DOWN TO EIGHT

Superintendent Search Continues

The search for a new Superintendent for the Littlefield Independent School District moved into its third week Monday and board members heard a report, from the screening committee, that over 30 applications had been received and had been screened down to about eight.

Dr. Albert Perkins, chairman of the personnel committee said his group had been meeting daily, and had eliminated all but eight prospects. "Now," said Dr. Perkins, "we will hold interviews and from these eight make our selection. We hope to come to the full school board with, what we feel, three top applicants, and let the board pick the man they feel will do the best job." Perkins said he hopes the interviews can be completed this week and the board can make their selection by Monday.

The personnel committee reported they had also received several applications for the principal post but would delay action in making a selection until the Superintendent's post was filled.

The principal vacancy was created when William Anderson requested he be released from his contract to take the principal post at Eagle Lake-Saginaw.

The board, in other action, agreed to participate in the Hogg Foundation Plan, sponsored by West Texas State University, which will furnish psychiatric treatment for any student in the system, that might be in need of such treatment. Cost of participation in the program will be \$72.00. In the event the facilities are needed by the system, there will be no additional charge.

In preparation for finalizing the budget, the board voted to ask for bids of gasoline, bread and milk, to be used in the coming school year. The amended budget, complete with the bids will come up for approval and discussion in the August board meeting.

The board accepted, with regret, the resignation of Coach Ernie Davis, who asked he be released from his contract to take the head track post at Odessa High School. His resignation is to become effective immediately. Board President, Buster Owens, expressed his optimism that all vacant posts in the system would be filled prior to the start of school, but explained, the selection of the best people is a time-consuming job, and one he felt should not be hurried. Owens said, "We still have plenty of time and do not want to rush things, we feel we can get the top man for the Superintendent and principal jobs if we continue to use the system of screening we are currently using, and make sure the man we get will fit in with the plans of the district."

According to the screening committee, it is possible a superintendent could be selected by early next week.

At the present the plans call for the group to meet twice a month and go over the checks, and to work out a way of collecting on some of the older ones.

One idea which was adopted at the Tuesday meeting was the requiring of address and phone number on all checks. Foust said he had discussed with one Littlefield bank, the possibility of having a space provided, on counter drafts, for the insertion of the required information, and the bank had assured him of their desire to co-operate in any manner. In connection with this the merchants decided to have stamps, with address and phone number blanks provided, made to get started on this plan until the counter checks are ready for distribution. The feeling of the merchants is that if each will take definite steps to cut down on the checks, and let their intentions be known this problem will help solve itself.

Duggan Named To Water Committee

Littlefield attorney Arthur P. Duggan, Jr., has been appointed to the state Bar of Texas committee on revision of the law of water rights.

The appointment was announced in Austin by Bar president Clint C. Small, Jr.

THE OVERPASS IS GOING UP -- The overpass at the intersection of the Levelland Highway with the new Highway 84 by-pass is nearing completion as the construction crews laid the wooden planks for the foundation. The cement for the two south lanes should be poured within the next two to three weeks with the entire overpass completion date set for this fall.

Twelve Criminal Cases Set For District Court Docket

Twelve criminal cases are on the docket for the 154th Judicial District Court set to be in session here the week of August 2.

Two of the cases to be tried by District Attorney Jack Young of Muleshoe will be charges against J. D. Young who at the present time is serving a sentence in Huntsville for another crime. He is charged with theft in one case and intent to defraud in the other.

Also on the docket is a murder without malice charge against Roosevelt Sloan in the November 1964 shooting of Elret McLaughlin near Sudan.

Two other fraud cases are scheduled to be heard during the court session, one against Benny Perez and the other Charles Cummings.

An assault with intent to murder case is also on the list of criminal cases to be heard by District Judge Pat Boone, Jr.

The other cases on the docket are one for fraud with securities, one for passing a worthless check and another for removing mortgaged property from the state.

A second offense of driving while intoxicated against H. R. Nicholas is also scheduled and in the other case on the docket Jose Rivera and John Esquibel are charged with breaking and entering.

A Grand Jury is also scheduled to convene July 28 in the District Court and District Attorney Young stated that he ex-

Activites Bus To Arrive Soon

The Littlefield Quarterback Club held their first meeting of the 1965 season Tuesday night and club president Jim Mangum stated he was pleased with the turnout.

