\$40,000.00 IS VOTED TO PAVE MAIN STREET TO CITY PARK

Also, \$10,000.00 Waterworks Extension is Favored by Citizens

BONDS SELL FOR \$1.02, REPRESENTING TOTAL SAVING TO CITY OF \$4,000 OVER ISSUING WARRANTS FOR IMPROVEMENTS

Contracts For Waterworks Extensions to Be Let Immediately While Paving of Main Street Will Be Contracted for, to Begin About May 1st

Littlefield citizens voted in large majority last Tuesday for the paving of four blocks on Main street, extending from the Santa Fe depot to the City park, also, for certain extensions of the municipal waterworks. The bond issue involved a sum of \$40,000 as the city's part of the paving program, the other two-thirds cost to be borne by the property owners. The waterworks extension bonds were for \$10,000.

Practically every citizen feeling the great benefit accruing from these two projects was in favor of both of them hence the voting was very light. According to the returns canvassed by the City Commissioners Tuesday night, there were a total of 92 votes cast in favor of the street improvement bonds and nine against, giving a majority of 85. For the waterworks extension, 92 votes were cast in favor and 11 against, giving a majority of 81.

Just what character of paving will be used on Main street has not yet been positively decided by the City Commissioners, it being their desire to make such investigations necessary as to obtain the very best possible. For several months past there have been needed improvements and extensions in the municipal water system, and the Commissioners now plan the construction of a large storage tank, together with a booster pump to lift the water into the elevated tank, thus giving more efficiency to the pumps now operating on the city wells, together with greater assurance of a steady volume of water for emergency purposes. It is also probable that another well will be sunk and some extensions in mains made to accommodate the rapidly growing population of the city.

Bids for work on the waterworks extension will be called for promptly as the work pushed to completion as early as possible. The paving program will probably begin about the first of May.

Tuesday night the Commissioners closed a contract sale for the \$50,000.00 bond issue with J. D. Simpson & Co., of Dallas and the Thomas Investment Co., of Plainview, joint purchasers, selling same at \$1.02. In view of the fact that bonds of this character sold in this section have recently been bringing around par and some of them selling a little below, the Commission feel they have made a fortunate deal in this respect. The premium and accrued interest will amount to \$1,150.00. This, together with the approximate sum of \$3,000 which is saved by voting bonds in preference to issuing warrants, represents a total saving of more than \$4,000.00 to the city.

COMMUNITY CLUB ORGANIZED

Last Friday night an enjoyable program was given by the school children at the Pep school auditorium. The entertainment was given by way of a preliminary and an added attraction to the meeting called for the organization of a community club.

The club organization was given impetus by the adoption of a constitution and by-laws, and the election of officers. The following officers were elected: J. E. Stengel, president; Mrs. W. P. Lupton, vice-president; F. S. Murphy, secretary-treasurer. A committee to look after such social affairs of the community as exhibits and the like was elected. Members are J. F. Albus, W. O. Sberry, and A. J. Jungman. A committee on social affairs, Mrs. M. Gerik and Mrs. Murphy. A committee: Herman Greener, Lupton, and F. S. Murphy were elected by the club president.

The club has started off bravely and is fair to become a live and permanent organization that will live to the purpose for which it was organized, namely the economic and social welfare and development of the community.

LEVELLAND TO BEAUTIFY

Following the dedication of the new courthouse in Levelland, County Commissioners last week decided that it be surrounded by 600 trees, that wide concrete walks be built around it, and contract for lights to be placed around the lawn at the entrances was made.

NO PINK BOLL WORM IN LAMB COUNTY SAY CITIZENS WHO RESENT RECENT PUBLICITY

Both farmer and town citizens in West Texas counties where the pink boll worm does not exist have recently been considerably exercised because of the wide spread publicity which has recently been given this section as a victim of its ravages. It is authoritatively stated that there is not now and never has been any pink boll worms in Lamb county, and many of the people of this county feel that the campaign looking toward their eradication in counties located in the southwest portion of the state might have been carried on in a more specific manner and without unfavorably involving the rapidly developing northwest section where the worms have not invaded.

Of course, the good faith and intentions of the state and federal committees investigating the pink boll worm situation is not questioned, as is neither the knowledge and ability of the entomologists connected with those departments. However, in their zeal to guard the interests of the cotton growing sections at large against this menace, it appears that sections of the country not so infested have become more or less the victim of unfavorable publicity.

There have been a few of these worms found in Dawson county, several miles southeast of Lamb county, while the counties of Ector, Midland, Martin, Howard, Glasscock and Andrews, all western state counties located in the central and southwest portion of the state, have become victims, more or less, of its ravages, but no county for many miles within the location of Lamb has yet reported any ravages of this kind.

