

**Chester Toney Awarded Prizes  
 On Oil Painting At Portales Fair**

Chester Toney, son of Mr. and Mrs. C. E. Toney of Littlefield, who is a student of art at Eastern New Mexico University at Portales, N. M., recently won grand prize and first prize in the adult department of the County Fair at Portales on an original oil painting made by him.

In the Portales Tribune, in their issue of Sept. 18, the following complimentary writeup on Mr. Toney, appeared:

"What makes an artist tick? How do they live? What are they like? Hard-working farmers, clerks, mechanics, in short all of us have asked this question at one time or another. These people seem somehow set apart from us in some way—in a world of their own making.

Actually this isn't true. Every community has its artists, and they are no different from the rest of us. For instance . . . take Chester Toney, who lives in Vetsville. He is a tall, quiet, unassuming young man who has been going to Eastern New Mexico University for a year and a half now.

Chester was born in Littlefield, Texas. His father was a farmer, and a good one. But from early youth Chester has wanted to go into the field of art. The war interrupted any plans he might have had and he soon found himself aboard the U. S. Spangenberg, a destroyer. For three and one half years he served his country's cause, first in the European battle zone, then in the Middle East, and finally in Asiatic-Pacific waters.

"Discharged finally, young Toney returned to Littlefield and married Eleanor Rowen, a pretty little blond. The two of them moved to Portland where he worked for an advertising company doing pictorial sign work. Toney stayed at this for well over a year. But it was still far away from his desired field.

Chester and Eleanor moved to E.N.M.U. last year and he is studying art here now. He wishes to become a graphic illustrator — illustrating stories, books, etc. — and he knows he has picked a tough field to get into. In order to accomplish this wish he will probably have to go back into agency ad-

vertising work and move slowly up. "In the meantime, in order to succeed in his self-made task, Toney has worked at many jobs. To mention a few he has painted signs, hoed peanuts, hauled hay. His problem is an age old one that has always faced painters, writers, and other artists—finance. But Chester is gifted, and ambitious, and will probably reach his desired position.

"After leaving ENMU he plans to attend a fine arts and commercial arts school in Taos, and then on to the Institute of Art in Chicago—"but," he reminded me, "that is away in the future—and many a slip twixt cup and lip."

"Chester, who is 24 and greying slightly at the temples is president of the ENMU unit of Kappa Pi, a national honorary art fraternity.

"Although not one of the "Cubist" and not professing to belong to the "new" school of art, Toney is no hide-bound conventionalist, as you may see for yourself at the Roosevelt County Fair where many of his pictures will be on examination. He is not at all afraid of using color in what he composes and has produced some highly original work. He is deeply interested in the art produced in the Southwest and hopes to produce many canvasses of his own depicting life in this region.

"The Toney household is like many another in our community, with the exception, perhaps, of the huge mural painted on one of the front room walls (and recently covered with a coat of white paint in anticipation of another planned to take its place), and the numerous paintings which are to be found on almost every wall.

Mrs. Toney is justly proud of her husband, and her confidence is perhaps best shown in an expression of hers, "he'll make it."

Mrs. W. B. Little and Mrs. Elton Hauk left Sunday morning for Fort Worth, where they are spending this week taking advanced work in ceramics. They have a ceramics class in Levelland, which meets several days each week. However, classes will not meet this week.

American Legion Auxiliary, Mrs. Russell Tidd is presiding over a bridge and tournament at the Legion Hut Monday, Oct. 3, with Mrs. Mrs. Van Clark, committee.

**Levelland Woman  
 Passes Away at  
 Local Hospital**

Miss Ora Thurston, 52, of Levelland passed away at a local hospital Saturday afternoon at 12:45 o'clock as the result of a lingering illness.

She had been a patient of the hospital two weeks.

Funeral services were conducted Sunday afternoon at 2 o'clock at the Church of the Nazarene, with the pastor officiating. Interment, in charge of the George Rice Funeral Home, Levelland, took place in that cemetery.

Miss Thurston is survived by three brothers and two sisters.

**Legion Kitchen  
 Now Completely  
 Remodelled**

The local unit of the American Legion is justly proud of the improvements carried out at the Legion hut here. On finishing the painting, they will have a complete new kitchen.

Besides the remodeling, included in the improvements is a new factory-built kitchen cabinet, new hot water heater and range, as well as linoleum on the kitchen floor.

In all, according to Post Commander Vernon Hofack, a total of around \$600.00 has been spent to give the building a new and modern kitchen.

**Rose-Picker**

Pickin's are good, says lovely Jill King of Tyler, who will be one of 46 beauties in the Queen's Court of the Texas Rose Festival to be held in Tyler Sept. 30, Oct. 1 and 2. Recent rains in the Tyler area have assured one of the largest rose crops on record.

**Mr. and Mrs. Alvin  
 Walker Awaiting  
 Church Assignment**

Mr. and Mrs. Alvin Walker have recently completed work at the L. I. F. E. seminary of the Four Square Fospel faith, and are both licensed ministers of the gospel. They completed their work in the spring and were assigned a church in Florida, but have recently been transferred back to Texas.

They are visiting his parents, Mr. and Mrs. Carl Walker and family on West Second street, while waiting for a new church assignment.

**Cottonseed Support  
 Guarantee Sought**

Both Representatives George Mahon, Lubbock, and Ken Regan, Midland, members of the congressional cottonseed committee expressed optimism at Washington Saturday about devising an effective plan so that cotton producers of Texas can get all the money they are entitled to under the government's price support program for cottonseed this year.

Through lack of storage, Texas farmers have had no choice but to sell their cottonseed to ginners and oil mill operators at \$40 per ton when the price support program is supposed to guarantee them \$49.50.

Mahon and Regan feel that something can be done even at this late date to save money for this year's cotton producers. They are positive that something can be done about 1950 producers.

At a committee meeting Friday, Ralph Trigg, chief of production and marketing administration, was instructed to have every county agent in the cotton states survey gins to see where storage can be provided for cottonseed to be held until the government takes possession of it. In this way, farmers could be paid \$49.50 per ton. Another committee meeting is expected to be held soon.

**Attend Program  
 Presented By  
 Arlington Home**

A number from Littlefield attended the Masonic program Wednesday night of last week at the Masonic Temple, Lubbock, which was put on by the Masons of the Arlington Home at Arlington, Tex.

The program was presented by men, none of whom were less than 75 years old. A man 85 years of age played the harp, and a lady who had been dietitian at the Arlington Home for many years played the piano.

Those attending from Littlefield, who reported a very entertaining program, were: Mr. and Mrs. Johnny Miller, Mrs. Floyd Coffman and son Edwin, Mr. and Mrs. G. A. Stagers and Mrs. T. A. Henson.

**Family Re-Union  
 At Hite Home**

A bountiful chicken dinner was enjoyed in the E. C. Hite home at Earth recently at a family reunion.

Those present were Mr. and Mrs. S. E. Hite, Mr. and Mrs. Homer Bryant, and Bob Ed of Plainview, Lt. Lois M. Hite of Spokane, Wash., Army nurse in the U. S. air corps, Mr. and Mrs. Truman Hite and sons Jimmie and Larry, Mrs. Lena Hite, Barbara, Connie and Richard Hite and the host and hostess.

The afternoon was spent in the home of Mrs. Lena Hite, reviewing snap shots making color movies of the families and listening to good music.

**Rally Day Sunday  
 At Missionary  
 Baptist Church**

Sunday, October 2nd is rally day at the Littlefield Missionary Baptist church. All members and friends of the church are urged to be present for the Sunday school services.

Jack Looney, who is under appointment as a missionary to South America will bring the eleven o'clock message.

Mrs. Looney and their two children are also here, and they will have a display of native articles from South America. The public is invited to attend these services.

**WHY HAS A SURPRISE** High school of Springlake High school their first real surprise at school.

It started just like any other day for most school kids, get up to go to school and meet the same teacher, trying to get up to the math test. At a sudden an assembly of things were really in a

whir; everyone talking at once and wondering what they had done wrong now.

While everyone was talking Mrs. Newman, the history teacher, just disappeared, and when she came back she was carrying a box and had the broadest grin on her face. Well, getting down to facts, she started talking. Everyone having their curiosity aroused decided they'd listen to her. She had an interesting story to relate, and all the members of Springlake High school would like to pass it on to you.

This summer Mrs. Newman worked at the Curio store in Yellowstone National park. This store sold practically everything and one of the many items was fur skin rugs, such as bears. Among these many furs was a wolverine. Now no one going to Springlake had ever seen a real, lively Wolverine, excepting those big eleven lined up

on the football field every Friday night. So what would a teacher that loved her children want more than anything to buy was that Wolverine.

Now whose pocket is large enough to buy that, thought Mrs. Newman, certainly not hers. So she thought the next class she sponsored would leave that Wolverine as a gift. When, horror on horror, she looked over at the fur counter where two men and a lady stood looking at the rugs. She walked over to make a sale (hoping it wouldn't be the Wolverine), but they were just looking. Having something to say she told of her desire for the Wolverine and asking if they thought it worth the price.

