Turkey And Bean Supper Is Success

Last Monday night both forces of a protracted membership drive that has been in progress since last November reached a climax awaiting the final results. And to learn which group won out and would feast on the luscious turkey prepared for the winners. Not until the final minute preparatory was the result revealed and the list of paid up members read to those present. For the benefit of those in particular who were absent and eligible to attend this means of communication brings to you the fact that the REDS, or BOLSHEVICKS, Captained by V. N. Burleson were declared the winners by exceeding the Whites with ten memberships to the good.

A short business meeting was observed just preceding the feed. The post voted favorable on the initiation idea to be carried out for the remainder of the year. A committee composed of three, will have charge of all new members who are received from now on and will be in line for the ceremonies used. Due notice will be given when such meetings will include initiations.

A CALL TO PUBLIC SPIRITED CITIZENS

The work of compiling material from the counties of this district to go into the American Guide, a project being sponsored by the professional and service projects division of the WPA is a matter of vital importance to every public spirited citizen of this section.

When the "writers guide" is completed it will contain five regional volumes arranged by states, cities and counties in the United States and the facts appearing under each city or section depend largely on the work each individual community puts forth in securing the information for the supervisors.

The progress being made by this immediate section is being watched with much interest by interested individuals throughout the nation; and, because of the vast possibilities this section offers, because of its marvelous record as a diversified farming center, facts concerning this section of the South Plains should go into this authoritative record.

Because this work is a WPA project only a limited number of people can be employed, so it rests with the people of this section to see that the supervisors of this district are given all available facts concerning the development this section has made, the opportunities it offers and all historical happenings of importance in this locality.

Enochs Lady Installs Irrigation System For Garden At Small Cost

"We know what sub-irrigation will do so that is why we have made enough tile for the whole garden this year," said Mrs. G. P. Howell,

cooperator in the Enoch's Home Demonstration club in Bailey county.

Two years ago, Mr. Howell laid 795 foot which sub-irrigates every shrub in the yard. He used old worn out pipe and cut a hole every 12 inches. Mr. and Mrs. Howell made 2,000 foot of additional tile this spring for one and one-half cents per foot.

Information Concerning Lamb County Is Being Compiled For Guide Book

COOPERATION IS SOUGHT TO GATHER EVENTS OF INTEREST

Guide Will Be Standard Authoritative Work Of Its Kind

Miss Dess Key, supervisor of the Works Progress Project in this district which will gather material concerning the 15 counties in this district to go into the American Guide, was in Littlefield the latter part of last week arranging for facts of interest pertaining to Lamb county.

The work is one of the Federal Writers' projects which is sponsored by the professional and service projects division of the WPA. Nine paid workers are being employed to compile the material from this district.

Miss Key urged persons who have information of interest concerning this county or section to make a written report of the data. The reports may be mailed to the Lamb County Leader and they will be turned over to Miss Key.

The information is intended to be of service to all private tour agencies, public carriers, local and national associations having to do with the conservation of historic monuments and natural beauties, chambers of commerce and civic bodies, recreational clubs and societies and all enterprises, public and private, which minister to the varied interests of the general public, Miss Key declared.

According to the Federal Writers' manual, the American Guide, for which the material is being gathered, will be published in five regional volumes and is designed to meet the need of a comprehensive guide to the United States, arranged by states, cities and counties.

The material will include: information that is not now readily available or is scattered in various sources; an understanding of the native and folk backgrounds of rural localities, and a convenient and compact series of reference books.

As by-products of the guide, material will be deposited in the states and local districts for state and local guides. To make the American Guide the standard authoritative work of its kind, it will be necessary to have the enthusiasm and cooperation of local citizens, Miss Key stated.

Prominent Local Men And Salvation Army Organize Here

At a meeting held last Friday in the City Hall problems were discussed for the needs of a charity organization which would take care of the local relief and charity problems.

With assistance of Salvation Army officials of Lubbock and several local men and women an organization similar to that of a Community Chest was organized, which will function through donations and contributions made and solicitations by the Salvation Army.

