

LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, MARCH 3, 1960

NUMBER 41

## Appraiser Robbins Hired Again

County commissioners Monday employed Homer Robbins, Lubbock appraiser, for more work on the U.S. Highway 84 widening program. Robbins handled preliminary work on the project prior to bond elections last year.

The action came at a regular court, in which the court also okayed plans for an independent audit of county funds and set terms for county court.

Employment of an auditor will be taken up at the March 14 meeting of the court. Terms for county court were set in the usual manner, with four terms of three months each in the calendar year.

Appraiser Robbins was employed to handle detailed appraising on Highway 84. This step was made possible by delivery of field notes to the county last week by the State Highway Department.

The notes, tract descriptions, were for right-of-way area on most of the tracts along an eight-mile strip east of Littlefield to the Hockley County line. This is the first phase of the project, which eventually will result in widening of the highway across the entire county.

Robbins will be paid \$100 per day for the appraisal work, the same rate he was paid last year for preliminary appraising prior to bond elections in the three road districts affected by the widening project.

Voters approved the Highway 84 program by landslide margins in all three districts last summer, okaying bond issues of \$239,000 in Road District 1-A (Littlefield area), \$39,500 in Road District 3 (Amherst) and \$65,000 in Road District 4 (Sudan).

## ONLY ONE BABY BORN IN COUNTY ON LEAP YEAR DAY

Little Ramon Ramos came into the world with distinction Monday at Community Hospital, Oltun.

He was the only reported Leap Year Day baby born in Lamb County this year. It means, of course, that Ramon won't have his first birthday until Feb. 29, 1964.

Ramon, who weighed seven pounds, one ounce, is the son of Mr. and Mrs. Pasquale Ramos Jr. of Oltun. He was born at 4:40 p.m. Feb. 29.

The family has one other child, Pasquale Ramos III, 17 months.

## District VFW Meeting Set Saturday, Sunday

A crowd of more than 300 of the top two state officers of the Veterans of Foreign Wars are expected here Saturday and Sunday when Littlefield VFW Post 4854 will be host of a District 13 Encampment.

Honored guests will be Oscar B. Jones of Longview, state VFW commander, and Mrs. Hedwig Eaton of Amarillo, state VFW Auxiliary president.

The encampment will get underway Saturday with registration at 3 p.m., according to Leon Stansell, Littlefield post commander.

A Dutch Lunch at 7:30 p.m. and a dance at 9 p.m. at the Country Club will complete Saturday's activities.

Registration will continue at 8 a.m. Sunday, with coffee and donuts to be served at that time.

COOKIES FOR SALE—Carolyn Jones, left, Troop 21, and Vicky Cook, Troop 108, show cookie boxes to remind residents of the annual Girl Scout Cookie Sale scheduled here Friday. Carolyn is the daughter of Mr. and Mrs. Jarold Jones and Vicky is the daughter of Mr. and Mrs. Fred Cook.

## Girl Scouts To Begin Sale Of Cookies Friday

Brownie and Girl Scouts of Littlefield will begin their annual cookie sale Friday. Mrs. L. G. Grizzle and Mrs. Leonard McNeese, leaders, announced. Scouts will sell cookies through March 19.

The success of the cookie sale is vital to the Girl Scout camping program. The Community Fund Drives provide support for the operating budget of the Caprock Council, but the annual cookie sale will again this year provide funds to further develop Camp Rio Blanco, near Crosbyton. Mrs. Grizzle said.

Girls selling the cookies for 50 cents per box will be adding to their troop treasury because eight cents per box will be adding to the troop and 20 1/2 cents will go to the camp development fund. Girls will wear their uniforms or pins and each customer will be given a window sticker indicating purchases and the Scout's name and address.

Troops selling 25 cases of 12 boxes of creme filled or chocolate mint cookies will receive a certificate from the council president, Mrs. C. H. Shoemaker of Lubbock.

Proceeds from this year's sale will be used to construct a covered wagon unit consisting of seven covered wagons, shower shelter and latrine at Camp Rio Blanco. Each wagon will house four campers who are seventh graders or older.

The covered wagon unit will be built before the second summer session begins in the new camp in June. Any registered Girl Scout in the Council who has completed the fourth grade and above is eligible to attend camp. Fees, including room and board, are \$120 per week for a total of 274 units, attended the seven 12-day sessions last year. Girl Scout Week is March 6-12, when the 48th anniversary of the organization will be observed.

The end of the Littlefield area basketball season came sooner than expected Tuesday night as Sudan and Bula girls' teams were upset in bi-district play.

The two teams were the last of the area still competing. Sudan lost a heartbreaker to Hale Center, 73-72, at Oltun and Bula fell in an upset to New Deal, 42-40, at Idalou.

Sudan, the defending Class A regional champion and a state finalist last year, dropped its game to Hale Center despite a 45-point scoring spree by Arlene Humphreys.

The winning shot came two seconds before the final gun, when Mary Chapman hit a long set shot for the last two of her 40 points.

Sudan trailed 55-51 going into the fourth period, but went ahead 72-71 before Chapman hit her winning shot.

Bula's girls, defending regional champions in Class B, lost to New Deal in an overtime. Two New Deal free throws with 43 seconds left in the overtime were Bula's downfall. The game had ended with the score 40-40.

Bula trailed 40-36 late in the game, but tied it up on a basket by Carol Cooke and two charity tosses by Kay Spence. Cooke led Bula with 26 points, while Lynda Holt scored eight.

## C-C Group To Aid Conventions Here

The conventions committee of the Littlefield Chamber of Commerce Monday laid plans to furnish badges and welcome packets for persons attending two district meetings here.

The two meetings are the District VFW Encampment here Saturday and Sunday and the district session of the Texas Home Demonstration Association, scheduled here in April.

In addition to the packets and badges, the C-C will furnish two helpers for registration at the THDA meeting. Head of the conventions committee is Charles Duval.

## 108 Farms Now Placed In Plan B

A total of 108 Lamb County farms has been placed in the Plan B part of the two-choice cotton allotment program. Lamar Aten, county ASC office manager, announced this week.

Acresage involved is 12,332, an increase of 3,524 acres. Under Plan B, farmers are offered a 40 per cent increase in allotment with price support of 60 per cent of parity.

The regular price of cotton gives the farmer his regular allotment at price support of 75 per cent of parity.

Farmers have until March 16 to make their choice. If no choice is made in this period, the farmer automatically falls in the Plan A category.

The county has a cotton allotment of 180,938 acres this year. Last year, 578 farms in the county were placed in the B program, increasing the county allotment from 181,000 acres to 202,000.

Support price under Plan B this year will be 22.96 cents for middling white 1/2 - inch cotton. Plan A cotton of this grade will be supported at 28.75 cents.

No immediate end was in sight Wednesday for an extended cold siege which has gripped Littlefield and the area the past two weeks.

The forecast for today was a more of the same — freezing rain or snow, with considerable glazing.

Freezing drizzle caused streets and sidewalks to be slippery here Wednesday morning, but by 1 p.m. it had warmed up to 32, allowing some melting.

Road conditions were described as good at mid-day Wednesday, but officers warned things would be hazardous again Wednesday night and early today.

No accidents were reported here or in the area early Wednesday, despite the icy conditions.

The word used to describe the weather Wednesday was "trouble."