"There were not quite as many persons at the meeting as we had hoped for, but the 15 to 20 people that did attend were enthusiastic and we feel that we have a good nucleus for the coming year," Mangum said.

Roy Bussey and Elton Graham were appointed co-chairmen of the membership committee and it was voted that the membership dues be set at three dollars for the season, the same as preceding years.

Publicity committee appointments were also made as Carl Beckum and Tom Donnelly were selected as co-chairmen of the committee.

Mangum announced that the activities bus for the school would arrive within two to three weeks. Also a swimming party will be held for the football squad the second week of August. A definite date will be announced.

Board member Leo Mann resigned because of his working out of the area and a nominating committee was appointed to make recommendations for a successor at the next meeting.

Jury Rules In Water Trial

A jury decided in favor of the defendant W. J. Shockley in a case over water heard in the 154th Judicial Court Room Monday and Tuesday.

The main question in the case revolved around the rights of an individual to build earthen dams or other structures which divert the natural course of rain water.

The plaintiff in the case, Albert Cabla, charged that the 12 to 15 inch high earthen dam built by Shockley on his own property has caused water to back up onto Cabla's farm land damaging the land and not permitting Cabla to work the land for days following a rain.

The jury was selected Monday and testimony started that afternoon. Both the plaintiff and the defense introduced photographs of the property in question as evidence.

The photographs introduced by the plaintiff showed the land in question under water while Willard Street, attorney for the defendant had photographs of the area showing the condition of the land in late fall.

No damages had been asked for by the plaintiff, only that the defendant be required to fill up the dam. The defendant stated the dam had been built to divert the water from certain areas of his property.

School Store And Station Broken Into Over Weekend

Two burglaries occurred in Littlefield over last weekend as the school store at Littlefield Junior High and Elementary school and also the Grissom Gulf Service on Delano were broken into.

Both the east and west windows were broken in the school store with entrance being gained through the east window.

Nothing was taken from the store but most of the contents and fixtures were turned over or damaged.

In the service station break in, Saturday night, a rock was thrown through the front window to gain entrance. The cigarette machine was broken into and eight to ten dollars taken from the machine in addition to considerable damage to the machine itself.

Also reported to the police was the loss of a wallet containing \$116 in cash either at the Jim Dandy Grocery or the Drive In theatre.

One accident was reported during the past few days when a car driven by Arthur McFarland was hit by a vehicle driven by Ralph Douglas at the intersection of Highway 84 and the Spade Highway. Damage was estimated at \$90 to the front of the Douglas vehicle and \$130 to the right side rear door of the

car driven by McFarland who was cited for failure to yield the right of way and not having a drivers license on his person.

In other police action three persons were charged with drunk in public, one for disturbance, one for a liquor law curfew violation and one for simple assault. In addition two juveniles were held on warrants.

Hot Weather Ups Water Usage

The hot dry days of the past week has caused the water consumption by Littlefield residents to gradually climb with each succeeding day according to J. P. Ray, superintendent of Public Works.

"Though it has been building up we are still under last years figures," stated Ray. For July 12 and 13 last year the total was 2,986,000 gallons on the 12th and 3,632,000 on the 13th while this year the figures were 2,940,000 for Monday and 3,006,000 gallons for Tuesday, but if we don't receive any moisture in the next few days the water usage will probably exceed that of last year."

DOLLAR DAY -- Traffic was heavy and parking places scarce on Phelps Ave. Morning as residents flocked to the Dollar specials offered by Littlefield merchants. There were no traffic accidents though it looks as if perhaps someone is going through a red light in the above picture.

County Tennis Tournament Scheduled For Crescent Park

The annual Lamb County Tennis Tournament for 1965 is scheduled for August 2 through August 7 at the Crescent Park tennis courts.

Entries for the tournament, sponsored by the Littlefield Optimists Club, must be in by July 24. All matches will be played on the Crescent Park courts between 6 and 10 p.m. Any conflict in scheduling will be taken care of if possible.

Charley Farley, tournament director announced that matches will be played in the following classifications; ladies singles and doubles; ladies novice, high school girls singles and doubles and grade school singles and doubles.

For the men there will be singles and doubles; men's novice; high school boys' singles and doubles; grade school boys' singles and doubles. There will also be mixed doubles competition and veterans singles and doubles.

Fees for the tournament are \$1.50 for singles players and \$1 per person for doubles entries. Grade school division fees will be \$1 per person. Balls must be furnished by the players and no matches will be played until all fees are paid in full.