Entomologists state the pink boll worm is the most destructive pest that has yet preyed upon the cotton plant, yet on the other hand they admit that this worm does not multiply as rapidly as some other cotton pests, and that it can not thrive in such a climate and altitude as the South Plains country possesses.

Furthermore, it is a known fact that in sections where the pink boll worm has infested for several years past large cotton crops are still being raised. For instance, in El Paso county, in the Pecos valley, in the Big Bend country and in the Laguna district of Mexico, where the pink boll worm has existed for several years past, and where only regulatory methods have been enforced, good crops

of cotton are being constantly raised. Of course, the worms are doing some damage, but cotton growing appears to still be profitable, else it would long ago have been discontinued.

As a matter of fact, it is stated by citizens who have been studying the pink boll worm situation, that the leaf worm has been doing much more damage in those infested areas than has the pink boll worm, and that the latter is receiving much publicity and credit for ravages in wholesale style of which it is not guilty.

Lamb county not located in the pink boll worm infested area is not directly interested in their problems, only as the erroneously construed publicity regarding it is concerned, but it would seem from the facts as deduced by the investigators that regulatory rulings would be sufficient to cope with the situation. Quarantining any particular section would work a mighty hardship on its citizens. It would practically drive every tenant farmer from that district, as well as some home owners; it would bring financial ruin to gin owners and other cotton operators; it would mean the inability of many to liquidate past indebtedness, and produce a general stagnation of business and bankruptcy which would last for many years to come, and it would affect other nearby and adjoining sections of the area, both directly and indirectly, tho they be not infested with the worms.

It may be that counties adjoining the area will have to set up a quarantine against receiving cottonseed from areas so infested, as a measure of precaution, but here in Lamb county, where cotton is raised practically free from any of the pestiferous insects common in the central or southern sections, there is little to fear from future ravages, though its citizens do not appreciate the unwarranted and implacatory publicity recently given it regarding the pink boll worm when it is not so infested.

DIED OF PNEUMONIA

Little Oscar Howell, age 10 years, died of pneumonia, February 28, at the home of his parents, Mr. and Mrs. G. P. Howell who has charge of the gin at Enochs.

The little boy was buried in the Littlefield cemetery March 1, with Littlefield Furniture and Undertaking in charge of the services.

LITTLEFIELD CITIZENS BAND TOGETHER AS ONE MAN GOING OUT IN COOPERATIVE MANNER TO FINANCE COMING COLLEGE

REV. DOAK IS COMING

Rev. D. B. Doak, presiding elder of the Lubbock district, will be in Littlefield, Wednesday night, March 14, at the Methodist church.

Rev. Doak will preach at the evening hour, following which the first quarterly conference of the fiscal year will be held.

Under the able ministry of Rev. George Turrentine, the Methodist church in Littlefield is making rapid strides, and it is anticipated good reports from all departments will be made to the Elder at this time.

CLARENCE VIVIAN HIJACKER VICTIM AT DANCE, SAT'Y

Clarence Vivian, in company with G. P. May, was held up and robbed of \$216.00 Saturday night, near Amherst. The next morning, about two o'clock Deputy Sheriff Walraven arrested "Red" Bennett and W. F. Owen, who were taken to jail at Plainview on a charge of robbery with firearms.

According to information obtained by Vivian and May, who gave Matador as their home, had brought a girl, Odessa Eaton, to her home in Sudan, following which the three of them went to a dance Saturday night, about four miles east of Amherst. Here the Eaton girl met Bennett. Later it is said that May became under the influence of liquor and was taken by Vivian a little way down the road from where the dance was going on in an effort to sober him. While at this point a Ford roadster is said to have passed the two men, then returning stopped, whereupon one of the men in the car is alleged to have got out, poked a gun into Vivian's side, taking \$216 from his person, and then striking him over the head with the weapon, creating a slight scalp wound. Both men wore handkerchiefs over their faces.

About the time of the assault it is claimed a car was borrowed from a certain party attending the dance, and was headed in the direction of the robbery. Following the examination of Bennett and Owen before county Attorney T. Wade Potter they were ordered to jail pending the investigation of charges by the grand jury which meets April 30.

That Littlefield is a unit in desiring to put over its college quota there can be no doubt to anyone who has been on the streets of this little city this week. Everyone is enthused over the prospects and everyone is working to finish the job in fine style. Whether working on a committee or individually it seems to make no difference, every one has at heart the interest of the new college soon to be located here and is doing his best to make the financial campaign a big success.

The steering committee in charge of the plans for raising the 1400 acres of land to be given as a site for the college has worked out definite plans of procedure, and committees embracing about 40 men are going out in groups of threes soliciting the contributions of their fellow citizens. Everyone is responding in fine spirit, practically all coming in with their suggested quota while some have increased their donations over what was expected of them by the steering committee. Every citizen seems to realize it is a task in which everyone must do their part, whether large or small, but when done will all contribute toward the ultimate success of the campaign.

