City-Wide Thanksgiving Service Set

First Baptist Church Scene Of Worship

Thanksgiving Day worship in Littlefield will be centered around an all-city service at the First Baptist Church, with most of the city's churches taking part in the special worship service.

Rev. Harry Vanderpool, pastor of the First Methodist Church, will deliver the Thanksgiving message in a service that begins at 9 a.m.

The occasion originally was planned for 10 a.m. Thursday, but members of the Ministerial Association set the time back an hour so that citizens who plan to go to Andrews for the bi-district game between Littlefield and Andrews may attend.

Two local churches will hold separate services on Thanksgiving Day — St. Martin's Lutheran Church and Emmanuel Lutheran Church. Both services are set at the regular Sunday morning worship hour.

TIME: 9 a.m. PLACE: First Baptist Church PRELUDE: "Prayer of Thanksgiving" — Miss Gracie Russell

CALL TO WORSHIP: Choir HYMN OF PRAISE: "Come Ye Thankful People Come" INVOCATION: Rev. H. T. Ray, Parkview Baptist Church. WELCOME AND ANNOUNCEMENTS: Rev. Bill Anderson, First Church of the Nazarene.

HYMN OF THANKSGIVING: "Thanksgiving Hymn" "THANKSGIVING OFFERING: "This Our Song of Praise" SPECIAL MUSIC: Hugh Ellison, First Methodist Church. THANKSGIVING MESSAGE: Rev. Harry Vanderpool, First Methodist Church.

BENEDICTION: Rev. Fred Smith, First Baptist Church. POSTLUDE: "Festival March"

IT'S TURKEY DAY IN LITTLEFIELD and Jerry Potts (insert at left) and Sallie Dugan (insert at right) are thinking about a delicious Thanksgiving meal they'll sit down to today. And the turkey they eat could be a Lamb County bird, such as those pictured above on the Phillip Jones turkey farm near Springlake. Jerry is the 11-year-old son of Mr. and Mrs. Bill Potts, 314 W. 3rd, and Sallie, also 11, is the daughter of Mr. and Mrs. Arthur P. Dugan Jr., 520 E. 9th.

Littlefield To Be Deserted City Thursday

Littlefield will be a deserted town by noon on Thanksgiving Day.

In fact, about all that will be open here Thursday will be the Post Office, the telephone company, and the FHA office. The rest of the city will be taking a holiday, except of course, for law enforcement officers and key city personnel.

After church services Thursday morning, most residents are expected to head for Andrews, where the Wildcats take on the Mustangs in an important Turkey Day Clash for bi-district honors and a chance to stay in the state AAA play-offs.

Folks who do stay at home will probably wind up in front of modern day communication, with both eyes on the Texas-Texas A&M football game on television and both ears glued to the radio for reports on the Andrews-Littlefield clash.

Mr. and Mrs. Clyde Edmonds of Roswell, N.M., visited his parents, Mr. and Mrs. H. C. Edmonds Friday through Sunday.

Gas Station Burglarized, Vending Machine Is Taken

A burglar or burglars entered the washroom of Littlefield Phillips 66 service station on West Delano sometime Monday night or early Tuesday morning.

The haul was a vending machine in the room. Officers who investigated the break-in reported that a locked door on the station proper prevented any further loss.

The incident, reported early Tuesday morning to city police, appeared to be the work of juveniles, officers said.

Farm Labor Days Set By TEC Office

The Texas Employment Commission will observe two "Farm Labor Days" the first two Mondays of December.

Scheduled to be held in the local TEC office, the two Farm Labor Days are designed to bring area farmers and workers together in an effort to place unemployed workers.

J. D. Jordan office manager of the TEC, said that the occasion usually saves the worker time, gas and money by giving him a chance to meet with farmers.

Grid Contest Deadline Is Changed; Maurer Picks 17

A new contest deadline was set for this week's games in the Leader's football contest as key area grid battles were set to be played Thursday.

The deadline for this week's contest is Wednesday night in any of the stores listed on the contest page. Residents should have their papers in Wednesday's mail as the Leader went to press early for the Thanksgiving holiday.

Winner of last week's contest is Ralph Maurer, young son of Dr. and Mrs. Ralph Maurer, 501 E. 13th. Young Ralph was the only one of some 100 contestants to miss only three games of the entire 20.

ENGINEERS UNDER TWO ADMINISTRATIONS SAY THIS ABOUT SORENSON FIELD:

Present Water Supply Dying A Quick Death

Editor's Note: This is the first in a series of three articles related to Littlefield's present water and sewer facilities and what is proposed under a Dec. 11th \$1,700,000 bond election to improve the current situation.

By BILL TURNER

When 1955 was still in its infancy, and the city commission of that term was winding up its tenure in office, an engineering firm employed by that commission told a dark and fearful future for Littlefield unless water facilities at that time were corrected.

The firm of Hasie and Green, Associates, hired by Mayor Les Hewitt at the tail-end of his term, concluded in its report: "The most economical source in the foreseeable future is well supply in the sandhill country where no agricultural irrigation occurs. The present supply source for the city is not dependable for more than six or seven years. It is recommended that options be made for water rights; that the area be proven by test wells; and adequate amount be provided for at least 25 years in the future."

times, so bleak was the situation. One year later, with a new city commission in office, Littlefield was ready to begin on a long-range plan, the new commission said. Eleven and one-half sections of water rights had been purchased in the Sandhills, giving the city a supply source for decades into the future.

Initial steps were made to set up a bond election. Homer A. Hunter, a Dallas engineer was employed to test the new well field and set up a long-range program that would enable the city to keep pace with its current and future needs.

Today, that report is completed, and there is a striking resemblance between it and the Hasie and Green report of 1955. "The present well field is in an area that is highly developed with agriculture and irrigation has created the necessity of going elsewhere for the municipal water supply." (The Sandhills) . . . "should provide a permanent source of supply for the city," Hunter said.

