# 1950 BUILDING PERMITS HERE TOP 1 1-4 MILLION

## Total For Year Sets New Mark

Littlefield construction in 1950 soared well past the \$1,250,000 mark as it was revealed Wednesday in a preliminary estimate of building permit totals released by W. G. Street, city secretary.

The preliminary total for 1950 compiled by Mr. Street showed permits for \$1,290,010 worth of construction had been issued at the Littlefield city hall up to December 26.

Last year's total amount to \$565,075.

The biggest permit issued in the year now closing was for \$325,000 for construction of the new Littlefield high school building, Mr. Street said.

Remodeling of two churches here boosted the total more than \$60,000.

While the figures compiled Wednesday may show some variation in the final official check at the end of the year, they are not expected to be more than a few thousand dollars different one way or the other, Mr. Street said.

"In round numbers, the million and a quarter mark will stand—the greatest building year in the city's history," he said.

ROSS MADOLE

## Ross Madole Goes To Roswell, N. M.

Ross Madole, Littlefield attorney, who has been associated with Arthur P. Duggan, Jr., here for the last year, is severing his connection with Mr. Duggan and leaving between January 1 and 15 for Roswell, where he will be connected with the law firm of Hervey, Dow and Hinkle.

Mr. Madole came to Littlefield from Dallas, taking up his work here on Jan. 1, 1950. He had been connected with the Magnolia Petroleum Company at Dallas as consulting attorney since 1939, thereby gaining considerable oil experience which will be advantageous in his new association with the Roswell firm which is attorney for the Magnolia Petroleum, Humble and Amerada Oil Companies, and general counsel for the Southwestern Public Service Company.

Mr. and Mrs. Madole have two children, Becky about 7, and Ross, Jr. about two years old.

In an interview recently with Mr. Duggan he stated he had not made as yet any arrangements for another partner in his law firm.

## Sheriff's Posse Abandons Plans For Austin Trip

The Lamb County Sheriff's Posse has abandoned its plans to attend the inaugural of Gov. Allan Shivers in Austin next month.

The posse members had planned to take part in a parade in the state capital Jan. 16 in connection with the governor's inauguration for his first full term, but the plan was abandoned with the notification of cancellation of the parade.

Sheriff Sid Hopping said the governor's desire for an unostentatious inaugural in keeping with the gravity of the world situation would be respected by the Lamb county unit.

He quoted from a letter by Governor Shivers to James P. Nash, chairman of the inaugural committee, in which the governor stated:

"The seriousness of our situation, both international and domestic, is emphasized by the President's action. As we concentrate upon essential elements of an all-out mobilization effort, an elaborate inauguration would be out of place."

## Chamber Manager On Holiday Visit

Bob Crowell, manager of the Littlefield Chamber of Commerce, and his family are on a holiday visit with relatives in Pflugerville.

Mr. Crowell expected to be back at his desk next Tuesday.

## District Clerk Back From Holiday Journey

Mr. and Mrs. Jerry Quigley returned Tuesday from a trip to Elk City, Okla., for a Christmas visit with Mr. Quigley's parents.

Mr. Quigley is operator of Quigley's Food Mart and Mrs. Quigley is clerk of the district court here.

## Cupid's Shafts in 1950 Fall Short Of 1949 Record, County Records Show

Dan Cupid's eye-sight dimmed a bit in 1950. Or maybe the little god of love was just a bit off his aim after a strenuous 1949.

At any rate, marriage licenses in Lamb county fell off the year now closing, totaling only 164, with merely a day or so to go, as compared with 200 in 1949.

Some observers opined the post-war "run" of marriages had finished its course, and that things merely were getting back to normal.

County Clerk Joel Thomson, however, had a simple and logical answer for the question why the issuance of licenses fell below the 1949 total.

"Not as many got married," he said briefly.

## Services Held For Gas Victim

Gwendolyn Oliver, 18 year old daughter of Mr. and Mrs. N. B. Oliver of Anton, died at 3 a.m. Saturday in St. Mary's Hospital, Lubbock, after having been overcome by gas fumes in her room at 2312 Fourteenth Street, Lubbock, Tuesday previous.

She was a student in a Lubbock beauty school.

Survivors include her parents. (Continued on Furr Food Page)

Presiding Judge Otha Dent, ending nearly his court session, presides over the court in Austin, Texas, Dec. 20, at the court's final formal session for 1950.

Attorneys Association. S. W. Hellman of Fort Worth, Texas, made the presentation in Austin, Texas, Dec. 20, at the court's final formal session for 1950.

# LAMB COUNTY LEADER

LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, DECEMBER 28, 1950

NO. 88

## County Officials Will Take Oath Monday

County officials will be sworn in Monday morning at 10 o'clock by Judge Otha Dent.

Along with the other county officials of the county are Curtis D. Smith, county attorney, who will assume his duties at 10 o'clock Monday morning.

The new county officials will be administered the oath of office by Judge Otha Dent, presiding over the ceremony at 10 o'clock Monday morning.

The new county officials will be administered the oath of office by Judge Otha Dent, presiding over the ceremony at 10 o'clock Monday morning.

## Sudan Couple Injured When Car Overturns Seeking to Avoid Truck

MAID OF HONOR CANDIDATE  
— Miss Jeannine Holland, (above) of Houston, Texas, a student at Texas State College for Women at Denton, Texas, is a finalist in the annual Maid of Cotton contest at Memphis, Tenn. Dec. 27 and 28. (AP Photo)

Mr. and Mrs. V. D. Ward of west of Sudan were released from the Amherst Co-Op Hospital Sunday night following treatment for injuries suffered Saturday night when the pickup truck which Mr. Ward was driving overturned as he attempted to avoid a head-on collision with a truck.

The accident occurred west of Sudan about 7:30 o'clock Saturday night.

The sheriff's office said the truck was running without lights. An investigation and report of the accident were made by the State Highway Patrol and charges of operating a vehicle without driving lights and without clearance lights were filed against Grady Walker, driver of the truck.

The report stated Mr. Ward had started to pass another car when his headlights picked up the unlighted truck coming toward him. In attempting to swerve back behind the car he had been following, the pickup overturned, the investigating officers said.

## Rites For Father Of Ned Fairbairn Held Saturday

Mr. and Mrs. Ned Fairbairn returned to Littlefield Monday from Odessa, where they went Thursday afternoon in response to a message that Mr. Fairbairn's father, W. R. Fairbairn, aged 59, had died suddenly as the result of a heart attack.

In an interview with Mr. Fairbairn he stated that his father took suddenly ill when alone and enroute to his home about 1:40 p.m. in an automobile. Apparently he sensed the seriousness of his illness as he did not attempt to drive home, which was several blocks, but turned into a tourist cottage office and stating he was very ill, asked that the proprietor call a doctor at once. The man died before the doctor arrived.

Funeral services were conducted (Continued on Furr Food Page)

## Twenty Men Enter Service From LFD Recruiting Office

Twenty Littlefield area men have been processed through the U. S. Army and U. S. Air Force recruiting station in Littlefield by T/Sgt. Gerald F. Cutshall since December 11.

Of the 20 men sent from Littlefield station to the Amarillo Main Recruiting Station for final processing only three men have been rejected for the Army or Air Force.

Five men were sent to Amarillo last Tuesday and Wednesday and are now receiving their final processing. Word has not been received here as to their acceptance.

Those who were accepted for the U. S. Air Force are, from Littlefield — Jerry Richardson, Jessie Fair; Donald W. Bryant; Elmer J. (Continued on Furr Food Page)

## Federal Savings Sets Dividend At 3 Per Cent

The directors of the Littlefield Federal Savings & Loan Association have announced that the regular semi-annual dividend of 3% per annum has been declared. The dividend is effective on the first day of January and the dividend checks and notices of credit will be mailed to all shareholders on that date.

The dividend marks the eighth declared by the local association since its organization. The Littlefield Federal Savings & Loan Association has made a marked growth in the past year and their assets now exceed \$600,000.

