FIELD ATTENDED TECH. MEETING WITH A BIG CROWD

Littlefield turned out en masse for a cornerstone laying at Lubbock on Saturday. The crowd was closed tighter than ever clamped on by the Act, and practically every man joined the big bunch to the Hub city. A program was carried out as per Governor Pat M. Neff's principal address. There were addresses by Senator W. R. M. Chitwood and Col. D. Thompson. The singing was by 2,000 school children. The Masonic lodge of Texas had charge of the cornerstone laying. Five bands present to furnish music a la la in the parade. Littlefield had a very representative delegation. There were about 20 men here in the parade, many with big banners on their backs and all citizens wearing the "Littlefield" badge. The local Chamber of Commerce band, a three week organization, was there to share the occasion, and the testimony of those who know is that the quality of music furnished was equivalent in some respects superior to some of the older organizations. The excellent manner in which Lubbock handled the 30,000 people assembled was indeed commendable. Every detail of arrangement, organization, traffic management, assignment, etc., was cared for in a masterful manner.

A FINE EXAMPLE

M. Grow Helps To Make New Town Grow.

The Chamber of Commerce is this week in receipt of a letter from C. M. Grow, of Gorman, inclosing check for \$5.00 for membership and dues to the Littlefield Chamber of Commerce. Mr. Grow was here about a month ago and made some property purchases. Last week he returned and bought more land. In his letter Mr. Grow says, "While I am not new a citizen of Littlefield, my intention to make it my home town, and I want to be numbered among those who are backing up the growth of Commerce. The letter was turned over to Mr. Harvey a broad smile came to his face and he said: "May it increase."

Pioneering People Populate Pampus of the Plains and A Peaceful Prosperity Prevails

The following is one of a series of 30 articles written by Staff Correspondent Hamilton Wright and published in the Fort Worth Record on a recent date.

In the next twelve months 6,000 additional people are expected to make their home in Lamb county, according to conservative estimates of managers of sales of big ranches being sub-divided in this territory for farms.

It is rather difficult to get any definite figures on the population and growth of Lamb county in the last year, but it will run in the neighborhood of 3,000 according to the same informants.

In Lamb, Bailey and Hockley Counties there are at least 500,000 acres of ranch lands fit for agriculture now on the market. Practically all this is level, choice lands, one acre being practically as good as another. Nowhere in Texas is there better farm land. Some of the land is sub-irrigated and there are extensive belts where water can be found at exceedingly shallow depths, water that is inexhaustable. This territory in time doubtless will be the greatest irrigated belt in the entire State. In some places a well can be brought in by use of a post hole digger. Shallow lakes of good water are to be encountered here and there, lakes that never dry, no matter how light the precipitation in a year's time.

The Littlefield country was probably the first section of the South Plains to enjoy an early colonization. A colony of Mennonites migrated here shortly before the war, taking up land. However, this sect became dispersed shortly afterward and a few of the original members still reside here. Many of the new people to this territory came from the North and East. They did not know how to cultivate cotton and it was not until a year or two ago that cotton was planted to any extent. Now it has become one of the staple crops.

A remarkable fact is the number of new school buildings that are being built over this new territory. In new communities the presence of brick structures is to be remarked. The little "red schoolhouse" typical of Central and South Texas, is nowhere to be seen here. In fact, the schoolhouse and the church house are found to embody the virtues of attractiveness, comeliness and serviceableness. The presence of these accelerates the task of selling new lands. Most of the large holdings now offer free lots for such edifices.

The soil is chocolate clay and sandy loam with a depth of from three to six feet. All is perfectly level. The altitude is from 3,000 to 3,500 feet. While many consider it too high for cotton the staple is doing unusually well here, making high yields. The annual precipitation is around twenty-four inches, most of it occurring during the critical season when most required. Broom corn is becoming one of the chief crops. It makes a yield of from one-third to one-half ton to the acre. Vegetables and melons grow prolifically here. Fruit is destined to become an important crop here.

The Yellow House ranch lands, long the habitat of sleek, contented whiteface cattle, comprising 296,000 acres, or 1,450 labors, are rapidly entering the maw of agriculture. The great Littlefield estate is rapidly dwindling from the range of yesterday into the pleasant, productive little farms of today. These lands when finally disposed of to bona fide settlers will give employment, homes and independence to 1,400 families, or 7,000 new inhabitants.

The lands are part of the old Capital Syndicate lands, given so generously by the State of Texas to an association which built the State Capital at Austin. They were later acquired by the late Maj. George W. Littlefield of Austin. His estate took them over upon his death, and now they are being piecemealed out to the needs of agriculture.

For miles to the west of Littlefield they lie, level, treeless, deep in rich soil, underlaid with inexhaustable water and ready to produce profitable vegetable life. They have been on the market for two or three years, but the call of the Plains until a year ago fell on heedless ears. Now there is a remarkable demand for them. The local office of the company is overrun with prospectors who, when shown the lands are eager to plunk down their dollars and to start improving their purchases.

It is rather interesting to know that the terms are such as to impel the investigator to immediate action. The price is \$25 to \$35 and acre, based on distance from the railroad, may be met in a period of ten years at 6 per cent interest. The down payment is one-fifth of the principal. If the farmer improves the land the Littlefield estate will wait three years for his first principal payment. Then the owner pays \$2 an acre each Jan.

1, until the tenth year, when the balance is due in one note.

Land offices here are being cleared for homeseeker action on a scale hitherto unknown in this part of Texas. New attaches and guides are being impressed into service. New homes are springing up as by magic. Littlefield itself is resolving itself into a town of larger dimensions with town lots being sold daily and new business concerns finding openings and lucrative patronage.

CECIL RICE HELD IN CONNECTION WITH A SHOOTING SATURDAY

Last Saturday afternoon Cecil Rice a farmer residing four miles north of Amherst, was arrested in connection with the shooting of Miss Mildred Rives, who was here visiting her father, a Mr. Cummings.

