LITTLEFIELD HIGH SCHOOL BURGLARIZED

Damages To The Vault Door Estimated At \$750.00

For the third time in recent months Littlefield High School was broken into Sunday night. The two other attempts have been termed by investigating officers as vandalism, but this time the work was done by experienced burglars according to Acting Police Chief, Philip Chapman.

The burglary which netted the robbers less than \$25 occurred at the school during the night of Sunday April 28.

The burglary followed a pattern of break-ins in schools at Floydada, Spar, Plainview, Levelland, Morton, Malheur and several other towns on the South Plains. The only similarity of the burglary of these in other places was the fact that the one in Malheur occurred during a rain storm. Officers think that the burglars strike when their luck chooses. After a careful inspection made of officers in Littlefield High School, officers have determined through photos of "Jimmy" markings found at the scene of the break-ins that identical marks on the pins of vault doors that the same gang is responsible for other reported burglaries over the South Plains.

Several promising leads have been uncovered and by the whole-hearted cooperation of the Lamb County Sheriff's office plus the assistance of Texas Ranger Razz Renteria officers expect a quick apprehension of the culprits. Renteria and Chief of Police Philip Chapman of Plainview called to Littlefield Monday with photos of the other high school burglaries and comparison was made with the photographs of the local police department.

These law enforcement officers, made an on the scene examination which disclosed the same tool markings and method of operations of the other break-ins.

Entrance Is Made Through A Window

An aluminum casement window was raised, entrance made, and the window was then closed. The entrance was made in such manner that the routine check of the local police department failed to disclose any evidence of a break-in.

After securing entrance through the window the lock on the door of Principal Gleen Reeves' office was "jimmied". The office was ransacked and thieves took about \$25 in currency and coins from a clear box in Reeves' desk.

They then proceeded to the library office ransacked it, but

Sudan Board Of Trustees Call Election

A school election will be held Saturday at the Community Center in Sudan for the proposition of maintenance tax and bond assumption. Superintendent C. C. Gregory states that the election is necessary in that a new independent school district of Lamb and Bailey Counties has been formed due to the recent consolidation of the Circle Band district with the Sudan district.

According to Gregory this will in no way change the property tax valuation of \$150 per \$100 dollars, or the bonded indebtedness.

Gregory said the election is necessary in order that maintenance tax and bonded indebtedness may be applied to all the newly formed districts including the former Circle Band district.

The election which has been called by the Board of Trustees of Sudan will be held between the hours of 8 a.m. and 7 p.m. Gus Bellamy will be the election judge.

Negro Lad Is Killed By Lightning Saturday Night

A flash of lightning took the life of a negro lad, Alfonso Oils Ashley, 17, about 8:30 p.m. Saturday night during the heavy rains. Ashley and two companions had been to the carnival, which has been operating at the Lamb County Fair grounds. When the rains began to be heavy, the boys started home. As they came to the corner where the Hall Motor Company Used Car lot is located at the intersection of Highways 51 and 88 Ashley evidently attempted to jump a chain to cut across the lot, when the flash struck. He

was brought by ambulance to the Medical Arts Hospital. He was still breathing but died almost at once.

Ashley was a Freshman in Littlefield High School. He had "come out" for football and basketball. He was a member of the American Legion baseball team last year and was a top prospect for the team again this year.

He was the son of Al and Juanita Ashley. He was born on July 17, 1916, near Eldorado and has lived in Littlefield most of his life. He was the grandson of Mrs. Pearl Larkley.

Services were conducted at 2:45 p.m. Wednesday at the St. John Baptist Church with the Elder Nelson of the Church of God reading the rites. Interment was in the Littlefield Cemetery.

NO DAMAGE IN WEDNESDAY'S FIRE Littlefield Firemen made a call just before noon Wednesday to the negro section of town. A butane hose became ignited and had set fire to a mattress. The fire had been extinguished before the firemen arrived.

Telephone Service Interrupted Here

More than one hundred telephones of the General Telephone system were reported out of order Saturday night and Sunday.

The difficulty was not confined to one section of the city. Fred Mathis, manager of the company, said Monday that the heavy rain caused water to get into the cables and in some cases lightning struck the protectors and knocked out the line.

Some telephone users could call out, other numbers could not be contacted.

Telephone crews, who had just recovered from the recent tornado trouble, have worked this week around to restore service to normal.

Little League Teams Are Completed Tuesday Nite

At a regular scheduled meeting of the Littlefield Little League Monday night, players who had been slugging up for the past few months were assigned to the four teams in the Minor League.

This completes the assigning of all players to teams in either the Major or Minor League.

All boys who were signed up to play ball in the Littlefield Little League are asked to be at the Little League Ball Park on the fairgrounds at 5:00 p.m. Friday afternoon where the coaches of the four teams in the Minors will meet the new players and get acquainted. Practice dates will also be set.

The 1935 schedules were also distributed at the meeting and the opening games will be played on May 27 with both major and minor league teams seeing action each night.

The complete schedule of both the Major and Minor League can be found elsewhere in this issue of the Lamb County Leader.

The four Major Teams consisted of those roster before the auction or the Minor League teams began. Canover Blumkin has been added to the Rotary team and Terry Jones was placed on the

Grisham Is Hostess Sunnydale HD Club

GRIZZLE, Reporter
E. J. Grisham, Jr., was in the Sunnydale Home Demonstration club which met at the REA building at 2:30 p. m.

B. E. Reagan conducted exercises, first having sing the "Ha-Ha" and then dividing them into groups for a treasure hunt.

Roll was answered with things their children do to help in the family and spending.

The business session, O. Hampton gave the report on the Council Meeting.

Also noted that on May 15 will be a meeting of the committee chairman in the Home Demonstration's office.

E. J. Grisham, Jr. name submitted as the club's nomination as a county representative to the State Home Demonstration Meeting at Houston, Tex., through August 31st.

Meeting was then turned to the County H. D. Agent, Mrs. Clara Phillips who demonstrated a phase of the education program, showing "time" could be saved.

onboard or wall space and convenience gained by use of a prefabricated board and panel of adjustable hooks.

Items which could be included in the performance to include such as in the hanging of utensils in their place of use in the kitchen or garage, tools and equipment, while in use, shoes, bags, umbrellas could be stored or hung conveniently.

Phillips followed this demonstration with a talk on "Health Insurance."

It pointed out that good insurance is necessary to the well-being and financial stability of the family. To insure this well-being and stability necessitates physical and dental examinations, immunizing of children, diseases and getting hazards.

It stressed that buying insurance from a reputable company is most important.

