City Officials of Texas Towns Pledge Aid In Pushing Duggan Bill

LETTERS COMING IN ON ITINERANT MERCHANT MOVE

Greenville, Mexia, Devine Write Willingness To Help

Letters from mayors of Texas towns pledging cooperation with local sponsors of Senate Itinerant Merchant Bill 188 have begun to come into the offices of city officials this week, announced Gus Shaw, chairman of the local committee pushing the bill.

The measure, now in the hopper, is scheduled to come up for Senatorial action soon. It was introduced by Sen. A. P. Duggan, Littlefield, and is directed against activities of merchants who travel from town to town in Texas and evade annual taxes on their stock of goods.

Literature and accompanying letters urging school boards and county officials of Texas cities to get their Senators and Representatives behind the bill will be mailed this week, Chairman Shaw announced.

Writes Mayor A. S. Moore of Greenville, "The City of Greenville has an Itinerant Merchant's ordinance, and we are heartily in favor of a similar law becoming state-wide. We will give it our support."

Writes Mayor J. Sandford Smith of Mexia, in part, "Itinerant merchants have interfered greatly with the merchants who have to maintain taxes and other municipal expenses in competition, and they certainly should be made to carry their part of the load."

Reports Mayor Mat A. Keller of Devine, "I am taking up this matter with our representative at Austin, instructing him to use his influence to get this bill passed."

"If parties receiving this literature will write to their Representatives and Senators, they can get the job done," declared Sen. Duggan in a letter to Chairman Shaw Monday.

"In Houston last week, there was a last case of a Houston ordinance containing practically the same provisions," declared Sen. Duggan.

LITTLEFIELD HI RECEIVES IMPROVED RATING WITH STATE DEPARTMENT

Littlefield High school was certified for two and a half new units of credit with the State Department of Education, Deputy Superintendent G. D. Holbrook informed Supt. A. B. Sanders during his annual official visit here Monday.

Recommending highly the school's new bookkeeping, stenography and commercial arithmetic departments, Mr. Holbrook filed the new credits at Austin pending a classification committee meeting at the capitol city in June.

"Under this report, if Littlefield teachers and students continue their splendid work in these three departments through the remainder of the school year, work in these courses will be affiliated with the school," declared Supt. Sanders Tuesday.

Affiliation of the courses would mean that they could be used as credit for college entrance anywhere in Texas, increasing the enrollment considerably in the departments here, Mr. Sanders said.

Teachers in charge of this work here are R. L. Burdette, bookkeeping; Ruth Martin, stenography, and Naomi Robnetta, arithmetic.

Mr. and Mrs. J. Skuy and Mr. and Mrs. John Harvey visited in Amarillo Sunday.

CIVIC IMPROVEMENT

With announcement that a work order for the water works improvement job is to be issued immediately, city commissioners this week are turning their attention to a pair of other civic improvement projects hanging fire for the past several weeks—beautification of the two city parks.

Only word from Austin that federal funds have been set aside stands in the way of actual work on the City Hall strip and Littlefield's westside Laguna Park. Improvement of these two spots would mean employment for about 22 men for 30 days.

Laguna Park will come in for major attention. Chinese Elms, a rapidly growing variety, will be planted. Extensive sodding and the planting of flowers will enhance this spot, making an ideal recreation center for summer picnickers.

The commission's beautification program calls for replacing most of the locust trees at the City Hall Park strip with Chinese Elms and setting out plenty of grass.

Heartened by the good showing of the new well under pump tests, the commission will depend in part upon the increased water supply to take care of summer upkeep of the parks, after beautification is complete. Without a doubt, Littlefield will be a happier, cheerier summer town, once these civic improvements are carried out.

HAMMONS FUNERAL HOME HAS LARGE CROWDS ON OPENING DAYS

The Hammons Funeral Home celebrated the formal opening of their new beautiful and spacious funeral home at East Fifth Street and LFD Drive Saturday and Sunday last, during which a large number called to view the home and large artistic display of funeral supplies and equipment.

