher pay while in training which will automatically increase to a basic salary of \$453 per month upon graduation.

New employees will receive thorough training in every function conducted by the Texas Highway Patrol, qualifying them for immediate transfers and promotions to other positions outside their regular function. Not only does the department offer excellent police training, but also, a modern liberal retirement system, based on age and/or years of service.

For complete information concerning the position of Texas Highway Patrolman, training and benefits, Hutchinson asked that those who are interested contact the nearest Texas Highway Patrolman or DPS office. "In return," he said, "they will receive complete information in regard to the examination to be given Sep. 14, 1963."

In keeping abreast of the ever changing conditions, The Federal Land Bank has found it possible to increase land values in some parts of our area.

This means we can now serve the credit needs of more people and in many cases make larger loans for our present members. So with values up and interest rates down, you may now secure a new or additional Federal Land Bank Loan without cost for application fee or appraisal fee.

If you have need for long-term credit, we will welcome the opportunity to explain further and show you how we are now, better than ever before, able to serve your loan needs.

May this reminder be of service to you!

# LHS Annual Dedicated To Mrs. B. T. Kisner

A woman who "must make every minute count in a triple-role performance" was revealed last week as the person to whom the 1963 "Wildcat" annual was dedicated.

MRS. B. T. (EVELYN) KISNER

## Farmers 'Big Spenders On Main Street'

College Station-Farmers and ranchmen are continuing to contribute mightily to the general economic welfare of their state and nation. They are big spenders on main street, points out John McHany, extension economist, despite the fact their numbers are decreasing. Their purchases of production and consumer items continue to increase and are a determining factor in many counties for business conditions.

On an annual basis, Texas farmers and ranchmen spend about \$1,845,000,000 in their operations. Included in 449 million dollars for hired labor and machine hire; 395 million for seed, feed, plans, fertilizer and lime; 310 million for livestock bought and live-stock expenses; 301 million for machinery purchased and repairs and maintenance; 119 million for petroleum products; 67 million for construction materials; 57 million for miscellaneous crop expenses and 147 million for other expenses including interest and insurance.

Emphasizing the importance of agricultural spending, McHany points out that three-fourths of all the manufacturing in the state is confined to about six percent of the counties. Also, that in 208 counties more workers are hired on farms and ranches than in manufacturing and in 215 counties the value of agricultural production exceeds that of manufacturing.

Many businesses in our towns and cities are existing wholly or in part on agri-business and their employees spend their money for various consumer items which give a multiplying effect on main street.

Farmers and ranchmen, McHany explains, because of

refers to her activities as a student, teacher, and housewife. The yearbook staff traditionally dedicates a special page in the "Wildcat" to someone who has set an example or inspired LHS students for higher goals. A teacher since 1956, all of her teaching experience except for a short period has been at Littlefield High School. She is a native of Oklahoma. The Kisners moved here in 1956 and her husband, B. T., is a soil conservationist with the U.S. Soil Conservation Service.

Aside from her duties as a typing teacher and shorthand instructor, Mrs. Kisner is student council sponsor. Mrs. Kisner says she "inherited" the latter job when she came here and "has been at it ever since." The student role in her life refers to the college work she is doing toward a master's degree. She has been furthering her education through night classes at Texas Tech.

The Kisners have two sons -- Keith 16 and Norman 13. They are members of the First Methodist Church where she is a member of the Society of Christians Service. She is serving as vice-president of the Littlefield Classroom Teachers this year. She is also a member of Delta Kappa Gamma, a women teacher's organization.

Here is what the "Wildcat" staff said in their dedication: "Mrs. B. T. Kisner must make every minute count in a triple-role performance. As a student furthering work toward a masters degree, she attends night classes at Texas Technological College. As a full-time teacher in the commercial department of LHS, she teaches typing and shorthand classes and sponsors the Student Council. As a housewife and mother, she keeps two teenage boys in school, and has earned the reputation of cook "par excellence" and seamstress "extraordinary".

Combine skill, alertness, and imagination and you have top efficiency. Add patience and a willingness to exert tireless effort and you have a conscientious teacher. Couple all this with compassion, humility, and a genuine interest in high school students and you have described Mrs. Kisner.

