NUMBER 15

WINNERS—Winners in their flights in the annual Littlefield Country Club tournament week-end, from left, were V. L. Stokes, president's flight; Carl Rushing, second flight; Bill Brock, fourth flight; Rhenard McCary, championship flight. Winners were Jim Tom Brittain, first flight, and Al Herrin, fifth flight.

Overpass Termed 'Unfeasible' At Highway 51 Rail Crossing

High Costs Of Project Rule Out Construction

An overpass or underpass for the Santa Fe Railroad crossing at Highway 51 in Littlefield would be "economically unfeasible," State Highway Department Resident Engineer Rhea Bradley said this week.

Bradley made the statement after he was asked to comment on a petition circulated by Littlefield Jaycees last month.

The Jaycees asked, in a document signed by about 100 persons, for an "overpass or underpass for motor vehicles and pedestrians" at the railroad's intersection with Highway 51.

Their request came after a 13-year-old child died under the wheels of a freight train in early August. Another girl lost her left leg when the two children attempted to crawl under a coupling between two cars.

Bradley said this week that the State Highway Department has discussed, along with the Jaycee request, two other ways of providing an overpass or underpass here.

The Highway 51 overpass at the present crossing is "economically unfeasible," he said. "High costs would prohibit the project."

Another method the department has discussed, Bradley said, is the building of an overpass or underpass where the four-lane part of Highway 51 meets Highway 84.

If that method were used, Highway 51 north of the railroad would be re-routed to connect with the four-lane part of Highway 84, eliminating the jag that drivers make at present.

"It could be done," Bradley said, "but it would be highly costly."

Still another method would be to go outside the city limits, building an overpass at Highway 84's intersection with Highway 54, the engineer said.

"That seems to be the most logical way at present," Bradley said.

"But the whole thing actually hinges on what is done with Highway 84," he added.

The highway engineer said that a decision on any sort of railroad overpass or underpass must be worked into an overall plan for the Littlefield traffic situation.

"One thing's sure," Bradley said, "We can't continue carrying the volume of traffic we now carry through town on Highway 84."

The overall plan for Highway 84 calls for it to bypass Littlefield on the south when it becomes a four-lane road.

"That still doesn't solve the present Highway 51 rail crossing problem, though," he said.

Bradley suggested a pedestrian-only overpass or underpass at the crossing, saying that either could be constructed at a more reasonable cost.

He also said that fencing along the railroad's right-of-way probably would help, because it would force pedestrians to use only designated crossings.

QUARTERBACK CLUB LEADERS—Named to head the Littlefield Quarterback Club for 1958 Monday night were, from left, John Clayton, president; Gene Pratt, vice-president and O. K. Yantis, secretary-treasurer.

McCary Retains Club Golf Title

Rhenard McCary and Ann Barnett successfully defended their titles in the annual Littlefield Country Club tournament held over the Labor Day week-end.

McCary turned back the finalist, young Alex Duggan, 3-2, in the final match to clinch his third club title.

McCary defeated V. L. Stokes, Mackey Greer and Walter Still in steps leading to the finals.

Duggan downed W. P. Dennis, J. B. Chamberlain and Dr. Jack Still to earn his berth in the finals.

A surprise in the championship flight was Walter Still, who earned the title of "giant killer" by taking out Vernon Eagan and Alvin Webb, both top contenders every year.

Mrs. Barnett fired a consistent 92-94-92-278 in taking the ladies' championship flight. Jean McCary, with a total of 286, placed second to Mrs. Barnett. Dorothy Brown, with 287, and Carol Hickson, wife of Pro Bob Hickson, with 291, placed third and fourth.

In the men's championship consolation, David Keithley downed Chamberlain and Greer to sweep the honors.

The presidents' flight, made up of losers in the first round matches in championship play, saw Volley Stokes down Sterl Harmon, Bobby Hodges and Dick Beall to win.

Consolation in the presidents' flight went to M. H. Mayes of Heron.

Jim Tom Brittain took out Heron Barnett in the finals of the first flight to be victor. Brittain had defeated Bill McDaniel and Allen Hodges.

First Flight consolation went to Sid Hopping, who defeated Hodges and A. T. Hedgpath.

Anton golfer Carl Rushing nudged Johnny Tolbert 2-1 to win the second flight. Rushing beat Arthur Duggan, 5-4, and Bob Biffle.

Athur Duggan edged Kenneth Grace 1 up and Dr. Glen Burk 5-3 to cop second flight consolation honors.

Jerry Biffle defeated James Duval of Littlefield and E. C. Rodgers to become champion of the third flight. Rodgers had defeated C. A. Duval and Walter Hobgood.

Fourth Flight in the club tournament was played by medal play. Bill Brock fired 86-89-95-270 to beat Neal Herrin's 285, Hamp McCary 286, and Ray Keeling.

Al Herrin jarred Dave Eaton in the finals of the fifth flight after Herrin had downed Earl Glass and Eaton had defeated Jarrell Giles.

