## JIMMIE BRITTAIN ASKS RE-ELECTION AS CO. TREASURER

M. M. (Jimmie) Brittain this week makes announcement of his candidacy for re-election to the office of County Treasurer, Lamb County, subject to the favorable expression of the majority voters at the coming Democratic primary.

"Jimmie," as he is familiarly known throughout the county, is a native born Texan, first seeing the light of day 37 years ago in Bosque county. He is a graduate of the high school at Meridian, Texas, and also of Meridian college. He has been a citizen of his county for the past five years, is married and owns his own home.

He states that during the past year he has endeavored as County Treasurer to faithfully perform the duties of that office, and that his books, regularly examined every three months by the County Commissioners, have always been found correct.

Mr. Brittain states that he deeply appreciates the confidence that has been bestowed upon him by the citizens of this county in electing him to this worthy office; that he believes he has conscientiously and faithfully fulfilled its duties, and upon this basis with the added experience of the past year he feels assured he can handle the duties of the office even more efficiently in the future than he has done during the past.

NOTE: The above article was written for last week's issue of the Leader, but in some unknown manner was inadvertently left out, for which public apology is made to Mr. Brittain. Jimmie has made a good county official and we are strong for his re-election.

## ECONOMICS BUILDING COMPLETED

Littlefield, Texas, January 19.—The new economics practise house of the home economics school of Texas Technological college has been completed and will be occupied within a few days. The building and furnishings cost about \$25,000. It is one of the most beautiful structures on the Tech campus, being of the prevailing gray brick and Spanish design. It has the appearance of a fine two-story Spanish home.

Eight young ladies of the senior class of the home economics school will occupy this building at a time together with a member of the school's faculty. These young ladies will put into actual practice the things they are learning about cooking, sewing, entertaining guests, and the many other things required in a successful home maker. Each student will have the privilege of living in this house before leaving school.

The building will be formally opened to the public on January 30, 31, and February 1. The faculty of the school will attend a house warming on the night of January 30, the faculty of Lamb will be invited to attend the building on January 31 and on February 1 the students of the home economics school will receive a number of the entire college in reception.

## TWO BASKETBALL GAMES

The home teams of high school boys and girls played Littlefield teams at the gym here last Friday night.

Local boys on the boys team were, Coach Egan, William Lowrie, Harry White, and Harry White. The score was 18 to 15 in favor of Littlefield. The game was made up of Pauline Courtney, Hazel McQueen, and Fern Thornton. The score was 15 to 15 in favor of Littlefield.

## LIBRARY IS MOVED

The library has been moved to the most market. A number of books were sent as a gift from the library at Abilene, also a number of new ones have been ordered.

## LEAGUE CONTESTS END IN FEB.

Austin, Texas, Jan. 18.—City and county basketball contests among teams enrolled in the Interscholastic League of the University of Texas, must be over with and the winners in each county determined by about the middle of February, according to Roy Henderson, director of athletics of the Interscholastic League.

District tournaments should be held by not later than February 25 in order that the winners may be in readiness to come to the state tournament in Austin, March 9 and 10, Mr. Henderson said.

## THE CONDITION OF COUNTRY IS SHOWN BY BANK

Financial statements of banking institutions are generally good barometers of the financial condition of the community in which they are located.

The financial statement of the First National Bank, Littlefield, published in this issue of the Leader, shows deposits totaling \$503,891.92, and there is an item of surplus and undivided profits amounting to \$2,783.41 which doubtless is not disappointing to the stockholders of the institution.

It is safe to say that this bank is not only on a more solid basis than heretofore, but is progressing as a financial institution in a far better manner than ever before in its past history. It has the unqualified confidence of the public, and in return is rendering an aid and service to the community of its location that is of great value.

During the past year the First National Bank has not only been of assistance to the business interests of the town, but to the farmers as well. The statement shows an item of over two hundred thousand dollars in loans, most of which has been placed in the surrounding territory tributary to Littlefield. It has been the means of assisting farmers in liquidating past indebtedness, producing and marketing their crops, adding further improvements to their places and the buying of more hogs, cows and chickens. With the fine crop conditions prevalent in this section this year the community in general will go into another year with much brighter prospects of prosperity.

## METHODIST CHURCH

We left our goal too far behind our actual attendance of 145 at Sunday School for it to serve any more. We want 150 present Sunday.

