etric
at Lubbock

ra E. Woods, Dr. W. Armistead, and Glenn S. Burk, of Littlefield, will attend a meeting of the Plains and Perimeter Societies at Lubbock Thursday evening, 7:30 p. m. at the Hotel in Lubbock. Mr. Hill, associate director, and economics for the extension program speaker of the evening.

THANKSGIVING SERVICE BY MINISTERS HERE

Thanksgiving morning will be given the morning of November 23 with all denominations participating. The time and place to be set at a meeting of the ministers at 10 o'clock on the morning at the church.

Lieut. R. E. Hall of the Salvation Army said Monday all ministers in the community were urged to attend the meeting tomorrow and participate in the final planning for the united service. All residents of Littlefield and Lamb County will be invited to join in the thanks program Thanksgiving morning, Lieutenant Hall said.

Rescued GI's Mother Gets Letter

EASY DOES IT, IN NURSING— Mrs. Glenn Woody, of Lubbock, an instructor in the Lamb County Red Cross 30-hour home nursing course now being held at the Amherst Hotel in Amherst, demonstrates the proper way to raise a patient to a back rest as three other instructors watch. They are, from left to right, Mrs. J. L. Moore of Levelland, Miss Beulah Miles of St. Louis and Mrs. Rebecca Pond, also of St. Louis. Mrs. Pond and Miss Miles were sent to Lamb County from the Mound City to conduct the classes. The "patient" is Mrs. Mary Barron, Red Cross executive secretary at Levelland.

Mrs. Eunice Jones, 1001 Duncan St., whose son was the sole survivor of 30 wounded and ill American war prisoners massacred by the Korean Reds, has received a letter from her soldier son forwarded through the Red Cross from Japan and also a telegram from the Adjutant General's office in Washington confirming his rescue and the fact he had been wounded.

The letter of Pvt. Sherman Lee Jones to his mother from the 118th Station Hospital in Fukuoka, Japan, where he was taken following his rescue, reads: "Dear Mom: On July 27 I was captured by the North Koreans and was a prisoner of war until October 23 when I was liberated. I have not been able to write to you since that day. "They didn't treat me very good while I was a prisoner. I have several wounds the North Koreans inflicted on October 21, the day before I was liberated by the Sixth Tank Battalion. "I don't know how long I will be at this hospital, but send my mail to the address on the envelope (Pvt. Sherman Lee Jones, RA 18347181, Hospital Directory Service, APO 503, care PM, San Francisco). Probably I will be sent to a hospital in the states in about three weeks. I will write you when (Continued on Back Page)

Stores Will Remain Open Armistice Day, Saturday

Littlefield business houses will be open November 11—Armistice Day.

Dan Berg, chairman of the retail merchants committee of the Littlefield Chamber of Commerce said Monday that inasmuch as the holiday fell on Saturday the merchants would be unable to close their establishments. "The next holiday that will be observed by the merchants in Littlefield by closing their stores will be Thanksgiving Day," he said. "The merchants felt a Saturday closing would work a hardship on the community and deprive many persons of an opportunity to do necessary weekend shopping."

The annual American Legion Armistice Day breakfast was slated to be held as usual. Time and place were to be set at regular meeting of the post in the Legion Hall in City Park.

Last Rites Sunday For Nick Toews

Funeral services were conducted Sunday at 3 p. m. at the First Baptist Church, Littlefield, for Nick Toews, 46, beloved resident of Littlefield and Muleshoe, who passed away Friday at 6:25 a. m. at a local hospital, following an illness of several months. An intestinal ailment was given as the cause of death.

Rev. Lee Hemphill, pastor of the First Baptist Church, officiated, assisted by Rev. A. W. Blaine, pastor of the First Baptist Church of Muleshoe.

NICK TOEWS

Burial Here
Interment, in charge of Hammons, took place in the Littlefield Cemetery. (Continued on Back Page)

Wildcats Gird for Lobo Test

A grim, determined Littlefield high school Wildcat eleven this week was drilling hard for its final regularly scheduled game of the season and the greatest threat to its imposing consecutive victory string — the contest Friday night in Levelland against the up and coming Lobos.

Littlefield ran its string to 22 straight victories last Friday night in the Wildcat stadium before 3,000 shivering fans who braved the wintry blast to see the defending state Class A champions roll up a score of 39 to 7 over third place Tahoka in a game marred by Wildcat penalties.

Penalties Cost Wildcats
The Wildcats amassed an imposing total of 341 yards on the ground against the Bulldogs but 16 penalties cost them more than a third of that amount of yardage. Six of the penalties, assessed for unnecessary roughness, cost a total of 105 yards. Ten others were for five yards each.

The invading Bulldogs gained only 58 yards on the ground in the entire game but were penalized only once, a five-yard setback for offsides. The Wildcat offensive got under way early in the first quarter when Tahoka failed to gain after the opening kickoff and resorted

to passes. Gray intercepted for Littlefield on the Wildcat 35 and on the second play Renfro broke loose for a 47-yard sprint and the first of six Wildcat touchdowns.

Littlefield Scores Early
The Wildcats crossed the Tahoka goal two other times during the game but the plays were called back because of infractions of the rules. From the initial counter it ap-

peared merely a matter of the size of the score. Tahoka could not gain through the heavier Littlefield line and its aerial attack came to grief time after time through interceptions.

The Tahokans fired a total of 28 passes, completing 13 for 126 yards. Littlefield tried 12 passes and completed only three for a total of 32 yards but one other was allowed for 35 yards on inter-

County Teachers Will Meet Here

Ed Packwood, Littlefield motor car dealer, has been named chairman of an advisory committee of businessmen to further the distributive education program of the Littlefield high school, it was announced by J. G. Foster, DE coordinator for the school.

Other members of the committee are W. B. Little, Clarence Lewis, Fred Wright, Allen Hodges, Felix Haltom and Bob Crowell.

Packwood Heads School Committee

The Littlefield high school band and the school a capella choir, directed by Bob Irby, will be heard on a program for the Lamb county teachers at a county-wide teachers meeting at the high school auditorium Nov. 13.