According to report, Rice returned from Amherst about 1:00 o'clock p. m. and found a bunch of cattle in his cotton field. Securing a 45-70 rifle he opened fire on them to scare them out of the field, one of the five shots going in the direction of the Cummings home.

Mrs. Rives at that time was coming out of a dug-out with a jar of pickles and one of the shots struck the third finger of her left hand, cutting it off, passing through the jar of pickles she carried, breaking it and throwing some of the glass in her face, and then the bullet went into the fleshy part of her arm.

Rice was placed under arrest and taken to Olton, later waiving preliminary hearing and released on a bond of \$1,000, which was signed by his brother, Charles Rice and his brother-in-law, Marvin Collier, both well to do citizens of Lubbock. The case will await the action of the grand jury which convenes November 24 th.

Rice declares the shooting was purely accidental.

ELECT MORE TEACHERS

At a recent meeting of the Littlefield school trustees, Mrs. H. W. Wiseman and Mrs. T. Wade Potter were elected teachers.

Mrs. Wiseman is to take charge of the overflow of the primary department, while Mrs. Potter will teach in the fourth grade.

Mrs. Potter was a teacher in the North Worth schools before coming to Littlefield, while Mrs. Wiseman has taught in San Antonio and Waco, also in Littlefield.

STUDY CLUB MEET

The Woman's Study Club will meet Friday Nov., 14th, at 8:00 o'clock p. m. with Mrs. G. M. Shaw.

LELAND WHITAKER A VICTIM OF A SERIOUS AUTO ACCIDENT SAT.

Leland, the 12 year old son of Mr. and Mrs. L. C. Whitaker was the victim of a serious accident last Saturday when a small out building in their back yard was pulled down on him, cutting a wound in the scalp requiring several stitches to close, and injury in the back, the extent of which has not been determined.

According to report, Mrs. E. N. Cain was driving in a Ford coupe, traveling a road which had been recently closed, and, facing the sun, did not see a clothes line stretched between the residence building and the small out building to the rear of the lot. When she struck the wire it pulled the building down on the lad who was just then coming out of it.

It is said that in her super-human strength occasioned by the excitement of the accident that Mrs. Cain alone lifted the building from off the boy and carried him into the home of his parents. While the accident is indeed regrettable, no blame is given to the lady driving the car.

GOVERNOR NEFF SPEAKS HERE

Pays Littlefield Visit Enroute To Amarillo.

Gov. Pat M. Neff paid Littlefield a brief visit Wednesday morning speaking at the school house, and principally to the school children along educational lines and the opportunities of the rising generation.

The Governor was in Lubbock the day before, as the principal speaker at the Tech., cornerstone laying, and was enroute to Amarillo. It was his first visit to Lamb county.

The speaking was to have been in the Lee Theatre, but through some misunderstanding the building had not been heated. A delegation of several cars loaded with representative citizens went down to Yellow House switch to greet the Chief Executive and escort him to town, but missed him and did not arrive back until he had departed.

NEW SCHOOL GRANTED

"Bule" School is Located on the Newsome Lands.

The County Trustees, of Bailey county last week granted a petition asking for a school building to be located on the Newsome ranch, recently sub-divided and sold out as farm tracts.

The petition was granted and the erection of the building will be started within the next 30 days.

Happiness is merely a matter of finding a job that tickles your ego while filling their stomach.

LITTLEFIELD P.-T. A. IS GROWING AND WILL SOON BE FEDERATED

Littlefield school and community now has an active Parent-Teachers Association which will shortly be federated with the state and national organizations. Its corps of officers is as follows: Mrs. W. G. Street, president; Mrs. J. W. Kelsey, vice-president; Mrs. F. A. Butler, recording secretary; Mrs. Bessie Baze; corresponding secretary; Mrs. A. P. Duggan, reporter; Mrs. Wm. Hay, treasurer; R. L. Speight parliamentarian.

In spite of the severe sand storm Thursday afternoon November 6th, the association met in regular session with quite a representative group present.

A program of unusual interest was rendered. Both members of the faculty and pupils contributed numbers. The purpose throughout the program was to show the work of the school.

The introductory number of the program was a short dramatic play by boys and girls of the fourth grade under the direction of Miss Woody Light chairman of the program committee.

A talk followed by Miss Patsey Lively, on the proper clothing for high school girls. As an illustration of this talk, three high school girls, wearing types of approved frocks, gave a miniature style show.

W. E. Streett, physical director, gave an informal discussion of the necessities and benefits of athletics and physical education in the school.

Miss Nannie Wardlow discussed public school music and its cultural value to the child. She asked the co-operation of the homes in this branch of study, and in establishing right ideals and tastes for really good music.

A quaint Dutch song in costume by a group of little girls, under the direction of Miss Wardlow followed.

Yvonne Mason and Mary Lois Green presented "Two Very Similar Turns" in costume with Miss Mona Horton at the piano.

Other attractive numbers of the program were a Jack Frost song by a group of small boys and girls, and the concluding piano soligen by Mrs. Lovelace's pupils.

A short business session followed with Mrs. W. G. Streett, president in the chair. Plans were outlined by Mrs. H. W. Wiseman, chairman of the waysand means committee, for a "Human Checker Game," to be given at an early date for the benefit of the public school library, which is sorely in need of additional material.

Everyone is cordially invited to attend the next meeting of the association Thursday, November 20th.

CITIZENS' CREED

I believe in Littlefield, its people, its property, its future prospects, and in exemplification of my faith will at all times endeavor to do my part to make it a better place in which to live.

I believe in good government I shall make it my aim to be a law-abiding citizen and gladly assume my share of the responsibilities required toward the enforcement of the general laws of the state and the ordinances of my town.

I believe in giving loyal support to all home institutions and enterprises that have for their purpose the betterment of social, moral and educational conditions of my town, and I will gladly use my time, talents and money in that direction.

I believe in patronizing home business concerns, and when opportunity affords will always use my influence with others toward the betterment of local commercial conditions and relations.

