LAMB COUNTY FAIR HELD AT AMHERST LAST FRIDAY AND SATURDAY HAD BIG ARRAY OF EXHIBITS AND GOOD CROWDS

The Lamb county fair held at Amherst Friday and Saturday of last week was largely and widely attended, many being present from all sections of the county and many adjoining counties. The exhibits shown were credit to any county within the state and a vivid demonstration of the exceptional fertility of South Texas soil. Especially commendable were the grain sorghum products, which were as fine and uniform as any as has ever been shown in any Texas fair, according to the judges. Some of the poultry was among the best produced throughout the state, while the garden products shown would do credit to any community, being highly commendable of the thrift and skill of the producers. The prizes awarded are as follows:

GAS MAY NOT BE GIVEN LITTLEFIELD THIS WINTER

Just when Littlefield will receive natural gas service, is still a mooted question, according to Mayor Otto Jones, who states he has no definite information from the company to whom a franchise has been issued, and which expires November 1, if work of line construction has not been started at that time.

It is generally understood that the gas line, coming from Amarillo, is to be built south from Clovis to Littlefield, thence on to Levelland and Brownfield, but the delay is being occasioned by lack of the company to obtain material for line construction.

CONGRATULATIONS FROM MISS MURRAY TO CO. OFFICIALS

In a letter addressed to the Leader this week, Miss Myrtle Murray district home demonstration agent for West Texas, expresses her appreciation for the forward step taken by the Commissioners of Lamb county in appropriating \$1,500 for a home demonstration agent for this county. The letter is as follows:

College Station, Texas, Oct. 12, '28.
Lamb County Leader, Littlefield, Tex.
Dear Mr. Mitchell:

Please accept my congratulations for the progressive move the county has made in making the appropriation for home demonstration work. I appreciate what you did to help secure same.

I am sending contracts to Judge Burrus today, but in the meantime I am placing Lamb county on the waiting list pending the return of the contract, and then it will be placed officially on the list.

Of course, I can not say definitely when we can meet that appropriation but I am hoping it will be in a few months. I shall notify you as soon as I know definitely myself.

Yours very truly,
MYRTLE MURRAY.

44,275 ACRES OF VIRGIN SOIL TURNED INTO THRIVING AGRICULTURAL DOMAIN IN WHITHARRAL SECTION DURING FOUR YEARS

Four years ago all there was of Whitharral was a map lying in the local office of the Yellow House Land Co., today it is a thriving little community settlement 10 miles south of Littlefield and growing more rapidly than any other inland center in this part of the South Plains country.

The Whitharral community, which is now generally spoken of as the territory embraced in the Whitharral school district, embraces 13 leagues of as fine agricultural land as ever lay out of doors. Four years ago these 13 leagues, containing 56,557 acres of land were just a part of the broad expanse of virgin prairie, dotted here and there by an old ranch windmill left standing when the last of the LFD cattle were rounded up and shipped to market. Today much of it is producing abundant crops of grain, cotton, fruits and vegetables.

Of this 56,557 acres of land lying within the Whitharral school district, 44,275 acres have been sold to progressive farmers, and of this amount sold, it has been conservatively estimated that fully 60 per cent is now in cultivation and producing valuable crops of some description.

Lee Crownover was the first land buyer of this section, purchasing 708 acres from the Yellow House Land Co., and since that time he has been adding to his holdings, until today he owns 1,063 acres, the major portion of which is planted to crop of some kind. This sale was made December 24, 1924, and since that time there has been scarcely a week but some new settler has invested in some of the fine dirt of that particular section.

It was on January 12, 1925 that the first school land was opened in the Whitharral community. Today the citizens of that section boast of a \$30,000 brick school building with about 300 pupils tutored by seven teachers, the overflow from the present enrollment being taken care of in the first two room school house built three years ago. There is also one of the best cotton gins to be found on the South Plains located at Whitharral, and the first year of its operation it turned out 3,200 bales of the fleecy staple grown by the industrious farmers of that section. There are also two stores there, three filling stations, a garage and some residences.

The community generally is populated by a very high class citizenry, a people quite thrifty and of high ideals. Four churches have permanent organizations there, and the co-operative spirit of the folks in that community is one of their assets most highly commended.

\$300,000 STATE SCHOOL BUILDING DEDICATED SOON

Canyon, Oct. 14.—Superintendents teachers, college presidents, and laymen are accepting the invitations of the West Texas State Teachers College to attend the celebration October 19 and 20. At this time the Education Building, just completed at a cost of \$300,000, will be dedicated and the annual Home Coming of ex-students will be celebrated.

President J. A. Hill will have on his campus at this time some of the best known educators in the United States and practically all the presidents of the institutions of higher learning in Texas, as well as teachers, superintendents and principals from hundreds of towns in Texas, New Mexico and Oklahoma.

Names that appear on the program include Dr. Bruce R. Payne, president of Peabody College, Nashville, Dr. W. P. Morgan, president of the American Association of Teachers Colleges, Dr. John W. Withers of New York University and such well known Texas educators as R. B. Cousins of Kingsville, W. L. Hughes of College Station, L. H. Hubbard of C. I. A., J. D. Sandefer of Simmons, President H. Y. Benedict of Texas University, W. A. McIntosh of Amarillo, and others.

