WIN OUT IN RAIL

Senator Duggan Testifies Before State Railroad Commission

The state railroad commission has continued in effect its emergency order setting rates for car load shipments of cotton. The car load rates 20." were prescribed as an emergency measure August 7.

The order making them permanent became effective at 12:01 a. m. Tuesday and will continue until July 31, next. The permanent rates were identical, with few exceptions, with the emergency rates.

The decision of the State Railroad commission was in line with action asked by the South Plains Freight Rate association, which organization contended that any reduction in freight rates on uncompressed cotton would cause the closing down of interior compresses to the advantage of Gulf ports interests.

Atchison Cuts Debt And Tax Rate

While the depression has crowded many American towns to the brink of bankruptey, Atchison, Kansas (population 13,000) has kept on a cash basis throughout, and in the past twelve years has cut its bonded debt seventy per cent and its tax rate thirty-five per cent.

The reason, according to Ed. W. Howe, founder of the "Atchison Daily Globe," who writes in the current Rotarian magazine, is simply a determination by Atchison business men that their city be run like a business. This has led to the commission-manager form of government with three business men as commissioners. They appoint a city manager as they would hire a general manager for their own businesses.

"Although it has been said bustness men will not consent to accept office, and that citizens will not support them," says the veteran news paperman, "this did not turn out to be true in Atchison. During the twelve years since the commissionmanager form was adopted, one commissioner has been elected four times, another died after serving five years, and one resigned after serving ten years. The two appointed to fill the vacancies are still serving. All have continuously been really excellent men.

"The new plan was successful from the start: the commissioners inheritengaged in completing the last link of ed an old bonded indebtedness of \$1,260,000, and paid it all off except \$180,000,"

Chevrolet Reports **Business Exceeds** Expectations

"Business, on the average throughout the country, not only continues good for the late summer months, but in many places is actually far above expectations," said H. J. Klingler, vice president and general manager of the Chevrolet Motor Company, after he had read some thirtyor forty telegrams sent him in re-Rubber Company, in the Rotarian sponse to a query for a brief report on up-to-the-minute conditions from zone executives and dealers.

"The most encouraging note in the telegrams," continued Mr. Klingler, "is the cross-country improvement and rising happiness. We expected good news from the larger centers of population, but in additions we got enthusiastic messages from the great farming regions and evidence of brighter times in the eastern coal disrticts where things have been slow for a long time."

Nine Paving Jobs To Be Let Sept. 18

Nine paving construction jobs in the South Plains district are to be let by the State Highway commission September 18, adistrict resident englneers have announced.

Grading and drainage contracts to be let are as follows: Highway corner of Lynn county between Lub bock and Garza county lines; Highway 9 in Swisher county from Tulia to the Hale county line; Highway 7 corner Hockley county between Lubbock and Lamb County lines, all of Lamb, Bailey and Parmer counties.

This will include the grading of the strip of Highway No. 7, from the Lubbock county line through to the New Mexico line, with the exception of Parmer county, where right-of-way on No. 7 has not entirely been se-

cured, every project is practically assured, Mr. Johnston said.

Another job is the surfacing on Highway 24 from Lubbock to Idalou.

Work on Highway 24 from Idalou to the Crosby county line is expected sculpture than in family dinner to be started within a few days, Mr. Johnston said. This contract was let ecently to Cocke & Braden.

Funds from the highway depart-ment will be matched with federal works fund in paying for the high-way projects, Mr. Johnston added.

"Another Language" To Be Shown At Palace Theatre

Helen Hayes and Robert Montgomery are co-starred in "Another Language," filmed by Metro-Goldwyn Mayer from the Rose Franken stage success which ran for more than a year on Broadway. The picture will be shown at the Palace Theatre starting Saturday midnight, and cintinuing through Sunday and Monday.

As a play, "Another Language" ly-drama to reach Broadway in several years. Its story concerns the oppressive effect of a middle-class family upon the happiness of a young girl who marries into it, a stranger to the customs of the house- Prominent parts are also played hold. Proud and glad to do our part"

TTH President Roosevelt's acceptance of the NRA Automobile Code, Chevrolet, the world's largest builder of motor cars, officially begins operations in accordance with the administration's recovery program.