Local men were appointed as officials and are as follows: Dr. Ira E. Woods, president; Pat Boone, vice-

president; Mrs. F. O. Boies, secretary-treasurer; L. R. Crockett, A. B. Sanders, W. D. T. Storey and Mrs. W. H. Gardner were appointed on the staff as officials.

The next meeting of the organization will be held on Tuesday, March 3, at the City hall, after which meetings will be held twice every week.

Such an organization of this nature is one that is welcome and will go a long way towards lifting the burden of the few individuals and firms that are regularly asked for donations by those in dire need.

The proper treatment for a bilious child

THREE STEPS TO RELIEVING CONSTIPATION

A cleansing dose today; a smaller quantity tomorrow; less each time, until bowels need no help at all.

ANY mother knows the reason when her child stops playing, eats little, is hard to manage. Constipation. But what a pity so few know the sensible way to set things right!

The ordinary laxatives, of even ordinary strength, destroy all hopes of restoring regularity. A liquid laxative is the answer, mothers. The answer to all your worries over constipation. A liquid can be measured. The dose can be exactly suited to any age or need. Just reduce the dose each time, until the bowels are moving of their own accord and need no help.

This treatment will succeed with any child and with any adult.

Doctors use a liquid laxative. Hospitals use the liquid form. If it is best for their use, it is best for home use. The liquid laxative they generally use is Dr. Caldwell's Syrup Pepsin. Any druggist has it.

is subject to both the normal tax and the surtax.

Husband and wife may elect each year whether to file a joint return or separate returns. Where, however, joint or separate returns have been filed for a particular year, neither husband nor wife may after the due date of the return file an amended return or returns on a different basis for that year.

VERY LATEST
By Patricia Dow

The pattern, in sizes: 14, 16, 18, and 20; 32, 34, 36, 38, 40 and 42, gives complete and detailed step by step sewing instructions. Size 16 requires 3 7-8 yards of 35 inch fabric, plus 1-2 yard contrast.

PATTERN 8698: Simple enough to make in an hour or two, yet smart enough to enliven your days at home, this smart morning frock will flatter you even "before breakfast." Utterly simple in design, it nevertheless has its good points, particularly those of the matching collar and cuffs. A narrow panel all the way down the front ends in an inverted pleat to provide the necessary fullness. One or two pockets, as you prefer, and a self-fabric or novelty belt, also as you choose. Make it of any washable, wearable cotton with touches of contrast in the collar and cuffs and bright buttons.

For **PATTERN**, send 15 cents in coin (for each pattern desired), your **NAME, ADDRESS, STYLE NUMBER** and **SIZE** to Patricia Dow, Lamb County Leader Pattern Dept., 115 Fifth Avenue, Brooklyn, N. Y.

Don't Guess But Know

Whether the "Pain" Remedy You Use is **SAFE?**

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

THE person to ask whether the preparation you or your family are taking for the relief of headaches is **SAFE** to use regularly is your family doctor. Ask him particularly about **Genuine BAYER ASPIRIN**.

He will tell you that before the discovery of Bayer Aspirin most "pain" remedies were advised against by physicians. Had for the stomach and, often, for the heart. Which is food for thought if you seek quick, safe relief.

Scientists rate Bayer Aspirin among the **fastest methods yet discovered** for the relief of headaches and the pains of rheumatism, neuritis and neuralgia. And the experience of millions of users has proved it safe for the average person to use regularly. In your own interest remember this.

You can get **Genuine Bayer Aspirin** at any drug store—simply by asking for it by its full name, **BAYER ASPIRIN**. Make it a point to do this—and see that you get what you want.

Mrs. Pat Boone Hostess To Lydian Circle, February 17

The Lydian circle of the W. M. U. met at the home of Mrs. Pat Boone on Monday, February 17.

Devotionals were led by Mrs. L. Howard, following a Bible study of "Jerusalem" with Mesdames Heathman, Killough and Boone taking active parts in the program.

