Official Newspaper of Lamb County, Texas

LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, MAY 5, 1927

NO. 3.

## DUGGAN NAMED AS ONE OF FIFTEEN COMMITTEE FOR MAKING DRAFT OF TAX REVISION BY GOVERNOR MOODY

Under a committee of 15 to make a tax survey of Texas and to propose measures to carry out the Stevenson proposed constitutional amendment adopted by the legislature, was appointed Saturday by Governor Dan Moody.

Citizens widely voiced in tax and related subjects were to work with the legislative committee of three from the senate and three from the house.

The Stevenson measure is to provide for a tax on the value of property solely to provide for support of government from intangibles, such as franchise and corporate taxes.

The measure, which is to be voted on by the people as a constitutional amendment, is regarded as one of the most important definite moves in the history of the state to equalize tax burdens in Texas. Perhaps lower property taxes, and other tax propositions which have been incorporated into law if the measure is supported by a vote of the people.

The members of the committee are: Dan Duggan, Littlefield, president of the West Texas Chamber of Commerce and extensive developer; J. W. Henderson, San Antonio, former tax commissioner and member of the Texas senate; J. T. Miller, Professor of Political

Economics, University of Texas, as. J. A. Kemp, Wichita Falls, capitalist and student of taxation. Jim Callan, Menard, former president of the Texas and Southwestern Cattle Men's Association. E. A. Peden, Houston, capitalist and manufacturer.

Committee members already appointed to work with the legislative committee are Senators A. E. Wood, Granger; Edgar Witt, Waco, and A. J. Wirtz, Seguin. From the house, the members are Representatives Claude Teer, Granger; Adrian Poole, El Paso; C. E. Nicholson, Port Neches, and J. W. Stevenson, author of the proposed constitutional amendment.

The general interest throughout the State of Texas, the appointment of this committee and the favorable attitude of the public toward a general changing of the tax laws of Texas is the direct result of the activities of the West Texas Chamber of Commerce, and its president, Arthur P. Duggan, of Littlefield.

It will be recalled by citizens of this section that Mr. Duggan was elected president of this organization on a platform of tax revision. The subject ever handled by West Texas Chamber of Commerce has ever proven more popular than this, because it is one that vitally affects the pocket-book of every property owner throughout the entire state.

Legal publication relative to this amendment, to be voted on August 1, this year, is now being carried in this newspaper.

## H STUDENTS ATTEND MEET W. TEX. C. of C.

Lubbock, Texas, May 4.—The second student booster trip from Technological College will be held on May 17, and 18. It is being organized by the Board of City Commissioners of Lubbock. The itinerary includes Vernon, Wichita Falls, Rockport, Sweetwater, and other intermediate points. The delegates will be in Wichita Falls on Saturday morning, and during the meeting of the Chamber of Commerce and the plan is that the color parade will add to the color parade staged on that day.

Five of Tech's best students will make the trip, including a pep squad and about forty of the college band under the leadership of Prof. Harry Le...

## AMERICAN EXPRESS CO. SUPPLIES FREE

The American Express Co., will supply free of charge and supplies to relief agencies in the States of Arkansas, Louisiana, Mississippi, as well as to Rockport, according to local agent, J. H. Dreyfus.

## Cartoonist joins Our Staff

With pride this newspaper this week introduces to its readers, Mr. Albert T. Reid. All American cartoonists will appear in these columns every week. We are confident his work will be in quick favor.

## Wisdom Begins With Mother

By Albert T. Reid

## ORGANIZATION OF ANOTHER BAPTIST CHURCH HERE SUN.

That there is a probability of another Baptist church being organized in Littlefield is the information conveyed to the Leader this week by Baptist communicants interested in the proposed plan.

A meeting, for the purpose of discussing the organization, has been called to be held in the Church of Christ building, located in the east part of town, next Sunday morning at 11:00 o'clock. At this meeting there will be preaching services and a general discussion looking toward the contemplated organization.

It was stated by interested parties that this proposed organization will co-operate in its mission work with the Baptist Missionary Association of Texas and the General Baptist Association of America. Both of these bodies are said to be fundamentalist in their belief and practice, and have no society or money basis of representation in their constitution. They do not believe in evolution in any form from the Bible standpoint.

In organizing another Baptist church in Littlefield, it was stated such organization was not being made in opposition to the present Baptist organization, and that its members would gladly co-operate with the present organization in every way possible in the furtherance of the evangelical aims of both organizations.

**TO ELECT DELEGATES**

Delegates will be elected Saturday afternoon May 7, to represent the local Farm Bureau at the district meeting to be held in Plainview the following Saturday.

A mass meeting of the members in Lamb County will be held in the Model Drug Store building at 3 o'clock. This is the most important meeting of the association members of the entire year. All members are expected to attend, according to Field Representative J. W. Hammock.

**CHRISTIAN TO AUSTIN**

Ornie Christian, senior class, Littlefield high school, left Tuesday evening on the special train from Amarillo, which is carrying the entrants from west Texas to the State meet at Austin, which is being held there Thursday, Friday and Saturday. Mr. Christian will be one of over 1500 contestants from all over the state, having entered in the run and broad jump, and 220 yard dash.

**WATCH YOUR DOG!**

Got a dog? If you have, better be keeping close case on him, for the dog catcher is about.

The dog tags have arrived, and, beginning with May 1 every dog within the limits of the City of Littlefield must wear this official brass charm.

Males \$1.00 each; females, \$2.00 each.

Step right up, you dog fanciers; but don't crowd, please!

## BIG REGISTRATION IS EXPECTED AT W. T. S. T. C., CANYON

Canyon, May 4.—The West Texas State Teachers College authorities expect the largest summer school attendance in the history of the institution, according to a statement which President J. A. Hill made yesterday. The officers of the Registrar, D. A. Shirley, and other administrators have been flooded with inquiries about the work which will be offered during the summer.

Students, hundreds of them experienced teachers, are coming from all parts of Texas, Louisiana, New Mexico, and Oklahoma. The summer session opens on June 7 and continues through two six-week terms. A regular faculty of seventy-five members will be supplemented by a number of nationally known educators, including D. Edwin E. Slosson of New York City; J. Adams Puffer, boy specialist of Boston; Tien Lai Huang, who will present a vivid picture of China in transition; and Syud Hossain, brilliant East Indian, who will bring first hand knowledge of the Far East to the Far West.

Well known Texas school men who will be members of the summer school faculty at Canyon include W. T. Lofland of Vernon, A. L. Morgan of Beaumont, C. H. Dillehay of Hereford, M. E. Witt of Lubbock, and others. Officials are confident that there will be 1800 students in Canyon this summer.

**POSTOFFICE IMPROVEMENT**

Postmaster J. E. Brannen last week completed a rearrangement of the postoffice mail boxes so as to give more working room for his force bringing the equipment up to standard specifications required by the government.

A writing desk in the lobby and several additional pieces of furniture in the working department were also added.

Kwitcherbelliakin and smile.

## RE-SURVEY MAY BE MADE OF HOCKLEY AND COCHRAN COS.

The commissioners Court of Lubbock County, and that of Cochran County, in the furtherance of the evan- Commissioners of that County here last week. The occasion was to discuss the county boundary situation, which has developed an agitation in this section of the state within the past few months brought about by a suit between Garza and Lynn Counties. The Lubbock Court made a proposal that the counties join in a survey starting at the northwest corner of that county (the same point the northeast corner of Hockley county) and run a line and distance given this county by an enactment of the legislature in establishing this county. The Commissioners in this and Cochran Counties failed to concur in this suggestion and there was nothing done. As a matter of fact the suit now pending may cause a general realignment of county lines in this part of the state and any agreement preceding the final decision would be dangerous and might result in the county losing some valuable territory.

## A CALL TO THE PEOPLE

As Sunday, May 8th, is designated and set apart as "Mother's Day," we urge you to attend services at some Church on that date, in honor of your Mother. We give you a special invitation to attend the Methodist Church.

A special musical program has been arranged and a sermon on "Motherhood" will be delivered by the Pastor at the morning hour. At the evening hour, the League will have charge of the services, and a special program will be rendered.

We extend to you, a very cordial invitation to attend these services, and assure you that you will find a hearty welcome awaiting you—Board of Stewards.

## TRADE SPECIALS COMING

Littlefield is due to be the guest of two booster special parties, one from Dallas and the other from Amarillo.

The Amarillo train, carrying 170 business men from Amarillo, will arrive here today, May 5, at 2:40 p. m., remaining 30 minutes.

The Dallas special, carrying 10 cars, will arrive here Saturday, May 14, at 2:00 p. m., remaining 35 minutes.

Refreshments and some form of local entertainment is being arranged by the local Chamber of Commerce for the members of these two parties while in Littlefield.

