Mahon Urges Additional Loan For Farmers

DEMAND LOANS IN AREA SEEN

Mahon Meets Farmers of Lamb County

Lubbock on Tuesday of this week Congressman Mahon made the following statement with reference to the loan program of the

Department of Agriculture to do immediately two things which I think will be of great benefit to the West Texas cotton grower. First, provide an additional loan which cannot be used for the requirements of the 8 and 9c loan program. Second, provide government cotton to the area who can promptly plant and whose class will be final. This method of planting the cotton will satisfy the farmer and the warehousemen and the loan program will be successful in West Texas.

Big Demand For Loans
Cotton prices are now so low I think there is a great demand in West Texas for cotton loans in order to enable the cotton at a price. Each county should have a committee that the Department of Agriculture is advised of the situation. Mr. J. R. Byrnes of the Washington office of the Department of Agriculture arrived in Lubbock and he is setting up a cotton loan program for the South Texas area.

Department of Agriculture authority under the law not to provide classes but also to make the loan regulations so strict that about 7c can be made on shorter staple cotton of 1 1/2. Without this additional loan of thousands of bales will be sacrificed on the ground for practically nothing and the hands of the producer will do all in my power to prevent this.

Meets With Farmers
Congressman Mahon met with the farmers of Lamb County at the opening of the Lamb County Fair, Congressman Mahon held a table discussion with the farmers of this section relative to the reduction of the cotton price. The farmers at the meeting were unanimous in their desire for a percentage basis for the present program based on the previous years. The Congressman also favored reduction of the price to a point which would make possible fair prices for the cotton. He will prefer to obtain their revenue from the sale of cotton at reasonable prices as compared to present prices of cotton reduction checks. Congressman Mahon was entertained at a luncheon at the Presbyterian church; he also visited the CCC Camp and officiated at the Lamb County Fair.

FARMERS MUST OBTAIN ORIGINAL SALES RECEIPT

Should Be Mailed To County Agent's Office By Today

Farmers selling cotton and who have not made application for the subsidy payment should obtain original sales receipt from the producer, explains Donald Turner, County Agent. This receipt should be dated, name and address of producer, number and weight of bales, and signature of buyer. The receipt will be accepted until regular print forms are available.

Receipts for cotton sold prior to September 15, should be mailed or delivered to the County Agent's office not later than September 30. Receipts for cotton sold after September 15, must be delivered to the County Office not later than 15 days after date of sale.

County Judges and Commissioners Plan Action To Increase Price Of Cotton

Plans are underway for the calling of a meeting of the County Judges and Commissioners Association of West Texas, in the near future, in an effort to work out plans to prevail on authorities at Washington to give some relief on the present cotton price situation. This plan was discussed by Judge L. R. Crockett over long distance Tuesday with Judge Alvin Allison of Levelland, who was also heartily in accord with calling a meeting of the judges and commissioners of the cotton growing counties of West Texas at an early date. In the meantime contact is being made with Congressman George Mahon, and other representatives and Senators, to arrange that they be present at the meeting. The date and meeting place will be announced later. It is generally conceded that something must be done and quick if the farmers are to receive a fair price for their cotton.

BURGLARIZE SIX SUDAN BUSINESS HOUSES SUNDAY

Every Indication Points To Work Of Experienced Criminals

Six business houses in Sudan were burglarized of several hundred dollars in cash, an unestimated amount in checks and valuable papers, early Sunday morning. Blasted and broken safes and broken cash drawers, and methods of entry were so pronounced as to be declared serious. Every indication pointed to the use of nitroglycerine charges, and crow bar.

The safe was blasted at the Sudan Ford company, \$50 in money, checks and notes in a case taken. The time was believed to be definitely established at 3.35 a. m. Sunday.

The Santa Fe station, Sudan, was entered, and the safe broken. A slight amount of money and two shirts from an express package were taken early Sunday morning.

Purtell & Warren wholesale and retail gasoline and oil station, Sudan, was broken into, and \$12 taken at an early hour Sunday.

Stone's Variety store, Sudan, was also entered, and a small amount of cash, suit case, silk stockings and other merchandise taken.