Littlefield H. D. Club Meet

"The best school lunch I ever had when a child, was home cured ham sandwiches, baked sweet potatoes and sugar pie," said Mrs. M. W. Brewer when she answered roll call at the H. D. Club in the home of Mrs. Ray Spann at 2:30 p. m. on February 20.

The lesson on school lunches was given by Mrs. Lichte and Brewer. The first thing, select a lunch box which can be easily and thoroughly cleaned, pack food carefully, cover jars with tightly fitting lids and wrap other foods to keep them fresh and to prevent one flavor from mixing with another. Choose a variety of foods and avoid too much repetition.

Include one hot dish each day in cool weather and occasionally in warm weather, a thermos container will assure this.

Be sure to have something from each of the food groups. Building foods, fuel foods and regulating foods.

The standard club rules were adopted for the year. Mrs. Carl Lambert was elected assistant reporter.

The next lesson will be making the tree grow, and will be given at the home of Mrs. D. S. Gregory at 2:30 p. m., Thursday, March 5th. Each one is asked to answer roll call with, "My Favorite Tree." We had 4 new members, Mesdames M. G. Vinther, W. A. Dunnagan, A. D. Vandagriff and S. A. Banks and the following old members present: Mesdames D. S. Gregory, V. H. Matthews, L. L. Masengill, O. G. Lichte, Roy Byers, H. N. West, W. Spires, M. W. Brewer, John Rosberry, T. R. Snapp, Bell Dow, Carl Lambert, Haynie Lollis and Roy Spann the hostess.

Everyone interested in the lesson is cordially invited to attend.

Promenade—
(Continued from Story Page)

was finished, she put it on again. By the tenth time it was getting a little boring. An hour later the man stumbled out of the cabin. Still the victrola went on.
Miss Mudge was desperately tired. The girl must be mad. Sitting up in bed, she knocked hesitantly on the wall, but there was no reply, except the clinking of ice in a glass. Seven o'clock and the music still went on, like a tireless hurdy-gurdy.
Worn out, Miss Mudge fell asleep at last. A noise awakened her at ten. The victrola was grinding the same refrain. At last she was angry; she would stand no more. She thumped loudly on the wall. The music whirred to a slow stop. Miss Foster flopped noisily on her bed.

Jenny was in a light-hearted mood when the Marenia anchored off Pakman in a thick haze. Her mind was no longer locked in high tension, and she talked with delicate animation. For three days Peter had been his old tender self. So far as she knew, he had seen nothing of Clare. Going ashore, she wore a gray flowered frock of poppy silk and a wide straw hat.
"I'm happy today, Peter," she announced.

"Why are you happy, Jenny?" His gaze was on her suddenly, cool and searching. He caught her hand, turned it over and kissed the cupped palm. Jenny did not answer.
Peter brought out his cigarette-case, a flat gold one, with his initials engraved in the corner. Jenny had always admired it, and she felt sure that there was a story connected with it, for he seemed to prize it more than any other thing he possessed. He took out a cigarette, flipped the case over to her, and remarked: "Put it in your bag, Jenny."

"Why?"
"Merely because I want you to. It's something I'm extraordinarily fond of. Don't forget that."
"You must expect to have your pockets picked in Bangkok."
"Perhaps I do."
He smiled and she dropped it into her bag.

Leaving the train at Bangkok, they drove past trim white houses and through immaculate streets.
They boarded a launch and sailed up the Menam to the king's palace, slowly approaching the wats that cluster around it. The scene seemed to Jenny to have sprung full blown from the pages of Hans Andersen. They walked past the devas, giant grotesques intended to frighten away the devils.
"I think when we choose our home in England, I should like a deva to guard my door," said Jenny, laughing at the spiked monsters.
They wandered through the courtyards of the compound, Jenny's face alight with interest. Peter was silent. She had rarely seen him look so handsome.

"It's nearly twelve o'clock," he remarked, twisting his elbow to look at his wrist watch.
"As if time mattered in the least! I feel that this is a spot where hours have no meaning."
They went into the temple that held the Emerald Buddha. It was like going into a dark cave filled with green water. For several minutes they could see nothing but a filtered jade mist, for the sun was still in their eyes. Jenny leaned on her parasol and rested.
"Jenny darling!" said Peter, urgently.