Southwestern Public Service reported "no trouble at all in the immediate vicinity" Wednesday morning. General Telephone reported only "scattered" instances of line trouble.

Representatives of both companies said a 30-degree weather with freezing rain — the kind here early Wednesday — is usually the worst on utility lines. The drizzle sticks to lines, weighting them.

## Final Rites Pending For Charles Nelson

Funeral services for Charles D. Nelson, 69, Anton, are pending at the Rix Funeral Home, Lubbock.

Nelson died Tuesday in the Littlefield Hospital.

# Weed Control District Vote Slated Saturday

## LHS Band To Perform For 3,000

Littlefield's Wildcat Band, which ordinarily plays before thousands only during the football season, will be featured before a crowd of about 3,000 Friday morning at 9:45 at Lubbock Municipal Auditorium.

The occasion is the first general session of a district meeting of the Texas State Teachers Association, with the local high school band one of the top two organizations in the area invited to perform.

The Wildcat Band, directed by Beryl Harris, is the only Class AAA band in this region to win sweepstakes honors in 1959.

In addition, the LHS band is the only triple-A unit still eligible for sweepstakes in the region in 1960. Other AAA bands of the area were unable to win first division honors in marching last fall and thus were eliminated from the race for sweepstakes.

The Wildcat Band has prepared this program for the Lubbock performance: "Symphonic Suite" by Williams, "Prelude and Fugue" by Bach, "Invocation of Albrecht" by Wagner, and "Old Comrades" by Tjcke.

## THE WEATHER

continued COLD

Today's forecast — Occasional freezing of rain and snow with considerable glazing.

Temperatures — Sunday high 34, low 20; Monday high 27, low 15; Tuesday high 24, low 12; Wednesday high at 10:45 a.m. 29, low 23.

Moisture — 63 of an inch recorded for the month; 2.03 inches for the year; and 2.36 inches this time last year.

## Farm And City Voters May Ballot In Election

Creation of a Lamb County Weed Control District will be decided Saturday in a county-wide ballot of voters living within the proposed area.

Although the district is of major interest to farmers, city dwellers also will have a vote in the election.

Polls will be open from 8 a.m. to 7 p.m. in all 16 boxes of the Regular voting places will be used in all precincts except at the West House, where part of the precinct has been eliminated from the district.

Voters who qualify in the Sudan, Earth, Spade, West Littlefield, Sudan, Pleasant Valley, North Sudan, Amherst Fieldton, South Oltun, Littlefield (court house), Beck Gin, Hart Camp, Springlake and North Littlefield (high school).

All land but about 150,000 acres of ranchland is included in the county-wide district. Towns also are part of the proposed district, enabling city voters to cast ballots.

Any otherwise qualified voter who resides within the district and who has any type of property — real or personal — rendered for taxation may cast a ballot.

Seventeen absentee ballots were cast in the election, most of them Monday and Tuesday, the last two days for such voting.

Land not in the district includes all of the Sandhills area, along with about 30,000 acres of ranchland southwest of Littlefield and a few isolated spots in other parts of the county.

The county commissioners' court, in drawing up boundaries for the district, excluded where possible any area which had as much as 160 acres of ranchland. Boundaries of the proposed district have been posted at various places in the county.

Ranchland was determined by the court to be area which would not benefit in the district and therefore was excluded. Reason for this is the fact that Bindweed, considered noxious by farmers, is looked upon as a good forage plant by ranchers.

Bindweed and Johnson grass would be the chief targets of the Weed Control District, if it is approved.

The election was called in January after two hearings. A petition signed by about 120 persons and a \$500 check to finance the vote was the basis for calling the election.

If the district is approved, a tax of three cents per acre per year would be assessed on land with its boundaries. This money would go primarily to finance the administration of the district by a five-man board of directors.

Penalty for violations in the proposed district would be a fine of \$25 to a maximum of \$250 for each violation.

Public School Week got off to a slow start here Monday and the pace remained slow Wednesday. School officials had hopes of warmer weather and more parents visiting the schools today.

By Wednesday morning only eight parents had visited the junior high school and Glenn Reeves, high school principal, reported visiting was very thin there. Elementary reported 150 visitors Tuesday with primary having a total of 352 visitors the same day.

Reeves said there was a good turnout for the Wildcat Band concert Tuesday night in the high school auditorium.

A contest was held in the first second, and third grades here Tuesday to see which rooms had the most parents visiting. Winners were: Miss Iris Ham, first grade; 37 visitors; Mrs. Mary Davis, second grade, 23 visitors; and Mrs. Howard Burks, third grade, 32 visitors.

Climaxing the week will be a holiday in all area schools Friday when the teachers will attend a Texas State Teachers Association meeting in Lubbock. School will turn out at 2:45 p.m. Thursday, when a faculty meeting is scheduled.

# Trustee Races Get New Men

School trustee races in Littlefield, Sudan and Bula took on new interest early this week as more candidates got on the dotted line.

The filings came as deadline time approached. Today is the last day for school board candidates to file throughout the area. Election day is Saturday, April 2.

In Littlefield, a physician joined a race which already had three farmers and another doctor taking part.

Dr. W. C. Nowlin, M.D., filed joining farmers Jake Armstrong, Roy Allen Hutson and John D. Smith and Dr. D. J. Stafford, M.D., in competition for three posts. Only incumbent in the race is Armstrong.

The two other present board members, Earl Rodgers and Carl Keeling, announced last week they would not seek re-election.

Four new candidates have filed at Sudan, making a total of seven in a race for two spots.

Latest to sign are Nolan Parrish, Johnny Thomason, F. M. Smith and Marvin A. Bowling. Earlier, Wayne Whitesaker, Orville Wallace and Franklin Lane had filed.

Neither of the incumbents at Sudan, R. L. Masten and Charles Wiseman, is seeking re-election.

At Bula, three men have filed for one post. They are J. E. Layton, Robert Claunch and Donald Grissendorf. The incumbent, Guy Sanders, has indicated he will not run.

Filing at Pop were three incumbents, V. E. Gumpfer, E. J. Kuhler and J. A. Decker. They had no opposition early this week.

As of Tuesday afternoon, new candidates had filed at Whitehurst, Spade, Anton, Amherst and Springlake, where voters will elect two trustees in each district. In each case, the incumbents have announced for re-election.

Oltun, which will elect three board members, was still without candidates Tuesday. Incumbents had not announced whether they would run.

## DOOR-TO-DOOR DRIVE SLATED ON HEART FUND HERE FRIDAY

Littlefield 1960 Heart Fund workers will ask that residents "have a heart" and contribute to the fund Friday night in a door-to-door campaign.

The drive originally was scheduled last Friday night, but was postponed because of bad weather.

Mrs. F. L. Dunlap, county chairman, has asked that all workers meet at the county courtroom of the courthouse prior to the drive, which will be conducted from 6 to 8 p.m. Friday.

Workers will make a door-to-door canvass that night. Contributors are asked to leave porch lights on to welcome the workers. Sponsoring the drive is the Littlefield Woman's Club.

A check of temperatures here weeks.

In February showed the mercury stayed below freezing five days of the month. On two days, temperatures dropped to zero or below.

Low temperatures went below 32 degrees on 26 of the 29 days of the month.

Despite the drizzle and snow in recent days, observers said sand land preparation had been the moisture from it isn't enough virtually at a standstill for two to be of much benefit.