Pryor Hammons, owner, purchased the property recently, and had it completely renovated and rebuilt into one of the most beautiful and complete funeral establishments in West Texas.

The Hammons Funeral Home is complete in every detail—from the reception room to the preparation room. Mr. Hammons is deserving of great credit in furnishing the public with such a convenient and restful establishment.

The reception room is decorated in old rose with paneled tile fireplace, and upholstered fittings to correspond with the decorations.

The two slumber rooms are decorated in pastel shades and furnished correspondingly.

The large display room is artistically decorated in old ivory with tile effect floor covering in the most delicate pastel shades. A beautiful display of National Caskets is contained in this room, including bronze and Arab Gray Armo Iron caskets finished in cream and Arab gray satin, with full length triple plate self sealer, air tight and water tight; Jacquard Velour finished in orchid satin and lace; plush with rosebloom satin interior; silver gray plush with white silk rayon and lace; silver embroidered with white rayon lining; gray whirl casket with

gray and white crepe interior and draped in gray; silver embossed doe skin with white silk rayon trimmings; and Clark vaults manufactured by the National Casket Company, which will preserve for years.

A large through hall, which adds to the convenience of the establishment, is also decorated in the soft pastel shades and gives a restful atmosphere to the home.

The preparation room is decorated in white with light green floor covering in tile effect, and is located at the rear of the establishment.

A complete line of burial garments for both men, women and children are also carried by the Hammons Funeral Home.

Saturday and Sunday the Home was a profusion of beautiful flowers, which were contributed for display by the Littlefield Floral, of which J. A. Burgett is owner and proprietor; and the Texas Floral, Lubbock, and Clovis Floral, Clovis.

Jim Morgan, of Amarillo, representative of the National Casket Company, Lubbock, spent Saturday and Sunday at the local establishment. He covers a large territory in the interests of his company, including sections of Texas, Oklahoma and New Mexico. He highly commended Mr. Hammons on his new funeral home, stating it was as complete with as fine an arrangement as were found in the large cities.

The lawn surrounding the property has been improved. Shrubs have been planted, including evergreens, Spirea and Cannas around the building, and Chinese Elms to be laid this week will form a hedge about the large lawn.

Local Woman Grafts Coloring Into Roots Of White Roses

Mrs. T. M. Neely, who owns a five acre tract in Cundiff Street, believes she can successfully graft coloring into surface roots of flowers, thereby changing the coloring of the blooms. She states that she had a large number of white roses, and that she is going to graft various colors into the white roots, and make colored roses out of them.

Mrs. Neely takes great pride in her flowers and shrubs. She has varied colored rose bushes, bridal wreath, crepe myrtle, etc. and many kinds of trees, including silver leaf popular, salt cedars, Chinese Elms, etc. She states that whenever she trims her Chinese Elms, she plants the cuttings, and with good care they will grow. "In order to be successful with this, though," said Mrs. Neely, "the cuttings should be put out before the last of February, before the buds swell."

In Appreciation of Your Kindness

We are deeply appreciative of the interest of so many people of Littlefield and Lamb County in our new Funeral Home, and in the appropriate service we are endeavoring to render in the time of bereavement.

In establishing our new Funeral Home, we incorporated into all our plans a knowledge we had acquired through visiting the most up-to-date funeral homes in this state and by general study of such projects. That our efforts are so much appreciated is indeed a reward, our appreciation of which words cannot express.

Large numbers visited our new Funeral Home during the formal opening Saturday and Sunday, March 16 and 17, and their kindness and interest is very, very much appreciated.

To those who did not find it convenient to visit our new Funeral Home on the days of the formal opening, we extend a cordial invitation to call at their convenience. We will appreciate very much such visits.

DEBATE By Kathleen Weaver

One of the most interesting centers of activity in Littlefield High school is placed on debate. This subject has recently been introduced into our high school of today, and has become so popular that debating is held at most Interscholastic League meets.