The Day's Work

Lesson for September 7, 1958

CAN WE talk of social justice and our jobs at the same time? If we can't we must admit that social justice will not work where perhaps it is more needed than in most places; it won't work where we spend most of our waking time, in that area of life that means so much to us: namely our jobs. Take away a man's job and you have destroyed the basis of his self-respect. Take his job and you leave him rootless, a drifter, unhappy and without meaning in a world that can find no use for him.

Dr. Foreman

"Work, or don't eat"

When we turn to the Bible we should expect to find that the book which says so much about social justice (remember, the name is not important but the thing is!), would give some hints about how this principle of all-around fairness affects the day's work of men and women. And such is the case. The Apostle Paul, one of the "work-iest" men that ever lived, had a problem church at Thessalonica. The Christians there had somehow got the notion that the end of this world was right around the corner. They were like people working in a field when a tornado is moving across the prairie; they take a lot more interest in the tornado than in finishing the job. So these people had quit their jobs and were living, it seems, on their good-natured and still working friends. Paul moved right into that situation with a sharp order. "If any one will not work, let him not eat." Work, in short, is part of a Christian's duty. The world does not owe anybody a living, no matter how pious he is.

What's wrong here?

The Sabbath Commandment does not start with the Sabbath. It starts with the other six days: "Six days you shall labor..." Old Testament and New alike set up work as part of the "whole duty of man." But—here is where trouble begins. In our society as at present organized, it often happens that a man who wants to work, can't. Farmers sometimes have a hard time understanding that this is so. A farmer can find more to be done than he can do, year in year out. But the factory worker, the professional man, doesn't always find it so simple. The factory has a lay-off, or merges with another one, or just closes down. Thousands of men and women in a distant state can be thrown out of work by one decision in a New York office. As for the professional man, in hard times he does not have the clients he used to have. His expenses go on, his debts pile up, but his patients (if he is a doctor, for example) don't pay, they can't pay because they are out of work. So it may come about that literally millions of people, the highly educated and trained as well as countless unskilled workers, find themselves either working for nothing or not having a chance to work at all.

"Do it with your might"

The wise reader will reflect on many other ways in which social justice and the day's work are related. But lest we forget, we must call to mind another important side to this. Suppose I get what the world really owes me—not a living, but the chance to make a living; suppose I have a job, then what? Society has fulfilled its part by making work possible for me. What is my part now? One thing surely is that I should give the job everything I've got. Social justice means seeing that no man is jobless. Social justice also means that no man with a job lies down on it. There are certain industries where the "workers" have things so well sewn up that it is almost impossible to fire a man unless he actually gets drunk on the job. It is surely social injustice to demand a job, and at the same time demand to hold it whether one really works at it or not. Social justice, applied to the day's work, isn't all the responsibility of society—it is the responsibility of the workers as well. A Christian, especially, shows the genuineness of his Christianity by the way he goes about his day's work.

Faraway Places...

I've never seen the Taj Mahal. Nor have I looked up at the Leaning Tower of Pisa, or out across the broad Sahara to the Pyramids and the Sphinx.

Most of my life, as a matter of fact, has been spent right here in my own town. Not because I don't want to travel. To visit these faraway places is one of my big desires—and, one day, I hope to do it.

But I know, deep in my heart, that even if I never leave my home town I'll have more to do than I can hope to accomplish. Because God is just as much here as he is anywhere. Our minister used that thought in his sermon last Sunday, and he told us how much there is for all of us to do in our own particular place—and how much remains undone!

If we'd bring just one other person to church with us on Sunday, we'd really be doing something, he told us. And, as I thought it over, I knew how true that was.

That's why I'm asking you.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

TOWN

ANTON BULLDOG coaches Dave Smith and Wayne Grable are hoping that Anton will have a "giant-killer" team. Here are four reasons that Anton may. Left to right, kneeling are Dug Goen, end and Jerry Overstreet, guard. Standing are Ronnie Biffle, halfback and J. L. Smith, fullback.

Anton High Coaches Have High Hopes For '58 Team

By ALEX DUGGAN

In his first year as head coach of the Anton Bulldogs, Dave Smith has this to say about his team:

"My boys looked good in the early season scrimmage against Hopes. I'm pleased with their spirit and attitude in practices. I have high hopes that we can develop into champs."

Smith's line coach Wayne Grable adds this:

"We have 19 returning lettermen. There will probably be an experienced letterman starting at every position but right tackle."

Both coaches agreed that the '58 Bulldogs would have to survive injuries, but both agreed that Anton probably will win more games than last year's team won.

Last year Anton's Purple and Gold won only three games while losing seven.

When asked about chances of winning tough District 3A, Smith replied, "Farwell has a better chance to win than we do. However, you never can tell about any certain group. Any team in the district could win, including us."

Anton will be running from the Split T this year. As the Anton backfield is blessed with three good passers and two ends over 6-3, Smith figures his team will throw the ball quite a lot.

