No. 29

## THREE LITTLEFIELD PEOPLE ARE INJURED, TWO OTHERS KILLED IN STAE HIGHWAY AUTO COLLISION

**THE DEAD**  
 Paul Brewer, 18, Tech freshman from Memphis, Texas.  
 Clint Lewis, 23, cotton picker from Wiley, Texas.

**THE INJURED**  
 Miss Laveta Davis, Lubbock Business college student from Littlefield, fractured skull and other injuries. Condition considered critical.  
 Miss Jessie Dyer, Lubbock Business college student from Littlefield, suffered badly cut throat and is accorded a fighting chance for recovery.  
 Jim Lindsey, Tech sophomore, of Lubbock; suffered lacerations about head and face.  
 J. M. Dyer, Tech freshman from Muskogee, Okla., has broken left arm, deep cut on one jaw.  
 Bill Oldham, Tech freshman from Muskogee, Texas, minor scratches and lacerations.  
 Miss Minnie French, Lubbock Business college student from Ropesville, suffered only minor injuries.  
 Henry Dunavant, address unknown, suffered a cut over one eye.  
 Miss Fula Mae Brown, of Littlefield, minor injuries.  
 Miss Carrie Scott, of Littlefield, minor injuries.  
 Gene Butler, cotton picker, address unknown, suffered a broken leg and his brother, first name unknown, was injured.  
 H. D. Davis, of Littlefield, brother of Laveta Davis, lost one eye, the amber being popped from its socket.  
 Joe Roberts, Tech freshman from Littlefield, escaped injury entirely.  
 What was a joyful afternoon was suddenly changed into grief, suffering and tragedy when the grim monster of death grinned in derision at the frailty of life as two automobiles crashed together on the State highway about four miles south of Lubbock last Sunday evening.

The collision occurred about 8:30 p.m. when a car filled with Tech students returning from a football game at Fort Worth, crashed into an automobile of young people residing in Littlefield. Both cars were hurled into the ditch, twisted into a mass of wreckage, while two of the occupants lost their lives, 11 were injured and two miraculously escaped.  
 Clint Lewis, with two other young men, riding on the runningboard of a car from Littlefield, was one of those killed. His skull was fractured and neck broken and there were other injuries. Paul Brewer, a Tech student, was the other one killed. His head and face were badly crushed, and coming shortly after he was taken to a Lubbock sanitarium.  
 J. J. Thornton, leader in rural club and who resides in the south end of the county near Slaton, drove on the scene of the tragedy almost immediately after it occurred. According to his statement Monday, Mrs. Roberts, sole occupant of the Tech car escaped injury, was working practically to aid the injured when she arrived at the scene. Brewer and his brother, the latter already dead, and most of the injured, were placed in Thornton's car and started for a Lubbock sanitarium. A Bynum Brothers ambulance met them on the outskirts of the city and the injured were rushed on into Lubbock. The bodies of the dead were removed to the Bynum mortuary and the remains of young Brewer were sent to the home of his family, in Memphis, early Monday. Lewis' body was held pending word from relatives.

## BUSINESS TRANSACTED AT LITTLEFIELD POST OFFICE INCREASED \$9,610.55 IN PAST YEAR; NEW RURAL ROUTE ADDED

Post office business of a given town is a good index of that town's forward or backward movement, and a compilation of this week in the Littlefield post office clearly shows this town is stepping forward with good momentum. Some of the data is as follows: Postal receipts from October, 1926 to September, 1927, inclusive, totaled \$72,942.81; from October 1927 to September 1928, inclusive, the total was \$81,180.14, showing an increase of \$8,237.33. The money order business from October 1926 to September, 1927, inclusive, totaled \$72,942.81; from October 1927 to September 1928, inclusive, the total was \$81,180.14, showing an increase of \$8,237.33.

For instance, the money order business transacted at the local postoffice for the month of September, 1927, totaled \$3,489.45; while for the same month of this year the total was \$5,220.29, an increase of business over the same month of last year amounting to \$1,730.84.

Other increases of service are indicated by the extension of rural route one and changing it from a three times weekly service to that of a daily, also, the establishing of rural route two, which will begin service December 8.

Recently 100 new mail boxes were installed in the local post office, and the Post Office Department has further recognized the growth of Littlefield by furnishing an electric canceling machine, which arrived last week.

**OPENS FEED STORE**  
 Mid Seale last week opened a new feed store in the west part of town near his stock pens an dot far from the south end of Main street. He will handle coal, feed and flour, also doing custom grinding, also having agency for the W. W. Feed grinders.  
 Z. C. Thompson is managing the business.

## L.F.D. LOST FIRST GAME OF SEASON TO RALLS SQUAD

The Littlefield eleven went to Ralls last Friday and fought one of the toughest grid battles against the Ralls Jackrabbits they have ever engaged in.  
 The Jackrabbits were a clean, hard fighting bunch, which made the game very interesting. Fans on the side lines maintained that this was one of the best high school football combats they had ever seen.  
 In the first quarter the referee gave Ralls a touchdown and they scored an extra point by plunging the line.  
 In the second quarter the Wildcats completed a long forward pass, White to Thornton, for the first touchdown. The Wildcats failed to kick goal for the extra point. In the same quarter Harry White, halfback, went through the line for the second touchdown. Thornton caught a pass for the extra point making the score at end of first half 13 to 7, in Wildcats favor.  
 In the third quarter, neither the Wildcats nor Jackrabbits could score.  
 The local boys played in the Ralls territory most of the time and had the Ralls fans nervous several times.  
 In the fourth quarter, the Wildcats carried the ball down to Ralls goal line several times, but the referee would penalize them every time it looked as though it was going over and the Littlefield boys could not carry it over. The local boys got disgusted at the referee and that is probably what caused a fumble or two in the back field.  
 About the middle of the fourth quarter, Ralls went over for their second touchdown. They failed to kick goal for the extra point, but the referee gave it to them, claiming one of the Littlefield boys was holding. After all this happened the score at the end of the game was 14 to 13.  
 The Ralls squad were all good sports and praised the local eleven for the clean game they played and the sportmanship they showed.

**LITTLEFIELD WON PRIZE**  
 The Littlefield office, Texas Utilities Co., won the prize of \$5.00 awarded by the company last week for the best decorated show window in their place of business.  
 Alvin Mueller, electrician, was the artist who designed and executed the successful display.  
 Sometime during the month of December a Christmas present of \$25.00 will be given the best display of merchandise in some one of the electrical stores of this company. Mueller is hopeful of winning again.