The local high school has done much toward this subject since mid-term, and as a result of the efforts of a few ambitious students we have a very good debate team for both girls and boys.

We are sending our debaters and their sponsor, Miss Lillian Hopping, to debate tournaments to compete with other schools. As a result, we feel like we have as fair a chance as anyone for the winning of county, which our school has the honor of saying they have won previous to this time.

OLGA ALLEN ENTERS READY WRITERS CONTEST

"We are very proud of the way Olga is progressing in her contest. It is a very interesting and educational contest, and should all be interested.

"The topics that are issued for use are all within the range of the average pupil's study, observation and experience, and hence no preparation of subject matter is necessary. The preparation required is practice in writing and writing readily, that is, organizing and presenting a subject in the most effective way. Punctuation, spelling, paragraphing and other items on the formal side, are of course, taken into consideration in grading the papers. Some of the topics call for narrative, some for argument, others exposition, and so on. The pupil is given five topics from which he may choose one as the subject of his composition.

"Winners in the county meet are qualified for participation in the district meet, and winners in the district go to the regional meet for further competition and for qualification to the state meet."

Mrs. Dan Dyer, of two miles east of Fieldton, passed away Wednesday night, March 13, at 11:10 o'clock, at her residence as a result of pneumonia.

Softball To Start April 15; Moguls Adopt By-Laws

EIGHT TEAMS TURN IN LISTS

Crews To Play 140 Games In A Split Season

Nine City Softball League moguls gathered in Madden Drug Monday night, agreed temporarily upon a split season of two 70-game periods each, amended and approved a set of by-laws, set night of April 15 as date of opening games, then adjourned and went home.

The eight League teams have filed rosters, some incomplete, with Secretary Orr. Exactly 107 players were signed by Monday night. Sunydale and Watson's Producers were incomplete. Firemen, Faculty and All Stars had 14 players each, Businessmen 13, Dunn's Flyers 11 and American Legion 10.

Directors ruled that players may be signed up to complete the list by filing a week's notice with Secretary Orr before April 15. In other words, a player signed up after April 8 cannot play in the opening night's games.

Vice President Ed Seely and Directors E. S. Rowe, Ira E. Woods, Arthur Mueller and E. C. Cundiff will draw up a schedule of play within the next few days. Joe Wells was named groundsman, and given authority to appoint three assistants in keeping the games running smoothly.

Other directors present Monday night were W. H. Madden, D. G. Hobbs, J. A. Hanks and C. O. Robbins.

SPORT WORLD

This week, strong lads, And lassies neat, Get ready for The County Meet. This thing, they say, Is quite a strain On muscled back, And sharpened brain. They say it's fun, And so, howbeit; We're gonna hike Up there and see it.

Set this stuff to music and you'll be singing about the County Interscholastic Meet, the hotspot of competition for outdoor and indoor sports of training in our eight good county schools.

Coach Brack's doctory track fiddlers are wheeling and dealing in a commendable manner this week, with grim eyes set on athletic cups. This goes as well for Coach Burdette's girls and Coach Robnettte's boys playground ballsters—not to mention Coach Irvin's tennis squad and Coach Killough's volleyball girls.

Intellectual event mentors who are applying the noses of their respective entrants to the proverbial grindstone are Coaches F. A. Hemphill of Extemporaneous Speech, Nila Jones of Declamation and Lora Mae McFarland of Spelling.

All of which adds up to the fact that Littlefield schools are carefully preparing to walk off with a major portion of the honors at Olton. You local folks are going up, of course? Finals are Friday and Saturday, March 22-29.

From what Roscoe, our dependable source of the outlying precincts, tells us, there are seven other schools getting set to knock the props out from under each other at Olton.

This bit of intelligence is augmented by Director General H. P. Webb and Principal E. J. Moore, both of Olton and both high shots in County Interscholastic.