PUBLIC SCHOOL WEEK was observed here this week with parents visiting the rooms and cafeteria. Mrs. Lloyd Crume and son, David, 4, visited school Tuesday and had dinner with Gary, another son (at right), at the cafeteria. Gary, 8, is a third grader.

## Mrs. Ruth Badger To Head Junior-Senior High P-TA

The Junior-Senior High P-TA met on the first night of the Publication Week in the high school library at 7:30 p.m.

Officers for the coming year were elected at this time. They are Mrs. Ruth Badger, president; Mrs. Ed Harlow, vice president; Mrs. Fobes Tatum, secretary; and Mrs. Ewing Thaxton, treasurer.

Dr. Ralph Schilling was in charge of the program entitled Opportunity for Youth in Littlefield Schools.

He was assisted by Glenn Reeves, high school principal, and William Burns, co-ordinator.

Members discussed letter jackets to be given to 34 boys and girls with high achievement in solid subjects.

EARTH — In a double ring ceremony read at 4 p.m. Sunday in the First Baptist Church of Earth, Jacqueline Dee Adrian and Terry Golden Green were united in marriage.

Parents of the couple are Mr. and Mrs. John Adrian and Mrs. G. C. Green of Earth. Father of the groom was the late G. C. Green.

White Roman pillars topped with cascades of white flowers and blue and white trimmed candelabra formed the background for the rites read by Reverend Cecil Meadows, pastor of the First Baptist Church of Earth.

Mrs. Wanda Marie Haberer played pre-nuptial organ music and accompanied Mrs. Bobby D. Green as she sang, "I Love You Truly" and Malotte's "Bridal Hymn."

The bride, presented in marriage by her father, was attired in a street length gown of French silk, charmingly gullion made in an original design with long, pointed sleeves, a very full skirt and scalloped neckline trimmed in pearls. Her shoulder length veil was of imported French silk illusion. A white orchid edged with stephanotis and pearls atop a white Bible formed the bridal bouquet.

Janice Prather who served as maid of honor, wore a white full skirted dress with a powder blue satin sash. Her net and velvet head dress and satin shoes were also blue.

Dean Jones of Earth was best man.

Guests were seated by Donald Sanderson, Tracy Angeley, David Corley and Gene Spies of Earth. Ringbearer was Sammie Adrian, brother of the bride, and flower girl was Jackie Sue Adrian, the bride's cousin. The candle lighters, Lynda Lathem and Darynna Morris, wore white satin dresses and white flowers.

The bride's mother was attired in a blue suit with white accessories and flowers. The mother of the groom chose a pink dress with pink accessories and white flowers.

In the subsequent reception in the church parlor, Dee Ann Adrian and Judy Angeley registered the guests while Mmes. Tracy Angeley and David Corley presided at the punch bowl. Serving the white wedding cake topped with blue satin bells was Faye Scott and Linda Beasley. The serving table was laid with a cloth of ruffled net.

Other ladies assisting with hostesses were Mmes. Truman Lowe, Buddy Adrian, Roy Neal, Jan Dick McNeil, Dick Kimbell, Alma Stockstill, Paul Wood, Jarvis Angeley and Melton Welch.

The bride's traveling costume was a navy suit with matching shoes, purse and white hat and flowers.

The couple will be at home at Earth where the groom is engaged in farming.

The bride is a 1959 graduate of De Vibius High School, Toledo, Ohio. She attended West Texas State College, Canyon one semester. The groom graduated from Springlake High School in 1958. He attended Texas Tech where he was a member of the "Sons of Texas."

## Sudan Calendar Of Birthdays To Be Published

SUDAN — Plans for a Community Birthday Calendar to be sponsored by the Band Parents organization were made at a meeting Friday evening.

Mrs. Cleo Whitmore, chairman of the steering committee, named committee chairmen to assist with the project.

The campaign for listings of birthdays and anniversaries for the calendar will officially get underway March 15 when local and area residents and merchants will be contacted by members of the organization. Work will continue on the project for two weeks.

Anyone desiring the calendars may have one by listing birthdays and anniversaries and listings will be 50 cents each. Charge for listings of lodge and organizational meetings will be 25 cents each.

The birthday calendar project is a fund raising campaign by the band parents organization and proceeds from money derived will be used for the purchasing of band instruments and supplies. Named to assist Mrs. Whitmore were Mrs. Rondall Scott publicity; Lodge listings, Mrs. E. E. Chance and Mrs. Weaver Barrett; advertising, Mrs. Glenn Gateswood, Mrs. R. E. Dralor, Mr. and Mrs. Bill Curry; team chairmen named for the canvassing of the town and area included Mrs. Weldon Wiseman, Mrs. Curtis Savage, Mrs. Bill Boyles, Mrs. Loyd Seymore and Mrs. Albert Gentry.

ELEMENTARY P-TA honored the primary and elementary teachers Tuesday morning with a coffee in the Jack Wicker home. Pictured (left to right) are Mrs. W. W. Hall and Mrs. R. L. Young as they serve Mrs. Grace Smith, a first grade teacher, and Paul L. Jones, primary principal.

## Elementary P-TA Honors Teachers With Coffee

The Executive Board of the Elementary P-TA honored all the primary and elementary teachers with a coffee Tuesday morning at the home of Mrs. Jack Wicker. Greeting the guests at the door were Mrs. Buster Owens, president, and Mrs. Wicker.

The teachers were first offered tomato juice in the dining room and were then ushered into the den to the coffee table which was centered with an arrangement of yellow jonquils. The coffee was poured by Mrs. W. W. Hall and Mrs. Jarold Jones.

Other members of the Executive Board who made up the house party included Mmes. Rex Clayton, James Davidson, James L. Hine, Carl Nowlin, Bill Cox, Dick Salmon, J. M. Farmer, Gene Harmlin, C. B. McWilliams, I. T. Shotwell, Jr., Dan French, Rufus Young, Jack Christian, James Naylor, B. W. Armistead, and Weldon Findley.

MISS ANN ADAMS  
Miss Ann Adams  
Is Selected  
Redbud Princess

Ann Adams, daughter of Mrs. N. N. Frey of Spide, a senior student at the Texas Woman's University, has been selected as a Redbud Princess. As a member of the Redbud Court she will be presented in the annual spring Redbud Festival in March which emphasizes personality, friendliness, poise and attractiveness of the typical TWU student.

Miss Adams will graduate in June with a Bachelor of Science degree in nursing. While at TWU she has served as secretary of her freshman nursing class, pianist of the Nightingale Chorus, vice president of the Parkland Unit of the College Government Association, parliamentarian of the senior nursing class and senior student council representative.

## Sunnydale HD Club Meets In Elms Home

Mrs. Leeman Elms was hostess to the Sunnydale HD Club at its meeting Friday afternoon. Mrs. Fred Gasham, club president, presided at the business meeting in which plans for the District 2 THDA meeting were discussed. The meeting will be held April 21 in the First Baptist Church, Littlefield, and the Sunnydale Club will be the host club for a coffee preceding the meeting.

Plans were made for serving the Lions Club in March and for helping with the food booth at the Junior Livestock Show to be held in Littlefield March 11-12.

Mrs. Thomas Harris gave a report of the February County Council meeting.