The meeting will be a unit session of the Texas State Teachers Association.

COLD SNAP AIDS COTTON; GRAIN NOT BADLY HURT

Lamb County farmers no longer will have to worry about the first freeze. It has already been here.

Temperatures throughout the county dropped down to near 27 Thursday night and dipped again to almost the same point early Saturday morning.

One-Fifth of City Taxes Now Paid, Official Reports

Approximately one-fifth of the total city tax levy of \$83,478.66 has been paid to date, W. G. Street, city secretary, said Monday.

The total tax levy was at the rate of \$2 on each \$100 assessed valuation. Total assessed valuation for the city for 1950 was \$4,173,933 on the basis of 33 1-3 per cent of the estimated value.

Taxes become delinquent after the first of the year and draw a penalty of one per cent a month for each of the first five months thereafter. After July 1 the penalty jumps to 8 per cent plus 6 per cent interest, Judge Street said.

Armistice Day Program Arranged For Rotarians

Robert Sisson, manager of the Lubbock VA office, will be the speaker on a special Armistice Day program arranged for the Thursday noon meeting of the Littlefield Rotary Club at the Methodist Church.

Arranged by Van Clark, program chairman for the week, the program also will include patriotic songs and a tribute to the American war dead.

Last Thursday club members heard Jerry Briscoe of Amarillo tell of life in England as he saw it as a student at London University under the Rotary International Foundation fellowship plan.

Under this plan, selected students are given a year's scholarship in the college of their choice in some foreign land, in order to get acquainted with the people and their customs and become ambassadors of good will and fellowship upon their return home.

The purpose of the student fellowship plan is to further international good will and friendships through a more thorough understanding of and between the peoples of the United States and those of foreign lands, President Clarence Stone of the Littlefield club said Monday.

Arrested On Driving While Drunk Charge

Tom Weeks of Plainview was arrested Thursday last by Deputy Sheriff Dewey Dennis at Olton, charged with driving while intoxicated.

He is reported to have entered a plea of guilty before Judge Otha Dent in County Court here, and was fined, and in lieu of payment of same and costs, amounting to \$83.75, Weeks is confined to jail here.

Toppling Load of Cotton Spills On Top of Automobile; Car Is Damaged And Woman Driver Goes to Hospital

An unusual accident happened at the intersection of Highway 84 and Highway 51 Thursday about 4 p. m.

A truck load of cotton being taken from a gin at Anton to the compress here completely spilled over onto the top of a 1950 Plymouth being driven by Mrs. F. M. Rose of this city, as the truck turned north off highway 84 onto Highway 51.

The truck was traveling north and Mrs. Rose was coming south. Considerable damage was done to the automobile.

Mrs. Rose fainted and was taken to the Littlefield Hospital by Mrs. Levil Coble, local school nurse, where she remained about a day, and went home, but was confined to her bed until Saturday.

Will Conduct Revival In Littlefield Soon

Rev. Tom M. White of Iowa Park, Texas, Church of God minister, arrived recently to make plans to conduct a revival here.

The Church of God headquarters are at Cleveland, Tenn.

The date of the revival has not been set.

CROWELL SEES SMU DEFEAT

Bob Crowell, manager of the Chamber of Commerce, was in Austin on business over the week end. While there he attended the Longhorn-SMU football encounter won by the Steers by a 23 to 20 score.

Cotton Gets Benefit

In fact, the county agent said, the benefits of the freeze insofar as cotton is concerned, probably will outweigh any harm done.

The freeze will take care of defoliation and save the farmers money on that operation.

Late feed crops will feel the effects of the freeze, but most of the fields are pretty well along now and won't be damaged to any extent, Mr. Eaton said.

The cold snap is expected to drive the moisture out of the grain and make it mature earlier than it might have otherwise.

Harvest Is Progressing
The cotton harvest was coming along at a better rate this week with the arrival from other areas of additional pickers.

The first picking was expected to be completed by the end of the week in most Lamb County fields, and ginning was expected to be in full swing by that time.

As yet, the county gins are not being rushed, and none is operating on a full-time schedule.

Pulling prices prevailing in the area are \$2 per hundred delivered to the gin, and \$1.75 in the field. Some farmers are reporting yields of a half bale—or better—to the acre on the first pulling.

General Election Today Arouses Little Interest

One of the lightest votes in years was expected in Lamb County today as voters throughout Texas went to the polls in the 1950 general elections.

Lack of contests for local offices and lack of interest in state contests were factors contributing to the general apathy which was expected to keep Texas voters away from the polls in droves.

The entire state Democratic ticket headed by Gov. Allan Shivers was expected to be elected by the usual majorities.

In Lamb County no opposition was offered against the Democratic candidates.

Evidence of the lack of interest in the election was seen by the fact only two absentee ballots were cast in the county.

Legionnaires Back From District Meet

County Attorney Robert Kirk and Ed Draper were back in Littlefield Monday after attending a district convention of the American Legion at Big Spring.

The two were delegates of the Littlefield Legion post.

Plans for the coming year and other routine business occupied the time of the convention delegates, Mr. Kirk said. A district election was set for next spring in Lubbock, the date to be determined later.

SIX MONTHS LATER, the main office building of the United Nations permanent headquarters had taken shape. Most of the exterior was completed, but the interior remained to be finished.

SHORT CROP ELIMINATES SUDAN COTTON WORRIES

The cotton harvest isn't creating a serious problem for Sudan school authorities. In fact, there's not enough cotton in the Sudan area this fall that anyone is worrying greatly over getting it harvested, school officials said.

The regular school scheduled will be maintained throughout the normal harvest period this year, it was announced at the offices of Supt. of Schools A. Dooley.

The cotton farmers this year couldn't plant their crop at the normal time because of the drought, except in irrigated areas. Then half injured the crops that were planted so badly that only about

half a normal yield is in sight. The farmers in the Sudan area this year are depending chiefly on milo.

Sudan Faculty Men 'Star' in Jamboree

A basketball game between the Sudan high school girls' team and men members of the faculty highlighted the annual Halloween Jamboree given last Tuesday night at the high school gymnasium.

