LAMB COUNTY LEADER

VOLUME XXVII. LITTLEFIELD, LAMB COUNTY, TEXAS, TUESDAY, AUGUST 1, 1950 NUMBER 45

Did You Leave Your Hat?

If you left your hat the last time you ate in a local cafe, nine chances out of ten you went back and got it. If you didn't, and it didn't have your name in the band, it is probably either (1), still there, (2), being worn by a colored dishwasher, (3), lost in the mails or (4), in a lonely pile of trash somewhere.

At any rate, such were the possibilities indicated in a survey taken Saturday by the Leader in several Littlefield cafes.

All cafe operators contacted generally agreed that the majority of customers who leave hats, jackets, gloves, scarves, eyeglasses or anything else of value, return the next day or soon thereafter to pick up the forgotten articles.

Valuable hats for which the customer does not return are usually mailed to the owners, if the proper address can be learned.

P. E. "Red" Hagans of the Delano Cafe said since he has been connected with the cafe no expensive hat has ever been left. Usually forgotten articles include old dirty straw hats, greasy mechanics' and baseball caps. One such cap has been suspended on the rack for the past two or three months.

"What will I do with it?" Red asked. "Throw it away, I guess. That's all I know."

Wyley's Cafe reported that some forgotten articles have been left (Continued on back page)

Vacation Bible School Opens Soon At Parkview Baptist

Vacation Bible School of Music will open Monday, August 7, at the Parkview Baptist Church, of which Rev. Ingram is pastor. The classes will continue for two weeks.

The Vacation Bible School will be in session from 8:30 a. m. to 11:30 a. m.; and the Music school will begin at 8 o'clock p. m. All young people from 6 to 16 are invited to the Bible school.

Five Jaycees Chosen For Golf Tournament

A team of five men has been selected by the local Junior Chamber of Commerce to represent Littlefield in the Bi-Regional Golf tournament August 26 and 27 at Hereford.

Rehward McCary, Dub Gfeller, Al Chambers Alvin Webb and Elmer McKinney are scheduled to take part in the tourney, Jaycees announced last week.

Lieut. C. D. Phillips, Stationed At Austin Visited By Parents

Mr. and Mrs. T. L. Phillips of Sudan left Saturday for Austin to visit their son, Lt. C. D. Phillips, who is stationed there.

Lt. Phillips has been in the service since 1943; is a pilot on a jet plane, and made 83 missions in Germany during World War II. He was a bomber in the South Pacific invasion, and went across Germany and into Austria, and although he lost one plane, he was not injured in any way.

Lt. Phillips spent two and one-half years with occupation forces in Tokyo, and has been in the United States a year, and stationed at Bergstrom Field, Austin.

Mr. and Mrs. Phillips returned to their home in Sudan Monday night.

IS FIRST FROM SUDAN TO ENLIST IN AIR FORCE

W. S. Morris, Jr., former employee of the Sudan News, was the first from Sudan to enlist in the U. S. Army Air Force since the outbreak of the Korean war.

Morris enlisted at Littlefield Tuesday of last week and was sent to the Amarillo recruiting station from which he was transferred to the Lackland Air Force Base at San Antonio, for processing and assignment.

Five Generations At Reunion

Photo by Taylor of Mrs. Daisy Hair were represented in a happy reunion recently at the home of her daughter and son-in-law, Mr. and Mrs. H. E. Williamson, at Olton.

Shown in the picture above are: Sitting, left to right, Mrs. Ruzie Thornhill, aged 59, of Oakland, Cal., daughter of Mrs. Hair; Little Jimmy Don Price, two months old son of Mr. and Mrs. W. D. Price of Olton, and Mrs. Hair, who is 77. Left to right standing are: Mrs. Price (formerly Frances Williamson, aged 18; and Mrs. H. E. Williamson, aged 39, of Olton. Mrs. Thornhill is the daughter of Mrs. Hair; Mrs. Williamson, the daughter of Mrs. Thornhill, and Mrs. Price the daughter of Mrs. Williamson, and the baby the son of Mr. and Mrs. Price.

County 4-H Boys To Attend District Camp At Lubbock August 7-August 9

Arrangements are being made for about 25 Lamb County 4-H boys to attend the District 2 4-H camp at Lubbock Monday, August 7, through Wednesday, August 9, it was announced this week by Assistant County Agent James G. Simmons.

Of the 456 4-H boys in the county, the 25 who have done the most outstanding 4-H work will be chosen to attend the camp, Simmons said.