And, in November, 1956, it appears that the need for going elsewhere for water is much closer at hand than at first believed. The water remaining for use in the Sorenson field amounts to 3 1/2 years of supply, because Littlefield needed more water last year than Hasie and Green predicted.

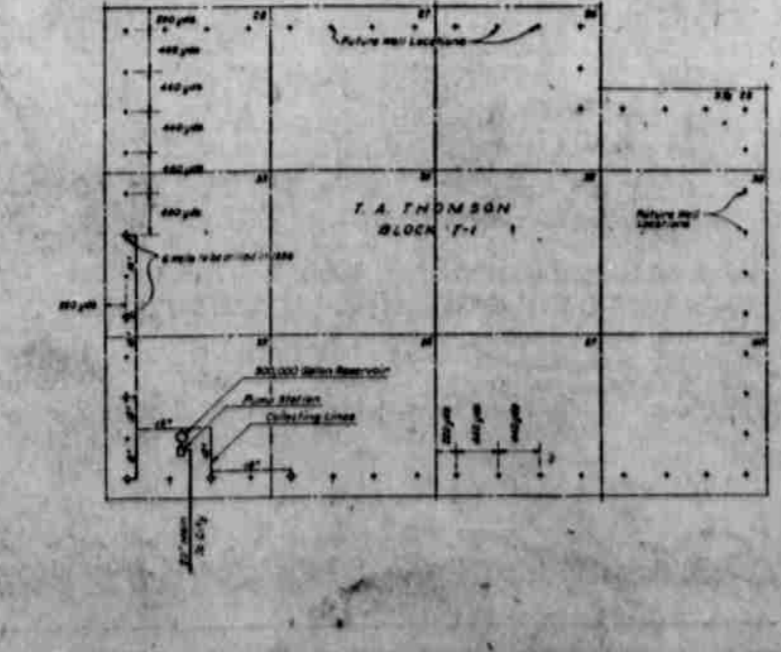

The Sorenson field, containing 357 acres of land, would produce "about six years supply, assuming that the now existing wells will continue to produce," said Hasie and Green in 1955. Since that time, three wells in the present field have been abandoned and three others are progressively failing.

Of the six wells in the present field at the time of the Hasie and Green report, Nos. 3 and 5 were later abandoned, and Nos. 2, 4, and 6 are failing at this time.

No. 6 pumped 1300 gallons a minute in 1949 and it now barely manages 300 a minute.

Three new wells are presently carrying the load—Nos. 8, 9, and 10.

Ponies Seek Revenge In Playoff Tilt

The Littlefield Wildcats, winners of District 1-AAA, will try for the turkey today when they invade the Mustangs' corral at Andrews. Kickoff time in the Texas day Thanksgiving game is 2 P.M. The bi-district contest was declared a sell-out as early as Monday morning. Mustang stadium seats 4500.

Andrews emerged the best in District 2-AAA by knocking off such powers as Brownfield, Pecos and Kermit. Coach Glenn Frazier, head foreman at the Mustang ranch, said his squad would be at full strength for the contest, as witnessed in Andrews' 46-6 win over Monahans last Friday. You can bet your spurs that Frazier's crew will be out to stampee the Wildcats, since the Ponies haven't forgotten their 46-26 loss to Littlefield in 1954 when Andrews was favored to win district.

Coach Gene Mayfield said Monday that his Wildcats will be in fair condition with the exception of Pressley, Parker, Hoover and Hoppe. Pressley is recuperating from a badly bruised and stiffened neck as a result of the Levelland contest. Andy Parker suffered a bad leg bruise in the same game. Tackle Joe Hoover is still nursing his left knee. Ernest Hoppe is still weak with his back still bothering him and is not expected to see action. However, Pressley, Parker and Hoover are hoping to be in ready condition.

Mayfield, who has the highest regard for Andrews, has cautioned his team to respect the Mustangs. Mayfield also said, "Andrews has been able to rest after having clinched their district two weeks ago and then playing a weak Monahans team last Friday, giving them an edge in the 'rest and get ready' department." Our boys, on the other hand, have played their two hardest games the past two weeks and have been at their highest physically and remain 'up all week' to do is try and stop one of the most explosive offensive teams in the state. Andrews has one of the fastest backfield combinations in high school football.

Tommy Jackson, Curtis Hart, Ronnie Brice and Ray Ham are as fast as any backs played by the Wildcats this year. Jackson and Hart are halfbacks. Ham plays fullback and Brice operates from the man under slot. Jackson is one of the state's fastest sprinters. Littlefield will have the weight advantage. Andrews will have the speed advantage.

AN EDITORIAL

Top Texas Problem Is Water Shortage

Editor's Note: Water . . . or the lack of it . . . is everybody's concern in Littlefield. Here is what the Lubbock Avalanche-Journal had to say this week concerning the problem.

In a highly enthusiastic article about Texas, in the current issue of the magazine U. S. News & World Report, the editors state:

"The worst problem, one that is developing into a top concern of Texas officials, is the growing shortage of water in most parts of the state."

The magazine, listing the various proposals that have been advanced for solving this problem, says significantly: "Back of these proposals and others, now being tossed around by officials and geologists, is the haunting fear that, unless Texas solves its water problem, this fabulous empire of agriculture, oil and growing industry will begin to wither and die and that great reaches of territory will 'go back to the desert.'"

Several measures designed to help solve this problem will be introduced in the Legislature at its upcoming session. What measures finally will be adopted, of course, no one knows. But it is well that the lawmakers are giving the water problem priority in their thinking. Certainly it is the biggest problem before the people of Texas today.

Editor's note: The Sandhill Philosopher on his Johnson grass indicates.