All of the dedication programs are open to the public. Since the West Texas State Teachers College organized the first training school in Texas, people of the region feel a particular interest in the addition to the college plant, which has been the college home of 17,000 West Texas Students.

Extensive improvements have been made on land leased from the city, and located on the north side of the Santa Fe tracks where the sheep are being held. Sheds, feed racks and watering troughs to accommodate several thousand animals have been constructed.

WYNN APPOINTED INSPECTOR

L. W. Wynn has been appointed sanitary inspector by the City Commission, his duties effective at once.

An effort is being made by the Commissioners to give the town a thorough renovation, some contending that the present unsanitary condition of some sections being decidedly detrimental to health conditions. This week Wynn is serving notices upon property owners relative to their various delinquencies, and it is that unless these notices are promptly complied with the city will take the matter in hand doing the necessary cleaning and charging same to the property owners.

There is an ordinance now in force according to Mayor Jones, which permits the city officials to take this important step.

BANK STATEMENT SHOWS CONDITION OF COUNTRY GOOD

The financial statement of a bank is generally a good reflection of the condition of a given community, and the statement of the First National bank, this city, published this week, speaks volumes for the welfare of this particular section.

According to this statement, the financial condition of this institution is better than ever before in its history. There is an item of \$5,798.16 net undivided profits which will look good to the stockholders and at the same time inspire the confidence of the depositors.

Demand deposits at this time show a total of \$334,311.30, with an additional \$7,358.42 in time deposits; whereas last year, the total deposits of the institution at this time were slightly over two hundred thousand dollars. This represents an increase in deposits of approximately \$114,000 over this time last year. The bank is operating on \$52,000 less borrowed money this year than it did last year. Loans to customers this time last year totaled \$288,000.00, while this year they amounted to \$275,870.08.

As a matter of fact, with the excellent crop prospects now visible in this section, general financial conditions are better than ever before in the history of Littlefield and Lamb county.

WILDCATS TROUNCE SUDAN TEAM 19-0 HERE LAST FRIDAY

The Littlefield High Wildcats won their third victory in as many starts last Friday, the Sudan team carrying the light end of the 19 to 0 score. Over-confidence and loose playing on the part of the Wildcats prevented a much larger score. It seems that the home team expected a "snap" as they had in the game the week before, when they swamped Lorenzo 44 to 6.

The first tally came early in the first quarter, when Fox, substituting for Harry White, circled right end for a touchdown, just after White had made a 20 yard run to put the ball on the enemy's 10 yard line. After that Sudan's defense tightened, and at the same time the visitors started a terrific offense which caught the Wildcats napping. They made repeated gains through the line for five and six yards, which almost resulted in touchdowns more than once.

The second marker came in the third period, when Thornton caught a long pass which flew from the hands of Harry White. Fly evaded several Sudan tackles in his sprint to the goal line. Couch's place-kick for the extra point was low. Score at end of third quarter: Littlefield 12, Sudan 0.

The Tuckermen scored again late in the last period, when Fly caught another pass and stepped across the goal line. Fly also caught a pass for the extra point, making the score at the end of the game: Littlefield 19, Sudan 0.

The Wildcats will have thier hands full next Friday when they journey to Brownfield to take on those huskies. Lamesa beat Brownfield by only one touchdown last Saturday, and Lamesa has a powerful eleven. Littlefield grid fans are urged to see this game.

DEMAND CLEANER MILK

As a matter of health precaution the City Commission is now taking steps toward the drafting of an ordinance which will require certain standards of cleanliness among those who are selling milk within the corporate limits of the city.

Request has also been made for a state official to come here to make inspection of milk vendor's premises.

NEGROES FINED FOR FIGHTING

Ollie Flake and Carrie White, negro and negress, were arrested Saturday afternoon by City Marshal Fred Hoover and given fines of \$11.45 each in Municipal court.

The negro had been drinking, according to Hoover, and had struck the woman, whereupon she struck at him with a pocket knife, inflicting a wound upon the breast.

TUBERCULAR TEST AMONG DAIRY HERDS TO BE CARRIED ON BY THE CO. AGENT

During the past month there has been quite a bit of interest shown by the farmers of Lamb County in the tubercular test of dairy herds, states D. A. Adam, county agent. As a result, the county agent has taken this up with the Texas Sanitary Livestock Commission, and agreements have been sent out to be signed by the owners of the herds.

The state and federal governments

Adults Contract Children's Diseases

Adults can, and do, contract many children's diseases. And, usually, they suffer from them much more than children do. For instance, many adults contract worms, an ailment usually associated with children. Sometimes they suffer intensely and take expensive medical treatments, without realizing that worms are the cause of their troubles. Yet, the symptoms are the same as in children, loss of appetite and weight, grinding the teeth and restless sleep, itching of the nose and anus, and abdominal pains. And, the same medicine that surely and harmlessly expels round and pin worms from children will do the same for adults — White's Cream Vermifuge, which you can get at Stokes & Alexander Drug Company.

conduct the initial tests free of charge and the owners are to carry on this work at their own expense, after the state authorities give them a certificate for an accredited herd, yearly thereafter. With the volume that is expected to be attained between now and the first of the year, the expense should be very light for the work of a veterinarian who will conduct the work after the state authorities have finished.