The most important change in the function of the Littlefield Federal is the last year has been the increase in the amount of an account that is insured by the Federal Savings & Loan Insurance Corporation. All accounts are now insured up to \$10,000. This change is expected to further the growth (Continued on Furr Food Page)

CHRISTMAS SCENE — "The Savior in Silhouette" describes the Christmas scene erected between church and parsonage of the Emmanuel Lutheran Church, West Third Street. The full scene has Jesus in the center, lovingly adored by Mary on one side and Joseph on the other. The scene was the result of much thought and hard work. Drawing the original patterns for the figures presented the greatest problem of Mrs. E. C. Hill, who in part used life-models. The hard work of cutting out the intricate designs and drawings was done by Walter Peters. Setting the Savior in Silhouette through proper placing of lights was ably done by Ernest Sell and his son Roger. Mrs. Hill thought of the logs for the stable, perhaps the natural setting of the original manger. Music which added much to the whole scene was played nightly and was made possible through the kindness of Gus Fridays and the Walter Timmons. Behind the building of this scene was the desire of all who participated in its erection that the Christ-Child might be honored and glorified.

## Babies Continue To Favor County As Place of Birth

Lamb county throughout 1950 continued to prove a favored place to be born in, although not so much so as in 1949.

Births here in 1950 totaled 735, or 42 less than 1949's imposing total of 777.

Meantime, the death rate continued extremely low. The total number of deaths in the county in 1950, up to December 27, was only 155—two less than the total in 1949.

## Capacity Crowd Expected To Sing Old Year Farewell

A capacity crowd is expected at the Littlefield High School auditorium Sunday night to sing a farewell to the old year and a melodious welcome to the new.

The community New Year's Eve party for the entire county is under the auspices of the Lamb County Singing Convention.

The songs will start at 8 o'clock and continue through until 1951 is ushered in. The welcome sign is out for all, association president John Clayton said.

Refreshments—coffee, sandwiches, etc.—will be available at a stand planned by the Band Parents Club, with proceeds from this source to go into the high school band fund.

The songfest itself is open to all without admission charge.

## Post Office Delivers All Christmas Parcels

A shining example of government service was set Christmas by the Littlefield post office and the employees there.

Christmas Eve every Christmas parcel received at that time by the Littlefield office was delivered to the addressee.

W. E. D. Storey, postmaster, said the big task was accomplished by using two delivery trucks throughout Sunday—the regular post office truck and one borrowed from the soil conservation service—to deliver parcels.

At the office itself, five employees stayed on the job until all was cleared away.

The nice volume of Christmas mail boosted total 1950 receipts for the Littlefield office to \$47,877.27 up to the close of business December 23, Mr. Storey said.

This is some \$1,748 more than the total receipts for all of 1949, he said. Total receipts for the year are expected to be around \$48,500.

# Teen-Age New Year Advice

Your backbone can be broadened by some good stiff New Year's resolutions if you make them with a firm desire to start a brand new book in 1951. It makes a lot of thought to decide when you improve yourself. The mirror doesn't always show up faults. We must carefully scrutinize our thoughts, words and actions to determine exactly how our code of living may be improved.

After you've made your resolutions don't order a golden halo and silver wings to convince people what you mean business. You'll trip on the golden ladder lots of times and your staff will tarnish but if you set your sights in the right direction, that's half the battle.

Here are some reminders of little character builders to help bolster your morale:

1. Believe in yourself. Learn to make decisions after carefully weighing problems and don't be persuaded to change your mind when you know you are right. It is wrong to take a wishy-washy attitude toward things and then let someone else make up your mind for you.
2. Use good judgment in choosing friends. If you have been thrown in with a fast crowd don't conform to their pattern of living because you think you must be the one out of step. On the question of manners and morals never let anyone lower your standards.
3. Keep up with world affairs. Just don't drift through space or put yourself on a little plane out of touch with world situations. Read at least one good paper each day and study the editorials to determine how others react to world events. Compare their opinions to yours in order to broaden your own viewpoint.
4. Trust your family. Your mother can advise you on any problem from Santa Claus to sex, so

why confide in others? Certainly she is better equipped than some childless authors and lecturers who are likely to give contradictory and haphazard advice. Your best friend can only give her best-guesses also, probably, so why not take your problem to Mother who knows you better than anybody else.

5. Honesty always pays off. If you lie or cheat, you won't hurt anybody but yourself because your conscious will bother you. The liar, in particular, always trips herself up.

6. Be loyal. Family and friends deserve your loyalty. Don't be critical of your family to strangers, and don't be a weatherwane friend. A friend who trusts you deserves the same faith in return.

7. Stick to your beliefs. Pseudo-intellectuals will try to persuade you that white is black. They'll tell you that nice boys are stupid, families are old-fashioned. These people are off the beam on practically everything and adore tearing down principles society has built up. They follow a set pattern that is easy to spot.

8. Make the most of yourself. If you haven't an angel face or a glamorous figure don't climb into a corner and cry about it. You can improve your outward appearance by cleanliness, neatness and diet. If you improve your mental outlook your looks will perk up.

9. Establish a time bank. Never let a minute go to waste unless it counts as rest or relaxation. Instead of spending time with people who do not contribute to your social, moral, educational or economic welfare, find legitimate pursuits which will further your interests now or in the future.

10. Lend a helping hand to others. If you have been endowed with more energy, money and natural resources than the next girl, help her to help herself with a little assistance from you.

# Cattle Spray Important Now

Texas livestock and dairy producers should be on the alert at this time of the year for damages caused to livestock by infestation of animal lice. Any one of four or more species of lice may be found on Texas cattle during the winter months, says J. A. Deer, assistant extension entomologist of Texas A. & M. College, and since cattle are often kept in close confinement at this time of the year, louse populations increase very rapidly.

Deer points out that lice cause damages in several ways. Lousy cattle do not put on weight as rapidly as those that are free from lice and they present an unthrifty appearance. Cattle infested with lice usually have an unthrifty looking coat of hair for the irritations caused by the lice cause them to scratch or rub their bodies against trees, fence posts or other structures. Dairy cattle, heavily infested with lice, fall off in production even when they are fed well, says Deer.

He says that the degree of cattle louse infestation is also closely correlated with the amount of anemia do not do well because of a shortage of blood.

Deer recommends two methods of control. Beef cattle, he says, may be dipped or sprayed with a

mixture of five-tenths per cent DDT plus three-hundredths per cent gamma BHC. If lindane is available, Deer says a mixture of eight pounds of 50 per cent wettable DDT and one pound of 25 per cent lindane per 100 gallons of water may be used. A spray containing five-tenths per cent toxaphene is also recommended for controlling lice on beef cattle.

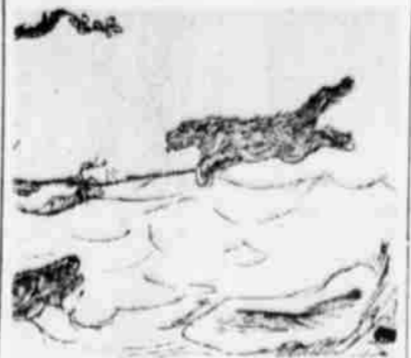

Since sprays or dips containing DDT are not recommended for use on dairy cattle, Deer says that a mixture containing eight pounds of 50 per cent methoxychlor and one pound of 25 per cent lindane in 100 gallons of water may be used. This mixture should be applied as a spray.

Deer says Texas livestock producers are losing millions of dollars annually because they are not controlling the lice that infest their animals. At the present time, only about 30 per cent of the cattle in Texas are treated to control these parasites. He suggests that you ask your local county agent for a copy of B-158 "External Parasites of Livestock" and that you also discuss with him the problems related to the control of external livestock parasites in your area.

# A Good Deed

BY FAITH HELEN FAUST  
Shadow was a young wolf. He was just learning to take care of himself and he wasn't doing too well. During the winter he might have died, if he hadn't run into a big black wolf, named Splash, because of a splash of white on his head. Splash was rather old, about ten years old.

Shadow had been eating a grouse, when Splash found him. Splash asked for a piece and Shadow gave him the etashrdetaoshretashrdeta him half of the grouse. For that

Splash stayed with Shadow the rest of the winter.

It was spring now and the rivers and ponds had thawed. The grass was just turning green and food was getting plentiful.

Splash was going to let Shadow join the pack of wolves, which were living just over the river. But Splash wasn't too sure about it. Shadow might not be brave and strong enough to fight them and he didn't want to go around with a coward.