Dear editor:
Among all the things I don't know anything about, the international situation, especially the Middle East, stands pretty close to the top, and while I'm not ashamed of this—why should I be ashamed when nobody in Washington or London is ashamed and they apparently don't know much more about what's going to happen next than you or me—still I keep on trying to pick up information on it here and there, and yesterday I picked up an idea from the international field that I would like to see adopted around here.
I noticed in a newspaper which

blew out of a teenager's car as it went around a corner out here on two wheels—I think his car had weak tires on one side he was trying to protect them by making the corner on the two good ones, who says teenagers don't think ahead—where the United States had sent Russia a note opposing Russia's plan to send troops into Egypt to help Nasser protect the Suez Canal, and the Russians had read the note, closed it up, and returned it marked "Unreceived."
This seemed to be customary diplomatic procedure, nobody in Washington was disturbed or surprised, and I've been wondering why we can't get help on the international plan around here and adopt this system in our own communications.

For example, if a store sends me a bill for a past-due account, with maybe a firm notice at the bottom like, "This bill is past due. PAY IT," and I could seal it back up, mark it "Unreceived" and mail it back and all he could do was shrug his shoulders and say,

Highlights and Sidelights From Your State Capitol

By VERN SANFORD
Texas Press Association

AUSTIN, Tex. — Austin's feud over O. Henry's "Honeymoon house" has people over the state taking sides.

None of contention is a weather-beaten frame cottage where the famed short story writer took his bride 69 years ago. History-lovers want to preserve it as a "beautiful tribute." Austin Heritage Society gained City Council permission to move it into a park adjoining an exclusive westside residential area.

Nearby homeowners called it a "vermin-infested junk heap." They say they'll sue.

While park-lovers fumed, history-lovers got the house loaded on a truck, began inching it into the park. Stories went out across the country and brought back a tide of advice for each group. But no solution.

CO-OP CASE REOPENED — Texas Supreme Court has agreed to take another look at a case to decide electric power selling rights.

Issue is whether rural electric cooperatives can continue service in areas after they are annexed by cities. In August the Supreme Court refused to review lower court decisions in favor of the co-ops.

Suit was brought by the attorney general, numerous private utility companies and the League of Texas Municipalities. On the other side is the Upshur Rural Electric Cooperative, backed by 54 other co-ops and the City of Gilmer.

Private utilities contend the law restricts co-ops to towns of 1,500 or less. Co-ops say they can't be thrown out once they've legally entered an area.

No date for arguments was set by the high court.

STATE WINS PRIZE MONEY — Businesses offering prizes to customers must pay a 20 per cent state tax, according to court ruling.

Third Court of Civil Appeals so judged in a suit against Mrs. Tucker Foods, Inc. It offered coupons worth 15, 25 and 50 cents with cans of shortening. Attorneys for the firm argued the prize tax applied only to theaters and places of

amusement.

District and appeals courts interpreted the statute to apply to "any business enterprise."

HOSPITAL DIRECTOR RESIGNS — Dr. James Petha, executive director of the St. Joseph Hospital System since 1953, has resigned effective Jan. 1.

Dr. Petha will be 70, statutory age of retirement, next October. He said he submitted his resignation early to give the state hospital board plenty of time to pick a successor.

Board members will take up the matter at their next meeting Dec. 10.

DROUGHT U.S. WELFARE PAYMENTS — Impact of the drought is reflected in climbing old age payments, says the Department of Public Welfare.

In its annual report the department said it added 533 to the old age rolls during fiscal 1956, compared to only 90 the year before. Drought, it said, reduced income, not only of oldsters, but of children and relatives who helped support them.

Total old age assistance payments for 1956 were \$111,410,645, parceled out in monthly payments from \$5 to \$55. Average was \$41.71. Cost is paid 33 per cent from state funds, 67 per cent from federal funds.

"YOUNG TEXAN" JURY — Picking of the five outstanding young Texans of 1956 is under way. Texas Junior Chamber of Commerce has announced the committee which will name the honorees.

They are Ben H. Wooten, president of the First National Bank, Dallas; T. Harrington, chancellor of Texas A&M College; Vern Sanford of Austin, manager of the Texas Press Association; Walter G. Wright, president of the General Telephone Co.; Malcolm Meek, Abilene bank president; Dr. Stanley W. Olson, president of Baylor University College of Medicine in Houston; and Tom Sealy of Midland, chairman of the Board of Regents of the University of Texas.

TEXAS, THE MIGHTY — Texans, despite their reputation for boosting the home state, find they can hardly outdo the latest account by outsiders.

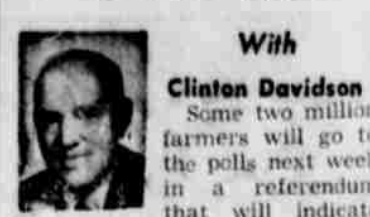

U. S. News and World Report devoted 17 glowing pages to "the new powerhouse of the United States." Post-war industrial boom, says the magazine has made the state a "modernized Goliath." It's "an empire that keeps getting mightier," says the report, because it's "so big and so naturally rich."

Statistics cited: factory output, up 690 per cent since 1939; business activity, up 488 per cent; oil and gas production, up 468 per cent; construction, up 303 per cent.

Conclude the editors: "The United States is finding more and more that it cannot get along without Texas."

NEW GOOD ROADS EXEC. — Callan Graham of Houston has been named to succeed Jim Lindsey as executive vice president of the Texas Good Roads Association.

THIS WEEK - In Washington

With Clinton Davidson

Some two million farmers will go to the polls next week in a referendum that will indicate how they feel about the Administration's farm program for 1957.

Growers of cotton, corn, rice and peanuts will vote Dec. 11 on production control and price support proposals advanced by Secretary of Agriculture Ezra Taft Benson shortly after the Presidential election.

This will be farmers' first opportunity to give a direct answer to the question of whether they want the Benson program continued through next year. They will not, however, have an opportunity to choose between flexible and rigid price supports.