"Yes?" She swung around in response to something in his voice. He touched her hand and whispered: "It's nothing. It doesn't matter, but you're very helpless aren't you, dear?"
She noticed that he looked a little strained, and that his hands were shaking.
"Without you, I should be, Peter."

CHOKING YOUR ENGINE
burns up gasoline
5 to 15 TIMES FASTER

Phillips 66

INSTANT FLOW
prevents winter damage to motors

The first few minutes of motor operation in cold weather are crucial. If the oil in the crankcase is stiff or sluggish, your motor is subject to excessive friction, ages fast, gets loose and noisy.

Protect your motor car investment with instant-flowing Phillips 66 Motor Oil. It is absolutely our finest quality, 100% pure paraffin base. Practically free of carbon. Guaranteed to remain perfectly fluid at temperatures 50° below freezing.

Phillips 66 MOTOR OIL 30^{wt.}
In cans... refinery-sealed

Here's a fact so important to your pocketbook that we repeat it in bold-face type:

While the choke is out, your gasoline is being consumed 5 to 15 times faster than normal.

Hence the biggest everyday saving you can make in your gasoline bill is to use a motor fuel which requires the least possible choke... which starts cold motors instantly and warms them up fast, even in freezing weather.

And that is a perfect description of Phillips 66 Poly Gas—the extra high test gasoline which costs nothing extra.

Into every drop of this livelier gasoline, the scientific POLYMERIZATION process crams an added supply of heat units. These extra B.T.U.'s—as engineers call them—blaze into action with split-second speed. They humor cold motors. Warm them up so fast that coughing and sputtering are practically eliminated. Improve acceleration and power. And with the aid of Tetra-Ethyl Lead, make carbon and compression knocks fade right out of the picture.

Why not save the drain on your battery and gas tank? Treat your car and your purse to the quickest winter starting and the longest winter mileage you've ever had. Get a trial tankful of Phillips 66 Poly Gas... GO EASY ON THE CHOKE... then just feel that difference.

INDIANS WHO ROLLED IN THE SNOW—

Urged on by their Medicine Men, stricken Indians of long-vanished tribes "treated" themselves by rolling in snow and ice. Hopefully, but futilely, they tried to drive from their bodies the "devil" that made them sick.

Now instead of Medicine Men, we have Men of Medicine. Their prescriptions call for drugs, not superstition. That's why we carry over 1000 different drugs, and a registered pharmacist to compound them. Have your doctor phone us your prescription and it will be delivered to your home without delay.

CORRECTION

Editor, Lamb County Leader:
In my announcement for County Judge last week, your printer made me say that I was formerly the County Judge of "the county which was the birthplace and home of the great governors of this state," whereas it should have read, "the birthplace and home of two great governors."

I would not have your readers believe that I think that Cherokee county has furnished all of the great governors. Texas has had many great governors, and the people will honor their memory as long as duty has a devotee and truth a sacred shrine, Hogg and Campbell are just two of them.

it looks that way. Did you notice the boat slow down in the middle of the night at Friday?" "No, I was probably sound asleep." "That was to bury a member of the crew who died of malaria. And when we leave Cayton we must slow down again to tow a wreath out at the spot where one of the cruise men was buried last year. He ate some bad food in India." Patsy shuddered. It had not occurred to her that the Marengo was anything but a peaceful pleasure boat.

reading Conrad's Typhoon, given her by the chief officer. She was silent at the end of another gala night. He had danced with her three times and sat on her lap. Every night was gala night on the Marengo, particularly since she had met Mr. Charlton, the first officer. She lowered her book and deliriously thought of the full excitement of her thoughts of Mr. Charlton. However, Miss Foster was making whoopee again. She had learned "making whoopee" from some of her gay companions, and she liked the sound of it now. It was so unlike Chotta. Mr. Charlton ceased with laughter every time she said it. Some nights, things were rather quiet next door, with only one man in the room and nothing much in the way of noise, except a clinking of glasses and an occasional burst of laughter. There must be a party going on tonight. She could hear the voices of at least four different men, and their voices seemed to be feeling gay. Miss Mudge wondered what it