It is requested that those farmers of Lamb County who have dairy herds that they wish to have tested, to get in touch with county agent D. A. Adam, by card, letter or otherwise, and get the full particulars on this work. These letters should be mailed to Amherst, Texas.

This is a very important piece of work, for a tubercular cow is a menace to the health of the people, and should be gotten rid of immediately, and the only way to tell whether or not they are in that condition is through the test.

DETERIORATION OF COTTON CROP MUCH IN PAST FIVE WKS

Dallas, Texas, Oct. 14.—Unquestionable deterioration in the cotton crop during the past five weeks has taken place, according to reports compiled by the Department of Public Relations of the Southland Life Insurance Company.

In this queerest of all cotton seasons, including times at which no two people agreed as to the outlook, general opinion has centered in the belief that the cotton crop will neither be too small to assure prosperity to the state as a whole, nor too large to make possible the securing of a fair price for the product.

Reports received in the last five weeks indicate, without reservation, that rapid deterioration is going on and very probably will continue. This shrinkage of the crop is, of course, due to various reasons—root rot, weevils, hot and dry weather, boll worms, and even slight damage by frost. As far as the general outlook is concerned however, two factors must be taken into consideration. One of these is the noticeable improvement in the quality of cotton produced this year, especially in north and northeast Texas, and the other the fact that acreage this year appears to be producing an unusually large amount of cotton despite deterioration.

Other aspects of Texas' chance for prosperity this fall are extremely bright. The grain crops have been unusually large and profitable; the cattle industry in the extreme western part of Texas is more nearly on its feet than it has been since the war, and sections which have suffered most from near crop failures during the past two years appear to have been the most fortunate this season.

Noticeable spots on the crop map for this month are Dallam, Potter, Lamb, Randall and Deaf Smith counties in the Panhandle where the big-

gest grain crop in history is reported. Any business map of Texas at the present time would be a spotted affair, ranging from almost hopeless outlooks to the brightest of prospects. In the main, however, farmers, city folk and business itself believe conditions better than average.

MANY HUNTERS ARE OUT AFTER DUCKS AS SEASON OPENS

The season for hunting ducks on the South Plains opened last Tuesday, according to state and federal regulations. The season also includes coot, Wilson snipe or jacksnipe. Wood duck, wider ducks and swans are expected. The season lasts from October 16 to January 31. Indications are that duck hunting in this section will be good this year, as the surrounding lakes well filled with water are numerous, and many instances are already reported where the ducks are coming in literally by the thousands.

For the past week numerous hunters have been anticipating the opening day of the duck hunting season, and, followed by the cold wave of last Sunday night, there was a large number who cranked up their flivvers early Monday morning and hied away to some of the nearby lakes for their first shooting of this fall.

Federal regulations for hunting are as follows:

Bag Limits: A person may take in any one day during the open season prescribed therefor not to exceed the following numbers of migratory birds which numbers shall include all birds taken by any person who for hire accompanies or assists him in taking migratory birds: Ducks, 25 in the aggregate of all kinds, Geese, 8, Brant 8, Coots, 25, Sora, 25. Other rails and gallinules, 25 in all, but not more than 15 of any one species, other than sora. Wilson snipe, 20, Woodcock, 4. Mourning doves 25.

"No other migratory birds may be taken at any time except under permit for propagating, scientific, or banding purposes or under an order of the secretary of agriculture to prevent injury to agriculture or other interests.

Prohibits Sale

"Sale: The federal law prohibits the sale of all migratory birds throughout the United States except bird staken for scientific or propagating purposes and waterfowl raised on farms or preserves under permit from the secretary of agriculture."

JESS. MITCHELL, Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

A THOUGHT FOR THE WEEK

I have been young, and now am old; yet have I not seen the righteous forsaken, nor his seed begging for bread.—Pa. 37:25.

Let us have faith that right makes might, and in that faith let us dare to do our duty as we understand it.—Lincoln.

KEEP YOUR EYES OPEN

"If you want to do the motorists of this community a favor and maybe save somebody's life," suggested a Littlefield citizen recently, "call attention to the habit some of them have of ignoring traffic when changing a tire along the roadside." And it is a good suggestion at that.

One does not always have a puncture just where the road is wide. But it is easy to get the car as far off the body of the road as possible before starting to work on it. It is also easy to keep a sharp lookout for approaching machines, and to avoid working on a curve where an approaching driver may not see you until it is too late for him to miss striking you as you stand alongside the car.

Every motorist knows the danger we refer to, yet not all of them use the care they should when changing tires. That's why we're passing on the suggestion—maybe it will cause someone to think, to see its serious side, and thereby save themselves injury or possible death.