The faculty court squad, which appeared in an amazing array of bizarre costumes, was composed of Kenneth Fields, O'Dell Wilkes, Johnny Cardinal, Rodney Cathey, F. M. Smith, J. R. Nixon, Supt. of Schools A. Dooley, James Cooper, Don Williams and E. E. Chance.

Principal O. B. Stamper coached and supplied smelling salts for the

TOP 1949 MARK

MIAMI (AP)—Florida-bred horses the first eight months of this year won more purse money than during the entire 12 months of 1949, it is revealed by the statistical department of the Hialeah track here. Florida bred horses won \$204,792 through August this year as against \$188,072 for all of last year.

HOCKEY RECORD SETTER

CLEVELAND (AP)—Every time Freddie Thurier of the Cleveland Barons skates out on the ice for an American Hockey League game he sets a new record, as he already holds the all-time mark for games played, starting this season with 531.

GRID DEBUT

UNIVERSITY, Miss. (AP)—The first football game staged in Mississippi was played here in 1893, when the University of Mississippi defeated the Baptist University of Tennessee, now known as the University, 56-0.

CHIROPRACTIC

SCOPE OF CHIROPRACTIC . . .

Dr. H. C. Lewis

THESE CASES WERE TAKEN FROM THE FILES OF
DRS. HUET AND LEWIS

STOMACH DISORDER:

CASE NO. 30, male, age 34. This man came into our office suffering with a stomach distress, vomiting and pains, accompanied with dizziness. Regular treatments had failed to help him. Instead he gradually became worse. Examination revealed a neck vertebrae out of alignment causing defective disorders. After adjustments restored alignment, this case went to work daily and when discharged he reported no pains or discomforts, all symptoms gone, and normal good health. He was well and happy for the first time in many years.

CONVULSIONS:

CASE NO. 105, female, age 3. Convulsions, constipation, retarded speech, unconsciousness. When this child was brought into our offices all hope for recovery had gone. A spinal analysis revealed a marked disarrangement of the neck, and after the cause of her trouble was located and adjusted she immediately began to improve and her parents are greatly relieved to know the cause of her trouble and to know that it is being corrected.

HIGH BLOOD PRESSURE:

CASE NO. 20, Female, age 45. This patient came to our offices suffering from blood pressure, was dizzy and felt weak, had severe headaches. After completing analysis this lady was adjusted, and after first adjustment her blood pressure came down to normal—when this lady was adjusted all symptoms had disappeared.

HEADACHES:

CASE NO. 96, Female, age 20. Headache, female disorder, leg aches, nervousness. This lady came to our offices complaining of severe headaches which would occur at frequent intervals. Her spinal analysis revealed a luxation (misalignment) of one of the neck vertebrae, which was causing a pressure on the spinal cord at the base of the skull. After a series of Chiropractic corrective adjustments this pressure was permanently relieved, and the patient reported that her complaints had disappeared.

COMPLETE SPINOGRAPH AND SPINAL ANALYSIS!

OFFICE HOURS:
MONDAY, TUESDAY, WEDNESDAY, FRIDAY, 10 A. M. to 12—1 P. M. to 5 P. M.
SATURDAY, 9 A. M. to 12

Home For The Sudan Boy Scouts

Rotary Club Leads Way in \$3,000 Project

Sudan Rotary Club has taken lead in a movement to build a new \$3,000 home for the Boy Scouts.

LARGEST SHAVING BARGAIN EVER!

Try the Classifieds for Results.

The club, which meets each Friday at 12:05 o'clock noon at the First Methodist Church in Sudan, has initiated a plan for a \$10-a-plate luncheon to be held early in December, with all proceeds to go to a building fund for the Scouts.

O. A. "Red" Roark, secretary of the Rotary organization, said the club hoped to sell 300 tickets for the luncheon and through this one function raise all the money needed for the building.

Land for the Scout hut already has been given by A. W. Ormond, a lot immediately adjacent to the high school football stadium.

Building plans of the Scout organization call for a 50 by 80 tile structure which can be used by the Scouts themselves for all their meetings and also be rented out to other organizations, thus providing the group not only a home but also a source of revenue.

HOW'S THE FISHING?

The fish probably would jump into the net if they could see this glamorous fisher-miss. She is Betsy Barbara Thomas of Spartanburg, S. C., who represented South Carolina at the National Seafood Festival recently in Hampton, Va. Barbara is wearing a gay cotton swim suit designed with a bustle-back in Spring Mills cotton fabric.

AMHERST SCHOOLS NOW ON SHORT-DAY SCHEDULE

Amherst schools last Wednesday began operation on a short-day schedule.

Under the new hours, school classes open at 8 a. m. and school closes at 12:30.

With the earlier start, the elimination of recess and shortened study periods, the classes can be operated without impairing scholastic standards, Supt. of Schools W. D. Kay said Wednesday.

The plan for the elimination of afternoon classes was adopted at a special meeting of the board of education last week. It was designed as a means of making more student labor available for the cotton harvest.

The shortened school schedule will remain in effect indefinitely, or until the harvest emergency is over, Mr. Kay said.

With the schools taking up at 8 a. m., school buses will begin their runs an hour earlier, starting at 6:30 in the morning instead of 7:30.

The buses will leave the school at 12:30 to take the students home, Mr. Kay said. During the period the plan is in operation no lunches will be served at the school.