This man, who was an African hunter, loved children and when he heard that we had never seen a Wolverine, he just handed the money over to Mrs. Newman to buy the rug for Springlake, just like that. Mrs. Newman had never seen the man before and has never seen him since, but Springlake will long remember his kindness and the look on Mrs. Newman's face when he just handed her the money.

The Wolverine now lies in a big case given by Mr. and Mrs. Newman, over the bulletin board as you enter. This man will never be forgotten or thanked enough by his kindness to SPRINGLAKE.

**FIRE RAVAGES FOREST . . .** Fire out of control is one of man's worst enemies and it can plunder a large territory much faster than an invading army. A recent forest fire near San Diego, Calif., swept 7,000 acres in three days and raced toward the heavily wooded Cleveland national forest. Here, men of the state forestry service battle racing wall of flame near town of Deluz, Calif.

**BULL LAKE PHILOSOPHER KNOWS THE BOOM IS OVER, A SALESMAN TRIED TO SELL HIM A NEW TRACTOR**

Editor's note: The Philosopher on his Johnson Grass farm on Bull Lake claims a salesman was trying to sell him a tractor this week, but we suspect he was merely lost and trying to find his way out of the woods in that area. Any way, here's his letter about it.

Dear editor:

I never was one to jump at a conclusion or get in a hurry or even make up my mind fast, preferring to take things easy and reflect on em slowly and save my energy and avoid makin rash statements, only thing I'm fast about is sittin down, and while I may seem a little late in comparison with some of the experts, I have finally come to the conclusion this country is back to normal and business is interested in the customer.

Yesterday a tractor salesman I was out here huntin for something to read and not havin any

luck unless you count a copy of your paper which I borrowed out of my neighbor's mail box and which made him hoppin mad, which only goes to show how some people can lose their temper over nothin, when a man drove up and asked me if I farmed this place.

When I told him I did, that is, I owned it, wouldn't go so far as to say I farmed it, he got out and wanted to know if I'd be interested in a new tractor.

Now I ain't no expert on economics, don't know whether business is on the upgrade or downgrade, don't know what percentage a dollar bill is inflated, but I do know that when a tractor salesman calls on me, supply has caught up with demand and gone two or three miles past it. Any man who considers me a prospect for a new tractor has just got more tractors to sell than he ought to have.

Aside from the fact runnin a tractor up one row and down another all day long is entirely foreign to my philosophy of life, is contrary to my idea of soil conservation, which is to leave the land un-disturbed and it won't wear out.

**Entertain Out of Town Guests at Chicken Barbecue**

Honoring their house guests, Mr. and Mrs. C. D. Fairbanks and Mrs. E. A. Hobbs, all of Los Angeles, Calif., and Mrs. James E. Hillman of Memphis, Tenn., Mr. and Mrs. Otto Jones entertained at a chicken barbecue on their lawn Tuesday night of last week.

Present to enjoy the out-of-door meal were Mr. and Mrs. Fairbanks, Mrs. Hillman, Mrs. Hobbs, Mr. and Mrs. Travis Jones and sons Dale and Donald, Mr. and Mrs. F. R. Jones, Mr. and Mrs. Jarold Jones, Mr. and Mrs. Jodye Jones, and the host and hostess, Mr. and Mrs. Otto Jones.

**HAVE OUT-OF-TOWN GUESTS**

Mr. and Mrs. Otto Jones had as their house guests recently Mr. and Mrs. C. D. Fairbanks of Los Angeles, Calif., Mrs. Jas. E. Hillman of Memphis, Tennessee, and Mrs. E. A. Hobbs of Los Angeles, Calif.

and I won't either, I couldn't buy a new tractor if they was only requirin ten dollars as a down payment. Times may be good but my supply of cash is just like it's always been, good times or bad, and I got an idea some of you town birds know what I'm talkin about too.

However, my advice to business is that it has got to sort of start over again. During the shortages when there wasn't enough cars and tractors and ice cream freezers and soforth to go around, people got in the habit of waitin and have discovered the world didn't collapse and it's goin to take some new brands of sellin to get people out of the habit. I thought I was bound to have a new rope on my well four years ago, but I patched the thing up and it's still holdin and I intend to stay out of the rope market until the bucket falls in the well.

If the boom taught me one thing, it's that I can get along without some things. Which, if I recollect right, is the same thing the depression taught me. Live and learn. Mostly live, though.

Yours faithfully,  
J. A.

house receipt and are computed on a day-to-day basis through March 31, 1950.

"The storage charges as originally computed were set on a 230-day basis. At 1/20th cent per bushel per day, the storage charges would have been 20 1/2 cents per one hundred pounds, but since the storage charges are computed on a day-to-day basis and there are not 230 days remaining from now until March 31, 1950, the farmer may elect to pay the charges in advance thus netting a little more profit on the grain. This comes about because C.C.C. has only two loan rates, the \$1.825 for warehouse stored grain where the storage is not prepaid and the \$2.03 for warehouse stored grain where the storage is prepaid.

"The loans are obtainable through January 31, 1950."

# AMERICAN LEGION REHABILITATION PROGRAM SERVES ALL VETERANS

Public Relations Director of The American Legion is conducting interesting information activities within the organization. This is the second series of articles to be published in this newspaper.

Legion ideals

The American Legion sprang spontaneously from the fellowship of men who formed strong bonds during their common service during the wartime armed forces. Pope Pius XII made a moving appraisal of The American Legion several months back when he told visiting Legionnaires at the Vatican City that "There is a grim bond uniting your members, forged in the unspeakable horrors of war, strengthened and purified by memories of heroism, unselfishness, affection and devotion."

The pontiff put his finger on the strength of The American Legion—practical idealism. It started with the strong handclaps of home-bound fighting men. It was kept going during its cradle days by warm hearts which sought to keep precious memories alive forever. It was sustained by pleasant association devoted to mutual helpfulness. It was consecrated by a recognition of sacred obligations.

The founders of The American Legion found their chief concern in the protection and welfare of their disabled comrades and the dependents of their hero dead. Out of this concern grew naturally The American Legion's great service program of rehabilitation. This was a payment by Legionnaires of their obligation as veterans.

But the early-day members of The American Legion also recognized their duties as citizens of the republic which they had fought to preserve. They drafted the course of their new organization into paths of service to their God and to their country. They determined

PONTIFF AND HIS AMERICAN VISITORS . . . Pope Pius XII rests at his summer residence at Castelgondolfo, Italy, and receives as visitors two Catholic church dignitaries from the United States. They are Edward Cardinal Mooney (left), Detroit, and Samuel Cardinal Stritch (right), Chicago. They visited the pontiff during their "ad limina" visit to the Eternal City.

America's needs and went about realistically to meet them as best they could. Thus there came into being The American Legion's great programs of national security, Americanism, child welfare, youth training and community services. They all have to do with the aims of an all-out patriotic organization to make America a safer and better place in which to live as the foundation of a brave new and free world.

**REHABILITATION SERVICE**

In the field of rehabilitation, which means service to disabled veterans, war widows, orphans, dependent bereaved parents, and all ex-servicemen and women and their families in need of help. The American Legion reigns supreme. No other organization approaches the achievements of The American Legion in this important service work for veterans.

Every major veterans' legislation on federal and state statute books is there today because The American Legion either initiated the law or supported it. The Veterans Administration is a monument to American Legion cradle-day legislative efforts. It was responsible for the creation of the Veterans' Bureau, the VA predecessor.

The nationwide network of fine, modern government hospitals for veterans is the result of the unceasing fight over 30 years carried on by The American Legion for adequate care of disabled and sick veterans.

The Legion maintains a huge organization of trained service officers throughout the nation to help veterans with their rehabilitation problems. Nearly all of the more than 17,300 posts have service officers. Some of them have big

percent, of the total of 4,042 issued to 69 organizations.

Special clinics or training schools are conducted by The American Legion every year to keep its task force of service officers abreast of new developments in the field of veterans' rehabilitation.

From September 1919 to the present time the National Rehabilitation Division of The American Legion in Washington, D. C., made recoveries totalling more than \$100,000,000 for veterans in contested claims against the government. Many more millions were secured through the efforts of the various department service officers.

In its service work in assisting the disabled veteran and all ex-servicemen and women and their families, the Legion operates with the weight of distinguished medical authority behind it. Nearly all veterans' claims for compensation, pension and hospitalization involve medical problems and findings. For this reason The American Legion has set up a medical advisory board to counsel its National Rehabilitation Commission on professional matters in the fields of medicine, surgery and other treatments. This board is composed of distinguished surgeons, physicians, and specialists. It is headed by Dr. Leonard G. Rowntree of Miami, Fla., chief medical adviser. Dr. Charles W. Mayo of Rochester, Minn.