Because her personal example has inspired many LHS students to higher attainment, the staff dedicates, with deep affection, the 1963 golden anniversary edition of the "Wildcat" to Mrs. Evelyn Kisner."

## GA Meeting At Amherst

AMHERST (Special) -- An old-fashioned school room set the theme for International GA meeting Wednesday evening. "School marm" Linda Clayton had charge of the program and asked each member to recite what she had learned in "Forward Steps". Each was given a diploma or dunce cap, according to her achievement. Plans were discussed for studying a mission book at a progressive supper meeting sometime during the month. Vicki Pigg presided at the call to prayer. Joanie Brantley was hostess for the meeting. One visitor, Randi Roberts of Lubbock, was present.

# STARTED BY ART CHESHER

## Student Loan Fund Is Rotary Project

The Littlefield Rotary Club, through the wishes of the late Art Chesher, is helping deserving students obtain college educations by means of a Student Advancement Fund.

Seventeen students have taken advantage of the fund to help them attend college, and have repaid the loans at 2 1/2 percent interest so that other students might avail themselves of the source.

Mr. Chesher established the fund in September, 1959, with a \$5,000 grant. He provided another \$5,000 from his estate upon his death.

Of the seven men in Rotary appointed to administer the funds, four are still serving on the committee—Chairman Jack Wicker, Glenn Reeves, J. D. Hagler and Bill Orr. Pop Hodges was recently appointed to the committee.

Loans are made by this committee after screening and approving written applications. The loans are restricted to high school graduates who are residents of Lamb County or an adjoining county.

The money must be used for the purpose of continuing their education in a college approved by the committee. Interested students may contact one of the committee members to inquire about a loan.

Repayment of loans begins when the student begins to earn money the following summer after the loan is made. The Rotary committee requires regular reports of progress from the student.

So far, a total of \$5,250 of loans have been paid in full and payments are being made on another \$1,300. Funds are available at present for new loans.

## Lowerys Plan For Convention In Rose Bowl

In this era of rising prices, it's hard to meet expenses from day to day. But if you think you have a problem, consider the dilemma facing Loyd Lowery of Littlefield. He has to plan for a convention every year without straining the budget and not just for himself, but for the entire family.

Lowery, presiding minister of the Littlefield congregation of Jehovah's Witnesses, will serve as a delegate to an eight-day international convention of the religious group, scheduled for the Rose Bowl in Pasadena, Calif., Sept. 1-8. Attending with him will be his wife, Joyce, and their two children, Donna, age 9, and Sharla, age 6.

"Arranging our affairs to attend a religious seminar of this type requires planning all year long," Lowery said, "and to be able to afford it, you have to watch your pennies."

Lowery said the convention program will feature comprehensive Bible lectures, reports from foreign lands, an analysis on the world-wide work of the religious organization and symposiums which will demonstrate to the delegates advanced teaching methods.

## State Seeks Title Of Old College Land

Another in a series of trespass to try title suits has been filed in connection with land owned by Littlefield College, a defunct and bankrupt corporation.

According to information from several old timers here, the college was formed in late 1927 or early 1928 through money raised by local subscription. The college closed down in 1927 and a petition of bankruptcy was filed May 10, 1930.

The State is suing for title to lot 20, Block 12 of the College Heights Addition in the most recent case.

The college opened as a non-denominational school. A Church of Christ group became interested in the college, and an attempt was made to move another college here to combine it with the local school, but the plan didn't materialize.

## Hutchins Rites Slated Today

Funeral services for Edward Pinkman Hutchins, 83, a former resident of Spade, will be held at 3:30 p.m. today in the Spade Church of Christ.

Mr. Hutchins, a retired farmer, died Tuesday in the Lubbock home of a daughter, Mrs. Fleeta Webb. He was born April 7, 1880 in Corinth, Miss.

Officiating ministers for the final rites will be Don Kee-see, Albert McInroe and Delbert Serrat. Burial will be in Littlefield Memorial Park under direction of Hammons Funeral Home.

Hutchins is survived by two daughters, Mrs. Ester Sheffield of Fort Worth and Mrs. Webb; two sons, Ted and John, both of Spade; one brother, John of Jacksonville, Ark.; three sisters, Mrs. Effie Moss of Austin, Mrs. Mittie Franks of Dallas, and Mrs. Della Bright of Eddy; five grandchildren and six great-grandchildren.