The plan calls for the raising of approximately \$70,000 for the purchase of 1416 acres of land to be donated to the Board of Directors of the college to be located here. The land has virtually all been selected and arranged for. Some of it has been donated, and several thousand dollars already donated.

A big clock has been located in the street intersection just opposite the First National Bank, the hands showing the amount in dollars that is being raised. Every few minutes some committee makes its report when the hands are moved up to the next total received. Always there are interested groups of people standing about watching the steady forward movement of the clock hands to ward the final sum. In commenting upon the progress of the campaign, members of the steering committee expressed their deep appreciation for the fine spirit of cooperation being manifested by all citizens toward its successful consummation. They pointed with pride to all who are loyally making their donations, whether large or small, for in the aggregate the small donations count for as much as the larger one, and everyone seems willing and anxious to do their part as they are able. The committee still has a large task before it, since the campaign is being waged over an area of territory surrounding Littlefield embracing all those who are interested. Several of the large outside corporations doing business here have expressed their desire to make donations, many non-resident land owners are also coming in to their part, and by all working together in this manner it is already stated that success is sure to be attained. As one citizen has expressed it, "The honor of Littlefield is at stake and we cannot afford to fail."

ROTARY CLUB ORGANIZED HERE THURSDAY EVENING

W. M. U. SOCIAL

Tuesday afternoon circles No. 1 and No. 2 met jointly with Mrs. R. E. McCaskill in honor of Mrs. Lena Howard and Mrs. W. H. Badger who will soon be leaving our town, the former to Port Arthur and the latter to Austin. Hostesses assisting Mrs. McCaskill were Madames Alex Reeves, I. R. Crockett, J. L. Pate and J. H. Lucas.

Various games were enjoyed after which Mrs. Howard presented a very beautiful poem of her own originality, "A Beautiful Story." Music was furnished throughout the afternoon by Mrs. Lucas. Mrs. Pat Boone delightfully extended a token of appreciation for the royal service of these two noble women to our church and to our town. She also presented each with a beautiful string of pearls a semblance of love and devotion from the W. M. U.

Mrs. Howard and Mrs. Badger responded in their pleasing manner and our hearts are made sad to review their departure but we rejoice to know that their lovable character and influence will remain here in Littlefield and shall ever keep them in our memory.

Plate favors suggested "The Wearing of the Green." Refreshments of mint jello topped with whipped cream and angel food cake were served to the following:

Madames Gaines Dobbs, J. O. Connell, John Arnett, Mueller, W. G. Street, W. O. Gray, Ed Aryan, Pat Boone, Mid Seale, Roy A. Kemp, Jess Seale, W. H. Badger, Lena Howard, Spurlock, Happy Jordan, Griffin Wm. Lowmore, Sandidge, E. S. Rowe, W. P. Cox, Aeroy Barton, and the hostesses.

All joined in singing "Blest be the Tie that Binds" after which Mrs. Howard and Mrs. Badger dismissed with prayer.—Reporter.

FAREWELL DINNER

A farewell dinner was given at the Happy Hour Dining room last Wednesday evening at 9:30 honoring Miss Jane Dick who left next morning for Dallas.

The table set for 12, was covered with many dishes of appetizing food, consisting of fried chicken, gravy, peas, cream potatoes, sweet corn, apple salad, hot biscuits, light bread, jolly butter and pecan pie, graciously served in her charming way by Mrs. Bell.

Those present were: Misses Jane Dick, Alynne Arnett, Emma Lou Jones, Mable Anderson, Norma Henson, Lora Arrn, Bessie Bellomy and Leonard Wright, Ansel Stone, Payne Wood, Mick and Dick Ratliff.

HAVE NEW HEARSE HERE

The Littlefield Furniture & Undertaking Co., are in receipt of a new 1928 model Dodge made convertible hearse and ambulance costing approximately \$3,500.

The vehicle is of the latest type designed for the purposes used by up-to-date undertakers, is made for combination use, finished in black and dark green duco enamel without and beautiful panel and color work within. It is fully glassed with both side and rear entrances for the dual conveniences designed, and will be a valuable addition to their service.

RUTLEDGE'S ENTERTAIN

Mr. and Mrs. W. H. Rutledge entertained a few of their friends with a party at their home last Wednesday evening.

A number of games of progressive "touring" were enjoyed by the following guests: Mr. and Mrs. T. S. Sales, J. T. Street, Mrs. Maude Foster, Mr. and Mrs. Ray Jones, Mr. and Mrs. M. M. Brittain.