I believe a commercial organization is one of the best means of promoting the general welfare of my town and will gladly become a member, at all times giving it my loyal support and upholding every worthy measure it may seek to advance.

I believe all of this and more, because I believe my HOME TOWN should be one of the best in America.

EIGHT TOWN TESTS

Does this town measure up to what a good town should be? That is the question asked by Prof. L. N. Flint, of the University of Kansas, and then he proceeds to give eight tests that may be applied to every town in determining its standing in this respect.

1. Attractiveness—does this town have "atmosphere," beautiful shade trees and lawns, cleanliness, general attractiveness?
2. Healthfulness—Will people who come here have a reasonable chance to keep well. How about the water supply, the sanitary system, and what inspection is there regarding food offered for sale?
3. Education—What about the schools of this town, present and future prospects, opportunities for higher learning in or nearby, its lecture and concert courses, its newspaper, its postal facilities, etc?
5. Living—Is it reasonable? Are modern conveniences, such as gas, electricity, telephones, etc., available? What about housing conditions, rents, taxes? What is the outlook for fresh garden truck the year 'round? How about the moral atmosphere?
6. Business—What are the opportunities for capital investment, commercial prospects, banking facilities, character of stores, professional representatives, character of farming community, fair real estate values, co-operation among business men?
7. Accessibility—Railroads and train service, character of highways, auto truck and passenger service, desirable proximity to other and larger cities affording additional advantages?
8. Progressiveness—Does this town have a progressive city government, active civic organizations, adequate fire and police protection, the spirit of loyalty and co-operation? The above requirements are all potent. Perhaps it might be well for each citizen of this town to read them thoughtfully and then ask themselves what "I can do" to make all these requirements a fact in the town wherein I live!

BUSINESS SUMMARY

Continued fair weather, which has permitted uninterrupted harvest of the cotton crop, has been the chief factor in the crop situation on the South Plains during the past thirty days. While the cotton market continues to lag several cents behind the market corresponding date of 1923, yet it is generally accepted as satisfactory by the farmers who are selling rapidly. About 75 per cent of the South Plains cotton crop has already been picked and marketed, and the reports coming in from all sections plainly indicates a big increase over last year. While the cotton farmer is getting 100 per cent more for his cotton than he did on a pre-war basis, the standard of living costs have been only about 65 per cent higher than the average pre-war costs, which means much in favor of this section. The South Plains country this year has produced the finest crops of any section of the entire state, and the next five months are anticipated as being exceptionally good months because of the large amount of money now in and being placed in the banks. Also, with the great influx of new settlers into this section, new money is also being added to the business channels. Multiplied thousands of dollars are now being spent in Lamb county in the building of new homes, digging wells, building fences and breaking out land for next year's crop. This means added money in circulation and better business relations all around.

War paint lends color to society.

One doesn't always have to have sense in their head to have dollars

CITIZEN'S CREED

On page one of this issue is printed a "Citizen's Creed" which we believe every citizen should thoughtfully read and consider.

Creeds, whether written or implied are common things. They are in the lodges, the churches and different kinds of organizations—then why not a citizen's creed. A town is as important an organization as any institution it contains, and everyone living within the borders of any given town is a member of it. They should all be interested members—with an interest that is more than selfish. It is the spirit of "live and let live" that makes for a better town for all its people.

If every citizen would honestly try to live up to the tenets of the Creed herewith suggested this could be made one of the best towns to be found anywhere in America.

COTTON FIRES

A \$20,000 cotton gin burned at Lockney and 4,600 bales of cotton burned at Lockhart during the past week. A fire in Littlefield with 8 bales of cotton burned—all these make one think more seriously of the need of fire fighting equipment for our little city.

Two weeks ago the Chamber of Commerce appointed a committee to see about securing a chemical fire engine, the entire membership in session went on record unanimously asking the City Commissioners to immediately furnish the city with some kind of fire fighting apparatus. If anything has been done, this newspaper has not yet been advised. Numerous enquiries have been directed here—the property holders want action.

WHO IS HE?

The home merchant. Who is he? He is the chap who gives you credit when you are financially broke, and carries your account until you are able to pay.

He is the chap who gives you back your money or makes exchanges when you are not satisfied with what you have bought.

He is the chap who meets you at the door with a hand shake, and lets you out with a message to the "kids" and a real "come again," goodbye.

He is the chap whose clerks live in the home town and spend their money with you and other local people.

He is the chap who helps support our churches and charitable organizations and talks for your home town and boasts for it every day in the year.

He is the chap who visits you when you are sick, sends flowers to your family when they die, and follows your body out among the trees and tombs, as far as human feet may travel with the dead.

He is the home merchant—your neighbor—your friend—your helper in time of need.

Don't you think your ought to trade with him, and be his friend and his helper in the time of his need?

Don't you know that every dollar you send out of town for merchandise is sent to strangers, to men who never spend a dollar here? You don't save much, frequently nothing, when you send your money out of town. And don't you know that the growth and prosperity of this town depends very largely upon the success and prosperity of the home merchant? Out of town people judge our city by the appearance of our stores and the degree of enterprise shown by our merchants. And our home merchants cannot succeed unless home folks give them loyal support.—Ralls Banner.

After all trouble with the Tower of Babel might have been static. in their pockets. There are plenty of people who

The majority of voters of Lamb county are to be commended for the favorable vote of confidence given the County Health Nurse and the Home Demonstration Agent. The cost of maintaining their work is practically negligible, and they have both already demonstrated their worth to all parts of the county.