## Dimmitt Girl Awarded Scholarship

Miss Silva Loyd, daughter of Mrs. Grace Loyd of Dimmitt, was recently awarded the Homemaking Division Scholarship by the Texas Technological Ex-Students association. Miss Loyd qualified for the award on her scholastic record during the previous year, and through the requirement of being a daughter of an ex-student of Tech college, Miss Loyd, a senior, is a home economics major.

This is the third scholarship that Silva Loyd has won. She was valedictorian at Smyer in 1947. That same year she won a Dunlap scholarship that was worth \$100. This scholarship is for \$200.

Two of Silva's sisters attended

is assistant to the chief medical adviser. Nine other prominent medical authorities comprise the remainder of the board.

**That Nagging Backache**

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—the risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up at night, leg pains, swelling—feet constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

**Hale Center Girl Named Miss High Plains Thursday**

Miss Betty Ray Karrh, 19, of Hale Center, was named Miss High Plains in the city auditorium at Plainview Thursday night, winning an expense paid trip to the American Royal Livestock exposition which opens Oct. 13 in Kansas City.

Her victory was the second queen contest won by Miss Karrh within two weeks. She had been named queen in a contest sponsored by the Hale County Farm Bureau.

More than 400 persons attended the contest sponsored by Radio Station KVOP of Plainview to see Miss Karrh win over five other contestants. The contestants were judged on personality, with the bathing beauty angle eliminated.

Miss Karrh will spend three days in Kansas City, where she will compete for the queen title at the exposition. Her mother, Mrs. Rayburn Karr, will accompany her as chaperone with expenses paid.

Now employed as secretary for the Hale Center school system, Miss Karrh posted a fancy high school record. She was voted the most popular senior girl, was class president for three years and was salutatorian. She also is active in church work and is "an all-around farm girl."

She was sponsored in the contest by the Hale county farm bureau. Other contestant and their sponsors were Miss Mayme Naylor of Kress, Kress Lions Club; Miss Lou Lynn Nix of Plainview, Manges Motor company; Miss Dorothy Schaeve of Plainview, Montgomery Ward; Miss Jodie Collins of Plainview, Plainview Mattress company; and Miss Hazle Farris of Plainview, Lippert's Business college.

The parade marking the official opening of the Lamb County Fair, which was held through the streets of Littlefield Friday, was declared to be one of the best parades ever held in this city. Buck Ross was chairman of arrangements and R. V. Armstrong was assistant. Residents of neighboring cities acted as judges. The judges were Ed S. Hall of Lubbock, and Judge G. M. Thompson and Roy Hickman, both of Morton. The Woman's club of Littlefield, was awarded first prize; the Tuesday Study club of Sudan took second prize, and third prize went to the Sudan F. F. A. boys. The Second Annual Lamb County Fair in history, having closed its gates Saturday night, after proving the magnet for several thousands of visitors from all over the county, and from surrounding counties as well as to an estimated 1,000 or more school children and school teachers on Friday, designated as "Children's Day", when a free gate was in operation for the juvenile special guests.

But the fair also made history, belying its infant age of two years, in many surprising ways. In fact, it was proven beyond any doubt, that it has grown so fast, that it has already outgrown its swaddling clothes, and is badly in need of both larger and more commodious buildings.

The fair was a big success, and the exhibits were a surprise to even the committees, not only in their quality, but in the profusion in which they were entered. Prize money checks to the amount of about \$1500 were offered and awarded, in addition to the ribbon prizes. Most of the exhibitors called for their prizes before removing their entries as the Fair came to a close, but a considerable number of checks are still undelivered and uncalled for, at the Chamber of Commerce offices, and many of these cannot even be mailed, because of the delay.

**Training Course  
To Start Oct. 3**

The first Yellowstone District Boy Scout adult workers meeting was held in the basement of the First Methodist church Thursday night, September 22nd.

Plans were made for a Den Mother's training course to begin October 3rd, with Roy Howard, field executive in charge. A film dealing with training of cub scouts will be shown.

Dates of the four workers training course have been set for Oct. 3rd, Oct. 11th, Oct. 13th, and Oct. 20th, and they will all be held in the basement of the Presbyterian church.

The next Yellowhouse district meeting will be held November 10, and a basket supper will be served. The place will be announced at a later date.

A nominating committee for the election of new officers for the ensuing year were appointed. They are Joe Salem, Sudan; Tom Hibun, Littlefield; J. H. Angelen, of Earth, and Jeff Peeler, Muleshoe.

Attending the meeting last Thursday night, included, W. H. McCown, Wayne Brown, Mr. and Mrs. Roy Wade and Mr. and Mrs. Houston Hoover all of Littlefield, E. A. Tunnell Jr., J. H. Angelen, Woodrow Powell of Earth; and Roy Howard, Plainview; Bill Postma, chief scout executive of South Plains area council, Lubbock.

**EARLY FROST INDICATED**

Early frost was indicated Friday when C. L. Cook of seven miles northeast of Littlefield found some stalks of sudan grown on a lower portion of his farm, frost bitten. This is earlier than in many years.

Mr. and Mrs. Bert Badger of Big Spring arrived Sunday for a few days visit in the home of his brother, Bob Badger, and wife, sister, Mrs. Almet Duncan and family.

**More Contributions  
Needed To Finance  
Lamb Project**

Plans are underway to send an organized delegation from Lamb County to the State Fair Friday, October 14, and Pat Mann, manager of the Littlefield Chamber of Commerce asks that everyone planning to attend the State Fair contact that office.

**Radio Program Expected**

The Grain Sorghum exhibit for Lamb County to be on display at the State Fair, Dallas, is being planned. It is expected that some form of publicity, probably a radio program, will be put on publicizing the Lamb County exhibit at the Fair, according to Mr. Mann.

More Contributions Needed According to Mr. Mann more contributions are needed to finance the Lamb County grain exhibit, and he asks that those who can send in their donations now, so that the project may be proceeded with. Anyone in the county is eligible to contribute.

We haven't checked recently with the County Agent's office force, so we have no way of knowing for certain exactly how many cotton farms, and therefore by the same yardstick of questioning and speculation, if not to say, token, the exact number of cotton farmers as well, who, in this year of prolific cotton stalk growth at least, there are within the boundaries and confines of the good old county of Lamb.

But by that self-same token, if you wanted or wished to know the number of cotton farmers there are, who are eyeing their cotton fields with at least one eye, and watching the weather and the weather man with the other, who [Continued on Page Six]

**Oklahoma Avenue H. D. Girls To "Make Whoopee"**

By RHODA PRICE  
"Let's Go To The State Fair," may not have been the slogan the past year for Oklahoma Avenue Home Demonstration Club, but it has been the main topic of discussion and uppermost in the minds of most of the members. Because that is exactly what 14 of the 30 members of the club are going to do, come October 10th, when they will board the Santa Fe at 10:00 o'clock, for Dallas—to spend five glorious days, taking in the State Fair of Texas.

The group have been planning, scheming, budgeting and saving for this big event, for nearly a year. They have worked hard, but they have had lots of fun, making the \$1000.00 that they are going to splurge on this trip. They have had their hotel and train reservations for a long time. They have decided just what they will spend their "hard earned" money for while in big "D", and one of the main features of entertainment they have decided on is the "Ice Capades."

How have they made their money? They have had rummage sales, served lunch at the annual R.E.A. meeting, white elephant auction sales and box suppers, and countless other ways.

The Oklahoma Avenue H. D. club is one of, if not the very first club to be organized in Lamb county. It was organized in 1933, with Mrs. Ruth Perry, the then County home demonstration agent, as their leader and sponsor. Since that time, it has been through the years, one of the most active H. D. clubs, not only in the county, but in this entire area.

The first member to have the honor of heading the club as president was Mrs. O. C. Cox, who is still one of its most active members, and will be one of the "five wire" members of the Dallas bound party of women.

With Fair uppermost in mind, this active club did not forget their [Continued on Back Page]

For Jackson White**

Jack White, aged 82 years, passed away at a Lubbock hospital Sunday morning, Sept. 26, at 5:00 a. m. where he had been taken only a few days previously and where a needed operation to have been performed the following day, was ordered canceled and not to be by the Higher Authority.

He had been in ill health in late years, yet was able to be up and about, maintaining his customary cheerfulness, and optimism toward all things, living in the love and affection of his daughter, Mrs. B. D. Garland, and family, with whom he has made his home since the passing of his wife, 17 years ago, in 1932. Mrs. Garland was with him when the end came.

Last Rites Monday The remains were returned to Littlefield and last rites were conducted from the Methodist church in Littlefield, of which he was a member, Monday afternoon. His long-time friend, Rev. J. B. Sharp, a former pastor of the Littlefield church, came from Dumas, in which city he now serves as pastor, to conduct the funeral service.

**Faithful Workers  
Instal Officers**

The Faithful Workers Sunday School class of the First Baptist church installed officers Tuesday night at 8:00 o'clock at the home of Mr. and Mrs. Dewey Hulise. Mrs. Viego Peterson was installing officer.