Delightful refreshments consisting of chicken salad, sandwiches, angel food cake and hot chocolate were served.

Miss Vada Walden spent last week end with her parents in Lubbock.

Mrs. L. A. Ratliff has been suffering from an attack of the flu for the past few days.

Mrs. Joe Foster is suffering from the flu this week.

AT THE CHURCHES

EPISCOPAL SERVICES

Rev. Williams, rector of the Episcopal church, in Lubbock will conduct services here in the Presbyterian church next Sunday evening, beginning at 7:30 o'clock. A cordial invitation is extended the public generally to attend.

BAPTIST CHURCH

The Sunday school and preaching hour grows in interest, devotion and attendance. It is not only a place of heart worship, which is of first and paramount importance—but it is a place to become acquainted with the new folks who continue to settle in our progressive little city.

It is simply amazing how many people have moved in of recent date, especially rural districts out of Littlefield. I have visited them by the score and am convinced more and more with what a friend said to me recently, "English Sparrows and Baptists are taking West Texas." Moral: Baptists are a progressive people, seeking a progressive country.—ROY A. KEMP, Pastor, Phone 9.

LUTHERAN CHURCH

"God's Kingdom and the Devil's Kingdom" will be the pastor's theme in the morning service, beginning at 10:30 A. M. At 8:00 p. m. English services will be held, sermon topic: "The Family Altar."

METHODIST CHURCH

Owing to sickness in my home, I am back on the job sooner than expected. We are getting ready for our second Quarterly Conference on Wednesday night of next week, when we hope to report all finances in full for the first four months. Brother D. B. Hook will preach at the conference. All laymen are requested to be present Sunday morning for a lay address by Mr. Chas. of Lubbock. A program will be presented Sunday 7:30 p. m. Sunday school and leagues as usual. All organizations are requested to have reports for the quarterly conference.—GEO. E. TURRENTINE, Pastor.

**SPADE LANDS ARE
SETTLING FASTLY
DURING WINTER**

"More development is going on today on the Spade lands than ever before," said Judge R. C. Hopping, a representative of the Ellwood Farms Co., who was in Littlefield this week with a bunch of prospective land buyers.

The Ellwood farm tracts, consisting of 120,000 acres of the former well known Spade lands cut up into quarter section tracts, comes up within a few miles of Littlefield.

Mr. Hopping states that more than 50 farms have been improved on this tract this spring, many of whom are recent buyers. Just a few days ago he said he stood at a point where one year ago there was scarcely a house visible, but now there were nine tractors busy turning over the long ribbons of soil in preparation for the spring crops. The acreage to be put into cultivation on the Spade lands this year will be increased several hundred times, he said.

Judge Hopping reports many enquiries this year regarding Spade lands, with indications of numerous sales to be made in the near future.

**SUPREME COURT DECIDES
IN FAVOR OF ASSOCIATION**

The marketing agreement of the Texas Farm Bureau Cotton Association together with several legal features of the co-operative marketing laws, were again upheld last week by the district court of Red River county in an important case in which judgment to the amount of \$44,325 was rendered in favor of the Association, according to J. W. Hammock, field service representative of the organization in this county.

Mr. Hammock stated that he had received word to the effect that the case of Lennox & Lennox vs. Texas Farm Bureau Cotton Association, which had been in court since 1922, had just been decided in favor of the Association. The defendants were further ordered to turn over 1,664 bales of cotton of the 1925 crop which they were prevented from selling by reason of a previous injunction. The case has been to the Texas Supreme Court on several occasions state-wide attention for severals years, Mr. Hammock said, and has at last been decided.

"In October 1922, Lennox & Lennox filed suit against the Association to cancel their membership and for damages for mishandling their 1921 cotton," he said. "The association filed its cross action asking for en-

forcement of the contract, for injunction restraining further breach thereof, as well as for liquidated damages for the years 1922, 1923 and 1924."

PEP PARAGRAPHS

Mrs. W. O. Fortenberry and little son Billy and baby Imogene arrived home from Lubbock, Friday. The new Miss Fortenberry seems well satisfied with her home in Pep. She stood the trip from Lubbock, her first outing, like a seasoned traveler.

A baby daughter arrived at the home of Mr. and Mrs. Frank Silhan on February 28th.

Some one set fire to the pasture north of L. O. Bray Sunday. Only heroic work on the part of Mr. Bray and his neighbor, G. C. Hughes saved the house and the farm buildings from the fire.

Miss Jean Lupton of Littlefield, spent the weekend with her mother and family at Pep.

Many Pep children have been among influenza victims the last week. On the list are the baby of Mr. and Mrs. G. C. Hughes, Anna Bell Jungman, Paul Albus, Bertie Stengel, Jno. William Stengel, Sylvester Greener, Ottis Bray and Phelix Silhan.