## HOWDY

(Continued from Page 1)

The sincere desire to give all races equal advantages in public facilities. This is not a Southern problem; in fact, it is a lot less problem in West Texas than in West Chicago. This, in a capsule, is a fair case for school integration.

At the same time a Human Rights party, of course, Most of its members carry traditional party labels and, themselves, often seem a forlorn and wandering minority, in a wilderness of castigation from either side.

But they have distinguished antecedents. Thomas Jefferson was a member in good standing, as were Abraham Lincoln and Theodore Roosevelt, and Woodrow Wilson, Franklin D. Roosevelt and Ike Eisenhower; and, perhaps, Jack Kennedy.

Treat us kindly, for this is a day of minority power. The U. S. Supreme Court, which once denied that a slave, Dred Scott, was a human being, today will smite you for not agreeing that his antecedents are special human beings. For those 12 men, themselves, are the finest argument you will find in any history that minorities have power. Brother!

Harry Golden, a member of a minority group, tells a poignant story in his Only in America. It is of a man who could not accept integration in his state's schools, because of a long tradition, but who told Golden this story:

"He said that for several years he operated a school bus, and that at each new term he spent a few very uncomfortable days. 'I don't mind the grown-up Negroes. We understand them and they understand us, but I had a very bad time of it when the Negro mother put her child on the bus for the first time. She would get on the bus holding the kid by the hand and she would show the child how he must go and sit in his back. The kid would look up from toward the empty seats--just look. And then for the next few days that kid would jump on the bus and take the first empty seat, like kids will do, and then the mother would mount the bus again and again, day after day, and take that kid by the

hand again and again and lead him back to the back again and again, until he understood."

I asked my friend what he was doing during this process and he told me, "I just kept my eyes on the floor in front of me until I was ready to start that darn bus again."

\*\*\*\*\*  
This is America. In its state of Texas, as a young shavetail, I once witnessed a Negro brutally beaten and jailed by a deputy sheriff. His crime: He tried to state his case in a minor traffic accident with some white people.

The deputy who beat and jailed him gave this reason: "No nigger is going to talk back to me on the streets of Texas and get away with it."

In that town today the schools are integrated, and there are no more beatings.

Communities, state, people all change with time. This humbling country that sometimes appears surely the most mismanaged in history, has a proud tradition of moving steadily in the direction of right.

Sometimes, inevitably, it overshoots. In welfare, to apply one dollar to need, perhaps three go to unneeded. And the fellow who advocated the good dollar gets blamed, perhaps rightly, with the bad three dollars.

There is no formal Human Rights party, of course. Most of its members carry traditional party labels and, themselves, often seem a forlorn and wandering minority, in a wilderness of castigation from either side.

But they have distinguished antecedents. Thomas Jefferson was a member in good standing, as were Abraham Lincoln and Theodore Roosevelt, and Woodrow Wilson, Franklin D. Roosevelt and Ike Eisenhower; and, perhaps, Jack Kennedy.

Treat us kindly, for this is a day of minority power. The U. S. Supreme Court, which once denied that a slave, Dred Scott, was a human being, today will smite you for not agreeing that his antecedents are special human beings. For those 12 men, themselves, are the finest argument you will find in any history that minorities have power. Brother!

At Texas Western	(n) Nov. 16
At Arkansas	Nov. 23

LOOKING AHEAD—Texas Tech Coach J. T. King and the Red Raiders' All-America candidate, end David Parks, study the 1963 schedule, which includes six home games—with Washington State, Texas A&M, Texas Christian, Baylor, Rice, and Kansas State.

## Four SWC Games On Tech's Home Slate

LUBBOCK—Four Southwest Conference teams and two non-conference opponents comprise Texas Tech's 1963 home football schedule.

Texas A&M leads the quartet of SWC teams in Jones Stadium in a night game Oct. 5. Then follow on successive week-ends, Texas Christian Oct. 12, and Baylor Oct. 19. These will also be at night.

After a game away, the Red Raiders resume play in their own stadium with a Homecoming game against Rice University at 2 p.m. Nov. 2.

Other home games will be with Washington State in a night contest Sept. 21 and with Kansas State Nov. 9, in the afternoon.