Sunday School 10:00 A. M. Morning Worship, 11:00, subject: "Jonah."

Junior League, 3 p. m., Senior 6:30 Evening Worship, 7:30.

Our church night study book, "New Tasks for New Times," will begin Wednesday. Have you enrolled? Song service begins each evening 7:15 led by Bro. Egan.—Geo. E. Turrentine.

## DUGGAN ENTERTAIN

Mr. and Mrs. A. P. Duggan entertained a few of their friends with a bridge and radio party at their home last Saturday evening.

Delicious refreshments were served to four tables of guests. Those present were, Mr. and Mrs. J. C. Hibun, Mr. and Mrs. F. G. Sadler, Mr. and Mrs. John H. Arnett, Mr. and Mrs. Joe S. Perkins, Mr. and Mrs. J. M. Stokes, Mr. and Mrs. Maynard V. Cobb, Mr. and Mrs. Kirk Albright and Mr. and Mrs. A. P. Duggan.

## TO SELL LIVESTOCK

Lubbock, Texas, January 18.—A sale of stock will be held on January 24 at the Texas Tech livestock judging pavilion under the auspices of the Panhandle Swinebreeders' association. Several of West Texas' leading swine breeders will enter stock and attend the sale. Stock from Tech pens will also be offered for sale.

## BABE DIES FROM FALL

The five months old baby of Mr. and Mrs. J. V. Freeman, died Saturday at the home of its parents, who reside on a farm near Yellow House switch. The baby's death was caused by a fall sustained Saturday morning.

## STATE OF TEXAS SHOWS GOOD CONDITION AS COMMERCIAL FAILURES IN DECEMBER WERE LESS THAN ANY PREVIOUS RECORD

Austin, Texas, Jan. 18.—During the month of December there were fewer commercial failures in Texas than for any December on the records of the Bureau of Business Research of the University of Texas, according to Bernard Nichols, editor of the Texas Business Review published monthly by the Bureau. Not only were there few failures in the past month, but the entire year just passed was a

favorable one from the same point of view, Mr. Nichols says. There were only 42 failures in December with liabilities of \$503,000. No bank failures were reported for the month. During 1927 there were 691 failures and the total liabilities involved amounted to \$11,575,000 while in 1926 there were 884 failures with liabilities of \$11,987,000, according to Mr. Nichols.

## RAINFALL FOR 1927 LESS THAN AVERAGE OVER 20 YR. PERIOD

Rainfall for this section of the year 1927 amounted to 14.71 inches, according to the annual report of W. J. Klinger, in charge of the government weather bureau station at Plainview. This was 5.21 inches below the average over a 20 year period.

The coldest day of the year was December 31, when the temperature fell to one above zero. This was also the coldest since 1924, when on December 19 the temperature dropped to five below zero. Snow for the year amounted to 5.4 inches. July 20 was the hottest day of the year, a temperature of 101 degrees being recorded. On June 9 the thermometer showed a record of 100 degrees. The most drastic change of temperature was on December 7, when the temperature dropped from 60 to 6 degrees.

The last frost was April 14. The first in the fall was recorded on October 12, but very light. During the year there were 282 clear days, 46 partly cloudy and 37 cloudy days.

## OPEN POULTRY FARM

Mr. and Mrs. J. H. White, who recently purchased the Chas. Rayburn farm a few miles west of Littlefield, arrived last week. They are converting the place into a chicken and turkey breeding farm, specializing in high grade birds.

These people, came here from Goree where they operated the "Happy Hill Farm," and, because their business is well known under that name it will be so continued.

## T. C. U. START MAGAZINE

"The Live Wire" is the name of a magazine, the first number of which has been issued by the employees of the Texas Utilities Co. The cognomen decided upon for the magazine was submitted by four different employees of the company, including Manager R. E. McCaskill.

The booklet is well printed, well edited and contains a wealth of interesting matter to the 225 employees of the company.

## TECH GAMES SCHEDULED

Lubbock, Texas, January 18.—Coach E. Y. Freeland has arranged a hard schedule for the Matadors of Texas Technological college for the football season of 1928. It follows: Oct. 6—Texas University at Austin.