A trophy will be awarded in each classification for first and second place and one for the consolation winners.

Entries may be mailed to Tennis Tourney, Box 684, Littlefield or to the Sudan Beacon News or by contacting the County Wide News Office or Charley Farley.

Merchants To Take Action On 'Hot Checks'

In a joint meeting of the Better Business Committee, and the Retail Council, the merchants of Littlefield voted to take measures to curtail the flow of 'hot' or returned checks, with which they have all been plagued.

E. J. Foust, Jr., chairman of the Better Business Committee, said, "The time and effort spent, in collecting these items, are most expensive to the merchants, in addition to the loss of actual money from uncollectible items, and for this reason something will have to be done."

Those in attendance felt the first step would be more direct action and an exchange of names of frequent offenders.

Most of the merchants said they were not as concerned with the checks that are infrequent as they are with those that will have checks out all over town. In the latter case, three, four and even five merchants are now holding checks on the same people, and have been holding them for some time.

This according to the merchants seems to be the pattern that most passers of bad or insufficient checks will use, they will cash a few at one business location for a couple of days, and then will move on to another merchant, and when they are through they will have five or six checks, ranging from \$1 to \$10 spread over the town.

By holding frequent meetings and reviewing the returned checks they have received, the merchants hope they can curtail the flood and can help the other merchants collect on some of their 'bad' checks. The only way for this plan to be successful the merchants stated is for each merchant to co-operate with his neighbor, and in some cases with his competitor.

The group said they expected in some cases, charges would have to be filed to collect some checks, however they do not feel it will take too many filings for the word to get around that they will no longer stand for the passing of hot checks.

At the present the plans call for the group to meet twice a month and go over the checks, and to work out a way of collecting on some of the older ones.

One idea which was adopted at the Tuesday meeting was the requiring of address and phone number on all checks. Foust said he had discussed with one Littlefield bank, the possibility of having a space provided, on counter drafts, for the insertion of the required information, and the bank had assured him of their desire to co-operate in any manner. In connection with this the merchants decided to have stamps, with address and phone number blanks provided, made to get started on this plan until the counter checks are ready for distribution. The feeling of the merchants is that if each will take definite steps to cut down on the checks, and let their intentions be known this problem will help solve itself.

A MEMORIAL
The nation was shocked, yesterday before noon yesterday when word was received from London, of the death of the most timely of Ambassadors Adalienson, our ambassador to the United Nations.
His passing marks the end of a long and illustrious career for the United States. His command of the English language and his ability in making an address, commanded the attention and respect of all nations.
Adalienson was an unassuming man, his service to his country will long be remembered, as will the assistance he helped give to the world. His was a life based on love of peace and the belief that all men could live in peace, to and with each other, and he lived his passing has been felt by the entire world. His judgement, and counsel was respected by all nations.
He and his wife were remembered as a true team, a man who could lead with kings and presidents, yet never lost sight of the less important man. His knowledge of world affairs was without equal. He was a world leader, and his frequently consulted a policy was his guidance.
His large factor in the appearance of the organization, an organization which like Mr. Stevenson, strove for world peace.
His great loss to our country and the world, is what softened by the realization that this statesman leader has, after years of faithful service found true and lasting peace.

As we approach the end of the baseball program for this year we would like to stop for a moment and reflect back on the season. Having worked with managers at one time we know the coaches and officials, we know too, of the job that has been done by the players. It should be considered fortunate that each player should have won every game, yet in life as well as in sports, a little bit of adversity can be a good thing. It is an old adage, "It is not how you win or lose, but how you play the game".

Seeing some of the games that we were unhappy to see the attitude of some of the players and parents when they turn out to suit them, or the umpire raised his right hand and called the pitch a strike, everyone in the park knew high. We'll defend the honor of each man to have an issue, and are glad we live in a country where we can express our thoughts to get in a heated argument, throw a bat down and walk away. It is unnecessary for anyone to know an umpire's change his decision, and a case mentioned above, well within the rules of the player, coach, who is involved.

The boys have put in much of the program this year,

Mrs. Thomas Moss, 119 E. 20th, has submitted two recipes for the readers this week. Many times she is too busy to prepare lengthy recipes, therefore she prepares something that is quick and easy such as Busy Day Cake and Banana Ice Cream.