BALANCED GRID CARD

Amherst School Art Exhibition To Start Nov. 13

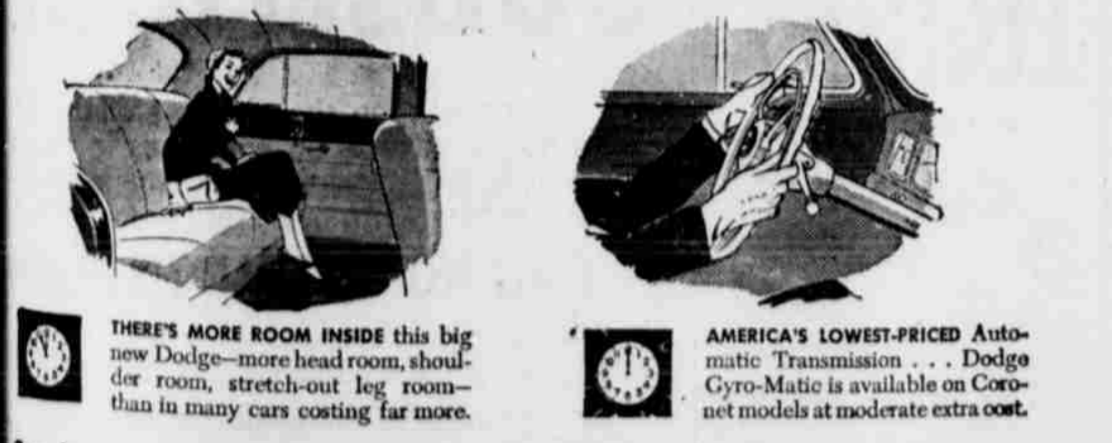

Reproductions of 150 famous masterpieces of art will be on exhibition at the Amherst high school the week of November 13.

The exhibition in the school gymnasium will include reproductions of the works of many noted American painters as well as those of the Old Masters and European moderns, Supt. of Schools W. D. Kay said Monday.

The exhibit will be shown through arrangements made by school officials with the Colonial Arts Co., Oklahoma City.

Congratulations To...

To the following parents whose babies were born at the Littlefield Hospital:

Mr. and Mrs. Delbert D. Putman of Littlefield on the birth of a daughter Tuesday, October 31, weighing 7 pounds, 1 ounce. The infant has been named Shirley Mae.

Mr. and Mrs. Richard Dennis Heard of Spade—on the arrival of a daughter Friday Nov. 3, weighing 5 pounds and 9 ounces. This is the third child born to Mr. and Mrs. Heard, they now have one son and two daughters.

Mr. and Mrs. Thomas Earl Ivey of Amherst on the arrival of a son Saturday, Nov. 4, weighing 9 pounds, 4 ounces.

Mr. and Mrs. Billy James of Littlefield, Rt. 1, on the birth of a daughter, Vicki Lou, Friday, November 3, weighing 6 pounds, 14 ounces.

Mr. and Mrs. Everett Warren Sherman of Earth, Texas, on the arrival of a daughter Friday, Nov. 3, weighing 7 pounds, 1 ounce. The little lady has been named Karen Sue.

Bula FHM Girls To Serve Annual Football Feast

Members of the Bula football team will be guests of the Future Homemakers girls at the annual football banquet set for the night of November 27. The banquet will be served in the school lunchroom.

For Best Results Use the Leader Classifieds.

Court Season Opens Thursday For Bula School

The basketball season will get underway for Bula high school Thursday night when the girls' team meets Sudan at Sudan.

The season for the boys' varsity team starts November 21 when the Bula five takes on Whitharral on the home court.

The early start of the court season will give the Bula quintet only four days of full squad practice before the initial encounter, as basketball on the football quad will not be available until after the final grid game against Bovina on the Bula field November 17.

Men's Club to Enjoy Chili Supper

Hot chili and empty stomachs will be the winning combination for the members and friends of the Men's Club of Emmanuel Lutheran Church this Tuesday night, November 7, beginning at 7:30 p. m. in the basement of the church, 417 West Third. All preparations for the evening are in the hands of the members of the Men's Club.

Dominoes, dart-baseball and other relaxing games are planned for the evening. A few important business matters will occupy the attention of those present for the evening.

IN UNITED NATIONS headquarters are originated and planned such humanitarian efforts as relief to the homeless and hungry. Here refugees from the conflicts in Palestine receive needed food sent them by the recently-formed Relief and Works Agency for Palestine Refugees.

County Leaders Hail Power Plant

Officials and civic leaders of Lamb County, Littlefield and other cities which will be affected both directly and indirectly by the projected new \$6,000,000 power plant near Earth were glowing in their descriptions Monday of the possibilities opened for the future by the Southwestern Public Service Co. development.

From the standpoint of tax revenues alone, the proposed new addition to the physical wealth of the county would mean much in revenue to the county and to the school districts in which it will be located.

On the basis of an initial investment of a minimum of \$6,000,000 the tax return to the county alone would amount to nearly \$10,000 a year.

This is based on a tax rate of 80 cents on each \$100 of assessed valuation, which in Lamb County is about 20 per cent of the actual valuation.

"The state comptroller has complimented Lamb County for having the lowest assessed valuation for county tax purposes, in relation to actual value, of any county in the state," Judge Otha F. Dent said Monday.

"This undoubtedly was a factor in causing the Southwestern Public Service Co. to select a site in Lamb County for its new plant."

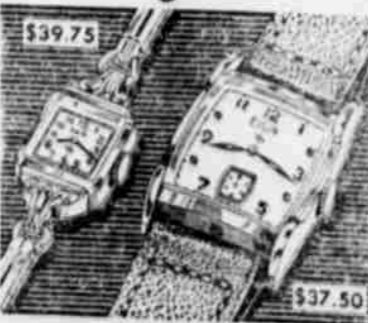

"As long as the county attracts new wealth such as the \$1,000,000 booster station of the El Paso Natural Gas Co. north of Springlake and the proposed new power plant we will be able to maintain the same low assessment level."

"Industry attracts industry and one development leads to another. As long as we continue building (Continued on Next Page)

Henry-J Wins Southwestern U. S. Championship Stock Car Race

A Corsicana car dealer Henry-J automobile, Kaiser-Frazer's newest automobile, recently put on an auction for \$1,000, October 29, the same midget among masted the winner's share of the 1950 Southwestern U. S. Championship stock car race at Downs.

Mills Drives Car — Mills of Ladonia was chosen to drive the car after the dealer was entering the car in the event. And Mills won the race with a steady foot that coasted at a speed approximately 58 mph for the hour from his car.

Contributing factor to victory was that Mills made one pit stop for fuel, a 20 second, while other drivers as many as seven pit stops during the race.