Running the backfield, which averages 175 pounds, will be Oren McGrew at quarterback. McGrew weighs 180 and can pass as well as punt and kick extra points.

At one halfback will be Hugh Barnett, a sophomore letterman. Barnett can also pass and will handle Anton's kick-off duties.

Ronnie Biffle, who went to state in the hurdles as a sophomore, is Smith's choice as the other halfback.

Rounding out the backfield at fullback will be J. L. Smith, a senior two-year letterman.

Smith also mentioned Jan Crews as a fine quarterback and Ray Batson, who can play both halfback and fullback, as players that will see lot of action in the Anton games.

Grable sees a great year for Doug Goen, the only three-year letterman on the team. Goen will start at end, where he received all-district honors last year. At the other end on offense will be Carlton Parker, 135-pound senior letterman.

Probable starting tackles will be Carl Taylor, 170, and Charles Richards, 160. Grable mentioned Carl Whitley as an up-and-coming Bulldog tackle.

Leroy Grant and Jerry Overstreet may be the starting offensive guards. Both boys are two-year lettermen and both are sen-

iors. Two-hundred-pound freshman Bobby Buchanan and junior squadman Tommy Cundiff were both cited by the coaches as being defensive standouts.

Wilson Lee, 165, senior letterman, will be the starting center. Grable's line averages 160 pounds. Grable pointed out that, although his group was not too speedy, it would be able to provide ample power for line smash-ups.

Here's the 1958 Bulldog Roster with starters in capital letters:

Ends: DOUG GOEN, 180, senior three letters; CARLTON PARKER 135, senior, one letter; Tony Cundiff 110, freshman, junior high; Mac Parker 145, sophomore, B team; Doyle Bishop 110, freshman, junior high.

Tackles: CARL TAYLOR 170, sophomore, B team; CHARLES RICHARDS 160, senior, two letters; Carl Whitley, 155, sophomore, B team; Melvin Barbee 150, freshman, junior high.

Guards: JERRY OVERSTREET 165, senior, two letters; LEROY GRANT 150, senior, two letters; Tommy Cundiff, 140, B team;

Bobby Buchanan 200, freshman, junior high.

Centers: WILSON LEE 165, senior, one letter; GARY BACUS 150, junior, B team; Robert Pierce 120, freshman, junior high.

Quarterbacks: OREN MCGREW 180, junior, one letter; Jan Crews 135, freshman, junior high.

Halfbacks: RONNIE BIFFLE 155, junior, two letters; HUGH BARNETT 210, sophomore, one letter; Ray Batson, 140, sophomore, B team; Noven Roberts 140 sophomore, B team.

Fullbacks: J. L. SMITH 160, senior, two letters; James Grace 80, sophomore, B team.

Managers are Ira McGrew and Fred Givens.

Charter Group Studies Reports

Littlefield's charter commission held another in a series of meetings Monday night, hearing reports on tax administration and utility franchises.

The commission is in the midst of preparing a rough draft of a proposed charter which will be submitted to the voters at a later date, probably in early 1959.

The group has divided itself into five committees which are studying powers of the city, organizational procedures, basic procedures, administrative practices and popular controls.

The discussion Monday night was of a report by Kenneth Reast, chairman of the basic procedures committee, on tax assessment and collection practices, along with utility franchises and licensing.

A rough draft of the charter is expected to be completed within the next month.

1,897 Enroll In City School By Wednesday

Enrollment in Littlefield schools reached 1,897 Wednesday morning, Supt. Ralph Schilling reported.

Dr. Schilling said about 100 more students are expected to enroll in the next week.

Total enrollment in the Primary School was 593. Number of students listed were first grade, 214; second grade, 202, and third grade, 177.

The Elementary building had a total of 538 students, with 188 fourth graders; 187 fifth grade students, and 163 sixth grade students.

There were 163 enrolled in the seventh grade and 125 in the eighth grade, making the Junior High enrollment 288.

Hig School enrollment was listed at 478 with 134 freshmen, 144 sophomore students, 117 juniors and 83 senior students.

Gillian to win the fifth flight consolation.

On the ladies side of the tournament, Eileen Stokes edged Janey Webb by two strokes, 155 to 157, to win the first flight in ladies play. Mutt Still, with 163, took third place.

In the 9-hole beginners ladies flight, Jeanne Brock downed Mary Kay Love and Maurine Giles to receive top honors. Mrs. Giles went on to win the consolation.

At the Awards Banquet Monday night, Professional Bob Hickson retired the club trophy to Rhennard McCary as the victory was McCary's third. Hickson also praised the Ladies Golf Association for its help in the tournament.

A choice of merchandise or trophy went to winners in the event.

Five Injured In Two-Car Mishap Sunday Afternoon

Five persons were injured in a two-car collision Sunday afternoon at the corner of 7th St. and Hall Avenue.

Bob E. Clapton of Amherst was traveling south on Hall Avenue and Linda Stanford of Littlefield, driver of the other car, was going east on 7th Street and pulled in front of the Clayton car at the intersection, officers said.