Approximately 75% of the American population have some form of health insurance only 45% of farm families have some type of health insurance.

This figure is somewhat lower than that for those who, through employment, can obtain health insurance on a group basis, the difference being due to limitations in benefits, and slightly higher buying costs on the individual basis.

Mrs. Phillips went on to say that of all charges incurred by families 15% is covered by insurance benefits. Yet of all families in the United States 15% are in debt to hospital physicians, dentists and other medical goods.

There has been a great increase in the utilization of personal health services in this country since 1940. Some reasons for this increase are due to a rise in voluntary insurance, greater availability of facilities and greater improved economic conditions.

At the conclusion of Mrs. Phillips program the meeting adjourned and the hostess served refreshment plate of assorted cookies and punch to the following members, Mrs. Thos. Harris, Mrs. Jack Brooke, Mrs. Louise Bruce, Mrs. A. L. Aldridge, Mrs. B. D. Birkelbach, Mrs. E. E. Walker, Mrs. Fred Grisham, Mrs. I. J. Rice, Mrs. Robert Jennings, Mrs. Paul Lewis, Mrs. B. E. Mu Phi Epsilon Initiates Miss Billie Roark

An Anton student, Billie Lyda Roark was honored by a Texas Tech fraternity. She was one of the eight Texas Tech majors to be initiated on April 16 into the local chapter of Mu Phi Epsilon, a national honorably women's organization for women in music.

It is a professional sorority requiring a 2.0 or a B average of each member. It is essentially for the promotion of music in America.

YWA Associational Meet Hears Japanese Student

The West Plains Associational YWA Council met Monday evening at seven o'clock in the educational building of the First Baptist church, for the regular quarterly meeting.

In the absence of the president, Miss Nancy Russell, vice-president presided.

Miss Pat Kirita, a student at Hardin-Simmons, at Abilene, was guest speaker. She is Japanese and her home is in Honolulu, Hawaii. She comes from a Buddhist family.

After Pearl Harbor, she and her family, composed of her parents and seven children were placed in concentration camps in Arkansas, Arizona and New Mexico. While here two of her older sisters were converted to Christianity and just before they boarded ship to return to Hawaii she heard her first gospel service and was converted. Today her parents and her oldest sister are still followers of Buddhism, however, the remaining family members are Christians.

As an exchange student she received a scholarship to enter Hardin-Simmons. She is a music major and is a member of the college A Capella choir, which recently made a tour of Texas towns, including Littlefield. She is described as a beautiful girl and an able speaker.

Miss Kirita is a junior and upon graduation she plans to enter Southwestern Theological Seminary, at Fort Worth, and upon completion of her work there, she plans to return to her people for special service among missions in the islands.

Along with her talk she showed color slides showing the beauty of Hawaii. She also sang numbers in her native tongue among which was "Blessed Assurance", which was a revelation to her, as according to her former belief, she stated that there was no assurance, hence the favoritism of the song. She also had on display her native costumes, also an idol belonging to her family.

A previously arranged background for the program was in the YWA colors, green, gold and white centered with the large YWA emblem.

Following the program, Mrs. Ralph Nelson, YWA counselor, invited the group into the dining room where the refreshment table was laid with a white linen cloth. The centerpiece was a Japanese scene composed of miniature ceramic figurines sitting under a pine tree and in the foreground another figurine representing a Hawaiian girl in native dress. The background for the arrangement which was fashioned by Mrs. Maude Street was made of small yellow mums in con shell vases.

Refreshments consisted of lime freeze, individual cakes led with green centered with a yellow rose and fluted around the edges with white, and canapes of the chosen colors.

Mrs. W. O. Hampton, young people's social chairman and members of the Lobette Dodson circle, the sponsoring group assisted with the hospitalities.

Mrs. Kenneth Reast presided at the punch bowl, assisted by Mrs. Merle Monroe and Mrs. Bayne McCurry.

Mrs. Lee Hemphill is secretary of the local.

Ten towns are represented in the YWA association, however, due to the inclement weather full attendance of the associational towns was not present.

Miss Kirita is a roommate of Miss Sue McCowan, daughter of Mr. and Mrs. W. H. McCowan, of Littlefield.

Delta Kappa Gamma Plans New Chapter

Mrs. J. S. Abernathy entertained with a coffee in her home at 10 o'clock Saturday morning for the Gamma Iota Chapter of the Delta Kappa Gamma. The purpose of the meeting was to organize a new chapter of the Delta Kappa Gamma.

The present chapter headquarters is in Plainview and has a membership of 88 members. It is the thinking of the members of Lamb and Bailey Counties that if they could have another chapter it would be closer than to Plainview and members wouldn't have so far to travel for meetings.

Coffee and Danish rolls were served by Mrs. Audie Collins and Mrs. Bill Brune from a table laid with a lace cloth over pink. An and pink geraniums served as a centerpiece.

Representatives of Muleshoe, Sudan, Olton and Littlefield attended the meeting.

Refreshments were served to Mesdames Moore, Mary E. King, Stillwater, Okla., Earl Moore, also of Stillwater, Ralph Wade, Doan Maner, J. E. Wade Wayne Maner and the hostess.

Jaycees and Jaycee-ettes Attend State Convention

Christian Ladies Attend Work Shop Held In Lubbock

The First Christian church, of Littlefield, was represented Tuesday, at Lubbock, at the district work shop held at the Bethany Christian church. The meeting convened at 9:30 and continued until 2:30 p. m.

The workshop was planned for both old and new officers of Christian Women's Fellowship, as well as for interested women of the South Plains area of the Christian church.

Mrs. R. C. Pearson, of Abilene, State president was the principal speaker and Mrs. E. A. Wilbur, of Paducah, State Study chairman was also in attendance and spoke relative to the women's work.

Mrs. Clifford Parker, of the host church, was director of the workshop.

Junior Chamber of Commerce members and their wives returned Sunday from Corpus Christi where they attended the State convention of both organizations.

The meeting convened Wednesday and lasted through Saturday. The Jaycees placed second for the travel trophy, an award made for the greatest number of miles and the largest delegation traveling to the convention. The Jaycee-ettes placed first for the merit award, and third place for the scrap book.

Opening day was given to registration and fun day at the beach. The evening was given to dancing. Thursday morning the women made sight seeing trips and went shopping, with luncheon at the coliseum. A style show was given in the afternoon. Friday was spent in routine business and reports.

The trip was made by automobile and the group stayed at the White Plaza hotel.

The walls of the U. S. Capitol building are 7 to 9 feet thick in many places.