Washington State, in the old Pacific Coast Conference, now an independent, will be playing the Red Raiders for the first time. Big Eight members Kansas State came to Lubbock once

before, losing a 6-0 decision in 1933.  
On the road the Red Raiders meet University of Texas Sept. 28, Southern Methodist Oct. 26, Texas Western Nov. 16, and University of Arkansas Nov. 23. Season tickets for the Raiders' home games are available at \$24, \$27, \$30, and \$36, depending upon the seat location. Mail orders should be accompanied by a 25-cent mailing fee and addressed to the Athletic Department, Texas Tech, Lubbock.

## 'Chicken War' Blamed On Common Market

Western Europe's Common Market has given a "thumbs down" sign to U.S. poultry and the repercussions are being felt in the broiler producing areas of Texas.

The "chicken war" began when the Common Market inaugurated high tariffs against imported broilers as a protection to its own fledgling broiler industry in West Germany and other countries. When the market outlet in Europe dried up from the excessive tariff, the U.S. broiler industry lost some \$40 million worth of trade a year. The big production areas of East and South Texas were immediately caught in the backwash of the tariff decision.

The first effect was a near "glut" of the domestic poultry market since growers were not able to quickly cut back production. But the long range

prospect is even more ominous—not only in poultry but in many other fields of agriculture.

Originally, the Common Market was conceived and regarded as a giant stride in European recovery after the ravages of war. Its ultimate goal was to lower tariffs and promote freer trade. In many cases his has been one of the best achievements of the six-country organization. But it is feared that the new "chicken war" may be only the first of other "protective" acts which will react against U.S. agriculture.

This nation normally exports some \$1.2 billion worth of farm commodities to the European member nations. A gradual increase in tariffs could choke off market outlets for other goods the same as has been done against chickens. Although poultry is the first Texas commodity to be affected, out cotton market could also lose in an all-out tariff war. Much of the Texas cotton production leaves the ports of Galveston and Houston each year for Europe. Rice and feed grain also depend on Common Market outlets.

It is hoped that the poultry war is an isolated incident. But agricultural officials are keeping a close watch on the EEC to anticipate any regressive trade measures. The Common Market has been, and still is, one of Texas' major farm goods outlets. It can continue to be a

## LHS Council In Workshop

The executive committee of the Littlefield Student Council met Tuesday night in the home of Maisie Naylor, president of the organization.

They made plans for a student council workshop to be held today from 9 a.m. to 3 p.m. at the high school. This is primarily an orientation program for new members of the council, but all members are urged to attend. Maisie Naylor will preside at the workshop.

Five members of the council recently attended a workshop at Hardin-Simmons University in Abilene.

Those attending were Maisie Naylor, president; Donice Reast, secretary; Brenda Perkins, treasurer; Carol Nickelson, social director; and Ray McKinney. Others besides the above, who were at the meeting Tuesday night were Roy Dale Pierce, vice-president and Janelle Jensen, publicity director, and Mrs. B. T. Kisner, sponsor.

great boon for Texas producers does not become a "protectionist" prohibiting trade from the United States.

## District 4-H Dress Revue Winners Named

Lamb County's representatives in the District 4-H Dress Revue at Lubbock were picked up blue and red ribbons for their dresses. Diane Phillips won a blue ribbon in the senior division and Lyla Pitts of Earth Center a blue ribbon in the bracket.

The four winners in the junior group, who will go to the State 4-H Revue in Dallas, were Ethel Mae Petersburg, Raye Garrison, Silvertown, Robbie Brown, Knott and Janice Miller of Eddy. Alternates were Duke of Tulla and Earlene Rick of Seminole.

The District II revue made up of a junior and a girl from each county. Co-winners of the senior division presented by the home demonstration clubs.

Approximately 300 people attended the revue which was held in the Texas Tech Student ballroom. Mary Simms Pep won a white ribbon in the junior division.