Quota of 15
Lamb County was permitted a quota of 15 boys who may go to the camp, but other counties which will not fill their quotas have transferred ten of their openings, making the total here 25.

"I wish we could take a hundred boys," Simmons said. "We would if we could. Actually of the 25 we are choosing probably only 23 or 24 will be able to go."

Names of the boys eligible to attend will be released in three or four days.

County Meeting
The camp will be held at the 4-H Club barracks on the Fair grounds at Lubbock. A total of 18 South Plains counties will be represented at the meeting.

Anton Veteran Of Two Wars Wants In Third

Charles W. Hopper of Anton, who has already served in two world wars, made a try for his third Thursday when he appeared before Navy Recruiter Chief W. J. Spivey in his office in the federal building in Lubbock.

"I want to get in World War III," he declared.

When still a youth Hopper served in the Navy in World War I. He was somewhat older when he served as a second class petty officer on the cruiser Cleveland in World War II.

Chief Spivey did what he could. He submitted Hopper's name for a physical examination at the main Navy recruiting station in Albuquerque, N. M. "If he passes, he's in," said Spivey.

RETURNS TO WEST POINT

Cadet Lt. Kenneth F. Hite of West Point and his mother, Mrs. Lena Hite, motored to Enid, Okla. Monday when he boarded a plane from Tinker Field, Oklahoma City, back to West Point.

Lt. Hite will graduate with the class of 1951 at the Point.

Names Released Of Men Called For Preliminary Draft Exams

Names of the first twenty men from the Lamb-Cochran-Bailey tri-county draft area who have been ordered to report for preliminary induction examination were released this week, according to information received by Recruiter T/Sgt. Gerald F. Cutshall.

Littlefield furnished nine of these men. They include Elmer E. Bradshaw, James A. Dow, Raymond L. Isbell, Willie E. Jones, Edward Johnson, Jr., Lee Morgan Jenkins, John R. Lackey, Beecher F. McCall, Jr., and Edisson Pritchard, Jr.

Two Men From Morton

Others from this area include L. W. Sikes of Springlake, Jack Wright of Amherst, Harry E. Reed of Anton, Edward L. Burris and Paul L. Crosby, both of Olton.

Two men from Morton in Cochran County were called: James W. Farris and Travis West.

Reunion Of Old Settlers To Be Held In August

Governor Shivers To Be Invited As Guest Speaker

Plans are under way for the staging of the second annual reunion of the Lamb County Pioneers, which will be held the latter part of August, according to an announcement made by G. M. Shaw, President of the organization, Saturday.

Included in the program for the day, which will be an all-day affair, will be an old fashioned basket picnic dinner.

Governor To Be Invited
Governor Allan Shivers will be extended an invitation to be guest speaker for the affair, at which an attendance of over 650 is expected.

Committees Appointed
At a special meeting of the officers and Board of Directors Monday night various committees to carry out the program were appointed, including food committee, a committee to care for the children, etc.

Organized in 1949
The Lamb County Pioneers was organized on June 17, 1949, with 99 charter members. At this time the organization boasts a membership of 300 charter members.

Officers of the group are: President, G. M. Shaw; Vice-President, Postmaster Simon D. Hay of Sudan; Secretary, Mrs. Bob Smith, Littlefield; Treasurer, Mrs. Lester LaGrange, Amherst; and on the Board of Directors are—Judge R. C. Hopping, Lubbock; Mrs. Herman Haberer, Pleasant Valley; Jack Silcott of Olton; Lon Campbell, Littlefield; George Staggers, Littlefield; and Mrs. Marye Sales, Custodian of Scrap Book.

Members Invited
According to Mr. Shaw, all residents who have been living in (Continued on back page)

Lift Station To Provide Sewer Service for Homes

The lift station in Laguna Park, planned for the near future, will furnish sewer service for homes and other buildings west and south of the park, it was announced this week by City Engineer Ralph Douglas.

The station will also provide means of draining stagnant water from the low area of the park.

The engineer said water drained from the lake will be used in part to irrigate grass and shrubbery in the park.

station, Douglas said present plans call for an eight by 20 feet building to house the pump.

Sewage from surrounding residential areas will be pumped into the sewer line running between an alley near the park.

When the Wicker-Badger and Griffin districts are ready for sewage-disposal service, the lift station will serve as the means of pumping it into regular city lines.

Further details for construction of the lift station will be announced as soon as they are worked out.