Oct. 13—St. Edwards at Lubbock. Oct. 20—McMurray at Lubbock. Oct. 27—T. C. U. at Fort Worth. Nov. 3—Daniel Baker at Brownwood. Nov. 10—A. C. C. at Lubbock. Nov. 17—Simmons at Lubbock. Nov. 29—W. T. S. T. C. at Canyon.

## DEMONSTRATION TRAIN, SANTA FE HERE ON FEB., 16

College Station, Texas, Jan. 10.—Itinerary of the 1928 Texas Farm and Home Demonstration Special, which will be operated by the Santa Fe railway company and the A. & M. college of Texas co-operating, shows that the special will stop at Littlefield on Thursday, February 16, at 4:15 p. m. o'clock.

The special will be an eight car train and four of the cars will carry specially prepared agricultural and livestock exhibits. Specialists of the college will deliver lectures on the latest and most approved methods of farming and livestock raising, the talks to include dairying, poultry raising, hog raising, fertilizers, soils, livestock feeding and breeding, boys and girls farm club work, home demonstration work and other topics. Meetings at the various stops will last from two to three hours. An electrically controlled voice amplifier will be used at the open air meetings.

Of an agricultural educational nature, the program will stress diversification and the exhibits and lectures have been designed to bring to the attention of farmers the results of late experiments in agricultural development. Following the lectures visitors will be invited to go through the train. Passenger coaches will be used for meetings in inclement weather. The speaking program has been arranged so as to interest women and children as well as men, and questions concerning farm problems will be invited.

The special will be run by the Santa Fe and the speakers and exhibits will be furnished by the A. & M. college of Texas. President T. O. Walton of the college and Oscar B. Martin, new director of the Extension Service, expect to accompany the special on part of the tour. J. F. Jarrell, manager of agricultural development of the Santa Fe, will be in general charge of the train which will include baggage car, horse car, flat car, two exhibit coaches, storm coach and two business cars. The flat car will be used for lecture and demonstration purposes.

L. F. Dinan, agricultural agent of the railway, will handle the program and details for the local meetings. Co-operation in plans for the meeting on the stop at Littlefield will be given by the local chamber of commerce and teacher in Littlefield agriculture department of the schools.

## THURSDAY BRIDGE CLUB

The ladies Thursday Bridge club met Thursday afternoon at the home of Mrs. Phelps Walker, with full membership present.

Mrs. F. G. Sadler is new president, Mrs. Bessie Baze, secretary and treasurer; by-law constitution committee appointed by the president was made up of Mrs. W. O. Stockton, Mrs. Pat Boone, Mrs. E. S. Rowe, Mrs. Phelps Walker, Critic.

Those present were, Mesdames Tom Arnett, Bessie Baze, Pat Boone, A. C. Chesher, B. L. Cogdill, Lena Howard, Ray Jones, E. S. Rowe, F. G. Sadler, W. O. Stockton, W. G. Street, J. M. Stokes, P. W. Walker, J. C. Whicker, Mrs. Harry Wiseman, and Mrs. R. S. Thomas was hostess guest.

Texas is one of the leading watermelon producing states. Parker County is considered the biggest melon producing county in the United States. Weatherford frequently shipping as high as 1000 car loads in a season.

A doctor gets paid according to his knowledge of a patient's physical and financial condition.

## 40 PER CENT OF LAMB AND BAILEY COTTON IS BUREAU

Approximately 40 per cent of the cotton production of Lamb and Bailey counties will be marketed co-operatively in the opinion of J. W. Hammock, field representative of the Texas Farm Bureau Cotton Association. "This compares with about 20 per cent the previous year, but during the past year the movement has had substantial advancement in this section, and prospects for the coming season are highly encouraging." Hammock reports that out of 9,615 bales ginned in Lamb county, 3,421 were shipped by the Bureau.

"Many of the largest cotton producers in the county are now members of the organization," he said, "and another gratifying factor is that some old members who didn't re-sign the new marketing contract are now affiliating with it again and marketing their cotton co-operatively. A year or two additional expense under the old system of cotton selling has been demonstrated to them the benefits of organized effort."

Mr. Hammock also stated that under the normal production next year there is no reason why fully 10,000 bales will not be delivered from this territory. He also spoke of the various membership services which were available, including production, credit, certified seed, group life insurance co-operative plans, poison and fertilizer purchasing services. Mr. Hammock was also highly complimentary of the co-operation of the bankers, merchants, newspapers and other agencies in the territory who have demonstrated that they have the best interests of agriculture at heart.