KAT'S KORNER

Hi, there. How's every thing with you?
The band members feel that the world is pretty rosey from where they look at things. At contest last Saturday, they made a rating of II in concert and I in sightreading. And a whole bunch of the solos and lots of the ensembles made ones. Most of the rest of the ratings for individuals were division two. Now they all can sit back and take life easy for the rest of the school year. And that is a big relief for any one who works like they did to get ready for contest.

When the band members got back from solo and ensemble contest in Brownfield Friday, the annuals were in so they didn't have to go to 6th period after all, like they were afraid they would have to. The annuals this year have received many compliments. The cover is cream with a maroon spotlight across it. The word "Wildcat" with the year is on the spotlight. The covers are padded and it is just generally pretty annual. Everyone is very proud of his.

Tomorrow is going to be a busy day for the seniors. Their English theses are due that day, (the last ones thank goodness) and the Junior-Senior banquet is that night. What a day! From all the reports that have leaked out from the Juniors, this banquet is going to be one that will never be forgotten. The underclassmen were very generous about this special night. The Junior class wanted to have a party for all the Juniors and Seniors at the Community Center after the Banquet, but it was on a Teen Town night. A problem!

But the Sophomores and Freshmen and Junior High kids all agreed to find something else to do that night so the "weenies" could celebrate. Pretty nice, no?
Speaking of banquets, last Monday night the FFA had their annual, parent-son banquet. The boys who have worked hard and earned banners were presented with them and Jess Everett and W. O. Hampton were given honorary memberships.

Tuesday the Seniors and Sophomores got out of class all morning to learn about some of the various business and professions that are in Littlefield and to learn which subjects to take in high school and college to best prepare them for vocation of their choice. The school is planning to make this Career Day an annual thing. The businessmen who talked to the students and what they talked about are:

Mrs. D. C. Lindley, Nursing; Manell Hall, Auto Retail and Repair; John Richey, Petroleum Products; Dr. Ralph Maurer, Medicine; Dr. Glen Burk, Optometry; Alvin Webb, Accounting; Fred Mathis, Public Utilities; Tom Hillier, Insurance; Bill Kimbrough, Cotton Industry; John Hall, Photography; J. E. Chisholm, Flower Van Co-Burgers; Newspaper and Printing; Jerry Kirby, Lawyer; Bob Marley, Banking; Donnie Howard, Civil Service; and Ed Vaughn, General Employment.

I am sure every one appreciated and enjoyed the things these men said.

The Seniors are getting pretty anxious for their invitations to come in so they can get their mailed right back out to their friends and relatives and let them know that the big day is at last near.

The Juniors will soon be the owners of the most prized possession of the Seniors — their Senior rings. It won't be long now until those jaunty Juniors will be wearing them.

Like everyone else around here the Student Council is in debt but they have a scheme all set up to make the money they need. They are going to have a contest "Bake Sale." You contact them and they will bake you the kind of pie or cake you want. The pies are \$1.50 and the cakes are \$2.00.

The Staff is facing the biggest task of the year — the Senior Edition. They headed out mimeographed pages to all the Seniors to get the facts about their lives for the biographical sketches they put in this issue. Good luck to them. They'll need it.

Got to go to work on that theme. See you soon.

CYF To Attend Plainview Meet

Plans are being made by members of the Christian Youth Fellowship, of the First Christian church, to attend a rally in Plainview Sunday.
The group will be accompanied by the pastor, Rev. Arthur K. Hunt, who is the director.
The fellowship is composed of high school young people, and their theme is: "An Afternoon at Conference," which is about the summer camping program.
The senior camp will be held June 2-8 inclusive, at Ceta Glen.

Littlefield FFA Team To Compete At College Station

The Livestock judging team of the Littlefield Chapter of the Future Farmers of America will compete in judging at Texas A & M College at College Station next Saturday.
The team has won the first place banner for Grading beef cattle, the fifth place banner for the entire Tech Contest and the third place banner in the Area I contest.
Members of the team are Darryl Mote, Bill Mote and Luther Hill. Darryl Mote was high man in the entire Tech contest, Bill Mote was ninth in the entire livestock contest.

School Burglary -

took nothing. Then across the hall to Superintendent Schillings' office where they forced the outer door and then attacked the walk-in vault door.
Damage to this door was set at \$750. The method here was identical to those reported in all other school burglaries. The initial work was to knock the knob from the vault and attempt to punch rings from the vault door. Failing to drop the tumblers by this method an attempt to "pick" the face of the vault door to gain an entrance into the vault also failed.
Investigation is continuing and several promising leads are being tracked by local police agencies. Officers anticipate a speedy solution.
Since vandalism has hit the schools twice in recent months a special effort has been made to keep windows locked. In the previous vandalism attempts no robbery was indicated, the intruders only looted the halls with contents of lockers which police think to be the work of vandals.

POLICE FIND REAR DOORS OPEN WEDNESDAY A.M.

Acting Police Chief Philip Chapman reported Wednesday that in his second routine check-up at Littlefield High School Wednesday morning at 1 a.m. he found the rear doors of the building open. After careful investigation, they found that no entrance had been made and theorized that the doors had been inadvertently left open. Chapman secured the building after notifying High School Principal Glenn Reeves.

XIT Girl Scout Council Meets Here Monday

The meeting of the XIT Girl Scout Neighborhood Council was held here, Monday morning, at 9:30 o'clock at the Girl Scout Little House.
Mrs. E. C. Siger, of Anton, the chairman presided and routine business was transacted.
The fundraising committee of which Mrs. Olen Pressley is the chairman, reported that the City of Littlefield has cooperated by making the area around the building level for a parking place and for a lawn. The girls have planted a year-round variety of grass which will also grow beneath the trees. Guard rails have also been erected.

Day camp plans were made. Mrs. Leonard McNeese was named director and Mrs. Buster Owens, Jr. will be her assistant. June 10-14, inclusive, is set for that activity.

Personnel and staff training will be held at the Lubbock Girl Scout Little House, May 10. Hours will be from 10 a.m. through 2 p.m. Instructions will be on crafts for the day camp. The meeting is open to any mother who might help in any way at the camp. Those planning to attend are asked to contact Mrs. Buster Owens, Jr.

Mrs. Amos Ward is reorganizing the eighth grade girls into a troop and interested mothers are expected to contact her.

Disaster Meet Maps Plans

A Disaster meeting, was held at 7:30 P.M. Monday night in the District Court Room of the Lamb County Court House.

Judge Robert Kirk, who has been named by Governor Price Daniel to head Disaster Committee for Lamb County, called upon sixty people who attended to offer suggestions on how to expediate operations should another situation arise like the recent tornadoes in Lamb County.