Chevrolet Second — Mills placed with his Geary Chevrolet was Cotton Chevrolet, trailed by fellow Fort Worth Jimmy Day, who switched to a 1950 Plymouth.

Motor Company, High West of town, are the winners for the winning car. J. T. I. Batson, owner of this automobile extends a general invitation to the public to view this automobile in his showrooms.

Winners in the order of the race were:

First, Mills (Henry-J); second, Whitworth (Chevrolet); third, Day (Plymouth); fourth, Ben Harleman (Plymouth); fifth, Ed Scheeler (Hudson); sixth, Jim Roper (Oldsmobile); seventh, Wally Dowell (Oldsmobile); eighth, Leonard Gill (Oldsmobile); ninth, Hal Ruyle (Ford) tenth, Frank Winkley (Kaiser); eleventh, Harvey Swanson (Ford); twelfth, Don O'Dell (Plymouth).

DIMMITT TAKES 3-B LEAD BY UPSETTING SUDAN, 12-6

The largest Dimmitt football crowd of the season saw the home eleven Friday night turn back the Sudan Hornets in a surprise victory, 12 to 6.

The defeat dropped the Sudan team from a three-way tie for the District 3-B leadership and put Dimmitt alone at the top of the heap. Dimmitt now has a record of four conference wins against no defeats while the Hornets have won three and lost one.

After a bruising first quarter which saw Left Tackle Jim Jowell, regular starter and punter for Dimmitt, lost for the remainder of the season with a broken left leg, the Bobcats edged into the lead when Dyer plunged over from the one following a sustained ground drive. A passing try for extra point failed.

The score at halftime was 6 to 0 in favor of the Bobcats.

Coach J. W. Blaine's home town eleven surged even further in the lead early in the third quarter when Dyer raced around his own right end on a sparkling 30 yard touchdown romp. The try for point failed once again.

The Hornets, coached by Francis Smith, fought back gamely late in the game when Right End Gleason Aiken caught a 35 yard scoring pass from Bobby Lynch.

Evidence of the almost equal strength of the two teams is shown in the fact that each team made 11 first downs.

Olton Keeps Slate Clean in 40-6 Win

Olton maintained its perfect record Thursday night by beating Springlake by a top-heavy score, 40 to 6.

The victory in Springlake kept the Olton team in a tie for District 3-B leadership.

The game was fairly even in the first period, but the Olton backs began functioning in high the final three frames.

A 79-yard run by Gerald Allcorn to give Olton its first touchdown was a feature of the game.

The score at the half was 20 to 6.

County Leaders-

(Continued from Previous Page)

and developing in Lamb County the new tax revenues from new improvements will enable us to keep our low tax base and this in turn will enable us to continue to offer the inducement of a low tax base to other new developments."

But the tax benefits seen, important though they may be, are not viewed as the greatest potential benefits of the new project. Of far greater general promise are the potentialities offered for industrial and agricultural development through the ready access in the county to an abundant supply of electric power.

The availability of this energy is expected to bring a sharp increase in electrical irrigation in Lamb County and nearby areas, which will enhance the productivity of the soil and bring hundreds of thousands of dollars to the farmers in the form of new and additional crops.

Benefits Whole Area

While the communities nearest the proposed new development such as Earth and Amherst will reap the greatest direct benefits from the project, Littlefield and other cities will derive perhaps even greater indirect advantages.

Littlefield as the county seat, the center and shopping hub of the area the new plant services, will be a major beneficiary.

"Anything that contributes to the industrial or agricultural development and growth of Lamb County is of great importance to businessmen and other citizens of Littlefield," Dr. B. W. Armistead, president of the Chamber of Commerce, said in commenting on the new power project.

"Anything that benefits the county benefits Littlefield and on behalf of the Chamber of Commerce I wish to welcome this new development and the promise it holds."

Earth Mayor Elated

E. T. Borum, mayor of Earth, viewed the project not only as an asset to the community but also as a challenge to it to provide suitable housing accommodations for the construction workers who will be employed in building the plant.

"We have the opportunity to add permanent residents if we can show we are prepared to take care of them," he said.

"Naturally we are elated over the proposed plant and the possibilities it offers for benefit to this community. It will mean we will have something beside agriculture to depend upon in the community. It will be a fine asset to this community, and to Lamb County as a whole."

Bula Threeway Meet Friday for Runner-up Honors

Bula high school slipped back into a tie with Threeway for second place in the District 2B Conference Thursday night through a 0 to 6 loss to Lazbuddie. The game was played at Muleshoe.

The Bula team now has won three, tied one and lost two games in the 1950 conference football season.

Friday night Bula will meet Threeway at Bula in a game which will determine undisputed possession of second place in the conference standings.

Bovina, unbeaten in conference play, is in first place. The leaders meet Bula Friday, November 17, at Bula in the final game of the season for the home eleven.

MULE TEAM WILTS IN LEVELLAND DRIVE

Levelland Lobos cast an shadow in the path of the championship Littlefield Muleshoe Friday night in a game but outmaneuvered, 39 to 0.

The Lobos took advantage of a pass interception by Joe Hayes after kicking off to Muleshoe to set up their next tally. Taking over on the Mule 44, they began a methodical goal-line march that paid off with Reid going over from the three. Heard added the point again giving the Lobos a 20-0 lead.

It just wasn't Muleshoe's night. Following the kickoff, a muffed fourth-down punt gave Levelland the ball on the Mule 18-yard line, where Charley Evans, reserve back, scampered for another touchdown. The Mule line walled up to

a sneak. Joe Hayes added the point, and within seconds after the opening of the second half, the Lobos had scored.

The Lobos took advantage of a pass interception by Joe Hayes after kicking off to Muleshoe to set up their next tally. Taking over on the Mule 44, they began a methodical goal-line march that paid off with Reid going over from the three. Heard added the point again giving the Lobos a 20-0 lead.

Sudan Girl Plays On Wayland College Basketball Team

Coach Sam Allen, instructor of women's basketball of Wayland College Plainview has released the names of the women that will play on its team, the Harvest Queens.