## A. L. PORTER FOR COUNTY WEAVER OF PRECINCT FOUR

In this issue of the Leader appears the announcement of A. L. Porter for the office of Public Weaver, Precinct Four.

Mr. Porter is 40 years of age, has been a citizen of Texas for the past 21 years, coming from Hardeman county to Littlefield about three years ago. He states he has been in public business for the past 15 years, and has had seven years actual experience as public cotton weaver.

During his residence in Littlefield, Mr. Porter has proven himself to be a good citizen, a good business man and always lending his influence for the things that are for the betterment of the community in general. He states that in so far as he knows his work as public weaver during the past year has been satisfactory, as it has been his desire at all times to give the most efficient service possible. He states that he has made a thorough study of the classification and marketing of cotton, and through this knowledge has been of some help to his fellow citizens, and it is upon the merits of his ability and experience that he asks the favorable consideration of the voters at the coming primary toward his re-election.

## JUDGE INTRODUCES BILLY

Judge I. R. Kelsa, versatile wizard and West Texas pioneer of industry, who is well known in Littlefield, was appointed the task of introducing Billy Sunday, noted evangelist, who last week began his onslaughts against the Devil in St. Louis.

While the Judge has a private vocabulary of his own that is sesquipedalian in its character, it is not supposed that he in any way infringed upon the particular lingo of which the noted Satan scrapper indulged. However, according to the St. Louis Globe Democrat, he started the ex-ball player and noted pulpit acrobat off in fine style, 15,000 people attending the first service.

## WOULD BUILD CHURCH

# JANUARY CLEARANCE SALE

This sale is just what its name indicates—a clearance of all the Winter Merchandise to be found in this store.

We have had a big Fall and Early Winter trade; but we still have more Winter Goods on our shelves than we want to carry over for another season. In order to convert it into cash we are making drastic reductions on everything intended for Winter or early Spring usage.

There are still several weeks of cold, disagreeable weather ahead of us. Clothing at any price is cheaper than doctor bills, and at the prices we are putting on this Seasonable Merchandise no one can afford to do without. There is still plenty of time yet to get full value out of many Winter and early Spring purchases now made. In fact, when one considers these extraordinary high values and decidedly low prices it would be good business to BUY NOW FOR NEXT FALL. It will mean a future saving.

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

## Pep Paragraphs

(By Red Pepper)

A new reporter from Pep you see. My last name I chose because I am a citizen of Pep. My first name I chose for reasons that are strictly personal.

Since the Pep news was not sent in last week, I shall begin with last week's items.

Mat Demel received a telegram Monday of last week notifying him of his father's death. Mr. Demel left immediately for east Texas where his father resided.

F. S. Murphy and Walter Lupton, jr., are putting up the new basketball goals on the school grounds.

The writer and a number of others enjoyed a good radio program Sunday night at the Stengel home.

Alvin Allison is back in school again after a long absence due to illness.

The S. H. Day family have moved from the Pep community.

### News of This Week

Mrs. D. L. Lane spent Thursday with Mrs. Charley Barton.

Mrs. D. L. Lane spent one day this week with Mrs. Charley Barton.

Mrs. Price spent one day this week with her sister, Mrs. Witt Walker.

Theo. Hertel, of Rhineland, Texas, has been attending to business in Pep lately.

Mr. Frost, of Vernon, has moved into his new home in Pep.

J. G. Sims also moved to Pep recently.

A prairie fire raged near Pep Saturday. It burned a hay stack on the farm recently vacated by the S. H. Day family. It was only by strenuous work on the part of people residing near, that the barn on the farm was saved.

Mrs. W. H. Heinen of Littlefield, and children, Billy and Agnes, and Miss Jean Lupton visited Mrs. W. P. Lupton at the Pep school Sunday. Billy remained for a farewell visit of a few days with his aunt and cousins before returning to boarding school at Raton, New Mexico.

Mrs. J. E. Stengel and Mrs. W. T. Jugman attended the Friday afternoon chapel program at the school. Mrs. Lupton's room entertained with a playlet, "The Barber of Bagdad," by the third grade, one minute talks by the fifth grade and readings by the other children. Mr. Murphy's room will conduct the program next Friday.