There's many a man paying for what some other man is getting, but he is too big a chump to know it.

HOW YOU CAN HELP

In a town the size of Littlefield business may be ever so good as far as retail merchandising goes, and the community will suffer from what is known as "poor collections."

A merchant buys stock in the expectation of enlarging it when those goods are disposed of and he gets the money for them. The wholesaler

he bought from, and the factories they bought from, make their future figures and base future production on the strength of what the retailer is going to do. If the retailer has difficulty in making collections, he retards the wholesaler and the producer. So it goes in a circle—when everybody pays, everybody can pay, but when only a few pay then only a few can be paid.

In this day of liberal credit it is easy to assume obligations they cannot meet. And yet it is a blow to business when they do so. Credit is a fine thing, unless it is abused. Then it works a hardship not only on the creditor and the debtor, but on others who do business with them. Eventually the whole community feels it in one way or another—and that is what makes business "poor."

Try going on the cash-down principle as far as you can. If you feel you must resort to credit, figure in advance the earliest possible date on which you can pay the bill—then pay it if the heavens fall. You'll find yourself better off in the long run, for your credit will still be good. Your community will be better off, because when you pay your bills promptly you help to keep money in circulation here, thus making it easier to get hold of.

About this time of year the hay-fever victim firmly resolves to commit suicide, but keeps putting it off from day to day.

AN UNSETTLED QUESTION

Politics and the weather are always favorite topics of conversation in Littlefield and it is hard to pass through a day without encountering someone discussing one or the other.

But a new topic that promises to oust them is "What make of car is best?" One man gallops through four different makes in four years, then hasn't a good word for any of them. Another drives an old flivver longer than that and still swears by it when it reaches the junk pile.

In fact, it's a difficult matter to find in any crowd two fellows agreeing that any certain make of car is best. They've good words for every type and make, but always there is a little

something that is better about another kind.

All of which leads us to but one conclusion, and that is that since nobody seems to know exactly what is the best car made it's a good idea to know a lot about all of them before you invest in one.

Some business men are actually glad when things are dull. Take the knife grinder for instance.

EVERYBODY PAYS

Estimates sent out by the government place the amount spent for roads in the U. S. this year at \$1,300,000,000. That makes 1928 the biggest road-building year in our history, made possible largely because of the tax on gasoline now assessed in almost every state in the union.

The old cry that those living along the roads pay for them and their upkeep won't hold good any longer. Today the motorist is paying a big share of the cost of building and maintaining the roads over which he drives—and a lot he never has and never will drive over. With the motorist doing his part there is no longer reason for any man fighting a road-improvement proposition, because the ground has been cut from underneath all his arguments against it. It's a case of one for all and all for one now—and the whole country is better off for reason of it.

LITTLE LEADERS

No Littlefield woman can be happy in a house that's built so she can't change the furniture around every week or two.

Some people want the roads made safe for drivers, but as far as we're concerned in Littlefield we prefer to have the drivers made safe for the roads.

Older residents of Littlefield can remember the time when the "board of education" was a pine shingle.

Any Littlefield man who has been married very long will tell you that if you can get through breakfast without a fight you're good for the balance of the day.

Our advice to the Littlefield housewife starting out to buy a chicken is

to keep in mind the fact that the good die young.

Hard work is said to be nature's physician, but we know of several Littlefield men who prefer some other doctor.

About the only way the Littlefield man who talks about himself can get an attentive audience is to do his talking to himself.

JESS' JOSH

A New York style expert says the hat band should match the clothes. Then we're right in style, for both our hat band and our pants are shiny.

Gene Tunney was married last week. Chas. Harless is wondering who is champion now.

District Judge Clark Mullican may be well versed in Blackstone but he showed his lack of Biblical lore when he stated on the streets of Littlefield last Saturday that "Jesus was born in a manger in Nazareth."

Ed Aryan is of the opinion that these fellows who want to change the calendar and make the year 13 months long are only trying to put their Christmas buying off a little longer.

We heard a fellow on the street the other day say "If Hoover and Smith knew who were their leading champions in Littlefield they would both resign their candidacies."

There are still a lot of mysteries in the world," says R. T. Badger, "but what replaced the old red flannel petticoat isn't one of them."

Max McClure says he has come to the conclusion that the world was just about as well off in the days when divorce lawyers were afraid they might spend their declining days in the poor house.

Mary had a little mule,
It followed her to school,
The teacher, like a fool,
Went up behind the mule,
And hit him with a rule,
And there wasn't any school!

The woman on XIT drive says the reason some people don't four flush is because they haven't anything valuable enough to mortgage.

ARRESTED FOR WATCH-THEFT

Monday night Fred Hoover visited the picture show calling out a man by name of Walter Laurie whom he questioned regarding the theft of a watch belonging to Mrs. Manly McGill, living in the south part of town. While questioning him, according to Hoover, the man slipped the watch down his trouser leg, falling on the floor, the Marshal noticed it and picking it up had it later identified by Mrs. McGill. Laurie pleaded guilty to the charge and was given a jail sentence of 30 days at Olton.