He was assisted by the local pastor, Rev. Frank Beauchamp, with arrangements in charge of the Hammons Funeral Home.

Interment followed at Littlefield cemetery, where he was tenderly laid at rest, alongside his beloved wife, who had preceded him in death.

Born in Arkansas Jackson White was born in Paris Logan county, Arkansas, on August 27, 1867. All his life was spent in his native state until the spring of 1928, 21 years ago, when he came to Littlefield, accompanied by his wife, and with him came his daughter and son-in-law, Mr. and Mrs. B. D. Garland, and their then infant son, B. D. Garland Jr., and all have since made Littlefield their home.

**TO ADDRESS  
ANNUAL FESTIVAL  
OF MISSIONS**

Emmanuel Lutheran's pastor, the Rev. H. A. Heckmann, will not be present Sunday to conduct the hour of worship. However, Sunday school will begin at 10:00 a. m. and the hour of worship will begin at 11:00 a. m., the usual time for both events. The pastor will be in Tulsa, where he will address members of that Lutheran church on the occasion of their annual Festival of Missions. Due to his absence, Holy Communion will be celebrated on Sunday, October 10th, instead of the usual time, the first Sunday of the month. Announcements shall be made on the afternoon and evening of October 8th.

## Springlake Is Defeated By Bobcats

The Dimmitt Bobcats defeated the Springlake Wolverines, 22-7, in a very important District 3B encounter played at Springlake Friday night.

In the first quarter, Dimmitt lost the ball on the Wolverine eight-yard line, but an automatic safety, a play later, gave the Cats their first two points.

A pass from J. Barlow to Junior Smith from their own eight-yard line in the next quarter produced an 46-yard run by Smith that gave Springlake its only score of the game. Barnett caught a pass for the extra point.

Wilkinson, Dimmitt back, went off tackle in the third quarter for 38 yards to score. The try for point failed.

Leasure went 16 yards around end to score in the final frame. Wilkinson climaxed a long Bobcat drive by scoring again from the four-yard line. Both extra points were made by Wilkinson.

Outstanding line performances were turned in by Leasure of Dimmitt and Jordan of Springlake. Backfield men showing well were Wilkinson of Dimmitt, and Junior Smith and J. Barlow of Springlake.

## Cats Defeat O'Donnell In Impressive 53-0 Victory

### Steven Brock and Charlie Askew Are Main Sparkplugs For Locals

The Littlefield Wildcats scored an impressive 53-0 victory over the O'Donnell Eagles in a non-conference game played at O'Donnell, Friday night.

The Cats took the opening kick and immediately started moving the ball downfield on ground plays.

Renfro took the kickoff on the 20 yard line and moved it back to the 45 before he was stopped. Bailes and Gage moved the ball to the O'Donnell 12 before Bailes fumbled and O'Donnell recovered.

### O'Donnell Fights Hard

O'Donnell tried to gain on the ground and in the air, but could not go anywhere against the heavier Wildcats. They did manage to move the ball out to the 50 with the aid of a 15-yard penalty for unnecessary roughness. From there they punted out of bounds on the Littlefield 17-yard line.

Crossley and Bailes started moving the ball back downfield. Frank Gage ran for 15 yards before he fumbled on O'Donnell's 10-yard line and O'Donnell again recovered to stop the Wildcats.

O'Donnell made only 20 yards in six tries and again punted out on the Littlefield 40-yard line. Askew gained five yards as the quarter ended.

On the first play of the second quarter, Askew gained eight more yards. Bailes gained 13 and 12, and Askew gained nine yards to the O'Donnell 10-yard line. Bailes then smashed his way over the center of the line for the first score of the ball game. Crossley's kick for point was not effective.

### Makes Spectacular Play

Midway in the second period, Charles Askew, speed demon of the Cats, circled left end and raced 46 yards to score. Gene Renfro ran the extra point over to make the score 13-0.

On O'Donnell's third play from scrimmage, Charles Askew intercepted Keller Davis' pass on the 40 and raced it back to the 27-yard line.

### Score at Half 20-0

Tommy Bailes smashed through the line for 25 yards to place the ball on the two-yard line. Askew took it over from there. Bailes ran the extra point over and the score at halftime was Littlefield 20, O'Donnell 0.

Littlefield kicked to O'Donnell and Jack Houston took the kick on his own 10 and ran it back out to the 35-yard line. O'Donnell was held on downs and again was forced to punt. Brock took the punt on his own 20 and came back to the 38-yard line. Three long gains by the Cats were called back for penalties, but they managed to get the ball back out to O'Donnell's 40-yard line. Steven Brock went through a hole at left tackle and raced 40 yards to score. Askew tried for the point, but was stopped at the line.

Close to the end of the third quarter, Gene Renfro ran over another touchdown from nine yards out. Askew took a lateral and ran the extra point over to make the score 33-0.

### Third Ends 40-0

On the third play in the fourth period, Frank Gage ran 14 yards through the middle to score. Tommy Bailes plunged for the extra point and that made the score 40-0.

Floyd Goff intercepted Jimmy Melton's pass on Littlefield's 35 and ran it back to the 40. Bailes, Brock and Askew, in three plays, ran it to the 10-yard line. Tommy Bailes then plowed through the line and pushed tacklers off all the way to the goal line on one of the best runs of the night. Askew made the extra point on a run to make the score 47-0.

### Game Ends 53-0

Late in the fourth quarter, O'Donnell again was forced to punt. Clifford Hoppings took the kick on his own five-yard line and ran to the side lines, cut upfield and made a beautiful run back to O'Donnell's 40-yard line. Billy Cowan gained five yards and Clifford Hopping made another 18-yard run to the 20-yard line. M. C. Northam gained 11 yards on first try and seven more on his second run to put the ball on O'Donnell's two-yard line. Cowan tried the center of the line and couldn't make it. Jackie McCanlies then tossed a neat lateral out to Cowan and he ran it over around left end. The extra point try was fumbled and that ended the scoring for the night. The final score being Littlefield 53, O'Donnell 0.

The Fowler twins, Jim and John, at tackle and guard, showed up well in the line as did Cotter, Edwards and Renfro as linebackers. Steven Brock and Charlie Askew seemed to be the main sparkplugs in the Cats backfield, as did Tommy Bailes, Gene Renfro and Frank Gage.

O'Donnell's outstanding players were Bob Shoemaker at center and Keller Davis in the Eagle backfield.

## Pickin' 'em

By JIMMIE CHAPMAN  
Last week we were very fortunate in our pickings. We were right 10 times out of 10 selections. That brought our season's total to 16 right out of 18 selections. This week's selections prove very difficult, but here we go:

**SUDAN** over **MULESHOE**. We really did flip a coin to decide this one. Sudan has lost all three of their games this year, but all by close scores. Muleshoe has won two out of three. We will just all have to guess on this one and we wouldn't give any points either way.

**DIMITT** over **WHITHARRAL**. This should be a slaughter if Coach Blaine leaves his first string in. The Panthers are weak this year.

**ANTON** over **AMHERST**. It's dog-eat-dog and Anton should come out on top.

**HALE CENTER** over **FARWELL**. This should be one of the best games in Class 3B this week. We like to stick with the Owls. They usually win when you're not expecting them to.

**SPRINGLAKE** over **OILTON**. Those Wolverines are mad after losing a close game to Dimmitt last week. They have a good line and should be able to put a stop on that fast running Mustang offense.

**HEREFORD** over **FRIONA**. Just another of the slaughter games this week.

**SLATON** over **TAHOKA**.  
**MORTON** over **SEAGRAVES**.  
**O'DONNELL** over **MEADOW**.

## Lobos Win First Game Of Season With Defeat Of Sundown 38-7

The Levelland Lobos won their first game of the season Friday night when they defeated Sundown 38-7 in a District 4A non-conference game.

The Lobos took charge early and never were threatened as they scored in every quarter. The halftime score was Levelland 26, Sundown 0.

John Branch and Perry Heard scored early in the game to set the Lobos ahead. In the second period, Durwood Johnson scooted 57 yards on an end sweep for another 10. Heard, on another end run, went 65 yards to score, then converted the extra point.

## Non-Professional Rodeo Held Here Is Big Success

The first NPRA (Non-Professional Rodeo Association) rodeo ever held in Littlefield, and sponsored by the Littlefield Roping club, was held at the Jaycees arena Saturday night and Sunday afternoon in connection with the Lamb County Fair.

Cowboys from all over the western part of the state and surrounding states were on hand to make it one of the best rodeos ever held in Littlefield. There were six big events with prize money amounting to \$100.00 each day in every event except barrel race, which was \$25 each day.

The grand entrance was led by Walter Martin with the flag of the United States, and R. V. Armstrong with the Texas colors.

Those drawing prize money were as follows:

### CALF ROPING

Gene Lowe, Muleshoe, 15.5 seconds.  
O. G. Hill, Pampa, 16.8 seconds.  
Bill Templeton, Abernathy, 17.5 seconds.