L. O. Bray recently purchased some hogs from Alexander Brothers.

## ON MILLS—

No matter how poor the maxillaries of your live stock, they can now thoroughly masticate the feed ground on our new Hammer type feed mill. We do the pre-chewing for your hogs, horses, cows and chix. And, yum-yum but it's good. One fellow who has been using our feed says he can hear his hens cackle, his hogs grunt and his cows smiling all around the barnyard. One old family nag confidently told him he wished his neck was as long as a giraffe's because it tasted good all the way clear down to its tummy.

No need for the farmers to send their feed away on the Santa Fe now to be ground and then have it shipped back in striped or checkerboard bags, when all this extra expense of hauling, freight and two or three middlemen's profits can be saved right here at home.

We chew the food for all your stock, do it in tip-top style and at a ver ylow cost. Bring us a load and make us prove it.

## This Week's Poem

WHAT ARE DIAMONDS?

Diamonds are only chunks of coal  
That stuck to their jobs, you see.  
If they'd petered out like most of us  
do,  
Where would the diamonds be?  
It isn't the fact of making a start,  
It's the sticking that counts, I'll say.  
It's the fellow who knows not the  
meaning of fail,  
But hammers and hammers away.  
Whenever you think you have come  
to the end  
And you are beaten as bad as can  
be;

Remember that diamonds are chunks  
of coal  
That stuck to their jobs, you see.  
—RICHARD SMITH

## LITTLE LEADERS

Maybe the reason happiness never  
hatches for some Littlefield people is  
because they keep chasing the hen off  
the nest.

As a general rule when a Little-  
boy is sick everybody but his mother  
thinks he is only shamming to get  
out of work.

## Came, Saw and Conquered!

1,200 People Visited  
Our Show Rooms Friday, January 6th

All of them were greatly surprised and won-  
derfully pleased with the demonstration model of  
the New Ford. A large number of orders for  
these cars were placed with us on that day, in ad-  
dition to the more than 100 that have already been  
received.

We are expecting shipments of the New Fords  
to begin arriving any time, now. Better place  
your order NOW! Begin your enjoyment of a  
New Ford as quickly as possible.

### WOMEN'S AUXILIARY

The Presbyterian ladies met at the  
home of Mrs. J. W. Porcher, last  
Tuesday, with Mrs. W. O. Stockton as  
hostess.

The meeting opened with the new  
president, Mrs. E. A. Bills, in the  
chair. Prayer by Mrs. Barber. Dur-  
ing the business session it was voted  
to entertain the Presbyterian ladies  
of Amherst at a Valentine party,  
Tuesday, February 14, at the home  
of Mrs. A. C. Chesher.

After roll call, Mrs. Wiseman had  
charge of the sixth chapter of the  
Bible Study course.

At the close of the program dainty  
refreshments were served to the fol-  
lowing ladies: Mesdames E. A. Bills,  
Charlie Barber, J. S. Hilliard, Whart-  
on, K. F. Allbright, Cater, R. W.  
Steen, Irvin Miller, Speaker, Wiseman  
M. V. Cobb, A. C. Chesher and J. W.  
Porcher.

The next meeting will be held at  
the home of Mrs. W. G. Street with  
Mrs. Street and Mrs. Wiseman as  
hostesses.

### AS JARDINE SEES IT

Agriculture is better off today than  
it has been at any time in the last six  
years. That statement was given out  
in Washington the past week by Sec-  
retary of Agriculture Jardine. He  
says the estimated value of all farm  
crops for 1927 was \$9,114,845,000,  
or more than \$675,000,000 greater  
than in 1926, thus insuring a larger  
income this year for tillers of the soil.  
He says federal aid is coming this  
year, sure, and predicts that agricul-  
ture will be lifted out of the dumps  
in every section of the country. And  
every mother's son of us hopes he  
knows what he is talking about.

We don't go much on weather fore-  
casts, and we take very little stock in  
the groundhog. But if Secretary Jar-  
dine's predictions come true we'll be  
happy enough around Littlefield to  
throw up our hats and not care of  
they never come down.

Texas ranks first among the states  
both as to total production of sorgh-  
um and as to the number of varieties  
grown. The most phenomenal crop  
development in Texas in the last 15  
years has been in the introduction of  
grain sorghums.