## ROTARY TO TAKE OVER FORMATION CEMETERY ASSN

The Littlefield Rotary club met at the Mecca cafe last Thursday noon, President Andy Bills in the chair, 18 members present, also four visitors.

Following the luncheon directors for the coming year were elected as follows: E. A. Bills, C. A. Dugger, B. M. Harrison, A. P. Duggan, K. F. Allbright and R. E. McCaskill.

Three applications for membership in the club were received. These had been previously accepted by the directors, and following a lapse of 10 days with no objection, they will be duly elected to membership in the organization.

Arthur P. Duggan was elected delegate to represent the local club at the Rotary International meeting to be held in Ostend, Belgium. K. F. Allbright was named alternative.

A committee, consisting of T. Y. Casey, B. M. Harrison and Otto Jones, was appointed to confer with the Parent-Teachers Association relative to the organization of a local cemetery association, it being planned to take over the local cemetery in organized form for general public benefit. It was stated that the grounds would be properly cleared and arranged, lots and streets surveyed, some fencing done, a well put down and a windmill erected, and other improvements looking toward the beautifying of the City of the Dead were suggested. This is a good work that doubtless will meet with the hearty commendation of the public generally.

Sam Rumbach had charge of the entertaining feature of the meeting. Mrs. Ellen Kent Allen and Miss Helen Rumbach were introduced, and favored the membership and guests with interesting readings.

Following the membership meeting a meeting of the directors were held and all former officers re-elected for the coming fiscal year, as follows: E. A. Bills, president; K. F. Allbright, vice-president; W. G. Street, treasurer; J. S. Hilliard, secretary.

## WIN HIGH HONORS

Miss Carmelita Baze will be valedictorian of the graduating class of the Littlefield high school this year, having made an average of 86 during the past four years.

Charles Faust will be salutatorian, having made an average of 83 for the past four years.

In order to win these honors they must be a pupil of the Littlefield schools for the four years of high school and their grade is the highest average over the entire four years.

## LITTLEFIELD WINS 15 TO 2.

The base ball team of the Baptist Sunday school went to Amherst last Friday for a game with the Amherst high school team with a resulting score of 15-2 in favor of Littlefield.

Low or medium producing cows should be dry a month or six weeks. High producers need a longer dry period.

## Reed's Deputy

National

Jerry South, Special Deputy for Senator Reed of Missouri, who has been ordered to seize ballot boxes in Pennsylvania for the Senate Investigating Committee. Sergeant-at-Arms Barry refused to seize the boxes under dispute, so Mr. South was named.

## THE COST OF CRIME IN UNITED STATES NOW FOUR BILLION DOLLARS ANNUALLY

Ten Billion Dollars, annually, is the estimated cost of crime in the United States, more than the value of our combined agricultural production. Mark O. Prentiss, founder of the National Crime Commission, says it is \$16,000,000,000, more than the total Allied war debt.

Crime has become the greatest industry in America. It is an organized business with a direct cost of Four Billion dollars, an overhead of a like sum, and a waste of Five Billion dollars more. From an economic viewpoint it is our greatest problem; it

affects every citizen of this country; it adds to the cost of clothing, food and shelter through taxes, insurance and transportation charges.

Consider these figures, estimated by Mr. Prentiss as the economic loss and waste every year due to crime in the United States: losses through fraud, \$1,270,000,000; losses through burglary and robbery, \$1,160,000,000; cost of law enforcement, \$4,000,000,000; waste of crime, \$6,563,000,000; total loss, \$12,933,000,000. Staggering beyond belief, because we have given the problem no consideration.

### NOTHING LIKE IT ON EARTH

The new treatment for torn flesh, cuts, wounds, sores or lacerations that is doing such wonderful work in flesh healing is the Borozone liquid and powder combination treatment. The liquid Borozone is a powerful antiseptic that purifies the wound of all poisonous and infectious germs, while the Borozone powder is the great healer. There is nothing like it on earth for speed, safety and efficiency. Price (liquid) 20c, 60c and \$1.20. Powder 30c and 60c. Sold by

STOKES & ALEXANDER Drug Co.

Soldiers to guard the mails; armor cars, escorted by men with automatics, to move money and jewels; public officials wearing bullet-proof waistcoats, traveling in automobiles protected by bullet-proof glass; these are daily sights in every large American city.

In Texas, 700 indictments for murder in 1926; police supplied with machine guns in order to cope with hi-jackers, bandits and murderers;

sworn officers of the law, charged with open neglect of duty; prosecutions in many counties at a standstill, and a District Attorney declaring that "conditions are chaotic; my hands are tied, and justice cheated," because public sentiment lies sleeping.

The law-abiding citizens of Texas have waited patiently for the time when a strict enforcement of all laws shall prevail and prompt trials of law-breakers shall be had; when not only the rights of the individual accused of wrong-doing shall be secured, but when the rights of society shall also be respected.

In view of these conditions the Crime Suppression League of Dallas has been formed, and is asking the active co-operation of every citizen of the State.

## WHAT IS DOING IN WEST TEXAS

By West Texas Chamber of Commerce FOR RENT

**WHEELER**—A modern steam laundry is the newest addition to industries of Wheeler. The Plant cost in the neighborhood of \$4,000.

**WICHITA FALLS**—Manager Homer D. Wade has established his headquarters in the Hamilton building here until after the ninth annual convention to meet May 16 and 17. He is resorting to air plane transportation in order to fill multiple calls for engagements at diverse points of the state.

**FREDRICKSBURG**—At a mass meeting of its citizens, Gillespie County voted and endorsed a cooperative creamery, and subscribed over one-half the contemplated \$20,000 stock for its establishment. Campaign is under way to raise the remainder of the stock for the creamery.

**BIG LAKE**—The Board of Trustees of the Reagan County Independent School District have let contract for a high school building for Big Lake and for a new building for Stiles, twenty miles north of here. Architects for the building are the same who drew plans for Reagan County's \$100,000 courthouse now nearing completion.

**CHANNING**—West Texas communities wanting physicians in their communities might well write Tom Collins, County Attorney of Hartley County and secretary of the Channing Commercial Club of their wants. Channing recently broadcasted its need for a doctor in a leading state paper, and as a result had applications from 25 physicians in Texas and Oklahoma. Dr. B. B. McGee of Roxana has moved to this place, but there are 25 physicians who may be willing to make changes to other West Texas points.

**STAMFORD**—The West Texas Chamber of Commerce has scored again in its work for the interest of its cotton growers, cotton markets, and compresses. According to word from U. S. Pawkett, San Antonio, Traffic Manager, the Interstate Commerce Commission has sustained West Texas' contention in every part of the so-called Houston case. The Interstate Commerce order in this case, in line with the West Texas Chamber of Commerce contentions, approved the plan for making the same rate apply either at water front or back of water front facilities at the ports, and found that the existing compress concentration arrangement were not discriminatory and therefore legal and lawful.

### IRICK GETS CONTRACT FOR LEVELLAND WATER SYSTEM

The Roy Irick Construction Co., of Plainview, was last week given a contract for installation of the Levelled municipal waterworks system, the cost of construction being estimated at \$40,000.

Six and eight inch mains will be used in the business portion of the town. The contract calls for 18,000 feet of mains, the well for supply source and a 75,000 gallon tank on tower.

### COUNTY SINGING CONVENTION

The Lamb county Plateau singing convention will be held at Amherst the third Sunday of this month. Every one is cordially invited to come and bring a well filled basket with enough for themselves and a few others. It is stated that the big public spread will not be held.

The annual meeting this year will be held at Plainview, June 11-12.

### LEVELLAND SCHOLASTICS INCREASE 36 PER CENT IN YEAR

A completion of the Levelled scholastic census last week revealed a total number of 664 pupils in that district, as against 436 of last year. This is an increase of 36 per cent.

### THE DIFFERENCE

The difference between success and failure is only ten cents.

The business man who takes in a dollar and spends only 95 cents is on the road to financial independence, but the fellow who spends \$1.05 when he's got only a dollar in the bank is headed for the rocks.

## 75 BANDS WILL BE IN CONTEST OF W. T. C. OF C. FOR \$5,000

Wichita Falls, Texas, May 4.—Indications are there will be at least seventy-five bands in Wichita Falls May 16 and 17 for the ninth annual convention of the West Texas Chamber of Commerce and the Stand Band Contest. L. V. Lawler of this city is manager of the contest. Many entries have already been received. The West Texas Chamber of Commerce and the Wichita Falls Chamber of Commerce are giving \$5,000 in cash prizes. There are six divisions and indications, according to Mr. Lawler, are there will be many entrants in each class. Hundreds of inquiries, Mr. Lawler says, have been received and this leads him to believe that almost one hundred bands will be here. High School bands thus far are in the lead for entrants.

This band contest has always been a big feature at the convention and this year is attracting more interest due to the fact that it is for all bands in the state. The band contest proper will take place on the second day of the convention in order that all may have part in the great convention parade which will be held on Monday, May 16.