Splash decided to let him go, and if Shadow didn't turn out to be a good hunter and fighter, he would put him out.

Splash started out across some ice not yet thawed. The piece of ice stretched across to the other side of the river. Shadow started to warn him but then the ice broke off.

Shadow stayed on the bank of

the river for just a minute. No, he thought, I can't let a good friend like that down. And off he jumped into the cold river.

Splash slid off of the ice and gave a loud howl to Shadow. Splash was old; but he swam almost to the other bank and then he couldn't go any further. Shadow swam closer and closer to him. The next moment Splash felt him grab his thick fur and slowly, ever so slowly, pulled him to shore before another piece of ice bumped into him.

Splash was safe and comfortable, before he told Shadow he could join the wolf pack. He knew Shadow would be a good wolf.

## COAL SPURS PROPAGANDA

VIENNA — (AP) — Sovietized Eastern Europe loses no opportunity to make Communist propaganda in the West—even in its trade agreements. Hundreds of thousands of pieces of coal, just delivered to Austria from Poland, bear the imprint of the hammer and sickle. A Vienna newspaper commented: "The Communist coal faces the same fate as Communist newspapers, brochures and leaflets... they will go into the oven."

# Bull Lake Philosopher Defends Congressmen Who Don't Know What Is Coming Off Next in the World

Editor's note: The Philosopher on his Johnson grass farm on Bull Lake comes to the defense of Congress this week, in a manner of speaking.

I was out here yesterday contemplating the world situation, after a man has spent a lifetime contemplating his own hard luck it ain't no bother to contemplate the world situation and I can do it without losing a moment's sleep, there's probably some satisfaction in realizing the world generally has botched up its affairs about like I have my own personally, although so far I have managed to stay within my own boundaries, not counting what damage my cows has done in occasional wanderin off anybody who don't like it can build a better fence around his land, and while I was sitting there on the south side of a tree enjoyin the sun I pulled newspaper out of my back pocket where I had put it when I found it about to fall out of my neighbor's mail box earlier in the day, didn't think he'd want his paper to fall out and blow away, and I read where a cattleman had been to Washington and

had been talkin with Congressmen and reported he'd run into "the strangest thing he'd ever encountered."

Accordin to him, "instead of telling you what's going to happen, Congress asks you what's going to happen. I don't think the general run of Congressmen has the least idea of what's going to happen."

He seemed astonished, may be even shocked, at this, but it don't affect me that way.

Why should a Congressman know what's gonna happen when nobody else in the world does?

The democratic thing about the present world situation is that I can sit out here at Bull Lake and feel about as well posted as all the government officials, military lead-

ers, newspaper editors, college professors, experts and presidential advisers on what's gonna happen. Don't nobody know. There may be slim satisfaction in this from the world's standpoint, but everybody else is as ignorant as I am about the world situation and what it'll be like tomorrow, and that's gettin pretty ignorant.

Ain't no use biamin Congressmen because they don't know what's gonna happen tomorrow. Some of em ain't sure what happened yesterday, and they ain't by themselves, are they?

Yours faithfully,  
J. A.

### South Plains Maid of Cotton To Vie for Title in Memphis

Cotton, available in various fabrics, will go almost anywhere the year around, said Miss Ellen Wright, assistant professor of clothing and textile at Texas Technological college who will accompany Miss Ruth Brunson, South Plains Maid of Cotton, as chaperon to the National Maid of Cotton contest in Memphis, Tenn., this week.

Many persons, she said, think of cotton as being summer material and do not realize they are wearing cotton when they wear velveteen and cotton corduroy or other fabric suitable for winter. All velveteen is cotton and much of the corduroy is cotton. Some corduroy combines rayons and cotton.

Various cotton fabrics developed in the last year or two are available. One is cotton satin and is appropriate for formal dresses, afternoon dresses and other apparel.

**New Fabrics Described**  
Cotton taffeta is another relatively new fabric. A new embossed cotton fabric called Picolay has been developed and some of it resembles pigskin.

"Cotton tweed is going to be popular for suits. It resembles linen or heavy crash," she said. All of those new fabrics have crease-resistant finish.

Other cotton fabrics long have been popular. They include gingham, chambray, percale, voile, batiste, organdy and others.

Some gingham and chambray with silver or gold or copper thread is available. It is coated with an acetate rayon solution so it will not tarnish.

**Going To Memphis**  
A "beautiful silky broadcloth" is one of the finer cotton fabrics available.

Miss Wright, after visiting in Wichita Falls, will meet Miss Brunson, who is visiting her parents at Claude, in Amarillo Monday night. If weather is bad, they will go by train, if weather is good, they will fill their plane reservation, leaving at 6:05 a. m. Tuesday on a flight scheduled to arrive in Memphis at 11:38 a. m.

Miss Brunson is one of 20 finalists chosen for the national contest. Her application for the national contest was chosen after she was selected by a committee of judges at Texas Tech in November. All candidates for the South Plains honor were students in the home economics division, in which Miss Brunson is a junior student.

**WINTER SUNTAN**—Winter sunshine is the best of all, says this eye-catching Florida vacationer who has migrated south to escape the ice and snow. To absorb her quota of Vitamin D, the pretty sun worshipper wears a trim, strapless shorts outfit. She made the solid-colored shorts suit from dyed cotton flour bags and a contrasting striped skirt and jacket from gaily striped feed bags!

### Health Talks By Medical Assn.

There are many diseases in which the diagnosis can be substantiated by microscopic study of the blood that flows through your arteries and veins, that even a partial list of them would fill many pages. Not only are the things that make up the blood separated and counted, but the shape of those things is studied, the age of them, and the manner in which they separate or group together.

The blood count has become a routine part of physical examination. This "elementary" check-up of the blood starts with a prick on the middle finger or the lobe of the ear, and the blood is sucked up into a tube. It takes just a tiny bit of blood but that tiny bit tells a great big story.

There are supposed to be 4 to 6 million red cells per cubic millimeter of blood and something between 5 and 8 thousand white cells. Needless to say, the time is not taken to count every cell. A spot of the blood is put on a slide marked off with lots of little lines and the number of red cells is counted in one of the tiny squares as an average number and then multiplied by the number of all the squares to find out how many of the gadgets are in the whole drop. The white cells are much bigger than the red, but the total number is figured in roughly the same manner.

The red cells aren't only counted, they are also studied for the amount of redness in them, that redness coming from hemoglobin. Hemoglobin is the pigment just as in paint, the more pigment you have, the richer the color; when you thin the paint you are reducing the pigment and making the color paler. But hemoglobin also is the oxygen-carrying red cap of the blood stream, and if the parts of the body which feed upon blood do not get sufficient oxygen, they can't do their job like they are supposed to. So hemoglobin is very important, but it is also rather elusive. Just exactly how much or how little you must have or how to count the amount you do have has never been fully ascertained. Hemoglobin is estimated only, not counted. Wide variations can be spotted, of course, in the study of blood, but when the variation from normal is only slight although your body seems to reflect the variation, you might end up with some such description as "borderline anemia."

The shape and size of those red cells may also play a part in anemia. These are studied under a microscope after the blood has been smeared between two glass slides. All the cells won't be the same size but if the majority are too big or too little, your blood isn't giving you the best kind of treatment. Since the cells are supposed to be round, the microscope will also point out any change in that shape. When they get out of line, those cells assume a wide variety of different forms, varying from clubs to sickles, with each different form having its very own special

unique two hour Christmas program at Palo Duro. The program will be given twice each evening and on Sunday afternoons.

### Cornetha Fennell Takes Part in Palo Duro Program

**EARTH, Dec. 23.**—Miss Cornetha Fennell, Earth, is one of the members of the Wayland College Pioneer Choral which has recorded a special fifteen minute program for the Palo Duro Canyon Christmas observance December 15 to 31.

The Pioneer Chorale is one of five choral groups which have prepared special Christmas programs to be broadcast from the depths of Christmas Tree Canyon each evening during the Christmas holidays. Special lighting effects, log camp fires and free cowboy coffee at the Number One Crossing are also on the program.