Mrs. Grisham gave some information on the various blood types and the desirability of each person knowing his own blood type.

Mrs. Elms and Mrs. E. J. Grisham gave a demonstration on preparing TV dinners. They gave a recipe for a multi-purpose barbecued hamburger mix.

They prepared a TV dinner of meat loaf, golden hominy and baked apple.

Mrs. Elms was assisted by her mother, Mrs. Bessie Eitelgeorge in serving refreshments of lemon angel sponge, blonde brownies, salted nuts, coffee and cold drinks along with samples of the foods prepared in the demonstration.

Those attending were Mmes. Thomas Harris, Dale McGaugh, Ernest Gaston, E. J. Grisham, I. J. Rice, W. O. Hampton, B. L. Wheeler, Fred Grisham and three visitors, Mmes. W. H. Petty, R. A. Wall, and W. L. Hopper.

The next meeting will be March 11 in the home of Mrs. Thomas Harris.

## Civil Defense Study Course Slated By P-TA's

Do you know what precautions to take in case of an atomic attack on our country? Are you up on the latest methods of first aid?

If not, you are invited to learn more about home nursing, first aid, and civil defense by attending the study course in these subjects sponsored by the Elementary and Junior-Senior High P-TA chapters of Littlefield.

There will be six lessons taught from 1 to 3 p.m. on March 7, 9, 11, 14, 16, 18 by Mrs. Joyce Oliver, R.N., the school nurse, in Room 1 of the Elementary Building. P-TA members are urged to attend and earn special credit for the local chapters. All others interested are invited to attend. There is no fee.

The first Atlantic cable was laid in 1858, but became useless about two months later due to failure of its electrical insulation.

## Carlene Sue Reed Is Bride Mr. Wayne Richard Thompson

White tapers and baskets of white and pink flowers were the backdrop for the wedding of Miss Carlene Sue Reed and Mr. Wayne Richard Thompson at Levelland, Texas, at 2 p.m. The minister of the church at the double ceremony was Mr. J. W. Warren of Route 2, Levelland. The bride wore a white tulle gown with a chiffon sash and bow. Her pink headbands were topped with pink veils. They added touches of matching pink satin and carried pink carnations.

Sandra Kay Arwine was the flower girl and wore white crystalline that featured little puff sleeves and a gathered skirt. She carried a pink basket filled with pink and white petals. Jimmy Sison of Ropesville carried the rings on a satin pillow. They were cousins of the groom and bride, respectively.

Margaret Ann Cobb, daughter of Mr. and Mrs. Woodrow Cobb of Lubbock, and Larry Dean Hines, son of Mr. and Mrs. Edgar Hines of Hobbs, N.M., cousins of the bride, lighted the candles.

Acting as best man was Gene Schoenrock of Sundown. Accepting duties as ushers were Eddie Courtney of Brownfield, Guy Rush and Austin Majors of Levelland.

## YWA Houseparty Held At Hardin-Simmons

Some 1500 young women braved the cold weather and snow to attend the annual state YWA houseparty held at Hardin-Simmons University, Abilene, Feb. 26-28. Among them were Mrs. Ralph Nelson, YWA Director of West Plains Association; Nell Fields, president of the West Plains YWA Council; Mrs. Leon Billington, pianist of West Plains WMU; Judy Dale, vice-president of West Plains YWA Council; Melva Lynn Ross, pianist-elect of West Plains YWA Council; and the following officers of the Janet May YWA of the First Baptist Church: Jo Harmon, president; Darlene Chisholm, prayer chairman; Carolyn Hampton, Community missions chairman; and Patricia Locker and Joyce Thompson, co-chairmen of publications.

This local group were guests of Miss Jan Hampton at Behrens Hall on the University campus. Miss Hampton, a Freshman at Hardin-Simmons, was program chairman for the Janet May YWA during the year 1958-59. Also, on Saturday evening, the entire group were dinner guests in the home of Dr. and Mrs. Lee Hemphill. Dr. Hemphill, Vice-President of Hardin-Simmons University, served as pastor of the First Baptist Church at Littlefield for a number of years.

Leaders in various fields of Southern Baptist work were among the houseparty speakers, with Saturday morning, Saturday afternoon, Saturday evening, and a worship service on Sunday morning.

# TOWN and COUNTRY

by  
Wendell Tooley

The Daily Telegraph of London reports that 60 per cent of all cigars sold in Britain are bought by women.

I can't remember seeing any Littlefield, Tex. I don't believe I remember ever seeing a woman cigar smoker, unless it was on a woman wrestler poster.

Obviously some or most of that 60 per cent are buying cigars for the men of the house. I hope.

The entire femininity of a woman is her most delectable trait. I certainly cigar smoking takes this away in a hurry.

The department of Agriculture in the U.S.A. estimates 1959 cigarette output exceeded 1958 by 3 per cent, and predicts higher consumption in 1960. This is based on an increase in population and more women smokers.

Looks like the male population will die of heart attacks caused from extreme effort to make money and keep up the required pace of the day. In the meantime the females will die from lung cancer caused by smoking and spending the male's hard earned cash.

I am reminded of the insurance man who made this pitch to a friend. "Just think how inconvenient it would be for your family if you were killed and left them no insurance money!" \$1-2-3-4-5-6-7-8-9-10, replied my friend, "I'm gonna be dead, the least they can expect is a little inconvenience!"

I urge every farmer in this area to read the District Noxious Weed Control Act before he votes on whether or not Lamb County should be in a weed control district.

There are advantages to both sides. It means more controls for the farmer. The cost would amount to much, but the mechanics of enforcement are complicated. There are already two controls on weeds in Lamb County. One is the responsibility of our commissioners to see that all roadways are kept free of weeds, the other is the soil bank payments by the ASC. No soil bank checks should be paid to soil bank farmers who have not mowed off the weeds.

On the other side of the issue, Lamb County would probably have less weeds if we had a weed control district. The money in the fund would buy plenty of equipment for use by individual farmers who had patches of bindweed, Johnson grass etc, which they wanted killed out. There is already a seed control state law in effect also.

We have a copy of the Noxious Weed Control Act here at the paper if you're interested in reading it. Otherwise there'll be a copy at each voting box for your information.

A high Internal Revenue Service official claims this actually happened: He took a seat on a street car here with an elderly man. His voice giving away that he had immigrated here from Italy. Taxmen came up in the conversation. "I pay my taxes every year," explained the old man. "I write a letter to the 'District Direct' in Baltimore and tell him. Here are my taxes plus \$50 extra for you. It is such a pleasure to be an American citizen, I want to send more. You spend \$50 on what you want? He always write me back personal letter and say, 'I return \$50. I can't accept more than taxes you owe, but you are the citizen. This is very nice - because all the time I'm cheating him out of \$4,000 because I own big farm he don't know about.' The old man is now divvying up the \$4,000 - plus penalty and interest.

Representative Homer Thornberry (D-Texas) likes to tell about the Texan who was so absent-minded he couldn't remember the name.

An African tribe was having a terrible time with its crops. The natives went to the chief who said: "What we'll do is send a telegram to the Russians telling them we are having agricultural problems and need their seeds and tractors and 100 young technicians to help us. Then we will send a telegram to the U.S. telling them that the Russians are sending us seeds and tractors and technicians and the Am-

ericans will send us seeds and tractors and 100 technicians. "When all the technicians arrive," the chief concluded, "we'll eat them." - Doug Kennedy, editor, True.