CITATION BY PUBLICATION THE STATE OF TEXAS TO: C. E. PEARSON, MRS. C. E. PEARSON, PAUL BURKHALTER, MRS. PAUL BURKHALTER, and UNKNOWN CLAIMANTS, Defendants, if living, whose residence are unknown to Plaintiff, and if dead, the legal representatives of each of said named Defendants, and the unknown heirs of each of said named Defendants; the legal representatives of the unknown heirs of each of said named Defendants, if the unknown heirs of said named Defendants are dead, who places of residence are unknown to Plaintiff, all of said parties being Defendants in said cause, and hereinafter called Defendants; GREETINGS:

You and each of you, are hereby commanded to appear before the Honorable District Court, for the 154th Judicial District of Lamb County, Texas, to be held at the Court House of said County, in the City of Littlefield, Texas, at or before 10:00 o'clock a.m. of the first Monday after the expiration of forty two (42) days from the date of issuance hereof; that is to say, at or before 10:00 o'clock a.m. of Monday, the 23rd day of September, A. D. 1963, and answer the petition of Plaintiff in Cause Number 5405, in which B. H. Henson is Plaintiff, and each of the above named Defendants are Defendants, filed in said Court on the 6th day of August, A. D. 1963, and the nature of which said suit is as follows:

Being an action and prayer for judgment in favor of Plaintiff and against Defendants for title to and possession of the following described lands and premises lying and being situated in Lamb County, Texas, to-wit:

Lots No. Eleven (11) and Twelve (12), in Block No. Twenty (20), of the Original Town of Olton, Lamb County, Texas, according to the map or plat of said Town recorded in the Deed Records of Lamb County, Texas.

Plaintiff alleges that on March 27, 1963, he and still is, the owner in fee of the above described lands and premises, and was in peaceful possession of said land on said day, and that afterward, on the 28th day of March, A. D. 1963, the Defendants unlawfully entered upon and dispossessed Plaintiff of such lands and premises, and withhold from Plaintiff the possession thereof; Plaintiff further alleges that Plaintiff has title to said lands and premises under and by virtue of the five (5) and/or ten (10) year Statutes of Limitations as is more fully shown in Plaintiff's original petition on file in this suit; and Plaintiff further prays for relief, general and special;

All of which more fully appears from Plaintiff's Original Petition on file in this office, and to which reference is here made for all intents and purposes;

If this citation is not served within 90 days after date of its issuance, it shall be returned unserved.

WITNESS, the undersigned, Clerk of the 154th District Court of Lamb County, Texas.

Issued and given under my hand and the seal of said Court, at office in the City of Littlefield, Texas, this 6th day of August, A. D. 1963.

**AUSTIN, Tex.**—Supporters of the proposed billion-dollar Trinity River development plan won the first round on the opening day of hearings when the Texas Water Commissioners turned down the railroad's motion to delay the Austin hearing.

Gov. John Connally's approval of the commission's proposed plan was expected. He had long since pledged his support.

Connally called the navigation project, "a major step in one of the most important water conservation, flood control, and navigation projects in the history of Texas."

Texas Highway Department's 420-seat capacity auditorium overflowed during the two-day hearing as every community in the vast Trinity watershed was represented.

Spokesman for the railroads was Walter Caven, counselor for the Texas Railroad Association.

Plan of the U. S. Corps of Engineers calls for development of the entire watershed for navigation, flood-control, water conservation, water quality control, drainage, irrigation, hydroelectric power, fish, wild life and recreation.

Thirteen reservoirs are included in the long-range plan. Locks and other features to make the river navigable from the Gulf to Fort Worth would claim more than \$15,000,000. That's more than a million dollars a mile for the 500 mile project.

Barge-line navigation of the Trinity from the Gulf of Mexico to the Dallas-Fort Worth market was the target of railroad objections.

Railroads claimed that Army engineers "greatly overestimated" traffic potential, future growth and benefits to be derived. Caven said the 20 railroads would have to spend more than \$25,000,000 to relocate lines and bridges in the Fort Worth area. Then they would lose \$6,500,000 annually in freight business to the barge lines.

NEW SPEED LIMIT OKAYED—Some 41,500 miles of state-maintained highways will be zoned for the new 70-mile per hour speed limit when the law becomes effective on August 23.

Texas Highway Commission approved the daytime maximum for passenger cars for more than two-thirds of the state's highway system. But the old 60-miles per hour maximum still applies to 18,640 miles. Engineering studies indicated that these roads couldn't handle faster traffic.

A large percentage of the Farm-to-Market Road system will come under the 70-mph maximum. Lower limits will apply where conditions warrant.