Miss Sanford and two companions in her car, Shirley Cox of Sudan, and Betty Winfield of Littlefield, were admitted to the Littlefield Hospital and treated for mild cerebral concussions, whip lash type of neck strain and bruises. The girls, all 17 years of age, were released from the hospital Tuesday.

Clayton's children, Bobby, 5, and Lendal Carol, 11, were admitted to the Littlefield Hospital after the accident. Carol was treated for a lip cut and released. Bobby was admitted to the hospital for observation of possible internal injuries.

Damages were estimated at 1550 to Clayton's car and 450 to the Stanford automobile.

Beginning Band Meetings Slated Monday At Sudan

SUDAN — Sudan High School Band Director Lee Boyd Montgomery has called two meetings Monday for beginning band students and their parents.

One meeting will be held at 4 p.m. and the other at 7:30, both in the band hall. Separate meetings were set in order to have an available meeting time for everyone. Beginning band students and their parents may attend the meeting of their choice, Montgomery said.

The band program will be discussed and there will be a display of band instruments.

All students interested in beginning in band and their parents are encouraged to attend, Montgomery said.

Mexican Charged With Violation Of Liquor Law

Liquor Control Board Investigator Loyd Dunlap and Deputy Dan Blanchard arrested a Mexican man Sunday night on charges of violation of the liquor law.

The man, Leandro V. Garcia, entered a plea of guilty in county court Tuesday morning. He was fined \$100 and costs and given 30 days in jail.

Garcia was charged with possession of whiskey for purpose of sale.

Dunlap said he and Blanchard found eight half-pints of whiskey under Garcia's car when they arrested him outside the Littlefield Sports Arena, where a Mexican Dance was in progress.

-- VISION --

By DR. A. L. SPERRY,
Optometrist, Freeport, Texas,
Chairman Public Education Committee The Texas
Optometric Association

Myopia is word meaning many things to many people. The average person will recognize its common name, nearsightedness, but unless he is nearsighted himself he cannot know the problems faced by the myopia person.

Of all the common functional eye conditions the myope (near-sighted person) is probably the getting around in this high speed world of ours. His distance or "down the street" vision is affected and all he sees without glasses are blurred gobs of color. Judgement of distance is poor. Recognizing one's best friend 10 feet away may be quite a problem. Deck and reading distance vision are usually quite good with out glasses, however.

To the parent a myopic child is a puzzle—as one father remarked to me "Frightening, isn't it?" when discussing the steady increase of lens power needed to keep pace with his daughter's increasing myopia. Naturally this father was concerned with the possibility that one day the daughter might reach the point where glasses wouldn't do any good and the girl's vision might be uncorrectably impaired. This fear has led many a parent to drag many a child from one eye practitioner to another in search of some way to stop the increase of the myopia. I keep referring to myopia as regards children because it usually starts somewhere between 6 and 16. Let me add that myopia very rarely causes

any visual difficulties that cannot be satisfactorily improved to normal vision with the help of proper glasses.

To school authorities and teachers myopia presents a paradox, or very often the myopic child is one of the best achievers in the class. Reading, studying and desk work are "right down his alley." Since his grades do not suffer both parents and teacher may be lulled into a false sense of security thus not realizing that a serious visual problem exists. What does suffer is the child's personality. He becomes very quiet and retiring, will not take much part in outside or distance seeing activities. The reason for this is simple—he's not good at them. The old saying that "you can't hit 'em if you can't see 'em" applies. It doesn't take many strike outs on the local ball diamond for a boy to earn a reputation as a poor ball player. It doesn't take many "snubs" of her class mates and friends on the street or in school corridors for a girl to acquire the reputation of being

"stuck up." It isn't because she doesn't see the person—she just doesn't recognize the blurred facial features. And unless the person speaks she may waltz right on by never realizing she just passed her best girl friend (or worse yet, boy friend) without so much as a nod let alone a friendly word of greeting.

To the youngster himself there is often the feeling that the other kids have something he hasn't got. But how can he determine just what it is. I know that many of you wise adults are thinking it should be easy. You'd know if you couldn't see well. Would you? Any optometrist can tell you of numerous cases of intelligent adults whose vision wasn't what they thought it was. I include in his category even the school nurse as I recently had the pleasure of hearing one exclaim as we got her first pair of glasses on her face "Why those trees have leaves!" as she looked out the window. Of course she knew those trees had leaves. They had to, but what she meant was that here-

Tommy Sands Signed To Sing At Prison Rodeo Performance

HUNTSVILLE — A surprise announcement disclosed that another great personality — Tommy Sands—has been added to the list of entertainment stars to be featured at the 27th Annual Texas Prison Rodeo.

Sands, the star of stage, screen, TV and recording, will appear as a guest performer during the fi-

nal performance of the rodeo Sunday, Oct. 26, in the prison's million-dollar stadium at Huntsville. "We believe the addition to Sands of such names as Richard Boone, Dale Robertson, Ward Bond and Robert Culp will give this year's rodeo a star-studded cast that should pack the 30,000-seat stadium each Sunday in October," remarked H. H. Coffield of Rockdale, chairman of the Texas Board of Corrections. Sands, the 21-year old golden-voiced celebrity, in accepting an invitation to make a benefit appearance at the prison rodeo, said, "If it will help the inmates of the prison system, I certainly want to do my part."