Says Principal Moore, in part: "Competition this year will be much keener than usual. I expect four track and field squads to win over 20 points each. The winning crew will probably have less than 40 points. We have prepared the fastest track in West Texas."

Thanks, Mr. Moore, for your kind assistance in sending advance meet information. When are you gonna

Cracks Another Mark

HERE, you see the peerless Glenn Cunningham, world's foremost miler, who Saturday night clipped one and nine tenths seconds off the world's 1,000 yard run record at the Knights of Columbus indoor track and field meet in Madison Square Garden, New York City. Competing against Chuck Hornbostel, Indiana's great middle distance runner, Cunningham stepped the distance in 2:10.1.

Four Schools Win In Playground Ball Session Saturday

Littlefield, Sudan, Spring Lake and Whitharral were winners of an invitational playground ball meet held on Littlefield school diamonds Saturday. Earl Hobbs managed the affair.

Spring Lake boys and Littlefield girls were first in high school competition. Littlefield girls and Whitharral boys were grammar school victors. Sudan boys and Spring Lake girls were second in high school play and Coach Mary Belle Montgomery's grammar girls were second.

Coach Morgan Layfield's A and B teams placed second and third in grammar school boys competition. Other schools entered were Amherst and Hart Camp. The entire tourney, included 73 games, was run off in the fast time of seven hours under Manager Hobbs' direction.

Send a schedule of playground ball, volley ball, tennis, etc., like you promised?

Say Messrs Moore and Webb: "Olton should win the athletic division of this meet."

Say Messrs Barksdale and Sanders: "Littlefield should win the athletic division of this meet."

Say we: It's tough they can't all win. Oh, well—

Pierce, chief Wildcat senior field hope, stretched himself Monday for the first time this season and cleared the vault bar at 10 feet 4 inches. The light-thatched poleman has nursed a game leg through recent rehearsals, but expects to crack his district mark of 10 feet 6 at Olton next week.

You'll probably hear more of this lad after the county meet books are closed. It seems there is still a district and regional meet, and Pierce is determined to take part in both.

Bouquet of the week goes to Earl Hobbs, grammar school instructor, who with the help of W. T. Hanes, Morgan Layfield, et al, conducted 18 teams from six schools through 73 grueling playground ball games on 8 diamonds in 7 hours Saturday. Very smooth, friend Hobbs, very smooth.

The South Plains Golf League will retain its original membership this season. Efforts to enlarge failed when Spur refused to enter unless Littlefield and Brownfield withdrew. Not because of any extant feeling, but because these two towns were too far from Spur to make tourney trips worthwhile.

All of which leaves the original towns satisfied, although a Spur team would have heightened competition more than somewhat. Maybe next year, it can be arranged so that all seven of the cities which had intended to get in this season can do so.

Bids Being Taken On Softball Soda Stand

Sealed bids will be accepted by League Secretary Wm. N. Orr, up to the night of April 15 on the soft drinks concession to be installed at the softball playing field for the 1935 season. League chiefs announced at a meeting Monday night.

Concession fee will be placed in the League treasury to aid in defraying general expenses. Bidding is open to all, and the favored bidder is assured sole dispensing rights at the field.

Bids are subject to the approval of the League, which reserves the right to reject any or all bids.

BRACK SELECTS THINCLAD SQUAD

Senior - Junior Candidates Are Picked Monday

Coach Brack Barksdale Monday named Senior and Junior track and field candidates who will represent Littlefield High school at the county meet at Olton March 28-29.

Carter is lone 100-yard dash hope in the Senior division. Pierce, who Monday vaulted 10 feet 4 inches, will be seconded by Eagan and Bradley. Foust, Pierce and either Brantley or Bradley, will be Wildcat high jump representatives.

In the broad jump, Bob McKnight, Brantley and either Bradley or

Foust, will perform at Olton next week. McKnight will also put the shot, joined by Wilson and Foust. Coach Brack sees possibilities in his mile relay quartet, which includes Pierce, Brantley, G. Lakey and Graham.