Still another feature in musical lines will take place Sunday evening, May 15, when it is expected more than fifty high school, junior and senior college glee clubs and church choirs will have part in a contest to be given at convention headquarters. Many entrants have already been received by Mayor R. E. Shepherd, Chairman of this special committee. Cash prizes are being offered in this contest and at least fifty musical organizations have indicated entrance.

One of the greatest fireworks dis-

plays that has ever been offered in the Southwest will be presented Monday night, May 16, the first day of the West Texas Chamber of Commerce Convention in this city. This display will be given in connection with the presentation of Miss West Texas, Miss New Mexico, and sponsors who will be here for the convention. This feature will be presented at the baseball park. Registered delegations wearing badges will be admitted as one of the courtesies to be extended visitors at the convention. Other courtesies are also being planned so that every register-

### PETIT JURORS

Petit Jurors in County Court term: A. R. Bryant, W. F. Byerly, G. L. Carpenter, Sam Cearley, J. E. Cleavinger, J. H. Cook, Jack Dickson, J. L. Don, A. G. Edwards, T. S. Givens.

## THIS IS AN ELECTRICAL AGE!

Housewives are Now Turning to Electricity for Cleaner, Faster and More Economical Cooking, Just as the Railroads and other Industries are Electrifying Transportation and Power.

To think of a fuel preferable to electricity is to think back of the pre-electric age. Today electricity has been harnessed, its unlimited power is being utilized for the benefit of mankind in every step of Progress. Instead of expensive and mysterious fuel, appliances have been so perfected and electrical service made so dependable, that today Housewives the world over are "electrifying" their work in the home. It is no longer expensive or mysterious. It is a fuel more easily controlled more sure and safer than any other.

What Housewives would not prefer such fuel to the smoke, soot, and fumes of others. From what source could fuel be obtained that could be more sure of delivery?

This is an Electrical Age! That applies just as truthfully to the home as to industry.

Get aboard the modern age. Think of the comforts made possible by the inventive uses for the mightiest force ever harnessed by man. Think in terms of safety, economy, comfort and satisfaction and you think in terms of the Electrical Age.

We have a commercial representative who will assist you in securing the use of Electricity. That is his business and his service are free to those who wish to realize the most from "the Current of Progress."

R. E. McCASKILL, Manager, Cooper Bldg., Littlefield, Texas  
Electricity is Your Lowest Priced Servant

**PLANTS ORCHARD**

horticultural department of Technological College, Lubbock, just finished setting out an experimental and laboratory orchard of 100 acres. Six hundred trees are planted, representing several

varieties of apples, peaches, plums and cherries.

A vineyard and an orchard of the small fruits, such as the strawberry and blackberry has also been planted.

There are 898 daily and weekly newspapers in Texas, five states ranking ahead of Texas in this respect.

**HOSIERY**

aturing PHOENIX AND SOCIETY MAID Brands

their Chiffon Hosiery that will match the chosen frock. Of excellent quality—silk to the top—and reinforced at all points of hard wear. These come in various wanted colors—iris, rose, peach plush, champagne, porcelain, petal parchment, rich nude, blondene and grain.

Price per pair, \$1.65

We have Society Maid Chiffon Hosiery made of fine quality, fashioning, giving perfect fit. Reinforced with double garter-top, double soles and high spliced heels.

Price per pair \$1.85

pure silk Hose at \$1.00  
silk Hose, all colors, standard factory make, at .50

**Cuenod's Dry Goods Company**  
T. S. SALES, Mgr.  
Littlefield, Texas

**AMHERST MAKING PLANS FOR A CANNING FACTORY**

Amherst Chamber of Commerce has started an active campaign for the location of a canning factory in that town, according to available information, and steps have already been taken toward securing pledges from farmers to plant a sufficient acreage of tomatoe and cucumbers to warrant the locating of such a factor in that city.

It is said the soil of that section is favorably adapted to such products and much favorable interest is being shown by growers in the proposed project.

**BIRTHDAY PARTY**

Mrs. L. R. Crockett entertained with a party last Saturday afternoon in honor of her daughter, Thelma's fourth birthday.

Various games were played, at the close of which, refreshments of ice cream and cake were served to the following: Virginia Walker, Junior Lyman, Kyle Seale, Mary Louise Seale, Louise Strange, Pat Boone Jr., Kathleen Cundiff, Dot Butler, Billie Jean Arnn, Mildred Wiseman, Mary Lena Wiseman, James Mitchell Stokes, Butney Thornton, T. A. Henson, Inez Jackson, and Thelma and Blanche Crockett.

**RANDALL CO., BONDS SOLD**

Randall County's \$250,000 paving bond issue was sold this week to a New Orleans company. The bonds draw four and three-fourths per cent interest.

Randall County was granted state and federal aid this week by the State Highway Commission to the amount of two-thirds of the cost of the paving between Canyon and Amarillo.

The exact route of the highway will probably be chosen within the next ten days and work will begin at the earliest possible moment.

Cooking a meringue in too hot an oven makes it tough and watery. Use a slow oven with meringues. Then they will set all the way through, brown delicately on top, and remain puffy after they are taken from the oven.

**FARMERS REJOICE OVER SUCCESS OF COTTON BUREAU**

A meeting of the Texas Farm Bureau Cotton Association was held at Littlefield Thursday of last week for making final distribution of checks on cotton shipped to the Association. Checks amounting to \$102,000.00 were distributed to the farmers at this meeting.

These checks are part of the \$3,500,000.00 which is being distributed to the farmers of Texas by the Texas Farm Bureau Cotton Association, as a final settlement for cotton shipped by its members.

The meeting was conducted by M. S. Hudson, Director of the Association for this district, assisted by J. W. Hammock, field representative.

J. B. Orr, president of the Association, from Dallas, made the principal address. He told how the Association had grown in the past few years. He showed how the organization could always compete with other cotton concerns. Mr. Orr fell in line with the community welfare at heart and told the farmers why they needed a county agricultural agent. He showed them where they were paying for one whether or not they were getting his services or not. By a popular vote 300 votes were cast for one and about 50 against getting one put on.

D. F. Eaton of Lubbock made a talk on the work of an agent and told the farmers some of the projects he was carrying on in Lubbock County. A short play, portraying the difference between the orderly and dump system of marketing, was put on by the little Reiver children of Lubbock.

M. S. Hudson, of Plainview, took two charts that had been prepared in the home office and showed how the number of bales received by the Association followed the trend of the price of cotton on the street. He brought out some very startling facts. This meeting proved again to the public that the Farm Bureau has an office equipped with the finest system of bookkeeping in the entire South. No organization or co-operation denies that they do not keep a better check on their client than the farmer's own organization. Mr. Orr sent a telegram to the home of-

fice in Dallas telling them that the meeting in Littlefield was a great success. Farmers and business men are hoping this will become an annual event here.

**LITTLEFIELD**

By Russell Wimberly, 7th Grade Pupil.

When you come to Littlefield From other towns around, You can bet on hearty welcome From the citizen of our town.

Out here on the South Plains Our little town's the best, And our people are the finest You will find in all the West.

Littlefield boasts a farm land Of which she is quite proud, So hop right in your "fliver," Come farm with the Lamb county crowd.

We have most wonderful cotton And cows and pigs and finest maize Come right on to Littlefield, You'll be thankful all your days.

**MRS. FAUST ENTERTAINS**

Mrs. R. E. Faust gave a delight-

ful party last Friday afternoon in honor of Mrs. Lige Brasher.

At the close of the afternoon, refreshments of ice cream and cake were served to the following guests: Mesdames R. L. Busher, Jim Carroll, Andrew Tomlinson, Ellis Faust, Jim Teague, Carrie Lee Hillian, Will Teague, Pat Hart, H. L. Tomlinson, Jim Gibson, Carl Smith, Oriana Touchon, Leonard Theford and Ralph Faust.

**MISSIONARY UNION MEET**

The Baptist Womens Auxiliary met Tuesday afternoon for an industrial meeting at the church.

Mrs. Wm. Lowmore taught an interesting Bible lesson.

Mrs. T. Y. Casey gave an inspirational talk on the "Duty of Christians."

The remainder of the afternoon was spent making supplies for the cradle roll department.

**S. S. S. ORGANIZED**

A chapter of the Southern Scholarship Society has been organized in Texas Tech, Lubbock, with H. B. Carroll president, and Miss Annie Wood Howell secretary. The aim of the organization is to promote scholarship and it is open to a limited number of the Junior and Senior classes.

**SHEETROCK**

Higginbotham-Bartlett Co.  
LITTLEFIELD, TEXAS

*The House that Grew...*

Sometimes the old house just naturally has to expand. You can make the extra rooms at low cost by partitioning with Sheetrock, the fireproof wall-board.