Recipes This Week For Cake and Ice Cream

What deserts could be better to serve during July than homemade ice cream and cake? Mrs. Thomas Moss (Drusilla) of 119 E. 20th agrees with most of us that nothing could be any more refreshing than these two. Therefore, she shares her recipes for Banana Ice Cream and Busy Day Cake with us this week.

Drusilla and Thomas have lived in Littlefield for nine years where he is engaged in farming. Drusilla is originally from Sudan, but Thomas has lived in Littlefield most of his life. They have two children, Troy Wayne, 3, and Cindy, 7.

When asked how she and Thomas met, Drusilla laughed and

said, "Actually it was very romantic -- we met each other as we drove up and down the main streets of Littlefield, just like several still do, and I guess always will!"

Drusilla is not only a very busy mother keeping up with Troy Wayne and Cindy, but she is also a member of Beta Sigma Phi, she is a seamstress, and she and Thomas are members of Crescent Park Church of Christ. Her activities leave little time for cooking lengthy recipes. That's why she enjoys the following Busy Day Cake and Banana Ice Cream recipes. They are not only quick and easy, but delicious, too.

COMMUNICATIONS — Your Tool for Progress

In case of fire, this telephone rings the alarm

In many of our towns, fire protection comes from a volunteer fire department. An effective communications system summons these volunteers by ringing all members' telephones at the same time. What's more, it is a distinctive ring which means "FIRE!" and brings firemen on the run. Here is another example of how Communications becomes a Tool for Progress -- a communications service of great value to every town with a volunteer fire department. For full information about our many communications services, please call our Business Office.

Harms Studies Entomology

There are many projects a 4-H girl can choose to work on. Leona Harms, member of the Littlefield 4-H Club, chose Entomology, the study of insects.

Leona has been interested in insects for about three years. She has a large collection of insects, including butterflies, beetles, and bees. She also learns to identify different kinds of insects, and she learns which are beneficial and which are harmful.

She also learns what insecticides to use to rid or destroy the harmful ones.

Leona will enter her record of Entomology in the district 4-H contest in August.

Accent on Health

What would you do if you discovered a person who had just stopped breathing? Would you panic, waste precious moments by running for help or begin immediately to give mouth-to-mouth resuscitation?

As swimming and water sports become more popular—in many places without life guards—you could encounter just such a situation.

Other causes such as asphyxiation, injury to the head, electric shock, choking or poisoning can also stop a person's breathing.

Whatever has stopped the breathing—drowning, choking, asphyxiation—start mouth-to-mouth resuscitation at once. Seconds count.

Open the victim's mouth; clear out any food particles, chewing gum, flash teeth or other obstructing matter.

Tilt the victim's head back; lift his neck and tilt until his chin points upward.

Blow air into a victim's lungs by one of two methods. One way is to close off his nose by pinching his nostrils shut with your fingers or close off his nostrils with the side of your cheek, sealing your mouth over his mouth.

When working with a child, seal your mouth over both his nose and mouth.

Blow at the rate of 12 deep breaths per minute—or about five second intervals. For infants and small children, blow gently at the rate of 20 short, shallow breaths per minute.

With each breath you blow, the victim's chest should rise. After blowing in the breath, the rescuer should remove his mouth and listen for the sound

Guests in the Leon Hardwick of returning air.

If the victim's chest does not rise and no outflow is detectable, the rescuer needs to try quickly to clear the passage. To do so, turn an adult on his side and strike several sharp blows between the shoulder blades. You can hold infants or small children by their heels or with their head down, give several sharp pats between shoulder blades. Then clear the mouth.

These directions should help you in case you encounter a disaster, but the more training and preparation you have the better. Contact your local health department, local civil defense office or Red Cross for information on life-saving instruction.

Fatalities Total 134

Outdoor water recreation fatalities rate as reported to the Parks and Wildlife Department was marked by 13 deaths in July. This is the highest toll to date according to J.B. Copeland, coordinator of law enforcement, no fishermen, for the first time since the "death" was initiated as an act of terrorism, were numbering the 24 victims during two-weeks period.

Of the dead were involving boating accidents. One of which a 12-foot boat as it was being launched, another died when he vainly tried to disentangle a ski from a boat propeller, from the prow of a vector boat cost another Dallas man gave his life a woman who had fallen overboard.

Another tragic incident proved to a Cleveland man saved after rescuing his 8-year-old and another small child stepped into deep water, and one child to a sand dune. The other a group of boat occupants sinking.