Giving cause for the theory that the perpetrators in each case were experienced in criminal methods were the method with which they entered each building, and the fact that they apparently wore gloves.

Two other cities on the South Plains were also visited. The Lamesa Auto company had their safe bl-

Anton Chamber Of Commerce Sponsor Large Tomato Acreage

Anton, Sept. 25. (Special)—Following the visit here recently of A. L. Brooks, secretary of the Lower Rio Grande Valley Vegetable Growers association, plans were started for the growing of a large acreage, of tomatoes for next year.

Brooks, who is said to manage a number of farm cooperative groups, said he was astounded at the type of soil here and that its productivity was the finest in Texas. He talked over with local men and farmers, methods of tomato cultivation and sale.

It was suggested that a large acreage of irrigated land be used for the crop next year; that it be planted so as to have the tomatoes ripen after the Valley fruit and other fruit areas had gone onto the market. He said that mid-August to fall would be the best time. By that time it would be better for local tomatoes to compete with those from eastern states.

The chamber of commerce of Anton, through President Ed Hart, is backing the program.

DELEGATION VISIT LITTLEFIELD ADVERTISING SOUTH PLAINS

In spite of a heavy downpour of rain here Thursday morning, a large delegation from Lubbock visited Littlefield on a good-will tour, advertising the Panhandle-South Plains Fair. An elaborate program had been scheduled for the day, but was cut short on account of the rain.

The band played, and literature was distributed, but weather conditions prevented participation in the opening of the Lamb County Fair, and it likewise caused cancellation of a scheduled program at the high school.

Mayor Pat Boone and Chamber of Commerce manager Glenn Burgess welcomed the Lubbock delegation. County Clerk Ed D. Ailen was spokesman for the Lubbock party.

From Littlefield the good-will party journeyed to Amherst, where the program was given in the business

PENITENT MURDER

SEVENTH INSTALLMENT

... card game is in Elmer Henderson's penthouse in a New York skyscraper. Flaherty, Martin Frazier, Max Michaelis, friend Williams, a stockbroker, are waiting for Stephen Fitzgerald to appear. A card game brings the information out with a girl. Fitzgerald and Henderson are both romances interested in Lydia Lane, a movie actress, but Archie Doane says she is engaged to him. Henderson leaves the party early when he fails to appear. A short while later he telephones Inspector Flaherty with the news that he found Fitzgerald and Miss Lane in Lydia Lane's penthouse. Flaherty and the medical examiner reach the apartment, they find Miss Lane is still alive. She is rushed to a hospital where her condition is promising.

All circumstantial evidence points to Archie Doane as the murderer, especially when the murder gun is found carefully planted in the chimney clean-out in the basement. Miss Lane's French maid, Adele Marceau, has been overheard threatening to shoot Fitzgerald if he did not stop annoying her. The janitor reports that Mademoiselle Marceau works in a night club on her day off and that she had talked to him in the basement on the night of the murder. Medical examination reveals that Lydia Lane had been given a hypodermic injection of a hypnotic drug before being shot, and that Fitzgerald's body also shows the marks of a hypodermic needle on his leg.

The revolver might be found at the bottom of the chimney? "Yes; that was a suggestion casually dropped by him when I called him up last night and reported that Miss Lane was still alive," agreed Frazier. "We naturally talked about all the details, so far as we knew them at that time. I told him, I remember, that the weapon had not been found, but that we had not looked outside of the apartment for it as yet. He said something to the effect that it might easily have been thrown off the roof into the street, down the chimney or into the elevator shaft. I attached no special significance to what he said then. It was merely following out my own line of thought."