Chairman Coffield pointed out that net proceeds from ticket sales are placed in the prisoners'

welfare fund in order to supply services not furnished by state appropriations. Reserved seat tickets, at \$2.40 or \$4.40 each, may be purchased by writing Prison Rodeo Ticket Office, Huntsville, Texas, enclosing check or money order.

PROPOSED BUS ROUTES FOR STUDENTS ATTENDING SOUTH PLAINS COLLEGE

BUS ROUTES—Busses from South Plains College at Levelland will pick up students in Lamb County, as this map of proposed bus routes shows. Students outside the college district the busses for a fee of \$5 per month, living at home as they attend college. Busses will not be held on Saturdays.

Rev. Neeb To Speak At Lutheran Church Mission

The Rev. Roger Neeb of San Benito will be the guest speaker for the Emmanuel Lutheran Church's Preaching-Teaching-Reaching Mission, which is scheduled to open Sunday. The evangelism services will be held each evening, Sunday through Thursday, at 8 p.m. at the church, 401 W. 3rd, St.

The Rev. Neeb is a native of Buffalo, N. Y., and was graduated from Concordia Theological Seminary in St. Louis in 1956.

He interned for Dr. Roland Wiedemeyer, president of the Texas District of the Lutheran Church, Missouri Synod, for two years. He became pastor at San Benito after his graduation from the seminary in 1956.

The Rev. Neeb, married and the father of two children, has served as dean of the Valley Walther League Camp for two years. The Walther League is the young people's organization of the church.

The Preaching-Teaching-Reaching mission, which is under the direction of Pastor R. L. Young, is featured by a "Question Box."

Individuals with questions about the Lutheran Church or about the Bible are invited to jot these questions down and put them into the question box.

The next evening, in the regular service, these questions will be answered by the guest speaker.

The evangelism service have been combined with the traditional method by which the church receives members. Those who wish to become members of the congregation will be invited to attend Bible lectures, which will be scheduled after the P-T-R mission.

eneration, but this figure now appears highly conservative, Prestwood says.

Students enrolling in the college will attend classes in one of the most modern college plants anywhere in the nation today. A new plant, valued at more than \$1 million, with all buildings fully air conditioned, has been built "from the ground up" on a 177-acre campus at Levelland.

Six school bus routes where college students can be picked up have been carefully driven out by automobile by Dean Prestwood. He says only minor adjustments will be necessary between now and the time college registration opens on Sept. 15.

Buses will start their routes at Earth in north central Lamb County; at Pep in Hockley, at Lehman, in southwest Cochran County; at Plains in central Yoakum County; Spade in south Lamb County and Wellman in south Terry County.

Students who live within the South Plains College district including the Whiteface Public

School District, may ride the busses at no extra fee.

Students outside the district will be charged \$5 per month each to pay the expense of their transportation.

Buses will stay on main-traveled paved highways, taking students aboard at arranged pickup points. On the first day of school, stops will be made at the high schools in each of the communities, bringing students in for registration.

Buses will start their journey toward the college campus at 7:15 from Lehman, 7 a.m. from Plains and Wellman, at 7:30 a.m. from Spade and at around 7:50 from Pep. They are expected to average 45 miles per hour, arriving at the college campus at 8:30 a.m.

The busses will leave the campus at 4 p.m. and should arrive back at the end of the line by 5:30 p.m.

Prestwood said that drivers will attend a special training school which will be participated in by The Department of Public Safety and other enforcement officers. He said that all drivers will also be given a short course in first aid, and special training in maintaining student discipline.

He pointed out that the busses were especially constructed for college students, with roomier and more comfortable seating.

Drivers have already been secured in each of the communities, Prestwood says.

Students from Lamb County who have already indicated an interest in attending the college and riding a college bus to the campus each day include: Twila Hampton, Shirley Gray, Janna Crawford and Billie Robnett.

Spotlight On Entertainment For 1958 Texas State Fair

The brightest spotlight of the 1958 State Fair of Texas, Oct. 4-19, will be on entertainment.

More big shows, more big-name stars have been booked than ever before.

And a great many of the shows will be absolutely free.

Tickets are now on sale for the fair's paid attractions.

"The Music Man," the fair's flagship attraction in the Music Hall, will be presented nightly with matinees Saturdays, Sundays and Wednesdays. Tickets are \$4.95, \$4.40, \$3.30, \$2.20 and \$1.65 and can be ordered from State Fair Box-office, 1315 Elm Street, Dallas. A 25-cent handling charge should be included.

"Ice Capades" will have performances nightly except Sundays, with matinees Oct. 4, 5, 8, 11, 12, 18 and 19. Tickets are \$3.30, \$2.50, \$2 and \$1.50. Order from Dallas Ice Arena, P.O. Box 7772.