Even with prohibition the football bowl has plenty of punch and lots of kick in it.

fendants, in which suit a brief state-
ment of plaintiff's cause of action
is as follows:

Plaintiff sues on two series of prom-
issory notes each series designated as
Class "A" notes, executed by defend-
ant John H. Nafziger and subsequently
assumed for payment by defendants
Carl F. Moeller and by Hattie I. Naf-
ziger, payable to Edward K. Warren,
dated January 1, 1917, each series
numbered One to Seven, inclusive,
Nos. 1 to 6, inclusive, of each series
being for the principal sum of \$214.
00 each and No. 7 of each series be-
ing for the principal sum of \$216.
00 each, Note No. 1 of each series
being due Jan. 1, 1919, and one of
each of said series being due in con-
secutive numerical order on the first
day of January of each successive
year thereafter until all are paid,
each of said notes bearing interest at
6 per cent per annum from date
thereof and providing for 5 per cent
attorneys' fees; Notes Nos. 1 and 2
of each series are alleged to be paid
as well as interest on all of said notes
to January 1, 1920.

Plaintiff alleges that one of said
series of notes evidences part of the
purchase price for the E $\frac{1}{2}$ of the
S E $\frac{1}{4}$ of Sur. No. 36, Block W of the
Edward K. Warren Subdivision No. 1
in Bailey, Lamb, Farmer and Castro
Counties, Texas, and that the other
series of said notes evidences part of
the purchase price for the W $\frac{1}{2}$ of
the S E $\frac{1}{4}$ of said survey, both of
said tracts lying in Lamb County,
Texas, and both tracts having been
conveyed by said Edward K. War-
ren to defendant John H. Nafziger
on Jan. 1, 1917, by deeds of that
date, wherein it is recited that part
of the purchase price is to be paid
according to the terms of promissory
notes, being, as alleged by plaintiff,
the notes sued on, and plaintiff fur-
ther alleges that payment of said
notes is secured by deeds of trust
dated January 6, 1917, executed by
defendant Joan H. Nafziger to de-
fendant Morris G. McGawn, trustee
for said Edward K. Warren, one of
said deeds of trust conveying the
said E $\frac{1}{2}$ of the S E $\frac{1}{4}$ of said survey,
securing payment of the said series
of notes given in part payment there-
for, and the other of said deeds of
trust conveying the said W $\frac{1}{2}$ of said
S E $\frac{1}{4}$ of said survey, securing pay-
ments of said series of notes given

Get The Ford

With the election now over and all more or less sorry because
we did not get all of our ticket elected we now should forget that
we ever had an election and get right down to business and it
should be our business to develop Littlefield and at the same time
do some little thing for ourselves. Now we want to be some as-
sistance to you. We have bought our stock of goods in quantities,
and have taken the discount on everything we bought, thereby
placing ourselves in position to sell you merchandise as cheap
or cheaper than competition and then make some profit for our-
selves. We are not selling at or below cost, we are making profit
and we expect to do so until we decide to quit business.

Groceries—we have bought them as cheap or cheaper than
our competitors.

Dry Goods—we are making only a small profit on them.

Ready Made Clothing—we have two exclusive lines that
you cannot get at any other store in Littlefield. This is the best
made Work Line now on the market and the price is within
reach of all.

Our Shoes—we handle and have handled successfully for
18 years the celebrated Star Brand all leather shoe and when
you take into consideration the price of the shoe and the quality it
is the best shoe made for the entire family.

We are putting on the largest line of Xmas Holiday Goods
ever carried in Littlefield. We expect this store to be headquarters
for Santa Clause throughout the Xmas Holidays.

We have Warren Squires with us again and he will be pleased
to have all his old friends back to trade with him. Warren looks
a little bit mean and feels mean for leaving Littlefield but he
says if the good folks here won't hold it against him he will stay
here now as long as he lives. Come on and get in the push and
be satisfied and wear that self satisfied smile worn by all of our
customers. Don't forget to ask for information regarding the
Ford Touring Car we will give away on Christmas Eve.

VARIOUS FACTORS INSURE IGNITION

Of Much Importance The Points Be Kept Clean and Make Perfect Contact.

By ERWIN GREER, President Greer College of Automotive Engineering, Chicago.

There are a number of factors to be considered to insure good ignition breaker points must be kept clean and make perfect contact; make sure that the points separate the proper distance; coil connections must be tight; test for a broken down condenser; there is considerable wear of the distributor segments, same can be cleaned with 00 sandpaper. Do not run spark plug wires through fiber or metal tubing; cut grooves in two blocks of fiber and run wires through grooves and bolt the blocks together. This will overcome considerable ignition trouble.

Short Causes Trouble.
A short in the light wiring will cause battery to discharge, and may also cause a fire. The presence of a short is indicated by a heavy discharge through the ammeter; a short is caused by a wire pinching between the frame of the car breaking the insulation; for emergency repairs use friction tape to insulate the wire from frame.

A good many arrests are being made for not having a tail light burning. The tail light should be connected in series with the dash light and then in the event that the tail light goes out the dash light will go out also. When a six-volt battery is used, dash and tail-light globes must be three to four volts each, six to eight volts on head lights; with a 12-volt battery, dash and tail lights must be six to eight volts, head lights 12 to 16 volts.

The horn must respond the minute the button is pressed. With a little attention it will respond; lubricate the bearings by removing the horn cover, clean commutator, with 00 sandpaper. To adjust horn looser adjusting screw, turn with screw-driver and adjust to get the best possible sound. If the motor commutator is badly worn, horn should be taken off and armature must be put in a lathe to true up the commutator, new brushes and brush springs should be installed. There are times when the ignition switch key is misplaced or lost and it is absolutely impossible for the average driver to start car without the aid of a skilled electrician.

Instructions for Starting.
Here are a few instructions on how to get the car started. In cases where magneto ignition is used remove magneto ground wire and the car will start without any trouble.

A car equipped with battery ignition can be started by connecting a wire to the live side of the starting switch to one side of the ignition coil so that the current will go through the coil before it goes through the breaker points.

To make sure that the wire is connected to the right side of the starting switch touch the wire to the frame of the car and if a spark or short is produced the connection is O. K.

Driver Who Slouches Is Never Really at Ease
According to a writer in American Motorist, half the pleasure in motoring comes with learning to manipulate your car with ease and grace.