Sheetrock, which we sell and recommend most heartily, is made of pure gypsum rock, in great, broad sheets. Saws and nails like lumber. Decorates perfectly (all joints concealed). Let us show you a sample and estimate for you.

**SQUIRES and Mc CORMICK**  
LITTLEFIELD, TEXAS

*Never before --*  
**So many fine car features at such low prices!**

The Most Beautiful Chevrolet embodies the largest number of fine car features ever offered in a low-priced automobile. Bodies by Fisher, for example... beaded, paneled and finished in attractive colors of genuine Duco... smartened by narrowed front pillars, upholstered in rich and durable fabrics... completely appointed—and enhanced by such marks of distinction as full-crown, one-piece fenders and bullet-type headlamps. And, in addition, the Most Beautiful Chevrolet provides many mechanical

improvements. A new AC oil filter and AC air cleaner add to the performance and dependability of the Chevrolet motor. A full 17-inch steering wheel, coincidental steering and ignition lock, improved transmission, new gasoline gauge, new tire carrier—all of these are now standard equipment on the new Chevrolet. Come to our salesroom and see the new car that is breaking every precedent for popularity. Learn for yourself why it has everywhere been acclaimed as the greatest automobile value of all time.

# LAMB COUNTY LEADER

Published every Thursday afternoon at Littlefield, Texas.  
Subscription: \$1.50 per year; 75 cents for six months.  
Advertising rates given upon application.

No. Entered as second class matter May 24, 1923, at the post office 27 at Littlefield, Texas, under the Act of March 3, 1897.

JESS. MITCHELL,

Editor and Publisher

National Editorial Association, MEMBER

Texas Press Association

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses.

Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

## A THOUGHT FOR THE WEEK

In multitude of counsellors there is safety.—Prov. 24:6.

I will adhere to the counsels of good men, although misfortune and death should be the consequence.—Cicero.

## WATER AND WIND

Events of the past few weeks indicate that it is next to impossible for this country to pass through the spring season without catastrophes and disasters. Scores of lives wiped out in a violent Texas tornado and millions of dollars in property damage along the Mississippi river must be written into the history of the year 1927.

There is really no lesson to be taught by these disasters, unless it is to remind us that this is a mighty big country in which we live, and that it is pretty hard for the elements to treat all of it kindly. Some parts of it must have sunshine while other parts have rain; some parts must have wind while other parts have calm. We can never tell in entirely what part the water and the wind is going to come next. No section is immune from tornadoes and cyclones, and even though a town may be inland, cloud-bursts have a way of making themselves felt in places where there is never any danger from rising rivers.

Wind and water at this season of the year is natural and we have to take what comes. Littlefield and surrounding community are as safe from death and property damage by storm and flood as any other section of the county, and yet our turn to suffer may come tomorrow. About the only thing to be done is to investigate as heavily as we possibly can in insurance, since that is really the only protection left us and the only assurance that we can build our home back over our head if we are unfortunate enough to lose it. There is but one way to profit by the calamities that have just beset the people along the Mississippi and the Texas tornado belt. That is not to stand by idly hoping that this section will be spared, but to see to it in advance that there will be money enough forthcoming if our property is destroyed to reconstruct it when the storm has passed on or the waters have subsided.

The demand is growing that hell be put back on the map as a parking place for the hit-and-run drivers.

## EARLY BUT TIMELY

In our mail comes a request from that great organization down at Washington City known as the American Automobile Association, an organization made up of the 850 secretaries of auto clubs in every section of the United States. It may seem a little early to be sending it out, and yet when we consider the value of its timely advice it deserves attention right now.

Please caution your readers around Littlefield who expect to use their automobiles for driving into strange territory and along roads unfamiliar to them to use a little extra caution this spring and summer, "reads the bulletin." In all parts of the country auto travel is now growing heavier. New roadside stands for the sale of food and new sources of drinking water supply are being offered on all sides. The driver on a strange road takes a long chance in eating and drinking just anything he can get his hands on. Many deaths occurred last year as a result of it. Won't you help us to keep down this unnecessary death

rate by warning your people to be sure that the food they get as roadside stands is pure and wholesome and the water they drink along the road is not contaminated with disease germs?"

And that is the purpose of these few lines. To urge any of our citizens who may be driving strange roads, now that pretty driving days are here, to guard against unnecessary disease by making sure that what they eat and drink is pure.

The New York official who offers \$5,000 for a good "lie detector" seems to have overlooked the modern wife.

## THE BUSY BRUSH

The busiest brush in all the land today is the whitewash brush. Its effect is being seen and felt in every section—seen because it is attractive to the eye and felt because it is one of the surest disease-prevention customs to which Americans are addicted. Any time of year is a good time to use the whitewash brush, but right now while Littlefield residents still have the spring-cleaning fever is the most appropriate time.

Not everyone, however, knows how to mix the best whitewash, though anyone can apply it. So we're going to give you what the government says is the best whitewash receipt known.

Here it is—use it liberally and let your neighbor copy it: "Carefully slake 38 pounds of good quick lime; strain the paste, while still thick, through wire fly screen and add about four gallons of hot water. While stirring vigorously pour into the lime mixture a solution made by first dissolving 12 pounds of salt and 6 ounces of alum in about four gallons of hot water and then adding one quart molasses. Thin with water. Apply the mixture with an ordinary whitewash brush."

In a bungalowette with a dinette and a kitchenette we suppose the bride could be called the housekeeperette.

## THE JAY WALKER

The jay-walker, who used to like to cut across the street diagonally between corners, or walk in the center of a public highway, is fast disappearing from our midst. But there are still enough of his kind to worry motorists, and to help fill up papers with auto accidents.

The jay-walker is a menace both to himself and the motorist. He is always in the wrong place at the right time, making brakes grind and forcing automobiles into curbs, fences or trees. His practice is both unnecessary and dangerous. There is no excuse for it, and it should be as natural for a man to remain in a safe place along a rural highway as it is in town or city street. They invite trouble when they dodge across the street, or cross it anywhere except at a regular crossing. And public sympathy is fast turning to the motorist instead of the jay-walker when a fatal accident occurs.

There is danger anywhere you cross a street. But there is far less danger when you cross it at the place where it is intended and expected that you will cross.

One of the saddest things in life is for a boy who is crazy about dogs to grow up and marry a woman who is crazy about poodles.

## BUYING FREAKS

We see by some of our exchanges

# Dr. Frank Crane Says

## Stubbed Toes Teach

"One of the unpopular elements about being highly moral and good is that we try to make other people be good. Nobody objects to a man's being as righteous as he would like to be; they object when that man tries to make others righteous. There is one thing dearer to the human soul than doing right; it is doing as it pleases.

Regulating people and telling them not to do things may gratify our own vanity and secure immediate obedience, but it is a poor way to improve people.

If you bring up little Willie according to all the rules of child breeding, if you keep him always carefully removed from temptation and preserve him, as it were, in syrup until he is twenty-one and then turn him loose, he will probably fall before some goo-goo-eyed charmer before he has gone around the block.

The surest way to learn and to grow in this world is to make your own mistakes and suffer the penalty of them. Only when we have erred and suffered for it do we learn thoroughly not to err. If you tell people how to go straight, some spirit of independence in them will lead them to violate your instructions.

One of the things man fits out as he grows older is that the wisdom and caution for which he has paid so great a price in suffering and otherwise cannot be handed on to his son. People have to learn things for themselves in the bitter school of experience.

The trouble with correcting people is that it is liable to destroy more than it builds up. The constant habit of criticizing and fault finding is fatal to love. If, therefore, you value the affection of anyone it is always best to treat him with appreciation, not criticism.

The only sure road to righteous conduct is to grow a force within ourselves that shall make us righteous. A force superimposed upon us by someone else is only temporarily effective.

This is why democracy is better for a people than any autocracy. They stumble forward making their own mistakes. These are mistakes, perhaps, they would not have made it an autocrat ruled them, but they learn better from them than they learn from the errors committed by an autocrat.

How Smart Are You ?

Test O' Ten

What Is Your Average ?

## TEST O' TEN QUESTIONS

Here is a test of memory, intelligence, and general knowledge, that will provide fun and entertainment for all by giving you an opportunity to test your knowledge in competition with others. These questions will cover a wide range of information. How many of them can you answer without seeking recourse to the encyclopedia or dictionary? The answers will be found on the last page of this newspaper.

The popularity of our "Test O' Ten" feature is ever-growing, and if you aren't yet playing the game you are on your way to becoming a back number. Everybody in Littlefield is asking the questions which appear in every issue. Don't be the exception. Start with this test—which is a very simple one and for which your score should be 90 per cent.