**SPADE PEOPLE CELEBRATE**  
 A Halloween party was given at the Spade community building on the Spade ranch, Saturday night.  
 The house was beautifully decorated with ears of corn, all kinds of grain and weird objects typical of Halloween.  
 Games were played and the queerly dressed people seemed to be having the best of a time. Apples and candy were served at a late hour to the guests, who came from Littlefield, Anton, Amherst, and all the neighboring communities.

**INVITED TO SLATON**  
 An invitation has been extended to Littlefield business men, through the local Chamber of Commerce, to attend the "Greater Business and Community Institute" to be held in the Slaton, November 4 to 9 inclusive, and conducted by Ben R. Vardaman, of Chicago, noted community lecturer and business expert.

A pickpocket when arrested for practicing his art, said he was only doing so in an attempt to raise the money for his bail bond. That's what we call enterprise.

## FINE RAIN FALLS OVER LAMB COUNTY BENEFIT TO WHEAT

Following several weeks of fine sunny weather, excellent for cotton picking, Littlefield and Lamb county is in receipt of a fine rain, averaging about two inches, and which was much needed by the thousands of acres of wheat planted in the county. The rain began Sunday night, lasting until Monday noon, accompanied by considerable drap in temperature.  
 As a result of the cold wave accompanying the precipitation, there was a general scurrying for overcoats and other winter wear, while local coal dealers were kept busy in late deliveries of combustible heat material.  
 Reports indicate the rain was general all over the South Plains and Panhandle country. Local farmers say, on account of the slow steady fall of the rain cotton will not be damaged at all, only delayed a few days in the picking.  
 Tuesday night it began misting again soon after dark, later turning into rain, which continued throughout Wednesday morning, and still raining as this paper goes to press.

**PLAN A GREATER TECH**  
 Lubbock, Texas, Oct. 29.—The board of regents of Texas Technological College in a called meeting in Lubbock, launched plans for general expansion during the coming year following the record enrollment of more than 1800 students already this term. Plans were also made for an enlarged summer school.

Clifford B. Jones of Spur, chairman of the board, presided. Other members present were John W. Carpenter of Dallas; Frank E. Clarity, of Fort Worth; C. G. Comegys, of McKinney; E. O. Thompson, of Amarillo; Houston Harte, of San Angelo; and H. T. Kimbro, of Lubbock. Mrs. F. N. Drame of Corsicana and R. A. Underwood, of Plainview were absent.

## CLASS IN EDUCATION

Dr. Clements, instructor in Education from the Technological college at Lubbock, has organized a class in Littlefield that will, by meeting every Thursday night for 10 weeks, give credits in work fully affiliated with Tech, to the students enrolled.

The course is being given at the High school, and is opened to any one wishing to take it.  
 The members thus far enrolled are: Mrs. W. G. Street, Mrs. J. M. Tunnell, Mrs. E. S. Rowe, Mrs. Pat Boland, Mrs. Harry Wiseman, Mrs. R. Roland Davis, Mrs. Ray Jones, Mrs. J. C. Tuttle, Miss Gladys Wales, Miss Sibyl Glenn, Miss Thelma Killough, Miss Audra Terrell, Miss Lucille Killough, J. R. Tucker, G. H. Helweg, and B. M. Harrison.

**ROTARY MEETING**  
 A regular meeting of the Littlefield Rotary club was held Thursday, with ever ymember present.  
 After the regular business routine the meeting was turned over to Seey. J. S. Hilliard, who acted as chairman, introducing Dean Gordon, of the Technological college at Lubbock who was the main speaker of the day.  
 After his address, President Horn, of Tech and Hubert Ater, of Tech, were called on to speak, and both responded with short talks, after which the meeting adjourned.

**ENTERTAIN SCHOOL PUPILS**  
 Mrs. W. G. Street and Miss Audra Terrell entertained their rooms, the two third grades, with a Halloween party at Mrs. Street's home Saturday afternoon.  
 Spooky games of various sorts were played and the guests were taken into the "witches chamber" where Miss Myrtle Marion Shaw, who acted as witch, told fortunes.  
 Candy was served in little orange baskets the children made at school, and sandwiches, on little pumpkin cut plates, and peanuts were served.  
 The house was decorated in cuts made by the children, and representative of Halloween.  
 They all had a wonderful time.

## IN MUNICIPAL COURT

George Micker, Jim Graham and Leonard Allen paid fines in the Municipal court last Monday on charges of gambling, having been arrested by officers Hoover and Wynn.  
 Pleading guilty to the charges, they were assessed fines of \$11.45 each.  
 The gambling is said to have been done on the sidewalk near the M System store.

## DR. COEN FORMS PARTNERSHIP WITH DR. SIMPSON HERE

Dr. J. R. Coen has formed a partnership with Dr. J. D. Simpson in the practice of medicine and operation of the Simpson sanitarium, this city.  
 Dr. Coen comes to Littlefield highly recommended as a successful physician. He holds a F. S. degree from the University of Arkansas, and M. D. degree from the University of Oklahoma, serving his internship at the St. Paul's hospital Dallas. He is also licensed to practice in both Kansas and Oklahoma. During the World War he was in active service of the medical department.  
 His wife, Mrs. Bess DeLashaw Coen, is also a graduate registered nurse, and a member of the Texas Graduate Nurses association. She served one year in Mayo's clinic, was supervisor of a 275 bed hospital for two and a half years, then later for one and a half years was medical supervisor of the same hospital.

## HOLD EXAMINATION HERE

The U. S. Civil Service commission has announced an examination to fill the position of rural mail carrier to be held in Littlefield, applications for which will be received up to November 23, and the examination to be held about 10 days later.  
 The salary of such a carrier is based on the standard route of 24 miles which pays \$1,800 per annum, with an additional \$30 per mile per annum for each mile fraction over that length. Either men or women may take the examination, and applicants must actually live within the territory of the route for which they seek to serve.

Applications may be handed to either the Littlefield postmaster or sent direct to Washington, D. C.

## THURSDAY BRIDGE CLUB

The Thursday bridge club met last week with Mrs. John Arnett.  
 Four tables of bridge were played throughout the afternoon. The table covers, tally cards, score cards, and favors were colored and arranged in keeping with Halloween.  
 The refreshments consisted of pumpkin pie, whipped cream, and coffee.  
 The members present were Mesdames Charlie Harless, Ray Jones, E. S. Rowe, W. O. Thaxton, John Stokes, W. G. Street, J. C. Tuttle, Phelps Walker and Harry Wiseman. The guests present were Mesdames Kirk Allbright, Billie Harris, J. W. Porcher and C. E. Cooper.