Looking through today's paper we notice that the Littlefield Drive Church of Christ is beginning an early morning service Sunday morning at 8:45. This will alleviate the crowded conditions and be of convenience to the families who want to attend church early and go out of town for the day.

Renfro's, Pioneer, Furr's and Pugsly Wigzly are all back in today's paper with a lot of good grocery buys. Many new automobiles are shown. Anthony's Dollar Days begin today. "Jack the Ripper" is coming to the Palace Theatre, and another Gladiola Flour message for the women!

An Optimist is a man who thinks he can build a \$12,000 house for \$12,000.

## Baker - Maner Bowling Duo Places First

Shorty Baker and Patty Maner captured first place among 40 couples entered in a City Association Couples Bowling Tournament at Lamb Bowling Lanes Saturday night.

The Baker - Maner duo bowled a 1,245 series and won \$75.

Second place and \$30 went to Judd and Reba Walker, with a series of 1,213.

Bob and Laura Falk were third with 1,237 pins, winning \$21. Dr. and Mrs. J. R. Fain won \$15 with a fourth place finish on 1,222 pins.

Lamb Bowling Lanes donated \$50 of the \$148 in prize money. Another tournament will be held in about a month.

## Volleyball Meet Slated At Bula

BULA - An annual volleyball tournament sponsored by the Bula High School junior class is scheduled here March the week of March 14.

Competition is scheduled for Monday, Tuesday, Thursday, Friday and Saturday nights. Deadline for entries is Friday, March 4. Trophies will be awarded for first, second and third places and consolation.

Persons wishing to enter a school volleyball team should write the junior class, Bula High, Star Rt., Enoch.

Persons will send us seeds and tractors and 100 technicians. "When all the technicians arrive," the chief concluded, "we'll eat them." - Doug Kennedy, editor, True.

GO-AHEAD BUCKET-The ball lands in the basket after a shot by Paul Galvan (15) of the Sudan Hornets last Saturday at Lubbock. The bucket put Sudan ahead of Plains in the third period. Screening for Galvan on the shot was Sudan's Gary West (22). Sudan won the Plains game, 41-43, to advance to the finals of the Region 1 Class A tournament, but later lost the championship in a battle against Sunray. (SUDAN BEACON PHOTO)

## Three Jailed On Liquor Law; One For DWI

Three persons were jailed here over the weekend and early this week on liquor law charges and another was arrested on a charge of driving while intoxicated.

C. J. Hudson, 42, Littlefield, was arrested Saturday on a charge of possession of liquor for purpose of sale. Officers said they found 18 pints of liquor stored in the floor of a building at Hudson's wrecking yard here.

Hudson pleaded not guilty to the charge and went free on \$1,000 bond posted by H. V. Ellins, A. F. Sbert and L. R. Sewell.

Eddie Deary, 49, Olton Negro, was jailed Sunday on a charge of selling beer to a minor. He pleaded guilty and was fined \$250 and costs.

Paul Silvez, Olton Latin, was fined \$100 and costs after pleading guilty to unlawful sale. He was arrested Monday.

Carl Bontke, 21, Olton, was arrested Sunday on a DWI charge. He pleaded innocent and went free on \$1,000 bond.

## School Week

(Continued from Page One)  
Olton, Springlake, Spade, Anton, Bula, Pep and Whitharral.

The Spade P-TA will honor the teachers with a tea this afternoon from 1:30 to 3:30. Parents will relieve the teachers of their duties at this time.

Bula and Amherst have designated today as Public School Day with special programs planned and an invitation to all parents to eat in the cafeteria.

Anton parents were welcomed to open house on Tuesday with the P-TA sponsoring a chili supper that night in the cafeteria. The cafeteria will remain open to the parents through today.

Springlake will climax the week with a special awards and appreciation program tonight at 7:30 at the regular P-TA meeting.

Whitharral School will close the week with a honor banquet Friday night along with Leveland.

Sudan schools got off to an early start this week with a band concert last Sunday and a kick-off breakfast on Monday. Local organizations ate at the luncheon on scheduled days.

Olton and Pep were also open to the public this week with special events scheduled.

## The Readers Write Letters To The Editor

To The Editor:  
Taxpayers of the Littlefield area along with other Lamb County taxpayers are urged to study the Noxious Weed Control Act before casting their vote Saturday, March 5.

Each farmer will be required to furnish his own labor and chemical or what other eradication he may choose.

If the Noxious Weed Control Law should carry in Saturday's election, money for eradication of the noxious weed on county right-of-ways will have to be raised through some tax increase.

Section 17 of the Noxious Weed Act plainly states that the Board of Directors is specifically authorized to promulgate rules and regulations requiring the cleaning of farm implements and machinery which is brought into the district or which is moved from one location to another.

Each land occupier will be required to comply with the control measures prescribed by the Board of Directors and shall have a right to enter upon the land and determine if the control measures prescribed by the Board are being carried out.

Section 16, 17, 18 and a part of 19 of the Noxious Weed Control Act is printed in this issue of this newspaper. Taxpayers and farmers are asked to read these rules and regulations carefully and consult their commissioner and neighbors about this important matter.

## 2 Minor Mishaps Are Investigated

Two traffic accidents which occurred within 20 minutes of each other were investigated here Monday by city police. No one was hurt in the collisions.

The first mishap occurred at 11:30 a.m. at 6th and Herral. The other happened at 5th and Eastside at 11:50 a.m.

Involved in the accident at 6th and Herral were vehicles driven by Marion W. Phillips, 700 E. 5th, and Jackie W. Randolph, 808 E. 6th.

Officers estimated damages to Randolph's car at \$250 and to Phillips' pickup at \$150.

The other accident involved autos driven by E. J. Foust Jr., 708 E. 11th, and Lee Furr, Littlefield. Damages in this accident were set at \$175 to the Foust auto and \$150 to the Furr car.

All sixteen voting polls throughout Lamb County will be open at 8 a.m. and close at 7 p.m. Saturday, March 5.

All taxpayers are urged to go to the polls Saturday and express their opinion.

## Building Totals \$82,400 Here

Building permits issued in Littlefield in February totaled \$42,300, as construction, hampered by snow and cold weather, slowed to a crawl.

February permits brought the year's total to \$82,400, compared to \$425,700 at this time last year when a \$25,000 permit for Littlefield Hospital had been issued.

Permits issued during the month included:  
J. T. Gibson, dwelling on West 4th, \$4,000.  
Howard Burks, garage on 13th Street, \$300.

Bobby G. Rogers, dwelling at 19th and Crescent Drive, \$19,000.  
Gerald Wedel, dwelling on Monticello, \$11,000.  
Robert B. Phillips, house moved in at Cook and Ash, \$9,000.

## Citizenship Meeting Tonight

The fourth in a series of six Citizenship Training Programs is scheduled here tonight at 7:30 at the high school auditorium.

Tonight's meeting is a make-up session of one previously scheduled last week. That meeting had to be postponed because of inclement weather.

Dr. Jack Bates, Lubbock Christian College dean, is instructor of the course, which is designed to bring about a better understanding of the American way of life as opposed to Communist and Socialist doctrines.

### In Stock Show

Lamb County's annual Junior Livestock Show had drawn 118 entries through Tuesday and more were expected later this week.