1. Who was Commander-in-Chief of the U. S. Army and Navy during 1918?
2. In what land are white elephants sacred?
3. What is the name of the President's yacht?
4. Where was the recent Eucharistic Congress held?
5. Has any state in the union a woman governor at the present time?
6. Who is known as the most pessimistic philosopher?
7. What country is referred to as "John Bull"?
8. What is the hardest known substance?
9. What is the national anthem of France?
10. Name—in what game is a "pawn" used?

that the old "mummy wheat" fakes has bobbed up again, and we suppose it is only natural that some of our friends around Littlefield will be answering the ads—and getting stung.

This is a revival of the yarn started every year or so by some fake seed merchants. They claim to have a "limited supply" of wheat or corn seed discovered in an ancient Egyptian tomb, and declare the grains are 4000 years old. They tell of an Australian farmer planting some "mummy wheat" seed and raising many times as many bushels to the acre as can be grown from American seed wheat.

It is an old yarn and many have squandered their money on it in the past. But that "there's a sucker born every minute" is proven by the fact that these smooth mailorder advertisers are trying to put it over again. And the worst part of it is they'll succeed in finding many victims.

As we understand our agricultural geography, a good many of our farms might be described as neglected bodies of land surrounded by prosperity.

## LITTLE LEADERS

It's still easy to remember the time when people saw very little of the modest Littlefield girl.

Any time a Littlefield man asks you for an honest opinion of himself it means he wants a mess of salve.

More than one Littlefield man is credited with being hard-headed when the fact of the business is he is only hard-hearted.

The ideal Littlefield wife would be one who would rather hear her husband say "I love you," than hear him say "Here's \$10."

There have been a good many mean things said about Littlefield flappers, but we have never heard anyone claim they were over-dressed.

The year 1927 promises to be another hard one for those people around Littlefield who think they can get something for nothing.

Poland has a new president, and we'll wager a hand-embroidered doorknob that there isn't a citizen of Littlefield who can pronounce it.

No Littlefield man really reaches the age of discretion until he commences to find out that all the darned fools are not in one political party.

There was a time when every married woman in Littlefield felt that her husband was the smartest man in the world. We say there WAS a time.

It has been our observation that while the scraps from the table go into the garbage cans, the scraps at the table frequently go into the divorce courts.

## A COOKING HINT

When proportions are given in terms of sweet milk and baking powder, an equal quantity of sour milk may be substituted and enough soda used approximately to neutralize the acid, or a scant half teaspoon for each cup of sour milk. In the case of thin batters the soda and sour milk generally furnish enough leavening, but for thick batters or doughs baking powder is usually needed in addition. When sweet milk is to be used in place of sour, baking powder is substituted for all of the soda in the proportion of 4 teaspoons of baking powder for 1 teaspoon of soda if no other acid ingredients such as molasses is used. If such an acid ingredient is used, as in gingerbread, some soda is required.

To prevent jelly from oozing out of the glass, and spoiling the paraffin seal, run a knife around the edge of the jelly before pouring on the paraffin, or rotate the glass after the hot paraffin is poured on and let it run up the sides of the glass and form a tight seal.

# Jay Walker to Blame for Half of the Deaths by A

727 of 1390 Auto fatalities last year were directly due to pedestrians' fault.

HERE LIES A JAY WALKER

Physical Disability

MANY a motorist whose car has figured in a fatal accident will to present a clear sheet to Saint Peter when his time comes, considers all the contributing factors outside of the driver's own fault of 1,390 auto fatalities on record with the Stewart-Warner Safety Council, prevention of automobile accidents, covering a period of seven years shows that in 727 cases the fault was clearly the pedestrian's and be put down to the driver, the weather or unavoidable circumstances. The careless pedestrian's footsteps lead him to the grave by 64 routes, says the Safety Council, and the most travel-worn of these walking. Sixty-two per cent of the 727 auto fatalities just referred to straggling across busy streets without using the intersections. Playing in the streets was responsible for 31 per cent and coasting 3 per cent. Confusion on the part of the pedestrian, not hearing warning back in his tracks, brought about 9 per cent of these 727 fatalities. Physical disability and intoxication rate 8 and 2 per cent respectively.

## The Texas Filling Station is

Always glad to see you! Next to City Park

We have the best Gas and Oils the market affords, and give you Service that is real—less the "ice." Your patronage is appreciated and we try to make you feel it.

WANTED: To buy your second hand furniture. Littlefield Furniture Co. 50-tfc

**CONGRESSMAN MARVIN JONES**  
Who will deliver the commencement address before the graduating class of the Littlefield High School.

**MARVIN JONES COMING**

Congressman Marvin Jones, of Amarillo, will deliver the commencement address for the Littlefield school, Friday, May 27, at the High school auditorium. He is an able and entertaining speaker, and the citizens of Littlefield will be glad to know that he has been secured to make this address.

The baccalaureate service will be held May 22nd, but it is not known who has been secured for this date.

**CLASS GOES TO SUDAN**

The Junior class of the Littlefield high school will present their play, "Bashful Mr. Bobbs," at Sudan Friday evening.

The play is a three act comedy and a laugh from start to finish. The play will be accompanied by vaudeville and the High School orchestra.

**FOR WORKING PEOPLE**

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazier. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Herbin. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 50c. Sold by STOKES & ALEXANDER Drug Co.

**ATTENTION!**

I have opened the **SANITARY BEAUTY PARLOR** and am prepared to take care of all customers.  
**Mrs. Eula Long**

**302 GRADUATES FROM A. & M. TO RECEIVE DEGREES**

Several former graduates of A. & M. College are planning attending the commencement exercises of that institution.

It is announced that L. W. Wallace, secretary of the American Engineering Council, Washington D. C. will deliver the commencement address, while Rev. Wm. M. Anderson, pastor of the First Presbyterian church, Dallas, will give the commencement sermon. The date for these two addresses are May 29 and 30.

There are this year a total of 302 graduates to receive their degrees from this institution this year.

Baseball games between Texas Aggies and Centinarry College are slated for May 13 and 14, and between the Aggies and Texas University on May 20 and 21.

**FORTY-TWO TOURNAMENT**

A forty-two tournament will be given Thursday night, at the old Lee theatre building, under the auspices of the Parent-Teachers Association.

An admission of 50 cents will be charged the players, and refreshments will be served.

The money obtained from the tournament will be used for school benefits, and the ladies will very much appreciate a good attendance. Adv. 3-ttp.

Cream intended for whipping purposes should contain at least 30 per cent butterfat. Either raw or pasteurized cream will whip satisfactorily. The whipping quality of cream is improved by age. Aging for 24 hours is usually about right for cream with a 30 per cent butterfat content.

## GATLIN RESIGNS AS SECRETARY OF COMMERCIAL BODY

C. E. Gatlin resigned his position as secretary of the Littlefield Chamber of Commerce, at the luncheon meeting held Tuesday noon.

Mr. Gatlin has held this position for the past eight months, and gave as his reason for giving up the work his desire to enter State University, at Austin looking forward to obtaining his master degree. The resignation came as a distinct surprise to the directors who hesitated somewhat in its acceptance.

Mr. Gatlin is an excellent young man of superior attainments and

has won to himself a host of friends while living in Littlefield. He will be especially missed among the boy scouts where his work has been of the highest order.

He will leave the latter part of the week for El Paso where he is contemplating the acceptance of a position with a large irrigation concern. Being a graduate of A. & M. College he is especially equipped for work in that line.

### WIN GRADE CONTEST

Miss Ellen Crockett and Sparky Burleson were winners in the popularity contest recently conducted by pupils of the seventh grade.

The proceeds of the votes will be used to buy flowers for graduation.