## Goss Brings Victory To Mules With Spectacular Plays Against Slaton

Fullback Bobby Goss scored three touchdowns and made two conversions before 2,000 football fans at Muleshoe Friday night, to lead the Mules to a 26-0 victory over the Slaton Tigers.

It was a nip and tuck ball game until the final period when Goss exploded through the Slaton line for all three of his touchdowns.

Until then the Mules led 7-0 on a first period score by Halfback

## Whitefaces Drop Sudan In 6-0 Win

The Hereford Whitefaces handed the Sudan Hornets their third defeat in a row Friday night on a 6-0 score. The game was played at Hereford.

Hereford is a member of District 1-A while Sudan is a member of District 4-A North half. Hereford and Phillips are considered powers in their district, while Sudan is noted as one of the "better" teams in 4-A.

The game was a seesaw contest of fumbles, short kicks and penalties most of the way. Sudan had the advantage up until the last quarter when Hereford broke loose. Up to that point, it had been a midfield battle except for two perforations by Sudan and one by Hereford.

Jack Stanton, lefthanded passer, flipped a pass to sophomore Bill Kelly, right halfback, who traveled a total of 55 yards to score the only touchdown of the game.

This was Sudan's third straight loss, two by one touchdown and one by one point, and Hereford's third straight win. Hereford has not yet been scored against.

# Cerebral Palsy Treatment Center Is Being Built

Progress Reported On Road Improvement

A ground breaking ceremony for the new \$42,000 Cerebral Palsy Treatment Center was held Wednesday, September 21, at the time of the regularly scheduled meeting of the Lubbock Rotary club, co-sponsors of the project.

The new building, to be located at Thirty-fourth street and Avenue M in Lubbock, will be a one story

masonry structure providing facilities for physical therapy, occupational therapy and speech therapy for the cerebral palsied.

The Treatment Center, at present located at 1317 Tenth street in Lubbock, completed its first year of operation on August 22. During the year 202 cases of cerebral palsy were registered for treatment and

2997 treatments were given. Seven clinics were held with 289 examinations being made in clinic. Clinics were held at approximately two month intervals with two orthopedists specializing in the care of the cerebral palsied present to examine the patients in each clinic.

One fourth of the cases treated during the year were two years

age or less when registered. The youngest child registered was five months of age.

Cases came to the Treatment Center from 80 towns and surrounding areas in Texas, New Mexico and Colorado, extending southeast 500 miles to Cuero, Texas, and north about 325 miles to Holly, Colorado.

Cases coming to the center are referred by their local physicians or by orthopedic specialists. During the last year 102 physicians referred cases for care at the center.

Facilities of the treatment center are available to all cases in need of care. The next clinic for the examination of patients will be held

Monday, November 14, with Dr. C. B. Sadler, Amarillo, and Dr. E. T. Driscoll Plainview, examining the patients. Parents are requested to register children at the center some before the clinic date. Further information may be obtained by writing Dr. E. E. Snell, director, or by calling Lubbock 6541.

Texas now has in all, 834 miles of passable roads of all grades. Most rapid progress has been made in farm-to-market roads, 500 miles of which have been financed by the state highway department in conjunction with aid, since V-J Day.

The figures are from a report taken by the Bureau of Public Roads at the direction of the United States Senate. Statistics were compiled by the department in cooperation with county road officials.

Farm-to-market roads are upon the recommendations of district engineers after consultation with county commissioners. The commission on the basis of these figures show:

Seventy-two (72) percent of market roads carry less than 24 percent carry more than 24 percent carry one or more of these services.

Other roads built under the farm-to-market road program are completed, the vast majority of farm dwellings will be within a mile of a paved road.

The state highway system, August 31, 1949, included 1,840 miles of roads of all types or financed for paving.

The counties have 1,840 good paved roads and 1,840 surface treatment. The support 38,425 miles of gravel-surface roads.

According to the latest figures—1947—local road construction on the county level is \$45,500,700. No difference shown between construction maintenance.

Here are more figures by the survey:

Common carrier truck Texas are 23,261 miles in length they use 22,465 miles of gravel-surface roads.

Common carrier bus routes 26,436 miles, of which 11,811 miles are state roads.

Mail routes cover 91,913 miles, of which 72,267 miles are under state control.

Trucks travel 76,570 miles, 45,941 miles are on local roads.

The survey showed that counties in Texas carry road construction without the aid of state funds.

Seventeen counties under the unit system and restricted.

Headquarters county which the unit system is now abandoned.

The vast majority of their road construction is financed under the supervision of the county commissioners.

Those who have observed the unit system say that it is one chance to create a road—and that is when the slone's court laws the other over to an engineer.

When the unit system is used—strongly in support of the unit system, it is successful.

are mentally measuring and speculating the probable number of bales or fractional portions of bales, at least their own flock of acres will yield, and go toward paying off some of their notes at the bank, their taxes, and maybe a new fall outfit for the missus, we can tell you beyond the shadow of any doubt, that their number is legion, and exactly the same as the total of either the number of cotton farms, and the cotton farmers. In other words it is all and every one of them.

Football may be the great outdoor sport—the world over, but out here on the Plains, in at least this year of 1949, football has to take a backward seat, at least to the extent of second place, because the sport of estimating and guessing the "yield per acre," is definitely in the forward position, and at the very least, is as much as three first downs, two completed passes and a goal kick ahead of it. More probably, football is even in third place, because, second to yield per acre, and even ahead of king football, must come, the official count of the probable number of worms, and the date of the first frost and killing freeze.

But all of this has nothing, or at least not much to do with what we started out to write about. The real theme and object of this little story, is to inform each and every-

## AMHERST NEWS

one of our readers, and that means, we presume all of them, that the great \$84.00 question of the cotton industry has been solved and answered. The formula for exactly estimating the exact cotton yield per acre has been uncovered, discovered and recovered.

Who dug the answer out of the woodpile, where the proverbial nigger is supposed to conceal his kinky covered head, is a secret we are going to keep—not because we have to keep it, nor for sinister reason, but only because we failed to ask and receive permission for the use of his name.

Suffice it to say, write or tell you that if 25 years of hardy toil as a cotton farmer, the accumulation of enough good land to require a half dozen tractors to care for it, and then having enough money left over to plant all of it to cotton, isn't enough to qualify this man as an expert, even in estimating, plus his ability to nonchalantly say, as of today, as he draws on a cigar as fat as a big hot dog:

"I don't believe I'll make 1500 bales this year, but I'll get more than a thousand, if it makes half a bale—and it will"; a man who not only has a formula for estimating his own cotton yield, but in spare time, casually looks over other cotton fields, applies his "estimating formula," makes an offer and buys the field in August and September and makes that also pay—well if that isn't the answer to the question that is rated at six tens and four ones, it get mighty powerful close.

Still keeping his identity a secret, we'll tell you he lives out Beck's Gin way, not exactly near and not exactly far—his word is as good as his bond—and a check in five figures, with his name attached will get prompt and immediate favorable response at any bank.

What is his formula for estimating the yield per acre? It is simple enough and simplicity itself, and the only equipment you need to do your own estimating, and employing his formula, is an 8-foot yardstick, a cotton patch of any size, an eye that can tell the difference between a boll and a young watermelon, and sufficient education to be able to count up to exactly 125.

Year after year, according to friends who know, his accuracy, on the yield of his own, as well as his neighbors' cotton fields, is of a certainty, an amazing revelation—if it isn't actually uncanny.

With all of these prizes being offered here and there for guessing total number of bales, we'd be downright selfish, if we kept his formula to ourselves, so here it is:

"Go into the cotton field; find a spot that looks like average for the field; take a foot rule or a yardstick, and measure off 8 running feet down the row; count the number of bolls in those eight feet that look "likely" to mature, at about this time of year. If the count is 125, your yield will be one-half bale to the acre. If it is more or less, the same ratio will apply. If the count goes as high as 250 bolls—you're in for a bale to the acre, and enough dough to buy a Rolls-Royce if your wishing runs in that direction.

Want to win some prizes estimating the number of bales your own county is going to make this year?

Well, it's simple enough—just measure off 8 feet, and count the bolls, and visit about 2,000 farms in the county—and then advise the census-enumerator what his final gleaning report should be.

It's just exactly that simple—and a cinch!

## State Fair of Texas To Be Held Oct. 8-23

The 1949 State Fair of Texas, to be held Oct. 8 to 23, boasts the biggest livestock show in its history, with unprecedented increases in entries for both junior and senior events, final tabulations have revealed.

Matching the overall scope of the greatest extravaganza ever produced by the State Fair, the huge entry list includes 3875 head of beef and dairy cattle, swine, sheep, goats and horses valued at more than \$2,000,000. This is an increase of 968 over entries for 1948.

The 524 entries for the National Aberdeen-Angus Show alone far exceed the total 410 beef cattle entries received last year. There are also 244 Hereford, 114 Brahman, 46 Shorthorn and 14 crossbred beef cattle.