Nervous, Weak Woman Soon All Right "I had regular shaking spells from nervousness," writes Mrs. Cora Sanders, of Paragould, Ark. "I was all run-down and cramped at my time until I would have to go to bed. After my first bottle of Cardui, I was better. I kept taking Cardui and soon I was all right. The shaking quit and I did not cramp. I felt worlds better. I gave Cardui to my daughter who was in about the same condition and she was soon all right." Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

IF IT WASN'T FOR YOU

(Dedicated to Almata Edwards)
 Little gal, if it wasn't for you,
 What on earth would high school do?
 In your studies you are large and you are not small,
 But in the game for L. H. S. you mean it all,
 We all hate to see you go away,
 Why Cheezy, we will miss you so on the night we play,
 I wonder if you'll think of old L. H. S. and the fun you've had,
 When you think about leaving don't you feel sort of bad,
 Of course some time we all have to part,
 So goodbye Cheezy, and keep for us a place in your heart.
 —Lela Faye Walker.

First Line of Defense

Our drugs are always fresh, pure, and perfectly stored by us.

The battle for life is waged in a thousand ways. Men struggle for existence in overalls and uniform and custom tailored clothes. Women fight to maintain their homes and social positions. Doctors pit themselves against death and win, these days more often than not. But the first line in defense is an inanimate thing, a little box in every bath room, a medicine chest. Keep the army of defenders ready and able to fight for you and your family.

Pat Cranford and Audie Chandler were assessed a five year sentence in the state penitentiary on charges of robbery with fire arms in connection with the robbery of the Peters rooming house in Littlefield several weeks ago.

Marvin Stubblefield and Clint Dyer were sentenced to two years in the state pen on charges of burglary of a Sudan store.

B. F. Earley drew two years in the penitentiary on charges of grain theft near Sudan.

The only bill returned by the grand jury this week was against B. R. Steddum charged with forgery.

Attend Funeral Of Okla. Attack Victim

Mr. and Mrs. Earnest Brock and son, Luther Stephens, and J. L. Pate of Lubbock, returned Tuesday from Mangum, Oklahoma, where they attended the funeral of Alice Othello Wilson, six years old, a niece of

Mr. Pate, who died after brutal beating by a negro.

The girl's mother, Mrs. Aliee Wilson, 31, who also was beaten by the negro is in a critical condition in a Mangum hospital with little hopes of her recovery.

Both Mrs. Wilson and the girl sustained severe head injuries when a negro entered the Wilson home near Mangum last Thursday apparently with robbery as his motive. Their heads were crushed with a heavy pickax and iron skillet wielded by the negro.

A negro suspect of the crime was shot to death by a posse of 300 near Blair, Oklahoma, at noon Friday.

Both Mr. Pate, an uncle of the victims, and Mrs. Brock, a cousin, are well known here.

Home Demonstration Notes

AN INSIDE PANTRY AND INSIDE THE PANTRY

"We are going to build our pantry in the house," says Mrs. E. L. Yarbrough, Home Fruit Plot Demonstrator for the Blue Bonnet Home Demonstration club.

The pantry will be located so it will not have an outside wall, and will have double walls allowing a space between to be filled with cotton seed hulls for insulation. Food stored in such a pantry will not only be safe from excessive heat and cold but will be convenient.

Mrs. Yarbrough, with the help of her husband, plans to fill her complete canning budget and store in this pantry. She also plans to put out a home orchard to provide fruit for the family.

LIVE AT HOME

"I want you to tell me everything I need to do to make this a good demonstration," Mrs. Millard Phillips, Home Fruit Plot Demonstrator of the Westbrook Home Demonstration club, told Miss Bernice Westbrook, County H. D. agent.