Malcolm Clack, electrical sound expert, who stretched wires over more than 3,000 feet of the Canyon to a natural voice-box 1100 feet below the rim, reports the sound effects sensational. Echoes reverberate for eleven seconds up and down and across the Canyon walls. A cowboy riding horseback in the park during the sound trials reported hearing the sound three miles away from its source.

Miss Fennell and members of the Pioneer Chorale have a busy concert program during the Christmas season, but due to the cooperation of the Chorale and its director, Ben W. Shanklin, the group will be heard each evening in the

**SCOUTS**—Youngblood smiles happily as he listens to the radio with fellow Boy Scouts at the 22, Pampa, Texas. The boy is in John Seely Galveston, Texas, for cancer. Howard says

he is looking forward to going home and passing the radio to some other sick scout when he gets well. Another Christmas gift of which Howard is very proud is the new wrist watch he is wearing on his left arm. (AP Photo)

### Walker Home Awarded First in Sudan Lighting Contest

Walker home at Sudan and the first prize of \$15 sponsored by the Tunes club. The second prize awarded to the Radney Nichols home on Second Street. The third prize of \$5 Dale Hanna home on street.

These reindeer led the Santa Claus and three other across the lawn of the home on Commerce Street. The door of this prize winner was covered in silver and tied up as a Christmas tree with a wide red cellophane.

The Walker home prize with an average of 40 for beauty, 30 per cent for dress, and 30 per cent for effort.

of Sudan is also to be decorated for fine decoration and city hall, and Sudans are acclaimed for clever and unusual store decorations.

of the other beautifully homes mentioned by the judges, are the homes of: Elmer, Frank White, Joe Foster, Harris, Tommy Cates, W. H. Lyle, Jr., J. E. Dryden, Joe Tucker, Joe Salem and others.

Results were announced by Mrs. Lynn Anwerson, president, Thursday.

### The Meanest Man On Earth Visits the Glasscock Residence

**ANTON, Texas, Dec. 22.**—The meanest man in the world was in this community on Thursday night of last week. Knowing that T. A. Glasscock and family were gone from their home five miles south of Anton, thieves went in and made a haul that is staggering to contemplate. Among the loot taken by the thieves were all the Christmas packages which were under the tree in the home, radio, clothes and practically every marketable article that could be taken. Officers who investigated the burglary estimated that the loss would possibly run as high as eight hundred dollars.

Jack Anders, local deputy sheriff, went to Hobbs in an effort to spot the loot, but found nothing. Mr. Glasscock is quoted as saying that the only clue left by the burglars was the loss of a small branded pencil which was found the next morning near the door. The pencil was one given away by the Higginbotham-Bartlett Lumber yard. This would indicate that the theft was perpetrated by local thieves.—Anton News.

### WHIT'S GROCERY AT ANTON BURNS

The White Grocery and Market of Anton was the victim of a fire early Monday night of last week. Loss had not even been estimated, but it will be very high. The blaze started in the back of the building, and was discovered about 45 minutes after C. D. King, the owner, had gone home for the night.

The Volunteer Fire Department lost no time in getting to the scene after the alarm was given. When the fire wagon got into action, the blaze was soon extinguished, but not until after both the building and the stock had been badly damaged, by fire, smoke and water.

Some fire insurance was carried, but the amount was not announced at the time. Mr. King has been busy trying to clean up and assort things out.

But for the excellent work of the fire department and the accessibility of modern fire fighting equipment, the blaze might have extended to adjoining businesses.

**WILLARD G. STREET, JR.**  
Announces the removal of his Law Offices to the Second Floor of the Duggan Building in offices formerly occupied by Herbert C. Martin

### CANDLELIGHT CHRISTMAS SERVICE

With but one large candle providing light in the entire church, worshippers at Emmanuel Lutheran on Christmas night, December 25, in a symbolic way were impressed with the truth of Christ is the Light of the World. That He gave light to His disciples was brought out when a small group of ushers presented themselves before the Lord's altar where their candles were lit. These in turn passed the light of their candles on to some of the worshippers who in turn lit the candle of the person beside them passing this light on to others.

The Christmas story and Christmas carols rounded out the candlelighting service.

**LOTS OF SHEEP**  
**CANBERRA** — (AP) —Australia had 112,891,000 sheep at March 31 last, Commonwealth Statistician Roland Wilson reported. This is the latest date for which figures are available. Australia's sheep population fell from 125,000,000 in 1942 to 95,000,000 in 1947, but since then has been rising steadily.

equipment, the blaze might have extended to adjoining businesses.

**Judge Bills To Talk At Rotary Meeting**  
Judge E. A. Bills was to discuss world affairs and the dangers of the present international situation at the regular Thursday meeting of the Littlefield Rotary Club at noon today at the First Methodist Church.  
Dinner was to be served by the women of the church.

**NAMED FOR ADMIRAL**  
MIAMI — (AP) —A War Admiral colt, now at Hialeah, has been named "Bull Halsey" after the hard-bitten officer. The horse, which will make its first start early in 1951, is out of the mare Gallawood and was purchased for \$22,000 by Lawrence Lewis at the Keneland Sales last summer. The name was selected following correspondence with the fighting admiral.

spent a few days this week visiting with friends and relatives in Oklahoma.

#### VISIT IN AMARILLO

Mr. and Mrs. W. S. Savage, Mrs. Bud White and Miss Alba Cooper spent Monday with Mr. and Mrs. Albert Savage in Amarillo.

**BLOW FOR WALNUT GROWERS**  
HEMET, Calif. — (AP)—Farmers hereabouts thought a helicopter might be just the thing to blow the walnuts off their trees. They brought in a 'copter for an experimental flight and it hovered over the trees, the downdraft from the huge rotors rattling the branches. The nuts, however, wouldn't play. A few peppered down but most of the crop was still out of reach after the ship had landed.

#### BUYS W & W SUPPLY

H. H. Hale has purchased the W & W Supply at Whitharral from Orvus Wossum and has taken charge.

If a legume pasture is not available, the developing gilt should be fed a leguminous hay. This can be fed from a hay rack.

## Whitharral Girls Crowned Queens

Betty Mixon, Whitharral freshman student, and Barbara Ann Crews, first grade student, were crowned queens of the Harvest carnival in Whitharral gym recently. Other candidates and their escorts were Jo Nell Hewitt and Ronald Smothers, seniors; Mary Christian and Glendell Taylor, juniors; Dorothy Crank and Driscall Bryant, sophomores; Wanda Rains and Lois Wimberley, Eighth grade; Naydine Pair and Bobby Tipton, Seventh grade; Annabelle Hoelscher and Coda Stephenson Jr., Sixth grade; Kay Maner and Leslie Bevel, Fifth grade; Martha Davis and Harvey Hoelscher, Fourth grade; Lanora Grant and Ronnie Hoelscher, Third grade and Jenetha Newton and Chipper Stewart, Second grade.

Flower girls were Marian Denney and Calvette Rendleman; Crown bearers were Jimmy Tipton and Barry Heard. Mildred Bryant was announcer for the ceremonies. Three hundred and eighteen dollars from the Queen's race went to

the athletic department. The funds raised from the various booths will go to the different classes to purchase much needed equipment. It was said.

## Returns From 7 Months Training Mission in England

M/Sgt. H. W. Bradley, who has been stationed at Barksdale Air Force Base, Shreveport, La., for the last year and a half, has just returned from a seven months' training mission in England, and arrived Friday to spend until after January 1 with his mother, Mrs. H. W. Bradley, and other relatives.

M/Sgt. Bradley has been in the service 11 years; is Crew Chief on B-29 Planes, and has five men under him. Also spending the Christmas holidays here were Mr. and Mrs. Willie Bradley and children, Betty and Sammie of Amarillo. They arrived Friday and returned to Amarillo Tuesday. Mr. Bradley is employed in the System Engineering

## Walter McCoy and Daughter Injured In Car Wreck

Walter Earl McCoy and daughter, Connie Lynn, of Brea, Cal., sustained slight injuries, when the automobile in which they were riding, was in collision with a Pickup at an intersection near Brea.

The child's nose was mashed and her lips cut. Both father and child were treated by Santa Claus and three other vehicles were wrecked. Mr. McCoy is a son of Mr. and Mrs. L. M. McCoy of Spade.