Four returning lettermen are Velma Pickett of Sudan; Marie Wales, New Deal; Juanita Clepper, Mobeetie; and Mona McBeth, Wellman. Patricia Smith is a returning squad man from Wilson.

Nine new representatives for the Harvest Queens are: Eloise Great-house of Dimmitt; Myrtle Brown, Anton; Betty Phillips, Abernathy; Juanice McBeth, Wellman; Ella Bradshaw, Bovina; Jean Belew, Meadow; Juanell Schneider, Wilson; and Kikue Hiratani of Hawall.

block the try for point.

Joe Hayes' second pass interception of the night set up the final score for the Lobos. They took over on the Muleshoe 24, where a pass from reserve quarterback Don Wise to Jim Kennedy was good for the touchdown. The kick was wide.

Outstanding 4-H Club Members Are Honored

4-H Club boys and Lamb County received recognition of their accomplishments for 1950 with the presentation of nearly 150 medals and awards in a 4-H Achievement Show Saturday morning at the high school auditorium.

The presentation was scheduled for the 4-H Week, November 4-6, and was presided over by J. G. Simmons, county agricultural agent, and Bill Collins, county home demonstration agent.

Program marked the final award for Lamb County. He immediately after the ceremony for Dallas to assume his duties as assistant agricultural agent for Lamb County.

Simmons' Lamb County post presented this week by Bill Lubbock.

Awards were made to Mrs. Amherst by Mr. Simmons to Miss Dorothy Folson by Mrs. Collins.

Annual award for Lamb County where sheep are some-thing rare, was made to Mrs. J. G. Simmons of Springlake. He presented a medal for his

accomplishments in lamb raising.

Support the Concert Series

Residents of the Lamb County area will be doing themselves a disfavor if they fail to avail themselves of the opportunity for membership in the Lamb County Mutual Concert Association.

The type of concert programs which the association proposes for the season of 1950-51 is the kind that should appeal to all lovers of good music. There is nothing "high-brow" or "long-hair" about the program series. The programs are planned from the standpoint of their entertainment content as well as their cultural quality.

While the concert series is a good thing for Lamb County and Littlefield and merits support from a purely civic standpoint, it offers a rich return in enjoyment to those who purchase season ticket memberships.

There is nothing formidable about good music, although a great many persons shy instinctively from the word "classical." But some of the most successful and beautiful of the so-called "popular"

songs have been direct steals from the so-called classics.

Remember the song "I'm Always Chasing Rainbows?" No one shied from that, although many might have had it been offered as the Chopin composition from which it was taken. So also Romberg's beautiful "Song of Love" from "Blossom Time," which was merely a song adaptation of the theme of the Franz Schubert masterpiece popularly known as the "Unfinished Symphony."

Good music doesn't require a musical education for enjoyment although some difficult concertos contain little for anyone other than those interested in the technical challenges presented.

The Lamb county group very wisely omits such presentations and concentrates on programs with a universal appeal. An adult or a student who purchases a season concert membership ticket for \$4.50 or \$2.40 will find he has made a solid investment in entertainment value.

Safety Evangelism

The Interstate Commerce Commission has been keeping records on railroad accidents for 62 years. In 1949, fewer persons lost their lives in such accidents than in any year since the records began. Fatalities were 28 per cent less than 10 years ago, 40 per cent less than 20 years ago, and 56 per cent less than 50 years ago.

Colonel Robert S. Henry, of the Association of American Railroads, vividly described the magnitude of the railroads' safety achievement. "There are inherent risks," he said, "in sending a train of a thousand, or five thousand, tons hurtling down a track at high speed. And not just one, but 30,000 such trains are run every day for a total distance of nearly 3,000,000 train-miles. They carry, every day, more than 1,500,000 passengers. They move, every day, a ton of freight more than 10 miles for every man, woman and child in the United States. Their chances for accident are almost infinite; their record of accidents, in relation to the chances, is infinitesimal!

"Partly, this record is due to engineering in the development of safe plant, equipment and devices. Partly, it is due to education in safe rules and safe practices. Partly, it is due to the sort of safety

evangelism which avoids taking unnecessary risks but which is ready to meet emergency when it comes."

In the last 30 years, the railroads have spent \$17,000,000,000 to better their plant. In one way or another, all that money has contributed to the cause of safety as well as to the cause of more efficient service. Safety effort is never relaxed, as the magnificent record the industry has made proves.

COALINGA, CALIF., RECORD: "The U. S. Government, which continually points with alarm to major industries as being too 'big' for the Republic's well-being . . . announced that employees on its civilian payroll now number 2,060,000."

WATFORD CITY, N. D., MCKENZIE COUNTY FARMER: "Recently we heard a politician deliver himself of an harangue about the 'power' of big business . . . What is this mysterious power? If there is a big business man who is able to force us to buy one brand of orange juice—or automobile, or breakfast cereal, or what have you—to the exclusion or any other, we have not heard of him."

POSTOFFICE BABY SITTER— This automatic baby-sitter is available to mothers in the Belton, Tex., postoffice. Small fry can be wheeled around while their mothers transact business at the various windows. Mrs. Darrah Edwards Brothers (left) whose husband is at Fort Hood, inspired the project when she had to park six-weeks old Darrah Ed-

ward II in the postal savings window while she made out a money order. Mrs. Terry Ray (right) also places Karen Dale Ray, 10 months, in the basket. Postal employees in the window (left to right) are: Q. A. Ellis, Postmaster E. L. Upshaw and Carl Spitzer, Jr. The self-service basket was contributed by grocer Robert Taylor. (AP Photo)

Grandmas Are Co-Eds In East Texas City

Adult Education Classes Popular

BY CARL WALLACE
Tyler Courier-Times

(Written for the Associated Press)
TYLER, Tex. (AP)—"The man who graduated yesterday and stopped learning today will be uneducated tomorrow."

"That thought lies at the core of a program of adult education which Texas is developing. Tyler's experience illustrates what can be accomplished in that program, on a community level.