Although the official code was signed only a few days ago, it will be of interest to Chevrolet's many friends to learn that the Chevrolet Motor Company started to carry out the spirit of today's recovery program over three years ago!

At that time, we put into operation a "share-the-work" plan, whereby our workmen cooperated in spreading the work to give more men jobs. By means of this plan, as well as by regulating hours of work per week to meet retail demand, and by building up parts stocks in lean seasons, it was possible to carry 33,000 men on our payroll through the depression. For eleven months of each year since 1929, we have kept our employment within 10 per cent of this average. We are justly proud of that record. We are also proud to say that Chevrolet workmen did not, at any time during the depression, become a burden on public welfare departments. On August 1st of this year, Chevrolet announced a blanket wage increase as well as the adoption of a 71/2-hour, 5-day week and the employment of 12,000 additional men. This wage increase was the second in the last 4 months, Chevrolet having been among the first to put a blanket wage increase into effect.

We feel that the President's recovery program deserves the whole-hearted support of every citizen and manufacturer in America. It is a bold, swift, courageous plan to start the ball rolling toward economic recovery. Its sincerity is unquestioned. Its objectives are admirable. And the direct, forceful steps the President and his associates are taking to make it a success, should stir the pride and admiration of every American.

We are proud and glad to do our part. And we are deeply grateful to the American people for the patronage that has enabled us to anticipate the present recovery program and to play our part today. After all, the immense number of men employed by Chevrolet is a direct result of the continued preference America has shown for Chevrolet.

WOMAN'S STUDY CLUB HAVE FIRST MEETING OF YEAR SEPT. 6

The Woman's Study Club met in the first regular session of the year club rooms in the city hall with a very good attendance.

The program was opened with the installation of new officers by Mrs. W. H. Gardner, the outgoing president. The following officers were installed: Mrs. J. M. Stokes, president; Mrs. R. T. Badger, first vice-president; Mrs. G. M. Shaw, second vicepresident; Mrs. John Arnett, recording secretary; Mrs. J. E. Whicker, federation secretary; Mrs. J. H. Barnett, treasurer and Mrs. G. M. Shaw, parliamentarian.

As Mrs. Stokes was unable to attend, Mrs. Badger took the chair and delivered the president's message, a very inspiring address, which was responded to by Mrs. E. S. Rowe, who pledged the support of the club during the forthcoming year.

The program ended with a very entertaining reading by Miss Lillian

The business meeting was devoted to the reports of the officers, and committees. The outgoing library ENSUING YEAR committee reported the purchase of be placed on the library shelves im-

LUTHERAN CHURCH NEWS

The annual Mission-services Sunday at the Lutheran church were a wonderful success. Pastor Remmert phill, Killough, K. Walker, Johnston, of Plainview stressed personal mission work on the basis of God's love to us. We ought therefore to carry on the work zealously out of gratitude for His mercy and blessing to us. That Pastor Remmert's message was very inspiring is seen in the fact that during the services a goodly sum

antee of parity price on approximately half the total crop, the amount to be arrived at on the basis of domestic consumption.

To Notify Farmers

Henry Morgenthau, jr., governor of the farm credit administration, announced that all farmers who have pledged cotton as collateral for seed and crop production loans prior to this year's crop will be notified to sell their collateral cotton at once in liquidation of the loans that are past

For every bale of cotton so sold, a bale of long futures will be bought, as authorized by the agricultural adjustment act. The long futures contracts will provide the secretary of agriculture with cotton for carrying out the acreage reduction program, but the transactions will result in no net sales or purchases, Morgenthau

To Save Thousands "The plan," he explained, "is that all the collateral cotton, other than that which is security for loans for 1933 production, will be sold by November 1, thereby saving the farm credit administration hundreds of thousands of dollars in carrying charges over what would be incurred if the sale of this cotton and the liquidation of these overdue loans were delayed.'

Sale of the cotton also will place approximately \$36,000,000 in a revolving fund for creating 12 production credit corporations, one to be located in each federal land bank district. Approximately 588,000 bales of cotton are involved.