Hoover says there are at this time several suspicious characters in and about town and throws out the warning that it will be well for people to keep their houses locked when absent and to watch strangers within their homes.

Be Careful with Your Buying!

Most people are very careful about their banking. They are particular about the bank they patronize. They want to know that their money is securely placed. To lose the results of years of hard labor is no small matter.

People who loan money are particular about the rate of interest they receive. They figure closely the difference between six and eight per cent—and it amounts to considerable in the course of time.

People should be just as particular in the purchase of their Groceries. Food is necessary to life; but why pay more for it than necessary? Other things being equal—such as quality and freshness—you owe it to yourself to buy as cheaply as possible. Remember, a dollar saved (no matter how you save it) is a dollar made.

Buy your Groceries at the M System Store and you will save money. The saving will amount to eight per cent interest on several hundred dollars in the course of a year's buying.

WHY NOT MAKE INTEREST ON YOUR GROCERIES AS WELL AS YOUR MONEY!

In the past many of our customers have become mighty good and congenial friends. We like to think of so many of them as friends rather than customers. Business may be hard boiled but we don't think so. For us if you would take friendship away from business there wouldn't be much left.

LEADERSHIP

It is funny how the automobile that is ten years ahead of its time always comes out the next year with a greatly improved model.

Almost every man believes in heredity until he sees his son acting like an idiot.

JUST A SUGGESTION

Sometimes when we see an old house which has been given a new porch and a coat of paint, we think of the story of Aladdin and his magic lamp. The improvement wrought in an old home by a good workman and a load of lumber has in it the element of magic. It is hard to realize until you have tried it what an improvement can be made in an old house at reasonable cost.

Often a house is ugly because of a lack of some simple addition in the way of porches, dormers and the like.

A few hundred dollars spent for material in improving the appearance of an old house frequently add a thousand to its selling price.

We will be glad to suggest how you may gladden up the old place and advise you about the cost of material and lumber.

No's The Answer
Mother: "If you wanted to go to Jimmie's house why didn't you come and ask me?"
Sammie: "Cause I wanted to go."

Too many people are inclined to "let George do it" when it's a case of getting behind some civic improvement.

Thank good n e s s , that's over.

JUNIOR CLASSES ENTERTAINED
 Saturday afternoon the children of
 the Junior classes of the Presbyterian
 Sunday school, enjoyed a picnic at
 the baseball park. The losers in the
 contest to see which class could bring
 the most new pupils to Sunday school,
 had to entertain the winners.
 At one-thirty o'clock the children
 met at the park and played games and
 told stories until their lunch was
 spread, which consisted of deviled
 eggs, sandwiches, salads and fruits,
 after which they played for a while
 longer, and just before they left for

Will Rogers
 Says—

I am the only candidate that is tend-
 ing to his own business and not to
 the people's. I am not running
 around wearing derby hats in the
 summertime or putting wreaths on ev-
 ery president's birthplace I can find.
 These other two fellows are devot-
 ing their entire time to nothing but
 spending money and trying to show
 that the country will perhaps be on
 a level with Nicaragua if they are not
 put in charge of it.

I am not going out around the
 country making a monkey of myself
 just to let people see what kind of a
 man they would have in the White
 House if elected, I did all that before
 I was nominated.
 Al made a speech to the farmers,
 or what he thought was farmers.
 They were actually Merchants, and
 Clerks, and Bootleggers, and Pollice-
 men and just the very kind of crowd
 he would have in Newark, or the
 Bronx.

There was no farmers there, Omaha
 is not a Farmer's town, it's a City,
 and a farmer wouldn't have any more
 chance getting into a Hall there than
 he would have making an opening
 night in New York. The people there
 had seen plenty of movies, but they
 had never had a 'straight from New
 York production, with the original
 cast.' So naturally they all turned
 out. It was a big opening night for
 Omaha.

And it's the same with Herbert, he
 comes into Newark the other day
 marked "exhibit A." Now there is no
 dignity to that, we want a President,
 not a exhibit. The White House isn't
 a Museum, with glass cases.

So I hope there is some sane peo-
 ple in this country who will appre-
 ciate dignity and not showmanship in
 their choice for the Presidency. Be-
 ing a Candidate didn't give me a
 chance to see the country. I had
 seen it before.

I have no free shows to give around
 the country, and no one to pay my
 way to them, in return for cabinet
 positions afterwards. So if your
 town wants a holiday wait till Ring-
 ling Circus comes along and see a
 good show.—Will Rogers.

MEN AND WOMEN
HERE ORGANIZE A
CLUB FOR HOOVER

Friends and voters for Herbert
 Hoover, candidate for president of
 the United States, held a meeting
 Thursday night of last week at the
 High school auditorium, the principal
 speaker of the occasion being a Chris-
 tian minister from Abilene.

Following the speaking the organi-
 zation of a Hoover club was affected,
 Walter S. Mitchell being elected chair-
 man; F. G. Sadler and Pat Boone
 vice-chairmen and J. E. Barnes, secre-
 tary. It is stated that about 250 have
 enrolled their names as members of
 the club.

Saturday night another Hoover
 speaking is to be held here.