St. Martin Services Are Suspended

Pastor Carl Schulte, of St. Martin Lutheran Church on West 10th and Cundiff, announced today that since he and his family will be gone on vacation, there will be no services, nor meetings on the weeks of Sunday August 6th and 13th.

In case of serious emergency, members are requested to call upon Rev. L. C. Green of Posey, Texas.

LAFF OF THE WEEK

"Would It Disturb You If I Did The Crossword Puzzle?"

Judge Kennedy Announces

(Reprinted from the Fort Wayne, Indiana News Sentinel)
 Some time ago I announced that it was my intention to be a candidate for President of the United States at the next presidential election. My platform is simple. I will have a law passed paying every man, woman and child in the United States \$500.00 each a month out of the United States Treasury. This will do away with the social security and welfare schemes.
 I will have a law passed abolishing all taxes.
 I will have a law passed for the imposition of a heavy fine on every man or woman who is caught doing any kind of work. This will do away with the strike business.
 All house rent shall be free. This will do away with the rent control business.
 Acting on a suggestion which has come to me from friends, I may soften my anti-work plank somewhat by promising that no one shall go to work earlier than noon and take off at 1:00 o'clock p. m. with one hour in the interim for lunch. However, I cannot make

any change in my labor plank until I first consult John L. Lewis, Bill Green and Paul Murray. Of course I am out for votes, and I will promise anything or make any change that is calculated to secure votes.

A short time ago my local congressman, James Golden, in a splendid address to a large congregation of school teachers, promised that he would do anything possible to secure an increase in the salaries of teachers by procuring federal aid. However, my platform will take care of all teachers as well as other classes.

Inasmuch as Harry Truman is promising free medicine and dental care, and ultimately free legal assistance, I have concluded to promise these things also. In addition I have concluded to add another plank to my platform. It is this: All funerals shall be free, with oceans of flowers. The foregoing planks in my platform will take care of the high cost of living, and this plank will take care of the high cost of dying.

The first nitwit that criticizes my platform for inconsistency will lose all rights under it.

Simultaneously with my election to the presidency the millennium will begin and all God's children gonna have wings.

I am agreeably surprised at the large number of New Dealers and Fair Dealers who are supporting me in my race. My platform is right down their alley.

If any other candidate for the presidency promises more than I have, I will go him one better.

I am out for votes.

 Somerset, Ky.

Sudan School to Open For Fall Term Monday, Sept. 4

Sudan schools will open for the fall session on Monday, September 4th, according to A. Dooley, superintendent.

He also announced the hiring of two new teachers for the 5th and 6th grades. They are Mr. and Mrs. James Cooper of Crowell, Texas. Mrs. Cooper was an instructor in the school system in Amarillo last year. They are attending West Texas State College in Canyon this summer, working on their masters degree.

New Openings Made For Reserve Officers

The Army announced July 25 that a requirement exists for company grade officers in 16 arms services and reserve officers of that status in Littlefield may make application to the Chief of the military district of state of permanent residence through their unit instructor if any.

The release said officers will be recalled in order now held. The greatest current need for officers in the Army is for medical and dental corps, corps of engineers and infantry.

National Guard officers who have been federally recognized will forward applications through National Guard military channels to the state Adjutant General who will forward them, if approved, to the chief of the military district, according to the release. Applications received by chiefs, military districts, from reserve and national guard officers will be carefully reviewed, the release went on, without delay to determine whether the applicant is qualified.

Tech Football Tickets On Sale

LUBBOCK, July 24. — Football ticket sales at Texas Tech are moving swiftly and indications are there will be several sell-outs.

Demand is heavy for the opening game with Texas on Sept. 23 and for the homecoming encounter Nov. 11 with Tulsa. West Texas State Oct. 7, always draws a near sell-out crowd, and sales are expected to be heavier for the Oct. 21 game with Texas Western, where the Miners and Tech may be battling for the Border conference title. A good sale also is reported for the Nov. 25 game with New Mexico.

Season ticket sales have taken almost all of the four sections allotted for season-long duress. Two sections have been set aside for each visiting team, and five will be taken by the Tech student body. Persons holding season seats last fall have been given until August 15 to reserve the same space. After that date others on the waiting list will be accommodated. Payment for seats will be made on delivery of tickets.

Amherst Family Have Two Sons Fighting In Korea

An Amherst family, Mr. and Mrs. A. F. Wilson, have two sons fighting on the battle front at Korea.

They are Howard and Ramey Wilson, who were stationed on the Japanese island of Kyushu on all the start of the Korean war.

Ramey, a captain in the 24th Infantry division, was ordered to the front on July 1 and Howard on July 4.