Tennessee Ernie tickets can be ordered from State Fair Box-office, 1315 Elm, and Gorme-Lawrence tickets from Radio Station KLIF, 2104 Jackson, Dallas.

Free shows on the "State Fair Shower of Stars" series include Tito Guizar Oct. 6, Meredith Wilson and the Music Festival Oct. 7, television's "Sky King and Penny" Oct. 10, Laverne Baker and Buddy Johnson's band Oct. 13,

Beginners' Band Meeting Slated

All students interested in taking beginning band have been asked to attend a meeting Friday night called by Littlefield Band Director Beryl Harris.

The meeting will be held in the high school band room at 7:30 p.m.

Students and their parents have been requested to attend.

Questions about the band program will be answered at the meetings, Harris said. Students unable to attend Friday night's meetings should contact Harris at the band hall.

County Included In Bus Routes Set Up South Plains College At Levelland

Students from Lamb County are included in the bus routes set up for students attending South Plains College at Levelland. Dean Prestwood has announced that every indication points to the prospect that enrollment at the new public junior college will far exceed all expectations. College officials first estimated that the college would have 150 full-time students during the first semester of operation.

Mrs. Detton's Recipe for APPLE STRUDEL

Beat one egg in cup. Fill cup with lukewarm water. Add 2 cups of flour (a good pint). Add a pinch of salt and mix well. Beat and knead (by picking up dough and throwing or hitting it on table) until white blisters appear. Divide into 4 parts and cover each. Let stand 2 hours. Roll and pull tissue-paper thin. Spread with sliced apples, sugar, cinnamon, butter and sour cream. Roll up — place in greased pan. Bake in moderate oven for one hour, basting with hot milk. Apple strudel may be frozen unbaked. After removing from freezer, bake, basting with hot milk. Bake slightly longer than one hour.

Major Breakthroughs Seen Against 3 Costly Diseases

Step by quickening step, medical scientists are approaching major breakthroughs toward control and cure of our three most costly diseases—heart ailments, cancer, and mental illness," writes Aiton L. Blakeslee in Today's Health, the American Medical Association's magazine of general circulation. He adds: "We will learn how to prevent heart attacks. Drugs and possibly vaccines will be found to take the terror out of cancers. Chemical formulas will correct mental ailments, and help keep human minds healthy."

This is not going to happen overnight. But decisive victories are expected in five to ten years. All the signs are good. Scientists the world around are working to defeat the three killers—and, as Mr. Blakeslee puts it: "... in this battle there are no national secrets—all knowledge won is quickly shared to fashion common shields against common afflictions."

Here, in very brief summary is how matters are shaping up.

CANCER. Anti-cancer drugs have occasionally given "astounding effects." The drugs are getting better. A single miracle anti-cancer drug is not expected—cancer appears to be a group of diseases, so a drug which is effective against one form might be useless against another. If, as some now believe, viruses cause certain types of human cancer, the door will be open to the use of vaccines as protective agents—just as the Salk vaccine protects against polio. It should be emphasized that early diagnosis is vital in cancer. Today, for instance, 46 per cent of patients with breast cancer are now being saved—early diagnosis and proper treatment would up that to 81 per cent. The situation is comparable with all other cancers.

HEART DISEASE. Mr. Blakeslee points out that "Today we know how heart attacks or "coronaries" come about, not why." Arteries narrow or may close off entirely, depriving the heart tissue of needed blood. No one knows certainly why this happens, but a top authority says: "I think I see cracks in the iron curtain of ignorance." More and more is being learned about diet, exercise, smoking, tension and other carries as possible influences on the disease. Marked progress has been made in techniques for dissolving blood clots, radically every case of high blood pressure can now be brought under control. And virtual miracles of heart surgery are being performed.

MENTAL HEALTH. "Tomorrow," Mr. Blakeslee says, "will bring drugs to prevent or cure many or perhaps all mental illnesses..." There may even be drugs to stimulate the imagination and improve the memory. Evidence piles up that mental illness may result from chemical poisoning. The brain is being explored electrically "with fascinating results." Trail-breaking advances are being made in rehabilitation of the mentally ill. Occupational therapy is producing fine results in many instances. And we are beginning to see the therapeutic importance of keeping patients in the community instead of sending them off to isolated hospitals.

So these wars against three major illnesses go inexorably forward. Never have the fighters had such potent weapons. And the weapons of tomorrow will be far more effective and conclusive still.

Call System What You Will

The American system of doing things has various descriptive names. One is free enterprise. Another is just plain capitalism. A relatively new one is "people's capitalism."

It may be that the last is the best. For it tersely covers a situation which makes us pretty close to unique among nations. In the United States, the masses of the people have the financial ability to own a direct stake in the enterprises which produce our goods and services—and great numbers of them have taken advantage of that opportunity.