# New Year's Day Is Moving Day At Capital

By TEX EASLEY

(AP) Special Washington Service WASHINGTON — (AP) — Once every two years representatives in Congress do a lot of moving, shifting suites in the two large office buildings that stand a stone's throw from the Capitol.

The better offices go to the members with the greatest seniority. Thus it is that Texans hold some of the choice space.

First-termers as a rule are settled in the so-called "Old House Office Building," an imposing white stone, 5-story structure built 40 years ago. Although it doesn't have the individual wash rooms provided in the suites of the seven-story 18-year-old "New House Office Building," the ceilings are higher and the floors carpeted.

Many veteran congressmen prefer to remain in the "Old H.O.B.," because with seniority they may get choice spots near the front of the building and three-room suites instead of two rooms.

**Buildings Take Up Blocks**  
Each office building occupies an entire city block. A tunnel more than a block long connects them with the Capitol; a similar tunnel leads to the Senate Office Building situated in the opposite direction from the Capitol. From one extreme corner of the Old House Office Building to the most distant point of the Senate Office Building, one may walk underground nearly a half mile. But you don't have to walk in the senate subway. It's equipped with an electric car system.

Speaker Sam Rayburn of Bonham and Senator Tom Connally of Marlin, by virtue of their positions as congressional leaders, have offices in the Capitol itself. Connally has a private office adjacent to the quarters of the Senate Foreign Relations Committee, of which he is chairman.

With the 81st Congress in its final days, legislators who were reelected in November are looking about for better office suites, vacated by departing colleagues. Then other changes follow in a sort of chain reaction.

**New Texas Solon Lucky**  
Rep. Tom Pickett of Palestine already has moved from the Old H.O.B. across the street to the new building to take the place of a colleague who left early.

Rep. J. M. Combs of Beaumont is waiting for a retiring legislator to get out of a New H.O.B. suite, so he can move across the street. Rep. John E. Lyle, Jr., of Corpus Christi may follow. Rep. Lloyd Bentsen, Jr., of McAllen is shifting from the third to the fifth floor of the Old H.O.B. to a larger suite, just a few doors away from Rep. Homer Thornberry of Austin.

The Panhandle's Rep.-elect Walter Rogers of Pampa, in a lucky draw with other newcomers, landed one of the best spots in the Old H.O.B., on the first floor near the front of the building, close to the suite of Rep. Olin E. Teague of College Station.

**AROUND THE CAPITAL**  
The Japanese-American Citizens Committee notes that among navy commissions sent to the senate for confirmation is that of Joe L. Akagi, a Nisei from Sheldon, Tex., as an ensign.  
Akagi recently completed flight training at Pensacola Fla. The committee says that the Texan is

## Those Desiring to Build Should Do So Now, Says Local Lumber Dealer

the first Nisei—American citizens of Japanese non-citizens—to win his wings in naval aviation.

Heading back to Texas, after years of service here with the Federal Trade Commission, is Attorney Joe N. Chapman of Sulphur Springs.

He came to Washington in 1941 and worked as a trial attorney in the anti-monopoly division of the FTC. During the war he served as a naval lieutenant commander. He plans to practice law in his home town.

A geological survey report notes that it takes 14 to 15 days for the peak of waters discharged from Morris Sheppard (Possum Kingdom) dam on the Brazos river to reach Richmond, Texas, 600 miles away.

Unusual drought conditions in 1948 prompted irrigators in the lower reaches of the Brazos to request a greater flow of water for their rice crop.

The release waters, described as "miniature floods" when they left Possum Kingdom reservoir, dropped to about 20 per cent of the original volume by the time they reached the lower valley.

## Veteran Tech Faculty Man Resigns His Post

LUBBOCK, Tex. (Special)—Cecil Horne, who has almost 25 years of continuous service at Texas Technological College, has resigned effective Dec. 31, Dr. D. M. Wiggins, Tech President, announced today.

The veteran professor, in announcing his resignation, said he will go to Arkansas. Horne has extensive properties in that state and feels he should devote his full time to those interests.

Horne came to the college in the fall of 1926 as Director of Publicity. He also taught several classes in Journalism, then part of the English Department.

In 1934, Horne was named to head the Journalism Department which was formed in that year. He served in that capacity until this fall when he took over as head of photography instruction.

Horne was instrumental in the formation of the Tech Press which he headed for many years. Under his guidance, the Press became well-equipped and large enough to handle all but a small fraction of the printing done for the college.

Horne also was influential in getting the present Journalism building and was consulted frequently on pre-construction plans for the structure.

**FAMILY CHRISTMAS AT BRANDONS**  
Auburn Stowers, now living in Amarillo, and Dal Brandon, Texas Tech student, sons of Mr. and Mrs. Lyle Brandon of 131 East 14th street, spent Christmas at home here.

Anyone in Littlefield desiring to build or modernize a home or other building is advised to start work at an early date, according to Ed. Seely, local lumber and building materials dealer and member of the Public Affairs Committee of the National Retail Lumber Dealers Association.

"There are three reasons for getting an early start," Mr. Seely said. "In the first place, there is no reason to believe that materials prices or building costs will decline to any important extent in the months ahead. In fact, some increases are likely.

"Secondly, some essential building materials, notably those containing strategic metals, such as steel, copper and aluminum, are certain to be less plentiful from now on, owing to the large quantities being set aside for the rearmament program.

"Other materials probably will be in full supply, but some metal is required in building even the most modest new homes.

"In the third place, there always is the possibility that defense officials in Washington will decide to restrict construction of houses still further as a means of conserving materials for defense production. Should that happen, some local families who have good cause to build may face delays in obtaining the necessary approvals and in obtaining all of the required materials.

"Furthermore, there always is the possibility that mortgage credit restrictions will be tightened by the Federal government, in which case some families might find difficulty in meeting the higher down payment requirements.

"Limitations on the use of copper and aluminum for construction and other civilian use already are in effect and the amount of steel for non-defense use also has been reduced, so that supplies of building materials containing those metals will be curtailed at an early date."

## Attend Showing Of New Cadillac

Enroute to Kansas City, Mo., on a business trip Mr. and Mrs. Otto Jones spent Sunday night of last week with Mrs. Jones' sister, Mrs. H. G. Hawley, at Wichita, Kans., and Mrs. Hawley accompanied them to Kansas City, Mo., where they attended a showing of the new 1951 Cadillac.

The Jones Motor & Tractor Company will soon have the new 1951 Cadillac on display. Mr. Jones went Sunday to Oklahoma City and returned late Tuesday with a new Cadillac.

**KINDNESS DOESN'T PAY**  
IPOH, Malaya — (AP) — Kindness doesn't always pay. A 43-year-old woman, Tan Say Mool, was fined \$20 for trespassing into the police compound. She was arrested while trying to hand a packet of roast to a prisoner.

**Happy New Year**

As a brand-new year dawns upon us,  
we sincerely wish  
that you will enjoy the best  
of all good things during 1951  
and may health, prosperity and success  
be your constant companions  
all thru the New Year!

And thanks a million for the many  
courtesies extended us  
during 1950.

**A SINGING CHRISTMAS TREE** —These third, fourth and fifth graders at Stonewall Jackson Elementary School form one of the more unusual Christmas sights in Dallas this holiday season... a "Singing Christmas Tree." While the youngsters sing, each holds a flashlight with blue paper on the front, making the impres-

sion of a live, lighted, Christmas tree. Each child also holds pine boughs in his arms for tree branches. (AP Photo)

**TAKEN WITHOUT A FIGHT** — Jose Arredondo, water service man on the King Ranch, stands beside an 8-foot, three-inch alligator he killed with an ax. Arredondo was in the Matos Negras pasture of the ranch, about seven miles northwest of Santa Gertrudis, Texas, working on the ex-

tension of water lines to the receding waters of Lake Patricia, when he found the alligator in a gully burrowing for a winter siesta. He roped the reptile, dragged him out on to level land and finished him with his ax. The alligator offered little resistance. (AP Photo)

### Five Baylor U. Men Law-Makers

WACO, Tex. — (AP) — Five Baylor University students are also law-makers. They were elected to the Texas Legislature in the Nov. 7 election.

They are: Charles Gowin Davis, a mid-law student from Bellevue, elected for his first term as a representative from the 97th district.