LEVELLAND CHEESE PLANT PRODUCING GOOD OUTPUT

The Snyder cheese factory, which pened in Levelland late in August, s reported making satisfactory progress in the production of cheese, W. G. Snyder is owner.

The plant opened with 4,000 pounds of milk the first day. Next day it advanced to 6,000 pounds. Four truck lines are delivering milk to the plant

PREMIUM PERFORMANCE

Guaranteed by these definite figures_

HIGHEST TEST anti-knock at the price of ordinary gasoline

If all motor fuels published their octane ratings and gravity figures, you could easily see the superiority of Phillips 66.

You would instantly understand why this greater gasoline gives extra pep and power, smoother running, more miles per gallon, and NO KNOCK!

Instead of vague claims about "outstanding anti-knock," we say "Our gasoline measured by the Official method has an anti-knock value equal to 70 octane." You can't possibly buy any higher anti-knock at the price of Phillips 66.

about "high test," we give you exact gravity figures. And experioed drivers have noticed how hese numbers climb steadily higher as the weather grows cold-er. This is how CONTROLLED VOLATILITY, pioneered by Phillips, scientifically pre-adjusts every gallon to your weather at the time you buy it.

We ask you to try just one tankful of Phillips 66 . . . because we give you facts and figures in place of fierce and frantic claims ... because millions of satisfied and friendly customers bought five hundred and twenty-nine million (529,000,000) gallons of Phillips 66 products in the last twelve months . . . because you get higher test (gravity 62.1° to 67.9°) and higher anti-knock (70 octane) without paying a penny of higher price.

Why not make the test, today? Phill-Up With Phillips at the near-est Orange and Black 66 shield. That is the intelligent way to find out how much money you save. That is the conservative way to check our figures which guarantee premium performance.

Less Cost!

Coleman READING LAMP

You can fill any room in your home with an abundance of pure-white brilliance . . . more light than 20 ordinary oil lamps will give. It's clear, steady light almost like daylight ... easy on your eyes. Costs only a penny a night to operate. Safe, can't spill fuel even if tipped over. Can't be filled while lighted. Gives years of dependable service.

Here's the Lantern for Any Job, Any Night, in Any Weather

Chief of the subjects presented to

obtain money to augment federal re-Hef funds. In a special election or September 14 August 26, voters of the state approved a proposed amendment to the constitution that would empower the legislature to authorize state securities, not to exceed \$20,000,000 to help destitute families that heretofore have been on the United States go ernment relief rolls. To Decide Amount

The tevislature will decide how much in Londs shall be issued and set up a pan of administering relief money. The regular session created the state rehabilitation and relief commission of seven members, to handle distribution of federal funds.

Lawrence Westbrook is director of that organization and the membership was picked by the governor, lieut, governor and speaker of the house. Whether that agency will be continued is a matter for the legislature to determine.

The question of amending, changng or repealing "laws affecting and controlling trusts, conspiracies against trade, and monoplies," also was opened by the governor's proclamation. Some sources had expressed fear

that Texas' existing stringent antitrust statutes might prevent business and industrial interests of the state from taking full advantage of the president's recovery plan.

The attitude of Attorney General James V. Allred, who at this time is prosecuting a number of oil companies for alleged anti-trust violations, is awaited with interest. Allred is suing the comptnies for \$17,000,-000 in penalties and cancellation of their permits to do business in this state. Much preliminary testimony has been taken and the suit proper has been set for trial on October 2.

the legislators for their consideration | ANCILL MILLER, LAMB COUNTY 4-H BOY WINS STATEWIDE RECOGNITION

Ancil Miller, 4-H club boy from the Amherst club, who was the State Cotton Champion last, was selected during the past week as one of the 25 the past year.

Ancil had a 6 2-5 acre cotton promonstration, and as a result won a trip last fall to the International

Livestock Show at Chicago. This is the second year in succession that Lamb County 4-H club boys

PLANS COMPLETE FOR FARM HOLIDAY ASSOCIATION CONVENTION AT SPADE; **ALL-DAY MEETING TO BE HELD FRIDAY**

before the state convention of the invitation to come and be with us." Texas Farmers' Holiday association. which will be held at the Spade school house, Friday, Sept. 15.