For example, the owners of stocks in American corporations number close to 10 million—a census to determine the exact figure is now underway. The great majority of these people are in the moderate-income brackets. They include every craft and calling—merchants, professional men, mechanics, white-collar workers, insurance salesmen. And they also include large numbers of retired people.

These shareowners have put a part of their savings in companies in whose future they have confidence, in the hope of getting a good and steady return in the form of dividends. In doing that, they have done much more. They have concretely expressed their faith in the principles on which the American economic system is based. They have said, in effect, that their welfare demands the strengthening and perpetuation of that system.

Call this system what you will—free enterprise, capitalism, people's capitalism. One thing is sure—it has done more good for more people than any other ever devised.

STATE CAPITAL

Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—Texas' 56th Legislature, though not yet sworn in, already casts a long shadow over State house activities.

Its membership was settled—or virtually settled—with the counting of the Democratic second primary votes. A few will have Republican opponents in November.

Of more interest now is how the 56th will lean on key issues. Political prophets already are taking pulse readings and pronouncing it likely to be more liberal than its predecessor. But not predominantly liberal. A big influx of newly-elected liberals from Houston is expected to be offset by Dallas conservatives, plus others from small towns.

On next session's crucial issue—finance—everyone's crystal ball seems a bit cloudy. Next Legislature will have to grapple with a financial deficit which the Legislature's Budget Board has predicted may call for as much as \$140,000,000 in additional tax revenue.

Winning candidates, in both their speeches and newspaper announcements, were understandably skittish and unspecific in making specific proposals for dealing with this gigantic problem. Many came out flatly against a general sales tax or state income tax. Numerous suggestions were made to balance the budget through "economy in government, elimination of waste, duplication," etc.

Such statements are like the breeze off an iceberg to state departments, many of whom have said they'll be asking for more, not less money, next session.

When the showdown comes, decisions will be made largely by the same group who pushed the voting buttons in '57. All told, there'll be 49 new faces among the 181 lawmakers.

Replacing the three retiring senators, Otis Lock of Lufkin, Searcy Bracewell of Houston and Carlos Ashley of Llano will be Martin Dies Jr. of Lufkin, Robert W. Baker of Houston and Louis Crump of San Saba.

House will have 46 freshmen, slightly less than the normal one-third turn-over of its 150 members. Changes result from the retirement of 33 representatives, defeat of 13 others.

MANGLED MATH—When the next speaker of the House of Representatives takes office in January, some confused arithmetic will be cleared up.

A speaker is elected at the start of each regular session by the 150 House members. Support, in the form of signed pledges, is lined up well in advance of the session's start.

This year, when the dust settled from the run-off primary,

both contenders claimed victory. Rep. Waggoner Carr of Lubbock, present speaker, said he had 83 pledges. Rep. Joe Burkett of Kerrville claimed 77 pledges. In addition, Burkett said he knew of 15 House members who had made no pledges.

All the claims added to 172 representatives—22 more than the people elected.

BIG DAY DUE—San Antonio, site of the Alamo, may see another lustrous Tuesday (Sept. 9) when Texas Democrats of widely varying sentiments gather for state convention.

No one is making any ironclad predictions on what will happen, but pre-convention rumblings promise at least some of the usual fireworks.

A group of conservatives are working on ways to bounce the militantly liberal Mrs. Frankie Randolph from her post as national committeewoman. Having the chairman of the Democrats of Texas and leader of the opposition to state party leadership in the prestige-laden national committee post is hard to take.

But removing a national committee member offers difficulties, too. A state convention merely nominates the national committee members; actual election is by the national convention. Whether a state convention could undo the action of a national convention is not definitely known.

Another possible source of friction is the selection of the State Executive Committee Chairman, the post now held by Jim Lindsey Connally has been mentioned as a prospect.

Liberal delegates and supporters of Sen. Ralph Yarborough are expected to fight hammer and tongs against a Connally drive. Connally was a strong supporter of William Blakley in his Senate race against Yarborough and headed Gov. Price Daniel's precinct convention fight against the DOT.

DOWN MEMORY LANE

(From the files of the Lamb County Leader, Sept. 1, 1941)

Plans for the formation of a rifle range were discussed at a meeting of the Sons of the American Legion Monday night in the Legion Hut.

Scout Master Paul Pharris accompanied by John I. Bowling and 15 scouts of troop 26, spent several days camping in Ceta Canyon last week.

Dr. B. W. Armistead attended the regular meeting of the South Plains optometric association at the Hilton Hotel in Lubbock.

Mr. and Mrs. L. L. Thornton and daughter returned home Friday from a week's vacation in New Mexico.

TOO "GENERAL"?—Alumni of East Texas State College are asking help in untangling conflicts over a new program at the Commerce school.

At issue is the value of a "general studies" program instituted by ETSU President Dr. James Gee. Revised curriculum substitutes a course in "communications" for freshman English, "heritage" for American history, and so on. A professor who had taught some of the "general" courses called them a "hodge-podge," comparable to grade school work.