This announcement came from C-C Manager Don Page, who said the entry deadline, originally Tuesday, has been extended through Saturday.

The annual show is scheduled Friday and Saturday, March 11-12, here at the Lamb County Fair Grounds.

LEGAL NOTICE

Notice is hereby given that the Commissioners' Court of Lamb County, Texas, will, at its next regular term, the same being the 14th day of March, A. D. 1959, take up and consider the following proposed order:

AN ORDER PROVIDING FOR AN INDEPENDENT AUDIT OF ALL FUNDS OF LAMB COUNTY FOR THE YEAR 1959

Whereas, it is necessary that an audit be made of all funds of Lamb County for the year 1959, in order that the Commissioners' Court of Lamb County may have the requisite information to enable it to determine and fix proper appropriation and expenditure of public moneys in its charge and to ascertain and fix a just and proper tax levy; and

Whereas, the interest of the public would be best served by such an audit;

NOW, THEREFORE, IT IS ACCORDINGLY ORDERED by the Commissioners' Court of Lamb County, Texas, that an independent audit be made of all funds of Lamb County for the year 1959, and that the services of a qualified auditor be forthwith engaged to make such audit.

Issued this 29th day of February, A. D. 1959.

(s) Pat Boone Jr., County Judge, Lamb County, Texas (3-3-60)

DOUBLE ATTENTION FOR MOZART'S BIRTHDAY—Mozart, a doggone good Boy dog, was hustled out of his warm bed in Houston to see two birthday cakes baked for him by his owners, Keith Van Dusen, 7, left, and Mickey Van Dusen, 10, left. Mozart, just recovered from a touch of flu, ate both cakes with little effort. (AP PHOTO)

IT'S THE LAW in Texas

A public service feature of the State Bar of Texas

Perhaps you have been in a courtroom and heard an attorney argue forcefully to the court that such and such a case clearly governs the case at hand. But did you ever wonder about the intricate processes that have been directed toward finding that case which is often referred to as "controlling precedent?"

The lawyer's training received in law school enables him to recognize and analyze problems. In most law schools he will have studied what is known as the "case method." In the standard three-year course usually following his graduation from a general college education, the law student will read hundreds and sometimes thousands of cases especially selected to illustrate the various phases of the law.

The case method of study enables the lawyer to recognize and classify problems created by the relationship of real persons to each other. It also emphasizes

that the outcome of each case depends upon the application of principles of law to its own peculiar facts.

When a client seeks legal advice from his lawyer, the lawyer's mind immediately classifies the problem. Sometimes the problem is such that he may be able to give an immediate specific answer. However, more often the problem will have ramifications that will cause resort, as the lawyer says, to "the books". This means that research is in order.

It may take hours, and in many instances, days of research to unravel a knotty legal problem. The process is involved. Cases must be found, analyzed, compared, and checked to deter-

mine whether they have been overruled by later decisions. The lawyer must stand before court and say "Your Honor, I believe that our case is ruled by the case of such and such."

(This column, prepared by the State Bar of Texas, is an informal - not to advise - should ever apply or any law without the aid of a lawyer who is fully conversant with the facts involved, cause a slight variance may change the application of the law.)

**EDITORIALS**

**Want Welfare State?**

Americans want their country to be a welfare state. They want constantly increasing federal budget at present high levels indefinitely or even a continued cheapening of the dollar? What we're getting. Americans don't want that, they must speak up, decisively.

They know that the cost of federal government has gone up greatly during the present administration.

It persists that it is the cost of defense that is the biggest item in the budget.

Defense is a constantly declining percentage of the budget presented to Congress by the president. The fiscal 1955 budget, submitted in July, 1954, called for an outgo of \$65,000,000,000. The fiscal 1956 budget, just submitted, calls for an outgo of \$79,800,000,000 more than a \$14,000,000,000 increase is for domestic spending.

The magazine U.S. News & World Report in its current issue. "It's the cash figure (in the budget) that tell the real story of the state and highway spending." The article says that in eight years of a 'conservative' administration: At start, \$6,900,000,000. At end, \$20,300,000,000. Rise: \$13,400,000,000. At start, \$2,900,000,000. At end, \$5,200,000,000. Rise: \$2,300,000,000. At start, \$4,700,000,000. At end, \$8,000,000,000. Rise: \$3,300,000,000. At start, \$2,300,000,000. At end, \$3,200,000,000. Rise: \$900,000,000. At start, \$4,900,000,000. At end, \$6,100,000,000. Rise: \$1,200,000,000. At start, \$50,500,000,000. At end, \$45,900,000,000. The first year in defense spending from the Korean war.

Important thing to notice is this: "National defense is down from 1953 . . . Welfare state cost, shooting up. It will nearly triple in the eight years of Eisenhower administration . . . country fast is becoming a welfare state, and on defense while splurging on programs that everybody feel secure and happy."

Americans don't want a welfare state, in which they will spend more and more, tax more and more, and become more and more dependent upon government socialization, spur inflation and cheapening of the dollar, they must let their representatives to resist every bid to increase expenditures, and to cut back on expenditures wherever possible. (Houston Chronicle)

**And Opinion**

December the Esso Education Foundation grants totaling \$485,000 to stimulate science teaching at all educational levels. Fifty-five and universities and six special projects are recipients. These grants are part of a program established in 1957, and are similar to other programs of the Foundation which have totaled almost \$8 million, primarily to liberalize education, since it was founded in 1955.

Springer, New Mexico, Tribune: "Possibly the industry is so burdened with featherbedding as are the American railroads. Recently a condition of one of the rails service, Wis. Thru several conditions it became impossible to perform all the yard work in the yard with one switching crew, where formerly two were used. But was the railroad permitted to lay off the crew? The answer is no. Each work day four men, engineer, fireman, brakeman and conductor, were in the yardhouse, where they spend the day playing cards and otherwise diverting themselves. For which they get full pay."

**STATE CAPITAL Highlights AND Sidelights**  
by Vern Sanford  
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — We may have a muddy spring this year. . . but will there be enough water for Texans in 2010?

This is not a fantastic question but one that Texas' state and local officials, engineers and water planners are grappling with now. Out of their efforts come these items of news and views.

1. Gov. Price Daniel told a farm convention in Austin that Texas has made great progress in statewide water management in the past three years. But, he said, "much more remains to be done."

Water planning and development, said the governor, is essential to the state's growth and prosperity in the years ahead.

2. A series of three meetings will be held during March along the Colorado River and its tributaries to discuss water needs of these areas for the next 50 years.

Meetings will be held in conjunction with the U. S. Commission studying Texas' major river basins. They will be in Wharton March 8; Big Spring, March 15; and Austin, March 17. Colorado River Industrial Development Association (CRIDA) will sponsor the Austin and Wharton meetings, and the West Texas Texas Chamber of Commerce the Big Spring Meeting.

3. State Board of Water Engineers called for a "time out" until March 8 on the longest-ever water hearing. At issue in the hearings which began Nov. 2 is whether the Trinity River Authority and City of Houston shall be granted permits to build two downstream reservoirs on the Trinity.

Water Board, apparently getting short on patience, advised opponents to get together and solve their problems cooperatively. Hearing has been given to long, bitter arguments and frequent flare-ups among participants.