In most instances the choice will be between what Benson offers and next to nothing in the way of government price help.

There is little doubt here about the outcome of the referendum for cotton, rice and peanut growers. vote on a one-year extension of 11 growers want supports at between 75% and 90% of parity continued, they must agree to hold down plantings to about the same amount as in 1956. Otherwise supports would be reduced to 50% of parity.

About the only difference between next year and the years prior to 1956 is that price supports will not be as high if two thirds of the growers vote to continue acreage allotments and marketing quotas.

Cotton and rice growers will vote on a one-year extension of the present program, but peanut growers will vote on a proposal

to continue controls for three more years.

Corn growers will have a more complicated choice. Farmers in the 894 Commercial Corn counties will choose between a return to the acreage allotment program, and a continuation of the base acreage program put into effect this year by direct order of the Secretary.

If two-thirds of those voting favor use of the base acreage program, then all corn grown on the base acreage of each farm will be supported at \$1.31 a bushel next year. The total "base" in the Commercial Corn area is about 51 million acres.

But, in order to get supports, each farmer must agree under the base acreage program—to put 15% of his corn base into the acreage reserve for one year, or an equal amount of his other crop land into the conservation reserve for at least three years.

If more than one-third of the voters prefer a return to the corn allotment program, the 1957 support rate will be \$1.36 a bushel to all "cooperators." The allotment for each farm would be about 25% fewer acres than under the base acreage program. The USDA has no plans for farmers who do not comply with the acreage limitation of whichever program is in effect.

Services Held At Andrews For Former Resident

Funeral services for Thomas Jefferson Overstreet, 69, were held at 3 p.m. Monday at the First Baptist Church in Andrews. Overstreet died at 6:40 a.m., Sunday in the home of a daughter, M. S. L. D. Gerald at Andrews.

Overstreet moved to Littlefield from Snyder, Oklahoma, in 1947. He served as caretaker of the Lamb County fairgrounds for four years. He moved to Andrews in August after suffering a heart attack.

Conducting the services were the Rev. Carl Grissom, pastor, and Robert McGowan, First Baptist City Church of Christ minister officiating. Burial was in Andrews Cemetery under the direction of Singleton Funeral Home.

Survivors include his wife, four daughters, Mrs. Gerald, Andrews; Mrs. James Pierce and Mrs. Joe Edwards, both of Littlefield and Mrs. Roe Price, Andrews.

Funeral services were held by Bob Sherrard, T. C. Anderson, Eldred Forbes, Clyde Weatherford, H. S. Whittenberg, O. W. Mayfield.

Successful Farmers Agree

on FALL APPLICATION of Phillips 66 Agricultural Ammonia

Yes, successful farmers agree that Fall application of Phillips 66 Agricultural Ammonia is a good farming practice. This high nitrogen fertilizer feeds soil bacteria, indirectly speeding up decay of turned under stalks, stubble and other residues to help feed next year's crops. This improves soil tilth and increases soil fertility.

The 82% nitrogen in Phillips 66 Agricultural Ammonia helps your crops GREEN UP and GROW for a healthier spring start... helps them obtain the full benefits of other vital plant foods in the soil.

Apply Phillips 66 Agricultural Ammonia direct to the soil with injection equipment during your own slack work season. This long-lasting fertilizer resists leaching because its root zone placement keeps it ready to go to work when spring weather arrives.

See us today for full information on fall applied Phillips 66 Agricultural Ammonia.

bordering on and in the Sorenson field, presenting the current water supply with a heavier challenge.

What is needed in 1956? Huns says that six wells in the Sandhills, pumped at 700 gallons per minute to assure long life, are necessary to cope with the current situation up to 1960. More would be added as necessary to keep pace with the city's anticipated growth. All wells will meet spacing requirements set up by the High Plains Water District.

Also necessary in the Sandhills are well field pipe lines, a 500,000 gallon capacity ground storage reservoir, and a pump station. The total cost of the wells, lines, reservoir and pump station in the Sandhills is estimated at \$203,500.

Part two of this series of articles will deal with the transmission line to the Sandhills while part three will discuss proposed in-town improvements.

Letters To Santa Claus

Dear Santa Claus,
I want a chemistry set, basketball, and a felt skirt for Christmas. I have twin sisters. Their names are Kita and Nita. Don't forget them and the other boys and girls.
Love, Leslie Nuttall, Amherst.

Dear Santa Claus,
I want a tiny tear and my sister wants a ballerina doll. And my brother want a wielligger (?). And my other brother want a teddy bear.
Geraldine (238 N. Wicker)

Dear Santa Claus,
I am a little girl of six years. I want a red bicycle and a little doll. Remember not to forget the other little boys and girls.
Love Nita Nuttall, Amherst

Dear Santa Claus,
I am three years old. I would like for you to bring me a airplane, a stand up top. Don't forget the other little boys and girls.
Love, Larry Richards, Anton

Dear Santa,
I would like a Revlon doll and a basketball and goal and a pinball machine. I have been a pretty good girl. I hope all people poor and rich get presents.

Surpasses its Own Great Reputation!

You're looking at a mighty surprised man. Almost all of his adult life he has owned and driven Cadillac cars. And so, when he decided to take an hour out from his busy schedule to see and drive the new 1957 Cadillac, he thought he knew about what to expect.

Well, here he is—barely under way in the city—and already he is learning the startling truth. He is learning that nothing could adequately prepare a man for the new "car of cars"—not even Cadillac ownership itself!

He suspected it, in fact, the instant he stepped into the showroom and caught his first glimpse of this newest Cadillac creation. This was an entirely new kind of Cadillac beauty—brilliantly fresh in line and in contour.

And then he opened the door and swung into the driver's seat—and found added evidence all around him. On every side were new miracles of interior beauty and comfort and convenience.