Joe B. Fleming, a senior law student from Henderson, reelected for a third term from the 8th district.

E. Ray Kirkpatrick, mid-law from Trenton, reelected for a third term from the 41st district.

William Earl Osburn, senior business student from Marlin, elected for his first term from the 62nd district.

Clyde E. Whitesire, freshman law student from Seymour, reelected for a third term from the 113th district.

### Judge Bean's Old Court Being Razed

DEL RIO, Texas — (AP) — The Val Verde Hotel, where Judge Roy Bean meted out the only law west of the Pecos, is being torn down. The Southern Pacific railroad built the building 78 years ago, when Indian tribes menaced the white man.

J. W. Burns, whose mother operated the hotel in its early days, says "a man could get a clean bed for 25 cents" in those days—"and a whole beef liver for five cents."

The Val Verde is the fourth of Del Rio's old frame hostleries to be dismantled. The other s were the Franks, Del Rio and Graf.

The entire family's welfare and disposition may well depend upon how well the farm kitchen is planned and used.

### U.N. Blood Bank in Korea

Members of the United Nations Secretariat in Korea were among the first to contribute to U.N. Blood Bank No. 406, operated by Red Cross volunteers. Two U.N. donors are shown here with Red Cross nurses watching their colleague make her contribution. The Blood Bank was organized last July in the space of six hours by 36 women of seven different nationalities to meet emergency needs.

### Household Helpers To Come Under Social Security Program In 1951

"Do You Have a Maid?" Not so very many households these days can answer yes, but those who do have a maid or any other household worker will need a copy of a brief booklet bearing that question as a title. John G. Hutton, manager of the Lubbock Social Security office, began distributing this booklet today. This colorful leaflet sets out, in a few sentences, just how the lady of the house, or any employer of domestic help in or around the home, may tell whether or not the worker is brought under the new social security law which becomes effective January 1.

The work of those regularly employed in private homes will be credited to social security and the employer will be responsible for reporting wages, along with social security taxes, to the collector of internal revenue. The title of the pamphlet does not stop with "Do You Have a Maid?", but continues "—or laundress?— a cook?— chauffeur?— gardener?" Any of these, or any other persons employed regularly for work in or around a private household may come under the new law, and Hutton urges their employers to request a free copy of the booklet.

A simple test in the booklet, in terms of amount of wages paid and regularity of employment, will tell whether a maid or cook or laundress will get the protection of so-

cial security — and whether the housewife should start making reports next year. If so, there's a postage-paid postal card in the government-issued booklet which the housewife should mail in for instructions.

Copies of the booklet are available at all post offices, or may be secured at offices of the collector of internal revenue. If you'll just call the social security office, telephone 4942, or drop us a post card, asking for the booklet, "Do You Have a Maid?" we'll send it to you by return mail. Address of the office is Social Security Administration, 1311 Texas Avenue, Lubbock, Texas.

The social security manager said he is arranging with women's groups to furnish supplies of the booklet for their members.

For the domestic worker's own information about her new social security protection, a special leaflet is available at the social security office. Hutton pointed out that regularly employed domestic workers will need a social security account number card after January 1, 1951.

The "Do You Have a Maid?" booklet does not apply to domestic work on farms operated for profit. Such work is covered by other provision in the new social security law.

## NEXT TO WORST

SOUTH BEND, Ind. — (AP)—Only one Notre Dame football team ever fared worse than the 1950 edition. The 1933 grid Irish dropped five games, compared with the four losses and a tie in nine contests for the recent eleven. In 1905 and 1928, Notre Dame lost four times.  
He quoted as follows:

## Fellowship Meeting Friday Evening

There is to be a Fellowship at the First Baptist Church, Littlefield, Friday, December 29, at 7:30 p.m. in the auditorium of the Educational building.

The Senior Department and the Young People's Department, including the students home from college and all our other young people of this age are invited and urged to attend.

## ONE MENTOR LEFT

PHILADELPHIA — (AP)—Only one National Basketball Association coach, Eddie Gottlieb of the Philadelphia Warriors, has remained with the same team during the five years the league has been in operation. Arnold Auerbach of the Boston Celtic has been with the league since its inception, but is with his trid team, having coached the Washington Capitols and the Tri-Cities Blackhawks before his current assignment.

## STORE STIRS DISPUTE

MILAN — (AP)—The construction of Europe's "most modern department store building" alongside Milan's famous cathedral del Duomo momentarily scandalized this land of architectural treasures. The controversy, raging from Milan street corners to the Italian Cabinet, is yet to be settled and may eventually reach the courts. All the fuss was caused by the clean lines of the leftwing of the new building only a few yards from the Gothic beauty of the cathedral on Milan's Piazza del Duomo.

## WARM UP FOR COTTON BOWL

This trio of University of Texas Longhorns accounted for much of Texas yardage gained during the football campaigns of 1950. Clearing the way for fullback Byron Townsend during a practice at Austin, Texas, Dec. 21 in preparation for the Cotton Bowl game with Tennessee Jan. 1 are All-Amerca guard Bud McFadin (left) and All-Southwest Conference tackle Ken Jackson. (AP Photo)

## ST. HELENA CRIME

LONDON — (AP)—St. Helena, Napoleon's place of exile, has just about reduced crime to the absolute minimum. A report from the South Atlantic Island said the average daily prison population in 1949 was one as compared with two the previous year. The island has a population of 4,664. Its main agricultural industry is the production of jorum hemp. A shortage of jobs exists, the report said. Cases in the small debts court rose from five in 1948 to 137 last year.

## Lions Skip Meeting Because Of Holiday

The regular meeting of the Littlefield Lions Club ordinarily held at noon Wednesday was cancelled this week because of the Christmas holidays. The meeting will be held on schedule next week, Douglas Howell, president, announced.

## BORDER ROAD PLANNED

SINGAPORE, Kashmir — (AP)—Pakistani-held Gilgit Agency, in northern Kashmir, and the north-west frontier province of Pakistan will be linked by a 375-mile motor road, according to information received here. The road will start in Hunza state, Gilgit Agency, and end at Peshawar, capital of the frontier province. A jeep road between Gilgit and Balakot, north-west frontier province, was constructed by the Pakistan army two years ago, but is blocked most of the year by snow.

## CUFFS PROVIDE EVIDENCE

GLENDALE Calif. — (AP)— Because he wore cuffs on his trousers because he wore cuffs on his trousers, a service station attendant faces a burglary charge. Police said he admitted entering the station where he is employed by means of a pass key and taking \$88. He then broke a window with a brick to make it appear that a burglary was committed. He was arrested later asleep in his car nearby on a drunk charge. While questioning him about the broken window, police noticed bits of shattered glass in his pants cuffs.

## ROUGH GAME

DETROIT — (AP)—End Dick Rifenburg of the Detroit Lions isn't sure that football is so much more rugged a sport than basketball. The Lion wingman completed his first year in pro football without a single injury. Then, after the season, he tried his hand at the cage game. Only seconds after the opening jump, Rifenburg was clouted across the eye by a stray elbow and had to retire. It was the worst injury he received all year.

## Each Agricultural Worker's Case Will Be Considered Separately Says Gov. Official

Emphasizing that the draft law provides no blanket deferment for farm workers, Brigadier General Paul L. Wakefield, state Selective Service director, declared today that local boards are required both by law and regulation to consider each agricultural worker's case individually, just as other men's cases are considered.

"A registrant's employment in industry or other occupation, service in office, or activity in study, research, or medical, scientific, or other endeavors shall be considered to be necessary to the maintenance of the national health, safety, or interest only when all of the following conditions exist:

General Wakefield said that regulations issued by the President provide for a deferred classification for farm workers only when the following conditions are met to the satisfaction of the local board:

1. The man must be "employed in the production for market of a substantial quantity of those agricultural commodities which are necessary to the maintenance of the national health, safety, or interest."

2. "The production for market of a substantial quantity of agricultural commodities should be measured in terms of the average annual production per farm worker which is marketed from a local average farm of the type under consideration. "The production of agricultural commodities for consumption by the worker and his family, or traded for subsistence purposes, should not be considered as production for market. Production which is in excess of that required for the subsistence of the farm families on the farm under consideration should be considered as production for market."