Of the 14,000,000 acres of the original pine forest area in Texas only about 1,100,000 acres remain in virgin timber.

## McFADDEN TAKEN TO JAIL BY SHERIFF ON CHARGE OF THEFT

Sheriff Len Irvin arrested a man giving his name as J. C. McFadden, Thursday afternoon of last week. The arrest was made on the farm of Luke Bell, four miles north of Littlefield, and McFadden is alleged to have been caught in the act of stealing 400 pounds of cotton at the time of arrest.  
 According to Irvin, several farmers have been missing considerable cotton from their fields recently, and it is supposed some one has been visiting the fields during the night, taking a few pounds from each until such a time as they had enough to make a complete bale. McFadden is said to have a Chevrolet touring car. McFadden is also alleged to have forged some checks on one J. W. Boyd. He was taken by the sheriff to the jail at Olton to await bond.  
**Charged With Gambling**  
 Last Sunday morning about 1:30 o'clock Sheriff Irvin and Deputy Walraven arrested seven boys, two miles southwest of Olton, on a charge of gambling.  
 They paid fines of \$27.40 each, totalling \$191.81.

## CHARGED WITH BOOTLEGGING

Last Monday City Marshal Cooper, of Sudan, arrested a man giving the name of Lawson Sinclair, and claiming to hail from Bailey county. He was charged with unlawful possession and transportation of intoxicating liquor, six gallons of whiskey being taken from his car, it is alleged. He was turned over to Sheriff Irvin and taken to the county jail in lieu of \$1,000 bond.

## MAY BUILD R. R. TO HOBBS

Littlefield citizens, owners of the Hobbs, New Mexico townsite and other owners of property and business interests of various kinds at Hobbs are much interested in the report that the Santa Fe system is contemplating the building of a railroad into that new oil territory.  
 Reports were current last week that 12 engineers, headed by J. W. Stewart and J. T. Ervin, of the Santa Fe engineering department, Chicago, are making survey for an extension from Seagraves southwest in the direction of Hobbs. Just what the point of destination may be has not yet been stated by the railroad company.

## A MASQUERADE PARTY

Tilden Wright entertained a group of his friends with a masquerade Halloween party at his home Friday night.  
 Various games were played in keeping with the occasion, and the boys and girls had a good time.  
 Delightful refreshments consisting of punch and iced cakes were served to the following: Mary Nell Keithley, Lillian Pate, Frances Blalock, Mary Ruth Nugent, Esta Mae Connel, Onita Lowe, Sue Brannen, Inez Wallace, Jewel Glover, Helen Rombach, Sidney Lucas, David Keithley, C. L. Harless, Joe Stanley Lambert, Wilton Lambert, David Glenn, Travis Smith, Bill Street, J. E. Chisholm, Billie Irvin, O. K. Yantis and Billie Touchon.

## SECRETARY OF STATE TELLS HOW TO MARK YOUR BALLOT NEXT TUESDAY; A GOOD IDEA TO REVIEW THE ADVICE

"When I helped hold an election several years ago I was surprised at the large number of persons who did not know how to properly cast a vote and mark their ballots."

State's preference for the next president of the United States.

In a letter recently sent out by Mrs. Jane Y. McCallum, secretary of State, this statement is made, and she suggests that inasmuch as presidential elections are held only once every four years, that certain requirements of voters, as well as the requirements of election judges, be called to the attention of the public. Texas, in its general election Nov. 6, will select its state, district, county and precinct officers in all places except where the term does not expire Jan. 1. Also, it will vote on the presidential electors of certain parties, the winners then in turn casting the

Voters Must Not Sign  
 One of the rules frequently violated by a voter who acts in good faith but any way loses his vote, is that which he says that the voter must not sign his name to the ballot. Texas has attempted to establish a secret ballot system and for that reason the voter should not sign his name. The law on the contrary says that the judge of the precinct shall sign his (the judge's name) to each ballot before it is handed to the voter.  
 A voter should never in any form mutilate a ballot. The courts have agreed that mutilation destroys the vote cast, although some have disagreed as to what constitutes mutilation.

**A Great Discovery**

When Pasteur discovered, in 1852, that the infection of wounds was caused by malignant bacteria, he performed a service of inestimable value to mankind. Since then medical science has been producing better and better antiseptics, to kill these germs that may enter the smallest cut and give us diseases such as typhoid, tuberculosis and lockjaw. Now, all you have to do to be sure that these dreadful germs will not infect a wound, is to wash that wound, however small, thoroughly with Liquid Borosone, the modern antiseptic. You can get Liquid Borosone, in a size to fit your needs and purse, from Stokes & Alexander Drug Company.

**CITY GARAGE**

Some men who otherwise use good sense  
Act like changing oil is needless expense.  
If the crank case's filled with oil that's enough,  
So they keep pouring good oil in to the stuff.  
A mixture of oil, carbon, and dirt  
As lubricant is sure to do hurt.

**CONSTANT EXPANSION**

—to serve Chevrolet owners better

**S**INCE January 1st more than a million new Chevrolets have been delivered to owners—making the Chevrolet Motor Company, for the second consecutive year, the world's largest builder of automobiles!

This outstanding achievement has been attained not only because of the quality and value of Chevrolet cars—but also because there has been a constant expansion of Chevrolet service facilities.

In order to bring these mammoth facilities of the Chevrolet factories to Chevrolet dealers and owners everywhere, there have been erected 26 huge parts warehouses in the principal centers of distribution. This expansion program is continually going on—for four great additional warehouses will be in operation by January first and seven more by the summer of 1929.

Into the service departments of all Chevrolet dealers, Chevrolet has brought special tools and shop equipment—designed

under the supervision of Chevrolet engineers. This equipment definitely assures maximum speed and precision and the lowest possible cost in the performance of every Chevrolet service and repair operation—which are charged for on a flat rate basis.

Furthermore, all of these tremendous facilities have been made available to 15,000 authorized service stations manned by skilled mechanics, over 25,000 of whom have been factory trained to efficiently handle every repair operation on a Chevrolet car. In addition, there are over 4,000 other points where genuine Chevrolet parts may be obtained.

Uniformly efficient, uniformly reliable and within easy reach of everybody everywhere—this great service organization is maintaining at peak efficiency the fine performance for which Chevrolet cars have always been renowned.

We cordially invite you to come in and see how our service facilities reflect the influence of this great national service program.