Adult education in Tyler, ever growing in popular appeal, is carried on in the form of evening classes at Tyler Junior College. Including some grandfathers and grandmothers and their progeny, 730 grownups have taken training in the evening session here since the movement started under state approval in 1948.

Program in Two Divisions
The adult program in Tyler can be listed in two categories, commercial and academic, although there is sometimes some blending of the two. Principles of psychology, for example, are to be found in some of the commercial courses as well as in others that might be called academic (and cultural).

Commercial courses have included such subjects as salesmanship, effective speech in business, record keeping for independent stores, oil and gas law, show card

lettering, business psychology, and office receptionist duties.

Present courses on the academic side include a study of the classics of literature, designated as a great books course. Other current courses are concerned with conversational Spanish, infant care, and the designing, restyling, and making of women's hats. Previous courses had to do with public speaking, general psychology, and music appreciation.

Classes Based on Demand

The program at Tyler Junior College is geared to give an evening course that is in demand, provided the class can contain eight or more students. That's how the hat-making course got in.

Education for the grownups is viewed in long-range perspective by I. L. Friedman, director of the movement, and those associated with him. Consideration is being given to organizing classes for study into such subjects as fine arts, sculpture, music, languages, general home-making, interior decorating. A course in family relations has been proposed for next year. It might be called "marriage and morals" and probably would utilize the counsel, in lectures, of ministers, judges, lawyers, doctors and public welfare leaders.

Through financial aid from the state educational system, tuition costs to evening students are kept low. Most of the 15-weeks' courses cost \$7.50 per student, sessions being held once a week in one of the junior college classrooms.

Useful to Community

Dr. H. E. Jenkins, Tyler Junior College president, has enthusiastically approved the adult education program as a means of increasing the usefulness of the college to the community. The college class rooms, he reminds, are available for evening use in the guest of education, and it would be well that they be so used increasingly. An evening schedule of schooling fits the work schedule of breadwinners who labor by day.

Director Friedman summarized the wholesome goal and results in these words: "Training for adults vitally affects management, employees, their families, home life and the general progress of this community. The training for adults in Tyler Junior College has not only been an aid to our local business houses in profit making and increased earnings, but the results go even deeper psychologically and sociologically, carrying benefits on down through the years."

The grownup who goes back to school does not find any rebuff to his aims in the old law: "You can't teach an old dog new tricks." He can easily counter with: "The man who graduated yesterday and stopped learning today will be uneducated tomorrow."

COLLEGE SPIRIT

DURHAM, N. C. (AP)—That college spirit still thrives in a troubled world was proved conclusively recently by six members of the Duke University cross-co-

New School Building Dedicated in Morton

MORTON, (Special)—Dr. J. W. Edgar, state commissioner of education, was principal speaker at ceremonies last Tuesday dedicating the Morton High school building and the new school gymnasium.

Some 400 persons attended the ceremonies, which were held in the \$100,000 school gymnasium, being used for the first time this year.

The high school structure was completed last year and first occupied during the 1949-50 school year.

This question is presented squarely for the first time by the Texas Tax Journal in its booklet, "The Case of the One Per Centers."

Every Texan who wants good highways, adequate for 99 of every 100 users, should write for a free copy of this revealing booklet.

Approximately 99% of all Texas motor vehicles are registered for a gross weight of 20,000 pounds or less.*

All Texas taxpayers, including your Texas Railroads, have reason to be concerned about the high cost of constructing and repairing our highways and the prospect of building more costly roads made necessary by the operation of highway "box cars."

No one has any desire to bar vehicles of reasonable size from our highways, so long

as each pays its fair share of construction and repair costs.

Other Texas taxpayers should not be required to shoulder the burden of a roadway system for highway "box cars", representing only 1% of highway users.

Every Texan interested in good highways without increasing the growing tax burden should fill out the coupon below and get a copy of this valuable booklet.

LUBBOCK MAN IS SELECTED FOR COUNTY AGENT POST

William G. (Bill) Rodgers of Lubbock, a 1950 June graduate from Texas Tech, has been appointed assistant county agent for Lamb county, succeeding James G. Simmons, who has been made assistant county agent for Dallas county.

Announcement of the appointment was made by County Judge Otha F. Dent.

Mr. Simmons took over his new duties Monday morning, and the Lubbock man assumed his work in Lamb county at the same time.

Mr. Rodgers is a son of W. H. Rodgers, farm superintendent for Texas Tech, and has lived on the Tech farms since August, 1929. Throughout his entire life he has been identified with various farm operations, and selected Texas Tech for his formal education in agricultural matters.

For the last two years he was horse herdsman at Texas Tech, and for two summers he was in charge of the beef cattle. He was a member of the three major livestock judging teams for Tech, and participated in competition at Denver, Kansas City and Chicago. His team placed in the high ten in all contests.

Judging Contest Winner
While a student in Lubbock high school Rodgers was a member of the F. F. A. dairying cattle judging team, which won state contests and placed second in national competition at Kansas City. He was high point man for the state.

In addition to his other activities at Lubbock High, Rodgers fed out the grand champion lamb of the boys' division of the Fort Worth Fat Stock Show. He sold this lamb for \$2.55 per pound, which was the highest price ever paid in Texas up to that time. The lamb was purchased by John Nance Garner, and Mr. Garner extended him an open invitation to visit him at any time.

Mr. Rodgers is married and will reside in Amherst.

The former Lubbock county youth man started work with the Extension Service in July of this year as an assistant county agent in charge of the district office at Lubbock. He has been under the supervision of Mr. C. G. Porter, who is district extension agent.

Simmons Made Good Record
Mr. Simmons was assistant county agent in Lamb county for about two years. He did an outstanding job in 4-H work in Lamb county, and contributed extensively to the education of the farm youth of the county.

Mr. Simmons resigned last week to accept appointment as assistant county agent for Dallas county. He left here with his family Saturday to assume his new duties.

Under Simmons' leadership, the 4-H enrollment in the county has increased from 333 to 525.