Women Organize
 Monday afternoon a meeting was
 held at the Methodist church, at
 which time the women supporters
 were organized into a Hoover club.
 Mrs. Chas O'Neil and other ladies of
 Lubbock, were present to direct the
 organization. Mrs. W. C. Thaxton
 was elected chairman; Mrs. A. G.
 Hemphill, vice-chairman; Mrs. Pryor
 Hammons, secretary-treasurer. More
 than 100 women signed for mem-
 bership, those from the Methodist church
 being as follows:

Mesdames H. C. Arnold, Geo. E.
 Turrentine, E. F. Arnn, Ernest Wil-
 liams, Roy Kemp, Star Haile, Millard

 C. McNutt, Maud Anders, Otto Jones,
 J. M. Stokes, J. W. Blalock.
 Other lists of names are not avail-
 able at this time.

HONOR MRS. OWENS

Mrs. Roy A. Kemp was hostess Fri-
 day afternoon with a miscellaneous
 shower honoring Mrs. G. T. Owens.
 The room was beautifully decorated
 with cut flowers throughout the house
 and with white, pink and baby blue as
 colors. The seat of honor was a
 large chair trimmed in the colors and
 placed in the center of the room, with
 the guests all seated around it.

Mrs. Crow gave a beautiful reading
 just before little Johnnie Lois Pate
 entered dressed in a pink and blue
 paper dress and pushing a pink and
 blue bed loaded with gifts, which she
 presented to Mrs. Owens, who opened
 them and passed them around to the
 others present.

Refreshments of pink lemonade and
 cake were served to the following
 ladies: Mesdames Pryor Hammons, J.
 H. Lucas, J. L. Pate, Crow, Baugh,
 Homer Hall, Bert Lambert, Ed Ary-
 ian, Star Haile, Art Gumelt, L. W.
 Jordan, Less Collard and the honoree
 Mrs. Owens, little Johnnie Lois Pate
 and the hostess, Mrs. Kemp.

METHODIST MISSIONARY

The Methodist ladies missionary so-
 ciety met at the Methodist church
 Monday afternoon and studied the
 5th and 6th chapters in the book on
 "Women and the Kingdom," with
 Mrs. G. S. Glenn as leader and Mes-
 dames Fonda, Lakey, Griffy, A. G.
 Hemphill, W. C. Thaxton, Carl Ar-
 nold and B. L. Cogdill assisting her
 with the lesson.

Mesdames Van Clark, H. B. Teal,
 W. C. Thaxton and Carl Arnold were
 elected to serve on the Ways and
 Means committee for the next quar-
 ter.

Those present were Mesdames B. L.
 Cogdill, E. G. Courtney, G. S. Glenn,
 W. C. Thaxton, A. F. Arnn, A. G.
 Hemphill, Carl Arnold, Fonda, Lakey,
 Griffy, E. H. Williams, Star Haile,

"clear"

When your specifications say "clear lum-
 ber" make sure that you get what's called
 for—stock free from sap and knots, straight-
 grained and clean. If that's what's ordered,
 and it comes from this yard, it IS clear
 lumber.

Same with our whole line—no matter
 what it is. Wallboard, for instance. We
 sell and recommend—

SHEETROCK

cently bought from the Yellow Land Co. The land is located east of Whitharral and when improvements are completed will be occupied by his three sons.

Rev. L. G. H. Williams, of Lubbock, was in Littlefield, Sunday.

Mr. and Mrs. Ed Aryan and son, Eddie Gene, were in Lubbock on business, Tuesday.

Unintentional Suicide

Many people are slowly poisoning themselves just as surely as if they drank iodine every morning for a fast. They are daily absorbing toxins, or poisons, created by undigested waste matter in their digestive systems. Sooner or later disease will conquer their weak bodies.

If you have dizzy spells, lashed, coated tongue, bad breath, loss of appetite, bilious attacks or pain in the back and limbs, you are suffering from self poisoning caused by constipation. The surest and most reliable relief for this condition is Herndon's vegetable cathartic which acts in a natural way. Get a bottle today at Stokes & Alexander Drug Co.

We wonder if it isn't about time to dig up that old cut-off and get it in shape to drain those water lines.

It is about time for cold weather to set in.

About the last of November, last year, after a nice warm day, one night when we were all sound asleep winter came down upon us with a vengeance, and we awoke next morning to find all our plumbing frozen hard. More than \$1,500 was paid us in repair bills as a consequence.

We are looking for all the business we can get, but the convenience of your plumbing is worth more in cold weather than at any other time.

ADVENTURES IN THE KITCHEN!

My own kitchen had been undergoing improvement along with the others. Its color scheme was a bit out of the ordinary. For as you may remember, I am an artist, and not at all afraid to experiment with color. My house was Colonial in style and the woodwork throughout was white, with mahogany in her kitchen, the door and window frames were of mahogany, with all the built-in furniture, white. Walls, lavender, very light. Curtains, sea bordered with French blue and lavender. Floor, light gray. Oval rugs of French blue with hands of sea blue and white. Breakfast table, sea bordered with French blue. French blue, trimmed with white. Oil range, pots and pans, snow-white.