Ramey's wife and small son, Pete, were to have returned to the United States in August, but now plan to remain in Kyushu.

In a letter from Korea dated July 9, Ramey wrote his parents: "Well, I'm now in Korea, as you no doubt have assumed, but someone without my family. This is a beautiful country so far as beauty is defined by Far East standards but how I'd like to be elsewhere, mostly Texas or Oklahoma. I don't suppose now that you'd better plan that reunion we'd been anxiously anticipating."

Business Activity Reaches All-Time High

Business activity reached a high in May, as measured by the composite index of business compiled by the United States Bureau of Business. The May index rose 1.5 per cent from April to 213.3, the highest point since the 1935-39 base period, components registering increases of 1.2 per cent in April and 12 per cent from May 1949. Runs of crude oil to stills rose 3 per cent over April but slipped 6 per cent below a year ago. Employment in manufacturing industries in Texas increased from 330,700 in April to 336,500 in May. Income from the marketing of farm products rose 30 per cent in May, after adjustment for seasonal variation, and for the first five months of the year income was 7 per cent above the same period of 1949.

The level for all commodity prices has turned upwards with the increase in the demand for goods and services, and a certain amount of speculation on the prospects of inflation is appearing in the financial news. The sharp upturn in the wholesale price index of the Bureau of Labor Statistics measures in general the effect of those inflationary factors. The weekly index rose steadily during May, and the estimate for the May monthly index is 156 as compared to 153 for April.

Price Boosts Are Reported

The price of smoke, the baby's milk and a bus ride to work went up in scattered sections of the nation today.

A new round of price increases was reported, and it was accompanied by continued reports of hoarding or scare-buying in some areas.

The retail tobacco dealers of America said smokers would have to pay an extra penny a pack for cigarettes in the wake of the R. J. Reynolds Tobacco company's announcement that it would boost Camels and Cavalier cigarettes from \$7.75 to \$8 per thousand.

P. J. Lorillard Co. said its Old Golds probably would go up, too. In Chicago, some smoke shops

upped prices one cent to 22 cents a pack today.

Milk price boosts were announced in New York, New Jersey and Chicago. Bowman Dairy Co. of Chicago said it would raise its price one-half cent a quart next Tuesday. A one-cent increase was ordered by Bordens milk and Sheffield Farms in New York and New Jersey.

Meanwhile, St. Louis dry goods wholesalers reported "panic" buying by the retailers was depleting stocks of sheets, pillow cases, nylon hosiery and bolts of cotton goods.

Lamborn and Co., a leading New York sugar broker, appealed to grocers to sell only one pound to a customer. The firm said housewives would hoard "one to two million tons of sugar" if permitted.

At Elkins, W. Va., a supermarket reported that it sold 27,000 pounds of sugar during a three-hour blitz by frantic housewives. A store official said that equalled three pounds for every man, woman and child in the city.

A Federal Reserve report indicates that the Dallas district led the nation in scare-buying. Department store sales for the week of July 15 were 39 per cent over a year ago, compared with 24 per cent nationally.

AIR FORCE TRAINING—

An increase by 20 per cent in technical schools turn-out was made with the advent of the six-day work week, recently ordered by the Air Training Command for most of its training operations.

The step-up in training at the 'Gateway to the Air Force' base is a follow up of this increase, preparing personnel to fill the enrollment in the schools to keep the classes at full strength.

Rodeo and Horse Show At Pampa

The Hardin-Simmons University Cowboy Band will be in Pampa August 5th for its fourth consecutive annual performance for the Top of Texas Rodeo and Horse Show, August 5-12.

The band is in the midst of a busy month of public performances which include performing for the Menahan Rodeo and the NIT Roundup. Later the band will accompany the Texas Veterans of Foreign Wars to its national encampment at Chicago.

The versatile organization, which can give concert programs, has probably played more music for bucking horses and ranch dramas than any other musical organization.

Stewart Will Watson, who is always dressed in his typical cowboy outfit in public performances, claims to have led more parades than any other person in the United States. He is the only person continuously associated with the organization for more of its 25 years of existence.

The band has been presented in Europe and on the continent, in Mexico, and in Canada, as well as appearing in major cities of this country from coast to coast.

The colorful organization has gained wide recognition for their unusual showmanship while marching and their colorful uniforms which consist of hats, gold shirts, boots and spurs, big white stockings, and horse-studded hob-nailed shoes. All members are dressed alike except Director McClure, who wears gray wool riding pants.