In dairy cattle shows, there will be 93 Guernseys, 50 Holsteins, 78 Jerseys and 81 milking Shorthorns. The swine show will break all records with 563 entries; there will be 251 sheep and 73 Angora goats, 115 quarter horses and 36 Palominos.

Exhibitors from 18 states and Canada are represented.

The Junior Livestock show, more than 60 percent bigger than 1948, has drawn 1603 entries from 650 farm youngsters in 158 counties.

The 1949 State Fair will wrap up the fanciest parcel of free entertainment on earth.

Once inside the gates, practically everything at the mammoth exposition is free, except, of course, for such things as hot dogs, roller coaster rides and foot liniment.

Among the sensational free attractions at the Fair are:

The "Man and the Atom" show direct from the first and biggest atomic energy museum in the world, at Oak Ridge, Tenn., cradle of the atom bomb.

A complete miniature television station in action, where KBTW of Dallas will televise virtually all of its programs during the Fair.

Selden the stratosphere man and the world-famous Cimse Troupe, who daily perform feats of aerial daring on the midway.

The most spectacular fireworks fiesta ever presented in the Southwest, every Tuesday, Wednesday, and Thursday night in the Cotton Bowl.

And there'll also be the South's biggest automobile show, the new poultry show and agriculture show, special features at five museums, hundreds of commercial exhibits,

## State Fair of Texas To Be Held Oct. 8-23

Texas now has in all, 834 miles of passable roads of all grades. Most rapid progress has been made in farm-to-market roads, 500 miles of which have been financed by the state highway department in conjunction with aid, since V-J Day.

The figures are from a report taken by the Bureau of Public Roads at the direction of the United States Senate. Statistics were compiled by the department in cooperation with county road officials.

Farm-to-market roads are upon the recommendations of district engineers after consultation with county commissioners. The commission on the basis of these figures show:

Seventy-two (72) percent of market roads carry less than 24 percent carry more than 24 percent carry one or more of these services.

Other roads built under the farm-to-market road program are completed, the vast majority of farm dwellings will be within a mile of a paved road.

The state highway system, August 31, 1949, included 1,840 miles of roads of all types or financed for paving.

The counties have 1,840 good paved roads and 1,840 surface treatment. The support 38,425 miles of gravel-surface roads.

According to the latest figures—1947—local road construction on the county level is \$45,500,700. No difference shown between construction maintenance.

Here are more figures by the survey:

Common carrier truck Texas are 23,261 miles in length they use 22,465 miles of gravel-surface roads.

Common carrier bus routes 26,436 miles, of which 11,811 miles are state roads.

Mail routes cover 91,913 miles, of which 72,267 miles are under state control.

Trucks travel 76,570 miles, 45,941 miles are on local roads.

The survey showed that counties in Texas carry road construction without the aid of state funds.

Seventeen counties under the unit system and restricted.

Headquarters county which the unit system is now abandoned.

The vast majority of their road construction is financed under the supervision of the county commissioners.

Those who have observed the unit system say that it is one chance to create a road—and that is when the slone's court laws the other over to an engineer.

When the unit system is used—strongly in support of the unit system, it is successful.

# Large Numbers Attend Hukill Golden Anniversary Saturday

September 24th, 1949. Great grand-daughters of the couple from Lubbock were flower girls. They each wore blue velvet dresses. Little three-year-old Jerry Ford of Houston, great grandson of the couple, was ring bearer. After the ceremony the family and close friends returned to the Hukill home for a golden anniversary dinner. In the afternoon from 2 to 6 o'clock open house was held and more than 150 friends called during the afternoon. Besides those from Littlefield and Lamb county, who registered in the pretty golden anniversary guest book, were friends and relatives from Oklahoma, New Mexico, Houston, Hereford, Borger, Muleshoe, Lubbock Post, Pampa, Anton, Long Beach, Calif., Hamilton, Ohio and Collinsville, Texas.

Mr. and Mrs. Hukill were married in Gainsville, and she was the former Miss Mae Sartin. They moved to the Fieldton community in 1926, where he was engaged in farming until 1942, when they moved to Littlefield. They have three children, six grandchildren and five great grandchildren. All were present for the celebration.

# Here's Group Of Two Five Generations

Two sets of five generations are shown in the above picture in the family of Mrs. E. J. Parsons, 94, who makes her home with her daughter, Mrs. Lou E. Sinclair of 618 West Seventh street. Above members of the family gathered at the home of Mr. Sinclair on Sept. 7th to visit with Mrs. Parsons and Mrs. Sinclair and have a picture taken. In front row, left to right, are: Buddy Honeycutt, Kim, Colo.; David Rose, Oakland, Calif.; Mrs. Seraphina Porterfield, Littleton, Colo.; Mrs. E. J. Parsons, Littlefield, Texas; and Cheryl Honeycutt, Kim, Colorado. In back row, left to right, are: Mrs. Billy Rose, Oakland, Calif.; Billy Rose, Oakland; Sterling Honeycutt, Kim, Colorado; Mrs. Sterling Honeycutt, Kim, Colorado; and Mrs. Irene Rose, Oakland, Calif. In the one generation are: Mrs. E. J. Parsons, Mrs. Seraphina Porterfield, Mrs. Irene Rose, Mrs. Sterling Honeycutt and Cheryl Honeycutt. In the other generation are: Mrs. E. J. Parsons, Mrs. Seraphina Porterfield, Mrs. Irene Rose, Billy Rose and David Rose.

# Miss Dottie Roberson And Leslie Lichte Married Friday

Miss Dottie Roberson, daughter of Mr. and Mrs. Bill Roberson of Amherst, became the bride of Leslie Lichte, son of Mr. and Mrs. Fred E. Lichte of Littlefield Friday morning at Amherst. The ceremony was performed at 9:30 a. m. at the parsonage of the First Baptist church, Amherst with Rev. J. Henry Cox, officiating. Married in Brown The bride wore a brown tailored suit with corresponding accessories and an orchid corsage. Mrs. Billie Graham, sister of the bride, served as matron of honor. Troy Byers Best Man Troy Byers served as best man, past year from the Amherst high school; was popular among the younger set, and a star player on the Amherst school basketball team. Mr. Lichte was graduated from the Littlefield high school with the class of 1944, and has been carrying on farming operations east of Littlefield. Immediately following the ceremony the couple left on a honeymoon trip to Ruidosa, N. M., and their return will be at home at their country home east of town.

tures of the big parade are described in subsequent paragraphs, and in photo reproductions of some of the entries on another page. In addition to the bands and floats there were dozens of mounted riders, animal entries from the Tidwell carnival, displays of new cars, and farm, livestock, dozens of cars followed by hundreds both juvenile and mature on foot, who wended their way to the Fair gates and the real opening of the Fair. Many Beautiful Floats All of the floats were beautifully decorated but many were actually outstanding. Prizes were offered for the three floats judged "best" and these prizes were awarded to first, Littlefield Woman's club, \$50.00, presenting a "floating" dream club house with a miniature "wanted" club house, centering a lawn graced by a half dozen beautifully gowned women, in a color scheme of yellow. Second prize went to the Tuesday Study Club of Sudan, \$25.00, for their float in a color scheme of red and white, centering a miniature merry-go-round with four children in pretty dresses, whirling as the float wended its way. Third prize was awarded to Sudan FFA, \$10.00, for their entry expressive of farm operations. Honorable mention was given to Littlefield Jaycees for their float, dedicated to the fight against polio, which featured a monster dinosaur labeled "polio," while in contrast nearby a group of women sat playing bridge—painting a contrast lesson, and the need for more work among the women and more funds to fight the dreaded disease. Other floats were entered, including one by the army air force, Blue Bonnet Home Demonstration club, Girl Scouts, Buck Ross (a terracing float), Red Cross, Lutheran Church advertising the Lutheran Radio hour, Oklahoma Avenue H. D. club, and an FFA club float. Other parade participants and exhibitors were: South Plains Motor, Banks-Packwood, Record Bar, Onsteads Furniture, Jones Motor, Garland Motor company, Luce and Rogers, Hall Motor company, Boy Scouts, Nelson Hardware, Texas Pump & Equipment, and possibly one or two others which might have been overlooked, making up a parade estimated to have been half a mile in length. As the parade wended its way through the Fair ground gates, Lamb county's most colorful Fair was in reality launched.

# Patsy Brazil Bride Of J. D. In Beautiful Ceremony

Recently Married Mrs. VEGAS, NEV.

Mr. and Mrs. Jay Brown, newlyweds, were honored at a bridal shower and tea Wednesday evening of last week at the Big Square Community school building, 13 miles north of Earth. Levelland Rebekahs Guests of Littlefield Levelland Rebekah lodge members were special guests of the local Rebekah lodge, at a regular meeting held Monday night at the YOCF Ballroom. The room was attractively decorated with a profusion of autumn cut flowers. Following the ritualistic services, a skit, "Old Maid's Slumber Party" was presented under the direction of Mrs. Lyle Brandon.