whether the maid was involved or not, but I dropped her from consideration for the time being, after hearing the janitor's story. "I decided to concentrate first on Henderson, and the more I reviewed the situation, the more clearly it all pointed to him. Yet there was nothing conclusive. "If my theory was right, then Miss Lane did not telephone to Archie Doane. She was lying there, unconscious, with Fitz's dead body on the floor. Who did telephone to Doane then? And why? "Miss Lane had been making voice tests in Henderson's studio—recording her voice on film by his new method. Archie Doane confirmed my suspicion that the words he heard over the 'phone were the exact words from a part she had been taking in a sound picture. What would have been easier than for Henderson to have called up Doane's rooms, switched on the film in his soundproof laboratory here, and let Archie hear the frantic call

for help in his fiancée's own voice?" "But we were all playing poker right here, at the time," Dan Flaherty objected. "A perfect alibi," Michaelis admitted, "except that you may recall that at just about eleven o'clock Henderson called attention to the time and went into the other room on the pretext of hunting for the whiskey, saying his man had gone out."

were 25,185 cars, compared with 22,292 for same week last year. The company received from connections 6,490 cars, compared with 5,954 for same week last year. Total cars moved were 31,675, compared with 28,246 during the same week of 1936. The Santa Fe handled a total of 27,369 cars in the preceding week this year.

... But we were all playing poker right here at the time," Flaherty said. "I shall be able to check you up, if you have gone wrong."

Henderson glanced at his wrist watch. "I shall be able to check you up, if you have gone wrong."

... of your deductions, for about half hour," he said. "After—-who can tell? Again, Mr. Flaherty, I bow to your superior and reasoning powers. I am curious to learn how your suspicions were first directed in your direction."

Henderson shrugged his shoulders expressively, with a courteous smile. "What's this all about?" demanded Inspector Flaherty, impatiently. "Henderson, did you kill Fitzgerald?"

"Not only that," said Max Michaelis, "but he administered to him a dose of slow-acting poison—hypodermically, I presume, Henderson—which gives him another half hour of consciousness before he goes into the sleep from which he is no awakening. Am I right, Henderson?"

"Suicide?" exclaimed Martin Frazier, as Henderson nodded in confirmation of Michaelis' statement. "We can't allow that."

"Suicide, I understand, is not a crime," Henderson suggested. "It is much preferable to death by electricity."

"No, but attempted suicide is a crime, and connivance at suicide is also a crime," said Frazier. "We would all be guilty. I shall telephone at once for a physician."

"As you please," Henderson assented. "It will be useless, I assure you. The deed is already done. It is as irrevocable... as irrevocable as Stephen Fitzgerald's death. There is no antidote known to science for the virus which is already coursing through my veins. However, if it will satisfy the law to send for a doctor, I have no objection. You

will find the telephone in the foyer, Frazier."

The Assistant District Attorney hurried to the telephone, while Dan Flaherty looked at the unperturbed countenance of Elmer Henderson with an expression in which amazement was mingled with admiration.

"I owe you an apology, Henderson," he said, after a moment's steady scrutiny. "Last night I said you were a great poker player and a good winner, but that I thought you'd show a yellow streak if the game went against you. I take that all back. You're a rat, but you're a game little rat, at that."

"Thank you, Inspector," replied Henderson, politely. "I am a soldier of fortune—a gambler with life, if you like—and when I lose I pay without grumbling."

"There'll be an ambulance from Bellevue here in a few minutes," reported Frazier, returning from the telephone.

"I'll make my recital brief, then," said Michaelis. "Martin, am I right in the belief that it was Henderson who suggested to you the idea that

Less Monthly Discomfort

Many women, who formerly suffered from a weak, run-down condition as a result of poor assimilation of food, say they benefited by taking CARDUI, a special medicine for women. They found it helped to increase the appetite and improve digestion, thereby bringing them more strength from their food.

Naturally there is less discomfort at monthly periods when the system has been strengthened and the various functions restored and regulated. Cardui, praised by thousands of women, is well worth trying. Of course, if not benefited, consult a physician.

Wildcats Take Opener Fri. Afternoon

LOCALS MEET LUBBOCK COWHANDS HERE FRIDAY

Coach Sanders' schoolboy Wildcats did not fail to bring honors back home last Friday, and completely shutout the opposing aggregation in spite of their many penalties and on an unfamiliar gridiron. Local fans said that the Wildcats were a little rough at times but all in all it was a good game and a good representation from Littlefield attended. Sanders is well pleased with the show the local gridsters made and has hopes of making them into a district, if not a state contender.