"Correct form of driving," says this writer, "means minimum strain on the pocketbook. Velvety stops and starts prevent unusual strains on the motor, clutch, transmission, axles and tires. They also cut down the consumption of gasoline and oil. A well-made motor, like a Swiss watch, is a sensitive thing. It resents abuse, but responds willingly, capably, to gentle handling. Starting an automobile is an art. I believe somebody else has said that, but never mind.

"Simple though the act may be there are plenty of drivers who never acquire the finished way of doing it. The master driver aims to create a steady pull on the driving mechanism from the moment he slips into first speed until the car is under full head way. Learn to accelerate simultaneously with letting in the clutch. The mechanical act of gear shifting can be learned in five minutes."

Tradition Helps Nation
In the great events menacing the existence of a people, the will of the dead powerfully sustains the will of the living. Nations which have not enough of the dead to defend them, make a feeble resistance. This was the case with Russia toward the end of the great war.—G. Le Bon in Les Incertitudes de l'Heure Presente.

GRADING STREETS
West Side Avenue and Park Avenue in Southmoor are being graded this week.

West Side Avenue extending from the R. Q. M. Highway to the State Highway adjoining the railroad right-of-way will be graded as soon as the contractor can get to it. This is one of the most important avenues in Littlefield as it connects the two highways and passes the public school on the west.

NATURE'S METHODS. FORD ADVERTISES. FLYING JAPAN. WHEAT \$1.51

Nature's old-fashioned methods are creditable.

Pennsylvania State College announces the champion litter of fifteen pigs, 6 months old, weighing 3,461 pounds.

The mother of that little family is entitled to some kind of a monument. In six months she adds nearly two tons of pork to the world's food supply, and is doubtless busy with a brand new litter by this time. The name of the pig lady, a "pure-bred sow," is Petroleum Girl. Humble and plain.

A race horse called Chilhowee has broken the world's galloping record, covering a mile and one-eighth in one minute 48 4-5 seconds. That would have been important once, now it's a mere incident in a gambling sport. Paul Revere to-day would ride in a small automobile, blowing his horn as he went with the "cut out" wide open. Or he would fly close to the ground in his little monoplane, or would stay at home and wake the country side through the "loud speaker" in every house. The running speed of a horse is as unimportant to-day as the flying speed of a falcon that also was important once.

Henry Ford's business, prosperous everywhere, gains in proportion more rapidly abroad than in the United States.

Business men who say, "My business does not need advertising," might study Henry Ford's methods. His products are well known, yet Ford advertises systematically, elaborately and constantly here and abroad. His advertising is good because he invests it to PROFESSIONAL ADVERTISING MEN.

Two More Smiles of Victory

Mrs. Calvin Coolidge and Mrs. Chas. Dawes, in an unconventional pose, rejoice in the victory of their husbands.

LITTLE LEADERS

The scientist who thinks there is no such thing as absolute silence never heard a defeated candidate.

Prize money for the great poultry show at Allentown, Pa., this fall amounts to \$13,260.50, said to be more money than ever offered before by a similar exhibition.

The boll weevil is now being played up in moving pictures as the "billion dollar bug." It even makes the

Henry Ford knows how it would be for an advertising agent to undertake automobile construction without consulting a expert. He also knows that it is foolish, in him, to do so advertising.

There is not a business in the country, except that of the keeper, that couldn't be done in volume by the right advertising agent. Even cemeteries vertine, and prosper by it. "If your business isn't advertising, advertise it for you."

The Pensacola Journal almost the entire editorial picture of the latest flying machine built for German workmen in Germany. Inside of five years the California will be within 24 hours of Japan. The fastest line only increased fuel capacity across the Pacific in 24 hours.

Wheat is cheerful. December deliveries at Chicago close at \$1.51; May, \$1.54 1/2. If you see this column you may remember that when wheat sold for above \$1.50.

Great Britain takes women's franchise more seriously than taken here, where we allow to vote, but apparently, don't care much of them in public office.

Forty-one women are candidates for Parliament in this election. They include "noble women," assorted titles, one lady former domestic servant, and one rapher. Whatever you think of the British, you must admit they possess a genuine brand of democracy.

The "Full Dinner Pail" is fashioned. The "Brotherhood Railway and Steamship Co." say they don't care so much about white collars for themselves, but they must have stockings for their wives.

President E. R. Fitzgerald that women feel inferior when well dressed, and every man's wife should have a pair of silk stockings a year. She should, and the railroad probably arrange it, rather than have a strike.

You can get very good stockings for \$2 a pair (see advertisements in this newspaper) that that would only amount to an increase of 2 cents a day's wages.

The interesting thing is that workmen are now worrying about their wives' happiness, rather than about themselves. That's our usual progress.

OLD GRADE BOUGHT

Short Line Company File Deed For Right of Way.

Renewed interest is being pressed into business circles here concerning the activities of the Memphis Lubbock, Roswell Short Line railway company with the filing with the county clerk here Friday of a quit-claim deed, which was signed by Jeff N. Miller and C. Grunewald trustees for the Altus-Lubbock and Roswell railway company, deeding right of way, and all the property of the company over to the Memphis Lubbock and Roswell Short Line company.

The deed which was filed Friday, bore the date of September 30, 1924.

The instrument showed that the stockholders in the company purchasing the property of the old company are E. C. Noble, C. F. Stevens, Cary Shaw, Edward Kennedy, L. D. Shaw, Mrs. Eris Green Shaw and L. D. Green, and it also shows that the capital stock of the company is \$250,000.—Lubbock Avalanche.

NOTICE TO BIDDERS

Notice is hereby given that by virtue of an order issued by Commissioner's Court of Lamb County, Texas, on the 23rd day of October 1924 I hereby give notice that on the 14th day of December 1924, bids will be received by the Commissioner's Court of Lamb County, Texas, for the construction of 10 miles of public highway, according to plans and specifications on file with the County Judge, on the public road extending from the depot at Amherst, Texas, to intersect Highway No. 28, on the east line of Section No. 28.

All bids must be sealed, and accompanied by a certified check for 10 per cent of the amount of the bid. The successful bidder will be required to give bond.