# Wedding Vows Exchanged By Miss Logan And Herbert Walker

Miss Ruth Inez Chas. E. Hinds Wed The wedding of Miss Ruth Inez Griffing and Charles Elwin Hinds was solemnized Friday morning, September 16, in a sunrise service at the Amherst Methodist church at 6:30 o'clock with the Rev. Elmer Crabtree officiating. The bride, given in marriage by her father, I. N. Griffing, wore a semi-formal gown of white lace over white slipper satin, the veil consisting of net and white satin with seed pearls, and white satin shoes. She carried a bouquet of a dozen pink roses with white streamers and a white Bible. The maid of honor, Miss Ellen Rossen, wore a gown of beige and brown with brown accessories and carried a bouquet of white carnations. Junior Holland served as best man. Linda Gail Griffing of Abilene, served as flower girl, and the ring bearer was Stephen Cole Snodgrass of Maple, J. C. Hall and James Porter were ushers. Mrs. Joe Porter sang "Indian Love Call," "Because," and "Always," accompanied by Margie Messamore on the piano, who also played other traditional wedding music. The wedding cake, topped with the miniature bride and groom, was served by Mrs. Eva Nickles, while Marcia Joyce Hinds, sister of the bridegroom, poured coffee at the reception given in the home of Mr. and Mrs. I. N. Griffing, brother of the bride. Miss Elaine Pugh was at the register. A red suit and hat with black accessories was the bride's going-away outfit. After a wedding trip to various points in New Mexico, the couple will make their home in Amherst where Mrs. Hinds is employed at the Amherst Co-op Hospital, and Mr. Hinds is engaged in farming. Mrs. Hinds, daughter of Mr. and Mrs. N. A. Griffing of Amherst, graduated from Amherst High school and attended Lubbock Memorial and Hendrick Memorial Nursing school in Abilene. Mr. Hinds, son of Mr. and Mrs. V. A. Hinds, graduated from Amherst High school and served with the army, being stationed at Camp Hood, Texas. Guests attending the reception were Mr. and Mrs. V. A. Hinds, parents of the groom; Sue and Joe; Mr. and Mrs. Griffing, parents of the bride, Eugene and Robert; Mr. and Mrs. Ray Snodgrass, Beverly and Stephen of Maple, Texas; Mr. and Mrs. Delbert Middlebrook, Don Ruth Ann and Anita of Muleshoe; Jack Chastain of Muleshoe; Mrs. Joe Porter, James and Joy; Betty Ann Campbell; Mr. and Mrs. Homer Hall and J. # That Added Touch

A note of brilliance at your throat — a sparkle at your wrist, and a burst of glory at the neckline — are the jewelry touches for autumn's frocks. A shower effect, with large clip-on earrings, the bold button-type and the drop, pendant earring are all equally important in fashion significance. Bracelets of all widths, of all metallic and jewelry finishes, dramatically set off the three-quarter sleeves of new tailored and dressy frocks. Pendant necklaces, choker necklaces and rope or multi-strands of pastel-hued pearls are lavish touches to wear with either simple, high, untrimmed necklines, the square and low cowl out or the deep V-plunge. Fair Closes - [continued from page one] cause the secretary lacks proper or complete addresses. Beyond question this year's Fair far surpassed the initial Fair last year, but maybe the comparison isn't entirely fair to the 1948 version, because, while last year's Fair was staged under cloudy, rainy weather conditions, this year the weather man was in full cooperation, and more ideal weather conditions could not have been made available, for the staging of the Fair, than if they had been placed on special order. Fair officials are still not finished with the big job of bookkeeping and so a final audit cannot be made until all of the bills are in, and paid, but the indications are that the show will at least break even financially, and there is a chance that the final figures may show a small surplus to carry over.

Twenty-three Square Dance teams were entered, and went through the mazes of the "square" to the accompaniment of a fine 7-piece string band from Lubbock, and swaying and turning, and plugging to the call of 17 semi-professional dance callers. This year, to rectify a mistake of last year's Square Dance competitions, others besides the special teams were permitted on the floor to dance, along with the "professionals" or entered teams, at any and all times. There were no actual competitions among the teams, and no prizes offered, but the applause of the crowd, for the top-notchers, left no doubt as to whom were winners, or outstanding. # Exhibits Splendid

The agriculture and livestock exhibits were really super, and displayed in generous profusion. The livestock barns were a bit overcrowded, but the agricultural exhibit buildings seemed almost glove-fitted to the displays. Commercial exhibits in the VFW hall were not as numerous as had been expected, or hoped for, but local business men who had purchased space, really did a splendid job of arranging attractive booths. Suffered Lack of Space The exhibit which really suffered for lack of space was the Woman's building, where hundreds and hundreds of entries in almost every classification were on display, and gaily be-ribboned, as first and second place winners. But here lack of floor space really got in its work to crowd the countless entries so much, that their beauty and value, were in many cases almost obscured. Fair officials haven't promised, but they are hoping to rectify this pressing housing shortage before the 1950 Fair opens its gates. Advertised for three days, Thursday, Friday and Saturday, opening day activities were largely confined to final placement of entries, and judging of the same, although livestock judging did not take place until Friday and Saturday. Rodeo Big Event In the evening however, the Fair really went into high gear, at the rodeo arena, where a huge specially constructed dance floor had been stage one of the highly advertised, and big attractions of the Fair—the annual Square Dance, and a large crowd of both dancers and spectators was on hand early and remained until late. Hall and wife, with Herman Barnett doing their "calling." Band Concert Big Event Friday morning brought a big band concert at the Court House at 8:00 a. m., with the high school bands, each in beautiful and highly colored uniforms. From Sudan, Morton and Littlefield, leading or heading the most beautiful and colorful parade ever staged in Littlefield. The line of march was down Phelps avenue, thence on Highway 84 to the intersection, and thence out the Levelland-Highway to the Fair ground. Other fea-

# Superintendents Listed

Superintendents for the different phases of the fair were: F. A. Nafziger, Olton, beef cattle; E. E. Chace, Springlike, dairy cattle; Stillwell Russell, Littlefield, dual purpose cattle; L. B. Olson, swine; J. G. Simmons, Amherst, junior livestock; Mrs. John Nix, Mrs. W. E. Friday, both of Amherst, and Mrs. Floyd Seymour, Sudan, home art; Mrs. Hub Sprayberry, Littlefield, county home demonstration booth; Mrs. C. E. Jones, Littlefield, 4-H Club, and F.H.A. girls; Mrs. George White, Littlefield, plants and cut flowers; County Agent David Easton, agricultural products; Mrs. I. B. Haire, Balm, textiles; and Lon Campbell, Littlefield, commercial exhibits. E. C. "Buck" Ross was in charge of the parade and Square Dance festival. First place for community booth in agricultural products went to Olton. The prize was \$20.00. Arranging the display was W. W. Hall, vocational agricultural teacher of Olton High school and the F. F. A. boys. B. D. Birkelbach farm, located two miles south of Littlefield, took top honors in the farm display. Eighteen displays were included in the exhibit, all grown on the 177-acre Birkelbach farm. The youngest of the five brothers, Emil Birkelbach assisted in making the arrangements. Judges were: R. H. Dapis, Amarillo, dairy cattle; Leo Withowski, Happy, dual purpose cattle; George Sammon and Lewis Harron, Post, crops. Elmer Ferguson was judge of 4-H and F. H. A. exhibits. Mrs. Henry Williams and Mrs. Marie Williams both of Lubbock were judges of the art show. But it would be incomplete and unfair if special attention were not called, and due credit given to the men and women who have worked days and nights in planning and staging this second annual Lamb county Fair. They did a good job and they deserve the thanks of all of us. It would be impossible to mention all who deserve mention, but all the officers deserve high praise with special thanks to men like Buck Ross, Pat Mann, Lon Campbell, Jess Elms, Mrs. Buck Ross, Mrs. I. B. Hair, Mrs. Jess Clarida, David Eaton Miss Dorothy Patterson (C of G assistant secy.), Mrs. J. M. Griffin, and dozens of others whose names are not mentioned for lack of space. Subject to correction, and only as complete as hurried bookkeeping would permit, the exhibits were entered, and awards made to those listed elsewhere in this newspaper.

**HUMAN CAPACITIES**  
Men are often capable of greater things than they perform. They are sent into the world with bills of credit, and seldom draw to their full extent. —Walpole.

As the soil, however rich it may be, cannot be reproductive without culture, so the mind without cultivation can never produce good fruit. —Seneca

The block of granite which was an obstacle in the pathway of the weak, becomes a steppingstone in the pathway of the strong. —Thomas Carlyle

The mind, unmastered by passions, is a very citadel, for a man has no fortress more impregnable wherein to find refuge, and be un-taken forever. —Marcus Aurelius

We never know how high we are 'Till we are called to rise; And then, if we are true to plan, Our stature touches the skies. —Emily Dickinson

The human capacities are enlarged and perfected in proportion as humanity gains the true conception of man and God. —Mary Baker Eddy.