And when he turned the key and put his foot on the accelerator, his sentiment grew to conviction. The car was incredibly nimble and quiet and smooth of ride.

Surprised, did we say? Just wait until he hits the open highway and receives the final verdict.

No question about it—this is the Cadillac that literally surpasses its own great reputation!

We suggest that you come in soon to see and drive this most surprising new Cadillac in fifty-four years. It's an experience you shouldn't postpone—and one you'll not soon forget.

Outdates everything else on the road with its dream-car ideas!

Here is one of those rare cars that, in a single model changeover, re-directs the whole course of automobile design. For the new Mercury makes a clean break with the plump, bulging lines of the past—presents a sleek, clean-cut, dynamic look that's straight out of tomorrow.

NEW! V-MANGLE TAIL-LIGHTS FROM DREAM-CAR DRAWING BOARDS...A stunning example of THE BIG M's Dream-Car Design. They help dramatize Mercury's gleaming new breadth and brawn. Mercury is now over 6 1/2 feet wide, more than 17 1/2 feet long!

NEW! JET-FLO BUMPER-GRILLE GIVES A MASSIVE BUT GRACEFUL LOOK...New beauty with a purpose. The oval design acts as a double bumper—provides high and low protection.

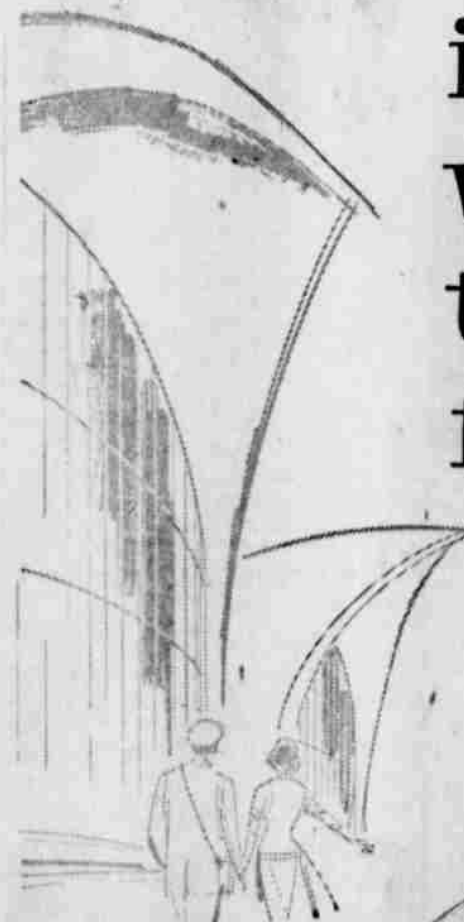

NEW! SLIM, BRIDGE-STRONG ROOF, MORE GLASS THAN EVER...It spans the most spacious passenger compartment in Mercury history. You enjoy up to 829 square inches more visibility. There's a sculptured panel in the roof, rear deck, and rear seat. Outside styling "flows" into the interior. And Mercury is new in everything else. You can get a power seat that "remembers" your favorite driving position. And there's a Power-Booster Fan, in the Montclair series, that saves horsepower other cars waste. And much, much more. To see everything, we invite you to stop in at our showroom today.

GREER'S LOOSE ON A 50-YARD run that carried the Cats to Levelland's 14-yard line in the first period Friday night. The threat died away as Levelland stiffened to hold for downs. Littlefield went on to win and advance to the state play-offs.

MAX MORRIS IS UNDER THE PILE as he picked up short yardage against the Laboes Friday night. Morris curked 33 times for 117 yards to spark the Wildcats' 13-7 victory.

two mutual opponents. Andrews dropped a fracas to Levelland early in the season, 20-14. Andrews was ahead in the game until late in the final period when their quarterback called for a pass play which was intercepted by Levelland and turned into the game-winning touchdown. The Mustangs beat Brownfield 19-14. Littlefield barely nipped Brownfield, 20-19, and won district by dropping Levelland 13-7. It looks like another one of those ideal "could go either way" contests.

LITTLEFIELD FAMILY TO BE HOUSEGUESTS OF ANDREWS COUPLE

Houseguests in the home of Mr. and Mrs. Bob Barnes at Andrews Thursday are Mr. and Mrs. Bob Manley and family of Littlefield. Barnes and Manley, worked together some 20 years ago and served in the Navy together. Barnes is presently vice-president of the newer bank in Andrews. The women also worked together in the past.

CO-CAPTAINS FOR THE ANDREWS clash at Andrews on Turkey Day are Mike Greer, left, speedy halfback and Roger Lowe, center. Both boys are seniors and team up together on punts, with Lowe down over the ball and Greer back to kick.

Tag Team Battle And Funk Vs. Orton Top Arena Card

A terrific tag-team battle with all the ear-marks of becoming one of the roughest ever presented in Littlefield will be the top attraction of a four-match card prepared this week by local wrestling promoter John Ussery to be staged at the new Littlefield Sports Arena, Saturday night.

The tag-battle grew out of last week's individual battles. The feud brings together Gory Guerrero and Roger Mackey as partners against a pair of real heavies, Tommy Phelps and El Diablo, the strange masked man who won a decision over Guerrero last week.

The trouble began to brew last week when Phelps, after having beaten Mackey, issued a challenge to meet Guerrero right then and there. Guerrero, hearing the challenge issued over the public address system walked to ringside from the dressing room to talk matters over with Phelps. As Gory was talking to ring announcer Ed Hardy, Phelps grabbed him from behind and ran the surprise! Guerrero into the corner-post of the ring cutting the Speedy Mexican's head open. Phelps continued to work over the dazed Guerrero until the referee and Mackey came storming from the dressing room to get into the fracas.

Guerrero had just enough time to clear away the blood and bandage his wounds before having to enter the ring again, this time officially however, to battle El Diablo in his scheduled match. The weakened Gory moved in fast and got the pin on the masked man in just 57 seconds to capture the first fall.