Milers are Graham, Lakey and Cole. Gibson, Jackson and Walker are likely half-mile striders. Long-legged McKnight has shown a lot of breeze in the 440-dash, and Smith promises close competition.

McKnight is a strong field contender, with his name up for work in the discus and javelin departments. Wilson is another discus and javelin candidate while Foust has shown up well with the spear.

Junior track and field candidates follow:

100-yard dash, Wedel, E. McKnight and Duffey or Moore; broad jump, E. McKnight, Wedel and Anderson;

50-yard dash, Wedel, E. McKnight and Duffey or Moore; 440-relay, Wedel, McKnight, Anderson and either Duffey or Moore; high jump, E. McKnight, Wedel and Rowe.

We are in A New Automobile Era!

Cars built since 1931 have twice the power and speed of ten years ago!

Continental offers you better lubrication for modern cars —an *Alloyed Oil with twice the film strength of other oils!

IT'S hard to realize how improved cars of the '30s are over those we drove ten years ago. We are in a new automobile era! Power and speed have almost doubled in a decade, with little increase in motor size.

Increased power has brought enormous increases in bearing pressures and crankcase temperatures. In making motor parts that will stand up under these severe conditions, car manufacturers have turned to new alloy metals of extra strength and durability. For the same reason, you must have oil with enough extra oiliness and film strength to protect your motor under extreme pressures!

Yet motor oils generally have no more oiliness and film strength now than they had ten years ago. New refining methods have recently come into use to make oils free from carbon and sludge. But these new refining processes have actually lowered instead of increased oiliness and film strength!

There is one exception—Conoco Germ Processed Motor Oil. It, too, is free from carbon and sludge troubles, as its users know after millions of trouble-free miles of driving. But more important, Timken machine tests prove that the new Germ Process* puts into this oil 2 to 4 times the film strength of any straight mineral oil! That extra film strength protects your motor under the most extreme pressures and heat.

Germ Processing gives other valuable advantages. Because Germ Processed Oil penetrates and combines with metal surfaces, a "Hidden Quart" stays up in your motor and cuts down starting wear. Germ Processed Oil gives longer mileage with greater motor protection, as proved by the famous Indianapolis Destruction Test.

Plain mineral oils were all right ten years ago—today they are becoming obsolete. Say "O.K.—Drain"—fill with Conoco Germ Processed Motor Oil and drive with the comfortable assurance that your oil meets your motor's needs!

CONTINENTAL OIL COMPANY • Est. 1875

* Alloyed by the Patented Germ Process

Just as the metallurgist adds small amounts of other metals to make special alloy steels, so we add small quantities of concentrated oily essence to highly-refined, paraffin-base motor oil. This Germ Processing, discovered and patented by Continental scientists, gives Conoco Germ Processed Motor Oil lubricating qualities no other oil has.

CONOCO GERM PROCESSED MOTOR OIL

From the diary of a couple who had a grand time—

"The Conoco Travel Bureau at Denver sent us a complete plan of our trip—everything we needed and all of it free."

"There were road maps of every state with road conditions and best routes marked, and booklets about scenic and historic points. Hotel and camp directories, too."

"Friendly Conoco service wherever we stopped made it a grand trip, too. You can apply at any Conoco station for this free Travel Bureau service."

What They're Doing

Harlan Clift poled one over the fence in the eighth inning and scored John Burnett from second to give the St. Louis Browns a 3-2 victory over the N. Y. Giants at West Palm Beach, Fla., Monday. Blacholder, Newsom and Andrews combined to allow the Giants only five hits.

Meanwhile at Fort Myers, Fla., the Philly Athletics were slapping over the world champion St. Louis Cardinal team, 8 and 7. The A's hit Walker, Card Pitcher, eight times, scored six runs in two innings, and allowed the Redbirds two more in the final frame. Collins, Card first sacker, hit lone homer of the day, scoring Medwick from second.