**Pep Paragraphs**  
 The cotton fields in this vicinity are white for the picking. Some have been picked over once. Much of the cotton is being pulled. A few cotton pickers have come in from outside, but not as many as are needed. The Pep gin has ginned between 250 and 300 bales to date.  
 Rain began to fall here early Monday morning. At this writing it is still raining. The sky is thickly overcast with lowering clouds. It looks as though we were in for several days of rainy weather.  
 W. K. Dickinson, of Lubbock, was at the Dickinson-Scott ranch southwest of Pep, Sunday.  
 Bill Frost and Frank Locke motored to Lubbock, Wednesday.  
 Miss Davis, of Littlefield, sister of Mrs. Allison, visited in Pep Sunday.  
 Mrs. Rex Hanley, accompanied by her son, L. C. was shopping in Littlefield, Saturday.  
 Herman Greener and family were Littlefield visitors, Sunday.

Mr. and Mrs. W. P. Lupton and daughter, Elizabeth, were business visitors in Levelland, Friday.  
 Charley Barton has purchased a new Chevrolet car.  
 Messrs. Willet and Duffey of Amherst, were in Pep, Tuesday.  
 Messrs. Cuba and Horak, of Littlefield, spent Sunday in Pep.  
 A. B. Hays and his brother, Fred are drilling wells in the Pep community.  
 Mr. and Mrs. J. E. Stengle and family, Mr. and Mrs. H. J. Greener and family, and Mr. and Mrs. F. S. Murphy visited at the Lupton home, Sunday.  
 Arthur Fortenberry and brother, who are employed at the Pep gin, are stopping at the home of G. C. Keith.  
 John Kulbach of West, is improving his property near Pep. L. A. Karlik, J. Knapp, Anton Roycek and Fred Smetak of West Station helped Mr. Kulbach build a house on his place. He remained in Pep to see about having a well drilled on his property. The other men returned to West Station last Friday.  
 Mr. and Mrs. F. S. Murphy were in Lubbock, Saturday.  
 The trustees of the Pep school are taking steps to beautify the school grounds by planting shade trees.

**MECHANICAL DRAWING CLASS GIVES A WEINER ROASTING**  
 Thursday evening Mr. Irvin entertained the Mechanical Drawing class with a wiener roast.  
 Six o'clock found 10 students and the following teachers: Misses Moore, Benzil, Everhart, Wales and Mr. Irvin at the post office, where they anxiously were waiting for the school truck and Mr. Irvin's car.  
 On the way out there the truck got lost from Mr. Irvin's car, but after a few minutes delay they were soon in Hart's camp.  
 The boys hurried to find material to make a fire to roast the wieners and marshmallows. Everyone had a lot of fun roasting and eating wieners and marshmallows, also, eating cookies, buns and pickles.  
 Mr. Irvin carried his portable, and all enjoyed the music. While they were listening to the music, they heard some one whistle and looked out on the lake and saw Floyd and Bill trying to prove to the world that they could "paddle their own canoe." Several of the students went boat riding. Max and Percy were the last to go, and the boat was leaking and sank before they could land. They had to wade out of the lake, the water being knee deep, and, of course, our warm fire dried their clothes in a short time.  
 Excitement was added to the breaking up of the party by the pouring of gasoline on the fire. Flames leaped skyward and the camp was illuminated almost like day for a short time. Tired and weary the merry crowd decided to go home.  
 —Taken from the Wildcat

**MRS. WALKER ENTERTAINS**  
 The Twenty Aces bridge club met Thursday night with Mrs. P. W. Walker.  
 Bridge was played throughout the evening. Mrs. C. E. Cooper winning high score for the ladies, for which she was presented a beautiful box of stationery, and Pat Boone winning high score for the men, received a bill fold.  
 Refreshments consisting of pie and coffee were served to the following members and guests: Messrs. and Mesdames F. G. Sadler, Pat Boone, Billie Harris, Charlie Harless, John Arnett, Dick Johnson, C. E. Cooper, Mrs. Art Chesher, J. C. Hilbun, and Mr. and Mrs. K. F. Allbright.

**CHINCHILLA RABBIT FAVORITE**  
 The Chinchilla rabbit introduced in to this country only 10 years ago, has gained rapidly in popularity and has been persistently promoted, particularly for its fur value. According to the U. S. Department of Agriculture, the Chinchilla offers unusual possibilities to person who will develop its good qualities. Efforts should be made to increase the size of the breed and to develop the color and improve the texture of the fur, as the future of the Chinchilla depends solely upon its value as a food and fur producer. These rabbits should be bred only three times a year, instead of four or five times as is the general practice, and should be allowed to raise only four or five young in a litter.

**OPEN BEAUTY SHOP**  
 Mrs. Ellen McElroy, who operates a beauty parlor at Slaton and one at Lubbock, this week took charge of the Palace Beauty shop in Littlefield.

It's queer that so many men will forget the question of principle when a dollar is involved.

**RADIO**  
**CROSLEY'S LEAD IN RADIOS**  
 Notwithstanding their high quality, the Crosley Radio is the cheapest all electrical radio set on the market today. Six and eight tube style. Let us demonstrate their merits.

 To be found anywhere on the South Plains, and are prepared to give you absolutely first class service in every respect.  
**BRING US YOUR NEXT BALE OF COTTON**  
 We guarantee to turn you out the nicest, cleanest product you ever saw. Good ginning always means a better price for your cotton—it costs you no more—but makes you more money.  
**LAMB COUNTY FARM BUREAU GIN**  
 J. T. ELMS, Manager  
 LITTLEFIELD, TEXAS

**THE DEMAND OF This Modern Age!**

Those things which were considered luxuries just a few years ago, have been turned into necessities by those who live in this modern age.  
 And one of the most important of these commodities is electricity, both for home use and industrial use. Neither can do without it today, because modern manufacturing machinery and labor-saving devices used in the home are electrically driven.  
 It is economical and clean, and its greatest factor is that due to ample facilities for its production, it is placed within the reach of all.  
 Serving as many South Plains communities as we do, our facilities must be kept ahead of the demand of this fast growing territory—and will be at all times.

# LAMB COUNTY LEADER

Published every Thursday afternoon at Littlefield, Texas.  
Subscription: \$1.50 per year; 75 cents for six months.  
Advertising rates given upon application.

No. Entered as second class matter May 24, 1923, at the post office 27 at Littlefield, Texas, under the Act of March 3, 1897.

JESS. MITCHELL, Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, if matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

## A THOUGHT FOR THE WEEK

Coleridge cried, "O, God, how glorious it is to live!" Renan asks, "O, God, when will it be worth while to live?" In Nature we echo the poet; in the world we echo the thinker.—Ouida.

For a living dog is better than a dead lion.—Ecl. 9:4.