San Jacinto River Authority has been chief objector to granting of the permits. SJRA contends that Houston will shortly need more water for domestic use but that Trinity water, because it contains sewage from Dallas and Fort Worth, is not suitable. San Jacinto officials say Houston should work with SJRA to meet the city's domestic water needs.

In the far-ranging testimony, water engineers discussed the probable water needs of Houston, Dallas and Fort Worth in 2010, and the possibility that Texas might be subjected before 2010 to a drought worse than that of 1950-57.

4. Texas is losing the battle for industry because of inadequate water supply, the director of UT's Balcones Research Center told an Austin meeting.

"Central Texas is in good shape," said Dr. J. Neils Thompson, "but the rest of the state is in sorry shape."

Texas has an average annual rainfall of 27 inches compared to an average of 30 inches for the U.S. as a whole, said Dr. Walter Moore, also a UT engineer. But he said Texas has a special problem — an evaporation rate 50 to 100 per cent higher than for the U.S. as a whole.

**AUTO DEATHS DROP** Texas had an "almost sensational" 28 per cent drop in traffic deaths in the first seven weeks of the year, Governor Daniel announced.

This is the period since the new Safe Driving Auto Insurance Plan went into effect.

There were 69 fewer deaths during the first seven weeks of this year than during the same period in 1959. Drop was from 243 deaths in 1959 to 174 this year.

Board of Insurance Chairman Penn J. Jackson said he felt the new insurance rates, which are higher for careless drivers, were due at least a portion of the credit for the improved safety record.

Conclusive evidence, both the governor and insurance board chairman agreed, would have to await more time and statistics.

**INDUSTRY SEEKERS NAMED** — Nine men have been named by Governor Daniel to the new, enlarged Texas Industrial Commission.

He also gave them as their 1960 assignment the gaining of 24 new industries for Texas — one for each county.

Members of the old three-member Industrial Commission were appointed to the new board. They are E. B. Germany, Dallas; Houston Hart, San Angelo; and Chester C. Wine, Laredo.

New members are Robert F. Haysworth, El Paso; Ray H. Harton, Houston; Morris Hixley, address: Richard H. Leffers, Longview; James A. Redmond, Beaumont; and Al H. Chessier, Austin.

**FISH FOR FARMERS QUESTIONED** — A House of Representatives committee looking for ways to save tax money quizzed spokesman of the Game and Fish

polio cases in the spring months ahead.

Most of the victims, said the Department, will be among those who have not taken advantage of polio shots.

Last year's record shows that three out of four polio victims had not had any vaccine and 9 out of 10 had not had all the recommended series.

Texas had 526 cases of polio last year, approximately 13 per cent of the 3,984 cases recorded in 1952 before Salk vaccine.

A Health Department official deplored parents who, "in the face of almost daily urgings, ignore the chance of giving their youngsters an infinitely better chance to escape polio."

**Whitharral HD Holds Meeting**

WHITHARRAL — Mrs. L. C. Lewis presided at the meeting of the Whitharral HD Club which met at the Home Ec cottage here in a demonstration on purse-making was Mrs. Rafe Rodgers.

Mrs. Ed Blackwell of the Northside HD Club was a visitor. Others present were Mmes. Lewis, Rodgers, Leon Slape, A. L. Chisholm, Glenn Hughes and Bruce Hicks.

Commission on its fish and quality re-stocking programs.

Committee members questioned whether the Commission should give out free young fish raised in the state hatcheries. They go to farmers and others to stock tanks.

A Commission official said the little fish cost the state about 1 cent each to raise.

Legislators also considered at length the Commission's quail hatchery operation near Tyler. Quail, it was brought out, cost about 69 cents each to raise, are sold to landowners for game re-stocking at 50 cents apiece.

Editor's note: The Sandhills Philosopher on his Johnson grass farm views the farm problem again this week, but whether he sheds any light, is hard to say.

lem will be solved," the editorial said.

However, when I say solved, I mean only in the newspaper editorial writer's mind, not in mine.

In the first place, he implies that the main purpose of a farmer, even one that's not hustling, is to feed and clothe people in town, whereas most farmers I know have as their main concern the feeding and clothing of themselves and their immediate families, with occasionally a son-in-law thrown in.

In the second place, hustling is not the answer for the farmer. It's hustling that has brought on all the surpluses.

And in the third place, if that big city editorial writer thinks when the time comes, if it ever does, when he doesn't have enough food and clothes to buy that that fact is going to make me hustle and work harder, he'd better keep a few acres handy to farm himself in between editorials. This

I read an editorial in a newspaper the other day, I've forgotten the name of the paper but it was from a big city because I remember it was heavy, which solved the farm problem.

This disturbed me because the farm problem has always been something you could rely on, like restlessness in Europe. Regardless of how many other problems were solved, you always figured the farm problem and restlessness in Europe would be around, but this paper said the farm problem will solve itself.

"When so many farmers move to town that the ones left on the farm have to hustle to raise enough to feed and clothe their town customers, the farm prob-

also applies to you. In fact, anybody who is depending on me to work harder when he runs short on food and clothes, had better re-study the farm problem, or at least re-study me.

I know some people consider farming sort of like the post office system, it's a public service institution and you're not supposed to make a profit out of it, but very few farmers subscribe to this idea.

Anybody in town who figures his future is secure because if he ever runs out of food and clothes, I'll work harder, is not taking a practical view of the matter. What'll happen is, I'll work about the same and charge double for what I produce. Then it'll be up to the newspapers, for example, to charge double for their editorials. You think they can swing it?

Yours faithfully,  
J. A.

**Retail Council To Meet Friday**

The Retail Merchants Committee of the Chamber of Commerce will hold a noon luncheon meeting at Thornton's Cafeteria Friday, according to Joe Fenn, chairman.

Only six attended the called meeting for Wednesday morning and the luncheon meeting was called hoping for better attendance.

Fenn urged every retail merchant to be at the Friday meeting. Plans will be laid for the Littlefield Appreciation Day, which is scheduled this month.

**TAKES A DIVE**

ST. LOUIS (AP) — Mrs. Alfrida Vickers drove by a barricade by mistake and got herself into a real hole. Her car skidded into a 15-foot construction excavation, landing upside down.

She was only slightly injured, but found she was unable to climb the steep side of the muddy hole. It was an hour later before a passerby heard her cries for help and summoned aid.

At an auction sale show, Mathis' steer brought 75 cents a pound, a 494.50, from Olton State Bank. Mathis' top bar-ch 99 cents a pound, total of \$174.50, from Gif-Western of Littlefield. The fat lamb was auction-25 a pound to Olton Bowling Center. Reserve steer, shown by Jimmy Moss, was bought by Compress and Warehouse of Hart for 55 cents. Olton Butane paid \$1 a pound for the reserve lamb, shown by Neil Burrow, and Olton Coop 55 cents a pound for the reserve champion hog. Don Blades for his brother, Kenneth.

## 9,700-Foot Wildcat Oil Try Set 7 1/2 Miles West Of City

A 9,700-foot wildcat oil venture has been staked 7 1/2 miles west of Littlefield on the northwest side of Bull Lake.

U. S. Smelting, Refining and Mining Co., Midland, will re-enter the George P. Livermore, Lubbock, No. 1 J. N. James, a 4,025-foot failure.