Diablo, seeing that he must take advantage of Guerrero somehow, began to work on his head in the second fall and the game Gory battled although his head was beat to a pulp. Finally referee Johnny Ussery consulted with ring commissioner F. L. Newton and the two decided to stop the match to prevent further injury to Guerrero, thus giving the match to El Diablo.

Thus Mackey and Guerrero both have a score to even with Phelps and Gory feels that he also owes El Diablo a thing or two, so Ussery promptly signed the four for the tag-tussle. Phelps and the mysterious masked man should make a formidable foe for any twosome and will probably give Mackey and Guerrero all they bargained for. It will be the experience and weight of the villains against the youth and speed of Mackey and Guerrero.

The second half of the double-main-event and the fourth event of the evening will pit popular Dory Funk and Bib Bob Orton. Funk has asked promoter Ussery for this match since he feels that Orton dealt him too much misery in the tag-battle two weeks ago when Orton and Tolas defeated Funk and Dizzy Davis. Funk was left at the mercy of Tolas and Orton when Davis walked out on him in the middle of their match. Dory had asked to be matched with Orton last week but other commitments prevented the pairing. Orton however was glad to accept the challenge and stated that he would "beat that Panhandle Cowpoke (Funk) anywhere, anytime". This match will be for the best two out of three falls with a one hour time limit.

The new Littlefield Sports Arena is located on the Levelland highway just across the highway from the Littlefield airport. Admission prices are 50 cents for

Three Arrested in Auto Thefts

A Snyder man was picked up by County Sheriff's officers early this week for Snyder officers on a charge of auto theft. The man, A. D. Kimbell, was arrested at Amherst.

Arrested for local officers by Lubbock deputies were two other men, both charged in the theft of a pick-up truck from George R. Nicholas at Sudan. The men charged are William Anglin and John Galindo, both of Lubbock.

Oil Tries Set For White Ranch

Three oil ventures will be drilled on the George White ranch just over the Hockley-Lamb County line between now and next April.

The first well will go down 440 feet from the northeast corner of Labor 21, League 704; the second will be in the southeast corner of the same labor; and the third will go down in the northeast corner of Labor 22.

Twelve families will be moving into Littlefield or Levelland for the drilling period, White said. The well are to be drilled by the J. M. Huber Corp.

Damages Light In Minor Accident

Minor damages occurred Saturday night in an accident at Farwell and E. 9th streets.

An auto driven by Jerry R. Massengale, Littlefield High School student, collided with another vehicle driven by Frank W. Dent, 802 E. 8th, a 50-year-old retired Littlefield resident. Damages were \$150 to the Dent car and \$65 to the Massengale auto.

Funeral Services Conducted For Travis Hodges

Funeral services for Travis Wayne Hodges were held Wednesday at 2:30 p.m. in the First Baptist Church, Littlefield. Officiating was the Rev. C. M. Fields, pastor of the First Baptist Church, assisted by Dr. Lee Hemphill, pastor.

Born in Comanche County, October 11, 1920, Hodges passed away Monday, at Friona where he had resided the past eleven months.

Hodges is survived by his wife Rosi Lee, one son, Gary; his mother, Mrs. Jenny Hodges of Route 2, Littlefield; two brothers, Floyd of Pos; and Lee D. of Whitharral; two sisters, Mrs. Floyd Callis of Whitharral and Mrs. George Skaggs of Morton.

Interment was in Littlefield Memorial Garden under the direction of Hammons Funeral Home.

Bulldogs Defend Region Title Against Paint Creek

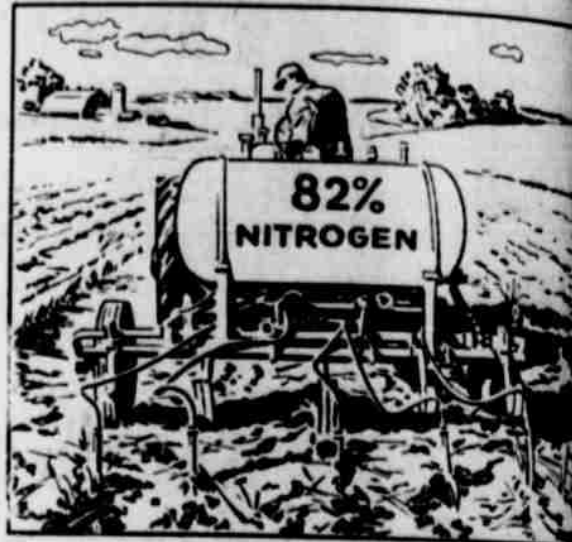

BULA — In another Texas dry observance of Thanksgiving, the Bula Bulldogs will defend their 1955 Regional Six-man title against the Paint Creek Panthers at Morton beginning at 2 p.m.

Paint Creek, near Stamford, won over Jayton in a bi-district contest last week. Interesting highlights to look for and expect in this contest will be The Panther's passing attack, largely the determining factor in their early season victory over the Bula six, 61-40. Paint Creek uses Bill Hoskinson's passing ability in nine out of ten plays. Hoskinson has one of the highest averages in pass completion in the state.

Bula, winner over Mobeetle in bi-district Saturday, will be without the services of one of their backs. Norvell Roberts suffered a

broken collar-bone to romp over Mobeetle. Roberts, who has 10 touchdowns in the Bula Coach, Claude Roberts, expects a high season and hopes to see his name in their second district. Paint Creek will be in top

Farmers Will Receive Cotton Allotments In Next Few Days

Run Farmers will 4-60 County growers will receive notice of the 1957 cotton allotments for cotton next few days. The notice being mailed by the Agricultural Stabilization and Conservation Committee of the County ASC committee in accordance with the regulations issued by the Secretary of Agriculture, based upon the national allotments for 1957. The total is first apportioned among counties. The allotments are then distributed among farms on which cotton is planted in any one of the years, with a small acreage reserved for specific uses. Farmers who do not intend to operate a farm for which a 1957 cotton allotment is established should immediately return the official notice to the County ASC office so that it can be sent to the person who will operate the farm next year. Cotton Allotments are established for specific farms and may not be transferred by the operator or other producer from one farm to another. Any changes in the land to be included in the farm for which the allotment is made should be reported to the County ASC Committee. Farm operators likewise are asked to check with the County ASC Committee regarding any other question about the farm on which the allotment is established.