I got stage fright at the sight of cooking for you except she told the assembled club. "But I have some sandwich recipes I'm going to give you."

"I always break the first rule sandwich making—to use day-bread. It does make much better sandwiches, but they are nearly so good as those made with fresh bread. I have a very sharp knife, and use it with the best pressure possible."

LEAVES FROM NANCY'S KITCHEN CLUB NOTEBOOK

These are the recipes I gave the club.

Toasted Nut Sandwiches
Put over a slow fire pecans, walnuts or blanched almonds with butter and salt, constantly stirring. Use fresh bread and spread thinly with olive oil mayonnaise. Sprinkle the nuts, using the toasted butter part of the spread. Are best if used immediately.

Cheese and Nut Sandwiches
Use fresh American cheese through

and chopper until it is puffy. Mix enough evaporated milk to make paste. Do not use fresh milk. For recipe the evaporated is far better. Season with salt and red pepper. Mix with nuts and spread on bread without mayonnaise. This sandwich is better if eaten once, it can stand for hours, if necessary, and still be good.

Cheese and Pimiento Sandwiches
Use American cheese through food chopper until it is puffy. Mix with canned pimiento and enough olive oil mayonnaise to spread nicely. Fillings will keep for days, but is best eaten at once.

"Pick Up Supper" Sandwiches
Use bread on one side. On soft spread mayonnaise. Lay on this one leaf, two slices of tomato and of crisp, hot bacon. Salt and pepper. Serve at once.

Chicken Salad Sandwiches
Use chopped chicken, sweet pickle, hard-boiled eggs. Pepper, celery salt. A little chopped onion. Moisten with mayonnaise and spread on bread.

Cheese Dreams
These are hard to digest, but oh, so good on cold nights! Crumble fresh American cheese on fresh bread. Salt with another slice. Toast in broiler pan with butter. When brown on one side turn and toast on the other side at once.

Cake and Bread Box
I showed the Kitchen Club the combination cake and bread box I found yesterday. It has two compartments. Comes in half-a-dozen different colors. I got one. But, as I only had a cake box, I'm going to give it in the top compartment of

Smishing Garbage Bucket
The store showed me a garbage bucket with an attachment to fasten it to the pipe under a kitchen sink. It is put on a lever to fill, and is hidden out of sight when one is using it. It comes in beautiful colors, though, and it seems a shame to hide it.

CARD OF THANKS

I wish to sincerely express our appreciation for all the helpfulness and neighborly deeds in our behalf during the recent sickness and death of our beloved family member, Mrs. L. B. Tooke and children, Mrs. E. N. Paucett, and Mrs. W. J. Dawkins.

ENTERTAINS BRIDGE CLUB

Mrs. A. C. Chesher was hostess Thursday afternoon to the old bridge club and a few guests.

Four tables of bridge were at play with Mrs. F. G. Sadler as the winner of high score. Table favors were nut cups filled with after dinner mints.

The color scheme of Hallowe'en was carried out in table covers of black and orange. A salad course with the Hallowe'en colors was served to the following members: Mesdames Pat Boone, J. C. Tuttle, P. W. Walker, H. W. Wiseman, E. S. Rowe, W. G. Street, F. G. Sadler, J. M. Stokes, the club guests were Mesdames, K. F. Albright, J. W. Porcher, C. E. Cooper, T. Wade Potter, Dick Johnson, Doc Miller, C. C. Clements and the hostess, Mrs. Chesher.

Some politicians evidently fear a wet plank would prove too slippery!

AN ARTISTIC DECORATION

Alvin Mueller, electrical wizard for the Texas Utilities Co., in Littlefield, has surprised the public by announcement of another hitherto unknown talent in the fact that he is a window decorator de luxe.

The giant peacock with all its beautiful tapestry colorings and fantastic surroundings, located in the front window of the local Utilities office is the handwork of Mr. Mueller. It is indeed worthy the prize for which he is competing, and now being carried on in 46 towns where the Texas Utilities company is rendering service.

A NEW BRICK BUILDING

John Peters is this week preparing the foundation for a one story brick business building to be located on a lot between Cuened's dry goods store and the Timian Variety store.

Acrey Barton has the contract for construction.

CARD OF THANKS

My heartfelt thanks and appreciation goes out to the many friends and neighbors for their generous assistance, kindly acts and sincere sympathy during the sickness and death of my beloved husband. I am indeed grateful for all your kindly deeds.—Mrs. N. T. DALTON. Itc.

DEMOCRATIC CLUB ORGANIZED HERE MONDAY FOR SMITH

At a meeting held here Monday afternoon by local Democrats a club was organized. E. A. Bills was chosen chairman; C. E. Cooper, vice-chairman; T. Wade Potter, secretary-treasurer.

A resolution was passed reaffirming the Jeffersonian principles of the party and endorsing the entire Democratic ticket and platform, special emphasis being given to the acceptance of the state and national nominees.

It is announced that there will be a Democratic speaking in Littlefield every Saturday afternoon until election day in November, speakers from out of town being arranged for.