J. F. Albus and Herman Greener were in Littlefield, Sunday.

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate. Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

A THOUGHT FOR THE WEEK

Hope deferred maketh the heart sick.—Prov. 13:12.

Take hope from the heart of man and you make him a beast of prey.—Ouida.

THE LITTLEFIELD SPIRIT

Again Littlefield strikes her stride! If anyone has ever had any doubt regarding the Littlefield spirit this week to put over the College proposition. My, what workers they are, and what fine spirit of co-operation they show! It is enough to make every mother's son of them feel like throwing his arms around the neck of his fellowman and hold a regular love feast.

Littlefield has put over some big accomplishments during the past few years. She has the reputation of never failing. This is one town that has forgot the meaning of the word "can't" and doesn't know what defeat means. Just watch them put over the College proposition and you will be prouder still that you are a Littlefield citizen.

GOT YOURS YET?

When motor cars numbered 17,000,000 in the United States it was believed that was close to the limit of demand. But this country started 1928 with 21,000,000 autos in actual use, and probably more will be made and sold during the remainder of the year than ever before in a like period of time.

Six states have more than a million autos a piece. New York leads, with California second because of its beautiful scenic highways. Asked what the resumption of Ford production would mean to his company, the president of General Motors said: "There is room for all." And it certainly looks like it.

How to buy an auto isn't any more of a problem now than how to find room for it on the highways after you get it. The road makers are not keeping up with the auto-makers; we are building autos faster than we are building roads to run them on. But don't let that stop you; go on and buy an auto. The strongest good-roads agitators in the world are those who own autos, so the more cars in Littlefield the better the roads we are going to have leading to it.

This being presidential year, every community is going to have more natural gas than it needs.

WHY COUNTRY BOYS WIN

Despite the great increase in city population in recent years, country boys, that is, boys reared on farms or in small towns, still seem to capture their share of the important places in the business and professional world America's two wealthiest men, Ford and Rockefeller, were both country boys. Pres. Coolidge came from a farm, and so did the governors of more than one-half the states of the Union.

There are probably many good reasons why boys from the farms and from towns like Littlefield take high places out in the world. One reason is that the country boy usually arrives in a big city without friends or influence, and with little cash, but with a determination to make good. City boys, on the other hand, have relatives and friends to depend upon, through whose influence they can get a good job to start with.

The country boy, determined to show "the folks back home" that he can make good in the big town, rolls up his sleeves and goes to work at anything that offers him a chance for advancement. His employers notice the difference between his attitude and that of those who are satisfied with a comfortable, well-paying job. The result is that they advance the

country boy to more important positions when the opportunity offers. And more of them keep on climbing until they reach the top.

It begins to look as though punctuality has played out in this country except among bill collectors.

FARMERS AND SUCCESS

What are the things that make a farmer successful?

The U. S. Department of Agriculture has got some light on that subject from a 12-year study of 400 farms. No flat answer can be given, of course, but some few things stick out pretty clearly. They are summed up thus:

"While high crop yields alone do not necessarily insure a good farm income, the yields on the successful farms averaged higher than on the unsuccessful farms. In general the men obtaining the best yields kept considerable livestock, used commercial fertilizers, drained their land, and limed the soil when necessary, used good seed or varieties adapted to local conditions, and treated their seed to prevent disease, and followed good methods of cultivation."

Those things, says Uncle Sam, are things that make a farmer successful.

In contemplating what he has done for others the average man is apt to overlook what others have done for him.

THAT NEW MONEY

We note a news item from Washington to the effect that Uncle Sam will start distributing his new dollar bills on Oct. 1. Since we have gas and oil stations, and nearly everyone who buys oil and gas tenders a dollar bill in payment, our paper money has been wearing out faster than it used to. It is attributed to the oil and grime on the filling station man's hands.

So we're to have a smaller, and less expensive dollar bill. It will be an inch shorter and an inch narrower than the present size; will contain 75 per cent linen and 25 per cent cotton, and is expected to last 50 per cent longer than the old variety.

And that's what should interest Littlefield citizens most—getting a dollar that will last longer than they have been lasting. Now if they can go a little farther and make it buy about 50 per cent more than ever before we'll be satisfied that this is, after all, the best old nation an earth.

LITTLE LEADERS

One can lead a Littlefield flapper to talk of clothes, but one can't make her wear them.

Many things may be preserved in alcohol, but law and order are not on the list in Littlefield.

The astonishing part of it is, how some Littlefield girls can spend as much money as they do in not making themselves look any better.

There are a lot of ways of losing friends, but nobody in Littlefield ever lost any by attending strictly to his own business.