Brooklyn Dodgers smeared Rookie Pitchers Jorgens and Bivin all over the Orlando, Fla., diamond Sunday and defeated the Phillies, 10 to 5, in an exhibition game. Len Koenecke's inside-the-park home swat in the third provided the afternoon's chief thrill.

against Slaton on the smooth Slaton Stopped dead by flying sand last Sunday, qualifiers for Littlefield's League ladder were unable to turn in 36-hole cards for places. A let-up this week is resulting in several qualifying scores hovering about the par excellence mark.

The 14 medlists will comprise the first team, which will make regular tourney strips where no more than that number is needed. Trips with larger clubs, such as Lubbock's Meadowbrook and County Club, the extra number for which matches can be arranged will be taken.

Those who have not yet qualified for the ladder, and who wish to go to Slaton, should turn in 36-hole scores before Saturday night, urged E. C. Cundiff and Davis Keithley, now in charge of Littlefield golf tourney play.

BLACK-DRAUGHT

"Such a Good Laxative," Says Nurse Writing from her home in Festus, Mo., Mrs. Anna LaPlante says: "I am a practical nurse and I recommend to some of my patients that they take Black-Draught, for it is such a good laxative. I took it for constipation, headache and a dull feeling that I had so much. A few doses of Black-Draught—and I felt just fine."

Because so many people know from having used it that Theoford's Black-Draught is a good, purely vegetable laxative, millions of packages of it are sold every year.

Businessmen Have New Faces in 1935 Lineup

With C. O. Stone temporary manager, the Businessmen lineup is virtually complete. New faces are cropping up in certain positions. Players signed up are Edgar Walters, Roy Young, Paul Hyatt, Ewing Thaxton, E. S. Rowe, Jr., Mickey Ratliff, Wm. N. Orr, R. E. Bird, Bill Jeffries, Otha Key, Bob McKnight and T. Wade Potter.

Three Sets Brothers On Sunnydale Squad

Two Peppers, two Capes and four Fishers help make the Sunnydale 1935 lineup a family affair. Sunnydale bids fair to vindicate last year's performance in the cellar.

Here's why: A. O. Dickson, D. L. Beilue, Dale Pepper, Lyle Brandon, P. S. Hanks, Bill Cape Hugh Cape, John Hanks, J. D. Jordan, Neal Pepper, John Claunch, and Joe, Jack, Leroy and Norman Fisher.

Davenport's All Stars Out for Another Flag

Jim Davenport's All Stars, winners of 1934 League championship, will defend their mythical blanket with a slightly altered lineup squad this year.

Here is the All Star lineup: Jim Davenport, Lefty Dyer, Wylie Thornton, T. L. Kimmel, Jr., S. L. Wilson, R. V. Armstrong, H. T. Edwards, Joe Walters, M. W. Edwards, Dewey Hulse, Herman Welker, P. A. Altman, Jimmie Timian and John Jones.

Fireboys Have Great Hopes for 1935 Play

The Fireboys, headed again by Bob Cox, have a new name or two on the rolls. The Firemen, runner-up last year, have gathered a wealth of material in a move which they hope will carry them to the top rung this year.

Here are the Fireboys: Bob Cox, Jim Eter, Troy Howton, Beaman Phillips, Guy Aldridge, Duard Swanner, H. C. Arnold, Tommie Lowe, Alph Wright, T. E. Dobyns, Payne Wood, Jim Roles, Bill Clark and Earl Hopping.

Earl Hobbs' Faculty Outfit Is In Saddle

Earl Hobbs' Faculty aggregation will have, with a few exceptions, virtually the same membership used in 1934.

Here's how the Faculty will look on the night of April 15: Earl Hobbs, J. V. Eagan, Gilmer Eagan, W. T. Hanes, Bill Aldridge, Malory Etter, James Norman, Jack Robison, Morgan Layfield, Roy Bennett, Travis Jones, Bill Pass, L. T. Barksdale and Bill Norris.