# First Furr Food Was Combination Grocery And Department Store

FURR'S WAREHOUSE, Bakery, Creamery and General Office (one view) at 1708 Ave. G, Lubbock.

Furr's Super Markets of 1949 are a far cry from the small but influential Kirkland Mercantile Co. of Kirkland, Texas, near Childress, the first of the string of Furr's markets.

Here, in 1904, its doors were opened to the public by C. W. Furr, now deceased and father of Roy Furr, president and general manager of Furr's Inc. It was a combination grocery and department store from the beginning.

He was "Daddy" of the Furr's super of today. From this dust and stir of Kirkland's first store, the Furr organization has grown steadily and rapidly and now operates in four states—Texas, New Mexico, Oklahoma and Kansas.

Today Roy and Mrs. Furr reside at 3120 Twentieth street in Lubbock. The couple has a married son, Don, who is in the business with his father; daughter Shelly in Texas Tech, and Roy Jr., "Corky" in J. T. Hutchinson Junior High school.

C. W. Furr moved to Kirkland in Childress county. The rear of the mercantile company building, a 20x30 foot establishment, was used as a home for almost a year. As the country about Kirkland built up, C. W. Furr added to his holdings, erecting several brick buildings and organizing several business firms, including furniture, drygoods and groceries. In 1906 he helped organize the Kirkland State bank and in 1915 was elected its president. During those years he kept accumulating farms and business property in that country.

In 1925, he stepped into Potter county, Amarillo, where he bought the M-System franchise in several counties in the Panhandle. Roy went with his father to Amarillo as a business aide. He saw a fertile field in Lubbock and vicinity and in 1929 he moved to that city.

During that year six stores of the M-System were purchased and in 1934, when there were three stores in Lubbock and six in neighboring cities, they became known as Furr Food Stores.

In the intervening years the program of units has expanded, and now includes, in addition to stores, bakery, creamery and warehouse facilities.

## Reception Honors Springlake Faculty

A reception honoring the faculty members of the Springlake school was held in the Earth Club house Thursday evening, September 15, with a near record attendance of the faculty and a host of school patrons.

The Club house was decorated in school colors of green and gold with garden flowers throughout the entertainment hall. The serving table, presided over by Mrs. Orbis Armstrong and Mrs. Roy Neal, was laid with lace, a huge green satin ribbon center-piece bearing, "Welcome Teachers" in gold letters, green and gold burning tapers and was appointed with crystal. Gold punch and green food cakes were served.

After Supt. J. B. Middle introduced the faculty members, progressive '43 provided the evening's entertainment. Mrs. Sam Cearley was chairman.

daughter Vicki returned home last Wednesday from Pecos, where they were called to attend the funeral services for her grandfather, Perry Holdman, who died Monday. Funerals were held Tuesday.

## Dan Harris Manager of New Store; Jimmie Garrett Is Market Manager

Furr's first store—the original Furr's store, the Kirkland Childress—as it appeared in 1904. Here C. W. Furr, now deceased, and general manager, founded this company, which has since grown into a large organization.

The executive personnel of the Littlefield Furr Food Stores consists of Dan Harris, manager, and Jimmie Lee Garrett, market manager.

Mr. Harris is a native of Chillicothe, and has resided in Ropesville and Lubbock. He has been assistant manager of Furr Food No. 3 at Nineteenth and Avenue T in Lubbock.

He served during World War II in the Merchant Marine. Mr. Harris is married, and has two sons, Dan, Jr., about four years of age, and Randy two years of age.

Mr. Garrett who is manager of the market at the new Littlefield store, is a native of Athens, Texas, and has been connected with markets for the past 15 years. He has been with Furr Food Stores at Leveland and Lubbock.

Mr. Harris is married, and has five children, three girls and two boys. The girls are Nancy, Jane, Phyllis Ann, and Marie Jean. The boys are Bobby Lee and Hubert Harold.

## 48 Stores in Furr Organization

With the opening of the Littlefield store, 48 Furr food stores are in operation in four states—Texas, New Mexico, Oklahoma and Kansas.

There are 27 stores in the Lubbock division of the organization, and 21 stores in the Amarillo division.

Two new stores are under construction at Pueblo, Colorado, in addition to the 48 stores now in operation.

"Unreality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 1, 1944. The thoughts of the righteous are right; but the counsels of the wicked are deceit." (Psalm 141:5).

Among the citations which come from the scriptures are: "For the kingdom of God is not in word, but in power. For if we have been united with him in his death, we shall also be united with him in his resurrection. We shall therefore live with him forever." (1 Peter 1:3-4).

 immediately formed the Garland & White Auto Supply Store, garage and car sales agency, located on the still unpaved Lubbock highway, and a short time later built the brick building on Phelps avenue and Second street, and moved their business thereto, and where it is still housed.  
**Retires from Business**  
 He was active in the business for many years, but bad health and advancing years caused him to decide on retirement from business, and in 1945 he disposed of his interest in the business, which is now conducted by his grandson, B. D. Garland Jr., to his partner.  
 He has visited his boyhood home on numerous occasions, in the last 21 years, and returned from an extended visit there last year.

Since that time, he has spent most of his time in the home of his daughter, seldom coming to town, but always welcoming visits from his many friends.  
 The firm of Garland & White played no little part in the rapid development of Littlefield and the country surrounding and Littlefield always had a loyal friend and ardent booster in its senior member, Jackson White.  
**Survived by Brother**  
 In addition to those close relatives with whom he has made his home, he is also survived by a brother, George White of Paris, Arkansas, five other brothers and sisters having preceded him in death. A niece, Mrs. Jack Hopkins and her husband, who make their home in Lubbock, also survive and attended the last rites.  
 The funeral was simple, as Jackson White would have wished, but the beautiful floral offerings attested his many warm friendships.  
 Pall bearers carrying the remains in the service, and to their final resting place in Littlefield cemetery were: G. S. Glenn, J. E. Chisholm sr., Ernest Jones, George Ligon, L. B. McLean, and Ben Joplin. Honorary pall bearers included members of the Men's Bible class of the Methodist church, in which class he held membership.

 own Lamb County Fair, and last week at the Fair, in the Home Demonstration exhibits, placed in the Women's building, they excelled even their past efforts with an exhibit of aluminum trays, which was their major work accomplishment of the year, and their explanation of their method of making these trays, uniquely portrayed was a real Fair highlight, especially among members of other H. D. clubs, and Art clubs.  
 The club has always been active in charitable work and effort, and this year, they made a substantial contribution in money, work and time to the Red Cross campaign. They have bought needed eye glasses for needy children, but not to be overlooked as a major club activity, is their neighborliness and loyalty to each other within their club membership, where "Help Each Other" is a first call on each, although never mentioned in their annual year books.  
 The club is the pride of the entire community, and these women are the leaders in the social life of their community.  
 If Dallas and the State Fair does not stage a special welcoming party

for this grand and active club, it will not be because they have not earned and merited it, but only because Dallas and the Fair committees, doesn't know the truth and story of their activities to make their better in their home community—filling their niche in making Texas, West Texas a better place to live, and a place of better homes.  
 Those planning to make the trip are: Mesdames Joe Bitner, Fred Lichte, O. C. Fox, J. J. Renfro, J. M. Griffin, C. C. Solesbee, M. M. Dubose, Clem Dubose, A. H. Stewart, E. C. Ross, C. E. Jones, J. R. McKinney, L. B. Davis, Clyde Davis and Walter Martin.

 also some of the history of NEPH Week, the needs of local committees to publicize the program and assist handicapped persons in finding proper agencies for rehabilitation processes, develop job openings, and give encouragement to the physical handicapped who are presently employed.  
 Wolfe Shaw was elected by the group to serve as chairman of the Littlefield National Employ Physical Handicapped Week committee. Other members of this group are

Rev. Carter McKemy, Robert Kirk, W. G. Street Jr., Vernon Hofacket, Pat Mann, Mrs. L. M. Brandon, Lomar Nelson, Gus Shaw, and J. D. Jordan. This group will function as an active year around committee in carrying out the aims of NEPH program. Any handicapped individual needing guidance or information, or any employer desiring to employ a handicapped person should contact any member of the committee.  
 Mr. Wolfe Shaw calls the attention of the general public to the fact that NEPH week is from Oct. 2 to Oct. 7. This is a nationwide project call for special emphasis to educate the general citizenry of our duty to assist the handicapped person to get his feet on the ground and become a happy individual, earning his daily bread and taking his rightful place in his community. We feel sure that this committee will feel a long felt need in Littlefield and will accomplish its great goals under the leadership of Wolfe Shaw, who has earned district-wide renown as a champion of the unfortunate. However, the success of this committee depends upon the assistance given it by the man on the street, Mr. Employer, and the handicapped, themselves.
