### Pope Returns to Face Charges Growing Out Of Southland Bank

J. M. Pope, of Southland, former Littlefield citizen, who left Southland December 2nd, or about the time the Southland Bank was found to be defunct, returned last week and gave himself up to officers to face a charge of theft by bailee. He was released on a bond in the sum of \$7,500, signed by 34 Littlefield citizens all friends of Mr. Pope, the bond being effective until his appearance before the Garza county grand jury which meets March 17.

Pope had for several years been a citizen of Littlefield and connected with the banking business here. He has a large circle of friends in this town whose faith has not been entirely shaken in his integrity relative to his leaving in connection with the receivership appointment of the Southland Bank.

It is stated that Pope got as far as Cuba when he was taken and was rushed to a hospital, where he was treated, re-

## Pep Paragraphs

The people of the Pep community deeply sympathize with the Albus family in the loss of their little daughter Mildred, whose obituary notice appears elsewhere in this paper.

All the children of the Pep community who could be reached assembled at the school building Sunday afternoon and were given the serum for diphtheria by Doctor Logan.

Three one-act plays were given as a Christmas program at the Pep school Friday night, December 21. The stage was beautifully decorated. An excellent imitation of a large brick fire place in which burned a realistic looking fire, gave a real

Christmas setting to the stage. Besides the plays an appropriate reading was given by Miss Lucile Stengel. After the program, the stage was rearranged and when the curtain went up a beautiful decorated tree surrounded with numerous gifts was revealed. Every child in the school was well remembered by good Saint Nicholas.

Among the Pep people spending the Christmas vacation away are: J. F. Albus and family, who visited relatives in Rhineland; Lawrence Albus and family who visited relatives in Wilson; W. T. Jungman and family, who went to Rhineland and G. C. Keeth and family who visited in Matador.

Misses Mary, Louise and Katherine Lupton returned from Reserve, New Mexico and Miss Jean Lupton

returned from Canyon, to spend the Christmas holidays at home.

The infant daughter of Mr. and Mrs. E. L. Fitch of this community, who has been seriously ill of diphtheria is, we are glad to report out of danger at this writing.

An enjoyable dance was given at the home of M. J. Demel on Christmas night. A nice crowd attended and every one present enjoyed the occasion.

### MILDRED ALBUS

The news of the death from diphtheria of Mildred, the six year old daughter of Mr. and Mrs. J. L. Albus, threw a gloom shadow over the joyousness of the Christmas festivities in the Pep community.

The little girl had taken part in the Christmas program given at the school Friday, December 21st, though at the time she was suffering from a sore throat. With her usual sweetness and unselfishness she made little or no complaint of suffering, for this reason little uneasiness was felt about her condition.

On the 22nd of December the Albus family left to spend Christmas at Rhineland, with the recently widowed mother of Mr. Albus. Mildred became serious shortly after the family reached Rhineland. A physician was summoned, but his efforts to check the range of the dread disease were unavailing. Thursday night the little sufferer was released from pain. Funeral services were held the next day. Interment was made at Rhineland.

Mildred Albus was a child possessed of rare beauty, of soul and of body. Her face had about it an expression of angelic loveliness and sweetness. She was one of those children whom to see was to love.

At school and at home, Mildred even delighted in doing some little act of kindness or thoughtfulness. It

### Nine-Tenths Preventable

Nine-tenths of all the diseases of the American people can be traced directly to constipation, doctors say. Constipation throws into the system poisons which taint and weaken every organ of the body and make them easy victims for any germs which attack them. Prevent constipation and you will avoid nine-tenths of all diseases, with their consequent pain and financial losses. Herbine, the good old vegetable cathartic, will prevent constipation in a natural, easy and pleasant way. Get a bottle today from

was charming to see the solicitude with which she looked after her little brother, just older than herself.

If one were to select the child that was best loved by all her little schoolmates one would unhesitatingly have selected Mildred Albus.

When school began after the Christmas holidays, every child in the primary room felt a sadness, a sense of personal loss at the sight of the vacant desk of the loved schoolmate. The room was unusually quiet, even the most mischievous forgot his mischief when his eye fell on that vacant desk from which his schoolmate was missing.

We who are older likewise feel a sense of loss, but we can scarcely bring ourselves to grieve when we remember that this little soul, while yet in the purity of its infant innocence has gone where it will ever remain unspotted by the grime of life.

## Lfd. College is Host To Citizens in Feast Given Last Tuesday

Tuesday noon more than 40 members of the Littlefield Chamber of Commerce responded to an invitation from officials of the Littlefield College to be their guest at a luncheon held in the College cafeteria.

The cafeteria and tables were artistically decorated, and oysters in every conceivable style were served in courses. All hats are off to Chef Gastinell when it comes to preparing laranm oc and serving a luncheon in de luxe order.

Eight of the College directors were present and a number of the faculty members. President Duckworth made a very optimistic speech outlining the work of the College. He stated that though the College to date had not

grown as fast as he had anticipated, yet the near future promised an even greater institution than the citizens of Littlefield had ever dreamed of in their most enthusiastic moments.

The meeting was then turned over to J. E. Brannen, president of the Chamber of Commerce. Secretary J. W. Hale made a short talk, followed by a talk from Mr. Brannen, who brought the discussion to a climax by saying, "Today is the day of salvation, and we want a college today."

E. A. Bills followed with a splendid address promising the support of the citizenship to the college.