3. The removal of the registrant would cause a material loss of effectiveness in such activity."

The state draft director observed that "this still doesn't give the complete picture," and added that a man, to be eligible for farm deferment, must also meet the requirements in the section of the Selective Service regulations defining necessary employment.

General Wakefield stressed that deferments based on agricultural and other civilian occupations are not permanent. "They are issued for one year or less," he said, "and local boards have instructions to classify a registrant as available for service whenever the cause for his deferment ceases to exist."

He explained that the designation Class II-C is used to indicate those deferred because of agricultural occupation.

He explained that the designation Class II-C is used to indicate those deferred because of agricultural occupation.

## Persons Over Forty Should Have Checkup Says Health Officer

This is the time to plan for the New Year that is just around the corner, says Dr. Geo. W. Cox, State Health Officer.

This is the time for the person forty and over to take stock of the situation as far as he is concerned. The best way to prepare for a continuing happy life is to begin early. An important thing is the periodic check-up by your doctor. A health problem discovered early is always easier to correct. Prevention is the watchword. The principal foes of health to confront in the middle years are heart disease, cancer, high blood pressure, hardened arteries, diabetes and arthritis.

Heart disease is the leading cause of death. A person with a damaged heart should learn his limitations and not exceed them. Many persons with heart disease lead useful and productive lives by following their physician's instructions. Cancer is the second leading cause of death. Many types of cancer can either be cured or brought under control if found and diagnosed. This is another important reason why the periodic medical check-up is a "must."

Diabetes is a condition in which the body cannot use sugar. Did you have the Free Diabetes Test during "Diabetes Detective Week," November 12-18? If not, go to your physician now and have this test. Three of the diseases common to the after-forty group are concerned with the circulation of the blood. These are apoplexy, hardened arteries, and high blood pressure. You will want your physician to check your blood pressure.

A great deal can be done to arrest certain forms of arthritis. The person may be put on a special diet. The doctor may advise the removal of some hidden infections.

Information on prevention of these disabling diseases will be sent you on request. Let's plan to keep well during the New Year.

## Information For Veterans

### QUESTIONS AND ANSWERS

Q—I received my monthly subsistence allowance for GI Bill training, but the amount seems much larger than I usually get. What should I do with the check?

A—Don't cash it. Return it to the VA regional office which has your records, so that officials there can review your case to determine just how much subsistence you are entitled to.

Q—I plan to get a GI business loan to buy a truck and go into the trucking business. Do the new down payment requirements of the Federal Reserve Board's Regulation W apply to the loan?

A—No. VA guaranteed business loans are exempt from the down payment regulations.

Q—I have just been discharged for a service-connected disability incurred in Korean fighting. Am I entitled to VA hospital care, even though I am not a World War II veteran?

A—Yes. You may receive medical care for your service-connected disability, so long as you were discharged under conditions other than dishonorable.

Q—Would a veteran who lost a leg as a result of action in Korea be entitled to an automobile at Government expense?

A—No. Loss of the leg must have resulted from World War II service, under the present law.

**PERENNIAL** — Blue jeans and plaid cotton skirts remain the year-in, year-out favorite of school girls for leisure-time wear. Collegiennes and high schoolers like the casual, comfortable outfits for both playtime and study hours. This bold plaid cotton shirt with a new convertible collar was designed by Ship 'n Shore for wear with either jeans or skirts.

**VIRGINIA ADDS GLAMOR!** — The old oaken bucket gets a dash of glamor when lovely Virginia Mayo stops for a drink at the well. The blonde MGM star wears a becoming ballarina length fashion, with a full gathered skirt of starchy white pique. Fashion authorities report that pique is an important fabric in this season's cruise and resort designs.

**FASHION'S DARLING** — Black, fashion's darling every season, this year is a favorite in smart cotton velveteen suits like this sophisticated style designed by Horwitz and Duberman. Dark velveteen suits are popular with both career girls and collegiennes because they can be adapted to many occasions.

**CAR PRICES RISE** — SINGAPORE — (AP) — The present trade boom sweeping Malaya together with the shortage of new cars coming into this country is bringing higher prices for second-hand cars. Dealers say prices have risen from 10 to 12 per cent in recent weeks.

## Former Littlefield Man Badly Hurt In Motor Accident

Wiley Doyle Honea, former Littlefield man, now Tulla, was dangerously injured in a motor accident in New Mexico Tuesday morning in which one woman was killed and seven other persons were injured.

The dead woman is Mrs. Mozelle Fowler, 26, also of Tulla. The injured, taken to the Truth or Consequences hospital, were Mr. Honea, 25; his wife, Mrs. Lavada Honea, 24; their children, Henry, 6, Sonia, 5, Cynthia, 3, Juareta Ann, 2; and Jackie Fowler, 4, and Larry John Fowler, 9, Mrs. Fowler's sons. Attendants said Mr. and Mrs. Honea were in critical condition. All the others were described as seriously injured and in deep shock. Attendants said information as to specific injuries would not be available until the patients could be further examined.

State Officer E. A. Tafuya said the accident occurred on U. S. Highway 85 about 23 miles north of Truth or Consequences about 8:30 o'clock Tuesday morning, New Mexico time.

The Honea and Fowler families and Mr. and Mrs. Claude Cole, also of Tulla, were returning home in two automobiles after a Christmas visit with Mr. and Mrs. Doc Reeves of Truth or Consequences, parents of Mrs. Honea, Mrs. Fowler and Mrs. Cole.

## County Divorce Suits Show Slight Decline

Divorce cases filed in Lamb county in 1950 registered an almost imperceptible decline from the 1949 total, an even 100.

The total number seeking to dissolve their matrimonial bonds in the year now closing was 93 up to and including Wednesday.

## El Pasoan Is Guest At The Hilton Home

Miss Elizabeth Umay, of El Paso, was the guest of Mr. and Mrs. H. H. Hilton of 521 East First street Sunday, returning to the West Texas city Monday night.

## Palo Duro Park Attracts Many Through Holidays

CANYON, Tex. — Visitors from all parts of the Southwest are journeying to Palo Duro Canyon State Park during the holidays. Christmas lighting and a two-hour program of songs and music by top choirs of the region are the attractions. It is the second annual presentation of Christmas Tree Canyon. The event opened on December 15 and was improved each evening until the finishing night of this week. It will continue through January 1.

Seven large loudspeakers based almost a mile from El Coronado Lodge and some 1100 feet below the rim of the Canyon broadcast the tape recorded program. The West Texas A Capella Choir, the Wayland Baptist Choral, the Amarillo High School's Bel Canto and Aeolian Choirs, the Barbershop Chorus, the Carver Intermediate Choir, the Blackburn-Shaw Quartette, and an organ duet by Jay Thomas and Don Kennedy make up the program.

Log Campfires, Christmas scenes

## Temperatures Register Big Drop In Littlefield

From a high of 74 degrees reached at 4 p.m. Christmas day, the temperature in Littlefield went into a tailspin that dropped to 16 degrees at 8 a.m. Wednesday.

### LATE STARTER

EAST LANSING, Mich. — (AP) — John Benington, Michigan State's assistant basketball coach, was captain and star of the 1948-49 National Invitational champion University of San Francisco team, despite the fact he never played high school basketball. He was assigned to tech university while in military service and started playing the game there.

both man made and natural, Christmas lighting and free coffee down in the Canyon, are all a part of the event. Visitors have been highly enthusiastic about the program, and the park's register shows several southwestern states represented.

The usual small park admission fee is the only charge made.

## Lutheran Church To Hold Service New Year's Eve

The last Sunday year will strike a note for the worship manual Lutheran Church 11 a.m. hour of worship. A call to sins and wrongs and sins of indifference so much the cause of ills and troubles will emphasize. More than land, America, and here, needs repentance. The latter can also to a disturbed world.

New Year's Eve, 7:30 p.m. will mark of worship at Emma's. Preparation for Christmas return will be at the message. Holy Communion will be celebrated. After the service, the young people social gathering in basement.

Beginning the new Lord will be the official New Year's service at 10:00 a.m. Welcome all!

## People You Know

Mr. and Mrs. W. P. Kirk observed their golden wedding anniversary with open house.