Dissatisfied exes meeting in Austin asked Sen. Charles Herring Senate investigating committee chairman, to look into the situation. Herring said he would bring it up at the committee's next meeting, but urged he exes to talk first with the college's of Regents.

FACULTY RAISES ASKED—Salary raises for faculty members are the principal item in a \$12,515,000 budget increase being sought by Texas' 18 state colleges and universities.

Texas Commission on Higher Education said the \$4,000,000 being asked by college officials would allow for average raises of \$600 per year per prof.

Altogether, the college's budget requests to the Commission total \$68,721,975 for the 1960-61 biennium.

Commissioner's task is to screen these requests and make up a recommended budget to present to the Legislature.

SHORT SNORTS—State Board of Water Engineers has scheduled a hearing for Sept. 18 on the proposed Diablo Dam on the Rio Grande River. Gov. Price Daniel has proclaimed September and October as "American heritage months," a period in which people are to be encouraged to vote on an informed basis and contribute to the political parties of their choice.

Sandhills Philosopher

Summer's Gone--Philosopher Wondering Where It Went

Editor's note: The Sandhills Philosopher on his Johnson grass farm has found out what time of the year it is, his letter this week indicates.

Dear editor: I noticed by my calendar which a puff of wind coming through the window flipped over from July which I hadn't gotten around to tearing off yet, along with August—why tear off calendar sheets twelve times a year when three or four will do just as well—that here it is September and summer is over.

Now this suits me all right. I don't sit around one day waiting for another or one season waiting for the next, as far as I'm concerned one time is as good as another to sit around in, but a friend of mine was sighing and complaining over the fact and saying it seemed like he hadn't accomplished a thing in the past three months, the summer just rushed by without a thing being done.

I don't take such an attitude. I accomplished as much this past summer as I set out to.

People have an odd notion about what they're supposed to do. You take Secretary Dulles. He's traveled all over the world this summer, worked night and day on the problems of the world, gone to bed late and gotten up early, but I can't tell from reading the newspapers that the world is any safer now than it was in the spring. This isn't to say he shouldn't have done what he did. It's just to say that there are two ways of handling a summer, one is to rush through it, the other is to let it do the rushing. I've always contended you get the

recommended budget to present to the Legislature.

same pleasure sitting in and letting the water run as you do thrashing the water, and it's a lot more fun.

The difference between a lot of people is that to accomplish what you do, whereas I set only what I accomplish end of the summer out of us, regardless.

As far as I'm concerned a pretty good summer body who's waiting for to settle down before enjoying the season may throw his calendar away.

As for the fall, I'm forward to that too. I'm supposed to be the man renews his energy surges forward me, and a lot of people it's only a time of thoughts about work, anything about it, I work this farm all right don't intend to let it

Area School Bands Invited To Enter 'Parade Of Bands'

All school bands in this area have been invited to enter the annual "parade of bands" Sept. 19 in Lubbock to crown the week-long 41st Panhandle South Plains Fair. Fair officials announced this week.

Cash prizes totaling \$600 will be awarded winning bands. Organizers of the contest are Prof. D. O. Wiley, Texas Tech; Paul Branom, Tom S. Lubbock High School; and Gary Garner, Monterey High School, all of Lubbock. Other fair premiums this year total approximately \$30,000, largest in history. Cash prizes and ribbon awards will be distributed to winners in all livestock, agricultural, art and homemaking divisions, according to the fair's president, Joe Baldrige of Lubbock.

Big entertainment program of the fair is "Water Follies of 1958", a colorful in-and-out-of-the-water stage show that was featured at the World's Fair in Brussels. Beautiful girls, comedians, specialty acts and music will be featured in conjunction with swimming and diving exhibition using the world's largest portable swimming pool", Baldrige said.

Water Follies will be staged nightly during the fair beginning at 8 p.m. Matinees will be held Monday, Tuesday and Saturday of the fair. Reserved seats, sold only for evening performances, are \$1.50. General admission for all adults is 90 cents. Children will be admitted on 50 cents general admission evenings, and 40 cents general admission for matinees. School students of the area will

be admitted to the fairgrounds free of charge Monday, Sept. 29. Several schools are planning bus excursions for entire classes. Teachers have already received special information from fair officials about the free admission for their students.

Very few participants in marriage ceremonies recall the "for poorer" phrase.

WE'RE HERE AND READY WITH **3** AIRPLANES LIKE THIS

At the left is one of our spraying airplanes and tank trucks that we have in Littlefield and Lamb County to assure you that we can care for your every spraying need IMMEDIATELY.

Our Air agricultural airplanes are especially designed for spraying and dusting to give maximum penetration and insecticide distribution. This assures the farmer that with this specially designed equipment he actually gets a great deal more for his SPRAYING DOLLAR.

Through the use of defoliant, the farmer can be assured that he will get his crop out earlier and at a lower cost per bale, and in most cases a much higher yield and grade.

With three agricultural airplanes operating here we have an ample supply of aircraft, pilots, equipment, as well as defoliant to handle whatever spraying problem that may arise.