Another meeting of the club members has been called for 2:00 o'clock Saturday afternoon, at which time all adherents of the party are urged to be present.

KING OF KINGS AT LUBBOCK

The "King of Kings," Cecil B. DeMille's filmization of the life of Christ, opens a six days engagement at the Palace theatre, Lubbock, starting with Sunday's matinee.

This film has been highly lauded by press and pulpit as an outstanding achievement. It is said to have been produced on a lavish scale and that the result is a film that is magnificent and thoroughly entertaining. Popular prices of admission will prevail.

ORGANIZE HI-Y CLUB

The boys of the Hi-Y club met last week in their first meeting of the year and elected new officers, motto and leaders.

The boys elected to serve this year were E. S. Rowe, president; Al Smith, vice-president; Ferrell Burford, secretary; Norfleet Gillette, treasurer; W. B. Phipps, jr., Chaplain; John Adams, reporter; and their motto is to be: "Clean Speech, Clean Athletics, Clean Scholarship, and Clean Living."

Their adult leaders are F. O. Boles, G. M. Irvin, and J. P. Spinks.

To the 5000 who daily become owners of the new Ford car

THE service obligation of the Ford Motor Company and its dealer organization is now growing at the rate of 5000 cars a day. It is to these new car owners that this message is addressed.

The new Ford is a remarkably fine car for one that costs so little. It is simple in design, constructed of the finest materials, and built to unusually close measurements.

These are the reasons it performs so wonderfully. These are also the reasons its service requirements are so few and the up-keep cost so low.

When you receive your new car, the dealer will explain the simple little things that should be attended to at regular intervals to insure the best performance. He will also tell you something of his own facilities for doing this work promptly and at small cost.

With the purchase of your car, you are entitled to Free Inspection Service by your dealer at 500, 1000 and 1500 miles. This service is due you and we urge you to take full advantage of it. Proper care during this breaking-in period means a great deal to the life of your car.

Included in the Free Inspection Service is a check-up of the battery, the generator charging rate, the distributor, the carburetor adjustment, lights, brakes, shock absorbers, tire inflation and steering gear. The engine oil is also changed and chassis lubricated.

No charge whatever is made for labor or materials incidental to this inspection service, except where repairs are necessary because of accident, neglect, or misuse.

The labor of changing the engine oil and lubricating the chassis is also free, although a charge is made for the new oil.

We believe that when you see the good effects of this inspection you will continue to have it done regularly throughout the life of your car.

Wherever you live, you will find the Ford dealer very helpful in keeping your car in good running order for many thousands of miles at a minimum of trouble and expense.

He operates under close factory supervision and has been trained and equipped to do this work promptly, thoroughly and economically.

FIRE ACCIDENT THEFT

"It is better to be always prepared than to suffer once."—Latin

CAUTION IS THE PARENT OF SAFETY!

Think of the tremendous odds against you, if you do not protect yourself with insurance.

Insurance is your safest protection against all hazards.

The cost of Fire, Theft, Accidents and all kinds of Insurance is mighty small, compared to the benefit derived and the feeling of safety and protection it provides.

AN OPPORTUNITY! ...FOR SOCKMEN...

WHY NOT OWN A RANCH WHERE YOU CAN FINISH FOR MARKETS AND ADD TO YOUR PROFITS EACH YEAR.

Several real buys in small ranches out of the famous Yellow House Ranch on the South Plains of Texas, in Lamb and Hockley Counties, as listed below. All these tracts are located convenient to railroad, splendid schools, good towns, and surrounded by the greatest agricultural development in Texas where feed is plentiful.

This section is destined to be one of the best finishing grounds in the South, and the small rancher here will have an advantage worth-while.

14,000 acres, including Yellow House Ranch headquarters improvements. No better cattle or sheep range, with plenty of good agricultural land that will increase in value. Fenced and cross-fenced. It will pay you to investigate this promptly.

Price \$15.00 per acre. Liberal terms, 6% interest on deferred payments.

2500 acres. One of the best little combination propositions, in this section, splendid location.

Price \$15.00 per acre. Reasonable cash payment, liberal terms on balance, 6% interest.

4500 acres. Two miles from \$30,000.00 brick school building, store and gin. Fine location and splendid little ranch, with plenty of good agricultural land.

Price \$16.00 per acre. Liberal terms, 6% interest.

3500 acres. Mostly enclosed with sheep proof fence. Splendid location and includes some good agricultural land.

Price \$16.50 per acre. Liberal terms, 6% interest.

3000 acres. A splendid little ranch and all the good farm land needed.

Price \$16.00 per acre. Liberal terms, 6% interest.

Also, smaller combination farm and ranch tracts, if desired, at attractive prices.

In addition to these combination tracts, we have some fifty thousand acres of 100% agricultural land surrounded by development in tracts of 177.1 acres each at \$30.00 and \$35.00 per acre. One-fifth cash, balance liberal terms, 6% interest.

It will pay you to investigate these propositions at your earliest convenience, as these lands are selling and the country developing rapidly.