R. C. Hopping, County Judge Lamb County, Texas.

THANKSGIVING SALE

The Methodist Missionary Society of Sudan met Tuesday afternoon at Mrs. McNeely's for the monthly social.

At the business session plans for

raising more funds for furnishing the new parsonage were discussed. It was decided to give a Thanksgiving food sale Wednesday, Nov., 26. Dressed turkeys and chickens, cakes, pies, cranberry jelly, and butter will be included in this sale. Anyone wishing to buy any of these will be sure to secure them if they will telephone their order to Mrs. J. C. Barron, Mrs. F. Z. Payne, or Mrs. H. J. Carter not later than one o'clock Monday afternoon, November 24th.

After a pleasant social gathering the members adjourned to meet with Mrs. C. M. Furneaux the following Tuesday at the usual hour.

Red Cross

Eight years have passed since the wartime Roll call of Americans to the standards of the Red Cross. They came by millions in their greatest supporting movement ever witnessed, and while much of their accomplishments are preserved in history, its fullest extent will never be known.

Today, in the sixth year since the Armistice, the call is still urgent and thousands of needy persons whom the Red cross may assist, and during the next ten days a committee will canvass Littlefield for funds to carry on the work. A dollar membership is the minimum, you may give as much more as you wish. This money remains in Littlefield to be spent in Littlefield, under the direction of the local Red Cross organization.

Be ready with your subscription when the committee calls to see you.

FIRST CONCERT

Chamber of Commerce Band Made Appearance Saturday

The Littlefield Chamber of Commerce band, under the direction of Prof. Clayborne Harvey, made its first appearance on the streets last Saturday afternoon, giving a 40 minute concert in front of the representative business concerns.

Some of the players were busy and could not get away, but the 20 members present put out some good music, receiving numerous compliments on their playing.

This band has been organized only about three weeks and is making active progress. It is an organization of which Littlefield might well be proud.

RAN DOWN COYOTE

Buick Six Establishes new Kind of Record.

Harry Wiseman, who never gets tired boosting Buicks has a new one to sell.

Last Saturday, while returning from Plainview with a new 'six' he ran onto a coyote in the sand hills south of Olton. The animal was hedged in by tumble weeds and started down the highway. Harry "stepped on her" and in about 500 yards felt the animal's body roll beneath the wheels. Some acceleration he declares.

REV. DIXON HERE

Preached Twice For Methodists Last Sunday.

Rev. Silas Dixon, the recently appointed pastor of the local Methodist church filled the pulpit last Sunday, both morning and evening, delivering two excellent sermons to large and attentive audiences.

Rev. Dixon is a regularly ordained minister of the North Texas Conference, and has been preaching for six years, coming to Littlefield from Crosbyton, where he served the church last year. Other appointments he has held are, Lamesa circuit, Fluvay circuit, and Westbrook circuit.

The North Texas Conference at its last meeting in Abilene two weeks ago made Littlefield a station, and there will therefore, be preaching here at the Methodist church every Sunday.

--LAND SALE--

Above the Boll Weevil;
Below The Frost Line

The McKinney ranch in Midland County together with other adjoining lands, has just been purchased by us comprising approximately 10,000 acres of Cat Claw lands.

The entire tract of land has been subdivided into 160-acre blocks and is now on the market at from \$20.00 to \$25.00 per acre, on easy terms.

This excellent tract of high class farm land is not only one of the best tracts of general farm land in all of West Texas, on the South Plains, but it is undoubtedly the best located of any land on the market in the entire South Plains Country. This land borders on State Highway No. 1, better known as the BANKHEAD HIGHWAY.

Two miles from station on the main line of the Texas and Pacific Railroad; seven miles from the county seat; country schools two miles; telephone connection; inexhaustible water supply and real productive land. On this tract is now one of the finest peach, pear and apple orchards in the state.

This event is just what hundreds of farmers throughout Texas have been watching and waiting for. No pioneering about this. If this description has struck a responsive cord within you do not delay, but make arrangements to inspect this land NOW.

We still have about 40 quarters left in Martin County, North of Stanton.

This land and location will appeal to you, your wife and your whole family. Write today.

CITATION BY PUBLICATION

The State of Texas,
To the Sheriff or any Constable of
Castro County—Greeting:

You are hereby commanded, that you summon, by making publication of this Citation in some newspaper published in the county of Castro if there be a newspaper published therein, but if not, then in some newspaper published in the 64 judicial district; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 64 judicial district, for four weeks previous to the return day hereof, the heirs, their heirs or legal representatives of R. A. Gregory, deceased, whose residence is unknown, to be and appear before the Hon. district Court, at the next regular term thereof, to be holden in the County of Lamb at the Court House thereof, in Olton, Texas on the 24th day of November 1924, same being the 4th Monday in said month 1924, then and there to answer First Amended Original Petition filed in said Court on the 14th day of October A. D. 1924, in a suit numbered on the docket of said Court No. 96, wherein C. K. Dutton is plaintiff and Cleveland Hamilton, J. R. Cates, C. E. Cates, The National Cattle Loan Company, a corporation, and the heirs, their heirs or legal representatives of R. A. Gregory, deceased, are defendants.

The nature of plaintiff's demand being as follows, to-wit: A suit on twenty-two notes, interest and attorneys fees, dated November 1, 1918, given by Cleveland Hamilton and payable to C. K. Dutton, or order; twenty-one of them being in the sum of \$1,000.00 each and the other in the sum of \$1,400.00, the first of the twenty-one notes being due November 1, 1919, and one of the remaining twenty due annually thereafter and the last November 1, 1940; each bearing interest payable annually from date until paid at the rate of six per centum per annum and all past due interest bearing interest at the same rate; to secure the payment of which said Cleveland Hamilton, by deed of trust with like date with said notes conveyed to Henry Wilkinson, as trustee, the S. 1/2 of section 40, N. W. 1/4 of section No. 41, S. W. 1/4 of section No. 26, S. 1/2 of section No. 38, section No. 43 and the N. 320 acres of section 54, in block 2, W. E. Halls' Sub-division situated in Lamb County, Texas, and section No. 21 in said block of said Sub-division situated in Castro County, Texas and to foreclose the lien created by said deed of trust.