DRAKE'S COFFEE BREAKS
Just Slightly Stimulating
By MORLEY B. DRAKE

"Which is worse, going through life having to count pennies, or calories?" inquires The Plainsman in the Avalanche-Journal. We have done both. But we wish to inform The Plainsman that it is easier to cheat on calories than it is to convince anybody that 23 cents is equal to two bits... especially when making a purchase.

— M B D —
Sign in a bakery in a nearby town:

"It takes a heap of cookies to make a house a home."

— M B D —
Whether you like or dislike overpasses, underpasses, bypasses or wider highways, you are in agreement with all other folks that you wouldn't want to pass out... permanently.

You are also not by yourself in wanting to keep taxes down... your bank account up... and desiring a tuneless, blissful existence with hope of heaven and no disturbing occurrences on earth.

We wish all of you everything that this good earth provides.

— M B D —
Have you been reading the headlines in the newspapers recently? "Death Trap-84 Claims Life of Baby, Two Others" "Denver City Woman Killed in Wreck", "Two Killed As Area Wreck Toll Soars" "Two Dead, 16 Hurt In Auto Accidents".

If those headlines are not enough to make an impression on you that Lamb County, Texas, and the Nation, has a highway hazard problem, then we can dig up hundreds, thousands of similar heralds of tragedy.

— M B D —
Here's something that perhaps you haven't thought about: Two kinds of traffic tickets are written.

The kind the highway patrolmen write most times result in a fine, the losing of the right to drive an automobile... and sometimes a term in jail.

The kind the Grim Reaper writes... and he's very, very busy... have names on them, too.

But the Grim Reaper's tickets are a pass into the beyond... the hereafter from which no man returns to take up where he left off.

— M B D —
Have you traveled Highway 84, between Littlefield and Shallowater, recently? That's close enough near home to get a quick view of tragedy, near tragedy, and hazards in voluminous totals.

Traffic is heavy... very, very heavy... on that narrow strip of roadway... just two lanes to hundreds and thousands... one way... one way. You can pick your pathway.

There was a time when traffic moved slower... and there wasn't so much of it... that the two narrow lanes... just wide enough to stay on the hardtop in passing if you are careful... was entirely adequate to the needs of this area.

Today... that strip at times becomes almost like a busy city street... many cars close behind each other... no additional lane in which to pass a slow car... and some drivers

get impatient... they pass as many cars as they can that are in front of them... sometimes only one car is slowing traffic... but whatever the situation some drivers in passing take a chance of collision with an oncoming car from the opposite direction... sometimes they

are lucky... sometimes somebody must call an ambulance... and sometimes an ambulance doesn't stop at a hospital... it moves on to the morgue. — M B D —
There are a great variety of factors that can contribute to accidents. Most of us know them all.

And it is not always the reckless, unthinking driver that goes to a hospital... or a morgue. It is often a careful driver who through somebody's carelessness or willful reckless driving who goes to a hospital or to a morgue. — M B D —
All the highway patrolmen and

radar equipment that can be put into service cannot stop the twist that gets into some folks' brains when they get behind a wheel of an automobile. — M B D —
For safety's sake... and it's good business too... let's widen Highway 84.

the perfect gift

THE REVISED STANDARD VERSION
At Christmas gifts are given to celebrate the birth of Jesus nearly 2000 years ago. Yet how often do we choose a gift in keeping with the real meaning of Christmas?
This year you can give the most appropriate gift of all — the Revised Standard Version Bible.
The RSV is so clear and powerful, so easy to read that it brings new understanding of the great stories, parables and teachings of the Bible. It is truly a wonderful book to own and to give.

Meet the magic of the new kind of Ford!

The Action Test will show you that Ford's newness begins with its longer, lower, wider beauty. It's a completely new car—right from the wheels up! Out on the open road, Ford's magic really takes over! Ordinary stretches of road become special. In fact, every trip's a treat. And it's no wonder, with the all-new "Inner Ford" melting the miles. The revolutionary new frame, for example, is a full foot wider at the center. You ride lower, with more inside room... full road clearance.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

There is a lot of interest these days in the Conservation Reserve of the Soil Bank Program. This is natural and encouraging, for this program provides a means for farmers to make land use adjustments that have been needed for several years. To most farmers this means an economical way to put back to grass, land that should never have been put under the plow.

Cooperators who plan to participate in this program should make plans now for the seeding of grass. If the land has a sorghum cover on it now, it would be best to leave it to plant grass in

for next spring. If the land is clean now, tillage operations should be done to keep it from blowing, and a sorghum cover should be drilled or broadcast next spring and grass planted in the spring of 1958. Grass seed is very scarce and should be secured NOW.

Grass Seed Production
What is the possibility of getting cash returns from grass seed production on your farm? It is good to consider this if you are interested in other crops to take the place of crops that are now under acreage restrictions. Many of the grass seeds are in short supply

JIMMY BENNETT, left, president of the Wildcat Band, names Mayo Ray Keeling an honorary member of the band after Keeling proclaimed Victory Day for Littlefield at the High School's pep rally Friday afternoon.

at this time. The normal demand has been high for most grass seeds, and now, with the Soil Bank Program, the demand should be great for several years.