## IT'S BOUND TO COME

We hear a lot of talk around Littlefield about "farm relief," though a lot of it is indulged in by those who haven't any farm that needs relieving. But it is a favorite topic of conversation, and especially when we have a presidential race on.

Everyone is entitled to his opinion as to what would afford the greatest relief in the agricultural sections of our country. As for us, we believe the rural communities are going to get more actual benefit out of the radio than from anything else—and we'll cite a case to prove it.

We read that a few weeks ago 100 carloads of cattle arrived at the stockyards in Ft. Worth. The radio stations broadcast the cattle receipts that evening, and the next day only two cars of cattle arrived. As a result, a market that was about to be swamped with cattle was saved, and prices remained firm, instead of declining. Those who had cattle for sale learned through the radio that the market was glutted—and they saved money by holding what they had to sell.

If the radio, still in its infancy, can do this for the man who raises livestock, it can do it for those who raise grain, cotton, fruit, poultry or anything else on which they must depend for a living. It will be the finest protection this country ever had against the professional market sharks who have been raising and lowering prices as they pleased. You bet we're going to get "farm relief." But it is more apt to come over the radio than through political channels.

If all prophets were good prophets two men now running for president would both be elected.

## FOOD FOR THOUGHT

We see where a Chicago manufacturer of foodstuffs has announced he will spend a million dollars in advertising his products during 1929. When asked why, he answered: "Because advertising speaks to everybody and I can talk to only a few. How can I sell them what they want if I don't tell them I've got it for sale? I can't visit ever home in the U. S. and tell the people living in those homes that if they'll buy my products they'll save money. But the newspapers and magazines can visit every home—and they do. So I am going to have them carry my message into homes that I can't reach in any other way."

There's a sermon in a few words, and an argument no one can dispute.

There's also an example in it for the Littlefield man who has something to sell, but who hasn't yet learned the best way to sell it. "How can you sell a man what he wants to buy if you don't let him know you've got it for sale?"

There's something for every man in business to think over.

## FOR BETTER SCHOOLS

We've no desire to find fault with the parents of Littlefield school children. We are sure they average up with those of any other community in America. But we do believe they

are overlooking something of great value to themselves, their children and the community at large in not showing a more active co-operation in the work of the schools in this city.

It isn't necessary to visit the school your child attends at frequent intervals, though it is a fine thing to drop in on them occasionally and observe their work. But it is necessary to the success of the schools to show the scholars that we, too, are interested. Hurrying the child off in the morning and never stopping to ask in the evening as to what progress it made during the day soon leads the child to believe that education can't be of very much value else grownups would be taking more interest in it and in them. That makes it more difficult for the teacher to impress children with the importance of applying every moment of the school day to study.

We've a right to be proud of the schools in this city, but we can make them produce still better results, and without any additional expenditure. Show the children, and the teacher, that you are deeply interested in their work. You can easily do it by making frequent inquiries as to their progress.

Since we know more about raising them, why didn't nature give us other people's children?

## LITTLE LEADERS

When a Littlefield fellow proposes and then acts like a fish out of water he knows he has been caught.

How many people around Littlefield can remember when you could tell the size of a grafter by the size of his wach charm.

Little did old-timers in Littlefield think the day would ever arrive when the steering wheel would be the family circle.

The Littlefield man who likes to nurse a grievance should remember that it's never safe to bring one up on a bottle.

If everybody around Littlefield would read their Bibles as much as they read mail-order catalogues we'd have the most religious community in the United States.

And, verily, we say unto you, the Littlefield man who cleaneth up his back yard is worth more to the neighborhood than the one who can get 40 miles out of one gallon of gas.

Men are supposed to be braver than women, but try to imagine a Littlefield man with only a dime making a clerk take down \$500 worth of dry goods.

*Will Rogers Says-*

The less a voter knows about you the longer he is liable to vote for you. I believe that these other two boys that are running for President would both have been better off if they had pulled a Coolidge and got down in their shell and not come out till the votes were counted.

If I was these boys I would kinder fight shy of a public Clinic. I believe if they had both stayed behind the microphone out of sight of any audience and shot it to 'em at long range they would have been better off.

This thing of meeting your hero and getting acquainted with him is awful liable to make you start hunting another hero. Al and Herb have both done things which are on the record and I believe I would let folks

look over the record instead of the patient.

As the presidential candidate of the Anti-Bunk Party, I am going on the theory that it is better to read about a brown derby than it is to see one. When we know that a man has put the Nose Bag on Belgium and made us eat bran mash like a cow instead of bread, why we are going to look for a mighty commanding and magnetic personality.

I don't think I am betraying any national secret when I say that both of these boys are liable to get more votes if you can't see 'em. Campaigns have ruined more men than they have ever made.

## LITTLEFIELD HIGH SCHOOL PRESENTED WITH A PICTURE

The Ladies Study club, of Littlefield presented the High school with a picture Wednesday morning in assembly. The picture was presented by Miss Ena Fowler, head of the Department of Art, Kidd-Key college, Sherman.

The presentation of the picture was made by the Rev. W. F. Fulton, pastor of the Presbyterian church. He made a very interesting talk on art and the value of the study of art.

Mr. Harrison announced that the picture would be hung in the study hall, making it possible for everyone to view it sometime during each day.

Now cold science tells you, "Gold won't always be the unit of value." Nitrogen will replace it, being the foundation of our food supply, and of life.

Governor Smith is out campaigning and wears a brightly hued pair of suspenders. Let's hope this isn't construed as a slur to the corn belt.

Texas produces between 700,000 and 800,000 barrels of oil a day.

THE LEADER ENDORSES VIC. NELSON FOR CONGRESS AND VOTES FOR HIM

# WHY V. C. NELSON FOR CONGRESS!

V. C. Nelson, of Lamb County, Texas is a good business man and a careful financial advisor.

He is a dirt farmer, having been engaged in cotton and wheat farming on the Plains for twenty years.

He is favorable to every progressive movement and consistently supported every move for the betterment of roads, schools, churches and social progress.

He is loyal to every friend he has ever had, having never been known to desert anyone who has ever shown him any degree of friendliness or confidence.

He is a trained and experienced statesman, having stood high in his party's counsels for many years.

He is a mature man, a broad reasoner and a deep thinker.

Lastly, he is a religious man, with the courage of his convictions, and of incorruptible integrity.

All honor to Vic. Nelson, FRIEND, THINKER, STATESMAN, MAN!

His friends take this method of introducing him to the voters of this Congressional district, and his friends are those who know him, regardless of party affiliation. They call on their friends, regardless of party affiliation, to vote for the earnest, tried friend of the Plains; citizen, both business man and farmer, as well as professional man or minister.