Mrs. Phillips with the help of her husband, plans to produce and conserve a sufficient amount of food to serve the family of six balanced meals during the non-productive months as well as during the summer and fall. Such a plan includes 175 feet of potatoes, 150 feet of tomatoes, 150 feet leafy, green and yellow vegetables, and 125 feet of miscellaneous vegetables for each member of the family, besides at least a one-half acre fruit plot.

ORCHARD USED AS SCREEN

"We are going to use the plot of land between the house and barn for an orchard," says Mrs. Doris White, Home Fruit Plot Cooperator for the Olton Home Demonstration club.

Mr. and Mrs. White will locate the trees and grape trellises so that they will serve as a screen to conceal the barn and out buildings as well as supply the family with fruit to use fresh and to can.

Let's get straight to the point about your winter gasoline

In plain words it's old-fashioned to have winter starting troubles. (You needn't admit anything in company—because lots of people don't know there is hard starting any more.) But get a neighbor off to one side. Chances are he's an old regular on Winter Blend Conoco Bronze, or he is one of the thousands and thousands who changed to it these recent cold months. See if he doesn't say almost these words: "You always start up on Conoco Bronze; you start, that's all. No weather yet, around here, seems to make any difference. Maybe your car isn't new, but this stuff starts. You or I don't know how any gasoline is made, no matter what we're told. But when you don't have to grind the starter and pray for your battery, nor keep on choking and choking, then you know you've got what you want. And they don't have to tell you any more about Conoco Bronze than the way it starts, as long as you know it does." Continental Oil Company, Established 1875

Continental Again Proves Its Faith In Newspaper Ads

Ponca City, Okla., Feb. 27—During 1936 Continental Oil company will spend nearly 75 per cent of its total consumer advertising appropriation for newspaper space, it was announced here today by Wesley L. Nunn, advertising manager.

Nunn also stated that the Leader has been selected to carry Conoco advertising this year, and that his company has again approved one of the largest sales promotion budgets in its history.

"Continental's faith in the dividend earning power of newspaper advertising is founded upon sales increases directly traceable to this medium," said Nunn. "Last year, for example, there was a marked improvement in company earnings, despite excessive gasoline taxes and other adverse factors. Sales of Conoco Gorm Processed Motor Oil also reached an all-time high.

"Business is definitely on the up-grade. And we are confident that aggressive newspaper advertising, quality products and a high standard of service will make this the most outstanding year in our history."

CHURCHES

FIRST BAPTIST REVIVAL MAKES GOOD PROGRESS

With a goodly number of conversions, reclamations and additions to the church, the revival meeting in the First Baptist church, in which Rev. C. Y. Dossey, evangelist, is leading, continues to make progress, with pleasing results.

Large and growing crowds have been in attendance upon the services and have evinced much interest and appreciation for the convincing and powerful sermons, preached by Rev. Dossey.

Subjects which remain to be preached for the week are as follows:

Thursday night — "The Horse Race."

Friday night — "The Prodigal Son."

Saturday night — "Who Will Be Responsible for Every Lost Soul that Goes to Hell from Littlefield."

Sunday morning — "The Three Fold Secret of the Great Life of Moses."

Sunday night — "The Last Call."

At the close of the night service Friday, a Baptismal service will be observed.

METHODIST CHURCH

John Witt Hendrix, Pastor

"Christ's Supreme Compliment," will be the subject of the morning sermon. The choir will offer as its part in the worship, well selected and appropriate hymns. The service will be worth your while.

The church school will meet at 9:45 a. m. A class of interesting individuals for each attendant.

For the evening hour: The Young People will have their worship period at 6:45. The group is employed in some fine work, also making ready for a union service of all the young people in this section of churches, soon to meet in this church.

At 7, the pastor will continue his lecture course—7 to 7:30. The lectures are based on a book, "Methodist Vitalized," written by four of its leading bishops. A very large class enjoyed this period last Sunday evening. Suppose you try it out. You might profit by it.

Inasmuch as the Baptist are in the midst of a revival we dismiss so our people may attend. We have greatly enjoyed the plain, straightforward, pointed preaching of Bro. Dossey. We feel that all our people who have attended have greatly profited thereby.