Communications System Is Mapped
J. H. Carl, REA Manager, and Howard Horn, manager of the Southwestern Public Service Company representatives who have two way radios spoke on communications.

Announcement was made that a room had been made available in the Lamb County Court House where a telephone will be installed and its number will be known to members of the communications committee only.

County Clerk Charles Jones has volunteered to be in charge of the room which is adjacent to the clerk's office. He will assume the responsibility of manning the room. Locations of any impending tornado area may be called into this central station and in turn relayed to the disaster chairman, County Attorney, Curtis Wilkinson survey, transportation and other committees so they could be put into motion.

System for Handling Victims Suggested by Dr. Maurer

Dr. R. E. Maurer, spoke on systematic handling of victims of injury. He suggested a "Dry Run" patterned after Army tactics in fact several, to acquaint the area with their assigned duties.

Mayor Ellis Foust, Lt. Roland Chambliss of the Salvation Army and others pledged their support to any undertaking.

The communications committee was the only new committee created. Previous to this meeting the transportation and communications committee had been together, but it was decided to divide the committees.

The committees have been set up for approximately three year. There will not be another mass meeting and each committee chairman is to call a meeting of his committee and make specific plans.

Kirk and His Committee Will Establish a Danger Signal
Judge Kirk was asked by the group to head a warning committee and to establish a separate signal to be widely publicized to the general public in event of danger.

Kirk said Tuesday that as soon as he can contact the City Commissions of surrounding towns the committee will then establish the signal.

Editors Note: This signal will be carried on the front page of several editions of the Lamb County Leader and the County Wide News so that the public may become familiar with it.

Representatives from the National American Red Cross of fire attended the meeting along with members of the local chapter.

Representatives of most civic clubs in Littlefield were also in attendance. Mrs. T. L. Dunlap, president of the Woman's Club, pledged the support of that organization in distribution of clothing and articles in any disaster.

Cunningham Loses By Inches Sets A New Record

about three yards for three and one-half times around the track. In the final half lap he made a valiant try to pass Gonzales. As the two runners entered the home stretch, Cunningham started gaining. When the two boys hit the finish line they were in a dead heat. Both runners were timed at 4:27.2 for a new record, but Gonzales was declared the winner by inches.

Cunningham turned in a beautiful performance. He had been very sick for six days. Monday was the first day he was able to work out and he was so weak then that he could do very little. He practiced Tuesday, Wednesday, and Thursday but his strength could not possibly have been back. The pace was faster in this race than in any thus far this year that has run, but he did not have the final kick that he has been famous for. Both boys will meet in the State Track and field meet at Austin this weekend and Cunningham should be in much better shape for this one.

Max Morris was the other Littlefield contestant in the meet. Morris took second place in the discus throw with a heave of 151 feet 8 1/2 inches. He made his best throw in the preliminaries. Morris's old arch rival, Jack Taylor took first with a record breaking heave of 159 feet 2 1/2 inches. These two boys have met several times this year and every time they have met one or the other has taken first and the other second. The old record for this event was 156 feet 9 1/2 inches set by Gene Cox of Amarillo in 1956.

Whitharral Beats Smyer 11-2 Tuesday Afternoon

The high flying Whitharral Panthers captured a District 5-B baseball game, 11-2. The game was played at Smyer Tuesday afternoon.

Whitharral opened the game with four runs in the top of the first inning. Larry Head led things off as he blasted a home run. Head was the first batter of the game.

Whitharral held Smyer to no runs in the first two innings and in the top of the third they opened up the score to 6-0. In the bottom of the third, Smyer got their only two runs of the ball game.

Whitharral continued to open up their margin in the fourth as they got three runs and one more in each of the fifth and sixth. The seventh inning was scoreless and the game ended 11-2.

Whitharral batted out 10 hits. The pitcher Wendell Woody was the big gun of the Panther attack. Woody got three singles for four trips to the plate. Larry Head hit one home run and a single for three at bats.

The winning pitcher was Woody. He was relieved in the fifth by Dale Gage. Woody struck out nine batters and Gage fanned three of the sixth he faced. Paul Schultz was the losing pitcher. He was relieved in the sixth by Dave Thompson.

Whitharral is in first place in the district race. They have a 4-1 record. Spade has a 2-2 record and Smyer a 2-3. Spade and Smyer play today. If Smyer should win Whitharral will be a cinch to at least tie for first place. They could lose their remaining games and still tie.

Three-Way and Bala both forfeited their games as they failed to field a team this year. Whitharral meets Hart in a non-conference tilt today at Hart. Whitharral 402 311 0-11 10 1 1

Notary Publics Must Re-Qualify

Secretary of State Zollic Steakley has announced that he will reappoint notaries now holding notary public commissions but that such persons must re-qualify by the filing of a new oath and bond with the County Clerk of his residence between June 1, 1957 and June 10, 1957.
Steakley emphasized that notaries public should not send requests for reappointment or for commissions directly to the Secretary of State. The law specifically requires the County Clerk to approve notary bonds.
Any persons not now a notary public who desires appointment should apply to his County Clerk between May 1, 1957 and May 20, 1957. Application during this period will assure prompt attention before the rush procedure of reappointing present notaries.
Secretary of State Steakley further pointed out that each person applying for a commission as a notary public must be at least 21 years of age and a resident of the county for which he is appointed. The exact name and permanent address of the applicant must be furnished the County Clerk.

Two Injured In Accident Tuesday On Highway 51

Mrs. Robert Riley of Hart, Texas, received a broken patella and bruises and A. C. Lueck, 50, of Amherst received bruises and abrasions over the head and body in an accident which occurred five miles north of Littlefield on Highway 51 around noon Tuesday.
Lueck, who was driving a 1950 Dodge sedan, made a left turn in front of Mrs. Riley as she approached from the north in a 1955 Ford Sedan. Her Ford hit the other car driven by Lueck knocking it 72 feet down the highway. Her husband, Robert Riley, was riding with her. Investigating Highway Patrolman, Bill Angel of Muleshoe said that the Rileys said that Lueck did not give any signal.
Lueck was brought to Littlefield Hospital by a Hammons Funeral Home ambulance and the Rileys were brought by private cars to the same hospital.
Riley was dismissed Wednesday morning. But Mrs. Riley and Lueck remained in the hospital.
Angel said he issued two tickets. One to Lueck for failing to grant right-of-way and the other to Mrs. Riley for excessive speed. Both cars are considered a total loss.

Scenes Of High School Burglary . . .