## DO YOU KNOW? IF NOT, YOU SHOULD!

- THAT to buy any car, other than the FORD, you have to spend an average of at least \$162.14 more as purchase price also?
- THAT the FORD is the only car now equipped with the Ford Vaporizer, which has so greatly increased mileage per gallon of gas?
- THAT the FORD is the only car under the \$3,000.00 class equipped with a Dual Ignition System, so when complicated and delicate battery system is out of order or battery is dead, you can continue using the car with its old reliable magnet ignition system?
- THAT the FORD has more horse-power (A. L. & A. M. rating) to each 100 lbs of weight than any other car?
- THAT the FORD has more square inches of tire surface per 100 lbs of weight than any other car?
- THAT the FORD has more piston displacement per 100 lbs. of weight than any other car?
- THAT the FORD has more braking power for each 100 lbs. of weight than any other car?
- THAT the latest model FORD has 80% increased braking area on the foot brake and 130% increased braking power on the rear wheels?
- THAT the FORD planetary transmission costs more to manufacture and is simpler to operate than a sliding gear transmission?
- THAT at 35 miles speed you can instantly go into reverse with the FORD and not hurt the transmission—an operation which will ruin a sliding gear transmission?
- THAT material used in the working parts of the FORD are of the best quality known to engineering?
- THAT 43% of FORD parts are sold at 15 cents or less?
- THAT \$1.00 worth of FORD parts is the equivalent to \$3.00 to \$25.00 worth of the parts of other cars.
- THAT the FORD has a torque tube drive, found on such high priced cars as Lincoln, Rolls-Royce, Marmon, etc?
- THAT the FORD has the Thermo Syphon cooling system, and needs no pump with its numerous parts and attachments?
- THAT in FORDS the gas flows by gravity to the carburetor, having no moving parts, with no chance of vacuum tank or connection troubles?
- THAT the FORD has an all-steel body—the most rigid known?
- THAT the FORD is a 3-point suspension car, the advantages of which are too great to detail, but will gladly demonstrate?
- THAT the new Pyroxilin Lacquer finish on the FORD car cannot be affected by acids or even hot water? You can pour boiling tar on it and soak it off with gasoline without affecting its lustre.
- THAT the Pyroxilin Lacquer finish on FORDS is the most durable finish known?
- THAT FORD cars take more abuse and show less depreciation than any other car?
- THAT the FORD has the quickest get-a-way in traffic and is easiest parked in congested districts?
- THAT more wealthy people, who can afford any car, are buying FORDS than ever before?
- THAT many a man has suffered loss of a good job, saving and sometimes good reputation by trying to own and operate a higher priced car in both purchase price and upkeep than he could afford?
- THAT high priced cars need high pressure salesmen to prevent discussion of high automobile costs?
- THAT automobile depreciation increases with investment?
- THAT the FORD dealer receives the smallest discount given any car dealer by any manufacturer?
- THAT the FORD is really ONE PROFIT car, because Ford Motor Company controls its basic sources of supply for raw materials.
- THAT the FORD car can break the speed limit on any highway in America?
- THAT there have been 163 improvements in the FORD car during the last 12 months?
- THAT all FORD dealers' service stations operate on a flat-rate basis—no haggling or arguing—no undercharging one customer and overcharging another?

These facts have reference to cars manufactured in the United States of America.

## CONSTRUCTIVE CRITICISM

By C. E. Gatlin

"Hard times, ain't it?" "Wish it'd rain and stop some of this sand from blowing." "Wish the city officials would spend a little money on this Main Street." "Cant see what they have done with all them taxes I just got through paying." "Shore looks like we are going to have a dry year, don't it?" There are some of the idioms and jargons heard on our streets every day.

Certainly we would all like to see it rain, and see this unpleasant season of sandstorms merge into a growing season. Certainly we would like to see the Main Street paved. And if you will run around to the City Hall you will find a group of men more anxious to see it done than either you or I. It is hard to see where all that tax money goes if you never take time to use the business end of a pencil trying to see where the City is paying old debts. It is hard to see anything using your hams as a support and a plank off a goods box as a medium of craving out a past-time. "It is harder to show something to a man that will not see, than it is to make a blind man see"—according to Poor Richard.

There is not a man in this town that can prove these are "hard times," taking the word "Hard Times" to mean subnormal business conditions.

With hundreds of thousands of fertile acres of cotton land under water and unfavorable conditions prevailing over the larger part of the cotton belt, it seems that prices for cotton will be above the average this year.

The farms in our trades territory have 10 to 15 head of hogs where there were only two or three last year. There are enough dairy cattle and poultry in the country to bring in \$10,000.00 a month from cream and eggs. It was possibly half that much last year, and promises to be twice as much in 1927.

In 1926 there were 98 cars of hogs and cattle shipped, 200 cars of cotton seed; about 350 cars of corn and grain sorghums, and about 25,000 bales of cotton. 1927 should be even a better year.

With a resignation signed by the Board of Directors and without an axe to grind there are a few things I'd like to say: Our town is no better than we make it. The Rotary, nor school, nor churches, nor the Chamber of Commerce can make a town. It is the folks in the town that make it. It takes "ever-bloomin' soul". Instance after instance can be named in the history of the towns over the county where lack of co-operation has kept them villages while their neighbors have grown into cities.

Agriculture is the chief industry here. It will always be. I have only to point out the work that is being done in Halle, Lubbock, and Deaf Smith Counties to prove that a county agent is well worth the price these counties are paying for their men. In each of these counties they have a trained man to help market, to

rather information from one farmer and pass it on to the next, to advise, and work with their chief industry. We are paying two-thirds as much as they are for a man and are not getting a single cent in return.—I'm not looking for the job.

As I see it, Littlefield is going to have to hurry to live up to the reputation she has built up over the state in the last three years. Hammers that are now being used to knock are going to have to be converted into hammers to build with, or the destiny of this town is inevitable. Littlefield is as progressive as the people make it.

## GOVERNOR MOODY WILL ATTEND THE LEGION MEETING

LUBBOCK, May 4.—Governor Dan Moody will be among the notables in attendance at the Fifth Division convention of the Texas Department of the American Legion here May 21 and 22, if the duties of his office will permit him to spare the time, it has been announced here. A very urgent invitation has been dispatched from officials in charge of arrangements for the convention, but as yet the Governor, himself an ex-service man and Legionnaire, has not signified whether he will attend.

Among those who have advised they will be here are: R. C. Winters, state commander of the Legion, Abilene, W. J. Buie, division commander, Stamford; Reed Johnson, superintendent and P. L. Forbes, of the veterans bureau, Dallas; P. B. Stapp, of national headquarters, Indianapolis; Walton Hood, commander of the Legion post at San Antonio, the largest unit of the Legion in the world, with 3,100 active members; and Mrs. Harding, state president of the Ladies Auxiliary.

Registration headquarters for the convention will be at the Lubbock Hotel, and every visiting ex-service man or eligible auxiliary member are expected to register. Large delegations are expected from all points in West Texas. The gates of the city will be open wide in true West Texas spirit, and ex-service men generally regardless of their affiliation with the legion are extended an invitation.

The two day program, not yet fully completed, includes a giant dutch banquet Saturday night, May 21, Sunday at 11:00 o'clock a special patriotic program and rally will be held at the First Presbyterian church, with Homer L. Pharr, Judge of the 72nd district court presiding. The program will be both entertaining and instructive, and plans are being made by the ladies auxiliary here to entertain all women visitors. Business sessions of the auxiliary will be held simultaneously with the Legion program.

### ADD NEW PROFESSOR

The announcement has been made that Dean E. D. Jennings of Southern

Methodist University will be a member of the faculty of the summer session at Texas Technological College, Lubbock. Dean Jennings is considered an authority in the field of education and holds a Ph. D degree. He will teach during the second term of the summer session.

### WOMEN'S AUXILIARY

The Ladies Auxiliary of the Presbyterian church held their meeting at the home of Mrs. C. C. Clements, Tuesday afternoon with Mrs. T. T. Garrett in charge of the program. The subject of "The Spanish Speaking People," led by Mrs. Garrett and assisted by Mrs. Bills and Miss Hubbard was very interesting. The president, Mrs. Street appointed Mrs. Clements and Mrs. Robert Steen as a committee to meet with the Rotary Club to make plans to join the other churches in serving the lunches for the Rotary Club. A vote of thanks was given Mrs. A. P. Duggan for the trees and shrubbery which she presented to the church for the beautifying of the grounds. At the close of the program the hostess assisted by

Mrs. Irvin Miller and Mrs. Steen served dainty refreshments to nineteen ladies.

# LOTTERY WITHOUT A WINNER

By W. R. MOREHOUSE

Public Relations Commission, American Bankers Association  
is presented herewith the first of a series of articles exposing the vices  
which are after your money.

OST unbelievable amounts are lost to the American people annually from unwise ventures. This loss, estimated at nearly a billion dollars a year, is accounted for when you take into consideration that practically all of the money "invested" in numerous fake schemes and half-baked projects is forfeited by the investors. In presenting this series of articles regarding sharp practices and various kinds of swindles we hope to prevent thousands of people from falling into the traps already set for them by irresponsible and unscrupulous promoters.

Through the use of only actual cases selected from several thousand, it is hoped to prove conclusively the futility of taking a "gambler's chance" with your savings, for as in a lottery without a winner you are bound to lose. Much of the material here used has been supplied by the Better Business Bureaus throughout the United States which are non-profit organizations serving the investor without charge and acting wholly in the public interest. Read these cases and

lead them away for future reference, for sooner or later you will find yourself on the verge of "taking a leap in the dark,"—of investing your savings as the people here told about were

into doing. Satanic cunning they fall in line with their intended victims' likes and dislikes, his viewpoint and his hobby, and when they have gained his favor and trust they know more and more confidential, presently taking a great interest in his welfare and happiness. Before long they are offering advice and pointing out how he can better his own interests by making a new disposition of his available cash or by selling his present good securities and buying others recommended by them. Your promoter will draw upon your imagination and paint a picture of a scheme by which you can make thousands of dollars without effort or risk,—he may describe some invention selling for an astounding sum, or depict the prospects of a fabulous mine or oil company that is going to double and treble in value over night. As a climax he may paint the picture of a vine-covered cottage which is to be yours in your old age, with its radiantly burning fire on the hearth and with all the luxuries that go with a happy home. And finally, he may paint you sitting before this fire, happy and contented—Independent for life, as the result of an investment made according to his advice.