This advertisement paid for by the Lamb county friends of V. C. Nelson.

## Every purchaser of a new Ford is entitled to Free Inspection Service for the first 1500 miles

The modern automobile is a finely built piece of machinery and it will stand a lot of abuse. Considering the work it does, it gives surprisingly little trouble. But there isn't a car made that will not run better and longer if given proper care.

The first few hundred miles are especially important because that is when the mechanism of your car is being broken in.

Proper attention during this period will lengthen its life and prevent unnecessary trouble later on.

We are particularly interested in this matter because we believe it is our duty not only to make a good automobile, but to help the owner get the greatest possible use over the longest period of time at a minimum of trouble and expense.

With this in view, the entire Ford dealer organization has been specially trained and equipped to service the new Model A car.

Furthermore, we have instructed every Ford dealer to give the following Free

Inspection Service at 500, 1000 and 1500 miles:

- Check battery
- Check generator charging rate
- Check distributor adjustment
- Check carburetor adjustment
- Check lights
- Check brakes
- Check shock absorber adjustment
- Check tire inflation
- Check steering gear
- Change engine oil
- Lubricate chassis

No charge is made for labor or materials incidental to this service, except, of course, where repairs are necessary through accident, misuse or neglect. The only charge is for new oil.

See your Ford dealer, therefore, and get this Free Inspection of your new car at 500, 1000 and 1500 miles. Find out, too, how little it will cost to have your car given a thorough going-over at regular periods thereafter.

A checking-up by experienced mechanics, together with oiling and greasing every 500 miles, will add months and years to the life of your car and mean more economical and pleasurable motoring every mile you drive.

**CAWTHON & COX**  
 Plumbers for the People  
**LITTLEFIELD, TEXAS**

course is more common in Texas than the general election, because they are held every other July and every other August, the names of candidates appear on a long ticket. No other names appear at the right or left of the ballot. It is different in the general election. The statutes provide that the ballots for a general election shall be arranged so that the tickets of different parties shall appear side by side, separated by a parallel rule line.

**Split Tickets Forecast**  
 In these days of so-called "Hoover Democrats" who threaten to vote a straight Democratic ticket except for the presidential electors and their throw their support to Herbert Hoover, Republican presidential nominee, there probably will be thousands of split tickets in Texas.

Article 2981 of the Revised Statutes of Texas defines how ballots shall be marked and reads:  
 "When a voter desires to vote a straight, he shall run a pencil or pen through all other tickets on the official ballot, making a distinct marked line through such ticket not intended to be voted; and when he shall desire to vote a mixed ticket he shall do so by running a line through the names of such candidates as he desires to vote against in the ticket he is voting, and by writing the name of the candidate for whom he desires to vote in the blank column and in the space provided for such office; same may be written with black ink or pencil, unless the names of the candidates for which he desires to vote shall appear on the ballot, in which event he shall leave the same not scratched."

In the November election the names of all Democratic and Republican nominees, including the presidential electors, will appear on the ballot. There will also be columns for Socialists' and Communists' candidates. The names of Herbert Hoover and Governor Alfred E. Smith, presidential nominees, do not appear on the ballot. A vote cast for the Democratic electors is a vote for Smith; a vote for the Republican electors is a vote for Hoover. Therefore, the voter should not attempt to write in the name of either.

**Here's The Way To Do It**  
 If the voter was attempting to cast a Democratic ticket, yet voting for Hoover, he would scratch out the presidential electors in the Democratic and scratch out all on the Republican nominees except the Republican electors. If he wanted to vote all Republican except for the presidential race, he would scratch out the Republican electors, leaving the other Republican nominees, and scratch out all of the Democratic nominees except the presidential electors. In each event the voter too, would be required to scratch out the entire Socialist and Communist tickets.

One of the most frequent errors in a presidential election is that a voter realizing that the Democrats and Republicans are the two main parties in this State, will scratch out the nominees of the opposing and yet will fail to scratch out the nominees of the weaker parties, such as the Socialists and the Communists. It is necessary for the weaker parties, or the party nominees not supported, to be scratched if the vote is to be legally cast.

It is required by the Texas statute for a voter to have a poll tax receipt or an exemption certificate if he is to vote. Persons whom the judges legally can bar from participation in the election are idiots and lunatics, persons supported by the county, persons convicted of felony who have never been pardoned or whose citizenship has never been restored, and all soldiers, marines and seamen employed in the service of the Nation.

LITTLEFIELD, TEXAS

## COLLEGE NEWS

Monday's rain kept a few of our students out of school, but the rain seems to be very much appreciated. Mr. Copeland says that this fall rain means broad for next year.

A number of the students met at the college Saturday night for the purpose of organizing a literary society. Quite an interest is also being manifested in debating work. Those interested in debating have been meeting on Friday nights. Mr. Cantrell is interested in the forwarding of this work.

J. H. Denman, A. M. Caskey and D. F. Oliver, of Grapeland, are here investigating the school and its work. None of these men are patrons of the school at present, but they seem very much interested in the work and have come from quite a distance in order that they might learn more of the school. They intended to return to Grapeland, Tuesday, but the weather condition prevented.

Mrs. Maude Hooten and Miss Velma Latham visited their brothers, J. D. and Hilman Latham, here last week. Mrs. Hooten had been visiting her parents at Woodson, immediately before she and Miss Velma came out here. Her husband, Richard Hooten, who is teaching school near Lockney visited here during the week, and returned with his wife and little daughter, Exa Fay, to Lockney, Friday morning. Mr. and Mrs. Hooten and Miss Latham are all graduates of Gunter college.

Miss Latham returned to Woodson Friday, being accompanied by Miss Lora Fulton, who came with her, and Hilman Latham.

D. E. Candler and son, visited his son, Butcher, last weekend.

R. F. Meacham was here Sunday. Dotson G. Lewis and family and Miss B. Angie Boyle were in Lubbock, Saturday.

### FOURTH GRADERS FROLIC

Miss Gladys Wales, Miss Lucille Killough, and Miss Margaret Everheart entertained their rooms, the three fourth grades with a schoolroom party Wednesday, from three to four o'clock.

Games were played and a short program was given by the members of the classes. Refreshments of popcorn, peanuts, and candy were served. The hour was thoroughly enjoyed by all.

### AT THE CHURCHES

**METHODIST CHURCH**

Everybody invited to attend.