TWALA HAMPTON points to the spot where a "Jimmy" or crowbar was used to open the aluminum casement window at Littlefield High School sometime Sunday night.

AFTER GAINING ENTRANCE through the window intruders opened the desk drawer of High School Principal, Geleenn Reeves. Reeves examines a cigar box where burglars took about \$20.

DESK OF THE OTHER school offices were ramsacked but nothing was taken. Acting Chief Philip Chapman examines one of these drawers.

ACTING POLICE CHIEF CHAPMAN examined knob of the vault in Littlefield High School that intruders failed to open by two different methods.

Referendum Date for Wheat Quotas Is Announced Here

As announced by Lamar D. Atten, Jr., Manager of Lamb County ASC office, Littlefield, Thursday, June 20, has been set as the date for a referendum to determine producer approval or disapproval of wheat quotas.

The ASC manager also stated that the minimum national average support for 1958 crop wheat in the 36 State commercial area had been set at \$1.78 per bushel. If quotas are approved, this price reflects 75 percent of estimated transitional parity; and that for price-support computations, the wheat supply is estimated at 141.8 percent of the normal supply and indicates a support level at the minimum of the variable range or 75 percent of parity.

At least two-thirds of the producers voting in the referendum on June 20 must approve quotas

for the 1958 crop before they can be put in effect said Mr. Atten.

For the benefit of the wheat growers in Lamb County the ASC manager gives the following information:

"Growers who will have more than 15 acres of wheat for harvest as grain in 1958 come under the regulation of quotas and will be eligible to vote in the referendum.

"Marketing quotas have been approved by farmers for the last four wheat crops. In last year's referendum on quotas for the 1957 wheat crop, 87.4 percent of the farmers voting favored quotas. In the previous vote on 1956 quotas the vote was 77.5 percent favorable.

"The law provides for a variable national average wheat price support level on the basis of the estimated supply of wheat avail-

able for the marketing year. The variable range is 75 to 90 percent of parity. The wheat supply for the 1958-59 marketing year is now estimated at 141.8 percent of the normal supply for the 1958-59 marketing year. If the net supply is more than 130 percent of the normal supply a support level of 75 percent of parity is indicated. This gives the minimum national average support of \$1.78 per bushel.

"This minimum average support will not be reduced but may be increased if a combination of the actual wheat parity price as of July 1, 1958, and the wheat supply relationships as of that same date indicate a higher support rice.

FRANKLY, THERE IS NO SUCH THING AS PUTTING A PRICE TAG ON EYESIGHT!

If eye-care were like sugar and potatoes, you could buy as little or as much as you wanted and pay accordingly. With sugar or potatoes the quality is the same, whether you buy one pound or ten. Eye-care isn't like sugar and potatoes. You can't buy it in small amounts, for eyes demand total correction of all their shortcomings. When you try to save money by visiting cut-rate practitioners, the quality of service nearly always goes down. STRAWBERRY SHORTCAKES
1 1/2 cups biscuit mix
1/4 cup sugar
1/2 cup Pet Evaporated Milk
Two 10-oz. pkg. fresh strawberries, thawed or 2 fresh strawberries, washed

Mix biscuit mix and sugar with a fork or pastry blender until fine. Add milk, all at once, and stir just until dry ingredients are wet. With 2 tablespoons, drop dough 3 inches apart on greased pan to make 4 shortcakes. Do not spread. Bake near center (hot) about 10 min., or until tops are golden brown. Cool warm. With a sharp knife, split shortcakes crosswise and fill with the strawberries. Serve with Whipped Lemon Topping.

WHIPPED LEMON TOPPING
1/2 cup Pet Evaporated Milk
4 teaspoons granulated sugar
2 teaspoons lemon juice
1/2 teaspoon lemon rind

Chill milk in ice tray until almost frozen around the edges. Add sugar, lemon juice and rind to milk in a cold 1-qt. bowl with the sugar. Whip with cold cream by hand, or with electric beater at high speed, until fluffy. Juice and rind and whip until stiff. Serve as topping on shortcakes (see recipe above). Makes 1 cup.

The imported fire ant has been
 reported in Anderson, Tyler, Jasper,
 Newton, Harum, Orange, Jeff-
 erson, Liberty, Chambers, Harris
 and Fort Bend counties in Texas.
 Extension entomologists caution
 farmers and ranchers in other
 counties to be on the alert for this
 troublesome pest. It damages
 many vegetables crops, has
 been known to attack unprotected
 newborn calves and pigs and is
 especially destructive to nesting
 quails and poultry. The addition
 of fire to its name is some indica-
 tion of the power of the sting.

England still owns a bit of
 Hawaii. On the island of Hawaii,
 there is a monument to Capt.
 John Cook, which is the property
 of England, forever.

VFW Selects Outstanding G.I. Soil Conservationist

Posts of the Veterans of Foreign

Wars of the United States through out Texas have selected former GIs in their respective communities engaged in Soil Conservation and submitted records of their work to state headquarters to determine which shall be rewarded as the Outstanding GI Soil Conservationist of the year.

First place winner and designated as Outstanding GI Soil Conservationist for the year is George J. Jonschick of Kenedy sponsored by VFW Post No. 6382 of that city. Second place honors go to Albert A. Wirz of Koppert, an entry of Bosque Post No. 6288 of Meridian, while the third place winner is Spencer Marrow of Quash whose achievements were submitted by Neal Underwood Post No. 8572 of that city.

Jonschick will be presented at the 12th Annual Fort Worth Press "Save the Soil and Save Texas" banquet in Fort Worth on May 1. Other winners will be complimented at gatherings in their own communities sponsored by the entering posts.

Other conservationists who received honorable mention were Herbert Bearden offered from Glynn Moore Post No. 6433 of Wellington; Leon Engler from Guadalupe County entered by Cibola Valley Post No. 8315 of Schertz and Harley G. Jones of Kaufman County whose record was submitted by Mabank Memorial Post No. 8780 of Mabank.

Cadillac

Listen to What Its Silence Says!

Ever hear a motor car tell its own story? Well, just get behind the wheel of a new 1957 Cadillac—head for your favorite stretch of highway—and listen!

Of course, the truth of the matter is that you won't actually hear anything. For a 1957 Cadillac in operation is as quiet as human skill and ingenuity can make it.