But there is a great difference between what you get and what the wild-cat promoter paints in the imagination of his victims. By the lure of easy money he leads them over the precipice of financial ruin. Instead of old-age ease and comforts there usually results poverty and privation.

Some have been the main obstructions to lower production costs. Larger power units are doing much to decrease labor factors. Also, larger power units if used over larger farm areas can do much to lower the power percentage.

Professor J. B. Davidson, senior agricultural engineer, United States Department of Agriculture, summing up investigational work in 36 states, offers this equation for farming:

When  $\frac{\text{Income}}{\text{Cost of Production}} = \text{Profit}$

Professor Davidson states: "Where quantity of production is held uppermost one finds prosperous farmers who plan to farm more acres without increasing the overhead."

Corn controls central western agriculture. In that area the acreage one man can farm is dependent on the number he can cultivate. With the single row cultivator he was unable to cultivate more than four to five acres per day. The two row cultivator doubled this amount. Three row cultivators are now on the market—even six row were used. It cultivates fifty acres

## LEGAL PUBLICATION

S. J. R. No. 24. Proposing an amendment to Sections 2, 3, 4, 5, 6, and 7 of Article V of the Constitution of Texas for the purpose of providing a more efficient judicial system.

Be it Resolved by the Legislature of the State of Texas:

SECTION 1: That Sections 2, 3, 4, 5, 6, and 7 of Article V of the Constitution of the State of Texas, be amended so as to read as follows:

Section 2 (of Article V): The Supreme Court shall consist of a Chief Justice and eight Associate Justices, five of whom shall constitute a quorum, and the concurrence of five Justices shall be necessary to the decision of a case. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be, at the time of his election or appointment, a citizen of the United States and of this State and unless he shall have attained the age of thirty years and shall have been a licensed lawyer for seven years and, during that time, shall have been a practicing lawyer or judge of a court of record, or such practicing lawyer and judge together. Said Chief Justice and Associate Justices shall be elected by the qualified voters of the State, at a general election, and shall hold their offices six years, or until their successors are elected and qualify, and shall receive such compensation as may be provided by law. In case of a vacancy in the office of Chief Justice or Associate Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for State officers, and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the State. The Judges of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their terms of office under the present Constitution and until their successors are elected and qualify. When this amendment takes effect, the Governor shall immediately appoint six additional Associate Justices of the Supreme Court for terms of office so that the terms of two of such appointed Associate Justices shall expire with the term of office of each of the present members of the Supreme Court, and, upon the qualification of such new Justices, the Commission of Appeals of the State of Texas shall terminate.

Section 3 (of Article V): The Supreme Court shall have appellate jurisdiction only, except as herein specified, which shall be co-extensive with the limits of the State. Its appellate jurisdiction shall extend to questions of law arising in the cases in the Courts of Civil Appeals in which the Judges of any Court of Civil Appeals may disagree or where the several courts of civil appeals may hold differently on the same question of law, or where a statute of the State is held void, and to questions of law arising in such other cases of which the Courts of Civil Appeals have appellate jurisdiction as may be prescribed by law; provided, that the Legislature may authorize direct appeals from the County and District Courts in any case where a statute of the State has been declared void. The Supreme Court and the Judges thereof shall have power to issue writs of habeas corpus as may be prescribed by law; and, under such regulations as may be prescribed by law, the said Court and the Judges thereof may issue the writs of mandamus, procedendo, certiorari, and such other writs as may be necessary to enforce its jurisdiction. The Legislature may confer original jurisdiction on the Supreme Court to issue writs of quo warranto and mandamus in such cases as may be specified except as against the Governor of the State. The Supreme Court shall also have power, upon affidavit or otherwise, as by the Court may be determined, to ascertain such matters of fact as may be necessary to the proper exercise of its jurisdiction. The Supreme Court shall be open at all times and shall sit at the State Capitol for the transaction of business at such times as may be designated by the Court. The present statutes defining the jurisdiction of the Supreme Court not in conflict herewith shall continue in effect until repealed or altered by the Legislature. The Supreme Court shall appoint a Clerk, who shall give bond in such manner as is now or may hereafter be required by law, and he shall hold his office for four years, and shall be subject to removal by said Court for good cause entered of record on the minutes of said Court, and who shall receive such compensation as the Legislature may provide.

Section 4 (of Article V): The Court of Criminal Appeals shall consist of three Judges, provided that

the Legislature may increase the number to five, and a majority of the Judges shall constitute a quorum, and the concurrence of a majority of the Judges shall be necessary to the decision of any case. Said Judges shall have the same qualifications and receive the same salaries as the Judges of the Supreme Court. They shall be elected by the qualified voters of the State, at a general election, and shall hold their offices for a term of six years. The Judges of the Court of Criminal Appeals who may be in office at the time this amendment takes effect shall continue in office until the expiration of their terms of office under the present Constitution and laws.

Section 5 (of Article V): The Court of Criminal Appeals shall have appellate jurisdiction co-extensive with the limits of the State in all criminal cases of whatever grade, with such exceptions and under such regulations as may be prescribed by law, and the Legislature may confer original jurisdiction upon it to issue writs of mandamus, procedendo and certiorari in criminal cases. The Court of Criminal Appeals and the Judges thereof shall have the power to issue the writ of habeas corpus and, under such regulations as may be prescribed by law, issue such writs as may be necessary to enforce its own jurisdiction. The Court of Criminal Appeals shall have the power, upon affidavit or otherwise, to ascertain such matters of fact as may be necessary to the exercise of its jurisdiction. Said Court shall be open at all times and shall sit at the State Capitol for the transaction of business at such times as may be designated by it. Said Court shall appoint a clerk, who shall give bond in such manner as is now or may hereafter be required by law, and he shall hold his office for four years, unless sooner removed by the Court for good cause entered of record on the minutes of said Court, and said Clerk shall receive such compensation as may be prescribed by law.

Section 6 (of Article V): The Legislature shall, from time to time, divide the State into such number of Supreme Judicial Districts as to it may seem necessary, not exceeding twelve at any one time, and shall have the power to re-district the State at any time, and shall establish a Court of Civil Appeals in each of said Districts, which Court shall consist of a Chief Justice and not less than two Associate Justices as the Legislature may provide, who shall have the qualifications as herein prescribed for Justices of the Supreme Court, provided that the aggregate number of Judges of all of the Courts of Civil Appeals shall never at one time exceed thirty-six. Each of the existing Courts of Civil Appeals shall continue until otherwise provided by law. The Courts of Civil Appeals shall have appellate jurisdiction co-extensive with the limits of their respective districts, which shall extend to all civil cases of which the District Courts or County Courts have original or appellate jurisdiction, under such restrictions and regulations as may be prescribed by law; provided, that the decisions of said Courts shall be conclusive on all questions of fact brought before them on appeal or error. Said Courts of Civil Appeals shall hold their sessions at such places as may be designated by the Legislature and at such times as may be prescribed by law. Said Justices shall be elected by the qualified voters of their respective Districts, at a general election, for a term of six years, and shall receive such compensation as may be provided by law. Said Courts shall have such other jurisdiction, original and appellate, as may be prescribed by law. Each Court of Civil Appeals shall appoint a Clerk in the same manner as the Clerk of the Supreme Court, which Clerk shall receive such compensation as may be fixed by law. The Judges of the Courts of Civil Appeals who may be in office when this amendment takes effect shall hold their offices until their respective terms shall expire under their present election or appointment.

Section 7 (of Article V): The State shall be divided into as many Judicial Districts as may now or hereafter be provided by law, which may be increased or diminished by law. For each district there shall be elected by the qualified voters thereof, at a general election, a Judge, who shall be a citizen of the United States and of this State, who shall have been a licensed lawyer for four years next preceding his election, and during that time shall have been a practicing lawyer or Judge of a Court of record, or such practicing lawyer and Judge together, who shall have resided in the District in which he was elected for two years next preceding his election, who shall reside in his District during his term of office, who shall hold his office for the term of four years, and shall receive for his services such compensation as may be prescribed by law. He shall hold the regular terms of his Court at the County seat of each County in his district at least twice in each year, in such manner as may be prescribed by law. The Legislature shall have power, by general or special laws, to authorize the holding of special terms of the court or the holding of more than two terms in any County for the dispatch of business. The Legislature shall also provide for the holding of District Court when the Judge thereof is absent or is, from any cause, disabled or disqualified from presiding. The Supreme Court or the Chief Justice thereof may assign any District Judge to any District in the State other than that for which he was elected, with all the powers of a resident District Judge of the District to which he is assigned, under such regulations as may be prescribed by the Legislature, or by the Supreme Court in the absence of such regulations enacted by the Legislature. The District Judges who may be in office when this amendment takes effect shall hold their offices until their respective terms shall expire under their present election or appointment.