**LUTHERAN CHURCH**  
Regular Sunday morning services held in the German language begin at 10:30 a. m.  
Sunday night at 8 o'clock, English services, the pastor speaking on the topic, "The Reformation."  
Sunday, Nov. 11, no services will be held, the pastor attending conference at Sparsburg, Texas, from November 9th to 12th.

**SACRED HEART CHURCH**  
Divine services every Sunday.  
Sunday following the services are at 10:00 a. m.  
All preaching in the English, language, only.  
The general time for services in 10:00 o'clock a. m. one Sunday, and 8:00 o'clock a. m., the following Sunday.

When we have eight o'clock services in Littlefield, ten o'clock services will be held at Pep, and vice versa.

Everyone interested has a free access to our church, and is cordially invited by—  
October devotion, at 7:30 p. m. Sunday, during this month.  
REV. CHARLES J. DVORAK, Pastor

### LAMB COUNTY LADY TO GET \$5000 FROM TURKEYS

Joe M. Barnhart made a trip to Lamb County yesterday, where he visited some old friends, Mr. and Mrs. White, who reside on "Happy Hill Farm," three miles northwest of Littlefield. He states that Mr. White will raise about three-fourths of a bale of cotton to the acre this year, and that there is much cotton in that locality that will give large yields.

Mr. Barnhart says that one of the interesting features of this farm is over 700 growing turkeys of the large Bronze strain, and which are expected to add about \$5,000.00 to the income of that farm this year. Mrs. White sold \$1,300.00 worth of turkeys last season, but is now operating on a much larger scale. These turkeys are all thoroughbreds and instead of going on the market to satisfy the Thanksgiving and Christmas demand, will be sold as breeding stock and will command a higher price than ordinary turkeys.

"Happy Hill Farm" is also home of a small herd of fine cattle and other farm livestock. A complete diversified program is followed with the result that more money is made from other sources from field crops.—Herald, Littlefield.

Add smiles: As easy as getting a ticket for the World's Series.

### Doctors Disagree

When children are irritable, peevish, grind their teeth and are restless, have digestive pains and turbances, lack of appetite, and itching eyes, nose and fingers, doctors will not always agree that they are suffering from worms. Many mothers will not believe that their children brought up children can have worms. The fact remains that a great majority of children will yield, in a great majority of cases, to a few doses of White's Cream Salve, the sure expellant of pin worms. If your child has these symptoms, try this loss, old fashioned remedy, which you can get at 35c per bottle. Stokes & Alexander Drug Company.

**PERSONAL ITEMS**

H. Bonner, recently from Oklahoma, is here this week beginning construction of a nice four room bungalow on his farm five miles north of Littlefield.

**Just Like An Ostrich**  
A medical authority says that a person who tries to cover up skin eruptions and pimples with toilet powders and is just as foolish as an ostrich that buries its head in the sand to avoid danger. Skin eruptions are nature's warning that contamination is throwing poisons into your blood stream and weakening your whole constitution. Remove the constipated condition and you will strengthen your system against disease and clear up any disfigured skin. The best way to do this is with a course of Herbine, the vegetable medicine that acts naturally and easily, which you can get at Stokes & Alexander Drug Company.

land, visited friends in Littlefield, Sunday.

H. P. Andrews, H. H. Davis and Mr. and Mrs. Josh Dyer are in Lubbock looking after their relatives who were injured in the automobile accident, near Shallowater, Sunday.

T. J. George was through here Monday enroute to Enochs from Quanah. He reports that the farms in this section excel anything that he has seen on the entire trip.

L. R. Crockett was through Littlefield Sunday, enroute to his home in Lubbock. He reports an increase in the sales of pumps manufactured by the Standard Pump Co., of which he is a firm member.

W. J. Jenkins is reported to have purchased materials for the purpose of making extended improvements on his place on the Spade ranch, six miles east of Littlefield.

The Turner-Brewer Co., states that they are ready to begin work on a five room brick veneer house to be located in the same block with the

lumber yard, facing south.

Homer Nelson, formerly with the Stokes & Alexander Drug Co., of this city, left Tuesday for Brownfield, where he will take a position as pharmacist with the Brownfield Drug Co.

Mr. and Mrs. J. D. Ridgway purchased a farm from the Blalock Co. Monday, and intend to make their home on it. It is one of the new "School Land" farms in the section east of Littlefield, recently opened by J. W. Blalock.

The following men arrived here last week from Center to help with the grain harvest that they state to have been informed would be of such capacity to make necessary the use of outsiders: Willie Barr, Reece Hughes, Willy Meeks, C. L. Bean, Oscar Holloway, and Jack Harris.

Anna Mae Stewart and Maxine Yeager were in Lubbock, Sunday visiting J. B. Mesangale, who is in a Lubbock sanitarium recovering from injuries received in an automobile accident a few weeks ago. He is re-

ported to be getting along nicely, and will be ready to return to Littlefield in about two weeks.

**PARENT-TEACHERS ASS'N**

I wonder if parents really understand the object of the Parent-Teachers Association, and the importance of their attending the meetings which are held twice each month at the school auditorium.

The P.-T. A. stands for anything and everything that makes for better schools and a better community. Most of us have the idea that it is strictly a money making institution and that unless we can assist in this way it is not necessary for us to attend these meetings.

One of the objects of the P.-T. A. is to raise money for the needs of the school that can be obtained by no other source, but money making is not the only nor the most important object that we have in view.

We wish by these frequent meetings to bring the parents and teachers into closer touch and create a feeling of love and good fellowship between them. We wish, also, to raise the standard of our homes and community by endorsing and encouraging that which is educational and uplifting and by discouraging that which is not. So it behooves every parent as well as every teacher, to help by her presence and advice to make a real, live P.-T. A. in our town.

Everybody of good moral character is eligible to membership and although the membership fee is \$1.00 for the year, any parent who does not feel like paying this fee, can at least give moral support by his or her presence.

We would like to see every parent present at each and every meeting—the second and fourth Wednesday in each month.

**STORK SPECIALS**

A ten pound baby boy was born to Mr. and Mrs. J. M. West last Tuesday. They named him Gerald Glynn. Both mother and baby are doing nicely.

Mr. and Mrs. Zelma Clark report the arrival of an eight pound boy, born Sunday night.

Kwichebrelliak and smile

A New Yorker charged with making out a false check tried to eat it in order to destroy the evidence against him. When he made out the check he probably didn't think that he himself would be the goat.

**Plenty of MONEY To Loan!**

I make loans on Improved Farms at 50 percent of their value. Our loan limit, so far, is \$60.00 per acre on farms, and city property, based on it's actual value. I will take up and extend Vendor's Lien notes or loan you money to help build a home. Our plan of payment is easier than rent. If you need money to put over any legitimate proposition I will be glad to discuss it with you.