And on three notes, interest and attorneys fees, each in the sum of \$326.48, with interest thereon from November 1, 1917, due November 1, 1921, 1922 and 1923, bearing interest payable annually from date until paid at the rate of 7 per centum per annum and 10 per cent attorneys fees. Said notes being secured by a Vendor's Lien against the S. W. 1/4 section No. 40 and the N. W. 1/4 of section No. 41, Block 2, W. E. Halls' Sub-division situated in Lamb County, Texas; and to foreclose said lien. Said three notes being given to S. C. Diggle as part of the purchase money for said land and now owned and held by plaintiff.

The claim of the heirs, their heirs or legal representatives of R. A. Gregory, deceased, being under any by virtue of a deed of trust, given by said Cleveland Hamilton, conveying said section 21 in Castro County, Texas, to Henry Wilkinson, dated February 12, 1921, as trustee to secure the payment of one note of like date therewith in the sum of \$5,000.00, given by said Cleveland Hamilton and payable to R. A. Gregory, deceased, or order, due one year after date and bearing interest from date until paid at the rate of 8 per centum per annum, payable annually, and providing for the usual 10 per cent attorneys fees.

Herein fail not, and have you before said Court, on the first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Olton, Texas, this, the 14th day of Oct., A. D. 1924.
(Seal) M. R. Cavett, Clerk District Court, Lamb County, Texas.
(Oct. 23-30 Nov. 6-13.

Plaintiff alleges that said lands were by said defendant John H. Nafziger conveyed to defendant Carl F. Moeller, who assumed payment of said notes and who subsequently conveyed said lands to defendant Hattie I. Nafziger, who also assumed payment of said notes; that plaintiff is the present owner and holder of said unpaid notes and of the original vendor's and contract, mortgage and deed of trust liens upon said lands securing payment thereof; that all of the defendants are asserting claims of right, title and interest in and to said lands, the nature of which is not fully known to plaintiff, but known to defendants, all of which rights, titles and interests, if in existence,

being subject and inferior to plaintiff's rights, liens and interest therein.

Plaintiff sues for judgement against defendants John H. Nafziger, Carl F. Moeller and Hattie I. Nafziger, jointly and severally, for its debt consisting of the unpaid principal, interest and attorney's fees on said notes and all costs of suit; for judgement against all of said defendants decreeing their interests in said lands subject, inferior and subordinate to plaintiff's liens, rights and interest in, upon and to said lands, and foreclosing plaintiff's said vendor's contract, mortgage and deed of trust liens upon said lands to satisfy said debt and judgement, for order of sale, writ of possession and general relief.

Herein fail not, but have you then and there before said court, this writ with your return thereon showing how you have executed the same.

Given under my hand and seal of said court at Olton, Texas, this 17th day of October, 1924.

(Seal) M. R. Cavett,
Clerk of the District Court, Lamb County, Texas.

MISS EDGAR DEAD

Minister's Daughter Expired At
Lubbock Hospital.

Lille Bell, aged 14 years, the daughter of Rev. and Mrs. W. W. Edgar, died Monday morning at a Lubbock sanitarium, after an illness of three weeks.

The deceased was one of the finest young ladies of Littlefield, a member of the eighth grade at school, and a decided favorite with her school mates.

The funeral services were conducted Tuesday afternoon, Rev. E. E. Robinson, officiating, and interment of the remains made in the Lubbock cemetery.

Rev. and Mrs. Edgar have a host of friends here who extend to them their deepest sympathy in their hour of grief and untimely loss.

ENGINEER APPOINTED

The Lamb county Commissioners met last Monday at Olton and canvassed the election returns, also appointed C. L. Hazie as engineer to prepare plans and specifications for the road running north from Amherst and connecting the Roger Q. Mills highway with highway No. 28.

COTTON BURNED

Eight Bales On Fire Monday From
Unknown Cause.

Monday morning eight bales of cotton were discovered on fire at the Davanay gin, and were quickly hauled out, while in a smoldering condition.

The cause of the fire is unknown. It is suggested by some that it might have originated from matches dropped in the cotton by the pickers, others suggest it might have been caused by a stray nail getting into the lint, causing a spark while in the process of ginning.

Some of it was insured.

The Home Mutual Aid Association is a local organization, and by becoming a member of it you are helping both your neighbor and yourself in many ways.

FIRST: You are keeping your money at home, thereby having a chance to get some of it back.

SECOND: You are getting insurance at a low cost, thus saving many dollars to yourself and family that would otherwise go elsewhere.

THIRD: You are dealing with people who know the insurance business and are in no other business.

The cost is very low—get in now while you can—your neighbors are joining, why not you? This organization, besides being a home organization, embodies beneficial features in its policies offered by no other insurance organization of similar nature. Our representatives will gladly explain to you in detail.

Don't forget the name, and demand to see literature of the HOME MUTUAL AID ASSOCIATION, of Littlefield.

It has recently been estimated that while the farmers of the United States receive only about seven and a half billion dollars for their year's crop, the consumers pay about twenty-two billion dollars for the same products.

There would be far less accidents if some of the horses under the hood had as much sense as old Dobbin.

Frank Norfleet's Ranch Is Saved From Sale Hammer

As thrilling almost as his sensational pursuit and capture of the five confidence men who fleeced him of \$40,000 is the story of the salvage of J. Frank Norfleet's home and ranch at Hale Center which was saved from the sheriff's hammer in a deal consummated in Dallas yesterday.

A security company which held notes aggregating more than \$75,000 on Norfleet's property was to foreclose on the notes at that time. Norfleet had to raise the money no later than the day before with no apparent means to do so.