All state directors and delegates are requested to be present at the special session, which will precede the opening of the convention.

This special session will be held at 8 p. m., September 14, at the Spade school, at which time the matter of a farm code will be discussed.

Farm Code Urged

The taking up of the matter of a farm code is in compliance with the request of our National President, Mile Reno, who said in part, in a let- dents of Lamb county and others. ter addressed to C. W. Smiley, State Secretary for the Texas Farmers' Holiday association:

"All other groups of society have meeting during the noon hour. been invited and urged to prepare their own code for the industry they were engaged in, which includes wages, the hours of labor that constitutes the day's work, conditions state and out of state speakers. under which they shall serve, and most important of all, the price they are entitled to. The farmers are cer- NRAtainly as much entitled to prepare their own code as the butcher, the baker, the candlestick maker, and I am asking the National Board of the Farmers' Holiday association to meet in Des Moines, Iowa, September 22. to meet with the official family and the Board of Directors of the Iown Farmers Union and as many other state unions as can be present. We should be able, at this time, to prepare a code so just and equitable to both the farmers and the other groups of society that the President of the United States connot, in har-mony with justice, ignore it."

Barbecue To Be Held

Special preparations have been made for providing food for those who attend the convention.

The Texas association will have a number of beeves barbecued and will provide bread and coffee.

The ladies of Lamb county are requested to bring well filled baskets to supplement the barbecued beef, etc., which will be provided by the asso-

PYROIL!

You Can Now Buy It In Littlefield

At The

CITY HALL TEXACO STATION

Pyroil is liquified graphite which builds lubrication into the

etal and reduces friction and wear in the operation of your car.

It is a nationally advertised product, and has proven its great worth in countless special tests and in actual day in and day out use by motorists. Many automobile manufacturers use Pyroll in

breaking in new cars and countless numbers of automobile repair shops use this product after a car has been worked over, especially

sulted in the closing up of all interor compresses," said Mr. Duggan. "Then, too," he added, "if the

rates sought had been granted, and the interior compresses closed down, all cotton would have been compressed at Gulf ports, with the result that the cotton industry would have been at the mercy of coast compresses which could have charged what they pleased for their services."

This was the third time that an attempt was made to bring about the new freight rate structure, and each time the South Plains Freight Rate association and Mr. Duggan, as head of that organization and as a legis later and private citizen, went into move which was regarded as destructive to the industrial life of the interior of Texas.

In addition to protecting the industrial life of the interior, the fight put up by the South Plains Freight Rate association and Mr. Duggan is declared to have saved farmers hugh sums in freight rates.

LUBBOCK BUSINESS MEN TO MAKE GOOD WILL TRIP TO LITTLEFIELD FRIDAY MORNING ADVERTISING

with Lubbock business men and members of the Lubbock High school Band will visit Littlefield Friday, Sept. 15, on a good will trip, made primarily to advertise the Paphandle South Plains Fair, which is to be held at Lubbock Oct. 2 to 7.

Several of the most prominent speakers in Lubbock, including fac-shown in this new club, about ulty members of the Texas Techno-ulty members of the Texas Techno-ulty members of the Texas Technological College will be in the party. The automobile caravan is sched-

uled to arive here about 9:15 o'clock Friday morning.

A short program will be held in the heart of the business district after which another program will be given at the school house for the dulge in trap shoting and to chool children and teachers. Novelties will be distributed to the children whether of school age or younger.

Horse racing, the John T. Wortham shows, fire works, and other features have been booked for entertainment and educational exhibits are expected to be better this year than ever be-

Citizens of Littlefield are most cordially invited to meet the Fair of the sale of 3.2 beer, Sadas Boosters here Friday, R. C. Smith, president, has announced.

Farmers Are Asked To Pay Seed Loans

John S. Andrews, field supervisor for the Crop Production Loan Office, Dallas, who is in this section in behalf of the collection of government loans, Tuesday received an official letter in which it was stated that farmers, in receiving their checks for the plowing up of cotton are asked to discharge their obligations to the government in the matter of feed and seed loans. "Payment in full of the producer's

debt from his cotton benefit check is vital for the protection of the future credit with the government and local financial business concerns, the letter said in part.