The Pep Squad

The pep squad under the direction of Naomi Robinette, dressed in new uniforms, played an important part in Friday's performance. This was the first time that many of the members had been enlisted in the "service" but they made a splendid showing and have some good "rahs, rabs" and drills. The band was unable to accompany the team on this trip.

Some Stars Noted

While the entire local aggregation made a splendid showing for the initial appearance of the season, it is proper that mention should be made of Graham, guard, who was responsible for making the extra points by some excellent kicking of the pigskin. Other outstanding players included Elms, E. Burleson, Henson, Etter, and Carter. Tahoka's eleven showed good sportsmanship throughout the entire game and took their medicine with good grace.

The Game Play by Play

By Ben Lyman

Tahoka wins the kick and Snowden kicks to E. Burleson on the 10 yard line and Burleson returns 15 yards. Littlefield gains 29 yards and on her third 1st down a pass is intercepted by Minor on the 30 yard line. Littlefield is penalized 5 yards. Tahoka then holds the ball for 4 1st downs and gets on Littlefield's seven yard line, when Littlefield gets the ball. Littlefield punts and the ball is returned to the 35 yard line by Tahoka but Littlefield is penalized 15 yards for roughness. The quarter ends. Score 0-0.

Second Quarter

Tahoka's ball on the 15 yard line, but keeps the pigskin for only one down, when it goes over to Littlefield. Littlefield gets the ball and makes five first downs and 62 yards and penetrates Tahoka's field. Tahoka keeps the ball for one first down and punts to the 20 yard line where it is returned to the 35 yard line. Littlefield makes 3 more first downs, gaining 33 yards. The quarter ends. Score 0-0.

Third Quarter

Littlefield's ball, but it is fumbled and Tahoka gets it on the 40 yard line and makes 2 first downs, but Henson intercepted a pass and returned it ten yards. Tahoka is penalized 15 yards. As soon as Littlefield recovers the ball she again fumbles it and Tahoka covers it. Tahoka then punts to the 20 yard line, but Littlefield returns it to the 45 yard line. Littlefield then makes two first downs and gains several yards when the ball goes over to Tahoka who punts to the 35 yard line. Littlefield then makes two first downs and a gain of 15 yards when the ball goes to Tahoka. Tahoka punts but Bill Carter intercepted it and returned 5 yards. Littlefield then starts going and although penalized 15 yards, Elms goes around right end for a touchdown and Burleson makes the extra point. L. Burleson then kicks to the 45 yard line and the ball is returned to the 40 yard line and at the end of the quarter Tahoka is on her third down. Score: Littlefield 7, Tahoka 0.

Fourth Quarter

Tahoka punts to the 50 yard line and Littlefield gets the ball. Littlefield is penalized 5 yards. Littlefield makes 4 first downs before Henson went over for a touchdown and Graham kicked the goal for an extra point. R. Snowden then kicks to Henson who returns to the 40 yard line. Littlefield makes three first downs but fumbles the ball. Tahoka regains. Tahoka makes one first down and is penalized 15 yards. The ball is then punted to the 30 yard line where Lee intercepts and carries to the 15 yard line. Only one first down is made before E. Burleson goes over for a touchdown and Graham again kicks the goal for an extra point. Littlefield kicks to the 10 yard line where with the aid of a lateral pass, Tahoka returns to the 35 yard line. Tahoka makes one first down when they are penalized 15 yards. Burleson intercepts one of Tahoka's passes and carries it to the 20 yard line. Elms goes around right end for a touchdown and Graham makes the extra point. A kickoff was made as the whistle sounded and the game ended. Score: Littlefield 28, Tahoka 0.

Tharon Watson Mills, aged 15, son of Mr. and Mrs. J. S. Mills, formerly of Littlefield, but now of Artesia, N. M., passed away Thursday, Sept. 23, at 8 a. m., following a motorcycle accident, in which he never regained consciousness.

The accident happened Tuesday previous, Sept. 21, when he was riding a motorcycle, which threw him. A blood clot on the brain was believed to have caused his death.