But the money was raised, the mortgage lifted and the nemesis of one of the most extensive confidence rings in the criminal history of the United States disposed of his home and ranch at the price he had hoped to receive for it in a climax which was redolent with dramatic action.

H. H. Berryman, Alto merchant, was the savior of the property, Mr. Berryman had never met Norfleet

until yesterday. He had only read in the newspapers of the determined little man's exploits in rounding up the men who had beat him out of his money. That was enough, that and a talk with Norfleet's wife.

While in Lubbock a few days ago, Mr. Berryman met H. D. Chipley, real estate man, and they drove to Norfleet's home. Mrs. Norfleet welcomed them and explained her husband's financial predicament. Mr. Berryman was moved and after a few days consideration told Chipley that he would furnish Norfleet the desired cash. Chipley promised to deliver him to the Dallas office of the security company holding the notes at three o'clock Monday.

Accompanied by his wife and Mrs. Ed Allen, wife of his partner, Chipley appeared at Mr. Berryman's house yesterday and the trip to Dallas was begun.

About 30 miles out of Lubbock and traveling at high speed, Chipley lost control of the automobile and it turned over, pinning the occupants beneath.

None of them were injured though the top and windshield of the machine were demolished.

Because they had no time to lose the two men summoned aid and the automobile was righted and the trip renewed.

The party arrived in Dallas just 15 minutes later than their schedule and entered immediately into the transaction which had taken them to that city.

Mr. Berryman who joined Mr. Norfleet in Fort Worth yesterday evening announced the consideration of sale was \$153,000.

—Waco News-Tribune, Nov. 4 issue.
As Frank Norfleet lived only a few miles from here where the ranch is located that Mr. Berryman recently purchased the story of his remarkable captures are well known to nearly all the older citizens of this section.

It will be recalled that Norfleet had \$45,000 in cash in a Fort Worth bank when he fell in with a gang of fake stock salesmen and market players in 1919. Tipped off by them he saw small investments soar to large sums and was persuaded to risk his entire fortune in a market "flier". The fake market wires ticked, the stock "fell," the bogus salesmen and investment agents fled with the \$45,000.

Thereupon Norfleet took up the chase. One he caught in Florida, another in Utah, another in California and still another in Washington. He traveled 18,000 miles in the pursuit lasting three years. All of the criminals have been convicted and are now either in prison or dead.

AMHERST

Mr. and Mrs. Ben Beck chaperoned a crowd to the Yellow Horse Canyon Sunday afternoon where the youngsters spent several hours in climbing the hills, viewing the lakes and making kodak pictures, after which they drove to Goat dam and spread lunch for 18. Thus ended the frolic and all arrived home in time for the singing.

Earl Luce has recently purchased the two lots west of the Amherst hotel and expects to begin at once the erection of a two story brick building.

He is the Santa Fe agent here, and owns other property here and at Sudan, also.

The Chamber of Commerce meeting held Tuesday evening in the bank building was well attended.

The P. T. A. served them luncheon at 7 o'clock, the table was laid for 30 members.

After luncheon several new matters of business were brought before the house and approved.

It was decided to omit the observance of Armistice Day here, and all business houses in the city close the doors and go to Lubbock. Cars will be decorated and arrive at Lubbock in time for the parade.

Baptist members residing in the rural district met at the Blackwater schoolhouse Saturday evening and organized a Sunday school. W. E. Tate was elected superintendent, O. E. Sumner, secretary, Mrs. W. E. Durham pianist.

There were 25 pupils present Sunday and many visitors. The time set for the meeting hour is three o'clock.

A cordial invitation is extended to all who may wish to meet with them.

Quite a crowd of people from town went out to the Fourth of July windmill Sunday afternoon to watch the cowboys brand 2100 calves brought over from the Spring Lake ranch and branded with the "two bar." Mr. Devit, of Lubbock having purchased the entire herd and will transfer them to his ranch in Bailey County.

Rev. T. C. Miller did not fill his regular appointment at the Baptist church Sunday, but offered his resignation it was accepted and letters granted to the family.

He has purchased a nice home in Lubbock and moved Monday morning.

He has done some splendid work in the church here.

At the time of his coming there were only 30 members and now the church has 110 active members. Our loss is his gain and our best wishes with him and family.

Saturday was a great day in Amherst, as it was the first trades day to be held here. People from all points of the country was present and brought wagons and teams and implements and other articles which they had to dispose of.

O. H. Reeves, of Fairlawn was present and auctioned off many things which brought good prices.

The business men made special prices on many articles, therefore giving the public an opportunity to spend their money at home at a great saving.

A \$5 bill was placed in a balloon and was to be sent up with many others, but on account of the high wind they caught fire, so it was decided that each one register and the lucky number would get the money. About 200 people registered. Mrs. Truman Osborn held the lucky number and was awarded the bill by the Chamber of Commerce.

We are now representing—

The famous Spade Ranch Farm Lands.

This fine tract of land begins five miles east of Littlefield, lying along the Santa Fe railroad, and was opened for settlement October 6th.

MORE THAN 20,000 ACRES SOLD FIRST DAY

No finer body of land to be found on the South Plains of Texas. It is being sold on very reasonable terms of \$5.00 per acre down, and 1.00 per acre for 14 years, balance due in 15 years with interest at six per cent. This is much cheaper than renting.

Better make your selections early as this choice body of land will not last long. We are ready to show this excellent farming section to you at any time.

ASKING AND RECEIVING

In response to the world's insistent call for better methods the bicycle replaced the walker; steam instead of sails for ships; the motor car for the horse; and steam rails to remove wilderness. Morse made the telegraph, and Field, despite discouragements, hooked up continents. Bell invented the telephone—and human voice was projected thousands of miles.

Now, and at low cost, the telephone has become one of the necessities of life. Millions of hours, untold energy and expense are conserved daily through the telephone. Business is speeded and accomplishments impossible in other ages are now possible in the humblest homes. A phone in your home is not a luxury. Order installation today. Be in step with your town's progress.

We will install you a telephone for the next three months Rental in advance.