Potter Is New Democratic Chairman

After at least 14 years of service, Guy Willis finally got out of the job of Lamb County Democratic chairman.

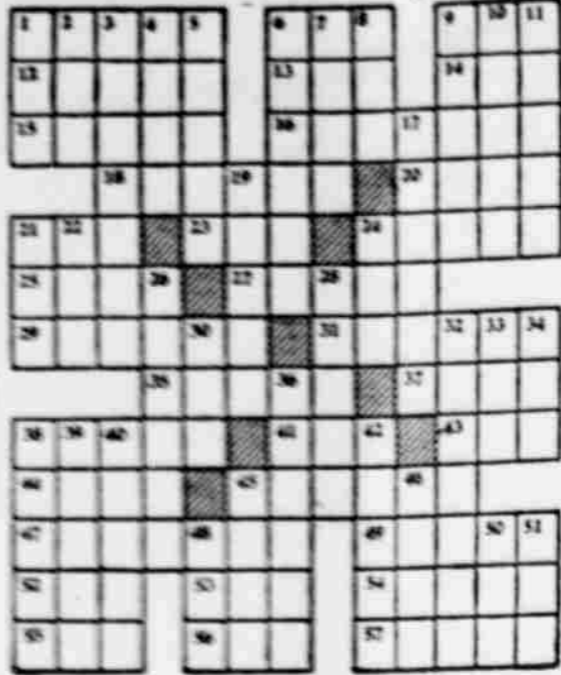

Willis presided upon T. Wade Potter, Littlefield attorney, to be a candidate for the office. Potter finally agreed, so Willis placed his name on the ballot—and the attorney was elected to the office without opposition.

"I have held the job so long," Willis said, "that I don't remember the exact number of years."

Hens Not Laying Now To Be Early Molters

Hens that are not laying now are likely to be early molters and thus poor layers, and there is no profit in feeding hens that do not produce eggs, says professor E. D. Parrell of the poultry husbandry department of Texas A. & M. College. These non-producing hens should be removed from the flock by culling and now is a good time to do the job, he adds.

Poultrymen who maintain breeding flocks and produce hatching eggs should keep birds that are good representatives of the breed and are free from standard disqualifications. Breeding birds must also be free of diseases, such as Pullorum, that are transmitted through the hatching eggs. For this reason says Parrell, health is more important in the breeding flock than in a flock that is kept solely for egg production.

Another point that should be given consideration at the time of culling says Parrell is the age of the birds. In some farm flocks one old hen may be finishing a year of production and in the same flock will be pullets that were hatched this spring. Parrell says to handle this situation just as if you were culling two separate flocks. The old hens should have faded beaks and shanks while the pullets would be expected to have bright clean new feathers and yellow shanks.

If the entire flock is culled it is best to do the job during the early morning hours or late in the afternoon or even at night. The job should be done quickly yet carefully, says Parrell. Too much handling during hot weather, he continues may cause a drop in egg production.

While you are culling such production characteristics as red combs, faded beaks and shanks, worn plumage and soft abdomens, look for vitality and health in the birds. Bright, full eyes are a mark of vigor and good feeding and general activity are signs of good health. The high producing birds will also have big bodies.

Parrell says that after pullets reach six months of age and have developed good bodies, they should

Interesting Events of 20 Years Ago Reviewed From the Files of the Leader

Actual construction of the new dam was underway Monday last, when eight tons of lumber, gravel and sand were released on the spot.

E. T. Jordan of the Yellowknife Land Company, after selling over one of the company's lands Wednesday, stated that all crops were in excellent condition. Great crops of the best of the crop the company had in about seven acres of land, he said. According to Mr. Jordan's report, with one or more general rains in the next two weeks, the Littlefield section will be assured of a bumper crop.

Miss Fannie Weaver, daughter of Mr. and Mrs. A. E. Weaver at Andrews, and William Ernest Jeffries, Jr., son of Mr. and Mrs. W. E. Jeffries of Littlefield, were married at 2 p. m. Sunday at the home of Mr. and Mrs. J. T. Johnson at West Second St.

Under We Think—Was It The Think—By M.E.D.
 We think E. C. Pumphrey is about as good a trader as you can find among any horse traders in the country. Reports are that two years ago when Clay bought his place from John Stebbins, that there were five milk goats on the place, which nobody seemed to want, and which Clay after doing his best to convince the seller that they weren't worth much, bought them for \$100. Just like taking milk from a baby—the trader walked over to H.C. Arnold and traded the goats to an A Ford, which he afterwards sold for \$1,000. So you see, we haven't heard just how much Clay derived from the goats, but we have to hand it to Clay. We think some-one's back is his knees he must have been a horse and milk trader. We're taking up continued work.