**A. G. HEMPHILL**

**LOANS AND INSURANCE**  
LITTLEFIELD, First National Bank Building, TEXAS

**and Now OAKLAND presents A NEW All-American Six**

An entirely new conception of the modern motor car. So original in design . . . so brilliantly executed . . . you'll hardly believe your eyes. Magnificent successor to a justly famous name . . . a New All-American Six.

Daring in style . . . exemplifying Fisher genius in the creation of new designs. Brilliant in beauty . . . revealing new harmonies of colors and lines. Triumphant in new. Appealingly different. Finer in every way. From its chrome-plated front bumper back to its chrome-plated tail-light . . . as new as this morning's dawn.

A new chrome-plated radiator . . . surmounted by a large flat chrome-plated cap. Graced by a new front

louvre effect in an exclusive chevron design. Flanked by new seamless full-crown fenders . . . flaring fenders with a 71-inch spread.

And then the bodies! Seven new and superbly beautiful types . . . Closed types with adjustable drivers' seats. Two convertible closed cars . . . the Convertible Cabriolet and the Landulet Sedan.

And such glorious performance as you've never known before. Soaring top speed . . . seventy miles an hour and more! Sixty-eight brake horse-power at 3000 r.p.m. A flashing pick-up . . . from 10 to 25 miles per hour in six seconds flat.

Such balance . . . such smoothness . . . such silence . . . such poise.

Resulting from its great new 223-cubic inch engine with exclusive patented rubber-cushioned mountings . . . 81-lb. crankshaft . . . harmonic balancer . . . larger, more highly perfected carburetor . . . the G-M-R cylinder head. Such marvelous control. Steering ease from a new improved mechanism. Braking ease from its new internal expanding four-wheel brakes . . . individually adjusted . . . requiring minimum pressure for a sure, silent, velvet-smooth stop.

Only the highlights have been mentioned. Only a hint regarding its pulse-stirring performance and style. To get the whole picture . . . to appreciate what its price will buy . . . come in. Have your highest expectations realized!

Prices \$1145 to \$1375 at factory. LowJoy Hydraulic Shock Absorbers and spring covers included in list prices. Check Oakland delivered prices—they include lowest handling charges. Bumpers and rear fender guards extra. General Motors Time Payment Plan available at minimum rate.

### SAWDUST AND SPLINTERS

Vol. 1 November 1, 1928

Published in the interests of the People of LAMB COUNTY by **CICERO SMITH LUMBER CO.**  
**L. K. WHITAKER, Manager**

**EDITORIAL.**

At a banker's dinner which C. O. Stone was attending one time a banker read a very punk poem which he had written and nothing was done about it. But just let a poet write a bum check and watch Stone get busy.

**POST MORTEM**  
The day after Halloween in the average merchant wishes there was no such thing as soap.

"There would be no objection to boys being boys if they would only be men when they grew up."

**SCRAPPED—**  
If all the farm equipment scrapped in the last decade could have been made to serve another five years, think of the enormous saving for the owners, and of the many implement sheds that money could have built. And a large percentage of that equipment would have lasted another five years had been properly sheltered while not in use!

The farmer, whose negligence sends expensive implements to the scrap heap years ahead of time, throws away many times enough money to build the finest kind of an implement shed.

If your equipment has been left in the open, you might just as well have a good shed. You're paying for it anyway! Let us show you plans and give you free estimates.

All that glitters is not gold. If you don't believe that take a look at the seat of your old man's pants.

There are some really beautiful homes in Littlefield. Why not own one of your own? One small jack can lift a car but it takes a lot of jack to keep it up.

What the world needs more than a good nicker cigar is a potent cold cure.

Men and women on every street— in every city and town—are pronouncing the new BUICK with Masterpiece Bodies by Fisher, the most beautiful automobile of the day—

Never before in the history of motor car manufacture have the motorists of America welcomed any new automobile as they are welcoming the Silver Anniversary Buick with new Masterpiece Bodies by Fisher!

Sweeping into the market at a time when motor car lines were practically standardized—when imitation was destroying individuality—these epic Buick creations introduced an entirely new mode—

A mode of body-symmetry—of size and magnificence—of soft contours instead of straight lines—of embossed side and hood panels involving the most costly steel paneling work employed on any car in the world!

And as the weeks have passed—and the full significance of Buick's achievement has become apparent to the public—enthusiasm for this car has swelled and grown to unprecedented proportions!

Buick sales records have been broken! Production schedules have been increased again and again! The great Buick plants are working to the limit of their capacity to supply the demand.

### AN OPPORTUNITY! ...FOR STOCKMEN...

**WHY NOT OWN A RANCH WHERE YOU CAN FINISH FOR MARKETS AND ADD TO YOUR PROFITS EACH YEAR.**

Several real buys in small ranches out of the famous Yellow House Ranch on the South Plains of Texas, in Lamb and Hockley Counties, as listed below. All these tracts are located convenient to railroad, splendid schools, good towns, and surrounded by the greatest agricultural development in Texas where feed is plentiful.

This section is destined to be one of the best finishing grounds in the South, and the small rancher here will have an advantage worth-while.

**14,000 acres**, including Yellow House Ranch headquarters improvements. No better cattle or sheep range, with plenty of good agricultural land that will increase in value. Fenced and cross-fenced. It will pay you to investigate this promptly.  
Price \$15.00 per acre. Liberal terms, 6% interest on deferred payments.

**2500 acres.** One of the best little combination propositions in this section, splendid location.  
Price \$15.00 per acre. Reasonable cash payment, liberal terms on balance, 6% interest.

**4500 acres.** Two miles from \$30,000.00 brick school building, store and gin. Fine location and splendid little ranch, with plenty of good agricultural land.  
Price \$16.00 per acre. Liberal terms, 6% interest.

**3500 acres.** Mostly enclosed with sheep proof fence. Splendid location and includes some good agricultural land.  
Price \$16.50 per acre. Liberal terms, 6% interest.

**3000 acres.** A splendid little ranch and all the good farm land needed.  
Price \$16.00 per acre. Liberal terms, 6% interest.

Also, smaller combination farm and ranch tracts, if desired, at attractive prices.

In addition to these combination tracts, we have some fifty thousand acres of 100% agricultural land surrounded by development in tracts of 177.1 acres each at \$30.00 and \$35.00 per acre. One-fifth cash, balance liberal terms, 6% interest.

It will pay you to investigate these propositions at your earliest convenience, as these lands are selling and the country developing rapidly.