Watson's Producers Is New League Team

T. J. Watson's Producers, a new League outfit, has on its roster a goodly parcel of noted high school athletes who mean to make competition in 1935 the hottest ever.

Beside Manager Watson, the Producer list includes O. K. Yantis, Edwin Gillette, Bernard Lambert, Harold Martinez, Alvis Tubbs, Bobbie Price, Jeff Peeler, Melvin Ross, Freddie Friday, Dick Watson, Harold Baize, Billie Dorman, Gayle Hemphill, L. V. Pierce and Everett Luke.

Dr. Clements, before coming to Littlefield, practiced at Lockney for about a year. Dr. and Mrs. Clements have a host of friends in this city and vicinity, who regret to see them leave.

Dunn's Flyers Pitch Hats Into 1935 Ring

G. A. Dunn, Jr., and his intrepid Flyers will toss their hats into 1935 Softball League play with fairly new but apparently powerful material.

Flyers will bid for the flag with Robert Sparks, Floye Morris, Robert Graham, Walter Minton, Kenneth Kasseroler, Carl Locke, T. L. Bennett, Delbert Falls, Orval Porterfield and Ned Dulaney.

Luecke Is At Helm Of Revamped Legionnaires

Itinerant Merchant—

visions as this bill. The court upheld the ordinance and the merchants were delighted. It made them more enthusiastic with possibilities of this measure," Senator Dugran concluded.

Report on Itinerant Merchant Bill Made At C. of C. Meet

The members of the local Chamber of Commerce met as usual Tuesday noon for their weekly luncheon meeting, which was presided over by J. S. Hilliard, vice-president.

G. M. Shaw reported on the progress made in connection with the Itinerant Bill, stating he had received a communication from Sen. A. P. Dugran, stating that he believed the bill would pass the Senate, commending the Chamber of Commerce and others for sending out the circular letters, and advising that the Retail Merchants Associations were rendering valuable assistance.

He reported Judge Hay had received a number of letters in response to letters mailed out to the various city officials, and that much enthusiasm was being aroused through the State on the Itinerant Bill.

Mr. Shaw reported that Morley Drake had suggested sending out news articles to the various newspapers of the state seeking publicity in that way, and offered his assistance in the distributing of such material, and that consideration was being given this suggestion.

The plan of financing this program was discussed.

Mr. Hilliard, on behalf of the Chamber of Commerce extended appreciation to Mr. Shaw, who has acted as chairman of the committee seeking to get legislature through whereby itinerant merchants would have to pay a special tax, and thereby contribute their share towards City, State and County taxes while they are doing business, for his excellent work in this connection.

The motion was made and seconded that the Chamber extend a vote of thanks to J. H. Ware for his cooperation, and valuable assistance rendered in the merchants' effort to get the Itinerant Merchants Bill passed. Mr. Shaw stated that his activities as chairman of the committee in charge of this work had kept him away from his duties at the Ware establishment, and that Mr. Ware had been obliged on several occasions to hire extra help due to Mr. Shaw's absence.

A resolution of appreciation at the active part which has been taken by the Lamb County Leader in furthering legislation for the control and taxation of itinerant merchants, was offered and approved by the meeting.

Incorporated in the resolution was an expression of appreciation at the activities of the Leader in advancing other projects in the interests of Littlefield.

Dr. Ira E. Woods reported that M. A. Wadsworth, who is interested in the cotton oil mill project for Littlefield, would be here Wednesday afternoon, when a meeting would be held at 2 o'clock, at which all ginners should be called. A com-

mittee, consisting of H. S. Crews, Dr. Woods and C. O. Robbins, was appointed to get in touch with the ginners and arrange for their attendance.

The North and West Highway project was also discussed.