John Briscoe, who resides nine miles northeast of Littlefield, sustained severe injuries in an automobile accident, which occurred west of Amarillo Friday morning. Mr. Briscoe's left arm was broken in two places, and his left hand

was badly mangled. Mr. Briscoe was taken to an Amarillo hospital.

Lamb County has no year in Texas in the production of cotton. The fact has been brought prominently before the United States Government by the fact that the figures show the number of farms, number of acres of cotton, and the number of bales produced in all cotton sections of Texas for the year 1939. The U. S. Government figures show that Lamb County produced 60 bales of cotton from 246,727 acres.

According to Commissioner Hall, Littlefield citizens have paid one million gallons of water from May 26 to June 24.

Brotherly love in the Littlefield circle is their day game of eight balls. The team will have the Lubbock Rubber Co. Littlefield Friday night for their first match this season.

Henry Moore will be on the ground for the Littlefield game with Richard Harty on hand to referee the contest. Chief Hanks will probably be elected to the coaching department with Ledy McWilliams handling the first base job. In the out field Thornton, Gregory, Summitts—a new recruit who has been highly recommended as a stellar fielder and liner of an great caliber—and Snow will form it out for regular honors.

E. E. McCaskill mounted the first step of the Littlefield Golf Club ladder Tuesday afternoon by taking the final match in the Littlefield golf tournament from Bud Simpson 2 up and 1 out. The local golf crowd was heartily led by C. E. Crow who managed the drive of the latter half of the tournament Sunday by losing to Beaumont Phillips 1 up and 1 out.

I help build Sub Stations?

THAT'S RIGHT . . . many a housewife has a lot to say about building your Public Service Company.

How? Through her investments, of course. Whether it be a sub station or a service car, our company is truly "owned" by the stockholders—ministers, doctors, lawyers, teachers—yes, even you or your neighbor . . . and no one of them owns more than 2% of the total stock.

Perhaps you have a savings account—or a life insurance policy—it's pretty certain that some of those funds have been re-invested in your Public Service Company.

And so, you see, we really belong to the people. It's a working example of free enterprise . . . the system that has made America great and strong.

Sten's Fame As Farmer To South Africa

Sten's fame as a successful inventor is not confined to the continental United States. Recently, a Sudanese man and his family came to Yellowstone and quite by accident themselves seated in a car with a young Sten in South Africa.

Sten was sent by his father, an extensive land-owner in Colorado, Wyoming, to Texas to learn some things from these states which of the land is in South Africa.

When he was to visit and find that the man lived near by, Sten asked if he knew that would run with him. He had read about Texas magazine in our friend assured that he came to Lub-

bock, he would not only introduce him to Masten but would arrange a tour of his farms around Sudan.

FIGHT INFANTILE PARALYSIS

HERE ARE SYMPTOMS OF POLIO listed by the National Foundation for Infantile Paralysis. They may—or may not—mean polio. Call your doctor and then, if help is needed, contact your local chapter of the National Foundation. When polio is around, these precautions are recommended: Keep children with their own friends and away from people they have not been with right along. Don't become exhausted through work or hard play. Don't stay in cold water too long or sit around in wet clothes. Avoid becoming chilled. Always wash hands before eating.

Texas Ordered To Increase Draft Call

Texas has been ordered to increase its initial draft call from 1,005 men to 2,513. State selective headquarters have announced.

Under orders from Washington, the men must be delivered, ready to start military training, "not later than Sept. 30."

The change in the draft call followed national orders increasing the original September call from 20,000 to 50,000 men.

A state headquarters spokesman said new individual quotas for the 137 local draft boards of Texas would not be immediately available. "But they will certainly be ready sometime next week," he said. Earlier quotas, announced last week, will be changed under the new order.

Texas now has 79,725 men classified at 1-A and available for immediate military service, according to the latest figures from state selective service headquarters.

The Army, already slated to get 100,000 draftees by October 30, may follow up with at least one more draft call before the end of the year to boost its strength near the 800,000-man mark.

While the Air Force and the Navy are waiting to see if volunteers will fill their combined 340,000-man quota, the Army made clear that it is relying heavily on the selective service act to meet its manpower needs.

It boosted its September draft call from 20,000 to 50,000 and said it would call up another 50,000 men in October.