Other not infrequent cause of deaths was a small boy slipped from a sand inner tube.

Law enforcement coordinated wardens helped in water rescues and reported life preservers were usually absent among the boats and observed that at the person was saved by a life belt. This was the boy hauled from the water by a speed boat. The boy, minus a belt, was left to his death.

Amherst Clinches Pony League Title; Colt, Minor League Races Undecided

With the close of the season only three days away, two championships have been decided while the Colt League ended in a two way tie for first place and the Minor League can still end in a four way tie for the top spot.

COLT LEAGUE
Security State downed Amherst both Monday and Tuesday nights to end their season with eight wins against four defeats and finish the season in a first place tie with Roden Drug who completed their season last week.

Monday night the Bankers won a close 6 to 5 decision over Amherst as Kevin Hutson went all the way for the win. He also helped his own cause at the plate with three hits in three appearances at the plate. Arthur Haberer and Larry Reese each collected two hits against Gary Johnson who pitched the entire game for the losers.

Security made it two in a row Tuesday night with a 10 to 7 win over Amherst in a make-up game. Larry Reese picked up the win as Ernest Jones led the winners at the plate with a triple and double.

The Colt League managers held a meeting last night to pick their All-Star team for tournament play and also to decide whether there would be a play-off for the league title.

PONY LEAGUE
Amherst sewed up the league title as they completed their season with 16 wins against only two losses as they downed Sudan and Dairy Queen. The win over Sudan was the first in three meetings with the team that dealt the champs their only two losses of the campaign.

They ended their season on a winning note by downing Dairy Queen 14-12 Tuesday as they scored 4 times in the seventh for the victory. Each team scored 6 times in the second and the losers held a 10-6 lead before Amherst tied it up in the sixth and won it in the seventh.

Ware Richey moved into second place in the league standings as they downed Sudan 3 to 1 Tuesday behind the one hit pitching of Monte Ward. Ward had a no-hitter until the bottom of the seventh when losing pitcher Green Underwood singled. The winners got two runs in the top of the seventh for their win.

In other Pony League action Radio-TV Lab moved into fourth place in the standings with two victories as they downed Roden Drug 9 to 7 and beat KZZN 10 to 4.

KZZN also won one during the week as they beat Dairy Queen 8 to 7 for their fourth victory of the season. After dropping their

first 9 decisions of the year KZZN played 500 ball during the last half as they won four while losing the same number.

MAJOR LEAGUE
WOW made it 14 consecutive

victories without a defeat as they came from behind to down Rotary Club 16 to 10 Monday night. The losers scored five times in the top of the first but WOW tied it up in their half of the inn-

ing. Albert Sanchez got the victory in relief of Randy Trotter, as Norman Jackson got his sixth homer and Mike Donnelly his fifth of the season for the winners. James Conwright took the loss

being relieved in the fourth by Don Washington when the winners scored nine times.

Optimists downed Littlefield Butane 7 to 1 behind Danny Estrada for their eighth win of the season. Wayland Hutto hit a homer for the winners with one on to provide enough runs for the victory.

MINOR LEAGUE
Ward Pump completed their season with a 10 to 4 record as three pitchers combined for a

no-hitter against Union Compress as the winners scored an easy 19 to 0 victory.

Security State also ended their season with 10 wins against 4 defeats as they downed Newton Insurance.

Basketball Camp Set At Wayland

The ninth annual basketball camps at Wayland Baptist College get underway on July 21, with capacity reservations already in for the first camp, and near capacity for the second, according to Clifford Ozmun, coach of Wayland's Pioneer basketball team, and director of the camps.

First camp, for junior high school age boys who will not play high school ball next year, is scheduled for July 21-30. The second camp, for out-of-state high school boys and Texas graduating seniors, is slated for August 9-18. Reservations are on a first come, first served basis.

Assisting Coach Ozmun, who is directing the camps for the third year, will be Charles Bates, Wayland sophomore from Turkey, Andy Hubbard, former Pioneer who coached at Roaring Springs High School this year, and Bob Cook, new Pioneer recruit from Colorado.

Past camps have produced outstanding basketball players who have been named to all-state teams in Oklahoma, New Mexico and Texas.

The camps will turn set through instructors seek the excellent players on a sound basis on the points out Coach adds, "We attempt boy to strengthen weaknesses and individual skills practice when he...