His consistent widespread recognition for his ability to turn out district and state-winning judging teams. The record includes first places by his extension team in the state contest for two straight years, 1949 and 1950; field crops judging teams placed first this year and third in 1949; Lamb county won first place in the Texas 4-H electric contest this year, also first in the district, and second in 1949.

Eleven Lamb County Men Inducted Into Service Thursday

Eleven Lamb county men were among the 21 from a tri-county area inducted into the armed forces Thursday at Amarillo.

A list released by the tri-county draft board at Muleshoe, serving Lamb, Bailey, and Cochran counties included:

Leon D. Davis, Walter Wesley

Herring, Royce Wayne Jennings, Travis Wendell Price, William Kenneth Cunningham, James Lee Holmes, Lloyd Norvil Cook and John Henry Powell, all of Littlefield; Theron L. Hill and Roy B. Killingsworth of Sudan; and Bobby Wayne Wilkes of Olton.

Other inductees were Arvel Edward Summers, Morton; John C. Gray, Muleshoe; Jerry Lee Winder, Morton; Olen Clifford Smith, Whiteface; Joe Dell McKay, Whiteface; Lewis Butler, Morton; James Othel Barnett, Morton; and Kenneth Wayne Weed, Morton.

All 21 inductees have passed their physicals and are ready to enter the service.

Lamb Wildcat Near Ellenburger Section

National Associated Petroleum company of Tulsa No. 1 Ewing Halsell, Ellenburger wildcat in north-central Lamb county, is drilling below 8,877 feet and should top the Ellenburger at any time.

Thus far, the project, located two and one-quarter miles southwest of Earth, has not encountered any signs of production.

Exact location is 4,166 feet from north and 2,177 feet from west lines of league 237, Dallam county school land survey.

On the same block and four miles to the southeast National Associated's No. 2 Ewing Halsell was last reported cutting below 4,682 feet.

It too is projected into the Ellenburger, with an approximate depth of 9,000 feet. The No. 2 Halsell is 1,300 feet from north and 755 feet from east lines of labor 2, league 239, Cottle county school land survey.

Wildcats-

(Continued from Page 1)

The visiting team's only score came late in the final period against the Wildcat reserves on a 49-yard touchdown pass and run, Foster to Halamachek.

Littlefield scored twice in the opening quarter, once each in the second and third periods and twice again in the final frame.

In first downs, Littlefield had a 15 to eight edge. Refro was the big gun in the Wildcat attack, scoring three touchdowns, on a 49-yard run, one on a 70-yard canter and the third on another long run. Owens, Walden and Northam accounted for the other three, Walden on a 70-yard punt return in the final quarter.

Band Sweetheart Bows
Between halves Miss Jo Pickens, a 1950er, was presented as the band sweetheart of 1950-51. She is a member of the flute section in the Wildcats' outstanding musical organization.

The Friday night game in Levelland is considered the toughest of the season on the Wildcat schedule. The Lobos have been coming along at a fast clip in recent weeks and offer a real challenge to the champions and an extremely dangerous threat to the Wildcat victory string.

Coch Jay Fikes this week is seeking to impress upon his charges the seriousness of encounter and the bearing it will have not only on the District 3-A title but also on Littlefield's chances to retain its state rating.

A large crowd of gridiron followers from Littlefield is expected to make the trip Friday night to Levelland for the Lobo contest.

Last Rites--

(Continued from Page 1)

Active pallbearers were: Clifford T. Williams, Winfred W. Stout, Gene Yeager, Elgin Black,

Bob Harvey and Loy Dalton.

Honorary pallbearers were: Rosa Hanna, D. B. Hoyt, Aliver Oden, Bob Spears, Bob Findley, Hack Lassiter, Edwin Sowell, Allison Gaine, Bob Hendry, Pat Patterson, Paul Jones, C. W. Conway, Mack Godwin, Troy Bostick, Clyde Godwin, P. T. Glazner, Harold Humphries, and Alton Peak.

Funeral Attendance Large

The large attendance at the services and the elaborate floral offering bespeaks the very high regard held for the deceased by Littlefield and the entire area.

Mr. Toews was always regard-

ed as a very valuable employee by the owners and operators of the Piggly Wiggy Stores.

Here Since 1915

Mr. Toews was born August 13, 1904, at Langdon, North Dakota. He moved to Littlefield with his parents in 1915.

Surviving deceased are: his widow and two children, Mrs. Max Stipes of Hereford, and Weldon of Muleshoe; his parents, Mr. and Mrs. C. W. Toews of Windon, Kans., three sisters and two brothers.

Mr. Toews served as manager of the local Piggly Wiggy Gro-

cery and Market for a number of years, and until April 1, 1948, when he resigned the management of the local store to accompany his wife to California in an effort to regain her health. Mrs. Toews had been in ill health for some time, and on advice of her physician a change of climate was decided on.

Goes to Muleshoe in 1949
After four or five months residence in California they returned to Littlefield, and about March, 1949 Mr. Toews took over the management of the Piggly Wiggy store at Muleshoe, which position he held until about five months

ago when he became ill.

He was admitted to the Payne-Shotwell Foundation here at that time, where it developed he was suffering from a very serious and insurable ailment of the intestines. After being a patient about three weeks, and apparently somewhat improved, he was released. He was reported to have seemed much better and to have gained so rapid at his home in Muleshoe that he was contemplating returning to his work when he became very ill and was brought back to the local hospital about ten days previous to his death.

Rescued--

(Continued from Page 1)

I get there. "Did the Army send you after that I was missing to that effect). "Mom, I hope you are good, I want you to be with me. "Write to me as soon as you get this letter. I want to see you real soon. With all my love and gratitude to you--" (Signed)

WHY NOT OWN and DRIVE A "WINNAH"?

The Henry-J and the Henry-J De Luxe are Kaiser-Frazer's newest 1951 models. Less than 60 inches in height, the low priced sedans are smartly styled without frills or excessive ornamentation. A major utility feature is the arrangement of the rear seat, which folds forward to make a level cargo floor and provides a spacious 50 cubic feet of storage area. Illustrated is the 6 cylinder De Luxe Sedan.