SEC. 2: Said proposed amendment shall be submitted to a vote of the electors of this State qualified to vote on constitutional amendments at

an election to be held throughout the State on the first Monday in August, A. D. 1927, at which each voter opposing said amendment shall scratch off of the ballot with pen or pencil the following words printed thereon:

"For the amendment to the State Constitution amending Sections 2, 3, 4, 5, 6, and 7 of Article V of the Constitution of Texas for the purpose of providing a more efficient judicial system;" and each voter favoring said amendment shall scratch off of the ballot in the same manner, the following words printed thereon:

"Against the amendment to the State Constitution amending Sections 2, 3, 4, 5, 6, and 7 of Article V of the Constitution of Texas for the purpose of providing a more efficient judicial system."

If it shall appear from a return of said election that a majority of the votes cast have been cast in favor of said amendment, it shall become a part of the Constitution of the State of Texas.

SEC. 3: The Governor shall issue his proclamation calling said election and have the same published and said election held in accordance with this resolution and the Constitution and laws of this State; and return shall be made and the votes canvassed and counted as provided by law; and if said amendment is adopted by the required vote of the qualified electors of this State, the Governor shall issue his proclamation as required by law.

SEC. 4: The sum of twelve thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for publication of the proclamation calling said election and any expense of the State in submitting said amendment and holding said election.

Approved March 10, 1927.

## LEGAL PUBLICATION

H. J. R. No. 25.

Proposing an amendment to the Constitution of the State of Texas amending Article VIII by the insertion of Section 1-a therein, authorizing the Legislature to provide for the separation of the objects of taxation for State purposes and for the support of the counties, districts and political subdivisions of the State and Counties, and authorizing the Legislature to provide for the levy of an ad valorem tax or other form of tax for State purposes only, and for local purposes, only; authorizing the Legislature to provide for the classification of objects of taxation and providing that rates shall be equal on the same class of property, and fixing limitations upon taxation.

Be it Resolved by the Legislature of the State of Texas:

SECTION 1. That Article 8 of the Constitution of the State of Texas be amended by inserting therein Section 1-a, as follows:

SECTION 1-a. The Legislature may separate the objects of taxation for State purposes from the objects of taxation for the support of the counties, districts and political subdivisions of the State and counties; and may provide for the levy of an ad valorem tax, or other form of tax, on certain classes of taxable property, or other objects, for State purposes only (including school purposes); or upon certain classes of property, or other objects, for county or local purposes only (including school purposes). In no event shall the rate of such taxes exceed the sum of the limits of such taxes fixed by this Constitution for State, county and other local purposes. The Legislature may provide for the classification of objects of taxation. Taxation shall be equal and uniform.

SEC. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State, at an election to be held the first Monday in August, A. D. 1927, at which each voter opposing said amendment shall scratch off of the ballot with a pen or pencil the following words printed thereon:

"For the amendment to Article 8, inserting Section 1-a, providing for changing the taxation system so that the State may derive its income, in whole or in part, from other sources than the ad valorem tax."

"Against the amendment to Article 8, inserting Section 1-a, providing for changing the taxation system so that the State may derive its income, in whole or in part, from other sources than the ad valorem tax."

SEC. 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election to determine whether or not the proposed constitutional amendment set forth herein shall be adopted, and to have the same published as required by the Constitution and laws of this State. And the sum of Five Thousand Dollars (\$5,000.00) or so much thereof as may be necessary, is hereby appropriated from any funds in the State Treasury, not otherwise appropriated, to defray the expenses of printing said proclamation and of holding said election.

Approved March 11, 1927.

H. J. R. No. 32.

Proposing an amendment to the Constitution of the State of Texas by adding thereto Section 60, Article 16 so as to provide that the Legislature may fix the compensation of certain county officers by salaries in lieu of fees, commissions and other prerequisites; providing for an election and making appropriation to pay expenses.

Be it Resolved by the Legislature of the State of Texas:

SECTION 1. That the Constitution of the State of Texas be amended by adding thereto another section to be known as Section 60, Article 16, to read as follows, to-wit:

Section 60. The Legislature may provide compensation for certain district and county officers, to-wit:

The District Attorney, County Judge, County Attorney, Sheriff, County Clerk, District Clerk, County Tax Assessor and County Tax Collector, by prescribing their duties, and fixing salaries in lieu of fees, commissions and other prerequisites as now provided by the Constitution.

SEC. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Monday in August, A. D. 1927, at which each ballot shall have printed thereon "For amendment to the Constitution of the State of Texas giving the Legislature power to provide compensation for the District Attorney and county officers through salaries in lieu of fees, commissions and other prerequisites as now prescribed by the Constitution," and "Against amendment to the Constitution of the State of Texas giving the Legislature power to provide compensation for the District Attorney and county officers through salaries in lieu of fees, commissions and other prerequisites as now prescribed by the Constitution," leaving the one expressing his vote on the proposed amendment.

SEC. 3. There is hereby appropriated out of any money on hand in the State Treasury not otherwise appropriated the sum of five thousand (\$5,000.00) dollars or as much thereof as may be necessary to defray the expenses of the holding of this election, including the expense of printing notices and advertisements.

SEC. 4. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Approved March 25, 1927.

A JOINT RESOLUTION.

S. J. R. No. 33.

Proposing an amendment to the Constitution of the State of Texas removing from the Constitution all limitations as to the amount of compensation of officers, the compensation and expenses of said officers to be as provided by law, and fixing the compensation of the Governor, and providing that said amendment shall be effective on and after January 1, 1929, and not sooner.

Be it Resolved by the Legislature of the State of Texas:

SECTION 1. That Article XVI of the Constitution of the State of Texas be amended by inserting therein a new section to be numbered Section 30a which shall read as follows:

Section 30a. All provisions of the present Constitution of Texas fixing or limiting the amount of salary or compensation of officers and members of the Legislature are hereby repealed and hereafter said officers and members of the Legislature shall receive such salary or compensation and expenses as now provided until otherwise provided by law. The salary of the Governor shall be Ten Thousand Dollars (\$10,000.00) per year, and no more, payable monthly, and he shall have the occupancy and use of the Governor's mansion, fixtures and furniture.

The salary or compensation of any member of the Legislature shall not exceed fifteen hundred dollars per year, and actual traveling expenses from the place of residence to the capitol and returning for each session of the Legislature, as shall hereafter be provided by law; and provided that no change of salary or compensation from that now provided by the Constitution shall become effective until the first day of January following the first general election held after adoption of this amendment.

SEC. 2: Said proposed amendment shall be submitted to a vote of the electors of this State qualified to vote on constitutional amendments at an election to be held throughout the State on the first Monday in August, A. D. 1927, at which each voter opposing said amendment shall scratch off of the ballot with a pen or pencil the following words printed thereon:

"For the amendment to the Constitution of the State of Texas removing from the Constitution all limitations as to the amount of compensation of officers, the compensation and expenses of said officers to be as provided by law, and fixing the compensation of the Governor, and providing that said amendment shall be effective on and after January 1, 1929, and not sooner."

"Against the amendment to the Constitution of the State of Texas removing from the Constitution all limitations as to the amount of compensation of officers, the compensation and expenses of said officers to be as provided by law, and fixing the compensation of the Governor, and providing that said amendment shall be effective on and after January 1, 1929, and not sooner."

If it shall appear from a return of said election that a majority of the votes cast have been cast in favor of said amendment, it shall become a part of the Constitution of the State of Texas.

SEC. 3: The Governor shall issue his proclamation calling said election and have the same published and said election held in accordance with this resolution and the Constitution and laws of this State; and return shall be made and the votes canvassed and counted as provided by law; and if said amendment is adopted by the required vote of the qualified electors of this State, the Governor shall issue his proclamation as required by law.

SEC. 4: The sum of five thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for publication of the proclamation calling said election and any expense of the State in submitting said amendment and holding said election.

Approved March 29, 1927.

(A Correct Copy)  
JANE Y. McCALLUM,  
Secretary of State.

April 29, May 5, 12, 19, 1927.

## HORSEPOWER FOR FARM RELIEF

horsepower have thus far provided the farmer with farm increasing his selling prices. However, met a somewhat solution by lowering the cost of a similar solution can fully applied to agriculture increasing production per acre on the farm is being met to a great extent by using larger units of either horse or mechanical power. A man was using a single team he is now using from three to five times as much power. The use of large power units has reduced or eliminated the cost of raising corn divides into the following:

.....50 percent  
.....25 percent  
.....10 percent

Items one can be considered, namely, the land cost and power are variable and

power are variable and

power are variable and

power are variable and

power are variable and

power are variable and

power are variable and

## IT DRIVES OUT WORMS

The surest sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by STOKES & ALEXANDER Drug Co.