The James project was plugged Sept. 8, 1958. The new venture to 9,700 feet will test the Ellenburger and possibly to granite.

The wildcat project is eight miles west of Littlefield San Andres pool production and seven miles northwest of Illusion Lake (San Andres) wells.

The closest dry hole is 2 1/2 miles southeast, where a 4,400-foot failure was plugged. Another quarter-mile southeast is a 4,444-foot failure. Closest deep test is 5 1/2 miles to the southwest, a 9,165 foot driller which stopped at the Ellenburger.

The drillsite is 325 feet from north and 350 feet from west lines of Labor on a 177-acre lease. No shows were recorded in the original hole, which will be cleaned out. A core cut in the San Andres from 3,961-4,025 feet recovered 64 feet of dolomite with anhydritic inclusions and bleeding water throughout.

## January Bond Sales \$18,835

Savings Bond sales in Lamb County for January 1960 totaled \$18,835. C. O. Stone, chairman of the county savings bonds committee reported this week. "Our county has reached 5.1 per cent of its 1960 goal of \$370,000."

Sales in Texas for January were \$16,337,796 which is 10 per cent of the state goal.

**WINDBREAK**—Here is a two-year-old windbreak planting of Arizona Cypress at the farm of Mrs. O. R. Ogletree, 1 1/2 miles west of Olton. The windbreak was planted to protect homestead against southwest winds. (SCS PHOTO)

## Windbreak Planting Time Is Almost Here

Now is the time of year when west and north directions in Lamb County. Most of the high winds cut in the ditch. This facilitates Soil Conservation District to think which carry dust come from the watering of the seedlings.

Several farms in the county which have excellent windbreaks from 125 to 200 feet from the area for farmstead protection are the best A. L. Berry farm two miles north-west of Fieldton, Mrs. O. R. Ogletree farm 1 1/2 miles west of Olton, the M. P. Brigance ranch five miles south of Olton, and the Rufus Ogerly farm three miles southwest of Amherst.

Farmstead windbreaks should be planted with some type of material, either wooden posts or shingles, when they are set out. This will keep high winds from damaging the seedlings before they get a good root system set.

This year, as in the past, land owners can check with the Soil Conservation Service personnel in the Littlefield Work Unit to learn where the trees can be obtained and get information on setting out and caring for the seedlings.

Several farmsteads in the Lamb County Soil Conservation District have farmstead windbreaks which are established and are doing an excellent job of protecting the farmsteads from blowing and sifting sand.

Most farmers are using Arizona Cypress seedlings for their windbreaks.

Generally, windbreaks should give protection from the south.

# Vote "NO" to the Weed Control District Saturday, March 5th

With the belief that the County ASC office will withhold soil bank payments from farmers who do not keep Soil Bank land mowed and with the knowledge that State and County roadways will be kept free of weeds by roadway officials we hereby affirm that no other weed controls are necessary for this district.

Likewise we feel that the farmer is already operating under too many various controls without the addition of another.

We urge every person interested in agriculture in Lamb County to read the District Noxious Weed Control Act for the full facts.

(This message is a paid advertisement sponsored by farmers and other interested persons who believe that no more controls are necessary for Lamb County Farmers.)

# LIPSTICK LOGIC

Sometimes it's hard to say "Thank you," even when you know it has to be done. For example:

When you're going to a place where you especially want to appear to advantage . . . And you dress carefully, grooming yourself well . . . And you make your entrance, walking confidently among the guests, feeling you look your best . . . Then seat yourself you critically and plucks a thread or hair, from your collar . . . And you think, "Oh dear, and I thought I looked so nice!" . . . But you say "Thank you" just the same.

Or you begin to feel you've made a place for yourself in the community . . . when someone comes across a room and calls you Mrs. Whatis . . . Then says, "Well, you surely look like Mrs. Whatis . . . and that's a compliment!" In your heart you know Mrs. Whatis wears at least one dress-size larger than you do, and is five years older . . . Nevertheless you say lamely, "Thank you, I know it is." . . . And to yourself add, "So I'm spreading and aging, am I?"

Or you take on a hateful job for your club because nobody else wants to do it . . . And you get the work done, disliking every minute of it . . . And all those lovelies who wouldn't have touched the job with a ten-foot pole, come up and say, "You did a wonderful job! We just knew you would!" . . . And you resist the impulse to spit in their eye and instead say meekly, "Thank you."

Even when you know it has to be done, it isn't always easy to say, "Thank you!"

# Woodrow Powell Seeks Election In Precinct 2

Woodrow "Woody" Powell authorized the Littlefield Press this week to announce his candidacy for Commissioner of Precinct 2 of Lamb County.

Powell made the following statement in announcing his candidacy:

"In announcing my candidacy for the office of Commissioner of Precinct 2, I want to take this opportunity to solicit your support in the First Primary Election in May."

Woody has been a resident of this area for 30 years and has had several years experience with road equipment.

## Read Noxious Weed Control Act Carefully

POWERS OF BOARD OF DIRECTORS

Section 16 — The Board of Directors Shall Have The Following Powers:

(A) To determine which noxious weeds shall be subject to control.

(B) To determine the method or methods of control, either by spraying, cutting, burning, tillage or any other appropriate method.

(C) To prescribe the specific areas within the district on which control measures are to be carried out.

(D) To prescribe the period within which the control measures are to be carried out.

(E) To take such other action as is necessary to effectuate the purposes this Act.

RULES AND REGULATIONS

Section 17 — The Board of Directors is specially authorized to promulgate rules and regulations requiring the cleaning of farm implements and machinery which is brought into the district or which is moved from one (1) location to another within the district, and prescribing the method of disposition of materials taken from such implements and machinery. Before such rules or regulations are put into effect, notice of their adoption shall be given by posting a copy thereof at four (4) public places in each county within the district at least ten (10) days before the effective date and by filing a copy with the county clerk of each county within the district. A violation of the rules and regulations shall constitute a misdemeanor and shall be punishable by a fine of not less than Twenty-five Dollars (\$25) nor more than Two Hundred and Fifty Dollars (\$250).

NOTICE TO LAND OCCUPIERS OF CONTROL MEASURES; INSPECTION OF PROPERTY; FAILURE TO COMPLY WITH ORDER

Section 18 — The Chairman of the Board of Directors shall give written notice to each land occupier informing him of the control measures which are in effect on his land and all other necessary information to enable the land occupier to carry out the measures.

It shall be the duty of each land occupier to comply with the control measures prescribed by the Board of Directors. It shall be the duty of the County Commissioners Court in each county to comply with the control measures on right of ways of all public roads and other public lands with the district.

The Board of Directors or any inspector appointed by the Board shall have the right to enter upon any land within the district to determine whether control measures are necessary and to determine whether control measures prescribed by the Board are being carried out. If it is found that any land occupier is not complying with the Board's directions, the Board shall give him written notice ordering him to comply within a stated time. If he fails to comply with the order, the Board may file a suit for a mandatory injunction in the district court of the county in which the land is situated, to compel him to comply with the order. Any land occupier against whom an injunction is issued shall be liable for all costs of the suit and for a reasonable attorney's fee, to be fixed by the court.

LEVY OF UNIFORM ASSESSMENTS

Section 19 — The Board of Directors may levy an annual uniform assessment against the land within the district, not to exceed Three Cents per acre, for the purpose of paying the expenses of the district.