Texas produces a tremendous crop  
of wheat, but could increase the out-  
put fourfold if all the wheat land  
were fully utilized. The state has a  
large milling industry, there being at  
least 116 flour mills producing more  
than \$40,000,000 annually in flour  
and other products.

Texas ranked first in cotton, grain  
sorghums, sweet potatoes and pecans.

The reason the average Littlefield  
man is not satisfied with his salary is  
because a lot of other fellows are get-  
ting more.

Littlefield mothers might succeed in  
getting their daughters to take more  
interest in kitchen work if they would  
move out the cook stoves and put in  
dressing tables.

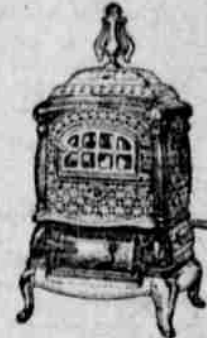

The reason some Littlefield men  
don't have to tire their brains think-  
ing up alibis for their failures is be-

cause, they have given the  
ways blame it on to.

Bad weather used to be  
in back-fence gossip around  
but with the telephone boys  
gets spread around where  
clothes get hung up or not.

It would be a fine thing  
boy in Littlefield if they  
made to understand that was  
is about the only business  
you can begin at the top.

Director of Feature Photoplays, writes:

"During the filming of The Covered Wagon,  
the constant use of my voice demanded that  
I find a cigarette which I could smoke with-  
out any chance of throat  
irritation or cough. After  
trying them all, I decided on  
Luckies. They are  
mild and  
mellow." James Cruze

## The Cream of the Tobacco Crop

"The growth of LUCKY STRIKE Cigarettes is a  
wonderful thing but there is a reason. I know,  
because I buy the Tobacco for LUCKY STRIKE.  
I buy 'The Cream of the Crop,' that mellow, sweet  
smoking Tobacco that the Farmer justly de-  
scribes as I have described it above. The quality  
of LUCKY STRIKE Cigarettes is telling. It is  
natural that the brand should show the tremen-  
dous growth that it is showing today."

**DONGES IS CHOSEN SECRETARY OF THE COMMERCIAL BODY**

At a meeting of the directors, Littlefield Chamber of Commerce, held Tuesday noon, N. A. Donges, teacher of Vocational Agriculture in the Littlefield schools was chosen as secretary of the organization, devoting a portion of his time to this work in connection with his school work.  
 Plans were also discussed and it was decided that a membership campaign would be inaugurated at once, the details of such plan to be worked out at the meeting next Tuesday.  
 Mr. Donges is very enthusiastic regarding the commercial organization insisting that every business man of the town and also a large number of the farmers of the community should belong to it. "It is purely a community proposition," he said. "Not for the benefit of the town people alone, but for the farmers as well." He states he has several suggestions of activity to offer the organization at the proper time, but is anxious first that the membership shall be increased to the maximum number possible.

**SUNDAY SCHOOL CLASSES MEET**

**BAPTIST W. M. S.**

The Baptist W. M. S., met with Mrs. J. E. Barnes, Southmoor addition, Tuesday afternoon. Both circles met jointly in honor of Mrs. Barnes, who is soon moving to Slaton.

Each circle studied their books separately. Mrs. R. E. McCaskill teaching circle No. 1, and Mrs. J. M. Stokes teaching circle No. 2.

The W. M. S. presented Mrs. Barnes with a beautiful linen luncheon set, the same being delivered by Mrs. McCaskill in her pleasing poetical manner.

Members enjoying the afternoon with Mrs. Barnes were: Mesdames Charley Rayburn, Spurlock, Roy A. Kemp, Luther Pate, R. E. McCaskill, Pryor Hammons, Sallie Strange, J. M. Stokes, Otto Jones, Lena Howard, John Arnett, E. K. Hall, Wm. Lowmore, J. H. Lucas, Acree Barton, L. R. Crockett.

Next Tuesday morning Jan. 24, it is very important and necessary that each member of the W. M. S. be at the church at 10:00 o'clock. This being visitation day, the morning will be devoted to visiting, after which lunch will be served at the church.