Mr. and Mrs. L. M. McCoy and Dwayne, of Spade, spent Christmas Day in the home of Mr. and Mrs. W. P. Kirk of Littlefield.

Jay Zed Robinson, little son of Mr. and Mrs. Jimmie Zed Robinson, is on the sick list.

Mrs. O. K. Yantis had the pleasure of talking to her sister, Mrs. Harrell, the former Geraldine Robinson, at Tachikawa, Japan, recently. Mrs. Yantis says her sister's words seemed rolled together, but Mrs. Harrell could hear Mrs. Yantis real well.

The condition of Mrs. J. M. Blessing, who is suffering from arthritis, is about the same. She is confined to her bed and is very ill.

Mr. and Mrs. Jodye Jones spent the Christmas holidays at Waco with her parents, Mr. and Mrs. Oglesby. They returned to Littlefield Tuesday.

Mr. and Mrs. Pryor Hammons and daughter, Elizabeth Ann, arrived Wednesday of last week to spend the holidays with his parents, Mr. and Mrs. Pryor Hammons, Sr., and Mr. and Mrs. Glover.

J. D. Horton, who has been a patient of the Payne-Shotwell Foundation for the past month following surgery, has recovered nicely and was released from the hospital Saturday.

Mrs. John Blair was admitted to the Payne-Shotwell Foundation with a severe cold late Wednesday night of last week, and spent the Christmas holidays in the hospital.

Mrs. L. M. McCoy of Port Neches, Texas, returned to Littlefield Monday.

Mrs. L. M. McCoy of Port Neches, Texas, returned to Littlefield Monday.

Dr. and Mrs. I. T. Shottell, Jr., left Saturday morning for Jacksonville, Texas, to spend the holidays with her parents, Mr. and Mrs. G. W. Gibson. They expect to remain there until after New Year's.

Mr. and Mrs. Aubrey Brown left Saturday for Hot Springs, N. M., to spend Christmas with Mr. and Mrs. Val Gene Ebeling.

Mrs. M. C. Street, Jr., and two-week-old daughter, Vickie Sue, were admitted to the Littlefield Hospital Saturday for medical treatment. Little Vickie Sue is only two weeks old.

Mr. and Mrs. George McKelvy and family of Odessa, Mr. and Mrs. Gene Bass and family of Dallas, and Mr. and Mrs. W. W. Turner and family of Levelland, all arrived Sunday to spend the Christmas week end in the home of Mr. and Mrs. W. E. Bass. Mrs. McKelvy, Mrs. Turner and Gene Bass are children of W. E. Bass.

Mrs. J. L. Pate of Lubbock, mother of Mrs. Ernest Brock, suffered a ruptured vein vessel in her head and has been ill in bed for the past three weeks. Mr. and Mrs. Brock visited her parents at Lubbock Friday night and reports her mother was some better.

Mr. and Mrs. Curtis Harkey and son, Ronnie, arrived Friday to spend Christmas with his parents, Mr. and Mrs. Newt Harkey.

Mr. and Mrs. Jack Johnson of Muleshoe and Mr. and Mrs. Jimmy Jones of Lubbock spent Christmas

in the home of Mr. and Mrs. Archie Brown at Spade. Mrs. Brown is a sister of Mrs. Johnson and Mrs. Jones.

Mr. and Mrs. "Dutch" Higgins left Sunday to spend Christmas with Mrs. Higgins' mother, Mrs. T. B. Sledge, at Mellington. They returned to Littlefield Tuesday.

Mrs. Helen Rogers and her daughter, Virginia, of Denver, Colo., arrived Thursday to spend the Christmas holidays with her mother, Mrs. E. A. Logan.

Mrs. H. C. Thornton spent Christmas with her mother at Wichita Falls.

Pvt. Glynell McCary, who is stationed at Fort Frances, Wyo., with the ground crew of the Air Force, arrived home Saturday morning, and will remain here until January 1.

Mr. and Mrs. U. D. Walker left Saturday to spend the holidays with her mother, Mrs. J. W. Stapleton.

at Seminole, Okla., returning Monday.

Mr. and Mrs. Charles Byler of Elk City, Okla., arrived Saturday to spend the week end with Mr. and Mrs. Fred Sevier.

Lester E. Orr of the U. S. Navy, and son of Mrs. Don Massey, who has been in Korea, arrived in San Francisco Friday. He had expected to come home immediately, but his leave was cancelled. However, he advises his mother that he will get a leave January 12, and will then come home.

Miss June Jones, student of Denton College, arrived home Wednesday of last week to spend the Christmas holidays.

Billy Don Burk, 16 months old son of Dr. and Mrs. Glenn Burk, was released from the Payne-Shotwell Hospital Saturday after being a patient since the previous Tuesday, suffering from a stomach disorder.

Mr. and Mrs. Don Roberson of Hereford visited in the home of her parents, Mr. and Mrs. Bill Allen, over the Christmas week end. Mrs. Roberson is the former Miss Nancy Allen.

The C. T. Capel family of Rt. 2, Littlefield, are spending the winter on the coast, and have moved to Aransas Pass, Texas.

Mr. and Mrs. Bernard Collins of Midland, Mr. and Mrs. Willett Smith of Waxachie, Texas, and Mr. and Mrs. Eldsel Hawk of Sweetwater spent the Christmas week end in the home of Mrs. Charles Hawk, and other relatives here.

Mrs. R. D. West left Sunday for Tulsa, Okla. to visit her son and daughter-in-law, Mr. and Mrs. Kenneth D. West. She will return to Littlefield Friday.

If you've steamed, boiled or pressure-cooked a duck without browning the bird first, you can use the duck fat in muffins, biscuits, pastry, sauces, and spicy cookies.

## She Tells How Hadacol So Helpful To Her

Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin  
or System Lacked

—elements so vital to help maintain good health and physical fitness.

**Why These Vitamins and Minerals Come in Liquid Form**

There's a very good reason why HADACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

**Don't Be A 'Doubting Thomas'**

After reading Mrs. Adele's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Niacin?

What HADACOL did for Mrs. Adele, it can do for you if you're troubled with aches and pains in the shoulders, legs, and arms, certain nervous disturbances, insomnia when due to an upset stomach, stomach distress and a general run-down weakened condition due to such deficiencies.

So what are you waiting for? Don't you see that HADACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately!

**Sold On A Strict Money-Back Guarantee**

HADACOL even helps build up the hemoglobin content of your blood (when iron is needed) to course through your body, carrying these great health-building elements to every body organ. No wonder HADACOL helps you feel wonderful!

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close at hand as your nearest drugstore if you suffer a deficiency of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron. This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size, \$3.50. If your drugstore does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana.

**GOING - GOING -**

*last call for these bargains!*

We think we ought to warn you—time's running out on your chance to buy a Buick at 1950 prices. So you'd better take a careful look at our prices—and what they'll buy.

They'll buy the thrill of swift, smooth, spirited travel—and trigger-quick power so mighty that few Buick owners have ever pressed it to the limit.

They'll buy sparkling style, spacious comfort and the durable, dependable, time-tested quality for which Buicks are famous.

And when you check what you get for what you pay, you'll make this discovery.

On a pounds-per-dollar basis—which is the engineers' yardstick of bedrock value—no other cars of comparable dimensions can beat a Buick SPECIAL, SUPER or ROADMASTER.

Or to be more specific—Buick's straight-eight SPECIAL is priced like a six—and in the ROADMASTER "price class" you can pay 23% or more than you'll pay for this great automobile.

But remember: Our supply of these bargains is limited—so you'd better come in now and see what we have on hand.

**Only BUICK has Dynaflo Drive® and with it goes:**

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.)

NEW-PATTERN STYLING, with MULTI-GUARD front-end, taper-through fenders, "double bubble" taillights

WIDE-ANGLE VISIBILITY, close-up road view both forward and back

TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius

EXTRA-WIDE SEATS cradled between the axles

SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube

WIDE ARRAY OF MODELS with Body by Fisher

\*Standard on ROADMASTER, optional on extra coat on SUPER and SPECIAL models.

WHATEVER YOUR PRICE RANGE **Better Buy Buick-Now!**

Time is HENRY J. TAYLOR, ABC Network, every Monday evening. WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM