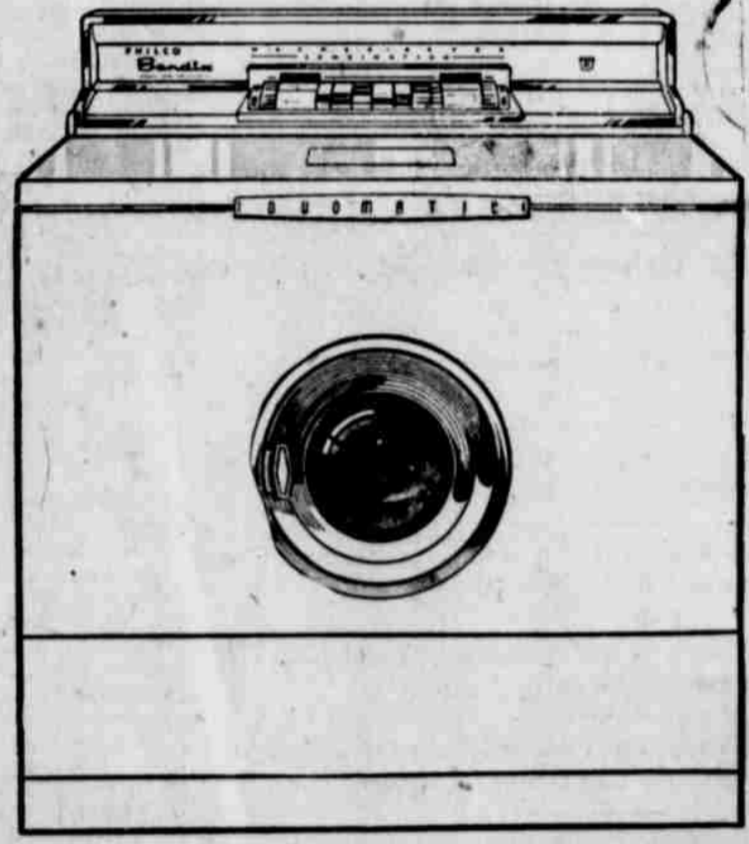

But imagine, if you will, all the wonderful things the car will be telling you through the voice of its own silence!

First of all, it will speak—and most eloquently so—of the soundness of Cadillac styling. For the car is so scientifically designed that even the onrushing wind is reduced to a gentle whisper.

It will tell you of the genius of Cadillac engineering. For every aspect of the car's brilliant performance goes about its work in soundless harmony. And it will reveal the care and the skill of Cadillac craftsmanship. For even when it travels the most neglected of byways, the car remains wonderfully silent.

If you have yet to sit at the wheel of a 1957 Cadillac and hear this wonderful story for yourself, then we urge you to delay no longer in doing so. We hope you will visit your Cadillac dealer soon—spend an hour on the highway—and listen to the most eloquent message a motor car ever delivered on its own behalf!

Cancer Control and Smoking

April being Cancer Control Month, it is appropriate that we mention a recent report of the American Cancer Society concerning lung cancer and cigarette smoking. While we do not attempt to pose as an expert on the question of cigarette smoking and lung cancer, we think it in the public's interest to pass on the report of the American Cancer Society.

The Society reported several statistical studies on thousands of men and women, with and without lung cancer, showed lung cancer is found approximately twenty-seven times as frequently among those who smoke two packages of cigarettes a day as among those who have never smoked.

Further, it is estimated that the man who has for many years smoked heavily, as many as two packages a day, has about one chance in ten of eventually developing lung cancer. And the chances of non-smokers developing lung cancer are estimated to be one in 270.

If these figures do not impress you, then we suggest that nothing much will. However, we realize that there are many people who are going to smoke, regardless of the cancer question, and they prefer to smoke and enjoy it, and take the consequences, rather than stop. And it is accurate to say there is not full agreement on the question, or the report of the American Cancer Society or other medical pronouncements.

It would be prudent, in view of the latest information available, however, for persons to refrain from heavy smoking until more is learned about the dangers involved. And we hasten to point out that filter cigarettes, which are supposed to be safer than other cigarettes, offer little improvement so far as the nicotine content of the smoke from filters or non filters is concerned.

Final Polio Warning

The United States Public Health Service urges all adults, under 40, to get at least one Salk polio shot as protection against the paralytic form of poliomyelitis.

Too many Americans, the Public Health Service says, have concluded that the Salk polio vaccine is for children only and have failed to take advantage of the new serum. Yet the disease strikes many under the age of 35, and even up to 40 years old, and one or two shots — it takes eight months to get the three shots — will provide worthwhile protection.

Therefore, as a last warning, we urge all those under the age of 40 to consider getting at least one Salk inoculation, and preferably two. The National Foundation for Infantile Paralysis thinks that of adults under 40 would do this, the nation could probably experience a summer without a serious polio epidemic for the first time in its history.

Notes, Comments

Life has its disappointments but there is no reason to be one of them.

A good rule for highway travel is to let the other car get there first.

It is just as well not to call for help until you really need it.

Housekeeping would be ideal if there really were little fairies to do the work.

World peace will not last if it is to be based on the cash that the United States scatters around the globe.

Simple explanation of most highway accidents: There was alcohol in the man in the car.

Faith in the future and work will keep the nation prosperous; there still are few short cuts to fortunes.

Advice to young men: The business world is not interested in the reason why you can't do anything.

Do not get the idea that the money we spend to help other peoples will guarantee that they will help us.

Real service to your community requires more time than money, which you probably haven't got.

In this day of stiff competition, you must not only put out a good product, but you must advertise it.

The churches in the United States are well-supported; let us trust that religion makes equal progress.

Carelessly read headlines are responsible for as many mistakes as carelessly written articles.

The tornado season is now upon us; one of these twisters is enough to convince man that he doesn't know it all.

Highlights and Sidelights From Your State Capitol

By VERN SANFORD
Texas Press Association

AUSTIN.—Worst drought in Texas history is broken. After seven pinched years farmers look out over soggy fields and talk of "bumper crops."

But the troublesome drought had a troublesome end. Tornadoes, cloudbursts, hail and floods brought loss of lives and property damage in the millions.

Spring planting is reported far behind schedule in many areas. In others, washed-out field will have to be re-sown. And despite the deluge, some dry pockets were noted by agriculture officials, notably in far west and southwest Texas.

But most reports reflect sober optimism. J. E. Sturrock, manager of Texas Water Conservation Association, warned that the next drought, probably in 15 years, will be worse unless precautions are taken now. Water must not be allowed to race off into the Gulf.

And Agriculture Commissioner John White issued a comment not heard in years. He said the fields "needed sunshine."

FOR NEXT TIME—As rain fell in sheets and rivers boiled over into the bottoms, lawmakers debated how to build a bulwark against future dry spells.

Water program sponsors contended an earlier conservation program might have prevented much of the flood devastation.