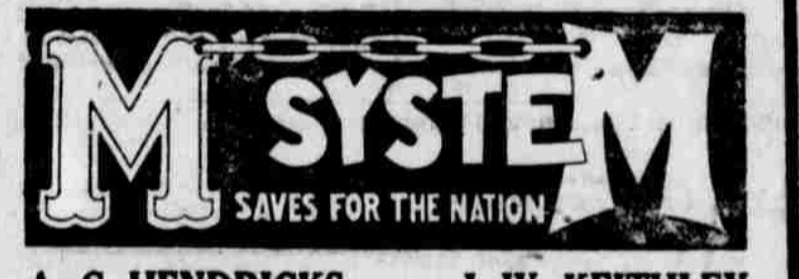

In the afternoon Mrs. McCaskill and Rev. Roy A. Kemp will have charge of the program and again we urge each member to be present.—Reporter.

**BUDGET Your Finances!**

At this the beginning of the new year it is the custom in many well regulated families to make out a budget of their finances for the coming twelve months. It is a good idea—and when one comes to the subject of Groceries it is a better idea still to stipulate that they shall be bought at an "M" System Store.

"M" System Stores handle only the best of Foods and sell them at lower prices than can be obtained from individually owned concerns. On account of co-operative buying powers and the large quantities in which we purchase it means a considerable saving which we gladly pass on to our customers without interfering in the least with our own reasonable profit.

Buy your Groceries from an "M" System Store and you will have more money to spend for other items.

THE STATE OF TEXAS:  
WHEREAS, by virtue of an execution and order of sale issued out of the District Court of Lamb County, Texas, on a judgment rendered in said Court on the 22nd day of November, 1927, in Cause No. 342 on the docket of said Court, styled John N. Jones, Plaintiff, versus J. H. Denman, Defendant, in favor of the said John

N. Jones, Plaintiff, and against the said J. H. Denman, Defendant, I did on the 4th day of January, A. D. 1928 at 1:15 o'clock, P. M., levy upon the following described tracts or parcels of land situated in Lamb County, Texas, and belonging to the said J. H. Denman, to-wit:

Labor No. 1, out of League 228, Abstract No. 436, Sterling County School Land; and Labor No. 10, out of League 228, Abstract No. 436, Sterling County School Land; each of said tracts containing 189.18 acres; being the same property as is described in the judgment aforesaid;

And on the 7th day of February, A. D. 1928, being the first Tuesday of said month, between the hours of 10 o'clock, A. M., and 4 o'clock, P. M., at the Court House Door of said County, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said J. H. Denman in and to said property and apply the proceeds of said sale as directed in said judgment.

Dated at Olton, Texas, this 4th day of January, A. D. 1928.  
LEN IRVIN, Sheriff of Lamb County, Texas.

By Pearl Strawn, Deputy,  
Jan. 5, 12, 19, 1928.

**CONSTABLE'S SALE**

THE STATE OF TEXAS  
COUNTY OF LAMB

Whereas, by virtue of an alias execution issued out of the 99th District Court of Lubbock County, Texas, on a judgment rendered in said court on the 9th day of November, A. D. 1927, in favor of Jno. **IN EVERY EMERGENCY**

Injury and sudden illness never give advance warning.

It is, therefore, common prudence to keep the medicine cabinet well stocked, ready for first aid treatment that may be given while the doctor is on the way. Also, there are many common ailments that can be home treated if one has a few of the commonly needed drugs on hand.

It is an old saying that a "stitch in time, saves nine," and a dollar spent for a few standard remedies may also save you several more dollars.

We have a complete line of all needed medicines which we can supply you at a nominal cost.

Better buy now, save future money, and be prepared for emergencies!

**SOME SNAP SHOTS**

This government is never going to be a complete success until it starts making a kind of money that it takes as long to spend it as it does to earn it.

It looks as if it would pay the U. S. government to put Lindberg on the payroll indefinitely as Flying Ambassador.

The most unattractive thing to a man is a desk stacked high with bills, and to a woman a sink stacked full of dishes.

This would be a better world to live in if it offered a man as many opportunities to make money as it offers him to make a fool of himself.

There ought to be some way of making children understand that the laws against child-labor don't prohibit them from helping mother with the dishes.

Another advantage of going to church on Sunday morning is that the pew's don't jolt, skid, climb a telephone pole or turn turtle.

**THE FARM LOAN ASSOCIATION IS PROSPEROUS UNIT**

At a recent meeting of the Littlefield National Farm Loan Association held in the City Hall, C. C. Tremain was elected president; W. L. Allen, vice-president and E. C. Cundiff, secretary-treasurer.