How many Littlefield citizens can recall the old pewter castor that stood in the center of the table laden with salt, pepper and vinegar bottles?

What ever became of the old-fashioned Littlefield girl who used to spend Saturday morning breathing into lamp chimneys and cleaning them with an old newspaper. Me and his bunch sure spoiled that job.

When a Littlefield girl doesn't know what else to do with her hands she reaches up and pulls the shoulder straps back where they belong.

Why is it that a lot of Littlefield people will insist on jolting around in a flivver on Sunday when they have comfortable chairs at home?

Nothing tires the average Littlefield man quicker than meeting a fellow who says: "Well, why don't you do as I told you?"

What the average Littlefield family needs most is a stove or furnace that will keep the house warm enough for a woman without clothes and cool enough for a man in a heavy union suit.

It is just as easy for a Littlefield man to get out of patience with a fountain pen that is empty as it is for a woman to get out of patience with a husband who is full.

Why is it that a Littlefield married man would rather let a strange woman have his handkerchief to dust off her shoes than let his wife have it to rub the shine off of her nose.

We don't know much, but we do know there would never be a divorce in Littlefield if every married man thought as much of his wife as he does of his wife's husband.

A Littlefield wife is a person who will go around and brag about her husband's ability even when she knows that he hasn't sense enough to come in out of the rain.

If their actions are any criterion, some of the people in Littlefield who claim to be reading a verse in the Bible every yday must be reading the same verse over and over.

When the neighbor woman sees the Littlefield married man bringing home a box of candy they begin wondering what he has been doing that he has to square himself.

WHEN IS A MAN A SUCCESS?

When is a man a success? He may be a failure financially, but when is he a success:

When he refuses to slander even his enemies.

When he does not expect to get good pay for poor service.

When he spends more time on fixing his own faults than on trying to mend the mistakes of his neighbors.

When he does not wait until tomorrow to do the things that should be done today.

When he is loyal to his employer and not false to the ones with whom he works.

When he intelligently cooperates with the other members of the organization.

When he is studying and preparing himself for a higher position with better pay.—The Silent Partner.

Now that a pneumatic auto bumper has been placed on the market the only thing left to make life perfect, is for some one to invent a rubber telephone pole.

**TARWATER TO RUN
 FOR LEGISLATURE
 OF 120th DISTRICT**

A. B. Tarwater, pioneer farmer living a few miles northwest of Plainview has announced that he is a candidate for the office of representative of the 120th Legislative district in the Texas legislature, subject to the action of the Democratic party in the July primary.

Mr. Tarwater has been a taxpayer in Hale county 22 years and at present holds the office of president of the Hale County Board of Education.

His written statement is as follows: "In asking the voters of this district, who do not know me, to consider me for the office, two questions probably will be uppermost in their minds. One will be whether I am educationally qualified, and the other is where I stand on important questions.

"I am a graduate of the University of Tennessee. I am a farmer and have been actively engaged in farming in Hale county for about 12 years. The short space available at my disposal now will not permit me to state in any detail my position on vital public issues; but briefly stated, I stand for clean, efficient, economical government without showing undue fear or favor to any person or interests; and believe in genuine, helpful, unselfish service both in public and private life.

"I shall welcome every opportunity to discuss with the citizenship fully and freely all public questions, and shall deeply appreciate the favorable consideration and interested support of every voter."

Mr. Tarwater is one of the pioneer farmers and leading public workers of this section of country. He was one of the organizers of the Hale county dairy association, and has ever since been one of its directors, being director president for the past two years.

Mr. Tarwater was a candidate for this office in 1924, carrying Lamb county by a nice majority.

CLUB WOMEN OF TEXAS TAKE A VERY ACTIVE PART

In the following open letter sent to the Leader, Mrs. J. A. Hill, chairman of Federated Women's Clubs, seventh district, urges members to take an active part in various international movements, also to attend the district conference to be held during the month of April. Her letter is as follows:

Dear Club Women:
The nations are slowly but surely developing world consciences—as examples of this notice America's proposition to discard submarines, the growing sentiment against the use of poisonous gasses, the Locarno treaties, the recent renewed and strengthened treaty between France and America, the League Assembly resolution that wars of aggression are crimes and therefore forbidden, the move in the recent Pan-American Conference to use compulsory arbitration, the proposal of Russia for national disarmament, etc. Possibly every nation really desires friendly relation with each other but distrust and selfishness prevent concerted effort.

What are you and I to do about it? World welfare lie largely in our hands. We are the chief moral mentors of our children and all friendly relations must begin in the individual heart. We can be informed and teach our children that God is no respecter of persons and that true patriotism is evidenced more in time of peace than in war.