Plan for a \$200,000,000 fund to help local district build conservation projects was approved by the House in final form. But Senate opposition slowed progress of another proposed bond issue which would allow state to buy storage space in federal reservoirs. It was cut from \$200,000,000 to \$100,000,000.

BEAT THE CLOCK—Time is now the main enemy of an unpassed bill in the Legislature. Any measure that gets caught on the smallest parliamentary snag is likely to die there in the stampede to finish.

During the next week legislators can be expected to show their ingenuity in creating snags to sidetrack undanted bills. Some favorite devices are sending measures from one committee to another, to subcommittee or loading them with controversial amendments.

In the Senate, of course, the old reliable is the filibuster which forces other members to give up so they can get on to other things.

Matcher against this foot-dragging will be the furious efforts for adjournment of the Legislature about May 17. Appropriation bills will be the determining factor, and principally the teachers pay bill. If it looks as though no satisfactory agreement can be reached, or that a tax bill is necessary after all, lawmakers may

DOWN MEMORY LANE

(From the files of the Lamb County Leader of May 6, 1937)

Miss Nettie Belle Batton, represented Littlefield in the West Texas Follies of 1937 at the West Texas Chamber of Commerce convention at Brownwood.

Glenn Burgess this week took over the duties as Secretary-Manager of the local Chamber of Commerce. Burgess comes from Gonzales.

Mr. and Mrs. Van Clark, Josh Cogdill, J. M. Tunnell, Rev. and Mrs. Marvin B. Norwood attended the annual session of the District conference of the Methodist church, at Plainview, Tuesday.

W. J. Chesher left Sunday night for Los Angeles, Calif., to attend the Metro-Goldwyn-Meyer convention at the Ambassador Hotel.

Satisfactory progress is being made in the drilling of E. L. Wilson, et al Yellowhouse Land Company No. 1. Location of the well is the north-east corner of Bailey county, one-half mile from Lamb county.

At the Junior-Senior banquet 125 juniors, seniors and faculty members attended.

Ernest Jones was elected principal and coach of Anton High School.

throw in the towel and go home on May 10, looking to a special session to iron out those knotty problems.

SEGREGATION FIGHT DUE — House-passed segregation bills moved forward in the Senate, but still face a filibuster threat.

Five of the nine bills were sent from Senate State Affairs Committee to the floor. There two senators, Henry Gonzales and Abraham Kazen, Jr.; say they'll fight as long as their breath holds out.

A large but orderly crowd attended the committee hearing House sponsors and a spokesman for Former Gov. Allan Shivers' advisory committee on school segregation spoke on behalf of the bills. Representatives of various church groups, organized labor and several Negroes spoke against them.

REORGANIZATION WRANGLE —Insurance Commission reorganization hung by a thread for days, but apparently is to be thrashed out in a House floor fight.

State Affairs Committee tied 9 to 9 on whether to bring the bill out of its subcommittee grave. Chairman Bill Healy tipped the scales with a "no."

Then renewed pressure from Governor Daniel brought a promise from subcommittee chairman Obie Bristow to report out "some kind" of reorganization bill. But,

Bristow observed, he couldn't see what the two bill under consideration would do except throw the present commissioners out of office. Governor has strongly urged starting over with a "clean slate." He reportedly has said he will call a special session if a reorganization bill isn't passed.

COMMISSION, COKE BATTLE —Physicians Life & Accident Insurance Co., and the Board of Insurance Commissioners have locked horns in court.

Commission has revoked the license of the firm headed by former Gov. Coke Stevenson. It charged the company with being fraudulently organized, illegally operated and insolvent. It obtained a court order temporarily restraining the firm from doing business.

Company countered with a suit to restrain the commission from interfering with its operation. It claimed its insolvency on a Commission-approved contract by which Physicians bought worth less assets through the state liquidator. It termed the Commission action "capricious, unreasonable, arbitrary."

NATUROPATHS ASK HELP —Texas Naturopathic Association has asked Governor Daniel to help clear the confusion surrounding their right to practice. Law passed in 1949 creating a

heard to license naturopaths has been declared invalid in court. Efforts to get new laws touched off the legislative bribery charges and investigations. Governor Daniel said he would ask for an attorney general's opinion.

Meanwhile, naturopaths have been coming in batches to talk to the Travis County grand jury. Some had charged publicly that money had been "extorted" from their association to stave off unfavorable legislation. TNA President Howard Harmon said he doubted there was enough evidence to convict anyone.

SHORT SNORTS—Topped by Senate committee was the bill to prevent "loss leader" advertising by retailers. Small grocers had pushed the measure to ban limited sales of below cost items. . . . A new House member, R-p. Harold H. Coley, 35-year-old Conroe radio man took office for the session's waning weeks. He replaces James E. Cox. . . . Speaker Waggoner Carr was praised and piled with gifts from fellow members and constituents on Speakers Day. . . . Senate President Pro Tempore Otis Lock is to receive customary "governor for a day" honors Friday. His office places him third in line to the governorship. . . . Portrait of Lt. Gen. Ernest O. Thompson is to be painted and hung with those of other notables in the Senate chamber. Texas Independent Producers and Royalty Owners will honor Thompson on May 22 with a silver plaque marking his 25th anniversary on the Railroad Commission. . . . Senate confirmation of J. M. Patterson as chairman of the Board of Control and 86 others wrapped up. Former Gov. Allan Shivers' long list of interim appointees—all approved.

Wool producers have until April 30 to submit applications for payment under the 1956 wool price incentive program. Applications must be filed with the local county ASC committee.

A CHURCH GOING FAMILY IS A HAPPIER FAMILY

How's the View?

The view across the landscape may be gorgeous on a crisp cloudless day, the valley green and sparkling as fresh as a dewdrop. But how is your view of the future, is it cloudless and sharp? Of course it isn't. No one can really foresee the future and no time-shrinking binoculars can be made to help us. The future comes bringing we know not what, how shall we meet it? The Church proclaims news about One who holds the key to the future. *If we know Him as the God of love and infinite mercy, the future holds no fears for us. We can walk confidently on through the years. Go meet Him at the Church of your choice.*

Resourceful God
Lesson for May 5, 1957

THE BIBLE has a plot, take it as a whole, as much as any thriller you ever read. In fact the Bible is more thrilling, because it directly concerns each one of the human race. It is the story of age-long conflict between Good and Evil, portrayed as a personal conflict between God and Satan, a struggle for the control of the earth and of man. The story begins in a sunny, hopeful way. God makes a world, an unfinished world but nevertheless beautiful, and he calls into existence Man and Woman, to live on this earth, to beautify and complete it further. They are to be God's friends and fellow-workers. But before the reader quite knows how it happens, the Serpent appears on the scene and persuades man that God is not his friend but his enemy. So the man rebels against his Maker, is faithless to his divine Friend. Philosophers and theologians have other ways of telling it; but from the simple picture-stories of Genesis shines the same double truth and tragedy: Man is made for fellowship with God and other human beings, but he has broken the fellowship, he has turned against his truest Friend.