Even the increased total would fall short of bringing the ground forces to their 800,000-man goal. Army manpower on June 30—the last date for which figures will be released—was about 591,000.

In addition to the Army, the

United States is building as swiftly as possible toward an Air Force of 548,000 and a Navy of 579,000—for a total military strength of 1,127,000 within the next few months. By next June this is expected to climb to 2,300,000.

In a move to stabilize the military force, President Truman yesterday signed an executive order extending for 12 months all enlistments in the armed services. This affects nearly 300,000 enlistments due to expire before June 30, 1951.

Of this number 44,000 are in the Pacific theater.

In a companion move, the Army extended by six months—effective Aug. 31—the tour of duty of all personnel in foreign service, except for the Far East command, where officers and men will be held "as long as may be necessary."

An officer in Germany, commenting on the move, said: "We simply have to keep what men we've got here. It just boils down to keeping our forces in Europe on hand."

And as U. S. military forces announced plans for rapid expansion, a seven-member senate watchdog committee promised it will see that a "thorough job" is done on the home front.

Chairman Lyndon C. Johnson (D-Tex) said, however, that the committee will keep hands off strategy and will try to limit the appearances before congressional committees of busy military men and other officials.

Congress moved meanwhile to restore family allowances for enlisted personnel of the Army, Navy, Marines, Air Force and Coast Guard.

Identical bills were introduced in House and Senate by the chairman of the armed services committees, at the request of the Defense department, to replace the existing law under which allowances set up during the last war are being dropped.

A total of \$75 monthly would be paid to a wife, husband or dependent parent, with the GI contributing in \$30 of that amount. For two dependent parents, the sum would be \$90. For each child the allowance would be \$25, unless the enlisted person were the only parent in which case \$50 would be allowed.

Both government payments and deductions from the serviceman's pay would be increased in comparison to World War II. In the last war, a serviceman's wife got \$50 of which he paid \$22.

Hens that are not now laying are likely to be early molters and poor layers. These non-producers should be removed from the flock for there is no profit in feeding non-laying hens.

Gospel Meeting At Springlake Church of Christ

Benefits And—

(Continued From Page 1)
 bly benefitted by the rains.
 (3). Irrigated farms were help-
 ed, in large part, by the deluge. It
 will probably be unnecessary to
 continue watering.

(4). Fortunate farmers who al-
 ready had their crops up high
 enough were benefitted rather than
 damaged by the rains, particularly
 those who had planted cowpeas,
 millet, sudan and blackeye peas.

In general, Simmons said, it is
 hard to estimate the total damage
 and the total benefits. If the
 rains continue, of course, real
 harm could be done in the county.

As it is, he said, some farmers
 were helped, others hurt.

Lamb County, which has an es-
 timated 450,000 acres in cultiva-
 tion, this year swung from cotton
 to grain sorghum. An estimated
 290,000 acres were planted in grain
 this year when government con-
 trols on cotton acreage were an-
 nounced.

A rough estimate of 100,000 acres
 of cotton will probably be harvest-
 ed in the county this year.

According to Dan L. Jones, su-
 perintendent of the experiment sta-
 tion at Lubbock, all grain sorghums
 require around a hundred days to
 mature. He said the success of
 grain crops planted at this date
 would depend on the weather in
 September and October.

Some farmers in the South
 Plains area whose crops have been
 hulled or washed out, have hasten-
 ed to solve their problem by con-
 tracting with canning companies
 for production of black-eyed peas,
 but for those who have not made
 arrangements there would be the
 problem of finding a market for
 black-eyed peas. A representative
 of one canning company in Lub-
 bock said his company was about
 through contracting for black-eyed
 peas and considers July 31 the fi-
 nal date on which peas could be
 planted with reasonable likelihood
 they will mature before frost.

Did You--

(Continued From Page 1)
 unclaimed for two months or more.
 The strangest article ever left in
 the cafe belonged to a small boy.
 It was a horse, (toy, of course, only
 three inches high.)

Proprietor Wylie Thornton said
 he did the same as his customers.
 "I leave my hat every time I
 take a trip. Usually I forget it and
 leave it in the first cafe on the
 road."

J. Hayes of Hayes' Coffee Shop
 said people are pretty honest.
 Sometimes a hat hangs on the bar-
 rack for several days and is never
 touched by other customers until
 the owner returns. Letters come
 in every now and then from persons
 who have eaten and forgotten ar-
 ticles.