Miss Ermguard Birkelbach and Martin Lueck Wed

The marriage of Miss Ermguard Birkelbach, daughter of Mr. and Mrs. Bruno Birkelbach of 3 1-2 miles southwest of Littlefield, and Martin Lueck, son of Mr. and Mrs. Adolph Lueck of one mile southwest of Yellow House Switch, was solemnized at 10 a. m. Wednesday morning, March 20, at the Lutheran Church.

Rev. Walter J. Luecke, pastor, conducted the beautiful rite ceremony under a white ribbon arch, from which hung pink carnations, with baskets of white calla lilies in either side. The church was a profusion of beautiful flowers and ferns for the occasion.

Lohengrin's wedding march was played by Mrs. Jimmie Timian.

The bride was charmingly attired in a pink crepe ensemble suit, and carried an arm bouquet of white calla lilies. She was attended by Misses Belinda Peel, Nora Will and Mary Schultz, who wore blue organ-die with white accessories, and carried sweetpeas and larkspur.

The groom's attendants were Geo. Birkelbach, Geo. Zyburra and Gus Lueck.

Out of town guests at the wedding were: Mr. and Mrs. Sell, aunt and uncle of the bride; Monroe Sell, uncle, and a friend W. M. Kassel, all of Bell county; and Mrs. Howard Gates, an aunt of the bride, of Waco, Texas.

Both Mr. and Mrs. Lueck have been residents of this section for the past ten years, and have a host of friends who wish them much happiness.

Ministerial Group Meet at Earth Church Monday

The Ministerial Alliance of Lamb and Bailey counties met in regular session Monday morning in the Baptist church in Earth. Rev. J. W. Hendrix, chairman, calling the session to order, Rev. Jenkins of Muleshoe, led in the Devotional, and Rev. Williams of Olton brought the message of the morning at 11:45 a. m. The Alliance voted to receive into its membership two new members, Rev. Huckabee of Fieldton, and Rev. Williams of Olton. Upon application of the people of Spring Lake, as represented by their pastor, H. H. Allen, the Alliance voted to meet with these people two weeks from this meeting.

The session of the Alliance which was to be held two weeks ago at at James Chapel, the Methodist church at Beeks Gin, was called off because of the unusual wind and sand storm of that morning. The attendance could not see their way to drive.

The Alliance voted to ask their correspondent secretary to wire our Governor James Allred heartily commending him for his stand on law enforcement, and his execution of his stand. It was the sense of the body that our social order had gone just as far as it could in the direction of lawlessness. The chairman brought to the attention of the body the Report of the Senate investigation of crime. The report showed in numberless cases plain and open violation of laws, constant rebellion toward our laws. It showed how many cases were reported in many counties to the Grand Jury and how few were billed. The Alliance manifested great encouragement over the fact that our Governor has the conviction of his heart and the courage of his conviction.

Among the visitors were a number of influential laymen. The next session, as above stated, will meet in Spring Lake, April 1st, and to this any and all interested in the things the Alliance has in mind, are invited.

tian, having a membership in the Christian church at Chattanooga, Okla., and in Littlefield.

Funeral services were held at the Biles residence at 3:30 p. m. Monday, with Bro. G. A. Dunn, Jr., officiating. Burleson Funeral Home had charge of burial arrangements with interment in the Littlefield Cemetery.

R. S. Thomas III; Everett Whicker Leaves For North

In response to a message that R. S. Thomas, son-in-law of Mr. and Mrs. J. C. Whicker, had been confined to his bed for the past five weeks with rheumatic fever, and suggesting that his brother-in-law, Everett Whicker, go to Philadelphia to be with Mr. and Mrs. Thomas, Mr. Whicker left Tuesday on the afternoon train for that city. He will arrive in Philadelphia Saturday.

It is the plan, according to Mrs. Whicker, as soon as Mr. Thomas is able to be moved, to bring him to Littlefield, as it is believed a change of climate would be beneficial to his health.

Scheduled to Testify Before Federal Grand Jury at Fort Worth

Several Littlefield residents left Wednesday for Fort Worth. They are scheduled to testify before a Federal grand jury at Fort Worth today.