Funeral services were conducted Sunday at 3 p. m. at the Baptist church, Artesia by Rev. Ben D. Johnson of Lubbock, where burial took place in the local cemetery.

SIX THOUSAND ATTEND LAMB COUNTY FAIR

Outstanding Success As To Attendance, Exhibits, Attractions

The Lamb County Fair, which was an outstanding success from the point of exhibits, attendance and entertainment, closed Saturday night, after at least eight thousand had attended, enjoyed the many attractions and viewed the displays. Congressman George Mahon officially opened the Fair about 3 o'clock Thursday afternoon. Several schools in the County were dismissed for the day, and all children enjoyed the first day of the Fair free of charge.

The first night rodeo ever to be staged in this section was enjoyed as a part of the Fair entertainment, and was in charge of Curley Daugherty.

The Agricultural, livestock, poultry, educational and women's Department exhibits were especially good, and much praise is due the Fair association, and the superintendents of the various divisions for the success of the Fair along this line.

The Trench silo demonstration Saturday afternoon by the county agent's department, proved interesting to many farmers and business men and will be of equal interest next year when it is opened to show how well the feed can be preserved in this manner.

The premium list will be published in next week's issue of the Leader.

CARD OF THANKS

We wish to thank the people of Littlefield for their kindness during the sickness and death of Clyde, and especially Mr. Hewitt and wife and the Chevrolet boys and their families. Also Bro. Norwood for his words of comfort.

GIRL BADLY BURNED BY I.YSOI. USED IN MISTAKE FOR THROAT GARGLE

Sunshine Burleson, aged 15, daughter of Mr. and Mrs. F. M. Burleson, who has been in a serious condition at the Payne-Shotwell Hospital since Thursday last, is much improved.

About 6:30 Thursday evening, in a mistake for a throat gargle, Sunshine used I.YSOI, and before she discovered her error, had swallowed some of it.

According to her brother, Marshall, she had neglected to turn the light, and the I.YSOI and throat wash bottles being similar, Sunshine got some of the deadly burning liquid in her mouth and down her throat.

She was rushed to the local hospital, where her condition remained unchanged until Sunday, when she was reported much better, and has since continued to improve. Up until that time her temperature had been ranging around 105.

It is expected that she will be well enough to be taken home today (Thursday).

Friday Designated As Littlefield Day At Lubbock Fair

Friday, October 1, has been designated Littlefield Day at the Panhandle-South Plains Fair, Lubbock, and a special invitation has been extended to local citizens to visit the Hub City on that day.

This announcement was made by Don L. Jones, President of the Panhandle-South Plains Fair Association, in a letter to Glen Burgess, Secretary of the Littlefield Chamber of Commerce.

New Teachers Are Elected By The Board of Education

More than thirty teachers and officers were elected or approved for the local Methodist Church for the new year by the meeting of the Board of Christian Education at a special meeting last Sunday afternoon. Two or three vacancies were left to be filled at the meeting on Wednesday evening at the home of Mrs. Van Clark. These vacancies were in the Children's and Young People's Division.

J. E. Chisholm was elected as chairman of the Board of Christian education, with Mrs. M. B. Norwood as Secretary, as it met to organize for the new year. The Board is composed of the administrative officers of the church, with representatives from the various organizations and divisions of the church's activities.

Every member of the Board was present for this first meeting, as follows: Marvin B. Norwood, pastor; F. A. Hemphill, General Superintendent; Glenn Burgess, Superintendent of the Adult Division; Mrs. F. A. Hemphill, Superintendent of the Children's Division; J. E. Chisholm, Chairman of the Board of Stewards; Mrs. Van Clark, President of the Missionary Society; and Mrs. M. B. Norwood, representing the church at large. There are yet two vacancies in the membership of the Board; the Superintendent of the Young People's Division and a representative from the Young People Division to be elected by the young people themselves. These places will be filled as soon as possible.

ARE EXPECTED TOUGH WITH VISITORS

High School Band On Hand At Friday Game

Coach Sanders' Wildcats will be "rarin' to go" Friday night when the Lubbock come to the 'Cats home range.