The directors chosen to manage the business of the association for the coming year were C. C. Tremain, F. W. Lichte, E. Mueller, J. L. Dow and W. L. Allen.

A loan committee was appointed comprising C. C. Tremain, investigator; F. W. Lichte and J. L. Dow, members.

The meeting was well attended by members and refreshments were served.

Up to date this association has handled \$206,370 worth of loans, and there are applications now pending for about \$40,000 worth. There are 65 members in the local association. Eight per cent dividends were declared in favor of the stockholders last year, while the books show a reserve

and undivided profit amounting to \$338.63.

Secretary Cundiff states that there are indications that the farm valuation of this section may be considerably increased in the near future.

**CLASS NO. 7 ORGANIZES**

Class No. 7 of the Methodist church organized Jan. 15, with 20 present.

The following officers were elected: Mildred Perkins, president; Wilka Courtney, vice-president Irma Willis, secretary-treasurer and reporter; class name, "Little Faithfuls," class song, "Love Lifted Me." The class teacher is Louise Chisholm.

We also have a visiting committee, who are to look after those who are sick, in need, or any new people coming into the community, who should be in our class. The committee are: grammar school, Mildred Perkins, Mildred Reed, Edna Bell Gillette, and Kathleen Harrison; committee at primary building are Wilda Courtney Marie Anderson, Buford Eagan and Ivan Kirk.

We wish all boys and girls between the ages of seven and nine inclusive, who should be in the Methodist Sunday School, or who do not go to any would come. Each and every one has a most cordial invitation to come.

We would be glad to have any visitors at any time.—Reporter.

A large number of the missionary ladies met Monday afternoon with Mrs. E. F. Arm, for a lesson in the study book, "A Straight Way Towards Tomorrow," which finished our study.

A membership campaign will begin this week of which the society urges every lady who wishes to become a member of our society to join us during this campaign.

The society was very glad to have as visitors Mrs. Ed Tharp, of Matador and Mrs. W. C. Reid, of Canadian.

The society will meet Monday 23, with Mrs. Van Clark, for a social and a Missionary Voice lesson. We urge that our members attend, more regularly. We need you.—Reporter.

**BELLOMY SHIPS FIRST CAR LOAD POULTRY FROM LFD**

Last week the first car of live poultry was shipped from Littlefield by the J. T. Bellomy produce house. It contained over 4,000 hens, going direct to New York City.

Previous to this shipment the price of hens was quoted at 15 cents per pound in Littlefield, when Bellomy boosted it up to 18 cents per pound.

The shipment of this car is a tribute to the business enterprise of this poultry concern and also indicates the rapid increase of fowl raising that is going on in this section.

Mr. Bellomy states that there are many more farmers now raising poultry than there were a year ago, and that a large number of them are going in for the better breed of fowls, which means more money to them in the long run.

A new automobile so sensational as to electrify the nation!

With marvelous new Fisher bodies offering all the distinction, beauty and luxury for which Fisher craftsmen are famous. With performance that is a revelation to owners of even higher priced cars! With 107-inch wheelbase—four inches longer than before! With four-wheel brakes—and many additional mechanical achievements!

And... prices that demonstrate again Chevrolet's ability to provide the utmost in modern motoring luxury at the lowest possible cost!

The engine of this great new car is of the improved valve-in-head design. With alloy "invar strut" pistons... specially designed hydro-laminated camshaft gears... mushroom type valve tappets... and a complete new steel motor enclosure—it provides a type of motor operation so thrilling that it must be experienced to be appreciated!

Coupled with this thrilling acceleration and speed is a

type of riding and driving comfort almost unbelievable in a low-priced car. Four... than the previous Chevrolet chassis... swung low to the road... and with four semi-elliptic shock absorber springs—the... Chevrolet holds the road with a surety that is... and rides in perfect comfort at high speeds over the roughest stretches of highway.

And never before was a low-priced car so easy to drive—for the worm and gear steering mechanism is fitted with ball bearings throughout... even at the front axle knuckles.

All these spectacular new mechanical advancements are... in addition to the host of notable features that Chevrolet has previously pioneered in the low-price field.

Come in and see this latest and greatest General Motors achievement! Learn why it is everywhere the subject of enthusiastic comment—why everywhere it is hailed as the world's most luxurious, low-priced automobile.