Grass seed production is like cotton; it does best on good land under irrigation. But if the seed is adapted to that particular soil, it will do fair on poorer land under dryland conditions. Seed yields will vary with the type of grass used, the land it is planted on, the fertilizers used, and the amount of water received.

Good profitable per acre yields of seed have been made on the following farms in the Lamb County Soil Conservation District: Indiangrass and Switchgrass on

the Wallace Gosdin, Cecil Plate, and Walter Grey farms and Blue panic on the Waymon Bellar, Martin Palmer, and Cefus Glover farms. There are others, also. Other grasses that are adaptable and in short supply are: Blue grama, Sideoats grama, Gaucasion bluestem, Sand bluestem, and Weeping lovegrass.

If you are interested, contact your Soil Conservation Service office in the basement of the courthouse in Littlefield.

TWO JAILED

Sheriff's officers picked up two white men here Thursday on drunk charges. One was an Elko, Nevada man, the other a local man.

Lamb County Spelling Bee Set March 16 in Littlefield

The Lamb County Spelling Bee sponsored by The Avalanche Journal will be held in the District Court Room, Littlefield, on March 16, 1957 at 2:00 p.m. This bee is open to all students who have not reached their sixteenth birthdays at the time of the national finals, June 6, 1957 and who have not progressed beyond the eighth grade at the time of their own school finals.

Each school in the county will be eligible to enter two contestants this year. Each participating school will be expected to furnish one judge. In most cases, the judge will be the teacher who has been working with the contestant and is familiar with the regulations governing the bee. Pat Boone, Jr., of Littlefield will pronounce the words.

All contestants will receive ribbons. The Lubbock Avalanche will award a prize to the winner from each individual school. The winner of the contest will then enter the

sending candy to the boys from Armed Forces during the holiday season. Also both circles are participating in Thanksgiving food baskets for three families. A general meeting will be held Monday at 2 o'clock at the church for business and Stewardship. Mrs. Junior Muller will be in charge of the program substituting for Mrs. Bobby Sageser.

Mr. and Mrs. S. H. Latham of Center returned home with Mrs. M. W. Wheeler Mack and Mrs. H. R. Monroe Tuesday night for a visit here. The Lathams are Center, observed Thursday as Thanksgiving with a family get together at the Olen Latham home near Friona. Relatives from Los Angeles were also present.

SCALE WATCHING
IS AN
EXCELLENT HABIT

A scale in every home might be very beneficial to personal health, for weight is an excellent guide to future well-being—and should be watched carefully.

There is no short-cut to weight control. With each person, it is an individual problem, and subject to personal discipline.

Normal living and eating are likely the keys to health. If over-weight or under-weight, see your Doctor. He is the one qualified to determine the necessity and prescribe for such treatment.

Only with his guidance should you engage in any weight control project.

Safety Group Warns Against Hurricane Speeds On Hiways

CHICAGO — Are you a hurricane driver?

You are if you drive 75 miles an hour or more, the National Safety Council said today.

For at that pace, warned the Council, you can destroy yourself and anything in your path as quickly as a hurricane.

"The U.S. weather bureau considers winds of 75 miles and over of hurricane proportion," said Ned H. Dearborn, president of the Council. "and motorists should remember that a car driven at the same speed is propelled with the same destructive force."

Because of the emergency traffic situation, with its rising toll, Dearborn said a year-round "Back the Attack on Traffic Accidents" campaign being launched through the country will continue through 1937. The purpose of the campaign is to encourage public officials to step up the attack and to stimulate citizens to back the attack on traffic accidents.

During December campaigns emphasis will be on speed, drinking drivers and pedestrians, night driving and pedestrian hazards.

Speed was a large factor last year in the 899 Christmas traffic deaths, the Council said. Driving too fast for conditions or in excess of the speed limit was a factor in 85 per cent of the fatal accidents, compared with an annual average of 35 per cent.

At high speeds the human body becomes increasingly vulnerable, the Council said. If an accident occurs at 60 miles an hour or more the victim is eight times more likely to die than if he had

been injured in an accident at 20 miles an hour.

"Speed not only increases your chances of having an accident—it decreases your chances of coming out alive if you do have one," said Dearborn.

To determine a safe speed, the Council said, drivers must take into consideration:

1. Weather and visibility. Fog, rain, snow, bright sunlight, darkness and caution signs that should be heeded.

2. Mechanical factors. Engine power, ability to hold the road, and efficiency of all mechanical parts have a definite bearing on selection of a safe speed.

3. Physical factors. Whether a road is rough, smooth, hilly, flat, curving or straight are considerations that should influence speed.

4. Personal factors. The driver's physical and mental condition and the speed at which he can safely control his car are important factors.

5. Traffic conditions. Drivers should adapt their speed to the traffic they meet. A safe speed on a country road can be unsafe on a city street.

Local Student To Make Tour With College Band

ADILENE — J. Willis Giddens, Jr., son of Mr. and Mrs. J. W. Giddens of Littlefield, will make a four-day concert tour with the McMurry College Indian Band Dec. 2-5, playing for church congregations and high school audiences in seven West Texas cities.

Raymond T. Bynum, McMurry director, said that the band will play in Big Spring, Odessa, Midland, Seminole, Andrews, Lamesa and Snyder on the winter tour.

The McMurrys will leave Adilene early Sunday morning and give their first concert at 7:30 p.m. Dec. 2, in the First Methodist Church of Big Spring.

Final concert of the tour is scheduled for 10:30 a.m., Dec. 5, at Snyder High School, after which the band will return to Adilene. They will travel in two McMurry College buses.

The McMurry band makes two concert tours each year. It has played in five southwestern states, Mexico, and in five European capital cities.

The band's church program, on the theme "Let us worship through music," will be presented in the Big Spring church.

Remainder of the concerts, all slated for high school assembly programs, will feature marches, symphonic selections, solos, specialty numbers, and Latin American rhythms, Bynum said.