No nation can compel others to settle their disputes amicably but even you and I can help wonderfully to create an "International good will atmosphere." President Michado of Cuba said in a recent address, "The equality of states does not depend upon the extent of their territory, population or wealth but upon respect for the rights of others and the practice of high moral principles."

Read the January number of Current History. Make your plans to attend the International Relations Conference to be held in Lubbock early in April.

—MRS. J. A. HILL, International Relations, Ch., Seventh District of Federated Women's Clubs.

LEVELLAND HAS ROTARY

K. F. Albright, J. S. Hilliard, F. G. Sadler and T. Wade Potter, of this city attended the organization of a Rotary club in Levelland last Friday night, when 18 charter members were

received into the organization. There were also present a number of guests from other surrounding towns.

MISSIONARY MEETING

The Methodist Missionary society met at the home of Mrs. A. G. Hemphill, last Monday afternoon, with Mrs. Luther Kirk as leader of the lesson on the second chapter of the New Testament.

A number of the members were unable to attend this meeting due to illness in their family.

FISHERMEN ARE ANXIOUS

It is reported that A. G. Hemphill, W. V. Tolbert and Harry Wiseman have already begun taking imaginary fishing trips to Crede, Colorado, where members of the finny tribe abound in endless numbers. Bill is reported to already have ordered enough fishing tackle to supply the entire citizenship of Littlefield! "Hemp," it is claimed by his better three-quarters, persists in getting up in his sleep and examining the car to see if everything is ready for the trip, while Harry causes considerable loss of sleep to his spouse in hollering out during the nocturnal hour every time he gets an imaginary "strike."

PLAINVIEW GETS DAIRY SHOW HELD THERE APRIL 3-6

Lubbock, Texas, Feb. 28.—With only six weeks left until the first Panhandle Plains Dairy Show, D. F. Eaton, Lubbock county Agricultural Agent, president of the dairy show association is sending out an appeal to over 2,000 citizens of the section to cooperate in making the first show which will be held at Plainview, April 3, 4, 5, and 6, a big success.

The association which was first discussed at a meeting at Tulia, Nov. 19 and later formed at Tulia Dec. 16 was organized to foster an annual dairy show to promote the dairy industry on the Plains and to advertise the quality of the Plains dairy cattle to outside buyers.

President D. F. Eaton is calling a meeting of directors for March 3 to be held at Plainview. He hopes to have not only the directors from each of the 54 Panhandle Plains counties present at the meeting but also hopes to have a number of interested citizens accompany the directors from each county. A number of important measures will be taken up at the meeting.

The section that is expected to join in the association forms a square with corners at Lipscomb, Dallam, Andrews and Nolan counties. Each county is allowed one director on the board and Eaton is writing a number of Chambers of Commerce secretaries, county agents and others in counties where no directors have been appointed urging that they appoint a director, get him to agree to attend the meeting at Plainview, March 3 and to notify Bob Anglin, Tulia, secretary of the association the name of the director.

The executive committee of the association has already worked out a number of details for the first show. The catalog is going to press in the near future and is expected to be ready for distribution by the time of the directors meeting at Plainview, March 3.

W. L. Stangel, Lubbock has been appointed manager of the first show and is working with Maury Hopkins, secretary of the Plainview Chamber of Commerce to get everything in readiness.

The first show will have a premium list amounting to over \$4,000.00 and will include classes for pure breed Jersey, Holstein, Guernseys, and Ayr shires, a class for grade cattle and a milking or production contest.

STUDY CLUB MEET

The Study club met at the home of evening of last week, with eight tables Mr. and Mrs. J. M. Stokes Wednesday of bridge at play.

The score cards and decorations were of green and white, suggesting St. Patrick's Day.

Refreshments of individual squares of angel food cake lead in white, topped with green, gelatin and whipped cream, punch and green and white mints were served to: Mr. and Mrs. C. L. Harless, Mr. and Mrs. A. C. Chesher, Mr. and Mrs. Pat Boone, Mr. and Mrs. John Arnett, Mr. and Mrs. T. P. Wright, Mr. and Mrs. R. A. Davis, Mr. and Mrs. E. S. Rowe, Mr. and Mrs. H. W. Wiseman, Mr. and Mrs. J. M. Stokes, Mrs. J. C. Hilbun, Mrs. W. O. Stockton, Mrs. B. L. Cogdill, Mrs. Lena Howard, Mrs. W. G. Street, Mrs. Frances Tolbert, Misses Mabel Engleman, Dahlia Hemphill, Vivian Courtney, Vada Walden, Pauline Hardesty and Bill Tolbert.

MRS. HARLESS ENTERTAINS

The night bridge club met at the home of Mr. and Mrs. C. L. Harless last Tuesday evening with five tables of bridge.

St. Patrick's Day colors were carried out in the decorations, score cards, favors and refreshments.