Not a bit "puffed up" by their overwhelming victory last Friday, the Littlefield schoolboys are expecting a tough fray with the visiting aggregation, but all participating in a win over the Lubbockers is proud of last Friday's victory but states the local will probably have stiff competition in Friday's game.

The local mentor is pleased with the splendid showing of some of the substitutes made in Friday's game. The rang the bell on several exciting plays and will probably set a record this season.

Last year's players used clearly showed they had not forgotten the splendid training they received. The gridsters say they are ready for another win but Sanders only grinned when asked to predict the score for Friday's game.

A splendid spirit of good citizenship is being shown among the entire citizenship of Littlefield. An optimistic feeling prevails and the felices will do much in this year.

The 'Cats are backed by the finest pep squad in this section. They will be on hand in brass regalia strutting their stuff, high school band, unable to last Friday, will probably hand with a toot-toot for running into "a hot time in field tonight."

The game will be called at Friday night.

First "Flying Schoolhouse" Opens

A \$125,000 TWA Skysleeper plane is used as a school for training TWA air hostesses.

SPARKLING diamond rings observed by company officials on the third finger, left hand, of 18 pretty TWA hostesses in the last three weeks, coupled with the loss of 36 sky girls who succumbed to marriage in the last year, has resulted in the opening of TWA's "Flying Schoolhouse" at Kansas City.

New air hostesses also were needed aboard additional Skysleepers and Skyclub coast to coast schedules introduced by TWA this summer. In the next 45 days, the airline will institute new passenger-mail-express service between Chicago-Dallas-New York and San Francisco-Albuquerque-Chicago-New York following award of contracts by the Post Office Department.

It may be said in passing that the official who called the "summer flying school" to session, John B. Molitor, superintendent of passenger service, brought the added work on himself because last month he married Miss Ruth K. Rhodes, formerly TWA chief hostess.

There are 25 neophyte-air hostesses in training in the "flying schoolhouse" at Kansas City. Registered nurses from 15 other cities are about to proceed to the airline base for final selection and training. Molitor expects the summer school to continue for six weeks.

Regular classroom work under the supervision of Miss Thelma Jean Hatt, first air hostess employed by TWA in 1935, is conducted daily in one of the huge new \$125,000 Skysleeper planes. The text book is the TWA air hostess manual comprised of 100 single-spaced pages, together with 100 bulletins covering general instruction.

The curriculum covers the proper manner in which air passengers are greeted at the door of the planes; how to stand in the aisle to talk to passengers; the correct way to serve hot food prepared in the plane's buffet; how to make up

Margaret Clark, student TWA air hostess, keeps physically fit by playing baseball during class recess.

berths; the correct make-up of face and nails; number of inspection trips within the cabin during flight; and scores of other "do's" and "don'ts." Other topics covered inside the "flying classroom" include instruction on the TWA Skysleeper and Skyclub construction; cabin steam-heating system; why and how an airplane flies; and, in general, the rudimentary facts concerning the pilots' duties and procedure of flight.

Sudan Residents Injured In Car Mishap Recently

Mrs. Ossie Baker and Ewing Walser were injured while Mr. Baker, Mrs. E. Walser and Mr. and Mrs. Eskel Walser, all of Sudan and the driver of the truck miraculously escaped injury Tuesday night of last week when a truck and a passenger car met in head-on collision between Portales and Clovis.

State Police who investigated the accident said a car that was parked without a tail light was to blame. This car left the scene of the accident and has not been located.

Ewing Walser suffered a slight concussion of the brain while Mrs. Baker received bruises about the face and head. They were released from a Portales hospital Wednesday morning.

The three Sudan couples had been to Fort Sumner after fruit and were returning by way of Portales where they had bought some tomatoes and other vegetables. The 1937 Ford V-8 sedan was completely demolished and all of the fruit and vegetables were destroyed.

Sudan Chamber Of Commerce Making Goodwill Trips

The Sudan Chamber of Commerce resumed their good will trips to surrounding communities Friday night, when a large delegation attended the community fair and watermelon feast at Bula. Monday night Janes community was visited; Tuesday, Friendship; and Wednesday night Baileyboro residents were entertained.