Hats left in Thornton's Cafe un-
 dergo the following process: (1).
 If names and addresses are avail-
 able the hat is mailed to the own-
 er; (2). If not it remains in the
 cafe three or four months; (3).
 After that it is "inherited" by the
 colored dishwasher most in need
 of new millinery.

Unusual articles left in Thor-
 nton's include a six-pound repair
 part for a tractor, keys, baby bot-
 tles and a puppy which lost his

nerve when his master forgot him.
 He crawled up into the covered
 section between two booths and
 refused to come out. Fry and his
 crew finally tempted the little tyke
 out with offers of meat.

According to theories of psychol-
 ogists, persons "forget" articles,
 because in their subconscious mind
 they want to return to the place
 where the article was left. If
 this is true Littlefield cafe owners
 may give themselves a resounding
 pat on the back. The food must
 be mighty good. Customers forget
 a lot of hats just to be able to re-
 turn there and eat.

CRITICAL TEST

Old Sarge Sez

By T Sgt. Gerald F. Cutshall

Looks like LFD is in for another
 dry and hot spell after having a be-
 lated moisture issue for the past
 month. Better late than never.

Speaking of rain—From the looks
 of our streets here in LFD after a
 "flash rain" especially on Delano
 Ave. and the Lubbock highway,
 some ingenious person could make
 a small fortune by renting out
 boots. (I wouldn't advise it though.
 The guy might starve to death the
 other 360 days.)

For the man who complains
 about not having enough to do and
 no where to get it should drop in
 and see me. Have some excellent
 HOT positions open for immediate
 assignment.

For the past several days I have
 been trying to figure out why so
 many of W.D.T. Shober's customers
 were making those six steps up to
 his place of business (P.O.) like
 they were making the last mile
 to the chair. I just discovered why
 today. A local youth came out
 just like he went in—Had the
 "Greetings" from UNCLE.

You know, folks, the suspense
 must be terrific while awaiting the
 "Greetings" to arrive. Though I
 never experienced this, I have had
 something similar in waiting for
 my overseas orders. My sympathy
 is with you that are in this class.
 My suggestion to remedy this is
 to ENLIST NOW.

On one of my trips out to radio
 station KVOW last week and who
 do I run into—None other than
 Wayne Robinson, ex-KVOW an-
 nouncer and christener of LFD as

"Littlepatch." Wayne is announc-
 ing for KLVT at Levelland now.
 (Watch out J.E. looks like a for-
 eign egg in camp.)

I wonder if LFD could have Lev-
 elland annexed as a suburb. With
 Pat Mann down there managing
 their C. of C. and Wayne doing his
 stuff over KLVT, it would be a
 cinch to convert the Levellanders.

Looks like Old Sarge is getting
 to be a nuisance in and around LFD.
 If you folks don't know my name
 and place of business by now, you
 can not blame Aphrodite, Sid, Al
 and J. E. McKhan of KVOW. They
 have been pounding the air at least
 a dozen times a day in an all-out
 recruitment effort in behalf of Un-
 cle Sam. Thanks a million, fel-
 lows, when medals are passed out
 for your type of work I'll see to it
 that you are not forgotten.

This is National Farm Safety
 Week, but farm families should
 make all 31 weeks a lot safer. Some
 17,000 farm people will die before
 this time next year, if present farm
 accident rates continue.

For Veterans**

Q—I am the widow of a World
 War II veteran, and I also served
 during the war in the WACS. Un-
 der a new law, I understand that
 I, as an unmarried widow, am
 eligible for a GI home loan. But I
 also am eligible under my own
 rights as a veteran. Can I get two
 GI home loans, one as a widow
 and the other as a veteran?

A—No. Widows eligible for GI
 loans because of their own service
 are not entitled to additional loan
 benefits as widows.

Q—I graduated from high school
 under the GI Bill this June, and
 in the fall, I'd like to go on to col-
 lege, also under the GI Bill. Does
 VA consider this a change of
 course, and will I have to submit
 justification before I can enroll?

A—VA will not consider your
 college training as a change of
 course, so you will not be required
 to submit justification to take it.
 All you need do is submit a sup-
 plemental certificate of eligibility
 to the VA regional office which
 maintains your records.

Q—My nephew was admitted to
 a VA hospital, and I paid his train
 fare to get there. Is there any way
 the Government will refund the
 cost of the trip?

A—If VA authorized travel be-
 fore the trip began, you may be en-
 titled to a refund. Apply for it
 at the VA office or hospital that
 authorized transportation.

Q—If I enter a VA domiciliary
 home, may I accept outside employ-
 ment and still remain in the home?