District engineers are expected to release news of re-zoning on a local basis.

HEART OF TEXAS—A roadside park some 20 miles north of Brady on U. S. 377 is the geographical center of Texas. It will be so designated when the Highway Commission erects a brilliant aluminum "Heart of Texas" marker.

Other \$600 aluminum markers are scheduled for Pilot Knob in Travis County, location of the state's only exposed submarine volcano; the Llano Estacado in Garza County; and Old Tascosa in Oldham County. The latter is famed for its Boot Hill Cemetery.

Commission figures each marker will earn more than 10 times its original cost in added tourist revenues.

CHEMICALS KILL CROPS—

**INDUSTRY GAINS**—L. Preston Smith is a staunch defender of local-versus-national programs for bringing in industry.

He told Kiwanis: "The does not have to rush headlong into any unwise scheme to bring industry to the state. As long as we can do this, there will be less bureaucracy."

Smith said the privately supported Texas Industrial Commission had done a "commendable job."

Last year, Texas was 10th in the nation in attracting industries.

The Commission provides support, advice and material to local industrial development groups.

**SHORT SHORTS**  
 State Treasurer Jesse J. reports that July revenue from cigarette, liquor and stamps was almost \$1,000,000 above June's \$8,600,000. Governor Connally approved Dr. Joaquin Gonzalez Cifuentes Jr. of Laredo to the Commission on Higher Education, succeeding Jack Woodward of Angelo.

Calhoun County officials asked the Highway Commission for a \$206,000 extension of M. 1593 to a public duck channel, under construction Point Comfort. There would be a \$100,000 increase in port tonnage is expected to reach 4,000,000 tons.

State Parks Board's trouble shooter, Bob Baker, a native of Roby, has been promoted to State service.

**RAPID ERADICATION**—Eradication programs have produced such prompt and effective results as the U.S. Department of Agriculture's screw worm eradication plan.

A year ago scientists and workers started the "sanitation" release of sterilized to conquer screw worm population explosion.

Texas Animal Health Commission reported only screw worm cases confirmed a 5-day period--as opposed to nearly 3,000 cases reported during a comparable period in 1962.

As further encouragement the commission noted that last week's 28 reported cases only five were in areas where the program's "controls" are in full effect.

**HOW TO BE A COMMISSIONER**—Frank Miskell, Texas' first Regulatory Loan Commissioner, is faced with massive task of creating agency.

Since state office buildings are filled his first job is filling office space.

Another immediate problem concerns selection of a deputy commissioner. He will assume much of the detailed work involved in establishing a budget and an organizational plan setting salaries for employees, hiring employees from third-ranking executive down to the secretarial pools and clerks, purchasing office equipment and furnishings, and Miskell still hopes to have agency set up by August 23. It is the effective date of the law governing the licensing practices of lending firms charge more than 10% interest.

A flood of applications is expected from Texas loan companies seeking licenses inquiring about specific regulations in the new lending regulations.

**PROSPERITY, OR WHEN EVER IT IS**—Texas merchants continue to operate at a level of retail sales volume dramatic increases. But level for the first six months of this year is about two cent over the 1962 January-June period.

**New Speed Limit Of 70 Goes In Effect Aug. 23**

More than two-thirds of the Texas highway system will come under the new 70-miles-per-hour daytime maximum speed for passenger cars which becomes effective Aug. 23, the Texas Highway Commission revealed today.

Under the speed control law passed by the Legislature this

spring, all highways not zoned down by the Commission will automatically go to the new 70-mph speed Aug. 23. This means that some 41,500 miles of the state-maintained highway system will be allowed to come under the higher maximum speed.

The Commission recently passed a minute order which zoned some 18,640 miles of the highway system at a maximum of 60 miles per hour daytime and 55 miles per hour at night for passenger cars, effective Aug. 23. These highways will be restricted to the lower speed limit because engineering studies indicate they are inadequate to accommodate a 70-miles-per-hour maximum.

The Commission's action followed a series of engineering traffic studies conducted throughout the state by the Highway Department's 25 highway districts.

A large percentage of Texas' vast Farm to Market Road System will come under the 70-mph maximum, although some of these roads (and some of the older primary routes) will be restricted to the lower 60-mph maximum where conditions warrant.