God Planning
Mysteries darken our knowledge here. But of some things we can be sure. One is that God does not deal with his world and his creatures haphazard. He is a planning God. Another thing that seems clear is that man has freedom to obey God or to disobey; to fit in with the Plan or to reject it and the Planner. God could, no doubt, have made a race of beings who could not possibly do anything but right, a race of perfect robots; but for some reason God chose to make man free. One suspects that the reason is that God would rather be loved by persons who would love him freely, than to be loved by creatures "wound up," so to speak—bound to love him whether or no. (Would that be real love?) Another thing that stands out is that God is resourceful; in one sense his Plan can be broken, when men go contrary to his will. In another sense men do not break his Plan, for God appears in Genesis like a wise general who has more than one plan of strategy—all pointing to victory.

God Rejected
Man is not free unless he is free to do wrong as well as to do right. And if he is free to do wrong, which is a short way of saying free to go against the will and plan of God, then he is free to destroy himself. For the Plan of God for man, born as it is infinite Wisdom and infinite Love, is always for man's best. For man to resist God, to ignore him, scorn him, live by man-made plans, is to choose the way of death. Genesis shows dramatically how the sin of man grows worse as a snowball grows larger—the farther it goes the more rapidly it grows. Adam's sin seemed a rather slight thing—then his son is a murderer, and his descendants so bad that God could scarcely find one good family among them. The story in Genesis is the story of mankind; men prefer their own way to God's way—the way of hate and conflict rather than the way of fellowship and love; and they suffer the judgment of God; namely that those who take their own way must accept the inevitable disaster.

God Undefeated
Many religions know of just and righteous gods who have been rejected by wicked or careless or ignorant men. But the God revealed in the Bible does not act as the "gods of the gentiles" are said to act. For man's sin, other gods may have resentment, vengeance, punishment. But these things leave man as he was, an enemy—a conquered enemy perhaps, but with rebellion still smoldering in his soul. Other religions provide elaborate methods by which men may pay for their sins—going long pilgrimages, undergoing self-imposed tortures. But the true God is quite different from the gods whom men imagine—a god undefeated, infinitely resourceful. He never gives up his Plan for a people in fellowship with him. Men are changed, saved, made fit to be God's friends, only by steadfast undiscouraged love.

Red Cross To Sponsor Aquatic Schools in Texas

Texas is one of the 23 states selected throughout the nation by the American National Red Cross as a site for its annual aquatic schools where instructors in swimming, lifesaving, first aid, boating, canoeing and sailing will be trained this summer. Each year hundreds of young people are trained through the Red Cross program in order that they may return to their home communities to instruct others in the arts of water safety and first aid.

The 10-day school will open at Lakewood Methodist Assembly Camp, Palestine, Texas, on May 29 through June 8, and will include instruction in "Teaching Johnny to Swim," a new plan for parents to teach their youngsters the fundamentals of swimming, according to Melvin A. Buzzard, Director, First Aid and Water Safety Services, Midwestern Area, American Red Cross. In effect, the "Teaching Johnny" plan will lower the age limit for Red Cross swimming instruction. While the Red Cross observes no age minimum in teaching swimming, Mr. Buzzard said, its aquatic specialists have concluded that nine years is the lowest age for effective group instruction. Below this age, the average youngster with the desire to learn will respond well to individual instruction.

Some 3,000 water safety and first aid students at the 26 aquatic schools will be oriented in the new plan and will then return to their home communities where they will be qualified to guide parents in applying the program to teach their children. At the aquatic schools, advanced training is given in water safety and first aid to young men and women wishing to serve as volunteer Red Cross instructors in their home communities, as counselors, swimming instructors, and waterfront directors at summer camps, as beach or pool lifeguards, and in similar activities. Other schools in the midwestern states will be held at the following sites: Lake Murray, Camp 2, Ardmore, Okla., June 2-12; Lake Okoboji Lutheran Bible Camp, Milford, Iowa, June 12-22; Camp Stuart, Whitehall, Mich., June 12-22; Northwestern Military and Naval Academy, Lake Geneva, Wis., June 15-25 (Small Craft School) and Aug. 11-21; Camp Hefferman, Hudson, Ill., June 16-26; Camp Clever Point, Kaiser, Mo., Aug. 14-24.

For further information, you may contact your local Red Cross chapter.

Springlake Survey For Telephones Presented To General Telephone Co.

Approximately one hundred and twenty-nine subscriptions have already been signed for telephones in the city of Springlake and rural area surrounding that city.

The survey chairman, Billy W. Clayton, said that when the telephone lines were up and complete the number of subscribers should be one hundred and fifty.

Fred Mathis, district manager of the General Telephone Company in Littlefield spoke last week at the Lions Club in Springlake and informed them that nothing could be done until a survey was taken of the complete area seeking telephones.

Immediately after that meeting the survey was made and three copies were drafted. One copy went to the General Telephone Company in Littlefield Monday General Telephone seeks a 40 year franchise in the City of Springlake, which the City Commission will not offer until better service for the city, as well as rural service can be had.

A second copy went to the Ballzy Cooperative in Mulchoy which D. B. Lancaster is president. In hope that if they cannot do business with one company they may do so with the other.

The third copy will be held by the City Commission, who is determined that Springlake shall have better city service plus modern day telephone service for the rural area.

Springlake now has little more than bare exposure to telephone service with only about 40 telephones on the two lines serving the city, which is rural service out of Earth.

The survey showed 59 homes and businesses had signed for telephones in the city with about 20 of these requiring private lines.

As soon as the telephone companies can check over the survey which was presented to them this week, civic leaders of Springlake hope to schedule a meeting to start negotiations of the proposed telephone service toll free in Earth.

Fred Mathis, district manager of the General Telephone Company in Littlefield, said that the location of customers seeking service had been spotted on the map and it had been referred to company engineers for figures of cost of construction. It is also subject to the approval of the company of friends.

Working on the survey Committee were: Ralph Rudd, Roy Eyers, Billy Watson, Arnold Washington, Foy Cook, Kenneth Hinson, Ed Jones, James Busby and Clayton.