Lovely refreshments of green and white cake, brick ice cream and mints were served.

The members and substitutes present were: Mr. and Mrs. J. C. Hilbun, Mr. and Mrs. Art Chesher, Mr. and Mrs. Bill Chesher, of Sudan, Mr. and Mrs. F. G. Sadler, Mr. and Mrs. A. H. McGavock, of Olton, Mr. and Mrs. C. E. Ellis, Mr. and Mrs. John Arnett, Pat Boone, Bill Tolbert, Mrs. W. G. Street, Mrs. Frances Tolbert and Mr. and Mrs. Chas. Harless.

STEPHENSON-PARKER

Fontaine Parker and Miss Vida Stephenson were married last Thursday, March 1, at Berger, where he has been working for the past few months.

Mr. Parker, better known by his many friends in Littlefield as "Funny" is the youngest son of Mrs. Jennie Parker, former resident of Littlefield.

Miss Stephenson is the daughter of a well known ranch man, residing about 16 miles from Stinnett.

Mr. and Mrs. Parker will make their home in Stinnett.

LEVELLAND GETS COMPRESS

Material is this week being shipped into Levelland by the West Texas Compress company for a compress to be located there.

The warehouse is to be 250x200 feet size, having capacity for 5,000 bales of cotton. The press is to be installed at some future date.

We now learn that an "ovis poli" is just a sheep and not dangerous. We naturally supposed it was a ferocious animal.

SEVEN TABLES FEAST

The Feast of the Seven Tables was held for the young folks of the Baptist church last Friday evening. The occasion was their annual banquet, and the entire menu and program were unique and wholly charming. Seven colors were used for the seven tables. Table decorations, flowers, food and the waitresses costumes were of the same color.

On entering the banquet hall they were first served a fruit cocktail in orange cups, with all decorations of the same. Miss Stella Loyd with her committee of girls served at that table with pretty star shaped aprons and head bands.

Miss Velma Hudgins and her committee served at the white table, white sandwiches and milk; Emma Lou Jones and committee served a lovely green salad, and green mint julep. Lura Mae Clark and committee served brown beans and corn bread at the fourth table. Miss Dorothy Nettleton served yellow cake at the fifth table. Fern Hoover presided at the red table and served strawberry short-bread. Azelen Berryman served delicious after dinner pink mints in dainty mint cups at the seventh table. Texas flags were given as favors. During the different courses, Mrs. R. E. McCaskill made a welcoming address, followed by Pauline Hardesty who gave a toast to the young folks. It was toasted on both sides to a delicate brown. O. A. Woody delivered a splendid oration on Texas. Mr. Woody is a real orator and we should

feel proud of this very promising young man. A toast to the flag was given by Joe Billy Ellis, and he with Katherine Jones and Sam McCaskill, very cleverly did a little folk song. Isaac Griffin gave the address of the evening on "Duty." It was very good. Interspersed with this program Happy Jordan led in singing "stunt" songs which added to the hilarity of the evening. Rev. Kemp gave the benediction.

The Smoothness and Snap That All America is Demanding

There's no longer any doubt about it. America is demanding more and more from its automobiles. More power . . . more style . . . more speed. And above all else . . . more smoothness and snap.

Smoothness that brings to driving new pleasures and new delights. Snap that responds to the traffic signal as a sprinter responds to the gun. Smoothness and snap that you know are the very essence of motoring satisfaction. Smoothness and snap that you find revealed in the All-American Six.

You find them there because of Oakland's big, impressive brute of an engine which starts so easily 'way below zero. Because of its famous GMR cylinder head . . . force feed fuel pump . . . 79-lb. crankshaft and other vital parts.

Because of its ruggedly constructed chassis . . . its bigger clutch and smoothly shifting gears . . . and the super-precision construction demanded in the All-American principle of design.

Once you've experienced its smoothness . . . once you've witnessed its snap . . . you'll know why the All-American Six is winning such tremendous success!

The College is Coming!

Of course, everyone is delighted that a new college is to be located in Littlefield. It will be fine to have this institution in our midst. In fact, folks of this section are always happy when any new concern comes to our community—for it means something to all.

Perhaps you have not yet learned that BELLOMY has installed one of the greatest Food Grinding Machines ever invented. Well, he has, and he is going to make a bid on the contract to furnish breakfast food for the 400 students who are to attend this new college which opens here September 15th this year.

In fact, BELLOMY is prepared to furnish breakfast food and corn bread for anyone that is hungry. With this new equipment he can satisfy the pastry needs of the entire family, including the hogs, horses, chickens and canary birds.

Remember feed well ground and properly mixed is more thoroughly masticated, better digested and cheaper because it takes less of it, and the cost is negligible. Come see us!
